

A Christmas Message

(The Rev. C. Paul Russell, pastor)
The United Presbyterian Church

Christmas, 1969, the year of our Lord!
World and local conditions today make the need of the world and of the individual to hear the Christmas story more imperative than at any time since 1941. Conditions then as now parallel closely those of approximately two thousand years ago. Seldom in history have there been the deep schisms of today.

Were we to dwell on the darkness of the prospects this age offers, we would indeed be counted among those who walk in darkness. Such a situation of desperation should make us look for some source of light by which to walk. There is such a source of light. Epitomized in the Star of Bethlehem and its significance of the fulfillment of the promise of the birth of the Prince of Peace, that light can surely repeat its task of shining in a darkness that cannot put it out.

This is the promise of the Christmas message: peace, understanding, hope, love, sharing and salvation. It is brought into the realm of mankind by the act of God. It is a promise that causes the Church to speak out with its wish for a blessed Christmas, one in which Christ is center.

Winside Native Headed For South Pole Station

A native of Winside, Norris Nielson, is one of 20 scientists from the Environmental Science Services Administration who are participating in the 1969-70 U. S. Antarctic Research Program.

The scientists will conduct experiments and research on various aspects of the Antarctic environment over the next year. Three units of ESSA, a Commerce Department agency, are represented on the white continent: the Coast and Geodetic Survey, the Weather Bureau and the ESSA Research Laboratories.

Nielson is a member of the Weather Bureau unit, which will measure surface weather conditions and the atmospheric temperature, pressure, humidity and wind in the free atmosphere up to stratospheric levels above the South Pole and Byrd stations. He will be located at the South Pole station, which will conduct special measurements of solar and long-wave radiation and of ozone, both at the surface and aloft. The scientists will also provide operational weather support to U. S. Navy aircraft during the summer flying season.

The work is being financed by the National Science Foundation, which coordinates and funds the overall U. S. Antarctic program in which about 230 American and foreign scientists are participating.

Seven of the ESSA scientists will spend the Antarctic winter on the continent, remaining until the next Northern Hemisphere fall; the remainder will conduct their research during the Antarctic summer and will probably return next March. Nielson will be with the 1969-70 summer party.

Similar Wrecks Kill Livestock

Two accidents involving vehicles hitting calves have been investigated by the Wayne County Sheriff's office recently.

John Paulsen of Carroll was westbound in a 1965 GMC pickup Dec. 12 on a county road three miles north and about four miles west of Wayne when he collided with a 350 lb. calf belonging to Walter Jaeger.

The accident occurred around 7:15 p.m. Although the pickup received only minor damage, according to the report, the Black Angus calf was killed.

Dennis Wade, 17, of Winside, was five and a half miles south of Winside on a county road around 11 p.m. Wednesday when the southbound 1966 Ford he was driving hit a 450 lb. calf belonging to Lester Pravitz of rural Hoskins.

The Sheriff's office reported extensive damage to the front end of the auto and the calf was killed.

Winside Residents In Two-Car Mishap

A two-car mishap in Winside Wednesday afternoon resulted in minor injuries for a mother and three-year-old daughter. State Trooper Cecil Hoeman investigated.

Mrs. George Farran and daughter Mallisa of rural Winside were northbound in a station wagon when in collision at an intersection with an eastbound auto driven by Lee Trautwein, 18, of Winside. The accident occurred around 3:30 p.m. two blocks north of George's Market.

The Trautwein auto struck the station wagon on the front left fender. Mrs. Farran is reported to have received broken ribs and bruises and Mallisa was also bruised. Trautwein was uninjured.

Both vehicles received considerable damage.

Students Out Early

Schools in Wayne and the area towns will let their students out early Tuesday afternoon and will not resume school until the first full week in January.

Wayne schools will dismiss at 2:30 p.m. Tuesday and will resume school on Monday, Jan. 5. Also dismissing early Tuesday will be the schools in Allen, Laurel, Wakefield and Winside. They all begin school again on Jan. 5.

Contest Might Keep Children Busy Until Santa Claus Arrives

Parents looking for something to keep their nervous children busy until Santa Claus arrives Wednesday night should keep this issue of The Wayne Herald handy.

This is the annual Christmas Coloring Contest issue containing holiday greeting advertisements from a large number of businesses in the Wayne area. These special advertisements can be colored by the youngsters and entered in the annual Wayne Herald Coloring Contest. Cash prizes will be awarded the winners.

The contest is open to all youngsters through the eighth grade. It is split into two divisions, one for youngsters through the third grade and one for the older children. Cash prizes of \$5 for first place, \$2 for second place and \$1 for third place will be given the winners in each division. The colored ads have to be returned to The Herald office by Friday.

'Farmer's Guide' Available

The 1970 edition of the "Farmer's Tax Guide" is now available at your County Extension Agent's office.

This guide is published by the Department of the Treasury, Internal Revenue Service. There is no charge for this publication. It includes information about such things as accounting periods and methods, reported income, farm business expenses, farm inventories, depreciation and depletion, capital gains and losses.

The guide can be very helpful to all farmers completing their own forms as well as those who have an accountant determine their tax.

Another circular of help with income tax is "Income Tax Management For Farmers." This cir-

cular includes information on record keeping methods, managing income to minimize taxes, increasing deductions, net operating losses, tax management tips and so on.

Also available is "Farm Account Book" designed by the University of Nebraska which can be a very helpful management tool in recording your business transactions. A companion book is the "Home Account Book" for the household records. Also available is a depreciation schedule for your farm equipment.

There is a charge of 60¢ for the "Farm Account Book," 50¢ for the "Home Account Book" and 15¢ for the depreciation schedule (plus tax).

Wakefield Schools To Present Musical

Wakefield junior high and senior high students will present a 7:30 p.m. Christmas program tonight (Monday) in the elementary gymnasium.

Program participants include the band, varsity choir, small groups, both the boys and girls glee and junior high pupils.

Nearly 200 Wakefield students are expected to participate in the musical under the direction of Mrs. Lyle Trullinger.

Public schools in Wakefield will dismiss students Tuesday at 2:30 p.m. for the holidays. Classes will resume Jan. 5.

Brothers Perform Handel's 'Messiah' As Concertmasters

Dr. Marlan Carlson, violinist, served as concertmaster of the Oregon State University and Civic Orchestra for the "Messiah" presentation at the State University, Corvallis, Oregon, University Auditorium, Dec. 14. His wife, Angela, played as first flutist with the orchestra.

Irving Carlson, violinist, was concertmaster the same evening of the Fargo-Moorhead Symphony at Moorhead, Minn., in its presentation of Handel's oratorio, "The Messiah," in the Center for the Arts.

The two brothers, sons of Professor and Mrs. Albert G. Carlson, Wayne, began playing violin in the annual "Messiah" production while attending Wayne State College and studying under Dr. Benjamin Bernstein. They have since participated in presenting the oratorio in many places including London and Heidelberg, Germany.

'Century' Dies Today

The final "Century Turned" column of 1969 appears on the editorial page of this issue of The Wayne Herald.

That feature, a regular in the Monday issues of the newspaper for the past year, is being discontinued. Replacing it will be a column with news items, stories and comments gleaned from several area newspapers in northeast Nebraska. It will appear regularly on the editorial page in each Monday issue of the newspaper.

WINS FINAL \$50 DRAWING. Jerry Miller, chairman of the Wayne Chamber of Commerce Christmas committee, presented Mrs. Don Kay with

the final \$50 prize in the drawing Friday night. Her two daughters, Denise, 12, and Mary Ann, 3, accompanied her to the Chamber office.

Keys to 'Merry Christmas' Will Fit Winner's New Car

Some lucky person is going to have an even more interesting story to tell by eight o'clock Tuesday night than those individuals who have won \$50 prizes earlier this month. The grand prize winner Tuesday will own what may be the largest and most expensive Christmas gift he or she has ever received—a new 1970 automobile.

Each of the six lucky ticket holders who won \$50 prizes in the six Christmas drawings in Wayne during December has had an interesting story as to how surprised they were to discover they held the winning ticket. Hundreds

of ticket holders now await the big drawing Tuesday.

Mrs. Don Kay won the final \$50 drawing Friday night with the fifth number listed in the 20 numbers drawn.

"I copied the tickets around noon and then went home," she recalled. She said she then called the Wayne Chamber of Commerce office and told them she had the fifth number in the list. "I was afraid number five wouldn't win," the housewife confessed. Mrs. Kay had to wait, according to the rules of the drawing, until eight o'clock Friday night. Just in case someone reported having one of the top four numbers.

The Don Kay family has farmed the past 14 years two miles south and three and a half miles east of Wayne.

They have four youngsters: Rickey, 13, Denise, 12, Duane, 8, and Mary Ann who is three. Mrs. Kay said she had never

won anything before, so winning the \$50 was a pleasant surprise. And what does she plan to do with the \$50? Answering as most mothers would at this time of year, she noted, "Christmas is a pretty good season for it."

The six persons winning \$50 checks in the Christmas drawing see KEYS, page 9

Autos Sideswipe Friday Morning Near Wakefield

A two-car collision around 8:05 a.m. Friday south of Wakefield resulted in two rural Wakefield sisters being hospitalized.

Cheryl Henschke, a junior at Wakefield High School, and her 14-year-old sister Betty were eastbound in a 1964 Ford on a county road six miles south of Wakefield and less than a half mile west. Their vehicle and a westbound 1965 Ford pickup driven by Henry Greve, 34, partially sideswiped, according to Sgt. Willis Green of the Nebraska Safety Patrol, who investigated. He was assisted by Lt. Omar Young. Both officers are from Norfolk. Greve was reportedly unhurt.

Cheryl Henschke received an eye injury and was taken to a hospital in Sioux City. Betty was taken to the Wakefield Community Hospital for observation and released the following day. The sisters are daughters of the Eldor Henschkes of rural Wakefield.

Burglars Strike Twice at Hotel In 2-Week Period

Wayne police continue investigating the second burglary within two weeks at the Morrison Hotel.

Burglars entered the hotel's business office Dec. 9 by breaking in the door. They stole approximately \$146.

The hotel's business office was broken into the second time early Thursday morning, according to the police file, after the thief or thieves entered through the hotel lobby. The door to the office was again broken and \$200 was stolen.

In other police news the resident at 119 Sherman St. reports a Christmas decoration stolen from the lawn Wednesday night.

Officers investigated an accident which occurred Friday when Orville Rice of Concord was backing out of a parking stall in the 100 block on West Second St. His 1963 Comet hit a parked 1968 Chevrolet owned by James Maben. Damage was minor.

WAYNE GRADUATES AGAIN: Two Wayne State students received master's degrees at winter commencement Thursday — Neil Burnham (pictured above receiving the master's hood from her adviser, Dr. Orvid Owens) and Jean Eynon (pictured below being hooded by her adviser, Dr. Lyle Skov). Both are graduates of Wayne High School; both received bachelor's degrees from Wayne State, Miss Burnham in 1957, Miss Eynon in 1968. In addition to the master's awards, the college conferred baccalaureate degrees on 170 seniors.

'Merry Christmas' Issue

Subscribers to The Wayne Herald should not be too surprised next week when they don't receive a newspaper. A paper will not be printed next Thursday because Christmas falls on that day.

This issue of the newspaper has a special theme to it. Besides the regular coverage given social events, sports and other news, it also contains "Merry Christmas" wishes from approximately 70 businesses in Wayne and the area. Those messages are twofold: to thank their customers for the business they have given them over the year and to wish them a happy holiday season.

Dear Santa,

I don't want a real gun like in the other letter because I changed my mind, and now I want a --- a real record player.

Do you always have a nice sleep in the summer? Do you have a hard time making the toys & I will be real real good.

Love,

Orientation Meeting Attracts 15 People

About 15 young men in the Wayne area turned out for the orientation meeting of the Nebraska State Guard held at the Wayne National Guard Armory Thursday night.

The orientation meeting was held in Wayne because it is one of 30 communities throughout the state in which a State Guard unit is located. The meeting was held to explain the function of the State Guard to young men eligible and interested in joining.

State Guard personnel attending the meeting included Colonel Henry G. Jacoby, commander of the organization; Captain Ernest Carlson of Homer, commander of the unit Wayne belongs to, and 1SG Donald J. Schroeder of Wynot.

The attendance at the orientation meeting was reportedly larger than that of the meeting held recently in Norfolk.

The State Guard, whose mission it is to protect the lives and the property of the citizens of the state in case the National Guard is called into action, was created by a recent state legislature.

The activation of the State Guard, which would happen only through the Governor's declaration, would be accomplished in three phases: recruiting and preparation in the first phase, expanding the cadre to a statewide strength of 1,355 in phase two, increasing the group's strength to its full size, 26,640, in phase three.

Recruiting during phase one, the phase the group is presently in, is directed toward obtaining the service of former commissioned and non-commissioned officers of all the services. These are the people with the necessary military background plus knowledge of their home area and its residents as well as experience in the mission of aiding their fellowmen. Once the organizational phase has been completed, the scope of recruiting will be enlarged to include all members of the militia between the ages of 17 and 60 who desire to serve their state, and who fulfill the requirements of membership.

Wayne is located in the First Security Battalion. Its headquarters are in Omaha. Other towns in that part of the Guard are Norfolk, Columbus and (Neill).

Farmers answering questionnaires - - -

1969 Agriculture Census Will Probably Show Another Dip in Number of Farms

Those questionnaires farmers are filling out for the 1969 Census of Agriculture will almost certainly reveal one thing when they are finally tabulated: fewer people are living on farms now than there were at the time of the previous census in 1964. In 1964 there were 3,517 people living on farms in Wayne County, 3,760 living on farms in

Dixon County and 7,005 living on farms in Cedar County. Those numbers are almost certain to drop because there is little doubt in the minds of most farm experts that the long-time trend of farmers moving from their farms to urban areas has ceased. Although it will be some time

before the results of the present farm census are made public, it is fairly certain that the number of farms in the three counties has decreased during the past five years, just as the number has decreased across the state annually for the past 35 years. In the previous eight surveys there has only been one time when the number of farms in the state increased. That was in the 1935 census when the number rose from 199,458 to 133,616. But ever since then the number of farms has dropped, until there are now approximately 80,000 farms in the state.

In Wayne County the number of farms declined from 1,265 in 1959 to 1,095 in 1964. The other two counties showed similar declines—from 1,181 to 1,049 in Dixon County and from 1,807 to 1,610 in Cedar County.

What will the present census reveal about the number of farms now operating in the three counties? That's hard to tell, but a conservative guess would be that each county has lost close to 200 farms over the past five years.

What are the reasons the farmers have for moving off the land? Most experts cite the higher prices for land and labor, inadequate supplies of seasonal labor and a high demand for farm land which makes shutting down the small farms feasible and attractive.

And the three counties are not losing just farms. They are also losing some of their people.

Wayne County's population in 1960 stood at 9,959. The University of Nebraska Bureau of Research estimates its population in 1968 at 9,887. Dixon and Cedar Counties showed slightly larger drops in population—from 8,106 to an estimated 7,805 for Dixon County and from 13,368 to an estimated 12,768 for Cedar County.

That census may also bring to light some interesting facts about the total acres of land devoted to two important crops in this part of the state: corn and soybeans.

The land devoted to corn, mainstay for the area, will probably be about the same as was devoted to that crop in 1966 or 67. Those figures for the three counties, 91,660 in 1966 and 89,330 in 1967 for Wayne Coun-

COMMON SIGHT: Deserted farms such as this one in Dixon County are only too common in northeast Nebraska as the trend for farmers to leave the land continues.

Number of Farms Continues To Decline

County	Year	Number of Farms	Average Size (Acres)	Land, Buildings Value
Wayne	1959	1,265	217.5	\$40,324
	1964	1,095	252.1	48,358
Dixon	1959	1,181	240.8	\$32,956
	1964	1,049	270.5	40,743
Cedar	1959	1,807	255.7	\$35,335
	1964	1,610	291.6	45,063

ty, 76,940 and 83,470 in Dixon County and 111,910 and 115,240 in Cedar County.

But the land devoted to soybeans may possibly show a rise, just as it has done almost every year from 1960 through 1967. At the beginning of the decade there were only 1,880 acres of land growing soybeans in Wayne County. That figure rose to 31,160 in 1967. Dixon County land in soybeans was 1,480 in 1960 and 21,140 in 1967. In Cedar County soybeans were grown on 1,700 acres in 1960 and on 30,820 in 1967.

Another thing the census will probably show about the farms in the area is that they have continued to get larger and larger

as their numbers have declined.

The average size of a farm in Wayne County in 1959 was 217.5 acres. That rose to 252.1 acres in 1964. The figures for Dixon County (240.8 to 270.5) and Cedar County (255.7 and 291.6) show similar trends. The value of the land and buildings of those farms also increased during the years between those two surveys—from \$40,324 to \$48,358 in Wayne County, from \$32,956 to \$40,743 in Dixon County and from \$35,335 to \$45,063 in Cedar County.

Free Help Offered To Area Taxpayers

The federal Internal Revenue Service and the office of the Nebraska State Tax Commissioner are combining their efforts to provide free assistance in preparing Federal and State income tax returns.

In a joint announcement, Richard P. Vinal, district Director of Internal Revenue and Murrell B. McNeil, state Tax Commissioner, said that federal and state representatives will be available in the same offices in 15 Nebraska cities through April 15, 1970. After April 15, federal and state representatives will be available in 14 cities on certain designated days, but they will be located in their respective offices in those cities.

Wayne area people can get assistance at Norfolk's Federal Building at 125 S. Fourth St. Federal and state representatives will be there from 8 a.m. to 4:45 p.m. each of the following days: Jan. 5, 12, 19, 26, Feb. 2, 16, March 2, 12, April 6, 13 and 15. After April 15 they will be there the last Monday of each month.

Wayne Lady Misses Out on Gift of \$200

A Wayne lady, Mrs. Lottie Schroeder, missed out on a check of \$200 by not being present Thursday night when her name was called in the Cash Night drawing.

The next drawing, which will be held on Friday, Jan. 2, will be worth \$300 to some shopper lucky enough to be in one of the participating stores when his name is called. The drawing this week is being canceled because Christmas falls on Thursday.

Offering Job Help

A representative of the Norfolk employment office, William Beyer, will be in Wayne twice during January to help area people with any job difficulties they may be having. He will be available for interviews on Jan. 14 and 28 in the Chamber of Commerce office.

Friday's Win over NS Earns Break for 'Cats

Wayne State eaglers did the usual Friday. Now they're doing the unusual—taking a vacation. The usual accomplishment was adding another victory, the seventh in eight games, at the expense of Northern State, 88-71.

That done, the Wildcats took Christmas leave, but only till next Friday. Then they will return to tune up for their own Holiday Tournament Monday and Tuesday, Dec. 29-30. Vacations are rare for Wayne basketball teams. Since the first of October they have practiced almost daily, weekends included.

All that pressure practice no doubt shows up in the record and in the Wildcat winning margin. The 17-point spread over Northern was close to Wayne's average for the season.

Early minutes of the game, however, kept the fans and coaches on edge as Wayne and

Northern traded leads several times in a fast-break scoring spree.

Then the Wildcats put the defensive brakes on the Wolves from Aberdeen, S. D., while continuing their own onslaught. The result reads like practically every previous story on Wayne State basketball this year: big lead at half-time, 46-32.

Midway through the second-half Northern mounted a counter-attack and reduced an earlier 20-point deficit to 14, but the Wildcats met the challenge with stiffer defense and ended strong.

Dave Schneider posted a 26-point effort, with 14 in the first-half surge. He dazzled with numerous hook shots and assorted tip-ins. Dean Florson's 17 points included several uncommonly fancy driving lay-ups and tips.

Northern, now 5-3, had two big scorers, Mike Vogel with 17 and Gary Evjen with 16.

Wayne's junior varsity dumped the Northern JV, 80-53, in the preliminary.

The reserves also had three men in double figures—Lonnie Biltfoft with 17 points, Kyle Willis with 14 and Craig Johnson with 13. They were followed by Rod Cook with seven, Don Mau with six, Steve Peterson with five, Steve Berning with two and Donnie Hansen and Todd Bornhoff with one each.

Willis once again showed the way under the boards with 17 caroms to up his average to a strong 16 rebounds a game. He was followed by Peterson with nine and Biltfoft with six.

The Blue Devils will be playing in the Wayne State-Holiday Tournament the 29th and 30th of December. They meet West Point High in the first round and the winner of that contest will play the winner of the Laurel Schuyler game. The losers will play in the consolation game. Starting times for the games both night will be 5:45 p.m. and 7:15 p.m.

The Blue Devils opened the second half cold and found Plainview within striking distance at 35-25. This is when Tietgen picked up the slack with a hot hand as he poured in seven of his 21 points to vault Wayne's lead to a respectable 17 points.

Going into the fourth canto, Wayne held a 47-33 lead over the Pirates. The Pirates were not to be denied a last chance as they came within 10 points again at 52-42 with 5:08 remaining in the game. Tietgen once

again sparked the Blue Devils as he burned the nets for 10 points and preserved Wayne's first victory of the season.

Backing up the scoring of Tietgen, Ellis and Helgren were Armbruster with seven, Mike Biltfoft with six, Don Mau with four, Les Fichtenkamp with three and Rod Cook with one.

Providing Wayne with the rebounding strength under the boards were Ellis with 14 rebounds and Armbruster with 11 rebounds. They received help from Tietgen with five and Fichtenkamp with four.

The reserve Blue Devils brought their record to four wins and one loss as they wrecked the Pirate yearlings, 66-50.

Wayne's reserves led 13-11 at the end of the first stanza but trailed 27-24 at intermission. The third quarter saw Plainview get outscored 25 to eight as Wayne grabbed a commanding 15-point lead, 50-35. The fourth canto was evenly matched as Wayne scored 16 while Plainview hit for 15.

DOWN ON ONE KNEE Ted Armbruster of Wayne watches fellow teammates Lonnie Biltfoft (52) and Randy Helgren move after a loose ball during their game with Plainview Friday night.

COACH DICK NELSON gives his players last minute instructions before the tip-off in their encounter with Plainview. From left the Wayne players are Randy Helgren, Terry Ellis, Les Fichtenkamp, Dick Tietgen and Ted Armbruster. The Blue Devils had the Pirates walking the plank in a smashing 67-55 victory.

Junior Dick Tietgen Leads Blue Devils to 1st Victory

By Kieth Tietgen

Behind the stalwart 21-point performance of junior Dick Tietgen the Wayne High Blue Devils snapped their losing streak at four as they dumped the invading Plainview Pirates 67-55 Friday night. This brings Wayne's record to one and four.

The Blue Devils opened the contest with the strongest offensive production they have shown thus far this season. For the first time Wayne had three men in double figures—Tietgen, Terry Ellis with 13 and Randy Helgren with 12.

The game was never in doubt as Helgren hit a charity toss early in the contest and the Blue Devils maintained as much as a 17-point lead over the visiting Pirates. The West Husker Conference rival was never within more than 10 points of Wayne except three minutes into the first

Eagles Clip Newcastle For Season's 2nd Win

Senior Dennis Gelger and junior Loren Reuter didn't set any records Friday night, but their scoring effort had a great deal to do with the Allen quintet's chalking up its second victory of the season.

Gelger, at 6-2, and Reuter, at 5-8, scored 16 points and 15 points respectively as the Eagles went about knocking off that potentially potent Newcastle squad.

The Eagles, now with a 2-3 record for the season, have sev-

eral days of rest before they see more action. Next Monday night they go up against Wakefield in the Wakefield Holiday

Tournament. Also seeing action in that annual meet are teams from Fender and Emerson-Hubbard.

That victory Friday night on the Allen court was a little easier to come by than the win over Homer a week earlier. Allen clipped Newcastle, 66-56, barely edged by Homer, 59-57.

The Eagles gained that win after building up a 43-25 intermission lead over the visitors. They outscored Newcastle by 11 points in the first quarter as they came up with 24 counters while holding Newcastle to 13.

The Eagles added another 13 points in the third period and held Newcastle to 10 to go into the final period with a comfort-

able 56-35 advantage. Newcastle finally started to get through the Allen defense in the final period as the visitors managed 21 points while Allen could come up with only 10.

Leading the winners in the rebounding department were Dennis Gelger and John Warner with nine caroms each. Bob Mitchell and Jerome Roberts pulled down another six each. Gaining several steals each in the contest were John Abts and John Warner.

Melvin Cook, a big 6-5 cager for Newcastle, pumped in 17 points in the contest to gain scoring honors for the night's action. Also hitting in double figures for the losers were 5-7 Mike Pearson with 13, 5-9 Joe Marron with 12 and 5-9 Norm Anderson with 12.

Aiding Reuter and Gelger in Allen's scoring duties were Bob Mitchell with nine, Jerome Roberts and Brian Linafelter with six each, John Warner with five, and Gary Troth and John Abts with four each.

The Eagles, who hit 10 of 17 free throws for 39 per cent, finally turned in one of their better shooting averages of the season. They hit 50 per cent of their attempts from the free.

Newcastle hit only 4 of 19 free throws for about 20 per cent. Following that tourney at Wakefield next week, the Eagles will prepare for the Lewis and Clark Conference Tournament. That tourney is slated for Jan. 5, 6, 7, 9 and 10.

Tall Lyons Squad Fall to Trojans, 63 to 49, Friday

Wakefield's frustrating defense - for the other team, that is - finally began to tell on the visiting Lyons quintet Friday night. Result: a 63-49 victory for the Trojans.

That win, the third in as many games for the Trojans, has to be credited to the constant pressure of Wakefield's full-court press, plus the well balanced scoring attack of five cagers.

The press enabled the Trojans, who don't field a starter over 6-1, to knock off the taller Lyons squad, reportedly one of the stronger teams in the East Husker Conference this year. Lyons fields players at 6-5, 6-4 and 6-3. And the scoring put plenty of pressure on Lyons' Paul Hegy and Steve Thompson. They

Wakef.	16	10	15	22	63
Lyons	13	17	9	10	49

were the only players on the visiting team to break into two figures in the scoring column.

After leading by three counters after the first quarter, 16-13, Wakefield allowed the visitors to go into the dressing room with a 30-26 lead. But the Trojans rallied in the third quarter, knotting the score at 30-all, 34-all and 39-all before they edged to a 41-39 lead going into the final period.

Then the pressing defense began to take its toll in the last

Eagles, Wildcats Gain All-Conference Berths

Three football players from Allen High and three from Winside High gained berths on the 1969 Lewis and Clark All-Conference Team. The squad was chosen earlier in December.

Allen players making the team were John Rastede at end, Joe Ankeny at guard and Rich Gensler at guard. All three are seniors.

Winside players selected to the team were Phil Witt at back, Fritz Weible at end and Dave Langenberg at center. Witt and Weible are seniors, Langenberg

a junior.

The two schools also had two players each earning honorable mention: Allen's Jerry Warner, a senior tackle, and Terry Trube, a senior linebacker, and Winside's Dave Witt, a senior safety, and Bob Jackson, a senior back.

Best represented on the team is the Coleridge Bulldogs. That team, which won the conference champion with a 7-1 record, placed five players on the mythical team. Coleridge ended the

season with an 8-1 record.

The full team: Coleridge's Roger Haine, senior back; Randy Hofart, senior back; Dave Brockman, senior tackle; Marlon Hansen, senior tackle, and Rod Hall, senior end. Winside's Witt, Langenberg and Weible. Allen's Rastede, Ankeny and Gensler.

Ponca's Jeff Knerl, senior back; Don Taylor, junior back, and Mark Poulosky, senior guard; Norfolk Catholic's Bob Godell, senior guard; and Joe Francis, senior center; Randolph's Joe Hansen, senior back, and Loren Hansen, senior back; Hartington's Mike Fleming, senior back.

Wynot's Stan Ketter, senior back; Hartington Cedar Catholic's Dave Hoebing, senior center. Emerson's Dennis Rohde.

Earning honorable mention: Allen's Warner and Trube, Winside's Witt and Jackson, Randolph's Rod Berner and Mark Meyer, Coleridge's Steve Nordby and Marlin Kalin, Hartington CC's Randy Helmes and Dennis Wortmann, Norfolk Catholic's Pat McGrane and Mike Polak, Hartington's Doug Lindeman and Steve Lucht, Ponca's Kelly Amussen and Terry Watchorn, Wynot's Les Jones and Randy Wieseler, and Emerson's Tony Hale and Steve Schwarten.

Determined Coleridge Quintet Nearly Upsets Laurel Bears in Friday Tilt

Successful free throw shots by Jim Schroeder and Steve Smith in the final seconds of the game assured the Laurel Bears of a slim 57-54 victory over a surprisingly strong Coleridge team Friday night.

Coleridge, a team which had not lost a game going into the Friday contest, nearly marred the Bears' undefeated record when they built up a seemingly comfortable 35-21 margin after the first two quarters of action. They built that 14-point edge by outscoring the visiting Bears 20 to 11 in the first period and 15 to 10 in the second. Major factor in Laurel's inability to score in that first half was the large number of turnovers they committed. Although they managed

Coleridge	20	15	10	9	54
Laurel	11	10	21	15	57

to steal the ball several times from the hosts in the second period, they were unable to get off decent shots against the determined Bulldog defense.

But that Laurel press, used the full game, finally began to tell in the third period as Laurel forced the hosts to commit about 17 of their turnovers in those eight minutes, and the Bears finally began turning some of their into baskets to outscore Coleridge 21 to 10.

And strong scoring in the fourth period by Laurel's Steve Erwin and George Schroeder enabled the visitors to get 15 points to Coleridge's nine. Those points came despite having Erwin and Schroeder foul out with about two minutes left in the game. Schroeder hit four of four gift shots in that final quarter, one of the telling factors in the contest.

Jim Schroeder upped Laurel's

lead to 56-54 when he sank a free throw with about 40 seconds left in the game. Steve Smith gave the Bears their margin of victory about 38 seconds later when he sank one of two free throws after being fouled while shooting.

Leading scorers Steve Erwin (20) and George Schroeder (18) were followed by Rod Erwin, Steve Smith and Jim Schroeder with six each. Paul McCoy added one point. Coleridge's scoring attack was led by Steve Hines with 21, Steve Nordby with 11 and Roger Haine with 10.

Gaining the majority of the steals for the winners were Steve Erwin with eight, Jim Schroeder with six, and George Schroeder and Steve Smith with five each.

Laurel sees action against Stanton in a home game Tuesday night before getting a rest to prepare for that tough opener in the Wayne State Holiday Tournament next Monday. The Bears have to go up against Schuyler on Monday afternoon in the opener for the high school teams. Wayne High takes on West Point High in Monday's evening game.

3 Recreation Teams

The Wayne (Nebr.) Herald, Monday, December 22, 1969

Tied for 1st Place

After three nights of action in the second round of play, three teams are bunched at the top with 5-2 records in the men's city recreation basketball league.

Those teams—III, V and I—have a fairly large lead over the other teams in the league. Teams IV and II are tied with 3-4 records, Team VI trails the six-team league with a 2-5 mark.

Team I edged into the tie for first place by knocking off luckless Team VI in Wednesday's round of action, 66-65. Leading that squad to its win were Roger Lintz with 22 points, Lynn Lessmann with 17 and Hank Overlin

with 14. Also getting into the scoring action in the tight game were Dick Hamner with seven and Jim Keating with six.

Team III	5	2
Team V	5	2
Team I	5	2
Team IV	3	4
Team II	3	4
Team VI	2	5

for the losers were Sid Hillier with 27, Grant Halsne with 24, Brent Lessmann with eight and Larry Carlson with six.

Handed defeats in Wednesday's round were the other two teams presently tied for first. Team III fell to II, 63-44, and Team V fell to IV, 66-45.

upsetting Team III were Darrell Doeschler with 15 points and Bill Carlson with 10. Rounding out that team's balanced scoring attack were Wayne Vessel, John Matson and Dennis Spangler with eight each and Ray Vrtiska with four. Scoring for the losers were Ron Dalton with 13, Bill Wylie with 10, Richard Korn with seven, Mark Robinson with six, Blecke with five and Norvin Hansen with three.

Harlan Freese and Jack Manske teamed up to score 22 counters each, sparking Team IV's 66-45 win over Team V. Also getting into the scoring column for the winners were Magdanz with 10, Kieith Tietgen with eight and Ellis and Bob Fleming with two each.

High scorers for the losers were John Rebensdorf with 14 and Don Kramer with 12. Adding more points to Team V's total were Harry Lindner with nine, Bill Lubberstedt with eight and Jim Maly with two.

In last Monday night's action, Team V walked by Team VI, 55-41, as Ray Vrtiska crammed in 26 points for the winners. Also hitting in double figures were Don Kramer with 12 for the winners and Don Johnson with 11 and Sid Hillier with 10 for the losers.

Team I's Lynn Lessmann hit 7, Hank Overlin hit 13, Dick Hamner hit 11 and Jim Keating hit 10 in a balanced scoring attack which earned them a 57-54 win over Team II Monday. Leading scorer for the losers was Tim Robinson with 29.

Final game of the night last Monday saw Team III demolishing Team IV, 63-40. The winner's balanced scoring was led by Mark Robinson with 18, Ron Dalton with 17 and Blecke with 12. Harlan Freese's 27 points led the losers.

Laurel's Junior High Clips Wayne Quintet

Wayne's Bill Schwartz saw a 14-point effort go to waste last Monday as the junior highcagers fell to a strong Laurel squad, 32-28.

The game was a tough one to lose for the locals after they came from a 14-5 deficit at intermission to tie at 20-20 in the fourth period. Wayne had led by three, 5-2, after the first quarter, then saw Laurel pull ahead when the Wayne shooters were unable to score a point in the second quarter.

The hot shooting of Schwartz was about all that kept Wayne in the game in the final half—he scored all his points in those two periods.

Wayne tied the hosts later in the fourth period, 24-all, be-

Welfare — A Life Line or Letdown?

By Merlin Wright

If you don't have enough money for food and a place to live, or to pay for medical care in Wayne County, you may qualify for help from the county's welfare programs. If you have patience enough to wade through an alphabetic word tangle and don't mind a little confusion.

First, a person must decide what kind of assistance is needed. Confusion begins immediately in identifying the county's welfare office in the telephone book as it is listed "Assistance Office," Mrs. Ethel Martelle, Wayne County welfare director for the past 10 years, says she has even received one call for a recipe. That, of course, is not the official kind of assistance that her office gives. The phone book identification could undoubtedly be improved but that is only a small pebble on a seashore of problems.

Alphabet Trouble

After you get past the phone book and in direct contact with the welfare office, you must decide whether you need O.A., A.B., A.P.T.D., A.P.D.C., C.W.S., F.S.P., C.R. or S.U.M. in the alphabet aid soup. Enough? With the help and very capable assistance of Director Martelle, who would also like to see some of the confusion surrounding welfare programs ended from the national level on down to the local, one can learn that Wayne County has at least 10 major welfare programs. They are Old Age Assistance, Aid to the Blind, Aid to the Permanently and Totally Disabled, Aid to Families with Dependent Children, Crippled Children's Services, Child Welfare Services, Food Stamp Program, County Relief and Service to Unwed Mothers.

Each program is different requiring voluminous paper work, record keeping, check ups, background investigations, income

and expense reports, physical and medical data, caseworker visitations, and the filling out of many forms.

County welfare directors in Nebraska became so confused themselves after the Medical Services Division was established in the State Department of Public Welfare in Lincoln, that the state director found it necessary to issue a memorandum to county directors regarding the right individual in the state department to be contacted concerning medical assistance.

The state director then listed the following divisions and officers regarding only the Medical Assistance Program: Policy Matters and Interpretations; Eligibility—Excess Income—Resources—Etc.; Medical Review Team for AD—Dental Approvals—Continuing Hospitalization Authorizations—State Approvals for Appliances, Devices; Standards for Care Facilities—Per Diems—Nursing Home—Health Care Matters, and Payments—Data Processing—Claims—Buy In—Etc.

Finally a man and division are named under the heading, "Any Medical Assistance Problems Not Covered Above" see so and so.

The same memorandum sent out to all county welfare directors advises that there has been an error in "buy in" procedures for recipients of benefits through the Prouty Amendment, about three years ago, provided any person over 72 who is not receiving Social Security, public assistance, railroad or teacher's retirement, is eligible to receive \$40 a month from Social Security. Through a complicated financial process called "buying in" (too detailed to explain here-in) the state participated in the Prouty payment and announced an error. Here the memorandum verbatim. You can perhaps by reading it "understand" some of the complications of running a county welfare office.

The memo states: "Effective April 1, 1968, it became possible for the State Department to include MA (medical assistance) recipients of benefits through the Prouty Amendment in the buy-in agreement. These recipients were to be accreted on the above date but by mistake they were accreted on Feb. 1, 1968. Consequently these recipients have received a \$10 Social Security refund and should have received only a \$4 refund. The \$6 overpayment will be deducted from a future Social Security check, probably in July or August. This \$10 should be considered income for the month of April or May."

Constant Change

Medicaid and Medicare have entered the picture since then. Do you understand both programs? Do you understand either one? Well, one thing, if you apply for Medicare you go to your Social Security Office. If you apply for Medicaid you go to your welfare office. Other details about the two programs are explained in a blue-backed booklet available at your welfare office.

Director Martelle explained that demands from the federal level have caused many changes to be made on the state level, necessarily causing changes on the local level.

Just one of those changes, for example, was Social Security deducted \$3 for Medicaid from each Social Security check. It was an automatic deduction, according to Director Martelle. Then Social Security later changed it and the recipient received the full amount of the Social Security check, but the state welfare department "bought in" or paid the \$3 for each person receiving medical aid. The fee then went from \$3 to \$4 and it was decided to return to the previous system whereby the amount was deducted from the Social Security check, but that isn't the end of the story, according to the Wayne County director who said that now the state welfare department is going back to the "buy in" procedure again. "Confusing" if nothing else it keeps welfare office personnel hustling.

Wayne County Clerk Norris Weible had this comment last week. "The county has to pay, but has little to say in the administration." He was referring to the welfare program throughout Nebraska with the state personnel making more of the decisions.

For instance, up to now checks for public assistance in Wayne County were written in the welfare office and mailed by Director Martelle. Now as of Jan. 1, 1970, the checks will all be written in the state office in Lincoln, then mailed to the county office where they are in turn remailed to individual recipients. Local officials indicated they believe that eventually the state department will both write and mail the checks.

Two Funds

Wayne County Treasurer Leona Bahde maintains two funds in handling welfare monies. One fund is kept for public assistance and the other fund is for administration costs for carrying out public assistance programs.

Wayne County taxpayers supply the funds for the public assistance or County Relief Fund, however the major portion of the

administration fund is supplied by taxpayers through the federal government.

It cost U. S. taxpayers just a little less than \$10,000 for welfare administration expenses in Wayne County during the year from July 1968 through June 1969. Only about a tenth, or approximately \$1,000 of this administration cost was funded on a local county level.

Welfare budgets dropped from \$31,426 July 1967 through June 1968 to \$25,416 the following fiscal year which ended June 1968. The proposed budget for July 1969 through June 1970 jumped to \$45,595.

A total expenditure for all categories of public assistance in Wayne County during 1968 amounted to more than \$109,000 according to Mrs. Martelle, and of this amount Wayne County paid nearly \$25,000. Balance of the funds was paid by state and federal monies, plus a small amount of what patients could contribute toward their own expenses.

"There has been a complete change in welfare work with emphasis now being on services, whereas previously, emphasis was on eligibility," explained Director Martelle. She then noted new government medical programs and the food stamp program which got underway in April in Wayne County.

During October of this year there were 33 persons receiving Old Age Assistance in Wayne County; seven received aid to the blind, four received aid to dependent children and no one received aid to the blind.

Mrs. Martelle noted last week that, including those who use food stamps, there are about 200 people in Wayne County affected by aid through her office.

She showed great interest in a story appearing in several Nebraska daily newspapers that Wayne County is one of five counties in the state having the largest number of hungry persons in it. She said she thought she would investigate the source of the statistics as she hasn't been able to find anyone who knows of hungry persons.

"If people are hungry they should contact this office," the director emphasized.

She said there were seven public assistance households and 14 non-assistance households who bought food stamps in December. There are a total of 67 persons involved in those 21 households she noted.

According to the monthly statistical report issued by the state department of welfare, about 45,000 Nebraskans receive assistance under the federal aid programs of aid to the aged, blind or disabled; aid to dependent children and medical assistance. Total assistance payments to and on behalf of all persons for a month in Nebraska is around \$3.5 million.

3 Area Teachers Attend Assembly

Three teachers in the Wayne area were among the 410 delegates to the 103rd Delegate Assembly of the Nebraska State Education Association (NSEA) in Lincoln earlier in December.

The group meets annually to set the policy of the 18,300-member NSEA for the coming year.

Among major policy statements considered were those of state aid to education, school district reorganization, continuing contracts, tenure, professional negotiations and salaries.

Those three teachers are Elzene Lundgren of rural school district 45, Arnold Emry of Wayne State College and Mrs. Beverly Merriman of Wayne High School.

It was erroneously reported earlier there would be a \$50 drawing today (Monday) but the six drawings ended Friday.

Ticket holders now await the drawing Tuesday, a day that will not be soon forgotten by the person having the ticket necessary to win the 1970 car.

Grand prize drawing for the auto will be handled in the same manner as in the \$50 drawings. The individual holding the winning ticket will have his choice of cars being offered by four dealers in Wayne: International Harvester, Wortman Auto, Herb's Buick and Corvett Auto. One must be 18 years of age to

be eligible.

A list of 20 numbers will be posted at one o'clock Tuesday. If the person having the first number doesn't turn it in before eight o'clock Tuesday night then the person having the second number may win if he turns in the ticket. If the second number isn't turned in then the holder of the third number may win and so on down the line.

When the winner of the car is known, he or she may choose the car from one of the four vehicles offered, each valued around \$3,000.

The Herald will carry a complete story in the Monday issue on the lucky person winning the grand prize.

Wayne's Mrs. Lentz Named County Head Of Heart Campaign

Appointment of Mrs. Carl Lentz of Wayne to serve as campaign chairman of the 1970 Heart Fund Campaign in Wayne County was announced today by Robert M. Nye, state Heart Fund Campaign chairman. Nye also disclosed that the state-wide goal for Heart Fund contributions has been set at \$325,000.

Assisting Mrs. Lentz as Wayne County Heart Memorial Chairman will be Mrs. Ed Kollath of Hoskins.

The Heart Fund drive in Wayne County will reach its high point in February, which has been designated Heart Month. Heart Fund volunteers will be contacting county residents in order to provide them with heart educational material and information and to receive Heart Fund contributions. The contributions support research, educational and community service activities of the local Heart Association.

FBI Agent Addresses Guidance Counselors

High School guidance counselors from District III heard Special Agent J. Keith Steiner from the Omaha office of the Federal Bureau of Investigation speak following a dinner in Norfolk Dec. 11.

Steiner spoke to the counselors

concerning opportunities for graduating seniors.

Ken Carlson, Wayne High School counselor, attended the meeting as did Mrs. Karmen Brum, counselor in the Winside High School.

Counselors Brum and Carlson also represented their respective schools in a meeting at Wayne State College Dec. 16 where Don Daves of Manhattan, Kan., discussed the American Testing Program.

WS Forensics Team Finishes 6th of 26

Wayne State's forensics team, on the way to its best record in years, finished sixth among 26 colleges and universities competing in the Sioux Falls College Invitational tournament Dec. 12-13.

Three Wayne entrants won four first places: Frank Greene in both radio speaking and discussion, Mike Armstrong in extemporaneous speaking, Gordon Hoffmeyer in oral interpretation.

Six earned excellent ratings: Greene in oral interpretation, Armstrong in oratory, Nancy Timperly in oratory, Bruce King, Nancy Geary and Marla Galbraith in discussion.

In debate, Miss Timperly and King teamed to win three of four rounds—losing by only one point in their lone defeat. Miss Galbraith and Armstrong won two, lost two rounds.

Coach Don Leonard said the team's next competition is scheduled Jan. 8-10 at Colorado State University.

Beef Production Unit Starts Tonight at WH

Several area farmers have signed up for the unit in the adult farmer class which starts tonight (Monday) at the Wayne High School. The unit getting started this week is beef production.

The beef production unit will run for the next two Monday evenings, Dec. 29 and Jan. 5.

Final offering of the adult farmer class will be a unit on corn production, scheduled to begin Jan. 12. Classes in that unit will also be held on Jan. 12 and 26.

Any area farmers or anybody interested in farming and agriculture is welcome to register for either or both of the two units. Cost of each unit is \$3. Anybody wishing to attend should contact either Lee Foote at the First National Bank in Wayne or Superintendent Francis Haun at Wayne High.

Former Wayne Man To Get Citation for 'Excellent Teaching'

Mr. Whitmore, a long-time businessman in Wayne, died last month.

Dennis D. Graham of Quimby, Iowa, was selected to receive the Llewellyn Whitmore Memorial Scholarship at Wayne State College this fall term.

A sophomore, he is majoring in chemistry and minoring in physics, with a grade point average of 3.03 (3.0 is a B). Son of Mr. and Mrs. Robert Graham, he graduated from Willow Community School in Quimby in 1968. He plans to teach at the secondary level.

Merit Exams Slated Across State Jan. 17

Examinations for such jobs as home health aides, case workers and community workers will be given by the Nebraska Merit System in the outstate centers on Jan. 17.

A list of those centers and the application form which must be filled out by Jan. 3 can be obtained from local Division of Employment offices or from any county welfare office.

If an adequate register is not obtained through those examinations, continuous tests will be given at 8 a.m. each Wednesday in the Merit System office at the State Capitol in Lincoln.

Other positions which are open to those who pass the test include laboratory aides, practical nurses, sanitarians, child welfare consultant, recreational director, social worker, employment coach occupational analyst and health planner.

2 Foreign Exchange Youths at Allen High

Two foreign exchange students arrived in Allen over the past few days to begin several months of schooling at Allen High.

The exchange students, first ones ever to attend the Allen school, are Marilda Fernandes of

Ricardo Gardenal

Sao Paulo, Brazil, and Ricardo Ramon Gardenal of Santa Fe, Argentina.

The young girl, 17 years old, will stay with the Mr. and Mrs. Marvin Reuter family of rural Allen. The boy, 16 years old, will live with the Mr. and Mrs. Richard Schaefer family just west of Allen.

Marilda, daughter of a shepherd in Brazil, plans on entering a medical school in 1971. She has two brothers and two sisters, one of which is taking a university training course. She is taking the second part of high school in Brazil, courses which she calls "scientific."

Ricardo attends a school in Argentina which is similar to the military schools in the United States. His father is a banker in the large city of Santa Fe. He has one brother, also a student in a military school.

Little information on the students was available. Reason: they wrote their personal letters and filled out their application blanks in Spanish. Allen High does not have a Spanish teacher this year. The students are attending the Allen school under the International Fellowship program.

Second Annual Beef Marketing Program Set for July 23, 25

The Sioux City Livestock Market News Foundation in cooperation with Iowa State University and Nebraska University Extension services, will hold the second annual beef marketing program on July 23 and 25 at the Sioux City Stockyards, according to Gary Enright, program chairman.

Enright said this is one of the few programs of its type in the nation open to both 4-H and FFA members. "The program," Enright said, "is designed to provide the exhibitors with experience in buying and feeding cattle under actual farm and feedlot conditions, marketing them in a competitive environment and learning to select those cattle on the hoof that will feed into the high cutability carcasses

desired by packers and retailers."

The program will take place two separate days. The cattle will be graded by a specialist from the USDA Consumer and Marketing Service, Standardization Branch. The cattle will be sold by professional market agents at the Stockyards. A program will also be scheduled for instruction and evaluation contests will be held. On July 25, carcasses will be displayed in a packing plant cooler.

Enright said the 4-H and FFA members involved are being notified early so they can make necessary arrangements to purchase cattle to be used in the Beef Marketing Program at this time. Awards will be made to exhibitors in both live and carcass judging.

Higher Rate Makes Savings Bonds Buy 'Better Than Ever'

Henry E. Ley of Wayne, county chairman for U.S. Savings Bonds, was today asked about the new five per cent interest rate for Savings Bonds.

"The new higher rate announced by President Nixon makes Savings Bonds a better buy than ever before," Chairman Ley states. "It will greatly benefit the members of our communities who have been putting aside dollars regularly through Payroll Savings Plans or over-the-counter purchases at their banks—savings for a new home, farm improvements, an automobile, college for the children, a dream vacation or a retirement nest egg."

The five per cent interest rate applies to all outstanding Series F and H Bonds sold on or after June 1, 1969, if held to maturity. All outstanding F and H Bonds also benefit from the new five per cent rate, beginning with the first semiannual interest period starting on or after June 1,

According to Ley, "The maturity period for Series E Bonds has been reduced from seven years to five years, 10 months. H Bonds continue to mature in 10 years.

Freedom Shares—which have been sold in combination with E Bonds since May 1, 1967—will be removed from sale effective June

Now Is the Time to Save! During Our Year-End Clearance Sale

"The higher rate should boost Savings Bonds sales throughout our area," Ley said. "And it will be an added incentive for our young folks—4-H Clubbers and Future Farmers—many of whom have not yet learned to save the Savings Bonds way."

MERRY CHRISTMAS

*The Birthday of the Saviour is here,
and we are once again reminded that
Christmas is a family day . . . a
day of reunions and feasting, and
a day of joyous gifting. But let us
not forget, as we fill the stockings
and surround the tree with packages,
the most important gifts of all
. . . the gifts that bear neither
price tags nor gay wrappings, yet are
of infinite value. These are the
gifts of kindness, tolerance,
consideration and compassion. Let us
hope that this Christmas will revive
the true spirit of giving that began
with the Birth of a Holy Child . . .
to bring peace and good will to all.*

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers. It is the duty of an editorial writer to search all available facts before he sits down to write. From this basis the writer should be able to give a clear picture of important topics.

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

Salaries for County Employees

Wayne County Commissioners were talking over county salary schedules during their meeting last week. They are attempting to determine whether to stick with the minimum salary of \$6,500 set by the state legislature effective Jan. 1, 1971 or to pay county officers more.

County and state salaries are set up on a unique basis. The Nebraska Legislature sets a minimum and then a county may pay the minimum or anything above it.

Present salaries were set in 1965 for four years. Regardless if living costs double or if the bottom should fall out of everything during that time the set salary remains the same.

In 1965 the legislature set a minimum of \$5,400 for the clerk, treasurer and assessor. This schedule went into effect Jan. 1, 1967. Wayne County Commissioners decided to pay only the minimum. The clerk of the district court, superintendent of rural schools, sheriff, county attorney, service officer and commissioners receive less than the \$5,400 base.

Is there any other business that would set up salaries four years in advance without taking inflation into consideration? Suppose everything took a plunge downward with a falling stock market? In both cases county and state officer's salaries would remain unchanged through the four-year period.

The last Nebraska Legislature set a new minimum of \$6,500 which will go into effect Jan. 1, 1971 and will run through December 1974, regardless of continuing inflation or possibly falling markets.

Is approximately \$104 a week before deductions a living wage in these days of high prices? A Wayne County employee getting that amount (\$5,400 annually) will have to make it stretch yet another year through 1970. Is it good business practice for salaries to be set four years in advance? Is it fair to either the employer or employee?

What will prices be like when the new minimum of \$6,500 becomes effective Jan. 1, 1971? Will a person be able to live on \$125 a week then?

This writer believes that government employees' salaries should be determined at least annually so as to fluctuate with living costs. He also believes that \$7,280 (\$140 a week) would not be an unreasonable salary for Wayne County employees shouldered with important responsibilities of vital records and taxation. Salaries must be adequate in order to be fair to qualified personnel.

We believe the Wayne County Commissioners should take a very close look at living costs and projected financial forecasts for the next four years before finally deciding on county officers' salaries effective in 1971.

The county should set an example in paying realistic wages and take pride in doing it. — MMW.

Winning Prizes

Thousands of contests are held throughout the United States each year. Some magazines see fit to carry out contests on a constant basis. Contests are popular because they are fun.

Individuals enter the contests thinking, "I probably won't win anything at all, but..." It is the wee possibility that a person "might" win that keeps people interested.

Merchants in Wayne working through the Chamber of Commerce have held a number of promotions in past years, one of which is the Christmas Drawing. Who doesn't like a chance to win some extra cash? The six drawings for \$50, the drawing for the new 1970 automobile and the regular Thursday Cash Night drawing all add up to lots of nice prizes plus the fun of having a chance at winning.

As in every contest there are a few complaints. The Chamber of Commerce has received several about the Christmas Car Give-Away promotion.

Most complaints are boiled down to, "We make a purchase and we don't get any tickets. Why should we have to ask for them?" It is a legitimate question.

If there is going to be a promotion with the purpose of bringing customers into town and giving

them a chance to win some very nice cash prizes, then every effort should be made to insure those customers having every possible chance to win. In the Car Give-Away promotion it means seeing to it that every customer has lots of tickets.

The idea has been presented that there was to be one ticket given for each dollar spent. Falling to cheerfully follow through, once having told the customers this, is a sure way to cause the promotion to fall flat on its face. A disgruntled customer doesn't buy much.

A number of the complainants have been college students as well as others. It shouldn't make any difference who the purchaser is, the tickets for the drawing must be distributed.

The fun of a drawing is that you may have only one ticket and theoretically it could win the car. Likewise you may have over 1,000 tickets and not win anything. But to keep everyone happy those tickets must be given out and should not have to be asked for by the customer when a purchase is made.

This particular promotion has proved to be lots of fun for hundreds of people, so during these final days let's make doubly sure those tickets are distributed. — MMW.

JUST WRIGHT

by Merlin Wright

Christmas is a time when memories flood one's thoughts. Even though one may be middle-aged or older, there is yet ever present a little bit of the child within. There are so many things one can recall of Christmases past, the memory of which continues to contribute to happy Christmases of the present.

My mental tape recorder may often sound off at this time of year in recalling many special sights, sounds and smells of Christmas in yesteryears — years when I was but a child. There were the special decorations, for instance, for the house which were always kept in a box at all other times except for Christmas. The paper robes and bells, candles and tinsel were always glad to get out of the box, I imagined, and put to work entertaining our childish wonder and awe.

Then getting a Christmas tree, putting it up, attaching the simple decorations, including popcorn strung on a string, was such fun. We didn't even imagine having electric lights. Undoubtedly time has warped my memory somewhat but those winters in southern Iowa during the thirties did seem terribly cold with snow on the ground most of November through February. It was great for youngsters who like to play in the snow. We did.

Many times during the winter of 1936 the only way to reach the nearby hamlet was by bobsled. Wind and snow kept roads packed tight and closed. Being a youth, it seemed fun, but I'm sure it wasn't fun for dad who tried to keep the road open with a horse-drawn snowplow. The snow and wind always covered his work however, so the bobsled was the answer. It all added a dash of fun to the recipe of Christmas that year.

After playing out of doors in such a winter wonderland, how much fun it was to have the warmth of the old round, wood-burning stove — chase away the chill of cold feet. How utterly delightful were the hot chocolate and doughnuts mom had ready! On one particular occasion, with my hands folded behind me, I backed up too close to the stove and let out a Comanche war-whoop after burning a fist. Backing up to the stove could be dangerous to more than one portion of a person's anatomy so we were careful, but the warmth was wonderful.

Remember what a job it was to keep the fire going 24-hours a day in such a stove banked with wood or coal in the dead of winter? Yes, the old pot-bellied stove was a real "select-a-temp" outfit. If you were really cold, you would simply get extra close to the stove. If you were far too warm, instead of turning a thermostat down, you would choose a chair in the corner away from the heat. By varying your distance from the stove you could "select-a-temp" of your choice. Our Christmas stockings were placed rather close to the stove so we could get an early "warm up" on Christmas morn.

As I think of Christmases past, Grandma was always a special person. My youthful days were colored by the fortune of having two "grammies". One of them

moved to Iowa as a young bride. She and granddad had traveled from Kentucky in a covered wagon, slow times and Christmases have changed! Gran was quite a woman, getting up at least by 5 a.m. every morning winter and summer. She was blessed with a family of nine children. She had no hired help and had no modern conveniences.

When Gran wanted water she had to draw a bucket from a deep well. Besides taking care of her babies she made her own soap, did a big washing and ironing weekly, and set the yeast for tomorrow's bread before going to bed. Her hands made clothes, mended worn garments, canned jellies, made cakes and kept everyone busy as possible. If anyone became ill, Gran was ready with help and comfort because doctors were few and never contacted unless a member of the family was deathly ill.

In 1870 only one out of 34 marriages ended in divorce. Now it is something like one out of every three. Modern women may attend more luncheons, lectures, hold more offices, spend longer hours glamorizing themselves than Gran did, but they've lost her secret of holding her man.

As a girl, Gran taught school which added to her know-how and aggressiveness later. She was not only a cook and housekeeper, but she acted as teacher, doctor, philosopher, judge and knew how to let Granddad be head of the house. There was discipline and respect for one another to be learned in the textbook of that love. Gran's character was always the same and always dependable. It was the kind of character which made America.

Grandmother seldom went to town but she found her entertainment in her family instead. No self-righteous whining for her! She had more to do than tell Gramps that she "never got to go any place." I can still remember a particular Christmas tree she had in the corner of a room. Her boys had cut the tree in the hills along the Missouri River. It had no blinking lights or shiny balls, no artificial snow or star-laden limbs, but it was decorated with yards of popcorn on a string and other home-created decorations. It is etched in my memory forever.

If you were so fortunate as I in having living grandparents, you know why they are tabbed "special". Even now perhaps you could brighten Christmas 1969 for others and yourself by going out of the way to do something special for your grandparents or those of others who are in nursing homes. The holidays can be cruel in their loneliness for anyone at any age, but particularly for those unable to be up and around. If nothing else, go visit and chat with an elderly friend inquiring about some of their special memories they may have of Christmases long ago. It will do you both good.

The idea is sure to strike you at this time of year that Christmas is definitely not what money can buy. It is not merchandise. Christmas is having someone to

The Year the Century Turned

The Wayne Herald, December 22, 1969

Local and Personal
L. W. Russell of Glenwood, Iowa, representing Friend Bros. Celebrated Perfection Clothing, was in town Tuesday. This is the House that made Milwaukee famous as a clothing market, and have long been noted for the superior fit and finish of their garments.

The Herald wishes all its readers a Merry Christmas.
Mrs. Knaggs came up from Wakefield Tuesday to see her daughter, Mrs. Lou Hunter, who is quite sick.

At the meeting of the County Board on Friday James Harmon of Randolph was awarded the contract as janitor of the new court house for the year 1900.

The British met with another severe reverse last Friday. General Buller was forced to fall back from Tugela river, with heavy loss of men and the loss of ten field guns.

The merchants have been having a rattling good trade the past week.
Louis Ziemer of Hoskins, was here Friday. He is slowly recovering from the injuries sustained in falling from a pile driver recently.

The advertising columns of The Herald are an index to the enterprise of Wayne's businessmen, and the citizens who will not recognize the energy of these men has little interest in the city or county.

Cattle Dying Off
Several ranchmen of late have been losing stock through some mysterious cause. G. Fowler, a few miles north of Ainsworth, is the latest victim. During the past few days he has lost ten head. The cattle have been running in the corn fields and it is thought they get hold of some poisonous weeds. The cattle seem to be all right a few minutes prior to their death, when they begin to reel and weave about like a drunken man and falling, die in great agony.

Long Journey
Earl Byers of Bird City, Kan., a former resident of Humboldt, arrived in the latter city Dec. 12, having ridden horseback all the way. He came to visit his aunt, Mrs. J. W. Campbell, and did not know of the death of his uncle until he rode up to the house where the funeral was in progress.

Nebraska Short Notes
The telephone line is now in operation to Neligh. The saloon at Harrisburg burned to the ground last week. There is no doubt the fire was of incendiary origin.

Alliance is making an effort to secure electric lights.
A "spook" show drew a good crowd at St. Paul, but just as the spooks in the cabinet were giving the liveliest part of the performance someone in the crowd became overly curious and started an investigation. The spook proved to be a very

material woman and the show came to an abrupt ending.
An unsuccessful effort was made to induce the St. Paul city council to order the saloons closed every night at 9 o'clock.

While hunting with some other boys Grover Walton of Ord shot himself through his foot with a 22 rifle. He had the muzzle on his foot and when the gun was accidentally discharged the ball was sent straight through the foot, sole and all. He did not seem to mind it very much, however, for he stopped and played with the boys for some time before coming home.

F. S. Payne, fusion candidate for treasurer in Dixon County, has filed a contest against J. W. Thompson, whom the canvassing board declared elected.

Farmer Nearly Scalped
Josephus Moore, living four miles west of Elm Creek, was severely injured while husking corn by a team of another husker which became frightened and ran over him, cutting off one ear, nearly scalping him and injuring him internally. Mr. Moore is 50 years old and one of the pioneers of Nebraska.

School Teacher Too Familiar
Riverton has been having trouble in its school. Prof. Smutz, the principal, is charged with having been too familiar with some of the young ladies who are attending school, and when the school board became aware of it they promptly demanded his resignation, which he tendered and left town as soon as he could get out.

Killed in Prize Fight
At the St. Louis Athletic Club in the preliminary bout preceding the contest between Tommy White and "Kid" Board of Cleveland, Henry Nelse of St. Louis and Fred Bellerson, reputed to be the heavyweight champion of Utah, went on for fifteen rounds. Nelse was long and lanky, while Bellerson was hog fat, their combined weight approximating 400 pounds. The first round proved "a comedy of errors." No serious harm was done until the sixth round. After a heavy exchange Nelse was floored by a hook to the jaw. He rose groggy, with his back to the Utah man, who, seeing his advantage, planted a terrific right hand swing to the head, bringing Nelse to the floor, his head striking with a dull thud. He was carried from the ring in an unconscious state.

White and Broad then entered the ring, and after fighting two rounds with honors even, were stopped by the police, who announced that Nelse was dead.

"Tim" Hurst and Manager Charles W. Belloney were immediately taken into custody. Bellerson escaped, but his seconds were put under arrest. The physician says Nelse died from concussion of the brain.

love and someone love you. Christmas began in a manger nearly 2,000 years ago when the cry of a Babe introduced a new age of truth and love.
As you know, the words of a popular song, "You're nobody 'til somebody loves you" are true. Christmas started with Love. The barn-born Boy grew to manhood and still has a message of peace for a war-weary world. Christmas is taking a new look at one another through the spectacle of love. Being Surveyed**

A sample of residents in the Wayne area were included in a nationwide survey of hired farm labor being conducted last week by the Bureau of the Census, U. S. Department of Commerce, according to Guy A. Lutz, director of the Bureau's regional office in St. Paul.

The survey is taken annually and sponsored by the U. S. Department of Agriculture to measure the hired farm labor force in the U. S. and to measure annual changes in utilization of farm labor. Questions in the survey will supplement the Bureau's regular monthly survey of employment conducted for the U. S. Department of Labor's Bureau of Labor Statistics to provide a basic measure of the Nation's economic health.

Information obtained in census surveys are used only to determine statistical totals. Facts about individuals are kept completely confidential by law.

LIVING NATIVITY. Members of St. Paul's Luther League are portraying the Nativity nightly from 6:30 p.m. until 7:30 p.m. in front of St. Paul's Lutheran Church at 421 Pearl Street. League members started the portrayal last night (Sunday) and will appear each night through Wednesday.

Characterizing wisemen, shepherds, Mary and Joseph are, from left to right, Ron Magnuson, Jan Johnson, Kathy Draghu, Galen Miller, Judy Reeg and Mary Kay. The Rev. Donivec Peterson, pastor of the church, said the scene also includes donkeys, sheep and a goat.

January family night will be held at the Woman's Club rooms, Wayne.

'Savings Bond Gift Is Always in Style'

Hundreds of Nebraska firms are buying U. S. Savings Bonds as Christmas gifts and year-end bonuses, M. F. Oberg, state savings bonds chairman, said this week.

"Top executives long ago learned that Series E Bonds make an ideal Christmas gift and are an excellent way to reward employees for loyal service during the year," he stated.

Oberg pointed out that the buying of Savings Bonds as gifts is not limited to business firms. "Whether you're buying for your company or your personal gift list, Savings Bonds are easily obtainable at your local bank, which can also provide you with colorful, free gift envelopes for your Bond purchases," he said.

"Remember a Savings Bond gift is always in style," Mr. Oberg added. "Many people give them for anniversaries, blessed events, birthdays, graduation, weddings and so on. They are one present with a future."

New IRS Tax Form Is Being Explained

Each of the 132,000 taxpayers in Nebraska who filed the now discontinued card 1040A Form last year, has been mailed a postcard explaining the change to the new consolidated 1040 Form, Richard P. Vinal, district director of Internal Revenue for Nebraska, announced this week.

This year all taxpayers will receive a larger complete tax package which includes the one-page basic 1040 and additional pages or schedules, which may or may not be used according to the taxpayer's needs.

Fast 1040A-users will find that except for a few lines, the new

1040 asks for the same information as the old card form and that they probably will not need to fill out more than one sheet of paper to make out their returns, the postcard says.

In the past, taxpayers who used the 1040A could not take advantage of certain tax credits or exclusions and could not itemize their deductions. A principal reason for making the change to the new form is to enable taxpayers to take full advantage of the tax benefits the law provides, the postcard says.

Most taxpayers should receive their individual tax forms and instructions by mail the first week of January.

Lions Project Success

Tietzen, Clarence Boling and Al Koptin.

The Wayne Lions Club broke all previous records by selling over 1,000 tickets for the recent turkey drawing, according to the group's news bulletin.

Proceeds amounting to \$300 from the drawing are earmarked for the new Eye Institute Building in Lincoln.

High labor and transportation costs raise the price of drilling an oil well in remote Alaskan areas to \$3 million or more, compared with \$70,000 in Texas.

JUST WHAT I WANTED! Is there anything quite as nice as Christmas when you are four years old? Tena Marie Bargholz, daughter of Mr. and Mrs. Elmer Bargholz of Wakefield, was shopping in one end of a store in Wayne Thursday night while her parents were helping Santa at the counter. While admiring a camera on the shelf, Tena struck up a friendship with the Herald cameraman holding an admiring camera.

'I Skidded' Seldom Excuse for Accident

"I skidded" is seldom a good excuse for a traffic accident, according to a prominent accident investigator.

J. William Petring, former Chief of the Vehicle Performance Branch of the U. S. Bureau of Public Roads and now a Michigan engineering consultant who specializes in investigating and reconstructing auto accidents, says that in almost every skidding accident the driver was at fault.

"While there are exceptions, a skid is almost always induced by some action on the part of the driver," Petring said. "Any change in speed or direction can bring about a skid, and these changes are usually caused by careless driving techniques such as over-braking, over-steering or over-powering."

When pavements are slippery he urged drivers to develop a sense of "feel" for the road to

learn just how much traction is available. "By applying the brakes gently or by a quick, momentary throttle application, the driver can learn immediately whether the car has any tendency to skid or 'fish-tail'. If it does, reduce speed and do all maneuvering—steering, braking, accelerating—with a gentle, delicate touch," Petring advised.

"Most important, when faced with an emergency situation on a slippery pavement, don't panic and slam on the brakes. This will lock the wheels and invariably cause a skid. Instead, pump the brakes with a rapid, intermittent action. This keeps the front wheels rolling and maintains steering control," he said.

A long-time member of the National Safety Council's Committee on Winter Driving Hazards, Petring added that these techniques are especially important during the winter months when pavements may be covered with hard-packed snow or ice. "Tests by the Council have shown that braking distances on glare ice may easily be as much as nine or ten times the normal, dry pavement distance," he reported. "Even with the help of traction

aids such as snow tires, studs and chains, far slower than normal speeds are essential."

He said the Council's tests have disclosed that conventional snow tires are of little or no help in stopping on glare ice. Studded snow tires, on the other hand, reduce braking distance on ice by 19 per cent and provide about three times the pulling ability of regular tires.

ditions," concluded Petring, "reinforced tire chains provide the ultimate in traction, reducing braking distances on ice by 50 per cent and providing about seven times the pulling ability of regular tires on ice."
