Olson Tells Kiwanians, 'Make School Relevant'

"Make education relative to every student," challenged Mel Olson, chief of supervisory services in the State Department of Education, as he spoke to Wayne Kiwanians Monday following a noon luncheon in the Woman's Club room.

Olson was invited to address the club by Dr. Freeman Decker of Wayne State College, club program chairman and former Commissioner of Education in Nebraska.

Speaker Olson, a native of Wayne and graduate of Wayne High School, works with schools on accreditation and told Kiwanians of the continuing need for quality education. He emphasized that having teachers in classrooms teaching in their major field is of vital importance.

Olson noted a certain amount of unrest in high schools among students and said he believed the unrest comes from an inner plea "Make your school program relevant to me."

The speaker was highly complimentary of Wayne schools and administrators. He will be one

of the visitation committee personnel participating in a Wayne Public Schools self-evaluation program Wednesday, Thursday and Friday.

Kent Hall, Kiwanian president, announced that area Kiwanians have been invited to bring their wives to a Kiwanian birthday dinner Feb. 22 in the Birch Room at the Student Center on the Wayne State College campus. Local Kiwanians will host the dinner with Jim Hummel as chairman. Hall also said the club would hold its annual pancake feed Feb. 10.

Dr. Freeman Decker, club program chairman, introduced the guest speaker. **See KIWANIAN, page 5**

Group Sets 1970 Work Committees

Among other items of business on the agenda of the city planning commission Monday evening at the fire hall was the setting up of committees for Wayne's capital improvement program during 1970.

Keith Mosley, commission chairman, announced the following committee appointments: Budget and finance: Cletus Sharer, chairman, and Leland Foote.

Storm sewers, water and utilities: Andrew Manes, chairman, and Louis Meyer.

Schools and parks: Kent Hall, chairman, and Mern Nordhorst.

Public buildings, streets, and the central business district: Dick Dion, chairman, and Keith Mosley.

Richard M. Wozniak, planning consultant from Powers and Associates of Fremont, met with the planning group and told the commission in a new year's pep talk, "Look beyond six years. Use your ideas as to what you can do and carry out the plan you have." Wozniak advised the group as to how important their work was to the city both now and in years to come.

In preparing to update the land-use survey in Wayne, Chairman Mosley reported local Jaycees would be contacted in a Jan. 20 meeting regarding their availability to assist in the survey. The land-use survey consists of looking over all property inside the city limits to note how land is presently used.

Commission members looked over a plan submitted by Harlan Farren showing the area on the east edge of town north of the railroad tracks, east of Wright's Trailer Court and south of Highway 35. Farren is seeking the planner's opinions concerning development of the area, according to Chairman Mosley.

School Head Cautions About Traffic Dangers

Francis Itan, superintendent of Wayne City Schools, announced this week that parents of youngsters attending schools in Wayne should caution their children about the dangers involved in crossing the well-traveled streets in the city.

Itan said the students should be especially careful at the intersections of Seventh and Main and Seventh and Sherman because the crossing guards who formerly directed traffic at those two places are no longer on duty. The city council decided last week to discontinue furnishing crossing guards at those two intersections. Councilmen felt that the self-actuated traffic lights at Seventh and Main make that intersection safe enough without a traffic controller.

Council decided that if the school feels a crossing guard is needed at Seventh and Sherman, the school will have to pay that person's salary.

GUEST OF KIWANIAN. Mel Olson, center, chief of supervisory services in the State Department of Education in Lincoln, was guest speaker at the Wayne Kiwanian Club following a noon luncheon Monday in the Woman's Club Room. Dr. Freeman Decker of Wayne State College, at left, club program chairman, introduced the guest speaker. Kent Hall, at right, is Kiwanian president.

Fewer Drivers Greet Judge

Motorists in Wayne County were exercising more caution and doing a better job of driving in 1969, if the number of traffic violators appearing in county court during the past 12 months were any indication.

Statistical information in a comprehensive year-end report released Tuesday by Wayne County Judge Luverna Hilton shows 112 fewer traffic violation cases than in the preceding year.

There were 248 traffic violations last year compared to 460 such cases in 1968. There were 185 fines for speeding; 54 for illegal parking; 33 arrested for making improper turns; 42 stop

sign violations; 18 had expired license plates and 12 paid fines for reckless driving. Traffic violations totaled 377 in 1967.

Liquor cases totaled 46 in 1967, then jumped to a high of 107 in 1968, but dropped back to 49 cases last year. Except for the 1968 high, liquor cases in the county averaged 40 during the last nine years.

Petty larceny cases in the county have followed a repetitive pattern the past four years. There were seven such cases in 1966, 10 in 1967, seven in 1968 and 10 once again in 1969.

Cases involving insufficient funds and no account checks averaged 11 annually prior to 1967. Check charges increased from 11 in 1966 to 15 in 1967, then jumped to 25 in 1968. Such cases nearly doubled in 1969, reaching a total of 48 violations.

In the following categories, the 1969 total precedes the 1968 figure: Incestuous marriages, 75 (54); delayed birth registrations, 34 (43); adoptions, 11 (4); guardianships, 10 (12); and probate of estates, 62 (39).

Judge Hilton performed five wedding ceremonies. The judge heard three juvenile cases. **DRIVERS, page 5**

Annual Meeting Of NEN Council Set for Monday

The board of directors of the Northeast Nebraska Family and Community Affairs Council will hold a business meeting Monday at 9 a.m. at the Northeast Station near Concord.

The annual meeting of the Council will follow immediately after the board meeting. The public is invited to the all-day conference, beginning at 9:30 a.m. and closing at 3:30 p.m.

Theme for the conference is "Tune In—Drug Abuse and Alcoholism." Program speakers include Dr. Richard A. Sanders and Dr. Howard D. Herrick, Northeast Mental Health Clinic, Norfolk; Herb Seward, alcoholism counselor at Hastings State Hospital, and Neal P. Boshart, community alcoholism counselor in the six-county northeast Nebraska area. A film on teenagers and alcoholism is scheduled to be shown.

Anyone interested in the program is welcome to attend. The noon lunch will be served by the Concordia Lutheran Couples League and reservations should be made at the Northeast Station.

The meeting is co-sponsored by the Northeast Area Extension Service as part of the home economics and family living program.

'A Steady Pace' For Auto Tags

Motorists have been getting their new 1970 auto license tags at the Wayne County court house in what Leona Bahde, treasurer, described Tuesday as "a steady pace."

Treasurer Bahde noted 419 license tags had been issued by Tuesday afternoon with Monday the busiest day so far. She said the flow of customers had been even except for a few times as yet there have been no long waiting lines.

Miss Bahde emphasized that residents must bring or mail all copies of their 1970 motor vehicle tax statement. Renewal licenses cannot be issued unless applicants bring or send along the 1969 registration certificate for the vehicle, she said.

The treasurer pointed out that trucks are issued only one tag for the front license plate and the rear plate must be removed. All fees have been changed this year. Tags for passenger cars cost \$15.50; farm trucks of one ton or less, \$18.50 and \$22.50 in excess of one ton; commercial licenses for three ton or less, \$18.50; local license for six ton or less is \$18.50.

By law the stickers are to be put on the lower left-hand corner of the 1969 license plates. Deadline for having the new tags is Feb. 28.

Bin Explodes Monday At Winside Dehy Inc.

A storage bin at the Winside Dehy Inc. plant reportedly exploded considerable damage Monday morning when pellets stored inside caught fire.

Workers noticed the pellets getting hot Friday so began removing them from the bin. It was thought Monday as air got to the pellets it caused a spontaneous combustion, blowing the top off the bin.

A Winside fire truck was called to the scene.

Wayne Post Office Has Another Increase In Volume of Mail

The Wayne post office handled about five and one-half million pieces of mail during 1969, according to information released by Postmaster Don Wightman.

Wightman said that last year's volume of mail showed a slight increase over the 5,200,000 pieces handled during 1968.

During 1969 the post office had an increase of about 10 per cent over the previous year in the volume of incoming first, second and third class mail. The increase of incoming parcel post amounted to about three per cent, Wightman noted.

Cancellations, outgoing mail, also showed an increase during last year, although not as large as the increase shown in incoming mail. Cancellations increased about five per cent over 1968.

Special Choir Will Open Music Clinic

A specially selected group of high school students will perform in a choir on Sunday evening, Feb. 15, to open the West Husker Conference Instrumental Music Clinic scheduled for Wayne.

About 60 students will be chosen to perform in that select choir. Because several of the students will be traveling a long distance in order to perform in the Sunday choir, they will have to be housed overnight in Wayne. Members of the Music Boosters were asked during a meeting Monday to furnish room for those students. The Music Boosters will also serve an evening meal to **See CHOIR, page 5**

Over Half Million Dollars Pumped Into City in 1969

Residents and businessmen in the city of Wayne pumped close to a half million dollars back into the city through the various building projects they took on during last year.

Although admittedly only a rough estimate, that figure was obtained by checking the number and types of building permits issued by the city clerk's office during last year.

Total number of building permits issued by the city in 1969 was 38. Of that number, 26 were permits issued for building residences. Figuring a conservative \$10,000 for each home, those permits amounted to an approximate \$260,000 which people living in the city invested in the city.

The other building permits issued during last year were for such things as a gas station, warehouse, apartment house and garages or storage buildings. Although permits were issued during every month but February, the peaks of building activity in the city last year ap-

parently took place in April, July and October. In those three months a total of 21 building permits were issued. The other 17 permits were issued throughout the year, with the majority of them being issued in the fall.

That half million dollar investment figure given above could very easily be matched by the amount of money piped back into the city through various remodeling projects taken on by homeowners and business owners during last year.

There were a total of 15 remodeling permits issued to homeowners in 1969. It is difficult to estimate how much was spent on these projects, for the permit might be for nothing greater than knocking out a wall and extending a room.

However, the total dollar amount spent by several businesses in the city in order to remodel and alter their places of business can be estimated fairly closely.

That amount would have to be placed somewhere around \$250,000. A survey of several of the businesses in the city doing remodeling work last year resulted in a figure somewhere around \$200,000. A few remodeling jobs underway by places of business at that time were not figured in that survey.

There were nine remodeling permits issued through the city clerk's office to stores and concerns in Wayne. Also, the city itself was issued permits for remodeling jobs at the municipal pool and the city light plant.

Remodeling permits were issued during every month last year except January, February and December. Most of the permits were issued in April, May and June when the city clerk gave out 15 of the 26 remodeling permits issued last year.

Educators Will Analyze Wayne-Carroll Schools

Wayne Public Schools will host an array of guests next Wednesday, Thursday and Friday, according to Superintendent Francis Itan, as a self-evaluation program is implemented in the Wayne-Carroll system.

The school administrator said that the self-evaluation analysis is made approximately every seven years as a measure for the North Central Association of Secondary Schools and the State Department of Education.

A visitation committee consisting of professional personnel in the field of education will arrive in Wayne next week to observe, visit and hold committee meetings with school department heads.

Following the evaluation program, observers will submit written reports to the State Department of Education in Lincoln concerning strong points and weaknesses in the school system accompanied by recommendations.

The State Department of Education will, in turn, forward relative and pertinent recommendations to school administrators in Wayne.

Visitation guests from the State Department of Education will include Glenn Shafer, Royal Henline, Ron Becker, Hugh Harlan, Dr. Loren Brakenhoff, Dr. Velma Schmidt, Roy Grey, Henry Ebmeyer, Les Harvey, Mary Ellen Goodenberger, Edward Seebold,

Fred Curtis, Sheldon Brown, Donald Dean, John Dudley, Harlan Adams and Joe Gaughan.

Other committee members are Dr. Norman Thorpe from the University of Nebraska; Eugene Pembroke, superintendent from South Sioux City; Don Erickson from Westside 66 in Omaha; Nyla Alexander of Plainview; Dr. Orvid Owens of Wayne State College; Mildred Jones, WSC; Frank Prather, WSC; Larry Cottrell, WSC; Dr. Robert Sutherland, WSC; and Margaret Peterson from the schools in Sioux City.

The chaplain of the Nebraska state legislature, the Rev. Dr. Robert P. Palmer, will be the speaker during the annual Chamber of Commerce banquet scheduled for Wayne later this month.

County Board Meets To Name Appointees

Wayne County commissioners will meet Tuesday at 9 a.m. in the court house for their first regular meeting in 1970. It is the single meeting of the year set by Nebraska statute.

The commissioners plan to reorganize the county board, Weible noted, and will elect a chairman, as is done annually. George Stolz of Carroll is present chairman.

Among other items on the agenda, according to Norris Weible, clerk, is the appointment of three members to the board of health. Each of the members serve a term of one year. Appointees serving on the board presently are Dr. Roy Matson, Sheriff Don Weible and Mrs. Gladys Porter, superintendent of schools. Sheriff **See COUNTY BOARD, page 7**

Dairy Barn Burns

Firemen from Hoskins, Norfolk and Hadar were called to the Ray Wingate farm west of Hoskins Saturday afternoon around 2:30 p.m. when a dairy barn caught fire. The structure was reportedly a total loss.

All of the milking equipment and a large amount of hay was also burned. Origin of the fire was undetermined.

Annual Meeting Of Chest Board Scheduled Today

An annual meeting of the Community Chest Board is scheduled for twelve o'clock today (Thursday) in the Student Center on the Wayne State College campus, according to Norris Weible, Chest chairman. He emphasized the public is welcome and encouraged to attend.

Weible said the board will allocate Chest monies to various cooperating agencies during the business meeting.

Board members whose terms expire this year are Leland Foote, Dick Manley and Opal Wriedt. The three offices will be filled by an election during the annual meeting.

Other members of the nine-member Chest board are Jane March, Darrel Fuebberth, Norris Weible, Robert L. Johnson, Dale Gutschall and Larry DeForge.

'70 Feed Grain Program Similar to Last Year's

A 1970 Feed Grain Program similar in most respects to that in effect for 1969 was announced last week by Secretary of Agriculture Clifford M. Hurd.

Minimum qualifying diversion for program participation in 1970, at 20 per cent of a farm's base acreage, is unchanged. The maximum total possible diversion for the three feed grains—corn, grain sorghum and barley—continues at 50 per cent of a participating farm's base acreage.

Price-support loan rates on feed grains are unchanged from 1969. However, corn loan rates, while unchanged, will be quoted at \$1.08 per bushel, "No. 2"

basic. This is equal to last year's quotation of \$1.05 for average quality.

Other 1970 loan levels will be as follows: grain sorghum, \$1.61 per hundred-weight; barley, 83 cents per bushel; oats, 63 cents per bushel; soy, \$1.02 per bushel. Price support is mandatory under law for oats and rye, but there are no provisions for acreage limitations.

Price-support payment rates remain as in 1969—30 cents per bushel for corn, 53 cents per hundred-weight for sorghum and 20 cents per bushel for barley. A farm's entire price-support

payment is calculated by multiplying the per bushel price-support payment times the farm's projected yield times the smaller of the planted acreage or 50 per cent of the farm's base.

As in 1969, producers of corn, sorghum or barley can qualify for participation in the program, by diverting to conserving uses, 20 per cent of their farm's base acreage. Except for small farms, no diversion payment will be made on this first 20-per cent reduction.

Maximum additional acreage that can be diverted for payment is the larger of 30 per cent of the

base, or 25 acres less the qualifying 20 per cent diversion.

Payment rates for additional diversion are based on 40 per cent of the total county price support (loan plus support payment) times the farm's projected yield of the crops involved. The 40 per cent payment rate compares with 45 per cent in 1969.

Under the 1970 program, upper limits will be established on the per-bushel rate which will be paid for additional diversion. The maximum payments are 60 cents per bushel for corn, 55 cents per bushel for sorghum and 45 cents per bushel for barley.

The same provision is the same as in previous years. A farm with a base of 25 acres or less can qualify for payment of its acreage diverted. Larger farms receive no payment for the first 20 per cent reduction. Acreage diversion payment rates on small farms making use of the provision will be based on 20 per cent of the total county support rate times projected yield on the first 20-per cent reduction. Small farms can qualify for the regular 40 per cent payment rate on the remaining acreage. **See GRAIN, page 5**

"JUST TOO DARN COLD." That's the way one of the partners in the construction company with the job of building the St. Mary's Catholic Church described the recent weather and that's why workmen haven't been doing much work on the build-

ing recently. The new church, going up just to the northwest of the present St. Mary's School, is about 65 per cent completed. Anticipated completion date: sometime in May.

OF INTEREST TO WOMEN

Bernice Cholon, Larry Ave Marry Saturday Morning

Bernice M. Cholon, daughter of Mr. and Mrs. Henry Cholon, Central City, and Larry W. Ave, son of Mr. and Mrs. Ed Ave, Hoskins, exchanged wedding vows Saturday morning at St. Mary's Catholic Church, Norfolk.

The Rev. Benedict La Rocque, Norfolk, officiated at the double ring rites and Mrs. Leslie Romk sang, accompanied by Sister M. Cecilia, both of Norfolk.
Given in marriage by her father, the bride appeared in a floor length gown of white lace, styled with a sashed empire waistline, ring collar and Juliette sleeves, and featuring an attached lace cage train. Her silk illusion veil fell from a floral lace and peau cap and she carried red happiness roses and Stephanotis centered with a removable white cattleya orchid corsage.

Sharon Cholon, Central City, was maid of honor and Suzie Recek, Columbus, was bridesmaid. Their floor length gowns in deep blue velvet were fashioned with column skirts and ruffled lace insets on the velvet bodices. They carried small cascades of true blue carnations.

Phillip Ave, Norfolk, served his brother as best man and Fred Krause, Hoskins, was groomsmen. Jack Waddell, Norfolk, ushered. Lorri Bierman, Columbus, was flowergirl and Tim Recek, Columbus, was ringbearer.

A reception for 150 was held after the ceremony at the American Legion Club rooms in Norfolk. Mrs. Don Apfel served as hostess and Mary May registered guests. Arranging gifts were Alice Heimes, Dar Waddell, Colleen Steiner and Brenda Forsh. Assisting were Carole Towork, Juanita Dugescher, Cindy and Patty Ave, Nancy Recek and Mrs. Elmer Cholon.

The bride attended high school in Central City and has been employed at Dale Electronics, Norfolk. The bridegroom, who attended Winside High School, served two years in the U. S. Army and is employed at Midwest Plumbing and Heating in Norfolk. The couple are making their home in rural Norfolk.

Acme Club Fun Day is Monday Afternoon

Stanley-Gothier Wedding Is Held In Dixon Dec. 20

Red polonaises appointed the altar of St. Anne's Catholic Church, Dixon, for the 1 p.m. wedding Dec. 20 of Katherine Lee Stanley, daughter of Mr. and Mrs. Dale Stanley, Dixon, to Dennis Austin Gothier, son of Mr. and Mrs. Austin Gothier, Hartington. Father Anthony Milone officiated at the double ring ceremony and Mrs. LqRoy Creamer sang "Wedding Prayer" and "On This Day."
Given in marriage by her father, the bride appeared wearing a floor length gown of silk organza styled with high-rise waistline, sabrina neckline, short sleeves and chapel length detachable train caught to the shoulders. Her silk illusion veil fell from a lace-trimmed bow and she carried a petite bouquet of red roses.

For her going-away ensemble the bride chose a brown wool jumper with white lace trimmed blouse, complemented by her red rose corsage. The couple are making their home at Carroll Apartments, 11th and Jackson, Sioux City, Iowa.
The bride is a senior at St. Joseph's Mercy School of Nursing. The bridegroom is serving with the U. S. Army in Fort Hood, Texas, having recently returned from Viet Nam.

Maid of honor, Donna Stanley of Dixon, and bridesmaid, Kathleen Gothier of Hartington, were gowned in floor length green brocade and carried single red roses. Best man was Dale P. Stanley, South Sioux City, and groomsmen were Daniel Gothier, Hartington, Dwan Stanley, Dixon, and Jack Elchen, Cherokee, Iowa, ushered. The men wore white tuxedos.
For her daughter's wedding Mrs. Stanley chose a two-piece ensemble in brown and beige with beige accessories. She chose a powder blue and blue suit with fur collar and blue accessories. She had corsages of white pompons and red roses.
Mr. and Mrs. Frank Deshart, South Sioux City, served as hosts at the reception for 95 which was held that afternoon at the Wagon Wheel Steak House, Laurel. Sally Stanley registered guests and Karen Pieper, Norman Heggedal, Charlene Knowles arranged gifts.
Mrs. Claire Gleason and Mrs. William Brauch cut and served the cake and Gayle Tryon poured. Mrs. Bill Chambers served punch.

Former Resident Named for Award

A former Wayne resident, Mrs. Sam Warfel, nee Phyllis Cook, was one of 5,000 persons honored recently with an Outstanding Young Woman of America nomination. Her name will appear in the 1969 biographical compilation, "Outstanding Young Women of America," and she will be eligible for one of 50 state awards.

Mrs. Warfel, daughter of A. Paul Cook, Tallhna, Okla., lived in Wayne from 1952 to 1957 while her father served as minister to the Wayne Church of Christ, was graduated from Wayne High School and attended Wayne State College one year. She and her husband and their two daughters, Deborah, nine, and Penny, seven, have recently moved from LaCrosse, Kan., to Lawrence, Kan., where Mr. Warfel, a former minister, has a fellowship to work on his Ph.D. Warfels are members of the Christian Church.

Mrs. Warfel, who received her bachelor of sacred music degree in 1961 from Midwest Christian College, Oklahoma City, served as minister of music to an Oklahoma City church for one year while in college; was president of a student wives organization one year and was elected Mrs. MCC in 1961.

She has served as choir director and church organist and has worked with various youth choirs, small church bands, ensembles and soloists, last summer directing the high school choir at the Cedar Bluff, Kan., church camp, of which she also served as a counselor.

The past four years she directed the LaCrosse Pro-Art Music Club, arranging music for them, and directing their first spring variety show. She has done considerable arranging for vocal and instrumental ensembles, and has had, to date, seven short choruses accepted for publication.

Recently Mrs. Warfel accompanied and sang with her father on an LP album he made. She sang for a year with a barbershop quartet, and is presently singing in Sweet Adelines, a national ladies' barbershop group, of which she is also music secretary of the local chapter.

Since 1958 she has taught piano, with as many as 35 pupils at one time. At present she also serves as a substitute music teacher in the elementary and high schools.

Nominations for the "Outstanding Young Woman" award are made by leading women's organizations and college alumnae associations across the country. The nominees must be between the ages of 21 and 35. Guidelines for selection include unselfish service to others, charitable activities, community service, professional excellence, business advancement and civic and professional recognition.

Athlete of the Week

Dave Lehman
Wakefield High School

By Norvin Hansen

A young senior at Wakefield High School who has won four of his five wrestling matches by pins this season has been named the latest "Athlete of the Week."

Named to that honor for his outstanding performance during last week's Wakefield Invitational was Dave Lehman, 17-year-old son of Mr. and Mrs. Neil Thorson of Wakefield.

In the invitational tournament at Battle Creek last Saturday, Dave was one of two Trojan wrestlers to end with top trophies. Dave earned his first-place prize by pinning both of his opponents. The other Trojan winning his two matches, both by decisions, was Steve Oswald.

Those two pins Saturday night kept Lehman's record a clean slate of pins except for the season-opening loss to Winside's Dale Miller early in December.

Although Lehman lettered in wrestling last season, it was not until this year that he began seeing much action on the mats. He has been wrestling so far this season in the 130-pound division but since he is underweight he may have to move down a division before many more meets are held.

Wrestling Coach Lyle Trullinger says that Dave is one of the "real pleasant surprises" for him this season. "He works very hard for what he earns, has a lot of hustle and shows quite a bit of leadership. The way he has developed and improved this season is gratifying," Trullinger notes.

Lehman, who ranks in the top half of his class scholastically, also takes part in track and baseball. Trullinger hopes to use him as a distance runner this spring.

Besides those two pins at Battle Creek, Dave has pinned wrestlers in meets with Wisner-Pilger and Leigh.

Dave is the fifth area sportsman named "Athlete of the Week" by the sports writers at The Wayne Herald. Like the others—Allen's Loren Reuter, Wayne's Alan Wischhof and Dick Tietgen and Laurel's George Schroeder—he will receive a small card of recognition from the newspaper.

Wayne's Alan Wischhof Continues Record Pace As Grapplers Win, Lose

Wayne High's Alan Wischhof seems determined to set a record which will stand for some time in the school's wrestling books—he continued his string of pins by pinning both opponents in the recent meets with Schuyler and Plainview.

Those two pins bring his total thus far this year to eight straight. And not only has the big heavyweight pinned every grappler he has faced, he has done so seven times in the first periods of his matches. Only once did he need to go into the second period to tally his fall.

Wischhof's most recent pins came in Saturday's meet at Schuyler and Monday's meet with Plainview at Wayne. The Wayne squad lost that meet to that invitational Schuyler team, 38-18, despite pins by Bruce Ring, Doug Maurer and Gary Hethold to go along with Wischhof's, but Wayne came back to down Plainview with little trouble, 39-11. Gaining pins prior to Wischhof's against Plainview grapplers were Mark Belermann, Rod Slevers, Rick Ginn, Doug Maurer and Steve Kamish.

Kamish came up with what must be the fastest pin so far this season for a Blue Devil when he downed his Plainview opponent in just 32 seconds. Just a few moments earlier Maurer used only 56 seconds to get rid of his man.

The Wayne wrestlers will have a chance to prove their mettle tonight (Thursday) when they travel to Norfolk High, a school which again this year fields a strong wrestling squad, according to Wayne Coach Don Koentig. Avid fans of the Blue Devil grapplers will have little trouble in bringing to mind the Wayne victory over Norfolk one year ago at the city auditorium. Not surprisingly, it was the last match of the night which decided the winner of that meet. And, also not surprisingly, it was Alan Wischhof who pinned his opponent to give the local squad its victory.

Plainview's only points of the night came when Ron Ring and his opponent grappled to a 2-2 tie in the 130-pound class. Winning their reserve matches in that meet:

Mark Wiltse, 98 pounds, pinned his man in 3:25; Rick Fields, 107, pinned his opponent in 3:52; Jim Meyer, 123, pinned his man in 1:39;

Me: In Otte, 137, pinned his man in 2:45; Arnold Siefken, 145, pinned his man in 1:31; Glen Teeter, 155, pinned his opponent in 1:41; Dave Slevers, 175, pinned his man in 1:57. Wayne won the other matches by forfeit.

2 Trojan Grapplers Cop Tournery Trophies

Wakefield's Steve Oswald and Dave Lehman chalked up two straight victories as they went about winning championship trophies during last Saturday's invitational wrestling tournament at Battle Creek.

The efforts of Oswald and Lehman, who wrestled at 130 and 137 pounds, helped the Wakefield squad rack up a total of 58 points in the tourney, enough to earn the Trojans third place in the four-team affair. Taking first place was the host team with 79 points. Stanton took second place with 65 points, West Point High came in fourth with 26 points.

Lehman, named "Athlete of the Week" for his performance at the Battle Creek invitational, pinned both of his opponents: Hughes from Battle Creek and Jensen from Stanton.

Oswald, the lighter of the two champions, defeated his two opponents: Schultz from Battle Creek, 7-3, and Hartl from Stanton, 4-0.

Wakefield wrestlers, taking second places in the tourney included Devon Fisher at 98 pounds, Steve Kraemer at 115 pounds, Jerold Schroeder at 145 pounds and Bill Gustafson at 155 pounds. Wrestlers who won their first matches, lost their second ones earned second places in the event.

Taking third places at Battle Creek—a loss in the first match, a win in the second one—were Dave Carlson at 107 pounds and Kirk Gardner at 175 pounds.

Tom Nicholson at 165 pounds and Bob Twitte at 123 pounds lost both of their matches at Battle Creek.

Sporting a dual record of one win and two defeats, the Trojans will host Wisner-Pilger today (Thursday).

Major Collegiate Showdown on Friday When WS Quintet Travels to Kearney

A major showdown in Nebraska collegiate basketball looms Friday night at Kearney. That's when Wayne State, Nebraska's winningest quintet at 11-1, meets Kearney State, 8-0, after its Tuesday clash with the University of Nebraska at Omaha.

Both teams won their own holiday tournaments. Wayne went on to triumph over Northern Iowa, 89-67, and Augustana, 82-75, both of the strong North Central Conference.

The Wayne-Kearney clash will match teams that boast high scoring and big winning margins over their opponents. Kearney is averaging a fraction under 76 points, its opponents 75.6, while Wayne has scored at an 85-point pace and held its foes to 68.1.

They have played two common opponents. Wayne whipped Southern State, 107-59, and Kearney had a 107-62 spread. Wayne beat Westmar, 73-58, and Kearney dumped the Eagles, 105-70, in the Antelope tournament finals.

With both Wayne and Kearney capable of wholesale scoring, the outcome may rest on defensive skill. That's been a strong factor in Wildcat success under Coach Dave Gardner, whose teams at Wayne have won 58 while losing eight, spanning two and a half seasons.

Wayne's top four point makers have been regulars through that time, led by 6-9 senior center Dave Schneider of Blair, now averaging 19 points. Also averaging in double figures are Dean Eloffson, 6-5 forward from home-town Wayne, 15.9; Bill Goodwin, 6-3 forward from Lawton, Iowa, 13.1, and Paul Emanuel, 6-6 center, from North Bend, 12.2.

The quartet are clustered close in rebounding, Schneider with 8.0, Eloffson and Goodwin, both 9.1, Emanuel with 7.8.

Schneider tops the Wildcats regulars in field goal accuracy with a 57.5 per cent. Eloffson and Emanuel both are over 51 per cent. Goodwin has hit free throws at a fancy 84 per cent clip. Rich McGill, senior guard from West Point, ranks even higher, 92 per cent, but with fewer tosses, 12 of 13.

The team's field goal shooting percentage is 49, down a bit from the season peak, but still higher than Wildcat marksmanship in other years.

Wayne's last outing, against Augustana of Sioux Falls, strained Wildcat skill and poise to the last seconds. The visiting Vikings took an early lead—up to 20-10—before the Cats failed to a catch-up tie at 27, then pulled to a 41-37 lead at half.

They never trailed again, but twice were tied at 66 and 71, the latter with 4:10 left. Augustana's Jerry Johnson made it 71-all on a driving lay-up, but he rammed into Bill Goodwin while descending from the shot. Dependable Bill, a cool one at the free throw line, promptly

put Wayne ahead again with a pair of tosses.

In remaining time the Cats added nine points to Augustana's four.

Goodwin led Wayne scoring at 21 points, including 11 free throws in 14 tries. Schneider hit right on his average of 19. Emanuel had 14 before fouling out late, Eloffson 13.

Augustana's substitute forward led the Vikings with 22.

In last Friday's game against UNI, the Wildcats ran the game all their way until they came off the court with an 89-67 victory.

Wayne attacked rapidly—first goal in five seconds—and kept the pressure on. The Wildcats took turns changing Wayne's scoreboard in an early barrage that mounted such scores as 18-4, 36-16 and halftime 47-33.

Only Duane Jensen could score regularly (14 points for UNI) in the first half as Wayne's trap defense tactics kept the UNI Pan-

thers disorganized. But Wildcats Dave Schneider canned 16 and Dean Eloffson and Marc Sommerfeld hit 10 each in the first half. These three went on to game totals of 26-22 and 16.

Meyer, Roberts Win

Don Meyer and Brian Roberts rolled a 515 series Saturday afternoon to take top honors in the latest junior bowling action.

Coming in second with a 489 series were Dick Barner and Brad Breikreutz with a 489 series.

High single game was rolled by Roberts, a 155; Breikreutz took second honors with a 142.

The previous Saturday, Bill Schwartz and Steven Meyer rolled a 482 series for top honors that afternoon. Taking second place were Phil Koerber and Steve Johnson with a 471 series.

Brian Roberts had a 134 for high single game, followed closely by Steven Meyer with a 133.

control of the ball but missed what would have been the tying shot. Emerson-Hubbard gave Allen possession just before time ran out by Allen was unable to get the final shot off before the buzzer.

Leading Allen's unsuccessful bid for a second-round berth in the tourney were Dennis Geiger with 16 points, John Warner with 11 and Loren Reuter with 10.

Also getting into the scoring column were John Ahs with eight, Brian Linafelter with five, Bob Mitchell with three and Jerome Roberts with two.

Doing most of the scoring for the winners were 6-3 senior lands: Mueller with 15 and 6-1 senior Dennis Hildebrand and 6-1 sophomore Ron Carder with 14 each.

Randolph High had little trouble handling Wynot in the opening game of the tourney Monday night. Led by the 22-point effort of Layne Van Seyre, the Cardinals built up a 52-40 lead after three quarters of play, then pumped in 19 points to Wynot's eight in the final canto.

Also hitting in double figures for Randolph were Dave Boatman with 18 and Darwin Rossbach with 12. Stan Ketter had 24 points and Dennis Driver had 14 for the losers.

Norfolk (Catholic) had four of its five starters hitting in double figures as it blazed by Hartington High, 77-45, Tuesday night.

Hitting in two figures for the winners were Larry Otis, 12, Mike Polak, 12, Doug Denny, 13, and Bob Goodell, 10. Mike Fleming was high scorer for the losers with 27 points. No other Hartington player broke into double figures.

Winside, now with a 2-4 record, sees action again on Tuesday

CHALLENGED: Hartington's Ron Burbach (31) gives Winside's Dave Witt trouble close to the base line in Monday's conference tournament game at Winside.

night when the Wildcats travel to Wisner-Pilger. Allen, 2-6, will play Randolph in an away game on Friday, Feb. 16.

Laurel Quint Sneaks Past BHS, 50-39

Fans of the latest Laurel High basketball team can thank their stars that Bloomfield wasn't hitting better at the free throw line Tuesday night in the opening round of the Northeast Nebraska Athletic Conference basketball tourney at O'Neill.

Had the Bloomfield cagers shown more expertise at the charity line—they hit only five of 18 attempts—Laurel might well have found itself with its first defeat of the season. As it was,

the Bears managed a 50-39 win over Bloomfield to earn them a berth in tonight's (Thursday's) second round of the meet. They take on hapless Plainview at 8:30. Plainview, along with Pierce, drew byes in the opening round of the six-team tourney.

In the other game Tuesday night, Croton knocked off O'Neill High, 58-47.

Laurel, trailing Bloomfield 9-5 after the first eight minutes of play, put together a decent second quarter of action and came up with 17 points to Bloomfield's six. Bloomfield outscored Laurel 18-

10 in the third period to take a slim 33-32 lead into the final period of play.

All the scoring pressure fell on one member of each team—George Schroeder for Laurel, 20 points, and John Scott for Bloomfield, 21 points. Both players are "greenest" on the two squads—Schroeder at 6-3 sophomore, Scott a 6-2 sophomore.

Adding points to Laurel's total were Steve Erwin with nine, Jim Schroeder with eight, Brent Johnson with seven and Rod Erwin with six.

Doing all the rebounding for Laurel were Steve Erwin with 23, Jim Schroeder with 10 and George Schroeder with eight.

The Laurel team, the same one which knocked off the highly touted Schuyler team in the Wayne State holiday tournament, managed to hit only 35 per cent from the field in Tuesday's contest, about nine per cent poorer than their opponents.

Primarily responsible for keeping Laurel in the game was the capable defense thrown up against the Bees. Laurel allowed Bloomfield only 37 field goals in the contest.

Allen, Winside Quintets Get Bumped From Lewis & Clark Conference Meet

Allen and Winside, both sporting records including only two wins so far this season, suffered defeats in their opening games in the Lewis and Clark Conference basketball tournament being held at Winside this week.

Winside, 2-3 going into the tourney, took a 55-52 beating at the hands of a tall Hartington Cedar Catholic squad in the opening round Monday night. Allen, 2-5 before the tourney, suffered a very similar defeat at the hands of Emerson-Hubbard, 57-55, in Tuesday's round of play.

Randolph, 71-48 winners over Wynot Monday night, was scheduled to take on Ponca at 7 p.m. Wednesday night, followed by the Coleridge-Hartington Cedar Catholic game at 8:35.

The semifinals in the five-day tourney are scheduled for tonight (Thursday). The winner of the Randolph-Ponca game Wednesday night will take on Emerson-Hubbard at seven o'clock, and the winner of Wednesday's Coleridge-Hartington CC duel takes on Norfolk Catholic at 8:30 tonight.

Consolation game will be held at seven o'clock Saturday evening, followed by the championship game.

Winside's defeat Monday night came despite the game try of the Wildcats, a try which pulled them

to within two points of Hartington late in the game after trailing by over seven in that final quarter.

Kiwanians -
(Continued from page 1)
gram chairman for January has invited Maurice Sigler, warden at the Nebraska Penal and Correctional Complex in Lincoln, to address the club next Monday.
Kiwanian board members met after the noon luncheon Monday and, following the national "get involved" theme of Kiwanian clubs, adopted a resolution which states in part: "Whereas, Kiwanis being a service organization, international in scope, serving the needs of humanity throughout the world; whereas, it has been brought to the attention of the nations of the world the plight of the prisoners of war being held captive in North Viet Nam; whereas, it is common knowledge that said prisoners have been denied the treatment guaranteed them by provisions of the Geneva Convention, of which North Viet Nam is a signatory... be it resolved that Kiwanis International through its membership... urge the governments and states-

men... to bring world public opinion to bear upon North Viet Nam. In order that Hanoi will respect and adhere to the aforementioned humanitarian provisions of the Geneva Convention and forthwith release the names of all captives, permit the regular flow of letters, permit the impartial inspection of prison camps and provide for the immediate release of sick and injured prisoners of war."

Grain -
(Continued from page 1)
Producers with feed grain base acreages up to 125 acres will have the option of temporarily reducing their base down to 25 acres to become eligible for the small farm provision. However, no corn, sorghum or barley is to be planted for harvest on such a farm, and the diverted 25 acres must be devoted to conserving uses.
Soybeans planted in lieu of feed grains will not earn price-support payments. Milting barley will not be exempt from diversion requirements in 1970 because supplies are more than adequate to meet needs.
Substitution provisions relating to wheat and feed grain acreages will be continued as in previous years. In 1970 there will be no advance voluntary diversion payments under the feed grain program.
Other program details, such as the production of substitute crops on diverted acres, will be announced prior to signup time. To become eligible for program

benefits, producers must enroll during the sign-up period which has been set for the dates Feb. 2 through March 20.
Unless supply and demand conditions change considerably from current estimates, farm resale loans will be available on 1965-66-67-68-69 crops of oats and barley and 1967-68-69 crops of corn and grain sorghum. Likewise, commercial resale will be available for 1967-68-69 crops of barley and oats and 1969-crop grain sorghum.
However, resale loans on 1966-67 crops of corn and sorghum will not be extended. This action is taken in order to meet anticipated domestic and export demand. Also, as a good management practice, this will serve to keep resale stocks more current and assure that supplies of feed grains for export and domestic use are as high in quality as possible. The maturity date on the corn crops under extended (resale) loan is July 31. For sorghum it is June 30 in Texas and Oklahoma, and July 31 in all other states.
As announced previously, the commercial resale loans on 1967- and 1968-crop grain sorghum will mature on June 30 in Texas and Oklahoma, and July 31 in other states.
To facilitate advance market planning for feed grains, USDA announced its sales policy for the marketing year beginning in 1970 for each feed grain. Starting July 1 for barley and oats and October 1 for corn and sorghum, sales of storage grain will be made for unrestricted use at

not less than the 1970 loan rate, where stored, plus a flat markup (representing 15 per cent of the national average loan rate) plus carrying charges of 1/2 cents per bushel per month for nine months beginning in the second month, or at the market price, if higher. The flat markup will be 16 1/2 cents per bushel for corn, 12 1/2 cents per bushel for oats, and 2 1/2 cents per cwt. for grain sorghum.
The Department is now reviewing the grain storage and drying equipment loan program to determine if the present loan terms and conditions can be changed in order to meet producers' needs for financing of storage and drying equipment within reasonable levels.

nile cases last year and 53 civil cases. Civil cases totaled 24 more than heard in the court in 1968.
Inheritance taxes totaled \$3,753 in 1967; \$19,646 in 1968, and dropped off to \$11,612 for 1969. These taxes are paid into the Wayne County Improvement Fund.
Total fines decreased from \$15,160 in 1968 to \$10,898 in 1969, or around the same level as fines in 1967 which was \$10,237. These figures reflect the decrease in traffic violation cases.
Total 1969 fees amounted to \$5,807 contrasted to \$5,959 in 1968.
Grand total of 1969 receipts

was \$27,917.80 or nearly \$12,000 less than the preceding year. Eight thousand dollars of this decrease is due to decreased inheritance taxes collected.
Another 100 miscellaneous cases, oftentimes only one in each category, were heard by Judge Hilton involving child stealing, indecent exposure, disorderly conduct, burglary, defrauding an innkeeper, altered driver's license, no splash aprons, obtaining money under false pretenses, destruction of property, game violations, disturbing the peace, littering, overweight on trucks, failure to dim headlights, blocking an alley and leaving the scene of a property damage accident.
Grand total of criminal actions in 1969, including all traffic violations, is 555.

Graveside Rites Held For Mrs. Jenny Ryan
Belden Rebeck's held graveside services for Mrs. Jenny Ryan at the Laurel Cemetery, Dec. 29, who was a member of Belden Rebeck Lodge 165. She died at the IOOF Home at York, Nebr.
Members attending were Mr. and Mrs. Marvin Anderson, Mr. and Mrs. Evert Jacobsen, Mr. and Mrs. Frank Swanson, Mr. and Mrs. Floyd Root, Mr. and Mrs. Harry Samuelson, Mr. and Mrs. Elmer Ayer, Earl Fish and Mrs. Loyd Fish.

Motorists Ride and Slide Out One Year Into Another

During a 10-day period between Dec. 27, 1969 and Jan. 5, 1970 there were 38 vehicles which joined the "crunch-bunch" via the ice-coated streets in Wayne. A total of 18 accidents were investigated by Wayne policemen as the old year ended and the new year began.
Although the accidents varied from a single car to one involving five vehicles, a common denominator of all the collisions was the solid coat of frozen snow and ice on the city streets.
Vern Fairchild, police chief, has a record of 1969 vehicle accidents occurring in town which shows there were 111 wrecks in the last 12 months. This is 43 more than the 148 recorded by the police department in 1968.
An accident on the last Saturday in December occurred at the intersection of Fifth and Lincoln Streets when a 1962 Ford driven by Robert Mussack of Decatur, southbound on Lincoln and a 1964 Chevrolet driven by Lynn Tomjick, westbound on Fifth Street, collided.
Then on Dec. 29 at Seventh and Main Streets, a 1964 Chevrolet, driven by Alan Craffis of Laurel, struck the rear end of a 1966 Chevrolet driven by Charles Weible. Police said the southbound Weible auto was stopped for a red traffic light when hit from behind. Streets were ice-coated.
Wayne police officers investigated four accidents Dec. 30. Maurice Beckenhauer was eastbound in the 100 block on West First Street driving a 1967 Buick tractor. While meeting a pop truck, Beckenhauer stepped on the tractor's brake to stop, according to police, and the brake locked causing the tractor to slide into a parked 1964 Chevrolet pickup owned by Victor Jorgensen of Wakefield.
Officers were called when a 1964 GMC truck driven by Lyle Wragge of Norfolk backed across the street at First and Pearl Streets, striking a parked 1961 Buick owned by S. C. Nelson of Winslow.
Harold Thompson backed a 1967 Ford pickup out of a driveway in the 700 block on Pine Heights Road and reportedly did not see a 1969 Chevrolet approaching driven by James Wacker. The two vehicles collided.
Police files show that a 1962 Buick driven by George Henderson stopped in the 100 block on West Seventh Street and was going to back into a driveway. Susi Flinng was following the Henderson auto in a 1967 Chevrolet and, due to ice-coated streets, could not stop in time, striking the rear of the Buick.
Three additional collisions were investigated by police on the final day in the year of 1969. At Third and Logan Streets a 1968 Pontiac driven by Alfred Eddie was turning north from a stop sign on East Third. He pulled into the path of a southbound 1970 Chevrolet driven by Jeanne Border of South Sioux City, according to police records.
A 1968 Ford driven by Albert Damme was backing out of a parking stall on West First Street when in collision with a 1964 Chevrolet driven by Wesley Meyer. The accident took place in front of Sherry's Farm Service.
Tim Robinson was northbound on Main Street in a 1955 Chevrolet when, according to police, he lost control and hit an oncoming southbound 1966 Chevrolet driven by Richard Ginn. The mishap occurred near Sixth and Main Streets.
Two collisions occurred on New Year's Day. A 1957 Ford driven by Charles Kudrna Jr. was eastbound on Fourteenth Street near Rice Auditorium. Douglas Farness was headed north on the street near Anderson Hall in a 1968 Buick. Police reports indicate that Farness was unable to stop for a stop sign, due to ice, and struck the Ford.
The other New Year's Day accident occurred in the 200 block on West First Street when Douglas Pihelmann, driving a 1961 Pontiac, was entering First Street from an alley and, according to police, did not see

 Eghon Guzman Bustamante, former American Field Service student from Santiago, Chile, sent holiday greetings to Francis Haun, superintendent of Wayne High School during the 1968-69 term and lived with the Kent Hall family.
 Eghon wrote saying, "I hope that you and family is fine. Also I hope that the high school too. Mr. Haun, I want to ask for a favor. Can you please tell to all the high school students that Eghon, the last exchange student, wish with all my heart: A Merry Christmas and a Happy New Year."
 Bustamante wrote, "I will write a letter soon to all the high school and if you don't mind, read from the speaker (Ed. note: Eghon is referring to the intercom system) so everybody can listen what I have to say. Please, can you do that for me?"
 "By now I have graduated again and applying to a medical school. I got the highest average grade in the high school since the last four year. So, I'm really happy."
 Eghon graduated from Wayne High School in the spring of 1969 and returned to his home in Chile early last summer. After completing his work in the public schools in Santiago, he graduated again, to which he refers.

More 'Br-r-r' For This Area Say Weathermen
 Area residents dug out their warmest clothing for going out-of-doors the past few days and turned up the home thermostat as night-time temperatures consistently skidded below zero, ushering in the first week of the new year.
 Weathermen predict temperatures to average 10 to 18 degrees below normal with only minor day to day changes through Saturday. Normal high is 31 degrees, normal low is nine. The U. S. Weather Bureau in Norfolk forecasts very little precipitation for the next few days.
 Temperatures for the past eight days are as follows:

Date	Hi	Lo
Dec. 30	16	-20
Dec. 31	14	-18
Jan. 1	20	12
Jan. 2	20	2
Jan. 3	10	-15
Jan. 4	24	-2
Jan. 5	5	-18

Former AFS Lad Sends Greetings
 Eghon Guzman Bustamante, former American Field Service student from Santiago, Chile, sent holiday greetings to Francis Haun, superintendent of Wayne High School during the 1968-69 term and lived with the Kent Hall family.
 Eghon wrote saying, "I hope that you and family is fine. Also I hope that the high school too. Mr. Haun, I want to ask for a favor. Can you please tell to all the high school students that Eghon, the last exchange student, wish with all my heart: A Merry Christmas and a Happy New Year."
 Bustamante wrote, "I will write a letter soon to all the high school and if you don't mind, read from the speaker (Ed. note: Eghon is referring to the intercom system) so everybody can listen what I have to say. Please, can you do that for me?"
 "By now I have graduated again and applying to a medical school. I got the highest average grade in the high school since the last four year. So, I'm really happy."
 Eghon graduated from Wayne High School in the spring of 1969 and returned to his home in Chile early last summer. After completing his work in the public schools in Santiago, he graduated again, to which he refers.

More 'Br-r-r' For This Area Say Weathermen
 Area residents dug out their warmest clothing for going out-of-doors the past few days and turned up the home thermostat as night-time temperatures consistently skidded below zero, ushering in the first week of the new year.
 Weathermen predict temperatures to average 10 to 18 degrees below normal with only minor day to day changes through Saturday. Normal high is 31 degrees, normal low is nine. The U. S. Weather Bureau in Norfolk forecasts very little precipitation for the next few days.
 Temperatures for the past eight days are as follows:

Date	Hi	Lo
Dec. 30	16	-20
Dec. 31	14	-18
Jan. 1	20	12
Jan. 2	20	2
Jan. 3	10	-15
Jan. 4	24	-2
Jan. 5	5	-18
Jan. 6	6	-10

One year ago the area was receiving light rain, drizzle and the threat of it all freezing, which it did and was topped by a one and a fourth inch snow.

D. Warnemunde Services Will Be Friday Afternoon
 Funeral services for Dora Mae Warnemunde, 73, Winside, will be held Friday at St. Paul's Lutheran Church, Winside. Mrs. Warnemunde died Jan. 4, 1970 at Sioux City, Iowa.
 The Rev. H. M. Hilpert will officiate at the rites. Pallbearers will be Roy Jenkins, Art Jensen, Don Wacker, Herbert Jaeger, Alfred Miller and Marvin Pfler. Honorary pallbearers will be Jack Swelgard, Allen Pritchard, John Blom, George Johnston, Tom Pritchard and Leonard Pritchard. Burial will be in Pleasant View Cemetery, Winside.
 Dora Mae Warnemunde, daughter of John and Mary Scott Hood, was born Nov. 15, 1896 at St. Paul, Nebr.
 She was married to Henry C. Warnemunde Feb. 19, 1919 at Wayne. They left Nebraska in 1940 and lived in Minnesota. In 1961 they returned to Nebraska and had been making their home in Winside.
 Preceding her in death were her parents; four brothers and one sister. Survivors include her widower; one son, Marvin Warnemunde of Shenandoah, Iowa; two daughters, Mrs. Harvey Lemke of Minneapolis, Minn., and Mrs. Allen Berg of Winnebago, Minn.; two sons, Arch Hood of English, Neb., and Lee Hood of Wakefield, Neb.; two sisters, Mrs. Glen Bowers of Grand Island, and Mrs. Fred Percell of Eugene, Ore., and ten grandchildren.

Middle School Class Gets Feature Story

The latest program at the Wayne Middle School—the one for the academically talented students—received feature treatment in the December issue of the Nebraska School Boards Association Bulletin.

The story, accompanied by a picture of Lynn Roberts, president of the Wayne school board, and Kenneth Olds, president of the Educational Service Unit One board, noted that the program may become the springboard for an innovative procedure which will develop and utilize the ability of the academically talented student so he can become a leader in the school and community and a valuable and productive member of society.

Students enrolled in the pilot program carry the regular course of study since participation in the program is supplemental to the standard Middle School curriculum.

The program is designed for the students who rank in the upper five per cent of the class academically. They are selected

on the basis of nationally normed intelligence tests, and complete screening and testing is conducted during the fifth grade.

Loren Park, principal at the Middle School, notes that some students are talented academically while others may be talented athletically or artistically. The program at the Middle School, the first of its kind within the boundaries of the Educational Service Unit, attempts to teach these students to use their talents for others as well as for themselves.

Instructing the students at the Middle School is Jan Woodward. She spends a block of three hours a week with the students as they meet in small groups. Units of study are open-ended so they serve as springboards for further study, according to Mrs. Woodward.

Through 3,000 local chapters, March of Dimes volunteers in the battle to prevent birth defects are mobilized to initiate programs of prenatal care, public health information, professional education and community service.

Tiemann: Alcoholism Threatening Millions

Governor Norbert T. Tiemann last week proclaimed January as Alcoholism Information Month in Nebraska.

In making the proclamation, Governor Tiemann cited the Nebraska Division on Alcoholism, the Lincoln Council on Alcoholism and the Grand Island Central Nebraska Council on Alcoholism for their "praiseworthy achievement in educating the public about the dangers of alcoholism. As the nation's fourth major health problem, alcoholism is a serious threat to the lives of over 6.5 million alcoholics."

Governor Tiemann's proclamation points out that "the cost of alcoholism in terms of human suffering, disintegration of family life, economic attrition to the individual and his state is incalculable."

The Governor's Proclamation urged Nebraskans "to join in helping to alert our state of the early warning signals of alcoholism."

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

Abrupt But Necessary Solution for 7th & Main

Several people have asked us to write another editorial about the dangerous traffic situation which exists at the intersection of Seventh and Main. They cite instances of drivers narrowly missing accidents when they are suddenly forced to stop on the slick pavement, of drivers nonchalantly turning left from the far right lane, of drivers stopping at the intersection and scratching their heads in puzzlement over what lane they should be in, of drivers who know what lane they should be in, but who can't even find the lane because of several inches of ice and snow.

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

Then we would write a letter to the State Department of Roads and tell them just exactly what we had done. The signs would be up — apparently against the law without approval from the Department of Roads — and it would be up to the state to take them down.

A Guaranteed Delinquent

The Police Officers' Association of Nebraska has published a pamphlet which contains 25 rules related to the making of a delinquent. The original 10 rules were composed by W. J. Harper, director of probation in Westchester County, White Plains, N. Y., and another 15 rules were added by officers of the juvenile court in Denver.

—Don't have any constructive discipline, and disagree with your wife or husband in the child's presence so that the child will learn on whom to depend.

Quotable Notables:

I remember my youth and the feeling that will never come back any more — the feeling that I could last forever, outlast the seas, the earth, and all men. — Joseph Conrad.

To know how to grow old is the master work of wisdom, and one of the most difficult chapters in the great art of living. — Amiel.

lature already have begun and will gain momentum during the early months of 1970. Both the budget division of DAS — which prepares the governor's executive budget — and the fiscal analyst's office of the legislature promise much more information upon which appropriations decisions can be based by the senators in their next session.

The state planning office — given statutory status during 1969 — will have an increasing effect on the operations of state government.

The University of Nebraska's new chancellor, Durward B. Varner, will take office Feb. 1.

Also at the university, new teaching techniques can be expected. During this academic year, the university is experimenting with a project known as the Centennial College in which students live and study together in a dormitory and follow a special curriculum.

Close attention also will be paid to experiments in mental retardation with the implementation of a bill which creates community day-care centers for trainable mentally-retarded children.

Controversy can be expected as public employees at all levels of government — city and county included — take advantage of a law adopted by the 1969 legislature which permits them to organize for collective bargaining.

Look also for some more controversy over the establishment of natural resource districts which, under legislative directive, will be created to take the place of soil conservation, flood control and other districts now in existence.

A new police academy will get started in 1970. All new law enforcement officers will be required to have graduated from the academy and officers who are promoted must show they have taken advanced training.

Alternates named at Wayne High are Carole Wright, William Witt, Judy Phillo and Judith Owens. Prep had no alternates.

Feeding & Clothing a Family The seemingly uncontrollable inflationary spiral Nebraskans and other Americans are confronted with causes complaints about the cost of feeding and clothing one's self and family. This modern form of "adversity," however, is no more demanding than the brand which confronted Nebraska pioneers. A study of the life of the pioneer woman on the Kansas-Nebraska frontier, to be found in the library of the Nebraska State Historical Society, provides an interesting discussion of the problems the frontier family faced then.

Little money was available to purchase groceries, and so home had to be a type of manufacturing plant, with the family raising and converting crops into useable forms. Corn was an essential ingredient in the diet of the pioneer family. Indeed, one Nebraska farm periodical once gave 35 recipes for the use of corn.

Food scarcity was fairly common also. One pioneer woman recalled that for several days at one time the only article of food in her home was apples. The scarcity of wheat on the frontier made flour rather a luxury. It was so dear that one woman was willing to do a washing for a loaf of bread and later she pleaded a shirt for another. Buffalo were fairly common on the early frontier. Women occasionally accompanied hunting forays into buffalo country. The homemaker frequently had to rely on smaller game, as well. Rabbits were most common, but quail and sage hens added some variety to a limited

representatives of the Bureau of the Census in this area during January, according to Guy A. Lutz, director of the Bureau's regional office in St. Paul.

The preservation of meat caused the pioneer homemaker much concern. Not only did newspapers frequently run tips on how to cure good meat, but also provided information on how to rescue "tainted" meat. Although America has never possessed aristocracy in the literal sense, i.e., one of birth, the frontiersman referred to as aristocratic those families who owned cows. To be able to include milk in one's diet was to add a luxury to the average menu.

Perhaps the most obvious obstacle to better eating was the lack of an adequate system of refrigeration. One Nebraska woman claimed to have owned the first iceless refrigerator brought to the state. It consisted of a large tin pail, tightly covered and lowered fifty feet into the well. Food would remain fresh for several days in this primitive refrigerator, but drawing the heavy pail from the well was a burden.

In the most recent survey in the series, taken in October, families in the U. S. indicated a gain in expected expenditures for furniture and appliances and reported no important change in car buying expectations. House buying expectations remained at a low level.

Funeral Services For Laura Wade Held in Wayne

Funeral services for Laura Mae Wade, 79, Wayne, were held Monday afternoon at the First Baptist Church, Wayne. Mrs. Wade died Jan. 2, 1970 at the Wayne Hospital.

The Rev. Frank Pedersen officiated at the rites. Mrs. Frank Pedersen and Mrs. William Jordan sang "Beyond the Sunset" and "In The Garden," accompanied by Mrs. Frank Pedersen. Pallbearers were John Ream, Glen Paulson, Lyle Cleveland, Carlos Martin, Donald Pippitt and Kent Hall. Burial was in Greenwood Cemetery.

Laura Mae Wade, daughter of Monroe and Janette Brock Conover was born April 8, 1890 in Wayne. She was married to Glen Wade April 8, 1916 at Sioux City, Iowa, and lived her entire life in Wayne.

Preceding her in death were her husband in 1958, three brothers and one sister. Survivors include one daughter, Mrs. Louis Ingelhart - of Muncie, Ind.; one son, Ned of Pueblo, Colo.; five grandchildren and one brother, Ned Conover of Dixon.

Increase in Benefits For SS People Is Automatic, Ball Says

Social Security beneficiaries need not apply for the 15 percent benefit increase just signed into law by President Nixon. "Everyone of the 25 million men, women and children now on the benefit rolls will receive the increase automatically," Robert M. Ball, commissioner of Social Security, said last week.

"The first regular check in the new amount," Commissioner Ball said, "will arrive April 3, the usual day for delivery of benefit checks covering payments for the month of March." A separate check in the amount of the benefit increase for the months of January and February will reach beneficiaries later in April, probably during the week of April 20.

Refiguring the benefit amounts of 25 million men, women and children now on the benefit rolls is a tremendous task, Commissioner Ball pointed out, and it must be done without disrupting the regular benefit payment cycle.

The nation's interstate highway system, about two-thirds completed, accounted for one percent of the nation's street and highway mileage last year, but carried almost 18 percent of the total traffic.

New Homestead Act Means Exemptions For Some Veterans

Chris Bargholz, Wayne County veterans service officer, announced today that certain veterans are eligible for additional homestead exemptions under the new Homestead Exemption Law. The forms needed to obtain the additional exemptions are available in his office and have to be completed and taken to the county assessor's office prior to Mar. 15.

War-time veterans, age 70 or over, who own the home they live in are eligible for an exemption of 30 percent of the first \$4,000 of actual value of their home. Veterans in receipt of 100 percent service-connected disability compensation on Jan. 1, 1970, are eligible to an exemption of 90 percent of the actual value of their home.

Veterans residing in Wayne County who are eligible for additional exemptions should bring their discharge papers or evidence that they are in receipt of 100 percent compensation to the county service office located at 108 Main in Wayne.

Good Morning Feeders & Hi Mom

By Eddie Collins

Today, Mom, let's attend a western cattle auction. Count at noon is already 3,812 head with a dozen farmer-driven straight trucks still lined up to unload. Inside, the seats are packed, every size and shape imaginable... from dried up, skinny, 100 pound shoulder-bee jockies to thick set jolly ex-high school tackle. From tall to short, bawls to bellies to wasp-waisted cowboys. Most have gauged hands with calluses a half inch thick... those that do not, are speculators.

Either money is going out of style, or cattlemen think the bank might reconsider their loan. Prices on replacement cattle are \$5 to \$6 cwt. above last year and, oh, the memory is short. Talk at the coffee shop is of \$35 April cattle... a rumor started by a feed salesman.

Cattle sell with good action. Hands and fingers and toes are wiggling, eyes are winking... all individual bids. Suddenly the big left door swings open and a short load of long-haired black calves charge into the ring.

"Now boys, here's something else. These calves belong to Charlie Uperholm from Mission Creek. They won at Denver in 1952 and 'yall know he buys the best bulls in the country. Some real Club calf prospects here, so it's your choice... one or all."

The bidding jumps. No longer \$33 to \$36... bidding starts there. To \$45 to \$6, to \$7 and finally stuck at \$48. Then a speech, the same one heard fifty-two times this year. "Boys these calves are better than that. Take another look. Why down in Amarillo or was it Dodge City, Club calves just last week brought \$62." So off again... to \$49, and 10, 10, 10... Sold!

"Which one do you want? Uh, what is your name, sir? I know it as well as I do my wife's... right on the tip of my tongue."

"Jones. I've never been here before. Charge these to Gladstone County 4-H. We want four head... May we take a closer look?"

"Fine... you betcha."

Mom, the one bidder, plus two helpers, crawl over the rail. They look, scrutinize, examine, analyze and disagree. They peer

above, sight below, behind, in front of and at an oblique. Calves run between, over, under and around. One confident, the buyers grow confused.

The packed gallery is quiet the first seven minutes... the auction box is polite and considerate. But after some ten minutes, the crowd grows restless and noisy... some cattlemen move to the cafe. The auction tempo and control has been broken.

"Which ones, fellas?" impatiently echoes the loud speaker.

The three 4-H advisors confer. All point at four different calves... agreeing on only one... a four hundred pound baby doll.

One advisor favors the taller, more angular, long-headed modern type. One prefers the compact, showy, short-legged champions of yesteryears. The third wished he was home.

Confusion reigns. The crowd starts to laugh and shout and jeer at the helpless buyers who out of desperation point to two polled heads. All the calves charge together along the rails... heads in the center, bodies stretched and strained. An occasional mule-like kick lashing from the bovine ball. The identity of the selected calves is soon lost... oh, maybe one remains the same but that other is surely a stranger. The crowd howls. One auction owner is white... one purple.

The auctioneer says, "Fellas, we've got 26 men in the back pens, 10 work in the ring and box and eight more in the office. Minimum pay is \$1.75 an hour... Boys, commission is only \$3 a head. Four head is 12 bucks... but you've already cost us a hundred. Which one do you want?"

All three point at different calves.

"Boys, let's pass them all out back and take your time sorting out there. We sure don't want you to make any mistakes for the kids. Okay?"

They nod.

One hour later, after countless changes... the three have the calves sorted and penned separately.

"That evening an out-of-town truck picks up the calves... two tall, one middle-of-the-

road, one compact. As the calves are loaded we hear two of the original advisors mention to the truck driver that they couldn't remember the calf with the red cast and the glassy eye, nor the one with the dairy head, nor in fact, even the one with the white face. Last thing we hear is, "I think some speculator switched our cattle."

Looks like of Bill bought another load of feeder pigs.

Tips on Feeding Calves

There are about as many methods of feeding calves as there are cattle feeders. The amount and kind of roughage has been a discussion subject for years. Some general conclusions based on calf feeding trials at University of Nebraska stations are these:

The best use of roughage is made during the first half of the feeding period. A full feed of good corn silage plus 1/4 of soybean meal per head daily should produce about 1.75 average daily gains.

The protein supplement should be fortified with calcium, phosphorus, trace minerals and Vitamin A.

All plant protein such as soybean meal has been superior to urea in this high roughage ration. Five pounds alfalfa hay can be substituted to supply the protein but you'll need to add about three pounds grain to make the energy level equal.

It takes about five pounds of grain and all the alfalfa they'll eat to equal the silage-soybean ration.

Higher rates of grain feeding during this early period will increase gains but also cost of gains.

For finishing in the latter half of the feeding period, a full feed of grain and minimum roughage has been most economical. It is during this period that urea may show some advantage in lowering the cost of protein supplement.

Clarke-McNary Trees for 1970

Once again trees and shrubs are available to Nebraska farmers and ranchers through the Clarke-McNary Tree Distribution Program.

This program, which began in the state in 1926, offers Nebraskans an opportunity to obtain suitable planting stock for the development of windbreaks, woodlots, wildlife habitat, Christmas tree plantations and other conservation plantings.

From a token distribution of some 30,000 trees the first year, the program has grown to an annual distribution of over two million. During the time Extension foresters at the University of Nebraska have been distributing trees, more than 58 million have been planted in the state.

The trees for the most part have been, locally grown, with the evergreens coming from Bessey Nursery, Halsey, and the broadleaf stock from commercial nurseries in eastern Nebraska.

For the 44-year history of the program, 64 per cent of the trees distributed were evergreen species, with eastern red cedar by far the most popular species available. During the past 10 years, the percentage of evergreens has risen to over 80 per cent, assuring a longer lasting and more effective wind barrier. The use of evergreens makes the plantings more attractive and also very effective as

wildlife habitat.

For the 1970 planting season, both bare-root and potted transplants are available. The advantage of potted stock lies in the better rate of survival attained. Species available in pots (2 inches x 2 inches x 9 inches tar paper carton) are Eastern red cedar, Rocky Mt. Juniper, Colorado Blue Spruce and Ponderosa, Austrian and Scotch pines. There are 14 species of broadleaves, eight species of shrubs and seven species of evergreens available as bare-root stock. Cost of potted trees is \$8 per 30 trees, picked up at one of 12 locations in the state. Transplants are \$8 per 100 delivered, \$7.20 per hundred picked up at Halsey. Trees will be ready for shipment about April 1.

Plastic in the 70's

In the 70's we are going to see more plastic material being used in furnishings than even in the 60's. Especially is this true in the case of furniture as our choice furniture woods become more scarce.

Technology and creative designers have made possible plastic chairs, tables, storage pieces and serving items that are both functional and of good design. In our mobile society and with space at a premium, the plastic furniture is being accepted because they may be stackable, collapsible and washable as well as durable and economical.

All plastics belong to either of two types: thermoset plastics or thermoplastic. The chief difference is in their reaction to heat. Once hardened, thermoset plastics cannot be remelted and reformed. Some of the thermoset plastics most important to consumers are polyurethane, phenolics and polystyrenes.

The polyurethane in solid foam is used in seating units, refrigerator insulation and molded decorative furniture parts. In its flexible form it is used in mattresses. Stretch fabrics are made from polyurethane fibers. Acrylics are thermoplastic. In the fiber state they are used in carpets and blankets. In the opaque solids, we find them used for "marble-like" bathroom lavatories. Some enamel paints for large appliances are liquid acrylics. Thus it becomes increasingly important that you, the consumer, read the labels to know the type of plastic product you are getting in 1970.

Bargholz Reminds Vets to Complete Questionnaires Now

Income questionnaires must be completed and returned to the Veterans Administration not later than Jan. 15, 1970.

This reminder was issued by Chris Bargholz, Wayne County veterans service officer. These questionnaires were sent to over 16,000 Nebraska veterans, widows and parents who are receiving benefits. Unless the questionnaires are timely returned, the January check will not be released by the Veterans Administration.

Bargholz said his office will help all residents of Wayne County in the proper completion of these questionnaires. The Veterans' Service Office is located at 108 Main. Office hours are from 8 a.m. to 5 p.m., daily Monday through Friday.

Hunters will find that a freshly killed fowl is much easier to pluck because the feathers have not tightened to the skin.

Certain Chemicals

Ruin Concrete As They Melt Snow

With the onset of winter, a warning against the use of certain chemicals for removal of ice from concrete walks, driveways, patios and pavements has been issued by the Portland Cement Association.

Any products containing ammonium sulphate or ammonium nitrate salts are highly damaging to concrete, as well as to other materials, according to PCA, a trade organization of Portland cement companies in the United States and Canada. Many lawn fertilizers contain ammonium sulphate and/or ammonium nitrate salts.

These chemicals are extremely corrosive to concrete and will attack even air-entrained concrete, the association says.

Sodium chloride (common salt) and calcium chloride used in moderate amounts, are recommended for ice and snow removal by the association. These chem-

icals will not damage air-entrained concrete and do an effective job of ice removal, according to the association. Protection from the action of these salts is recommended for concrete that is not air-entrained.

Air-entrained concrete was developed in the late thirties by PCA scientists and engineers and almost all concrete placed since then which is exposed to the elements has been prepared with an air-entraining agent. Such concrete has tiny bubbles which permit expansion of moisture from freezing without causing concrete damage.

Before buying de-icers, homeowners are urged to determine if they contain ammonium sulphate or ammonium nitrate. The chemical composition of the product should be clearly stated by producers in advertising, literature or on the package. Additional information can be obtained from ready mixed concrete producers or the Portland Cement Association.

NW Bell Announces Rate Reduction for Long Distance Calls

Northwestern Bell Telephone Company today reminded long distance users in Nebraska that new and generally lower rates went into effect Jan. 1 on calls to telephones in other states except Alaska and Hawaii.

M. D. Smith, Northwestern Bell manager in Wayne, said the new rates include three classifications: customer-dialed station-to-station calls, operator handled station-to-station calls and person-to-person calls.

Long distance users will find little reduction in either operator-handled station-to-station or person-to-person calling rates. But savings of up to 19 per cent are possible on out-of-state calls dialed by customers themselves to phones more than 200 miles away. A further advantage of direct dial charges is that reduced rate periods are in effect longer than present evening and night rates.

The telephone company gave this illustration of the lower rates: On an Omaha-New York call, the present three-minute station rate of \$1.40 between 8 a.m. and 5 p.m. would drop to a direct dial rate of \$1.20, and the \$1.00 charge between 5 p.m. and 7 p.m., and the 75 cent charge between 7 p.m. and midnight would become 70 cents between 5 p.m. and midnight.

For the first time, a one-minute minimum, instead of the usual three minutes, will be used on interstate calls. But this will apply only to direct-dialed out-of-state calls made between midnight and 8 a.m. The maximum charge for one minute from Nebraska will be 25 cents.

The new schedule for direct dialed calls will also apply when customers place station calls in exchanges where direct dialing is not yet available, providing that the caller does not request time and charges and the call is placed from the caller's own telephone. The new rates represent the 25th major reduction since coast-to-coast service began in 1915 at a rate of \$20.70.

Don't be one of the "alien mess." If you disagree with our editorials, let us know about it.

Two Hurt in Falls

Two Winsiders received injuries to legs. Mrs. Elmer Nielsen slipped on a patch of snow-covered ice at her rural Winside home Dec. 29, fracturing a small bone and cracking a large bone in two places just above her left ankle. Mrs. Nielsen was taken to the doctor by her husband and her leg was placed in a cast. She is getting around on crutches at home.

Robert Jensen of rural Winside who teaches in the Wisner-Pitger Public School system, ruptured the Achilles tendon in his left leg Dec. 26. Jensen was helping his father, Leo Jensen, at his farm five miles north of Winside when a wagon he was riding on hit a bump, causing him to fall. Mr. Jensen underwent surgery at a St. Louis City hospital and his leg was put into a cast. He is recuperating at home.

Marine Program Open
The Marine Corps recruiting office in Sioux City now has two-year enlistment openings for March and April, according to Sgt. Leonard Marta.

Men enlisting for two years may enlist in the 120-day delay program. The 120 days will count towards pay, promotion, time in service and total military obligation.

For further information, contact Sgt. Leonard Marta, Marine Recruiting, Sioux City.
