

EXTREME HEAT in the trailer house caused almost all plastic materials to melt and run. The television and the stereo sets are good examples.

Fire Guts Trailer House

Several thousand dollars in damage was done when fire broke out in a trailer house at 827 Valley Dr. in Wayne late Tuesday afternoon.

The trailer house, owned by Wayne State College student Randy Baker, was gutted by the fire and the tremendous heat it generated. The fire melted almost all plastic objects in the trailer house, including the telephone and parts of the television set, and broke several windows. Experts say it takes a fire generating heat between 800 and 1,000 degrees to break windows.

Surprisingly, the owner's dog lived through the fire, although he was not found by the Wayne firemen during the time they fought to bring the fire under control. The dog was found about

Assessor Arp Warns Of Filing Deadlines

Wayne County residents are reminded by Henry Arp, county assessor, of the approaching March 15 deadline for making application for homestead exemptions.

Arp noted Tuesday that anyone who owns his own home and has a deed or contract filed as of Jan. 1, 1970, is eligible for a homestead exemption.

Consus Takers Wanted

The name of a Wayne High girl, Linda Victor, was left off the list printed one week ago of the students who made the honor roll at Wayne High. She earned a grade point average of 1.8 (1.0 is an A). Thirteen young people earned perfect grades during the second quarter.

1970 Census Jobs

Open in Wayne Area

Anybody wishing to take a job as census taker for 1970 in either Wayne or Dixon Counties should plan on taking the examinations necessary for the position.

The test will be given at the Dixon County courthouse in Ponca Friday at 1 p.m. and in the Wayne County courthouse in Wayne on Monday at 1 p.m.

Archie Bailey of Lincoln, first congressional district director for the census, will give the examination on both days.

1970 Feed Grain Sign Up Period Gets Underway

The sign up period for the 1970 feed grain and wheat voluntary farm programs started this week and will continue through Mar. 20, according to Harry Heinemann, Wayne County Agricultural Stabilization and Conservation (ASC) Committee chairman.

Eligible producers may sign up at the ASCS office, 119 Main during this period, Heinemann noted.

Participants who comply with program provisions are eligible for price support loans and payments on their feed grain and wheat crops. Payments may also be earned for diverting additional acres from the production of these crops.

In Wayne County, 1,374 farms with 134,555 base acres of corn, grain sorghum and barley are eligible for participation in the feed grain program. There are 24 farms with wheat allotment acres totaling 170.

Last year 887 farms participated in the feed grain program and received \$1,571,363 in payments. These farms diverted 35,898 acres from feed grain production to a conserving use.

Advance payments are not being issued at sign up time. In prior years a producer could receive one-half of his diversion payment in advance.

\$400 Cash Prize Looking for Owner

It's been over four months since the last Cash Night prize worth \$400 was taken home by a shopper who happened to be in one of the stores at that time. Winner of that gift was Mrs. Maggie Murray of Wayne in late September.

Anybody in the Wayne area is eligible to take part in the weekly drawing held every Thursday evening at eight o'clock. Only requirements: register in one of the cooperating stores and be at least 18 years old. No purchases are required.

If no winner is found in the drawing tonight (Thursday), the reserve pot will jump from \$200 to \$250.

Izaak Walton League Plans Monday Meeting

Izaak Walton League members in Wayne will meet Monday night at eight o'clock above the fire hall for a regular business meeting and viewing of a film entitled "Safari North."

Scheduled for the evening is a report on the state directors' meeting held in Fremont last Sunday.

Al Bahe

Wayne's Bahe Named Secretary-Treasurer Of Fair Managers

Al Bahe of Wayne was named secretary-treasurer of the Nebraska Association of Fair Managers in a meeting last week in Lincoln.

Other officers re-elected were Dale Thompson of McCook as president and Orville Koch of Syracuse as vice-president.

Warren McCubbin, chief of the Bureau of Dairies and Food of the State Department of Agriculture, told the county fair officials at the meeting that food preparation will come under closer surveillance in the future.

"Our food inspectors will attempt to meet with county fair officials in advance of their fair openings to inform them of what is required," said McCubbin. "We anticipate the same cooperative attitude they have demonstrated."

The state official said enforcement of regulations will include total screening of food preparation areas, convenient hand washing facilities, the employment of "healthy attendants" for food preparation and encouragement.

Drivers in the state have until midnight Feb. 28 to get the new license tags on their vehicles or face the possibility of being fined for driving without proper license plates.

The treasurer reported that 2,305 license tags have been issued by her office for vehicles in Wayne County. One year ago Tuesday there had been 2,245 plates issued to vehicle owners.

Cost of the 1970 license tags are \$15.50 for passenger cars.

Banks Being Quizzed On New Interest Rates

The new higher interest rates being paid by the lending agencies in Wayne are not fully understood by a lot of people, according to the president of one of the two banks in Wayne.

Adon Jeffrey of First National Bank said this week that about every day somebody comes into the bank with questions about how they can take advantage of these higher rates.

Jeffrey, who noted that the raise in rates was made because only in that way could the depositors be kept from putting their money in lending agencies outside the city, said that many people do not understand that they have to come in to switch from the 90-day automatically renewable certificates (which pay five per cent) to the new 12-month single maturity certificates (which pay five and one-half per cent). Unless they bring those certificates into the bank when they are due, they will lose the higher rates.

21 Juniors Lead LHS Honor Roll

The junior class at Laurel High School placed the most number of students on the semester honor roll. The list, released last week by school officials, includes 21 juniors, 15 seniors, 14 seventh graders, 19 eighth graders, 18 freshmen and 18 sophomores. Students have to obtain at least one A and the rest B's in order to get on the honor roll.

The list:

7th Grade: Alvina Anderson, Mark Anderson, Joy Bloom, Amy Puss, Sharon Carlson, Kirt Cunningham, Hileen Finn, Patty Jansen, Janeen Kardell, Vicki Mason, David Stage, Gerald Stan-

Filing date draws closer

Few Hats in Election Ring

The only person receiving any filing applications for the coming elections in the city and county is the county clerk. Nobody has filed to be put on the ballot for the elections for the school board or the mayor and city council members positions which must be filled.

Deadline for filing for those jobs is Friday, March 13, just over a month away. Anybody wishing to hold any of the county, city or school board positions which will be up for grabs this year must go through a formal filing procedure. No longer will caucuses be held, a procedure done away with by the passing of LB 542 last legislative session.

County offices which must be filled in the coming election, slated the same date as the state primary, include county clerk, treasurer, two commissioner jobs, sheriff, superintendent of schools, clerk of district court, assessor and attorney. Not in for election are the county judge seat and one county commissioner position.

Already filed on the county level are Norris Weible for clerk, Leona Balde for treasurer, John Sirber for commissioner from

Relocation of Offices Planned at Courthouse

Several offices in the Wayne County courthouse will be relocated within the building in the near future for the sake of efficiency, according to Norris Weible, county clerk. He said the county commissioners decided late last month to allow about \$3,000 for structural changes necessary.

Weible said the agriculture agent's office, presently on the top floor of the building, will be moved to the basement in the offices now occupied by the assessor. The assessor's office will move to the rooms occu-

'Missing Person' List Of Revenue Service Could Include You

Several northeast Nebraskans are among those the Internal Revenue Service is trying to locate in order to give them their refund checks resulting from their having overpaid their 1968 federal income tax. The people have not received their refund checks because of changed addresses or incomplete return addresses.

Anybody with their names on the list should contact the district director of Internal Revenue at the Federal Office Building, 15th and Dodge Sts., Omaha, See "MISSING PERSON," pg. 6

County Sheriff Seeks New Term As Law Officer

Don Weible, Wayne County sheriff, filed Friday as incumbent candidate seeking a fourth term in the sheriff's office, according to Norris Weible, county clerk.

Don Weible was elected sheriff in November 1958 and, due to the death of Sheriff Hans Tietgen, assumed duties of the office that year rather than starting Jan. 1, 1959, as he would have normally. Weible has, since then, served three consecutive terms as county sheriff. He will campaign for a fourth term as a Republican.

He and his wife, Mary, have three children: Mrs. Larry Lundquist who lives with her husband in Omaha; Charles, 16, and Joann, 13, both living at home and students in the Wayne schools.

'Cat' to Open at WS February 22; Four Locals Cast

Rehearsal is underway at Wayne State College for Tennessee Williams' explosive "Cat on a Hot Tin Roof," to be presented by college dramatists Sunday through Tuesday, Feb. 22-24, at Ramsey Theatre in the Val Peterson Fine Arts Center. Performances include a 2 p.m. matinee Feb. 22 and eight o'clock shows each evening.

WS Faculty Artists Would Rather Build Than Quit

"If you can't buy it, make it yourself."

This is the guideline for art faculty members at Wayne State College who have improvised, built and sometimes invented numerous equipment items for their teaching studios. Most of the items they paid for personally.

The four faculty artists currently are exhibiting their own works in a public show through Feb. 15 in the Peterson Fine Arts Center. The display includes paintings by Richard Lesh, head

of the art department, ceramics by Carlos Frey, sculpture by Ray Replogle, prints by Gary Woodward.

Much of their work is impressionistic, with intriguing titles. Careful study, comparing the works with their titles, clarifies what the artists meant—but there is no mention in the exhibit that many of the ceramic and sculpture displays were products of homemade equipment.

For example: four potter's wheels designed and made by

Frey. He spent about \$450 on the materials. Equivalent manufactured potter's wheels, he estimated, would have cost at least \$2,100. Now most of the pottery that Frey and his students make—throw is the artist's verb for it—comes off the wheels before going into a kiln.

Frey also has a home-made kiln of his own design which he occasionally uses—but not now since it is outdoors. However, most of the ceramic firing is done in a manufactured kiln.

Replogle, too, is a handsman who often makes what he can't buy—if it does not exist or costs too much there's no money budgeted for it.

One example: a bronze casting foundry (outdoors), complete with furnace, casting frame, ladle, and tongs, improvised from materials which he bought for about \$400, a fraction of the cost for these items manufactured.

Several of his bronze sculptures on exhibit came from the See ARTISTS, page 6

Area Pork Producers Offered Another Look At Swine Housing

Pork producers in northeast Nebraska and surrounding areas will be updated on swine housing research on Monday at 2 p.m. at the Northeast Station near Concord.

According to Bob Fritschen, swine project leader at the Northeast Station, recent research has revealed several distinct trends in swine housing requirements. He noted that the studies involving 480 pigs also revealed that environment may influence the incidence of stomach ulcers and respiratory problems. He indicated that the demand for information on swine housing recommendations is extremely high and urged all persons interested in swine housing to attend the Monday meeting.

A progress report on the producer investment program in northeast Nebraska will also be made.

Refreshments will be provided courtesy of the Northeast Pork Producers Association.

Rural Teachers Will Meet Today

Rural teachers in Wayne County will hear Mrs. Paul Reimers during their third annual meeting scheduled for three o'clock today (Thursday) in the county courthouse, according to Morris Jacobsen, president of the Wayne County Rural Teachers Association and teacher at District 57 south of Wayne.

Mrs. Reimers will tell about some of her experiences as a teacher in Africa. She and her husband, the Rev. Paul Reimers, are presently ministering at the Trinity Lutheran Church in Winside.

President Jacobsen said there will be a demonstration of new classroom equipment and a business meeting. He noted that Mrs. Junior Bater is chairman of the serving committee.

Jacobsen said the teachers will, during the business meeting, decide as to whether to hold the annual tour involving seventh and eighth grade students. The tour is usually scheduled for April, the president said.

Military Honors Presented Posthumously to Pfc. Witt

Military awards were presented posthumously to Pfc. Mark S. Witt during ceremonies Sunday in St. Paul's Lutheran Church at Winside. The three o'clock service was officiated by the Rev. H. M. Hilpert, pastor, and Col. Levene J. Wetzel, ROTC, Creighton University, Omaha.

Pfc. Mark S. Witt, son of Mr. and Mrs. C. O. Witt of Winside, died in combat last August 31 while stationed in Viet Nam. Memorial services were conducted at St. Paul's in Winside Sept. 13.

Mark S. Witt

Col. L. J. Wetzel made presentation of the following medals and ribbons: The Air Medal—presented "For distinguished himself by meritorious achievement while participating in sustained aerial flight in support of combat ground forces of the Republic of Viet Nam during the period July, 1969 to August, 1969. Claudia Jo Reed Married Saturday to Mike Casey at St. Francis Catholic

Claudia Jo Reed, daughter of Mr. and Mrs. Jack R. Reed, Randolph, and Mike Casey, son of Mr. and Mrs. C. B. Casey, Laurel, were united in marriage in a high mass at St. Francis Catholic Church, Randolph, last Saturday. Father Buehler officiated at the 1 p.m. ceremony. Sylvia Truby sang "I Believe," and "On This Day," accompanied by Debbie Borst.

Given in marriage by her father, the bride appeared in a lace appliqued gown of ivory satin, styled with empire waistline and cathedral length train. She wore a fingertip length veil of ivory silk illusion.

Michele Reed, Randolph, served her sister as maid of honor and Connie Reed, Randolph, Mrs. T. J. Peters, Lincoln, and Mrs. Helen Karnes, Laurel, were bridesmaids. Betta Reed, Randolph, was junior bridesmaid. They were gowned identically in floor length dresses of burgundy velvet, styled with stand-up collars, empire waistlines and back gathered skirts. Each carried three pink roses.

Bill Young, Laurel, was best man and groomsmen were Don Casey, Yankton, S.D., Greg Reed, Randolph, and Randy Swanson, Lincoln. Junior groomsmen were Mike Reed, Randolph. Ushers were Tom Thompson, Schuyler, and Jerry Nelson, Laurel.

For her daughter's wedding Mrs. Reed chose a white fur trimmed burgundy velvet street length dress with black accessories. Mrs. Casey wore a gold suit with brown accessories.

Two hundred guests attended the reception held at the Laurel Wagon Wheel. Serving as hosts were Mr. and Mrs. Cliff Galvin, Randolph.

Mrs. Bill Young registered guests and Missy DeLozier, Jeanne Kruger and Ramona Horrocks carried gifts, which were arranged by Cheryl and Rhonda Karnes and Mrs. Don Casey, Yankton.

Mrs. Evelyn DeLozier, Yankton, and Mrs. Malcolm Thompson, Schuyler, cut and served the cake and Mrs. Doug Horrocks, Lincoln, served punch. Mrs. Randy Swanson, Lincoln, poured.

Former Residents Hold Open House

Mr. and Mrs. Carl Kophamer, Arcadia, Calif., observed their golden wedding anniversary Jan. 11 at the Arcadia Presbyterian Church with a dinner for 175, followed by a reception for 300 guests. Among those present were Mrs. Kophamer's sisters, Mrs. C. V. Agler, Wakefield, who visited there several weeks, and Mrs. Mabel Plueger, Wayne, who had been an attendant at the wedding.

Hosting the event were the couple's children, Mr. and Mrs. Morry Kophamer and Mr. and Mrs. W. D. Barton Arley.

Corn on the cob was flown from Florida for the dinner by Mrs. Kophamer's business associate, Skippy Tostado. Films, "Car's Sweet Corn," and "Our Many Relatives," were shown, and a poem, "Memories," was read by Mrs. C. V. Agler, who also presented the couple a "This Is Your Life" photo book. Granddaughters furnished music.

Letters from President Richard Nixon, Governor Ronald Reagan and Edward Butterworth were read by Bill Barton, and the mayor of Arcadia, presented Kophamers a certificate of recognition.

Estella Lessman, a one time Wayne resident, and Carl Kophamer were married in Nebraska in 1920 and farmed in Illinois until 1932 when they moved to Southern California. There they began what became a very profitable sweet corn business and soon employed high school students to help them, now known as "corn girls" who have since formed a well-known organization.

Golden Anniversary

Mr. and Mrs. John H. Luschen, Wayne, will observe their golden wedding anniversary with an open house from 2 to 4 p.m. Sunday at Redeemer Lutheran Church, Wayne. A program will be held at 3 p.m. All friends and relatives are invited to attend. No written invitations will be issued.

Varsity Band Concert Set for February 22

Iron Dalton, Wayne High School instrumental music director, announced at the monthly Music Boosters meeting Monday afternoon that a varsity band concert will be held at 3 p.m. Sunday, Feb. 22 in the lecture hall.

Vocal music instructor Arlene Cook stated those planning to attend the Honor Band and Honor Choir Clinic at Hastings this Friday and Saturday are Ron Seymour, Dennis Ellermeier, Beth Bergt and Diane Olds for Honor Choir, and Mary de Freese, Honor Band.

Miss Cook then presented the madrigal singers, who plan to sing at the Nebraska Choral Directors' Association meeting in May. The group, composed of Dennis Ellermeier, Beth Bergt, Mary de Freese, David Ellis, Ted Armbauster, Diane Olds, Ron Seymour and Lynn Roggenbach, sang two selections for the 20 booster members present.

Mrs. Dean Meyer was in charge of refreshments. Next meeting is set for Mar. 2.

Fifteen at Questers Club Meeting Monday

Questers Club, LaPorte Chapter met with Mrs. George Phelps Monday. Mrs. Dale Johansen had the lesson and presented a list of locally available books and references, displaying some of them. Fifteen members and one guest were present.

The group will meet Mar. 2 with Mrs. Robert Diltman. Plans have been made to change the name of their newly organized club.

Mrs. Bull at Workshop

Mrs. Eldon Bull, director of the Wayne Senior Citizens Center, attended a workshop held Tuesday at the Cornhusker Hotel in Lincoln by the State Advisory Committee on Aging. The workshop, for Title III coordinators working with older persons, was headed by Morris Cohen, from the Washington office of the Administration on Aging.

Honor Mrs. W. Janke At St. Paul's Sunday
Thirty-five teachers, workers and their husbands and wives were present Sunday evening at St. Paul's Lutheran Church, Winfield, to honor Mrs. Wanda Janke who concluded 20 years of Sunday school superintendency. Preceding her will be Mrs. Betty Barner.

The Rev. H. M. Hillpert spoke, followed by group singing. Mrs. Ray Reeg read a poem and Richard Miller, Sunday school president, spoke.

Hearts served for entertainment with prizes going to Mr. and Mrs. Werner Janke, LeRoy Barner and Mrs. Cyril Hansen. Cooperative lunch was served.

Polkinghorns Wed January 24; on Trip to Mexico

Following a New Mexico wedding trip, Mr. and Mrs. Ronald Gregg Polkinghorn, who were married last Saturday in Dixon, will make their home in Ponca, where the bridegroom owns and operates a filling station.

Mrs. Polkinghorn, nee Donna Elizabeth Stanley, is the daughter of Mr. and Mrs. Dale Stanley, Dixon. The bridegroom is the son of Mrs. Versa Polkinghorn and the late Ervin Polkinghorn, Ponca.

Officiating at the 1 p.m. double ring rites at St. Anne's Catholic Church was Father Anthony Milone. Mrs. Frank Boeshart Jr., South Sioux City, sang "The Wedding Prayer," and "On This Day," accompanied by Mrs. LeRoy Creamer, Concord.

The bride appeared at her father's side in a floor length mid-Victorian gown of silk faille, styled with empire waistline, mandarin collar, long full sleeves with Venice lace trimmed cuffs, and back fastenings. Her chapel length veil of English silk illusion fell from a tiara of pearls and crystals and she carried a colonial bouquet of white pompons and pink roses.

Mrs. Katherine Gotlir, Sioux City, who served as matron of honor, and Sally Stanley, Dixon, who was bridesmaid, were gowned in floor length royal blue peau de sole and carried single white mums. Shell Hoffmann, Sioux City, was flowergirl.

Best man was Vern Idings, Ponca, and groomsmen were Dale P. Stanley, South Sioux City, Duwayne Stanley, Dixon, and Victor Green, Allen, ushered. Frankie Boeshart, South Sioux City, was ringbearer.

For her daughter's wedding Mrs. Stanley chose a brown and beige suit with beige accessories. Mrs. Polkinghorn wore a gold dress with matching accessories. Both had blue and white carnation corsages.

Mr. and Mrs. Dean Taubert, South Sioux City, served as hosts at the reception for 92 guests held later at the Laurel Wayon Wheel. Mrs. Dale Stanley registered guests, and gifts were arranged by Betty Otkonen and Marcia Smith, Laurel, and Diane Lund, Newcastle.

Mrs. Gerald Stanley and Mrs. Larry Reich cut and served the cake and Mrs. Wayne Lund poured. Mrs. Pat Wingert served punch.

The bride is a Laurel High School graduate and the bridegroom was graduated from Ponca High School.

Choose Iodized Salt
Iodine is added to salt as a preventive measure against simple goiter. Most families still buy iodized salt over plain salt. But more picked iodized salt 15 years ago than today. In fact the purchase of salt itself is declining. This is cause for concern since cases of simple goiter are again increasing.

Many people in the United States eat food which meets the nutrient recommendations; some do not. When a nutrient continues absent from a diet a deficiency disease occurs. A simple goiter develops from a lack of iodine. High incidence of simple goiter led to the initial addition of iodine to table salt in 1922. Iodized salt provides an inexpensive, readily available safeguard against simple goiter, and thanks to the iodized salt the incidence of simple goiter has been greatly reduced.

Why are simple goiter cases increasing? The decline in use of table salt may be part of the answer. More ready-to-eat and convenience foods have been added to the diet. These pre-seasoned foods need no table salt. The salt used in commercial prepared foods is often not iodized. The use of seasoned salts and salt substitutes may also account for the decline in purchase and use of iodized salt. Most diets do not include fish, an excellent source of iodine, in sufficient amounts to off-set the decline in use of iodized salt.

Since less salt is being purchased it is more important that it be iodized. It makes sense to check the salt label and safeguard your family with iodized salt.

Wayne Grapplers Hand Undeclared Gators 40-8 Setback

By Kieth Tietgen

Wayne High's scrappy grapplers tuned up for the Husker Conference meet slated for Saturday at Wakefield with an impressive shelling of previously undefeated Wisner-Pilger, 40-8.

Tuesday night's triumph ended the regular wrestling season for the Blue Devils and pushed their record in dual competition to six wins and four defeats. The pasting dealt out by Wayne was the only loss suffered by the Gators, who now have a 7-1 record.

In wrapping up the regular season with a victory, five Wayne matmen closed out with pins, five finished with decisions and one suffered a loss by decision.

Heavyweight Alan Wischhof set an astounding mark as he finished the regular season by sewing up his 17th straight victory by pin, all but one coming in the first period of action. Tuesday night he pinned the Gators' Rod Bergt in 44. Saturday at the Albion tourney Wischhof netted three pins. One was quite satisfying to Alan and Coach Koenig when Wischhof pinned the No. 1 heavyweight in the state in the mat finals.

Jim Meyer pinned Ray Stuckenschmidt at 3:05 in the 130-pound division; Doug Maurer, who finished third at the Albion tournament, pinned Butch Koehlmoss at 3:55 in the 165 class; Tony Pfueger scored a pin in 4:16 over Rick Truman at 137 and Rod Sievers scored his pin at 5:44 on Jim Pollock at 145. Netting wins by decision were

WAYNE GRAPPLER GARY HEITHOLD has his Wisner-Pilger opponent in a predicament early in his match Tuesday night

115-pound Mark Beiermann, who finished fourth at the Albion invitational, decisioning Ken Wichman, 5-0; 123-pound Bruce Ring defeating LeRoy Koehlmoss, 6-0; 155-pound Rick Ginn scoring a 6-2 win over Leland Carolin; 175-pound Gary Heithold scoring a 12-7 decision on John Stoffel, and 185-pound Steve Kamish scoring a 7-1 victory against Nell Reed.

Wisner-Pilger netted three points when Wayne's Mark Witt lost a 4-0 decision to Jack McGuire at 107 pounds. The Gators were awarded five points on a forfeit in the 98-pound class

when the Blue Devils were unable to field a man.

Wayne's reserves won an exhibition match with the Wisner-Pilger reserves 19-6.

The results of the exhibition: 115-Chuck Pierson scored a pin in 1:06; 115-Rick Field won a 4-0 decision; 130-Bill

Fletcher won a 6-1 decision; 130-Mike Otte netted a pin in 1:06; 145-Chuck Kudrna lost a 6-2 decision; 155-Arnie Sierken lost a 7-2 decision; 155-Mike Beiermann won a 7-2 decision; 165-Glenn Teeter won a 9-1 decision.

Wayne's next action will be in the Husker Conference tournament at Wakefield Saturday.

Wischhof Wins at Albion; Beiermann, Maurer Place

Alan Wischhof, Wayne High's astounding wrestling product, hurried through the Albion invitational tournament last Saturday as if he had little time to spare.

As he has done in every match this year, he pinned every man he faced in the tourney; as he fought his way to a championship showing. Wischhof, a senior at Wayne High, pinned all three of his foes at Albion in the first periods of the matches. Those three pins included a pin over the top-ranked Class B heavyweight in the state. Wischhof had been ranked No. 3 among the Class B heavyweights going into the tourney.

Taking third place in the tourney was Mark Beiermann in the 115-pound class; Doug Maurer finished fourth in the 155-pound division.

Wischhof, who has needed more than one period to pin his foes only twice this season, finished the regular season with a quick pin over his Wisner-Pilger opponent Tuesday night at Wayne, giving him a sparkling 17-0 mark for the season. Beiermann and Maurer each finished the season following Tuesday's meet with 12-3 marks.

Frosh Plays Hero in WSC Grappling Win At Le Mars Tuesday

The hero title belonged to Daryl Stanfield Tuesday night. His heavyweight victory in the final match gave Wayne State wrestlers a 20-16 win over Westmar at Le Mars, Iowa.

For good measure, freshman Stanfield pinned his Eagle foe, Tim Fraser, in 7:32. Thus, Wayne moved to a 6-2 dual record before its Wednesday night meet with one of the nation's top-flight mat teams, Athletes in Action. That was to be an exhibition at 7:30 p.m. in Rice Gym.

The loss was Westmar's first after a 13-win streak that started last year.

Results: 118-George Garrett, Westmar, pinned Tom Mann in 4:16; 126-Dennis Nixt, Westmar, decisioned Lon Reams, 6-3; 134-Max Branum, Wayne, decisioned Jim Fisher, 8-0; 142-Tom McClusky, Westmar, decisioned Harvey Rosenbaum, 15-6; 150-Ron Crooks, Westmar, pinned Vince Emery in 5:55;

159-John Yoder, Wayne, decisioned Mike Sinwell, 7-0; 167-John Kleinick, Wayne, decisioned Steve Peterson, 7-2; 177-Ken Monroe, Wayne, decisioned Bill Shawler, 3-0; 190-Lee Hall, Wayne, decisioned Jim Kovacs, 4-1; Hwt.-Daryl Stanfield, Wayne, pinned Tim Fraser in 7:32.

and went on to win a 12-7 decision. Wayne pinned the visitors, 40-8.

Win Junior Bowling

Junior bowlers Brian Roberts and Don Meyer took top team honors in Saturday's competition in Wayne by rolling a 567 series. Coming in behind them were Sam Hepburn and Mike Fote with a 524, Phil Koerber and Virgil Kardell with a 510, and Kim Baker and Ric Barner with a 500.

Brian Roberts rolled the high single game, a 157, followed by Virgil Kardell with a 154, Mark Smith turned in a 148 for third and Kim Baker a 145 for fourth.

Allen Kegler Advances

Mrs. Forrest Smith of Allen didn't let a week's postponement of her television debut bother her—she rolled a 199 game Sunday on Channel 9's Big Bowl show, earning her the right to compete in the next round of action in March. The date of that round of play will be announced later.

Winside Will Host Frosh, Soph Cagers

Winside will play host to seven other schools when the freshmen and sophomore basketball tournament gets underway late Monday afternoon. The tourney will include semi-finals on Wednesday and finals next Thursday.

Sending teams to the tourney will be Beemer, Hartington High, Pender, Ponca, Randolph, Stanton, Wakefield and Winside.

First night's pairings: Ponca vs. Hartington at 5 p.m., Beemer vs. Pender at 6:15, Randolph vs. Winside at 7:30, Wakefield vs. Stanton at 8:45. The four winners will square off in the semi-finals on Wednesday at 7 and 8:15 in the evening. Thursday's consolation and championship games are slated for the same times.

In a 20-year projection, the Nebraska Department of Roads has proposed construction of 2,209 miles of Freeway-Expressway highways in the state.

Pender Racing Squad Takes 16th in Can-Am

The Janke Auto Co. racing team from Pender finished 16th both in the point standings and in prize money earned in the 1969 Canadian-American Challenge Cup series.

Some 60 drivers—many of them known throughout the world—competed in the series of 11 races, held from early June through early November. Results of the races have just recently been posted.

Leonard Janke, driving his two-year-old McLaren Mark III-Chevrolet, took part in races at Mosport, St. Jovite and Edmonton in Canada and in races at Watkins Glen, Bridgehampton, Elkhart Lake, Riverside, Michigan and Texas speedways. The much-traveled team also included Janke's wife, Bonnie, and his pit crew.

He earned a total of \$7,900 for his 16th place showing in the series, a finish better than several teams with newer and more powerful racing cars and with full-time crews. Janke says the record was "not fantastic, but a rather satisfying one when considering the odds."

The odds were great. He was going up against some of the top names in racing, including Dennis Hulme, past world champion,

and Bruce McLaren, New Zealanders who made up the winning team. Also taking part in the action were English drivers John Surtees, Chris Amon, Tony Dean and Jack Brabham. Best known drivers from the United States who competed were Dan Gurney, Mario Andretti, Chuck Parsons and Peter Revson. Top Canadian contenders were George Eaton and John Cordis.

The cars, powered with engines unlimited as to cubic inches or horsepower, reached speeds of over 200 miles in the series of competition. Making up the majority of the English entries were the McLaren and Lola cars. From the U. S. came the Chaparral and the McKees. Germany furnished a pair of Porsches, and Italy a Ferrari.

Engines used in the racing, except for the Porsche and Ferrari, are basically stock-type American Chevrolet or Ford engines, with one important difference—they have all-aluminum blocks and heads, specially rebuilt and tuned to produce from 500 to 700 horsepower.

The Janke team, according to Leonard Janke, is hoping to compete in the 1970 series with more competitive equipment.

16TH IN CAN-AM: This is the McLaren Mark III racing machine which Leonard Janke of Pender drove to a 16th-place finish in the 1969 Canadian-American Challenge Cup series.

Young robins will eat their weight in food every day. This had been calculated to be equal to about 14 feet of earthworms.

VFW Kegling Results

Hartington's VFW team rolled a 2948 series to top first place in Sunday's VFW district bowling tournament at Melodee Lanes in Wayne.

High single game was a 653 rolled by E. Frank of Stanton. Doubles winners in the tourney were D. Winklebeur and D. Bauer of Randolph. Taking all events competition, with a 1725 series, was H. Lamson of Norfolk.

The VFW Auxiliary served lunch for the bowlers during the day's action.

Wrestling Meet Set For Winside School

Winside High's auditorium will be the site for a Class C district wrestling tournament next week. The tourney will be held next Friday and Saturday, Feb. 13 and 14, beginning at 10 a.m. each day.

Schools which will send wrestlers to the two-day affair are Battle Creek, Elgin Central Catholic, Hooper Logan View, Plainview, Stanton, Wakefield, West Point and Winside.

Tourney officials will meet Friday to determine the bracket pairings. Meet chairman is Jim Winch, wrestling coach at Winside.

Bears Retain Grip On No. 3 Position

Laurel, riding a sound 84-52 victory over Class B O'Neill, maintained a firm grasp of the third spot on this week's rating of the top 100 Class B schools in the state by the Omaha World-Herald.

Laurel and Cozad, first on the list, are the only teams on the list with perfect records. Laurel is carrying a 14-0 mark into its road game with Bloomfield Friday night; Cozad clipped last week's No. 2 team, Lexington, to up its string to 13 straight. Taking Lexington's place behind Cozad is Omaha Cathedral, 11-1.

The rest of the pack, in order: Schuyler, 9-1; Lexington, 10-2; Fairbury, 11-2; Valentine, 10-2; Seward 9-3; Holdrege, 8-4; and Geneva, 10-3.

A Saturday home game with Elkhorn Valley fills out Laurel's weekend of action. Next week they travel to Plainview on Feb. 13, followed by games at Crofton on Feb. 14, home against Pierce on Feb. 20 and away at Wisner-Pilger on Feb. 24 for the season finale. Should they win all of those contests, the Bears would end the regular season with a 20-0 mark.

To Represent Wayne At Norfolk Tourney

Spiced with what looks like plenty of talent recruited from the Wayne State campus, the Wayne boxing team may have a good chance at winning the novice team trophy at Friday's Golden Gloves boxing tournament at Norfolk Friday night.

The Wayne team is made up of four local boys and eight college students. Three of that even dozen—Terry Lutt and Vaughn Korth, both of Wayne, and Clark Milligan of Wayne State—will be fighting in the Golden Gloves division. Should they win their matches at Norfolk they will have the opportunity to advance to the Golden Gloves tournament scheduled for Omaha later this month.

The other nine fighters—including Kit Russell and Guy Dunning, both of Wayne—will be fighting in the novice division. Should they win their matches, they will bring home an individual trophy.

Doing much of the coaching of the boys have been Gary Weibelhaus and Lloyd Russell. The boxers have worked out for about three hours each day for the past two weeks.

Making the trip to Norfolk in the novice division: 124-125 pounds: Kit Russell, Wayne.

126-132: Guy Dunning, Wayne. 140-147: Russell Watts and Jim Cartwright, both WSC. 148-156: Jim Clark, WSC. 157-165: Jim Challengers and Dave Buckley, both WSC.

166-178: Bob Benedetto, WSC. Heavyweight: Ted Krienke, WSC.

Competing in the open division: 157-165: Terry Lutt, Wayne. 166-178: Vaughn Korth, Wayne. Heavyweight: Clark Milligan, WSC.

Only weights which will not be represented by the Wayne boxers are under 112 pounds, 113-119 and 133-139.

The tournament begins in the city auditorium at 8:15 p.m.

Athlete of the Week

Dave Witt
Winside High School

By Norvin Hansen

He was all over the court Friday night against the Allen quintet, grabbing rebounds, harassing the Allen offense and, most of all, stuffing in points. In most of the pictures taken by The Wayne Herald photographer, No. 13 for Winside was usually part of the action.

Owner of that No. 13 jersey in road games is Dave Witt, the latest area sports figure to be named The Herald's "Athlete of the Week."

Witt, 6-1 senior, son of Mr. and Mrs. C. O. Witt of Winside, did everything well in that Friday night game, a 69-53 victory for the Wildcats which increased their winning streak to five straight and upped their record to 7-5. In fact, he set a new scoring record for himself by canning 22 points and nearly equalled his record in rebounding by pulling down 19 caroms. Previous highs for Witt were 24 points (twice this season) and 20 rebounds. On top of that, he came up with six steals to lead both teams in all three departments.

Although his coach, Jim Winch, says he has a good share of natural ability, Witt works hard on his game, often staying later than necessary to iron out his difficulties. That ability and that extra work enabled Witt to maintain some enviable statistics going into his 13th game: 15.2 points a game, 11.1 rebounds a game and 60.3 per cent accuracy from the field (47 of 78). From the charity stripe Witt has been having trouble this season, hitting only 65 of 166 attempts for a 39.1 per cent average.

With nearly 200 points under his belt, Witt could come close to scoring over 300 this season, a feat he performed last year as a junior sparkplug on the Winside team. He had trouble getting started this season because the other teams remembered him, but after those first three bad games—whichever, by the way, Winside lost—he started producing at a fine clip in several departments, Winch notes.

The ninth "Athlete" since the feature began, Witt also figured in the winning Wildcat football team last season as a defensive halfback. For his efforts he was given honorable mention on the Lewis & Clark All-Conference football team.

Like several of those other "Athletes," Witt doesn't shine just on the athletic field or court. He ranks sixth academically in his senior class of 36.

Trojan Matmen Place In Plainview Tourney

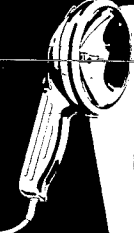

Wakefield wrestlers took one second and two thirds in the Plainview invitational tournament Saturday. As a team, the Trojans came in last in the seven-team meet.

Taking second was Kirk Gardner in the 175-pound class, giving him a 7-4 record for the regular season. Taking third places were Devon Fisher in the 98-pound

class, Steve Kraemer in the 115-pound class and Steve Oswald in the 130-pound class. Kraemer's record for the season is the same as Gardner's; Oswald ends the season with a 10-2 mark.

Sharing first place in the tourney were Elgin Pope John and O'Neill's reserve guard with 67 points.

Next action for the Wakefield mat enthusiasts is Saturday in the Husker Conference tourney. The tourney will be held at Wakefield.

Winside Stitches 6th Win; Clips Howells in Tourney

The Winside Wildcats, with the longest winning streak except for Laurel in The Wayne Herald area, displayed a determined effort Monday night in knocking off Howells in the first round of the Stanton Invitational basketball tourney.

The victory, sixth straight for the Wildcats, halted the Howells string at eight straight and earns Winside another shot at Wakefield in the semifinals tonight (Thursday). Winside, 61-49 victims of the Trojans in the season opener for both teams, will play

Wakefield tonight at 7 to see who advances into the finals, scheduled for Friday at 8:30. Stanton, 85-60 victors over Clarkson in Monday's round, meets Leigh in the second game of the semifinals tonight.

Can the Wildcats keep that string going with a win over Wakefield tonight?

"We won a big one last night (over Howells)," Coach Jim Finch said Tuesday morning, "and the players should be ready for the game with Wakefield." The Wildcats have improved

greatly since the start of the season, Coach Finch says, and tonight's game will give them a chance to show their followers just how much they have improved. Winside lost the first three games of the season to Wakefield, Ponca and Coleridge before coming up with wins in four of the next five. Then two more defeats hit the quiet, followed by the present six-game chin they have fashioned together with wins over Osmond, Wausa, Randolph High, Wynot, Allen and Howells.

The Winside cagers never

Major factor in the contest was Winside's careful play which allowed Howells only eight attempts at the charity line. Howells hit five of those attempts while Winside managed to connect on 12 of 21 attempts. Winside, outbounded by 32-29, nearly matched Howells in field goal accuracy, hitting on 24 of 53 compared to Howells' 25 of 52.

Those free throws were especially important in the final quarter when Winside managed to hit on only two field goals by Gary Soden and Doug Deck after they went into ball control. But in that final period, Winside sank eight of 14 free throws.

BOB MEREDITH gets congratulations after anchoring Wayne State's 400-yard freestyle relay victory in Saturday's double dual.

83.5 percentage. Freshman guard Jim Merchel of Hazel Park, Mich., is hitting free throws at 80 per cent. He is a rarity among Wayne rookies — as a starter in all but three games. A scrappy defender, he also scores at an 8.2 clip, often on bold drives though he's a smallish 5-11 and 160 pounds.

Wayne's 35-point advantage over Iowa raised the season winning average to 15.3. It had slipped because of the three losses after hovering around 17 points.

The NCA's in its latest statistical story observed: "Of all the various statistical categories there are in sports, winning margin in basketball is probably the most valid barometer of a team's strength." Most of the nation's top-ranking quintets are way up on this barometer.

WS Cats Awaiting Kearney After Beating Dana, 95-60

Back in the winning column, Wayne State's basketball team prepares this week for a 7:30 Friday night home clash with Kearney State, next foe in the final three-week showdown for supremacy in the Nebraska NAIA District. A 5:30 preliminary will match Wayne and Kearney Junior varsities.

Wayne made its record 16-4 Monday with a 95-60 win over Dana (2-13) while Kearney (11-5) lost to Fort Hays State, 100-93. Last month Wayne tripped Kearney, 100-83, on the Antelope court. The preliminary to that game featured a Wayne JV decision over The Kearney JV, 84-69.

The Wayne conquest of Dana lifted some statistics that had sagged a bit in three losses out of the four preceding games, all on the road. Paul Emanuel, North Bend senior center, enjoyed a banner first half with 21 of his 22 game-high points. The spree lifted him into third place on the team scoring chart (265, averaging 13.2) and ahead of Bill Goodwin, senior forward from Lawton, Iowa. (252, averaging 12.6). The two have traded third and fourth several times.

Meanwhile, Dave Schneider,

Emanuel banner first half senior center from Blair, remained on top with an 18.1 pace and 362 total, along with leading the team in field accuracy at 55 per cent. Emanuel is close behind, 54 per cent. Dean Elfordson, Wayne senior, rates second on points (301), averaging 15, hitting 48 per cent.

Girl's BB Team Falter

Although holding a respectable 11-point lead at intermission, the Wayne girls' basketball team suffered its seventh loss of the season Sunday afternoon at Wayne State's Rice Auditorium.

The locals, sponsored by Wayne businessman Roy Corvill, had little trouble with their opponents, Jerry's of Lincoln, in the first half when Tracy Peterson came snatched almost every time she got hold of the ball. The Wayne team used her scoring and rebounding ability to build a 33-21 margin at intermission. But in the second period, which saw Karon Hadenfeldt and Cindy Barrineau foul out for Wayne, the game tempo switched to the visitors, resulting in the 55-52 defeat for Wayne. The loss dips Wayne's record to 5-7 for the season.

Peterson pumped in 31 points in the contest, high output for the season for any Wayne player. Following her in double figures was Sue Gatewood.

Friday against Briar Cliff of Sioux City, Wayne rolled to a 32-7 halftime lead, then coasted to a 51-37 victory. Assuming the scoring duties in that contest was Sue Gatewood with 17. Kathy See GIRLS BB, page 6

Trojans End Losing String With Allen Overtime Win

Somebody's losing streak had to end when the Wakefield Trojans took an Allen Saturday night. It turned out that the Eagles had to accept the defeat, doubly difficult because the game had to go into overtime to be decided.

Both teams carried three-game losing streaks into the contest, played at Allen, and for most of the game it looked as if the Eagles

Allen	16	11	15	2	5	49
Wakefield	13	7	12	12	4	50

were well on their way to snapping their chain of bad luck. The Eagles powered to a 27-20 intermission lead after nosing to a 16-13 lead after the first eight minutes of play.

Allen kept the pressure on all during the third period, pumping in 15 points to Wakefield's 12 to take a solid 10-point edge into the final quarter, 42-32. But the Wakefield defense finally started to click in that final period and added to the miserable offensive showing of the hosts that enabled the Trojans to pull into a 44-44 tie after regulation play.

Wakefield came out in the extra period to can six shots while holding Allen to only five to pull off the narrow 50-49 win.

Narrow or not, that win halted what must be one of the longest losing skids of Wakefield Coach Dennis Crawford. In the first six outings in January, Wakefield suffered five defeats. Saturday's win, coming on the last day in the month, gives the Trojans their second win in January and increases their record to 8-5.

The Allen squad, which had lost three straight after a 77-76 win over Randolph in the middle of January, had its record dip to 3-10 with the Saturday night loss.

Both teams turned in fairly balanced scoring attacks in the contest: Wakefield's Rich Kline came in with 20 points and Dennis Paul added 10; Allen's Bob Mitchell had 19 counters, Dennis Gel-

Wakefield Hosts Nine Husker Schools For Wrestling Tournament Saturday

Schools from Oakland-Craig, Plainview, Stanton, Tekamah-Herman, West Point, Wisner-Pilger, Wayne and Wakefield will be sending wrestlers to the Husker Conference tournament scheduled for Wakefield all day Saturday.

The meet, which will be held in the elementary school auditorium, will open at 10 a.m. with preliminary matches. Semi-finals are scheduled to get underway at 2 p.m., finals at 7 p.m.

Some highly rated Husker Conference wrestlers who will be seeing Saturday: Paul Spittger (130-pound class) and Frank Herbert (132-pound class) from Plainview; Jim Mace (165-pound class) from West Point; Dave Jensen (137-pound class) from Stanton; Bob Schmidt (heavyweight) from Tekamah-Herman; Randy Schlueter (heavyweight) from Oakland-Craig; Butch Koshomko (155-pound class) from Wisner-Pilger; and Alan Wischoff (heavyweight), Doug Mautner (155-pound class) and Steve Kamish (165-pound class) from Wayne.

The meet is mainly an individual tournament with medals awarded to the top three places in each weight class. Team trophies will be awarded, however, to the three highest scoring teams.

Individual scoring will be done in the following way: Seven points will be given if a wrestler reaches the championship match. The winner of this match will receive three additional points. Two points will be given when a wrestler advances into the consolation match. The winner of this match will receive two extra points.

Team scoring will be one point for a win and one additional point if the match is won by a pin. Wayne is the defending champion.

Medal: "For the performance of exceptionally meritorious service in Viet Nam during July 17 to August 31, 1969, working long and arduous hours, he set an example that inspired his associates to strive for maximum achievement. The loyalty, initiative and will to succeed that he demonstrated at all times materially contributed to the successful accomplishment of the mission of this command."

Other medals presented posthumously to Pfc. Witt were the Purple Heart, Good Conduct Medal, Combat Infantry Badge, National Defense Service Medal, Viet Nam Service Medal, Viet Nam Campaign Ribbon, Expert Badge with Machine Gun Bar and Rifle Bar, Marksmanship Badge with the automatic Rifle Bar.

Following the presentation of medals to the family of Pfc. Mark Witt, and a prayer for all servicemen by the Rev. H. M. Hillpert, guests were invited to remain for a luncheon in the fellowship hall.

Fire - (Continued from page 1) the firemen opened the doors to fight the blaze.

The owner of the house said the clock in the trailer had stopped at 4:10, just a short time after he had left to go bowling. Just a short time earlier Tuesday the Wayne firemen were called to the St. Mary's Catholic School in Wayne when a furnace blower motor became overheated and started sending smoke into the upstairs rooms.

Although there was no fire involved at the school, a small amount of smoke damage may have occurred.

Interest Rates - (Continued from page 1) they become due, depositors will not receive the benefit of the higher interest rate, he pointed out.

Henry Ley, president of the State National Bank, said his bank is sending out letters to the people who have money on deposit in an attempt to explain how the change in the interest rate may affect them.

At the same time as raising interest rates they pay for money deposited with them, the banks have raised the interest rates they charge for loaning money. Those increases will result in borrowers paying between eight and nine per cent, depending on the type and size of the loan.

This increase was necessary, Jeffrey noted, because the banks have to make a profit if they hope to stay in business. One of the functions of a bank, Jeffrey pointed out, is to attract the money in the community so it can be re-channelled to those who can use it most productively. In order to do this, he said, higher interest rates have to be paid to attract that money. And that means higher interest rates the bank must charge for money it loans in the community.

Both banks have raised the interest they pay on regular pass-book savings accounts from four to four and one-half per cent. There was no increase in the five per cent interest paid on the 90-day automatically renewable certificates.

Courthouse to Close For Legal Holidays

Area residents who may have planned to take the drivers license examination at the Wayne County courthouse Feb. 23 are reminded that the courthouse will be closed that Monday due to Washington's birthday. Though Washington's birthday falls on Sunday, Monday is the legal holiday for government offices.

State drivers license examinations will be at the courthouse Feb. 9 and 16, but will not be in Wayne Feb. 23. Residents wanting to take the examination should make plans accordingly.

A courthouse spokesman would also remind area residents that the courthouse will be closed Feb. 12, Lincoln's birthday, a legal holiday.

Fisher Earns M.S. From NU Saturday

Wayne Fisher of Laurel was one of the graduate students at the University of Nebraska to receive his degrees during Saturday's commencement exercises in Lincoln.

An agricultural engineer at the Northeast Station near Concord, Fisher received his master of science degree in agricultural engineering.

Wayne Fisher Jr., presently teaching in Wolbach, also received a degree during the commencement exercises. He earned his bachelor of science degree in education.

Those attending the exercises and dinner in their honor from this area were Mr. and Mrs. Harold Carlson, Mr. and Mrs. Melvin Carlson, Mrs. Gerald Smith, Mr. and Mrs. Harold George, and Mrs. Wayne Fisher and Phillip.

'69 Wayne Graduate Earns Honor at WSU

Tom Denesa, a 1969 graduate of Wayne High School, received recently a pledge scholarship from the Kansas Eta chapter of the Sigma Phi Epsilon fraternity at Wichita State University for

having the highest grade point average of the pledgees.

His grade average was 3.31 (4.0 is an A) and he had to have at least a 3.0 in order to earn the pledge scholarship. His grade average also placed him on the Dean's List at the school for the term which ended in January.

An engineering student at WSU, he is the son of Mr. and Mrs. Charles Denesa of Wayne.

Wayne HS Senior To Tour Europe (Continued from page 1) Raw castings, when cool enough to remove, took many more hours of work—cleaning, grinding, burnishing and etching with varied chemicals for varied colors.

Both Frey and Replogle have built their own equipment. One of Frey's is a clay-mixing machine that he designed ("Never saw anything like it," he said). It also has made thousands of color slides (cost: about \$4,000) of paintings and other art objects, which he uses in teaching.

Print-maker Woodward uses a new press, which the college acquired last summer, for his work. While the press is no "made-in-myself" machine, Woodward experiments with various plate-making materials, both common and uncommon. Some of the uncommon materials, he said, yield fascinating products.

Leah needs a minimum of equipment to teach his specialty, painting, but his students learn to use an astonishing variety of materials in addition to paints—sand, wood, screening, glass fragments, cloth, pieces of metal. All added up: created equipment and creative art works.

Spring, Winter Mix in Wayne Area This Week

Temperatures in the Wayne area this week ranged from a springlike high of 52 down to a low of -8 degrees, for a temperature variation of 60 degrees in three days and a reminder that winter will be with area residents for some time yet.

The Norfolk Weather Bureau's five-day extended forecast is on the bright side however, as they predict temperatures to average six to ten degrees above normal through Saturday. The normal high for this period is 30, with a normal low of nine. Precipitation will average around a quarter of an inch, according to the bureau, which should occur late in the week.

Temperatures for the last seven days:

Date	Hi	Lo
Jan. 28	40	34
Jan. 29	36	12
Jan. 30	38	22
Jan. 31	46	20
Feb. 1	52	26
Feb. 2	44	-6
Feb. 3	8	-8

Precipitation continues to be sparse in the Wayne area for January, with no rain or snow falling during the past week.

Tom Denesa, a 1969 graduate of Wayne High School, received recently a pledge scholarship from the Kansas Eta chapter of the Sigma Phi Epsilon fraternity at Wichita State University for

having the highest grade point average of the pledgees.

His grade average was 3.31 (4.0 is an A) and he had to have at least a 3.0 in order to earn the pledge scholarship. His grade average also placed him on the Dean's List at the school for the term which ended in January.

An engineering student at WSU, he is the son of Mr. and Mrs. Charles Denesa of Wayne.

fer parking lot, and the second one block north at the intersection of Eighth and Main Streets. At 5:45 Charles Kudrna backed his '63 auto from a parking stall at the Duffer parking lot and was moving forward when Mrs. Vera, M. Horn, Newman Grove, began backing her '67 auto from a parking stall, striking the Kudrna car. Only minor damage resulted. At 6:50 p.m. Roxanne D. Kindschuh, Wisner, was attempting to turn left at the intersection of Eighth and Main Streets when she struck the northbound '67 auto operated by Douglas R. Nowick, Omaha. Both cars received minor damage.

In other police action the past several days officers investigated a report of property damage and a complaint of voyeurism. No charges have been filed in either incident.

Scouts Recognized at Court of Honor

Two young boys from Boy Scout Troop 175 in Wayne, Jimmy Brasch and Mike Nuss, received Life Scout rank during a court of honor Monday night. The rank is just one step away from Eagle Scout rank.

Also honored during the night were 13 youngsters who received their merit badges. Those young boys were Gregg Swinney, firemanship; Rick Barner, fishing; Jimmy Brasch, home repairs; David Nuss, swimming; Jimmy Brasch, personal fitness; Gordon Emry, Mike Nuss, Ralph Arett and Mark Cramer, all in printing; John Rockwell, Scott Hall, Jimmy Brasch, Brad Hedrick, Kevin Jech and Mike Nuss, all in first aid.

Earning his interpreter's stripe in German was Tim Wittig. He had to be able to carry on a conversation for a certain length of time and have command of about 200 words before earning the award.

Advancements recognized during the evening: Marty Dolan, Randy Graffias and

Michael Gadehen to Tenderfoot Scout, Mickey Kemp, Mark Powers and Eric Lofstad to Second Class Scout; Damon Rockwell to First Class Scout, and Brad Hedrick to Star Scout.

Plans were made at the meeting concerning the upcoming summer camping trip to Itaska State Park on Elk Lake in Minnesota. The permits for the trip to that site, the same as last year's, have already arrived.

The summer camp, which will be held the first week in August, will be broken into two groups after arrival at the camping site. One group will leave on a canoe trip on the Mississippi River from Lake Itaska toward Bemidji, Minn., a trip which will take about four days. The other group will remain at Elk Lake and work on their advancement, qualifying them for a canoe trip the following year.

Continuing at the swimming pool at Wayne State College until this spring will be the work on the swimming advancements for the Webelos and Scouts; The

swimming meetings will be held on the second Monday of each month.

Chili Feed Nets \$200 For Scouts

The 1970 version of the annual chili feed sponsored by Boy Scout Troop 175 in the Woman's Club room on Jan. 22 was the most successful one yet to be held, according to all reports.

Mrs. Miron Jenness, a committee co-chairman with Mrs. Dick Arett, said between 300 and 400 bowls of chili were served. Rowan Wiltse, scoutmaster, reports the troop had a net profit of approximately \$200. The money will be used to help finance the summer camping trip. Scoutmaster Wiltse said the boys are presently planning on returning to Lake Itaska Park in Minnesota this summer where they camped last year.

Members of Scout Troop 175 were busy serving at the chili supper and clearing tables.

Following are most of the women who helped out on the serving line: Mrs. J. M. Shery, Mrs. Bob Bergt, Mrs. Harvey Brasch, Mrs. Kent Hall, Mrs. Loyd Kleen, Mrs. Dana Lefstad, Mrs. Forrest Magnuson, Mrs. Bud McVatt, Mrs. Jean Nuss, Mrs. Dick Powers, Mrs. Harvey Grosse, Mrs. Keith Jech, Mrs. Lloyd Straight, Mrs. Claude Harter, Mrs. Leon Lamp, Mrs. Arnold Emry, Mrs. Alan Cramer, Mrs. Melvin Froehlich, Mrs. Boyd Hedrick, Mrs. Bill Kemp, Mrs. Paul Rockwell and Mrs. Al Wittig.

Do You Believe

- The time is now to limit spending and cut taxes?
- A plan is being laid throughout Nebraska whereby this is possible?
- This will benefit all Nebraskans?
- This cannot be achieved without your sincere support and understanding?

You will want to attend this informative meeting to learn about it.

Thursday, February 5 -- 1:30 p.m.
WAYNE CITY AUDITORIUM - Wayne, Nebraska

Friday, February 6 -- 1:30 p.m.
AMERICAN LEGION HALL - Fremont, Nebraska

Saturday, February 7 -- 1:30 p.m.

Sponsored by COPACT
(Committee of Parents and Concerned Taxpayers)

The Rev. Charles E. Tyler in Omaha, will be the guest speaker for the service scheduled Feb. 11 at the United Presbyterian Church. This Ash Wednesday service will begin at 7:30 p.m. and is the first of several such services scheduled in each church on alternate Wednesdays during the six weeks. The Rev. Tyler is an educator, community leader and writer. His present position with the Omaha Board of Education has kept him in touch with school conditions in Omaha. He has been a guest speaker in Wayne on previous occasions and known for his ability to present the Christian message as it is related to today's problems. The congregations emphasize

Cards of Thanks

I WOULD LIKE to thank everyone for cards, gifts and flowers sent during my stay in the hospital and since returning home. Mrs. Wendell Isom. **15**

I WISH TO THANK everyone for the cards, letters and visits during my stay in the hospital and since my return home. A special thanks to Pastor E. J. Bernthal for his visits and prayers. All was very much appreciated. Louis H. Meyer. **15**

WE WISH TO EXPRESS our sincere thanks for the many cards, flowers, gifts and other kind remembrances we received in observance of our 40th wedding anniversary. It will always be remembered. Herbert and Dora Echtenkamp. **15**

The Wayne (Nebr.) Herald, Thursday, February 5, 1970

WE WISH TO THANK ALL OUR friends and relatives for cards, gifts and flowers, also to Rev. Peterson and the kitchen help. Special thanks to all those who made our 50th wedding anniversary a memorable one. Mr. and Mrs. Albert Brader. **15**

THANK YOU TO the people of Wayne. We have moved to Lincoln, Neb. to be nearer relatives. The 35 years that we spent in Wayne, was a pleasant experience and will always be cherished. Folks were so good to us. Thank you one and all for the fine business and treatment given us. Mr. and Mrs. Ray Surber. **15**

THANK YOU EVERYONE FOR all the cards and visits, to the Carroll American Legion for the wheelchair and walker, to Dr. Merton and staff and for all the food brought in at the time of my two recent fractures. All this meant so much to me. Without all of this our holidays, and the other moments too wouldn't have been much. My family and I surely appreciate all this. You're all wonderful. Mildred Dangberg. **15**

DURING THE TIME OF sorrow we learn how much our friends and relatives really mean to us. Your expressions of sympathy will always be treasured. The Ormann Hoop Family. **15**

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

Wanted: Acres for Wildlife

Amid the growing clamor for more and more governmental aid to help clean up our environment to make it habitable for man and beast, we are glad to see that a group in Nebraska is putting the responsibility for that task right where it belongs — on the individual. Whether we like it or not, it is you and me who are polluting our air, our fields and our streams, and it is up to us to do something about that pollution.

for at least one acre of land to be set aside as wildlife habitat for one full year. The plots of land cannot be moved, burned or grazed. Those taking part in the program receive a "shoulder patch" and a certificate signed by Governor Norbert Tiemann. Landowners contributing the use of one acre of land or more receive a free one-year subscription to NEBRASKA Land Magazine. Awards for group participation include wall plaques, certificates for group leaders.

Building a Man

What materials would you use if you were to build a man? How would you proportion the physical to the mental and spiritual? It is a tough assignment, as any one having a son knows. A boy all too soon turns into a full grown man. How is that man built?

tion toward building men in America. It was 60 years ago that a unique program for boys came to America. It was a combination of education, physical fitness, patriotism, moral and character guidance, and outdoor lore. Chartered as the Boy Scouts of America by the Congress of the United States, it was given a mandate "to promote the ability of boys to do things for themselves and others... to train them in Scoutcraft, to teach them patriotism, courage, self-reliance and kindred virtues."

Perhaps no other organization dedicated to leading boys toward manhood, has done more for so many as has the Boy Scouts of America. Thousands of adult volunteers and equal thousands who have contributed their resources have made scouting possible.

There are three scout troops, two packs and an Explorer unit functioning in Wayne involving untold hundreds of hours of leading, informing and guiding tomorrow's men. Those hours of work contributed by volunteers are priceless. Working with youth is not always an easy task, however rewarding it might be. Scouting requires an immense amount of "stick-to-it-iveness" and determination.

February 7-13 is 1970 National Boy Scout Week. Throughout the Nation next week, scouts of every race and creed will be in the spotlight. Sponsoring organizations on the local level, the various scout councils over large scout districts, and the national organization itself are all deserving of our appreciation for their contribution toward building men in America.

Our hats are off to the Boy Scouts of America. —MMW.

True Government Speaks About Taxes

A few who hold office in Washington do not make up the government in this great nation of ours. True grass roots government is made up of millions of American people. We the people democratically elect officials to handle the business of government, but we are the government.

Jack Cary, a Kearney farmer who heads the six-county organization called Committee for Action on Rural and Urban Taxation, says taxpayer movements will bring better government at less cost. "We all feel that before a tax dollar is spent," Cary noted, "all avenues should be explored to determine if the spending of that dollar is absolutely essential."

When this true government feels a change is needed, it speaks out and what the majority feels is right, is done.

Dr. D. D. Lock, a retired Beatrice dentist and vice-president of the new Gage County Taxpayers Association, observed "This tax situation is way out of hand. We're spending beyond what people can afford. If we don't put a stop to it, we'll be sold out to taxes in the next few years."

State Tax Commissioner Murrell B. McNeill says citizens are asking more questions about taxes, wanting to know where the money is coming from and where it is going.

The Nebraska Tax Research Council has released a report showing schools taking nearly 64 per cent of the property taxes levied this year in the 25 largest cities and towns in the state. Assessed valuations of property increased this year in every one of the 25 cities with the overall increase averaging 6.67 per cent.

A taxpayers' association has organized in Beatrice. Its leaders say they expect a turnout of up to 2,000 persons at its first general meeting. Similar groups have sprung up at Hastings and Ravenna.

Some term the stirring among taxpayers a revolt. It is poor terminology. Actually, what is happening, the true government is taking note of a problem and is moving toward those actions necessary to remedy it.

Gov. Norbert T. Tiemann said last week regarding the formation of taxpayers' organizations across Nebraska, it is a "most healthy and encouraging sign."

Our nation was founded by people attempting to solve problems. We are still at it. Such can only happen in a land like ours where there is freedom to speak and act. —MMW.

Out of Old

Minden House Menu The pioneers of Old Nebraska had little opportunity to become gourmets — that is, unless their travels took them to Minden, Nebr., where E. W. Morse operated the Minden House in 1885. Morse promised "meals every minute, consequently no second table."

The office clerk has been directed to please everybody, and can unite in prayer, play poker, stake for drinks at any hour, play billiards, a good waltzer, can dance the German, amuse the children, is a good judge of horses, will flirt with any young lady and not mind being cut to death when "pa comes down."

All customers were considered. "Children will be welcomed with delight, and are requested to bring hoopsticks and hawkeys to bang the carved woodrose furniture, expressly provided for that purpose; they will be allowed to bang the piano at all hours, carry away dessert, enough for a small family, in their pockets at dinner, and make themselves as disagreeable as the fondest mother can desire." Not even the dogs were neglected; they are "allowed in any room including the wine room... A

Did your Mother take you for your last checkup?

We know some big, strong men who turn into stubborn little boys at the mere mention of a check-up. They can't seem to understand the importance of spending a short time with a doctor, just to find out they're as healthy as they thought they were in the first place.

Their time is too precious to waste.

Hah.

If you stopped going for checkups when you stopped getting lollipops for your trouble, we think you're old enough to learn the truth.

What you may consider a bother is one of our best defenses against cancer. Checkups help your doctor keep tabs on you. So if anything looks even the least little bit unusual to him, he can do something about it. Fast.

200,000 people were saved last year. Annual checkups can save thousands more.

What are you waiting for?

Are you going to go like a big boy, or do we have to call your mother?

Dear Editor:

Several weeks ago I gave permission to a group of hunters wanting to hunt deer in my grove of trees. Well, I heard they had much success. The news of their success got around and now I am being over-run with hunters wanting the same success only without first gaining permission. The hunters drive along the road shining their powerful spot-lights in the trees and even the house windows; if they see something they just go right ahead and shoot it.

Social Security Q & A

Q. I receive social security disability payments but need additional benefits for medicine and doctor bills. Can I apply for Medicare?
A. No. The present law provides health insurance protection under Medicare only for people age 65 or over.
Q. My husband was disabled two months ago. When should he apply for disability benefits under social security?
A. He should contact his social security office right away. Although there is a six-month waiting period during which no payments can be made, your local office can start to process the claim earlier to assure timely arrival of the first check.

Government Heads Want Info on 'Thermal Pollution'

LINCOLN — State and federal officials have agreed they need to know more about the effects of two nuclear power plants are going to have on plant and animal life in the Missouri River.

The two new plants are now under construction — one by the Omaha Public Power District near Fort Calhoun and one by Nebraska Public Power District near Brownville.

Each will discharge heated water into the river. Scientists want to know what will happen to the various life forms in the stream as a result of the addition of the warm water.

Also considered at a meeting last week in the Statehouse was the potential danger of radiation from the nuclear-fueled power facilities. Federal experts, however, said this danger is practically nil.

Attention focused, instead, on the changes in the river environment because of the injection of the heated water.

As it was tentatively outlined last week, the investigators want to make surveys for a year prior to the beginning of operations at the two plants — then make similar surveys for a year after operation. A comparison of the data, they said, should indicate the effects of the "thermal pollution," as the heated water is called.

Sampling is to be done upstream from each of the plants and at two locations downstream from the points where the warmer water is dumped into the river.

The biologists have speculated that the warmer water will stimulate the growth of all kinds of

He was the second member of the 1969 Legislature to die. Sen. Stanley Matzke of Milford died during the session.

Gov. Norbert T. Tiemann will fill Danner's seat. The governor also must fill the seat of another Omaha senator, C. F. "Pat" Moulton, who resigned this month because of ill health.

There was speculation the appointments wouldn't be made until after the Feb. 9 fund-raising dinner for Tiemann. The dinner will feature Vice-President Agnew as speaker.

Various elements in Omaha are boosting individual candidates for the two legislative seats and political observers said by waiting until after the dinner, Tiemann wouldn't cut into the sale of the \$50 tickets.

Sales Tax Rules Set

The Tiemann Administration has settled on a ruling for the administration of the city sales tax — at least until the 1971 legislature has an opportunity to look it over.

There has been confusion all along about how the city sales tax should be operated. The problem was who should pay the tax. After several tussles with city officials — including a court suit — it has been determined the tax is not due when delivery is made out of the city limits. The early ruling said all sales made in the city — even when delivery was made out of town — were taxable.

The new ruling has been endorsed by Gov. Tiemann and Atty. Gen. Clarence Meyer.

As the rules now stand, a resident from outside Lincoln or Omaha — the only cities which have picked up the state's option to levy a local sales tax — can buy in the city and avoid the tax if delivery is made at home.

An Omaha or Lincoln resident who buys out of town is required under the law to report his purchases and pay a "use" tax on them.

In each city, the sales levy is one-half per cent. Added to the state tax, residents of the two metropolitan areas are paying a total of three per cent on their purchases.

Police Academy Site Picked The Grand Island Air Force Base has been selected as the site for the new state police academy.

The selection was made by Gov. Tiemann and State Patrol Col. James Kruger on the advice of a committee of law enforcement officers. Sites in Omaha, Lincoln and Beatrice also were considered.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed, you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

Wanted: Acres for Wildlife

Amid the growing clamor for more and more governmental aid to help clean up our environment to make it habitable for man and beast, we are glad to see that a group in Nebraska is putting the responsibility for that task right where it belongs — on the individual.

The Nebraska Game and Parks Commission is inviting everybody in the state to join its NEBRASKA Land Acres for Wildlife program, a program which has the simple goal of returning plots of land to as near their original wild state as possible.

Building a Man

What materials would you use if you were to build a man? How would you proportion the physical to the mental and spiritual? It is a tough assignment, as any one having a son knows.

Many things go into the making of a man such as the home, church and school. There have to be times of falling down and getting up.

Perhaps no other organization dedicated to leading boys toward manhood, has done more for so many as has the Boy Scouts of America.

February 7-13 is 1970 National Boy Scout Week. Throughout the Nation next week, scouts of every race and creed will be in the spotlight.

True Government Speaks About Taxes

A few who hold office in Washington do not make up the government in this great nation of ours. True grass roots government is made up of millions of American people.

When this true government feels a change is needed, it speaks out and what the majority feels is right, is done.

State Tax Commissioner Murrell B. McNeil says citizens are asking more questions about taxes, wanting to know where the money is coming from and where it is going.

Only four weeks after it had been organized, a six-county organization, formed in Kearney to fight increases in property valuations for tax purposes, claimed a membership of more than 1,500 people.

A taxpayers' association has organized in Beatrice. Its leaders say they expect a turnout of up to 2,000 persons at its first general meeting.

Gov. Norbert T. Tiemann said last week regarding the formation of taxpayers' organizations across Nebraska, it is a "most healthy and encouraging sign."

for at least one acre of land to be set aside as wildlife habitat for one full year. The plots of land cannot be moved, burned or grazed.

We would like to see this program catch hold in this part of the state for two reasons. First, the program would most certainly help increase the wildlife that flourishes in the Wayne area.

tion toward building men in America.

It was 60 years ago that a unique program for boys came to America. It was a combination of education, physical fitness, patriotism, moral and character guidance, and outdoor lore.

There are three scout troops, two packs and an Explorer unit functioning in Wayne involving untold hundreds of hours of leading, informing and guiding tomorrow's men.

Our editorial salute is given to each and every individual, as well as the boys themselves, involved in the great project of building men for the future, men who are well rounded in all areas of life.

Our hats are off to the Boy Scouts of America. — MMW.

Jack Cary, a Kearney farmer who heads the six-county organization called Committee for Action on Rural and Urban Taxation, says taxpayer movements will bring better government at less cost.

The Nebraska Tax Research Council has released a report showing schools taking nearly 64 per cent of the property taxes levied this year in the 25 largest cities and towns in the state.

Some term the stirring among taxpayers a revolt. It is poor terminology. Actually, what is happening, the true government is taking note of a problem and is moving toward those actions necessary to remedy it.

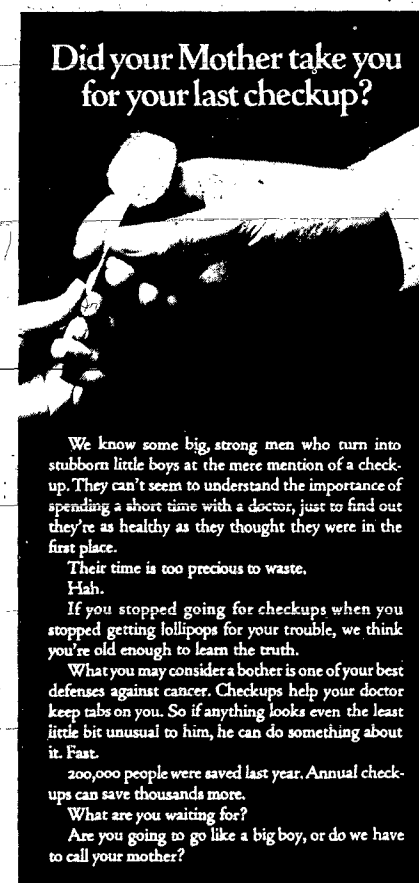

Our nation was founded by people attempting to solve problems. We are still at it. Such can only happen in a land like ours where there is freedom to speak and act. — MMW.

Education makes a people easy to lead, but difficult to drive; easy to govern, but impossible to enslave. — Attributed to Lord Brougham.

"The office clerk has been directed to please everybody, and can unite in prayer, play poker, shake for drinks at any hour, play billiards, a good waltzer, can dance the German, amuse the children, is a good judge of horses, will flirt with any young lady and not mind being cut to death when 'pa comes down.'"

"Gentlemen can drink, smoke, swear, chew, gamble, tell shady stories, stare at the new arrivals, or indulge in any other innocent pastime common to first class hotels, in any part of this country."

All customers were considered. "Children will be welcomed with delight, and are requested to bring hoop sticks and hawkeys to bang the carved woodrose furniture, expressly provided for that purpose; they will be allowed to bang the piano at all hours, carry away dessert, enough for a small family, in their pockets at dinner, and make themselves as disagreeable as the fondest mother can desire. Not even the dogs were neglected; they are allowed in any room, including the white room... A

We know some big, strong men who turn into stubborn little boys at the mere mention of a check-up. They can't seem to understand the importance of spending a short time with a doctor, just to find out they're as healthy as they thought they were in the first place.

Government Heads Want Info on 'Thermal Pollution'

LINCOLN — State and federal officials have agreed they need to know more about the effects two nuclear power plants are going to have on plant and animal life in the Missouri River.

The two new plants are now under construction — one by the Omaha Public Power District near Fort Calhoun and one by Nebraska Public Power District near Brownville.

Each will discharge heated water into the river. Scientists want to know what will happen to the various life forms in the stream as a result of the addition of the warm water.

Also considered at a meeting last week in the Statehouse was the potential danger of radiation from the nuclear-fueled power facilities. Federal experts, however, said this danger is practically nil.

Attention focused, instead, on the changes in the river environment because of the injection of the heated water.

Earl Kendle, a biologist with the State Game Commission, was selected to serve as coordinator of the proposed study project. He will develop, with advice from other agencies, the outline of the study.

As it was tentatively outlined last week, the investigators want to make surveys for a year prior to the beginning of operations at the two plants — then make similar surveys for a year after operation. A comparison of the data, they said, should indicate the effects of the "thermal pollution," as the heated water is called.

Sampling is to be done upstream from each of the plants and at two locations downstream from the points where the warmer water is dumped into the river.

The biologists have speculated that the warmer water will stimulate the growth of all kinds of

A Democratic Team

J. J. Exon has picked a running mate.

The Lincoln Democrat, who has filed as a candidate for his party's nomination for governor, has invited a Bellevue attorney to join him in the primary as a teammate.

Ronald E. Reagan, 31, who is no relation to California's Republican chief executive, announced he would run for the Democratic lieutenant governor bid.

He was the second member of the 1969 Legislature to die. Sen. Stanley Mitzke of Milford died during the session.

Gov. Norbert T. Tiemann will fill Danney's seat. The governor also must fill the seat of another Omaha senator, C. F. "Pat" Moulton, who resigned this month because of ill health.

There was speculation the appointments wouldn't be made until after the Feb. 9 fund-raising dinner for Tiemann. The dinner will feature Vice-President Agnew as speaker.

Various elements in Omaha are boosting individual candidates for the two legislative seats and political observers said by waiting until after the dinner, Tiemann wouldn't cut into the sale of the \$50 tickets.

The Tiemann Administration has settled on a ruling for the administration of the city sales tax — at least until the 1971 legislature has an opportunity to look it over.

There has been confusion all along about how the city sales tax should be operated. The problem was who should pay the tax.

The new ruling has been endorsed by Gov. Tiemann and Atty. Gen. Clarence Meyer.

As the rules now stand, a resident from outside Lincoln or Omaha — the only cities which have picked up the state's option to levy a local sales tax — can buy in the city and avoid the tax if delivery is made at home.

An Omaha or Lincoln resident who buys out of town is required under the law to report his purchases and pay a "use" tax on them.

In each city, the sales levy is one-half per cent. Added to the state tax, residents of the two metropolitan areas are paying a total of three per cent on their purchases.

Policy Academy Site Picked

The Grand Island Air Force Base has been selected as the site for the new state policy academy.

The selection was made by Gov. Tiemann and State Patrol Col. James Kruger on the advice of a committee of law enforcement officers. Sites in Omaha, Lincoln and Beatrice also were considered.

Q. I receive social security disability payments but need additional benefits for medicine and doctor bills. Can I apply for Medicare?
A. No. The present law provides health insurance protection under Medicare only for people age 65 or over.

Q. My husband was disabled two months ago. When should he apply for disability benefits under social security?
A. He should contact his social security office right away. Although there is a six-month waiting period during which no payments can be made, your local office can start to process the claim earlier to assure timely arrival of the first check.

Q. Giving permission to hunt on one particular occasion does not give them the right to hunt the place the next time without first stopping and again asking permission. Good Morning Feeders & Hi Mom

By Eddie Collins

Mom, today let us stand outside the halls of a cattle feeder's convention. Overnight we mysteriously have been granted powers of mind reading.

A Texas cattle feeding entrepreneur has been the impressive speaker. Subject: the grandiose splendors of Texas feedlots. The climatic advantages, the available oil money, the bank credit, the low cost of gain and the available inexpensive replacement supply. Blessed with an auction-trained voice, this pool hall hustler had spellbound the crowd. Scared some. Encouraged, even enraptured others.

So let us read the thoughts, rapid fire as these cattle and meat industry personalities file by.

An Illinois feeder: Third generation whose predecessor supplied kosher prime beef for ultimate in gourmet delight. He annually feeds 300 head to 1,200 pounds plus. His thoughts: "Plain steers! Fifty thousand head! Well, I can always grain farm or subdivide."

Medical doctor from New York City hurries by: "Imagine, gamble year around and not go to Las Vegas. Wear my boots, spurs, levis and Stetson and draw like John Wayne on Wednesday afternoons and weekends."

A Chicago mercantile broker: "John Barnum said a sucker was

"No Officer--It wasn't teenage vandals-- Somebody in this county has unreported cattle on feed!"

tion scheduled for March 10-11 at the Omaha Civic Auditorium. The contest is open to members of vocational agriculture classes

or 4-H clubs. A \$300 scholarship will be given for the winning student on the college level, and a \$200 check will be awarded to the winner on the high school level.

Contestants will submit models or blueprint drawings of new ideas in farm equipment or improvement of existing equipment. Entries will be exhibited at the Omaha show. A summary and picture, together with the model or drawing must be sent before Feb. 15 to LeRoy F. Barry, Midwest Retail Farm Equipment Association, 4331 North 95th Street, Omaha, 68104.

The 1970 Triumph of Agriculture show will be open from 8 a.m. to 5 p.m. each day, featuring the latest farm equipment, from small hand items to the big more powerful and faster tractors, tillage and harvesting machines. It also presents the world's largest showing of short-line farm equipment.

Free tickets may be obtained from local retail equipment dealers, vo-ag and 4-H club leaders and county agents, or at the door either day of the show.

County Agent's Column

By Harold Ingalls

"Green Thumb" Disappearing?

Fifty years ago a successful farmer's most important attribute was his green thumb. But today it's more apt to be his managerial ingenuity—his savvy balancing the use of technical know-how with the use of credit and other resources and services at his command.

Like entrepreneurs in non-farm businesses, the farmer receives components from many sources and puts them together in such a way that the products of his farm are as much a result of mass production techniques as is, say, the latest model car turned out in Detroit.

From the landowner, the farmer rents more land.

From various suppliers, he buys feed, seed, fertilizer, and pesticides.

From the machinery dealer, he buys or leases equipment. And from the banker he borrows the money he needs to operate.

As a result, more and more farm returns leave the farm in much the same way that a large proportion of the net returns of other industries flow to outside suppliers of goods and services.

Specialization in the use of components supplied by others has also fostered a separation of farming operations into those essentially land-based, such as crops, and those which are land intensive, such as livestock and livestock products.

Except for range livestock and cow-calf operations, most livestock activities no longer need lots of land.

More important to such enterprises as broiler and egg production, beef feedlots, pig parlors and specialized dairy operations are large amounts of capital and skilled management.

These operations, therefore, are losing their farming image and becoming less and less distinguishable from non-farm activities. Without the land constraint there will be greater potential for firm growth. Thus, production of these commodities is most likely to be concentrated in large-scale production units.

And the farmer of the future may well find that on the farm—as has already happened in industry—organized intelligence and managerial ingenuity are replacing ownership as the prime source of power.

Fating Changes

Many things have been happening during the past couple of decades. Social problems have grown more acute. And we're reacting differently too.

Among the biggest changes is our shift from butter to margarine. Our purchases of total "table spreads" haven't changed very much. But 20 years ago we bought about twice as much butter as margarine. Today it's just about the reverse. More COUNTY AGENT, page 5

And while we've been increasing our use of vegetable oils in the form of margarine, we've also been using more of these oils as cooking oils and salad oils. Lard—an animal fat—and a long-time favorite—is being used less for cooking, but is gaining in importance as an ingredient in shortenings and other products.

For another example of a shift in purchasing patterns, take the potato. For a long period we used smaller and smaller quantities each year. But now potatoes seem to be staging a comeback. Though marketings of fresh potatoes haven't increased, sales of processed products are more than making up for this.

17th Year Straight, Ak-Sar-Ben Offering \$500 Matching Grants

For the seventeenth straight year, Ak-Sar-Ben is offering up to \$500 in matching grants to each of the county fairs of Nebraska. General Manager Tom Brock told the members of the Nebraska Association of Fair Managers Tuesday.

The grants are to be used for permanent improvements on the county fair grounds, and the fairs must match the grant from local sources. All county fairs except those which conduct pari-mutuel race meetings are eligible for the grants.

Brock told the organization that Ak-Sar-Ben has been able to channel more than \$2.3 million to the county fairs during the past 16 years.

"The county fair program is

one of Ak-Sar-Ben's most rewarding undertakings," Brock said. "The county fairs in Nebraska are the envy of fairs across the country and we believe Ak-Sar-Ben's contributions have been an important factor in helping our fairs to earn this reputation."

Last year Ak-Sar-Ben awarded \$79,900 in building and spruce-up grants, as each fair was eligible for two \$500 grants. In addition, Ak-Sar-Ben provided \$22,980.50 in premium money and collected \$89,924.15 from the state tax on race admissions and license fees for a 1969 total to the county fairs of \$192,787.65.

Brock also introduced to the group "Mr. ACE," Ak-Sar-Ben's new symbol of its Agricultural, Charitable and Educational programs. "Mr. ACE" was featured in a slide presentation outlining the Ak-Sar-Ben operation.

IRS Q. & A. -

Q) When am I going to get my estimated tax forms? I didn't see them in the 1970 package you sent.

A) An estimated tax form package will be mailed in January to all those who filed estimated declarations last year. It will contain four pre-addressed voucher forms to make sure estimated tax installment payments are properly and quickly credited to the taxpayer's account. Four envelopes have also been included in the package for the taxpayer's convenience in mailing payments.

The estimated tax form package is also being mailed to those taxpayers who appear to meet estimated tax filing requirements based on their 1968 returns.

Dixon Co. Included In Accident Survey

Dixon, Thurston and Dakota Counties are among 19 selected counties in Nebraska which will be included in a special farm accident study, according to the February issue of "Coffee Cup Chatter," monthly newsletter of the area extension home economists at the Northeast Station near Concord.

The study will cover the frequency, severity and type of farm accidents which occur in the state.

Cooperating with the National Safety Council in the survey is Nebraska Extension Specialist Rollin Schneider. He is asking for interviewees to obtain the information for the survey.

Totem-pole carving, though a dying art today, probably is a relatively recent practice. The first totems are believed to have been erected less than two centuries ago.

Will State Appoint Our Next County Assessor?

By Merlin Wright

Wayne County could conceivably have a state-appointed assessor beginning Jan. 1, 1971, in view of LB 21 which was passed by the Nebraska Legislature in their last session.

The bill, originated by Terry Carpenter, states that after Jan. 1, 1970, any person who runs for the office of assessor and is elected, or is appointed to fill a vacancy, must pass an examination administered by the state tax commissioner prior to assuming the office of county assessor or deputy assessor.

LB 21 further provides that if no one can be certified for the assessor's office, then the state has the power to appoint a qualified individual.

As yet in Wayne County no one has filed as a candidate for the county assessor's office. Deadline for filing is Mar. 13 or about six weeks away.

Anyone desiring to file for the assessor's office must first fill out the appropriate papers in the county clerk's office and pay a filing fee of \$72 which is one per cent of the assessor's annual salary beginning Jan. 1, 1971.

A bulletin from Murrell B. McNeil, state tax commissioner, notes there is no requirement that persons pass any qualification examination as a prerequisite to running for the office of county assessor, however, any person who runs for the office and is elected, must pass the exam prior to assuming the office.

The first examination has been set for Mar. 25 and will be given at several locations within the state on that date. Examinations will be given in Norfolk, Ord, Alliance, North Platte and Lincoln, McNeil said. He noted that some of the subject areas in which applicants will be tested are laws pertaining to assessment and equalization of property, legal descriptions of real estate, appraisal of real estate, assessment of personal property, exemption of property, taxation of motor vehicles, office management, personnel management, public relations, property assessment ratios, math, letter writing, the taxation process which includes budgeting, discovery and assessment of property, levy determination, tax list preparation, tax collection and tax distribution, tax refunds, appeals by taxpayer and other related subjects.

Suppose you are going to run for the office of county assessor in Wayne County. You file first as a candidate, pay \$72 as a filing fee and plan your campaign. You have no assurance, of course, even if you win the campaign, that you will be able to pass the state commissioner's exam. But being determined you decide to take the test Mar. 25. LB 21 states, however, that if you are going to take the Mar. 25 test, you will have had to make application to take the test 30 days before the date of the exam. The application has to be made out on a form supplied by the state tax commissioner. Oh yes, you must also send a \$10 check along with application form.

Let's suppose you weren't just quite up on everything and failed to pass. You will be allowed to take another test in September which is still before the general election. You say what about the \$10? Sorry, but the state says that is not refundable.

Being very determined to gain the office of assessor you decide you will take the test again in September and pay another \$10 along with another application form sent to the commissioner in Lincoln 30 days prior to test day.

You suddenly realize that you could pass the test and lose, not only your \$72 filing fee, two \$10 application fees and campaign expenses, but the election itself! Then you think again and it dawns on you that it is possible to fail the test but win the election!

If the present Wayne County assessor decides to run for another term, regardless of his knowledge gained from experience in office, he must still go through the procedure just described. If he should decide not to run for another term and no one else files for the office, or filing, they find they can't pass the examination, then the state has the authority to appoint a qualified person as Wayne County assessor.

It causes one to wonder just where the state would find someone to fill the job.

Is it not a bit frightening to realize that though several resi-

dent in Wayne County might do well in handling the assessor's job, and even though the citizens of the county would elect their favorite candidate, he could theoretically be swept under the rug by the stated examination. Then we who live in the county would not have the servant of our choice at all, but we would have a man in office appointed by the state.

The last session of the legislature also changed some laws which affect the county treasurer's office with the result that the state is now performing certain duties originally handled on the county level.

There has been legislation promoted which would do away with the county school superintendent's office, giving those responsibilities to the Educational Service Units.

Is it imaginary, or is there a trend toward lessening the duties of government on the local county level?

LB 21 has another aspect of interest which gives the state tax commissioner unrestricted authority to invalidate an assessor-qualification certificate when laws or rules are disobeyed or not enforced. Again it is possible to pass the tough exam and win the election to the county assessor's office, but by the judgment of the state tax commissioner you have not, in your first few months of office, enforced the law like he believes you should, so your qualification certificate is invalidated.

It is probable the state would find it necessary to appoint someone they considered qualified. Would you, sir, like to file for the office of county assessor? If so, don't wait until March to file and expect to take the state exam on Mar. 25, because . . .

remember . . . you must make application 30 days prior to Mar. 25 in order to take the test. It means you would have to let the state know prior to Feb. 23 that you plan to take the exam for county assessor. You can see that, although Mar. 13 is the deadline to file as a candidate for the office, you must send the state \$10 and an application to take their qualifying test prior

to Feb. 23 . . . or wait until September for the exam.

One thing about it, if we all sit back and no one files as a candidate for the office of Wayne County assessor, we'll see a state appointed man, rather than one elected by Wayne Countians, in the courthouse.

Every Dollar Helps

Dick Nelson, captain of the WHS faculty basketball team and Dick Hammer, captain of the Jaycee team, opponents in a benefit basketball game for the American Field Service Thursday night, presents a check for \$113 to Robert Porter, AFS chapter president, and Peggy Barber, project director for the Jaycee-Faculty competition. Student Council members of Wayne High School sponsored the game to help raise AFS funds sufficient to bring another foreign student to Wayne next fall.

Wayne County Falls Short in Sales Quota

A total of \$165,843 in U. S. Savings Bonds and Savings Notes were purchased in Wayne County during last year, reports Henry E. Ley of Wayne, county chairman.

December sales of \$4,516 brought the county to 54.2 per cent of the sales goal for the year. In December there was a total sales of \$12,123 in that county.

Dixon County sales in 1969, according to Robert Anderson, amounted to \$165,843, or 61.5 per cent of its sales goal for the year. In December there was a total sales of \$12,123 in that county.

Cedar County, reports Vance Vlergutz, reached 46.3 per cent of its quota for the year, a total of \$264,696. December sales in that county amounted to \$35,839. Statewide sales during the year were \$42,189,722 for 84.3 per cent of quota.

Gains in the Payroll Savings Plan continued throughout the year when over 15,000 new or increased savers signed up for 103 per cent of the state goal for new savers.
