13 Pay County Court \$449

Thirteen persons appeared before Judge Laverne Hilton in Wayne County Court Tuesday through Friday and paid a total of \$449 in fines and court costs. Each person paid \$5 court costs.

Fined for speeding were Deane Matthews of Wayne, \$10; James Ward of Balston, \$10; Marilyn Rabe of Wisner, \$15; Douglas Elege of Wayne, \$10; John Richards of Wayne, \$14; and Gwilym Jones of Carroll, \$10.

Richard Rutar of Thurston and Ted Carlson of Laurel each paid a fine of \$10 for expired license plates. Rodney Varilek of Wayne was fined \$15 for "having" no license plates.

Winside paid a \$10 fine for a stop sign violation; and Marvin Grindvold of Hartington was fined \$10 for illegal parking.

Les Lutt of Wayne was fined \$250 on the charge of selling alcoholic liquor to a minor.

Don Thinking Cap And Enter Contest

True, a few people have stopped in to pick up those offset printing plates available at the Wayne Herald, but a lot more plates are available to anybody wishing to enter the contest to see who can come up with the best ideas on how to use those plates.

And those uses must be almost endless. The plates, made of an aluminum alloy, are very thin and measure about 2 1/2 by 3 1/2 inches. They are easily bent and can be cut with household scissors. Add to those qualities ones such as waterproof and rustproof and you have a material which could be just what you need to lick that special problem you have on your farm or around your home.

Stop in and pick up your two free plates—for practice—and then send in your suggestions. Best three suggestions will win free subscriptions to the newspaper for one full year.

Cars Hit in Winside

Two vehicles collided Wednesday around 4:15 p.m. in Winside on the street north of St. Paul's Lutheran Church, however, there were no physical injuries reported, according to the sheriff's office which investigated.

Authorities said Verdeen Livenson of Winside was backing out from a church parking ramp in a 1964 Plymouth when in collision with a 1967 Rambler being driven by Clark Titterington of Winside who was eastbound.

Damage estimate of the Livenson auto amounted to \$154 and \$220.43 on the Titterington vehicle.

College Library Named Depository

Wayne State College has been designated a federal documents depository library for northeast Nebraska, Head Librarian Beulah Neprad said Friday.

As a depository, the library will receive a large variety of publications selected by the college faculty from the vast list of federal documents, ranging from books to pamphlets.

Charles (current, assistant librarian, will be in charge of the depository, to be housed in the soon-to-be-completed addition to Wayne's Conn Library. The first publications are expected in

Wayne Man Files For Weed Board

Carl J. Lentz of Wayne filed Friday as a candidate for one of two vacant offices on the Novius Weed Control Authority, according to Norris Weible, county clerk. Lentz complied with filing regulations at the county clerk's office for the non-political office.

He and his wife, Hazel, farmed near Oleridge before retiring and moving to Wayne five years ago. They have four children.

Five men make up the NWCA, three of whom are rural and two urban representatives. Rural members are Henry Horing, Ernest Muhs and Dwayne Hethwisch. John Owens of Wayne and William Swanson of Carroll are the townsmen whose terms expire this year.

Mike Karel of Wayne has also filed for a seat on the NWCA board. John Owens filed last week as incumbent candidate and will seek another term.

WHS Student Named Secretary of Month

Susan Heithold, daughter of Mr. and Mrs. Ed Heithold of Wakefield, has been chosen "Secretary of the Month" for March in the vocational office practice class at Wayne High School. Susan is a senior.

College Library Named Depository

April, Current said. They will be kept in a separate collection and cataloged in a separate file according to the Sdxox system, a letter and number code used for all federal documents.

The collection will be available to interested citizens, as well as students and faculty.

Only current and future publications will be obtainable—none retroactively—according to rules set by the United States Superintendent of Documents, who authorizes and supervises depository libraries.

Former Wayne Man Suffers Broken Neck

A former Wayne man, Leland C. Asay, was severely injured in an automobile accident in Denver recently.

Asay, a deputy sheriff in Denver, suffered a broken neck and other injuries when the driver of another car failed to stop for a red light and plowed into his patrol car, completely demolishing it. Asay was on duty with the police force at the time of the accident.

Although his condition is now listed as fair, Asay will be hospitalized for some time and will be off duty for about three months.

A nephew of Mrs. "Bud" Ruback of Carroll, he attended Wayne High School when he lived in Wayne and was drafted into the Army in 1946. Anybody who would like to write him should send their letters and cards to Leland C. Asay, 4724 W. 34th Ave., Denver, Colo. 80212.

Three Carroll Men Seek Seat on Board

Several Carroll men have tossed their hats into the election ring as candidates for the village board, according to Bob Johnson, Carroll clerk.

Only two of the five board offices are up for election this year. Dale Cunningham, Joy Tucker and Howard Melain will remain on the board until next year; Perry Johnson, chairman, and Walter Hethwisch finish their present terms this spring.

Three men have thus far filed for the two village board offices. Johnson and Hethwisch have both filed as incumbent candidates. Phil Olson filed for one of the two offices Wednesday, Clerk Johnson noted. He said Elery Pearson has filed as incumbent candidate for police magistrate.

Deadline for filing is Friday.

Beard Growers Beginning Early

Those beards and mustaches sprouting on faces across the town aren't just the latest fad. They're actually good indications of advance planning by some of the people in Wayne.

The organization responsible for that whisker activity, the Wayne Jaycees, has decided to push the project in celebration of the Wayne County centennial being observed this year.

Ordered by the organization but not yet received are buttons declaring their wearers "Brothers of the Brush." Anybody not growing a beard, mustache or some variation thereof must have a "Shaver's Permit" button. The Jaycees are hoping to sell the buttons. See BEARDS, page 8

Teachers Okay Board's Salary Offer

Teachers in the Wayne-Carroll school system gave overwhelming approval to the salary schedule offered by the school board last week. With not all the votes counted Friday, the tally stood at 50 in favor and one against the board offer.

Main features of that salary schedule are a base pay for a beginning teacher with a bachelor's degree of \$6,300 and salary

increases of four per cent for each year of experience and five per cent for each step up the preparation ladder.

The school board, which had earlier decided to offer the teachers increments of four per cent for experience and four and one-half for preparation, voted to increase the one increment by one-half per cent because that would act as an incentive for those

teachers thinking about going back to school in order to advance on the salary schedule.

Total cost of the salary schedule adopted by the school board and the teachers will be about \$46,000 over what the present salary schedule would have cost had it been kept as is for one more year. The school system will have to pay out \$10,500 this year to teachers because of advancement in experience and preparation, making a total of about a \$56,000 increase for the school system for salaries for next year. Actual figures on the cost of the new schedule over the present one are almost impossible to arrive at because of several things, including additions or losses to the teaching staff.

The new base salary is an increase over the \$6,000 base pay

currently in effect. The present salary schedule includes increments of three and one-half of the base for each year of teaching experience and for each advancement on the schedule because of additional education.

Superintendent Francis Haun noted that the new schedule will keep the Wayne-Carroll school system fairly competitive with the other school systems in this part of the state. One major concern of several of the board members during the negotiations with the teachers was the need to stay competitive in order to retain the highly qualified staff of teachers.

A complete salary schedule, showing the increases in pay for each year of experience and each additional step in preparation, will be printed in Thursday's issue of The Wayne Herald.

School Board Accepts 5 Teacher Resignations

At least six teachers in the Wayne-Carroll school system won't be teaching in the system next fall.

Five of those teachers have resigned and the classroom assignment of the sixth teacher has been done away with by board action. Whether the school system will lose other teachers will not be known for sure until the deadline for returning contracts, March 23rd, draws closer.

The school board accepted the resignations of the following teachers during a meeting last week: Darrell Bahr, first year chemistry and mathematics teacher in high school; Doris Citanoff, third year 11th grade English teacher; Shirley Freidel, second year seventh and eighth grade mathematics teacher; Diane Magwire, second year commercial teacher in middle school and high school, and Phyllis

Brunken, elementary librarian hired in the middle of this year.

The remedial reading program in the elementary grades has been dropped by the school and therefore Mrs. Anna Thomas will not be offered a contract for next year. Upon the recommendation of Superintendent Francis Haun, the children in the lower grades with reading difficulties will now be handled in the classroom. The other program which will be instituted will be preventive in nature.

The other teachers, nearly 60, have two weeks in which to decide whether to stay in the school system for another term. They are being offered contracts with a base salary of \$6,300, an increase of \$300 over the base salary of the present year. That base, and the other benefits which go along with it, was agreed upon by the school board and the teachers last week.

Now This One...

Four hundred dollars will buy a lot of fishing equipment. That's what Ray Nelson of Wayne said last Thursday night after he was presented a check for that amount in the Chamber of Commerce Cash Night drawing. Nelson, who said he is usually in some store every Thursday night for the eight o'clock drawing, happened to be in the Coast store when his name was announced as the one drawn. Here, he looks over some of that store's fishing equipment with Mrs. Mel Elofson, who presented him with his check. This week's prize will again be worth \$400 to some lucky shopper because the reserve pot had grown to that amount before Thursday's winner. If nobody claims the prize Thursday night, a reserve pot will start once again.

Foreign Youths Need Area Host Families

Any area families interested in hosting youths from other countries under the International Farm Youth Exchange program should begin making applications as soon as possible.

Last year, IFYE youths came from the Dominican Republic, the Netherlands, India and Scotland for a brief stay in this part of the state. This year the IFYE students will be in Nebraska from Aug. 9 through Oct. 29 with each host family having a student for a period of from two to three weeks. Host families can be either city or country residents.

Application for hosting an IFYE youth should be made to the local county Extension agent before April 1.

Hoskins School Teachers Hired

Hoskins elementary school board members, W. C. Behmer, Stanley Langenberg and Harold Witter, report four teachers have signed contracts for the 1970-71 term.

Personnel rehired are Mrs. Zita Jenkins of Carroll and Mrs. Martha Werner of Norfolk. Mrs. Jenkins is school principal and teaches grades seven and eight. Mrs. Werner instructs three classes, kindergarten, first and second grades.

New teachers signing contracts are Mrs. Elta Roberts of Hoskins who will teach fifth and sixth grades, and Mrs. Flste Houdek of Norfolk who will instruct third and fourth grade classes.

County Attorney To Seek Second Term in Office

Donald R. Reed, local attorney, will seek a second consecutive term as county attorney, according to Norris Weible, county clerk.

Reed, who filed as incumbent candidate for the office Wednesday, will campaign on the Republican ticket.

He and his wife, Jannene, have two daughters, Cameron, 10, and Barbara who is eight years old. Both girls are enrolled in Wayne schools. The family has lived in Wayne 11 years.

Attorney Reed noted that he intends to campaign on the basis of experience in the office.

He is a member of the National District Attorney's Association and the Nebraska County Attorneys' Association. He is also affiliated with the Nebraska and American Bar Associations.

The Wayne attorney has served on the executive committee of the Mid-America Boy Scout Council since 1965.

People interested in running for positions on the city council and the school board began filing for those spots early last week and by the end of the week a total of eight people had taken steps to get their names on the ballot for the coming elections.

Latest people to file:
-Kent Hall of 936 Nebraska St. for the spot of mayor.
-Gene Fletcher of 810 Walnut Drive for councilman from Second Ward.
-Ivan Beeks of 321 E. Sixth St. for councilman from Second Ward.
-Melvin "Bud" Froehlich of

905 Lincoln St. for councilman from Third Ward.
-Lelloy Brettkreutz of 208 W. Eighth St. for councilman from Third Ward.

-Mrs. Robert Merchant of 908 Sherman St. for school board.

Filing earlier in the week were Pat Gross of 718 Walnut Drive for councilman from Second Ward and incumbent Morris Sandahl of rural Wayne for school board.

The deadline for anybody wishing to file for any school board, city council or county posts which will be vacant this spring is Friday. Somebody has filed for

every position on the county level. Only position on city level not filed for is councilman from the First Ward.

Ending their terms of service this spring will be the following people on the city council: Mayor Alfred Koplin, councilman Wilmer Marra from the First Ward, councilmen Martin Willers and Anton Netherland from the Second Ward, and councilman Al Wittig from the Third Ward; The terms of Jean Schram and Sandahl expire on the school board. Schram has already announced that he will not run for reelection. Most of the councilmen ending their terms

this year have indicated they do not plan on filing for another term.

People wishing to file for those seats with the city or school governing bodies should stop at the city clerk's office or the high school office before the offices close Friday.

Kent Hall, 40, already has some idea on the functioning of the city government, having once served as councilman from the Second Ward for four years. Operator of the Wayne Greenhouse since 1950, Hall is married and the father of four children: Steve,

Holding Fire School

A basic firemanship school is being held Wednesday evening at 7:30 at the Laurel fire station. Firemen from Oleridge, Belden, Dixon and Concord have been invited to attend the classes, begun Feb. 25 and ending April 1. Herman Oyer of Hoskins is serving as instructor during the course.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given serious thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

Some Have Filled; How About You?

The people in Wayne can start resting a little easier now... thanks to several men who have filed for the posts which will become vacant on the school board and the city council this spring. For a while it seemed that something drastic was going to have to take place if those two governing bodies were to remain working bodies.

Morris Sandahl, for school board: These people should receive a vote of thanks from the people in Wayne for a willingness to run for offices which are time consuming, difficult and often unappreciated. However, their initiative is not enough. More people are needed in order to have the coming school board and council elections offer the voters a choice between different points of view, different stands on issues, different candidates.

If you considered filing for any of those offices? If you haven't complained about the actions of either group at one time or another, then you are without a doubt a unique individual. However, if you have complained, here is a chance for you to have a voice in future decisions. Think about it. —NLH.

Would It Be Worthwhile?

One of the letters to the editor in the last issue of The Herald suggested city planners might consider making preliminary plans toward the eventual construction of an access road around the northeast perimeter of Wayne.

Advantages of such a road were pointed out as being the handling of traffic before and after sports and social events at the college, resulting in less traffic on residential streets.

We think the idea suggested by the former Wayne State College student who now farms east of town is a good one and is deserving of serious consideration for several reasons.

Wayne State College is growing with a total enrollment of around 3,000 students. If you have ever looked over the parking situation you are aware that hundreds of the students have cars. It is a part of our affluent American society. We are a rich nation. We like being a rich nation, we like automobiles and we all need some place to park the machines.

town to the campus would allow students or parents coming and going from the east to bypass the bottleneck at Seventh and Main Streets.

Wayne State College is a beehive of activities for which we are grateful. There are constant presentations of entertainment and competition that draw large audiences, many coming from out of town. For all those coming from the east to have an access road to the college campus, it would be a real delight to be able to avoid zig-zagging through the residential district, and to be able to avoid Seventh and Main where all the traffic coming from the south and from the west also meet.

The need for such a road is a growth pain, but Wayne and the college are growing to the extent that there are approximately between 7,000 and 8,000 persons in the immediate area when the 3,000 students are on campus and the other 3,000 of us are at home. This is speaking in general terms and doesn't include those out-of-town guests, but it isn't too far off as the new census will likely show.

How about some letters to the editor concerning the pros and cons of eventual building such an access road to the college as has been suggested? Ideas are good servants of progress. —MMW.

How Do You See It?

How does Wayne County look to a tourist? A man from Pennsylvania who is tired of metropolitan living and crowded highways heads west. He has heard a lot about St. Louis City so he heads there. After taking in the town he decides to head on west across those wide-open plains of Nebraska where at one time only deer, buffalo and the Indian lived.

Our Pennsylvania friend is seeing this part of the country for the first time. Even as you have noted when driving through new country, first impressions are lasting impressions.

He decides to take Highway 35 and is delighted to find a good smooth concrete ribbon of road... until he arrives in the vicinity of Emerson. "Oh no!" he thinks to himself, "black top!" After the first few hundred feet of bouncing along he mutters, "And not even good black top."

His auto's shock absorbers take a beating as he rut-tut-tuts along. Our friend passes through Wakefield, turns west two miles south of there, and the highway is worse, if that is possible. Remember, our friend is from an area where free-ways tie the countryside up with smooth ribbons of concrete and where even the back-alley oil mat is much smoother than Highway 35. Cu-r-r-unch! His car hits a spot in the road where it is breaking up completely as it does each spring.

Finally reaching Wayne Thursday afternoon the tourist continues on west and, remembering he has a distant relative at Carroll, he noses his car west and then turns north toward Carroll.

Driving by a farm on the west side of the road the visitor sees a nice farm and farm home with a pretty white board fence gracing the front lawn. Nothing, however, three windows are broken out of the house and the fence is also newly broken he stops to ask the residents what happened. They explain to him that vandals hit their place the night before while they were gone and tore up the fence, then used the boards to crash through the windows. The easterner is deeply impressed right away that evidently the wild west is still wild.

He visits his relative in Carroll and then returns to the intersection four miles north of Winslow where Highway 35 and 98 meet. Rounding the corner he looks to the right into the ditch and what he could see Thursday is what you can see in the accompanying photo. From that corner for one mile south there must be at least 100 cans alongside the road. This is beautiful Nebraska? This is Wayne County?

comparing photo. From that corner for one mile south there must be at least 100 cans alongside the road. This is beautiful Nebraska? This is Wayne County? Thinking to himself, "A man who would throw his own trash alongside a public highway need have only one requirement... the mini-mind of an amoeba."

The Pennsylvania vehicle with its driver rolls on toward Norfolk on Wayne County's "Washboard Freeway"... Highway 35. "What kind of a state road plan do they have out here?" he questions himself. "Back home a woman patches a dress and won't wear it in public; a family patches an old chair and gets it quickly out of sight from guests; but evidently Nebraska patches its major roads, leaves them in public for everyone to see and just keeps on patching the patches. Let's see, how do I get south in the Interstate?" —MMW.

Dear Sir: I want to thank SWAY for the gift of \$10 that was sent to me. It will surely come in handy as anyone in the service knows. I have just finished my AIT at Fort Polk, La., and I am now going to go to Fort Hood, Texas; but I don't know what I'll be doing yet.

Thank you again.
Herb M. Swan
Copperas Cove, Texas

Dear Editor: I have received a check from SWAY for \$10 which was much appreciated! In November I returned from Viet Nam and am now stationed at Fort Hood, Texas. My job is working on armored personnel carriers. I'm stationed with the 16th Engr. Bn. 1st AO. My term of service will end in August. Then my wife and I will return to Nebraska. Thank you again for thinking of us.

Dear Editor: Taxpayers in School District 17 are realizing school taxes are getting too high on their property. State aid hasn't helped but just made things worse. What District 17 needs is some good old country school minds. Rural schools in Wayne County keep a better balance on what they can afford to live with and still maintain their school. District 17 board members should attend rural schools to find out how they do it. I don't think any rural school would trade

our school board for one of theirs. We property owners want the District 17 school operated like a business. How long would any business last if operated like our school. We need a tax that we can live with and still operate the school. We need a sensible school system and quit going way beyond our means.
Name withheld upon request

Dear Editor: It has been a privilege and a rewarding experience to serve on the board of education of District 17 for the past six years. My association with the other board members, administrators and faculty has been such that it will always be a pleasant memory. I know it is impossible for every parent to serve at some time or other on the board of education but I recommend if you do get the opportunity, it will be worth your time to do so as the satisfaction you receive in helping our students is an enjoyment.

Dear Editor: I want to thank SWAY for the gift of \$10 which I received while stationed in Mississippi. I have just completed a seven-month course in basic electronics and have been re-assigned to another base in the midwest for six-months advanced training. Thank you again for the gift. It's nice to know people are thinking of me.

While visiting in the Wayne County courthouse last week J. W. asked to borrow the following "Taxpayer's Psalm" to share with you. An occasional chuckle is good for everyone at this time of day. "Sorry we do not know the author of the parody: "The assessor is my plague, I shall not surrender, he maketh me to open my closets; he taketh me down into my basement to see all. "He looketh behind my barn; he goeth behind my trees and peereth into my ravin. "Yes, though I walk through the valley of inequity, I shall fear no board of equalization; for my cows and my machinery are safely in the next county. "They prepare my assessment in the presence of my neighbors; they raise my taxes; my tax bill runneth over. "Surely assessors and inequity shall follow me all the days of my life; and I shall have to lie to them forever and ever."

Say, did you see in the paper last week where organizer Leslie Larson was thundering into the "Wars, Bringer of War" section of Gustav Holst's plans suite at the Kingsway Hall in London when cracks appeared in the ceiling? The music was stopped while experts examined the cracks. They advised the owners of the hall that the organ should not be used until structural repairs could be made. J. W. has heard folk unable to sing with the black or white notes so they sang in the cracks, but it is the first

time to hear of an organ acting as a demolition crew on the ceiling. It is undoubtedly for the same reason the crew here won't let me sing in the office. I keep bragging that I could literally bring the house down if they would just give me a chance.

Did you realize the state of Nebraska was 103 years old a week ago Sunday? There was no organized celebration that I know of. Did you hear of any? It is rather a shame to be more than 100 years old and nobody takes note.

Wayne County is 100 years old this year and plans are underway for a celebration. A number of gents around town are beginning to let their beards grow. Every once in a while you'll see a young lad with a bushy growth ready to celebrate but the celebration won't be until later this summer.

Have you been leafing through the new seed catalogs yet? But you can't be honest and tell me that you haven't given your garden a thought yet this spring? There is something about the invigorating air on some of these fine March mornings that wakes up the tired blood and makes one want to get out there in the garden and start digging. Those colorful pictures in the nursery catalogs help spur a man on.

A note out of Lincoln announces that public previews of a newly installed planetarium projector at the Ralph Mueller Planetarium at the University of Nebraska were planned for Saturday and Sunday. The note said the new equipment can be set to show the sun, moon, planets and stars as seen from any place on earth in the past, present or future.

Well, now they don't have a thing on Wayne State College as they also have a new planetarium and a new projector and some splendid shows on schedule! How about that? It means area residents around Wayne can see the same thing right here in town for which one need have to drive to Lincoln to see. How does that grab you? Nice, huh? William F. McQuistan, 32, of Pender has been named Pender's Outstanding Young Farmer for 1970 by the Pender Jaycees. Others considered in the contest for the honor were Larry Krusemark and Leon Wichman.

Daniel D. Oldfield of Lincoln was in jail in Neligh last week on a charge of possessing depressant and stimulant drugs and a firearm. He is a convicted felon. Bond on Oldfield was set at \$10,000 and preliminary hearing will be held Wednesday.

A graduate of the University of Nebraska, McQuistan raises purebred Durac hogs and feeds cattle. He was entered in the state contest at Cozad with 34 other area winners. He is an officer of several area and state livestock associations and other community organizations.

The arrest was made late in the afternoon of March 1 after the county sheriff's office received a complaint of a disturbance. Oldfield was arrested because he had no driver's license. A call was later made to the Lincoln police and it was learned that they had a hold on him for a narcotics charge. A search of his car then revealed the numerous items of drugs.

The principal in the Plainview school system, Gerald Journey, has resigned his position effective the end of the present school term. At the same time as they accepted his resignation, the school board members ratified the contract of Mrs. Don Alexander as elementary principal. As of last week, the school board and the teachers had not agreed upon a salary schedule.

All teachers now in the Pierce school system were offered contracts by the Pierce school board during a meeting last week. The teachers will be issued contracts under a salary schedule which includes a base pay of \$6,300 for a beginning teacher with a bachelor's degree. The base pay last year was \$6,000. Coaching assignments for football and track will be the same as the present year. The basketball coaching assignment was held for further study.

The \$186,000 bid by Otto Construction Co. of Wayne on the construction of a new power plant addition at West Point was accepted recently by the city council of that community. The bid by the Wayne firm was \$4,037 higher than the low bid of another firm, but the low bidder required a longer time for completion and the council decided to accept Otto's bid.

A hide tanning plant will be constructed by Iowa Beef Processors in Winnebago, according to last week's issue of the South Sioux City Star.

Marvin Rasmussen of Hubbard and Mrs. Freda Schram of Emerson were awarded life memberships during a meeting of the Emerson-Hubbard PTA last week. Rasmussen was cited for his many years of work as a 4-H leader. Mrs. Schram for her many years of teaching.

The beehouse operation will be a \$1.5 million cooperative venture by BIP and the Winnebago and Omaha Indian tribes, the story reported, and should be begun within a year. The plant will prepare 30,000 hives a week for tanning, making it the largest such facility in existence.

Don Milander and Mike Dirks turned in a total score of 1,246 to win the doubles competition in the men's city bowling tournament at Coleridge. Dan Leader and Melvin Hayford ended in second place with 1,243 points and Dick Lentz and H. H. Johnson took third with 1,228. Winning singles competition was Roman Helmes with 638, four better than his closest competitor, Lee Wolfe with 634, and eight better than the next highest scorer, Everett Robbins with 630. viewer to view the solar system as it appears from deep in space. A roll, pitch and yaw feature stimulates the feelings and views of the astronauts as they change headings in space.

Thus far, the company has bought more than 112,000 pounds of aluminum cans resulting in payments of \$11,200. Just think of it! All that was out there on the roadside and you passed right by!

The engineer who installed the new equipment in the planetarium at Wayne State told J. The visual effect of the star program on the screen caused the astronaut to become immediately nauseated.

With the deadline for candidates to file for school board, city and county offices only a few days hence, it is encouraging to see more persons throwing hats into the election ring.

Shucks, that's nothing. I've been sitting at home watching television and after watching some of the more recent programs have had the same feeling.

If local citizens ever come to the place where they are no longer interested in local government, then we will surely be taken over by outside individuals who could hardly have our best interests at heart.

The new WSC planetarium really is something of which everyone may be proud to have in the area. In the future, as scheduling permits and the public, along with area school students, are invited in for celestial shows, the planetarium will likely be one of the more popular spots around.

We are glad to see more of you fitting for office and here is wishing you good luck in the race.

It will be an ideal place for you guys who would like to take your wife see stars sometimes.

Annual World Day of Prayer Services Attended Friday by 115 Area Persons

Do we fear to stand up for our convictions? Do we by silence give assent to wrong? When do we need to bear witness to government? One hundred fifteen persons who attended the annual World Day of Prayer Services, hosted Friday afternoon by St. Mary's Catholic Church, searched for answers to these three questions which emphasized the "Take Courage" program theme.

The service was held at St. Mary's School hall with the Rev. Paul Begley of St. Mary's giving a brief talk and acting as moderator for a panel consisting of Mrs. Carlos Martin, First Baptist Church; Mrs. Walter Tolman, First United Methodist Church; Mrs. Robert Lund, Redeemer Lutheran Church; Mrs. Cletus Shaver, St. Mary's Catholic Church; Mrs. Morris Anderson, St. Paul's Lutheran Church, and Mrs. Armand Hixcox, United Presbyterian Church.

Following the program, Church Women United of Wayne, who sponsor the annual service, held a business meeting and decided to allocate the balance of the 1969 offering for support of various state and community organizations and agencies which will include partial support and education of community Indian girls.

The 1970 offering will be used by the National Church Women United organization for families in the Spanish and Indian communities and for women striving for a better education in India, Japan, Taiwan, Hong Kong, Cameroon, Guatemala, Lebanon and Pakistan.

New officers elected by the Church Women United are Mrs.

Armand Hixcox, president; Mrs. Robert Lund, vice-president and publicity chairman; Mrs. Walter Tolman, secretary-treasurer.

The group, which meets three times annually, will hold their May Fellowship breakfast May 1 at St. Paul's Lutheran Church.

Albert Watsons Marry Wednesday

Making their home at 420 W. 7th St., Wayne, are Mr. and Mrs. Albert Watson, who were married in a small family ceremony Wednesday afternoon at United Presbyterian Church by the Rev. C. Paul Russell. Mrs. Watson, the former Laura McLaughlin, wore an off white knit coat dress ensemble with brown accessories and a pink carnation corsage.

Following the ceremony a small reception was held in the Orville Sherry home with Mr. and Mrs. Louis Schmeltz, Neligh, assisting. Guests included Mr. Watson's son-in-law and daughter, Mr. and Mrs. Richard Beier and Matt, Wayne, and the bride's family, Mr. and Mrs. Dan Sherry and Mr. and Mrs. Orville Sherry and Jan, Wayne; Mr. and Mrs. Schmeltz and Becky, Neligh; Mrs. Don Sherry, Laurel, and Mr. and Mrs. Jack Sausser, Randolph.

Lose Twelve Pounds of Blue Swinging TOPS

Blue Swinging TOPS Club met last Monday evening with six members. Total weekly loss was 12 3/4 pounds, with the weekly record showing a 4 3/4 pound loss. New officers were elected. Mrs. Betty Ulrich was hostess.

TAKING PART IN RNA'S 75th anniversary last Tuesday afternoon were (left to right) Hattie McNutt, orator; Fanchen Banister, recorder; Wallace Brubaker, Norfolk; Mrs. Brubaker, who was awarded a 50-year pin; and Mrs. Vera L. Richling, state supervisor.

Local RNA Camp Marks 75th Year

Camp 207 of the Royal Neighbors of America observed its 75th anniversary following the business meeting Tuesday afternoon at the Woman's Clubrooms. Twenty-three members and four guests were present.

Oracle Hattie McNutt opened the meeting and introduced State Supervisor Vera J. Richling of Neligh, and read a list of members who had belonged to the local camp for 40 years or over. Pearl Brubaker, Norfolk, was presented a 50-year pin. Lucrella Jeffrey, Wayne, who has been a member of the camp for 66 years, was unable to attend.

The local camp was organized in October of 1895, and now has a membership of 510, with members scattered over most of the 50 states. Dues are even received from several members on U. S. military bases overseas. A two-tiered anniversary cake, decorated in Royal Neighbor colors, purple and white, was served by Luella Hansen and Kathleen McGuigan.

Observe Anniversary At Card Party Sunday

Mr. and Mrs. Jess Truby Sr., Laurel, observed their golden wedding anniversary last Sunday with a card party at the city auditorium. Cards were played at 15 tables, followed by lunch. Hosting the event were the couple's children, Jess Trubys Jr., Gretta, and Keith Owens, Carroll.

Ken Carlow Will Play At Club Dinner Dance

Music for the Wayne Country Club's March 14 dinner dance will be furnished by Ken Carlow of Bloomfield. Cocktails will be served at 6:30 p.m. with dinner following between 8 and 9. Committee chairmen are Mr. and Mrs. Jim Thomas.

Laurel Bears Purchase Ticket to State Cage Tournament

By Norvin Hansen
Working together like the parts of a well oiled machine, the Laurel Bears bought a ticket to the state basketball tournament this week with a sparkling show of offensive and defensive prowess in Friday's Class B district finals at Norfolk.

The Bears—much a duplicate of last year's strong team which suffered a defeat to Scribner in the district finals—put together probably the best game of the season in rolling to the 85-57 win over Creighton. It took them the first quarter to get rolling, but after that the outcome was never in much doubt in spite of the game effort turned in by Creighton, a team which chalked up a reputable showing for itself its first year in Class B competition.

The Bears seemed bound and determined not to permit any duplicate of that defeat in last year's finals. By midway in the second quarter, the Bears started taking command of the game and never let up from then on.

The victory gives the Laurel eaglers a record of 23 wins, one loss. The loss—a disappointing 87-64 decision to West Point High in the Husker Conference play-off—has to be forgotten with Friday's victory. That win makes this the first Laurel quintet to take the road trip to Lincoln in over 40 years. As far as anybody can remember, the last Laurel team to take part in the state tourney made the journey in the late 1920's.

The ticket should be especially pleasing to Larry Moore, highly successful coach of the Bears for the past several years. And it should make all the Erwins and the Schroeders around Laurel and Concord mighty happy, for those families have supplied much of the manpower for the Laurel basketball and football teams for the past few years.

That manpower on the basketball court this year amounts to cousins Rod and Steve Erwin and brothers George and Jim Schroeder.

Friday night it was 6-6 Steve Erwin who made up for his inconsistent night of shooting—he hit only 14, far below his season average—by grabbing off rebound after rebound to give the Bears those second shots at the bucket and a chance to display their ability to race down the court on their fast break.

Erwin would start those fast breaks, then hit his cousin, one of the Schroeders or the other Laurel player underneath the basket.

When that fast break started, producing results and when Lau-

Compliments such as these — on winning the district — are probably long overdue as far as Coach Larry Moore of the Laurel Bears is concerned. Moore (back to camera) and Rod Erwin hold the nets from the baskets after the

Bears blasted Creighton in the Class B affair Friday night to finally earn their ticket to the state tournament in Lincoln. The Bears are waiting to receive the trophy for their feat.

rel's press started hurting the Creighton Bulldogs about midway in the second period, the Bears took total command of the game. Leading only by one after the first period, 12-11, the Bears moved out to a 37-24 edge at intermission even though the

Bears were missing close shots under the boards and were losing several rebounds to their smaller opponents.

Laurel zoomed to a 46-26 lead by halfway through the third period as they continued applying pressure with the full court press

and the dangerous fast break. Still stealing passes and scoring heavily on inside lay-ups, the Laurel quintet padded the lead to 58-32 by the period's end.

Then the chanting started about three minutes into the final stanza and with the Bears holding an

insurmountable 70-35 lead. First the chant was that the Bears were No. 1, then it turned into a chant about heading to state. And all the while the Bears were almost professionally doing away with the Creighton squad, rolling to a huge lead of 79-40 before substitutes started making their appearance.

The Bears moved into that championship contest with convincing wins over West Point Central Catholic, 69-46 in the district opener, and Oakland-Craig, 81-61 in the second round. Laurel, leading by only 19-14 after the first period, blasted away for 33 points to Oakland-Craig's 10 in the second period to roll up a strong 52-24 lead at intermission in Wednesday's contest. After that, it was only

a matter of time until the final buzzer even though Laurel's opponents outscored the Bears by 17-10 in the third period to trail

by 62-41 going into the last quarter.

Laurel pumped in 19 points while holding Oakland-Craig to 20 in the final period to earn the shot at the district trophy and a trip to state.

Turning in fine scoring performances in those two victories were 6-3 sophomore George Schroeder with 24 points against Oakland-Craig and 20 against Creighton. His 6-0 brother, a senior, contributed 21 points in Friday's win, nine in Wednesday's. Steve Smith, a 6-0 junior who has improved steadily during the season, had one of his best nights of the year when he scored 17 against Oakland-Craig. Friday night he tallied seven corners. Rod Erwin, the other six-footer who is seeing his last year of prep action, came up with 13 points Friday, nine Wednesday.

State Cage Tourney To Get TV Coverage

Two television stations in Lincoln — KOLN and KGIN — will provide live color coverage of three of the four Nebraska state high school basketball tournament finals Saturday, March 14.

Sports director Tom Hedrick and University of Nebraska Head Basketball Coach Joe Cipriano will announce the games starting at noon, live and in color from the University of Nebraska Coliseum.

The schedule for the games: — Class D: Noon. — Class C: 1:45 p.m. — Class B: 6:30 p.m. — Class A: 8:30 p.m.

The Class A game will originate from Omaha.

Bushy-tailed wood rats, commonly called pack rats or trade rats, are found in Nebraska in the Pine Ridge, parts of the Wildcat Hills, and in rough breaks and rocky areas along the North Platte River as far east as Garden County.

2 Cats Named to All-District Team

Wayne State, the team which swept to the NAA District 11 title for the third straight year in a row last week, placed three eaglers on the All-District 11 team.

Making that team were seniors Dave Schneider and Bill Goodwin. They joined Arthur Allen of the University of Nebraska at Omaha, Alan Gissler of Doane and Rick Koch of Hastings.

Schneider, a 6-9 product of Blair, is a four-year letterman who led the Wildcats with an 18.7 scoring average. He hit about 55 per cent of his shots from the field. Against Chadron he hit a career high of 32 points, but then came back in the 123-73 romp over Hastings to score 37 for a season high for his squad.

Goodwin, Wayne's Athlete of the Year, is a Lawton, Iowa, native. He led the district in free throw shooting through much of the season. He also averaged 13 points a game, third high for the Wildcats.

Named coach of the year was Bob Hanson, first year coach at the University of Nebraska at Omaha. He took the Indians to a 16-10 season and titles in the Plains Division and the Rocky Mountain Athletic Conference Championships.

Voting on this year's selec-

tions were the coaches at the member institutions — Kearney, Peru, UN-O, Hastings, Doane, Dana, Concordia, Midland and Wayne—and the three affiliate members — Hiram Scott, John F. Kennedy and John J. Pershing. Allen, the guard from UN-O, was the state's leading scorer this year, hitting his high mark of 42 points against Emporia State to help maintain his 25-point average. Doane's Gissler is a 6-9 cager with an 18.5 average this season. Koch, only 5-10, pumped in an average of 13 points a game this season.

St. Mary's '5' To Defend Title In Dixon Meet

Defending champion Wayne St. Mary's grade school basketball team will square off against cage teams from Hoskins, Jackson, Hubbard, Wynot and Dixon in the annual Dixon invitational grade school tournament next week.

The tournament, being directed again this year by Bill Garvin, will be held Tuesday, Thursday and Friday evenings in the Dixon auditorium. Tickets will sell for 25 cents for grade school students, 50 cents for high school students and 75 cents for adults. Last year's tourney drew a capacity crowd on the final night.

The opening night games include Jackson vs. Hubbard at 7 p.m. and Wayne St. Mary's vs. Hoskins at 8:15. Next Thursday's games include Wynot vs. the winner of Tuesday's first game and Dixon vs. the winner of Tuesday's second game.

Consolation games for the losers of the first two nights of action will also be held on Friday evening before the championship games. Trophies will be handed out to the winning squads and trophies will be given to the best cheerleading squads.

Last year the team from Wayne knocked off Hoskins in the finals game of the affair.

The Catholic youngsters took part in a tournament at Jackson over the weekend. They got by Dixon, 21-11, in Thursday's first round of play. Other teams in the tourney included ones from Sioux City and Hubbard.

Allen Teacher Picked For Track Assignment

Chairmen were named but sites were not determined for the coming high school district track meets at a meeting of the Nebraska School Activities Association last week. The district meet determines the qualifiers for the state track meet.

Included among the chairmen for the Class C affairs are Harold Peterson of Allen and Jerry Journey of Plainview. Boyd Blomkamp of Pierce, a Wayne State graduate, was named one of the Class B chairmen.

This is the latest group of youngsters Wayne High's Don Koenig (back row, right) took through the wrestling season. The varsity squad racked up a total of six victories and four defeats in dual meets. Also included in this year's record book was the first-place showing in the Husker Conference tournament and the sending of three grapplers to the state meet at Lincoln. Helping Koenig this season were assistant Larry McClure (back row, left) and Jim Malesch (middle row, left), a student teacher early in the school year.

1969-70 Wayne High Wrestling Squad

Wayne High's Dick Nelson took this group of basketball players through the 1969 season and came out with a record of five wins and 13 defeats. The squad got knocked out of the district tournament at Norfolk by Pierce, a team which the Blue Devils handed a 65-55 defeat earlier in the season. Front row, from left: Todd Bornhoff, Mike Creighton, Rod Cook, Randy Helgren, Mike Biltoff, Breck Giese and student manager Jim Stevenson and Lynn Gunderson. Back row: Coach Nelson, Dick Tietgen, Terry Ellis, Ted Armstrong, Les Echtenkamp, Don Mau, Lonnie Biltoff, Dan Sutherland and student manager Tim Sharer.

Cats Draw Guilford in NAIA Fracas

It will be senior experience matched against a sophomore-freshman loaded team when Wayne State goes against its first-round rival, Guilford College of North Carolina, in the NAIA National Basketball Tournament at 11:15 Tuesday morning. Wayne has the veterans with seven seniors and a freshman among its front-line forces, and most of the veterans will be playing their third national tourney. Guilford, seeded eighth in the meet, lists one senior, two soph-

omores, two freshmen on its regular starting lineup, plus a junior and a sophomore as the other regulars. Playing in the Carolinas Conference, which regularly has several ranked quintets, Guilford won its last 26 games in a 29-3 season. It scored at an 87.7 clip compared with Wayne's 82.6, and gave up an average 71.6 to opponents while Wayne yielded 67. Thus Guilford has a slight edge in winning margin at 16.1, matched against Wayne's 15.6 average. Top scorer for Guilford is 6-8

shosh State, Wis., which went on to third place. Guilford has won one of four national games. Wayne is seeking its first tourney win in six appearances—1939-40-41-57-68-69. However, Wayne Coach Dave Gunther and his Wildcats hope this is their year, pepped by the momentum of a 123-73 victory in their district championship finale over Hastings. They have a 23-5 season and 70-12 in the last three years. The Wildcats have depended on balanced scoring, with each of the

four scorers capable of big production any game and the other four also potential threats. Here's how the Wildcats rank statistically: Dave Schneider, averaging 19 points, 8.4 rebounds; Dean Eloson, 14.5 points and 10.1 rebounds; Bill Goodwin, 13.8 and 9.5; Paul Fimmel, 13.2 and 9.5; Jim Merchel, 8.8 and 2.2; Marc Sommerfeld, 4.7 and 1.9; Mick Anderson, 4.2 and 3; Rich McGill, 2.1 and .7; Steve Hoffman, .8 and 1.1; Dennis Slefkes, .9 and 1.1. Comparatively, Wayne and Guilford appear closely matched, with the Carolinians a bit higher in most statistics. However, statistics seldom settle anything, and plenty of highly-rated national tourney teams have been dumped in early rounds. Guilford is a Quaker college of about 1,200 students in Greensboro, N.C.

Overin reports that a total of just over 200 youngsters have turned out so far for this year's basketball program. Any youngsters living outside the city limits can take part in a full year of recreation program offerings by Thursday, Friday and Saturday to championship of this 33rd annual NAIA meet.

Cage Teams Named For City Recreation

Team members for two of the five divisions in the Wayne recreation intramural basketball program have been named by recreation director Frank Overin. Those two divisions—seventh grade and eighth grade—include four teams each. Yet to be named are team members for the other divisions—sixth grade and two high school teams. The youngsters will be playing two games each week against teams in their own division. Overin reports that a total of just over 200 youngsters have turned out so far for this year's basketball program. Any youngsters living outside the city limits can take part in a full year of recreation program offerings by Thursday, Friday and Saturday to championship of this 33rd annual NAIA meet.

Fischer, Van Cleave Lead Wakefield Meet

Leading the mixed doubles division in the city bowling tournament last week in Wakefield were Jean Fischer and George Van Cleave with a 1,218 score. Trailing at 1,186 in second place were Shirley Preston and Sid Preston. Men's doubles leaders were Gene Swanson and Harold Fischer with 1,184, followed by Kenneth Gustafson and George Van Cleave with 1,158. Maurice Johnson with a 631 led the men's singles division. Richard Fischer's 603 was good for second place in that competition.

Winside School Personnel Plan To Attend Meet

Representatives from Winside plan to attend regional seminars Wednesday and Thursday which are designed to acquaint public school board officials and school administrators with the Uniform Budget Act (LB1433) passed by the Nebraska Legislature.

The Nebraska State School Board Association in cooperation with the Nebraska Tax Research Council, Inc., University of Nebraska Extension Division, State Auditor and the State Department of Education are sponsoring the information sessions.

Seminars are scheduled Wednesday at Pierce and Thursday at Pender. Some of the Winside school board members and school administrators plan to attend one of the two meetings.

Firemen Hold Meet To Elect Officers

Members of the Carroll Volunteer Fire Department met Tuesday night in the new fire hall and elected officers during the monthly business meeting.

Officers elected were as follows: Harry Nelson, president; Harold Loberg, vice-president; Howard McLain, secretary and treasurer; Jack Kavanaugh, fire chief; and John Pautsen, assistant fire chief.

It was decided to set the regular meeting date for the second Tuesday of each month.

Farm Home Damaged

While the Vermont Nelson family was gone from their farm home two and a half miles south of Carroll for approximately one and a half hours Wednesday evening, a vandal or vandals managed to tear up a portion of a white board fence in the front yard and then, using the board, broke out a window and storm window on the north, and two windows and storm windows on the east side of the home.

It is thought that Nelson's sizeable dog may have, upon hearing the noise, chased the person or persons off the property. There was a footprint left near the fence.

The Wayne County Sheriff's office is investigating.

Sophomores Tested. At City Auditorium

Wayne High School sophomores assembled at the city auditorium Wednesday where they took the Differential Aptitude Test administered by Ken Carlson, high school guidance counselor.

The exam differed from an achievement test in that it is not designed to reflect accomplishments in school subject matter, but rather the ability to learn in various areas, Carlson noted. He said the test is designed to indicate capability for learning in the following areas: verbal reasoning, numerical ability, abstract reasoning, clerical speed and accuracy, mechanical reasoning, space relations and language usage.

Carlson said the test results will be returned to the guidance department later this spring from the company issuing the exam. Each sophomore will then be given the results and an explanation sheet indicating how the results might be interpreted.

Library

(Continued from page 1) An initial list of documents to be ordered is being prepared now, Current said, but additional titles can be ordered later as requests come to the library.

Approval of Wayne State for the depository followed an application several months ago, plus endorsement by Nebraska Senator Carl T. Curtis. Senator Roman Hruska also assisted in the sponsorship. The Wayne depository is the first designated through a senator, Current said. (Other similar depositories at colleges have been endorsed by congressmen.)

Beards

(Continued from page 1) tons for \$1 each in order to help finance the development of the small roadside park at the site of the landfill on South Main Street. The name of that roadside park, if the Jaycees can get the job done, will be "Centennial Park."

More information about the deadline for beginning a beard will be made public after those buttons arrive. Also, the Jaycees are waiting to hear from other groups in the city and county to see how they can work together to make the celebration more successful.

Danny Liska, native of Niobrara, got acquainted with a parrot and parrot during a stop-over on his trip through South America. Liska and his wife will tell of their adventurous trip from "Alaska to Argentina" March 15 at the city auditorium beginning at two o'clock. The one and a half hour show narrated in person by Liska, is sponsored by the local chapter of the Frisk Water League. Tickets are available from any like member or at the Morning Shopper. Advance tickets for adults are one dollar; 75 cents for those in grade or high school. Tickets at the door will be slightly higher.

Winside Seniors Act Like Angels For Class Play

Angels are ascending and descending these days for Winside High School seniors as they start rehearsing for their class play called "Down to Earth" written by Betty Knapp. Presentation of the comedy-fantasy is slated for eight o'clock in the city auditorium on April 3.

Directing the play are Mrs. Doug Trampe, instructor, and Kirt Schellenberg, a senior. Mrs. Lois Bertsch is set director.

Cast members are as follows: Carol Wagner as Agnes, an angel; Stanley Nathan is another angel named Wilfred; Steph Carlson will play the part of Pilon, a mischievous angel; Jo Ann Westfall plays Augusta Applegate; Marilyn Stevens will act the part of Diana Clump; and Diane Bruggeman is Orpha Teal.

Others in the cast are Donne Bruenger as Ruthie Teel; Debbie Peter characterizing Millie

Fish Pond Owners Invited to Meeting

The possibility of increasing recreational water resources in Cedar, Dixon and Dakota counties will be discussed during a coming meeting at the Northeast Station near Concord.

The meeting, to which are being invited fish pond owners in the three counties, will begin at eight o'clock Thursday evening. Sponsoring the meeting is the Dixon County TAP Committee. The committee, composed of Roy Stohler, Dale Krause and Bill Vost, has for some time recognized the need for more recreational development in the area. The meeting is open to the public.

Robert LeMaire, Soil Conservation Service biologist from Lincoln, will conduct the meeting and will discuss such items as fish, stocking, rates, weed and algae control, recreation development potentials and general fish pond management.

Business Notes

Wayne Speece, Neighbor Lady on BAAA in Yankton, will be at Brittelli's and Most's Super Saver Store in Laurel all day Friday. The live radio broadcast from the store will begin at 10 a.m.

Police Check Thefts And Two-Car Mishap

Wayne police were notified Saturday morning that intruders had entered the home of Arline Ulrich in Wayne and stolen approximately \$60 in cash by forcing open a filing cabinet.

Earlier in the week on Thursday, officers investigated an accident in the 100 block on West Third Street. About 5:35 p.m. a 1955 Oldsmobile driven by Kathleen Thorbeck of Wayne was backing up, according to the police file, when in collision with a 1969 Ford driven by Mrs. Eldin Roberts, also of Wayne, who was eastbound on Third.

Friday, police were informed that someone had stolen a tape player and four tapes from a vehicle parked in the 900 block on Circle Drive. The equipment belonged to Michael Collins of Omaha.

Officers were called to "The Place" around 11:14 p.m. Friday when told there was a fight there.

Clark Banister Services Held In Wayne Friday

Funeral services for Clark Banister, Wayne, were held Friday at the First Baptist Church, Wayne. Mr. Banister died March 3, 1970 at the Wayne Hospital.

The Rev. Frank Pedersen officiated at the rites. Mrs. Frank Pedersen furnished music. Songs were "Beyond the Sunset" and "Precious Lord 'Take My Hand.'" Pallbearers were Richard Sorenson, Carlos Martin, John Beam, Donald Pippitt, Donald I. Johnson and Don Goeden, buried in Greenwood cemetery.

John Clark Banister, son of John and Innis Banister was born Nov. 16, 1889 at Wayne. He grew up and attended the rural schools in this community. He married Laura Taylor April 19, 1922 at O'Neill. He farmed in the Wayne vicinity all his life. He was preceded in death by his parents, one infant son and one sister. Survivors include his

widow; four sons, John, Albuquerque, N. M., William of Las Animas, Colo., Donald, Denver, Colo., and Hayes of Wayne; four daughters, Mrs. Paul Warren, Big Spring, Texas, Mrs. Dan Torres, Los Alamos, N. M., Mrs. Eugene Anderson, La Mesa, Texas, and Mrs. Elmer Burkhardt, Dodge City, Kan.; one brother, Dick; two sisters, Blanche and Grace Banister, both of Wayne and nineteen grandchildren.

Mrs. Merchant, only the second person to file for the school board, is married and currently holding a bookkeeping job in her husband's gasoline station business. A native of Yankton, she moved to Wayne about 24 years ago. She is past president of the Women's Society of the First United Methodist Church and held a job as a Sunday school teacher for about 23 years. She has also served as the president of the Wayne Music Boosters. The Merchants have two children: Paullette, a junior at Wayne State, and Joan, a junior at Wayne High.

One More Reminder About Open House

Don't forget, the West Elementary School in Wayne is holding an open house for the public this Tuesday from 7:15 to 9 p.m. Parents and interested people are extended an invitation to attend the open house.

The school will not have guided tours for conducting visitors through the school as is sometimes done in the other school buildings. Visitors should feel free to roam through the school, visiting with teachers and looking over displays of students' work. Coffee will be served in the main office area.

Wayne Church Youths Go to Norfolk Rally

Twenty-four youths met at the Wayne Assembly of God Church Monday evening for supper and then traveled to Norfolk where they attended a "Speed the Light" goal-setting rally at the assembly of God Church.

Other towns represented at the rally were South Sioux City, Pender, Walthill, Blair, Fremont, and Norfolk.

The Christ's Ambassadors youth group from Wayne were awarded the sectional banner for having the largest representation present.

Another similar rally has been set for April 4 at Fremont which will include a talent search as part of the program. Youths from the Assembly of God Church in Wayne plan to attend and participate in the talent entries.

OH NO!
What happened to my beautiful roast?

I know I set that oven on "warm" when I left... but those crummy coils must've stayed hot too long again. How the heck can anybody expect a working girl to be a good cook if she can't have a low temperature gas oven? The only thing it burns is a little gas.

Winside Pupils Enter Contest

Seventh and eighth grade students at Winside are participating in the Wayne County Soil and Water Conservation District essay and poster contest presently underway. The contest is intended to develop motivation in the student to improve air and water pollution projects.

The Winside Public School, Wayne Public School and county rural schools will compete among students in their own schools for awards.

A five-dollar first place, three-dollar second place and one-dollar third place award will be presented to winners of the essay and poster contest in each school.

Contestants are to have projects completed by Mar. 27 to be eligible for judging.

Student Art Exhibit On Display at WSC

The Winnebago Tutorial Project at Wayne State College is sponsoring an art exhibit of oil paintings, drawings, sketches, and three-dimensional works in the lobby of the Val Peterson Fine Arts building starting today, according to Francis Moul, tutorial director.

All of the exhibits were created by Winnebago high school students and will be on display, Moul said, through Mar. 19. The building is open all day Monday through Friday for those who would like to see the exhibit.

Moul noted the artistic creations have been popular throughout the area. They were displayed at Macy during an Indian commemoration week recently and at an annual art show at Winnebago. From Wayne the show will go to Morningside College in Sioux City.

The art works are bold in colors and themes, with modernistic and abstract forms. The high school art teacher for the Winnebago students is Jon Vandail.

Director Moul said the public is invited to view the exhibit.

Cadet David A. Peterson, son of Dr. and Mrs. I. E. Peterson, Wakefield, has been named squadron appointment clerk with the rank of cadet staff sergeant at the U. S. Air Force Academy.

The cadet, a member of the class of '72, was selected for his leadership abilities and excellence in academic and military performance.

He will be commissioned a second lieutenant and awarded a BS degree upon his graduation from the Academy.

Cadet Peterson is a 1968 graduate of Wakefield High School where he was a member of the National Honor Society.

U. S. Air Force Major Eugene E. Mitchell, son of Mr. and Mrs. Ernest H. Mitchell of Allen, has been decorated with his second and third awards of the Air Medal for air action in Southeast Asia.

Major Mitchell, who served as an air targets officer at Udorn Royal Thai AFB, Thailand, was cited for his outstanding airmanship and courage in successful and important missions completed under hazardous conditions.

He was presented the medal during ceremonies at Bradley

University, Peoria, Ill., where he now serves as an assistant professor of aerospace studies with the Air Force Reserve Officer Training Corps detachment.

The major, a 1945 graduate of Allen High School, received an AB degree from Wayne State College and a BS degree from Arizona State University and is a member of Alpha Phi Mu. He was commissioned upon completion of Officer Candidate School.

His wife, Lois, is the daughter of Mr. and Mrs. Edward Jenkins of Presque Isle, Maine.

First Lieutenant James D. Kunzman, son of Mr. and Mrs. Joseph J. Kunzman of Wakefield, has graduated from a U. S. Air Force special training course for F-100 Super Sabre pilots at Luke AFB, Ariz.

Lieutenant Kunzman, already a qualified pilot, is now "combat ready" in the supersonic jet fighter.

The lieutenant, a 1963 graduate of Wakefield High School, received his BA degree in 1968 from the University of Nebraska and is a member of Theta Xi.

He was commissioned upon completion of Officer Training School at Lackland AFB, Texas.

His wife, Carolyn, is the daughter of Dale E. Anderson of Wakefield.

Cadet Robert E. Nedergaard, son of Mr. and Mrs. Gordon M. Nedergaard of Wayne, has been named to the Commandant's List at the U. S. Air Force Academy.

The cadet, a member of the

class of '72, was selected for his outstanding military performance. He will wear a silver wreath designating the honor accorded him by the Academy commandant of cadets.

He will be commissioned a second lieutenant and awarded a BS degree upon his graduation from the Academy.

Cadet Nedergaard is a 1968 graduate of Wayne High School.
