News Coverage Halted -

Wayne State College has been hit by another rash of both threats. However, there has been othing in The Wayne lierald about the latest threats. For the reason why, turn to the editorial titled "Coverage of Bomb Threats" in this issue of The Herald.

Council Denies Parking Requests

Two more petitions by residents of the city wanting the parking regulations in front of their homes changed falled to persuade the Wayne city council during Tuesday night's meeting. The petitions, concerning West 13th Street between Douglas and Sherman in the northwest part of the city and Wayside Lane in the east, asked that the city remove the parking restrictions in the two areas to "allow people to park their cars on the streets during late evening hours. Twenty-six people had signed the petitions, 10 in the 13th Street area and 16 in the Wayside Lane area.

The council, in denying the request for the removal of the present parking restrictions, followed the recommendation of the

whicles helps the city clean the streets and remove snow, and that tenants in R2 areas must be provided off-street parking by the owners of the property.

Two weeks earlier the commendation of the committee, turned down three requests that parking restrictions be removed. Those areas: 12th to 11th Street on Sher man and Sher man to Lincoln on 12th in the northwest part of town. Eighth between Douglas coin on 12th in the northwest part of town, Eighth between Douglas and Lincoin in the central part and Dearborn between Fourth and Fifth in the southeast. The petition process of getting parking restrictions changed in various parts of the city was agreed upon by the council after

lowed the recommendation of the streets and alleys committee, which had noted that ample park-For Parents Stärt Today

The meeting, which will be held at the Wayne Country Club, will begin with registration and social hour at 5 p.m. Dinner is scheduled for 6 and the program Prince of a national implement manufacturer, will talk on the problems cities and town ser facing with sanitary landfills. A representative for 12 states, he Is a specialist on the subject of how specialist on the subject of how cities can create landfills.

\$1,000 Reward Offered for Caller soon as possible.

A \$1,000 reward for information leading to the arrest and conviction of those making the bomb threats at Wayne State College has been okayed by the Wayne city council. The college has been bothered over the

The college has been bothered over the past couple weeks by several bomb threats, the latest coming Monday night when two were phomed in.

In making the offer of the cash reward, the council agreed that any information given would be held in strictest confidence and would not be divulged without the permission of the person glying it.

The reward covers cases of bomb threats at the college or at any other private or public building in the city.

Anybody with Information about those bomb threats should contact either the city police, council officials of the college as

soon as possible.

Earlier this year when several fire bombs were thrown into college buildings, several businessmen got together and offered a \$1,000 reward for the arrest and conviction of the person responsible for those acts. The reward has not been collected, The city council agreed when they voted to offer the reward that the city should become involved in trying to halt the disrupting calls.

"I hope we will have to fork over the \$1,000," said fent liall, Wayne mayor.

The two news sources in Wayne, Radio KTCH and The Wayne Herald, have agreed not to report any future false bomb threats.
The declasion was made in an attempt to help law enforcement officials in finding the caller or callers.

Food Additives
Any homemaker who shops carefully and reads lables will know that food additives are present in most foods bought at today's supermarket. A food additive is a substance other than a basic food stuff present in food as a result of production, processing, storage or packaging.

Man has used food additives for many generations, salt and spices being among the first used.

Food products which are ship-

bacteria.

Emilsifiers, another group of additives, make a stable suspension of fat and oll with water. This is very important in the production of salad dressings, chocolate and ice cream.

Color additives may be natural or synthetic. These compounds give many foods desirable color.

tural or symmetric. These control of symmetric in a symmetric flavor additives can also be natural or symthetic. Flavor additives are becoming more important with the increasing population of the world. Because of the large population, there are not enough natural products for everyone. For example, a city the size of Syracuse, N. Y., can use the entire supply of natural strawberries in just three months. Therefore symthetic flavors are important.

Although additives may add pennies to food costs, they do improve the keeping qualities, appearance and flavors of to-day*e-food-products.

To Hold Supper -

Watefield United Presbyterian Women's Association are spon-soring a chicken and pie supper Tuesday evening, Nov. 17 at the church. Serving will begin at 5:30 p.m. The meal is \$1.25 for adults and \$.75 for children.

Patti Mason, daughter of Mr. and Mrs. Robert Mason, Lauret, returned to Omaha Oct. 31 from a week-long bus trip to New York and Washington, D. C. with the United Nations Travel Seminar. The group of 79 Nebraska youth, who were sponsored by the United Methodist and United Presbyterian C hurches of Christ, was accompanied by 12 adult sponsors. The group met Cet. 23 in Lincoln for the trip and reached Chicago in time for breakfast and a three-hour layover. They arrived in New York Sunday morning, where everyone attended the church of his choice. Patti attended the Marble Collegitate Church, where norman Vincent Peale was speaking. The remainder of the dây was spent sightseeing at Wall Street, the Status of Liberty, Chinatown and Green-

Jerry Starks Wed Nov. 5 In O'Neill Church Rites

In 8 p.m. rites Nov. 5 at the O'Nelll Lutheran Church Mary Jean Thompson, daughter of Mr. and Mrs. George Thompson Sr., Laurel, became the bride of Jerry K. Starks, son of Mr. and Mrs. Gordon K. Starks, Concord. Pastor Pearson, O'Nelll, officiated at the single ring ceremony and Mrs. Pearson furnished the music. The bride was given in marriage by her father. Honor attendants were June Starks and John Starks, both of Concord. The bride wore a white dress, and veil and Miss Starks wore a purple-plaid. Both had orange and yellow daisies and munns.

For her daughter's wedding Mrs. Thompson chose a navy blue dress. Mrs. Starks also wore navy blue, and both had daisy and mun corsages.

Mrs. Pearson, O'Neill, served as hostess to the 8:30 p.m. reception for 25 held at the church. Mrs. Thompson assisted with the serving.

ception for 25 held at the church. Mrs. Thompson assisted with the serving.

For her going away ensemble the bride chose a yellow street length dress, complemented by her dalay and mum corsage. The couple took a wedding trip to Lincoln and Springfield, and will make their home in Laurel, where the bridegroom is employed by Laurel Co-op. The bride, a Laurel High School graduate, is also employed in Laurel.

WSC Student Becomes October Bride Of Allen Wavrunek at Verdigre Church

Of Allen Wavrunek, Mr. and Mrs. Allen Wavrunek, who were married Oct, 24 in 2 p.m. rites at Verdigre United Methodist Church, will be making their home south of Verdigre where the bridgeroom is engaged in farming. The bride, a senior at Wayne State College, is presently student taaching at Bloomfield.

Mrs. Wavrunek, nee Irene Ruzicka, is the daughter of Mr. and Mrs. Wabrunek, verdigre. The bridgeroom is the son of Mr. and Mrs. Leonard Wavrunek, also of Verdigre.

The Rev. Robert Favre, Plainview, officiated at the ceremony Mrs. Rom Walton, Verdigre, sang

Mrs. Ron Walton, Verdigre, sang "O Promise Me," and "The Lord's Prayer," accompanied by Mrs. Dean Frank, also of Verdi-

gre. The bride, who was given in

marriage by her father, was attended by Cheryl Becker, Center, maid of honor, and Mrs. Robert Ruzicka, Verdel, and Mrs. Lawrence Vesely, Norfolk.

The bridegroom's attendants were Dean Wavrunek, Verdigre, best man, and Robert Ruzicka, Verder, and Arnie Rohrer, Winnetson, groomsmen. Candles were lighted by Diana Huzicka, and Pam Wavrunek, both of Verdigre, David Ruzicka, verdigre, and Jim Montgomery, Norfolk, were ushers. Ronnie Marshall, Niobrara, and Curtis Randa, Verdigre, were ringbearers. A reception for 200 guests was held following the ceremony at the fellowship hail.

Wondering About Christmas Cards?

HERE ARE A FEW TIPS FOR YOU.

Wayne Book Store and Office Products has the largest selection of Christmas cards to assure you the 'right' card — religiuos, humorous, traditional.

But I want my Christmas cards personalized — can I get them there ℓ

Of course — Wayne Book Store can provide you with any type card you wish — beautifully imprinted with your name or names, just the way you want them.

Doesn't it take a long time for personalized cards?

Quite the contrary — Wayne Book Store can provide you with beautifully imprinted cards in one day. Because they do the imprinting right in the store.

You keep referring to 'imprinted' cards -- don't you mean 'printed' cards?

No, imprinted cards are quite different from printed cards. A special heat process is used to imprint your name on the cards.

What about variety — I don't want my cards to look the same as everyone else's.

Wayne Book Store has 16 different styles of imprinting and 8 different colors, assuring you of the combination that is sure to please you.

Aren't the cards expensive when they are imprinted?

Not at all, you can have your cards beautifully imprinted only 50c per box when purchased at the Book Store.

Care of Deer Important

Proper field care of deer baged by hunter's nearly always means the difference between tasty ventson on the table and park Commission.

But this year, with new requisitions of very ring the state's meat processing plants, field care will be doubly important, according to the Commission. Deer that donot receive proper care in the field cannot be handled by any licensed processing plant, according to regulations, for the processing plant, according to the Commission. Deer that donot receive proper care in the field will not be able to be any licensed processing plant, according to regulations imposed by the Mest and Poulty inspection 'Act passed by the 1969 l'incameral. Therefore, the hunter who, is careless with his saimal in the field will have to cut and package it himself. And, also as a result of copy field. try hispection Act passed by the 1969 Thicameral. Therefore, the Junter who is careless with his animal in the field will have to cut and package it himself. And also as a result of port field care, he risks getting poor quality meat in the bargain.

To, help deer henters in the field, the Commission has prepared a brochure entitled "Field Care for Big Game". A copy has been mailed to each of some 30,000 (frearm-deer permit holders for the coming season.

The brochure includes a checklist of essential equipment, legal

Saturday for nine days as the

As each week of this 1970 football season goes by, there are signs that Notre Dame and Nobraska could be fighting for number one in the country in the Sugar or Orange Bowl on New Year's Day.

Ohio State only won by I7 over Wisconsin while Michigan wacked Illinois, 12-0, More and more there is the likelihood that Michigan could knock off the Buckeyes when they meet Nov. 21. Meanwhile. Texas just about squeaked by Baylor Noturday, scorring all their points in the second period, and while Arkansas has been hurt by injuries, look out for them when they meet the Longhorns Dec. 5.

Last for remiders, that is one week following the Southern Cal-Notre Dame confrontation. There has naturally been a lot of speculation confrontation. There has naturally been a lot of speculation confrontation. There has naturally been a lot of speculation confrontation. There has naturally been a lot of speculation confrontation.

Just for reminders, that is one week following the Southern Cal-Norte Dame confrontation. There has naturally been a lot of speculation concerning what bowl. Vebraska would go to New Year's. Logic has it that they would play whoever is ranked above them when the invitation is issued. However, money is also a consideration as far as the school and the conference is concerned. In the past, the Orange Bowl has paid more than the Sugar or Cotton, due mainly to their higher TV fees, which they receive from CBS. However, we have learned that this year, the Sugar Bowl is trying to get ABC to sweeten the fee pri, which would put them on a par financially with their friends in Miami, This remains to be seen, but it is still fan to speculate. Husker coach Bob Devaney still playing them one at a time, and rightfully so, because Lynn Dickey and company move into Lincoln this coming Saturday. And while Kansas State cannot go to any post-season games because of their probation imposed by the NCAA, by the conference record they still have a shot at the Big Eight tille or at least a share of it if they can knock off Nebraska Saturday.

Nebraska's offense if powerful, explosive and varied, but the defense is going to have to be extra sharp to contend with the purple gang led by master Dickey. When Dickey is, healily, it is hard to find any quarterback in the country who will give ou better game. This Saturday's clash between the Eig Red and the Purple Pride could provide the closest battle Nebraska has had since if all began in early September in Los Angeles.

Local Bowmen Score

Saturday for nine days as the state's fire arm-deer season. Two Wayne hunters—Im Atbeath and Tim Thor – had their on Nov. 22 for nine more days names added to the list of bow- of the sport. The season on the men downing deer this season. mule deer and whitefails will Although the archery fans will continue for the bow hunters have to' put down their bows through Dec. 31.

Wayne State's football Wildcats could look both backward
and forward with good reason
this week-backward at the Saturday victory which produced
several records and forward to
a couple of prospects, one gertain, the other a possibility.
Coaches dight'n need to tell
players to keep footing ahead
instead of savoring last Saturday
aftermoon, 1309 MST, at Scottsbluff, the Wildcats will tangle with
a Hiram Scott team that probably
will be the toughest foe yet.
Before that game, however,
Wayne may know whether it has
an invitation to play in either
the Mineral Water Bowl Nov.
28 or the Boot Hill Bowl Thanksgiving Day. The Wildcats are
being considered for both. The
Mineral Water Bowl is in its
22nd year at Liberty, Mo., the
loot Hill Bowl in its first year
at Dodge City, Kan.
Other teams being considered
for the Liberty game are Concordia, Doane, Arkansas Tech,
Kansas Wesleyan and William
Plenn. The Boot Hill sponsors
are reported looking at Wayne,
Kearnes and Hastings.

Jerry Luedtke 114.
Another Wayne season record fell Saturday when three interpetions raised the Wildeat total to 20 (old mark: 19 in 1965). Defensive halfback Charlie Wendt, sophomore from Ralston, nabbed all three interceptions to make his season total seven. Defensive halfback Doug Radke of Pender may have set a Wayne record, too, when he ran a Southwest kickoff 96 yards to a fouchdown. That's the longest Wayne scoring play in many years, perhaps the longest ever. Hadthe also ran back a Southwest punt 57 yards to score. Both of these returns came before Wayne ran a single offensive play, Several timely blocks helped Radke's superb running.
Southwest scored first, taking the opening kickoff to a touchdown of these superb running.
Southwest scored first, taking the opening kickoff to a touchdown of the plays, the last a 54-yard pass from quarterback have Norell to Mike Culhane. Culhane also tallied the only second-half touchdown on a 56-yard punt return, longer Anderson kicked points on both touchdowns.
Wayne turned a bad break into a good break late in the first quarter. After Jim Clark's-punt was blocked by Southwest, Wayne fullback I Juedtke scooped up the skittering ball and ran it four yards past the scrimmage line. Southwest's next series ended in an interception and 36-yard runsack by Wendt to the Southwest 26. Six plays 1 at er Luedtke southwest 26. Six plays 1 at er Luedtke land of the first Wayne TD, but his second point kick was blocked.
Scoring glory be longed to senior wingback Greg Walker of Manha line second quarter. First te yook a 29-yard pass from freshmaf quarterback leff Olison of Wilmington, III., then a 50-yard option pass from Singleton. The two touchdowns ralsed Walker to a team-leading seven for 42 points. Again Ernest connected the teacurers and the second options. Again Ernest connected on the corresponsions. in a 7-1 season, to Washburn in the second game, and that was a loss that never should have happened, the Wildcat players charaimously agree. Saturday Wayne meets a Scott force which has a 5-2-1 record against strong opposition. Both Wayne and Scott have been stingy on defense, though Scott has a scored fewer points, 138 to Wayne's 223, and given up more points, 138 to Wayne's 67. Scott edged Wayne, 10-0, in the second game of 1969 when the Wild cat's were struggling against numerous problems-in-experience and a new offense the main ones. But this is a new year and as the saying goes, a new ball game.

Wanne owns a potent offense was the saying goes, a new ball game.

42 points, Again Ernest connected on two conversions. —

Three Wayne scoring threats in the fourth quarter ended with interceptions, and the Wildeats halted a Southwest assault late with Wendt's third interception.

with Wendt's third interception.

Freshman quarterbacks Olson and Tim Denham of Cumberland, ia., split time about evenly in the game, giving junior quarterback Marty Goling a chance to let an injured knee heal for let an injured the Scott tussle.

Athlete of the Week

Pflueger

1 A 155-pound speedster off the Wayne High football team carns the latest "Athlete of the Week" prize.

Taking that honor, the last one to be handed out during the regular football season, is Tony Pflueger, halfback for Allen Hansen's successful Blue Devils.

Wearing the familiar No. 14, Pflueger naced 89 yards for a touchdown in the third period against Pierce Friday night to break the back of the Blue Jay defense and start the ball rolling for Wayne's seventh victory in nine starts. The Devils were behind by 13 points, 19-6, at the time of the long scamper and had just halted a Pierce drive which began on the Wayne 23 with a Wayne fumble.

The successful run, a trap play up the middle, was the thing that shifted the momentume in the game from Pierce to Wayne, said Hansen. During most of the second and third periods of play the Pierce team dominated the action and for a time it looked like Wayne would finally fail to Pierce after three straight victories in the annual tussles.

fall to Pierce after three straight victories in the annual tussles.

Coming on the first offensive play after the Devil defense stiffened and held. Pierce at the 11, the play is one of the longest chalked up in West Husker Conference circles this year. It helped Tony rack up a total of 132 yards in 15 totes in the contest against the respected Pierce team. Those 132 yards amounted to over half of Wayne's 207 yards on the ground.

In Friday's contest, the last prep grid contest for senior, young Pflueger was thrown for a five-yard loss and was held three times for no gain. That's a pretty respectable showing against a team defensively as tough as Pierce, He also caught one pass, the first one quarterback. Mike Creighton threw in the game, and carried it for 10 yards before being hauled down.

Tony ended the season with a fine rushing average of 6.5 yards. on. 101 carries. Those 652 yards he cracked through opposing lines for during the season didn't come in easy games — in fact, five of those games were real battles for the local squad: Stanton, Plainview, West Point CC, Laurel and Pierce.

A versattle athlete (he lettered as a freshman and as sophomore and junior in wrestling), he and Creighton were chosen football co-captains a few weeks ago. He was also one of the candidates for Wayne High homecoming king.

Young Pflueger is the son of Mr. and Mrs. Harris

Young Pflueger is the son of Mr. and Mrs. Harris leger, who farm between Wayne and Wisner. _____

Laurel Puts Record, Rank on the Line

The Laurel High Bears took neir perfect record and their anking as the seventh best Class

raiking as the seventh best Class B team in the state into Wednesday's play-off with Scribner to determine sole ruler of the Huster Conference.

Laurel has been rated seventh among the Class B teams for several weeks now and retained the spot after knocking off visiting O'Neill Friday night, 42-8. Scribner, victors over Laurel in the play-off two years ago, was 10th ranked in the state in Class C. The Bears were 9-0 going into the Wednesday tussle, Scribner was 8-1.

Tough Course Awaits WSC Harrier Team

A five-mile run at Omaha's ugged Elmwood Park is next on the Wayne State cross country slate Friday. It probably will close the Wayne harries

Wayne beat Creighton University, 22 to 33, here last Saturday, with Mark Oswald and Paul Faton tyling for first at 26:41 over five miles. Mark Long, Creighton, finished third at 27:27, followed by Ron Keller, Wayne, 27:58; Rich Kitchin, Creighton, 28:29, and Ron Zurowski, Wayne, 28:37. The Wildeat runners won three of five dual meets.

Season Gets Shorter

Scattergunners wanting on e more crack at Nebraska's sharp-talled grouse or prairie chicken had better start making plans, as only a few more days of hunting remains for the 1970 season.

Season. Gunning for grouge closes at sundown on Sunday in the state's Panhandle, Sand IIIIIs and southwest. Scattergunners can expect to put out a bit of effort if there want.

put out a bit of effort if they want to bag birds. This late in the season, grouse are more bunched up and are often quite

spools. Hunters should be pre-pared to see some flocks flush out of shotgun range. In general, hunting pressure on grouse this season has been

out of shotgun range. In general, hunting pressure on grouse this season has been a bit lighter and success about the same as last year, according to observations of game technicians in the field. Proseason surveys showed increased grouse populations in the western part of the state's grouse range, but hunter success there was below last year during the very early part of the season. However, gunners fared better in the eastern part of grouse country early in the season. More concrete data on the grouse season, such as total number of birds taken and the average bag per hunter, will not be known until later in the year when the Game Commission completes a hunter-success survey.

Tuesday, Nov. 18: Men's Club,
Tuesday, Nov. 19: Men's Club,
Tuesday, Nov. 19: Men's Club,
To attend that conference will be

conference scheduled for Wayne State College Nov. 30-bec. 3. To attend that conference will be Deryl Lawrence as a school administrator, Mary Ann Cottrell, as a staff member, Tom Kerstine as a student and Richard Keidel as a community leader. The conference will be a day and night affair, sponsored by the state.

Heard a report from Superintendent Francis Ilaun concerning the problem of getting students through the Seventh and Sherman intersection safely. The state has reported that the number of students using that intersection is great enough to justify installing a push button stop light there. A student was slightly injured at the intersection recently when the crossing guard was not on duty.

Council -

(Continued from page 1)
The council decided to reconsider one of the petitions denied two weeks ago after residents of the area complained Tuesday night that the reasons given for refusing the request were not justifiable. A committee composed of Pat Gross, Harvey Brasch and Darrell Fuelberth will look into that request and will report its recommendation at the next council meeting.

insist on that."

The Rev. Hilpert recalls that all services were in the German-language when he first started preaching to about 100 people at St. Paul's in Winside. The congregation now numbers around 650 in membership and all services are in English as they have been for many years.

Commenting on the Sund ay School which includes 200 youngsters, the pastor said, "I have an outstanding school staff with an average term of service being nearly 10 years. Some of my teachers have been with me for 25 years." "That is the key to my success here," he said, 'having a group of people active in Sunday School."

Looking back over the years, recalling the 1930's, the drouth, sandstorms and tough times, the retiring minister emphasized, "The experience here has been so very pleasant. I really have no complaints. I went through a lot with these folks and they have been through a lot with these folks and they have been through a lot with the services." We have had no big disagree-ments in the parish in the 47

ments in the parish in the 47 years.

During those years of ministering, the pastor has performed more than 200 weddings and preached about 8,000 sermons. He said he has never used the same sermon twice.

During World War II-there were 27 men from the congregation in the military service and two were wounded. The pastor noted that four of the congregation's young men baptized by him have died in Viet Nam.

A highlight in the long-time ministry was the erection and

and dedication of a new church
building in October 1956.

Pastor Hilpert began serving
St. Paul's Lutheran Church in
Carroll in 1955, Both the church
in Carroll and the congregation
in Winside are co-hosting the
open house Sunday.

The Rev. Gerald Gottberg,
Madison, will serve as interim
pastor starting Sunday. The congregation has extended a call to
the Rev. E. A. Reuscher, Sanford Fla., the Rev. Hilpert said,
but will not know for a few days
as to whether he has accepted
the call.

as to whether he has accepted the call.

The Rev. and Mrs. Hilpert are packing this week preparing to move to Paris, Ill. Monday. The Hilpert's daughter and son-in law, Mr. and Mrs. Vonderlage and family of four girls, live in Paris, Ill. The Hilpert's ston, Rodney is serving Christ Lutheran Church in Costa Mesa, Calif.

COOPER FEED

This is our bag

not meat or meat substitutes

Some feed companies spill over into other areas – such as raising meat animals, or more recently, making meat substitutes

That's why we at The O A Cooper Company have stuck to the business of making quality feed. We believe there's something untair about making money selling feed on the one hand, then competing against these same customers by producing real meat or meat substitutes.

Evidently, many farmers, feeders and ranchers agree, because sales of Cooper Feed have increased steadily

STANTON COUNTY FARMS

200 ACRES Northwest of Pilger, Modest amount of work will put house in good shape, Priced to sell. 160 ACRES Northwest of Pilger, Good bottom pasture. Feeding facilities. Very nice all-modern 4 bedroom

home. ABOUT 60 ACRES OF IDEAL DEER HUNTING ROTENTIAL. Located on the South side of the Elkhorn about half way between Pilger and Stanton.

WAYNE COUNTY FARMS

160 ACRES with a fair set of improvements. Has a good feed grain base and established yield. On hard surfaced road, Priced for either the owner operator or the invest. the investor.

160 ACRES with limited improvements. This is on

160 ACRES with limited improvements. This is on the same hard surfaced road and is carrying an even more favorable price tag.

80 ACRES JUST LISTED with a choice low interest loan-that can be assumed—with a modest down payment. This unit has fair improvements and a new deep cased well with a submersible pump. Better have a look at this one as it won't last long with the terms that are available on it.

BEDROOM RANCH with single attached garage. Hot water heating system. Unusually fine kitchen plus a formal dining area. The rooms are all very adequate sided. Choose your own carpets and decorating scheme. RECENTLY REMODELED 2 or 3 bedroom home. This would make an excellent home for a young family. It has a nice lot with plenty of room for the kids to play and for Dad?? to raise a garden.

SEE US FOR ALL YOUR FARM AND HOME PLANNING. WE ARE IN THE BEST POSSIBLE POSITIONTO HELP YOU WITH ANY CREDIT NEEDS YOU MAY HAVE.

Coverage of Bomb Threats

As you may have heard, there have been a couple more bomb.sccres at Wayne State College within the past few days. An unidentified person has made a simple and short telephone call and succeeded in disrupting the lives of iterally thousands of people. As in the previous numerque calls, the bomb threats proved to be hoaxes.

We are completely incapable of understanding the mentality of the person
or persons responsible for these calls.
Is he completely sour on the people who
are running and operating the college?
If so, why make threats which are making
it very difficult for young people to continue their education, something they are
paying dearly for in these times? Is he
angry with some segment on college, some
Iratemity or such - which-rejeeted - thm?
If so, why hurt the numerous other segments on the campus who probably don't
even know of his existence? Or is he,
through some malformed mind, obtaining

a certain thrill and glory through these calls.

a certain thrill and glory through these calls.

We're not certain what the motives behind the calls are. We're sure there are a lot of people who are pulling out their hair in an attempt to read those motives and thereby track down the person responsible.

Since there is a small chance that the person making these calls is gaining something from the publicity the calls receive, The Wayne Herald has decided that in the future the bomb threats will not be reported. We do not like to take this step but if it will belp the situation, we are more than happy to take it. We only hope that happy to take it. We only hope that the authorities are successful in finding the person or persons responsible for the calls, we only hope that justice is meted out quickly. We only hope that institue is meted out quickly. We only hope that institue is meted out quickly. We only hope that if anybody on or off campus has an idea about who is making the calls that they don't shirk heir responsibility in making that in-

heir responsibility in making that in-ormation known, - NLH.

Does A Record Matter?

Namerous people are discovering there is more to life than the immediate moment and that the past carries considerable impact on future plans.

In a day and age when there are usual-paround 10 to 15 people each week who find it necessary to appear before the county judge, there are some who feel its just their luck that turned sour and they got caught. After all, their thinking seems to go, doesn't everyone have to go to court on occasion?

Many do have to go to court on viola-

go to court on occasion?

Many do have to go to court on violation of traffic laws and other charges
and thereafter they have a record.

What difference does it make whether
or not a person has a record in county
court? The charge against the person
makes a lot of difference, of course, but
it is possible that the record may make
the difference in whether or not a company hires a person when there are people
without court records also wanting a job.

A court record also directly affects rates charged on some insurance policies. When a young man enters the millitary service, his court record, if any, is checked, it is not uncommon for millitary men to check with the judge and sheriff regarding local arrests and records involving a youth.

Once a man violates the law and the function of the country of the property of the proper

There have been times when parents have become extremely upset that anyone else should know about family members being booked on a charge. Such people have questioned as to why courthouse records are allowed to be open to the public.

Court records may be embarrassing to an individual in many ways. Does having a record matter? Isn't it better to try to obey the law? — MMW.

He who writes prose builds his temple to Fame in rubble; he who writes verses builds it in granite. — Bulwer-Lytton.

Every great advance in natural knowledge has involved the absolute rejection of authority. — Huxley.

First School Newspaper in Omaha
The year 1861 saw the first newspaper published in the Omaha schools.
Named The Echo of the West, the paper was a compilation of short stories and artifoles written by the students with little regard for the current news category, but very typical of the times. Following are samples of articles found in the paper, a copy of which is preserved in the State Archives of the Nebraska State Historical Society.

Archives of the Nebraska State Historical Society:
Editorial: "We are glad that you take so much interest in the paper and publish your articles for this week with a great deal of pleasure. As our paper is now one of short standing only, we are aware that it contains many faults; by as practice makes perfect, we may look forward to the time when it shall rank with the first in the territory. Asking your for-bearance for all mistakes and imperfections, and promising our support to all-future. Editors and Editresses, we must proceed to business."

proceed to business."

cookies, mush and all the other good things. I think if I can find one who can do all this I will get — you know what, that is, provided she is willing, — an Editor."

Nebraska Winds: "I think Nebraska is the windiest country I ever was in. There are more fires caused by the wind than I expected. It does not do much good to clean houses for the wind blows sometimes three or four days in succession, and it fills the rooms full of dust. When you go down the street, the wind blows

times three or four days in succession, and it fills the rooms full of dust. When you good men the street, the wind blows you nearly away and your eyes are filled with dust so that when you get into the house you look as if you had been crying. We had a large fire here the other night caused by the wind. You can look out almost every evening and see fires on the prairie just beginning to blaze, and as the night comes on its grows larger and you can see the flames blazing up quite distinctly. Well, fire does a great deal of harm, yet we should do but poorly without it.— Woodle McCormick." Slavery: "Let us lift the dark vell which overhangs the poor, deluded-for-one moment. What a world of misery do we see depicted in the life of that poor creature. Look at him when scarce old enough to know his parents form cruelly away from them and sold to harsh, unfeeling men. Born a slave, what an awful fatel it cannot be realized except by those who have felt or are feeling that he is subject to the will of another and had other and man like himself; that he has no right to lione his Savior for Christ dies for the negro as well as the white man. He is to work, and that, too, with-man. He is to work, and that, too, with-man. He is to work, and that, too, with-

Capital News —

For Governor-Elect J. J. Exon getters among GOP-candidates during 18 years as secretary of state, had indicated during the campaign he would be willing to work with Exon II Tiemann failed to

to work

LINCOLN — Make way for Jim Exon.
The Lincoln office supplies dealer is getting ready to move into the Statehouse offices occupied the past four years by Republican Norbert T. Tiemann.
Democrat J. J. Exon startled political observers last week — not so much because he won, since the race had figured to be close, but because he won by such wides mentioned.

because he won, since the race had figured to be close, but because he won by such a wide margin.

The governor-elect described his 54 per cent of the vote (compared with Tiemann's 43.2 per cent and American Party tonginee. Albert. Walsh's 2.8 per cent) as "a victory of mandate proportions."

While his campaign workers still were cheering the swelling returns and Tiemann was filling his concession telegram, Exon was felling newsmen his attention would be turned immediately to ways to make good on a campaign promise to cut state spending.

He said state agency directors would be asked to review the badget requests they had submitted to Tiemann. During the campaign, Exon had promised to "veto, veto" any appropriations which exceeded his idea of a proper spending level.

Tiemann, who left the day after election for a week's vacation said he still would prepare y budget bill for the 1971 legislature's consideration. Exon will do the same.

While Tiemann was taking a post-

Legislature's consideration. Exon win out the same.

While Tlemann was taking a post-campaign rest. Exon set up a headquarters in his firm's building in downtout.

Incoh. He was besieged immediately by persons eager to get on the right side of the governor-elect.

For example, on the day after election, S. H. "Zeke" Brauer, executive secretary of the Nebraska School Improvement Association, was waiting to reach account of the provent of the control of the provent of the control of

chance to see Exon, while University of Nebraska Chancellor Durward B. Varner's office was trying to reach Exon on the telephone.

Speculation arose right away about what changes would be made in the Statehouse offices the governor controls by appointment. Many of the incumbent directors in the so-called code agencies indicated they would have letters of resignation ready to submit if Exon called for them.

nation ready to submit if Exon called for them.

Just how the new governor would itstribute the "spoils" of victory wasn't immediately known. Exon said he didn't want to say for sure right away.

But capitol observers expected Ronald Reagan of Bellevue, who ran as the Democratic Bleutenant governor and lost, would have a job if he wanted one. Most likely, the speculation went, Reagan would be on Exon's personal staff,

Nebraska votere had approved a constitutional amendment which will require he may governor to run on a ticket

stitutional amendment which will require the next governor to run on a ticket with his lieutenant governor with one vote cast jointly for the pair. But the same voters this year elected a Democratic governor and Republican Frank Marsh as lieutenant governor – just the thing the amendment was designed to prevent. Marsh, always one of the top vote-

out any remuneration except, maybe his scanty wardrobe, He must be kept in biliseful ignorance of all that is passing in the world beyond his sphere. Vet, they at that he is happy at night when he drags his weary limbs to rest upon his bed of straw. If he is, it is more than they, the masters, can say for themselves. If they had everything that could pertain to their comfort, the very fact of their being slaves would be enough to make their lives miserable. It is like being bound, fettered with Iron chains. — Lathera L. Griffin."

we also feel that there are other businesses which cause similar problems. If one is going to be cured, the others should be too.) Kalispell, Mont.

Dear Editor Dear Editor:

Am subscribing for your newspaper
for one year. Money order of \$7.50 enclosed. I'm an old timer from back.
there. Tom Shirts was my father and
had the first blacksmith shop along withHenriches as his partner in the 1880's.
We then later moved to Carroll, Nebraska, in the 1890's and had a shop
there.

survive.

He'll have his chance, but there appeared to be a good likelihood that Exon wouldn't rely on Marsh much and that Reagan, or someone else, would be hired to perform the "assistant governor" duties Marsh had hoped to handle.

Only twice before have Nebraskans split the two top state jobs between the parties. Both times Republican Dwight Burney was the lieutenant, governor-once under Ralph Brooks and once under Frank Morrison, each a Democrat.

Morrison, who had served three terms as governor, falled once again to win a seat in the U. S. Senate.

But the Democratic trend which carried Exon to victory helped Morrison throw a scare into Republican Roman Liruska. The final margin was about 31,000 votes – with Hiruska getting 52.3 per cent and Morrison 47.7 per cent. But during the tabulating last week there were times when Morrison was leading and it appeared as if he might be on the verge of an upset even more startling than Exon's.

He'll have his chance, but there ap-

Drasna, in Markettere. My name is Ralph Shirts, age 85 young. I have been out in Montana since 1936. Does Carroll put out a paper? If so, please send me the address.

Ralph Shirts

Ralph Shirts

— (Editor's Note: Sorry, Mr. Shirts,
Carroll doesn't put out a newspaper any
more. But thanks for your delightful letter. There are probably a good many
people in the area who can remember
your family).

Dear Editor:
In the Nov. 2nd Herald I read the
article in regard to the entrance to the
Lil' Duffer feditorial titled "7th & MainBane or Blessing".
As I see it if the east entrance was
closed it would create the same problem
getting out as they have now getting in.
I would suggest a double yellow line from
the intersection of 7th and Main north
past the Lil' Duffer. The south bound
traffic could enter the east entrance
and the north bound traffic could turn
at Seventh and Main and enter the south
entrance. It would eliminate stopping to
cross traffic and goold not interfere with
business.

A Carroll Reader
(Editor's Note: The writer of this
letter has a good suggestion, a suggestion
which we feel would be about as fair
to the owner of the business as possible.
Although we feel that something should
be done to help avoid the occasional
traffic problems at this place of business,

Good Morning Feeders & Hi Mom

Today, nothing light, just expressing angulsh. In late October, Momfort of Treeley was forced toclose their loors and enter first or a grade/yield agreement on some 10,000 head per week with Currler Holman of IBP. The cattlebeing shipped by rail to Valley, work, then trucked to-plants at Dakota City, West Point and Denison. The very instant this news hit he Eastern beef circuit, 700 to 900 weight choice steer beef collapsed \$1 per hundred. Beef under multiple pressures Today, nothing light, just expressing anguish. In late October, Momfort of Greeley was forced toclose their, doors and enter into a grade/yield agreement on some 10,000 head per week with Currier Holman of IBP. The cattle being shipped by rail to Valley, Nebr., then trucked to-plants at Dakota City, West Point and Denison.

Dakota City, West Point and Denison.

The very instant this news hit the Eastern beef circuit, 700 to 900 weight choice steer beef collapsed \$1 per hundred.

Beef under multiple pressures already: 25c pinfeathered-dressed chickens, 15c live hogs, politicians appealing to the consumer for votes, a USA with but 20 per cent of 1959 frozen pork in storage and a closing Chicago market. All was like the wind-puff causing a destruc-

cabinet-and your pocketbook

AUTOMATIC SCOURS TREATER!

big four (Armour, Swift, Cudahy, Wilson).

Momfort bid the representing committee to the full wage rate of the big four ... but withdrawing the profit sharing famounting to a 13 per cent bonus of the total wages in 1969). No dicel thin leaders wanted cake, frosting and all the wrappings.

Check this for your animal's medicine

Pfizer \$1.39 67

Fast-acting Terramycin' for SHIPPING **FEVER**

Pfizer UDDER

In fact, rather than explain to the 992 'wnife' employees about the full Monfort bld when the 20-man committee met they only explained the picketing instructions and schedules.

Fine, 'twas their right, But is it?

The innocent victim is you, the live stock producers. Already shanked into the deep rough for seven months by the lowa Beef-Amalyamated confrontation in 1969-70 at Dakota City, cattlemen now face the threat of sharply reduced prices, through for fault of their own.

With this 10,000 head cushion, the 60 odd aqua-blue double-antenna Batmobiles of IBP buyers might as well trade in for dray horses and wagons. knowledge-buyers now work on strictly a kill out basis (grade / yield) or at mrices well below the hieado

able buyers now work on strictly a kill out basis (grade/sield) or at prices well below the (hicago yellow sheet. Competition, seing IBP) buyers under wraps, also goes into the deep freeze. Without the reasonable bids, shippers were forced to overload the closing Chicago market. High choice and prime lost over two dollars off the top.

So the atomic reactor was set off.

So the atomic reactor was set off.

There are strikes galore. Five plants in East St. Louis, as are St. Joe's largest, L. A., Sioux City and Denver is to catch four plant pressures yet in November. This old bull is getting to be a problem.

Mini-Threshers

What we need are solutions. Here is an offering: No packers, nor unions should be allowed to close, strike or slow down before a 90-day open notice to district cattlemen. The same labor protection

That's the Highest a Hog has been All Year!!

given to railroads and consumers must be rendered to plants and producers. Strikers returned to work, by law during the arbitra-

eise desiting with the cattlemen's proceeds.

Then, cattlemen, to protect yourself in all matters – now and in the future – one lone cowman or the Widow Brown and all the various Association participation and backing, financial as well as moral, must sue for the \$20 loss on one steer.

Part the case would cover the 112 million plus cattle in the \$1.5., or two billion dollars of reparation. Let strikers also accept responsibilities.

How could you do it? What

would it take? Simple: cash and a capable ambitious young attorney who wanted limited money and some day the farm vote. But, if we keep the present pressures, the total farm vote wouldn't beat a write-in candiate for, spitoon polisher at the state edpitol.

A strike is understandable, but not when cowmen are under such extreme pressure!

Don Kubik Initiated Into National Group

Don Kubik of Wayne, Northeast Station area dairy specialist, was one of 12 Nebraska Extension Service workers who were initiated last week into Epsilon Sigma Phi, the national honorary Extension fraternity. The group was initiated during the Experiment Station and Extension Conference held at the Villager in Lincoln Wednesday, through Friday last week. Eligibility for membership in Epsilon Sigma Phi is based on house, Sevin or Diazinon can be 10 years of service as an Ex-Don Kubik of Wayne, North- Yard and Garden Tips

People Ask Us--

QUESTION: We have several cemetery plots which our family no longer needs. How do we go about disposing of them?

ANSWER: Since we don't know the specific com-clery in which you own grave spaces, we will an-swer the question in general. There is always a market for the sale of property in well-managed cemeteries, but many factors determine whether or not they can be sold, and to whom they may be sold.

be sold.

In our cemeteries a deed or other legal conveyance transfers the ownership of spaces. These can
usually be sold but they are subject to the regulations and by-laws established by the owners of
the cemetery Before you try to sell your cemetery
property, be sure to investigate the restrictions
which apply, Contact the cemetery board, or stop
at Wiltse Mortuary and we will assist you in
arranging the sale of your grave sites.

Beef Cattle Beef cattl

Beef cattle remain the bright-est of all agricultural commodi-

Beef Cattle
Beef cattle remain the brightest of all agricultural commodities. The commodities of the properties of the products of the products are products as potatoes and bread go down. Every community is concerned about attracting industry. Our potential for economic growth based on natural resources is most logical for increasing animal agriculture. A review of crop and livestock production in Wayne Country indicates that we are now utilizing most of our feed grain production in finished cattle and hogs. The potential for increase in the state as a whole is from irrigation development. Our potential in this area is limited. Our best opportunity is in the better management and utilization of pasture and roughage with cattle. Some important factors in volved there are increased credit needs for cattle investment and competition for time and management skills as compared to other farming enterprises.

Let's look at the cattle industry from start to finish. Beef

prises.

Let's look at the cattle industry from start to finish. Bee production in general is moving

to war d a three-phase pattern. The first is a cow and calf operation which ends with the sale of we aned calves at about 400 pounds. The next phase is growing the animals largely on roughage to about 700 pounds.

The next phase is the final one where a heavy grain or concentrate ration is fed for 120 to 140 days. At this point we should have cattle weighing about 1,100 pounds and ready for slaughter. In some cases all of these operations may occur on the same farm. There is greater likelihood that the last two phases be combined. The trend now as megitioned earlier is toward a separation of these three phases in beef production.

in beef production.
The growth of large scale thirdphase (finishing lots has been
phenomenal in recent years. Cow
and calf and second-phase growling is better suited to conventional ranch and farm operations.
I believe that these two areas
offer our best opportunity for
meat animal expansion in Wayne
County, Right now in Wayne County we are finishing about 85,000
cattle each year. About 85 per
cent of these are purchased as
calves or feeders.

regarding cattle enterprises.
Ecoromists indicate that the price of grassland in the range country is so inflated that we could be highly competitive. We or nignly competitive. We are now doing a poor job of utilizing our feed potential in fertilized brome grass and crop aftermath.

Beef cows kept hungry will utilize much that would other-wise go to waste, Artificial in-sembation and electric fencing are recent innovations which fa-vor keeping beef cows on general crop farms.

Our silage and hay potential is favorable for the second-phase growing period.

The experts tell us that about 40 per cent of the feed value in a corn crop is left after the grain has been removed. Much of this is now wasted.

As other areas not too distant from us and which are better favored for irrigation develop the demand for feeder cattle may soon exceed the supply.

Like they say in the cigarette V commercials, the cattle busi ry commercials, the cattle business is not for everyone, but do think this is our best opportunity for economic growth and development.

Mr. and Mrs. Robert Thomsen and Mr. and Mrs. Kenneth Vicki, Serving lunch were Steve, Mari-lyn and Chris Kraemer.
