## Gifts Aplenty Awaiting Herald Fans Next Week

The advertisement will be on the outside—the news on the inside—the values up and down the street.

That's the word for the annual George Washington retail promotion in Wayne Thursday through Saturday.

Sound confusing? It's really not.

The front page of next Thursday's issue of The Wayne Herald will be a full-page Commerce advertisement announcing the promotion and explaining how shoppers can easily take home some valuable free gifts.

The news will be on the inside because of that ad on the outside.

How can you make some of those free gifts yours? By making sure you keep hold of Thursday's issue of the newspaper. On that full-page advertisement you'll find a number between one and 500. You take your copy of the paper into the stores and simply match it with the numbers on the gifts in those stores. They're yours. It's that simple.

Those merchants who sell large items such as television sets or refrigerators will give cash discounts on the merchandise they number.

Remember, keep next Thursday's paper handy. That number on the "front page" means free gifts for you.

There will be 7,500 copies of Thursday's paper printed for distribution throughout the Wayne area.

## Youth Club Site Questioned

A considerable number of pros and cons were tossed into an arena of about 30 businessmen, residents and city council members as they met Thursday morning to talk over the city's leasing a building on Main Street for the Wayne Youth Club.

Mayor Kent Hall said he called for the informal meeting in order to get the air cleared on several matters relating to the city council's leasing the building for merely occupied by Bill's Cafe.

The newly organized Youth Club, Hall called the meeting to hear both pros and cons on the subject.

The city council signed a year lease Tuesday night agreeing to rent the building at 306 Main for \$125 a month. Hall said the lease specifically states that the building is for the youth center or for any other legitimate use. That wording allows the council to sublease the building if the youth club disbands or if a retail business wants to move into the structure, he said.

Andy Manes, owner of Andy's Pizza House, said, "I believe in

street, but I don't believe Main Street is the place for a youth club." He said it is completely wrong for the city to use the taxpayer's money to pay the rent and expenses on the building for the youth club. "It is competitive to me and I would be paying to cut my own throat," Manes said. He suggested that the youth center be located in the fire hall.

Another businessman, Larry Turner of Swanson's TV, said he was not against the youth club but that he objected to not putting the building up for rent. He said more retail business is needed in that block because it "is going to rot."

## New Ideas Planned for '71 Show

Several new ideas, including displays of hobbies, will be incorporated in the 1971 version of the Farm and Home Show.

The show, which offers businessmen an opportunity to display their products, is scheduled for the Wayne city auditorium on March 18-20.

Handling the affair this year will be the Wayne County Jaycees.

Anybody who would like more information about the show or who would like to display their hobbies during it should contact either Dick Hamner or Darrell Moore, Jaycee members in charge of the show.

## NFO Group Launches Membership Drive

The Wayne County Chapter of the National Farmers Organization has launched a membership drive, according to Hollie Victor, county NFO president.

Victor said the campaign started a week ago and that every farmer in the county will be contacted and asked to participate in the NFO collective bargaining program.

Norbert Brugger  
**Norb Brugger Named Head of State Group**

Norbert Brugger, superintendent of the Wayne municipal power plant since the middle of 1938, has been named president of the Nebraska League of Municipalities, replacing Don Petersen of Wahoo.

Brugger, who has worked at the power plant for over 34 years, served as president of the group several years ago.

## Snows Going, Racing Coming

Any Wayne area youngsters between 11 and 15 interested in building and racing soap boxes might keep in mind the sign-up meeting for the national soap-box race at Akron, O.

Youngsters who want a shot at that race should sign up at Northrup Chevrolet in Norfolk on Tuesday evening, Feb. 23. The Wayne County Jaycees, who a year ago helped several youngsters enter the race at Norfolk, will provide transportation to Norfolk for any youths who want to enter this year.

## Dance Nets \$2,000

About \$2,000 was collected for the Kidney Aid Fund during the benefit dance at the Wayne National Guard Armory Thursday night.

A total of about 250 people turned out for the affair, making it a very big success, members of the sponsoring group said.

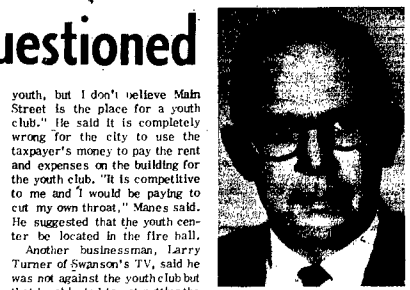

## NEN Feeders Pick Officers for '71

Hobart Bosle of Dakota City was named last week to replace Merlin Holum of Wakefield as treasurer of the Northeast Nebraska Livestock Feeders Association for 1971.

Other officers of 1970 were named for another year of service: John Servino of Waterbury as president, William F. McQuistan of Pender as vice-president and Tom Gustafson of Wakefield as secretary.

The annual banquet for the organization is scheduled for May 1 at Wayne. Heading up that program will be Willie Meyer of Wayne. Helping him will be McQuistan.

The group plans for at least three major activities during this year—a feedlot tour in Thurston County the first week in June, the second feeding and suitability study July 31 and Aug. 2, and a full outlook meeting.

Adon Jeffrey  
**Adon Jeffrey Picked for Directorship**

Adon Jeffrey, president of First National Bank of Wayne, has been elected as director of Packers National Bank in Omaha.

In addition to serving as a member of the rotating board of directors, he also serves as a member of the investment committee which offers out-state bankers an opportunity to serve in a management capacity on a city correspondent bank board.

## Heckens Hospitalized \$400 Cash Unclaimed

Ed Heckens, superintendent at Allen High School, was hospitalized at Wakefield Wednesday afternoon suffering from what Dr. E. M. Coe described as a heart condition.

He was doing fine Friday afternoon, Dr. Coe said.

Heckens, who resigned his position as superintendent recently, suffered a heart attack at school last spring shortly before the end of the school year.

## \$400 Cash Unclaimed

A reserve jackpot for the drawing, to be given away a week after someone wins the \$400, is now at the \$350 mark.

To be eligible to win any of the free cash one must be registered in one of the participating Wayne business firms and present in one of the stores at the time the winner's name is called.

The jackpot will again be worth \$400 Thursday night.

## Does a Drug Addict Know What's Ahead?

Do you have any idea as to what it is like inside a drug rehabilitation center?

The 15th hour-long telecast in the National Education Television Network's drug abuse series, "The Turned On Crisis," will be aired at 6 p.m. tonight (Monday) and may be seen locally on KXNE-TV.

"To Turn It, You Have to Give It Away" is an exploration inside a rehabilitation center for those hooked on drugs.

Interviews and action footage with addicts, doctors, psychologists and other professionals document life at Synanon's new city at Tomales Bay, north of San Francisco; the Clinical Research Center of National Institute of Mental Health in Lexington, Ky.; Black Action, Inc., a methadone maintenance program in Pittsburgh, and the Washington Hospital in Boston.

The program emphasizes that in view of the many different approaches to rehabilitation, no See DRUG ADDICTS, page 6

## Kiwanians Plan 'Cake Feed'

Wayne Kiwanis Club members will soon be mixing batter, pouring syrup, and frying pancakes during their 1971 Pancake Supper slated Feb. 25 in the city auditorium.

Bob Carhart, chairman of the committee in charge of arrangements, said serving will get underway at 5 p.m. and end at 9 p.m. He said the annual pancake feed is the club's major fund raising activity for various youth projects.

Kiwanis sponsors a Scholastic Recognition Banquet each spring. Other club activities include the sponsoring of a Boy Scout troop in Wayne, assisting financially in special instances of great need, contributing to the Nebraska Children's Home and the crippled Children's Hospital, sponsoring local youth projects as well as a Circle K Club for college age young men at Wayne State College.

Carhart said the activities of the Kiwanis Club are dependent upon the income from the annual pancake supper, along with individual contributions from club members in both time and money.

Those attending the feed this year will have the opportunity to look over a Drug Abuse kit purchased by Kiwanis for use in the community by the police department and the school system in preparing programs dealing with the misuse of drugs. Carhart noted that emphasis on public awareness of the misuse of drugs is one of two major Kiwanis international themes for 1971.

The club scheduled the pancake feed on a Thursday this year hoping that area residents will take the opportunity to join in while shopping in Wayne.

Carhart also noted that Kiwanis is encouraging local businessmen to permit their employees to take their supper break during the feed at the auditorium. He said there will be a special fast service line for persons who need to return to work in a hurry.

## Veterans Should Bring Certificates to Meeting

Veterans who plan on attending Tuesday night's organizational meeting on the proposed cooperative farming training program should bring three things with them, says Chris Bargholtz, Wayne County veterans service officer.

Those items: marriage record DD214 form, service certificate if married and copy of children's birth certificates.

Bargholtz said that if they're bringing these things with them it will save time and trouble if the course is approved and started at Wayne High School.

The organizational meeting Tuesday will give members of the Wayne-Carroll school board an idea of how many men are interested in signing up for the program, similar in many ways to the program for veterans who attend after that meeting whether to okay the program.

Any veteran who served more than 180 days after Jan. 31, 1953, and who received an honorable discharge from the service is eligible for the program. However, he must now be deriving the main portion of his income from farming.

Single veterans earn \$141 a month during the course. A vet with one dependent receives \$168 and a vet with two dependents receives \$190. Beyond two, the Veterans Administration, which finances the program, pays \$10 See VETERANS, page 6

## Colored Shirts On Store Door Remain Mystery

Vandalism, larceny and a case of some mysterious shirts made last week far from routine for the Wayne police.

Officers were told by the owner of Hill's Market early last week that when he went to work Monday morning there was a brown shirt hanging on the front door of his store.

Tuesday morning when the grocer arrived at work there was a purple shirt hanging on the front door.

A blue shirt was hanging on the back door Wednesday morning. The shirts stopped appearing and their mystery remains.

Randy Bockman informed officers Wednesday that a car radio antenna was pulled from his fender socket while the auto was parked in the 800 block on Valley Drive.

Hazel's Beauty Shop at 321 Main was broken into either late Thursday or early Friday and thieves took several wigs and a pair of hair clippers.

Police investigated eight in-town auto accidents during the See SHIRTS, page 6

Mrs. Vernon Predohl, chairman of Saturday's Wayne Federated Women's Club fine arts festival, looks over a bust by 11th grader Bill McNamee, one of the entries in the crafts division for young people. Inspecting a centerpiece done by Mrs. Dorothy Kabish are Miss Goldie Leonard, center, and Mrs. Mathilde Harms.

## Course in Care for Elderly Offered

Interested in learning how to take care of elderly people? If so, take note of the adult education class being planned by Wayne High School.

The course, Geriatric Aide II, will begin on Thursday, Feb. 25, and will be taught by Mary Ann Cottrell, registered nurse with the school system.

Designed to train individuals in the care of elderly and bedridden people either in a nursing home or in the individual's private home, the course includes instruction in basic procedures in patient care, accident prevention, emergency care, personal care and physical examinations.

Any individual 16 years of age and older is eligible to take the course. A high school education is not required.

The course will meet for 10 Thursdays, 7 to 10 p.m. each night.

Geriatric Aide I was offered last fall and was well received, Mrs. Cottrell said. Those who took the course last fall can take the one coming up later this month, she said, adding that those people who missed the first course can still attend the approaching one.

An application blank for enrolling for the course can be found elsewhere in this issue of the Wayne Herald. People wanting to take the course can also register at the high school.

## Students Learn Dental Health

Students in the elementary grades in the Wayne-Carroll school system had their interests focused on proper dental health during last week. Reason: National Dental Health Week was Feb. 7-13.

Among the projects the youngsters took part in was a fourth grader writing the poster drawing contest in the fourth grade. Winning that contest was Annie Sandahl, daughter of Mr. and Mrs. Roy Sandahl of rural Wayne. Greg Mosley, son of Mr. and Mrs. Keith Mosley of Wayne, See DENTAL HEALTH, page 6

## 300 at Allen Supper

About 300 people attended the pancake and sausage supper held at the Allen Legion Hall recently.

Proceeds from the supper, which was sponsored by the American Legion and Auxiliary, will be used for improvements to the Legion Hall.

## Wayne Area Stated For Another Survey

Local representatives of the Bureau of the Census will interview a number of households in the Wayne area the week of Feb. 15 to obtain information on employment here.

Guy A. Lutz, director of the Census Bureau office in St. Paul, said the households are among the 50,000 across the country that have been scientifically selected to represent a cross section of the American people.

The monthly survey provides a continuing measure of employment and unemployment for the nation.

they may raise the devil once in a while too.

Can anyone honestly say they haven't had their turn in doing that?

We'd like to remind those of you who have a member of your family in the military service that The Herald is interested in having any news about him for the Service Station which appears in each Monday issue.

There are many area men serving Uncle Sam, and The Herald is always interested in where they are, what they are doing, their advancements, leaves and new addresses.

How about letting us know the latest news about that man of yours? Our military men are sacrificing a lot for this nation and the least we can do is share their activities.

O-O-O

Speaking of military men, this veteran's grave in the cemetery at LaPorte caused us to reflect on the past. One cannot begin to appreciate what this land of ours has cost in human sacrifice until we see row upon row of little white crosses and stones marking the graves of men who have died as warriors.

We know nothing about the history of this man except that he used at least a part of his life serving the nation's flag and people.

There he is standing on the side of a hill in Viet Nam with a wisp of morning sunlight playing in the curl of his hair. You've seen that slight grin on his face a thousand times as he has tried to keep up his courage in the face of death. As he moves forward there is an explosion from a hidden booby trap and he falls. Shadows of sunlight and leaves overhead join the blood on what was once a handsome face with a grin that didn't want to hurt anybody. He won't ever smile again.

Choppers arrive and crewmen have difficulty lifting 175 pounds of solid man. Those broad shoulders will never bear another burden and the trim waist will never again feel the tug of his best girl.

One of these bright sunny mornings when you go to work, take a good look around you, friend, and breathe in the air of freedom that has cost more blood and tears than you will ever know.

And the next time you walk by the grave of either an old or young soldier, I ask you to pause for a moment and breathe a silent thanksgiving. He was somebody's boy maybe your own - who never got to do what he wanted to do which was likely to once again hear the sound of the old screen door

News of Note around Northeast Nebraska

Superintendent William Hurley has resigned his position at Pierce effective the close of this school year.

Hurley, who has been head administrator at Pierce for the past two years, did not elaborate on his resignation except to say that he presently has no job plans.

Offers of jobs to the two assistant administrators at the school have been made by the school board. The two, Kenneth Scheer and Harry Fleming, have been offered raises of \$500 each. Hurley was offered a raise of \$600.

The annual Cub Scout Blue and Gold banquet at Emerson was held Thursday. Featured was a potluck supper.

Here's excerpts from the "Sports Roundup" story in the last issue of the Cedar County News at Hartington: "Last Tuesday Hartington High traveled to Gayville, S. D. Nothing has been heard from them, but the team is presumed to have returned intact. On Thursday night the Hartington high wrestling squad hosted Pender. No serious injuries, or any other facts, were reported. That wraps up this week's sports roundup. There's a heavy sports calendar for the coming week (see Coming Events), so if the reports keep pouring in at the present rate readers can look forward to spending upwards of 10 or 15 seconds reading sports news next week."

"Big Red" will be in Wisner Saturday to play a local basketball team in a benefit game. The game, which will feature 10 or 12 of the Huskers, will be held at the Wisner-Pfizer school auditorium at 7:30 p.m.

The Wisner club is undefeated in 13 starts this season. Tickets can be purchased in advance for \$1. Tickets at the door will sell for \$1.50. Proceeds will go to the Gator Athletic Boosters' bleacher fund.

Teachers at Madison will receive a base salary of \$6,500 during the 1971-72 school year, reports the latest Madison Star-Mail.

The school board approved the new schedule, which compares to the present one with a base of \$6,300, during a meeting last week. The schedule allows an increase of four per cent for each nine hours of education beyond the bachelor's degree.

Del Stollenberg, head football coach at Wayne State College, is scheduled to be guest speaker during the April 3rd all sports banquet at Neligh High School.

Fire completely destroyed the Marie Renander home in Pender recently. Only the outer walls of the house were left after the fire was finally halted. The Renanders had purchased the home last summer and had completely remodeled and redecorated it.

The Ponca Indians were rated 10th among the state's Class C basketball teams by the Lincoln Star last week. The Ponca club was 16-1 going into weekend action. Allen was the only team to defeat the team, whipping them in the opening game of the season.

The Willis Service Station, a familiar site to travelers of Highway 20 in northeast Nebraska, was completely destroyed by fire early in February. The fire caused an estimated \$32,000 damage.

The school board at West Point has asked a proposal to start a farm training program for veterans in the area. A total of 72 veterans were reportedly signed up for the program.

The school also turned down a proposal by Iowa Beef Processors to provide the means for adults to pick up a high school degree or equivalent through a General Education Development plan.

## 'The Liquid Lollipop'

Although there's a wealth of written material at the fingertips of every student at Wayne State College, there's still room for "The Liquid Lollipop," the latest underground newspaper to make its appearance on campus. Small but promising, the newspaper offers an outlet for some thoughts and ideas which run against the grain of most of those students.

Without a doubt, the "Lollipop" will be called the work of a small group of students who have nothing better to do than to criticize others. It might even be called

"communist-controlled" by those who see complex and looks in the wake of everything they fail to understand. Long-haired freaks will be singled out as responsible for giving birth to such an un-American thing. There may even be calls to do something to stop further issues.

It will be criticized by many, that's for certain. Most things that are new and different are. Whether this one will survive, and we hope it does, will be interesting to see. — N.L.H.

## 'Big Sin' City'

We are always a little puzzled when we read about authorities in this or that city confiscating a certain film or book because of its prurient interest in sex.

The latest incident of this kind, by Omaha police officers during a showing of "Big Sin City," set us to wondering about several things.

For instance, how did those officers in Omaha learn about the movie. Did they walk by the movie house and happen to see some posters which started them wondering about whether the film should even be shown? Were they told by their superior about it? Did somebody stop them on the street or telephone them at their office and demand something should be done to halt the film from running?

We're not sure what happened in this particular instance. What possibly happened was that somebody saw the film and was shocked at what unfolded before his eyes. He quickly started the gears moving which ended up with the thing being pulled

off the reels and put under lock and key until proper authorities can determine whether it should ever again be shown in Omaha.

What makes us wonder when something like this happens is how that person happened to be in the movie house in the first place. It's doubtful that he paid admission thinking he was going to see something much different. Most movie houses do enough street-side publicity to rule that possibility out.

Was he there, we always end up asking ourselves, because he wanted to be there? I'll just sneak in and watch this one movie, he might have told himself. Did he wake up the next day with a moral hangover and feel it his duty to keep his brethren from being tempted and despoiled by such sin?

It would be interesting to learn the answers to some of those questions. — N.L.H.

## Who's Dreaming?

We sometimes wonder who dreams up some of the legislative bills that are put in the hopper at the Capitol in Lincoln.

Fortunately, the author of an LB is printed on the front page, or at least the name of the senator introducing the bill appears there. Other individuals have likely dreamed it up.

Hearings were held on LB287 and LB288 in early February. Both bills were introduced by David B. Stahmer of the Eighth District.

LB287 states that beginning with the 1974-75 school year, all real property would be within the boundaries of a unified school district with an educational program having grades kindergarten through twelve.

Each unified school district would meet two out of the three following requirements: Have an area of 625 square miles or an entire county; have an enrollment of 120 pupils per grade; have \$12,000 assessed taxable valuation per child.

The bill provides that the State Board of Education would have the final say in deciding disputes related to reorganization.

LB288 would limit the numbers of pupils a teacher in the elementary school could have in a class to 30. Similar regulations would relate to high school instructors.

We wonder who it is that is behind LB287. Someone is really convinced that we come to schools, the bigger they are the better.

You don't have to be brilliant to deflate that philosophical balloon. The bigger it is the better it is doesn't hold true with schools or the human body.

It is our understanding that between 700 and 800 people showed up at the Capitol when the bills were heard. The majority were there to protest.

Some of those ideas our senators talk over down there are really whoppers. — M.M.W.

## JUST WRIGHT

Are you looking for something new and different to read these days? J.W. has a tip for you. If you are the kind of person that likes to read something unusual and out of the ordinary, then you will want to browse through a library with a library at Wayne State College.

On the lower floor of the WSC Library building there is a Government Documents Library. Stay with me now and don't run away. There is material there on just about any and every subject you may be interested in.

Interested in solar eclipses, homes and gardens, education, space, deep sea drilling, civil rights, drugs, crime, ecological surveys from space, or maybe the moon as viewed by the lunar orbiter? If those aren't in your bag of interests, then maybe you would like to get a load of materials on air and water pollution, the Apollo 13 accident, impact of the war in southeast Asia on the U.S. economy, or anti-obscenity legislation?

Not interested yet? Well, let's see, how about reading the monthly weather review? Then, if you keep on browsing around, you'll find journals of research on mathematical sciences, physics and chemistry. If that is a little highbrow, then try reading a magazine dealing with problems of Communism.

If you are an avid reader and haven't as yet visited the new Government Documents Library, then you'll want to discover it yourself. Plan to spend an hour or two looking around though. You may run across something on agriculture, aviation, narcotics, taxes, pesticides, and other subjects.

While the newspapers are often filled with opinions and attitudes that have sour apples for young people, we think the youths in our area are just great.

J.W. and other Herald staff find many occasions where we work with the teenagers in the local high school and in area schools. There have been mighty few occasions when we have failed to find the students pleasant and courteous.

We recently worked with 10 Wayne High students in doing a feature story and their cooperation couldn't have been better.

Over at Winside High School, J.W. needed some assistance in getting statistics during a wrestling tourney not long ago. Liz Jaeger, and Joni Langenberg said they would be glad to help, and they did a great job. (Thanks girls).

This same spirit of cooperation appears whether it is at Wayne, Winside, Wakefield, Allen or Laurel. We just sort of suspicion that the kids are like that in every school.

They are not angels yet, of course. They would have to leave this earth in this case and we wouldn't want that. But the teenagers in the area have left a mighty fine impression on us even though

A front five made up entirely of players over six feet, plus a dismal 26 per cent shooting percentage coupled together Friday night to give the Allen Eagles one of their worst defeats of the 1970-71 cage season. The Eagles were felled by the powerful Emerson-Hubbard Pirates, 93-71, Friday night at the Emerson-Hubbard gym.

The Emerson team, which boasts a 10-0 season record and is seeded third in the Class C district tournament at South Sioux City used a total of 11 players to defeat the Allen eagles. Both teams lost three players in the final period because of fouls.

Loren Reuter and Jerome Roberts again proved to be the mainstay of Coach Buster Yannon's team, scoring over half of the

Von Minden put the ball into the hoop with less than 10 seconds to play to break a 42-42 tie after one of his teammates missed the squad's attempt at making the final bucket before the buzzer.

Allen led much of the game but Wakefield rallied late in the contest to nearly pull out a victory.

Beemer won the contest with 42 points to take top honors in the tourney.

Allen led by Von Minden and Duane Mitchell with a dozen pointers each in the consolation game, had marked up a win over Stanton Tuesday night before falling to Osmond in Wednesday's second round. Wakefield earned a victory over Hartington Tuesday, fell to Beemer Wednesday.

Also helping out with Allen scoring were Charlie Peters with 11, Mark Jorgenson with eight and Scott McFee with one.

# 'Sleeper' Hurts Winside Cage Club

A "sleeper" produced 22 points to help Hartington High hand visiting Winside a 69-54 loss Friday night, the Wildcats' second defeat in a row after three straight victories.

Now 6-9 for the year under Jim Winch, the Winside bunch Friday takes on an Emerson-Hubbard team which only recently handed Wayne High a 62-59 defeat.

Friday's loss came in spite of one of the best efforts turned in to date by Junior Jon Behmer. The promising 6-2 cager came up with a season high 19 points and worked off a team-leading 11 rebounds in a balanced display of ability.

Winside managed to pull into a 16-12 lead after the first stanza

Johnson with 10. Hartington's Kelly O'Meara equaled Lindemann's effort to tie for scoring honors for his club.

Both teams put on good shows in field goal shooting—Hartington's was just a bit better. The Wildcats canned 24 of 58 shots for 41 per cent; Hartington hit 29 of 62 for 47 per cent.

"We played a pretty good game, but they had a couple hot streaks to get them in the lead," Winch said after the loss.

The Winside reserves ran into a windmill in their contest. Hartington threw a full-court press

against the young Wildcats and rolled to a 51-31 victory. Scott Deck and Jeff Farran with six each were top point getters for the losers. Farran, just a freshman, came up with 10 rebounds.

Friday's opponent, Emerson-Hubbard, was seeded third in the district tournament at South Sioux City, The Pirates, won 11-6, manhandled Allen Friday night by a 93-71 county. Allen has a 68-66 win over Winside to its credit this season.

Sophomore Dave Scheel scored 18 points as the Wakefield Trojans tried unsuccessfully to break a 12-game losing streak at Homer Friday night.

The Knights, who were seeded second in the district tournament scheduled for South Sioux next week, destroyed any hopes the Trojans might of had, winning by a 56-43 count.

Seniors Larry Lauritsen and Doug Hohenstein combined for 27 points to lead the Knights to that win, their 12th in 18 starts this season. Wakefield is now 1-15 for the season.

# Jr High Cagers Win 3

Wayne's successful eighth grade cage club racked up two convincing wins the past few days, a 43-20 handing of Pierce and a 63-21 smashing of Wisner-Pilger last week.

The two victories give the team an 11-0 mark for the season. The cagers must mark up wins in their next three games to post a perfect season.

Against Pierce, the local quintet raced to a 16-1 margin on the shortfalls of Earle Overin's eight-point surge. Overin ended up with 17 points for the only member of the winning club to break into two figures. Helping him out with scoring were Greg Hiltout with six and Marty Hansen, Rick Mitchell and Jack Froehlich with four each.

# Johnson, McNaught Again Picked for Cage Clinic, Game

# Powerful UN-O to Be Cats' Big Test

No question about it, Wayne State wrestlers face the year's biggest challenge Wednesday night. Reason: they go to Omaha against the University of Nebraska at Omaha, No. 1 NIAA team in the nation.

Wayne Coach Don Pate considers the Omahans not only No. 1 in the NIAA, but probably among the best major university teams.

Max Branum changed the tide with a 14-1 decision over Westmar's leading performer, Tom McClusky, at 142 pounds. Branum now is 1-4 for the season.

Freshman Tom Luth made his season 9-1 when he got a 6-2 decision over Tony Kravetz at 159. Ken Monroe followed with a pin win at 7:09 over 167-pounder Michael Sinnwell. Lee Hall got an 8-1 decision over Steve Peterson at 177 pounds. Then 190-pounder Dennis Reid walloped Steve Tomkin, 22-6, to give Wayne the catch-up points for a 17-17 team score.

# Schroeder Leads Bears Past Pirates

Laurel High made up for its overtime loss to Elkhorn-Valley by handing West Husker-Corralle a convincing 70-42 defeat at Laurel Friday evening.

George Schroeder, a junior standout for Coach Larry Moore, produced possibly his best complete game in the contest as he posted 25 points while hitting a blistering 77 per cent and pulled down seven rebounds. Schroeder, out much of the early season because of a knee injury, hit 10 of 14 field goals and five of seven gift shots to pace the Bears to

another win in what seems to be the year for squeakers for them, 57-55. Gary Chace and Bruce Johnson with 13 each and Keith Olson with 11 had plenty to do with that victory.

The Bears hosted Crofton Saturday night. Friday night they travel to Pierce for another West Husker contest.

their 12th victory in 17 starts this season.

Largely because of Schroeder's fine touch, the Bears out-classed the Pirates handily in field goal shooting—46 per cent (29 of 62) to 30 per cent (14-47).

Plainview, which had won four games going into the contest, managed to put only one shooter into double figures, 6-1 senior Mike Mori with 14 points.

Laurel had two others breaking 10 points: reliable Steve Erwin with 21 (plus his 16 rebounds) and Steve Smith with 11. Erwin produced 14 of his points in the second half as Laurel had difficulty getting started early in the contest.

Thanks to the rebounding of Erwin and Schroeder, plus the five each of Paul McCoy and Smith, Laurel dominated under both boards by pulling down 41 loose balls to Plainview's 25.

**Calendars Gone**

Orders for the Game and Parks Commission's 1971 NEBRASKA Land Calendar of Color continue to come in. Despite the fact that the Commission announced the end of the supply more than a month ago.

The initial print order of 35,000 was exhausted by mid-December, and a reprint of 10,000 sold out before Christmas.

Orders for calendars received by the Commission are being returned along with accompanying checks as soon as possible.

Condolence once glided along the canals of Venice in colorful trappings as model displayed. But edicts in 1882 and later decreed: "Henceforth one color for all," and to this day the craft cruise unadorned, hulls painted black, observes the National Geographic Society's new book, "The Renaissance."

# Langes Mark 50th Wedding

A Laurel couple, Mr. and Mrs. A. A. Lange, Laurel, began the 50th anniversary of their wedding day by renewing their wedding vows in the presence of their family following 10 a.m. mass last Sunday morning at St. Mary's Catholic Church, Laurel. A gift to the couple from their children was the Apostolic Blessing from Pope Paul, Father Kelley officiated.

A family dinner at the city auditorium was followed by a "This is Your Life" program prepared by Mrs. Ray Gubbels, Randolph, and read by Roger A. Hochstein. Three hundred guests attended the couple's open house reception later that afternoon. Guests were registered by Dale Gubbels, Randolph, and Rick Lange, Hoskins. Jeanne Gubbels, Randolph, and Donna Meyer, Blue Earth, Minn., arranged gifts. The masses were read by Father Kelley, Jolene Lange, Randolph; Helen Ann Meyer, Blue Earth, Minn., and Joan Marie Hochstein, Wayne.

Mrs. Ronald Lange and Mrs. Delwyn Lange served the cake and Mrs. Ray

Gubbels poured. Mrs. Earl J. Meyer served punch.

Hosting the event for her parents were Mr. and Mrs. John Hochstein, Wayne, assisted by Langes' other sons-in-law and sons.

Helen McNally and Anthony A. Lange were married Feb. 7, 1921, at St. Rose of Lima Church, Crofton, and have spent their entire married life in the Randolph, Hartington and Laurel areas. Their children are Mrs. John Hochstein, Wayne; Mrs. Earl J. Meyer, Blue Earth, Minn.; Ronald Lange, Hoskins, and Delwyn Lange and Mrs. Ray Gubbels, Randolph. There are 28 grandchildren and one great-grandchild, all of whom were present for the occasion.

Among those present were Ronald J. Hochstein, Champaign, Ill.; the Robert Gubbels family, Wichita, Kan.; Mr. and Mrs. Jim McNally, Neligh; Mrs. Regina Guenther, Yankton; and Mr. and Mrs. John Ausdemore, Ponca.

WINNERS in last week's dental health poster contest for fourth graders in the Wayne-Carroll school system were, from left, Ravi Johar, third; Greg Mosley, second, and Anita Sandahl, first.

that the youths intend to buy food from local businesses.

Manes said that the youths have their club in the fire hall at least during the period when they are trying to determine the amount of interest there is in it.

Hall said it would probably cost around \$10,000 to turn the fire hall into a youth center and because it needs restrooms and other facilities.

Ronald Wiltse, another member of the club's adult advisors, said that as far as the renting of the old cafe building was concerned, "It is like one renting a home or building. It is first come, first served." The Youth Club asked first and got it, he said.

Wiltse said the young people asked the council for help in finding a location for the club. He said they realize that anytime a retail business wants the building, they will be out in 30 days.

"The kids have asked for help," Wiltse said, "and have felt about the fact that more businessmen haven't attended their meetings. If the businessmen here are as much against it then the only thing we can do is to ask them to help us find a new place before the kids start fixing up the building. You help us find a place."

Wiltse said that the youths are not trying to compete with anyone and that the fire hall room would not even hold the people attending the youth club planning meetings, let alone the anticipated club attendance.

He also said the youth club planning committee had tried "everything within a 10-mile range, including some old school houses" to find a location for the center. He noted that the youths
