

## Dalsgaard Art Shines Under Bright Spotlight

A jungle of movie-making equipment cluttered the Ramsey Theater stage at Wayne State College. Under the glare of floodlights, amid a tangle of wires connecting a camera and a sound recorder, there sat the placid object of attention—Mogens Dalsgaard and a concert grand piano.

The purpose of all this: to photograph and record several numbers by the Danish pianist during his month's stay at Wayne State.

The process took about three hours from the set-up of equipment until the last note rippled off Dalsgaard's fingers, to produce 450 feet of color movie film, running time about 12 minutes.

Cameraman Howard Hoyt, a movie and electronics wizard on the communication arts faculty, did the Dalsgaard scene as part of a movie to record the college and year-long activities.

Hoyt said he found in Dalsgaard "the most interesting person I have ever filmed, cooperative and enthusiastic." Furthermore, said Hoyt, Dalsgaard proved to be "very knowledgeable in the art of film-making and recording. He contributed several See DALSGAARD, page 10

## Wakefield Lady Named State Mother

A Wakefield lady, Mrs. Louis (Amy) Nuernberger, has been named Nebraska State Mother for 1971.

It came as a complete surprise to her when she learned she had been named for the honor by the Nebraska Mothers Committee. Her selection was announced Saturday by Mrs. Ralph W. Hill of Lincoln, chairman of the Nebraska Mothers Committee.

She was nominated for the honor by her son Marvin, a civil engineer and former state engineer for Nebraska who now lives in Lincoln.

Born six miles from Wakefield, Mrs. Nuernberger attended school in Wakefield and Wayne County before enrolling at Wayne State Teachers College. She also attended Cameron College in Cameron, Mo.

Her late husband was a Wake-

## Names Vary But Story Unchanged

The story in Wayne County court remains about the same each week. Only the names are changed.

Those persons paying \$5 court costs and fines for speeding include Barbara Fletcher of Wayne, \$10; Dale H. Klug of Hoskins, \$15; Randal Brand of Fremont, \$10, and Thomas Beldin of Dakota City, \$11.

John Dykstra of Bloomington, Minn., was fined \$15 and costs of \$5 on a charge of reckless driving.

Dorothy Lee of Wayne was fined \$10 and costs of \$5 for See UNCHANGED, page 10

## Three Local People Selected to Posts On Goldenrod Council

Mrs. Ed Bull, director of the Senior Citizens Center in Wayne, was selected to continue her position on the board of directors of the Goldenrod Hills Community Action Council.

Also named to the board from Wayne County were Francis Moul and James Evans, instructors at Wayne State College.

The three were named to the posts during a meeting last week at Walthill during which the board membership was reduced from 64 to 18.

Four of the five counties in the council—Wayne, Cedar, Part and Dakota—are allowed three members each on the council, representing the poor, the government and interested organizations. Thurston County is allowed six members because of the two Indian tribes living there.

Nobody was in attendance during last week's meeting from Cedar County.

## 'Battle Hymn' On Program at Allen Sunday

A band-choir presentation of William Staffe's "The Battle Hymn of the Republic" will be one of the highlights of Sunday afternoon's patriotic band concert at Allen High School.

The concert, first of its kind at the school, is scheduled for 3 p.m. in the school auditorium. There will be admission charge and the public is invited to attend.

Honored during the day will be all those who have served in the armed forces, with special emphasis on those who have served in the war in Southeast Asia.

The high school band and choir, under the direction of Mrs. Keith Krueger, will be featured during the day.

Among the numbers to be played are "His Honor" by Henry Filmore, "Gallant Men" by John Cavanaugh, "Star Spangled Spectacular" by George Cohan and "Fantasy on American Sailing Songs" by Clare Grundman.

Janel Erickson, English teacher at Allen, will help the band in narrating "Abe Lincoln" by Don Cellis.

The color guard from the Floyd Gleason Legion Post at Allen will present the colors during the program.

## Round-Up Dates Set

Parents in the Carroll area who will have children in kindergarten this fall are asked to attend the annual kindergarten round up slated at the Carroll Elementary School from 9 to 11 a.m. Friday.

Parents are asked to take either their child's birth certificate or a doctor's certificate to prove birth.

# Commissioners Ask Hospital Group To Drop Plans for District Hospital

By Merlin Wright

In a move later described by a member of the Wayne Hospital Foundation board as a "real surprise," the Wayne County commissioners asked the hospital board Tuesday afternoon to withdraw the request to create a hospital district.

The six board members—Adon Jeffrey, Lyle Seymour, Dr. Robert Bentley, Robert Carhart, Ken Olds and Bob Lund—appeared at the courthouse during the county board's regular meeting at the request of commissioners

the people in my district are against it and we've got to serve our district."

Joe Wilson, District I commissioner, said, "Ninety per cent of the people I represent are against it."

Burt said he thought there were already enough hospitals in the area. "There has to be an end of costs some place. I think we can get along for a year or two. I don't think the local hospital will close."

Carhart explained that if the people living in the area approved the hospital district in an election, that approval would only create the district. He pointed out that before a hospital could be built there would have to be an election to issue bonds for that specific purpose. The county board was encouraged to let people decide the issue by having an election.

Burt pointed out that the election would amount to considerable expense for the county. Ken Olds asked if it would make any difference if the Hospital Foundation would volunteer to under-

## Unique Photo Offer Being Made

Another chance to get a free professional color photograph taken of yourself or your family probably won't come around again for some time so you better take advantage of the one being made by Lyman Photography and The Wayne Herald.

The offer, worth \$15.25, is available during the three days of the Farm and Home Show this week at the Wayne city auditorium.

How can you take advantage of the offer? Simply by buying or renewing a year's subscription to The Wayne Herald. Nothing else is required.

Anybody wishing to take advantage of the offer should stop by The Wayne Herald booth at the auditorium during the annual show and sign up for the valuable offer. Pictures—which can be of a single person, a couple or a group—will be taken between April 15 and 30 at Lyman Photography.

## Poster Contest Planned

Dr. Helen J. Russell, professor of theatre at Wayne State College, has announced that the theatre department will again this year conduct the children's poster contest in conjunction with its 13th annual children's play, "Phocchlo," which has been cast and will be presented April 5, 6, 7 and 8.

For the contest, which is open to all students kindergarten through eighth grades, posters are to be drawn or painted on 11x14-inch paper. Contestants should keep in mind that entries must be posters, including play information, and not merely pic-

## Lions Club Donates \$50 To 'Environmental Fair'

The Wayne Lions Club Tuesday night gave a financial shot in the arm to the Environmental Action Committee and its plans for an environmental fair in the city two weeks from now.

The club voted to donate \$50 to the organization to help it finance a variety of activities during the three-day fair, the first of its kind in Nebraska.

The money will help the EAC pay for speakers, displays, demonstrations, dance bands and numerous other activities scheduled for April 2-4 in downtown Wayne.

## Thieves Hit 6 Local Firms

Six Wayne business firms were entered by burglars last weekend, and two persons were being held in county jail Wednesday on a charge of petty larceny involving yet another business.

Fredrickson Oil Company two miles north of Wayne was burglarized either late Sunday night or early Monday morning, according to the Wayne County sheriff's office.

Fredrickson went to open up the business about 6:20 a.m.

Monday and discovered a total of \$36.94 in change missing from two cash registers.

Burglars entered the firm through a storage door on the west side of the building. The sheriff's office said Wednesday that two suspects in the case are being held in county jail.

Business firms entered some time between 1 a.m. and 4 a.m. Sunday included Koplin Auto Supply, Sherry's Farm Service, Mer-

## Children's Theatre Set for April

Wayne State Theatre Department has cast its 13th annual children's play, "Pinochio," to be presented early in April. Matinees have been scheduled for 1 p.m. April 5 through 8. An 8 p.m. performance will be held the evening of the 7th.

"Pinochio" is the heartwarming story of a wooden puppet who wants to be a real, live boy, and of his father, Geppetto, who with the help of the Blue Fairy, strives to make the puppet's dreams come true.

Pinochio will be portrayed by Wayne Anderson; Geppetto by Lynn Johnson, and the Blue Fairy, by Patsy Benson. Also in the cast are Master Cherry, Geppetto's bachelor friend, who will be played by Mike Carruthers, and a second puppet, Punchinello, to be played by Mike Hamm.

Charlene Hoese and Ferrine Racek will have the parts of two Senoras and Jerri Sill, Lisa Allen, Ron Rieker, Tom Brunner and Ron Fazio will portray their children.

Kass Gerhardt and Rich Brown are cast as the two villains, the cat and the fox, and Dwight Meyerink and Mark Hamm are the two carabinieri. Elaine Gross

will play the fruit vendor; Dave Kelch, the fire eater; Gary Dunker, the coachman; Bethany Ilane, the old lady, and Roger Madden and Bob Newman, the two clowns, Pricasso and Cockdrillo.

This annual children's play, which last year drew over 3500 children of all ages, is considered a unique educational event as well as an exciting field trip. Early reservations are advised.

Brothers Return from Trip Thursday

Dennis Carlson and his brother David Carlson of Washington D. C., returned Thursday from a two-week trip to Hawaii and Australia. The brothers spent a week in Honolulu, Hawaii, where they visited Pearl Harbor and toured the Dale Pineapple Factory before leaving for Sidney, Australia. For touring there they rented a car which they had to become

accustomed to driving from the right side and on the left hand side of the road.

David Carlson, who is employed by American Airlines in Washington D. C., received the trip as a door prize at his company's Christmas party.

## Heads of Laurel-Concord Schools Plan to Return for 1971-72 Year

The Laurel-Concord school board last week accepted signed contracts turned in by Superintendent James Luquist and Principal Fenton Crookshank for the 1971-72 school year.

The two administrators are finishing their first year in the school system.

Luquist, a graduate of Northern State College at Aberdeen, S. D., said that about a third of the teachers had turned in signed contracts for the coming year by early this week. Deadline for teachers turning in contracts is April 12.

The teachers in the Laurel-Concord system will be under basically the same salary schedule next year as they are presently, he said.

The new schedule, approved by the board in February, provides a base salary of \$6,200 for a teacher with a four-year degree and no experience. It also provides salary increases of four per cent over the base salary for each year of experience and four per cent for each advancement on the training ladder.

The present schedule includes a \$6,200 base salary, four per cent increments for experience and three per cent increments for advancement on the training ladder. Teachers get increases in their salaries at five steps beyond the undergraduate level: for nine additional hours, 18 hours, 27 hours, graduate degree or 36 hours and 18 hours beyond graduate degree. There are 12 steps

Qualification tests for the various programs will be administered while the team is on campus.

## Heads of Laurel-Concord Schools Plan to Return for 1971-72 Year

The Laurel-Concord school board last week accepted signed contracts turned in by Superintendent James Loquist and Principal Penton Koskiank for the 1971-72 school year.

The two administrators are finishing their first year in the school system.

Loquist, a graduate of Northern State College at Aberdeen, S. D., said that about a third of the teachers had turned in signed contracts for the coming year by early this week. Deadline for teachers turning in contracts is April 12.

The teachers in the Laurel-Concord system will be under basically the same salary schedule next year as they are presently, he said.

The new schedule, approved by the board in February, provides a base salary of \$6,200 for a teacher with a four-year degree and no experience. It also provides salary increases of four per cent over the base salary for each year of experience and four per cent for each advancement on the training ladder.

The present schedule includes a \$6,200 base salary, four per cent increments for experience and three per cent increments for advancement on the training ladder.

Teachers get increases in their salaries at five steps beyond the undergraduate level: for 27 additional hours, 18 hours, 27 hours, graduate degree or 36 hours, and 18 hours beyond graduate degree. There are 12 steps

in the experience ladder. The extra duty pay—increases for such duties as coaching, annual sponsor and band director—is the same as the one the teachers are currently under, Loquist said.

## Lena Kingston Dies; Services Are Today

## Honor Bride-elect Karen Windhorst

Two bridal showers were held in Laurel last Saturday to honor Karen Windhorst, Syracuse, who will become the bride of Tom Munter of Strawberry Point, Iowa.

Guests gathered for coffee and rolls Saturday morning at the Laurel United Lutheran Church. Readings, "The Wig," and "Prayer For a Bride and Groom," were given, after which Miss Windhorst opened and displayed her gifts.

Hostesses were Mrs. Verneal Gade, Mrs. Daryl Johnson, Mrs. Gary Johnson, Mrs. Glenn Anderson, Mrs. Bill Norvell and Mrs. Mathilda Paulson.

The second shower Saturday was at the Mark Dendinger home, where guests presented the bride-elect a card table and chair set.

The tea table was decorated with a bridal doll and an arrangement of live red roses. Mrs. Elmer Munter poured.

## Bridal Shower Held

A miscellaneous bridal shower honoring Marcia Stamp was held Saturday afternoon at St. Paul's Lutheran Church, Concord. Sixty guests were present.

The program began with a devotional reading by Mrs. Harvey Rastede and included a piano solo, "It's Raining," by Joan Erwin and a reading by Mrs. Alvin Rastede.

Hostesses were Mrs. Arnold Witte, Mrs. John Meyer, Mrs. Ervin Kraemer, Mrs. Cliff Stalling, Mrs. Walter Hale, Mrs. Alvin Rastede, Mrs. Harvey Rastede and Mrs. Clarence Rastede and Mrs. Quitten Erwin.

The bride-elect's chosen colors, pink and green, were used. Mrs. Marvin Rastede poured coffee.

Marcia Stamp and Allan Rastede will be married April 3 in Holstein, Iowa.

## Honor Couple At Reception

About 50 guests attended the reception Sunday afternoon at the Winside Legion Hall to honor Mr. and Mrs. Dennis Delp who were married in October. Mr. Delp has received his discharge from the service and the couple will be making their home in Winside.

Hosting the event were Mrs. Jake Houdok, Mrs. Dave Raker, Brenda Timmerman and Janella Trautwein. The committee presented the couple a carnation corsage and boutonniere. Decorations were in green and white. Mrs. Jake Houdok poured.

Guests were registered by Janella Trautwein and the afternoon was spent opening gifts and reading essays, "What Is a Wife," "What Is a Husband," and "What Is a Mother-in-Law."

## Troop Meets Wed.

Girl Scout Troop 191 met Wednesday evening to practice for the Girl Scout celebration Friday. The same program will be presented for the library story hour.

Plans were made for patrol parties on St. Patrick's Day, Easter and May Day to fulfill the qualifications for the signs of the star badge.

The meeting was closed with a candlelight ceremony and the singing of "Happy Birthday" for the Girl Scouts.

Scribe, Sandra Jacobmeier.

## Honored at Supper

A buffet supper was held Sunday evening in the Norman Haglund home, Wakefield, to honor the 50th wedding anniversary of Mr. and Mrs. Walter Haglund, Wakefield.

Guests included the couple's daughter, Mrs. Keith Kirkwood, Cupertino, Calif.; Mr. and Mrs. Dave Chambers, Thurston; Mr. and Mrs. Cecil Wreidt, Mr. and Mrs. Robert Boeckenhauer, Loren and Maurice Wayne; Mrs. Cole Haglund and Stanley, Allen; Pastor and Mrs. Robert Johnson, Cindy and Russ; Mr. and Mrs. Jewell Killion, Mrs. Emma Frederickson, Cora Haglund, Elmer Anderson and Ellis Johnson, Wakefield.

The grandsons, Rodney Haglund, read the account of the couple's wedding which had appeared in the Wakefield Republican 50 years ago. Pastor Johnson offered prayer.

Mr. and Mrs. Haglund were married Mar. 16, 1921, at the Swedish Lutheran Parsonage in Wakefield by the Rev. E. G. Knock. Attendants were Cora Haglund and Ellis Johnson.

Neighbors and friends also called in the Walter Haglund home Tuesday evening in honor of the occasion.

## Mark Birthday Tuesday

Mrs. Theresa Baier shared her birthday cake with members at the Wayne Senior Citizens' Center last Tuesday afternoon. The "Birthday Song" was sung for her.

Last Friday Mrs. Gladys Peterson and Mrs. Charles Bull, Wakefield, put the fun quilt in the frames to be tied. The top was donated by Anna and Winnie Meier.

Mrs. Millie Prueger will present the library hour this afternoon (Thursday) at 2 p.m. The sermonette and sing-a-long by the Rev. E. J. Bernthal will be Friday at 2 p.m.

## Pitch Club Meet Held

Monday Pitch Club met Monday afternoon with Mrs. Julia Haas. Prizes at cards were won by Mrs. R. H. Hansen and Mrs. Herbert Green.

March 29 meeting will be at 2 p.m. with Mrs. Emma Hicks.

## 90 Women in Town For Annual Meeting

About 90 women from 13 towns in the Northeast Nebraska Deaneery attended the annual Day of Recollection at St. Mary's Catholic Church here Tuesday. Represented were Ponca, Waterbury, Dixon, Jackson, Emerson, Hubbard, Willis, Bancroft, South Sioux City, Wakefield, Winnebago, Lyons and Wayne.

Mrs. George Goblirsch, local guild president; Mrs. Jim Keating and Mrs. John Melena took care of the 10 a.m. registration.

Also present were Father Paul Bagley of Wayne; a visiting priest from Lyons and Father Anthony Milone of Dixon, who spoke to the group in the morning and again after lunch, concluding with a question and answer session.

The noon lunch was served at St. Mary's School hall by the February and March workgroups of St. Mary's Guild. Chairmen in charge were Mrs. L. D. From and Mrs. Larry deForge. Following the luncheon, Northeast Nebraska Deaneery President Mrs. Lyle Willoughby of South Sioux City announced that the "Woman of the Year" honor would go to Celia Kramer of Jackson. Mrs. Kramer was not present for the meeting.

The Day of Recollection was concluded with a 2:30 p.m. mass by Father Milone. Mrs. Chatus Sharer provided organ music.

## Jeri Manning Gets Honorable Mention

Jeri Anne Manning, daughter of Mr. and Mrs. Harry Manning, Wayne, was one of 24 Nebraska High School seniors named for honorable mention in the recent state Betty Crocker Home-Maker of Tomorrow contest. Three hundred and two girls were entered in the state competition. The judges selection was based on written examinations taken by the contestants in December.

First Place state winner is Margaret Carol Kiehl of Mercy High School, Omaha, who will receive a \$1,500 college scholarship, and who will now be eligible for national honors.

Sandra Anderson, Bridgeport High School, Bridgeport, was named runner-up and received a \$500 educational grant.

The contest, sponsored annually by General Mills, is the only national scholarship program exclusively for high school senior girls, and has enrolled almost seven and three-quarter million girls since its inception. A record of 650,000 young women were enrolled in this year's contest.

## Son Baptized

Timothy Mark Polenske, son of Mr. and Mrs. Darrel Polenske, Randolph, was baptized Sunday morning in services at Zion Evangelical Lutheran Church of rural Hoskins.

Pastor Jordan F. Art officiated. Sponsors were Mr. and Mrs. Carl Nelson Jr., and Dale Weinberger.

SCHULTZ - Mr. and Mrs. Everett John, 7 lbs., 8 oz., March 10, Wayne Hospital.

## Hold AAUW Dinner

The Gerald Perrins of Winside, and their three sons, were guest speakers at the AAUW meeting held Thursday at the First United Methodist Church. Mr. and Mrs. Perrin showed slides, storyboards, art carvings, beads and sea shells from the South Pacific.

Table decorations included philodendron and brightly colored paper flowers. The menu, also emphasizing the South Pacific theme included Teriyaki, a meat

and pineapple dish with a special sauce which was served with herbed rice. Dessert was pineapple sherbert ice cream topped with a banana slice rolled in coconut.

The meeting was attended by 24 members and guests. Board members were on the serving committee.

Next meeting will be a cooperative salad supper May 13 with American Field Student Abdallah K. Khawaldeh, as guest speaker. Election of officers will conclude the meeting.

## Wayne Hospital Notes

## Conferences Slated

Parent-teacher conferences at the Wakefield Elementary School are slated for Tuesday, according to Derwin Hartman, principal. Schedules for the conferences are being sent home with each student.

Regular classes will not be held.

When warming leftover meat, put it in a heavy skillet and cover completely with lettuce leaves. Cover with a tight lid and heat in a moderate oven. Tastes as good as if it were just made!

## AFS Student Speaks at WSCS Meet Wednesday

Abdallah Khawaldeh, American Field Student from Jordan, was guest speaker at the First United Methodist WSCS luncheon meeting last Wednesday. Another guest, Mrs. Ralph Taylor, Akron, Ia., who was accompanied on the piano by Mrs. Al Morris, presented a vocal solo, "Spirit of God," for the group of 36 members who attended the meeting.

Put luck lunch was served at the fellowship hall. The executive committee, with Mrs. Eldon Bull,

president, as chairman, were hostesses.

Plans were made to attend the NE Nebraska district WSCS spring meeting at the First United Methodist Church in Norfolk, May 23.

Books donated to the WSCS libraries were "Crown of Glory" and "Consider Him."

Next meeting will be a p.m. luncheon at the fellowship hall April 14.

## Jane Predoehl Receives Honor

Mr. and Mrs. Vernon Predoehl received word this week that their daughter, Jane Wynn Predoehl, has been nominated as a freshman candidate for the daisy chain for participation in the traditional "Ivy Day" observance at the University of Nebraska campus to be held in May. At

Jane Wynn Predoehl

a banquet last Sunday honoring new initiates into Alpha Delta Pi Sorority, Miss Predoehl was also presented the "Outstanding Pledge Scholarship" award. Her name has been engraved on a plaque in the sorority house for having the highest scholastic average of the pledges.

## NORTHEAST EXTENSION Notes

by Anna Marie Kreifels

**Cleaner Caution**  
The National Safety Council has on file reports on accidents involving two homemakers. Both were using an ordinary toilet bowl cleaner. Not satisfied with the way it was removing stains,

each homemaker added some household bleach and stirred with a brush. One died quickly and the other was hospitalized for a long time.

A poisonous gas was liberated when the users decided to try a mixture of two or more household cleaning products.

Many homemakers make the mistake of thinking that because certain household cleaners are good and useful, that the combinations of two or more products will do a faster and better job. The best rule to follow is to use chemical cleaners as the manufacturers direct on the labels.

The National Safety Council warns: Do not mix chlorine bleach with toilet bowl cleaners, ammonia, lye, rust remover, vinegar or oven cleaner. Also keep in mind that some scouring powders now contain chlorine bleach. Chlorine bleaches should never be mixed with any other cleaning agent.

### NE Tech Board Okays \$1 Million 2nd Phase

Members of the board of the Northeast Nebraska Technical College at Norfolk last week approved bids for most of a \$1,035,000 project to build the three-building second-phase part of the 14-county school.

Among the bids approved was one of \$590,030 for the general construction of the third wing of a shop complex presently under construction, a library and an 84-student dormitory.

Also approved were bids of \$159,799 for the mechanical work, \$28,450 for carpeting and ones totaling \$47,592 for furniture.

Total cost of the second phase of construction of the campus at Norfolk is expected to be between \$1,032,937 and \$1,035,437.

Nearly completed are the first two wings of the shop complex which will provide for courses in auto mechanics, body repair, air-conditioning and small appliance repair, refrigeration and welding class.

Also close to completion is the largest building on the campus, the one which will contain administrative offices, conference rooms, classroom space for such courses as office machines and accounting, dining rooms and kitchen space.

The total \$2.5 million cost of the first two phases of construction.

### Harry Swinney Dies

Funeral services for Harry Swinney, 76, Wayne, who died Tuesday at the Wayne Hospital, are tentatively set for today (Thursday) at 2 p.m. at the First Christian Church, Wakefield. Burial will be in Greenwood cemetery.

County News

### Boaters Urged to Be More Careful

Nebraska's boating safety record in 1970, was not as good as the previous year, and boaters will have to pay more heed to safety rules and the law if needless tragedies are to be avoided on the state's waters, according to the Game and Parks Commission.

Last year, 19 accidents involving 10 deaths and two injuries were reported, compared to 18 accidents, nine fatalities and three injuries in 1969. Over the years, boaters have averaged slightly more than 19 accidents per year with more than eight injuries and nearly six deaths each season.

Statistics kept since the boating safety laws were enacted in Nebraska in 1960 show the importance of such laws. Despite an increase in boat registrations from 14,000 in 1960 to more than 26,000 in 1970, the number of accidents and deaths has remained relatively stable and injuries declined.

During that first year, 28 ac-

cidents, seven deaths and 14 injuries were reported. The best record since then came in 1966, when only 11 accidents, seven injuries and one death were reported.

Boaters should begin planning for 1971, since the grade period for renewal of their boat registration expired on March 1. Now is a good time for boaters to apply for their 1971 registration, to brush up on safety rules and to give their safety equipment a thorough check, the Commission says.

A handy publication that will be of help is available and is distributed with the new boat registration certificates. The 1971 Boating Guide includes boating laws, nautical rules of the road, a rundown of required equipment and a safety checklist. Copies of the guide are available from hunting and fishing permit vendors, conservation officers and Game and Parks Commission offices.

# Breaks Go Against WS Grapplers'

"They all wrestled well, but the breaks went the other way several times."

That's the summary Coach Don Pate makes of his six-man Wayne State College wrestling after the regional tournament at the NAIA National Tournament.

Pate's praise notes these accomplishments: eighth place team standing (same as last year); second place by Ken Monroe of Arlington Heights, Ill., defending national champion at 167 pounds; fifth at 150 by Max Branum of Park Forest, Ill., four of their best year at 142. Four of the

six Wildcats won at least one match.

Looking back, Pate mixes praise with a bit of yearning: "With a few changes we could have finished fourth or fifth or even been in contention for the title. It was that close."

Wayne totaled 25 points; not behind Eastern Oregon, 26; Augsburg, 27; International, 35. Central Washington State coped the team championship with 56 points, followed by Bloomsburg (Pa.), 49; UN-Omaha and Bemidji (Minn.) tied for third with 46; Upper Iowa, 44.

"Close team scoring indicates overall improvement, and that's what we like to see," Pate said. In 1968 Central Washington finished third on the same points, 56. That won this year, and Wayne was fourth with 45. In 1969 Wayne again ranked fourth with one point more, 57, than won the title this year, and in 1970 Wayne was eighth with 33.

Close decisions marked several Wildcat matches, four of them going overtime. Monroe's final scrap finished 1-1 after three rounds; then overtime went against him, 2-1, as he yielded the 167-pound championship to

Tom Tomlinson of International. Monroe won an earlier round with a 1-0 overtime decision.

Branum battled to a 4-4 draw in his fourth round, but lost by an astonishing 9-0 overtime margin.

Pate explained this: "Max gave it all he had—as he always does—in the first three rounds, then didn't have enough left for overtime."

In wrestling back Branum suffered the only pin of his three college years, but came back to pin Dennis Daker of Upper Iowa for fifth place. His career record now is 64-11-1.

Pate noted that Lee Hall, sophomore from Fremont, looked good in two triumphs, one a 3-0 overtime decision. In the third round Hall had Jerry Rocheleau of Valley City (N.D.) close to a pin, but rolled over and suffered a pin himself at 50 seconds.

Two other Wayne Staters lost narrow decisions. Freshman Tom Luth, 158, of Grand Island, after winning his first go with a 5-35 pin, lost an 8-6 decision. Sophomore Dennis Reid of De Witt, Ia., bowed in the 190-pound first round on an 8-7 decision. Kent Irwin, sophomore 126-

pounder from Council Bluffs, Ia., took a first-round pin loss in 4:47.

Monroe and Branum brought to 15 the places Wayne Staters have won in national meets since 1964. Nine wrestlers won those '15.

Pate observed an interesting comparison between team standings in the national and the tourney: ratings by Amateur Wrestling News. Wayne was rated No. 8 and finished No. 8. Other ratings and actual tournament placings in parentheses: UN-Omaha 1 (3 tie); Upper Iowa 2 (4); Central Washington 3 (1); Bemidji 9 (3 tie). Not bad ratings, Pate concluded, compared with final results.

## Girl Cagers Falter, Lose 2 at Tourney

Perhaps it was a letdown after a week-earlier championship—the Wayne State women's basketball team lost a pair of games Friday and Saturday at the Iowa Girls Invitational Tournament at Des Moines.

They had won the Midwest AAI Women's Tournament the previous Sunday. Then at the Des Moines event they lost to the Look magazine team, 63-54, Friday, and bowed to J. F. Kennedy co-eds, 48-40, Saturday. Parsons College, victor over JFK in the first round, beat Look in the finals, 59-49.

Wayne Coach G. L. Willoughby could take a philosophical view: the Wayne girls never have beaten either Look or JFK, though they have dominated most other foes the past five years.

Officials of the tournament, which is a popular side-light of the Iowa Girls Basketball Tournament, named an all-star team which included Sue Gatewood of Wayne.

How can you tell in what direction a federal roadway is blast fast west highways are known by even numbers on the US highway system. Those running north-south are odd-numbered.

## Cook, Creighton, Mau Vie for Scoring Honors

Rod Cook, Mike Creighton and Don Mau, all seniors, battled down to the wire for scoring honors on the Wayne High basketball club the past season.

But Cook's exceptionally fine effort in the two games of the district basketball tournament at Norfolk—28 points one night, 17 the next—earned him top spot on the scoring ladder. He compiled a total of 178 points during the year, two more than Creighton or Mau came up with.

Cook was also one of two players who saw considerable action this season to hit better than 40 per cent from the field.

Mike Creighton

aged 56.4 points a game while giving up 63 an outing. The Devils hit slightly better from the field than did their opponents—35.7 to 34.6—but were bettered at the free throw line—58.8 to 55.4. Under the boards the locals grabbed off 496 loose balls while their foes made away with 527.

Rod Cook

The 5-10 guard hit 75 of 176 shots for a respectable 42.6 per cent. Steve Petersen, 6-1, shot 48 per cent—24 of 50—but did not see as much action as Cook.

Also high in shooting ability were 5-10 Creighton with 37.8 per cent accuracy (56 of 148) and Mau with 37.7 (69 of 183).

Mau, at 6-1, averaged 11 points a game to lead his teammates in that category. Pushing him for that honor were Cook at 9.8, Creighton at 9.7 and Kyle Willis, only a junior, at 8.3.

Reliable shooters at the charity stripe for Coach Don Johnson this season were Willis at 66.7 per cent (34 of 81) and Cook at 65.1 (28 of 43).

Rebounding power was supplied the Blue Devils by 6-3 Willis with 179, Mau with 101, 6-3 sophomore Roger Saul with 95 and junior Lonnie Hilkot, who moved to Colorado after the end of the season, with 87. Wayne, 6-12 for the year, aver-

Don Mau

## Trapping Ends

Trapping of furbearers ended in Nebraska on Monday with the closing of seasons on mink and muskrat. Beaver season ended on Feb. 28.

Now, trappers will have to limit their activities to unprotected species such as raccoon, bobcats and coyotes.

With the close of mink and muskrat seasons, trappers have until March 25 to dispose of their pelts, according to the Game and Parks Commission. State law requires trappers to dispose of pelts from furbearers within 10 days after the season ends.

## Mat Champs for Sale

Would you like to buy a handsome slave? Wayne High School wrestlers and their instructors, Don Koenig and Larry McClure, will be auctioned off to the highest bidder starting at 7:30 p.m. on March 25 at the Wayne Grain and Feed office in the 200 block on Logan Street.

About 35 boys will be sold on the basis they will work for their buyer on Saturday, March 27.

Koenig said the sale will take a break at 8 p.m. for the weekly Cash Night drawing and then will resume shortly afterward.

Proceeds of the auction will be used for buying patches for the grappler's jackets, noting they are Husker Conference mat champs, and also to start a fund for the purchase of blazers.

# Baseball League Adopts New Monicker

Several old faces will join under a new label—the Iowa-Nebraska Amateur Baseball League—as former members of the Northeast Nebraska League begin play Sunday, May 30.

At a meeting Sunday at Homer eight teams from the Siouxland area voted to operate under the new banner. Representatives were Lawton, Hermon and Sioux City in Iowa, and Dakota City, Homer, Newcastle, Ponca and Wakefield in Nebraska.

Only Dakota City, Newcastle and Sioux City had not at one time previously been an entry of the NENL. The new name, however, was thought to more suitably identify the league.

The Iowa-Nebraska League will play a fourteen-game schedule followed by a play-off which will include the eight teams. Two all-star games—one matching the two states and another pitting the league-leader against the also-rans—will be staged in the second half of the season.

Pairings for opening day find Ponca at Homer, Newcastle visiting Lawton, Wakefield opening at Sioux City and Dakota City traveling to Hermon.

The purpose of the league is to provide an amateur baseball outlet for those no longer eligible to play younger classifications. Those interested in participating should contact one of the following: Doyle Smith, Lawton; Jim Klein, Hamsen; Jim Woods, Sergeant Bluffs; Arnie Green, Dakota City; Bud Vasser, Homer;

Tony Knehl, Newcastle; Bob Rockwell, Ponca, or Hubie Eaton, Wakefield.

Umpires interested in working the league should contact Lefty Olson at Wakefield.

## World-Herald Names Erwin To Select Team

Laurel's Steve Erwin finished out a brilliant high school basketball career by being named to the Omaha World-Herald's Class B all-tournament team.

Erwin joined Aurora's Tom Kropp, Cozad's Pat Storius and Fairbury's Bob Siegel and Tom Guelicks on the select squad.

Son of Mr. and Mrs. Verdel Erwin of Concord, Steve scored 21 points—right at his season average—in Laurel's 91-71 loss to Aurora in the opening round of the state basketball tourney last Thursday.

CONTESTING this rebound are TKE and recreation league players in Monday's benefit game at the city auditorium.

## Tilt Earns Boys Club \$38

About \$38 was collected in Monday night's benefit basketball game between members of a social fraternity at Wayne State College and members of the city recreation basketball league.

The local club, paced by Dean Eloff's 28 points and Gordie Jorgensen's 25, rolled over the TKE squad, 118-99, in a high-scoring contest.

The money collected during the game will go to the Wayne Boys Club. A few adults and

numerous youngsters attended the game.

Wayne's recreation players took a 26-20 lead after one period, upped that to 55-45 at intermission and led at 90-70 going into the final quarter.

Ken Dahl with 19 points and Tom Dendinger with 13 were the only others on the winning squad to score in two figures.

Leading scorers for the losers were Jack Pilbeam with 23 points and Jim Merchel with 22.

## 1970-71 All-Stars Coming Monday

This year's Wayne Herald West Husker all-stars are a bit more representative of the loop than those of a year ago. The basketball team, representing all but one school, will be announced in Monday's issue of The Herald.

Members on the team last year came from just Wayne, Laurel, Stanton, Madison and Bloomfield. This year's club represents two more schools.

The team, named by votes cast by the coaches in the conference, is the third one to be chosen by the newspaper since the first one in 1968-69. The all-star football team in the fall of 1968 was the first ven-

tured by the newspaper into the area of all-star athletes and possibly the first time a newspaper of this size helped select a team from such a wide area.

Named to the club a year ago: Wayne's Randy Helgren, Laurel's Rod Erwin, Steve Erwin and George Schroeder, Stanton's Marland Erbst and Rick Vranicar, Madison's Mark Rakowsky, Ric Rotherham and Dave Wehrle, and Bloomfield's Randy Stern and John Seetz.

Selected by his opposing coaches in the eight-school loop to all-star coach honors was Laurel's Larry Moore, who guided his team to the state tournament the past two seasons.

## Trojan Banquet Slated March 30

Theme for this year's athletic banquet at Wakefield High School is "Trojan Keys to Success."

The banquet, open to the public, is slated for Tuesday evening, March 30, at the elementary school auditorium. Tickets are selling for \$2 each. Tickets can be purchased from any W Club member.

Guest speaker for the evening will be Jim Waldon, on the coaching staff at the University of Nebraska.

## Draper, Shores Get Honors From WS Tank Teammates

Rich Draper of Elgin and Jim Shores of Fremont set off for the NAIA national swimming meet this week with a couple of honors bestowed by teammates at Wayne State College.

The squad elected Draper, a

senior, most valuable swimmer, Shores, a freshman, most improved swimmer. Draper won nearly every freestyle race he entered from 200 yards to 1,650 and he helped win many relays. Shores, also a freestyler, racked up numerous points, mostly at shorter distances, 50 to 200 yards.

## Local Bowlers Still Leading In Tournament

After two Sundays of competition, Wayne Body Shop still held the lead in the team event in the St. Mary's Men's Club bowling tournament at Melrose Lakes.

The team had a 2933 total to nose out Marley's Standard of Randolph with a 2894 for top spot. In third place was the Low in the Money team with a 2882.

Leading the doubles action were Salmon-Preston of Wakefield with a 1314 score. Also high in that action were Sprick-Husman of Pilger with 1279 and Low in the Money with 1185.

Nordel Clover of Pilger held the lead in singles action with a 645 score, followed by Dale Herbolsheimer of Pierce with a 638 and Low in the Money with a 595 total.

All events scratch action leaders were Larry Pearson of South Sioux with a 1814 score, Val Klenst of Wayne with a 1793 and Low in the Money with a 1785.

## Top Songwriter At WSC Saturday

Mac Davis, one of the nation's top names as a songwriter-singer, will perform at Wayne State Saturday night from 7:30 to 9:30 in Rice Auditorium.

He is the first half of a double-header sponsored by the WSC student special activity fee committee. The other half is a dance starting at 10 in Rice with J. Harris Bee and the Bumbles playing.

WSC students will be admitted free with ID. The twin program also is open to the public at \$2.50.

## Business Notes

Thomas McCright of Wayne, has been recognized for outstanding territory development during 1970 by the Gooch Feed Mill Company.

He was one of 14 Gooch territory managers receiving special plaques and desk top trophies at the Gooch Feed Mill Company winter sales and nutrition conference.

## Athlete of the Week

Steve Erwin

By Norvin Hansen

Steve Erwin of Laurel High finished his high school basketball career with an "average" performance—scoring 21 points and pulling down numerous rebounds in Laurel's 91-71 loss to Aurora in the opening round of the Class B state tournament at Lincoln.

The 6-6 senior who has been one of Coach Larry Moore's most valuable assets these past four years, impressed writers for the Omaha World-Herald enough with that "average" performance to earn a spot on the newspaper's Class B all-tourney team. It also earns Erwin the latest "Athlete of the Week" honor from The Wayne Herald.

Erwin averaged right at 21 points and 17 rebounds a game during Laurel's 18-4 season this year, so his performance at Pershing Auditorium last week was just a good sample of what he's been doing all season long.

Against Aurora, Erwin was called upon to guide the Laurel attack against the tight Huskie press. Repeatedly he had to dribble through that press while being guarded by Aurora's outstanding Tom Kropp, named to both the all-Class B and all-tourney teams by the World-Herald. Although the 6-4 Kropp had very quick moves, Erwin kept right with him throughout most of the contest.

Erwin, son of Concord area residents, Mr. and Mrs. Verdel Erwin, played four seasons of ball under Moore—beginning as a starter midway through his freshman year. During those four years the Bears racked up 82 wins and 12 defeats—25-2 last year, 21-1 the year before and 18-3 three years ago. His selection as the latest "Athlete" makes him only the second Laurel eager named for that honor this season. Early in the year junior George Schroeder earned the tag.

Without a doubt, Coach Moore is going to have to search hard next year for the individual or the combination to help fill the spot this honor student is vacating. Few people would envy him that task.

## State Man to Visit

Lawrence Graham of Lincoln, state director of public welfare, will be in Wayne Friday to visit the local assistance office and get acquainted with the county commissioners.

Mrs. Ethel Martelle said Tuesday that Graham's visit will be the first time a state welfare director has visited the county's assistance office for a period of at least 12 years.

## LINDSAY SOFT WATER OF NEBRASKA

RUSS TIEDTKE, Sales Representative  
213 Wilcliff Wayne, Nebr. Ph. 375-2497

**Dalsgaard** — MOST of the time pianist Mogens Dalsgaard is the intense artist. But sometimes he's the irrepressible clown (as pictured here) acting much like his pianist-comedian Danish countryman, Victor Borge.

ideas on technique of filming the piano — camera location, the angle and zoom of lens, the placement of microphones.

Throughout the long session, Dalsgaard was a man of many moods — intense and perfectionist while playing, happy-go-lucky between shooting sessions, joking with a dozen or so spectators while he munched a late-supper sandwich (it lasted nearly an hour between film takes), and beating out jazz or rock on the piano while not playing Grieg numbers for the camera.

Dalsgaard was all business when he played the numbers several times to let Hoyt check camera angles, clock the time of play, and test the recording. Dalsgaard also listened intently to a recording playback, to make sure of quality.

The completed film will have several purposes besides its place in the over-all Wayne State movie. It will be a teaching aid for piano students, who wish to study Dalsgaard's technique as one of Europe's leading young concert pianists.

Also, Dalsgaard will narrate a Danish language version of the film for showing at Danish schools, especially those cooperating with Wayne State's Nebraska-Scandinavian Summer Institute.

**Hospital**

(Continued from page 1) write the election costs. Burt replied: "No."

Noting that many of those voting in an election concerning the hospital district's formation would not be property holders, Wilson said he was concerned about those not owning property voting for the district and then letting the property owners pay for it.

Eddie charged, "This looks like Wayne has been 15 years behind time. Now it looks like you are trying to get area people — like

those around Coleridge — to pay for that mistake."

Olds told the commissioners that before proposed boundary lines for the hospital district were drawn, a study of the patient load at the local hospital had been made and it showed area people use Wayne's hospital.

Adon Jeffrey added that during those 15 years noted by Eddie, the town has provided hospital services for people in the area. He also said the city of Wayne would be giving approximately \$200,000 in cash and equipment to the new hospital.

"I can't recall what the rest of the area has done for hospital service," Jeffrey said. One of the hospital board reminded the commissioners that the state has offered property suitable for the location of a new hospital. Wilson said that "probably a lot of people would offer property — maybe in Carroll — if they thought the hospital would be built there."

Wilson's comment was countered by a WIF board member who said that hospitals, in order to give the greatest service, are usually located in the more densely populated areas. It was also pointed out that having a hospital in a densely populated area is an asset in trying to attract new physicians.

"Wayne has supported the hospital for 15 years," Olds said, "I believe if we are going to have medical care in the future, we are going to have to have facilities."

Eddie asked the WIF board, "Would you just keep bringing it up again if it was defeated the first time?" making reference to the hospital district election. The question was briefly discussed and dismissed as being unanswerable at this time. "Don't tell me they can't fix that building over," Eddie said in discussing the present municipal hospital.

Jeffrey and others of the hospital board emphasized that the present hospital structure does not meet the requirements of the state fire marshal and cannot be expected to meet future requirements of Medicare or state health department.

Several of the board stressed the importance of allowing the people to speak for themselves concerning the proposed hospital district by having an election.

Lund told the county board that if the hospital district is not brought to a vote there is a real possibility that the Wayne area could easily be without a hospital and consequently without a facility to attract new physicians in the future.

Burt charged that as far as he is concerned a doctor who would not stay in a community because that community did not build a new hospital would be welcome to leave.

Burt said the majority of his people are against creating the proposed district. "I've made a very thorough investigation of people all over the district," he said. Dr. Bentback asked Burt as to the possibility that he might be voting no for some of those in his district who want to vote yes.

Carhart explained that even if voters approved the creation of a hospital district, the commissioners would be the ones to appoint a governing board that could decide when a favorable time might be for another election on the issuing of bonds. WIF board members said they would discuss whether to withdraw the request in a meeting and inform the board of their decision later this month. The commissioners were presented petitions several weeks ago signed by 311 freeholders living in the proposed hospital district calling for a hearing and election on the matter.

Norris Weible, county clerk, said that 750 of the signatures proved valid. The county board has received petitions and certificates from the county assessors of Wayne, Dixon and Cedar Counties showing a total of 4,738 freeholders living within the proposed boundaries of the hospital district.

The 750 valid signatures exceeds the necessary 10 per cent of the freeholders required by law to bring the matter before the commissioners. About 426 valid signatures would have been a sufficient number to legally require the commissioners to hold a hearing and election.

Assessed valuation of properties within the boundaries of the proposed hospital district totals \$44,136,425, according to Weible. Breakdown of that figure by county: \$13,370,540 in Cedar; \$6,282,915 in Dixon and \$24,482,970 in Wayne County.

In other county board action Tuesday, the commissioners acted upon a petition to vacate a county road five miles west and one mile north of Winslow. Use of the road will be studied by the road superintendent. He will submit a written report along with a recommendation within 30 days.

Eddie was appointed to replace John Surber on the city-county ambulance board.

Rev. Nelson said information about the project will be sent to church members and friends. Information will also be given out during the Sunday morning services and meetings of organizations in the church.

The new sanctuary and fellowship hall will cost an estimated \$108,000. However, about \$42,000 is already pledged or in savings, the minister reported.

If the \$66,000 goal is not reached, he said, the church will have to reconsider its plans to build.

year at Wayne State College, hope to attract several hundred people to the city each day of the fair. The \$50 will be combined with the \$311 promised from the city council and any other donations the club can come up with before the fair. As of early this week there had been no donations from the public. Accounts have been set up at both the First National Bank and the State National Bank so people can contribute to the fair.

Appointed to a committee to come up with ideas for a Lions Club booth during the environmental fair were Charles Maier, Bob Nelson and Clete Sharer. Lions members also voted to contribute \$600 to the Nebraska Eye Institute to help with construction of a large medical clinic. Another \$100 was donated to the Christian Record Brattle Foundation.

Larry DeForge, Charles Current and Ray Butts were named to a committee to head up the club's second annual light bulb selling project. New members attending the meeting, held at the Vets' Club, were Current and Bob Sutherland.

**Allen Board Okays Plan For Salaries**

The Allen school board formally adopted Monday night a salary schedule which includes a base salary of \$6,300, an increase of \$100 over the base currently in effect.

Teachers in the system next year will receive increases over the base salary of four per cent for each year of teaching experience and three per cent for each advancement on the training ladder contained in the schedule.

There are six levels on the training ladder: 1-0 hours, undergraduate degree, degree plus nine hours, degree plus 18, degree plus 27 and the graduate degree or 36 hours. There are eight steps for experience, one more than the present schedule contains.

The base salary is that paid a teacher with a four-year degree and no experience.

Larry Koester, superintendent of the school board, said the average pay increase to a teacher next year would be just over five per cent.

The teachers in the system next year will work under the same extra duty pay schedule as is currently in force. The hospitalization plan provided teachers by the school system will also remain the same.

**Government Day Program Is Set**

Persons doing business at the Wayne County courthouse Mar. 31 will find new personnel in each office serving one-day terms.

Each county office will have new officers during the annual County Government Day sponsored by the Wayne County American Legion and Auxiliaries in Carroll, Winslow and Wayne.

Junior students in the Wayne-Carroll and Winslow high schools select one representative student to serve in each of the county offices for the day.

Chris Bargholz, county veteran's service officer, said Tuesday that the morning program will consist of registration, swearing in ceremonies and a program conducted by the Nebraska Safety Patrol.

A noon luncheon will be served to the group at the Vets' Club by the American Legion Auxiliary. Mrs. Alvina Bush is chairman in charge.

**Forms Needed For '71 Loan Program**

Application for a 1970 oats, barley and rye loan must be made at the Wayne County ASC office by March 31, according to Itay Butts, manager of the local office.

Price support rate is 62 cents a bushel.

Participation in the 1970 Feed Grain Program is not a condition of eligibility for price support on oats, said Butts.

**Smoker-Fry Slated At Allen Saturday**

Residents of the Allen area who would like to help in the drive to purchase equipment for the Allen rescue unit are reminded of the smoker-fry scheduled for the fire hall Saturday night.

The proceeds from the affair will go to purchase equipment and supplies for the current rescue unit.

Tickets for the evening, available on any fireman at Allen, are selling for \$1 each. Donations of either money or supplies and equipment can be made to either Keith Hill, secretary for the firemen, or Bill Kjer, chief.

**Girl Scout Cookies Ready for Delivery**

Wayne Girl Scouts and other troops in the Prairie Hills Girl Scout Council will begin delivering cookies on Mar. 19. Deliveries will continue until Mar. 26, according to Mrs. C. R. Denton, cookie sale chairman in Wayne.

Orders for the cookies were taken in February. Customers pay for the cookies upon delivery.

The cookie sale was a success, according to Mrs. Gordon Marshall of Fremont, council chairman.

The cookies were sold in double packs for double the price of previous years. A total of 47,244 double pack boxes were sold in the 19-county council. Twenty-five cents profit per double package remains with the troop; 1 cent will be spent on providing opportunities for the Girl Scouts; and 33 and one-half cents will be used for the maintenance and development of Crossed Arrows Girl Scout Camp at Nickerson.

Wayne Jaycees, from left, John Richards, Darrell Moore and Bill Weible, were among that organization's members working Tuesday night moving materials from the fair ground to the city auditorium in preparation for the Farm and Home Show.

Chant Oil Company, Robert's Feed and Seed and Wayne Monument.

Police reported \$250 in cash, drill bits and a paint mixer covering were missing at Koplins. Nothing was reported missing at Sherry's, but \$250 was taken from two safes at Merchant Mill Company. A total of \$6.55 in cash was taken from a cash register at Robert's Feed and Seed. Loss at Wayne Monument amounted to \$155 taken from a safe.

Assisting Wayne police in the investigation were Robert Mavis of Wakefield, criminal investigator for the Nebraska Safety Patrol and the Wayne County sheriff's office.

Charged with second offense petit larceny, a felony, was Burden Hank, 20, of Winslow. Arraigned before Judge Laverna Hixon in Wayne County court Monday, he is being held on a \$500 bond awaiting a preliminary hearing in county court next week before being bound over to district court.

Hank and another youth, a juvenile, were found in possession of a fire taken from the Wayne Auto Salvage, according to city police. The youths were arrested Sunday.

Three flags and a rain gauge were also reported stolen Sunday in the 800 block on Valley Drive.

**Car Strikes Bridge**

A 21-year-old rural Wayne man, Jack F. Latt, received facial lacerations in a one-car accident occurring around 12:30 a.m. Saturday slightly less than two miles north of Wayne on Highway 15.

The Wayne County sheriff's office investigated the mishap and reported Latt was northbound in a 1970 Chevrolet. The auto hit the south side of a bridge on the west side of the road. He was treated for facial cuts by a Wayne doctor.

Damage to guard posts and reflectors was estimated by authorities to be \$100. The auto was considered a total loss.

State Trooper W. G. Watson assisted in the investigation.

**25 Area Schools Plan to Enter Speech Contest**

Wayne-Carroll High School students will join pupils from 24 other area schools competing in the annual District III speech contest slated Saturday at Wayne State College.

Dr. Robert Johnson of the Wayne State College speech department said portions of 10 different categories are scheduled to be held at Ramsey Theatre and at the Wayne High School lecture hall.

Johnson, in charge of making arrangements, said several staff members from the Nebraska University speech department will judge the contest.

**Weed Board Names New Superintendent**

Lowell Glassmeyer has been named superintendent of the Wayne County Weed Board, according to Ernest Muhs, board chairman. Glassmeyer will take over his new duties starting April 1.

The decision to hire Glassmeyer was made Thursday night during the board's regular meeting.

Ed Dunklau, superintendent for the last several years, will leave his post at the end of March at the board's request.

**Student Plans Tour**

Angelica Mahaluf, 17, foreign exchange student from Chile will leave Winslow Saturday to join other exchange students for a tour of New York City and Washington, D. C.

Miss Mahaluf arrived in Winslow in January and has been living with her host family, Supt. and Mrs. M. J. Maston.

Upon returning from the week-long tour to the east coast, Miss Mahaluf will live in Pierce and attend Pierce High School for three months. She will then return to Chile June 23.

### Cards of Thanks

I WOULD LIKE to thank everyone who remembered me with cards, gifts, flowers and visits while I was in the hospital. I would especially like to thank Father Begley, Drs. Walter and Bob Bentback, Dave Theophilus and the hospital staff. All the good things done for me will never be forgotten. Joe Dorcey. m18

MY SINCERE THANKS TO EACH of you for the cards, gifts, visits and flowers while I was in the hospital. Also to KTCH and the Wayne Greenhouse for the Trio of Roses. And to Dave Theophilus for his kind deed. Special thanks to Drs. Walter and Robert Bentback, and the nursing staff for their excellent care. Also to Rev. de Freece for his visits. It was deeply appreciated. Charles Grow. m18

I WISH TO EXPRESS MY SINCERE thanks to friends and relatives for gifts, cards, flowers and letters received while I was in the hospital. Special thanks to Pastor Gerald W. Gottberg for his prayers and visits and to the family for all they did. Donald Nettleton. m18

OUR SINCERE THANKS to relatives, friends and neighbors for your thoughtfulness and kindness in words and deeds during our recent bereavement of husband, father and grandfather. Special thanks to Pastor Frey for visits and prayers and to Dr. Martin, nurses and aides at the Pender Community Hospital and to St. John's Ladies Aid for their services. Mrs. Robert Schmidt, Mr. and Mrs. Lester Beerbohm and family, Mr. and Mrs. Fyryn Schmidt and family, Mr. and Mrs. Arthur Schmidt and family, Mr. and Mrs. Walter R. Schmidt and family, Mr. and Mrs. Dewey Kaul and family and Mr. and Mrs. Conrad Suhr and family. m18

THE FAMILY OF MARY HEINUNG would like to express their sincere thanks and gratitude to all the friends who were so kind and thoughtful to her during her illness; to Drs. Walter and Bob Bentback, to the nurses who attended her, and to Father Begley for his continual spiritual consolation. Thank you for all the flowers, memorials, masses, cards, food and many acts of kindness extending to us all the time of her death. m18

I WISH TO EXPRESS my sincere thanks to all my friends and relatives for their cards, gifts, flowers and for visits during my stay in the hospital. Special thanks to Pastor Paul Reimers for his prayers and visits. Ella Graef. m18

TO THOSE WHO EXPRESSED their sympathy in so many beautiful and practical ways during our recent bereavement, we extend our heartfelt thanks. Special thanks to neighbors, Dr. Walter Bentback, Rev. Frank Kirtley, Ladies of the Methodist Church and all those who sent flowers, cards and memorials which will go to the Child Savers.

I WISH TO EXPRESS my sincere thanks to all my friends and relatives for their cards, gifts, flowers and for visits during my stay in the hospital. Special thanks to Pastor Paul Reimers for his prayers and visits. Ella Graef. m18

NU BUDGETING is discussed by Leon Meyer, left, and Gus Lieske. The problem is one Meyer is familiar with — he's treasurer for Wayne County.

## Lieske Tells of NU Budget

Gus Lieske, director of the Nebraska Department of Administrative Services, told Wayne Kiwanians Monday that his department, part of the new Exam administration, asked three questions in building a new budget for Nebraska University.

He said the questions asked about each phase of the budget were: do we need to continue it, do we need to go on doing it the same way and are we doing it in the most efficient way?

In his role as head of the DAS, Lieske has been involved in the recent controversy between university regents and

Gov. Exon concerning the proposed NU budget.

Lieske emphasized that the proposed budget recognizes a continuing need for efficiency and excellence. "Excellence does not always come by spending more money," he said.

Pointing out to Kiwanians that the proposed NU budget provides for instructional quality, Lieske said provision is made for the addition of 26 new faculty members and a reduction of class size from the present 75 to 100 students to an average class size of 27.

Lieske used graphs showing how NU compares in cost-per-student, with all funds considered, as compared to other Big Eight schools.

He noted that Nebraska ranks fifth at \$1,826 per student compared to sixth-ranking Colorado at \$1,756. He then pinpointed the fact that although Colorado's cost-per-student is less than that of NU, Colorado ranks first in Big Eight schools as to the number — 28 in all — of rated graduation programs offered while Nebraska ranks in eighth place with only six such programs. He said it was obvious that "Something beyond spending more money" was needed at NU.

The four Big Eight schools with higher cost-per-student rates are Missouri, \$2,179; Iowa State, \$2,164; Kansas, \$2,103, and Kansas State, \$1,934. Kansas offers 26 graduate programs, second only to Colorado. Iowa State holds third place with 18 graduate programs.

Explaining to Kiwanians that the proposed NU budget for next year would amount to a 8.5 per

cent increase, Lieske also noted areas affected by cutbacks.

Pointing out that cutbacks were not in the field of instruction, he presented the following cutbacks by department: accounting, \$29,000; data processing, \$11,000; public relations, \$80,000; placement services, \$24,000; student housing, \$74,000; maid at chancellor home, \$3,000; recruitment, \$18,000; vice chancellor, \$34,500; admissions, \$48,000; special counsel to the president, \$28,000; publications, \$31,000, and catalogues, \$7,400.

Other cutbacks included ending the sending of the Nebraska Law Review to attorneys, \$5,000; alumni association, \$35,000; general expenditures, \$30,500; institutional travel, \$8,000; miscellaneous equipment, \$25,000; planning and design, \$210,000; remodeling, \$400,000, and equipment for the chancellor's house, \$4,500.

Included in the Kiwanian program Monday was a memorial read by Ken Olds in honor of the late H. D. Addison.

## Funeral Services Held Saturday

Funeral services for Robert Schmidt, Beemer, were held Saturday at St. John's Lutheran Church, Beemer. Mr. Schmidt died March 11 at the Pender Community Hospital.

The Rev. Dennis Frey officiated at the rites. Cathy Schmidt and Larry Beerbohm sang accompanied by Mrs. Harold Raasch. Pallbearers were Donald Beerbohm, Walter Schmidt, William Cordes, David Morris, Jack Suhr and Donald Longe. Honorary pallbearers were John Averman, Richard Munderlok, Harry Tonjes, Elmer Kratke, Martin Holz and Henry Beerbohm.

Robert Schmidt, son of Matilda and Fredrick Schmidt, was born February 16, 1884 on a farm near Bancroft. He married Maire Kai March 6, 1913 in Wayne County. They lived on a farm near Pender until 1948, when they moved to Beemer where he resided until his death.

He was preceded in death by two brothers and five sisters. Survivors include three sons, Ervin, Arthur and Walter; three daughters, Mrs. Lester Beerbohm, Mrs. Dewey Kaul and Mrs. Conrad Suhr; 15 grandchildren; five great grandchildren; and one sister, Mrs. Emma Gilster, Pender.

## Merit System Exams April 17

Examinations for all types of clerical positions with the Nebraska Department of Public Welfare, Department of Health, Division of Employment, Civil Defense Agencies, Office on Aging, Comprehensive Health Planning, Safety Division of the Department of Labor and Manpower Planning Program will be given on Saturday, April 17.

Local high school seniors who will be seeking employment in the clerical fields may find the April 17th Statewide Merit System examinations, to be given in about 50 cities, of importance to them.

Positions as Typist Clerk I and Stenographer Clerk I are open to high school graduates with a background in appropriate commercial courses. Those interested in permanent employment in the public service agencies should make applications to take the test in the center located nearest to them. Commercial and guidance departments of all high schools have informa-

tion regarding these tests. All others interested in these and other clerical positions should apply to take the qualifying examinations at this time while they are given in centers

near their place of residence. In order to qualify for the tests on April 17, applications must be postmarked by midnight of March 22. Applications received after this closing date

will be processed and scheduled for a future examination period. Announcements listing the specific positions for which applications will be received are posted on post office and library

bulletin boards, with copies in the hands of high school commercial teachers and guidance counselors. You may request a copy of the announcement directly from the Merit System Office,

11th Floor, State Capitol, Lincoln, Nebr. 68509. Applications and information may also be obtained at any County Welfare Office or local office of the Division of Employment.

### How to Bug an Editor

Being editor of a country newspaper is not the most desirable job in the world—unless you are a glutton for punishment. It is confined beyond what is reasonably accepted these days.

There are constant pressures. That means daily deadlines and everything has to be done in a hurry. As for financial reward, only a few really make it and we seldom advise youth to enter the field unless they are really dedicated and can cope with the inherent perplexities.

This does not mean that the newspaper business is completely unrewarding, because there is certain satisfaction in doing any job well. There is humor in the work and something pops up almost every day that is good for a laugh. A lot of it comes from the fact that most people feel strongly, one way or the other, about having their names in the paper.

Here are a few typical examples, not all original, of a number of ways to spoil an editor's day:

"Please put it on the front page."  
"Use the story just as I have written it. The club wants it that way for the scrap book."

"You're invited to our annual dinner tonight (this was the third invitation that week and we wanted a night home). There will be plenty free to eat and drink. Oh, yes, please bring your camera."

"How come it wasn't in the paper? It was? Well, I didn't see it. Will you please go through the back copies and tear

it out for me?"

"I just stopped by to talk a few minutes, but I'm busy."

"We voted to make you our club publicity chairman."  
"I know you have a deadline, but couldn't you just squeeze this little item in?"

"My husband has never been in trouble before so I don't think his name should appear in the paper for drunken driving and hitting that nasty policeman (who was only trying to arrest the man without hurting him). Besides, he only had a couple of beers (the drunkometer showed him nearly dead drunk). And there are the children to think about (he didn't and the facts are he regularly gets drunk in front of them and beats the old lady about every Saturday night).

"I know it's on a Sunday, but it's our annual reunion and someone ought to cover it."

"My uncle's brother is one of your biggest advertisers and I was wondering if . . ."

"I'll try to get my ad in to you before the deadline next time."

"You ran the disaster picture, but you didn't get my first wedding anniversary picture until the day after."

"If there wasn't room for the other picture, why couldn't they run it on another page?"

From the Breckenridge (Minn.) Valley Alert

### Now Is Time to Speak

Having a voice in government on a local level is an important privilege to American citizens.

Surely there are times when you have opinions about the decisions of city, county, state and federal authorities. Did you express that opinion to the source of the decision where it would do some good?

Right now your county government is faced with redefining boundaries of the three commissioner districts in Wayne County. They have openly expressed their need for ideas as to where those boundary lines should be placed.

The three districts must have, as nearly as possible, equal populations.

Each commissioner must live in the district he serves. Two or more voting precincts must be in each district and the land in a district must be continuous.

Anyone who would like to get a map of Wayne County and attempt to work out a solution to redistricting may secure such a map at the county clerk's office. All suggestions should also be turned in to the clerk.

Once the redistricting is completed it is probable that some who haven't said anything before will openly criticize.

The time to present ideas is now. To keep silent and criticize at a later date is the way of fools. — MMW.

### Can Anyone Help?

Can you imagine what it is like for a young lad to compete in athletics but never have a cheering dad on the sidelines?

Can you understand the disappointment of not having a dad to romp with, play horse, play ball, or to give you courage when you are afraid?

Do you know what it is like for all your buddies to have fathers, but you don't have one?

Due to war, disease, job accidents and divorce, more and more homes are without a dad.

Wayne, like other communities, has those little families which, for one reason or another, are fatherless.

There appears to be a wide open opportunity for either a civic organization or a college fraternity to implement a program where big men give the little men

an hour or two of their time on Saturday or Sunday.

There is likely some kid in your block who would figure you were about the greatest guy in the world simply because you shared a few minutes throwing a ball around in the yard on a summer evening.

That kid without a father is trying his best to discover what a man's role is in life. How will he find out without you?

Chances are that if you once get acquainted with that kid, he is going to help you to bring back a little more of the kid in yourself. And who knows what each of you will contribute to the other's life?

If your organization hasn't had a good project for awhile, how about seeing to it that fatherless boys don't always have to know that the empty spot on the sideline is his own special kind of loneliness. — MMW.

### People Ask Us--

QUESTION: What funeral benefits are available to veterans?

ANSWER: An honorably discharged veteran of any war or of the Korean Conflict or Vietnam is entitled to the following federal benefits:

1. \$250.00 burial allowance
2. Transportation to the place of interment, if death occurs in a veterans' facility.
3. Flag to drape the casket.
4. Gravespace in a national cemetery.
5. Stone grave marker or bronze plaque for placement either in a private or national cemetery.

Benefits in the Post Korean period, January 31, 1955 until August 5, 1964, do not include the \$250.00 burial allowance.

## 'Educational Surtax' Idea May Help Property Owners

LINCOLN — Sen. Jerome Warner of Waverly is tinkering with an idea to help take the pressure of school financing off property taxes.

It amounts to a sort of educational surtax — a local income tax with the revenue earmarked for education.

Warner hasn't worked out the details yet and he isn't even sure it's a good idea. But he said he would like to have a legislative study committee make an investigation during the interim before the 1972 session.

In fact, Warner said he would propose that a committee be appointed to look into the whole area of school financing.

Here's how his surtax plan might work:

A maximum property tax mill levy would be established for schools. Warner said he didn't know what that levy should be.

A school district would take the amount of money that maximum levy would bring in, based upon the local valuation, and add to it the district's share of the state aid and whatever miscellaneous funds the district receives.

The total of all that would be subtracted from the district's operating budget. The difference would be made up from the local income tax.

The State Revenue Department would be informed of how much money would be needed from the income tax source. It would ask its computers to find out the incomes reported by residents of the district and the "surtax" would be levied against that total.

In other words, a local school district's budget would be financed from property taxes, state aid, miscellaneous funds and a "surtax" on the incomes of the residents.

The important thing, Warner said, is to find a way to ease the burden on property taxes.

He is having amendments drafted to his bill for full funding of the state school aid plan. They were to be ready for floor action some time this week.

That bill is LB 462. It would raise the state school aid from the present \$35 million per year to \$89 million — or an increase of \$54 million annually in money sent by the state back to local schools.

But Warner said he isn't interested in backing a plan to increase state aid unless there is an "ironclad guarantee" that there will be a corresponding decrease in property taxes.

That will be the intent of the amendments.

A group of education associations and organizations working to relieve property taxes are joining hands in working on the amendments.

Warner said last week the details hadn't been worked out yet, but the plan is to require dollar-for-dollar property tax relief as the state aid goes up.

There have been unofficial estimates of what would happen to the state's sales and income tax rates in order to provide the \$54 million in additional state aid.

The state sales tax rate is now 2½ per cent and the income tax rate now is 10 per cent. Under the budget proposals offered by Gov. J. J. Exon, the 1972 rates would be 2½ and 13.

The unofficial compilations indicate it might require a rate combination of 3-19 if another \$54 million were to be generated for schools.

That kind of an increase — or any increase above 2½-13 — is what Exon said he will do everything he can to avoid.

The governor has argued that the voters last year put him in office because of his pledge to maintain the 2½-13 sales and income tax rates.

But Warner and some other senators maintain the relief the voters really were after was from the property tax burden. Warner has said his constituents have told

him they would be willing to pay higher sales and income taxes if they could get lower property taxes in return.

Another showdown between the governor and the senators seeking property tax relief is coming up soon.

Last week, the Revenue Committee sent to the floor a bill which would give partial exemption of some classes of personal property and have the state make up the local losses.

That is LB 573, sponsored by Sen. J. W. Burbach of Crofton. Exon has called it "The Great Tax Hoax of 1971."

The bill would implement a constitutional amendment approved by the voters last fall. The governor said he favored the amendment but opposes implementation this year.

Under LB 573, half of the actual valuation of business and farm inventory equipment would be excused from taxation in 1972. The next year, 70 per

**Area Teachers Offered Help in Getting Degrees**

Elementary and high school teachers in the Wayne area might want to try obtaining some of the 40 Ak-Sar-Ben post-graduate scholarships being made available again this year.  
The scholarships, worth \$150 each, are to be used during the summer session this year. It is the 13th year that Ak-Sar-Ben has offered the scholarships to help teachers obtain advanced study in their respective fields.  
Stanley L. Hawley of Lincoln, deputy commissioner for the Department of Education, will administer the program, which is handled by a committee of 11 Nebraskans.  
Committee members in addition to Hawley are Dr. Freeman Decker of Wayne, Ross Rasmussen of Lincoln, Mrs. Fritz Krause of Alliance, Mrs. Richard Lackoff of Basset, Max Logan of Diller, Jerry Steggs of Broken Bow, Robert T. Kelly of Omaha, Ed Burke Jr. of Imperial, Mrs. Frits Shepherd of Lexington and Carl Speltz of Kearney.  
Applications and inquiries should be directed to Hawley, Department of Education, Room 1401, State Capitol Building, Lincoln. Deadline for applications is April 15, so winners may be announced before summer vacations begin.

## Good Morning Feeders & Hi Mom

By Eddie Collins

Farm Moms, what happened to the principles of free enterprise, the stuff on which our nation was founded?

What happened to our educational system, a system that now teaches and prepares our youth to a life of governmental or conglomerate corporation dependency?

I realize that when the United States was conceived by Boston sea merchants, who hated over taxation, that the world played the economic game — a man against man.

I realize that as the U. S. grew land was ample, obtainable merely for the struggle to survive the frontier. I realize that every man had individual opportunities without need of higher education, that a man survived by work and prospered by individual achievement.

In schools, "ritmetic was not modern math, reading was not hours before the "boob tube" and "riting was not cramped blotches. The philosophy was to prepare yourself to exist, to prosper on your own two feet.

I realize that after the Civil War and after the European map became more clearly defined by the Prussians, that corporations were needed to combine financial strength and "hire" personnel to develop the Industrial Revolution. In international trade, any individual was limited in dealing with corporations or cartels.

I realize the corporations became giants, that individuals became hirelings — dependent on weekly paychecks, corporate strength and longevity.

I realize that as socialistic tendencies swept Europe, corporations could not be expected to compete with nations. Ford and Lockheed could not be expected to be in a head-to-head struggle with the USSR or with Germany. It was no longer cartels against General Motors. It was nation against nation. And

still is. Even worse, now coalition against coalition, U. S. farm program against the Common Market.

But what happened to education? When did education quit preparing a man to work for self-employment?

Sociologists . . . ever try to make a buck on that? Aeronautical engineer . . . job dependent . . . almost 100 per cent on warfare? Meat inspectors, marketing specialists, extension agents . . . all dependent on federal checks.

In fact, even vocational training prepares along corporation lines rather than free enterprise.

Just one time I would like to find a professor urging economic initiative rather than job placement. One time, finding the man able to stimulate economic independence and growth. Not for DuPont, Union Carbide or Merrill Lynch, but for Joe Blow.

Not educated solely to grab an 8 to 5 job, Monday thru Friday. Not to establish tenure in teaching, seniority in corporations or rating in Civil Service for 40 years of repetitious boredom, but to experience the trials of meeting, not receiving a paycheck.

They say, creativity is urged, free thinking is urged, free expression is urged, but the system fails to convey desire to "profit."

Whether the U. S. is or was a capitalist system is questionable. I know self-respect has disappeared in many. Walk on the campus, some great kids . . . most system-bound, Corporate or Federal. Walk in the unemployment corridors . . . lines of cradles, some lines of convenient "professional drifters" . . . but not farmers!

Farmers and cattlefeeders remain people capitalists. Yet their kids go away to school to an education that urges socialism! Farm Moms, that big federal job, big feed company job, big

"How low can we keep hog prices, and still have the farmer complacent?" — 19c, 18c, 17c.

office job is overrated right in your own home. At home, these kids hear, farmers had-mouthed their way of life since the cradle. No wonder they leave.

The cream of American agriculture leaves because of talk — too wet, too dry, too still, too windy.

Prices are never high enough and costs are unreasonable. To whom merchants scheme on you, — so you'll start your own co-op or bureau service.

Believe me, Mom, all vocations have problems. Preachers' sons seldom are anemic. Bankers

sons, most uncontrollable. Teachers sons, resist education. Please, Farm Moms, urge education to return to private enterprise thinking. True, you will deal with "bureaucrats all your life, on their narrow gauge un-imaginative tracks. You will deal with corporate representatives with a 12-inch book on regulations.

But farmers will be free for personal decisions, personal achievements. You will be the heart of the original America . . . if it's not too late.

## Local Dairyman Cited By State Association

A Wayne dairy farmer received recognition during Wednesday's annual meeting of the Nebraska Dairyman's Association for having a dairy herd which produced 540 pounds and over of butterfat.

Wayne Gilliland

Wayne Gilliland, who farms just southwest of Wayne, was one of 39 dairymen to receive a gold award from the association, recognizing the high butterfat production of their herds.

Also receiving gold awards were Gerald Stevens of Handolph, William Ehrisman of Beemer and Maurice Partridge of Stanton. Stevens also received one of 16 silver plaques awarded to owners of Standard Dill herds whose production averaged 445 pounds of butterfat for five consecutive years.

Fred Wantoch of Stanton was one of six dairy producers receiving their second five-year bars, for 15 years of high production maintained by their herds.

The annual meeting was held at Lincoln. Recipients of silver awards — given to owners of herds producing 495-539 pounds and over of butterfat — included Eugene Goetsch of Randolph, Dreyer Brothers of Stanton and Wantoch of Stanton.

Earning the bronze award — for owners of herds producing 450 to 494 pounds — was Russell Mowinkel of Beemer.

Two Nebraska dairymen were recognized as owners of herds which maintained consistently

butterfat production for 25 years. Those men were Herschel Lower of Fairbairn and R. P. Flynn & Sons of Blair.

The state organization is one of the oldest agricultural groups in Nebraska. It was organized in 1885 by a group of dairymen and processors.

Its current program includes three phases: recognition of outstanding herds and individual animals, providing educational materials to dairymen and support of youth development through various dairy projects and activities.

Two Nebraska dairymen were recognized as owners of herds which maintained consistently

## 'Choosing Right Fertilizer Very Important'

There are several factors that should influence a farmer's decision as to the type or grade of fertilizer to buy for 1971, reports George Rehm, area agronomist at the Northeast Experiment Station.

One important fact to remember is that the effectiveness of a pound of nitrogen or phosphorus is about equal regardless

of the carrier purchased — provided the fertilizer is properly applied, he said. Some nutrients may be lost if fertilizers are not applied properly, according to Rehm.

If fertilizers are handled so that losses are avoided, the cost of a pound of plant nutrient supplied in the various fertilizers becomes an important consider-

ation, he explained. For example, if anhydrous ammonia is selling for \$82 per ton, the cost of a pound of nitrogen is five cents. A ton of anhydrous ammonia (82 per cent N) contains 1640 pounds of nitrogen. The 1640 pounds of nitrogen divided by the \$82 gives the cost per pound of nitrogen.

This same procedure can be followed to calculate the costs of plant nutrients in other fertilizers, Rehm noted.

The agronomist added that cost calculations show that the price of plant nutrients is nearly equal for most of the commercial fertilizers on the market today.

There are, however, some new commercial products on the market in northeast Nebraska which have much more expensive price tags, Rehm said. If these products were applied to crops at rates to supply the needed nutrients, the cost would become prohibitive. These products may be satisfactory for crops with a high cash value but are not recommended by Rehm for the major crops in northeast Nebraska.

A preference in handling one

type of material as well as other related factors may also influence the farmer's decision to buy a particular type or grade of fertilizer, the agronomist concluded.

—Pleasant Valley 4-H—

Pleasant Valley 4-H Livestock Club met March 9 in the Cyril Hansen home with 11 members. Abdallah Khawaldien, an exchange student from Jordan, guest speaker, showed slides and spoke on his homeland, followed by a question and answer session.

Don and Dennis Magnuson gave reports on beef breeds. Members were encouraged to participate in the speaking contest and Mrs. Herrmann mentioned that Dave Williams has issued new rules and regulations for livestock exhibition this year.

Mrs. Melvin Magnuson and Mrs. Cyril Hansen served lunch. Next meeting will be in April with Wilbur Heltis.

## State Tree Program Still Growing

In 1926 the Clarke-McNary tree program used a Model-T pickup to distribute 1,000 trees to Nebraska farmers and ranchers. Today the program still distributes trees, but with a new truck that will carry some 40,000 trees.

The program began in 1926 and at that time was distributing some 30,000 trees. Since then, in 45 years of operation, over 60 million trees have been planted in the state with the help of the distribution program. Annual distribution is usually 1.5 to two million trees, says F. H. Benson, acting state and Extension forester.

Benson describes the Clarke-McNary program as an opportunity for Nebraskans to obtain suitable planting stock for the development of windbreaks, woodlots, wildlife habitat, Christmas tree plantations and other conservation plantings.

The majority of the trees used in the program are locally grown — the evergreens coming from the Besses Nursery at Halsey and broadleaf stock from commercial nurseries in eastern Nebraska.

For the 1971 planting season Benson noted that both bare-root and potted transplants are available. He said the advantage of potted stock lies in the better rate of survival attained when plantings are made under adverse conditions.

There are 11 species of broadleaves, nine species of shrubs and six species of evergreens available as bare-root stock, Benson said.

Benson said there are 12 pickup locations for potted trees, and transplants can be delivered or picked up at Halsey. The trees will be ready for shipment about April 1.

According to the state forester, "We will never experience a better spring which is more favorable for planting trees than 1971 promises to be. Sufficient moisture is always an indicator of good tree survival."

He emphasized that the need to plant trees in Nebraska never ends. With the development of tree planting machines, hoeing and planting by hand are fast becoming obsolete. Large numbers of trees are planted with tree planters and rows are treated with chemicals to handle the weed problems.

Farmers and ranchers needing more information on the Clarke-McNary program can contact their county Extension agent. Application blanks are also available at the Extension office.

District foresters, Soil Conservation services and Game Commission employees can help in advising best methods for tree planting, Benson suggested. He also said that local Soil Conservation Districts may have tree planting machines.

# Area Dairy Farmers Seek Help in D.C.

Several northeast Nebraskans—including Fred Madsen and Everett Jansson of Laurel and Lyle Moratz of Haskins—took

their dairy farming problems directly to Washington, D. C., last week.

The group, accompanied by Harold Buschkamp of Crofton and Ludwig Tagel of Ewing, went to the nation's capital to talk to their senators and congressman about the struggle of the dairy farmer. Many dairy farmers are caught in the price squeeze and are being forced off the farms into urban areas, according to the group.

The five left on Monday of last week and returned late Wednesday. They had breakfast with Senators Carl Curtis and Roman Hruska and Congressman Charles Thone, Dave Martin and John McCallister.

Although the dairymen did not meet with Secretary of Agriculture

Clifford Hardin, they did talk with Wilbur Miles of the Ways and Means Committee.

The group asked their representatives for help to increase the support price on milk to 90 per cent of parity, nearly a 10 per cent increase over the present 80.5 of parity. The increase, according to Madsen, manager of the Associated Milk Producers' Nebraska division, would increase the milk price to the dairy farmer about 50 to 60 cents per hundredweight on manufactured milk. This, he said, would help the farmer meet the high fixed expense he already has.

The group also asked the government to consider putting cheese into the school lunch program.

in the 1971 farm programs. The county committee will review the entire farm operation on the basis of intended cropping," he said.

He also emphasized that conserving acreage which is recommended only for conserving uses, such as grass cover, must remain the conserving base. "No authority is given for making an adjustment that will result in a conserving base of less than the acreage recommended for conserving uses," he said.

"Naturally, we don't know how many adjustments will be requested and granted locally, nor for how much acreage, but U. S. Department of Agriculture officials feel that conserving base adjustments on a national scale will not be of major consequence. For individual farmers involved, of course, it could be quite important."

Wayne area residents interested in fighting pollution might want to watch a three-part documentary series dealing with practical solutions to the environmental crisis which begins next week on Nebraska Educational Television Network station.

The series includes two hour-long color presentations next week: "They Care for a City" on Monday and "They Care for the Land" on Wednesday, both at 9 p.m.

The first program deals with what an aroused citizenry of San Francisco is doing to combat air and water pollution and improve transportation and housing in their city. The second program involves a dispute between private and public interests over construction of a jetport near the Florida Everglades.

We hold dearly to the idea that before an able-bodied man should get income, he should work. We say, "If you want income, produce some good or service and sell it."

A learned foreigner after visiting the United States for the first time, observed, "The thing Americans do best is produce." The whole fabric of our socio-economic systems has been designed to encourage productivity. The unproductive farmer is a poor farmer. The unproductive laborer is poorly paid or possibly even unemployed. The unproductive doctor is the lower-income doctor.

The output of the average worker in the United States has been increasing at an annual average rate of approximately three per cent since World War II. Add to this population growth of between one and two per cent, and we get a picture of the total growth rate in output, with its spiraling environmental problems.

## County Agent's Column

by Harold Ingalls

### Quality of Life

Following is information taken from a paper presented by Dr. John Fisher, agricultural economist at the University of Arizona:

Population growth is not the big culprit in creating our current environmental and quality of life problems. Successful efforts to hold population growth down, if that is all we do, will not solve the quality of life problems.

The big problem is "compound growth." The total quantity of goods and services produced in the United States increased more in the 20-year period between 1950 and 1970 than it did between 1900 and 1950.

Between 1950 and 1968, we added 353 billion 1958 dollars worth of output to our annual

production, compared to the 1950 annual production of \$355 billion! It is increased output, more than increased numbers of people, that creates our pollution and other environmental problems. Increased output means more automobiles, with more exhaust fumes; more electrical energy, with more smoke; more bottles and cans, with more highway litter.

Our own success at economic growth and development, in a sense, becomes our problem. Furthermore, the stage is already set for the next round. Some authorities have said the process is irreversible.

Why is the process unstoppable? Because in the United States and most of the rest of the world we have established economic systems in which we reward people for being productive. Our system of using the market to allocate income encourages people to be produc-

## ASC Committees Can Rule On Farm Conserving Bases

A producer whose farm conserving base is a limiting factor in operating his farm in line with good management practices may appeal for an adjustment of the base through the end of farm program sign-up, April 9.

Three important provisions will be observed by the Agricultural Stabilization and Conservation (ASC) county committees in adjusting conserving bases for changes in farming operations, according to Harry Heinemann, chairman of the Wayne County ASC committee.

They are: —Downward adjustment of a conserving base will be made only upon a determination that farm operations have changed from conserving crops to non-conserving crops in recent years, or in the judgment of the county committee, such a change will be made this year.

—Acreage removed from the conserving base will be limited to that determined to be suitable for continuous cropping.

—Downward adjustment will not be made to accommodate a farm's required set-aside acreage under the 1971 farm programs.

"Basically, the rules on conserving bases are being updated in line with modern farming operations," Heinemann said. He pointed out today's market-oriented farm policy requires that farmers have more freedom for decision-making about their farm operations. The set-aside farm programs of 1971 provide for this by getting away from the rigid crop limitations of previous programs.

"As for conserving bases," he said, "although adjustments have been made over the years for tangible changes in farm operations, in some instances conserving bases still tended to keep producers locked into types of farming operations that were no longer in their best interests.

"Or they may have had to choose between staying out of farm programs or continuing an uneconomic farm operation.

"For instance, a dairy farmer with 500 acres was following the

Your child could have a vision problem and not know it, says the National Society for the Prevention of Blindness. Since very young children have no basis for comparison, even if their vision is blurred or distorted in some way, they accept it as normal. Some signs of eye trouble in children are excessive rubbing of the eyes, unusual blinking or irritation at doing close work, squinting and crowing excessively, and inflammation and watering of the eyes. If any of these are present in your youngster, take him for a professional eye examination.

# Stage Band Sounds Off for the Seventies

By Merlin Wright

"1-2-3-4, hit it!" And hit it they do. Wayne High School stage bandmen, 20 in all, take the command of Director Ron Dalton and swing into a blues number that talks the language of every generation. Soft vibes, muted trumpets, mellow saxophones, toe-tapping drums, gentle-voiced guitars and the deep-mouthed trombones all speak out in a sound reminiscent of the big bands in the forties.

Several times a week outside of school hours the practice room at Wayne High reverberates with the new sound in high school music.

Dalton, now in his third year teaching music in the local school system, noted recently that the rock, jazz, swing and other popular styles of music played by the stage band are all a part of communication art.

He said the purpose of the stage band is "to allow the student a new means of music interpretation." He noted that prior to the popularity of schools having stage bands, the scope of music used by bands was limited.

Including blues, rock and swing music into the curriculum of a stage band provides students with a greater variety of music to study, Dalton explained.

"We want to give the student the best possible means of study through good performance groups," Dalton said. "Using old and new tunes brings about a greater appreciation of all types and styles of music."

Speaking of the students and their dedication in rehearsing, Dalton said, "It requires a lot of work, effort and concentration." He pointed out that group spirit and willingness to work together is important in a stage band.

Dalton explained that the group must have "strong" players since there is only one instrument playing each part. He said in larger groups, where there are several instruments playing each part, there is the possibility that the weak players will let the strong players carry the load.

Arrangements used by the stage band often call for solo parts. The solo parts are left unwritten in the arrangements, allowing the pupil to use his own imagination in interpreting the music so as to fit into the total voice of the band. In this way, he said, the stage band allows for improvising and experimenting.

Dalton described his stage band members as being "cream of the crop" and a good public relations group.

"The students like to play," he said in pointing out their willingness to put in extra hours and lots of hard work. He feels the stage band probably does "as much public relations work as does the marching band."

The stage band has performed on numerous occasions at various public functions in Wayne

hall at 8 p.m. March 20.

and the surrounding area. Present rehearsals are in preparation for a public concert scheduled in the high school lecture hall at eight o'clock on March 30.

Recent performances were presented at the Wayne Chamber of Commerce dinner in the city auditorium and at the Carroll auditorium for a Band Booster's program. "We would be glad to play for almost any community cause," Dalton said.

He expressed the hope of being able to start a junior high stage band this summer. "I would like to see it developed in junior high, but I don't know whether it will pan out or not."

Should you be visiting the high school during an early morning hour one of these days and hear the "Age of Aquarius" or a similar tune, you'll know the following students are hard at work rehearsing for another concert: Penny Rees, Ann Owens, Ron Ring, Karen Black, Sue Havener, Latfee Jones, Greg Anderson, Rich Heithold, Max Teeter, Tom Kirstine, Shane Giese, Charles

Morris, Dave Anderson, Dan Hanson, Bill Carhart, Jeri Manning, Tim Sharer, Joyce Haun, Dan Proett and Mark Wittse.

## All-State Program

Set June 13-July 1

The University of Nebraska's annual summer fine arts program for high school students, All-State, will be held June 13 - July 1.

Individual and group instruction in art, dance, music and speech will be offered this summer. Students will live in NU residence halls and take part in a number of supervised recreational and entertainment activities.

The All-State program is open to all high school students who have finished the eighth through 12th grades, including those graduating this year. Selection of applicants will be based upon accommodations available. Applications must be in by May 8.

Total fee for All-Staters living on campus will be \$170, including \$70 for instruction and \$100 for room, board and recreation. Students living in Lincoln would pay \$70 for instruction and \$10 for recreation.

For information and applications, students should write to All-State Fine Arts Course, Westbrook Music Building, University of Nebraska, Lincoln, Nebr. 68508.

Areas of study within the various departments: Art - painting and sculpture; Dance - ballet, modern and theatre dance; Music - band, orchestra, chorus and solo performances; Speech - forensics and theatre.

More than four out of every five dollars worth of farm products are now produced on farms which have annual sales over \$10,000.

**'Use Name Label In Filing Return'**

Your income tax refund can be processed faster if you put the blue pre-addressed name label that came on your 1040 tax package onto the return you file, says Richard Vinal, district director of Internal Revenue for Nebraska.

Peel it off the front of your tax package and place it in the box at the top of the Form 1040.

Use of the label will eliminate many errors in name and social security numbers that held up refunds for 3,785 taxpayers in Nebraska last year, Vinal said.

If you file before April 1 and
