## Lip Is Cut As Pickup Demolished

A 55-year-old Pierce man reportedly received only a cut lip in an accident which demolished his 1959 Chevrolet pickup about 1:30 p.m. Wednesday one mile north and nearly four miles east of Weetown.

Trooper Terry Rogers of the Nebraska State Patrol at Norfolk investigated and reported Hober Elhart of Pierce was westbound on a county road, crested a small hill and found the road blocked by a 1966 Chevrolet driven by Clyde C. Mather, 85, of Plainview, who was backing out of a farm driveway at the time.

Rogers said Elhart applied his brakes, drove off the south side of the road to avoid hitting the Mather car, and struck a tree.

## Winter Storm Halts Business, Drawing

Thursday's sudden winter storm forced most stores to close their doors before evening and meant postponement of the Cash Night drawing.

This week's drawing will be worth a total of \$250 to some lucky shopper who happens to be in one of the participating stores when his or her name is announced. The total is \$50 more than what would have been given away had there been a winner last week.

## Cancer Society Meets Saturday

The Wayne County Cancer Society will hold its annual spring crusade meeting at the Woman's Club rooms at the city auditorium in Wayne next Saturday.

All precinct chairmen, city block captains and their volunteers are invited to attend and pick up their material. The meeting will begin at 2 p.m.

## Seventeen Face Judge In 3 Days

Seventeen persons appeared before Wayne County Judge Luverna Hilton Wednesday through Friday. Ten of those fined were charged with speeding.

Paying \$5 court costs and speeding fines were Mical Zobel of Norfolk, \$14; Archie Underwood of Lincoln, \$10; Tom Bergstrom of Elgin, \$18; Lyle Benish of Norfolk, \$11; Steve Gellendrich of Wayne, \$25; Leo Wortman of Wayne, \$12; Gary Smith of Sioux City, \$13; George Jones of Wayne, \$10; Norma Hledik of Clarkson, \$10, and Tom Allie of Des Moines, \$11.

Loring Stebrandt of Norfolk was fined \$10 and costs of \$7.50 for issuing an insufficient fund check.

Charged with hunting with an artificial light from a motor vehicle was Roger Anderson of Winside. He was fined \$15 and costs of \$5.

Charles Ross of West Point paid a fine of \$10 and costs of \$5 for a stop sign violation.

Paying a fine of \$20 and costs of \$5 for reckless driving was Gregory Toft of Royal, Iowa. Charles Hoelker of Kingsley, Iowa, was fined \$10 and costs of \$5 for using abusive language.

John Cleveland of Linn Grove, Iowa, was fined \$10 and costs of \$5 for illegal parking.

Eugene Longe of Winside was charged with driving left of center line and paid a fine of \$10 and costs of \$5.

## Bigger SS Checks Coming June 3rd

The first social security checks to include the new 10 per cent monthly benefit increase authorized recently by Congress will reach social security beneficiaries in the Wayne area on June 3.

Robert Pelkey, district manager, said that the regular June 3rd checks covering benefits for the month of May will reflect the new higher amount. The April 3rd and May 3rd checks will be for the amounts payable to beneficiaries before the 10 per cent increase, he said.

Separate checks, scheduled to reach beneficiaries later in June will cover the amount of the increase for the months of January through April.

Pelkey emphasized that social security beneficiaries do not need to get in touch with a social security office to get the checks or increase. The payments will be mailed to beneficiaries automatically.

## Modern Sculpture

Last Thursday's late winter storm — coming just a few days before spring — resulted in numerous scenes such as this one at the Hank Overin home in Wayne. The previous days of good weather gave youngsters a chance to try out their bicycles and slides, but the sudden and strong storm quickly halted that activity. About two inches fell during the storm, which struck in the morning and was over late in the evening.

## Wayne School Gets Opinions of Parents

Parents of 85 per cent of the 300 students enrolled at West Elementary, plus other guests and relatives, turned out for the school's annual open house Monday night.

While looking over exhibits and room displays, parents were asked to fill out a questionnaire regarding school activities.

Results of the survey show that the overwhelming majority of parents consider report cards are sent home often enough to

keep them informed as to how their children are doing in school, one parent-teacher conference a year is considered enough, and report cards are the best way for schools to report to parents on a child's progress.

Parents turned down the idea of having more than one student teacher in a classroom during the school year and expressed a majority feeling that modern math is not better than traditional math.

Opinions as to whether or not there should be an asphalt playground at the school were about evenly divided for and against.

Parents gave overwhelming support to the reading and science programs and all but one of those filling out the survey forms said they felt their child likes to attend school.

Reading was selected by parents as being the subject liked best by their school children.

## Allen Boosters Tackling Spring, Summer Tasks

ALLEN'S Community Development Club met Monday night for the first time with its new officers. Board of director members include, front row from left: Keith Hill, Don Kliver, Craig Williams, Jule Swanson; back row: Ken Linafelter, Matt Stapleton, Vic Carpenter, Norris Emery. Not pictured: Clifford Gotch.

## Top West Husker All-Stars Named

These are the best in the West — Husker Conference, of course. The all-star cagers are the third team to be named by The Wayne Herald and coaches in the loop. A story on the accomplishments of the players — and one on the all-star coach — can be found on the

sports page of this issue of the newspaper. Standing on steps from top: Mark Luebe, Marland Erbst, Mark Rakowsky, Kim Thomas, Mike Creighton, Tod Poeschl; standing in front from left: Craig Murphy, George Schroeder, John Scott, Steve Erwin.

## Drugs Subject for Wakefield PTA

Frank Bomberger and Rex Bevins, representatives of the drug education office of the Nebraska State Department of Health, will be present at the Wakefield Parent-Teacher Association meeting this Friday evening to speak on "Drug Abuse." Bevins spent seven years as a counselor in the Haight-Asbury district of San Francisco.

The program, scheduled to start at 7:30 p.m., is for adults only. Social and economic aspects of the drug problem will be covered as well as drug identification and the psychological results of addiction. An open discussion will be held.

## Essay Contest Offers 3 Bonds to Winners

Youths in the Wayne area have a chance to win United States Savings Bonds of \$100, \$50 and \$25 in the first Free Enterprise essay contest.

The contest will be an essay of 250 words or less on "Why I Believe in Free Enterprise." The savings bonds will go to the top three winners, who will be honored during the first annual Free Enterprise Day Convention May 15 at Pershing Auditorium in Lincoln.

The contest rules allow only youths in grades seven through 12 to enter. Those who write essays for the competition should type them double-spaced on regular size typing paper. Send the essay along with address, year in school and name of the school written on the back to Free Enterprise Headquarters, Box 6241, Lincoln, Nebr. 68506.

Judging the essays will be three prominent Nebraskans: Mrs. Patricia Eiherton, winner of last year's outstanding educator award from the state Jaycee organization; Leo Terry, managing editor of KETV in Omaha, and Dale Holt, with KOLN-TV in Lincoln.

## Pierson Attends Midyear Meeting

Dean Pierson of Wayne attended the 26th Midyear Meeting of the National Association of Mutual Insurance Agents (NAMIA), held last week at the Marriott Motor Hotel, Atlanta, Ga.

As a National Director representing Nebraska, he participated in the board of directors meeting in advance of the convention's education sessions. NAMIA is an organization of more than 15,000 independent insurance agents representing mutual companies in the property and casualty insurance field.

## Help Wanted During Nat'l Wildlife Week

Nebraskans wanting to take action during or after National Wildlife Week — March 21-27 — can do so by writing for information packets giving details on what can be done.

The free packets are available from Elizabeth Huff, Game and Parks Commissioner, State Capitol, Lincoln, Nebr. 68509. Theme for the week is "Wildlife — Who Needs It?"

## Scout Executive Here

Dennis Boehme, 24, arrived in Wayne Tuesday to assume his new duties as executive of the Lewis and Clark Boy Scout District.

He replaces Marvin Sword who recently resigned the post to take a position as a youth worker in a Detroit church.

Boehme's home town is Council Bluffs where he has recently been employed as an athletic director in that city's recreation department. He is a 1970 graduate of the University of Nebraska in Omaha where he majored in the field of recreation.

Boehme and his wife, Nancy, moved to Wayne early last week. Counties included in the Lewis and Clark District are Wayne, Thurston, Dixon, Cumming and Cedar.

## Help Still Available To Clean Up Debris

Individual property owners who experienced flood debris damage during the recent flood in northeast Nebraska are reminded that assistance is available from relief funds administered by the Executive Office of the President, Office of Emergency Preparedness.

The Disaster Field Office, located in the Norfolk National Guard Armory, has application forms available, as do city and county clerk office in the stricken counties. Individual property owners are asked to file a request form before April 4, the last day that applications will qualify for such relief.

Removal of eligible debris deposited on firms will be through Corps of Engineers contracts funded by the Office of Emergency Preparedness, after inspection by the Corps.

## Income Tax Tables Good Up to \$10,000

Federal income tax tables now cover incomes up to \$10,000 for taxpayers who do not itemize deductions. Richard Vinal, IRS district director for Nebraska, said last week.

In prior years, only taxpayers who did not itemize and had incomes under \$5,000 were required to use the tables. However, the Tax Reform Act of 1969 requires tax tables to cover incomes up to \$10,000 of those not itemizing.

Our liberty depends on the freedom of the press, and that cannot be limited without being lost. — Thomas Jefferson, Letter, 1786

### Commissioners' Personal Opinions Out of Place

The Wayne County commissioners, possibly because they are new to their jobs and want to represent the people who voted them into office, made some glaringly unfair and uncalled for statements when they met with members of the Wayne Hospital Foundation last week.

For instance, one of the commissioners said that the city of Wayne has been a Johnny-come-lately as far as providing hospital facilities for the area. Now, it was charged, the city hopes to include a wide area in a district hospital plan to finance a new facility.

In fact, the city has been furnishing hospital facilities to a large area of north-east Nebraska for many years. That hospital has been financed partly through taxes levied on the residents of the city of Wayne. It seems only reasonable that the people who use a facility such as a hospital should help pay for it.

Another commissioner said that there is no need for a new hospital because the present one in Wayne will probably stay open.

In fact, the hospital at this time does not meet specifications set down by the state fire marshal. Considerable expense would be involved in making the changes necessary if it is to remain in operation without running the risk of being forced to the state to close. Also, even more changes will have to be made if the facility hopes to continue serving patients on Medicare.

The third member of the county board said categorically that 90 per cent of the people he represents are against formation of a hospital district.

In fact, that commissioner — unless he has devised a method of testing public opinion better than any now in existence — has no way of telling exactly how the people in his district feel about a certain issue.

What we are trying to point out is that we feel the county commissioners overstepped their duties by making these and other remarks during last week's meeting in which they asked the hospital foundation to withdraw the request to hold an election to determine whether a hospital district should be formed. The commissioners, public officials elected to represent all their constituents, were quite simply making comments which revealed their own private feelings about the matter.

As we see it, the work on the hospital district idea has progressed to the point that the next order of business is the holding of a public hearing to let those in the district voice their feelings on the idea. After that, the commissioners should set the date for a public election to determine if the people wish to create a district.

We would suggest to the county commissioners that they take this next step, avoiding as much as possible comments such as those made at the meeting last week. — NLH.

### Peeping Toms

Most area residents probably are already in the habit of pulling the blinds, shades, drapes or curtains closed in their homes after sunset. Doing so eliminates an opportunity for the curious to see into the home.

Several complaints have been filed with the Wayne police in past months concerning peeping toms. By the time police arrive the peeper has had time to leave the scene.

Peeping falls under the charge of trespassing and is punishable by law. More often than not, it is thought peeping toms are emotionally ill. What kind of sickness makes an individual

risk being fined, embarrassed, beaten or in extreme cases, possibly shot, just in order to get a look at other people in their homes? The general public is likely to assume that a peeping tom is window hopping for the purpose of sexual stimulation.

Peeping toms have been reported in nearly every community. Residents can help by pulling their blinds and reporting suspicious characters lurking around neighboring homes at night.

If the eyes reading these lines should happen to be guilty of window peeping, we hope you will seek psychiatric help as soon as possible. — MMW.

### Ice Broken?

We hope the \$50 the Wayne Lions Club voted to kick in for the coming environmental fair in Wayne will break what seems to be an icy reception to the drive to collect funds to help put on that unique event. Unless the fair runs into bad weather or some other problem, it should attract several hundred people to the city each of the three days it is planned. It might bring in as many as a thousand people who otherwise would probably not come to Wayne.

Therefore, it would seem that other civic organizations should step forward and offer to help make the fair as successful as possible. Also, businessmen should be more than willing to extend

their help in any way possible. After all, they stand a good chance to profit financially from the fair if it is well attended.

Unless we are way off track, this environmental fair sounds like just the thing for this city to support to the fullest. O'Neill has its St. Pat's celebration. Broken Bow has its annual pheasant hunt. Burwell has the big rodeo. Wayne could have its annual environmental fair.

Here's a chance for Wayne to take the lead in a very important field by doing everything possible to make the fair a success. It'll take a lot of work from individual people, local groups and businessmen, but it should be well worth it. — NLH.

### Weekly Cleanings ---

News of Note around Northeast Nebraska

Two doctors presently completing internship duties at San Jose, Calif., plan on establishing a medical clinic in Plainview, according to last week's issue of The Plainview News.

The men are Ken D. Peters, who visited in Plainview last summer, and D. L. Eynart, who was in Plainview about a month ago.

Both men have expressed an interest in having their clinic close to the hospital at Plainview.

Plainview has been served by Just Dr. R. E. Kopp for several years.

The Pierce school board and teachers have agreed to a salary schedule which contains an increase of \$100 in the base wage and an increase of one per cent in the advanced degree steps for teachers. The new schedule has a base wage of \$6,400 with increases above that base of four per cent for each step in training and four per cent for each year of experience. The present schedule contains only a three per cent increase over the base for each step on the training ladder.

The 21-3 basketball record posted by the Francis Indians last week broke the previous top marks of 20-3 in 1962-63 and 1969-70. The Indians lost the season opener to Allen, then posted 16 consecutive victories.

A rural Hartington youth spent several nights in jail and days in school while serving a sentence for driving while intoxicated. Serving the sentence was Ronald Andresen, 17, who was arrested about a mile from the place where he and two companions abandoned their car about eight miles east of Hartington. He was

chased those eight miles by Erv Noecker, policeman at Hartington.

Lions Club members at Randolph will be selling light bulbs to raise money on Thursday evening.

The city council at Wisner has passed an ordinance which will do away with all curbside mail boxes by May 15. The council has received some complaints about the boxes because they present problems for snow removal and other street maintenance chores. Some people have complained that they are an eyesore.

Four youths at Pender have been named Outstanding Teenagers for America for 1971. The youths: Jill Appleton, Alan Jankle, Karer Merry and Connie Tonjes.

Dutch elm disease has been taking a high toll at the Riverside Park in Neligh. Since the first of the year, over 50 diseased trees have been removed from the park grounds. The trees will be replaced this spring with trees and shrubs.

According to Dick Lindberg's "Near the News" column in last week's West Point Republican: "When someone with a weight problem says he is dieting religiously, what he probably means is that he doesn't eat much in church."

Negotiations are still going on between the South Sioux City school board and the committee representing the teachers in the system. No statements have been issued regarding the progress of negotiations. They have been underway about two months.

### Letters to the Editor

Letters to the editor may be published with a pseudonym or with the author's name omitted if so desired; however, the writer's signature must be a part of the original letter. Unsigned letters will not be printed. Letters should be timely, brief and must contain no libelous statements. We reserve the right to edit or reject any letter.

Dear Editor:

As one often reads letters of complaints to the editor, I'd like to write one of appreciation.

I've been unable to do my daily work of delivering newspapers and theater supplies for some time now, good friends have been helping me out. Wednesday, March 10, a lady friend drove for me and we had a large load. Wouldn't you guess it, a blow out. About one half of the load had to be unloaded and two farmers stopped, immediately, and had it unloaded,

tire changed and reloaded again within minutes. I didn't even get their names, but this is absolute proof farmers south of Wayne are mighty nice guys. Thanks to them. Also, thanks to all my good friends.

### Quotable Notables:

Bore: a person who talks when you wish him to listen. — Bierce in "The Devil's Dictionary."

Our friend Jack Webb at the Winside High School was telling us last week that a film of the Winside-Allen girls volleyball game was recently sent to a Sioux City firm for development.

Later, upon receiving a package from the firm, Webb said he put the film on a projector and leaned back to watch the game. What turned up on the screen was a basketball game between Oklahoma State and Kansas State Colleges.

Webb said he enjoyed the thought of what took place at one of those colleges as more than likely were treated to a Winside and Allen girls volleyball game on their screen.

Nothing like that could ever have happened in the "good old days" because cameras, film and projectors were not that plentiful. The only instant replay years ago was when Johnny didn't pay attention and got to see what the second grade was like in a repeat show for the second year.

### Herkimer

"Now, let's see, who else can I confuse and get them to vote against that hospital district?"

Those years back there were sure different. Do you remember when attending college was a privilege rather than a right? In those days a farmer could plant what he wished, taxes were a nuisance rather than a burden, the higher courts protected society rather than the criminals and the aged were cared for by their children and not by the state.

You're sure to be middle aged if you can recall when foreign officials visited the White House and didn't ask for money. Believe it or not there was a time when the U. S. entered a war to win it.

Remember when a life sentence down at the pen in Lincoln didn't mean a parole in 10 years, when our flag was respected at home and abroad, when America conducted her foreign affairs without consulting the UN and when a father went on welfare out of desperation, he got off it just as soon as possible? Times have changed.

A snow storm is whipping the area as these lines are written and J. W. is wondering where Jay McCarthy and High Kurtenbach may be on their 500 mile bicycle trip to advertise the upcoming Environmental Fair. Those two men left Wayne Tuesday on a week-long jaunt including Omaha and Lincoln to promote the fair slated in Wayne April 2, 3 and 4. We hope the environment was fair to them during the snowstorm Thursday and that they were able to find adequate shelter.

You folks over around Wakefield have probably already drawn a circle around June 14, 15 and 16. If you haven't, you'll likely want to as those are the dates set for the big 90th birthday celebration.

Wakefield has a 90-foot water tower, a foot for each year, which could easily serve as a giant birthday candle with additional decorations. There is a giant star posted on top of that tower which ordinarily is illuminated at Christmas but might serve well for a birthday too. Just imagine what a sight it would be to see that water tower painted in a red and white candy stripe!

Carroll area residents who are 55 years old or more may not be aware of all the activities going on at the Senior Citizen's Center located in the Carroll fire hall.

Mrs. Marie Herrmann says there are activities going on every day at the center except on weekends, and the more people joining in will make it all the better.

Those in the same age bracket in and around Wayne have already discovered the opportunity of many happy hours engaged in a variety of programs at the Wayne Senior Center.

J. W. is sure many of you folk won't want to miss out at either place.

All the area schools closed at mid-morning Thursday due to the snow storm. Remember when you were a kid and how exciting it was to get out of school unexpectedly for something like that? In youthful years one rolls with the punches a little easier, whereas in adulthood we think about all the trouble such a storm brings and rightfully so. When you get 40 there are times when a man would like to give the weatherman a preamble to his constitution.

Funny what time does to us all. Just when a couple can afford to have children, they're having grandchildren. It's also the time when a man gets into his second youth and really isn't dangerous to anything except his own reputation.

When you're a kid, a storm like the one Thursday not only gets you out of school but provides some extra happy hours of finding various sources of entertainment. We understand one distraught mother entertaining a group of children in her home found herself saying, "There will be a special prize for the one who goes home first!"

There may be some truth to the following article which appeared in an old cook book. Title of it is "How to Preserve a Husband!"

"Be careful in your selection. Do not choose too young. When once selected, give your entire thoughts to preparation for domestic use."

"Some insist on keeping them in a pickle, others are constantly getting them in hot water. This makes them sour, hard to get along with and sometimes bitter."

"Even poor varieties may be made sweet, tender and good by garnishing them with patience and well-sweetened kisses."

"Wrap them in a mantle of charity. Keep warm with a steady fire of domestic devotion and serve with peaches and cream. Thus prepared they will keep for years."

If any of you housewives have tried a different recipe in cooking up the domestic stew, let us know.

J. W. heard a story recently which may well have gone the rounds but we hadn't heard it before. A minister was driving through the country when suddenly his motor stopped. He got out of the car and raised the hood to see if he could locate the trouble.

All at once a voice behind him said, "The trouble is in the carburetor." Quickly he turned around in surprise, but saw only an old horse standing on the other side of the fence watching him. Hardly daring to believe his ears, he asked, "Did you say something?"

"Yes, I said you'd better check the carburetor," replied the horse.

Rushing over to the road to the nearest farmhouse, the minister excitedly related his experience to the old farmer who answered the door.

"Was it an old bay horse with one (lop ear)" asked the farmer.

"Yes, yes, that's the one!" the farmer scoffed. "He don't know anything about automobiles anyway."

**SS Q & A**  
 Q — I lost my social security card. Must I get another social security number?  
 A — No. If you use more than one social security number, there is a chance you may not get credit for all of your earnings. You should get a duplicate card with the same number at your social security office.

Q — During the summer months, I usually hire a maid and a gardener. When must I report their wages?  
 A — If you pay your maid or gardener cash wages of \$50 or more during a calendar quarter, you must report the wages and send the social security contribution to the Internal Revenue Service. This report should be made during the first month after the quarter in which the wages were paid. Get a copy of "Social Security and Your Household Employee" (SSI-21) — from any social security office for more information on this subject.

**NOTICE OF PROPOSED RESOLUTION OF NECESSITY FOR CONSTRUCTION OF SANITARY SEWERS AND APPLICANCES IN SANITARY SEWER DISTRICT NO. 35**  
**NOTICE IS HEREBY GIVEN** that at a meeting of the City Council of the City of Wayne, Nebraska, held on the 23rd day of February, 1971, there was introduced and placed on file the Resolution of Necessity hereinafter set forth, which resolution will be considered for passage by the Council at a meeting to be held in the City Hall in said City, on the 30th day of March, 1971, at 8:30 o'clock P.M., at which time and place the owners of property subject to assessment for the cost of the improvements contemplated by this Resolution may appear and make objections to the proposed improvements, and if a petition opposing the resolution signed by property owners representing a majority of the front footage which might be subject to assessment for the cost in any proposed sanitary sewer district is filed with the Council within three days before the date of the meeting for the hearing on said resolution, such resolution shall not be passed or passed as proposed, said resolution being as follows:

**RESOLUTION OF NECESSITY**  
**BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF WAYNE, NEBRASKA:**

Section 1. That the Mayor and City Council of the City of Wayne, Nebraska, having fully investigated and considered the existing conditions of said City and being fully advised in the premises thereof, and having also considered the necessity of constructing and improving such conditions within the City of Wayne, do hereby find and declare it advisable and necessary to pass this resolution, and to construct sanitary sewers in Sanitary Sewer District No. 35, consisting of sewer lines and appurtenances as hereinafter provided.

Section 2. There shall be and there is hereby created within said City of Wayne, Nebraska, a sewer district known as Sanitary Sewer District No. 35, consisting of property described as follows:

Lots 7-12, Block 1, Lots 2-4, Block 14 in College Hill Addition, also lot 3 of First Law Addition to the City of Wayne, also, a tract of 360 north of College Hill Addition adjacent to the north line of College Hill Addition 150 feet in dimension, north and south bounded on the east by the east line of Walnut Street extended, bounded on the west by a line parallel to, and 220 feet west of the above-described east boundary.

Section 3. That said sewers shall be known and hereinafter designated as Sanitary Sewer District No. 35. Said sewers shall be constructed in accordance with the plans and specifications prepared by Consulting Engineers, Special Engineers for the City of Wayne, Nebraska.

Section 4. That said sewers in Sanitary Sewer District No. 35 shall be constructed of vitrified clay sewer pipe or concrete sewer pipe and any other material deemed suitable. The sewer pipe joints shall be constructed of either bituminous material or cement mortar.

Section 5. That said sewers and appurtenances, as hereinafter provided shall be constructed in said City and shall be as follows, to-wit:

**SANITARY SEWER DISTRICT NO. 35**  
 A 6" sewer line on Walnut Street, commencing at the center of the 220-foot street, thence running north 630 feet to a lift station, also a 6" line on 13th Street commencing 150 feet west of the west side of Walnut Street, thence running east 140 feet; also a 4" sewer line on 14th Street (as called) commencing 40 feet west of the west side of the alley west of Walnut Street, thence running east 250 feet to the lift station, also a 12" cast iron force main running from the lift station south on Walnut Street 620 feet, thence running west on 13th Street 200 feet to an existing manhole.

Section 6. The kind of sewers proposed to be constructed shall be sanitary sewers.

Section 7. To pay the cost of said sewer system, the City shall after the improvements have been completed and accepted, issue its negotiable bonds known as "Sewer Bonds" for Sanitary Sewer District No. 35. The lateral sewers to the extent and to the extent of the special benefits accruing to the abutting property as accrued from the construction of said sewer shall be assessed on said abutting property as provided by law. All such special assessments shall, when collected, be set aside and constitute a sinking fund for the payment of the interest and principal of said bonds; and there shall be levied annually upon all taxable property in the City a tax which, together with such sinking fund derived from said special assessments, shall be sufficient to meet payments of interest and principal of the bonds as the same become due; said tax shall be known as the "Sewer Tax" and shall be levied annually in money. Except as hereinafter provided all of said improvements are declared to be general public improvements and are not special improvements as found and declared to be necessary and proper to furnish sanitary sewer service for said City.

Section 8. The Engineer's estimate of cost of the proposed construction and all other expenses hereunder, there is \$6,200.00.

Section 9. All resolutions or parts of resolutions which conflict herewith are hereby repealed.

## \* Your Place in the Stars \*

by Tom McDermott

Although most people don't realize it, there is a group in Nebraska for those interested in the occult: ESP, afterlife, UFOs, etc. The group is Spiritual Frontiers Fellowship and has its headquarters in Omaha.

Actually, SFF is a national group which was founded in Illinois in 1956 by an interested group of about 75 clergy and laymen. It deals with non-physical phenomena which relate to God, the human spirit and the future life.

The three main areas of concern which SFF deals with are: mystical prayer, spiritual healing and personal immortality. It believes in personal contact with the dead. Other church practices and beliefs which neither the scientific world nor liberal Christians recognize include the ministry of angels, demon possession and glossolalia, or speaking in tongues.

Special emphasis is placed on the Bible, and almost exclusively on the New Testament, which is understandable. However, members of the group are not "de-mythologize" the Gospels, as they say is commonly done, to erase the supernatural and give a purely humanistic view of Christ.

Meetings of SFF like everywhere else in the country, are held in churches. Public demonstrations of healing and "spiritualism" is forbidden. In Omaha, the spiritual director for the group and also one of its early organizers is the Reverend Mr. Roy Brown, a Methodist minister.

What's really surprising is that SFF is a large organization, despite the admittedly staid atmosphere of the Midwest. Ever since its inception, SFF has flourished. It publishes an interesting newsletter and even has a lending library of tapes, records and books.

Members participate in small groups for maximum discussion and interest. If you are interested in becoming a member of SFF write: Box 14311, West Omaha Station, Omaha, Nebr. 68114.

To most of us, SFF offers a little bit too much for us to digest, but I sincerely believe that what it has to offer is legitimate and true. Think about the following statement made by SFF: "Any effective religion must include acceptance of, experience with, and obedient response to the laws of the spiritual world." I challenge ANYONE to write me a letter concerning how true you feel this statement to be. You need not sign your name.

## Austin Bressler Funeral Services Held Saturday

Funeral rites for Austin G. Bressler, 85, Colorado, who died Tuesday, were held Saturday at Wilcox Chapel, Wayne.

The Rev. C. Paul Russell officiated at the rites. Ted Bahr sang "How Great Thou Art" and "Beyond The Sunset," accompanied by Mrs. Fritz Ellis. Pall-bearers were August Kal, Henry Ley, Merlin Albers, Harry Schultz, Clark Kal and Dan Dolph. Burial was in the Wakefield Cemetery.

Austin G. Bressler was born June 30, 1885, in Pennsylvania. He had been a motel owner in Colorado Springs, Colo., where he had lived since 1948.

Survivors include four sons, Jim of Dixon, Delmont of Dakota City, Milton of Emerson and Russell of Spokane, Wash.; four daughters, Nelda Jeffrey of Portland, Ore., Anita Glau-bius of Wisner, Virginia Faubel of Colorado Springs, Colo., and Nina Edwards of Temple, Texas; 22 grandchildren; seven great grandchildren and three nephews and a niece.

Mrs. Bill Snyder, Mrs. Bill Kjer and Mrs. Duane Koester presented the lesson, "Trends in Carpets and Rugs." April meeting will be with Mrs. Ken Linafelter.

Attend Meeting—Mr. and Mrs. Richard Schaefer, Mr. and Mrs. Jule Swanson and Mr. and Mrs. Clifford Has-mussen from Farmers Coopera-tive of Allen, attended the Land of Lakes Inc. fifteenth annual meet-ing March 10, 11 and 12 in Minne-apolis, Minn.

Felco cooperatives have merged with Land of Lakes to form one of the largest agricul-ture-oriented organizations in the United States, with gross sales in excess of 654 million dollars.

According to an announcement by Forde Smith, general sales manager of Vigortone Products Company at Cedar Rapids, Iowa, Harlan Brugger of Winslow, Vi-gortone dealer, was selected to attend the Company's first annual Red Carpet Meeting ever held in Fremont, March 12-13.

The selection was made on the basis of outstanding achievement in the marketing of Vi-gortone's pre-mixes and animal health products for livestock feeding.

# Wayne Herald's Latest Dream Team Could 'Put It All Together'

By Norwin Hansen

There's probably not a basketball coach in existence in Nebraska who wouldn't have visions of a state tournament crown dancing in his head if he ever had a chance to take charge of a bunch of boys like the latest Wayne Herald dream team.

The team, third annual one to be chosen by the newspaper in cooperation with the eight coaches in the West Husker Conference, averages 6-2 in height, had its members scoring a hot average of 16 points per game during the past season and saw each player muscle in for about 13 rebounds an outing.

Named all-stars by their opposing coaches:

- Wayne's 5-10 senior Mike Creighton.
- Laurel's 6-4 junior George Schroeder and 6-6 senior Steve Erwin.
- Stanton's 6-2 senior Marland Erbst and 6-3 senior Ted Poeschl.
- Neligh's 6-2 sophomore Mark Murphy, the only sophomore to make the select team this time around.
- Pierce's 5-9 senior Mark Luebe and 6-2 senior Kim Thomas.

all seven "outstanding" votes by just one.

The two Laurel players were the only members of the club to gain over 10 of a possible 10.5 votes in balloting.

Erwin, son of Mr. and Mrs. Verdel Erwin of rural Concord, and Schroeder, son of Mr. and Mrs. Clayton Schroeder of rural Laurel, were leading scorers for the Bears. Erwin, hitting an average 48.2 per cent of his field goals, collected 492 points this season for a 20.5 average. Schroeder canned 291 points for 49.1 per cent and 20.8 average.

Top vote getter a year ago, Erwin was the workhorse under the boards for Larry Moore again this year, pulling down an average of 16 rebounds an outing as the Bears earned their second straight ticket to the state tournament at Lincoln.

George Schroeder

Schroeder, playing in only 14 games this year, pulled down an average of just under 10 rebounds.

Steve Erwin

Laurel's Steve Erwin, member of the all-star team since its inception in 1968-69, completes an impressive high school career by garnering the highest possible recommendation from the seven coaches in the loop. In doing so he just nipped teammate George Schroeder for that honor. Schroeder, injured in the last football game of the year and out for about half of the basketball season, missed the honor of gaining

At the charity line, both Laurel players hit over 65 per cent of their shots.

He made the team as a sophomore.

Mike Creighton

Wayne's lone representative on the all-star club, Mike Creighton, had much to do with enabling Don Johnson to post a 6-12 season his first year as head coach of the Blue Devils.

Creighton, son of Mr. and Mrs. Janet Creighton of Wayne, was near the top in most vital statistics at the close of the season—shooting 37.8 per cent from the field and 53 per cent from the charity line for an average of 9.7 points a game.

Creighton lacked just two points of tying Rod Cook for scoring honors this season. Cook had 178, Creighton 176.

Marland Erbst

Stanton's two contributions to the select group, Erbst and Poeschl, were the No. 1 and No. 2 scorers for the Mustangs. Erbst, a member of the club last season, had 239 points for an 11.9 average. Poeschl had 220 for an 11.6 average. Erbst led his club in rebounding. Poeschl trailed in third place. Poeschl hit 46 per cent of his shots, Erbst 36 per cent.

Ted Poeschl

For a clutch shot at the free throw line, the coach of this bunch—who just happens to be Stanton's Leon Portrey—would probably hope Poeschl would be in the spotlight. Why? Because he hit his last 19 free throws without a miss.

Mark Rakowsky

Madison's Mark Rakowsky at 6-3 and 215 pounds is one of

the team's huskier players. Also a member of last year's club, he averaged 17 points and stole 16 rebounds a game this season. To top that, he was one of the leaders in assists for his coach this year. Proof of his worth to his team came midseason when an ankle injury sidelined him. Result: Madison lost three games.

Mark Murphy

Neligh's sophomore contribution to the club—only the fourth sophomore to make the team in three years—should give Warrior fans hope for better basketball success in the next couple years than they have enjoyed recently.

At 6-2 Murphy averaged 16 points a game while shooting a pleasing 46 per cent. He was more than reliable each time he was fouled, hitting 60 per cent from the line. Although young, he held his ground in the battling for rebounds, collecting an average of 14 each game this season.

John Scott

Bloomfield's John Scott was one of the primary reasons the Bees carved out a 17-7 mark this year. Another of the quartet to make the club as a sophomore, he pumped in an average of 18 points a game and used his husky build to help him collect a dozen rebounds an outing.

Pierce's two contributions to the all-star team—Luebe and Thomas—had the honor of acting as co-captains of their squad this year.

Mark Luebe

Luebe, although only 5-9, averaged just over 23 points a game and missed scoring 400 points this season by just eight. A

Kim Thomas

His teammate scored an even 200 points this game for an 11.8 average. Another fine shooter, he hit 43 per cent from the field. One of the toughest players on the club, Thomas averaged nearly 19 rebounds a contest.

No Injuries in 3-Car Accident

There were no injuries reported in a three-car wreck five and a half miles east of Wayne Friday afternoon about 3 o'clock.

Involved in the accident were Gordon Shupe, 29, of Wayne, Michael Birdsall, 19, of Mondak, in, Ia., and Jovre Koertje, 21, of Bloomfield.

Shupe was headed east and attempting to turn north into a lane. Birdsall stopped behind him and Koertje rammed into his vehicle, according to the report filed by State Trooper W. E. Watson of Wayne.

About \$100 in damage was done to each car.

Sioux City Business Offers Scholarships

Ken Carlson, guidance counselor at Wayne High School, said Friday that Bellas Hess Store in Sioux City has announced its annual scholarship program for Siouxland area seniors.

The store will award six scholarships valued at \$500 each which may be used at any accredited college or university in the United States.

## West Husker Coach Named To All-Star Cage Group

A coach in the West Husker Conference, Ken Ahl of Bloomfield, has been named to the committee in charge with producing the Nebraska Coaches Association's all-star basketball game this summer.

The game, an annual affair, is scheduled for Aug. 20 at Lincoln's Pershing Auditorium, the evening before the Shrine Bowl football game will be played in Lincoln.

The North Squad in the all-star game will again train for a full week before the game at Wayne State College.

Ahl was named to the 15-member committee by Dennis Edwards of Norfolk.

Representation on the committee was apportioned according to the six districts of the state-

wide association, according to Wally McNaught of Lincoln, committee chairman.

In addition to providing the administrative leadership for the all-star game, the basketball committee will select the all-star coaches and participate in the selection of the players.

A month-long nominating period for players closed with the start of the state basketball tournament. McNaught, pleased with the response, said nominations were about even with 1970 when the association hit a high of 150 nominations on 100 boxes. This year, McNaught said, 90 boxes were named on 141 nominations.

Nominations are made by basketball coaches in the state's high schools.

The new program, "The Sports Challenge," matches two teams of famous sports personalities who pit their wit in identifying the who, what and where of some of the exciting moments in sports.

Jerry West, Joe DiMaggio, Wilt Chamberlain, Archie Moore, Sugar Ray Robinson, Don Drysdale and Sandy Koufax are among the people who will be appearing on the first four shows.

The show began on Saturday at 2 p.m.

The contestants battle for their honor at the same time as playing for a youth club chosen at random from names submitted from all across the country. The winning team earns \$1,000 worth of sports equipment for its club, the runner-up earns \$500 in equipment.

All-Star Coach Leon Portrey

## NENAC Coaches Name 2 Bears All-Conference

Junior George Schroeder and senior Steve Erwin represent the Laurel High School basketball team on the top 1970-71 all-star team named by the Northeast Nebraska Athletic Conference.

The conference coaches met recently to name members of the first and second teams.

Also named to the first team were Mark Luebe of Pierce, John Scott of Bloomfield and Delwyn Wheeler of Crofton. All except Wheeler were named to the Wayne Herald's all-star West Husker team.

Members of the second team: Kim Thomas of Pierce, Perry Broders and Sam Colvin of Bloomfield, Mike Muehl of Plainview and Mike Gildersleeve of O'Neill. Thomas was also named to The Herald's select squad.

Erwin and Schroeder were the leading scorers on their team this year. Erwin, 6-6, tallied 492 total points; Schroeder, 6-4, compiled 291. Erwin hit just over 48 per cent of his shots from the field, Schroeder just over 49 per cent.

## Erwin Named All-State

Laurel's Steve Erwin gained his second straight berth on the Omaha World-Herald's Class P all-state basketball team.

A member of last year's team as a junior, he just Aurora's Tom Kropp, Fairbury's Bob Siegel, Cozad's Pat Stortius and Omaha Cathedral's Hilary Howard to make up the select club.

A starter for Laurel's Larry Moore the past three and a half years, the 6-6 senior was one of the stalwarts on the team which gained its second trip to the state tournament at Lincoln.

He scored a total of 492 points for an average of 20.5 a game. Junior George Schroeder's 20.8 average was slightly better than Erwin's, but Schroeder played in only 14 games while Erwin competed in all 24.

Erwin, named to the Wayne Herald's all-star West Husker team, pulled down a total of 395 rebounds this season for an average of 16 each time he suited up.

At the free throw line, Erwin hit an average of just over 67 per cent. From the field, he averaged just over 48 per cent.

# Chappell To Speak At District Meets

A missionary on furlough from work in the Central Congo will be guest speaker at the Northeast District WSCS and WSG spring meetings scheduled this week at the Norfolk United Methodist Church.

The Rev. C. William Chappell, a member of the Methodist Mission staff at Lodja, travels throughout the area as an educator, evangelist and literature worker, supervising church groups and bookstores and gathering new families into churches and schools.

The Women's Society of Christial Service meeting set for Tuesday, March 23, is scheduled to begin with coffee at 8:30 a.m. The meeting will include sessions with Pastor Chappell, skits and literature displays. Lunch will be served at a cost of \$1.50 and a babysitting service for small children will be provided. Sack lunch is to be provided for the children.

The Rev. C. William Chappell

meeting is scheduled for Sunday at 1:30 p.m. Members plan to worship together at the 11 a.m. worship services previous to the district meeting.

## Homemakers Meeting Is Tuesday Afternoon

Progressive Homemakers Club met Tuesday afternoon in the home of Julia Hias. Seven members answered roll call by telling what they had worn that day was green.

The lucky drawing prize was won by Mrs. Emma Hicks. Cards served for entertainment.

The next meeting date has been changed to Saturday, April 17 with Mrs. Irvin Hagemann at 2 p.m.

## Susan Thomas Married Friday to D. Stanley

In a ceremony last Friday at Immanuel Lutheran Church, Laurel, Susan Thomas, daughter of Mr. and Mrs. Paul Thomas, Dixon, became the bride of David Stanley, son of Mr. and Mrs. Gerald Stanley, also of Dixon. The Rev. H. K. Niernann officiated at the rites.

Mrs. L. J. Mallet sang "Wedding Benediction," and provided organ music.

The bride appeared at her father's side in an ivory lace gown fashioned with a satin bow accented high rise waistline. She wore a matching bow in her hair and carried a crescent of blue tipped white roses and Stephanotis.

The bride's honor attendant was her sister, Mrs. Pat Humphrey of Fremont who wore a similarly styled dress of blue chiffon. Daisies adorned her hair and she carried a nosegay of daisies and blue silk flowers.

Best man was Jim Erwin, Concord. The new couple were dark business suits.

Following the ceremony, the bride's parents were host to a reception at their home. The cake was cut by Diane Stanley and Mrs. Della Nofte poured. Carla Wacker served punch and Mrs. Margaret Ankeny assisted in the kitchen.

Following a short wedding trip the couple will be at home in Norfolk. The bridegroom is a student at Wayne State College and the bride is employed by Deutsch and Hagen.

# Boards to Meet This Week

Members of the Wayne Hospital Foundation board plan to meet with the Wayne County commissioners at a special meeting at 9 a.m. Wednesday at the courthouse.

## Inspectors Complete Flood Damage Survey

Federal and state inspectors completed their inspection Tuesday of flood damaged roads and bridges in Wayne County. Estimated damage in commissioner District I is \$76,316. This figure does not include replacing a 104-foot bridge near the city dump northeast of Wayne. The bridge will be put in, according to Bob Nissen, county road superintendent, but the cost has not as yet been determined. Excluding the cost of a twin-box concrete culvert, damage estimates in District II were set at \$25,479. Estimated damage in District III amounted to \$9,846. Nissen said repair work will start just as soon as the frost is out of the ground.

decision whether or not to withdraw a petitioned request to the commissioners to hold a hearing and election regarding the forming of a hospital district. Ken Olds, secretary of the hospital group, said a representative from the municipal hospital board is also planning to attend. The meeting is scheduled as a result of a meeting held Tuesday when the county board asked the group to withdraw the request to create a hospital district.

# Schools, Power Out As Storm Hits Area

Heavy, wet snow, driven by high winds estimated at 40 and 50 m.p.h., moved across Wayne County and throughout eastern Nebraska Thursday, closing schools, power lines and closing schools. Schools in the immediate Wayne area closed before noon Thursday. Two school buses were reported off the road near Laurel in an attempt to take youngsters home shortly after noon. Another

was off the road west of Wayne. Cal Comstock at the Wayne County Public Power District said they lost their source of power from Oakland which left customers without power from mid-afternoon Thursday until around 9:30 p.m. Comstock said all their lines, except for a few individual cases, were back in use by 2:30 a.m. Friday.

caused the wires to "dance like a yo-yo" and when they touched it caused the breakers to go out. As a result, power service Thursday was unsteady during the afternoon. Brugger said some interruptions in power were intentional so repairs could be made. He reported trouble with one transformer, but said no power poles broke. There was some wire damage caused by trees. The Wayne County sheriff's office said local highways were ice-packed but none were closed by the Thursday storm.

Wayne State College dismissed classes Thursday evening and Friday morning. The first day of the Farm and Home Show was a victim of the storm. It got underway Friday. Returning veterans can get assistance from the Department of Labor, the Veterans Administration and other public and private agencies in finding suitable employment. If a veteran needs additional training, his local employment service office will assist him in obtaining up to two years of free training under the Manpower Development and Training Act.
