9th Annual Horse Show Slated Here July Fourth

Area residents looking for a way to celebrate the Fourth of July are invited to the ninth annual horse show sponsored by the Wayne Saddle Club.

The July 4 show is slated to get underway at 10 a.m. at the Wayne County Fairgrounds. Rain date is July 11.

Admission to the show is 50 cents for adults. Children under 12 years of age are to be admitted free of charge.

Marlyn Koch of Wayne, chairman in charge of arrangements, said morning events will include 1971, 1970 and 1969 foals open, Appaloosa open at halter, Palomino open at halter and quarter horse open at halter. Entry fees are \$2 each.

The afternoon program includes polo bending, junior western horsemanship, junior hat race, ladies senior western pleasure, senior hat race, pony class, junior and senior clover leaf barrels, men's senior western pleasure, western reining, ladies' egg race, wheelbarrow race, trail horse class and key hole races.

Koch said prize money and three ribbons will be awarded in each class plus trophy money. A special trophy will be awarded to the person earning the most points during the entire show.

Prize money will consist of divided entry fees. Entries will close preceding each class.

Judging the events will be Bud Clay of Beresford, S. D.

New Postal Service Set For July 1 Inauguration

Local and area U. S. Post Offices will join thousands of other such federal offices in the United States in inaugurating the U. S. Postal Service Thursday.

Wilbur Glese, local officer in charge, said Thursday marks the closing of the old Post Office Department and the opening of the new U. S. Postal Service, an independent corporation.

In commemoration of the day, Glese said, the post office will sell a special commemorative cancelled stamped envelope Thursday for eight cents. He pointed out the eight cents is for the stamp and the envelope is free.

The envelope carries a decorative multi-colored design designating postal symbols. It is also noted on the envelope that July 1 is the inauguration of the U. S. Postal Service.

Glese said the local post office personnel will also be conducting guided tours through the facility from 9 to 12 and from 1 to 4 p.m. Thursday showing interested persons how the mail is handled.

"We're trying to stress that the postal service is a service to the people," Glese said, adding, "We're there to serve them."

Inviting the public to the local postal facility, Glese noted, "We want people to come and see the post office and get acquainted. We're also open to suggestions."

Whisper Postmaster Rosemary Mintz said the post office in Whisper will be open for touring the operation from 2 to 4 p.m. Thursday and refreshments will be served.

Interested persons will also be shown how the mail is handled at the Carroll and Hoskins post offices from 2 to 4 p.m. Both offices will serve refreshments. John Reithwick is postmaster at Carroll. Postmaster at Hoskins is Carl Mann.

Post offices throughout the area will observe the inauguration of the U. S. Postal Service including Wakefield, Allen, Dixon and Concord.

Art Pieces Coming to WS

Wayne State College will sponsor an exhibition and sale of original graphic art by contemporary and old master artists.

Arranged by the Fairland Art Center of Baltimore, the exhibition will be held on Thursday, Wednesday, Tuesday and Monday.

A well-qualified representative of the Roten Galleries will be present at the exhibition to answer any questions the public may have regarding graphic art and printmaking.

Established in 1932, Roten Galleries has one of the largest collections of graphic art in the country. It specializes in arranging exhibition sales of original graphic art at colleges, museums and art centers throughout the country.

Included in the exhibition will be over 1,000 original etchings, lithographs and woodcuts by artists such as Picasso, Chagall, Miro, Goya, Renoir, Rouault, Kollin, and many others, including contemporary United States, European and Japanese printmakers. Prices range from \$5 to \$1,000 with the majority priced under \$100.

Fairchild said owners must bring the bicycle to the police station when getting the license. Bicycles that remain unlicensed after the deadline will be subject to being impounded.

New 1971 bicycle license tags have been on sale for several weeks at the Wayne Police Department at 50 cents each.

32 AFS Pupils to Arrive Thursday

Local chapter members of the American Field Service are getting ready to welcome 32 AFS students scheduled to arrive in Wayne around 10:40 p.m. Thursday. It will be the chapter's second time to host such a tour.

The 32 guests are students from all over the world who have been in the United States studying during the last school term. They are presently touring the States by bus prior to returning to their native countries.

Upon arriving in Wayne, the pupils will be welcomed at Wayne High School by Mayor Kent Hall and by the bus stop families—local families who have volunteered to be hosts to one or two students until their departure July 5.

Families who will have AFS guests are the Dick Manleys, Bob Sutherlands, Charles Hepburns, Dale Millers, Rowan a Wilkes, Merle Rings, James Walls, Jim Atkinson, Jack Rubbeck, Gene Fletcherers, Harland Pankratzen, Orvid Owensens, Jerry Hixes, Stanley Willes, Richard Leshes, Orville Sherry, Melvin Froehliches, Walter Petersens, Max Landstroms, Kent Hills, Arnold Emrys and Russell Moomaws.

A committee in charge of making arrangements for bus stop families includes Mrs. Jack Rubbeck, chairman; Mrs. Orvid Owens and Mrs. Dick Manley. The two student chaperones will be guests in the home of Mr. and Mrs. O. K. Brandstetter.

On Friday morning the students will visit the dairy farm of Mr. and Mrs. Jack Langemeler. The afternoon schedule includes swimming in the city pool followed by a family picnic at Freshwater Park at 5:15 p.m. Other evening activities include a band concert at the park and a dance at the Wayne Country Club.

Students will spend Saturday and Sunday with their respective host families. Sunday evening at eight o'clock the 32 students will gather at the O. K. Brandstetter residence for an informal get-together and entertainment presented by themselves.

Host families will say goodbye to their guests on Monday, July 5, when the bus tour will leave from the Wayne High School for Newton, Iowa.

Gene Longe of Winside is congratulated Friday by John Krause of Wayne, manager of Feeders Elevator.

Winside Man Is Winner Of Vagabond Weekend

A Winside farmer, who said Friday afternoon that he couldn't remember of ever wanting anything before, received a phone call Friday noon informing him that he was the eighth winner of a "Vagabond Weekend."

His prize is a free weekend to any one of several cities throughout the Midwest, businesses of the participating companies.

Longe can decide to take his expense-paid vacation anytime during the next six months. He and the other seven winners can choose to spend their free weekend in Colorado Springs, Denver, Lincoln, Omaha, Wichita, Kansas City, Oklahoma City, St. Louis, Cleveland, Detroit, Chicago, Cincinnati or Minneapolis.

Room and lodging for the winners is paid. Transportation is not provided in the promotion.

Longe is the eighth and final winner in the promotion. Earlier winners include Gordon Nedegeard, Mrs. Ivan Johnson, Larry Bruns, Jerry Hix, Nell Sandahl, Lanny Hoogner and Mrs. Owen Kliest.

Room and lodging for the winners is paid. Transportation is not provided in the promotion.

'Great Americans' Theme Is Selected For Kiddies Parade

"Great Americans" will be the theme for the 1971 Old Settlers Reunion kiddies parade. The annual celebration is slated July 21, 22 in Winside.

There will be three divisions in the parade: the me entries, vehicles and pets with \$5, \$3 and \$2 prizes going to the first three best entries in each division. Each entry in the parade will receive 50 cents.

Cub Scout Pack 179 Den 1 and the Forfeit-Me-Not Girl Scout Troop 163 of Winside will lead the parade beginning at 10 a.m. July 22.

Parade youngsters are to line up at the west side of the city park, according to Mrs. Don Wacker, chairman. Assisting her are Mrs. Mildred White, Wilva Jenkins, Charlene Johnson and Mrs. Walter Blech.

"America, the Great" is the theme for the main parade at the celebration.

Committeemen invite all area organizations and individuals to participate in the parades and celebration.

Group at Laurel Meet to Discuss Flood Problems

Thirty six persons attended a Community Improvement Program meeting at the Laurel fire hall Monday to discuss the community's severe flood problems.

Conard Miller from the Cedar County Soil Conservation office in Hartington used aerial maps pinpointing problem areas. He made several suggestions as to how to avert future problems by building dams and returning plowed land back to grass.

City Manager L. J. Mallatt discussed the city's drainage ditch problems.

It was decided to set up a flood control-board consisting of three rural landowners and three city property owners. The board will be responsible for contacting state, county and city officials, as well as individual landowners, regarding local flood problems.

Honored during the Wayne County Jaycees banquet Friday are, from left, Bill Workman, president; Mrs. Workman; Dick Dittman, outstanding first-year Jaycee; and Dick Dittman, outstanding first-year Jaycee.

Outstanding Jaycees Honored at Banquet

Local Wayne County Jaycees honored Bill Woehler of Wayne as "Outstanding-Jaycee" during the annual Jaycee awards banquet at Bill's Cafe Friday night. Mrs. Jerry Rose, unable to be present for the dinner, was named "Outstanding Mrs. Jaycee."

Other awards presented during the honors program included Dick Dittman being named as the outstanding first-year Jaycee, and Key Men, named for their work in the organization during the year, were John Richards, Larry Koehmoos, John Revensdorf, Dale Preston and Gordon Broomer.

Dick Hammer, Bill Workman and Jerry Rose were named recipients of the Bronze Key Awards and Bill Woehler received the Silver Key Award, all presented in recognition of leadership and contributions to the Jaycees.

Bill Workman was given a certificate of recognition as the incoming president. Darrell Moore is outgoing president.

Mrs. Jaycees also participated in the honors banquet presenting the Spokette Award to Judy Woehler and Wilma Moore and the Sparkette Award to Glenda Hammer and Ruth Bose. Wilma Moore, Judy Woehler and Glenda Hammer were named Key Women.

Mayor Kent Hall, a program guest, told the group, "You Jaycees underestimate your value to the community." He noted the importance of their projects and the value of leadership training in the organization.

Hall pointed out problems that the Jaycees might be interested in helping solve such as the recreation area northeast of Dixon. Turn to page 6 of section 2.

Erosion Costs Some Farmers \$50 an Acre

A heavy rain can cost a farmer as much as \$50 per acre if he has not taken steps to halt erosion on his land.

That surprising statistic was pointed out last week by William Yost of the Soil Conservation Service office at Wakefield.

Yost said that the recent spring rains have cost area residents, both on the farm and off, far more than they realize. Damaged culverts, roads and bridges caused by flooding during the storms have been expensive to repair, he noted.

Last year's crop residues or mulch on the surface of some farm land proved its value during the heavy rains this month, he said, but the farm land which isn't

protected suffered greatly. A rain which washes two and three-inch cuts by each corn or soybean row is removing 20 tons of soil per acre, he explained. Some experts estimate the fertility lost by that erosion amounts to nearly \$50 per acre, a loss that most farmers can't afford, he explained.

A system of farming that includes terraces, contouring, grass waterways and leaving crop residues on the surface will do much to control erosion, according to Yost.

Many people continue to reject erosion control measures on their land. As long as this situation continues to exist, flooding, erosion and the loss of natural

Yard & Garden Tips . . .

Q.—What kind of control methods can be used for prostate knotweed?

A.—The best protection is application of pre-emergence herbicide; but of course, this cannot be applied now. For control now, apply Banvel-D or Silvel. As was mentioned in the treatment of prostate spurge, extreme care must be taken when applying Banvel-D so as not to harm nearby flowers and shrubs.

resources will continue, he concluded.

Health Tips . . .

Here is a health tip from the Nebraska State Medical Association:

Knowing the art of mouth to mouth resuscitation may one day help you save a life. Not knowing could be catastrophic. If you are witness to a circumstance in which a victim stops breathing, start immediately. Seconds count, so do not spend time moving the victim unless absolutely necessary. Place him in a face up position and kneel beside him. Lift the victim's neck with one hand and tilt the head back with your other hand. Pull the victim's chin up with the hand that was lifting the neck. Place your mouth over the victim's nose or mouth, make a leak-proof seal and breathe into the victim's lungs until you see the chest rise. Remove your mouth and let the victim exhale.

The procedure should be repeated fifteen times each minute. Do not wait or look for help, if possible ask someone to summon medical aid. And, by all means, do not stop too soon.

I See By The Herald

Mr. and Mrs. Lyle Geiger, Baltimore, Md., arrived last week to visit his parents, the Jim Geigers of Waterbury; her parents, the Allen Perdues of Laurel; in the Allen Stoltenberg home, Carroll, and with other area friends and relatives. Wednesday they called in the Lottie Ferrin and Julia Perdue home, Wayne.

Sievers Family to Host Trail Drive

The LeRoy-Sievers farm family of Wakefield will be helping host the 1971 Great Nebraska Polled Hereford Trail Drive and Field Day when it swings through northeastern Nebraska late in July.

The drive, an annual affair, will take place on July 30-31 and will include stops at several well-known Polled Hereford farms in the eastern and northeastern part of the state.

Included on the agenda for the two-day trail drive are a judging contest open to adults and youths, demonstrations and a queen contest.

The caravan of cars will gather the first morning at a ranch near Fort Calhoun. Stops are scheduled at ranches near Arlington, Craig and Lyons before

arriving at the Hervele Farm near Wayne.

A barbecue supper, inspection of the Hervele herd and contests will conclude the first day of the trail drive. Owner of the farm is LeLand Herman.

The second day will begin with registration at Sievers' Lori Lee Farm south of Wakefield. Planned for that day are herd inspection, judging contests and a queen contest.

Wayne and Wakefield banks and merchants are donors of trophies for the trail drive. Noon lunch will be served courtesy of Dr. McDonald's Feed in Wakefield.

The annual trail drive is held in different parts of the state each year. Last year it was in the Fullerton area.

Anybody wishing more in-

formation about the coming event can contact LeRoy Sievers at Wakefield or Kenneth Larsen at Decatur. Larsen is the other host for the event.

Ranger Regiment Needs More Men

The most rugged course of training offered by the United States Army now has a limited number of openings for those who can meet the high standards for enlistment.

Called the Ranger Enlistment Option, it is designed to give the opportunity to develop military prowess and leadership qualities and to serve in one of the elite Ranger companies of

the 75th Infantry Regiment (Merrill's Marauders). Those who complete the course will be trained as an infantryman or radio operator and will receive an initial assignment to a Ranger company when they successfully complete the training.

The applicant must be in top physical condition and meet the standards for airborne training. His schooling begins with attendance at basic combat training and advanced individual training where he learns the basic infantry skills.

The initial phase of the Ranger course is designed to teach students the tactics and techniques which will be used in the second and third phases of the course. Phase two is carried out in mountainous terrain in northern Georgia. There the student learns mountaineering techniques and combat operations.

Phase three moves to the jungle-like training area at Eglin Air Force Base, Florida, for still more practice in ranger tactics. During the entire course, the student has the opportunity to assume leadership positions in simulated, combat tactical operations.

According to Sgt. Cleveland, local Army recruiter for Norfolk, Ranger training is rough, rugged and demanding. The emphasis is placed on getting the soldier in superb physical condition and on getting him to think fast under pressure. Added to the other qualifications, are several which require him to demonstrate his mastery of swimming techniques wearing full combat gear.

For more information on how to join the men who wear the coveted Ranger insignia, contact Sgt. Cleveland at his office at 125 S. 4th in Norfolk.

Tents Pop Into Shape

Setting up camp is easy if you have a Thermos Pop-Tent, one of the wonderfully convenient tents that's ready to occupy within two or three minutes after arrival at the campsite. It literally pops into shape and comes in two sizes. The smaller tent is seven feet in diameter and sleeps two. The larger 9-foot model accommodates four.

Large families and campers who like spacious living quarters will find the Prairie Schooner very appealing. Shaped like the top of a covered wagon from which it got its name, this handsome tent also comes in two sizes.

WAKEFIELD Public Invited to Graham Film

Mrs. Robert Miner Jr., Phone 287-2543

The First Christian Church, Wakefield, will be showing a Billy Graham film, "His Land" Sunday evening, July 4, 8 p.m. The public is invited to attend.

—Meet at Covenant Church—
Twenty Pioneer girls and guests met at the Covenant Church Wednesday evening to bike to the Dennis Carlson farm for a sack lunch. The songfest was led by Nanci Carlson.

Janice Gray explained the Pioneer Girl program and the summer which will include campouts and swimming meets was discussed. Summer program leaders are Janice Gray, Candi Jensen and Mrs. Paul Eaton.

Mr. and Mrs. Donald Fleetwood, Dawn and Darcy, Virginia, Minn., arrived Wednesday to visit in the Robert Miner home and with other area friends and relatives. The Fleetwood and Miner families were supper guests Thursday in the Warren Erlanson home.

Landowner Permits For Deer, Antelope Are Now Available

Farmers and ranchers wanting to hunt deer and antelope on their own land this fall can be certain of getting a permit if they apply before June 30, according to the Game and Parks Commission. They must request permits during the initial application period along with other resident hunters and they will be eligible for drawings that will decide who gets licenses in oversubscribed units.

If unsuccessful in the drawing, the farmer or rancher may then resubmit his application and get a permit that will allow him to hunt only on his own land. However, landowners who do not apply before the June 30 deadline will not be eligible for the special permit.

Hunters wanting to go after deer in the more popular eastern units and all gunners after antelope permits should also get their applications in early, as most of these units are usually oversubscribed before the drawings. For now, residents may apply for only one deer and one antelope permit. Starting July 1, permits in unfilled units will be sold on a first-come, first-served basis to residents and non-residents alike. Hunters may apply for second permits starting Aug. 1.

Application forms are available from permit vendors across the state, conservation officers and Game Commission offices. Some 31,100 permits have been authorized for the firearm-deer season and 1,195 firearm-antelope permits are available.

'71 Bullfrog Season Will Open July 1

The state's 1971 bullfrog season opens statewide on July 1, reports the Game and Parks Commission. It ends Oct. 31. Bullfrogs may be taken by hand, hand net, gig or hook by anyone with a fishing permit. To use firearms or bow and arrow, a hunting license is necessary. Froggers may pursue their quarry after dark with an artificial light, a practice that is both legal and productive.

Bullfrogs may be taken at all state areas open to public fishing, but at state recreation areas and state parks, firearms or bow and arrow may not be used. Tag and possession limit is eight frogs per person.

Driver Walked Away

Stephen A. Carlson, son of Mr. and Mrs. Al Carlson of Winside, was able to walk away after his 1970 Dodge was impaled on a guard rail slightly less than two miles north of Winside around 2:30 a.m. Friday. The Wayne County Sheriff's office investigated and said Carlson, southbound at the time, apparently dozed at the wheel. The auto veered to the east side of Highway 35 and struck the guard rail which passed completely through the auto and emerged from the left rear fender. Carlson reportedly received only a nose bleed.

Jean Weible Fans 14

In Whipping Winstate
Jean Weible of Winside struck out 14 Wayne batters as the Winside team rolled to a 16-4 victory in Ralph Bishop girls softball league action last Wednesday.

Helping her out at the plate was Karmen Schellenberg, stroking two doubles and a triple.

Winning the game in the younger age bracket was Wayne, 13-5. Joel Maly pitched Wayne to that victory.

Allen Blasts Emerson Twice

Allen's Pee Wees Thursday night rapped Emerson by the score of 8-4.

Steve Short's home run with two on was the big blow for Allen, while clutch defensive play held Emerson in check, in crucial moments.

The win gave the Pee Wees a 3-2 record to date.

Allen's Midgets had an uphill battle as a tough Emerson crew jumped into a 5-0 lead after three innings.

Timely hitting plus erratic defensive play by Allen gave the visitors their comfortable margin, but it was short lived as the hosts came to life in the fourth inning, scoring two runs on three walks, one hit and a passed ball.

Allen broke it open in the fifth by scoring five times on three hits, one walk and two errors by

Emerson.
Tim Hill's baser loaded triple was the big blow, followed by Don Keuver's double for four runs. Allen added one more in the sixth on a walk, an error and Pete Snyder's double.
Scott Von Minden struck out 14, walked five and allowed seven hits.
Allen entertained undefeated Newcastle Sunday afternoon.

Taking part in the 4-H modeling workshop held Wednesday at the city auditorium were (from left) Debbie Nelson, Carol Spittgerber and Jana Dahlgren.

34 4-H'ers At Workshop

Ten leaders and 34 4-H'ers took part in the modeling workshop conducted Wednesday at the Wayne City Auditorium by the University of Nebraska North-

east Station at Concord. Joycelyn Smith represented the Station at the meeting which was set up to prepare the girls for the county fairs' dress revues.

Following a session on hair and wig fashions, the girls were divided into six groups for police workshops conducted by student instructors from Norfolk Beauty College. Mrs. Alberta Brady, college director, and Mrs. Gilbert Bolz, college instructor, were in charge.

Wayne County work study student Cheryl Kahl, and Northeast Area work study students Eileen Muller and Dennis Kahl assisted with activities.

Wayne and Dixon County girls who took part in the activities were Julie Hagemann, Joy Retwisch, Renee Kniesche and Carol Spittgerber, Wayne; Luann Ronde and Joan Tietgen, Randolph; Patty Taylor, Lori Magnuson and Barbara Jaur, Wakefield; Brenda Wennekamp and Susie Malcom, Albany; Linda Holtgrew, Conne Cleveland and Vickie Holtgrew, Winside; Karen Schultz and Ruth Diedler, Martinsburg; Glenda Clausen, Recky Clausen and Janeen Thomsen, Pender, and Renee Nissen, Wisner.

Mrs. R. Arett Named Golfer of the Week

Mrs. Richard Arett was named golfer of the week at the Ladies Day event Tuesday at the Country Club. About 50 turned out for the breakfast and 65 for golf. Thirty women attended the weekly luncheon buffet and bridge.

Bidorbi Meeting with Mrs. Gormley Tuesday

Bidorbi met Tuesday evening with Mrs. R. E. Gormley. Mrs. Ida Moses was a guest and prizes were won by Mrs. Werner Janke and Mrs. Marvin Dunklau. July 13 hostess will be Mrs. Warner Janke. The meeting will be at 8 p.m.

Winside Couple Observe Golden Year

Mrs. and Mrs. Mark Benchoof, Winside, observed their golden wedding anniversary Sunday with an open house reception at St. Paul's Lutheran Church. Hosting the event was the couple's son, Wilbur Benchoof and wife.

Bradley and Perry Benchoof registered the guests present from California, Casper and Torrington, Wyo., Greeley, Colo., West Des Moines, Iowa, Park Rapids, Minn., Omaha, Fremont, Randolph, Norfolk, Hoskins, Wayne, Carroll, Stanton, Wakefield, Concord, Pilger and Winside. Cindy Benchoof was in charge of gifts and cards.

Mrs. Leonard Simmons, Randolph, and Mrs. Carl Ehlers, Pilger, served the anniversary cake which had been baked and decorated by Mrs. Ehlers. Mrs. Harold Quinn, Wayne, and Mrs. Oscar Carl-

Married 50 Years

Former Winside residents, Mr. and Mrs. Henry Lautenbaugh, now of Sioux City, observed their 50th wedding anniversary Sunday with an open house reception at the Elk Hall in Sioux City. Guests were present from Wyoming, New York, Georgia and

various towns in Iowa, Kansas and Nebraska. That evening a lawn supper for the couple and their family was held in the Gene Hansen

Bobwhite quail have an annual mortality rate of about 80 percent whether they are hunted or not.

son and Mrs. George Carlson, Fremont, sourced, and Mrs. George Gramlich, West Des Moines, Iowa, served punch. Mrs. Quen Atwell, Omaha, assisted with serving. Working in the kitchen were St. Paul's Ladies Aid members, Mrs. Ella Miller, Mrs. Ben Fenske, Mrs. Vernon Miller, Mrs. Chester Marotz, Mrs. Alvin Bargstadt and Mrs. Louis Willers. Mrs. Iont Jackson and Mrs. Walter Hamm assisted.

Mark Benchoof and Laura Carlson were married Feb. 23, 1921, at Carroll, and had farmed in the Carroll, Norfolk and Winside area until 1966 when they retired and moved into Winside.

Among the guests at the reception were the couple's wedding attendants, Mrs. Maybelle Crowell of Huntington Park, Calif., and C. E. Carlson of Winside.

Meet at Church

First United Methodist Wesleyan Service Guild meeting was held Wednesday evening at the church. Nine members and two guests, Mrs. Huber Addison and Mrs. Virgil Lahr, were present.

Mrs. Walter Tolman encouraged church women to participate in the Fellowship of the Least coin which she explained. Mrs. Tolman also had on display children's apparel she had made for foreign use by the World Service Center. Devotions, "The Family Cluster, A Reality or Illusion," were presented by Mrs. C. C. Powers.

July 21 meeting will be a potluck supper in the home of Mrs. Marle Tietzort.

Mrs. Johnson Hosts Honor Circle Meet

Honor Circle of the First United Methodist WSSC met Wednesday morning with Mrs. Cliff Johnson for a 9 a.m. breakfast. Mrs. Loren Washburn was co-hostess.

Sixteen members and a guest, Dale Hansen, were present. Mrs. Mildred West gave the lesson on the origin of the painting, "Praying Hands," and spoke on the therapy for drug addicts. She closed the program with a poem, "Beautiful Day."

Next meeting will be a 9 a.m. breakfast July 28 in the Mrs. Robert Turner home.

Workshop Completed At South Sioux City

The two-session antiquing workshop held at Atokad Park in South Sioux City was completed Wednesday.

Parting in the workshop, which was conducted by Myrtle Anderson, area home extension agent from the Northeast Station, Concord, were Mrs. Evan Bennett, Mrs. Iona Lindsay, Mrs. Richard DeNayer and Mrs. Joyce Mitchell, all of Wayne; Mrs. Harold Panegrau, Newcastles; Mrs. Dale Flamer, Jackson; Mrs. Dale Erbehart, South Sioux City, and Mrs. Martin Johnson and Mrs. W. N. Hohenstein, Dakota City.

Bass feed almost constantly, but in hot weather, early morning and evening hours are most productive for bass fishermen.

A. Domson Will Be Ordained in July

Andrew R. Domson

Andrew R. Domson, who arrived in Hoskins last week to fill the vacancy left by the resignation in late May of Pastor E. J. Lindquist from Trinity Evangelical Lutheran Church, Hoskins, will be ordained in 8 p.m. services Sunday evening at the Hoskins Church. Officiating will be Professor Erwin Scharf from Northwestern College, Watertown, Wis.

Domson, who attended Northwestern College and Mankato State College, Mankato, Minn., was graduated in 1966 from Bethany Lutheran College, Mankato, and in 1971 from Wisconsin Lutheran Seminary, Mequon, Wis. He served as vicar at Zion Lutheran Church in Columbus, Wis., about a year.

His wife, Marilyn, attended Dr. Martin Luther College in New Ulm, Minn., until answering an emergency call to Sebawing, Mich., where she served as a Christian day school teacher.

Domsons were married in 1965 and have three sons, David, five years old, Daniel, four, and Matthew, four months.

Domson's first service will be at 9:30 a.m. July 11. Until then James Humann of Stanton, will continue as vacancy pastor.

E. J. Lindquist, who had been in Hoskins about six years, are serving in Menomonee, Mich.

Barclay Retains Championship

Mrs. Ralph Barclay of Wayne added another win to her already impressive three in four-year record Monday when she was named championship flight winner at the annual Ladies Club Tournament at the Wayne Golf Club. Her name will be inscribed on a plaque at the club house, an honor she also earned in 1967, 1968 and 1970.

Tournament winners since its beginning in 1964 have been Jan

Hinkeldey in 1964, Jackie Love in 1965, Evelyn McDermott in 1966, Ann Barclay in 1967, 1968 and 1970 and Naomi Slenguz in 1969.

Second runner up in the championship flight was Mrs. Richard Arett.

Winner in the first flight was Mrs. Mary Godsey with Mrs. Gene Bigelow second runner-up

and second flight winner was Mrs. Don Mau of Pender, with Mrs. James Evans second runner-up.

Two of Monday's winners, Mrs. Barclay and Mrs. Richard Arett, are also planning to take part in the state tournament scheduled for July 12 to 17 in Norfolk, which will feature morning golf and afternoon bridge.

Classic Tourney Set Tuesday at Wayne Club

Reservations can still be made for the Wayne Classic Tournament scheduled for tomorrow at the Wayne Golf Club.

Free time for the annual event, which is open to women from all surrounding towns, is 8 a.m. Coffee and rolls will be served earlier and a catered luncheon is planned for noon with

bridge to follow at 1:30 p.m.

Tickets at \$4.50 each (for the entire day's events) may be procured by contacting Mrs. Del Stoltenberg or Mrs. Gene Fredrickson, Mrs. Larry King is tournament chairman and Mrs. Del Stoltenberg, co-chairman.

the board are Mrs. Roy Christensen, Mrs. Don Wightman, Mrs. Orville Sherry, Dr. Sidney Hillier and Dr. Donald Merriman.

The paintings range from landscapes and still life to modern abstract designs—something for everyone's taste.

Costing from 20 to 40 dollars each, the prints come complete with frames, carrying cases and picture hooks. All that's missing is a place to hang them.

Mrs. Kerl hopes that this will soon be taken care of. Library patrons may check out one painting for two months but it may not be renewed. A 25 cent fine will be charged for each day the painting is overdue.

According to Mrs. Kerl, the collection is meant to encourage new library patrons. "We hope that even people who don't come to the library regularly will take advantage of our paintings," she said.

The Omaha Indians were close allies of the Pawnee and fought beside them in battles against the Sioux and Cheyenne.

Paintings Available at Local Library

Who wouldn't like to own a painting by Van Gogh, Matisse, Wyeth or Grandma Moses? Although it's next to impossible, art lovers in the Wayne area now have another alternative.

Beginning this week, they may check out framed prints of paintings by world famous artists from the local public library.

Mrs. Don Kerl, head librarian, said that the 19 new prints were

recently bought as a collection. She hopes the collection will grow "one by one" as the library adds new prints to the group.

The collection was chosen by the library board. Members of

Librarian Harriet Kerl and an assistant, Karen Wax, display "Christina's World" by Andrew Wyeth. The painting is but one of many that may be checked out of the local public library.

GOLDEN GLOW PUNCH
 1/2 cup orange-flavored instant breakfast drink
 1 can (6 oz.) frozen concentrate for lemonade
 4 cups water
 1 package (10 oz.) frozen strawberries in quick thaw pouch, partially thawed
 2 bottles (7 oz. each) club soda, chilled
 Ice cubes
 Combine instant breakfast drink, lemonade, water and strawberries. Stir until instant breakfast drink is dissolved and strawberries separated. Chill. Just before serving, stir in club soda and ice cubes. Serve in punch cups. Makes about 2 quarts or 16 servings.

Yard & Garden Tips . . .

Q. If the lawn has been fertilized about the first of April, when should it be fertilized again?
 A. It could be fertilized right away. Nitrogen fertilizer usually lasts from four to six weeks.
 Q. Is there any way to get rid of millweed in a garden?
 A. The best way is to keep them out and dig them out as much as possible.
 Q. How high should you be mowing your yard this time of the year?
 A. Since there has been a lot of disease this year and drier weather is ahead, you should probably set your mower at the maximum height—between 2 1/2 to 3 inches.
 Q. How do you get rid of snakes in your lawn?
 A. There is no real successful repellent; however, a spade can be useful or you can mow your lawn closely, eliminating the tall grass that they are likely to be in.
 Q. How do you guard against wood ticks?
 A. You may use repellents or tie the bottoms of your pantlegs and put them in your socks. You should keep the clothes around the base of your neck very tight. If you do get one on you, use a pair of tweezers and place them as close to the skin as possible and pull off the tick very slowly. Make sure that you do not leave the head of the tick on your body since it may cause infection.
 Q. Is tomato dust as effective as spray?
 A. Dust is more difficult to get underneath and in close places on the plants, making its effectiveness somewhat inferior.
 Q. Can geraniums be kept out all day or planted on the south side of the house?
 A. Yes, geraniums like sun.

HOUSEKEEPING WORRIES Are OVER

WHEN YOU BUY A NEW **HOOVER!**

- A Hoover — the world's finest cleaner.

Campers Can Show Way to Keep Land Beautiful

They Must Take Lead, Says Expert Offering Advice On How To Help Conserve Nature's Gifts

Ask any camper—camping is the finest kind of outdoor fun. To think it might be threatened by careless use of our environment is a sobering thought. Will our children have to forego the shimmering beauty of the desert, the peace and solitude of a mountain pass, the discovery of an isolated stretch of beach? Or will they be preserved and kept intact for future generations to enjoy?

"The answer depends in part on today's campers," according to Jack Hamilton, camping expert at the Thermos Division of Kline-Seelye Thermos Co., the company whose vacuumware and outdoor living products are so familiar to those who relish the great outdoors.

"Although government and private industry are taking corrective measures to rectify our environmental over-sights, the task should be a personal one to assure real success. Each one of us should be committed actively to curbing the ills of our littered, polluted and scarred land."

"Campers have a special stake in keeping America beautiful. They know its recreational potential and, as concerned citizens, they can help assure that this heritage will not be forfeited."

"Individually and collectively, they can lead the way in changing careless attitudes about littering and pollution. If every camper set a good example, the result could be an unspooled country-side instead of a desecrated landscape."

A good start on environmental concern is the journey to camp. The evils of being a litterbug should be stressed to children. This might take the form of a

Lucky the fisherman who has a rugged, unbreakable, all-stainless Thermos vacuum bottle for refreshing beverages. For welcome variety, fill vacuum bottle with hot water and park a supply of instant coffee, tea, hot chocolate or bouillon.

game for youngsters—drawing their version of a litter-

Campers have a special stake in our country's beauty. They know its recreational potential and can do much to cure the ills of our abused land, especially littering. To keep your own campsite in apple-pie order, you might set up a trash receptacle by driving four forked sticks in square formation. For crossbars, place four sticks in "X" form. Support plastic trash liner on frame.

bug to keep them occupied en route.

Grownups, too, should be reminded that a litterbag in the car is the place to stash empty beverage containers, cigarette stubs and wrappings, etc. rather than leaving a wake of trash along the roadside.

Once at your destination, be considerate of your neighbors if you've chosen a public campground. Keep your conversation low and your radio turned down after bedtime. Arrange your camp lanterns so they don't shine into neighboring tents or invade the privacy of others.

To avoid being a litterbug, the scourge of the camping world, knowing campers set up their own convenient receptacle by supporting a plastic "trash can liner" on four forked sticks driven into the ground, to provide support for the cross bars.

Dispose of it at the designated trash area if you're in a developed campground. Otherwise, leach it above ground at night. So animals won't be attracted to it. When you leave the campsite, take it with you and dispose of it at home.

As any husband knows, the lady of the house—or in this case, the tent—brings along everything, but the kitchen sink on a camping trip. So

what about dishwashing in camp? Unwashed dishes and vestiges of food from the last meal are telling signs of a sloppy camper.

You'll find it's time-saving and less of a chore if you heat the water for dishwashing while the family sits down to eat. Then you can tackle the dishes as soon as the meal is over without missing out on

any of the fun. Wiping greasy plates and pans with paper towels before washing simplifies cleaning up.

If you're strung any ropes around the camp for wash-lines, etc. remove them before you strike camp. Leave any wilderness campsite just as natural as possible so the next camper may enjoy it as much as you did.

Some Kind of Fishing for Everyone

Fishing can be difficult or simple, it can be exciting or ordinary. It can be easy or rigorous, and it can be cheap or expensive.

For the inquisitive, studious, demanding, perfectionist-type angler there is fly fishing for hard-to-catch brown trout in swift flowing, crystal clear streams.

Such fishing demands not only that the fisherman be a skilled caster, but he must be at least an amateur entomologist knowledgeable of the insects trout feed on, otherwise his selection of artificial flies will be wrong.

For the angler who wants his fishing to be utterly relaxing, requiring little if any application, there's fishing for panfish such as bluegills and crappies or, still better,

bank fishing for carp or catfish.

Such fishing does not take much skill—and about all the fisherman need do is dunk his bait in the water. The fish will come, and chances are they'll take the hook.

The fisherman who wants exciting angling—lots of action, with high-jumping, long-running, tough-fighting fish—can find it with tarpon or snook, sailfish or marlin, bonefish or bass. The fisherman who wants "contemplative" angling—with no wild excitement to shatter his daydreaming—can find it with white bass, wall-eyes, crappies, bluegills, carp, catfish, bullheads and, in salt water, bottom fish such as sea bass and porgies, snappers and grouper.

Dennis Kahl, work-study student at the Northeast Station, demonstrates to 4-H'ers how various weeds may be identified.

22 Area 4-H'ers Attend Crops Camp

Twenty-two 4-H youths participated in a crops camp conducted by the Northeast Station at Concord Friday and Saturday. The camp was open to all 4-H members interested in agronomy. Club members from Knox, Dixon, Wayne, Cedar and Holt Counties registered for the two-day program. The youths, ranging from nine to 16 years of age, stayed overnight at the NF station. Purpose of the camp, according to Roy Stohler, Dixon County Extension agent and area youth specialist, was to "supplement the regular 4-H crops program and encourage more 4-H'ers to enroll in the program." Participants received training in crop judging preparing for area judging contests held in August. They heard talks on soil conservation and weed control, toured a fertilizer plant and experimental plots, and practiced weed identification. Helping with the crops camp were Roy Stohler, work-study student Dennis Kahl of Wakefield, and extension agronomists Duane Foote, Russ Moomaw and Dale Flowerday. The camp, first of its kind at the Northeast Station, was sponsored by the Monsanto Chemical Company.

Girl Scout Council Selects Committee For News Reporting

Area representatives from Wayne and 18 surrounding counties met in Norfolk Thursday to organize a public relations committee for the Prairie Hills Girl Scout Council. Mrs. Don Reed of Wayne presided in the planning session along with representatives from Oakland, Fremont, Hartington, Norfolk and Columbus. Mrs. Reed has the assignment of writing feature stories and taking pictures for the Girl Scout's camp at Crossed Arrows near Fremont July 18-25. Mrs. Lucille Miller of Columbus, executive director of the council; Mrs. Lizabeth Birch of Kansas City, and Mrs. Everett Simpson of Norfolk were in charge of the meeting. Council members are still seeking volunteers to fill the positions of press representatives, radio and television reporters and community news writers.

Special guests at the meeting were Jan Sherry, daughter of Mr. and Mrs. Orville Sherry of Wayne, and Helen Petersen of Norfolk. Miss Sherry and Miss Petersen plan to attend a public relations meeting in Bloomington, Ill. Aug. 10-23. Next meeting of the council's public relations committee is slated for Aug. 23 in Norfolk.

Navy to Cachet Apollo Covers

Manned Spacecraft Recovery forces of the U. S. Navy will provide commemorative cachet and cancellation services for the upcoming Apollo 15 manned flight to the moon. Philatelic coordinators designated for the Atlantic and Pacific Fleet Recovery Forces (Task Force 14 and 130) will receive all such covers and make distribution to assigned recovery ships.

To permit adequate time for handling of covers, collectors should send pre-stamped, self-addressed envelopes to the appropriate coordinator at least three weeks prior to the scheduled launch date for the mission. U. S. postal rates may undergo a change in 1971. Collectors are urged to check with their local post office regarding applicable rates. For the scheduled 26 July 1971 launch of Apollo 15, covers should be received prior to 2 July 1971. In accordance with U. S. Postal regulations, only United States postage may be used on covers submitted. Stamps (postage of other countries or the United Nations cannot be used. Cash, money orders or checks in lieu of postage cannot be accepted.

It is requested that collectors furnish standard size covers, 3 5/8 inches by 6 1/2 inches, with a filler inserted to simplify handling.

Yard & Garden Tips

Q. What are some types of fast-growing shade trees and flowering trees?
A. Several fast-growing shade trees are linden, locust and maple. Of these three, the maple grows the fastest but also has the problem of shallow roots. Recommended flowering trees are the Japanese tree lilac, flowering crab and thornless ash.
Q. What are recommended varieties of strawberries, and when should they be planted?
A. Spring is the best planting time for strawberries and April is probably the most favorable month. Two good June bearing varieties are "Cyclone" and "Robinson." Desirable everbearing varieties are "True Perfection" and "Stromboli." When fertilizing the strawberries, it is best to use a fertilizer that contains more phosphate than nitrogen and in a ratio of about four to six pounds per square foot.
Q. When is the best time to use a preemergence herbicide for weed control?
A. For most areas of the state the general time for application of a preemergence is from April 20 to May 10. This time may run longer in the northern part of the state. Another variant is the thickness of the lawn. If the lawn is in good shape, crab grass and foxtail growth will be delayed somewhat. Therefore, the application of a preemergence may also be delayed. There are many good preemergence products on the market and any of them will do an effective job if properly applied. The lawn should be cleaned with all dead leaves and grass raked up. The preemergence should then be applied as directed and watered adequately.
Q. When reseeding a lawn is it best to use plastic or cloth to cover the area before the grass becomes established?
A. Initially, the area to be reseeded should have a sufficient covering of dirt. After reseeding, gunny sacks would probably be more effective than plastic. Although the plastic holds moisture very well, it may also cause the grass to become too warm.
Q. If a weed spray has been used in a hand sprayer, can the sprayer then be used for spraying fruit trees?
A. The best policy in this case is to use another sprayer, but the hand sprayer can be used if proper cleaning methods are followed.

The sprayer must be taken apart, and nozzle and gaskets soaked in a one per cent ammonia solution. A one to two per cent ammonia solution must also be put in the sprayer and allowed to set overnight.
Q. What are good early varieties of tomatoes?
A. Recommended varieties are "Fireball" and "Galaxy"—which is the earliest.
Q. What is the proper procedure for getting rid of dead grass on lawns before new growth begins?
A. The lawn should first be mowed, with the mower blade set fairly close to the ground. Follow this with a thorough raking. This clean-up should be done while the grass is still dormant.
Q. When is the proper time to spray lilacs?
A. The most common reason for spraying lilacs is the prevention of lilac scale. If this is the case, spraying time usually runs from May 20 to June 10. A regular spray schedule would be May 20, June 1 and June 10. Products for this particular use would be Sevin, malathion and diazinon.
Q. What are some good tips on planting asparagus? Should a preemergence be used?
A. When planting asparagus the crown of the plant should be covered about two to three inches. The plants should be planted about a foot apart. As a preemergence, an application of straw or mulch keeps out weeds and holds the moisture.
Q. What is the proper method for trimming a weeping willow tree?
A. The branches of this tree are very brittle and care should be taken when trimming them. The limbs should be cut back towards a strong branch so as to leave growing tips. Always trim in the direction you want the tree to grow.

Health Tips

Here's a health tip from the Nebraska State Medical Association:
Nebraska's hottest days will soon be upon us. Heat prostration occurs in two types and must be recognized.
In cases of heat exhaustion, there is weakness, headache, nausea and sometimes cramps in the stomach and legs. The pulse is rapid and weak and the skin is pale and clammy. The temperature is normal.
Heat exhaustion sometimes occurs while playing golf or tennis or working hard in the hot sun. To help such a victim, move him to a cool place, but protect from chilling. Do not give alcohol in any form.
In cases of heat stroke, the victim often loses consciousness. The skin is flushed and hot and the pulse is rapid and strong. If the victim is conscious, give him salt water to drink. Cool the body by sponging with cold water.
In both types of heat prostration, a physician should be called immediately.

WHS Band in Concert

Wayne High School concert band members presented their first summer concert in Bressler Park Friday evening. Director Ron Dalton leads the musicians in a popular rock tune. The band's next concert is slated for Friday, July 2.

Home Ownership Is High in County

Compared with some sections of the country, home ownership in Wayne County is at a high level.

According to the latest official figures, the proportion of local families owning the houses in which they live is relatively large.

The findings are based upon an analysis of reports released by the Department of Commerce, based upon data gathered during the recent census of housing.

It shows that no less than 57.8 per cent of all dwelling units in Wayne County are now owned by their occupants. It compares with 55.3 per cent 10 years ago.

Most of the upward trend in home ownership took place in the eight years or so prior to 1968 when there was little unemployment, when incomes were moving higher and when the availability of mortgage money at favorable rates made it possible for many families to attain their goal—a home of their own.

The figures for the local area show a total of 3,239 year-round dwelling units, of which 1,873 are owner-occupied.

Nationally, the number of home owners rose 7.1 million in the 10-year period, going from 32.8 million to 39.9 million, the Department of Commerce reports.

However, because of the increase in population during those years, the percentage of families in the United States who were living in their own homes was only slightly higher in 1970 than it was in 1960.

Although there has been much trading up in recent years, with people selling their homes to buy larger and better ones, there has also been much money spent on improving the older dwellings through extensions, alterations and repairs.

During the past year alone, owners spent \$14.8 billion on such upkeep and improvement, the government's figures show.

Because of inflation and the decline in housing construction in recent years, home values have been zooming in most areas. In Wayne County, on the basis of the median price asked for local homes, \$12,690, the total value of owner-occupied property comes to approximately \$23,600,000—far above what it was in 1960 when the median value was only \$9,600.

service-connected disability. Due to an accident, I am totally disabled. Can I apply for a Veterans Administration pension?

A—Yes. Vietnam-era veterans with 90 or more days of service, or those separated from such service for a service-connected disability, who become permanently and totally disabled from reasons not traceable to service, may be eligible for VA's nonservice-connected disability pension.

Q—How long will a veteran who retired Nov. 1, 1970, for total disability be covered by his Servicemen's Group Life Insurance?

A—Coverage under SGLI will

continue while he is totally disabled, but not beyond one year. Within the year, he may convert his SGLI (maximum \$15,000) to an individual policy at standard rates with any company participating in the SGLI program. Also, within a year of notice of his service-connected disability, he can apply for a \$10,000 low-cost TIL policy from the Veterans Administration.

Q—My husband died in service in 1946. Am I still eligible for his home loan benefit?

A—Yes. Under recently passed legislation, unused, expired loan benefits were restored for World War II and Korean Conflict veterans and eligible, unmarried

widows of these veterans.

Q—I was discharged from service in January, 1964. Am I still eligible for education benefits?

A—Yes. Veterans released from active duty between Jan. 31, 1955 and June 1, 1966, have eligibility for eight years, or until May 31, 1974. Eligibility of Viet Nam era veterans extends eight years from the date of their release from active duty.

Q—I frequently see VA repossessed homes advertised for sale. Are these sales limited to veterans?

A—No. Anyone who qualifies may purchase these homes—veterans or nonveterans.

Ready for Action

Dennis Morris, at left, and Dennis Beckman, both of Wayne, stand by their 1955 Chevrolet stock car that has been seeing a lot of action this season. Other Wayne men co-owning the car are Jim Sommerfeld, Bob Wehtler and Rodney Reeg. The team race their stock car in the late model competition.

Ten-Run Rule Lifts Wayne Club to Fifth Straight Win

Three runs in the bottom of the eighth inning clinched Wayne town team's fifth straight win of the season Thursday night, an 11-4 rout over visiting Randolph. The ten-run rule stopped the game one inning short of regulation play.

Last night (Sunday) the local club was scheduled to face always-tough Orchard in a Tri-County League showdown. Wayne will travel to Bloomfield on Thursday.

Nine Wayne batters gathered twelve hits, including five for extra bases, in the lopsided win over Randolph. Dave Tietgen paced the home-owners at the plate with a triple and a single. Randy Jacobson followed with a double and a one-bagger.

Dan Goeden and George Fynn, sharing duties on the mound for Wayne, scattered seven hits. Randolph's sole run came in the sixth frame on a double, a single and a sacrifice fly to center field. Wayne got on the scoreboard in the bottom of the first with two outs when Jacobson singled and then scored on Larry Meler's double. Meler completed the circuit via Jerry Wehler's triple.

19 Points Leads American League In Golfing Action

Del Stoltenberg, Lyle Garvin and Herb Berg lead the National League after nine weeks of competition in the Wednesday Night Golf League. The threesome has a total of 19 points, one and a half more than runner-ups Jerry Miller, Al Swan and Richard Arett.

Leading the American League with 21 points is the team of Bob Reeg, Don Johnson and Ron Dalton. Three behind them are Ken Dahl, Dick Berry and Dick Wacker.

Top shooters in last week's action: "A" players: Ken Dahl, 37; Jim Marsh, 36; Bob Reeg, 35; Les Lutt, 33; Don Kober, 32; "B" players: Larry Chamberlain, 39; Art Brummond, 41; Darrell Lehms, 43; Doug Lyman, 43; Joe Nuss, 43.

"C" players: Ron Dalton, 41; Adm. Jeffrey, 46; Rowan Wilcox, 46; Bert Block, 47.

Wakefield Pacemaker Dennis Crippen of Wakefield won the trophy dash at the Riviera Raceway in Norfolk Monday night driving this 1956 Chevrolet in the hobby stock car action. Crippen is also currently third high point driver at the LeMars, Ia. racetrack.

11 Plan to Compete on Tractors

Eleven young men had registered by late last week for the coming district tractor driving contest set for the Dixon County fairgrounds at Concord.

Pheasant, Quail Hunters Have Good Luck in '70

Nebraska's pheasant and quail harvest during the 1970 season was considerably higher than during the 1969 hunt, according to a survey recently completed by the Game and Parks Commission.

Both the total number of ring-necks bagged and the number of pheasants per hunter were higher in 1970. The total pheasant harvest numbered more than 1,025,000, up nearly 20 per cent from 1969.

Hunters also bagged more quail last year, some 567,000 birds for an increase of 23 per cent over the previous season. This increase was attributed mainly to larger bag limits for the 1970 hunt.

Grouse hunters also experienced better success last year. However, a 21 per cent drop in the number of hunters going after prairie chickens and sharp-tails brought the total harvest to about the same as 1969, some 47,000 birds.

Locals Win Six Games in Area Play

Local youngsters taking part in Wayne's summer recreation baseball program clouted up six wins against 10 defeats during the past week. All of the victories were at the expense of Walside and Wakefield teams.

Wayne took three games from Walside Tuesday on the local diamond. The Pee Wees won 9-3, the 12-and-under group trounced Walside 12-4, and the 14-and-under squad came out ahead 7-1 over the visitors.

In the first of the five inning showdowns, Glen paced Wayne's Pee Wees on the mound by giving up only two hits—one single and a triple. At the same time, his teammates connected for eight hits including four for extra bases. D. Carroll led Wayne at the plate with a single and a double.

Seven youthful Wayne soap box derby drivers planned to enter the district races in Norfolk Sunday. Time trials started at 11:30 a.m., with races at 1:15 p.m. on north Highway 81.

HOW TO SOLVE GOLF PROBLEMS JIMMY DEMARET

WITH THE WIND AT YOUR BACK On a par-3, 150-yard hole, the average golfer would probably use about a 6-iron. However, when a brisk wind is at the golfer's back, the better choice might be a 7 or 8-iron. Tail wind has a tendency to knock the ball down and reduce its backspin. If you start too low, you may not carry any hazards guarding the green and will probably get too much run on the ball (dotted line).

Johnson (Stanley), Gary Glass (Verlin), Terry Lessman (Dale), David Lessman (Dale), and Rob Mitchell (Gene). First prize in the derby is a \$500 U. S. Saving Bond and a trip to the International Race in Akron, Ohio.

7 Local Youths Race in Derby Seven youthful Wayne soap box derby drivers planned to enter the district races in Norfolk Sunday. Time trials started at 11:30 a.m., with races at 1:15 p.m. on north Highway 81.

SOME FOLKS THINK IT PAYS TO GO SHOP OUT OF TOWN...

but have they stopped to think about what happens to that dollar they spend away from home? Part of it will go to support the schools, churches and public projects of the community in which that dollar was spent. All well and good. But what about the schools, churches, etc. in our own community? These must also be supported. Don't short-change our hometown and yourself by scattering dollars elsewhere . . . keep them working right here for you and yours!

**It pays to
shop locally**

Yard & Garden Tips

Q. Is there anything I can do to prevent Dutch elm disease from hitting trees in my yard?
 A. Periodic pruning to keep dead wood out of the tree, and spraying with methoxychlor will help in the prevention of the disease, but it will not guarantee immunity from it.

Q. Can you move an evergreen that is about three feet high to another location?
 A. Yes, but the best time would be next spring.

Q. What and how much fertilizer should be put on bluegrass that is about an inch high and has just been sown?
 A. You can use any good mix fertilizer. Make sure you put it on when the grass is dry to avoid burning. Actually the young seedlings won't need too much fertilizer as yet.

Q. What can be put in gardens to keep the rabbits from eating the garden plants and flowers?
 A. Powdered sulphur can be applied, but make sure you put it on when it is cool so it won't burn the plants.

Jaycees Near Goal for Fireworks Display

This year's fireworks celebration being planned by the Wayne County Jaycees looks like it might be as successful as they promise. The club has already collected over \$500-\$540 to be exact-to help buy fireworks for an hour-long display at the ball park in Wayne. If donations continue coming at the brisk rate they have over the past couple weeks, the club will surpass the \$600 goal, said Dick Ditman, one of the Jaycees seeking contributions from local businesses.

The Jaycees kicked off the drive with a \$50 donation several weeks ago. The city of Wayne contributed \$165 earlier this month.

As of late last week, 52 businesses had donated another \$325 toward the celebration. The latest contributors:

McCullough Furniture, Ben's Paint Store, Swanson Television, First National Bank, Olds and Reed, Grless Rexall Store, Gamble Store, Dale's Jewelry, Swan's Women Apparel, McNatt Hardware.

McDonald's, Karel's, Morning Shopper, Carhart Lumber Co., Gem Cafe, Lil' Duffer, Wayne Federal Savings & Loan, Kugler Electric Co., Wayne Veterinary Clinic, Black Knight Lounge and Mini Bar.

State National Bank, Larson-Florence Clothing and Ladies

Store, Midwest Land Co., Wayne Auto Parts, Bill's Market Basket, The Wayne Herald, Mrs. Jaycees, Felber Pharmacy, Swan-McLean Clothing, Safeway Store, Ellis Barber Shop, Pierson Insurance Agency, Super Valu, Johnson's Frozen Foods, Wayne Book Store, Fitch's Barber Shop, Triangle Finance, Midwest

Breeders Cooperative, Koplin Auto Supply, Nu Tavern, Shrader & Allen Hatchery, Feeders Elevator, Logan Valley Implement, M & H Apco, M & S Oil Co., Ray's DX Service, Fredrickson Oil Co., Phillips' 66 Service, Farmers Co-op, Carl's Conoco, Merchant Oil Co., H & B Auto Clinic.

Math Teachers Attend Confab

Three Wayne Middle School teachers were in Lincoln Wednesday attending a Conference on Mathematics held at Love Library on the University of Nebraska campus.

Mrs. Mary Ann DeNayer, Patricia Paulie and Mrs. Angela Denesla attended the conference

which was part of a three-week workshop sponsored by the National Science Foundation. Conference theme was that of attacking the problem of teaching mathematics to the reluctant learner.

Speakers included Dr. David W. Wells of Pontiac, Mich., Dr. Donald Clifton, president of Selection Research Inc. of Lincoln, and Jack R. Williams, director of Central Iowa Low Achievement Mathematics Project at Des Moines, Iowa.

Mrs. Jaycee Officers for 1971

Mrs. Jaycee officers installed Friday night during the annual Wayne County Jaycee awards banquet include, from left, Mrs. Bill Woehler, vice-president; Mrs. Bill Workman, president; Mrs. Dick Ditman, secretary, and Mrs. Darrell Moore, treasurer.

AFS Pupils -
(Continued from page 1)
Argentina, South Africa, England, Spain, France, Costa Rica,

Denmark, Columbia and Ecuador. Such bus tours for AFS students at the end of the school year to broaden the student's picture of the nation. The students will tell

their families and native countrymen at home their impressions of America. Families hosting students are provided a set of guidelines by AFS International in New York. Visiting pupils are not permitted to drive any type of vehicle, may not fly in a private plane and are not to be served alcoholic beverages.

AFS International notes, "We also urge you to take some time to talk with your student to get to know him and to let him get to know you. One of the purposes of the bus trip is this very process of meeting different families in different communities."

Boo-Boo -

(Continued from page 1)
ed that request, but then voted 4-2 to change the zoning to highway business (B-1).

Mr. and Mrs. R. L. Rasmussen, angry over the decision, found the regulation about posting the sign when they began work on circulating a petition to have the decision changed. They brought the regulation to the attention of the city clerk, Dan Sherry, starting the council on its way to questioning if it had acted legally.

The strip of land Shupe is trying to have rezoned is a block and a half long and a half block deep on the north side Seventh Street from Lincoln Street east to the present area zoned for business.

Council decided at a special meeting last Tuesday that the rezoning of the area was not done correctly and that the request would have to be sent back to the planning commission.

Jaycees -

(Continued from page 1)

districting of the county into commissioner districts of equal population and redistricting the voting wards in Wayne, also on an equal population basis. He said the city is always willing to cooperate with organizations such as the Jaycees.

Gary Baker of Blair, state Jaycee vice-president, addressed the group and talked about the necessity of having pride in one's work, family and in the Jaycees.

Larry King, president of the Wayne Chamber of Commerce, was a dinner guest and greeted the 26 persons attending the dinner.

Ron Schomberg of Norfolk, last year's state vice-president, installed the following new officers:

-Jaycees: Bill Workman, president; Darrell Moore, state director; Bill Woehler, first vice-president; Dick Ditman, second vice-president; John Rebensdorf, secretary; Dale Preston, treasurer, and John Richards, Doug Rother and Darrell Moore, directors.

Mrs. Jaycees: Bernice Workman, president; Jack Woehler, vice-president; Jackie Ditman, secretary and Wilma Moore, treasurer.

John Richards was master of ceremonies. Larry Test, chapter chaplain, offered the invocation and benediction.

Eight Charged In County Court

Eight persons were arraigned and fined in Wayne County Court Wednesday through Friday.

Wayne \$5 costs and fines for speeding were Eugene Kubanek, Hoskins, \$13; Walter H. Held, Norfolk, \$12, and Gerald C. Wacker of Winside, \$10.

Richard J. Nolte, Wayne, fined \$10 and \$5 costs for trespassing.

For allowing contents to spill from a vehicle, Walter McAuiliffe of Concord was fined \$10 and costs of \$5.

Phil Witt, Winside, no vehicle inspection, \$5 costs and \$10 fine. Dan O'Sullivan, Wayne, was charged with reckless driving and fined \$25 and \$5 costs.

Charged with consumption of liquor on public roads, Richard Reuser of Wayne was fined \$25 and \$5 costs.

Plans for 2nd Farmer-Feeder Now Underway

Plans are now being made for the second annual Farmer-Feeder Section, a supplement spotlighting area farmers and livestock raisers.

Being considered for stories in this year's supplement are the circular irrigation systems being used northwest of Wayne, the Red Angus herd on a farm northeast of Wayne and a variety of other subjects of interest to the large and small farmer.

Last year's supplement, the first such attempt by a newspaper in this part of the state, included stories on full-fat soybeans, the feedlot lagoons at the Dixon County Feedlots and the reason for high prices at the meat counter.

Again this year, area farmers are being asked to send in their favorite recipes for printing in the supplement. The recipes can be for any favorite dish they would like to share with others.

Social Security Checks In Area to Be Reduced

People in the Wayne area on social security will have their monthly checks reduced by 30 cents starting in July if they have signed up for Medicare's doctor bill insurance.

The checks scheduled for delivery on July 3 will have \$5.60 deducted for each beneficiary to pay the increased monthly voluntary medical insurance premium, according to Robert Pelkey, social security manager in Norfolk.

The amount deducted for the past year was \$5.30 for each beneficiary, he said.

Pelkey said that the medical insurance program supplements the basic hospital insurance part of Medicare by helping to pay doctor bills and a wide variety of other medical expenses in and out of the hospital.

About 19.5 million people 65 and over have enrolled for this supplementary medical insur-

ance protection. Their monthly premiums cover half the cost of their protection, said Pelkey, and the other half comes from general federal revenues.

The 30 cent premium increase for each beneficiary is the net result of three items that are estimated to increase costs by 50 cents in the fiscal year beginning July 1, and then a decrease of 20 cents arising primarily because of a reduced margin for contingencies, Pelkey said.

The reduced margin for contingencies is possible, Pelkey pointed out, because last year program costs for the medical insurance program were below estimates for the first time since the Medicare program started.

The items that make up the overall 50 cent increase include:

-31 cents to cover an estimated increase of 6.7 per cent in the level of physicians' fees recognized by the program in

the fiscal year beginning in July; -10 cents to cover an estimated increase of two per cent in the use of physicians' services;

-9 cents to cover the estimated increase of 15 per cent in cost and utilization of institutional services covered by the program (for example, for hospital outpatient and independent clinic services).

Wakefield Man Funeral Services Held Wednesday

Funeral services for Rueben H. Nelson, 63, Wakefield, were held Wednesday at the Evangelical Covenant Church, Wakefield. Mr. Nelson died June 26 at the Veterans Hospital at Omaha.

The Rev. Fred Jansson officiated at the rites. Elmer Carlson sang "Abide With Me" and "Children of the Heavenly Father," accompanied by Mrs. Martha Felt. Burial was in the Wake-

field Cemetery. Pallbearers were Charles Helges, Larry Helges, Bruce Truby, Tim Nelson, James Salmon and Michael Salmon.

Reuben Herman Nelson, son of Nels and Anna Swanson Nelson, was born June 5, 1908. Mr. Nelson had been engaged in farming and lived in the Wakefield community all his life.

Preceding him in death were one sister, Esther. Survivors include his parents of Wakefield; three brothers, Edwin of Wakefield, Melvin of Lathropburg, Va., and Robert of Independence, Iowa; five daughters, Mrs. Millard Walchek, Mrs. Fred Salmon, Mrs. Al Helges, and Velma Kirk all of Wakefield, Mrs. Eddie Jackwin of San Diego, Calif.

Fund Tops \$8,000 For Dick Copple

The Dick Copple Kidney Fund topped the \$8,000 mark last week. Workers in the drive had collected \$8,300 as of last week on their way to a \$30,000 goal

Section 2 - Pages 1-8

Wakefield Lass Studies at Courthouse

Classroom work at Nebraska University is over for the summer for 18-year-old Cheryl Kahl of Wakefield, but she is continuing her studies in a work-study program at the Wayne County Courthouse.

Cheryl, a freshman at Nebraska University last term majoring in home economics education and Extension, started working in the office of Harold Ingalls, county agriculture agent, on the first of June and will continue through August.

In the agriculture office she is becoming acquainted with the entire 4-H program and its operation. Last week Cheryl's summer

classroom was moved from the courthouse office to Ponca State Park where she spent two days as a staff member at the Ponca 4-H Day Camp. Nearly 500 youths from five counties attended the camp during June 17 and 18.

Summer studies will also include her helping with 4-H activities at the Wayne County Fair in August. In September, Cheryl plans on returning to classes at

the university in Lincoln where she will be a sophomore.

Harold Ingalls said Tuesday that it is the first time his office has had a work-study student. The work-study program is financed on the federal level and administered through Nebraska University.

Cheryl is the daughter of Mr. and Mrs. Willis Kahl of rural Wakefield.

Cheryl Kahl of Wakefield, at right, gets some pointers on 4-H work from Mrs. Ed Groves, secretary, in the county agriculture agent's office at the Wayne County Courthouse.

Another Survey Set for Wayne Area

Questions on consumer buying and home improvement expectations will be asked Wayne area people by representatives of the Bureau of the Census during the period June 28-July 9, according to Guy A. Lutz, director of the Bureau's regional office in St. Paul.

The questions are asked four times yearly as part of a nationwide effort to collect information as a guide to governmental agencies in developing programs based on consumer spending patterns.

A sample of residents in this

area will be asked if they expect to buy a house, car or major household appliances during the next year and if they have made recent purchases of these items. Homeowners will be asked about home improvements and repairs made during the last three months and any planned for the future.

In the first quarter of 1971, the survey results indicated that consumer spending plans were somewhat greater than in the fourth quarter of 1970, and among households in the lower income brackets there was optimism about income increases.

Information supplied by individuals participating in the survey is kept confidential by law and will be published only in the form of statistical totals.

Wakefield Hospital

Admitted: Mrs. Edythe Hanson, Wakefield; Edwin Fredrickson, Wakefield; Mrs. Eleanor Gutzmann, Emerson; Emmett Kayl, Ponca; Kenneth Baker, Wakefield; Mrs. Marie Fink, Ponca; Charles McGure, Pander; Tracey Eslick, Dakota City.

Dismissed: Ivan Carpenter, Casper, Wyo.; Mrs. Eleanor Gutzmann, Emerson; Robert Prerichs, Allen; James Bressler, Dixon; Doug Peterson, Jackson; Mrs. Clara McCoy, Allen; Emmett Kayl, Ponca; Mrs. Nora Bowman and son, South Sioux City; Ralph Isom, Allen; Mrs. Mildred Dahlquist, Laurel; Mrs. Gertrude Lille, Waterbury; Mrs. Hilda Hammer, Wakefield; Mrs. Sadie Kraemer, Laurel; Mrs. Edythe Hanson, Wakefield.

Mrs. B. Chance Dies

Funeral services were held June 15 at Oak Hill Memorial Park San Jose, Calif. for Mrs. Bessie Chance, formerly of Concord, Mrs. Chance died June 11 at a hospital in San Jose.

Survivors include four daughters, Alice and Bernice Chance of San Jose, Helen Chance of Hattleville, Ark., and Marie Leininger of Seattle, Wash.; one brother, Charles Wright of Texas and two grandchildren. She was preceded in death by a son, Frank Chance.

Our liberty depends on the freedom of the press, and that cannot be limited without being lost. — Thomas Jefferson, Letter, 1786.

Sounds Encouraging

From early indications, it looks like The Wayne Herald's glass drive is going to be a successful public service effort. Several people and groups asked about the promotion within two or three days after it was announced in the newspaper last week.

Here's answers to some of the questions raised by those interested in trying to win the \$25 cash prize which will go to the individual or group collecting the most glass before the August 22 deadline:

First, the glass should be cleaned by washing in water, paper wrappings should be removed and all metal tags or strips should be taken off before bringing the glass to the newspaper. Some pieces of the paper wrappings which are hard to remove may be left on the glass, and the glass need not be washed until it is spotless.

Second, the glass will be weighed at the newspaper before the contestants take it to the large pile near the railroad tracks. Contestants can bring in several small bunches of glass instead of waiting to bring in one large pile. The weights

of the various collections will be noted and kept at the newspaper.

Third, any kinds of glass may be collected—colored and clear. Contestants should try to keep the glass separated into clear, brown and green piles since that is the way it will be piled at the railroad tracks.

Fourth, we don't care how or where the glass is collected. A group in Wayne or one of the surrounding communities might want to have the taverns, save all their nonreturnable beer bottles for the drive. Another group might want to go on weekend hikes along country roads to collect discarded bottles. Still another might want to have all the housewives in an area of town save all bottles, glass plates and other glass which otherwise would find its way to the landfill.

Just collect the glass, that's the goal of the newspaper promotion. The more glass collected during the six-week drive, the cleaner the environment will be for all of us.

Anybody with questions about the drive is urged to write or call the newspaper. — N.H.

A Great Theme

"America, the Great" is the theme chosen for the 1971 Old Settlers Reunion parade slated July 22 at Winside.

The theme was chosen over an endless number of other themes that might also have presented a delightful parade. Themes for the parade might have included toyland, fairy tales, holidays, historical figures or periods of time.

In a day of what appears to be anti-Americanism, anti-Establishment and disrespect for the flag of this nation, we feel the theme "America, the Great" is not only appropriate, but will please the many hundreds of spectators expected to attend the annual celebration in Wayne County.

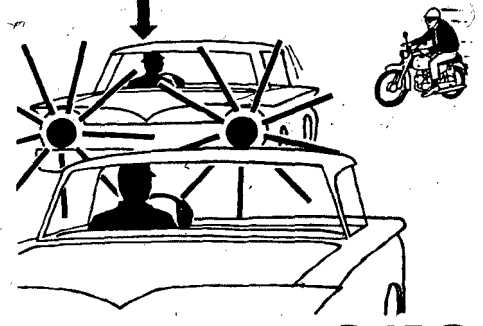

Our congratulations go to the board of directors of the Winside Community

Club for choosing a theme that not only provides a myriad of ideas for floats and parade entries, but it also provides opportunity for a display of patriotism and loyalty to one's country.

Old Settlers Reunion is a county-wide celebration traditionally held at Winside. Those folk in charge of arrangements have an immense amount of planning and work to do each year in order to put on such a successful celebration.

Hats off to all of you folk in the saddle planning this year's festivities. It looks like you're on your way to another successful program by starting off selecting such a great parade theme. — M.M.W.

If he makes a quick stop..

COULD YOU?

JUST WRIGHT

by Merlin Wright

How are you and your television set getting along these re-run evenings? J.W. found a new educational channel on the boob tube — it's called "TV." Those folk who claim science is golden are right.

A local middle-ager was telling J.W. recently that he is married to a "chug-chug" girl. He said that is a go-go girl after 40. Could be.

One thing this middle-ager knows and that is letting yourself go is easy at 40. The hard part is getting yourself back, right?

All those of us who are middle-agers at least know where we've been and where we're going. Our problem seems to be we don't happen to know what to do with ourselves right at the moment.

Among some of the things that have changed since we were teenagers is the style of popular music. We're not saying today's pop tunes are bad — just different. Although the beat is a bit different, pop tunes are saying today what pop tunes have always said — I love you, hate-to-lose-you baby. It may take awhile for older ears to decipher some of the lyrical groans, but the same theme is there. Some of them are real melodic too.

The songwriting profession could not likely flourish without the love song. Maybe love could not flourish without all those songs either, suppose?

Listen to some of the lingering songs and note how the writer has created an appropriate mood for bringing back memories — sometimes concentrating on memories that hurt.

A special talent of the songwriter is that he can supply the necessary words for those of us who are tongue-tied. Yep, love is a great thing to sing about and, after all, nobody has yet written a hit song about hate.

Music and songs are particularly a help at early morning when it is time to get up. Getting up is a big problem for most middle-agers and something is needed to give a person that little extra nudge to get up and get going.

The only fun in getting up in the morning is that you can be sure of one thing — life won't be the same as any of the previous days.

There just isn't much of a way one can predict what will happen on a given day. It is this constant mystery that unravels moment by moment. Every minute can be a surprise package.

Although there are laws on the books against gambling, everyone does gamble daily, taking chances and hoping to win. For instance that middle-ager that alluded to the state trooper the other day: "I wouldn't call it speeding, I was just trying to keep a safe distance ahead of the other cars and those nut-drivers!"

Then there is this thing with middle-agers about writing letters. We've allowed ourselves to be convinced that in order to write a letter it must be typed on nice white paper and free of error.

Shucks, a letter should be a penned portrait of one's true feelings. The kids are right — tell it like it is.

If you don't own any delicately scented stationery with gold-trimmed envelopes, who cares? The main thing the recipient wants from you is yourself. If there isn't any other paper available, grab an old sheet off the calendar or a used shopping bag. The main idea when writing to friends is to communicate.

Rather than saying "Dear" and signing "Sincerely" or "Yours truly" — whatever they mean — how about being your old self and start out, "Now listen here." Is there any doubt but what your letter would be read?

Just think, if you didn't have to bother about composing a letter, but could just

Weekly Cleanings

News of Note around Northeast Nebraska

The West Point public school system has hired five new teachers, including a former high school principal, for the 1971-72 school year.

The Waltham League of Zion Lutheran Church, Pierce, sponsored a benefit walk Sunday, June 20, for Gary Koepke who was treated for Hodgkin's Disease. The group collected over \$100.

The superintendents of both Cedar Catholic and Hartington Public Schools received letters last week affirming that they are fully accredited for the next school year.

About 110 youths are enrolled in Randolph's summer baseball and softball recreation program. Program director Ron Heermann reports there are 60 boys and 49 girls participating.

Mr. and Mrs. Roscoe Kassecker, Ericson, have purchased the Elms Motel in O'Neill from Mr. and Mrs. Ken Helmsom.

Mrs. Lenard Beckman of rural Bancroft was chosen as an All-Star "Good Neighbor" last week. The award is made for unselfish and neighborly deeds.

More than 900 members of the Madison High School alumni and their guests attended the alumni banquet on Saturday, June 26. The class of 1954 had the most members in attendance.

A newly-constructed 140 unit campground at Ponca State Park opened to public use on Friday, June 18. The park's original campground has been converted to a day-use area.

The Albon Hig Cheerleading Squad attended the Indian Ridge Cheerleading Camp at Ponca and received the Coca Cola award for the best squad. The award entitles them to enter national competition.

The 1971 Czech Festival was held in Clarkson June 25-27. Authentic Czech music, dancing, and food were featured.

According to The Nellig News and Leader, an oldtimer is a chap who recalls winding the kitchen clock every night rather than putting a new battery in it every six months.

Sp. 4 Delvin L. Bailey, 21, son of Mr. and Mrs. Eugene V. Bailey, Plainview, recently received the Bronze Star medal in Viet Nam. The medal, adopted in 1944, recognizes outstanding achievement.

According to Dennis Rejot, Seward County Agent, no evidence of corn blight has been found on corn in Seward County. The disease has already invaded 26 Nebraska counties.

"The Year of the Flaming Rainbow" will be the theme for the sixth annual Neberdai Day program Sunday, Aug. 1, in Bancroft.

The Family Service Center will open a district office in South Sioux City Thursday, July 1. The office will offer professional counseling to area families.

Anything Right in America?

As we approach the Fourth of July and think about our American heritage and traditions, one might question as to whether there is anything right in America.

Daily newscasts and press releases bombard our senses with how many things there are in the country that are wrong. It leads us to ask whether or not there is anything right in America?

Yes, there are many things that are right in America though they may not often make the news headlines.

For instance, for every Hall's Angels motorcycle gang, there are thousands of Boy Scout and Girl Scout troops and Camp Fire groups.

For every long-haired, uncouth, re-

pulsive hoodlum, there are untold multitudes of decent, clean, long-haired and short-haired men and women who are the hope of the world.

For every school dropout there are countless brilliant students who study infinitely harder than their parents did. For every crook in business, there are innumerable honorable and upright men who would go bankrupt before they would be dishonest. For every draft card burner, there are thousands of young men who are giving their last full measure of devotion to duty.

These are the things that are right about America in 1971. We have a hunch they will still be right in 1972. — M.M.W.

Two F's for the Fourth

What is more traditional for people in Wayne County than waiting fireworks on the Fourth of July? Fireworks may result in one of two F's — fun or fatality.

Perhaps you're planning a three-day weekend trip over the forthcoming holiday? Such a trip may end up in fun or having a member of your family fatally injured. Whether it is fireworks or cars, and regardless of your age, it is a same thing to stay alive. Staying alive is an increasingly difficult job in an environment so often filled with carelessness and accidents.

Next Friday, Saturday and Sunday are days which may easily become a trio of tragedy for one or all members of your fine little family unless every precaution is taken in making safety first.

Undoubtedly, a nice trip over the weekend would do you and your family a lot of good in getting away from it all. Without safety first you may get completely away from everything, including the next heartbeat.

The National Safety Council predicts

several hundred Americans will die in traffic accidents next weekend. How terrible that this is their last week of living the full life and the victims don't even suspect it!

You may be a strong advocate of safety first. You wouldn't think of selling liquor to minors, letting your children play with loaded guns or play in the middle of a busy highway. But would you buy too powerful fireworks or firecrackers loaded with dynamite? Would you let your mind stray from your driving for a split second that may end life for several?

A family should have fun. A family can have fun, fireworks, weekend trips, celebrations, cookouts and picnics, but Dad and Mom should use every measure of prevention in an attempt to avoid tragedy and hearing oneself say, "If only we would have..."

Help your family enjoy the Fourth by planning to exercise safety first. Have fun and not a fatality. — M.M.W.

Teaching Swimming --- It's No Small Job

How would you like the responsibility of teaching over 250 youths how to swim daily—all within just three hours? There probably aren't many people who would—or could—assume that chore. But a group of young adults is doing just that at the Wayne municipal swimming pool.

The group, under the direction of Linda Wetble, daily tackles the job of teaching about 265 youths everything from the very basics to the more advanced art of swimming. Making up the teaching corps are Wilona Peterson, Tom Karel, Larry McClure, Don Hansen, Kurt Lesh, Dale Tomrdie and Karen Nedergaard.

The pictures taken of the teachers in action give an indication of what those youngsters do during their 20-minute sessions.

Larry McClure quizzes a group before they get into the water about what to do under certain circumstances while swimming. Jill Froehlich, standing in for one of the other teachers, quiets one little girl after she found out what it's like to dunk her head under the water. Don Hansen helps a lone swimmer with his arm strokes. And Dale Tomrdie teaches two young boys and a girl how to breath while swimming.

Mutual Aid Group to Meet at Allen

The Northeast Nebraska Mutual Aid Association will hold its monthly meeting in Allen tonight (Monday).

The meeting, scheduled for 8 o'clock at the Allen fire hall, will include a film on how to handle anhydrous ammonia safely. Also scheduled is a discussion and a question and answer session on the subject.

Members of the association include Wayne, Allen, Wakefield, Emerson, Pender, Thurston, Walthill, Rosalie, Winnebago, Dakota City, South Sioux City and Ponca.

Taxes Due

Leon Meyer, county treasurer, said notices were mailed out to Wayne County residents recently reminding them that the second half of personal taxes become delinquent July 1.

Traveling Can Be 'Free and Easy'

If Caution Taken

Traveling on your vacation this summer can be a happy experience—if you can avoid those costly and frustrating trouble spots.

One way to help make summer trips more pleasant and safe is to make sure you take care of the tires on your car, recommends the Tire Industry Safety Council.

Here's some tips from that organization:

- Always keep your tires properly inflated. This is one of the most important rules in tire safety. Check your car owner's manual and make sure you have the recommended air pressure for the load being carried.
- Always have the wheel balance and alignment checked before any extended trip.
- Always check air pressure with a personal hand gauge as service station air towers are often inaccurate.
- Always increase the air pressure in tires four pounds per square inch but not over the "maximum" inflation limit shown on the tire's sidewall before embarking on a long trip at high speeds on superhighways.
- Always inspect your tires for abnormal tread wear, fabric breaks, cuts or other damage. Also, remove any small stones

or bits of glass embedded in the tread.

—Always beware of "summer ice." As rain begins to fall, it mixes with gas and oil films on the road to create ice-like conditions.

—Always rotate your tires after they have been driven 5,000 miles.

Ross R. Ormsby, chairman of the Tire Industry Safety Council, emphasized that motorists will have little cause to worry about their tire's safety if they regularly heed those tips. Especially important are the rules relating to proper inflation and load.

"Excessive heat is a tire's worst enemy," says Ormsby. "Vacationers, especially, should remember that excessive heat build-up in their tires is usually caused by underinflation or overloading."

The heat build-up in tires results from the flexing of the tire body. This flexing will increase as speed increases. Under conditions such as underinflation or overloading, a car running at sustained high speeds may cause tire temperatures to rise above the critical level of 250 degrees F. (water boils at 212 degrees F.).

—Always check the tire's strength and tread life, and increasing the risk of disabement.

Ormsby reminds motorists that if there is only 1/16th of an inch or less of tread remaining, tires should be replaced immediately. Tires with this little amount of tread are 44 times more likely to suffer disabement than new tires.

Built-in "wear bars" show as smooth bands across the surface of the tire when the danger level is reached.

HOSKINS 20th Anniversary Marked

Mrs. Hans Asmus
Phone 565-4417

Mr. and Mrs. Bill Fenske were honored for their 20th wedding anniversary with a picnic supper held Sunday in the Walter Fenske home. Other guests were the Duane Richards family, Marvin Richards and daughters of Albion, John Fenske of Omaha, Mary Fenske, Jack Fenske, and E. C. Fenskes. The anniversary cake was baked and decorated by Mrs. Harold Wittler.

Bill Fenskes, John, Mary and Jack Fenske were dinner guests of Mr. and Mrs. Walter Fenske at the Holiday Inn in Norfolk Sunday noon.

Club Meets Tuesday
Ten members of Town and Country Garden Club met Tuesday afternoon in the Wayne Thomas home. Mrs. Lyle Marantz opened the meeting with a poem, "In the Good Old Summer Time." Roll call was answered with flowers mentioned in the Bible. The comprehensive on the raspberry was given by Mrs. Thomas.

The club is planning a tour for August. The lesson on late blooming shrubs was given by Mrs. Emil Gursman. July 27 meeting will be in the Ed Kollath home.

Meet at Arena
Wayne County Hombres met Tuesday evening at the Hoskins arena. Barrels, poles and drills were practiced and Debbie Graves gave a lesson on side stepping.

A card was sent to fellow club member Arlan Kittle who was recently injured in an accident.

Lunch was served by Jon Behmer and Marvin and Bob Kramer.

July 6 meeting will be at the Carroll arena.

Jan Lange, news reporter.

Todd and Kelly Volviter, Carroll, and Mr. and Mrs. Hans Asmus were guests in the Gary Asmus home Wednesday evening for their fourth wedding anniversary.

Mr. and Mrs. Jim Kudera, Kori, Lisa and Joni were guests Saturday in the Walter Stratton home. Kori, Lisa and Joni were overnight guests.

Father's Day dinner guests in the Harold Falk home were Mr. and Mrs. Roger Roberts, Boise, Idaho, Lynn Bolids and daughters, Stanton, and H. G. Falks. Afternoon visitors were Myron Walkers, Ann and Lou Scheurich and Paul Scheurich. Roberts left Monday after spending a few days in the home of her parents, Mr. and Mrs. Harold Falk.

Pvt. and Mrs. Lonnie Siebrandt, Oakland, and Cindy Mertz left Monday to take Pvt. Siebrandt to Fort Riley, Kan. Cindy was an overnight guest Tuesday in the Siebrandt home, returning home Wednesday.

Pastor and Mrs. G. B. Frank and Mark, Ionia, Wis., arrived Monday to visit in the Rod Maas home, Norfolk, with their daughter and family. They also visited many friends in the Hoskins vicinity, returning home Friday.

Russell Rathmans, Norfolk, and Mrs. Ruth Langenberg flew to Tulsa, Okla., Wednesday to

Local Lions Club VIPs

This is the group which will be heading up the Wayne Lions Club for the coming year. The new officers, installed during last week's annual awards banquet, include (clockwise from bottom left): Cleo Sharer, president; Dale Stoltenberg, secretary; John Vokoc, third vice-president; Charles Mater, second vice-president; and B. J. Hirt, Lion Tamer. Not pictured: Bob McLean, first vice-president; Al Voorhies, treasurer; and Ray Butts, tailwister.

LAUREL Lions To Meet Tuesday

Mrs. Marlen Kraemer
Phone 256-3585

The Laurel Lions Club will be holding their monthly meeting at 6:30 p.m. this Tuesday at the Wagon Wheel Steak House. Lion wives are invited to attend. Perfect attendance pins will be presented.

A discussion will be held on the District 38-E Cabinet meeting to be held in Laurel in September.

Jamboree Parade Success
Laurel's Jamboree Parade, termed a success by Chamber President Harold White and Par-

ade Chairman Dick Manz, included well over 100 entries with 72 in the Kiddle parade alone.

Kiddle Parade Judges Mrs. Eleanor Thomas, Mrs. Olga Beebe and Mrs. Eva Dempster awarded first, second and third prizes of \$5, \$3 and \$2 to the following:

Division I (ages three to six) Nancy Christensen, first; Renee Gadenki, second; Kathy Sturge, third.

Division II (ages seven to 10) Lee, Brian and Beth Skovhob and Carla Schell, first; Scott Norvell and Oliver, second; Joey

visit in the Verne Langenberg home. Mrs. Marie Rathman had spent five weeks in the Verne Langenberg home at Phoenix, Ariz., and helped the Langenbergs move to Tulsa where she spent two weeks. Russell Rathmans and Mrs. Ruth Langenberg returned by car with Mrs. Marie Rathman Sunday evening.

It's Your Move

MOVED IN: Cheryl Hall, Lexington, to College Crest Apts.; Ernest Prockemeier, Napier, to 1108 Douglas; Jackie Armstrong, Norfolk, to 903 1/2 Pine Heights; Pat Livingston, South Sioux City, to 216 Fairground; Charles Caldwell, Council Bluffs, to College Crest Apts.; Ross Smith, Lincoln, to 409 1/2 Windom; Steve Schiefelbein, Hastings, to 601 E. Allen Man Named To Steering Group

Ken Lhafeiler of Allen has been named to the six-member steering committee which is to study the efficiency of the Methodist Churches along Highway 20 in northeast Nebraska.

He and another man, Rev. Harold Onwiler of Randolph, are responsible for studying the churches east of Randolph.

The steering committee was named during a meeting earlier this month at Osmund. The committee will meet once before the next organization meeting in September.

Those belonging to the organization, which is attempting to find out how well the church is fulfilling its role in this part of the state, are being urged to study the subject. They held their first meeting last month.

Can you think of one solution to the problem of pollution?

Garden Club Meets
Laurel Garden Club met last Tuesday in the Mrs. Pete Christensen home with 14 members and two guests. Mrs. Carl Thompson was co-hostess.

Drivers were selected to drive the yard-of-a-month judges throughout the community during the June contests. Expenses will be paid by the CIP Boosters organization. Providing cars will be Mrs. Pearl Roth, Mrs. Winifred Bass and Mrs. Alice Sellon.

Refreshments were served at the conclusion of the meeting by the June hostesses.

Birthday Coffee Held
An afternoon coffee was held in the Marlen Kraemer home Monday honoring Mrs. Kraemer's birthday. Guests included Mrs. Mabel Tangeman, Mrs. Mae Kiefer, Mrs. Marie Mallart, Mrs. Mary Blatchford, Mrs. LaVerne

Johnson, Mrs. Anita Gade, Mrs. Arlys McCorkindale, Mrs. Dorothy Huetig, Mrs. Lala Schuler, Mrs. Carole Tweedy, Mrs. Marla Kihnberg and Mrs. Norma Ebmeler.

The Melvin Botger family, Columbus, and Mrs. Marie Mallart were outdoor supper guests in the Marlen Kraemer home Tuesday in honor of Mrs. Kraemer's birthday.

I See By The Herald

Weekend guests of Mr. and Mrs. Harold Quinn and Mrs. Maude Auler were Mr. and Mrs. Reuben Hahn, Torrington, Wyo., and Mr. and Mrs. Clyde Tedrick, Park Rapids, Minn. Guests Monday were Mr. and Mrs. Ben Bonshoof, Casper, Wyo., and Mrs. Al Sommers, Georgetown, Calif., and Mr. and Mrs. John Warren, Fort Meyers, Fla.

'Hidden' Recreation Area Is Popular Place

By Jane Owens

How many people around Wayne realize that you don't have to drive all the way to the Missouri River for an afternoon of fishing or a quiet family picnic?

Probably not many, but those who know about the offering on a private farm just north of Dixon know that a fine fishing and recreation area is as close to Wayne as a 20-minute drive.

The area is on the Edwin Fahrenholz farm one mile north and five miles east of Dixon. In existence for about 10 years, it is used by about 100 families in northeast Nebraska.

A family pays a yearly membership fee of \$5 for the right to picnic, fish and enjoy an outing on the private property.

Fahrenholz, who has been farming in the Dixon area for the past 30 years, stocks his two ponds privately, with most of the fingerlings coming from a private hatchery in Orchard. The ponds contain largemouth bass, crappies, bluegills and channel catfish.

Fishing in the ponds is apparently pretty good, says Fahrenholz. The largest crappie caught there was just half an inch under one foot. The largest bluegill weighed in one ounce under the state record.

Fahrenholz says that bass weighing four and five pounds are common in the ponds and channel catfish usually weigh two pounds or more.

His ponds are unique to this area of the state because they are stocked privately. Many area farmers own ponds which are stocked by the state, making them open to the public.

The Dixon farmer thinks that farmers might change to his system if they ever have problems caused by people leaving garbage and litter around their ponds.

When he built his first pond 10 years ago he let anybody fish in it. He quickly soured on that.

"It was unbelievable," he explains. "They left beer cans. They left anything."

Cleaning up after the people once a week was too big a project and he decided to close the pond to the public.

Since that decision he has had no trouble keeping the grounds clean. All members are warned about leaving the area dirty and receive a set of rules they must follow while using the ponds.

No trash cans are provided by Fahrenholz and all rubbish must be taken out of the area by the people fishing or picnicking.

By using proper management, Fahrenholz says the fish in the ponds reproduce on their own and seldom restock.

"The real key to a good farm pond is balance," he explains. If left alone, nature will take care of itself and establish the proper balance among the species of fish in the pond.

The water in the ponds clears up by itself shortly after a heavy rain, he says. If the first pond ever becomes silted full, Fahrenholz plans on abandoning it and letting it act as a sediment catcher for the second pond, built three years after the first one. Much larger than the original pond, it was built with the federal government paying 50 percent of the approximate \$5,000 construction costs.

Because of the popularity of the area the farmer thinks he may have to limit the membership some day. Right now, members live in almost every town within fifty miles. Most of the families use the area about once a week spring through fall.

He lets Boy Scout troops and church groups use the area for their outings.

Mr. and Mrs. Fahrenholz, who farm a mile east and a mile north of the recreation area, have a variety of hobbies. She enjoys cake decorating and makes two or three wedding cakes a week. His favorite pastimes are hunting and—

—you guessed it—fishing.

They actually operate a small ranch. The family is engaged in a cow-calf operation and will be the first pond because it would be an asset to livestock raising.

Fahrenholz doesn't operate his ponds to make money. However, he hopes that eventually the membership fees will pay part of the operation costs. "I don't expect to get rich off it," he says.

Mr. Fahrenholz adds: "It just likes to see people have fun."

Ed and his grandson Scott take out a minute from their fishing outing at the Fahrenholz ponds.

WINSIDE Herman Steubes Observe Sixtieth Wedding Anniversary in Winside

Mrs. Edward Oswald
Phone 286-4872

Mr. and Mrs. Herman Steube, Winside, observed their 60th wedding anniversary and Mrs. Steube's birthday last week at their home. About 25 guests including Mr. and Mrs. Hannes Anderson, Zea, Iowa, called in the afternoon and evening.

Cakes were furnished by Mrs. Christ Welbe, Mrs. Cora Carr and Mrs. Edna Rasmussen.

Steubes were married June 23, 1911, in Germany and came to the United States in 1923. They have one son, Albert Steube of Lincoln, four grandchildren and six great grandchildren.

—WSSC Meet Held—
United Methodist WSSC met Tuesday evening at the church fellowship hall with 10 members. One hundred and sixty-two pennies were collected for the mile of pennies project.

Mrs. Don Wacker had the lesson, "Plan for the Church of Christ Uniting." Mrs. Elmer Nielson was hostess.

Next meeting will be at 2 p.m. July 13 at the church.

—Write for Study—
Winside United Methodist WSSC joined the Carroll WSSC Wednesday for a study of the Psalms at the Carroll Church. Attending from Winside and help-

ing with the program were Mrs. Kent Jackson, Mrs. Nels Nielsen, Mrs. H. L. Neely, Mrs. Maudie Lindsay and Mrs. J. G. Sweigard.

—Meet Wednesday—
Contract met Wednesday evening in the Mrs. F. I. Moses home.

—Play Cards—
Sixteen senior citizens gathered at the Winside Auditorium Tuesday evening to play cards. Prizes were won by Mrs. Ella Miller, Mrs. Lottie Longnecker, Gustav Kramer and Otto Herrmann. Door prizes went to Mrs. Meta Niemann and Bob Graef.

On the kitchen committee were Mrs. Ella Miller and Mrs. Lottie Longnecker.

Next meeting will be July 6 for a 12 p.m. potluck dinner at the auditorium. Bingo will serve for entertainment.

—Open Meets—
Faithful Chapter 155 Order of the Eastern Star met Monday evening at the Masonic Hall for initiation.

Plans were made for the annual picnic to be held July 18 at the Carroll Park for Eastern Star, Masonic Lodge and their

families. Ice cream and beverages will be furnished.

Hostesses were Mrs. Russel Malmberg and Mrs. Chris Peterson of Norfolk; Mrs. Rosemary Mintz, Mrs. H. L. Neely, and Mrs. Ralph Prince of Winside; Mrs. Wayne Kerstine and Mrs. Stanley Morris of Carroll, and Mrs. Robert Prince of Pierce.

—Meet for Bridge—
Bridge Club met Tuesday evening in the Clarence Pfeiffer home. Prizes were won by Delmar Kremke and Vernon Hill.

July 8 meeting will be in the Carl Troutman home.

Mr. and Mrs. Otto Schlueter, Humphrey, and Mr. and Mrs. Herman Brockman were dinner guests in the Jack Brockman home. Mrs. Emma Otto, Wayne, joined them for the afternoon.

Mr. and Mrs. Lloyd Behmer, Winside, and Mr. and Mrs. John Lange and daughter, Bellevue, were Father's Day dinner guests in the John Longnecker home, Lincoln. Behmers visited Mrs. James Troutman in the Bryan Memorial Hospital, Lincoln.

Mr. and Mrs. Charles Brockman and family, Le Mars, spent Saturday evening in the Jack Brockman home.

Mrs. Mabelle Cromwell, Huntington, Park, Calif., spent Wednesday to Sunday in the Mark Beneshof home. The Wilbur Beneshof family, Greeley, Colo., were weekend guests in the Mark Beneshof home. Mr. and Mrs. Ralph Tidrick of Park Rapids, Minn., spent Tuesday and Wednesday in the Beneshof home.

Mr. and Mrs. Fahrenholz occasionally take their grandchildren Jenni and Scott fishing in their ponds north of Dixon.

Local Music Students Do Well at Camp

Three Wayne High School music students, Joyce Haun, Stephanie Mendyk and Michele Mendyk, who attended the 20th Annual Upper Midwest Music Camp on the University of South Dakota campus at Vermillion recently were placed in top sections of their respective bands and the orchestra following auditions for chair positions.

The 800 students attending the

camp, held June 13-20, were auditioned and placed in three concert bands, all of equal caliber. Selected for camp honor band through audition were Joyce Haun, flute, and Stephanie Mendyk, oboe.

Joyce, a junior this fall, is the daughter of Mr. and Mrs. Francis Haun of Wayne. She was selected as first chair, second flute in the honor band; first chair, first flute for the concert band; first chair, second flute in the orchestra; played bass guitar in two stage bands; sang with the mixed chorus, and received private instruction on flute.

Stephanie, who will be a sophomore, is the daughter of Dr. and Mrs. Lee Mendyk of Wayne. She played first chair, second oboe in the honor band; first chair, first oboe in the concert band and played cello in the orchestra. She also received private instruction on the oboe and cello.

Michele, freshman next fall, is also the daughter of Dr. and Mrs. Lee Mendyk. She played sixth chair, first flute in the concert band and first chair, second violin in the orchestra. Michele also received private lessons on

flute and violin.

In addition to intensive rehearsals and private instruction beginning early in the mornings, the students participated in seminars. Students in the music camp came from Nebraska, South Dakota, Iowa and Minnesota.

Wayne Girl Enrolls In Nursing School

A Wayne girl is a member of the sophomore class enrolled in the University of Nebraska School of Nursing.

The local resident is Cynthia Meyer, daughter of Mr. and Mrs. Robert Meyer of rural Wayne. She graduated from Wayne High School in 1968.

Eighty-three students enrolled in the School of Nursing this month.

All are college sophomores who took their first year of collegiate study at a campus other than the University's Medical Center. Upon successful completion of the three-year program at the School of Nursing, they will receive bachelor of science in nursing degrees and be eligible to become licensed registered nurses.

Friends Put Up Hay

A group of friends and neighbors put up hay for James Troutman near Winside Wednesday. Troutman was in Lincoln with his wife who is hospitalized at the Bryan Memorial Hospital.

Those helping were George Farran, Alvin Bargetstad, Clifton Burris, Cliff Peters, Werner Janke, Ron Kittle and Leonard Anderson. Gary Kant furnished a cutter.

Mrs. Leonard Anderson prepared and served lunch.

Also helping with haying chores during the week were Merlin, Harlan and Waldon Bruggger. Mrs. Harlan Bruggger furnished lunch.

Pvt. William H. Oetken completed basic training at Fort

More Addresses Needed by SWAY

Several servicemen's names have already been submitted, but many more are needed if each is to receive his letter of appreciation and \$10 checks from a Wayne County organization.

Seeking the names of the 41

Leonard Wood, Mo. June 4. After spending a 14-day leave with his wife, Ruth, and parents, Mr. and Mrs. Herman Oetken of Wayne, he reported to Aberdeen, Md. on June 20.

His address: Pvt. William H. Oetken, 508-68-4706, Co. F., Student Enlisted Bn., Aberdeen Proving Ground, Maryland 21005. Class Number 510.

men who have entered the service since November of 1969 is SWAY, Inc. (Servicemen We Appreciate You).

The organization has not been active since late in 1969 and is now attempting to get in touch with all men who entered the service since the group discontinued sending checks and letters weekly to those in the service.

At least 41 men—and possibly some women—have entered the armed forces since the last weekly drawing was held to determine who would get the reminder from SWAY.

Darold Soden of Wayne, one

of the people who helped organize the unique organization several years ago, said that anybody knowing the addresses of the servicemen should send them in as soon as possible.

The addresses may be sent to either Soden or to The Wayne

Parade Kicks Off 1971 River-Cade

Communities in the Wayne area are being invited to take part in the grand parade which will kick off the 1971 version of River-Cade.

The celebration, planned for July 21-25, will include such activities as the Huck Finn fishing contest for youngsters, a billiard tournament, tennis meets and a fireworks display.

Any organization or individual can enter a float or other parade piece by notifying the River-Cade, Municipal Auditorium, Sioux City, Iowa 51101.

The first four nights of the celebration, the comedy "The Doctor in Spite of Himself" will be presented at Shoreacres Theater.

Other activities on the agenda include a queen contest, river racing, sky diving exhibitions, tractor pull and boat parade.

Boy Scouts from three states are expected to turn out for the encampment along the Missouri River. A special three-color patch will be given each Scout attending the encampment, set for July 23-25.

Experimental Farm Group to Meet at Station Thursday

The directors of the Northeast Nebraska Experimental Farm Association will meet at the Northeast Station on Thursday.

The group will look over the crops and the livestock at the facility, located a mile east of Concord.

Planning on being present during the evening is University of Nebraska Regent Kermit Wagner of Schuyler.

The association covers a 14-county area in northeast Nebraska. There are about 20 directors. President of the association is Don Ardsuer of Coleridge.

Wayne County Included in Survey

The counties of Wayne, Cedar, Pierce, Madison and Stanton are among areas of the United States chosen for the second phase of the survey of residential finance being conducted by the Bureau of Census.

Questionnaires have been mailed to leading institutions and individuals in the counties who have financed mortgages on residential properties. Earlier, homeowners and the owners of rental properties were surveyed.

The 1970 residential finance survey will update statistics collected in the comparable surveys of 1950 and 1960. It will provide lending institutions with statistics relating to the current financial status of the nation's investment in residential properties.

Since 1960 there has not only been a large increase in outstanding mortgage debt, but changes have taken place in the characteristics of that debt, the pattern of institutional participation and the mode of operations.

Among the subjects included

in the survey are outstanding debt, method of payment, current status of payments and so on.

Results of the survey will be published as a portion of the Census Bureau's official report on the 1970 census.

Information collected in the survey will be given the same confidential treatment that is required by law in all Census Bureau operations.

A total of 11 counties in Nebraska are included in the survey.

Farming in the United States employs as many people as the transportation, steel and auto industries combined.

Denesia Listed On Honor Roll

The Dean's Honor Roll at Wichita State University for the spring semester of the 1970-71 school year includes the name of a Wayne youth, Thomas Denesia, son of Mr. and Mrs. Charles Denesia.

Soden reminded friends and relatives of the men in the armed forces that complete addresses are needed. Writing should be clearly readable to avoid having the letter and check lost in the mail.

Young Denesia is in the college of engineering at the Wichita school.

To be included on the honor roll a student must be enrolled in at least 12 hours of courses, up to six of which can be taken on a credit-by-examination basis, and he must have maintained a 3.25 or higher grade average in those courses.

GO MERCURY COMET

Go with the better small car. A 700 goes a long way in a Mercury Comet for '71.

Go with room to spare. Comet seats four big people comfortably. Door-to-door nylon carpeting, too.

Go with your choice of engines; three lively sixes or a potent V8. All run on regular.

Go with your choice of 2-door or 4-door models. See your Mercury man today.

Go without going broke! Comet runs less than \$2700.*

*Based on manufacturer's suggested retail price for 1971 Mercury Comet 2-door as shown and equipped as listed. Price includes transportation to the West Coast. Dealer preparation charges, state and local taxes are extra.
