### 'Hey Buddy, Let's See Your License'

Motorcycle enthusiasts have multiplied in untold numbers during the last five years due to the popularity of such vehicles, and are now the target of new legislation.

One of the new bills passed by the Nebraska Legislature—L9862—went into effect throughout the state about a week ago. The bill requires that drivers of motorcycles: (1) have a driver's license, and (2) the license must show the cyclist has been approved for riding cycles.

Local police have already arrested one cyclist who was unable to produce the required license.

Law enforcement officers, both local and state, have no other alternative than to make such arrests since failing to have the license showing approval for cycling is now a violation.

Though some cyclists may regard the license requirement as unnecessary, state

legislators felt that a moving vehicle such as a cycle should only be driven by an individual well enough acquainted with traffic rules, and regulations as to be able to qualify for a driver's license, and capable of properly riding the machine.

Persons wanting to qualify must take their cycle to the courthouse and pass a riding test under the observation of a state examiner.

Such examiners are at the Wayne County Courthouse on Wednesdays of each week from 8:30 a.m. until noon and from 1 p.m. until 4:30 p.m. There is no charge for the test.

In a day and age when traffic fatalities continue to increase with all kinds of vehicles involved, it is likely there are few people who will object to legislation designed to save human lives.—MMW.

### The Crunch Bunch

That unique sound which may be heard as far away as your insurance company's main office is not a bit pleasant to hear. You are backing out of a parking stall in downtown Wayne and miss seeing the other car rounding the corner—and crunch.

Or you may be driving north on Main Street at the 25 or 30 m.p.h. speed limit when the driver ahead decides to suddenly stop as he can make a left turn after on-coming traffic has passed. Not anticipating his stopping, you manage to ram him a good one in the rear end—and crunch.

Those crunching sounds seem to have a way of being heard by even the most cautious driver when caught in a moment of surprise. There have been nearly 100 such collisions—not counting those on private property—in Wayne since Jan. 1.

A good share of collisions take place while one of the vehicles involved is backing up, either out of a parking stall or in a parking lot. Damage may be minor or may amount to several hundreds of dollars.

Various things are involved in any mishap, but most usually the accident occurs due to at least one of the drivers not exercising his or her neck muscles sufficiently to see if there is an on-coming vehicle.

With high school and college classes underway, traffic in Wayne is much heavier than during the summer months so everyone is urged to drive with extreme care.

It's the crunch bunch that sends the insurance rates up. Let's all join in trying a little more steering engineering.—MMW.

### Need Some Help?

It is possible that there are yet some local employers who are not aware of the service available at the Wayne Job Exchange office in the Chamber of Commerce building.

The job exchange is a local government agency which is continually searching for individuals or businesses that would like to hire either part-time or full-time help.

A list is maintained by the exchange of persons—all ages—looking for work and would like to contact anyone needing help. The list presently contains the names of about 125 people who are interested in working.

Perhaps you may need a babysitter,

waitress, clerk, someone to help out with a variety of chores including yard work or help with some other task. If so, the job exchange will help you contact a person willing to work. The agency's service of getting an employer and job applicant together is free.

Jobs such as putting up storm windows and shoveling snow are not far off for homeowners. Help with that work may be obtained by calling the job exchange—375-1515—which may have just the person you will want to hire.

The exchange is filling a real need in the community and can use everyone's cooperation.—MMW.

usually always worth watching for more reasons than one. Life just isn't the same in the woman's world compared to the life of man.

For instance, after recently eating some gravy on my tomatoes for a late supper it was difficult to go to sleep. After going about four rounds with the old pillow I snapped on the light and decided to catch up on reading the daily news.

One item pointed out that women will likely cast about 60 per cent of the votes in the next election.

"Now how about that?" set me to me. In a few minutes I found the print getting blurry—much like when the office camera goes out of focus—and I found myself walking along a strange street. It looked like downtown Wayne, but it was oddly changed. The buildings were pastel pink and blue, and instead of breathing Sener Lagoon No. 2 I was inhaling Chanel No. 5. Soft music came at me from every lightpost.

"O—O—O"

Right there he was, in front of a familiar building, a policeman friend of mine standing on a gold pedestal. He was six feet three, dark, had a big head like a stage show horse. I went up to him and asked, "What is that big building over there?" "Wayne's Grand Central Power Room," he replied. "Cost \$40 million and there is one like it in every city."

Well, that time it began to dawn on me and I asked, "What's the woman in power and running the country now?" "Well, not exactly," he said. "Do you think one woman would vote for another? But they are electing only the man who strike them as handsome. This is Tom

It was all hard to believe, but I walked on down the colorful avenue and visited with an old news friend of mine and—what?—he was sitting there explained that when a woman gets her birth certificate. Ten out of the 12 months are named June. New brides have the right to send their partners a postcard within the first week and call the whole thing off if they want to.

"O—O—O"

"Now the currency may confuse you," he said. "The new paper money comes in denominations of \$.99, \$4.98 and \$9.98. Small change is the same, but a store clerk, theatre ticket window or taxidriver must take the first coin a woman fishes out of her purse. One gal took her case to court because a hat checker wouldn't accept a Life Saver as legal tender—and won her case.

"Schools are teaching reading, writing and rock dancing. Chocolate cream candies are boxed and sold *in half*, so the girls can get their hands without biting into them. All scales register 10 pounds lighter and mirrors have been designed to make stylish stouts look like Twiggy."

"How do the ladies handle the banking and finance in the new world?" I inquired.

"Oh! That! The gals decided they couldn't understand it, took a vote and decided to skip it."

"O—O—O"

Having heard more than I could believe, I turned around to cross the street at Third and Main. Old friend yolked out, "So long, slave. Watch yourself now because the ladies passed a law that entitles them to drive on both sides of the street."

A sexy blonde came screaming down the street in a plaid convertible and ran over me. Naturally, I was sent in a hurry. "Now isn't that crazy?" I sez to me. "I dream that women were running things to suit themselves!"

"O—O—O"

Say fellow, are you and the little

### Little Things Mean A Lot

Little things—like five-year-olds going to kindergarten and six-year-olds attending first grade—are mighty important to this booming, hustling country of ours. They are indeed the future standing on pairs of small legs.

Some of the tiny tots are going to school for the very first time this fall and others, a little older, are old-timers who have been to school for at least one or two years. Regardless of their experience, they are all energetic little people.

Youthful energy may cause a child with laughter splashed all over his face to dart into the street without first thinking about the danger of oncoming traffic.

As an experienced driver, you know that little things mean a lot. Little things like being careful to observe pedestrian traffic anywhere, but especially in the vicinity of schools.

Yes, it is the little things that count and if you take care of the little things that make you a good driver, then the streets are going to be a safer place for the little things going to the most exciting school year they have ever had.

Jones' second term as President.

"Now? Did you throw out all the politicians?" I asked.

"No, unless the ugly ones. The handsome fellows have more influence than ever. Say, by the way, let me see your marriage card."

"Are you kidding," I said, "what is that?"

"Every guy has to have one. It states your age, income and chest development. If a man hasn't tied the marriage knot by the time he is 30, the new government puts him to work as a babysitter."

Well, this guy went ahead to explain that a lot of changes had been made. Pay checks were being mailed directly to wives thereby eliminating the middleman. Other reforms included the necessity for every husband to shave upon returning home from work, and every man with more than one stomach was put on a diet. Even then, the sweet little woman didn't have to kiss her husband unless she was in the mood.

lady going to take in the Nebraska State Fair this year?

"O—O—O"

It is our understanding that there is a double midway and 44 rides. Some fun, huh? Oh, you say you don't care for the midway? Well, there is a little something for everybody at the state's 102nd annual show. From prize-winning stouts to tropical fish, needlework to custom motorcycles, Marie Haggard to the Jewells show isn't that a nice name to fit into a fair in the farming area.

A California firm: toed \$1.5 million worth of fun rides into the midway and the people in the state have toed in far more than that in the way of top steers, heifers, crossbreeds, hogs, horses, and every other kind of exhibit one can possibly think of.

The whole affair should be well worth attending again this year. Taking a little one-day vacation at the fair will make you feel just as relaxed as spaghetti—especially if you take too many rides!

ing which stand unfinished due to lack of funds. During the campaign, scheduled to begin Wednesday, Sept. 8, at 7 p.m., Mrs. Jaycees will be knocking on doors and raising doorbells for donations.

Rural persons wishing to contribute may send their donations to the organization.

A Randolph Times feature the annual football contest which has proven popular for many years, is being resumed this week in that community. This year, as in the past, if an entrant picks correctly all 24 winners of games listed in merchant's ads, he will win a \$50 cash prize. If no one picks all 24 winners correctly, the person who names the most winners will receive a \$10 cash prize.

The Ponca High School football team, in preparation for their opener with Newcastle Sept. 10, will hold a soap scrimmage at the football field Monday evening (tonight) beginning at 7:30 p.m. Admission will be one bar of soap per person. Coach Schilling has been working the past week with 21 boys including nine returning lettermen.

The question of whether or not a county-owned nursing home should be erected for the aged and indigent residents of Saunders County may once again be placed before the voters in 1972, if enough interest is shown by county residents.

November 6, 1962, the voters of Saunders County approved what was known as Proposition No. 1 on the ballot which authorized the sale of the County Poor Farm. On the same ballot Proposition No. 2 stated that the proceeds from the sale of the farm could be used for no other purpose than to construct a nursing home for the aged and indigent. Both of the propositions passed by a margin of more than two to one. Since then the \$86,000 received for the sale of the Poor Farm has been invested by the Saunders County Board of Supervisors and has been drawing interest for nearly 10 years.

A film on drugs is to be shown Wednesday evening at the Emerson Fire Hall. For all age groups, the film, to be shown by Clyde Storie of Pender, is being sponsored by the Firemen's Auxiliary.

According to the Pender Times, a 1967 Ford was completely wrecked in a car-truck accident Saturday morning near the Dog N Sands on Highway 9. Sheriff Clyde Storie reported that the car, driven by Earl Carper of rural Thurston, crossed over the center line and side-swiped a truck driven by Henry Westerman of Pender. Occupants of the truck, Westerman and boys, along with the driver of the car, were treated at the Pender Hospital and released.

Return to privacy may now be possible for the Eddie Coppla family of Dakota City, who have been in the news ever since last spring when son Dick Coppla suffered complete failure of his kidneys, necessitating a kidney transplant. Dick is now back at work as a draftsman at Mid-south Valley Steel Company, and he and his wife, Carol, are back in their own home after living with his parents for several months during his illness. Carol also works at Sioux City Foundry. Brother Bob, who provided the kidney for the transplant is preparing to return to school as a senior at Wayne State College.

Dick, who has experienced no problems since the transplant, will be on medication the rest of his life and was scheduled for a checkup at Mayo's this weekend.

Thursday, Aug. 26, Antelope County Judge Lester Berg fined James Sterling, 40, of Napa, Calif., \$100 and \$6 court costs on a charge of possession of marijuana. Sterling, who was also sentenced to seven days in the county jail, was arrested Wednesday night in Neligh by Deputy Sheriff Glenn Brown Sr., assisted by Robert Porter, Neligh police.

A new addition to the tennis court in the band shell park at Plainview was completed this summer as a community improvement project of the Plainview Jaycees. The 104'x60' high fence was installed and paid for by the Jaycees. Damon Weber headed the committee who installed the fence earlier this summer. A net will be added at a later date.

## Youths Make Plans To Help Retarded

Members of the Northeast Nebraska Youth Association for Retarded Children (YARC) recently held a planning meeting at the National Guard Armory in Wayne

and set goals that will involve working with retarded children in the Wayne area.

There are presently 18 members in the local organization. Purpose of YARC is to teach retarded youngsters how to bowl, swim and participate in other recreational activities.

Local members are planning to attend a meeting of the Youth Advocacy Program in Beatrice on Sept. 18 and 19 where they will have the opportunity of working directly with children in a program already underway for the retarded.

Carol Haun, public relations chairman for YARC in Wayne, said national and state representatives of the organization met with members of the local chapter recently and assisted in outlining a work program.

Persons between 13 and 26 years old interested in becoming members of YARC are invited to attend meetings held at the National Guard Armory on the second and fourth Mondays of each month at 7:30 p.m.

## Roy Sommerfeld Hurt in Mishap

Roy Sommerfeld, 51, of Wayne, was injured Thursday afternoon in an on-the-job accident at Carhart Lumber Company Panel Fabrication Plant, located at 115 Logan in Wayne.

Sommerfeld, who is shop foreman of the fabrication plant, was working at the rear of the shop and had apparently just stepped away from panels he had just completed bracing when they tipped, delivering a glancing blow to the left side of his head, knocking him to the floor and rendering him unconscious.

Four men working in another part of the plant at the time heard the noise and one of them, Jim Martindale, ran across the street to Wayne Grain and Feed Company to place the call for help. John Richards administered first aid to the victim, giving him treatment for shock and managing to revive him before the ambulance arrived approximately 20 minutes later.

According to Dr. Robert Bentzack, Sommerfeld was treated for head injury and as of Friday, remained hospitalized in fair condition.

Sommerfeld has been employed by Carhart Lumber Company about 14 years.

## Arthur Campbell Funeral Services Held Friday

# Kliver-Hank Wedding is Saturday

Bouquets of orange gladioli and white mums appointed the altar of St. John's American Lutheran Church, LeMars, Iowa, for the wedding last Saturday evening of Rhonda Kliver, daughter of Mr. and Mrs. Lowell Kliver, Merrill, Iowa, to Jim Hank, son of Mr. and Mrs. Elroy Hank, Wakefield.

The Rev. Arnold Imbroch, LeMars, Iowa, officiated at the 7 p.m. double-ring ceremony. Mrs. Wayne Mitchell, LeMars, sang "Theme from Westminster Abbey" and "A Wedding Hymn," accompanied by Gary Hunstad. Candles were lighted by Stan Utesch, LeMars, and Arlan Kliver, Hawarden, Iowa, and guests were ushered to their places by Curt Utesch, LeMars, and Gary Hank, Wakefield.

Attending the bride were her sisters, Linda Kliver of Merrill; Janet Utesch, LeMars; Paul Dalton, Laurel, and Carla Liles, Tampa, Fla. The bridegroom's attendants were Don Hank, Wakefield, Wayne Magdanz, Wayne, and Mike Olsen and Brent Fahnestock, Laurel.

The bride's gown, a floor-length empire-styled fashion of sheer organza over taffeta, featured a lace overlay bodice which extended to cap the sheer long sleeves, gathered to pointed, lace overlay cuffs. Matching lace accented the chapel length train and her bouffant, (illusion veil was caught to a cluster of flowers. She carried a cascade of tropical roses.

The attendants were identically gowned in floor-length fashions of apricot and orange crepe with orange lace accents. They wore orange hair bows which extended in long streamers down the back and carried bouquets of tropical roses and peach carnations. The men wore white, double-breasted dinner jackets with black flare-trousers and gold shirts with ruffled fronts and cuffs.

The bride's mother chose a peach textured double knit and Mrs. Hank chose a purple textured knit. Both had corsages of pale green cymbidium orchids.

Mrs. George Bingham, Phoenix, Ariz., registered the 100 guests and Pam McLaughlin, Wayne, and Elizabeth Wickert, Laurel, arranged gifts for the reception held later that evening at the church hall.

Mr. and Mrs. Merrill Utesch, LeMars, served as hosts and Mrs. Jack Liles, LeMars, cut and served the cake. Alyce Johnson, Dixon, and Sharon Utesch, LeMars, poured and Arlene Schroeder, Neligh, served punch. Waitresses were Gloria Liles, LeMars, Carol Beam, Merrill, Kathy Borchers, LeMars, and Patti Johnson, Merrill.

The couple have returned from their wedding trip to Lake Okauchie to make their home at 412 1/2 W. 13th St., Wayne. The bride, a 1969 graduate of LeMars Commercial High School, is a student at Wayne State College. The bridegroom, a 1968 graduate of Laurel High School, attended Wayne State College and is employed by Marra Home Improvement. He is presently serving with the Nebraska National Guard.

## Chamber Manager to Speak to AAUW On 'How Dollars Spent in Wayne'

Floyd Bracken, Wayne Chamber of Commerce manager, is scheduled to speak at the first fall meeting of the American Association of University Women (AAUW) scheduled Thursday. His topic, "How Dollars Are Spent in Wayne," will head up the group's program theme for this year, "Consumer Buying."

Tentative 1971-72 program plans call for the appearance of Anna Marie Kreifels from the Northeast Station, a panel of local businessmen and Senator Elmer Wallace.

Any women who is a college graduate is eligible for membership in AAUW and is invited to attend the dinner meeting which will be at 6:30 p.m. at the WSC Walnut room. Interested persons should contact Mrs. C.R. Denton (1223) or Mrs. Kenneth Lisika (1254).

This year's officers include Mrs. Don Reed, president; Mrs. Richard Keidel, first vice president; Mrs. Kenneth Lisika, second vice president; Mrs. C.H. Denton, treasurer; Mrs. Orvid Owens, fellowship chairman; Mrs. Cliff Peters, publicity chairman; Mrs. J.J. Lisika, secretary; Ruth Ross, legislative chairman; Mrs. Lou Lutt, community problems chairman; Mrs. Morris Anderson, cultural interests chairman; Mrs. Charles Moler, education-chairman; Mrs. Marie Skokan, world problems chairman, and Mrs. Cornell Runestad, implementation chairman.

**Use of Retail Credit**  
Credit used intelligently can be a helpful tool in money management. When using credit you should be sure you are getting something of value or necessity, or gaining an asset. Also be sure you can make the payments without sacrificing other important needs.

The wise consumer will use only as much credit as he can repay comfortably. In case of home purchases, ask yourself if the item now is worth the extra credit costs. You might decide to delay the purchase until you have more cash on hand.

Understand contracts or installment agreements before you sign them. Keep your sales slips or records of purchases charged or bought on time. These records will help you figure how much you will owe on payment dates. Payments should be made promptly when due. If for some reason your payment is delayed or cannot be made on time, explain the situation to your creditor.

Costs on installment purchases can be reduced if repayment schedules are kept as short as possible. Occasionally an item bought on a credit plan has outlived its usefulness before the final payment is made. The purchase should continue to be of value after the final payment.

Credit purchases should be items you need or really want immediately. Avoid credit buying just because it is easy to say "charge it."

# Laurel Wife and Mother Receives Nomination

The Wayne (Nebr.) Herald, Monday, September 6, 1971

A Laurel wife and mother, and a former Waynite, Mrs. Carolyn Urwiler, is one of the recent nominees for Outstanding Young Women of America, and will be included in the 1971 annual.

Mrs. Urwiler, and her husband, Armin, Urwiler, who owns and operates the Laurel Body Shop, have made Laurel their home for 13 years. They have three children, Terry, 15 years old, Debbie, 11, and Danny, 6. Mrs. Urwiler serves as bookkeeper for her husband's firm and still finds time for involvement in many community activities and projects.

Nominated for her recent honor by the Laurel Tuesday Club, Mrs. Urwiler is also a member of the Toast Mistress Club, for which she has served as secretary, the Book Club, and the Community Investment Club. She is a member of the Laurel United Lutheran Church and is active in the Church Circle, Altar Guild and Couples Club. In addition she serves on the stewardship committee and as Sunday school teacher and assistant vacation Bible school teacher.

For the community she has worked as chairman of the city Heart Fund drive and participated in the Savings Stamp program and the March of Dimes campaign. She is a room mother, a den mother for Park 175 Cub Scouts, and a leader and sponsor for the Laurel Camp Fire Girls. She is active in the PTA, the Band Parents organization, and the Junior Lifesaving program at the Laurel pool, and organized the Junior Golf League.

Mrs. Urwiler is a member of the Women's International Bowling Congress, the Couples Bowling League, of which she is secretary, and the City Bowling League. She is an active member of Cedar View Country Club in Laurel and belongs to the Ladies League and Couples Golf League. She has participated in the Nebraska State Bowling Tournament from 1967 through 1971.

The daughter of Mr. and Mrs. Warren Price, Wayne, Mrs. Urwiler was born and grew up in Wayne where she was active in church groups and served as life-guard at the Wayne Municipal Swimming Pool. She had also worked as a bookkeeper for Kappe Brothers Trucking in Millard. She is a graduate of Wayne High School.

Laurel's nominee for Outstanding Young Women of America, Mrs. Carolyn Urwiler, with her husband, Armin, and their children, Terry, 15 years old, Debbie, 11, and Danny, 6.

# Golfers Finish League; Team Playoffs Wednesday

A round of 36 and a pair of 37's are the pace during the final week of Wednesday Night Golf League at the local country club.

Bob Reeg came up with the even-par round on the front nine while Ken Dahl and Cliff Walt carded the 37's on the front and back nine holes respectively. All three men are A players.

Others in the top rank shooting respectable golf were Ken Whitworth and Jim Marsh, both with 38's.

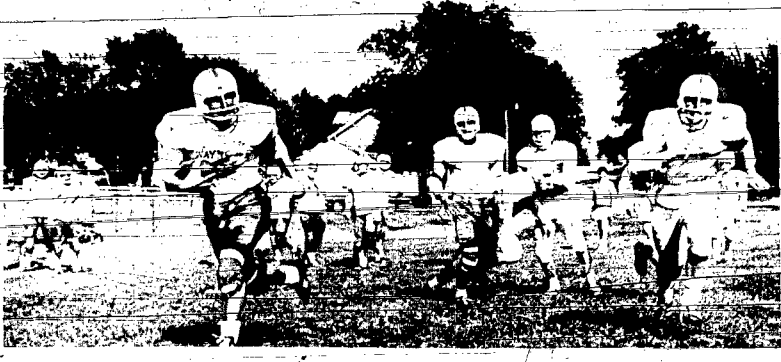

Tops among the B players were Darryl Lefkus with a 39, Don Echtenkamp with a 40, and Jim Pate and H. E. Smith with 41's. Leading the C group were Bud Froehlich with a 41, Ron Dalton with a 42 and Dale Anderson with a 46.

Team 2 (Bob Reeg, Don Johnson and Ron Dalton) wound up on top of the American League with 280 points. National League champ was Team 33 (Stoltenberg, Lyle Garvin and Herb Berg) with 33 points.

Rounding out the American League finishers were Team 11 (Kenny Whorlow, John Mohr and Cal Ward) with 38 points, Team 18 (Dick Havens, Russ Zicht and Orin Weathermont) with 35 points and Team 1 (Ken Dahl, Dick Berry and Dick Wacker) with 35 points.

National League teams making it into the playoffs were Team 31 (George Thorbeck, Joe Nuss and Bud Froehlich) with 32 points, Team 29 (Jerry Miller, Warren Bressler and Dick Arett) with 32 points and Team 22 (Roger Bentley, Gene Ferguson and O. K. Brandstetter) with 31 points.

These eight teams will face off Wednesday in the opening round of the men's league tournament. Following a semi-final showdown on Sept. 14, two teams will meet Sept. 22 to decide the golf league championship.

## Blue Devil Rehearsal

Latest version of the Wayne High School Blue Devil squad is working out daily under the tutelage of Coach Allen Hansen. Hansen reported 55 grid hopefuls were working out prior to school opening, and he expected a few more after that. He said the boys are hitting real good in preparation for the season's opening game Sept. 10 at Madison.

## Hoskins Oval Drivers Continue Red Hot Pace

Hoskins has become a well-known name at the finish line of area stock car racing tracks. Even more familiar are the names and faces of the drivers from that community that continue to set a red hot winning pace.

Driving at LeMars, Iowa under the lights Saturday night, Gerald Bruggeman flashed across the finish line in the second heat holding the number one spot. When the A feature was nearly over and ear sockets bar-

reled down the last lap, Bruggeman was out in front and got the victory flag.

He wrote a duplicate story Sunday at Scotland, S. D. where he nabbed first places in both the first heat and the A feature.

The Hoskins' Bradigan brothers, Harold and Gene, showed their appreciation for the fresh air out in front of the competition with wins at Clearwater and Creighton ovals Aug. 25 and 27.

On the Clearwater track, Harold finished first in his heat,

won the trophy dash and picked up a fifth place in the A feature. Gene picked off a third place in the B feature. At Creighton, Harold earned first place in the first heat, won the trophy dash and finished second in the A feature. Gene won his heat and came in fifth in the A feature. Getting in to the action at LeMars, Iowa Saturday, he took second in the first heat and sixth in the A race.

Continuing his swirling, winning streak, Harold won the B race at Nettish Saturday and claimed the number one spot at Norfolk Sunday night in the first heat and in the trophy dash. He also placed fifth in the A competition.

Other area drivers also racked up weekend wins. Dennis Crispin of Wakefield took fifth in his heat at Creighton Friday, third in the B race at LeMars on Saturday, won the B feature at Hartington Sunday, and earned a fourth place in the C feature at Clearwater Park, South Sioux City, on Sunday night.

Lyle Ebbert, also of Wakefield, picked up a fourth place in his heat and third in the A feature at South Sioux on Sunday.

Allen Hammer of Wayne was sixth in his heat at Creighton Friday and claimed seventh spot in the B competition at Hartington Sunday afternoon.

## N.S.A.A. Wants Better Officials

Two rules interpretation meetings, one in football and the other in volleyball, have been held at Wayne High School during the past week. Purpose of the seminars has been to acquaint area coaches and officials with new rules, plus clear up any questions about the recording of old ones.

The Nebraska School Activities Association is behind this drive to upgrade the quality and consistency of officiating in high school athletics. Whether it be spurred by public pressure or an increased awareness of the need for self-regulating policies, we commend the effort.

Among the policies designed to improve sports officiating is mandatory attendance at rules interpretation meetings such as those held in Wayne and several other locations around the state. Officials who fail to attend the meetings are put on a "blacklist" published in the association's monthly bulletin. The NSAA recommends that those officials not be hired.

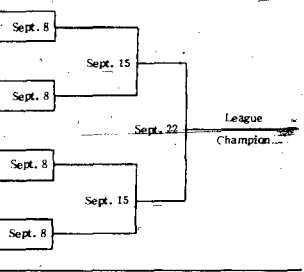

Another policy, still in the planning stage, is the introduction of a grading system. In other words, officials would be rated according to actual performance. Rather than a textbook knowledge of the sport, ratings would serve as a criterion for weeding out the less competent officials and setting salaries. This would work hand-in-hand with new requirements for the three grades of officials:

- Registered official - must pass an open book test (75% or higher) and attend one rules interpretation meeting.
- Approved official - must pass a supervised open book test (80% or higher) be a registered official two years, officiate four first team football or eight basketball games in the previous season, and attend one rules interpretation meeting.
- Certified official - must pass a supervised open book test (85% or higher), be an approved official two years, officiate four first team football or eight basketball games in the previous season, and attend one rules interpretation meeting.

These policy changes by the School Activities Association are certainly great strides toward the most equitable officiating in the history of Nebraska high school athletics. We only hope the venture does not go unappreciated by players, coaches and fans.

## Volleyball Meeting Held at Wayne High

A volleyball rules interpretation meeting was held Wednesday night at Wayne High School. Jerry Jensen, on the faculty at Creighton High, conducted the meeting.

Over 30 area coaches and school administrators attended the meeting.

Among the new rules is a change making volleyball a fall sport rather than a spring event. This is designed to volleyball will run consecutively with the football season - thus insuring open gym facilities. In the past, a conflict inevitably resulted when basketball and volleyball teams met at the same time of the year.

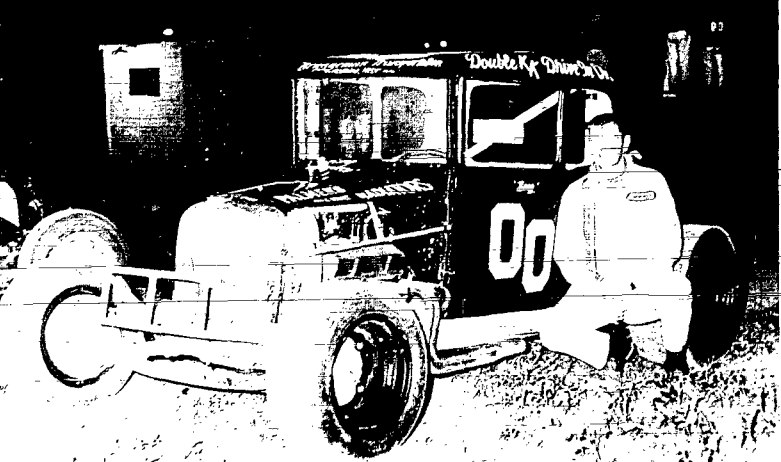

Another rule adopted for the 1971-72 season is one prohibiting schools from "doubling up" on athletic events. Volleyball can no longer be played as a preliminary game to the major sports.

## High School Gridiron Preview Next Week

Football fans should make it a point to check out the sports page in next Thursday's issue of The Wayne Herald. On that page will be an in-depth preview of five area teams scheduled to open the 1971 season on Friday.

Wayne, Wakefield, Winslow, Laurel and Allen gridiron teams will be featured in the report. Don't miss it!

Fee for a resident fishing permit in Nebraska is \$4.

## WSC Prepared to Defend NCC Title

It was too early Thursday, Stoltenberg, said, to judge performance - we haven't run enough scrimmages."

The 27 lettermen who returned include 10 regulars on defense from last year's Nebraska College Conference champion team - a fact that gives Defensive Coach Barclay reason for some cheer. He also reports a corps of newcomers likely to fortify the defense which has been a Wayne trademark for years.

Offensive Line Coach Bentley has a bigger chore - replacing four departed starters. But he

has several lettermen who saw considerable action last year but did not start.

Stoltenberg directing the offensive backfield, as a compound task, picking manpower to run the new wishbone offense. It's too early to know who will land the starting jobs, but one thing is sure, the trio who accounted for much of Wayne's rushing and pass catching yardage last year - Sam Singleton, Jerry Luedtke and Greg Walker - are gone.

Only senior quarterback, Marty Young, a three-year starter, remains from the backfield. Also a strong contender at quarterback is Jim Kearney of David City, a McCook Junior College product.

Wayne opens September 18 at Emporia State, Kansas.

# 650 Nebraskans Attend Chicago Fete

A number of Wayne and Laurel residents are some of the nearly 650 delegates from northeast Nebraskans who left for Chicago by chartered bus Thursday night to attend an Associated Milk Pro-

ducers convention and banquet on Friday.

Two buses from Wayne and five from Laurel joined others from Plainville, Bloomfield, Ewing and Hartington in making the trip to the buffet dinner billed as the largest in history. Mr. and Mrs. Galen Hartman of Laurel also sponsored a plane load of delegates.

Following a midnight rest stop in Davenport, Iowa, the delegates arrived in Chicago Friday morning.

The McJannet Building served as convention headquarters where the business meetings were set for Saturday.

Notables appearing on the convention program included President Richard M. Nixon and Paul Harvey.

Many of the delegates planned to attend a baseball game Saturday evening between the Kansas City Royals and the Chicago White Sox.

The northeast Nebraskans expected to return home Sunday.

Mr. and Mrs. Elmer Echtenkamp of Wayne board a bus to attend the Chicago convention.

# Field Day Plans Set; UN Ag Dean to Speak

Final plans are in the making for the University of Nebraska Northeast Station Crops Field Day slated to get underway Thursday at 10 a.m.

Dr. Elvin F. Frolik, Dean of the UNL College of Agriculture is scheduled to speak at 1 p.m. Frolik is a native Nebraskan and a graduate of the College of Agriculture. He served as chairman of the agronomy department and director of the Agricultural Experiment Station prior to being named Dean in 1969.

Emphasis for the Field Day is on crop production, according to Cal Ward, district extension director; however, beef and swine research projects will also get their share of attention during several tours.

Station staff members have planned four short tours—each to be repeated several times—from 10 a.m. until 3:30 p.m. This

Elvin F. Frolik arrangement will allow a visitor to take all four tours or only the ones he chooses.

A no-till corn research plot and demonstration field is expected to draw considerable interest during the tours, Ward said.

Specialists from Lincoln plan to be on hand at the Northeast Station Thursday—one mile east of Concord—to assist in providing information along the tours.

Tour A will include terrace-water runoff and soil losses, no-till corn-mechanics and equipment, no-till corn-chemistry for killing alfalfa and weeds.

Tour B studies will concern corn row spacing, plant population and fertilizer levels, swine housing and management project. Soybean variety tests, irrigation level study, chemical and mechanical weeding control-bandwidth study are to be included in tour C.

Persons taking tour D will note corn performance tests, beef nutrition—starting cattle.

## You can beef-up a skimpy lawn by "seeding-in"

Best way to add new life to a thin lawn is to plant grass seed right into the existing turf. And Fall is the ideal time to do it.

Scott's FAMILY Brand lawn seed is America's longtime favorite. Why? Because it is a versatile blend that does well in sun or moderate shade. And it's priced right too. So if your lawn needs "beefing-up," get a box of Scott's FAMILY seed this week end.

### WSC Students and Faculty:

The merchants of Wayne realize the road to higher education may be difficult. It is our intention to make your stay in Wayne as pleasant as possible and to help you feel a part of our fine community.

Floyd Bracken, Manager  
Wayne Chamber of Commerce
