These fans were good examples of that during Thursday night's wrestling card at the Wayne city auditorium. WSC Homecoming Fever Building

The annual fall festival called homecoming will keep Wayne State lively this week, from the queen coronation Wednesday evening to the dance Saturday night.

The public is welcome to attend all events. The popularity and activity of townspersons in the past has been a tour of the campus displays built by college organizations to illustrate homecoming's theme.

This year the displays will be lighted for the first time Thursday evening at 7. Their messages will dwell on the theme of "Scenes from the Old West."

The queen's identity will be revealed Wednesday as a climax to the 7:30 p.m. coronation program in Rice Auditorium.

Candidates for the title of queen are Vicki Brand, Farnhamville, Ill.; Pat Dennis, Wisner, Neb.; Holbrook, Sioux City, Iowa; Nancy North, North Bend; Nancy Oberlin, Omaha; Rhonda Petersen, Anthon, Ia.; Marg Speke, Moline, Ia.; and Billie Jo Williams, Beemer.

As a prelude to the coronation, there will be a varied show of student talent: baton twirling by Vicki Stollenberg of Carroll and

Tanice Heckens of Emerson, twirlers with the college band; music by a choral group; a flute-piano duet by Karen Ellis, Rockwell City, Ia., and Russ Kassman, Skokie, Ill.; and songs by Marya Brabov, Council Bluffs.

Thursday night the freshmen of each dormitory will stage their annual hijinks in a skit show at 8 in Friday.

Friday night at 6:30, the Willow Bowl will rebound to the annual competition of Greek Olympics. Then at 9, a dance in the Student Center.

Saturday, as always, offers plenty of activity. An alumni luncheon is scheduled from 11:30 to 1 in the March Room. Pre-game ceremonies at 1:15 in front of Memorial Stadium will feature the queen, tips her court. Then comes the Wayne State-Chadron football game at 1:30 and a half-time show by the college band.

Wayne State Foundation trustees will have their annual business meeting at 8 a.m. in the Student Center.

Police Investigate Vandalism, Accident

Two acts of vandalism were investigated by Wayne police last week.

Vandals threw a beer glass through a window at 313 North M Street, the offices of Dr. Wm. Koerber, sometime Thursday night. No entry into the building was made, police said.

Charles Wenzel, 510 1/2 East 9th Street told police that someone kicked dents in a fender and the door of his 1971 Ford Mustang while it was parked near his residence.

Officers quelled a noisy party in the Wheeler Trailer Court on Fairground Ave. Thursday and investigated an accident Saturday morning. Eloy Brogren, Hoskins, hit a parked car belonging to Wyman Schnepf, 424 Oak Drive, police said.

Storage Space Now Available in CCC Bins

Farmers, farmer groups and warehousemen needing grain storage facilities can apply at the Wayne County ASCS office for use of Commodity Credit Corporation (CCC) bins, says Raymond Butts, county executive director of the Agricultural Stabilization and Conservation office.

Space to store about 500,000 bushels is available at the Wayne and Winside bin sites, according to Butts.

The cost for bin rental is one cent a bushel per month or fraction of a month for the rated capacity of the bin.

Most CCC bins have 3,276 bushel capacity, although some larger ones have up to 40,000 bushel capacity.

Bins in Wayne County are usually used to store corn, soybeans, oats and grain sorghum. Rental contracts will be limited to the period of time it is apparent the space will not be needed by CCC for storage of CCC-owned commodities.

Applications for rental of bins will be reviewed and approval made to farmers, grain processors and others. All inquiries and requests about bin rentals should be made at the county ASCS office in Wayne.

School Advises Early College Enrollment

Wayne High School seniors planning to attend the University of Nebraska at Lincoln next fall are reminded by Ken Carlson, WIS guidance counselor, to write to the director of admissions at NU now to receive application papers.

Carlson said such applications for fall admission to the university should be completed by the student prior to December. The application papers are then to be given to Carlson, along with a \$10 check payable to the university.

The check, Carlson said, is a non-refundable admission deposit to process the papers at the university.

Carlson will mail the application and \$10 check to the university and include a transcript of grades earned by the student through the junior year. A list of courses to be completed during the student's senior year will also be included.

The early admission application procedure is particularly important for seniors in need of financial aid, the counselor noted.

Elaborate the American College Test or the Scholastic Aptitude Test will be accepted by the university for admission purposes.

Carlson said such of the tests may be taken this fall after the senior fills out registration forms available in the guidance office. He emphasized that the forms should be filled out as soon as possible.

Students in need of financial aid should take the Scholastic Aptitude Test, the counselor explained, as that is the test the university uses for financial aid purposes. Students not seeking

Multiple Charges Filed Against Norfolk Youths

Three Norfolk youths will face multiple charges in Wayne County Court in a preliminary hearing at 2 p.m. Oct. 12.

William Goodpasture, 18; Charles Heldermin, 19, and Mike Genrich, 17, appeared before Judge Estevan Hillen in Wayne County Court Thursday following their arrest Wednesday night. They were held in custody overnight in the county jail until released on bond.

Each of the three face three counts of breaking and entering automobiles and attempted burglary. Goodpasture is also charged with carrying a concealed weapon and possessing stolen property.

Goodpasture was released Thursday on a \$2,500 bond. Heldermin and Genrich posted \$2,000 bonds and were released.

The Wayne County sheriff's office investigated following an attempted break-in at a warehouse at the Fredrickson Oil Company on Highway 15 north of Wayne. Wayne police joined in the investigation.

The three Norfolkans were arrested and charged with attempted burglary. Articles found in Goodpasture's auto, allegedly taken from three autos which were broken into while parked at Medford-James, led to the breaking and entering charges being filed. The autos were a 1970 Oldsmobile owned by Wayne Cold-Sobages, a 1970 Toyota belonging to James Potts, and a 1967 Rambler owned by Gerald Butler, all of Wayne. Items taken from the cars included speakers, tape and a cooler.

Eagles Soar to Another Victory

The Allen Eagles continued their winning ways Friday night, posting a 19-14 win over Homer in a toughly contested East Lawrence & Clark Conference contest. But Allen had to depend on some shining performances by a couple underclassmen—one on offense and one on defense—to help chalk up that win.

Allen faced with a third and goal on the 27 yard line. Warner's kick was good. Homer edged into a slim lead on a Jenkins TD pass covering 26 yards with just over two minutes left in the game to still leave the Eagles with a slim lead. Homer took a 14-7 lead with 1:05 left in the third frame on a one-yard run by Jenkins.

The visitors erased that lead in the fourth period, scoring from 15 yards away on a flanker reverse by sophomore Charlie Peters at 9:43 and from three yards away on a quarterback sneak by VonMinden with 2:32 to play.

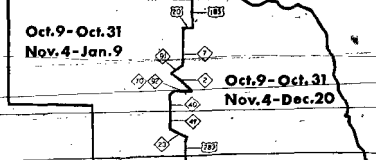

The last two scores capped two long drives, the first 60 yards and the second 88. Young Blohm had a 25 yard run to help set up that first score and a 39 yard run to help set up that second one.

It isn't planning on getting lost, but you can bet it plans to malfunction on one of the coldest days of winter.

—O—
Objects that don't have much fun breaking down or getting lost are sure to join in the game against humans by refusing to work.

You know that clock radio that has driven you bananas? Then there is the timer in the electric toaster that has its own circuit in causing you to offer up burnt offerings in an early morning service. I suggest you keep a hymnal nearby to fill in the entire program.

The poor neighbors have one of those garage doors that supposedly open automatically through the clever device of a radio signal from the car. I can't remember just what it was his teenage daughter said, but it was appropriate when the thing didn't work and she parked both the door and the car inside the garage, accompanied by many kinds of exciting sound effects.

Being one of those persons who keep their faith in the zone of exasperation, she used all those Christian words to swear a prayer. It just didn't seem fit to ask her about her language at the time she was climbing out from midst boards and bent bumpers.

"It didn't work this time, huh?" I smirked. "G-O-D-D-E-E, I had no idea she would use her Sunday School terminology on me too!"

"It's all a part of P.O.O.," I hollered. "Pooh to you too!" she ran off screaming.

—O—O—O—
I really felt sorry for the poor sweet young thing in that she was a perfect example as to how inanimate objects can completely defeat the human mind. Maybe the accident wouldn't have bothered her quite so much, but she's at that awkward age—too old to be a Brownie and too young to be a Bunny.

Being too "too" is a problem. That's life.

SS Q & A

Q—I am age 60, disabled, and have been unable to work for about four months. How do I prove that I am unable to work and eligible for social security payments?

A—You should contact your nearest social security office to make application for disability benefits. The representative will assist you in requesting medical reports from your doctors or hospitals. The medical reports will show your condition and how long it will prevent you from working. The first step is to file your application and provide the names and mailing addresses of your doctors or hospitals who have treated you for your disability.

Q. I own a small vending business, which I operate part-time. Do I have to pay social security contributions on my earnings from the business?

A. You are required to pay social security contributions if your net earnings from the business are at least \$400 for a taxable year.

Wrestling Match Draws 375 People

About 375 people turned out Thursday night to watch the second wrestling card brought to Wayne by the Wayne County Jaycees. And judging by some of the reactions of the crowd, the wrestlers were well accepted.

Scenes from the action include Ali Ben Khan putting an arm lock on John Gudowski, The Great Kusatsu putting a head lock on Gentleman Jerry Miller and Mark Starr forcing Johnny Valentine through the ropes.

The event included a tag team match pitting Jerry Miller and Johnny Valentine against The Great Gutski and Mark Starr. The Jaycees plan on putting on another wrestling match within the next few weeks.

 Q—Tomato plants have tomatoes about the size of golf balls, but something is eating pea-size holes in the fruit. What type of spray should be used at this time?
 A—Use Sevin or Methoxychlor. It would be difficult to say what might be doing the chewing, but the tomato fruit worm is one of the common things that chews into the tomato... usually around the top.
 Straw was used by early Nebraska pioneers for everything from filling bed ticks to building sheds to shelter livestock.

Good news for Lawnowners!

When you feed in the Fall you help Nature do its thing!

Independent surveys taken last spring revealed that 4 out of 5 Standout lawns were fed the previous Fall. The findings were not surprising, since Fall is the one time when Nature puts all the odds in your favor.

Best thing you can do to take advantage of this unique time of year is to fertilize with TURF BUILDER Turf Builder is made by an exclusive process that enables it to release its nutrients as the grass needs them. So there's no spindly surge growth to cause extra mowing. Instead Turf Builder encourages root and side shoot growth. Makes your lawn grow thicker, greener and sturdier.

"May Your Years Be Long," the final program of the four-program series, will be broadcast Saturday, Oct. 30, at 8 p.m. The program stresses that life does not end at 65 as several leading gerontologists present their philosophy of housing, retirement planning and other related problems.

Yard & Garden Tips...

Q—What do you mean when you say herbicide?
 A—Herbicide... the term is synonymous with weed killer... so herbicide means destroyer of plants—and when we say herbicide we mean plant killer.

Q—How do you tell when garlic is ready to use?
 A—You can't tell by smell, usually, but garlic matures in the fall... till the tops are done. Then, just lift it and take off the bulbs, pop the cloves off and they
