## County Fair Dates Set For Aug. 3-5

Al Bahe, secretary-manager of the Wayne County Agriculture Society, announced this week that the 1972 Wayne County Fair dates had been set for Aug. 3-5.

The Thomas Shows will provide the entertainment on the midway.

Wayne County Agriculture Society officers re-elected were Leland Herman of Wayne, president; Marty Willers of Wayne, vice-president; David Ley of Wayne, treasurer, and Mr. Bahe, secretary-manager.

Board members re-elected to three-year terms are Don Peters of Wakefield; Albert Forp of Pilsen and Werner Janke and Robert Shulties, both of Wayne. Holdover board members are Walter Woods, Dick Sorenson, Willis Meyer, William Fredrickson, Marvin Dunklau, Roy Langmeyer, Iella Dorsey and Herb Perry, all of Wayne, and William Peters of Wakefield.

## Allen Rescue Unit Drive Kicks Off

By Brenda Gustafson

One of our last patients was bleeding and we didn't even know it, said Ken Linafelter, member of the Allen Volunteer Fire Department and Rescue Squad, in discussing Allen's need for a new Rescue Unit.

The present unit is a 1964 Ford station wagon purchased from the forestry service. It has a two-way radio which operates on the Dixon County Sheriff's band.

Equipment includes two regulation-size stretchers, a back board, a portable resuscitator, blankets, and a supply kit.

The present unit only has room for the patient and equipment in back. Even if the equipment could be otherwise arranged, low clearance would, for all practical purposes, prevent a rescue unit member from riding beside the patient.

By turning up the back seat not covered by the patient's stretcher, a rescue squad member can give the patient oxygen.

"But we can't give heart massage or mouth to mouth resuscitation," said Linafelter. "Nor can we see the patient well enough to observe and treat swelling or bleeding."

The need for a more adequate unit was compounded when funeral homes decided no longer to provide rescue service.

Members of the Allen Rescue Squad attempt to place their "patient" into the present Rescue Unit. Chances of success are slim as the new helicopter type stretcher is longer than the back of the unit. Members are (left to right): Bill Kjer, Ken Linafelter, "patient" Jerry Schroeder, Clarence Jeffrey, Craig Williams, and Jim Mitchell.

## Hospital Employees Subscribe Over \$9,000 to Medical Center Campaign

Thirty-eight employees of the Wayne Hospital have subscribed \$9,022 to reach 181.6 per cent of their \$5,000 goal and to become the first campaign section to exceed quota in the Medical Center building program.

Announcement of the still incomplete total was made today by Mrs. Louise Jenness, a nurse and chairman of the solicitation group.

"This contribution to the total is one of the most important in the campaign," said Adon Jeffrey, general chairman. "All of us can look at such participation and realize these hospital employees are the people who really know how desperately a new medical facility is needed. They work under trying conditions everyday."

Most of the employees signed payroll deduction authorization forms for one hour per pay check for the five-year subscription period.

"Such giving sets a standard for other city and business employee groups—the hoped-for consideration of one hour per pay check, or two hours per month."

## No Claim To Jackpot

The Cash Night prize took another \$50 jump for next week's drawing when the person whose name was drawn Thursday night was in one of the contest participating firms.

Mrs. John Bowers of Carroll would have won \$300 had she been present.

Now the jackpot goes up to \$350 for Thursday's drawing which will be at 8:30 instead of the usual 8 p.m.

Terry Pedersen, a Wayne State College sophomore who lives on Route 1, Wayne, was the winner of the \$50 Give-Away Contest prize Friday night, sponsored by local business firms. Terry, son of Mr. and Mrs. Don Pedersen, had to wait until the last second before claiming his prize—his ticket being No. 2, the actual winning number going unclaimed. Next week there will be \$50 given away on Monday, Tuesday and Wednesday evenings, with the big drawing at 8 p.m. Thursday for the \$500 first prize, five \$100 cash prizes and eight \$350 winners in the Cash Night Contest besides.

## Board Redistricts Wayne County

The Wayne County Board has established the three new districts, as required by law, with the districts embracing, as nearly as possible, an equal division of the population of Wayne County.

Section 23-151, Reissued Revised Statutes of Nebraska, 1943 as amended, provides that each county shall be divided into three districts with balanced populations.

The 82nd Legislative Session of the Nebraska Legislature passed LB 368, which provides that any city, village, county or school district electing members of any governing board by districts shall redistrict by Jan. 1, 1972, or thereafter they shall elect the board at-large.

The County Board has decided that these are voting districts for commissioners but each commissioner will still maintain and construct roads and bridges in the same precincts as in the past.

"As an example," County Clerk Norris Weible pointed out, "Hobkins precinct will vote for the commissioner in Dist. 2 now, but the roads and bridges will be maintained by the commissioner who is based in Winside."

"This may seem to be irregular," Weible added, "but we must begin to think of a county concept rather than road-districts, because, by statute, the county road and bridge fund is now one fund and cannot be by districts."

"Also, we now have, by statute, a county highway superintendent who is serving the entire county and whose job is to coordinate the work of three commissioners to help carry out the county concept."

## Concord Board Approves Street Plan

The Concord Village Board met Wednesday, Dec. 9, to approve a one and six-year street plan.

The one-year plan provides for the oiling of the road in the north section of town past the new addition, while the six-year plan calls for oiling, maintenance, street improvements and paving throughout the village.

In further board action, James Pearson, state highway liaison officer, discussed the proposed oiling of spur road No. 26 next summer.

## \$1,000 Donation

Allen residents are not unaware of their needs. The Security State Bank officially kicked off the drive for a new Rescue Unit and equipment with a \$1,000 donation Tuesday.

Craig Williams, president of Security State, said, "we don't have a doctor or a hospital here. The least we can do is provide a more adequate way to get to nearby facilities."

The goal of the drive is \$5,000. The Fire Department itself plans to initiate a series of fund-raising efforts, as do other organizations and individuals.

## Wayne Chamber Dinner Jan. 24

John Melton, University of Nebraska assistant football coach, will be the speaker for the annual chamber of commerce dinner Monday, Jan. 24, at City Auditorium.

Francis Haun, Wayne High School superintendent, is the chairman of the committee in charge of the dinner, open to

## Excise Tax Paid on Cars Since August Refundable

William E. Peters, tax commissioner, announced that repeal of the federal manufacturer's excise tax on automobiles and the accompanying refund to certain purchasers will make many Ne-braskan's eligible for sales tax refunds.

Anyone who purchased a new automobile after Aug. 15, 1971, and who paid a Nebraska sales or use tax on a tax base which included the now-repealed federal manufacturer's excise tax may request a sales/use tax refund from the Nebraska Department of Revenue.

Peters said no special forms will be required. Refunds may be requested by addressing a letter to: Refund Section, Department of Revenue, Lincoln, Nebr. 68509. Information which must be supplied includes—proof of receipt of refund, name, address, Social Security number, date that sales/use tax was paid and the name of the county where purchased.

The Department of Revenue has been in contact with the major Detroit automobile manufacturers. All refund checks from these manufacturers have been, or will be, accompanied by either a check stub or other notice explaining the reason for the refund. These stubs are not necessary to be used for proof of refund.

The sales tax refund will be based on the amount of the excise tax refund times the state and city rates originally paid. For example, if \$200 is the excise tax refund, a Lincoln resident would claim a sales tax refund of 3 per cent times \$200, or \$6; an Omaha resident would claim 3 1/2 per cent times \$200, or \$7; and all other Nebraska residents would claim the 2 1/2 per cent state rate times \$200, or \$5.

## Wayne Chamber Legislative Seat Is Filled

Leroy Pfister, South Sioux City barber, has been named by Gov. J. J. Exon to fill the unexpired term of Elmer Walwey in Nebraska's 17th Legislative District.

Walwey resigned, effective Dec. 31, to accept the post of director of the Dist. 4 Office of Mental Retardation to be located at Wayne, The Emerson farmer had represented the 17th District since 1965. He had another year remaining in the current term.

## Winside Street Hearing Jan. 3

A public hearing to present and adopt a one and six-year street improvement program for Winside will be held at the village clerk's office at Winside Jan. 3 at 7 p.m.

Anyone within the city limits of Winside may appear in person or by counsel and be heard.

John Melton  
Everyone, regardless if a Chamber member or not.

Melton has been a NU assistant for 10 years, five of those as varsity linebacker coach after five years as head freshman coach.

He had followed Bob Devaney to Nebraska after serving as his assistant for five years at Wyoming University. He had coached six years at Thermopolis, Wyo. High School, where his clubs had compiled at 47-13 record. His freshman teams at NU were beaten only twice in 14 games.

## Wayne To Have Lighting Contest

Adon Jeffrey, chairman of the Wayne Kiwanis Club Public Affairs Committee, has announced that the Kiwanis Club, in cooperation with the City of Wayne, will again this year sponsor the Christmas lighting contest for local residents.

Gifts of \$25, \$15 and \$10 gift certificates, which may be applied to the purchase of any electrical appliances within the city, will be awarded to first, second and third prize winners. Prizes are being donated by the City of Wayne and local business firms.

Judging, to be done by an out-of-town committee of three, will take place the evening of Dec. 22, and will be based on theme originality and extent.

Public Affairs Committee members, Jeffrey, Roy Coryell and Walt Moller, met Wednesday afternoon to work out contest details.

Winners will be announced in the Dec. 27 issue of The Wayne Herald.

## Pedestrian's Injuries Are Not Serious

Ernie Vogel, 79, of Wayne, is hospitalized as a result of a car-pedestrian accident at second and Pearl Wednesdays.

Vogel was crossing the street when he was struck by a car driven by Edwin Jones, 61, of Wayne. Following the accident, Vogel was admitted to the Wayne hospital with minor cuts and bruises and a fractured kneecap. He is listed in good condition.

Map shown here shows the new districts established by the Wayne County Board, making each district as equal as possible in population, as required by state law.

## Two Men Bound Over to District Court

Cole Gronthal, 24, of Columbus and Danny Gene Condreay, 26, of Schuyler were bound over to district court Wednesday on multiple charges brought by a Wayne State College coach.

The six-hour preliminary hearing for the two men was conducted by County Judge Luvera Hilton in the District Courtroom of the Wayne County Courthouse. Purpose of the hearing was to determine if there was sufficient evidence to bind the two men over to district court for trial.

The defendants will be arraigned before District Judge Merrill

C. Warren Wednesday afternoon. Condreay is charged with kidnapping, rape, sodomy and assault with intent to rape and Gronthal is charged with kidnapping, rape and assault with intent to rape.

A motion by Condreay's attorney, Jerry Norris of Columbus, to drop the sodomy and rape charges was denied by Judge Hilton.

Another motion by Norris, to have Condreay's appearance bond reduced from \$20,000 to \$5,000 also was denied by Judge Hilton.

However, a motion by Gronthal's court-appointed counsel,

Eugene C. McFadden, of Norfolk, to have his client's bond reduced from \$15,000 to \$5,000, was consented to by Judge Hilton. Gronthal is charged with kidnapping, rape and assault with intent to rape. He is charged with intent to rape. He is charged with intent to rape. He is charged with intent to rape.

County Attorney Don Reed, who filed the complaints on behalf of the Wayne College student, had objected to both motions of bond reductions and also to the motion to drop two of the charges against Condreay. An earlier motion by the defense to hold separate preliminary hearings also was denied.

# Public Invited To Christmas Service

St. John's Lutheran Church of Wakefield will observe Christmas Eve with a 7 p.m. Christmas Choral service to which the public is invited. Community caroling will be held afterward. The Christmas story, "Glory to God in the Highest," will be presented through Scripture and anthems by members of the Junior and senior choirs. Sunday school children and the congregation will also sing several hymns and carols. The candle-light service, which includes 22 hymns and carols, will conclude with the "Quemas Celebration," sung antiphonally by a chorus group and the congregation.

Mrs. Raymond Prochaska is director and Mrs. Leonard Dersch, accompanist. Organist is Mrs. Charles Peters. Several instrumentalists will accompany various selections and Pastor Donald Meyer will serve as liturgist.

The Christmas festival communion service at St. John's Church will be held at 10 a.m. Christmas day. Both the Junior and senior choirs will participate.

# Telephone IRS for Free Information

OMAHA—Starting Wednesday the Omaha District of the Internal Revenue Service offered a new and expanded telephone service for taxpayers.

Richard P. Vinal, district director of the Internal Revenue Service for Nebraska, announced that beginning today (Monday), a taxpayer anywhere in Nebraska outside of the Omaha area will be able to reach an IRS representative any weekday by using a special long-distance telephone number. By using the special number,

there will be no charge to the caller for the long-distance line.

Until now the IRS has offered telephone assistance only in cities where its eight offices are located and only on certain days of the week at its smaller offices. This was the case because IRS employees assigned to these offices are principally field people whose main job is contacting taxpayers away from the IRS office. Anyone who lived outside of these few cities had to place a long-distance call for help or had to get an answer elsewhere.

Now, by calling 800-642-9960, any taxpayer outside the Omaha calling area will be able to get his tax or stabilization question

answered promptly by a staff of specially-trained employees at Omaha.

Taxpayers in the Omaha calling area should call 921-4001 for assistance. This is the IRS number listed in the Omaha telephone directory for Jan. 1 through Apr. 15.

Of course, not all questions can be answered immediately. There will be occasions on which even the IRS will want to do some research. In these times, Vinal said, the taxpayer will be called back with the answer.

During the 1971 income tax filing period, the IRS answered over 116,000 telephone inquiries in the state. It is expected that the new system will bring in an additional demand for service.

In order to prepare for this increased workload, the Omaha office has recruited additional help, is conducting a training program for them, and giving the new employees on-the-job training before the new service begins.

Using as many as nine incoming lines from outside the City of Omaha, the system will link the customers of some 67 separate telephone companies having over 895,000 telephones to the IRS office in Omaha. During late January and early February, the peak period for IRS telephone help, as many as 16 employees may be assigned to answer calls. This will include 10 permanent employees who will work on telephone assistance all year long, six or more temporary employees hired for the tax filing period, and as many other employees as is necessary to service the demand.

## Police Docket Lists Variety of Offenses

Sav-Mor Drug parking lot was the scene Thursday of a minor two-car collision.

The mishap occurred at 7:44 p.m., when a car driven by Raymond H. Berg, 302 E. 4th, Wayne, backed out of a parking space and struck a car driven by Arthur C. G. Johnson, Concord. The Johnson car was stopped, waiting to turn onto main street. The right front door of the Johnson car was damaged. No damage was listed for the Berg vehicle.

LeRoy Clark, Wayne, Thursday reported a case of petti larceny at the County Boy service station in Wayne. Two women in a car bearing out of county license plates drove off without paying for gas.

Terry Roberts of Carroll reported Thursday that his car had been vandalized while parked at the Methodist Church parking lot. The vandalism occurred Dec. 9, but was not reported until Dec. 16.

Richard Lesh, 505 E. 10th, Wayne, reported 52 Christmas lights stolen from a tree in his yard between 8:30 and 9:30 Friday night.

## Two Youths In Mishaps

An early morning one-car accident Thursday has hospitalized a Carroll youth.

John Sandahl, 19, was westbound on Highway 35 about six miles west of Wayne when his car left the road, struck a culvert and came to rest approximately 370 feet from the highway.

The car was listed as a total loss. Following the 1:45 a.m. mishap, Sandahl was taken by his parents to St. Joseph's Hospital, Sioux City, with hand injuries.

Another one-car accident involving a youthful driver occurred Wednesday at about 8:25 a.m. Douglas Anderson, 16, of Winnside was westbound on a county road two miles east of Winside, when his pickup left the road, crossed an intersection and came to rest on its left side.

Anderson was treated for minor injuries and released at the office of a private physician in Norfolk.

Considerable damage was done to the pickup.

**Rosa Linke Dies**  
A former Wayne County resident, Rosa Linke of El Monte, Calif., died last Sunday at the age of 91. She and a brother, Henry, had resided on a farm northeast of Wayne before moving to California in 1919.

Survivors include many nieces and nephews.

**Business Notes**  
Tom Dorsey of Wayne has filed a trade name of All Lines Adjusting Company for an independent insurance adjusting business in Wayne and Norfolk. The registration was filed Thursday with the Secretary of State.

# Wakefield Makes Victorious Comeback

The Wakefield Trojans won their second game of the young season, with a come-from-behind 48-46 shading of Lyons Friday night at Wakefield.

The game was marked by numerous turnovers by both clubs, but the difference came in the second half, when Wakefield cut

down on turnovers and began to drop the easy shot.

From the opening tip, the Lions ran and shot their way to a 17-11 first-quarter lead. The big factor was the shooting and rebounding of ace sophomore Phil Mossman, who canned nine points in the first quarter. The Trojans' foul for seven shooting at the foul line kept them in contention through the first stanza.

The second quarter was "turn-over time" for both clubs, with Lyons outscoring Wakefield, 7 to 6. All six Trojans points came on field goals by Pat Starzl. At the intermission, Lyons took a 24-17 edge into the dressing room.

The Trojans outdistanced the Lions, 15 to 8, in the third quarter. In the score, 32-32, going into the final period.

Fourth-quarter action featured Starzl, Dave Scheel and Buck Addink dominating the boards for Wakefield, while Scheel and Kevin Peters controlled the floor game, shooting the Trojans to a 40-38 lead. Two baskets by each team made the score 44-38 with 2:25 left.

Then the fireworks began. Both clubs traded field goals twice, bringing the score to 48-42. On a dead ball foul by Wakefield, the Lions' Wayne Lorenzen converted two from the charity stripe, and the score tightened

Lloyd McDowell (second from right), former Wayne High principal and now with the State School Board Association, is speaking on a panel during the Northeast Nebraska School Superintendents Association meeting here Saturday. Others who participated in this panel — one of three during the day — were (from left) Gerald Jordan, Albin E. C. Pembroke, South Sioux City; Clinton Carr, moderator, Emerson, and Ken Anderson, D'Neilly, all superintendents. Topic of the panel: "Message Construction and School Publications" — dealing with a's and don't's on writing to inform the public teachers and students about school matters.

## Wayne College Posts Fifth Win of Season

A close first half seems to be the Wayne State basketball style this season. The Wildcats scrapped through another one Friday, went to the intermission with a 35-34 advantage over the Hastings State, then slipped to a 73-64 win.

It made the Wayne season 5-1 going into the Saturday night clash with Doane in Rice Gym. The Wayne-Northern match was billed as a dual between 6-7 Dennis Sierkes and 6-8 Gary Evjen, both 225-pounders with high scoring and rebounding figures. Evjen recently was named South Dakota college athlete of

the year.

By game's end Sierkes had won the dual. He limited Evjen to eight points the first half, three the second while scoring 22 himself high for Wayne.

On the defensive end of forward Ron Jones and guard Tom Erwin helped propel Wayne to a 10-point lead, 62-52, and Wayne defense held the Wolves at bay from then on. The loss dropped Northern to 4-5.

In the preliminary game, Wayne's junior varsity won handsily over Morningstar, 98-61, a welcome victory for Coach Rich McGill's squad after four losses. Former Wayne State star Bill Goodwin played with the Morningstar team.

## WSC Hosts Fall Meeting Of School Superintendents

School superintendents from this section of the state attended the fall meeting of the Northeast Nebraska School Superintendents Association, held Thursday at Wayne State College.

"School-Community Relations" was the topic for the meeting, with panel discussions held in both the morning and afternoon at three different sites — "Press and School-Community Relations"

in the Walnut Room at the Student Union, moderated by Thomas Brown, Platteview superintendent; "Public View of School-Community Relations and Feedback Improvements" at Ramsey Theater, moderated by Jerry Jones, Madison superintendent, and "Message Construction and School Publications," held in the Senate Room at the Student Union, moderated by Clinton Carr, Emerson superintendent.

Dr. W. B. Brandenburg, WSC president, welcomed the group after registration at Ramsey

Theater and Dr. Gene Bigelow, Education Department at Wayne College, made the introductions.

Dr. Leroy Nelson, chairman, Department of School Administration, University of South Dakota at Vermillion, was the keynote speaker.

Luncheon was held in the Birch Room, with a talk by Dr. Freeman Decker, Director of Publications at Wayne State College, preceding the business meeting. Merl Beller, the association's acting president, made the announcements.

## Carroll Man New State Patrolman

Douglas Hansen of Carroll was one of 45 new troopers who joined the ranks of the Nebraska State Patrol Thursday.

Deputy Attorney General Gerald Vitamus administered the oath of office in the East Senate Chamber at the capitol building in the presence of relatives and friends of the class members and patrol and government officials.

Hansen has been assigned to the Omaha area for six months of in-service training, then will return to the Training Center at the Lincoln Air Park for two additional weeks of classroom study. They are expected to be qualified for solo Patrol duty by July 1, 1972.

## No Adult Classes

Mrs. Stanley Wills, instructor of the Adult education classes which meet each Thursday evening at Room 17 of the WSC Fine Arts Building, has announced that no classes will be held Dec. 23 or 30. They will resume Thursday, Jan. 6.

## Controls Explained

OMAHA — Over 25 per cent of the calls received at Internal Revenue Service (IRS) information centers are for information on the price controls under the current Economic Stabilization Program, according to Richard P. Vinal, district director of Internal Revenue Service for Nebraska.

Vinal said that price increases are now possible but only to the extent that the retailer's or wholesaler's costs have gone up.

The price control regulations established by the Price Commission require both retailers and wholesalers to maintain a "percentage markup" no higher than that which prevailed during the average of two of the last three years.

In addition, the firm's overall price changes cannot increase its profits as a percentage of sales.

"In simpler terms," Vinal said, "this means that a wholesaler or retailer cannot use higher prices to increase his profits over the amount he would normally realize on a given volume of sales."

The price control regulations should not be confused with the 2 1/2 per cent price increase goal established by the Price Commission for the Phase II stabilization effort throughout the entire economic community. This was the overall percentage of price increases they felt would slow inflation to an acceptable level.

Price changes on individual items could vary considerably both above and below the 2 1/2 per cent target level.

## Frostbite 'Sneaks Up'

Here is a health tip from the Nebraska Medical Association.

Frostbite is a hazard during Nebraska's winter months. Hunters, children, and those who work out-of-doors are especially susceptible.

The areas most commonly affected are the ears, nose, fingers, and toes. The symptoms are pink skin changing to white or grayish-yellow as frostbite develops. One of the dangers of frostbite is that you often do not feel it happening.

Never rub frostbitten parts with snow or ice as this increases

the risk of infection and gangrene.

If fingers or hands are frostbitten, have the victim hold his hand under his arm, next to his body. Get him inside as soon as possible and place the frostbitten part in lukewarm water. As soon as a flush extends to the tips of the fingers and toes, the limb is thawed and should be removed from the water immediately.

For frozen ears and noses, apply towels soaked in warm water.

Handle the frostbitten tissue with utmost care and see your physician.

## Free Trout Fishing At Two Rivers Area

LDYCOLN — Trout fishing at Two Rivers State Recreation Area near Venice will be free beginning Dec. 21, when stocking of the put-and-take lake and sale of trout fishing tags by the Game and Parks Commission will be halted.

The free fishing will be allowed so anglers may take as many trout as possible before the lake's fish population is removed with chemicals during a renovation planned for March. The treatment is necessary because of bullheads and bluegill weenies into the lake by last spring's flood waters.

Anglers may fish the area between 8 a.m. and 5 p.m., but no ice fishing will be permitted. The constant flow of water in the spring-fed lake keeps much of the ice cover too thin to safely support a fisherman's weight.

**Leighton Attends Wayne Meeting**

Winside school superintendent Don Leighton attended the Northeast Nebraska School Superintendents Association fall meeting at Wayne State College Thursday. Leighton was present at a panel discussion centering around the public view of school-community relations. Leighton and other area superintendents discussed problems and solutions regarding communication and understanding between communities and school systems.

**Police Chief Submits Report of Activities**

Wayne Police Chief Verr D. Fairchild submitted his monthly operations report to the City Council Tuesday. For the month of November, Fairchild listed a total of 92 complaints and requests for police service. Included in the report were nine criminal arrests, six vehicles impounded and 19 traffic accidents investigated on public streets. Three traffic mishaps were investigated on private property. According to the report, police dispatchers worked a total of 720 hours during November, while uniformed officers worked 732 hours. In addition to regular police duties, Officer Ron Penlarick gave drug information talks to the Randolph Educational Association and at the Immanuel Lutheran Church near Wakefield. Officers Penlarick and Melvin Lamb also conducted a Junior Police Patrol on gun safety and the dangers of alcohol. Arrests listed for November included seven for minor in possession of alcohol, two for possession of liquor for a minor, and five for petty larceny. A total of 29 arrests were recorded. The report also noted 255 parking and traffic warnings issued during the month. Total expenditures for the operation of the police department during November were \$5,751.18. The money provided for officers' and dispatchers' salaries, operation of the office and police cars, and necessary equipment.

**Dirty Filter Expensive**

When your exhaust looks like a low-flying cloud, provides sluggish and mileage is reduced, take a look at your carburetor air filter. Just tapping it may produce a dirt fall-out. If so—there's your trouble, a clogged air filter.

The air filter is a busy filter. Consider that your car needs 10,000 gallons of air for every one gallon of gas. And every bit of that air has to go through the air filter. No wonder it gets clogged up. A clogged air filter can upset the air-fuel ratio in the carburetor resulting in a 75 per cent increase in exhaust emissions—plus that ever-present low mileage—bad for your lungs and bad for your pocketbook.

air filtration all that dirt would wear out your engine in just a few years.

Solution: Change your air filter every 10,000 to 12,000 miles at annual tune-up time. Because a car with a clogged air filter is throwing away as much as 12 per cent to 15 per cent in mileage efficiency, a new air filter pays for itself in the first 1,500 miles. That's actually something for nothing!

By the way, where you live has a bearing on filter changes too. Airborne contamination is relatively high in the country and suburbs, but it is approximately twice as bad in the cities, and 15 times as heavy around industry and construction! In more polluted areas the air filter should be checked and perhaps changed more frequently. It's a clean thought to keep in mind.

### Labor Official

#### Coming Dec. 29

A Nebraska Department of Labor, Division of Employment, representative will be at the Wayne Chamber of Commerce Dec. 29, from 9:30 a.m. to 10:30 a.m. to assist job-seekers.

Kenneth Boyer, manager of the Norfolk office, reports that a sharp rise in available applicants throughout the area was noted during November, attributed mainly to the curtailment of construction work and other outdoor activities.

Boyer also said the Jobs Optional program, an on-the-job training program where employers are reimbursed for training a new employee for a specific job, veterans given preference, is being explained to employers throughout the area and is being well received.

### Musical Program Is This Tuesday At High School

The Wayne-Carroll High School Christmas concert will be Tuesday evening at 7:30 p.m. at the high school lecture hall. The public is invited to attend. No admission will be charged.

The concert is being directed by R. J. Dalton, orchestra, and L. P. Carlson, vocal. The program will include a variety of traditional and contemporary numbers by the orchestra, girls' glee and choir.

The numbers of accidental deaths in the U.S. involving sporting firearms has dropped by one-third over the past 30 years, despite the growth in population and the doubling of licensed hunters, according to the National Shooting Sports Foundation.

### Rent Regulation Queries Most Common for IRS

OMAHA—Inquiries on rent regulations continue to lead the questions asked the Internal Revenue Service on the Economic Stabilization Program according to Richard P. Vinal, IRS district director for Nebraska.

Vinal said, "The most common question from both landlords and tenants is 'can rents be raised?' and the answer is generally 'no.'"

Mr. Vinal explained that the present Phase II stabilization guidelines deal with rents in broad terms and provide for some exceptions, but are basically the same as during the 90-day freeze.

The exemptions from the rent freeze include:

1. Commercial, industrial, farm, and non-residential property which is used for business;
2. Newly-constructed residen-

tial houses and apartments completed and first offered for rent after Aug. 15;

3. "Substantially" rehabilitated rental dwellings, (first offered for rent after Aug. 15, where the repair costs equal or exceed one-third of the total value of the property after rehabilitation);

4. If at least 10 per cent of similar rental units of the same landlord were renting at a higher price during the period from July 16 to Aug. 14, the lower rents can be raised consistent with the identical units.

Vinal urged landlords to delay any immediate action on rent increases until the Rent Advisory Board and the Price Commission have developed specific guidelines for Phase II rent stabilization.

The director said that the Rent Board is currently meeting to formulate recommendations for consideration by the Commission. These recommendations will include clarification and revisions of the existing regulations as well as new guidelines and policies on rents.

"The Price Commission has promised quick action on the Rent Advisory Board's recommendation," Vinal said. He cautioned landlords that rollbacks of increased rents might be necessary if they are not consistent with the new policy.

### Area Delegates to NSEA Convention

Miron Jennings and Dean Metz of Wayne and Lee Johnson of Winslow were among the 440 delegates to the 108th delegate assembly of the Nebraska State Education Association (NSEA) Dec. 10-11 at the Omaha Hilton Hotel.

The group meets annually to set the policy of the 18,800-member association for the coming year. Among major policy decisions considered were those on state aid to education, continuing contracts, professional negotiations and political action.

### 2,000 at Laurel Feed Saturday

A record-breaking crowd of 2,000 individuals were served Saturday night at the free pancake feed sponsored by the Laurel Chamber of Commerce at the city auditorium.

The annual feed is thanks from Laurel businessmen to residents for patronizing and supporting the community businesses and projects.

Hunters in America number roughly 17 million, according to the National Shooting Sports Foundation.

### Christmas Shopping 'Simple'

These gals are hard to figure. They started reminding us a couple of months ahead of time that Christmas is just around the corner and then just our memory about every payday.

Don't they know that you can Christmas shop right up until store closing time Dec. 24?

And there, fellow put-it-offers, is one simple solution. There just isn't a gold-darned choice left in the stores by Christmas eve.

The selection is much easier than for that dumbbo who did his "annual duty" weeks—maybe even a month—ago.

You take what's left from the picked-over pile—and hope that wife's selection of your present wasn't so completely lousy.

The hubby who has the teenage daughter at home doesn't realize how lucky he is—until she's left home and married, and he has to shift for himself at Christmas time.

Don't depend on your sister to help you out in the shopping bit, either. We tried that last year.

It didn't work out too well—financially. Wife and sis formed a conspiracy against unsuspecting hubby. They're buddies and she belittled little brother into buying everything on the list that wife had hinted she had wanted—apparently for a long, long time.

Best you spread a few little fibs about things sis said about wife behind her back—and vice-versa—and maybe they won't be on speaking terms, at least until after Christmas.

It may be a little tough to rapatch relationships between a couple of buddiesgals—but it's a temporary help to the drain on the pocketbook.

The old veterans of wedded bliss al-

ready know, but for the young married, we'd like to give one sound bit of advice.

Find something to do—anything—when the "boses" wants to take you shopping with her for gifts for Uncle Dan, Aunt Lavena, Grandpa Walt, sons, daughters, grandchildren and the rest of the names on the Christmas buying list.

Even volunteer to put up the storm windows, clean the basement, or fix that leaky faucet—anything.

You'll be far ahead—financial-wise and patience-wise.

The little missus' greatest pleasure seems to be seeing what daughter Sandy would "just adore" in one store, the thing we "just have to have" for the grandchildren in another and the "perfect gift" for son-in-law John in another.

But do we buy them and make another scratch-off on the checklist?

Absolutely not. That would be far too simple. We have to check out all the other stores—which can't duplicate the item (and what would that gain, anyway?)—and then retrace our path, only to find she doesn't think they're such hot items after all.

Accomplishment for the day—nil. When you guys find out that Dec. 24th store's closed earlier than normally, and you're left holding the proverbial bag—empty one—don't panic.

There's still one escape hatch. Give her a fiver, tenner or whatever amount you think will "bail you out" and let her have her little fun. She might even do the same with you next Christmas.

And then you break even. —Claire Hurlbert

#### To the Editor:

We want to express our appreciation to you for sending our Wayne Herald to us. It's wonderful when away from home to read about our home town.

We are enjoying our winter in Florida and are in a very nice court. Over 100 permanent mobile homes and travel trailers like ours in this court. Our neighbors are wonderful people from Michigan, Ohio, Ontario, Vermont, New York and Pennsylvania.

We all like beach combing and have some good times together shelling on the beach and it seems good to wet our

feet in the Gulf in December.

I surely doesn't seem like Christmas, with green grass everywhere and flowers blooming. Believe I'd rather have an "up North" Christmas.

We had Thanksgiving dinner with the Burr Stanleys. They used to live in Wayne and now have a lovely home in Venice.

The weather has been beautiful since we came except for two days last week. On Monday a tornado struck three miles south of us, destroying 12 homes and damaging many more. On Friday another hit Venice, four miles north of us, doing much damage and causing some injuries. Took some of the tents of Ringling Brothers Circus animals that are wintered in Venice.

Yesterday and today the weather temperature is 85 and some predicted for tomorrow. Again, many thanks for sending our Herald.

Sincerely,  
Clarence and Angie Preston

Youngsters in the Plainview community were treated to free roller skating at the Plainview Roller Rink Saturday as guests of the Plainview Chamber of Commerce. Two sessions were scheduled, one from 1-4:30 p.m. and the second from 2:30 to 4 p.m.

A free child feed was held in Oakland at the city auditorium Saturday from 11 a.m. to 1 p.m. Mrs. Ruth Nelson, chairman of the Retail Trade Committee, explained that this was the merchants' way of saying thanks to all who shop in Oakland.

At least one toy for every child in the area is the goal of the Spencer High School FFA as they work every day during class periods and after school collecting, repairing and making toys in preparation for the Christmas holidays. Spencer's Community Club volunteered to help find people who could use the repaired toys. The drive was announced as far away as South Dakota and netted very good response. Numerous individuals have contacted sponsor Ed Sharp with offerings that range from dolls and bicycles to railroad sets.

The cost of a single issue of the South Sioux City Star purchased at any of several outlets in Northeast Nebraska will increase to 15 cents effective with the first issue in January. The Star has been 10 cents per copy for about 25 years. In that time the newspaper has grown from an average of about 10 pages per issue to an average of 20 pages per issue at the present time. Subscription prices will remain the same.

The Mid-Town Cafe in South Sioux City is open for business. The interior newly remodeled and refurbished. The restaurant was virtually gutted in a fire last March which resulted in an estimated \$20,000 to \$25,000 damage. The fire started when grease from a broaster ignited.

The Antelope County Sheriff's Office at Neligh reports that Steve Wilks, 19, a prisoner at the county jail, walked away from a work detail at Martin's Honey Farm in Neligh Sunday afternoon. A flat bed 1963 blue Ford truck, owned by the honey farm, is also reported missing. Wilks was sentenced to the county jail for seven days on a possession of marijuana charge. He had served the jail sentence and was in the process of serving a \$200 unpaid fine.

A Piper Cherokee Arrow which left Omaha on its way to Chadron at 5:45 p.m. last Monday crashed about a quarter of a mile east of Scribner on the railroad tracks near Highway 275 about 6:25 p.m. According to the Omaha Flight Training School at Eppley Airfield in Omaha, owner of the plane, those in the plane had received a weather forecast before leaving Omaha and were told that as they went west the weather would clear. However, as the plane got over West Point they were hitting pockets of ice and therefore turned around to head back to Omaha. The ice load increased and the pilot was forced down. The pilot, Marvin Dietrich, and his passengers, George Orr and George Adams, were able to walk away from the plane, and suffered only minor cuts, bruises and bumps.

### Holiday Safety

This Christmas, make sure Santa and his reindeer—not the men from the fire department—are the only ones on your rooftop!

The Wayne Fire Department warns that each year lives are lost and homes are destroyed due to fires caused by the holiday season. According to the National Fire Protection Association, holiday fires last year caused property damage estimated at \$3.9 million.

The culprits in this annual multi-million dollar tragedy are careless people. During the busy Christmas season, it's especially important that children are never left alone or without proper supervision, and that each family have a well-rehearsed escape plan in case of fire.

Other timely guidelines from the Fire Department:

The Christmas tree should be kept in water at all times. Dry trees are easily combustible, so set them up away from fireplaces, stoves and other sources of flame or heat. Be sure the tree doesn't block doorways or stairs. Artificial trees should be clearly marked with under-burning materials. Look for the Underwriters Laboratories (UL) label on trees with built-in electrical systems. With metal trees, use only indirect lighting,

to avoid the possibility of electric shock.

Check all lighting strings for frayed wires, loose connections and broken sockets. Any damaged materials should be replaced immediately with only UL labeled sets. Always turn off the tree before leaving the house or retiring for the night. For outdoor lights, use only sets UL labeled for outdoor use.

Use non-combustible materials as much as possible for decorations. The fire department recommends metal, glass and asbestos. Make sure cotton batting, flock and decorating paper are flame-proof. Natural evergreen decorations, like trees, dry quickly and burn readily, so keep them far from candles, fireplaces and other heat. Don't use polystyrene foam for table or mantle decorations where there are lighted candles.

Dispose of gift wrappings promptly and safely—don't put them in the fireplace.

Be especially careful to keep matches and cigarette lighters out of the reach of children, and try to keep the youngsters from playing beneath open the Christmas tree.

The Wayne Fire Department urges everyone to observe these common-sense guidelines for keeping the "merry" in "Merry Christmas."

### Chamber Receives Big 'Pat'

Following is a letter received by Floyd Bracken, manager of the Wayne Chamber of Commerce pertaining to the recent Nebraska Association of Health, Physical Education and Recreation convention held at Wayne State College:

Dear Mr. Bracken:  
It certainly was a privilege to take the 1971 NAHER convention to your most honorable city of Wayne. Your chamber was responsible for the center-

piece at our banquet, the place mats and napkins and the small favors.

It has been many years and many conventions ago that I have been aware of such genuine interest on the part of the host city.

A sincere thank you for your city's hospitality.

### Countyans' Savings Estimated at \$2,322,000

NEW YORK (Special to The Herald)—With their savings at a record level during the past 12 months, residents of Wayne County are in better than usual shape financially.

Despite the recession, the average local family is approaching the end of the year with a record amount of cash and other savings tucked away. The net result is that there is a treasure trove of additional buying power waiting in the wings. Although a little of it has been allowed to trickle out in the last few months, it is still only a trickle, compared with what it could be.

The bulk of it is being held back by consumers to await more stable economic conditions. Once they are convinced that inflation has been brought under control, that their jobs are safe and that the country is heading back to normal, they will be ready to unleash these pent-up savings and embark on a spending spree.

In turn, say the experts, that would give new momentum to industry, would create more jobs, reduce unemployment and spark the economy as a whole.

How much are Wayne County families saving? The amount of money put aside during the current year by the local population is expected to reach \$2,322,000. This represents liquid assets in the form of bank accounts, shares in savings and loan associations, purchases of U.S. Savings bonds and the like.

The figures are based upon data compiled by the Federal Reserve Board, the

University of Michigan and others through national sampling surveys.

They show that the amount of money a family puts into savings depends upon several factors, but especially upon its earnings.

Local families that have less than \$4,000 available to them after taxes have little leeway and are unable to do much

saving. Among those with net incomes of \$6,500, an average of 5.3 per cent is saved and, at \$9,000, about 7.2 per cent. It rises rapidly beyond this point.

In Wayne County, where the latest annual figures show a net, after-tax income of \$9,925 per household, the average is 7.8 per cent and the amount saved per household, approximately \$770.

## Winside Holds Holiday Show

The Winside school Thursday held their annual Christmas program, before a mixed audience of parents, grandparents, friends and fellow students at the Winside High School gymnasium.  
Music was the order of the day, as the school band set the mood, opening with "Christmas Suite" and "Jingle Bell Rhapsody." Each elementary school class performed a vocal selection, with songs running the gam-

ut from American spirituals to Spanish carols.  
Other selections featured the seventh and eighth grade choruses, with traditional tunes. Performances by the high school girls' glee club, freshmen girls' sextet and mixed chorus led to the finale, with the mass choir, directed by Ruth Puls, singing, "Let There Be Peace On Earth."

## Commemorative Stamps Available For Collectors

Mini-albums, containing one each of all the commemorative stamps issued during 1971 are now available at the Wayne Post Office. These albums are primarily designed to encourage stamp collecting by young persons and cost \$2.50. Included in the album is a description of each of the 24 stamps issued in 1971, also adhesive hinges for mounting and a set of instructions.  
Commemorative stamps are primarily issued for the payment of postage but collecting them has proven to be a popular hobby. The pictures have been designed to capture the stirring saga of America, recognition given to famous people, historical events and issues of vital importance to all Americans.

## ETV Spotlights Christmas

A choir of youngsters with angelic voices, a folk singing duo, classical vocal and instrumental troupes, famous actors and a group of veteran radio announcers all have something in common.

They'll be spreading the joys of Christmas throughout the nation this week as the Nebraska ETV Network joins PBS in celebrating the holiday season.

Highlighting the special activities will be "Christmas at Boys Town" Monday at 8 p.m., an inspiring visit to Father Flanagan's home for boys near Omaha.

The half-hour program, featuring the renowned 36-member Boys Town Concert Choir, was produced by KUON-TV in Lincoln for the Public Broadcasting Service.

Midwesterners who would like to see this inspiring special a second time will have the opportunity to tune into repeat broadcasts on Friday (Dec. 24) at 9:30 p.m. and again on Saturday (Dec. 25) at 10 p.m.

Christmas programming actually got underway Sunday at 7 p.m. as "PBS Performance" presented an informal celebration of the holidays, entitled "A Joyful Noise."

Folk singers Bob and Evelyn Beers starred in the program filmed during rehearsals for a Boy Scout benefit.

Burt Lancaster hosts an unusual Christmas program Monday at 7 p.m. as "PBS Special of the Week" presents "A Christmas Melody: Words and Music." James Earl Jones, star of "The Great White Hope," will be featured in a dramatic interpretation of Christmas through a slave's eyes and Linda Lavin appears as a little Jewish girl who wins a part in the school Christmas pageant.

The University of Nebraska's Madrigal Singers and Brass Ensemble will present an evening of traditional Christmas music on the CEN Showcase program, "A Christmas Melody," Tuesday at 9 p.m.

Christmas music of past eras will be presented by the Pro Arte Quartet on "Midweek" Wednesday at 9 p.m. The University of Wisconsin quartet will be seen playing selections during a concert at the First Plymouth Congregational Church in Lincoln. The program is a cultural affairs production of the Nebraska ETV Network.

A group of veteran radio announcers will provide some light touches to this year's Christmas celebration. They will star in the television recreation of "The Plot to Overthrow Christmas," Norman Corwin's 1938 radio drama about an attempt to destroy Christmas by the devil and his band of arch fiends.

Midwest housewives won't want to miss the gala holiday party on "House and Home 1972" Thursday at 6:30 p.m. Backyard Farmer Wayne Whitney is expected to make his traditional appearance to demonstrate the art of pulling taffy.

Christmas Eve on PBS will be highlighted by appearances by the distinguished Welsh actor Emyr Iwan Rhys Iwan and the Boston Pops Orchestra's new conductor, Big Bird.

coffee and cookies were served. January 13 meeting will be in the Robert Koll home.

—Christmas Dinner—

Modern Mrs. Club met Tuesday for a Christmas dinner at Prengers in Norfolk. An exchange of gifts was held.

Yearly prizes were won by Mrs. Ervin Jaeger and Mrs. Stanley Soden.

The next meeting will be Jan. 18 in the Ervin Jaeger home.

—Meet in Gahl Home—

Cub Scout Troop 179 Den 2 met Monday at 3:45 p.m. in the George Gahl home with five scouts and leaders, Mrs. Gahl and Mrs. Jay Morse present.

Scouts finished Christmas presents for their parents and started working on Christmas cards to be sent to shut-ins in Winside.

Steven Morse furnished treats. Next meeting will be Dec. 20 in the Gahl home for their Christmas party and to finish the cards.

—Five Brownies Present—

Brownie Troop 167 met Monday after school in the Duane Thies home with five Brownies and leader, Mrs. Duane Thies, present.

Plans were made for the upcoming year. It was decided not
