Dixon County Extension Agent Roy Stohler reports that 125 persons have registered for the 4-H Idea Day Program, to be held Thursday at the Northeast Nebraska Experiment Station near Concord.

The purpose of Idea Day is to help 4-H leaders learn about the many projects, programs and resources available through 4-H and to share ideas with other 4-H leaders.

The event at the Northeast station is one of a series of more

### Allen Man Files For Trustee Post

Victor Carpenter, Allen businessman, has filed for position of village trustee.

Two openings exist for village trustees with the terms of LeRoy Roberts and Bernard Keil expiring this year.

The terms of trustees Bill Kjer, Donald Klüber, and Bill Snyder do not expire until 1974. No one has yet filed for the position as police magistrate or for the four vacancies which exist on the Allen school board.

All aspirants must file their applications on or before March 10. The elections will be held on May 9, the same date as the Nebraska primary election.

than 20 such meetings to be held across the state, replacing the State 4-H Leaders Conference to enable more leaders to participate.

Knights of Ak-Sar-Ben Leadership development funds are used to provide special materials, resource speakers and the noon luncheon for meetings involving more than one county.

Registration and a get-acquainted coffee will be held at 9 a.m., followed at 9:15 by the explanation of the 4-H Awards Program by John Orr, associate state leader.

A choice of three workshops will be offered beginning at 10:15, one conducted by Wes Antes, state leader, on "4-H in the 70's"; another by Elaine Skurcus, associate state leader, on "Using the New 4-H Project Guides"; and a third on "Visual Aids 4-H Leaders Can Use," by Stohler.

There will be another session of the same workshops at 11:15 at which time those attending can switch if they choose.

An extension service review will be given during the noon lunch by Cal Ward, District III Director.

"Mini-labs" also will be given in two sessions in the afternoon, beginning at 1:30. Subjects and speakers:

"4-H Livestock Projects," Robert Fritschen and Walter Tolman, district extension specialists.

"4-H Plant Science," Russell Moomaw, district extension specialist, and Richard Gavit, district extension forester.

"4-H Home Living," Myrtle Anderson, area home extension agent.

"4-H Foods," Joycelyn Smith, District III area home extension agent.

"4-H Clothing," Anna Marie Kreifels, District III area home extension agent.

"4-H Engineering," Wayne Fisher, district extension specialist, and Dixon Co. Agent Roy Stohler.

### Concord to Fill 3 Trustee Posts

Three positions are to be filled on the Concord Board of Trustees for a four-year term, but by midweek there had been no filings.

The terms of Fritz Reith, Duane Harder and Jack Erwin expire this term. Dick Hanson and Clarence Pearson are holdover trustees with two years to go. Concord will elect April 4; March 10 is the filing deadline.

### Hit and Run Mishap Leaves Car Damaged

Wayne Police reported a minor property damage accident Thursday, that appeared to be a case of hit and run.

A car owned by Roger Illeenthal, Homer, was parked north of the bowling alley, when another car evidently backed out of an adjacent parking space, striking the left side of the Illeenthal car.

### Offices to Close

The Wayne County Courthouse, the Wayne City offices and the County ASCS office will be closed Monday, Feb. 21, in honor of George Washington's birthday.

The post office will also be closed. The lobby will be open for mailing purposes, but there will be no delivery or window service.

George Washington's birthday actually falls on Feb. 22, but this is one of the holidays which has been changed by an act of Congress to provide more three-day weekends.

### No Cash As Change For Food Stamps

According to the Nebraska Department of Public Welfare, stores will be unable to return cash as change for food stamps, effective March 1.

Stores currently can return up to 49 cents in cash as change for a 50-cent food coupon. When the new regulation takes effect, the food stamp customer may accept a credit slip for 49 cents or less, or trade out for eligible foods. The customer may also wish to pay the store the difference in cash.

# Medical Center Pledges Continue

Because campaign workers and those who are subscribing want the best possible health-care facility for themselves and their families, the total for the Medical Center-building program has now jumped to \$593,249, Adon Jeffrey, general chairman, announced Friday.

"People of this whole region are united to work and give for the medical facility that will serve them and future generations," Jeffrey said. "They know that what we do now will set the standard of health care for all of us."

With 370 subscriptions reported at the third progress conference of the campaign, the total jumped \$59,221. Special gifts division members secured \$29,750 on the 50-foot chart in the Birch Room of the Student Center at Wayne-State College. The hospital service area gifts division posted \$25,921 in additional subscriptions.

Laural, with a \$20,000 quota, is at 112.5 per cent with \$22,505. William Norvell, chairman, was presented a silver star for the work of his committees.

Despite the reporting of 1,194 subscription cards during the first three progress conference, 623 calls are set to be made by workers, Jeffrey said.

"We are asking every worker to finish the job during the last week of the formal campaign," said the chairman. "The final progress conference will be held at 7:30 Thursday around the score chart in the Birch Room."

Jeffrey commended both workers and donors alike.

"When we celebrate our victory on Thursday, March 2, it will be a great area-wide climax—probably the first in the region's history—to signalize working together for that most important asset: your good health."

## Regents Scholarship For Wayne High Senior

Bryan Stoltenberg, son of Mr. and Mrs. Allen Stoltenberg of Carroll, has received a one-year Regents scholarship to the University of Nebraska.

Regents scholarships were awarded to 250 Nebraska high school seniors. Four alternates were selected from Wayne High School, the highest scorer on tests eligible for the scholarship sought Stoltenberg not accept.

Those alternates, all of Wayne, are Lou Ann Dunkelau, daughter of Mr. and Mrs. Alden Dunkelau; Dale Tomrals, son of Mr. and Mrs. John Tomrals; Deborah Wacker, daughter of Mr. and Mrs. Elmer Wacker, and Kurt Lesh, son of Mr. and Mrs. Richard Lesh.

### Deadline Looms For New Plates

The deadline for purchasing Nebraska license plates for vehicles currently being driven is Feb. 29. County Treasurer Leon Meyer has cautioned those who have yet to purchase the plates not to miss the deadline.

Meyer also stated that those who wish to mail in for plates should have the vehicle tax statement and registration in to the treasurer's office by Feb. 23. Those mailing in should allow about three days for delivery.

Another point to check for is the driver's license expiration date. According to Meyer, several area residents have been surprised to find that their licenses had expired. A quick check can save time and trouble, he advised.

## Feeders Elect '72 Officers

William F. McQuistan, Pender, purchased hogman and cattle feeder, will head the Northeast Nebraska Livestock Feeders Association for 1972.

McQuistan, former vice-president of the Association and currently an officer of the Nebraska Livestock Feeders Association, will succeed John Servino of Waterbury as president.

Other newly-elected officers for 1972 include George Olson of Winnebago, vice-president; Leon Bruns of Pender, secretary; and Robert Boals of Dakota City, treasurer. New directors taking office are Fred Tremayne of Walthill, Norman Wichman of Pender and Clifford Rasmussen of Waterbury. Re-elected to the board of directors were Eugene Sebade of Thurston, Tom Gustafson of Wakefield and John Servino of Waterbury.

President McQuistan predicts a good year for the Association with a goal of the largest membership of any local feeders group in Nebraska. "The 1972 program of the Association will be to continue even more effectively to help produce the finest and most healthful meat at fair prices and with reasonable profits to stockmen," he said.

Educational meetings on livestock feeding and management, tours to exchange advanced ideas and a market quality study program will be part of the Association's activities of the year.

### Area Men Complete Utilities School

Men from 12 area towns, including Wayne, Winside, Wakefield and Laurel, have participated during the past five weeks in a water utilities operator's school supervised by the State Department of Health.

Dr. Owen Sletten, Lincoln, has been conducting the classes every Wednesday afternoon and evening in Wayne.

Those taking the course also have been doing correspondence work through the American Water Works Association. Passing the course in Wayne will yield each worker the grade four water operator's certificate. Passing the correspondence course in addition to the state course will result in the awarding of the grade three operator's certificate. Pending legislation would require that each city in

## USDA Suspends 1971-Crop Corn Purchasing Program

Washington—Because of record loan entries by farmers of 1971 crop corn and Commodity Credit Corporation (CCC) purchases of approximately 13 million bushels, the once-thrilled corn surplus has been turned into a free stock deficit situation.

In view of this improved free corn balance situation, Secretary of Agriculture Earl L. Butz announced a suspension of his special Purchase Program.

Farmers have successfully placed under loan a record amount of 1971 corn. The net quantity placed under loan plus CCC Purchase, through January Exceeds the projected corn surplus by approximately 190 million bushels.

The estimated total stocks of corn on Oct. 1, 1972, are 1,300 million bushels. Of this amount, CCC now owns 149 million bushels. An additional 174 million is currently resealed.

Net loan and CCC purchases of 1971 crop corn totaled 850 million bushels as of Jan. 31, 1972. This means that of 1,300 million bushels estimated Oct. 1, carryout, CCC and farmer loan stocks total 1,153 million bushels. Free stocks of corn on Oct. 1 must total approximately 400 million bushels, indicating that

approximately 253 million bushels of corn must be redeemed from loan plus any additional loan entries between Feb. 1 and May 31.

In view of this present corn supply situation further CCC purchases of corn at this time do not appear to be required.

## Miniatures Turned into 'Maxi Hobby'

In the past few years we have gone through a rash of maxis and minis—maxis dresses and maxis vans have shared headlines with mini skirts and mini buses.

An Allen man, Charlie Goodwin, has a maxi hobby with minis. In the past four years Goodwin has built 341 miniature windmills and 63 miniature churches.

Goodwin charges a mini price for his miniatures. "If I charged for my time, I couldn't sell them because they would get so high priced," he said.

"If I had to make these for a living, I'd starve to death," he continued. "They are just a pastime."

**4 Feet High**  
Goodwin's windmills stand four feet high. Goodwin said that when he started building miniature windmills he made them 40 inches high, as called for in the pattern he used.

In order to make building easier and the windmills stronger, he later increased the size. The windmills are usually painted in two or three colors, "I paint them what people want," said Goodwin. "Usually people want red, white, and blue."

A boy who saws wood, a girl who shuns butter, and a donkey that kicks when the wind blows adorn three windmills at the Goodwin home.

Goodwin said he has had many requests for windmills of this type but doesn't sell them because they would not hold up in a strong wind.

"It takes very little wind" for these miniatures, Goodwin explained.

**Always Behind**  
"There has been a time when I was always behind," he said.

### Concord Plans To Enter NCIP State Contest

Concord's Board of Trustees this week approved a motion to participate in the Nebraska Community Improvement Program, according to Clerk Norman Anderson.

The town intends to compete in the under-300 population group in the Community Awards Competition.

A meeting will be held Monday, Feb. 28, for organizational purposes and to form a council to make a decision on whether the community enters any other phases of the contest.

The NCIP has four other population classifications—from 301 to 800, 801 to 1,600, 1,601 to 5,000, and 5,001 to 50,000.

Improvement plans in the works include cleanup of the town, street improvement and other general "facelifts."

### Police Report Vandalism and Petty Larceny

Investigation of vandalism and petty larceny occupied the Wayne Police Wednesday and Friday.

In three separate Wednesday incidents, Wittig's Super Value reported a grocery cart stolen from the parking lot. Al Kirtley reported a briefcase stolen from his car, and Cecil Stallbaum reported blankets stolen from his car.

Wayne Police recovered Kirtley's briefcase.

Another case of apparent petty larceny was reported Friday, when John Gustafson, Lyons, reported his coat had been stolen at the Black Knight.

Vandalism was reported early Friday at Scotty's Place, where a bottle was thrown through a front window about 2:45 a.m. A window also was broken out of a vehicle on the Corvell used car lot Friday. Police reports stated the windshield and right window of a 1949 Chevrolet wrecker were broken out with a log.

**Senior Citizens Hear Candidate**  
Mrs. Elaine Schmadeke, who is campaigning for the 17th District Legislative seat in the May 9 primaries, spoke at the Wayne Senior Citizens Center Wednesday.

Mrs. Schmadeke told the group that she is in favor of legislation that will preserve their financial security which they have worked a lifetime to accumulate.

She stated that she acknowledges a generation gap between our teenagers and adulthood but few are truly aware of the serious gap between our first and second generation.

### Student Participation

Turn back the pages of time and picture, if you can, what your reaction was when, as a sixth-grader, you were told by your teacher that a speaker would take up your entire class period.

The first impulse probably was "wish I'd have played hookey today."

Since you were not forewarned, you're trapped into listening to that dry, old guy rattling on and on about a subject in which you're supposed to be interested.

But you're not.

There's nothing out of that "yawn" so you just have to make the best of it.

You can sit and daydream about the seasonal activities that you're missing by having to sit and listen to that boring lecture.

It's just a waste of time when you could be out ice skating or sledding, you think as you gaze out the window. In the warmer season you daydream about how wonderful it would be to get ahold of that football or basketball or even dangle a worm in that favorite fishing hole.

By the time you've "gone the rounds" with the daydreaming, you're suddenly startled by the sound of the bell that signals the end of the class period.

You've survived another speaker ordeal.

But you don't have the slightest idea as to one word he said.

We aren't so old that we can't remember that this was the way it was when we were in grade school.

They say kids aren't the same as they used to be.

If the sixth-grade reading class at Wayne Middle School, instructed by Principal Loren Park, is any indication, we'll have to agree.

Kids AREN'T the same as they used to be. At least not this particular group. They listen, they participate and they

### No Time to Quit

The existence of the new Wayne Medical Center came a step closer to becoming reality late last week, with the disclosure that the fund drive had yielded 107 per cent of the \$500,000 goal.

The total at last count was \$536,228. Add that to the \$500,000 to be provided by the Missionary Benedictine Sisters of Norfolk, and the smaller reserve fund maintained at the current hospital, and it becomes apparent that a new hospital is within our grasp.

But...

Building costs are rising almost monthly, and there's always the possibility of a cost overrun. Then there are the astounding advances being made by medical science. New and more sophisticated equipment will be needed through the years.

The point is, the medical center drive doesn't stop here. Every dollar over goal

will be needed and used. From here on, every dollar will go to provide even more efficient and reliable medical facilities. This is not the time to quit.

The fund-raising drive has truly been a community-wide project, involving not only residents of Wayne, but those who live in outlying areas. The city can be justly proud of such an effort. Every segment of the community has been involved, and every segment of the community will reap the benefits.

A recent fund-raising drive in York yielded \$300,000 more than the stated goal. But according to a spokesman for the York drive, the community needed every dollar. The situation will be no different in Wayne.

So, while we have the chance, let's go the extra mile. It will be worth it in the long run.

—Joel Knutson

## Common Sense Can Hold Down Rising Medical Costs

The price you pay for medical care—like most other living expenses—has been rising in recent years. The Bureau of Labor Statistics estimates a typical family with two children paid about \$584 in medical bills in 1970. Five years earlier, such a family would have paid about \$460.

Still, there are a number of common sense ways you can stretch your medical dollar. At the same time, you will be buying better protection for yourself and your family.

HAVE A FAMILY DOCTOR. Choose him carefully—for his reputation in the community, the type of practice he has developed, and his availability. Does he have staff privileges at a hospital nearby?

Above all, are you comfortable with him and trust his judgment?

ASK HIM ABOUT HIS FEES. Don't be embarrassed about mentioning fees when you start going to a physician. In fact, your doctor would prefer that you open the subject, since you are aware of your own financial situation and he is not.

DON'T WANT TO GO LONG. Many people try to save money on medical bills by not seeing the doctor until they are seriously ill. This not only defeats the purpose of preventive medicine (the only sound way to preserve your health), but it is more expensive in the long run.

Emergencies are always more expensive, whether with the family car. The household plumbing or your health,

## \$2,110 Deducted From Countians' Paycheck

(Special to the Herald)—NEW YORK—How much did it contribute to charity during the past year? How much did it pay in local taxes? What did my medical and dental expenses amount to?

These are some of the questions that Wayne County residents are asking themselves these days while getting together their 1971 income and expense figures for that upcoming confrontation with Uncle Sam.

Local taxpayers who itemize such deductible expenditures on their income tax reports would like to know how their deductions compare with those taken generally by people with incomes similar to their own.

In some guidance, in answer to these questions, comes from the Commerce Clearing House, an authority on business and tax law, using data compiled by the Internal Revenue Service.

It has prepared a chart, based upon earlier tax reports, detailing just how much the average taxpayer in each income category has been deducting for contributions,

Pork Plant or No Pork Plant was the issue last Monday afternoon at a hearing conducted by the county commissioners on proposed zoning for Madison County. The

county planning commission had recommended to the commissioners that land beyond a radius of one mile from smaller towns and two miles from Norfolk, be zoned for agriculture. George Moyer Sr., acting on behalf of Madison Foods, Inc., who plans to build a pork processing plant between Madison and Norfolk, asked the commissioners to accept the agriculture zoning recommended, but to make exceptions with regard to two pieces of property being considered as sites by his clients. The district courtroom was packed with interested citizens. Speaking against the site was the manager of the Norfolk airport who expressed his concern, not just with the odor, but with the effect that vapors from the plant would have on visibility at the airport, and lights from the plant would have on pilots attempting to land at night. Speaking in favor of the site was the president of the 81-91 Pork Producers who pointed out the benefits of having a ready market for local hog producers. The meeting was adjourned without action being taken.

BUY ENOUGH HEALTH INSURANCE. Health insurance is a bargain, considering the shattering effect that prolonged illness or injury can have on family finances. Many people insure themselves unwisely against minor expenses they could pay themselves, while failing to secure adequate coverage for major illness and hospital bills.

Roughly 8 or 9 people in 10 are covered for hospital care, for example, but fewer than about 7 in 10 are covered for in-hospital visits by their doctor. Fewer than half of all Americans are covered for doctor's home or office visits, for the drugs he might prescribe, or for the nursing services that might be necessary.

For best economy, buy as much insurance as you can afford. But if you have to choose, protect yourself and your family first against the expenses of serious illness.

CHECK YOUR ELIGIBILITY FOR MEDICARE. For persons over age 65, the medicare program provides comprehensive protection against the cost of illness. The program consists of two parts.

Part A is the hospital insurance section for which most people are automatically eligible at 65, helps pay hospital bills and provides payments for skilled nursing home care and home health services.

Part B is a voluntary program, with the cost shared by you and the government. It helps pay for doctor's services, medical supplies and certain other items not covered under Part A.

If you are approaching age 65, check with your local Social Security Administration office for assistance in enrolling for Medicare coverage.

TAKE ALLOWABLE TAX DEDUCTIONS. All taxpayers can include those reasonable medical expenses (such as doctor bills, hospital bills, drug costs, etc.) which exceed a certain percentage of their total income as deductions for federal income tax purposes.

FINALLY, STAY HEALTHY! It's the best way to hold down medical expenses. Your health is determined in large mea-

# Style Show Draws Crowd of 100

A crowd of about 100 turned out for the Pigskin Frowlow-style show held Thursday evening at the high school by the local Mrs. Jaycees.

A variety of styles for women and children, showing the versatility of pig skin, were modeled by area residents. Accessories and fashions to complete the ensembles were furnished by McDonalds Store of Wayne.

Three smiling Mrs. Jaycees members show off coats and vests at their Thursday evening style show. They are (from left) Mrs. Darrell Moore, Mrs. Bill Workman and Mrs. Dick Ditman.

A pigskin evening gown, sure enough, and modeled here by Mrs. Dick Sovens, one of several area women who proved that "Hogs can be beautiful" at the Thursday evening style show.

Pat Dangberg, Northeast Nebraska's Pork Queen, in a fringed hot pants suit, and Mrs. Gary Pick, in a style more suitable to the evening's chilly temperature, are two of the models who appeared in the Mrs. Jaycees Pigskin Preview Thursday evening at the high school lecture hall.

Steve Forney of Ponca, left, sends one of his 18 baskets "home" during the Indians' 61-41 victory over host Wakefield Friday night. Wakefield's only win this season was this season. Gangled around the basket, from left, are Bob Irby of Ponca, Sam Ulich and Kevin Peters of Wakefield, Dwight Borffort of Ponca, Jerry Nicholson of Wakefield and Darrell King of Ponca.

## Wakefield Comeback Fails Against Powerhouse Ponca

By Claire Hurlbert  
Wakefield High gave its best effort, but the Trojans' guns were not quite big enough to shoot down the seldom-do-wrong Ponca Indians Friday night, who posted an 81-63 victory on the Wakefield maples.  
Actually, the only big difference in the two clubs was during the second quarter and the early part of the third when Joe Coble's team went from a two-point deficit to 25 points down. Before—and after—that scoring drought, it was even-steam. Wakefield, turning in possibly its best performance of the year, could not begin to cope with Steve Forney, the Indians' big gun, throughout most of the season.

The 5-11 senior swished the nets for 18 fielders and a pair of free throws for 38 points and by canning two-pointers from every angle on the court.

### Herb Swan Tops City Recreation League Scoring

Herb Swan scored at a 25-points-per-game clip to top all players in the Men's Recreation League the past basketball season, enabling his Team 3 to share a runner-up tie with Teams 2 and 6 in the final standings below Champion Team 5.

Don Dakton of Team 6 was second with an 18.7 average, followed by George Egan, Feb. 28, followed by 15.3, a club that had four players with double-figure averages.

Others in the men's leagues with averages over 10 points per game were:  
John Dorsey, Team 6, and Sid Hillier, Team 2, 15.6; Mike Biltoft, Team 5, 14.2; Don Koerber, Team 3, 13.9; Randy Robbins, Team 2, 12.7; Mike Glan, Team 1, 12.5; Hank Overton, Team 5, 12.3; Darrell Coescher, Team 4, 12.1; Brent Lissman, Team 5, 11.2, and Mike Looft, Team 3, 10.3.

Playoffs begin Monday night at City Auditorium with Teams 1 and 2 playing at 7:30 and Teams 3 and 4 at 8:45.

Losers of the first-eight games will play at 7 p.m. Monday, Feb. 28, followed at 8 p.m. by the game between Team 5 and the winner of the game between Teams 4 and 3. The final game on Feb. 28 will see Team 6 take on the survivor of the contest between Teams 1 and 2.

The consolation game will be March 6 at 7:30, followed by the championship tilt at 8:45.

### Dixon Takes Honors In Junior Tourney

Thursday night's finals in the Dixon fifth and sixth grade basketball tournament yielded a champion for the Dixon Five. The games were played before a packed house at the Dixon auditorium.

In the title matchup, Dixon outpointed Wayne St. Mary's, 41-26. Leading the Dixon attack were Ryan Lubberstedt with 21 points, and Randy Bloom with 14. John Keating canned 10 for Wayne.

In the consolation game, Hoskins was high point, 22-21. Joey Brummels was Concord 21. Man for Hoskins, with 10. Dean Johnson and Bob Danquist notched nine counters apiece for Concord.

## Wayne High Posts 4th Win

The Wayne High Blue Devils bumped their season mark to 4-1-1 Friday night, dropping West Point Central Catholic, 77-60, to win their first road game of the year.

Free throws made the difference, as the Devils shot 20 more than their hosts, and converted on 33 of 48, for a 71 per cent mark. Those 33 bonus points provided the margin-of-victory, and then some.

West Point's full-court press shook the Devils in the first half, with the hosts forcing seven costly turnovers. The lead traded hands frequently through the first half, as Wayne outpointed West Point, 20-15, in the first quarter. The hosts turned the tables in the second frame, holding Wayne to eight points while scoring 22 of their own, to take a 37-34 lead into the dressing room.

The intermission settled the key-up Devils down, and they returned to dominate second-half action.

Wayne's big 23-point third quarter was the back breaker for the West Point crew. Doug Sturm accounted for nine points to head up the Devils' comeback, and Kyle Wills added six. But defense was the big factor, as the Devils throttled their hosts, refusing to let them get to the basket. The third frame yielded only nine points for the West Point Five, and that put Wayne out front, 57-46.

The locals weren't out of the woods yet, as a brief fourth-quarter scoring spurt threatened their shaky lead, but they proceeded to notch 20 final period points to West Point's 14, to stay out of danger.

Wayne outbounced the hosts, 45-30, with Larry Shupe clearing the boards for 14, Wills and Roger Saul cooperated for 11 apiece. Wills accounted for 21 points, to pace the Devils' attack. Sturm and Shupe split 11 points each, and Saul added 10. West Point's Joe McGill displayed dazzling shooting accuracy, with 23 counters for the evening. Pat Emmanuel dumped 17 points to take runner-up honors.

The Devils' all-important performance from the line was spattered by the accuracy of Wills, who converted nine for 10. Other top charity shooters were Sturm, with seven for 10; and Saul, who canned five for six.

Among the interesting twists in the game was the appearance of a pair of freshmen, who previously had limited their activities to the yearling squad. Earl Overton posted in a field goal for two points, and Randy Workman went one for two from the line. Several other freshmen suited up with the varsity, but didn't see action.

The Blue Devils' next encounter will be at Hartington Cedar Catholic, Tuesday night. Following that contest, Wayne will meet Craghton in the Class B District Tourney, Tuesday, Feb. 29, at Norfolk.

## Wayne Earns Top Spot at Randolph Frosh Tourney

Wayne High's freshman hard-court crew posted a perfect 3-0 record to take top honors Thursday night at the freshman tourney at Randolph. The Wayne crew earlier had dispatched Craghton and Norfolk Public.

Catch Dan Johnson's yearlings copped the tourney crown by leading the Laurel frosh a 57-45 loss.

Wayne outpointed Laurel, 14-8, in the first period, and stretched that lead to 14, on a 30-16 count as the intermission. The locals notched another 12 counters in the third period, while limiting Laurel to nine.

Heading into the final stanza with a 22-point lead, the Wayne offense suffered a slowdown as a result of an improved Laurel defense. The Bears put on a 20-point scoring exhibition—and limited Wayne to 10, but the locals' lead held to the buzzer.

Three of the young Blue Devils turned in double-figure charts, with Earl Overton leading on 14 points. Bob Keating hit 12 and Rick Mitchell canned 11. As usual, Keating was tough under the boards, hauling in 11 rebounds. Marty Hansen helped with nine.

Hansen was aggressive out front on defense, and Rod Hoops added good defensive work and solid rebounding help.

## Emerson-Hubbard Nips Winside in Overtime

Winside fought back to overcome a 17-point deficit only to drop a 59-54 overtime decision to Emerson-Hubbard Friday night in a game on the winners' home ground.

The Wildcats were down by 13 points at halftime, but were not yet ready to be counted out.

Jim Wines' club stormed back in the third to close the gap to 4-3, paving the way to the hectic windup.

The Wildcats were down by 13 points at halftime, but were not yet ready to be counted out.

Winside took a two-point command out of the overtime, again Krueger on the shooting end. Lonnie Grubert made it 63-63 a short time later with his bucket and then the real blow came.

Gradert was fouled, coming through with the tie-breaking point on his first chance. He missed the second but Randy Mayberry was there to tip it in, making it a three-point play, and a 66-63 lead for Emerson.

Mayberry added another from the free throw line when Winside was forced to foul to break up a stall, but Jon Behmer got one of those points back after he was fouled.

But, it was still the case of fighting the clock and a slow-down game, like Bert adding two unassisted lifters with six seconds left to tie the tie. See EMERSON-HUBBARD, p. 5

### Allen Drubs Wynot

The Allen Eagles Friday downed Wynot, 74-29, at Allen. The five Allen starters played their first period only, with all Allen players seeing action in the game.

In the preliminary game, Allen's B team notched a 20-21 victory over the Wynot B squad. No further details were available.

45-42, the game had been tied, 21-21, at halftime, but Ponca's subs took a 35-29 lead at the end of the half.

Wakefield's B unit whittled steadily at the deficit until Larry Siebrandt's bucket from the side made it 42-42 with 48 seconds left. Doug Fischer meshed two icers from the alley with 13 seconds to tick off.

Kelly Knerl had 14 points for the losers and Craig Jones, 13. Siebrandt's 10 topped a more abundant Wakefield scoring attack.

**POLLUTION IS A MENACE TO ALL AMERICANS ...  
NOT JUST THOSE IN THE "WRONG" NEIGHBORHOODS**

Out of sight, out of mind. Perhaps ugly scenes like this are never viewed by most of us but they do exist. They are a menace, not just to those who live or work in the vicinity of polluted areas, but to all of us. You can't isolate something like pollution . . . it spreads its insidious filth through every level of society, contaminating our air, water, and land today and threatening disastrous consequences for generations to come. We must *all* mobilize against the elements that contribute to pollution — beginning with the empty beer can tossed out of a car window, to the conditions that permit rat-infested slum areas. Our environment is a precious heritage . . . let's preserve it for ourselves and for future Americans!
