

'Hmmm,  
Now  
What's  
Wrong?'

ALL MACHINES are bound to need repairs every so often—even the ones you get at the toy shop. So learned tractor driver Gary Foote, three-year-old son of Mr. and Mrs. Robert Foote of Wayne. When he found something wasn't working quite right with his tractor, he had to get off and inspect it. Then turn it over for a closer look. A little fiddling with the front wheel seemed to cure things for the time being, and he was off again on his way down the sidewalk in front of his home.

### State Crime Group Takes No Action on County's Request

The state crime commission last week approved grant requests totaling \$579,062 but took no action on Wayne County's request.

Wayne County is seeking a \$40,000 federal grant through the state commission to help build an addition to the south side of the county jail facilities in Wayne.

The addition would permit the city of Wayne to combine its with those of the county. It also would permit the two to take advantage of the 24-hour surveillance now provided by the city. Surveillance is required at the county jail anytime a person is in custody there.

Norris Weible of Wayne, secretary of the regional crime commission, said the regional group will try to determine why the state commission has not acted on the request at its regular meeting in Norfolk on Thursday next week. He said he has not been able to determine

exactly why the state commission has not either approved or rejected the request.

The state commission in June tabbed Wayne County's request, noting that it would not make a decision until the regional commission completed an area wide corrections program development plan.

If approval of the grant is given, the county would match the \$40,000 figure to build the addition.

The addition, which would probably be about 59 feet by 30 feet, would include a garage, interrogation area and office space for the county sheriff and chief of police.

A study of six Northeast Nebraska counties released earlier this year recommended that the city and county merge jail facilities. It suggested building an addition onto the county jail to provide space for officers and dispatchers now working in the city police station.

### Local Man Loses Bet, Wins \$50

Clarence Brockman won't complain about losing a dollar bet—at least not this week.

Brockman, of rural Wayne, placed a bet with a friend that he wouldn't win the \$50 Birthday Bucks last Thursday. But Brockman lost.

In his losing, though, he picked up the \$50 in coupons that can be redeemed in any of the approximate 80 businesses, firms, and stores taking part in the weekly drawing.

"I've never won anything in my life," he said after winning the prize. "I guess what I'll do with the money is buy groceries," he explained, "but I'll bet my wife has already taken care of that."

Brockman's visit to Bill's Cafe almost won him the grand prize of \$300 in Birthday Bucks. The winning date was only three days away from his birthday.

A \$300 grand prize is offered each week to the person born on the exact day determined in a drawing. The consolation prize of \$50 goes to the person whose birthday is closest to that date.

## Crops in Area in 'Excellent Shape'

Crops in the Wayne area are in excellent shape, thanks to the more than two inches of rain during the past week.

Don Spitzke, Wayne County agricultural agent, said Tuesday that there is good subsoil moisture as well as topsoil moisture, putting crops in about the best shape possible for this time of the year.

"The crops seem to be in good shape over most of the county, and there doesn't seem to be any spots that are hurting for rain," he said.

The rain the past few days—which has totaled 2.66 inches in Wayne—came at an ideal time for the soybeans and corn. Spitzke noted. Consequently, the crops look better than average for this time in the growing season, he added.

Spitzke's comments were echoed by Dixon County agricultural agent Roy Stohler at the Northeast Station near Concord.

"We're doing pretty good right now, and the crops are in good shape from what farmers have been saying," he said.

Although no probes have been made to determine how much moisture is in the ground, the Soil Conservation Service office in Wayne estimates the moisture reaches about six inches.

Conservation technician Verlin Francis said there are a few areas in the county which have received more rain than others, but the soil moisture is good throughout the county. A few areas around Carroll haven't received as much rain this spring and summer as most of the county has, he added.

The rains have caused little erosion in the county, according to Francis. The erosion from the heavy rains around Winslow earlier this year damaged some topsoil but did not harm crops, he said.

"Crops look real good outside of the hall area," according to Ray Butts, executive director of the Agricultural Stabilization Conservation Service in Wayne

County. Heavy hail hit several square miles just northeast of Wayne the middle of last week.

Although he wouldn't predict record yields, Butts said many farmers will be harvesting good yields of their corn and soybean plots if adequate moisture continues to fall this summer.

The State-Federal Division of Agricultural Statistics predicted Monday that corn, soybeans and sorghum raisers in the state can expect bumper crops this year.

Topsoil moisture was reported as adequate in 63 per cent of the counties in the state and surplus in 24 per cent, according to the division.

Subsoil moisture is said to be adequate in more than 90 per cent of the counties, the division said.

About two-fifths of the corn was silking by Monday, slightly more than usually is this time of the year, it added. Insect damage has been slight, but corn rootworms have been reported in the state.

Things will be going to the dogs in Wayne comes Saturday.

Why? Because that's the day set aside for the businesses to hold their annual Dog Days sales, discounts and promotions.

But shoppers will have to get up early if they wish to get their share of the bargains on the tables outside most stores. The firms will open for business at 7 a. m., offering shoppers a chance to save money before the heat of the day. Most stores will close at 4 p. m. Saturday afternoon, with a few staying open later if they still have any Dog Days specials left.

The annual promotion is sponsored by the Chamber of Commerce.

Inside this issue of The Wayne Herald you will find advertisements from stores offering savings on a variety of items—everything from shoes to new cars.

MORE THAN two inches of rain the past week has left water standing in some corn fields. The ample moisture is leading some farmers to hope for possible record yields this fall.

### Paper Drive WS to Jump Is Saturday

The monthly paper drive by Boy Scout Pack 175 is set for Saturday. Persons in Wayne, Carroll and Winslow who have papers to be picked up should have them bundled or tied and placed where they can be seen from the street by 8:30 a. m.

In charge of the July drive are Mr. and Mrs. Vern Fairchild of Wayne.

### WS to Jump With Music During Camp

Music Camp time approaches at Wayne State, and that means the campus will be jumping with music all day and a considerable part of the evenings for a week starting Sunday afternoon.

Camp Director Cornell Ruestad said registrations still are being accepted, right up to opening time.

### Judge Denies City's Request To Dismiss Fairchild's Suit

The attempt to have a suit against the city of Wayne thrown out of court failed Monday.

District Judge George W. Dittrick denied the city's request that the suit by ex-chief of police Vern Fairchild be dismissed.

Dittrick ruled on the city's request in his Norfolk office.

Dittrick, who earlier this month overruled the city's request to dismiss the case on different grounds, allowed city officials 10 days to make another plea.

City attorney John Addison said Tuesday he had already written another plea so it could be filed in Wayne County district court yet this week.

The city's first request for dismissal stipulated that Fairchild had no legal

### Barring Rain, Graduation Set For Willow Bowl

Wayne State College will graduate its summer class Tuesday morning in a 10 o'clock ceremony.

As always, seniors hope weather will smile and allow commencement in the Willow Bowl.

If weather is unfavorable, the ceremony will move to Rice Auditorium. In either location, all seats are open to the public, except those reserved for graduates.

Speaker for commencement will be Dr. H. Vaughn Phelps, superintendent of schools at Omaha Westside.

A tradition of many years continues with music being provided by the Summer Music

### Dress Revue Judging Underway

Wayne County 4-H'ers will be taking part in dress revue judging all day today (Thursday) at the city auditorium in Wayne.

Today's competition will include judging of modeling in the morning and judging of garment construction in the afternoon.

Judges for the event will be Mrs. Phil Willnerd of Pender and Mrs. Paul Plate of Ainsworth.

The pre-fair contest precedes the annual public dress revue, scheduled for Friday night following the 4-H song contest.

The song contest begins at 8 p. m. in the city auditorium, with Mrs. Dean Pierson of Wayne as judge.

Named during the evening will be the champion and reserve champion in the dress revue. The two winners will qualify to advance to competition at the

# Sunday School Association Meets At St. Paul's in Hooper

Twenty-five LCA congregations were represented at the 1974 Northwest Sunday School Association meeting held July 18 in Hooper at the Hooper St. Paul's Lutheran Church. Total attendance was 70.

Officers installed for the year were Mrs. Marvin Westerhold of West Point, president; Mrs. Alvin Rastede of Allen, vice president; Mrs. Winton Wallin of Laurel, secretary; Steve Flores of Scribner, treasurer, and the Rev. Bernard Nelson of West Point, pastoral advisor.

Host pastor, the Rev. John Elanson, gave opening devotions and the Rev. William Stanton, from St. Paul's Lutheran Church in Emerson gave the morning sermon. Convention theme was "Together in Christ

for 50 Years." Mrs. Bernice Aspinall, association president, conducted the business sessions. Steve Flores of Scribner, a member of the host congregation, extended the welcome and Mrs. Ken Hartwig of St. Mark's Church in Pender offered the response.

## 'Why Are You Here?' Asks Baptist Pastor

Alma Spittigerber accompanied hymn singing and special vocal numbers. "He" and "Somewhere My Love" were presented by Theresa Stenwall. Twenty-two center members were present. The next sermonette and sing-a-long will be at 2 p.m. Friday, Aug. 17.

Why Are You Here and What Does God Expect of You? was the sermonette given by The Rev. Harry Cowles, pastor of the First Baptist Church, at the Wayne Senior Citizen's Center Friday afternoon. A caring and sharing session followed.

### National Farm Safety Week

"Falls Hurt—Be Alert!" is the theme chosen for the 1973 National Farm Safety Week, July 25-31.

Studies indicate falls in the home and on equipment in fields or around farmsteads are responsible for one-third of the annual national farm accident toll.

Purpose of Farm Safety Week is twofold: to call attention to accident problems that drain human and economic resources in agricultural communities, and to suggest preventive measures which could reduce these losses.

Each year, thousands of farm and ranch residents are killed or seriously injured in work, home, recreation and highway mishaps, many of which could be prevented if basic safety precautions were observed.

Technological advances in equipment and chemical products used on the farm and in the homes have added to possible dangers and accidents in and around rural homes. Both

adults and children must be informed about and alerted to possible accidents.

Adults must remember that their actions set examples which children will later repeat. Are you practicing good safety habits? Accidents can be prevented.

### November Wedding Being Planned

Making plans for a November wedding are Nancy Wallin, daughter of Mr. and Mrs. Winton Wallin of Laurel and Bryan Reinhardt of Norfolk, son of Mr. and Mrs. Merlin Reinhardt, Wayne.

The engagement and approaching marriage have been announced by the bride-elect's parents.

Miss Wallin, a 1973 graduate of Laurel High School, will be attending Northeast Nebraska Technical Community College School of Licensed Practical Nursing in Norfolk. Her fiancé, a 1971 graduate of Wayne High School, is employed in Norfolk.

### Open House Set for Exchange Student

All friends, classmates and relatives of Ellen Kjos and her host family, the Clayton Schroeders of rural Laurel, are invited to attend an open house reception for Miss Kjos at the Schroeder home Friday evening.

Miss Kjos will leave Tuesday from Sioux City for her home at Oslo, Norway. She has spent the past year as an exchange student at a Laurel High School.

# Couple Wed Friday Night

Mr. and Mrs. Bill Lubberstedt

Jane Starks, daughter of Mr. and Mrs. Gordon Starks of Concord and Bill Lubberstedt, son of Mr. and Mrs. Elder Lubberstedt, were married Friday evening in 7 p.m. rites at St. Paul's Lutheran Church.

The Rev. Doniver Peterson officiated at the double ring rites and Mrs. Jean Nuss sang "Wedding Song" and "Color My World."

Honor attendants for the couple were Mrs. Marilyn Schultz of Wayne and Gary Lubberstedt of Omaha.

The bride's princess style dress was of white lattice over satin, trimmed in blue. She wore a shoulder-length veil and carried spring flowers. Mrs. Schultz wore a blue, flower-embossed Swiss frock.

A wedding dance was held for the couple the following evening at the Wayne Vet's Club.

The bride attended Stewart's Beauty School in Sioux City and operates Jane's Beauty Shop in Wayne. The bridegroom attended Wayne State College three years and is engaged in farming.

The couple is living at Woehl er Trailer Court in Wayne.

Present were Mrs. Fletcher Brandt and the Milton Brandt family of Creighton, the Bernard Schroeder family of Neligh; the Lyle Brandt family of Royal; the Lloyd Timperley and Leonard Nierodzik families of Tilden; the Keith Noe family of Lincoln; Irene Timperley and

# Class of '63 Meets at Laurel Wagon Wheel

Forty-six of the 80-member 1963 Wayne High School graduating class returned with their husbands and wives Saturday night for a 10-year reunion banquet at the Laurel Wagon Wheel.

A memorial plant, given later to his mother, was on display with the picture of the late Duane Swanson.

A cake baked by Mrs. Don Nau featured the class motto, "It's What We Think and What We Do That Make Us What We Are." The cake was decorated in class colors, aqua and silver and topped with the class flower, an orchid.

A bulletin board, prepared by Mrs. Terry Bartling, displayed kindergarten pictures, senior pictures and family pictures of class members. Graduation hat centerpieces were at each of the tables.

Others on the planning committee were Mrs. Ron Rohde of Carroll, Mrs. Darrell Moore, and Mrs. Roy Korth.

Mrs. Melvin Young of Papillion, class vice president, served as toastmistress. **Dog Days — Saturday, July 28**

We will have our annual Dog Days Sidewalk Sale in front of our store Saturday, July 28. This is our final clean-up of summer merchandise.

We will be out on the sidewalk ready for business at 7 a.m., so plan to be in Wayne early. Remember: The early bird gets the best pick of our "DOGS."

You will be able to find lots of items in ladies apparel, foundation garments, sportswear, dresses, jackets, coats and many other items.

You will also find our prices very low on these high quality dogs. We call them dogs, but actually they are too young to be dogs (maybe they are just pups). At any rate, we're sure you will find several you'll want to take home with you.

# Will Make Home in Norfolk

Mr. and Mrs. Harry M. Fox will return this week from a wedding trip in the Black Hills to make their home at Norfolk.

Mrs. Fox, nee Vivian Lee Johnson, is the daughter of Mr. and Mrs. Willis Johnson. The bridegroom is the son of Mr. and Mrs. Merlin Fox of Cedar Rapids.

The couple was wed Saturday afternoon in a double ring ceremony at Grace Lutheran Church. The Rev. E. J. Bernthal officiated and Frederick Mann sang "Wedding Song" and "Whither Thou Goest," accompanied by Mrs. Donald Siefken.

The altar was appointed with yellow glads and blue daisy pompons and pews were marked with blue and yellow bows. Guests were ushered into the church by Robert Klusman of Kenesaw and Joseph Bruns, David Johnson, the bride's brother, was his mother's escort.

The bride was attended by her sisters, Mrs. Joseph Bruns who was matron of honor and Virginia Johnson of Pliger who was bridesmaid. Best man was Robert Barns of Albion. Leo Gelfred of St. Paul was groomsmen.

The bride chose a floor-length dress of white organza and Venice lace, styled with high neckline and ruffled hemline. She wore a matching mantilla veil and carried a cascade of white orchids accented with yellow feathered carnations, baby's breath and blue silk flowers.

Her attendants were identically gowned in toe-length frocks of yellow polyester tarami crepe which featured Victorian necklines, short puffed sleeves and organza lace trim. They wore yellow nylon picture hats and carried nosegays of blue tinted daisies and white baby's breath.

The men wore champagne colored tuxedo jackets with matching ruffled shirts, black flare leg trousers and black butterfly ties.

The bride's mother selected a lilac polyester dress with white accessories and Mrs. Fox wore a black and white cotton dress with white accessories.

The 200 guests were registered by Karen Johnson and gifts were arranged by Mr. and Mrs. Herman Wiese of Omaha. Mr. and Mrs. Herbert Hansen served as hosts for the reception held at the church parlors following the ceremony. Mrs. Warren Austin and Mrs.

Mr. and Mrs. Harry Fox

Melvin Johnson cut and served the cake and Mrs. Robert Parke of Minneapolis, Minn., poured. Pat Wert served punch. Waitresses were Pat Raff of Norfolk, and Karen Johnson and Jane Austin. Members of the Ladies Aid worked in the kitchen.

## Wed at St. Mary's Saturday

St. Mary's Catholic Church was the scene of the wedding Saturday afternoon uniting in marriage Susan Renee McCright and Richard G. Holm of Lincoln.

The bride, daughter of Mr. and Mrs. Thomas McCright, is a 1970 graduate of Sacred Heart Academy of Emerson and has been employed at Love Library in Lincoln. The bridegroom, son of Mr. and Mrs. E. Richard Holm of Fremont, is a 1969 graduate of Burgan High School and will graduate next month from the University of Nebraska.

The couple plan a wedding trip to Omaha and will leave Aug. 26 for Melbourne, Australia where the bridegroom will teach English and history in the public school system.

One hundred and fifty guests attended the wedding and reception. They were registered by Mrs. Kenneth Jorgenson of Hoffman Estates, Ill., and were ushered into the church by Larry Magnuson of Des Moines, Ia., and Bob Brockley and Rich Wall of Lincoln.

The Rev. Paul J. Begley of Wayne and the Rev. Thomas Hitch of Gretna celebrated the nuptial mass. Gift bearers were Jeff and Paula McCright, brother and sister of the bride and tector was another brother, Randall McCright of Denver. Altar boys were Kurt Holm of Fremont, brother of the bridegroom, and Dustin, Patrick and Mark McCright, brothers of the bride.

Patty Phillips of Wisner sang "The Wedding Prayer," "One Hand, One Heart," "Ave Maria" and "If" accompanied by Mrs. Cletus Sharer of Wayne and Barbara Phillips of Wisner.

Mary Ellen McCright of Denver, Colo., and Pam McCright of Omaha, sisters of the bride, and Mrs. Kerri Harnett of Hubbard, were the bride's attendants. The bridegroom was attended by Joedy Hoogner and Danny Lucas of Lincoln and Norm Wilson of Columbus.

For her wedding day the bride chose a floor-length Victorian gown of white organza, and lace fashioned with V-neckline, long sleeves and train. Her veil cascaded from a lace half-cap and she carried daisies, carnations

### 1973 Wayne Legion Team

THE WAYNE Legion team, holding a 12.5 season record, will go against the winner of the Laurel Randolph match this Friday night in the district three American Legion Junior and Midget baseball tourney at Wayne. Members of

this year's squad are, front row from left, Ron Janke, Randy Workman, Terry Pfeiffer and Randy Nelson; back row, coach Hank Overin, Bill Schwartz, Kim Baker, Roger Saul, Charlie Roland and Kerry Jech.

## Wayne State Considering New Conference

Wayne State College may be moving into a new conference in the near future, according to athletic director LeRoy Simpson.

"It looks like Wayne has a chance to help form a new conference," Simpson pointed out Monday's Kiwanis luncheon, "and at the same time build a stronger athletic program." Simpson said the information is not official yet but things are looking good. "I've talked with officials from Northern State College (Aberdeen, S.D.), Black Hills State College (Spearfish, S.D.) as well as Kearney State and Chadron State about forming a new league. And right now things seem to be pretty favorable," he said.

Simpson is hoping to bring in Eastern Montana from Billings to boost league membership. "Maybe within a year or so we can add South Dakota Tech at Rapid City, but right now it is too early to tell," he said.

The Wildcat athletic director explained that the conference—as yet there is no name—seems to be "more realistic and has more promise" than those he has ever seen before.

"I'm not very happy with our league affiliation right now," he said of the present Nebraska College Conference. It is beginning to fall apart and doesn't

LeROY SIMPSON

really offer a competitive schedule, he noted.

Simpson believes that with the new league, Wayne State's athletic program could grow. "I think it is the best opportunity to form a strong league in my six years at Wayne," Simpson related.

The only disadvantage, he pointed out, would be traveling expenses. Kearney State is the closest school and that's about 200 miles. "One thing we know for sure, neither Wayne State nor Billings would be the site of

any basketball tournaments—simply because of the distance," he explained.

Instead, he went on, Chadron State would most likely be selected for such meets.

With the additional traveling, Simpson guessed that it might

### Winside Board Holds Off On Park Work

The final decision for bid letting on construction of new dugouts, fencing, bleachers, dirt work, electrical work and concessions stand-rest room facilities for the Winside baseball park will not be determined until Aug. 6.

According to village clerk Mrs. Vernon Hill, the members will discuss bid letting on some of the projects during the board's regular monthly meeting. Last Friday the town board held a special meeting for bid letting, but not enough contractors submitted bids on the separate projects.

Most of the work is divided up, said Mrs. Hill, so the town asked for bids on each of the projects. Since some of the projects were not bid on, the members decided to discuss the matter at their August board meeting.

raise the athletic budget \$3,000 the first year before dropping to \$1,000 the following year.

Deciding a football champion wouldn't be hard, he explained. Each team would play a round-robin schedule. Basketball, of course, would have a tournament, he noted.

After the schools' next meeting in Spearfish sometime in August, Simpson hopes to have a better idea of where the conference stands. Simpson hopes that by the 1975-76 school year the league will be in full operation.

Due to a conflict, John Struve, director of financial affairs at Wayne State, was not able to give his talk on the college's impact on the community. Instead, club president Bob Carhart asked Simpson to talk about the college's athletic plans.

This Monday Struve is scheduled to give his discussion at the regular weekly meeting.

Prior to Simpson's talk, club members discussed hosting the North all-star basketball team during the club's luncheon on Aug. 3. The basketball players will be in Wayne Aug. 9-16 to practice for Aug. 17 Nebraska Coaches Association all-star game in Lincoln.

### Team 26 Leader In Women's Golf

Team 26 in the Wayne women's golf league now owns first place in the National division after Team 16—tied last week for the top spot—fell to third place Tuesday.

The two-some of Jan Johanson and Joan Potts have 10 points compared to nine for the second-place pair of Sharon Erickson and Jackie Ditman.

Team 16 (Ann Barclay and Jan McQuisten) have a total of eight points.

In the American division, Team 7 (Marion Evans and Janet Roenefeldt) still remain in first with 10 points.

Last week's fourth-place team (Ruth Vogel and Gert Thomas) hold down the second spot while Team 1 (Eugenia Jeffrey and Norma Janke) edged from fifth to third.

Teams 10 and 2 (Ethel Weatherhold and Marcy Suchan, Vi Rickers and Irene Block) fall to fourth and fifth respectively after ranking third and second.

### Wayne May Get Double Asphalt Tennis Court

The possibility of Wayne getting an asphalt tennis court in place of one made of concrete became more of a reality Monday night.

During the Wayne recreation board meeting, the members learned that a Sioux City construction firm is willing to lay a double asphalt-based court for about half the price of a single concrete court.

Dr. Wayne Wessel, board member, pointed out that the cost of the double court is about \$3,000, \$3,700 cheaper than what it would cost to have a single court made of concrete.

"The members intend on looking at a similar project in Cole-ridge tonight (Thursday)," Dr. Wessel said, "and decide whether or not the board would be willing to have the firm do the work."

Dr. Wessel noted that the city would have to prepare the ground for the asphalt as well as install fencing and lighting and put up the nets. Overall, however, the city would save about \$1,000, he said.

"We figured the total construction cost would be about \$6,700 if one concrete court were constructed. But the total cost of this type of project would run under \$5,000," he said.

The board also discussed purchasing a rider mower for upkeep of the city ball park. The mower also could be used to drag the field before games.

This year's enrollment for the summer park program about equaled last year's figure, board members learned. During the first session about 135-140 youngsters joined in while about 100 participated in the second session. The total figure is about the same as last year's 240 who signed up.

The city is looking for volunteers to help paint the Middle Center. Anyone interested may

### Stoltenberg Drops Summer Football Camp

Wayne State football coach Del Stoltenberg's annual football camp will not be held this year due to a reduction in the college's coaching staff.

Stoltenberg pointed out that each year the school hosts area high school football players for the annual clinic. But the current cut in personnel and the college budget forced him to drop about this year's camp, he said.

### Lage Places Fifth At Omaha AAU Meet

Winside High's Greg Lage finished fifth in the mile event during the Region Seven AAU Junior Olympics track and field meet in Omaha Saturday.

Despite Lage's showing, he was among the distance men to break the old mile record of 4:34.6. His time was 4:29.6.

### Laurel High Needs New Track Coach

Laurel High School hopes to have a new head track coach by its August school board meeting, said superintendent James Loftquist.

Last month track coach Bob Zohner asked the board to release him from his contract.

Zohner, a two-year member of the Laurel High staff, will be the new head football coach at Chadron High School, replacing Robert Sondergaard of Chadron. Zohner started his teaching career in 1967 at Tilden. The Kearney State graduate continued teaching until 1970 when he left to earn his master's degree in physical education at Wayne State.

In 1971 Zohner moved to Laurel as track coach and assistant coach in football and basketball. In addition to his coaching duties, he taught industrial arts, driver education and physical education.

Zohner played offensive end for Kearney State until a knee injury halted his playing. He and his wife Judy have a son, Garret, 15 months old.

# Sportsbeat

By Bob Bartlett

The 1973 football season is just around the corner, according to all the publicity and sports magazines starting to pop up on news stands around the city.

For Big 8 college fans, the magazine "The Big Eight" spotlights all conference teams and puts a special emphasis on the Big Red.

According to early reports, the Corn huskers are picked to take the Big Eight as well as give Texas a run for the money in the race for the national title. The magazine focuses on one big Nebraska lineman, John Dutton, as its choice for defensive player of the year in 1973.

Big Eight labels Dutton as "massive." And why not? He stands 6'7" and weighs over 240 pounds. Big Eight explains in its selection of Dutton, "The massive Nebraska tackle who just may be the No. 1 college defender, won by two votes over (Lucious) Selmon and (Rod) Schoate (both top Oklahoma Sooners' defenders) as the next defensive player of the year. Naturally, OU supporters will insist that Schoate and Selmon, being from the same star-studded team, split the vote enabling Dutton to slip in the back door for the honor."

Dutton isn't the only Nebraska player to get plenty of ink. In Hal Brown's section "The New Breed"—referring to up and coming players—Rich Bahe and John Bell are expected to muscle a lot of the chores in order for Nebraska to regain the Big Eight championship. Bell will be competing for super star

Rich Glover's middle guard spot while Bahe will try to take another super star's place—road runner Johnny Rodgers.

It looks like Nebraska's T-back Dave Goeller may be right in his selection of Nebraska taking the Big Eight. Of course, Big Red fans can get a close look at this year's team on Sept. 8 on ABC-TV.

On that date the Huskers will take on UCLA in the first match of the season. What makes this game so interesting is that the Nebraska squad will have a chance to get revenge for the team's first loss of the season last year.

ABC television network intends on broadcasting the 3 p.m. game across the nation. What a chance to prove Nebraska deserves to be No. 1.

Earlier, I said Goeller may be right in his pick of Nebraska as No. 1.

A former Pilger High graduate backs Goeller and his selection. But one thing this Pilger grad wants straightened out is that Goeller did graduate from Pilger High and not Wisner Pilger High School.

"Dave was in the last Pilger High class before it merged with Wisner," pointed out Jim Winick of Winside. The former head basketball coach at Winside was proud to note that Goeller is "our last claim to fame."

One thing I failed to highlight in last week's Wayne Kiwanis Club golf tournament was how the local players got out. Players from visiting clubs—Norfolk

and West Point— took the top three spots, but Wayne had members placing fourth, fifth, eighth and ninth.

Date Gutschall finished in the fourth spot while Roy Coryell took fifth. Cal Ward came in eighth and Bill Workman rounded out the top nine.

Don Koeber, also of the Wayne club, tied Dean Christofferson of Norfolk for medalist honors. Both shot the fewest putts on the first nine holes at the Wayne Country Club.

Oh, yes, can't forget another honor won by the club. Club president Bob Carhart took laurels for the shortest drive off first tee.

While on the topic of golf, all Kiwanians still have time to enter the Beat the International President Golf Tournament.

Each member signed up plays a round of golf at his local course and submits his score to the Kiwanis district office.

The tournament, which lasts until Sept. 3, is one chance for club members to pick up a trophy for the district with the highest percentage of member participation.

WAYNE'S LITTLE LEAGUERS still have a chance to win their division. Right now the locals need a win over Winside to make it official, but as yet the weather hasn't cooperated for the final match. Playing on this year's squad are, front row from left, Scott Wessel, Jay Stolltenberg, Loren Murray and Jerry Goeden; back row, Jeff Dion, David Schwartz, Tom Ginn, Robin Turner and Tim Thomas.

## Newcastle Rips Ponca In Only League Match

Newcastle ripped Ponca, 10-1, Sunday night in the only North-east Nebraska Baseball League action.

Rain again forced the other teams to postpone their scheduling, leaving Newcastle to once again reign as the league leader.

The top team, now holding an 8-3 mark, ranks over Wayne and Homer—both tied for second with 6-2 records. Last week the duo was on top of the league. Ponca's fifth loss dropped the league team into a tie for fourth place with Wakefield. Both clubs have a 5-5 record.

Wayne rescheduled its match with Dakota City for last night (Wednesday), but manager Hank Overlin wasn't too sure whether or not Dakota City's field would be dry enough to play.

As far as Wakefield's town team scheduling is concerned, the area squad selected Friday night to go against South Sioux City in its makeup game. No date was available for the Homer-Winnebago match.

The only change so far in league games tonight (Thursday) finds Wayne travelling to South Sioux. The locals were scheduled to host the club, but

Wayne changed the meeting site due to the district three Legion Midget tournament at the Wayne diamond.

## Langenberg, Nelson Lead Riders During Mom, Dad Play Days

The Wayne County Hombres last week turned things around and let the youngsters be the judge.

Tuesday night parents belonging to Hoskins, Winside and Carroll saddle clubs were the contestants during the Mom and Dad play days while their children played the role of the judges.

The 11-event program, sponsored by the 4-H group, saw Roger Langenberg and LeRoy Nelson, ride to three wins each to lead the group of parents from around the area.

For the women, Sandra Nelson picked up two wins. Play days action continues throughout the area this Saturday when the Hoskins Saddle Club holds its annual contest beginning at 6 p.m. in the town's arena.

Ron Peterson of Omaha will be the judge for the 21 event show.

Last week's results:

Pleasure—Won by Stanley Langenberg, second, Roger Langenberg, third, Bob Kramer.

Women's Barrel Racing—Won by Sandra Nelson; second, Connie Behmer; third, Joyce Roth.

Men's Barrel Racing—Won by Roger Langenberg; second, Orville Anderson; third, Bob Kramer; fourth, Ron Lange; fifth, Richard Behmer.

Four-in-Line—Won by Roger Langenberg; second, Sandra Nelson; third, Richard Behmer; fourth, Ron Lange.

## A Game Away From Top Honors

### Crofton Team Disposes of Wayne

Crofton's town team, preparing for its league title battle, disposed of the Wayne club Monday night, 9-5.

The home team kept the margin in its favor throughout the contest, scoring one run in the first and adding another run in the second before boosting the score to 6-0 in the third frame.

Wayne hurler Mike Ginn started on the mound but was relieved in the fifth inning after Crofton ripped two more runs off the local to make the score, 8-0.

Randy Benish took over for Ginn, giving up only one run in the bottom of the seventh.

The locals didn't get into the game until the top of the sixth, collecting four runs on Benish's

two-run homer and a single by Steve Hix.

Wayne's hitting spree didn't take place until after Crofton retired its No. 1 hurler. The local club mustered one more run in the top of the eighth.

Wayne, now 12-3 for the season, was set to play Dakota City in a makeup game Wednesday night before travelling to South Sioux City tonight (Thursday).

### Work Day Rescheduled

Clean-up day at the Wayne County Fairgrounds will be this Friday afternoon and evening.  
The annual work session was not held Monday as had been previously planned because the grounds were too wet to mow, said Marilyn Koch, secretary-manager of the fair association.  
Volunteers are reminded to bring power mowers, forks, shovels, brooms and other cleaning equipment.  
Lunch will be served by various organizations after the clean-up.

## Carol Willers, Larry Vogel Married Saturday

In an afternoon ceremony Saturday at St. Paul's Lutheran Church, Carol Jean Willers, daughter of Mr. and Mrs. Alvin Willers, became the bride of Larry Vogel, son of Mrs. Angela Vogel of Dodge.

The Rev. Doniver Peterson officiated at the double ring rites. Sallie Pryor sang "Treat Me Not to Leave Thee" and "Wedding Prayer," accompanied by Mrs. Norman Meyer of Wakefield.

The church was decorated with altar bouquets of white and yellow glads and bell and ribbon pew markers in white, green and gold. Guests were ushered into the church by Mike Kluthe of Norfolk and Roger Willers.

The bride, escorted to the altar by her father, was attended by her sister, Mrs. Diane Habrock of Omaha, and Mrs. Karen Witt. They wore toe-length gowns of green floral print chiffon with scoop necklines, puffed sleeves and waist sashes. They wore white picture hats and carried small clusters of white daisies.

The bride's gown, designed by her mother, was of toe-length, styled of organza over bridal satin. Lace overlay on the fitted bodice extended to cap the long, sheer bishop sleeves which were caught at the wrists to lace trimmed cuffs. She wore a full

length mantilla and carried yellow roses with baby's breath.

Norbert Vogel of Dodge, served his brother as best man and groomsmen were Bob Westerbuhr of York. They wore grey

tuxedo jackets trimmed in black velvet with black trousers. The bridegroom wore a white tuxedo jacket with black trousers.

For her daughter's wedding Mrs. Willers chose a toe-length dress in light coral. Mrs. Vogel wore a green knit. Both had white accessories and wore white orchid corsages.

Sandra Chase of Allen registered the 150 guests for the reception held at the church parlors following the reception.

Mr. and Mrs. Paul Borg of Dixon served as hosts. Gifts were arranged by Patricia Smith of Holdrege.

Mrs. Linda Martindale of South Sioux City and Mrs. Doreen Vogel of Dodge cut and served the cake and Mrs. Shirley Kluthe of Howells and Mrs. Neva Kraemer of Wakefield poured. Sally Adams of Omaha and Mrs. Paulette Cordes of Omaha served punch.

Waitresses were Melva Kraemer of Wakefield, Linda Vogel of Dodge, Mary Ann Vogel of Schuyler and Donna Damme. Church women worked in the kitchen.

The couple will be at home next month at 650 E. 12th, Apt. A 204 in York. The bride is a graduate of Wayne State College and taught the past two years at Holdrege. She will teach at York this fall. The bridegroom is a graduate of Dodge High School and is employed by NPPD.

# 19 Towns Represented at NE Tech's 5-Day Course

Longer life of sewage plants and equipment in 19 area towns and cleaner water flowing from them was the object of a five-day course held last week at Northeast Nebraska Technical Community College.

Twenty-four men from 19 different towns in this type of training there is a return to the

community of \$91 in the life expectancy of its plant and equipment," said Russell Irwin of Lincoln, wastewater training supervisor who assisted with the Northeast College class.

Also participating for one day of the course was Jack Coakley of Kansas City, four-state regional chief of the Manpower Development Division.

Donald F. Wall, water technology instructor and water systems trouble shooter at the Water & Wastewater Technical School at Neosho, Mo., taught the course at Northeast College. It is one of four in the four-state region which his school has contracted under a federal grant.

Among area plant operators attending was Vern Schulz of Wayne.

## Society Picks Wayne Man For Position

Chris Bargholz of Wayne was named Grand Chef de Train of the state American Legion honor society during the Legion Auxiliary annual state convention in Lincoln Friday through Sunday.

The position is equal to area vice commander. Five men were named to the posts during the convention.

Named Grand Chef de Gare—state commander—of the society was Harold Swanson of Fort Calhoun.

Bargholz and LeRoy Clark, also of Wayne, were the only local American Legion members attending the three-day state convention.

Named state commander of the Legion during the affair was Dale Snow of Glenview. Mrs. John Horstman of Lincoln was elected to the post of department president of the Auxiliary.

Speaker for the 55th annual meeting was Lt. Gen. Daniel James Jr., principal deputy assistant for the Secretary of Defense.

GERTRAUD HAVRANEK (Left) and Mrs. Robert Zahniser do some catching up on news at the Zahniser home in Wayne. Miss Havranek became acquainted with Zahnisers when she was an exchange student at Wayne State College from 1969 to 1970.

## Austrian Visiting in Wayne Home

Gertraud Haveanek of Klagenfurt, Austria, returned to the United States earlier this month to renew friendships she made while studying at Wayne State College several years ago.

Miss Havranek arrived in New York City July 11 and has visited Dr. and Mrs. Glen Baker at Columbia, Mo., who taught at the college during her stay here, and Mr. and Mrs. J. Chesnut of Lincoln.

Mr. and Mrs. Robert Zahniser of Wayne picked up Miss Hav-

ranek in Lincoln Saturday and she will be their guest until this weekend. She left with Zahnisers Tuesday to vacation in the Black Hills.

The Austrian visitor also plans to visit a former WS classmate, Merryellen Towey Schultz in Columbus; a former WSC roommate, Carly Larson McWeeny of Gray, Ia., and Mrs. McWeeny's parents at Gowrie, Ia., before making the return trip home.

Miss Havranek teaches English, math and physical educa-

tion to 10 to 14-year olds at Klagenfurt, and in addition has English classes in the grade school. Her PE classes include instruction in skiing, ice skating, and swimming.

## 4-H Members To Participate In Contest

Five Wayne County 4-H'ers will be taking part in a live animal demonstration contest Friday morning at the fair grounds in Wayne.

The contest will be the first one ever held for youths using live animals, according to county agent Don Spitz.

Competing in the contest will be Steve Gramlich, sheep; Cindy Bull, dairy animals; Angie Schulz, rabbits; Gloria Splitt gerber, sheep and Laura Haase, rabbits.

The contest will be a continuation of last week's county demonstration contest at the city auditorium in Wayne.

Youths will be awarded ribbons and premium money following the contest.

The word "boycott" originated when Captain Boycott, a land agent on Ireland's Achill Island, was ostracized by his tenants for charging unjust rents, National Geographic says.

## Family Picnic Planned

The Even Dozen Club met Tuesday with Mrs. George Fox. Eleven members answered roll call. Guests were Mrs. Alfred Frevert, Mrs. Lizzie Meyer, Mrs. Herbert Reuter, Mrs. Allen Shufelt, Mrs. James Keating, Mrs. Kathy Terment and Mrs. Paul Rogge.

Mrs. Dean Meyer presided at the business meeting. The family picnic will be Aug. 12 at 6:30 p.m. at the Wakefield park. The birthday song was sung for Mrs. John Greve and Mrs. Emil Greve.

Mrs. Dan Dolph had charge of entertainment. A guessing contest prize was won by Mrs. Albert Nelson and prizes in pitch went to Mrs. Nelson and Mrs. Paul Rogge.

Mrs. Emil Greve will be the hostess in September.

### Meet at Park

The Serve All Extension Club met Wednesday afternoon at the Wakefield Park with seven members present.

Mrs. William Driskell and Mrs. Rudy Longe reported on the county council meeting. It was decided to have a booth at the Wayne County Fair. Committee members are Mrs. William Driskell, Mrs. Roger Hansen, Mrs. Rudy Longe and Mrs. Wilbur Utecht. Six members will assist with clean-up at the extension building at the fair ground Aug. 1.

The club tour was discussed and a date will be announced.

Next regular meeting is Sept. 19 with Mrs. William Driskell.

### ST. PAUL'S LUTHERAN CHURCH

(E.A. Binger, pastor)  
Sunday, July 29: Sunday school, 9:30 a.m.; worship, 10:30

The Albert L. Nelson family were Friday supper guests in the Bill Greve home. Sunday afternoon guests in the Greve home were Jerome Dinslage and the LeRoy Dinslage family, West Point, the Morris Thompkins, the Henry Greve family and the Merin Greve family.

Mr. and Mrs. Alfred Vendt, Baton Rouge, La., and the Ronald Vendt family, Norfolk, were Sunday afternoon and supper guests in the Emil Muller home.

The Paul Henschke family were Friday visitors in the Eldon Kieborz home, Loup City. Sunday evening they visited in the Clarence Kubik home, Thurston.

Mr. and Mrs. Clarke Kai were in Shelton Sunday where they attended a reunion and cooperative dinner of the Farm Bureau members who had taken the trip to Washington, D.C. earlier this year. Following the reunion, Mr. and Mrs. Kai travelled to Oconto to visit Mr. and Mrs. Joe Rempe, an army buddy of Mr. Kai's.

Guests in the Emil Kai home Friday night for the birthday of the host were the Stanley Andersons of California, Cindy Kai, Fremont, the Dick Kai family and the Clarke Kai family.

The Clifford Bakers and Connie, and the Larry Echtenkamps held a picnic dinner Sunday with Mr. and Mrs. Elmer Echtenkamp in Fremont. They also visited the experimental farm at Mead.

Mrs. Ervin Bottger and De Ann Greve were in Minnesota for the weekend where Mrs. Bottger visited in the Clarence Royle home in Minneapolis and DeAnn visited Sandra Henschke in St. Cloud.

Mr. and Mrs. Cecil White, Oceano, Calif., the Emil Tarrows, and the Gene Nettleton, family were guests of Mrs. Elsie Utemark Wednesday night.

Mrs. Wilbur Utecht entertained Wednesday night at a merchandise party for 15 guests. Mrs. Fred Dirks of Sioux City was the demonstrator.

Mr. and Mrs. Robert Hansen attended the National Spotted Swine Type Conference at Logansport, Ind., last Friday through Thursday. Gloria, Trudy and Kay Hansen spent the week in the Wilbur Utecht home.

Mr. and Mrs. Arvid Samuel-

## Police Receive 2 Mishap Reports

Two separate car accidents were reported in the city Sunday morning and Monday afternoon. About 5:50 Monday a parked car owned by Monte Niemann of Carroll was struck on the left side when a vehicle operated by Carolyn Vakoc, 108 Birch, was backing from a driveway, according to police. The accident occurred on the 300 block of West Sixth.

A California driver heading east on Third Street Sunday was struck broadside when a car driven by Arthur Hageman of rural Wayne was backing from a parking stall on the corner of Third and Main.

The California car, owned by Willy Stahl, sustained about \$100 damage, police said.

American farmers in 1972 paid \$2.8 billion in farm real-estate taxes and \$2.5 billion in federal and state income taxes.

## This and That... from YOUR COUNTY AGENT

DON C. SPITZE

### WAYNE COUNTY EXTENSION AGENT

**Diseases**  
I recently reported to my extension board that there had been less than the usual outbreak of insects and diseases this year, but in the last couple weeks I have had several different diseased plants brought into the office.

**Fairy Ring**  
Budd Bornhoff of Wayne reported that some of his lawn grass was turning dark green and wondered what was causing it.

I inspected the lawn and found horseshoe shaped areas where the grass was very dark colored, taller than the rest of the grass and there were mushrooms growing in these areas.

One of the problems of diagnosing any disease is that the disease never read the textbook on how it's supposed to look and often makes for real difficulty in determining the cause, but this happened to be a textbook description of Fairy Ring.

Fairy Ring, despite its name, is anything but an exotic disease. The disease is caused by a number of soil inhabiting mushroom fungi. The problem with the disease is that it's so difficult to control.

The development of the disease may be suppressed by fertilizing the lawn adequately with nitrogen several times a year and pumping large quantities of water 10-24 inches deep into the soil, at one foot intervals, within the rings of dark green grass. A "root feeder" and garden hose can be used.

Probably the most effective method of control involves care

ful removal of all sod within the ring and two feet to the outside and sterilization of soil underneath using a soil fumigant. It's easy to see why many people prefer to "live" with the disease rather than trying to eliminate it.

**More on Diseases**  
I have had several cases of diseased soybeans come across my desk in recent days.

The first was a sample of soybean leaves that had a "puckered" look to them. There are two things that generally cause this type of problem: herbicide damage or soybean mosaic.

According to the lab report, it turned out to be soybean mosaic. This is a relatively minor disease and probably won't affect yield to any great extent. There is no chemical control or resistant varieties, but you shouldn't save seed from infected plants for next year's planting.

**More and More on Diseases**  
Another soybean disease I have encountered is the bacterial leaf diseases, both bacterial blight and bacterial pustule. Black spots with water soaked margins surrounded by a narrow, yellow halo on the leaves are typical signs of bacterial blight. These diseases are favored by warm weather.

At present, there are no effective chemical control measures. Fall plowing to remove infested tissue and resistant varieties are accepted practices. Since both diseases may be seed-borne, the selection of disease-free seed will lower the incidence of them

## Farm Program Head: Falls Cause Third Of Farm Accidents

As harvest gets underway, farmers in Wayne County will be working long hours in the field, and the pressure to get crops in can cause fatigue and make producers more accident prone, a local farm program agency official warns.

A survey by the National Safety Council shows that 30 percent of all farm accidents are the result of falls, according to Ray Butts, executive director of the Wayne County Agricultural Stabilization and Conservation Service (ASCS) office. Therefore, farmers must guard against falls during this busy season.

Statistics from the Safety Council's 10 state survey reveal that 1,125 of the 3,808 accidents reported were falls, he said.

Another survey, conducted by the Farm Bureau Women in cooperation with The National Safety Council, was designed to investigate the specific causes of the falls. Results of the study established that:

- 76 percent of the falls resulted in serious injury.
- Primary cause of falls appears to be carelessness and errors in judgement.
- Less than one of every two falls occurred on a surface that was wet, muddy or icy. The remainder, 54 percent took place on a dry surface.
- 40 percent of the falls occurred in the yard or kitchen.

The Safety Council's survey is composed of information obtained from 10 states: Illinois, Indiana, Louisiana, Michigan, Minnesota, Nebraska, New York, Ohio, Oregon and Wisconsin. The three states involved in the Farm Bureau Women's study are Iowa, Maryland, and Pennsylvania.

"Because numerous cases have been reported, the United States Department of Agricul-

ture has established falls as the theme for the July safety program," Butts said. In addition, the slogan "Falls Hurt—Be Alert!" has been chosen as the theme of National Farm Safety Week, July 25-31.

Butts commented: "Falls occur often enough to create nationwide concern for their causes. All aspects of farm safety are a challenge which continually face the American farmer."

Any type of accident could seriously jeopardize the chances for "smooth operation" during the summer months. Farmers must guard themselves against judgement errors and carelessness, especially during the harvest season, he added.

### 4-H CLUB

#### Blue Ribbon Winners

Members of the Blue Ribbon Winners 4-H Club met July 22 at the Dean Owens home for a call tour. After visiting the homes of all the members, the business meeting was held in the John Rees home.

Thirteen members answered roll call. Minutes of the last meeting were read and approved. Fairs were discussed and lunch was served by Mrs. John Rees.

Twenty three members and friends of the club toured the IBP meat packing and processing plant in Dakota City June 28.

#### Modern Misses

Modern Misses 4-H Club members met July 10 with Elizabeth and Frances Prather. Thirteen members and two guests, Valerie Nelson of Osmond and Brenda Carstens of Norfolk, were present.

Demonstrations were given by Jodi Fleer, Sally Malcom, Elizabeth and Frances Prather and Carol Baird. The group judged oatmeal cookies and baked luncheon desserts.

The overnight campout held July 15 at the Paul Dangberg farm was discussed. Next meeting will be Friday with Lisa Peters of Winside.

News Reporter, Judy Korn

#### Busy Bees

The regular meeting of the Busy Bees 4-H Club was held July 16 at 8 p.m. in the home of Judy Janke. Wayne Fifteen members answered roll call with "Blow Your Mind" Mothers were guests.

Lesson leader was Mrs. Allen Splitfger. Members practiced songs for the song contest.

Kim Blecke, news reporter.

## 'Farm Weekly' Focus Is On Rural Wayne Youth

A rural Wayne youth, Rane Kniesche, was featured Monday on the front page of the Sioux City Journal's Farm Weekly.

Reason: she was chosen dairy queen during the record annual district dairy show at Atokad Park in South Sioux City last week.

The show attracted a record 108 entries, making it the biggest one ever held at South Sioux, according to Dakota County agricultural agent Art Moseman.

Sixty-nine individuals from Iowa, South Dakota and Northeast Nebraska showed during the event. Purple and blue ribbon winners qualified for exhibiting at the Ak-Sar-Ben dairy show in Omaha on Sept. 21.

The new dairy queen, 17-year-old daughter of Mr. and Mrs. Victor Kniesche, will represent the district at the Ak-Sar-Ben show.

Miss Kniesche has belonged to 4-H for the past eight years and has been a member of a dairy judging team for four years. She owns 27 dairy animals.

Along with the queen honors, she received purple and blue ribbons at the Nebraska State Fair the past three years and was county champion in showmanship two years. She has 10 4-H dairy projects this year.

She comes from a dairy family: sister Rhonda, 15, won a purple and blue ribbon at the district show, and brother Vincent, 13, won two blue ribbons.

Sponsoring the show were the Atokad Raising Association, the South Sioux City Chamber of Commerce, Agriculture asso-

## 'Let's See . . . Are My Answers Right?'

CAMMIE CROOKSHANK of Laurel peers over the shoulder of Donna Rhodes of Concord as Joycelyn Smith, home economist extension agent at the Northeast Station, reads off the answers. Both Cammie and Donna along with Jill Twiford of Laurel, left were among a large group of girls participating in the Dixon County 4-H home economics judging show held at the Station Thursday.

## Government Cuts Back On Set-Aside Land

There will be no government set aside of land in 1974 for feed grains, soybeans, wheat and cotton, the Wayne County Agricultural Stabilization and Conservation Service (ASCS) reports.

That is one of the moves by Secretary of Agriculture Earl Butz to assure adequate supplies of food for domestic and export markets. The moves followed President Nixon's Phase IV economic announcements last week.

Because there will be no government set-aside, about 19 million additional acres will be available for production in 1974.

"Farmers will be free to go all out to produce feed grains, soybeans, wheat and cotton next year, and can make those plans now," Butz said.

"The actions taken in Phase IV to assure farmers of a fair return on poultry, pork, beef and milk will improve prospects in those commodities so farmers can plan for profitable production," he added. "This will reverse the recent trend where we have seen farmers ship pregnant cows to slaughter and baby chicks killed because of poor possibilities of meeting costs."

Secretary Butz said he has

been assured by the director of the Energy Policy Office that his office will pledge full support to provide adequate fuel to harvest and dry this year's farm production.

"We will do all we can to help farmers minimize harvest losses this fall and get a head start on next year's farm production plans," Butz said. "I am asking private farm suppliers, farm cooperatives, farm organizations, commodity groups and others to join in a nationwide effort to provide supplies, storage, credit, transportation and other help to farmers in this all out production effort."

"If we have a feed grain harvest this fall of the size now anticipated and if we have an adequate crop in 1974, we will avoid export controls on grains. We expect to lift all export controls when the 1973 crops become available," Butz said.

Butz pointed out the changes made in government farm programs last fall and this spring have helped increase farm plantings nine per cent this year. "We are now projecting record harvests for feed grain, wheat and soybeans this year, up 6, 13 and 24 per cent respectively from a year earlier," he said.

### 4-H CLUB NEWS

Members of the Dixon Belles 4-H Club met July 9 in the Carroll Hirschert home with Sandra Hirschert as hostess.

Ten members were present. Roll call was answered by members telling what they will take to the fair.

Reports were given by Janet Walton and Denise White on the 4-H camp at Ponca they attended June 29, and by Anna Borg on the photography workshop she attended at the Northeast Station, Concord. Eight members attended the tie dying demonstration at the Northeast Station, conducted by Pamela Heller.

Members decided what they would wear for song contest Aug. 16 at the Northeast Station. Plans were made to have a booth at the Dixon County Fair. Demonstrations were given by Marilyn Eckert, "Putting in a Zipper," and Sandra Hirschert, "The Craft I Am Making." Marilyn Eckert held a group judging on best methods of putting in a zipper. A song Denise and Diane White were in charge of entertainment. The August meeting, which will be held before the fair, will be hosted by Janet Walton. News reporter, Janet Walton.

### Club News

Loyal Lassies 4-H Club members met July 10 at the Lester Hansen home. Judy Temme led the 4-H pledge.

The group decided to hold their camp out some time after the fair and made final plans for the family picnic held at Ponca Sunday. A discussion was held on the county fair booth.

Demonstrations were given by Judy Temme on photography, Laura Haase on rabbits, Rhoda Ostendorf on arrangement of clothing and drawers, Sandra Ekberg on treating and sewing wool, Connie Hansen of self improvement, Judy Temme and Cindy Buft on washing calves.

The members judged foods and clothing after the business meeting. Next meeting will be July 24 at the Marvin Nelson home.

## Julie Paulsen Is Scholarship Recipient

Julie Paulsen, daughter of Mr. and Mrs. Charles Paulsen, Laurel, has been selected as recipient of a half music scholarship to attend Wayne State Music Camp, beginning July 25. The scholarship is offered annually by the Laurel Tuesday Club.

Other Laurel students attending are Terry Urwiler, Steve McCorkindale, Susan Schroeder and Kim McCorkindale.

**Is Remodeled**  
 During the past ten years the Laurel High School library has undergone extensive remodeling procedures. Partitions were built to provide emergency work study areas and extra classrooms.

Laurel High has since experienced a slight decline in student registration, permitting partitions to be removed providing almost double floor space for work study assembly and library facilities.

Ceilings are being lowered, carpeting installed; new rest rooms and water foundations are completed, and new draperies have been ordered for the windows.

According to Laurel High School librarian, Mrs. Howard F. Hansen, work is also progressing on the processing of 175 new books, film strips and educational records received this summer.

**Teachers Take Courses**  
 Four Laurel teachers are spending a portion of their summer vacation attending a three-week course at Wayne State College.

The specialized course is offered for special learning disabilities.

Those attending are: Mrs. Arith Anderson, Mrs. Vera Diecker, Mrs. Mary Dahlquist and Mrs. Dianne Anderson.

The price of almost everything the consumer buys has gone up faster than the cost of food. While food costs have increased 47 per cent since 1952, the average worker has enjoyed pay raises of more than 140 per cent. During this same period the cost of medical care has gone up 123 per cent and housing now costs 64 per cent more.

# Farmers Urged to Learn First Aid

With National Farm Safety Week underway, Wayne County chapter of the American Red Cross urged farm workers to learn first aid as a major step in reducing the high accident rate in the nation's largest industry. Next to the building trades, agriculture is the most lethal of all occupations, causing 2,300 accidental deaths a year, according to K.J. Nelson, Red Cross

safety programs chairman in the Heartland Division. It also ranks high in causing disabling injuries—some 200,000 a year, Nelson said. Leading causes of farm injuries are motor vehicles, field work and accidents occurring in the home. "These accidents usually occur far from hospital or other professional medical help," Nelson

continued. "In many instances, proper emergency care within seconds is necessary to save the victim's life." For this reason it is vital for persons working on a farm to know first aid. Artificial respiration, control of bleeding and care for fractures are among techniques taught in Red Cross first-aid courses. If the victim of an accident is conscious, he may

be able to use one of these skills to save his own life," according to Nelson. With the vast increase in the number of farm ponds, drowning has become another leading cause of death on the farm, Nelson said. "The aim of Red Cross water safety courses is to help people acquire swimming and life-saving skills." He urged farmers to install a

## Wayne County Has Shortage of People In Health Fields

To what degree are residents of Wayne County affected by a condition that is plaguing most areas of the country—the short age of doctors, dentists, nurses and other health personnel? What is the ratio of health workers to population locally, as compared with the ratio in other communities? According to the most recent government figures, although there has been some increase throughout the United States, during the last few years, in the number of people engaged in health services, it has done little more than keep pace with the change in the population and with the added load created by Medicare and Medicaid. A persistent problem, also, has been and continues to be the concentration of medical facilities and personnel in the big cities, leaving a severe shortage in rural areas.

In Wayne County, based upon the latest tabulation by the Census Bureau, the number of men and women employed in the health field is 84. A breakdown of this total shows that 15 of them are in the category designated "physicians, dentists and related practitioners," which includes chiropractors, optometrists, podiatrists, osteopathic physicians and the like. Another 32 locally are termed "health workers." This group is made up of dietitians, registered nurses, therapists, hygienists and technicians. The remaining 38, called "health service workers, in-

## State Law Requires Immunization

A law passed by the Nebraska legislature makes it mandatory that all children entering a Nebraska school this fall up to age 12 have to be immunized against measles, rubella, polio, diphtheria, tetanus and pertussis.

necessary immunizations, department officials note. Children entering school for the first time should present an updated immunization record to school officials by the beginning of school.

A general guideline for determining if a child entering school is fully immunized is as follows: DTP/TD (Diphtheria Tetanus Pertussis); series of three immunizations and a booster at school entrance, commonly called "baby shots."

**Exon Picks Safety Sabbath**  
Governor J. James Exon has proclaimed Sunday as Safety Sabbath as part of an August traffic safety campaign. In a letter to Nebraska clergymen announcing the proclamation the governor said: "I appeal to all churches and synagogues to join with me in an effort to convince the drivers of our state that the moral responsibility of being our brother's keeper definitely applies to driving."

Oral Polio: series of three or more immunizations and booster at school entrance. Measles/Rubella: one injection of each or a combination immunization is considered adequate. Vaccinations are now available in combined form. No booster required. This is only a suggested guideline, and at all times your private physician's recommendations should be followed, says the Nebraska Department of Health. Since school will begin in a few weeks, parents should make arrangements as soon as possible with their physicians to see that their children receive ne-

The governor's action is part of an all-out effort to reduce traffic accidents on Nebraska's streets, roads and highways. August was chosen as a target month for the campaign because it is traditionally a high accident month. Fifty-nine people were killed in traffic accidents in August 1972; the August 1971 toll was 61.

## Study on Highway 57 Completed

The Nebraska Department of Roads has completed an approved study of location and design for a proposed improvement to Highway 57 north of Carroll.

The proposed improvement begins at the junction with Highway 20 east of Belden and runs south along the present highway for 9.3 miles to the north corporate limits of Carroll.

A location and design study report is available for public inspection at the Department of Roads district office in Norfolk. The report and other project information, including the environmental impact study, are available upon request to the Department of Roads main office in Lincoln.

Hard-surfacing of the highway is scheduled for contracting during the fiscal year ending June 30 next year, according to the state highway department. The work will cost an estimated \$765,000 and will include grading, structure work and either asphalt surfacing or paving.

Although the project will be contracted for during this fiscal year, work on it may not be completed in those 12 months, state road officials explain. The highway is currently gravel surface.

## 'Let's compare rates'

Wakefield

Dear Editor: You recently published a statement by a prominent Wayne individual implying that the people in Wayne are bearing an unfair burden as result of rural high school students attending the Wayne school.

In your latest edition you carried an item that the Wisner-Pilger school board had set the non resident tuition rate (high school) at \$1,050 per student, an increase of about \$50.

Since you have published the above items I think you should go one step further and publish the rate of non-resident high school tuition as set by the Wayne school board, the Winside school board and the Wakefield school board for the year 1973-74. This should be on your front page in large enough print so everyone can see and read it.

Cornelius H. Leonard

(Editor's Note: The \$1,050 non-resident tuition rate which will be charged at Wisner-Pilger next year is the rate for

grades seven and eight, something we failed to report when we put the information in our "Weekly Gleanings" column. The high school non-resident tuition rate at Wisner-Pilger will be \$1,850 next year, an increase of \$70 over the rate charged last year. Here are the figures requested by the letter writer:

Wayne—\$1,850, up from \$1,750; Winside—\$1,850, up from \$1,750; Wakefield—\$1,800, up from \$1,750. Laurel will charge the same amount this year as last year, \$1,750. West Point increased its rate \$50, from \$1,750 to \$1,800. State law stipulates that schools must charge at least as much as their cost per pupil in permit-

ting students outside the district to attend school. That rate is determined through a complex formula involving operational costs, debt services and value of the school plant and equipment. The Wayne individual referred to is Walter Moeller, who reportedly told Wayne Kiwanis Club members recently that "Wayne is bearing too much of a load for rural kids going to school."

## 'You still have to read'

Wayne

Dear Editor: Sister Jamesine gave her third and last talk on reading and the teenager.

Sister stressed that confidence is needed by the teenager for emotional and intellectual growth. "I like me" is the image the teenager must have of himself. In the teen years, vocabulary words like belief, self-concept, self-image and conscious creep into the language and thoughts of the youth. Youth is self-conscious of what others think of him; he does not like to make mistakes; he wants to be accepted.

If a teenager receives a work orientation program where he can get experience on a job, he will read all about it. He shows lack of interest span on projects he is not interested in at this time. It is a disservice to teenagers who are interested in learning by doing to force them to read the principles of Plato, for instance, or to read the Tale Of Two Cities when he is interested in taking an engine apart or in being a veterinarian.

Today, not all knowledge comes from books. This group of teenagers has been born at a time when there is an explosion of media of the market, which is painless reading as far as the teenager is concerned, and he gains much knowledge. Sister called it all "the electronic circus." Television, tapes, compu-

tors, projectors, records and victrolas, transistors, radio, newspapers, magazines, movies, photography, filmstrips—are all media for gaining knowledge other than from books.

However, technology will never take the place of the printed word. You may have a stylish washing machine, but you still have to read the directions as to how to run it. Teenagers who cannot decode the word become behaviour problems; they have personality, and psychological problems; they are frustrated; they have an inferiority complex; they are bored with living. However, they can learn to read the printed page, when and if they are interested in a type of work out of which they intend to make a career.

Sister then threw out the idea, that we must get business behind the teenager to give the youth of today experience in the job of this choice. Since the United States has the child-labor law, teenagers cannot work for a wage; but, they could work some hours for free, or a donation could be given for their service by some sacrificing employer. This would be the spark the teenagers in our country need.

Sister gave a long explanation, and showed what teenagers would read, if they were given a training on the job experience. The city council and the Rotary Clubs could help in the venture.

# Prickly thorn in state aid rosebush bothering some schools

LINCOLN—Nebraska's school districts are finding a thorn in the state school aid rosebush.

The 1973 Legislature dropped an additional \$20 million—all from federal revenue sharing—into the state aid kitty, raising the total to \$55 million for the 1973-74 school year.

But that legislation also included spending limitations based on cost of living indexes, and some school districts now report they are having difficulty fitting expenditures into the new constraints.

The Legislature's idea in puffing the ceiling clause into the bill was to forestall expenditures which would eat up the additional state aid without affecting the level of local property taxes.

But the Nebraska State School Boards Association (NSSBA) took a survey of 280 school officials and found that about 40 per cent of the schools will meet the spending restrictions without trouble.

THE REPORT SHOWED THAT almost 24 per cent of the schools expect to have to tack some planned expenditures onto the programs for the fiscal year just ending (Aug. 31) in the form of supplementary budgets.

By making the expenditures this fiscal year, they avoid the spending limits imposed by the lawmakers on the 1973-74 budgets.

The NSSBA survey also showed that nearly eight per cent of the schools are considering shifting money originally ticketed for remodeling or site improvements over to operational purposes, deferring the repairs until later.

Still another eight per cent reported they didn't know how they would squeeze their planned expenditures into the amounts allowed by the limits.

THE CEILINGS ARE BASED on a formula which considers the consumer price index and the wholesale price index. Ross Rasmussen, executive director of the NSSBA, said the new law has been interpreted to refer to the cost of living measurements for the 1972 calendar year.

Rasmussen said there have been dramatic increases in costs already, compared with 1972, and that there will be further hikes before the 1973-74 school year ends.

He said this has made it difficult for the schools to try to work out a budget that fits within the limits imposed by the state and still provide the salary, equipment and materials expenditures that will be demanded by the inflation.

Some schools have reported to the NSSBA that they would have to exceed the allowable increase levels merely to continue the same programs they have been offering.

### Building Plans Due

Two architectural firms are to have plans for a new state office building ready soon.

The plans will be submitted to the State Building Commission, which will decide which firm is to design the structure to be constructed a block north of the Capitol.

THE FIRMS ARE Davis, Clark & Associates of Lincoln and Henningson, Durham and Richardson of Omaha. The Davis, Clark firm had drawn plans for the building three years ago when the project was moved to the verge of construction, then halted by the Legislature.

An opinion from the attorney general's office has been received which says the state isn't obligated any longer to honor the original contract with Davis, Clark.

GOV. EXON SAYS he wants to have the commission choose an architect next month so the project can get moving.

The 1973 Legislature earmarked revenue from cigarette taxes to pay off bonds for the building. The City of Lincoln will sell the bonds and the state will lease the structure from the city until the debt is paid. The State Constitution prevents the state from going into debt itself for such a project.

### GRASSROOTS OPINION

Healdsburg, Calif., Tribune: "The country is moving ahead toward a cleaner, more ecologically pure balance. It can't be done overnight, as some woody witchdoctors would have us believe. Matter of fact, we have among us some instant experts who by their gospel would like to see the country go back to its disease-ridden, often hungry wilderness state of 200 years ago. There's just one problem with his saving every weed, doing away with every pesticide and insecticide, fighting the cutting of any lumber tree, and eliminating fertilizers—200 years ago there were only a few million people in this nation, today there are over 200 million to feed and house. It's interesting to note that so many of the people against anything that might help improve the lot of their fellowman are people who are housed most comfortably, have extraordinarily fine jobs and have nothing but complete security in their future—yet often forget about the need for the well-being of other human beings."

## WAY BACK WHEN

### 30 Years Ago

August 5, 1943 F.B. Decker resigned as Wayne county superintendent to accept a position as supervisor of high schools and adult education in the office of State Supt. Wayne Reed, who made the appointment. The U.S.S. Wayne, United States navy ship named for Wayne County, will be launched this week. Tommy, two-year-old son of Mr. and Mrs. E.A. Jensen, rolled off a bed Saturday and broke his right collar bone. Mixing and spreading of bituminous surfacing on the highway south of Wayne started this week. Jim Morrison will receive the eagle award in boy scouting Friday evening at court of honor at Bressier park. Wayne county ration board announced that 2,377 new A gas line ration books have been issued in Wayne county. The end of coffee rationing is especially welcome news to persons with a strong coffee habit.

### 10 Years Ago

July 24, 1963 Dr. W.A. Koeber, Wayne, picked a most difficult way to get a "birdie" on the golf course Friday. He did it by knocking a blackbird out of the air with a drive from the tee on number three hole at the Wayne country club course. Arthur Jewell, former Dixon resident, now living in Goldfield, Ia., is recovering at his farm home following an experience few men live to tell about. He was struck by a bolt of lightning during a storm near Goldfield. Wayne Legion Post Commander Jim Pokett, has recommended Keith B. Boughn from the Wayne post for outstanding work in the field of Americanism and American Citizenship during the past year. Last Saturday at 8 a.m. Wayne telephone customers began dialing their own long distance calls. Mrs. Clarence Kuhn won an expense paid three day vacation at Gull Lake, near Grand Rapids, Minn., while on a buying trip to the Fashion Market in Minneapolis.

### 25 Years Ago

July 29, 1948: An estimated 2,000 people attended the American Legion sponsored horse show in Wakefield this week. Dedication ceremonies of the new Re-deemer Lutheran Church will be held Sunday with special services throughout the day. Mrs. Emil Brader suffered severe internal injuries Friday afternoon when the car in which she and her husband were riding collided with a Sherry Brothers produce truck near Wayne. The truck, driven by John Wiren, overturned. Rev. J.H. Sherry, new pastor of St. Paul's Evangelical Lutheran church in Wayne, will conduct his first service here Sunday, August 1. Lawrence Fell was elected commander of the local American Legion Post at a meeting Wednesday succeeding Dr. G. Shupe.

### 20 Years Ago

July 23, 1953: The first case of polio in the Wayne area was reported last Wednesday when Robert Longe, 14-year-old son of Mr. and Mrs. Rollie Longe, Wayne, was stricken. State Senator L.M. Schultz, Rogers, discussed the legislation enacted at the last session of the unicameral in a talk before the Wayne Kiwanis club Monday noon. Thursday, July 30, is the date set for this year's Old Settlers reunion at Winside. This will be the 53rd annual reunion held at Winside. The fuel pump on the new diesel unit at the light plant went on the "blink" shortly after midnight Sunday morning, causing a power failure for about four minutes. The unit backfired—making a loud report heard in Wayne.

### 15 Years Ago

July 31, 1958: The lease and equipment of the Morrison hotel have been sold to Burtis B. Smith, Omaha, Mrs. J.H. Morrison announced this week. A last-minute warning that new postage rates will go into effect tomorrow was issued today by Postmaster Don Wightman. Wightman cautioned that regular first-class letters will require four cents postage an ounce; air mail letters seven cents an ounce; air mail postal cards five cents each, and regular postal cards three cents each. Karen Fenske, Winside, has been awarded the Delta Kappa Gamma tuition scholarship at WSTC for the coming year.

## OBSERVATIONS

### Hail hurts others, too

Last week's hail storm northeast of Wayne might not mean much to residents of this community. It's just another hail storm, and the farmers who got hurt will get by, many people might have said after they heard about it.

But it was much more than just a loss to those farmers in the hail area. It was a loss to everybody in this community and the surrounding towns.

Using today's market prices, that hail storm could easily have ruined \$400,000 worth of crops if it destroyed a square mile of corn, a square mile of soybeans and a square mile of oats. Since the hail damaged crops in an area a mile or two wide and several miles long, it's not hard to figure that it could have destroyed that much... if not a lot more.

What does that mean to you and me? It means a lot more than many people seem to realize. That's \$400,000 which the

farmer won't have coming in around harvest time. And consequently, that's \$400,000 which he won't have to spend for such things as new machinery and cars, new furniture, repair work around the home, new clothes and the like.

When you start thinking about it in that way, that hail storm last week was much more destructive than it seemed at first glance.

The hail storm serves to point out something we should all remember. And that is that farming in this part of the state is just like a huge industry. A strike in an industry can severely hurt a community. So can reduced production or shutting down of a plant. We all can easily understand that. It's harder for us, however, to understand that a severe hail storm in this part of the state can be just as damaging.

### 'Tree board' needed?

A forester with the University of Nebraska extension division has a suggestion which Wayne and surrounding communities might consider.

E.H. Benson suggests that all communities should have a "tree board" which is responsible for developing its tree program.

It may sound unnecessary at first, but not after you give it some thought. Any town or city which has beautiful, well cared for trees will point out that the tree program has been carefully planned and carried out year after year, according to Benson.

Individual homeowners have to plan their tree plantings so they are both functional and beautiful. It's not hard to understand, therefore, that a community has to do the same thing if it hopes to have trees throughout the community which are attractive as well as worthwhile.

A tree board, which could be appointed

by the mayor or other city officials, would have several responsibilities, according to Benson. They would include such things as:

- Keeping an inventory of all public trees by species, age, sizes and physical condition.
  - Deciding on species and where all trees are to be planted.
  - Scheduling removal of dead or defective trees.
  - Making decision as to need for pruning and maintenance.
  - Recommending to the town's governing body ordinances which are needed.
  - Defining priorities and determining long-range goals, annual work plans and budget needs.
  - Publicizing and implementing the annual work plan.
- Benson's suggestion seems like a good one. We think the Wayne city council and governing bodies of surrounding communities should consider following it.
