Lastest Quiz: Should Girls Participate in Athletics?

What are your feelings about girls athletics in high school? If you have an opinion on the subject, you are being offered a chance to make it known through The Wayne Herald's second Speak Out.

Your own personal ballot in the latest mini poll is printed on the editorial page inside this issue of the newspaper. If somebody else in your family clips out the ballot before you get a chance to, just jot down your vote on a slip of paper and send it in to be tallied with the others. Comments are welcomed.

The first mini-poll resulted in more than 100 readers voicing an opinion on the change in uniforms by Wayne policemen. Since the second mini poll taps a greater number of readers, many more ballots are expected to be returned in this survey, according to Norvin Hansen, newspaper editor.

"This Speak Out should draw a lot of reader interest, especially considering that Wayne High just started offering girls volleyball this fall," Hansen said.

Readers in Allen, Laurel, Winside and Wakefield as well as other communities also should find the survey of interest since their high schools have been offering girls athletics in the past, he added.

If a large number of people send back their ballots, the results should give some indication of how people feel about girls athletics, according to Hansen.

However, the survey makes no claims to being a scientific sampling of public opinion, he said. "It's just the newspaper's attempt to give everybody an equal chance to voice an opinion on a subject which is of quite a bit of interest right now," he said.

Pender Man Claims \$50 In 'Bucks'

A Pender man is the latest person to reap the benefits of Wayne's weekly Birthday Bucks promotion.

He is Larry Sokol, who won \$50 in coupons by being the person in town last Thursday night with the birthday closest to the winning date drawn at random earlier. Sokol was at the Lil' Duffer Burger Barn when the date was announced at 8:15 p.m.

Sokol's Birthday Bucks can be spent just like cash in any of the stores taking part in the promotion.

Again Thursday night a grand prize of \$300 in Birthday Bucks will be offered to the shopper with the birthday falling on the exact date drawn. The \$50 consolation prize will go to the person whose birthday is closest to that date if the grand prize goes unclaimed.

No purchases are necessary to participate in the weekly drawing, and previous winners are eligible to win again. Employees not working on Thursday nights are also eligible for the drawing.

Burt Seeking Amending of Two Charges

Wayne County commissioner Floyd Burt, charged with two counts of malfeasance by a public official, has filed a motion in district court asking that the two charges be amended into one charge.

Burt, of rural Winside, is charged by county attorney Bud Bornhoff of Wayne with making two illegal purchases in the name of Wayne County. The purchases involved fires, two of which were allegedly for a third party and one of which was allegedly for Burt's personal use.

Burt is to appear in district court in Wayne on Oct. 3 to face the misdemeanor charges. If found guilty of the charges, he could be fined and removed from his county commissioner post.

Council Hires Administrator

Wayne will have a city administrator beginning next month.

He is Fred Brink, currently administrative assistant to the director of public works at Kansas City, Mo.

Brink, 43, was hired Tuesday night by the city council. His salary will be \$16,200 a year.

Prior to joining the Kansas City public works department Brink was self-employed for about seven years in manufacturing concrete blocks in San Jose, Calif. He has been at Kansas City the past two years.

Although born in Omaha, Brink grew up in Kansas City. After three and a half years in the Marine Corps, during which he served in Korea, Brink went to work for the Kansas City municipality and began attend-

FRED BRINK

ing the University of Kansas City.

He obtained a bachelor's degree in history and government in 1957, then moved to Anaheim, Calif., as an intern under the city manager. He took graduate work at the University of Southern California, receiving his master's degree in public administration this spring from the University of Missouri at Kansas City.

Brink and his wife, Jill, have three children. They are Fred, 17, Christina, 13, and Eric, 10.

Brink was hired by the council after personal interviews with him and one other applicant for the job, according to mayor Kent Hall. A total of seven individuals applied for the job. The new administrator's duties will be varied. Among them will be drawing up the city's proposed budget, serving as a public relations officer, estimating city expenditures, making recommendations to the mayor and council on appointments and dismissals of department heads under him, establishing a job classification and pay plan, and supervising public buildings and property. He will attend council meetings also, according to mayor Hall, so the council can refer problems and projects to him.

Brink's position was created by the council following adoption of a comprehensive efficiency study of the city which recommended the city have an administrator.

Reserve Force for Police Is Step Closer to Reality

Wayne moved one step closer to formation of a reserve force to help the local police department in times of emergency or on special occasions.

City councilmen Tuesday night ordered police chief Bob Evers to specify such things as length of initial training before approving three applicants for the reserve.

Evers, who brought up the subject of the reserve to the council last month, said he wanted council approval on hiring the three applicants so they could be used Saturday during Band Day at Wayne State College.

Council agreed not to approve the men until more specific information is obtained on length and type of initial training for reserve officers.

Several councilmen agreed that the reserve force is desirable.

Jim Thomas and Pat Gross noted that the reserve force, had it been in existence, could have been called out a few years ago when local volunteer firemen were asked to help in a disturbance and again when they were called out on a suicide in the rural area.

Something like that is "way out of line" for the firemen but would be appropriate for a reserve force, they agreed.

An ordinance providing for creation of the police reserve is already in existence, according to the city attorney, but the force has never been formed. The ordinance was adopted about six years ago at the request of former chief Vern Fairchild, according to the city attorney.

In one of their shortest sessions in recent years, lasting less than an hour and a half,

councilmen also agreed to let the former city engineering firm complete several projects it has already begun.

Council last month voted \$52 to end its contract with Consolidated Engineers Architects of Wayne.

But Tuesday night the councilmen approve letting the firm finish work on providing the new hospital with sewer and water, installing the huge fuel storage tank the city has ordered, and providing a water and sewer extension on West Seventh Street.

The firm also may be called on to work on several other projects started or under consideration, including providing a sewer extension on East Seventh and conducting studies of waste water flow.

After ending the contract last month, councilmen received a letter from the firm saying the council was "unadvised or ill-advised" concerning the agreement which was in effect.

The letter noted that the arguments for ending the contract were "erroneous" since nowhere in the contract is it stated that the agreement is an exclusive one.

Councilman Jim Thomas has argued when asking for termination of the contract that the city should be "free" to hire any engineering firm it wishes.

The letter asked that the council reconsider its action.

Also Tuesday night the council told the city attorney to obtain more information about initial cost of the radio beacon he has suggested the city install at the See COUNCIL, page 6

JOHN BARR

Funeral Held For Longtime Businessman

Funeral services for longtime Wayne businessman John Barr were held Wednesday afternoon at United Presbyterian Church in Wayne.

Barr, 69, died Monday. Barr had been in business in Wayne for about 20 years, operating Melody Cleaners from 1953 until last year.

Born on July 16, 1904 at Scammon, Kan., he grew up and attended high school at Manhattan, Kan. He attended Kansas State University before serving in the Navy from 1942 to 1945.

He married his wife, the former Jessie Axmear, at Stockton, Calif., in 1944, and the couple moved to Wayne in 1953.

Officiating at the funeral services was the Rev. Robert Haas. Organist was Mrs. Fred Webber.

Honorary pallbearers were Dr. James Smith, Gordon Thatcher, William Pfeil, Walter Woods, Walter Moller. Bill See BARR, page 6

Community Chest Drive Draws Near

Persons who will be responsible for conducting the annual Community Chest fund drive in Wayne this fall will meet for an informational meeting Monday.

The meeting, for the 55 captains of the drive and drive officials, is scheduled for 7 a.m. at Bill's Cafe.

Heading up the drive this year are co-chairmen Don Wightman and Cal Comstock.

President of the Community Chest is Dennis Boehme, named to replace Darryl Lehnus after Lehnus gave up his teaching position at Wayne State College earlier this year.

Those three men and the eight board members are in the process of picking five persons each as drive captains. On the board are Bob Jordan, George Phelps, Melvin Froehlich, Ray Butts, Marilyn Carhart, Jan Liska, Ken Swarts and Jim Hummel.

Boehme said he hopes residents of Wayne will make it easy for the drive workers to top the \$12,000 goal this year. "All the groups and organizations which benefit from the drive are worth our support and depend a great deal on the funds they receive from the Community Chest," he said.

DENNIS BOEHME

DON WIGHTMAN

CAL COMSTOCK

"One of the best parts of the annual fund drive is that it allows a person to make just one contribution a year rather than having to worry about giving to several drives at different times of the year," he added.

After Monday's meeting, captains will recruit five workers each to help canvass the community in the two-week drive.

Benefiting again this year from donations will be the Boy

Scouts, Girl Scouts, Senior Citizens Center, city recreation program, Florence Crittendon Home in Sioux City, USO, Red Cross, cystic fibrosis research and the Salvation Army.

Goal for the drive is \$2,000 higher than a year ago. Drive workers just missed reaching last year's goal, falling short by a few hundred dollars.

The drive will be kicked off Oct. 1 following a meeting at

Wayne State College for all drive officials, captains and workers. That meeting is set for 7 a.m. in the Birch Room of the Student Center.

After that kick-off breakfast, the more than 250 drive workers will be contacting individuals for donations. Workers are urged by Boehme and the co-chairmen to turn in all their donations by the end of two weeks.

New Court May Be Just What the Doctor Judge Ordered

By Sandra Breikreutz

Farmer Brown won't pay laborer John Doe \$350 due to him in back wages. How can Doe collect?

Businessman A and Businessman B cannot come to terms over an unpaid \$36 bill which has been on the books for some time. How can B get the money due him? Jane takes an antique lamp, promised to her years before by her late grandmother, from the old family home now occupied by sister Jean. Jean says Jane had no right to the lamp. Who can settle the dispute?

Teenager Sue has a minor auto mishap with an elderly driver and her insurance company refuses to pay. The older

gentleman doesn't want to spend a lot of money on lawyers at the risk of still not being able to collect from the insurance company. What alternative does he have?

The solution for these people and others with similar problems (where the amount of money or value of property involved is under \$500) can be the Court of Small Claims.

The court came into being the first of the year when the county court reorganization took effect in Nebraska.

So far, 36 cases have been filed in Wayne County, according to associate county judge, Luverna Hilton.

The small claims court procedure is not only informal, but also inexpensive—lawyers are not allowed and total court costs average \$5.

First in line when the court opened in Wayne was an individual who was having trouble with an insurance company. After waiting for the small claims court bill to go into effect, he finally got his \$50.

Another party, also in dispute with an insurance company, wasn't so lucky. The judge ruled against the plaintiff, who claimed the defendant, in pulling out on the road, had cause him to swerve into the ditch and should therefore be responsible for damages to his car.

One man received \$25 plus costs because of brush marks left on his new car by a car wash.

Other cases which have gone through the court:

✓ A vacuum cleaner firm, which had not been paid for merchandise, got its property returned.

✓ A customer of another firm, also charged with non-payment, decided to keep the merchandise—a wedding ring—and make payment.

✓ One plaintiff who went away unhappy had asked for a refund on a car which turned out to be a lemon. The judge ruled for the defendant in this instance.

✓ Another young man found some truth in the old adage about haste making

waste. Having ordered car repair parts from one firm, he became impatient and took his car to another firm to have the work done. The judge decided he should pay for parts ordered from the first firm just the same.

✓ An unhappy landlord got judgement for \$52 dollars in damages and utilities.

✓ Another landlord is hoping for back rent and reimbursement for a broken door from a former tenant.

Suppose a Wayne County resident decides to use the small claims court, what does he do?

He first fills out a claim form in the presence of the court clerk, Luverna See, WELLS, page 6

Wedding Held at Homer Church

St. Paul's Lutheran Church in Homer was the scene of the Sept. 1 wedding uniting in marriage Della Lindahl of Emerson, daughter of Mr. and Mrs. Laurence Lindahl of Allen and David Rasmussen of Emerson, son of Mr. and Mrs. Donald Rasmussen of Homer.

The Rev. Ray Miller officiated at the 7:30 p.m. double ring ceremony. Mrs. Nancy Ropken sang "Because," "The Wedding Song" and "Wither Thou Goest," accompanied by Mrs. Jackie Pigg. All are of Homer.

The bride, given in marriage by her father, appeared in a floor-length gown of white polyester chiffon over taffeta, styled with long, sheer sleeves and rose applique trim. Her full length veil featured a rose border and she carried white roses, daisies and carnations and dark blue baby's breath.

Mrs. Jan Thomsen of Pender, was matron of honor and bridesmaids were Mary Peters of Dixon and Mrs. Agnes Noe of Allen. Their long dresses of mirlamist over taffeta were in shades of blue and featured high rise waistlines and gathered skirts. They wore matching bows in their hair.

Tracey Rasmussen of Homer was flowergirl and David Heckathorne of Rosalie was ring bearer. Candles were lit by

Dale Johanson of Emerson and Dean Lieber of Jackson. Kent Rasmussen of Los Angeles, Calif., was best man and groomsmen were Edd Fox of Sioux City, Ia., and Robert Heckathorne of Rosalie. Ushers were Russell Rasmussen of Homer and John and Larry Lindahl of Allen.

Mr. and Mrs. Kennard Erickson of Homer served as hosts to the reception held at the church parlors following the ceremony. Guests were registered by Mrs. Rita Peterson of Lincoln and gifts were arranged by Linda Penlerick of Laurel and Karen

Lieber of Jackson.

Mrs. Dallas Lahrs and Mrs. Karl Levine of Sioux City cut and served the cake and Diane Johanson of Emerson and Julie Smith of Thurston served punch.

The couple are making their home north of Emerson where the bridegroom is engaged in farming. The bride, a 1968 graduate of Allen High School, is employed at Automatic Equipment Co., in Pender. The bridegroom, a 1965 graduate of Homer High School, attended Nebraska Vocational Technical School at Millard and served two years in the U. S. Army.

The local group received the Niki award for having the percent of local membership present at the district meeting.

The meeting got underway at 10 a.m. with the invocation by

the Madison Club, Miss Edwards, representing the Wayne group, led the group in the Pledge of Allegiance. Fremont extended the welcome and Mrs. Stuart, also of the Wayne club, responded.

Guest speaker was Margene Shuck of Superior, state president.

Miss Anderson, District III director, was in charge of the annual meeting. Madison will host the 1974 fall assembly.

District III includes Madison, Norfolk, Fremont, Omaha and Wayne.

Laurel Church Is Scene of Peters-Lindahl Wedding

The marriage of Mary Jane Peters to Laurence L. Lindahl was solemnized in 7:30 p.m. double ring rites Saturday at Immanuel Lutheran Church in Laurel.

The bride, a 1973 graduate of Allen High School, is the daughter of Mr. and Mrs. Donald Peters of Dixon. She is employed as a teachers aid for Title I in the Waterbury-Allen School system.

The bridegroom, son of Mr. and Mrs. Laurence Lindahl of Allen, is a 1972 Allen High graduate and is employed at the

Dixon County Feedlots. The 200 guests who attended the wedding were registered by Sue Lundgren of Dixon and were ushered into the church by Ronald Peters of Dixon and Daryl Lahrs of Sioux City, Ia.

Candles were lit by Jill Burmester of Pender and Jeff Smith of Thurston. Raymond Durant of South Sioux City sang "Wedding Prayer" and "The Lord's Prayer," accompanied by Mrs. L. J. Mallatt of Laurel. The Rev. H. K. Niermann of Laurel officiated at the double ring ceremony.

Mrs. Raymond Durant of South Sioux City served her sister as matron of honor. Bridesmaids were Sheila Book of South Sioux City and Mrs. David Rasmussen of Emerson.

John Lindahl of Allen was best man for his brother and groomsmen were Ray Brentlinger of Allen and Chuck Peters of Dixon.

Tami Durant was flowergirl and Scott Sherer was ring bearer. Both are from South Sioux City.

The bride's gown was an empire, floor-length style of white organza and re-embroidered lace, styled with fitted bodice, long, bishop sleeves, high neckline and A-line skirt which extended in back to a chapel-length train. Her bouffant veil was caught to an embroidered Camelot cap and she carried white roses, blue and lavender statice and blue and lavender daisies.

Her attendants were dressed in floor-length frocks of blue and white rayon chiffon, fashioned with long sleeves, stand-up collars and lace and ruffle trim. They wore white wide-brimmed hats and carried lace baskets of blue and lavender daisies.

The men wore white knit tuxedos with black velvet lapels, black flared trousers, black butterfly bow ties and white ruffled shirts trimmed in black.

The bride's mother chose a street-length dress of mint green knit with beige and brown accessories and the bridegroom's mother wore an aqua blue crepe with lace sleeves and black accessories.

Mr. and Mrs. Lyle Carlson of Wakefield greeted the guests who attended the reception at the church parlors.

Gifts were arranged by Brenda Young of Dixon, Lorna Book of Allen and Susie Malcom of Waterbury. Gift carriers were Owen Luschen of Waterbury, Julie Book of Ponca and Jeff Sherer of South Sioux City.

Mrs. Loren Book of Ponca and Mrs. Dallas Lahrs of Sioux City, Ia., cut and served the cake and Mrs. Erwin Botger of Wakefield and Mrs. Bill Penlerick of Dixon poured. Mrs. Vernon Rix of Laurel and Mrs. Warren Creamer of Wayne served punch.

Waitresses were Deb Lundgren of Dixon, Trudy Mattes of Waterbury, Roxanne Blohm and Janell Hassler of Allen and Betty Henschke of Wakefield.

The couple will return from a brief wedding trip to make their home in Allen.

Mr. and Mrs. Crandall Hopkins of Clearwater, announce the engagement and approaching marriage of their daughter, Linda, to Jerry Wacker, son of Mr. and Mrs. Don Wacker of Winside.

The bride-elect, a graduate of Clearwater High School and Wayne State College, is teaching in the Norfolk Public School system.

Her fiancé, a graduate of Winside High School, is a student at Northeastern Nebraska Community College in Norfolk.

A Sept. 22 wedding is planned.

Officers Elected

New officers, elected at the Tuesday afternoon meeting of the Merry Mixers Club, are Mrs. Charles Maier, president; Mrs. Robert Peters, vice president; and Mrs. Ray Butts, secretary. The group met in the home of Mrs. Leo Hansen with 12 members. Lessons were scheduled for the club year.

The next meeting will be Oct. 9 with Mrs. Maier at 1:30 p.m.

Celebrated 85th Year

Fifty-five guests were in the Cecil Prince home, Winside, Sunday for the 85th birthday of Mrs. Ralph Prince. The event was hosted by the honoree's children, the Cecil Princes of Winside and the Russel Malmborgs of Norfolk.

Guests were present from Sioux Falls and Yankton, S. D.; Sioux City and Pottawatomie, Ia.; Lincoln, Pierce and Perkins, Mo.; Carroll and Winside.

Mrs. Russell Prince baked the birthday cake and Mrs. Alice Jenkins and Mrs. Norris Hansen served. Phyllis Prince, a grand daughter, poured.

Mrs. Prince was born Sept. 6, 1888, at Winside. She is a graduate of Winside High School and Wayne State College. She is a member of Eastern Star Lodge, United Methodist WSCS and is on the Winside Public Library Board.

Mrs. Prince has four grandchildren and six great grandchildren.

Wedding Held at Homer Church

St. Paul's Lutheran Church in Homer was the scene of the Sept. 1 wedding uniting in marriage Della Lindahl of Emerson, daughter of Mr. and Mrs. Laurence Lindahl of Allen and David Rasmussen of Emerson, son of Mr. and Mrs. Donald Rasmussen of Homer.

The Rev. Ray Miller officiated at the 7:30 p.m. double ring ceremony. Mrs. Nancy Ropken sang "Because," "The Wedding Song" and "Wither Thou Goest," accompanied by Mrs. Jackie Pigg. All are of Homer.

The bride, given in marriage by her father, appeared in a floor-length gown of white polyester chiffon over taffeta, styled with long, sheer sleeves and rose applique trim. Her full length veil featured a rose border and she carried white roses, daisies and carnations and dark blue baby's breath.

Mrs. Jan Thomsen of Pender, was matron of honor and bridesmaids were Mary Peters of Dixon and Mrs. Agnes Noe of Allen. Their long dresses of miramist over taffeta were in shades of blue and featured high rise waistlines and gathered skirts. They wore matching bows in their hair.

Tracy Rasmussen of Homer was flowergirl and David Heckathorne of Rosalie was ring bearer. Candles were lighted by

Dale Johanson of Emerson and Dean Lieber of Jackson. Kent Rasmussen of Los Angeles, Calif., was best man and groomsmen were Edd Fox of Sioux City, Ia., and Robert Heckathorne of Rosalie. Ushers were Russell Rasmussen of Homer and John and Larry Lindahl of Allen.

Mr. and Mrs. Kennard Erickson of Homer served as hosts to the reception held at the church parlors following the ceremony. Guests were registered by Mrs. Rita Peterson of Lincoln and gifts were arranged by Linda Penlerick of Laurel and Karen

Lieber of Jackson. Mrs. Dallas Lahrs and Mrs. Karl Levine of Sioux City cut and served the cake and Diane Johanson of Emerson and Julie Smith of Thurston served punch.

The couple are making their home north of Emerson where the bridegroom is engaged in farming. The bride, a 1968 graduate of Allen High School, is employed at Automatic Equipment Co., in Pender. The bridegroom, a 1965 graduate of Homer High School, attended Nebraska Vocational Technical School at Millford and served two years in the U. S. Army.

Local BPW Club Attends District Meeting Sunday

Representing the local Business and Professional Women's Club at the District III fall conference held at Fremont Sunday were Mrs. Elta Fisher and Thelma Woods of Carroll, Myrtle Anderson, Leona Bahde, Eleanor Edwards, Mrs. Luverna Hilton, Mrs. Joann Ostrander, Mrs. Gladys Stout and Mrs. Joceli Bull.

The local group received the Niki award for having the percent of local membership present at the district meeting.

The meeting got underway at 10 a.m. with the invocation by

the Madison Club. Miss Edwards, representing the Wayne group, led the group in the Pledge of Allegiance. Fremont extended the welcome and Mrs. Stout, also of the Wayne club, responded.

Guest speaker was Margene Shuck of Superior, state president.

Miss Anderson, District III director, was in charge of the annual meeting. Madison will host the 1974 fall assembly.

District III includes Madison, Norfolk, Fremont, Omaha and Wayne.

Laurel Church Is Scene of Peters-Lindahl Wedding

The marriage of Mary Jane Peters to Laurence L. Lindahl was solemnized in 7:30 p.m. double ring rites Saturday at Immanuel Lutheran Church in Laurel.

The bride, a 1973 graduate of Allen High School, is the daughter of Mr. and Mrs. Donald Peters of Dixon. She is employed as a teachers aid for Title I in the Waterbury-Allen School system.

The bridegroom, son of Mr. and Mrs. Laurence Lindahl of Allen, is a 1972 Allen High graduate and is employed at the

Dixon County Feedlots. The 200 guests who attended the wedding were registered by Sue Lundgren of Dixon and were ushered into the church by Ronald Peters of Dixon and Daryl Lahrs of Sioux City, Ia.

Candles were lighted by Jill Burmester of Pender and Jeff Smith of Thurston. Raymond Durant of South Sioux City sang "Wedding Prayer" and "The Lord's Prayer," accompanied by Mrs. L. J. Mallatt of Laurel. The Rev. H. K. Niermann of Laurel officiated at the double ring ceremony.

Mrs. Raymond Durant of South Sioux City served her sister as matron of honor. Bridesmaids were Sheila Book of South Sioux City and Mrs. David Rasmussen of Emerson.

John Lindahl of Allen was best man for his brother and groomsmen were Ray Brentlinger of Allen and Chuck Peters of Dixon.

Tami Durant was flowergirl and Scott Sherer was ringbearer. Both are from South Sioux City.

The bride's gown was an empire, floor length style of white organza and reembroidered lace, styled with fitted bodice, long, bishop sleeves, high neckline and A-line skirt which extended in back to a chapel length train. Her bouffant veil was caught to an embroidered Camelot cap and she carried white roses, blue and lavender statice and blue and lavender daisies.

Her attendants were dressed in floor-length frocks of blue and white rayon chiffon, fashioned with long sleeves, stand-up collars and lace and ruffle trim. They wore white wide-brimmed hats and carried lace baskets of blue and lavender daisies.

The men wore white knit tuxedos with black velvet lapels, black flared trousers, black butterfly bow ties and white ruffled shirts trimmed in black.

The bride's mother chose a street length dress of mint green knit with beige and brown accessories and the bridegroom's mother wore an aqua blue crepe with lace sleeves and black accessories.

Mr. and Mrs. Lyle Carlson of Wakefield greeted the guests who attended the reception at the church parlors.

Gifts were arranged by Brenda Young of Dixon, Lorna Book of Allen and Susie Malcolm of Waterbury. Gift carriers were Owen Luschen of Waterbury, Julie Book of Ponca and Jeff Sherer of South Sioux City.

Mrs. Loren Book of Ponca and Mrs. Dallas Lahrs of Sioux City, Ia., cut and served the cake and Mrs. Erwin Botger of Wakefield and Mrs. Bill Penlerick of Dixon poured. Mrs. Vernon Rix of Laurel and Mrs. Warren Creamer of Wayne served punch.

Waitresses were Deb Lundgren of Dixon, Trudy Mattes of Waterbury, Roxanne Blohm and Janell Hassler of Allen and Betty Henschke of Wakefield. The couple will return from a brief wedding trip to make their home in Allen.

Athlete of the Week

CHARLIE PETERS, ALLEN HIGH SCHOOL

Allen High's football team had the benefits of several super players last Friday when the Eagles walloped Winnebago in a pouring rain, 33-0.

But the one "super" player that deserves recognition as this week's Athlete of the Week is senior Charlie Peters. Peters, a 6-2, 180-pound end, caught five aeriels for 166 yards and two touchdowns. He would have had another six-point play, points out coach Charles Haag, but it was called back.

The Allen senior wins this year's first athlete of the week honor, which will be given weekly through the school year, because of his offensive performance as well as his five tackles on defense.

Son of Mr. and Mrs. Don Peters of Dixon, he ranks high not only with his coach but also scholastically. During his three years in high school, he has scored A's and B's on the majority of his subjects. "He's a quiet but devoted player," Haag said. "Charlie's a team leader."

Maybe for that reason Peters was selected as co-captain of the football team for the first week, sharing that honor with Jim Koester.

"Charlie is a super kid," Haag continued. "He's the kind of a player who does what he is told and he doesn't forget."

Cats Concentrate on Quickness, Sharpness for Missouri Match

Spurred by an opening victory last Saturday, Wayne State's football Wildcats concentrated this week on getting quicker and sharper to meet the University of Missouri-Rolla Saturday afternoon, 1:30 in Memorial Stadium.

This will be Wayne's annual Band Day game, with 24 bands attending to put on a halftime marching-play show.

What can the Wildcats expect from Rolla? Coach Del Stoltenberg says he has little to go on because (1) this is the first time the teams have met, (2) neither team has scouted the other, (3) neither has a film of the other.

Wayne owns the advantage of one game already played while Rolla is opening here. Rolla is Missouri's college of technology, attended mainly by students going into engineering, mining and other scientific careers.

Last year the Miners posted a 2-9 record. A news story this week from Rolla reports coach Charlie Finley "finally wore a small smile" after an intra-squad scrimmage Saturday. A main reason: all three of his quarterbacks looked better than they had in earlier practice.

Coach Stoltenberg may also have three experienced quarter-

backs ready for Rolla. Besides Dave Miller and Rich Benedetto, who divided duties last week against Nebraska Wesleyan, Tim Denham is back in practice after straining the knee which he injured badly a year ago. And there's a fourth signal caller in southpaw freshman Brad Hahn.

Miller and Benedetto each accounted for a passing touchdown as Wayne edged Wesleyan. But it was a defensive play that gave Wayne its 16-14 win - on a safety.

New Conference Meeting Monday

Plans for Wayne State joining a new conference will be discussed further Monday when athletic director LeRoy Simpson attends a special meeting at Spearfish, S. D.

Five schools presently are interested in forming a new league that will include schools in Nebraska and South Dakota: Northern State College (Aberdeen, S. D.), Black Hills State College (Spearfish, S. D.), Kearney State, Chadron State and Wayne are considering forming the conference.

Two other schools show interest in becoming a part of the unnamed league: Eastern Montana at Billings and South Dakota Tech at Rapid City, according to Simpson. Wayne, Kearney State and Chadron State are still members of the Nebraska College Conference.

Allie chased Neumann and downed him in the goal area for two points.

The game was a strange one, mostly a futile defensive struggle except for the early fireworks. Wesleyan scored first on the 75 yard punt return by Scott Volava after the Wildcats went nowhere on their first series. A Bill Thompson kick put the visitors ahead 7-0.

But on the next play after kickoff, Wildcat quarterback Miller launched a long pass to freshman end Maurie Mintken, who had the defense beaten. Result: a 70 yard TD play, followed by Rich Mangiameli's PAT kick.

The safety put Wayne ahead 9-7, until Wesleyan struck late in the second period on quarterback Ross Stephenson's 20 yard run and Thompson's kick.

The decisive score came in the third quarter after Wayne recovered a Plainsman fumble on the NWU 32. Seven plays later Benedetto hit wingback Dean Ott in the end zone on a 5-yard pass, and Mangiameli kicked another point.

After that, neither team man aged a first down during a soggy war of defense. Still, there was suspense aplenty while Wesleyan threatened right up to the last play.

Boosters Meet

Ken Linafelter Inc. and Security State Bank of Allen will host the second Allen High booster breakfast Friday morning at the Home Cafe.

Blue and channel catfish are the only members of the catfish family found in Nebraska whose tails are forked. The flathead catfish and all bullheads have square tails.

Norfolk Sophs Rap Reserves, 14-6, Monday

Quarterback Paul Mallette's 50-yard bomb to Larry Creighton was the only scoring play for the Wayne High reserves Monday night as the visiting Norfolk sophomores took home a 14-6 victory.

The host club struck in the last quarter after Norfolk unleashed its scoring power in the second and fourth quarters. That first six point play came as a result of a blocked Wayne punt. Norfolk then took the ball in from the one yard line.

Both clubs played even ball in the third quarter with Wayne and Norfolk exchanging TDs in the last period.

The visitors made it 14-0 when quarterback Dave Cople raced in from 18 yards out on a busted pass play.

Assistant coach Ron Carnes pointed out that the team definitely needs to block more. "And that includes everybody," he emphasized, "both the backs and linemen."

The coach did have praise for his defense, noting that Greg Noyes, Jack Froehlich and Dave Sherry played good ball.

The reserves next game will be Monday at home against Laurel.

Open Arms

DEFENSIVE BACK Jack Froehlich prepares to put the tag on Norfolk's running back Monday afternoon at the Wayne field. The Norfolk sophomores won that contest, 14-6.

Coach Joins Ranks of Untested

Another first year volleyball coach is entering the ranks of area girls volleyball teams this year.

Mrs. Susan Beach will direct this year's girls team at Laurel High School, noting that although she hasn't had too much experience, "We're going to go out there and try to win every game."

Mrs. Beach, who graduated from Dakota State College in Madison, S. D., this spring, will have about six returning veterans to help out on the Northeast Nebraska Activity Conference squad.

Among her top starters could be Barb Hirschman, a senior who stands at 5-7. "Barb is my biggest girl," the coach pointed out, adding that Mary Juhlin, a sophomore, also stands at 5-7.

Among some of the other top prospects who won letters last year are seniors Carol Stark and Deanna Erwin. An exchange student from Denmark, Ann Winther, will be making her bid for the starting six. Ann, Mrs. Beach said, did not letter while in her native country but has had seven years of experience.

SUSAN BEACH

Julie Wallin, Penny Burns and Denise Magnuson, all juniors, will help fill out the rest of the spots.

Altogether, Laurel has 39 girls out for the A, B and C teams. Of that 39, 16 will play varsity ball.

The team will be loaded primarily with underclassmen.

Freshmen dominate the classes with 12 players while the sophomores and juniors number 10 each. There are seven seniors out.

The Bearettes open their seas on with a rough tournament at Winside Monday and Tuesday. Following that meet, the team will travel to Crofton on the 25th.

Lodging Closes

Lodging facilities at Chadron, Fort Robinson, Ponca, and Niobrara state parks will close for the season on Saturday, according to the Game and Parks Commission.

Lodging at Fort Robinson and Chadron state parks will re-open briefly to accommodate hunters during the firearm-antelope-wild turkey and firearm deer seasons, however.

Cross Country Re-Established

Cross country is being re-established this year at Wayne State after a three year lapse.

Coach LeRoy Simpson has six prospective runners to form the team, headed by five freshmen: Chip Hagerman, John Freifas, Roger Kuhlman, Bob Steinhauer and Tony Starz. Will top the list plus sophomore Dale Soth.

Wayne travels to Madison, S. D., Saturday for an invitational. Last Saturday the Wild cats started out their season with a practice meet at the University of South Dakota. The rest of the schedule includes:

Wayne Girls Look Good Despite First-Match Volleyball Jitters; Two Other Area Teams Split Action

Wayne High's debut on the volleyball court Tuesday night was just what the doctor ordered.

"We played a good game," said coach Mrs. Mavis Dalton, "and even though the team lost, the girls got that nervousness out of their system."

Only the freshmen squad was able to pull out a victory over Stanton, winning in two sets, 15-3 and 15-4. "The girls worked as a team," Mrs. Dalton noted. "They served and set well a total team effort."

In a action, Stanton and Wayne split 15-11 sets before the visitors won the final set, 15-11.

"The biggest thing we had to overcome was the nervousness," said Mrs. Dalton. "Now that is over we will be looking for wins."

Four Women Golfers Tie

A four-way tie for lady golfers at the Wayne Country Club resulted Tuesday afternoon when Pauline Nuernberger, Elsie Echtenkamp, Joy Hein and Marion Evans each shot a 54 for nine holes.

In that Tuesday action, three women golfers also tied for low putts at 16. They were Eugenia Jeffrey, Elsie Echtenkamp and Vi Rickers.

On Sept. 25 the ladies golf league will hold its annual banquet at the country club. Tickets can be purchased from Carolyn Bigelow for \$3.50.

Three players won praise from the head mentor. Seniors Mary Ann Ginn and Deb Bodensiedt played a fine net game, the coach said, and blocked well. Sophomore Susan Jacobmeier led in scoring with 13 points in three games.

In B competition, Stanton won in two close sets, 15-13 and 15-13. Senior Jean Proett had the most points serving, 10, while senior Kris Nedergaard gained praise for her playing.

Two other area teams also had action Tuesday night — with always-strong Winside beating Wisner-Pilger in A action, 15-11, 9-15 and 15-13.

Coach Don Leighton said the visitors are a good serving team. That statement was right on the nose.

After the A teams split sets, Wisner-Pilger took an 8-4 lead in the last set. The Gateettes held a 10-5 advantage before the home team knotted the match at 10-all. The teams tied at 11 all and 13 all before Winside's squad won 15-13 for its first win of the season.

The freshmen unit joined the A team in the win column with 13-11 and 14-12 victories. Jane Weible, a freshman, gained praise for her serving.

The B team went three sets with the visitors but fell short in the last set to lose the series — 15-8, 13-15, 15-4.

Wakefield, sneaking in two games this week — Monday against West Point and Tuesday against Emerson-Hubbard — found both schools tough.

Another first-year mentor, Ernest Kovar, almost had his first A squad win Monday night after taking a 15-7 initial win.

Wakefield led in the second set by 11-2 before West Point came back to win, 15-12. West Point came from behind in the final set to win 15-11 after being down 11-4.

It was a pretty fair game, the coach said, noting that seniors Donna Gustafson and Donna Grosz played well. Gustafson scored 12 points in three games while Grosz had 10 setups.

In B action, West Point won 15-7 and 15-8; the C team

Trojanettes won 16-14 before losing 15-12 in an abbreviated game.

Tuesday night Emerson-Hubbard ripped the visiting Wakefield clubs. E.H. won two straight A sets, 15-2 and 15-12, and took 15-10 and 15-0 wins in C competition.

B action saw Emerson-Hubbard grabbing a 15-2 first match win, with Wakefield taking the second, 16-14. The third set ended up in the host's favor, 15-11.

Girls volleyball action continues today (Thursday) when Wayne travels to Winside.

To Attract Over 1,400 Bandsmen

More than 1,400 high school bandsmen are expected in Wayne Saturday for annual Band Day activities at Wayne State College.

The 24 bands from across Northeast Nebraska will participate in the parade at 10:30 Saturday morning and take part in a concert at halftime of the Wayne State football game with the University of Missouri-Rolla.

Treating the band members to a dinner at noon will be the college, city and local Chamber of Commerce. On the menu baked ham on toasted bun, hot pork and beans, bags of potato chips and soft drinks.

During the parade from the campus down Main Street, bands will compete for four Music Camp scholarships — two each for two divisions. Schools

over 225 total enrollment will compete for two of the scholarships; schools under that total enrollment will compete for the other two. Winning schools also will receive plaques. The competition, winners of which will be announced at game halftime, is a new wrinkle to Band Day activities.

Sportsbeat

By Bob Bartlett

THERE SEEMS to be a growing interest in looking back at former Wayne State football players and finding out where they are now.

Take, for instance, one-time Wildcat quarterback Marly Going, now head coach at Stuart High School.

Marly, who directed the WSC club from 1968-71, made the headlines recently when his eight-man squad decided to make the big switch to 11-man football.

In Conde Sargent's column in the Omaha World-Herald, Going is quoted as saying, "Eight-man is wide open football. The basic philosophy (of eleven-man) did not leave my players satisfied (at first) with making three and four yards a play. They've been accustomed to going for the big play a lot of the time in eight-man football."

Stuart is not expected to be a conference title contender (Niobrara Valley) right away, but, according to the coach, the athletes and townspeople are geared for the step.

While at Wayne State, Going was noted as a "smart" quarterback who knew how to throw a ball as well as manage a team. His only drawback from making himself an outstanding signal caller was his lack of a running attack.

FROM TIME TO TIME it is well worth the effort to find out more about former Wayne State grads. If anyone has any information on former players, please

drop the newspaper a line giving such information as the player's history and where he is now.

ONE NATIONAL television network has taken a big step in advancing football not only for the younger set but for women also.

Beginning Sunday, CBS will start a 16-week series entitled the "NFL Playbook" that describes various plays and football terminology used in today's games.

That should give plenty of housewives and single women interested in the sport an opportunity to become knowledgeable about the sport.

FOR THOSE who want more information about football, the Nebraska Education Television Network is offering a 13 week series of in-depth training films titled "Vince Lombardi: The Science and Art of Football."

Every Tuesday, starting at 7:30 p.m., the program will take a look at the offense and defense. Since the films started last Tuesday, the second of a series is scheduled to be shown on Sept. 18.

TURNING TO ANOTHER sport, bowling fans who want to sharpen their skills might get a few tips from some 24 professional bowlers competing in the King Louie National Resident Pro Cham-

pionships at Lincoln's Hollywood Bowl. Professionals from the Professional Bowlers Association's six geographical regions will compete in the Nov. 30-Dec. 2 matches, with the winner to qualify for the \$125,000 Firestone Tournament of Champions at Akron, Ohio, next year.

THIS YEAR The Wayne Herald intends to keep a running tab on the three high school conferences and the standings. But unlike previous years, the results will not be published every week.

The reason is simple. Not all the results of every conference game are published, so it makes the job of trying to keep on top of area games twice as hard.

This year, though, with the help of conference secretaries, we intend to publish an accurate report of the standings two or three times. But again that will depend on the secretaries in the Husker Conference, Lewis and Clark Conference and the NENAC.

Ikes Select New Directors Monday

Members of the Izaak Walton League of Wayne re-elected two directors and named one new one Monday night.

Named to serve additional three-year terms on the nine member board were Richard Baier and Al Shuffelt. Newly elected board member is Robert Sherry, named to replace L.C. Doescher.

Those three will meet with present board members Glen Walker, Norris Weible, Ed Skahan, Merton Hilton, and Don Langston on Monday night to name new club officers.

Present officers are Don Langston, president; Glen Walker, vice president; Earl Beeks, secretary, and Al Shuffelt, treasurer.

Also to be named Monday night will be a replacement to fill out Earl Beeks' term as a director. Beeks, who has two years left in his term, has accepted a job in O'Neill.

During the club meeting, the Ikes decided to participate in Hunt America Time (HAT), a

conservation education program of the Izaak Walton League of America. The program aims at promoting wise use of wildlife resources, good landowner-sportsman relations and gentlemanly hunting.

Ordered as part of the effort will be posters for farmers cautioning about hunting near buildings, posters for display in such places as store windows, bumper stickers and other promotional material.

It is a matter of record that in the model year just ending more people chose to own Cadillacs than ever before in history—more than double those of the nearest competitor. And it is true that Cadillac traditionally leads all U.S. car makes in both resale value and owner loyalty. It's a record without equal. Yet in many ways the Cadillacs of 1974 are superior to the cars that established this record.

It's what you expect of Cadillac and something more.

More choice. And what a choice it is—the greatest in the luxury field. There are the three you see here. The classic Fleetwood Brougham. The magnificent new version of America's only luxury convertible—Eldorado. The newly styled Coupe DeVille. Plus six other basic models. Plus... New Special Edition Cars. Luxury versions of

DeVille. A new Brougham d'Elegance. And the new ultra-elegant Fleetwood Talisman. More elegance. Inside every 1974 Cadillac is a new instrument panel. Interiors are more luxurious than ever.

More flair. The smart new styling of the Coupe DeVille is a case in point. Its new lines, highlighted by the private quarter window, accent its youthful flavor.

More driving pleasure. Finer engine performance... From start to stop. Due in part to a

new combustion chamber, a new camshaft, a choke reindexer to provide quick starting, a snorkel to supply the engine with cooler air. And something less. Even less engine noise with high-damping engine mounts, a fan clutch, and a muffler for air intake. Inside the car, a virtual network of acoustical materials—including double seals on doors—silently does its job. After all, it's a Cadillac.

To own or lease the 1974 Cadillac of your choice, see your Cadillac dealer now.

'Well, it looks to me like you owe that \$50'

Hilton, or deputy court clerk, Helga Nedergaard.

The clerk then sets a trial date when Joseph Hunker of West Point, district county judge, can be present, and arranges for the defendant (the person to be filed against) to be notified.

The individual who files, the plaintiff, pays the clerk a \$3 filing fee plus the cost of serving the notice. This "service" charge varies depending on whether the plaintiff chooses to have the notice mailed or delivered by the county sheriff. If the judge's decision is in favor of the plaintiff, the defendant is ordered to reimburse the plaintiff for the filing and service cost he has paid.

What does the defendant do when he receives his notice from the court clerk?

He has several choices of action. He can choose to settle the plaintiff out of court before the trial date. He can choose to appear at the trial with evidence and witnesses to support his own position, or if he cannot appear, he can contact the court clerk and request that the trial be continued to a later date.

If the defendant feels the plaintiff is at fault rather than himself, he may file a counter claim.

If the defendant agrees that he does owe the plaintiff something, but says that plaintiff is also in debt to him, the

defendant may file a setoff.

Or, as a final alternative, the defendant may ask for a jury trial where he has the chance to be represented by a lawyer. If he chooses this route, the case will be transferred out of the small claims court and into county court.

Only one party has requested a jury trial in the cases on record in Wayne, and he later withdrew his request, noted Mrs. Hilton.

According to judge Hilton, the plaintiff sometimes cools off and later wishes he had not filed at all, as happened recently in a dispute between family members. If the plaintiff changes his mind, he may notify the clerk that he wishes to withdraw.

Once in court, the plaintiff and defendant bring forth evidence and witnesses to support their positions. Or, such evidence can be produced by order of the court.

In one instance, the court recessed several times when the judge sent the plaintiff home twice and the defendant home once to produce evidence necessary for a decision.

That case, noted judge Hilton, took most of the afternoon. The usual time to decide a case is a half hour, however.

If either party is dissatisfied with the judge's decision, he may appeal to

district court, placing an appeal bond within 10 days after the judge's decision.

If there is no appeal, the parties must follow orders of the judge as to payment of money, delivery of property and the like. If the party ordered to make payment or restitution doesn't do so, the judge can make additional orders, such as garnishing wages.

Most cases in Wayne County, according to Mrs. Hilton, involve collection on accounts, wages withheld, disputes over payment for labor and materials, or minor automobile accidents where insurance companies refuse to pay. The amount involved in the Wayne County cases has ranged from \$12 to \$450.

Is the small claims court a successful means of settling minor legal disputes? Yes, feels Mrs. Hilton.

Many, of course, are settled out of court before the trial date comes up and most others are settled in court on the day of the trial, she explains. In one instance, however, the defendant moved from the county and the notice could not be served.

Of the 36 cases on record in Wayne County, four were withdrawn. Nine were settled out of court, fifteen were decided in favor of the plaintiff and four were decided in favor of the defendant. Three are still pending.

municipal airport. Installation cost is said to be about \$600.

Ordered city clerk Dan Sherry to write to persons in Beatrice for information about how much it cost that city to erect a jet plane on poles for display at the city's airport. Wayne has been informed a two-seat trainer jet may be available from the Air Force if the city wishes to obtain it.

Learned that the city attorney has not yet drawn up a proposed ordinance to provide for small fines for over parking. The fines which would be somewhere around \$1, would be payable at either the city clerk's office or the police department. The ordinance may be ready by next council meeting.

Agreed to meet at 4 p.m. Tuesday at the clerk's office to discuss the final draft of a pension plan for all city employees. Councilmen received the final draft shortly before the meeting and wished time to study it before discussing details.

Plainview Hosts Inter-County Meet

The annual Federated Woman's Club inter-county convention was held last Wednesday at Plainview.

The invocation was given by the Rev. Roger A. Jacobs. Dick Grace, president of the Plainview Chamber of Commerce, extended greetings and the group was welcomed by Mrs. Berkley Holmstedt, Plainview club president. Mrs. Mathilda Harms, president of the Wayne club, responded.

The meeting was conducted by Mrs. Eldon Fox of Plainview,

residents to install sidewalks. Councilmen have been discussing for the past several meetings the possibility of ordering residents to install sidewalks in a large eastern portion of the city.

inter-county president. Ruth Ebmeier of Laurel spoke on membership, noting that the largest club currently is at Bloomfield with 91 members.

Clubs were present at the meeting from Bloomfield, Coe-ridge, Hartington, Plainview, Winside, Laurel, Verdigre, Creighton, Wausa, Pierce and Wayne.

The 1974 convention will be held in Wayne and the 1975 convention will be at Wausa. The District III convention will be at the Norfolk Holiday Inn Oct. 10. Theme will be "Membership."

New inter county officers who were installed by Mrs. Vernon Prodel of Wayne, district vice president, are Mrs. Mathilda Harms, president; Mrs. Louis Kruezt of Wausa, vice president; Goldie Leonard of Wayne, secretary treasurer. They take over for Mrs. Eldon Fox of Plainview, past president; Mrs. Harms, Wayne, past vice president; Mrs. Larry Knaak of Plainview, past secretary treasurer.

A noon luncheon was served

by the Plainview Club, at which time all past presidents were introduced.

Wakefield-Allen Tops Friday's Card

By BOB BARTLETT
It's easy to blame the weather for the outcome of last Friday's two-two split in picking area high school football teams. If it hadn't rained, maybe the four area schools would have won.
Anyway you divide it, the prediction percentage stands at 50 per cent. Hopefully, I'll tip that percentage this Friday.
The Wakefield-Allen clash will headline the action. And what action there should be.
Allen comes off a refreshing 33-0 slaughter of Winnebago. That should give coach Charlie Haag's crew a great deal of confidence in preparing for the Trojan meet at Wakefield.
One-to-back Scott Von Minden should

be breezing the air lanes once again, but maybe this time more frequently. Wakefield mentor John Torczon believes that his defense will be ready for Allen's ground crew.
There's two ways to pick this one: Allen already has a game under its belt so it should be the favorite; or Wakefield has had one more week to get in shape and therefore should get the nod to win.
At this stage, though, it appears the Eagles will be fired up and ready to try for win No. 2, so I'll pick them.
In two-away games, fans can view Wayne at Blair and Laurel at Plainview. Both home teams are in the win column — Twin Rivers Conference club Blair ripping Gretna, 22-0, and Plainview

plastering O'Neill St. Mary's, 26-6.
On the other hand, the Blue Devils are fresh off a wet 6-0 victory over Northeast Nebraska Activity Conference title contender Pierce, while the Bears are still looking for their initial win after narrowly dropping an away match to Crofton, 14-6.
The two matchups don't look good for area fans. Laurel will run into another brick wall when the Bears go onto the Pirates' field. So Plainview has the nod here.
And the Blair team is definitely strong. The club was convincing in its opener and should be convincing in Friday's contest, so the Bears are favored to beat the Blue Devils.

Wayne County Horsemen Earn 3 Purples at SF

The Wayne County Horsemen made their presence felt in one event during the largest 4-H horse show ever held at the Nebraska State Fair.
Club members earned three of the 16 purple ribbons handed out in the pole bending competition. Top winners were brothers Robin and Mark Fleer of Hoskins and Brian Frink of Norfolk.
They were the only 4-H horsemen from Wayne or Dixon Counties to earn purple ribbons in the action.
However, another 11 youths from the two counties brought home a dozen blue ribbons.
Only double winner was Hoskins' David Fleer, who claimed a blue in pole bending and a blue in barrel racing.
Other blue ribbon winners:
Todd Cunningham, Dixon, western pleasure horses; Brad Langenberg, Hoskins, western horsemanship; Jan Lange, Hoskins, reining; Bill Langenberg, Hoskins, pole bending; Mike Lange, Hoskins, barrel racing; Kirt Cunningham, Dixon, barrel racing; Clayton Hartman, Dixon, barrel racing; Rick Lange, Hoskins, barrel racing; Mark Fleer, Hoskins, barrel racing; Robin Fleer, Hoskins, barrel racing.

Build Fence Around Football Field

The Winside school board voted Monday night to build a fence around the football field. The project is scheduled some time before the next home game, Sept. 21, according to superintendent Don Leighton.
During their meeting, 11 h members also decided to divide the old high school land into five lots instead of four. Price of the lots is \$1,000 each.
The trades and industries pro gram will build only one garage a year, the board decided, with the building to be sold at the end of the school year. Leighton explained that the those who are interested in purchasing the structure may submit bids.
In other news, three school administrators and three school board members will attend a regional workshop next Wednesday at Norfolk.
Leighton, elementary principal Al Schlueter and Ron Kram or high school principal will attend the session along with board members Harland Bruger, Dinnis Bowers and Earl Duering.

Got Work? Allen Kids Will Do It

Allen residents with yard or farm work or similar types of work are invited to contact Glenn Kumm, instructor of the 10th and 11th grade work study class at Allen High School.
The school requests 24 hour notice on jobs to facilitate schedule arrangement.
Classes, which met from 8 a.m. to 2:30 p.m. during the first warm days of school, are now on an 8:30 a.m. to 3 p.m. schedule.

Q. How much of the money that the Veterans Administration spends goes to Vietnam-era veterans?
A. About one-fourth of the VA budget, currently \$12.4 billion, goes to direct payments such as compensation and GI Bill and for medical care for Vietnam era veterans, who now make up about one-fifth of the living veteran population.

OBITUARIES

Mrs. Harvey Breikreutz

Funeral services for Mrs. Harvey Breikreutz, 68, a lifetime resident of Wisner, were held there Wednesday morning. She died Sunday evening at Our Lady of Lourdes Hospital in Norfolk where she had been hospitalized since Aug. 16.

Veronica Osman, daughter of Edward and Mary McGrogan Osman, was born Oct. 28, 1904 at Wisner. She was married to Harvey Breikreutz Feb. 20, 1924.

Survivors include her widower; sons, Alphonsus of Columbus, Duane and Roland of Wisner and LeRoy of Wayne; daughters, Mrs. Eldon Colsden and Mrs. Larry Clark of Stanton, Mrs. Violet Thompson of Wisner, Mrs. Gerald Priest of Ainsworth, Mrs. R. G. Smith of Valentine and Mrs. Sharon Lehman of Columbus; 32 grandchildren; four great grandchildren; a brother, Hugo Osman, and a sister, Mrs. Agnes Grasshorn, both of Wisner.

She was preceded in death by a daughter and one grandchild.

Ruth Lundquist

Ruth A. Lundquist, 79, of Laurel, died Sunday at the Wayne Hospital. The daughter of Fred and Anna Peterson Nordgren, she was born Aug. 2, 1894 in a sod house at Newman Grove.

Services were held Wednesday at 2 p.m. at the Laurel United Methodist Church with the Rev. Robert Nebel officiating. Burial was in the Laurel Cemetery.

Music was "How Great Thou Art," sung by Claudia Mallatt, and "The Old Rugged Cross," sung by the congregation. Organist was Mrs. Kenneth Wacker. Pallbearers were Larry Maxon, Cyril Smith, Art Lipp, Eldon Vanderheiden, Melvin Vanderheiden and James Campbell.

Mrs. Lundquist attended Wayne Normal School. Upon receiving her teaching degree she taught school at Wayne, Battle Creek, and Sioux City, Ia.

She was united in marriage to Vernon Lundquist Sept. 6, 1925 at Newman Grove. Since her marriage she has lived south of Laurel.

Survivors include her widower; one daughter, Verniel Lundquist of Evanston, Ill.; one brother, Rudolph Nordgren of Omaha, and three sisters, Mrs. Alma Swanson of Polk, Mrs. Earl Hoogner of Kinsburg, Calif., and Mrs. Fred Stone of Newman Grove. Preceding her in death were one brother and one sister.

Martin Jensen

Martin Jensen, a lifetime resident of the Winside area, died Saturday at Wayne at the age of 74 years. He was born Oct. 28, 1898 near Winside, the son of Magnus and Pauline Nielsen Jensen.

He farmed in the Winside area until his retirement 21 years ago. Since that time he had lived with his sister in Winside. He was a member of the Trinity Lutheran Church of Winside.

Funeral services were held Tuesday at 2 p.m. at the Trinity Lutheran Church with the Rev. Paul Reimers officiating. Music was "Rock of Ages" and "Abide With Me," sung by the church choir and accompanied by Mrs. Lyle Krueger.

Pallbearers were Gothill Jaeger, Howard Iverson, Jay Morse, Warren Jacobsen, Maurice Lindsay and Herman Jaeger. Burial was in the Pleasant View Cemetery at Winside.

He is survived by two brothers, Chris Jensen of Laurel and Peter Jensen of Winside; one sister, Johanna Jensen of Winside, and one niece and one nephew. Preceding him in death was one sister.

Henry Woodward

The Rev. Thomas Mercer officiated at funeral services Friday at 2 p.m. at the First United Methodist Church, Allen, for Henry Asa Woodward, 87, of Concord.

He died last Tuesday at St. Vincent's Hospital, Sioux City, Ia. The son of Mr. and Mrs. Joseph Woodward, he was born April 13, 1886 at Oakland, Ia. On Dec. 29, 1921 he was married to Irma Isom at Concord. He served in France during World War I and was a member of the Allen American Legion Post.

Mrs. Thomas Mercer sang "Beyond the Sunset" and "Going Down the Valley," accompanied by Mrs. Josie Hill. Pallbearers were Herman Stolle, William Borg, Marvin Stolle, Marvin Muller, Marvin Borg and Clarence Pearson. Burial was in the Eastview Cemetery, Allen.

The Allen American Legion Post conducted military services. Representing the legion were Bill Snyder, Maurice Swanson, Jule Swanson, Marvin Reuter, Arnold Witte, Ezra Christensen, Jack Mitchell, Duane Koester, LeRoy Kraemer and Cliff Stalling.

He is survived by his widow; three sons, Thaine of Concord, Jimmie of Wakefield and Neyron of Wayne; ten grandchildren and two great grandchildren, and three sisters, Mrs. Bert (Blye) Lawson of Oroville, Ore., Mrs. Toddy Lindquist of Denver, Colo. and Mrs. Ralph (Edna) Emry of Allen. Preceding him in death were two brothers.

Service Corps At Dahl's in Planning Stages

An informational meeting to set up a recreation program and a volunteer service corps at Dahl Retirement Center will be held Monday at 8 p.m. at the center, according to Barbara Bizilia of the Wayne Advisory Health committee.

"The main goal of the committee is to help improve all aspects of health in our community," Miss Bizilia pointed out. Purpose of a volunteer service corp is to have some cohesive unit of understanding and sharing, she said.

"If any organization might be interested in donating time, we'd appreciate your attendance," she said.

Mini-Courses Offered at WS In Aerospace

For the first time students at Wayne State College may elect to take up to four one-hour mini-courses in aerospace science. These courses are offered in Physical Science Department, but may be taken by any interested student.

The aerospace science courses—Aero Sci. 1: Principles of Flight, Aero Sci. 2: Meteorology, and Aero Sci. 3: Navigation and Communication—are offered consecutively at 1:30, Monday, Wednesday, and Friday. Each course lasts approximately four weeks.

The fourth course, Aero Sci. 4: Dual Flight, Instruction, will be an arranged course and may be taken only by permission of the instructor. Education majors planning to teach science may have part of the expenses of Aero Sci. 4 underwritten by the Nebraska Department of Aeronautics.

Stereo Player, Generator Are Missing

A battery, generator and a stereo tape player and tapes were reported missing over the weekend, according to the Wayne police department.

John Mortimer of Anderson Hall told police a stereo tape player and tapes were missing from his car about 12:30 a.m. Sunday while parked at The Wayne Herald parking lot.

On that same day, a battery and generator were reported missing by Paul Telgren of 913 Sherman.

Church Sets Evangelism Conference

The Rev. Clifford Lindgren of the Concordia Lutheran Church in Concord has invited the public to attend the evangelism conference meetings scheduled for their church next week.

Speaker will be the Rev. Carl Johansson of Minneapolis, Minn. Meetings are set for 8 p.m. nightly, Sunday through Wednesday, and personal witnessing study sessions are scheduled for 9:30 a.m. each morning during the conference.

In addition, Pastor Johansson will speak at the 3:30 to 7 p.m. youth rally which is to take place Sunday.

Pastor Johansson received his AB from Bethany College, Lindsborg, Kan., in 1945 and his BD from Augusta Theological Seminary, Rock Island, Ill., in 1949.

His first church following the seminary was Concordia Lutheran Church where he served from 1949 to 1951 before going to Quincy, Mass., to serve the Salem Lutheran Church there.

In 1954 he went to Tanganyika to serve as missionary pastor at the Usambará Digo Lutheran Church and the following year took over as a teacher and administrator of a Lutheran Bible School in Tanganyika.

From 1968 to 1964 he served as executive secretary of the Evangelical Lutheran Church in Tanganyika, a church body with a 425,000 membership, and from 1964 to 1965 he was assistant general director of the Lutheran World Federation Broadcasting Service, Radio Voice of the Gospel.

He also served as secretary of the Wider Church Union Committee of East Africa, secretary of the East African Venture Publications and represented

the Federation of Lutheran Churches in Tanganyika at the Lutheran World Federation Assembly in Helsinki in 1963. He was a member of the planning committee for the All African Lutheran Churches Conference to be held this October. He represented the Evangelical Lutheran Church in Tanganyika at the Quintennial Assembly of the All Africa Conference of Churches in Kampala, Uganda this year. He was a member of the board of directors of the Lutheran World Federation Broadcasting Service and was a member of the executive council of the Christian Council of Churches in Tanganyika. He has also served as chairman of the Audio visual aids committee and was a chairman of the board of directors of the Lutheran Theological College in Tanganyika.

Pastor Johansson served the Zion Evangelical Lutheran Church of Sunbury, Pa., from 1965 to 1968 and in 1968 became senior pastor of Trinity Evangelical Lutheran Church in Minnehaha Falls at Minneapolis.

Johansson is presently serving as vice chairman of the Com-

mission of Stewardship of the Lutheran Church in America. He is a council member of the World Mission Prayer League. He is dean of the Southeast Minneapolis District of the Minnesota Synod of LCA, and is chairman of the board, Lutheran Evangelistic Movement.

Kathy Brandow Michael Osborne Wed September 1

Kathy Ann Brandow, daughter of Mr. and Mrs. B. J. Brandow of Laurel, and Michael Vincent Osborne, son of Mr. and Mrs. Vincent Osborne of Atkinson, exchanged wedding vows Sept. 1 in 2 p.m. rites at the Laurel United Methodist Church.

The Rev. Richard Burgess officiated at the double ring ceremony. Honor attendants for the couple were her sister, Mrs. Jerry Junck of Carroll, and his brother, Dennis Osborne of Norfolk.

The bride chose a floor-length gown of lagoda, styled with ruffle trim on the high neckline, bodice, cuffs of the long sleeves and extending down the front of the skirt. She wore a matching mantilla. Mrs. Junck's dress, also floor-length, was a light blue double knit.

Ushers were Jerry Junck of Carroll and Kenneth Osborne of Atkinson.

For her daughter's wedding Mrs. Brandow chose a light pink floor-length frock in double knit. Mrs. Osborne wore a royal blue double knit, also in formal length, and both had silver accessories.

A reception for 150 guests was held at Johnson parlors. The cake, baked by Mrs. Freda Swanson, was cut by Mrs. Dennis Osborne of Norfolk, and Mrs. Gene Weller of Millington, Tenn. Hosts were Mr. and Mrs. Kermit Graf of Randolph and Mr. and Mrs. Gene Burns of Hartington.

Peggy Brandow registered guests and June Kvoils, Mrs. Jerome Hoepner, Cindy Peterson and Mrs. Robert Thieman arranged gifts. Mrs. Richard Sweet poured. Waitresses were Rosie Hirschman of Laurel, Penny Bruggeman, Denise Dirks of Lincoln and Sally Zoubek and Lorrie Schwartz of Norfolk.

The couple are making their home at Elkhorn Trailer Court, Norfolk. The bridegroom is a graduate of West Hill High School and the bride is a graduate of Laurel High School and Northeastern Nebraska College.

Washington Field Trip Planned

Wayne State College has initiated an October 8-11 field trip to Washington, D.C., which could prove to be the high point in many students' college careers.

Participating students will attend a national convocation which will consider new opportunities in U.S. foreign policy.

The convocation, entitled Pacem in Terris III, is sponsored by the Center for the Study of Democratic Institutions. Any interested students can participate in this trip. However, enrollment is limited. The field trip is being offered as a one, two or three-hour course and can be taken as an independent study or directed study. It is possible to take the course and trip for no credit.

The entire package will probably cost less than \$200, including transportation, food, lodging, tuition, and meeting admission fees. For additional information contact William Hagerman, Fine Arts Room 12.

Price of Dresses To Be Examined by Leaders

In late September county home extension club leaders will be attending training sessions for the club lesson, "Why Did That Dress Cost So Much?"

The lesson is designed to create an awareness of the unseen costs which are included in the price of each dress according to area home extension agents at the University of Nebraska Northeast Station. Standards of quality in fabrics and construction will be discussed.

KWSC Starts Third Year

KWSC, Wayne State's student operated radio station, has started its third year of broadcasting. The station signed on Saturday night to cover the Wildcats' opening football game. Cooper Liqua-Base Cattle Supplements

Contains natural protein for a naturally controlled release.

Cooper Liqua-Base is a new concept in liquid feeding that utilizes high levels of natural protein at prices comparable to high urea liquid supplements. Cooper research offers cattle men a far safer and more efficient way to feed liquid supplement to calves growing cattle stock cows and finishing cattle in the feedlot.

15% Liqua-Base is formulated without adding any urea protein. With its high level of natural protein it's designed for growing cattle on range, pasture stalks or stubble.

Improved Feed Efficiency - Liqua-Base Cattle Supplements are rich in natural protein, vitamin A, D, E, Phosphorus, Trace Minerals and energy. No salt or water is added. Cooper tests showed faster gains, better feed conversion and lower feed costs per pound of gain in comparison to high urea liquid supplements.

Cooper Liqua-Base Cattle Supplements are manufactured in a unique emulsifier mixing system to minimize separation problems. They're easy to handle regardless of weather conditions.

Wayne-Carroll School Board Approves Hiring School Nurse at Board Meeting

The Wayne-Carroll school system will have a new nurse starting today (Thursday).

She is Paulette Clark of Wayne, who has been a nurse at Wakefield Community Hospital since this spring.

Mrs. Clark, 22, replaces Rebecca Juelts, school nurse for one year.

The Wayne-Carroll school board approved her hiring during Monday night's regular meeting.

Mrs. Clark studied at the University of Nebraska-Lincoln and Lincoln General Hospital School of Nursing in Lincoln. She worked in a Columbus, Ga., hospital for several months in

1972 before taking a job at Lincoln General in the fall of 1972. She worked there until early this year when she accepted a job at the hospital in Wakefield.

During their meeting, board members heard a request from the president of Wayne Education Association for a task force to study co-curricular activities being offered by the school system.

Verne Mills told the board a group composed of teachers, administrators and board members should examine the co-curricular activities as soon as possible so they can be evaluated according to standards established for evaluating curricular activities.

He said the study is necessary to achieve a consistency in evaluating all programs in the school, to find out where co-curricular activities create conflicts with regular offerings of the school and to arrive at some conciliation where conflicts and disagreements exist.

It's important "that all elements of the program function as a team," he told the board, noting that some extra duty activities are becoming very troublesome. Some teachers are asking whether taking tickets at school events, riding the Pep Club bus and the like really benefit the students and fit into the overall school program.

Board president Irvin Brand pointed out during the discussion that such a study may be in order but that a method already exists for teachers to seek an evaluation of certain aspects of the school program.

That method is for the teachers to work through their principals and superintendent to bring the sub-

ject before the school board, he said.

The association's request for the task force came on the heels of the board's decision to adopt a policy which permits athletics for girls if a need for them can be shown and if they can be worked into the budget. That policy gained board approval this spring.

The board agreed after discussion that superintendent Francis Hahn should have a committee investigate the extra duties assigned to teachers to see if all teachers are being treated fairly.

In other action the board:

—Heard reports by superintendent Hahn on the new legislation affecting school systems.

—Reviewed the mini-course curriculum being offered in the high school English department.

—Reviewed enrollment figures which show that there were 40 fewer students at the beginning of this year than there were at the start of the 1972-73 school year.

—Reviewed the goals drawn up by Vern Mills for the chairman of the school's science department Mills, department chairman, was the first to complete the list of goals re-

'Soybean, Corn Crop Really Greening Up'

Although corn and soybean production in the Wayne area was hurt by the hot, dry spell in August, farmers can expect crops close to the average.

The recent rains and cool weather have greatly improved yields, says Wayne County agricultural agent Don Spitzke.

"Things have improved dramatically, and crops have really greened up," he said Tuesday.

The rains late in August and early in September are resulting in soybean pods filling out and corn kernels becoming more plump, he said.

The rains, which amounted to more than an inch close to Wayne at the turn of the month, came too late to produce bigger ears in the corn fields, he said, but they will help both crops.

Spitzke said he expects both bean and corn yields to be about average for this part of the state in spite of the dry weather last month. That would mean dry-

land yields of about 70 bushels to the acre for corn and about 25 to 30 bushels to the acre for soybeans.

COUNTY COURT:

Sept. 10—Fredrick L. Wiemers Jr., 35, Laurel, overwidth; fined \$10 and \$8 costs.

Sept. 10—Ron E. Wachholtz, 26, Wayne, speeding; fined \$10 and \$8 costs.

Sept. 10—Dennis F. Tuttle, 22, Laurel, stop sign violation; fined \$10 and \$8 costs.

Sept. 11—Rodney R. Hoops, 16, Michael D. Meyer, 16, and Timothy J. Howell, 17, all of Wayne; littering; fined \$10 and \$8 costs each.

MARRIAGE LICENSES:

'Speak Out' asks your feelings on girls athletics

Schools in the Wayne area have been changing their outlook on girls athletics in recent years.

Several of them — Wayne High being the latest — have started offering volleyball for girls. Others offer track. Some schools around the state have started offering basketball for girls, and there is a possibility the state will be proposed in coming years if the trend continues.

There is much to be said for athletics for girls, just as there is much to be said for athletics for boys. It provides girls with a chance to develop their bodies physically while participating in competitive sports with girls from neighboring schools. Friendships are struck up, desirable attitudes are fostered, a competitive spirit is developed.

There is much to be said against it, however, just as there is much to be said against interscholastic sports for boys. Only a small number of girls get to take part in the games, those who most need the

exercise are usually the ones who do not get it, pressure to win often is the overriding concern of the school, team and coach.

The issue could be argued from now until, as the saying goes, the cows come home. And it probably will be.

But what we would like to know is how the readers of The Wayne Herald feel about girls athletics.

Do you think schools should continue offering sports for girls? Or do you think those that are offering girls athletics should do away with it?

At the right is a ballot for you to mark. Clip out and return to the newspaper so your vote can be tallied with the others sent in. If you have an opinion either way, make sure you clip out the ballot now so you don't forget about it until it is too late.

If somebody else in your home uses the ballot before you get a chance to or if you misplace your paper, simply mark down your opinion on a slip of paper and send it to us. It will be counted along with the ballots sent in.

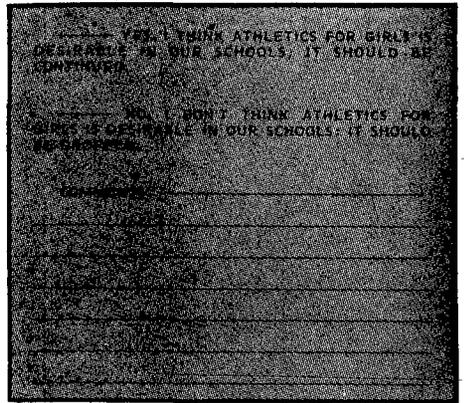

This is the second in a series of **Speak Out** questions being run by the newspaper as a public service to its readers.

The first question asked our readers what they thought of the change in uniforms by the Wayne police department. Opinion was heavily against the change.

This question permits a much greater number of our readers to respond — since almost all readers are concerned about what is being offered in their school systems.

Results of this second survey will be published in an issue of the newspaper later this month.

Readers, tell us what you think of schools offering athletics for girls

OBSERVATIONS

Let's plan now

Well, we got through last winter without any great fuel shortage in Wayne. And the past summer wasn't too bad.

Oh, there were times when it looked like the local power plant would have to restrict production because there wasn't enough fuel oil to keep the engines running fast enough to meet demand, but we got by. A few gas stations had to cut back their open hours this summer. Some farmers had a little trouble getting enough fuel to keep their equipment running. All in all, though, it wasn't anything to worry about.

Right? Wrong. Just because we got by last winter without any problems doesn't mean we'll be that lucky this time around. In fact, if a long cold spell hits the community, we could all be in trouble if the local power plant is forced to restrict production. It would mean lights not going on, gas furnaces not starting, motors not running.

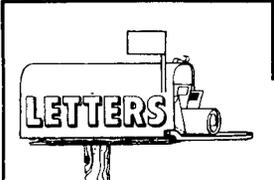

And now is the time for some

emergency planning by local officials. . . before the emergency hits us in the face.

Will lights be shut off on one side of certain streets? Will homeowners be urged not to run electrical appliances which are not needed? Will certain city services be curtailed? Will some businesses be rationed electricity?

If these are steps which might have to be taken during a fuel shortage, the public is entitled to know about them. And they are entitled to know weeks and months in advance, not a day or two before they are initiated.

When the fuel shortage became real in Wayne last winter we noticed a certain lack of preparedness on the part of local city officials. There had been warnings about such a shortage many months in advance, but nobody seemed to think it would be anything people in Wayne would have to worry about. Well, it was, and there have been few hopeful signs which point to anything better this winter. We hope this time around we might be more ready to deal with the emergency.

'Thanks for the great coverage of county fair'

Fairchild AFB, Wash.

Dear Editor:

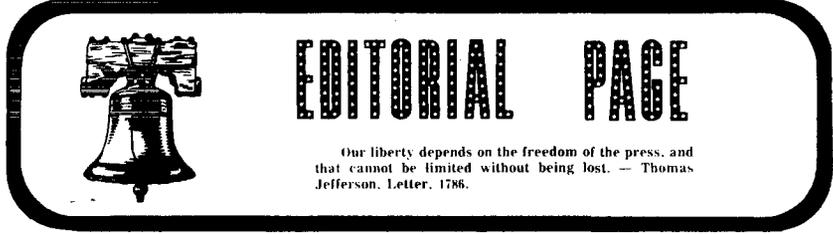

I love you! Your coverage of the Dixon County Fair was fantastic. Ever since I can remember, from the time I was just a kid, I was a part of those county fairs.

Being raised on a farm near Concord, the "topper" to every summer was the thrill that comes only from being totally involved in the group effort known as FAIR.

This year was different. I'm a WAF in the U.S. Air Force stationed in this spacious land called Washington. Do I love it? Every precious moment. I'll admit it made me a trifle lonely and homesick knowing I was missing out on those three big days. However, when your Wayne Herald hit my mailbox, packed full of county fair activities, my heart was soaring high.

Thanks so much for bringing Concord, Nebraska, so close to me here at Fairchild.

Guest editorial

Who's right to know?

From the Fremont Tribune

Fed up with Watergate? If so, you're certainly not alone. Many wish the current recess would become permanent.

But even though you may be sick of it, at least you are being given the opportunity, through the news media, to learn what is and was going on in Washington.

This is not always the case, in Washington or Fremont.

Most states and the federal government have open meeting laws. But they don't always play by their own rules.

The U. S. House of Representatives recently adopted a new rule requiring all committee sessions to be open to the public unless a majority of the committee members vote in public to close a session.

But a survey by Common Cause, a governmental watchdog organization, shows the new rule is frequently ignored. The survey was conducted from March 7-June 15. It shows that of all committee sessions held in that period to draft legislation, 238 were open and 47 were closed. The Appropriations Committee and all but one of its 13 subcommittees held all their sessions in private. The Ways and Means Committee also has held all its sessions in secret.

Most of the closed sessions were closed by a majority vote, but the Veterans Affairs Committee met to draft three bills on burial matters, insurance and overseas memorials and closed the session without taking a vote. The commerce and agriculture committee

were cited for doing the same.

What makes secrecy necessary in these sessions?

In Massachusetts, the Eastern Massachusetts Public Interest Group attempted to obtain state and local records defined by law as public records. Twenty-six of the 33 agencies either refused to release the records or demanded to know who wanted the information and why. The group obtained only 35 of 56 items requested.

The reasons why the agencies refused to comply with the requests for records is not spelled out. Are they being secretive because they have something to hide?

Governmental units in Fremont are not averse to secrecy in certain situations. There have been closed meetings of the Dodge County Board and Fremont Board of Education. The Fremont Police Department has refused to provide information relating to criminal matters.

And most recently, the Dodge County Sheriff refused to tell a Tribune reporter who was being held in county jail. The case involved a man arrested following a shooting death.

Newspapers have long led the fight to assure a free flow of information. But it has not been made sufficiently clear who's right to know they are fighting for. It's not the newspapers' it's yours.

The press leads the fight, because it is their responsibility to record the information for the public. If, because of restraints and restrictions, the press is unable to carry out its responsibility, the public, not the press, is the ultimate loser.

Lucedale, Miss., George County Times: "A sign in the window of a Grand Island, Nebraska, butcher advertises T-bones for 59 cents a pound. But in smaller letters at the bottom, it says: With Meat, \$2.08 a pound."

Burlington, Wisc., Standard Press: "It is important that people read newspapers with understanding, think for themselves, and take responsible action when they believe it is necessary. One of the best ways to take responsible action is to write a letter to the editor. . . This time-honored way of presenting differing viewpoints and ideas is an important part of our free society and our free press, but all letters cannot be printed. Oftentimes space is lacking; sometimes the words or ideas may be spiteful, abusive or even libelous. But, most readers and writers have the opportunity to say what they think. In this way, free speech and free press will continue to guarantee a free and open society."

Blue collar work is important, too

From the Industrial News Review: College enrollment will drop for the first time in 10 years this fall. This may be one of the best things that has happened to young people in quite awhile.

During the past few years, plumbers, mechanics and carpenters seemed on the verge of extinction, because everyone was rushing off to college, and relatively few young people were bothering to learn these occupations anymore. But the fact is that these and other blue collar trades are very vital and essential to the maintenance of society as are the professions — law, medicine and the like.

A college education is still, for some, a prelude to chosen careers, and today's high school graduates should be encouraged to pursue the goals of their choice. But a college degree is not the only means to happiness and security. Young people should be made aware of other avenues that might better suit their needs.

Industry officials say . . .

End of energy crisis not very close

LINCOLN — Officials from the utilities industries told Nebraska legislators the end of the energy crisis isn't around the corner.

Testifying before the Legislature's Public Works Committee last week, the officials said the shortages of natural gas and other energy sources are real and getting worse and that generation of electricity by conventional methods is getting more difficult.

Bob Harris of Kansas Nebraska Natural Gas Co. said supplies are diminishing and those reserves available are deeper in the ground and, consequently, more expensive to extract — twin reasons for rising costs to consumers.

The Public Works Committee also heard a great deal of testimony about how to control residential communities developed outside of cities.

THE PROBLEM is greatest in the suburban areas around Omaha — in Douglas and Sarpy Counties — but it is general throughout the state, the committee members were told.

Scotts Bluff County officials said they have problems as well, especially with unincorporated areas.

The committee is seeking information on how to finance maintenance of streets in these residential areas.

Another study committee at work last week was the Education Committee, which has school aid at the top of its agenda, but also is looking into such subjects as student financial aids for colleges (loans and grants); creation of courses to train attorneys' assistants and the future of the post of county school superintendent.

The committee's school aid bill in the 1973 session was sunk by a gubernatorial veto — as had been efforts in previous sessions to make significant changes in the present school aid statutes.

THE SCHOOL AID BILL which did pass was a one-year-only boost of \$20 million, taken from federal revenue sharing money.

The senators debated last week whether the purpose of the state ought to be relief of local property taxes or the guarantee of equal educational opportunities in all school districts.

Sen. Ralph Kelly of Grand Island said the committee ought to worry solely about the educational problems and let some other committee, say the Revenue Committee, try to solve any taxation problems.

Chairman Jerome Warner of Waverly, however, said that his long experience in fighting state aid battles has convinced him that the two issues are tied together and that any effort to separate the taxation questions won't work.

University Speakers Named

A woman who sought the Democratic nomination for vice president in 1972 and a colleague of Daniel Ellsberg's in the Pentagon Papers case will be among the speakers this year at the University of Nebraska-Lincoln.

The Talks and Topics Committee of the Nebraska Union has scheduled Frances "Sissy" Farenthold of Texas to speak Feb. 26. She was the second-highest vote getter at the Democratic convention during the balloting for the vice presidential nomination.

SHE IS a two-term member of the Texas House of Representatives and will discuss women and politics.

Anthony Russo, a close personal friend of Ellsberg's, is to speak Oct. 16. He was acquitted along with Ellsberg of conspiring to defraud the United States.

The UNL speakers' agenda also includes an Oct. 9 talk by Dr. Edgar D. Mitchell, a former astronaut who was the sixth man to walk on the moon and is now a student of research into human potentials. He will discuss such things as extra sensory perception, biofeedback and altered states of consciousness.

THE STUDENTS will hear a slide presentation Oct. 24 by a group known as the Assassination Investigation Bureau, which says it has evidence which "seriously challenges" the conclusions reached by the Warren Commission in connection with the assassination of President Kennedy.

Symposiums are scheduled throughout the year on American relations with Japan and Latin America. Among the speakers in that series will be Dr. Edwin O. Reischauer, former U. S. ambassador to Japan.

N. U. Budget Cut Planned

The University of Nebraska Board of Regents, meanwhile, is puffing together its budget request for the 1974 Legislature.

At its recent meeting, the board directed President D. B. Varner to hold increases to be asked to \$13 million, much lower than the officials from the three campuses had wanted.

Leo Jordans Tour Spain

Mr. and Mrs. Leo Jordan of Carroll left Aug. 29 from Des Moines, Ia. on a fiesta tour of the Costa Del Sol in southern Spain. Two hundred and forty persons representing several Midwestern states were among the group.

They landed at Malaga on the Mediterranean coast. Among the places they visited were the Alhambra Castle in Granada, one of the oldest and best preserved Arab palaces. While in Granada they also visited the Santa Maria Cathedral. Tours were provided to several villages.

The Jordans and the LeRoy Werners of Tilden spent three days sightseeing on their own. They visited several rural areas where women were seen washing clothes in streams. They noted that a few cattle were seen, however, most of the stock consists of goats in herds of 100 or more.

Olive trees occupy the countryside and picking by hand is still the preferable means of harvest. Cork trees were also seen. Grape vineyards provide the Spaniards with wine, their main drink.

In Ronda they visited a cathedral which was built in three eras. Burros are used for transportation and carrying products. They also boarded a ship which crossed the Mediterranean and sailed through the strait of Gibraltar and toured Tangier, Africa, where many of the tourists mounted camels.

The Jordans attended a bullfight before returning home Friday.

Final Service
Lady of Sorrows Catholic Church of Carroll held its last worship Sunday. The 11 a.m. mass was under the direction of Father B. La Rocque of Randolph and Father Anthony Tresnak of Hartington.

Approximately 60 attended the no-host luncheon following services. The Lady of Sorrows Guild served.

Society -

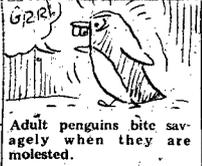

Birthday Guests
Guests in the George Jorgensen home Thursday evening in honor of the host's birthday and the couple's 33rd wedding anniversary were Alvin Hankins, Stanton, Bus Hansens, Mrs. Walf Lage and Jesse Milligan and sons.

Delta Dek
Delta Dek met Thursday afternoon in the Joy Tucker home. Twelve members and two guests, Mrs. Walf Rethwisch and Mrs. Bob Johnson, were present.

Three tables of bridge were played with prizes going to Ann Roberts, Esther Batten, Pat Johnson and Anna Johnson. Next meeting will be Sept. 20 at 2 p.m. in the Frank Vlasak home.

Hamm Family Honored
Tech Sgt. Johnny Hamm Jr. and family were honored at a no-host dinner Monday at the Carroll auditorium. Approximately 65 persons attended from Norfolk, Seward, Laurel, Fremont, Wayne and Carroll.

Tech Sgt. Hamm returned home after spending the past year in Taiwan. He and his family have left for Bel Air Force Base in California where he will be stationed.

Winside Classes Elect Officers

Winside classes, from grades seven through twelve, elected new officers last week.

New officers are:
Seniors — President, Larry Weibler; vice president, Steve Brummels; secretary, Linda Wagner; treasurer, Deb Bargstadt.

Juniors — President, Gregg Lage; vice president, Terry Luhr; secretary, Theresa Kleensang; treasurer, Patty Mann.
Sophomores — President, Brian Denkiau; vice president, Carla Miller; secretary, Debbie Westerhaus; treasurer, Norman Libengood.

Ninth grade — President, Cynthia Krueger; vice president, Lori Lienemann; secretary, Patty Pilger; treasurer, Jerry Bleich.
Eighth grade — President, Rhonda Topp; vice president, Peggy Langenberg; secretary, Darci Janke; treasurer, Melodi Westerhaus.

Seventh grade — President, Krisi Duerfer; vice president, Mitch Pfeiffer; secretary, Brenda Voss; treasurer, Tom Koll.
During meetings to elect officers each class discussed coming events, including preparations for Homecoming.
The seniors voted to sell mums. In charge of the project are Joni Langenberg and Linda Wagner.

Also, the members agreed to paint Willse Mortuary in Winside Sept. 22 and 29 as a money-raising project. On Oct. 12 the seniors will hold the annual chili feed after the Winside-Ponca football game.
Juniors set their class dues at \$5 a year. They also discussed money-making projects but did not decide on any.
Lynne Wylie, Gail Grone, Brad Brummels, Bob Hoffman and Lynn Langenberg were selected for the sophomore skit committee for the homecoming event. The class also named Tyler Frevert, Hugo Bleich, Barb Ritze and Deb Westerhaus to the display committee, and Nov. 16 was set for the sophomore-sponsored dance.

New Machine Helps in Spotting Glaucoma

Glaucoma, a disease of the eye which leads to blindness when untreated, has a new enemy - the non-contact tonometer.

One of the newest, most sophisticated aids in the detection of glaucoma, the non-contact tonometer has been in development about 15 years and went on the market a year ago in June.

And according to optometrist Dr. William Koeber of Wayne, who since July has had one of the few machines located in Nebraska, it may prove to confirm beginning glaucoma sooner than any other method now in use.

Dr. Koeber explained how glaucoma occurs. The front and rear chambers of the eye, he noted, are divided by a wall made up of the iris and the lens. The fluid from the front chamber continually drains away and is replaced as needed by the body. If, for some reason, the reproduction of the fluid occurs faster than the drainage, a growing pressure of fluid builds up in the front eye chamber, is transferred to the rear chamber and to the back chamber wall, damaging the nerves and causing a loss of vision that cannot be regained.

The earlier the disease can be detected, the better are the chances for retained vision for the glaucoma victim, according to the Wayne optometrist.

With the non-contact tonometer, a glaucoma examination takes less than five minutes. The patient, seated before the instrument, leans his chin into a plastic stirrup and concentrates first with one eye, then with the other, on a spot of light. Nothing touches the eye but a brief spurt of air.

A computer within the instrument reads the feedback and records the eye pressure in a

BEFORE EACH EXAMINATION, Dr. Koeber uses a larger-than-life replica of the eye to explain how glaucoma occurs.

window on the opposite side of the instrument where the optometrist is seated.

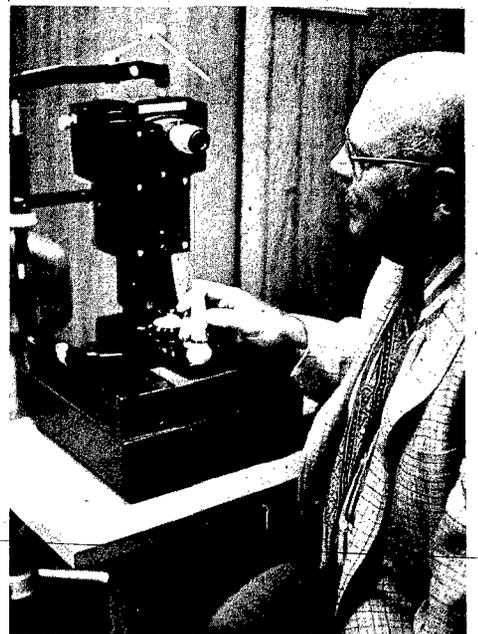

For eight years Dr. Koeber used an electronic tonometer with a probe which had to be applied directly to the eye. The results, which were less reliable than with the new machine, were recorded graphically.

Still another method of glaucoma detection requires anesthesia, but it must be performed in a medical doctor's office.

The non-contact tonometer, unlike either of the other two basic methods of tabulating pressure of the eye, does not bother even the most sensitive person, says Dr. Koeber. The only sensation the patient may feel is a slight momentary dryness in the eye.

In the future, each of Dr. Koeber's patients over 35 years of age will automatically be tested for glaucoma when they come in for an examination.

After a year's study, Dr. Koeber hopes to compile his findings and present them in a paper for publication.

THE NON-CONTACT TONOMETER which has been in Dr. Koeber's office since July is one of only four or five now in use in the state.

"Dependence on Drugs" Is Topic at Ladies Aid

Ten members of Zion Lutheran Ladies Aid, rural Hoskins, met Thursday afternoon to discuss the topic, "Dependence on Drugs," led by Rev. Jordan Arft.

Members answered roll call with a one cent donation to the penny-pot for each birthday or anniversary in the family in September, or two cents for no celebrations.

President, Mrs. George Ehlers, announced that delegates to the LWML Rally Oct. 9 at Our Savior Church, Norfolk, are Mrs. Guy Anderson, Mrs. Fred Bergstadt, Mrs. James Bergstadt and Mrs. Ernst Eckmann. Alternates are Mrs. Melvin Freeman and Mrs. Alvin Johnson. All members were invited to attend. The receipt of special bulletins for use Oct. 7 in observance of LWML Sunday was acknowledged.

Members of the committee in charge of the fall dinner voted to meet at the church Sept. 17 at

1:30 p.m. to begin plans. The October Altar Guild is Mrs. Rudolph Warnke and Mrs. Marilyn Nitz. Flower committee for September is Mrs. Ernst Eckmann and Mrs. George Ehlers.

October hostesses will be Mrs. Marie Rathman and Mrs. Melvin Freeman. The no-birthday month gift was presented to Mrs. James Robinson.

Life Membership

THE VFW POST in Wayne officially received its life membership Sunday night from Nebraska state commander Jim Kanaley of Omaha, right. Post commander Morris Backstrom, left, noted that life membership is the 20th such membership awarded in the state. They are presented to posts which have 25 individual lifetime members.

The women's non-stop talking record was set by Mrs. Alton Clapp of Greenville, North Carolina, in 1958, with 96 hours 54 minutes 11 seconds!

NCIP Deadline Nears

Deadline for submitting scrapbooks in the 1973 Nebraska Community Improvement Program (NCIP) is Oct. 1, according to Mrs. Marie Arnot, director of the Division of Community Affairs of the Department of Economic Development.

"The scrapbook which records the story of community involvement and what has been accomplished is the only way to tell the community story to the judges," Mrs. Arnot said.

The 12 judges — all from other states — spend a full day looking at the scrapbooks which contain newspaper clippings, pictures, and descriptive material. They are the only basis on which the judges decide which six communities in each of the five population categories and which neighborhoods to visit. After two days of visits to these semi-finalists, winners are selected.

This year, the 10th year in the competition, has brought a record number of entries — 201 communities and neighborhoods. The scrapbooks are also the sole evidence for judging the Special Awards and Youth Involvement competitions.

Each community should indicate through the scrapbook how young people were instrumental in the improvements

that were made," Mrs. Arnot said.

Nebraska communities still have until Oct. 1 to enter the Special Awards competition. All that is necessary is to submit a Special Awards entry blank with the scrapbook, indicating the progress made in one or several of these areas: downtown improvement, economic development, environmental action, farm and ranch development, health and safety programs, public facilities and governmental services, recreation and leisure time, social services, and tourism promotion and special events.

Winners in all competitions will be announced at a banquet in Lincoln on Awards Day, Nov. 2. Monetary prizes and plaques will be awarded. All scrapbooks will be on display at the Ramada Inn where the day's workshops and other activities will be held.

Prize money is given by the sponsors, the natural gas companies of Nebraska. The program is jointly administered by the Community Development Department of the University of Nebraska Extension Division and the Community Affairs Division of the Department of Economic Development.

Hoskins Farm Couple Cited At Kearney for Conservation

A farm couple near Hoskins was one of two Northeast Nebraska farm families honored Monday night at the second annual conference of the Nebraska Association of Resources District in Kearney.

The couple is Mr. and Mrs. William Fenske, who farm two and a half miles north and three east of Hoskins.

They and Mr. and Mrs. Melvin Meister of West Point received the State Conservation Picture Awards for the outstanding conservation practices they use on their farms.

The Fenskens farm 320 acres in a cow-calf and feeding operation.

A conservation plan on the Fenske farm was started in 1950 and has progressed to the point

where the farm is now totally under conservation treatment. The 250 acres of cropland is fully terraced with 61,000 feet of terraces and is farmed on the contour. The balance of land is in grass for the cow-calf herd, and two farm ponds help provide drinking water and erosion control.

Fenske was one of the first users of minimum tillage in Wayne County, and he built his own experimental minimum till unit in the 1950's. Presently, a custom operator plants the row crops with a Buffalo minimum till planter.

The Fenske family is well known in the Hoskins-Winside area, and Bill has been a member of the Wayne County Soil and Water Conservation District and has served as chairman of the district for three years.

The Fenskens have one son, John, who is married, and one daughter, Mary, still at home.

The other farm couple selected for the award from the Lower Elkhorn Natural Resources District operates 340 acres of land six miles west and three south of West Point. The 240 acres that the family owns is under full conservation treatment with a combination of terraces, waterways, field border plantings and windbreaks. All the cropland is farmed on the contour under minimum tillage. Meister was one of the first farmers in his area to use minimum tillage, developing his minimum till operation into one of the finest in Cumming County.

Also attending the three-day conference was Forrest Martinson, rural eighth grade student in Pierce County who won the area speech contest held for the Lewis and Clark, Middle Missouri and Lower Elkhorn Natural Resources Districts.

Winning the state speech contest held for the eighth district winners around the state was Caroline Fox of Falls City.

PLANT NOW FOR FLOWERS

Spring flowering bulbs should be planted in the fall so roots can develop before the ground freezes.

In our area, the planting season starts after Labor Day, with the tulip, daffodil, hyacinth and crocus being the most popular early spring flowering bulbs.

Bulbs can be purchased from nurseries, florists, nursery catalogs or variety stores. However, it is a good idea to buy from a dealer known to sell good bulbs. Cheap bulbs usually are of poor quality and may or may not produce blooms. A good bulb will always be plump, solid and clean — free from blemishes or scars of any kind.

Within each group of bulbs, the larger ones will almost always produce larger flowers. Many bulbs are sold according to size, and when names like "Exhibition" are used, it means that bulb will produce a larger than normal flower.

Planting depths depends upon the size of the bulb, but it is recommended larger bulbs like tulips, hyacinths and daffodils be planted at least six inches deep and six inches apart.

Smaller bulbs like crocus, anemones, and grape hyacinths should be planted three inches deep.

In sandy soil, bulbs can be set two inches deeper and three inches apart. In clumps for more color showing, they can be planted one inch apart. However, they will need to be separated in about three years due to overcrowding.

For more information on varieties and specific planting guides, the House and Garden Bulletin No. 136, U.S.D.A. "Spring Flowering Bulbs" can be secured through county extension offices.

Tax Dollars Available for Conservation

Money has been made available as of Sept. 1 to provide funds for construction of conservation practices under the new Land and Water Development Assistance Program in the Lewis and Clark Natural Resources District.

Tax dollars from the property owners within the district, which includes major portions of Cedar, Dixon and Knox Counties, are being funneled into the program to provide assistance payments of upwards to 75 percent of the total costs of practices constructed. Practices eligible for assistance benefits are: multi-purpose dams, diversions, terrace systems, permanent native grass seeding, county road structures, and park and recreational development.

A total of \$40,000 has been allocated for these resource management practices, with the NRD board of directors guiding distribution. All projects must follow Soil Conservation Service specifications in order to be eligible. Sign-up forms and more information are available at the SCS offices in Creighton, Hartington and Wakefield and at the NRD office in Hartington.

Tours begin at 10 a.m. and continue through mid-afternoon. Lunch will be available at the Station.

In addition to the tours, a crop production panel will be on hand to discuss individual problems. Visitors are encouraged to bring along specimens of disease, insect damage or other problems.

Two Movies At Winside

"Pigeon Worked a Miracle" and "Cuckoo Clock Wouldn't Cuckoo" will be the featured movies Saturday at 1 p.m. at the Winside Youth Center.

SHOULD YOU BURN THE HOUSE DOWN?

This time of year insects such as crickets, elm leaf beetles, boxelder bugs and spiders, to name just a few, are invading houses.

There is no sure prevention short of burning the house down. If this method seems a little severe to you, you might try spraying around the foundation with chlordane by mixing one half cup 45 per cent chlordane or 20 per cent lindane in one gallon of water. Allowing spray to run between foundation and soil as well as around basement windows, cracks and other openings. Diazinon can be used by mixing one third cup 25 per cent (Spectracide) in one gallon water. If mites are present use diazinon. Malathion has a good immediate action, but little residual for these pests. Use 1/3 cup 57 per cent malathion in one gallon of water. Malathion or diazinon can be combined with chlordane or lindane.

Caution: Do not apply these dilutions to plants or pets. Keep all mixtures and containers full or empty — out of reach of children. If children play in areas to be treated, do not treat, or restrict play areas.

CORN SILAGE

Silage plays a very important part in any cattleman's or

dairyman's feeding program. Not just any silage, but good silage.

The key to obtaining top yields and a quality feed for both dairy and beef cattle is to cut silage at physiologic maturity. Physiologic maturity is that brief point when a corn plant has reached its peak as far as total dry matter and total digestible nutrients are concerned. Corn kernels contain 35-38 per cent moisture, ear corn 40-45 per cent moisture and the entire plant about 62-68 per cent moisture.

A new and more precise method to pinpoint physiologic maturity is to look for the so-called "black layer" in the corn kernels. When corn grain reaches the point of maximum yield, several layers of cells near the tip of the kernel turn black. The best way to find the layer is to break an ear, remove a few kernels and split them lengthwise. If the grain is mature, a black layer will be visible near the tip of the kernel.

FERTILIZING YOUR LAWN
Now is the ideal time to fertilize your bluegrass lawn. During the cool months of September, October and early November bluegrass develops underground roots and stems. Grass usually shows the most response to nitrogen fertilizer, and research shows that phos-

phorus and potash are often beneficial. Complete fertilizers — those which contain nitrogen, phosphorus and potash — are most effective when used in the fall.

An application of one to one and one-half pounds of nitrogen per 1,000 square feet (a 20-foot by 50-foot or 10-foot by 100-foot area) is usually sufficient. An application rate of five pounds of 20-10-5 per 1,000 feet of lawn areas will furnish one pound of nitrogen. A 10-6-4 fertilizer would require 10 pounds per 1,000 square feet application rate, while a 5-10-5 would require a 20 pound rate.

Most fertilizers should be applied when grass blades are dry and should be watered thoroughly immediately after application. However, fertilizer which contains broadleaf weed killers should not be watered for one to two days after application.

Business Notes

Field Day Set

The many steps necessary to produce quality commercial hybrid seed corn will be displayed at the P-A-G Seeds field day Monday on the Eugene Vongseger farm near Wisner.

Company personnel will be on hand to explain how P-A-G's plant breeders use seed source materials and inbreds to develop improved hybrids specifically suited to the Corn Belt. The plot will feature foreign hybrids, plant population studies, stress test exhibits and date-of-planting tests.

Guided tours of the plot will be held from 10 a.m. to 3 p.m. at the site, seven miles north of Wisner.

Thone Says:

Postal Service's Advertising Would Be False, Misleading, Wasted

The U. S. Postal Service may spend about \$19 million on advertising in the year ending June 30, 1974.

There is no excuse for the Postal Service buying any advertising. In addition, it appears that most of the \$19 million will be wasted, misdirected or used for false and misleading advertising.

This proposed advertising program, plus the Postal Service's budget of \$32 million for "information" and the recent move of postal headquarters from a building that was all paid for to the swankiest new office complex in Washington are some of the reasons why our postal rates are going up.

POSTAGE for an ordinary letter is expected to go from eight to 10 cents very soon. Rates for magazines, newspapers and books went up Sept. 9.

In April, I introduced a bill to stretch out from five to 10 years the scheduled increases on newspapers, magazines and books. The bill passed committee but was killed when it came to the House floor. The only hope for newspapers now seems

to be in efforts to prevent the increase scheduled for 1974.

The Postal Service is testing advertising campaigns in seven cities. If those tests are regarded as satisfactory, the Postal Service will buy 15.3 million dollars worth of advertising to sell money orders, to sell faster mail service — at higher rates — to businesses and to sell commemorative stamps, albums and "Stamps and Stories" books.

Of these three advertising subjects, only money orders would lend itself to mass advertising. But I think that the Postal Service should leave this area of endeavor to taxpaying financial institutions and devote its attention to moving the mail.

STAMP COLLECTORS are avid enough that they don't need to be stimulated by advertising. As for albums and books, again I think the Postal Service is invading a field that ought to be left to private enterprise.

If the Postal Service can really give businessmen better mail service, all they

have to do is notify them of the service through the mail.

The Postal Service also plans to spend about a million dollars this year advertising use of zip codes, early Christmas mailing and change of address forms for those who have moved.

Postal Service advertisements that urge people to use zip codes to speed up the mail come under the heading of false and misleading advertisements. Several surveys, including a recent one by the Associated Press show that non zip code mail travels at about the same speed as letters with the code.

In the past, media have donated space and time to messages from the Postal Service. By buying advertising, I think the Postal Service will kill off its free public service messages. In its testing in seven cities, the Postal Service is using only television, newspaper and magazine advertising. The media that are left out aren't apt to donate free time or space to Postal Service messages.

IN ADDITION to buying about \$18 million worth of advertising through

Needham, Harper & Steers advertising agency, the Postal Service will pay the agency about two million dollars for its services this year. Money going to the ad agency include: Labor, \$400,000; overhead, \$400,000; travel, \$50,000; fringe benefits, \$100,000; fixed fee, \$150,000; research, \$300,000, and production, \$500,000, for a total of \$1,900,000.

To a poor country boy these seem like incredible amounts to spend on the work of preparing advertisements.

The Postal Service also has contracts with three other advertising agencies, spending about another \$800,000.

Congress, not the Postal Service, is the chief cause of all this mischief. In my opinion, it was a mistake when Congress made the Postal Service largely independent of both the executive and legislative branches and ordered it to become self-supporting. If the Postal Service ever does reach a break-even point, it will be because of profits from non-postal matters that should be left to free enterprise and from ruinous rates for publications and ordinary citizens.

Charles Thone, Nebraska's First Congressional District Representative, comments on plans by the U. S. Postal Service to spend about \$19 million on advertising during the next year in this weekly report from Washington, D. C.

County's Social Security Checks To Get \$113,000 Hike in January

To what extent will residents of Wayne County benefit as a result of the boost in social security payments recently voted by Congress?

Under the new schedule, how much will retirement checks average in the local area?

Based upon figures released

by the Social Security Administration detailing the number of local recipients and the amounts going to them at the beginning of the year, annual benefits will rise by approximately \$113,000 when the new rates go into effect.

Under the bill, across the

board increases of 5.9 per cent are provided for retired or disabled workers and their dependents who are getting social security checks.

In general, the average benefits for a retired worker and his wife will rise from the present \$3,324 a year to \$3,516.

A single worker who is now receiving \$1,932 will get \$2,040. For those who are now getting the minimum of \$1,014 a year, the new amount will be \$1,072.

In addition, checks going to the aged, the blind and the disabled will be increased by \$120 a year for individuals and \$180 for

couples on the average. Those in other categories will benefit proportionately.

All in all, an additional \$3.2 billion or so will be distributed to some 30 million Americans in the next fiscal year.

In Wayne County, according to the latest annual report of the

Social Security Administration, payments to local beneficiaries have been at the average yearly rate of \$1,490 per recipient.

This will rise to \$1,570 a year when the new schedule goes into effect next July.

For the local community as a whole, payments will then total close to \$2,129,000 annually, as compared with approximately \$2,016,000 a year at the present scale.

Payroll taxes also will be raised to help pay for the increased benefits. Starting next January, social security taxes will be levied on wages up to \$12,600. The cutoff point currently is \$10,800.

The change will bring the maximum tax next year to \$737 instead of the going maximum of \$632.

Harsh Weather Hurts Evergreens

Nebraska's erratic and sometimes harsh climate frequently causes damage to ornamental evergreens.

The damage, commonly referred to as winter injury, occurs with a combination of dry summer and fall weather followed by cold temperatures through the winter and early spring months, says the University of Nebraska-Lincoln extension service.

Winter injury results from the drying and desiccation of needles, twigs and branches on red cedar, arborvitae, juniper and certain pines. In early spring, damaged evergreens appear brown and dried out at the tips and will fail to leaf-out normally. In some cases, these evergreens may leaf-out only to die back within three or four weeks. Occasionally, winter injury symptoms do not show up until a year or more after the physiologic stress occurred. Trees grown in poorly drained soil or excessively fertilized ground are more likely to be damaged by winter injury.

Unfortunately, weather cannot be controlled to prevent winter injury. However, several precautions will reduce the possibility of weather related damage to ornamental evergreens, says the extension service. Some of these:

—Select well drained soils as planting sites.

—Following a dry summer, soak the soil thoroughly before freezing weather sets in.

—Place a mulch around the base of the trees to increase moisture retention.

—Proper fertilization and soil aeration will increase plant vigor.

—Remove all dead branches and twigs in the spring as soon as they appear.

Local Student To National Meet

University of Nebraska-Lincoln student Ann Pedersen will participate in the 41st annual national meeting of Women in Communications, Inc., Oct. 4-7 in Portland, Ore.

Miss Pedersen, a senior in broadcast journalism from Wayne, is president of the University student and professional chapter. Daughter of Mrs. Ruby Pedersen, she is a graduate of Laurel High School.

Local, Area Youths Picked As Singers

Wayne and Laurel youths are among 33 University of Nebraska-Lincoln freshmen who have been selected as members of Madrigal Singers.

Named to the group, which will perform extensively during the Christmas season, were Michael Nuss of Wayne and Mary Nelson of Laurel.

Conductor of the group will be John Moran, director of the UNL School of Music.

Veterans' Benefits Questions, Answers

Q. I was the wife of a serviceman killed during World War II. My Veterans Administration compensation was discontinued when I remarried in 1955. Since my second husband died recently, I wonder if VA will pay me compensation again based on my first husband's death?

A. Yes. Under a law enacted in 1970, VA may again award compensation to a remarried widow whose remarriage ended in death or divorce.

Q. I am going to college under the GI Bill but my 36 months of education entitlement will end two months before I receive my degree. When will the Veterans Administration discontinue my allowance checks?

A. At the end of the school quarter or semester in which entitlement expires.

A SLOW LEARNER MAY HAVE OTHER PROBLEMS

Often a young child that does not keep up with the rest of his class is singled out by his classmates as a subject for teasing. This in turn causes resentment by the child and can lead to definite anti-social behavioral problems.

Very frequently the reason for so-called slow learning may be due to a physical impairment such as poor eyesight, bad hearing or a speech problem. If you have a child who is doing poorly in the early grades it may not be his fault. Have your physician check it out before the problem gets serious.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

Stoltenberg Pleased With Winning But Wildcats Need To Improve

Wayne State football coach Del Stoltenberg will be the first to admit that one win doesn't make a season, but he says it's nice the Wildcats are off to a good start.

Stoltenberg, speaking to the Monday meeting of the Wayne Kiwanians, called Wayne's season opening win over Nebraska Wesleyan pleasing.

"We were pleased that the team won," he said, "but we were not pleased with the team's performance."

The coach cited his defense for playing better second half ball in Saturday night's 16-14 conquest over the Plainsmen. "We had a good pass rush," he explained, "which caused Wesleyan's four-year quarterback some problems."

Stoltenberg noted the offense was shaky at times, with both quarterbacks — Rick Benedetto and Dave Miller — handling the directing chores. The head man pointed out that it is still hard to find out where the weak spots are, but he did note that the team's work will be cut out for them when Wayne meets their second opponent of the year Saturday at home — University of Missouri at Rolla.

The Miners are said to be large. Stoltenberg said, with a tendency to run the ball a lot. "Our Tennessee defense will again be put to the test," he said.

Stoltenberg had some optimistic

VERN FAIRCHILD

JIM HUMMEL

thoughts for the group in noting that another quarterback, Tim Denham, will be back on the practice field this week.

Denham, a junior, started as quarterback on the JV squad and was moved to the tailback spot on the varsity squad the following year before an injury sidelined him.

Hefty defensive end Stan Lew is also will be back on the gridiron after a slow recuperation from a toe injury.

Although Lewis did see some action last Saturday, he reinjured his foot when it was stepped on. But Stoltenberg feels Stan will be ready to go Saturday.

Wilmer Marra, in charge of the Kiwanis white elephant sale Sunday, reported that the group took in a total of \$266.10. Despite the low attendance, he said, the sale was successful.

Next year the group hopes to advertise some of the goods to be sold in order to attract a larger crowd.

During the meeting, two Kiwanians received awards for perfect attendance. Vern Fairchild received a one-year pin while Jim Hummel, a three-year pin.

Also, new committee chair-

men and their staffs were announced. The members will take over after the club installs new officers sometime in late September or early October.

The list includes: Youth Services — Wayne Wessel, chairman; Gene Bigelow, Kent Hall, Loren Park, George Phelps, LeRoy Simpson, Duane Upton, Bill Workman.

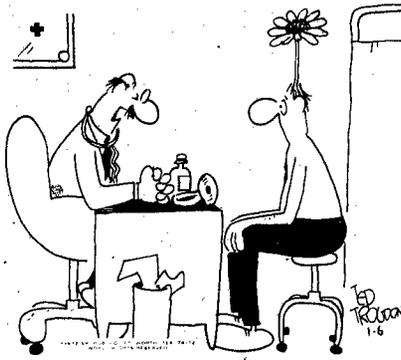

Sponsored Youth — Deryl Lawrence, chairman; Robert Carhart, Niel Edmunds, Robert Haas, Bob Jordan, Yale Kessler, Orvid Owens, John Struve.

Membership Development — Jim Hummel, chairman; Cal Comstock, Roy Hurd, Don Koeber, Henry Ley, Wilmer Marra, Ray Schreiner, Willard Wittse.

Citizenship Services — Keith Mosley, chairman; Wilbur Giese, Sid Hillier, Francis Haun, Max Lundstrom, Leon Meyer, Walt Moller, Kenneth Olds, Raphael Sosa, Don Spitz.

Major Emphasis — Donover Peterson, chairman; Dennis Boehme, Ben Brandstetter, Roy Corryell, Vern Fairchild, William Koeber, Dan Sherry, Cal Ward.

Club Meeting — Bob Bartlett, chairman; Irv Brandt, Alan Cramer, Freeman Decker, Adon Jeffrey, Richard Keldel, Richard Manley, Don Wightman, Al Wittig, Carl Lentz.
