

Winside Rocks Eagles for Second Loss, 22-7

By BOB BARTLETT

Allen High football followers probably were wishing that Friday night's home contest with Winside would reflect their encounter with Wakefield — only in reverse.

The Eagles led Wakefield 7-0 at the half, but Wakefield used a second-half offense to beat coach Charles Haag's club, 27-7.

That same kind of come-from-behind picture started to unfold in the third quarter Friday when Allen's Tim Hill scooted across

Winside's goal line to make the score 9-7. The Cats had a 9-0 lead at the end of the first half.

But Winside menor Doug Barclay and his defensive-minded team changed the color of Allen's hopes with a pair of touchdowns on 82-yard and 19-yard runs to crush the Eagles, 22-7.

Both clubs came onto the Eagle field with a defense set up to stop the other's potent offense. Guesses were that Allen would take to the air while Winside would ground it out.

The Cat defense stuck to its game plan — stopping Allen in the air. That became evident with a strong Winside rush which dumped Allen's quarterbacks four times.

One of those drops took place in the early going of the first quarter when 200-pound tackle Dan Bowers dropped quarterback Scott Von Minden in the end zone for a 2-0 lead.

Then it was time for Allen's defense to take over.

Throughout the first period it was a standoff between the Eagles' defense and Winside's offense. And the action remained that way until Winside was able to move to Allen's 39-yard line in the second quarter.

Running back Dwight Lienemann broke loose on an off-tackle play and out-hustled Allen's secondary for 39 yards and an 8-0 lead. Mike Anderson converted the PAT for a 9-0 first-half margin.

Since Allen's throwing game was stymied by Winside's hard rush and blanket secondary coverage — which gave up only one completion in nine attempts in the first half — quarterback Von Minden turned to his ground crew to try to open the door for the Eagle's to score in the second half.

At first, Allen successfully drove from about its 20 to the 47 before Von Minden exited the game with 9:41 left in the third

Jr. High Nips Schuyler, 12-6 For 18th Win

Eighteen wins in a row. That's the mark the Wayne junior high team set Thursday night by nipping Schuyler, 12-6, at Schuyler. The victories stretch over five years.

Brian Hahn and Kelly Hansen picked up a pair of touchdowns in the second quarter after the home team scored on a 65-yard play in the first frame.

Hahn scored Wayne's first TD with a 45-yard scamper in the second quarter before quarterback Vic Shanpe hurred a 10-yard pass to Hansen in the endzone. Both PATs failed.

From that point on it became a defensive duel between the teams.

"The game was a tremendous team effort," said coach Hank Overin. Overin labbed the defensive line of Hansen, Kevin Murray, Bryan Ruwe, Dave Hansen, Scott Havener and Don Straight as doing a good job.

Offensively, the backfield of Sharpe, Hahn, Danny Ahlvers and Steve Bodenstedt was instrumental in the victory, according to Overin.

Tuesday Wayne has a home match against Randolph at 7 p.m. at the Wayne ball park.

Wayne Frosh Rip Pierce With Explosive Offense

The Wayne High freshmen literally obliterated Pierce Thursday night with 533 yards total offense and a 41-14 victory.

Halfback Mark Brandt led coach Duane Blomkamp's crew with a pair of six-point plays in the first quarter for a 12-0 lead.

The Wayne team gave the host club little warning of the potent Blue Devil attack when Brandt raced 70 yards to score the team's first TD on the third play of the first quarter.

Minutes later Brandt grabbed a 45-yard pass from signal caller Ralph Atkins to add another six points. Both PATs failed.

In the second quarter Wayne continued the attack with two more touchdowns. Atkins ran for a seven-yard score before unleashing a 31-yard scoring aerial to Rich Lortcher. Brandt dashed in after the third TD for two points and Tom Nissen kicked the extra point after the fourth

six-point. Result: a 27-0 lead for the locals.

In the fourth quarter, after Pierce got on the board with touchdowns in the third and fourth frames, fullback Mike Wieseler capped a 60-yard drive with a four-yard plunge. The final touchdown came on Aaron Nissen's one-yard dive with Marc Lawrence getting the two-point conversion.

Brandt and Wieseler led rushers with a total of 227 yards. Wieseler getting 128 of them.

Atkins totaled 129 yards in the air on 4 of 13 attempts, completing his first three passes for 99 yards.

Defensively, Rich Straight and Joe Kenny had 10 and eight tackles respectively to lead what Blomkamp called "a team effort."

Thursday the frosh will defend their 7-0 record against Laurel in a 4 p.m. home match.

Coleridge Nips Wayne X-Country

Wayne High's cross country team dropped a close dual to Coleridge Friday night, 17-21, at the Wayne State field.

Coach Harold Maciejewski, pleased with his runners' performances, noted that Tom Maier had the best time of Wayne's four qualifiers. The sophomore ran the two-mile course at 11:40 for second place.

Ken Daniels came in fourth with an 11:58 clocking, followed by Mark Powers one second behind at 11:59 and fifth spot. Vince Jenness rounded out the top four with a 10th place showing, 13:20, out of 12 runners.

"Our runners looked a lot better this week," Maciejewski noted, "shaving off about 20 to 30 seconds off last week's times."

The winning time was 10:48 by Rod Meier of Coleridge.

Friday the Wayne harriers will travel to Crofton for the 15-team Crofton invitational.

City Volleyball Limited to 32

Any more than 32 city residents interested in playing city recreation volleyball will have to wait until next year, said city recreation director Hank Overin.

This year there are about 32 men and women playing the sport, he said, which is the limit for those playing at the Wayne National Guard Armory.

"We only have two courts," Overin pointed out, "and with 32 people that's a little crowded." Overin said that those people who participated the first week are welcome to come back, but he can not let any new players join this year.

Allen Plays Walhill

Allen's junior high football team will host Walhill today (Monday) 6:30 p.m. at the Hill Isom field.

Wakefield's Last-Minute Touchdowns Earn Win

Wakefield's two touchdowns with about five minutes left in the game gave the Trojans their second victory of the year, 13-0 over Madison.

It was a frustrating ball game, said head coach John Torczon, because his offensive machine bogged down on several penalties during six power drives.

"We just couldn't seem to untrack from those penalties," Torczon admitted.

Wakefield finally got going in the fourth period when quarterback Doug Soderberg hit Keith Siebrandt on a 40-yard touchdown pass. Loren Hammer's point after was good.

That gave the visitors a 7-0 margin, and another drive was soon on its way. Soderberg, capping another long march, sliced over from the one-yard line. Hammer missed the PAT with 10 seconds left in the game.

On top of those penalties, the Trojan crew could not convert its two field goal attempts.

"Our red shirts kept the offense in the game most of the time," he said, pointing out that the defense intercepted three Dragon aerials while grabbing one Madison fumble.

Wakefield's balanced offense, led by Pat Nicholson's nine-yard average for four carries, picked up 106 yards in the air and another 121 on the ground for a 227 total.

The Dragons collected only 25 yards in the air and 40 rushing for a net of 65 yards.

Gun Safety Courses Open Next Week

Area boys and girls from ages 12 through high school will have a chance to learn more about gun safety beginning Oct. 1.

The Logan Valley Gun Club of Wayne, in conjunction with the Nebraska Game and Parks Commission, will sponsor three gun safety classes at the Wayne National Guard Armory.

Bill Wilson of the Wayne club said classes will be held at 4:30 and 7 p.m. Oct. 1 with a third class to start Oct. 3 at 4:30 p.m. Each class will be limited to 12 students, he noted. Students may register with Wilson at the middle school or high school before 5 p.m. Friday.

The course will present information on operation of guns, safe gun handling, good shooting and hunter responsibility. Certificates and shoulder patches will be awarded those who complete the course, he said.

Nebraska has 12 million acres of grouse range.

72-Day Goose Season Opens Saturday

Nebraska's 72-day goose season opens statewide Saturday. Hunters are reminded that there have been several regulation changes this year and that the Sand Hills area closed to dark goose hunting has been enlarged.

The area closed to dark goose hunting (Canadas and white fronts) this year is encompassed by the following boundaries: from the South Dakota line south on Highway 27 to Ellisworth, east on Highway 2 to Dunning, east on Highway 91 to

Burwell, north on Highway 11 to Atkinson, northwest on Highway 20 to Valentine, and north on Highway 83 to the South Dakota border.

Bag and possession limits this year are five. These limits are complicated by restrictions on individual species. The daily bag limit shall include no more than one Canada goose and one white-fronted goose, and possession limit shall include no more than two Canada geese or one Canada and one white-fronted goose for the entire season east

of Highway 183. West of 183, bag and possession limits are no more than two Canada geese or one Canada and one white-fronted goose through Nov. 25. From Nov. 26 Dec. 9, hunters west of 183 are allowed to take one Canada and one white-fronted goose daily with a possession limit of no more than two Canada geese or one Canada and one white-fronted goose.

Shooting hours this year are 15 minutes before sunrise to sunset for all waterfowl and upland game.

VA Q & A

Q. As a service-disabled veteran, I have Veterans Administration Mortgage Life Insurance coverage on my specially-adapted home. How long will this coverage last?

A. Until the mortgage has been paid off, the home is sold, or until you reach age 70, unless you die earlier.

Q. Are World War II veterans eligible for Veterans Administration pensions at age 65?

A. VA pensions are based on need. If, at age 65, a single veteran's income does not exceed \$2,600 a year, or \$3,800 for a veteran with dependents, a pension may be granted regardless of disability.

Q. My August compensation check from the Veterans Administration for a 30-per-cent peacetime service-connected disability was for the same amount as my buddy's for a 30-per-cent wartime service-connected disability. In the past his checks were always larger. Why did we receive the same amount in August?

A. In 1972, Public Law 92-328 increased peacetime rates to levels of wartime rates, effective with checks VA mailed in August, 1973.

Q. As the 18-year-old son of a veteran who has a 40-per-cent service-connected disability, am I eligible for Veterans Administration educational benefits?

A. No. Only children of veterans who suffered permanent disabilities or deaths from service-connected causes, or children of servicemen missing in action or prisoners of war for more than 90 days are eligible for VA educational benefits.

Q. I am a veteran living in a state which has no burial space left in its national cemetery. Will the Veterans Administration pay anything toward the cost of a burial plot in a private cemetery?

A. Yes. Public Law 93-43 (June 18, 1973) allows the VA, beginning August 1, to pay up to \$150 in plot and interment costs of veterans who die on or after that date, and are not buried in a national cemetery. That payment is in addition to the \$250 maximum already authorized.

Q. The Veterans Administration turned down my disability claim, and I'd like to contest the decision. How can I do this?

A. You may start appeal proceedings to the VA Board of Veterans' Appeals simply by indicating your disagreement with the decision. In support of your appeal you may submit

additional evidence if available, you may appear in person to tell your own story and you may be represented by an attorney or service organization if you wish.

Q. I wear braces on both legs as a result of a service-connected disability suffered in Vietnam. Am I eligible for an annual clothing allowance of \$150 from the VA?

A. Probably yes, but you must apply to your Veteran's Administration regional office for it. These allowances (under PL 92-328) are authorized for service-disabled veterans whose prosthetic or orthopedic devices tend to wear out or tear their clothing.

Q. If a veteran with a non-service-connected disability dies in a private hospital, will the Veterans Administration pay transportation costs to place of burial?

A. No. The VA is allowed to provide this benefit only if the veteran died while being treated in a VA hospital or while being treated at VA expense.

Answering Questions

JOCIELL BULL, right, director of the Wayne Senior Citizens Center, talks with Ron Jensen of Lincoln, executive director of the Nebraska Commission on Aging, and his secretary, Holly LaGrowth. Jensen spoke to a group of about 20 at the center Friday afternoon, answering questions afterward on the homestead exemption and on the supplemental income for the aged, blind and disabled which will be handled by the social security office as of Jan. 1.

"When I played for Iowa in the 1957 Rose Bowl game, you could mail a letter for 3c, a haircut cost a buck and a half tops, and my friends in Iowa could call me long distance in Pasadena, California after the game for \$2.05.

Today, they can dial that same call after 5 p.m. or on the weekend for 75c or less, if they dial direct without operator assistance."

A little money still goes a long way on the telephone.

In Select Company

When hunters open Nebraska's prairie grouse season 15 minutes before sunrise Saturday, they'll be in select company, for Nebraska, South Dakota and possibly North Dakota are the only states offering hunting for both the prairie chicken or pinnaled grouse and the sharp-tailed grouse.

Nebraskans have been walking the hills and choppies for grouse annually since 1950. But prior to that, there had been a long void on grouse, going back to 1932. The "no hunting" sign went up when chicken numbers dropped markedly as the balance between grasslands and farmlands shifted to farming.

The eastern part of the state prior had been home for large numbers of prairie chickens. Today chickens are found in eastern and southern portions of the Sand Hills and remnant numbers in southeastern Nebraska. They need tall native grasses for nesting, roosting, loafing and escape cover plus croplands for high-energy food.

Sharp-tails are found throughout the Sand Hills where native grasses, forbes and woody plants provide the necessities of life. Look for them atop ridges and brushy north slopes.

Both the chicken and sharp-tail average about two pounds, and once flushed, sail quite a bit more than pheasants and normally fly higher. Generally, the larger the group of grouse, the more difficult it is to approach.

FEATHERS AND TAILS

The two species of grouse are easy to distinguish from one another. The chicken has barred feathers and a square or blunt tail while the sharp-tail has V-marked feathers and a pointed tail.

While Nebraska's grouse population is essentially the same as last year, total harvest will probably exceed the estimated 70,200 taken in '72, this because of an increased daily bag limit of two to three birds and added hunting days.

Opening weekend hunters last year averaged about 1 1/2 grouse, considered excellent by most standards.

Grouse season continues through Nov. 4, with daily hunting ending at sunset. Open area includes the Sand Hills and Southwest portions of the state. Volunteer check stations again will be open at scattered locations.

MISHMASH: Advanced fingerling walleyes, four to five inches long, will be stocked in Stagecoach Lake near Hickman this month to determine if larger fingerlings have a better survival rate than those about two inches long that are usually realized. Red Willow Reservoir's slumping smallmouth bass numbers will get a shot in the arm when about 35,000 fingerlings are stocked there.

Other fish releases planned soon include: rock bass in Fremont lakes; six to eight-inch catfish in Box Butte, Merritt Reservoir, Victoria Springs, Cottonwood, Dead Timber and other state-owned and managed lakes in the northeast; large-mouth bass fingerlings in some I-80 and Sand Hills lakes.

A bill introduced in Congress calls for the Secretary of Interior to issue regulations allowing the trapping of birds and animals on federal lands only with devices which either capture painlessly or kill instantly. Along these same more humane lines, the Nebraska Game Commission recently passed a regulation requiring all sets for fur bearers be run every 24 hours.

Victims of the system?

In some circles, it's "in" to be down on the system. After years of thought and action we still believe that the system is a good one—that it works for your good.

We're referring to our economic system that runs on profit—the system that has provided America with the highest standard of living in the world by far. (Four out of 5 families own TV sets,

3 out of 5 own their homes, and 1 out of 3 own 2 or more cars.)

We've lived with this truth so long it has become trite. Some people just take for granted the system that has put men on the moon. Some seem bored by abundance. Others are attacking the profit system with false arguments. Our system isn't perfect. It does have its faults. But it deserves

to be judged on its record.

In a nationwide public opinion poll, a majority of people interviewed said they believe that business profits average 28% of sales after taxes. They are wrong. The fact is that over the past 20 years profits have averaged about 5% on sales—

or 5 cents on a dollar. **We all profit from profits.**

ALAN VAN BUSKIRK

Dixon County

Hires New Deputy Sheriff

A former Wayne man is serving as deputy sheriff in Dixon County. Alan Van Buskirk, who worked for Coryell Auto Co., took over the position Sept. 1 after being appointed by the county board of supervisors. Van Buskirk is the county's first full-time deputy, said county sheriff Dean Chase. Both Van Buskirk and part-time deputy Jim Stark of Ponca now serve under Chase. Van Buskirk, who lives in Dixon with his wife JoAnn, will take a six-week law enforcement course at the Grand Island training center beginning the first of the year, Chase said. Until then the new deputy sheriff will work out of the Ponca office with the sheriff, patrolling the county.

School Heads

Meet at WSC

About 50 persons turned out Wednesday at Wayne State College for the fall meeting of the Northeast Nebraska School Superintendents Association. Those attending heard presentations concerning how federal wage and labor laws affect schools, recent laws passed by the state legislature and certification of teachers. with such a system. Total cost would be \$3,178.36, of which the Federal Government would fund 75 per cent and the City 25 per cent. Vern Fairchild informed Council that the percentage was 90 per cent Federal and 10 per cent City. Maintenance service would be \$157.00 per month. Will check with the County on sharing costs of monthly service charges. Mayor Hall referred the proposition to the Committee for a report, and Councilman Russell will meet with the Committee. Lights between hangars at the airport again was discussed, as there is a need for nighttime pilots leaving the hangars. There being no other business to come before Council at this time, it was moved by Councilman Beeks and seconded by Councilman Brasch that Council adjourn. Upon roll call all voted Yea and the Mayor declared the motion carried. CITY OF WAYNE, NEBRASKA Kent Hall, Mayor Attest: Dan Sherry, City Clerk (Publ. Sept. 24)
