

# 'Involvement Is Key to Kiwanis Growth'

The newly elected Kiwanis district governor pulled no punches Saturday night when he told club members that the Nebraska-Iowa district needs to become more involved.

"We have to go forward," Ralph Braught said, "by serving our communities more."

Braught, attending the installation of Wayne's Raymond Schreiner as the new district lieutenant governor, pointed out that part of the Kiwanis problem is lack of activity in communities.

But in order to be strong in the various towns, he added, clubs "have to build our chapters as well as from new clubs."

This he intends to do, pledging to get eight new clubs started in the district. "We have about 60 areas in which we can build," he said, "with 19 of those areas having a population of 1,000 or better."

Braught, of Knoxville, Ia., believes that if Kiwanians hold onto the objectives set forth in 1946, when the organization first became international, clubs will grow in membership and be

of more service to their communities.

"If we can promote, give, develop and cooperate, then we can progress," he explained. By getting involved, he continued, all Kiwanians are keeping the 1923 club theme, "Give of Your self."

In that same thought, Schreiner noted he hopes to follow in the footsteps of Jim, Goughlin, retiring lieutenant governor by chartering another club.

"I also would like to set up a Key Club in Wayne High School as well as other surrounding high schools," he said.

Schreiner pointed out that the Wayne chapter does a "poor job" of visiting with other chapters, something he would like to see improved. "When we help get a new chapter started I want a lot of our members interclubbing to keep the new chapter as well as our old ones alive and strong," he said.

Another goal set by Schreiner is to win the Wayne club's newly elected president, Harold Pankratz, the Distinguished President's Award.

"We can do this by showing

growth in our membership as well as by getting a Circle K or Key Club started," he explained. In addition, at least four of the club members must attend the district as well as the international conventions this year.

Schreiner, a member of Kiwanis for 24 years, served as president of the Wayne club as well as on many club committees in the past.

He is one of 19 lieutenant governors in the Nebraska-Iowa district which is comprised of 159 clubs and more than 7,000 members.

In his position Schreiner will serve the clubs of Albion, Columbus, Norfolk, South Sioux City, West Point and Wayne in Nebraska and Sioux City in Iowa. As lieutenant governor he also will serve on the district board of directors and aid in establishing policy and procedure.

## Local Woman Is Latest 'Birthday Bucks' Winner

Another Wayne woman will find shopping a little easier on her pocketbook the next few weeks.

She is Helen Sommerfeld, the latest winner in the weekly Birthday Bucks promotion sponsored by Wayne businesses.

Mrs. Sommerfeld won the \$50 consolation prize last week when she was the person in one of the participating firms with the birthday closest to the date drawn at random earlier. She happened to be in Wortman Auto Co when the winning date was announced last Thursday night.

The \$50 in coupons which she won can be spent just like cash in any one of the stores or business places taking part in the weekly giveaway.

Again tonight (Thursday) the \$200 grand prize will be up for grabs. The jackpot will go to the person in one of the stores whose birthday falls on the exact date picked at random. If the grand prize goes unclaimed, the \$50 consolation prize will go to the person whose birthday is closest to it. The date will be announced in participating stores at 8:15 p.m.

Local and area residents qualify for the drawing by being in the stores when the winning date is announced. No purchases are necessary and no registration is required. Workers in the stores have a chance to win in the weekly drawing also if they are not working Thursday evenings.

## Lightning Kills Angus Heifers Tuesday Night

Lightning killed nine Angus heifers on the Lloyd Roebber farm six miles north and three east of Wayne Tuesday night.

The cattle, which weighed about 700 pounds each, were killed during a thunderstorm which rolled through the Wayne area shortly after 7:30 p.m.

They were among 37 head of cattle in the lot when lightning struck, according to Mrs. Roebber, and were close to another lot which contained several 1,300-pound cattle.

About an inch of rain fell in the area during the storm, Mrs. Roebber noted.

The Roebbers live in the area which was heavily damaged by hail the middle of the summer. Hail ruined the corn crop on the Roebber farm and did extensive damage to the roofs of buildings on their farmstead.

## Local Ministers Select Cowles To Head Group

The Rev. Harry Cowles, pastor of the First Baptist Church, was named this week to head the Wayne Ministerial Association, succeeding the Rev. Paul Reimers, Wayne State College campus pastor.

The Rev. S. K. deFreese of Redeemer Lutheran Church was elected secretary-treasurer, taking over from the Rev. Robert Haas of the United Presbyterian Church.

The local ministers met Monday morning at the United Methodist Church, and were joined by their wives for a pollock dinner honoring the Rev. E. J. Bernthal, pastor of Grace Lutheran Church. Bernthal will be leaving Wayne in the near future.

## Behind Bars

BUD HANSON of Concord isn't exactly behind bars. On the contrary, he's outside repairing the town's better than 80-year old jail. Whenever Hanson has time, he walks over from his elevator in Concord and begins sawing and nailing boards. If the warm weather continues and Hanson doesn't become too busy, he hopes to have the project done in the near future. The jail is a landmark located near the bandstand in town.

## Councilmen Turn Down Police Pay Hikes

Two officers in the Wayne police department will have to wait another day for the raise their chief has been seeking for them the past few weeks.

City councilmen voted 4-3 against approving raises of \$20 a month for sergeants Ron Penkerick and Melvin Lamb at Tuesday night's meeting.

The vote came after councilman Vernon Russell challenged chief Robert Evers to explain why he demoted one man on his staff from sergeant to patrolman and why he promoted Penkerick and Lamb from patrolman to sergeant.

Russell said the officer who was demoted, Keith Reed, was not given written notice of his demotion until after it had taken effect and was not told specifically why he was being demoted. Russell said he couldn't understand how a new chief only a few days on the job could demote somebody who had been a sergeant for several years.

Absent from the meeting was councilman Pat Gross.

In other action, councilmen voted 7-0 in favor of setting \$1 as the fine for parking tickets.

The \$1 fine, which motorists may pay at the city clerk's office, will jump to \$3 if it is not paid within 10 days. Those not paying the fine within 30 days will be taken to county court and fined \$5.

The parking fine goes into effect as soon as the resolution is published in the paper. It will do away with motorists being forced to go to county court after receiving three tickets in one year. Those who went that route in the past have been fined \$15 by the county judge.

Council has been considering setting small fines payable at a city office for the past several

weeks in an effort to make more parking available in the downtown business district.

After discussing progress in drawing up a contract between the city and Nebraska Public Power District (NPPD) for interconnecting power lines, councilmen agreed a committee should begin studying setting priorities in case electrical power has to be restricted because of fuel shortages.

Councilman Frank Prather brought the subject up, noting See HIKES, page 6

Voting against approving mayor Hall's appointment of the three was councilman Vernon Russell. In favor of the appointments were Keith Mosley, Frank Prather, Ivan Beeks, Darrel Fuelberth, Harvey Brasch and Jim Thomas.

## Council Okays Hiring Another Police Officer

A new man has been hired as a patrolman for the Wayne police department.

He is Robert Selig, 22, currently a sergeant in the Air Force stationed at Keester AFB at Biloxi, Miss.

Selig, a 1968 graduate of Meridian High School at Tobias, fills the vacancy left by the resignation of patrolman John Redel. Redel resigned this summer to take a job with the city street department.

City council gave 7-0 approval to mayor Kent Hall's appointment of Selig to the police department during Tuesday night's council meeting.

Absent from the meeting was councilman Pat Gross.

Selig will begin his job in Wayne next month following an early discharge from the Air Force. He has been in the Air Force since April of 1970 and is

ROBERT SELIG

now in charge of security police at Keester. Selig, who is married, attended Kearney State College for one year before entering the service.

Selig's appointment brings the staff of the department to six. He joins patrolmen Keith Reed and Doug Rother, sergeants Ron Penkerick and Melvin Lamb, assistant chief E. L. "Pat" Halley and chief Robert Evers. Rother was hired this summer as an addition to the staff.

After hiring Selig as a patrolman, the council voted 6-1 to approve the appointment of three men to the police reserve.

Named to the reserve, which will provide an emergency backup force for the department, were Roger Boyce, Dennis Spangler and Ken Monroe, all of Wayne. The men will help also on special occasions for duties such as traffic control. Similar reserve forces exist

## College Students Aiming 'To Change the World' To Meet at Wayne State

The Campus Crusade for Christ, which will gather at a three-state conference at Wayne State College this weekend, is an interdenominational Christian movement of students and lay men who, their leaders say, "have united to help change the world in this generation."

Since its founding in 1951 at the University of California in Los Angeles, the movement has put major emphasis on college ministry, and the Wayne conference will bring about 300 students from 13 colleges in Nebraska, Iowa and South Dakota.

Registration begins at 8 p.m. Friday at the college Fine Arts Center. Activities will continue, in several campus buildings, until noon Sunday.

Featured speaker Dave Sunde, a leader of the CCC campus ministry nationwide, will deliver five messages.

Conference director Bob Querbach said that Campus Crusade for Christ has expanded from its original campus mis-

sion to include high school, lay, faculty, athletic, music and military ministries. It has an extensive mass media division operating from international headquarters at Arrowhead Springs, near San Bernardino, Calif.

Its staff numbers nearly 4,000 with an active volunteer corps of tens of thousands. Querbach said.

## Monthly Drive For Papers Is This Saturday

Boy Scouts from Troop 175 will conduct their monthly paper drive this Saturday, according to Mr. and Mrs. Arnold Emry, monthly chairman.

Residents in Wayne, Carroll and Winside should have their papers tied or boxed and placed at the curb by 8:30 a.m. for pick-up. No slick paper, such as magazines, can be used.

Russell succeeded in his attempts, to refuse the salary hikes, which Evers said are being asked for because the two were promoted, after arguing that the police department will greatly exceed its budget for this fiscal year.

"If my figures are correct, it will cost about \$100,000 to operate (the department) this year, which is about \$25,000 more than last year," Russell explained.

He said the current budget for the police department calls for spending about \$86,000 this year. The department has already spent about \$91,200, he noted.

Siding with Russell in refusing the pay hikes were Frank Prather, Ivan Beeks and Jim Thomas. In favor of giving the two men the salary increases were Keith Mosley, Darrel Fuelberth and Harvey Brasch.

Results of the second Speak Out conducted by The Wayne Herald will be easy to understand when they are released in Monday's issue of the newspaper.

Readers who participated in the mini-poll, just like those who took part in the initial one, made their opinions very plain, with most of them lining up on one side when commenting on whether athletics for girls in high school is desirable.

Although deadline for returning ballots in this second mini-poll was Monday, any ballots returned by noon today (Thursday) will be counted also. About 100 ballots had been returned by the early part of this week.

## Carroll, Coleridge Swine Producers Top Carcass Competition

Pat Finn of Carroll and LeRoy Wolfe of Coleridge had the top placing carcass pen of two in the purebred and crossbred divisions of the Northeast Market Hog Show.

In addition to having the top carcass pen of two, Wolfe also had the third place pen of two. The second and fourth place pens of two in the crossbred division went to Ronnie Wenstrand of Wakefield and Wallace Magnusson of Laurel, respectively.

The second place pen of two in the purebred division was won by Mike and Al Finn of Carroll. Bob Hansen, Wakefield area farmer, had the third and fourth place pens of two carcass pigs in the purebred division.

Trophies and premium money for the carcass contest will be awarded at the annual banquet in Coleridge on Nov. 11

## Radio Man To Talk at CC Dinner

Bill Woods, staff member of radio station KFQR in Lincoln, will be guest speaker at this year's Farmer-Businessmen's Dinner in Wayne.

The annual Chamber of Commerce dinner is scheduled for Nov. 17 at the Student Union at Wayne State College. The dinner is held each fall so businessmen can show their appreciation to farmers around Wayne.

Woods will talk about and play recordings of old-time radio shows, something which should appeal to many people in the area.

Heading up the committee in charge of this year's dinner is Lee Foote. Helping him on the committee are John Krause, Fred Gildersleeve, Keith Jech, Dick Sorensen, Don Spitz, George Thorbeck, Orville Sherry, Maurice "Red" Carr, Gary Pick and Gene Cornett.

Tickets for the stag dinner will be available in late October or early November. Businessmen make donations to help finance the dinner and invite any farmers they wish to. Farmers are not charged for the meal.

## Educational Planning Night Offers Chance to Map Out Careers

Local and area young people will be given an opportunity to start planning their education during an annual event scheduled for Wayne High School next week.

The occasion is Educational Planning Night, slated for 7:30 p.m. Tuesday.

Parents also are invited to attend the event, which will feature 18 representatives from vocational schools, nursing schools, colleges, universities, beauty schools, business schools and the armed forces, according to Ken Carlson, high school guidance counselor.

Youths from surrounding high schools are invited to attend the planning night, he said. The evening meeting is open to any students in grades freshmen through senior.

Students and parents will be able to visit with the representatives during the evening, finding out exactly what they have to offer students after they finish high school.

Those attending will gather in the high school lecture hall before going to individual classrooms to talk with representatives. Students and parents will have 30 minutes to talk with a

## AFS Group Plans Sale

The American Field Service chapter in Wayne is making plans for the annual used book sale to be held Thursday, Oct. 4, from 1 to 9 p.m. at People's Natural Gas office on Main Street.

Proceeds from the annual book sales are used to bring AFS exchange students to Wayne to study. This year Monika Plehn, AFS student from Germany, is making her home with the Rowan Wiltse family.

Those who have books, magazines or records to contribute to the sale are asked to contact Mrs. Max Lundstrom or Mrs. LeRoy Simpson.

Wayne High School students are reminded that applications for the Americans Abroad program must be submitted by Nov. 15. Students who wish to know more about the program may contact Mrs. Robert Sutherland, chairman of the Americans Abroad committee, or Ken

## Inside today...

A homemaker devotes anywhere from four to 12 hours per day to household work, results of a study of 1,400 families in New York reveal.

And in no type of family did the average time contributed by husband, teenager or younger child exceed three hours per day.

The homemaker's dollar contribution to the family through her household work varied anywhere from \$5,600 to \$3,600, depending on how many children there were and whether or not the homemaker held down another job.

For a look at that study, turn to this week's column by area extension agent Anna Marie Kreifels. You'll find it on page three of the first section.

## Results of 2nd 'Speak Out' To Come Out Monday

Results of the second Speak Out conducted by The Wayne Herald will be easy to understand when they are released in Monday's issue of the newspaper.

Readers who participated in the mini-poll, just like those who took part in the initial one, made their opinions very plain, with most of them lining up on one side when commenting on whether athletics for girls in high school is desirable.

Being planned as one of the series of newspaper surveys is a sampling of opinion about how the community of

Wayne can be improved so it is a better place to live, work and raise a family. The survey will ask readers to name areas where they think community leaders and officials should concentrate their efforts to improve the city.

Also planned are additional surveys on subjects of concern to local and area readers. Future Speak Outs may take up such subjects as downtown improvements in Wayne, availability of parking for shoppers, desirability of efforts to attract industry to this part of the state and the like.

The series of Speak Outs is a public service by the newspaper, offering readers a chance to voice their opinions on a variety of subjects. If the series proves successful, Speak Out may become a regular feature of the newspaper.

## Bethany Church Scene of Jones-Newman Ceremony

Bethany Presbyterian Church of Carroll was the scene of the wedding Sept. 15 uniting in marriage Trixie Jones, daughter of Mr. and Mrs. Lem L. Jones of Carroll, to Robert Newman of Wayne, son of Mr. and Mrs. Don Newman of Wynot.

Guests, registered by Nancee Newman of Wynot, were ushered into the church by Tom Newman of Sutton and Dolph Raasch of Beemer. Joan and Jay Haberer of Crofton lighted candles and the Rev. Gail Axen

of Stanton officiated at the double ring rites. Beth Bergl sang "The Twelfth of Never," "One Hand, One Heart" and "This Is the Morning of Our Lives," accompanied by Mary Grone. Both are of Wayne.

Maid of honor was Bev Junck of Carroll and bridesmaid was Kristy Maxwell of Norfolk. John Hughes of Battle Creek was best man and Ron Jones of Wynot was groomsmen. Jill Haberer of Crofton was flowergirl.

The bride chose a floor length gown of polyester eyellet fashion with square neckline, empire bodice, puffed sleeves and tiered skirt and trimmed in white and green ribbon. She wore a white lace hat and carried a bouquet of Wobin Abyss roses, baby's breath and pom-poms.

The bride's attendants wore identically styled dresses in ivory with orange and green trim and matching ivory lace hats. They carried gold pom-poms, bronze foliage and green star flowers.

The men wore ivory knit tuxedo jackets and brown flared trousers with ecru colored ruffled shirts trimmed in black.

For her daughter's wedding Mrs. Jones chose a coral knit dress in floor length. Mrs. Newman selected a lavender knit, also in formal length.

Mr. and Mrs. Robert Haberer of Crofton greeted the 150 guests at the reception which followed in the church parlors. Gifts were arranged by Diane Morris of Carroll.

Glenda Schluns of Winside and Kathy Rutenbeck of Wayne cut and served the cake and Pat Morris of Carroll poured. Jane Wohlman of Doniphan and Kelly Newman of Wynot served punch.

Waitresses were Nancy Morris and Lori Jenkins of Carroll and Pamela and Paula Hoemann of Hoskins.

The couple took a wedding trip to Omaha and are now home at 901 Windom in Wayne. The bride, a 1970 graduate of Wayne High School, attended Wayne State College and is employed at Farmers State Bank in Carroll. The bridegroom, a 1969 graduate of Wynot High School and a 1972 graduate of Wayne State College is employed at Melodee Lanes. He is doing graduate work at WSC.

## EXTENSION NOTES

By Anna Marie Kreitels

New York State College of Human Ecology recently conducted a study to determine the time used for household work and the dollar value of the work.

You may wonder why the interest in the dollar value of household work. This information may become an important factor in courtroom determinations of family losses in matters such as accidents, injuries and divorce proceedings. Knowing the time spent on household duties may help families set

priorities for their own family situations.

Nearly 1,400 families participated in the New York study. The study found that the extent of services each family provided for its members depends primarily on the number of children, the age of the youngest child and whether the housewife is employed outside the home. The homemaker's time devoted to housework varied from four hours per day when she was an employed homemaker with no children to 12 hours per day when she was not employed and had seven or more children, one being a baby in no type of family did the average time contributed by husband, teenager, or younger child exceed three hours per day.

In the study, it was found a non-employed homemaker with two children, the youngest age 12 to 17, contributed \$5,600 worth of work in a year while her husband contributed an additional \$700 worth of work. This family would be contributing a total of \$6,300 toward the well-being of its members.

In a similar family with the wife employed, the homemaker's work contribution averages \$3,600, the husband's \$1,300, and each child's \$900. The total for this family is \$6,700. Note that total household work done when the wife is employed is worth \$1,600 less than when she is not employed, and that most of the difference results from the lower time contribution of the employed housewife. Value of work contributed by teenagers increases when the mother is employed outside the home.

Wage rates used in this study were comparable to the wages paid workers who perform household services similar to tasks assumed by family members.

## Area Represented at Weekend Methodist Women Conference

Forty-eight Northeast Nebraska women were among the 700 gathered at Scottsbluff Friday, Saturday and Sunday for the fifth annual meeting of the Nebraska Women's Society of Christian Services united to become a group, the United Methodist Women.

Theme for the Conference was "Behold, I Make All Things New." Mrs. Clyde Norris of Lincoln, conference president, conducted the Friday night meeting.

Speakers included Mrs. Maxine Beane, of Marshalltown, Ia., president of the United Society of Friends, the Rev. Rodney Wilmoth of Sidney and Mrs. Marilyn Oden, a minister's wife from Norman, Okla., who wrote "The Minister's Wife, Person or

Position" and "Beyond Feminism."

Special music included a Scottsbluff junior high folk musical, "Love," a senior high folk musical, "Light Shines," and a number by the junior high bell choir.

The dedicated light burned for four hours and two minutes symbolizing the \$5,786.23 given by guilds and societies across the state which will support the mission program in the world for that length of time. The money was given in tribute to Nebraska Conference Bishop and Mrs. Don Holter from Lincoln.

Banners, made by individual groups were on display at the high school auditorium for the general service of celebration held Sunday morning. Featured soloist that morning was Wilma Fletcher who has shared the platform with Billy Graham and Grady Wilson.

Mrs. Holter installed the 110 conference and district officers who had been previously elected.

Included in the group from this area were Mrs. Robert Porter, Mrs. Arnold Emry, Mrs. Al Ehlers, Mrs. Frank Kirtley, Mrs. Lester Hansen and Mrs. Herb Niemann.

# Wayne, Laurel Varsity Girls Earn 1st Volleyball Victories

Two area girls volleyball teams picked up their first wins of the young season Tuesday night as four out of five area high school clubs registered victories.

Wayne, behind the strong serving of Mary Ann Ginn, pummeled Norfolk with a pair of 15-6 set wins while dropping the second match, 12-15. Laurel girls also joined the ranks of first-time winners with a nifty 15-12, 15-1 beating of Crofton after coach Susan Beach's club lost the first set, 15-9.

Ann Winther, an exchange student from Denmark, led the 1-1 Bearettes with 15-serve points in that lopsided 15-1 victory. "She played good ball," Mrs. Beach noted after Winther was selected most valuable player.

The B team, though, had "first-game jitters," the coach pointed out, as Crofton leveled a 15-0 and 15-1 two set victory over Laurel. The B team has a 0-1 record.

Wayne mentor Mavis Dalton's clubs sparked in their three

wins against a good Norfolk team.

Besides the A squad's victory, boosting its record to 1-3, the C team kept its perfect mark at 4-0 with a double set victory, 15-8 and 15-10. Shelley Gilder, sleeve led her freshmen team with 16 serve points, the coach said.

In B competition, Wayne evened its record at 2-2. The girls won the first contest 15-8, lost the second 16-18 and won the finale 15-6.

Two other area high school teams were victors. Allen beat Walthill and Wakefield drubbed South Sioux City.

Winside, the only one of five teams to lose, fell to Lewis and Clark Conference rival Coleridge.

Coach Don Leighton's girls found Coleridge to be a nemesis as far as conference play is concerned. Last year the Bulldog club gave Winside its only conference loss.

The Wildkittens struggled in the first match, winning 18-16 after being down 8-0. But Cole-

ridge struck back with 15-10 and 15-3 wins. Winside now stands at 1-1 in conference play, 3-2 overall.

The B and C squads suffered the same fate, both losing in two sets. The reserves fell 15-9 and 15-7, 16 put their winless record at 0-4, the freshmen drop to 1-3 after losing 15-0 and 15-10.

"Coleridge is the type of the team that always is in the right place at the right time," Leighton noted. Although his club has one setback in the conference, the head coach believes "we still have a heck of a chance to take the loop."

Wakefield's A team won 15-10, 12-15, 15-13 over South Sioux. "At first I thought we were

going to walk over South Sioux in our first 15-0 set win, but things sure changed," coach Ernie Kovar said.

The reserves and freshmen didn't fare as well. The B squad lost 9-15 and 4-15 after winning the first match 15-3 for a 2-3 mark. The C team, now 1-2, fell in two matches, 7-15 and 5-15.

Allen's B squad stands at 2-0 after beating Walthill, 15-9 and 16-14. Coach Lorna Stamp noted that her girls were evenly divided for the most part in scoring, with Kim Jackson leading the club with seven points.

The B club (1-1) earned a 15-6 and 15-1 victory, with junior LeAnn Lubbersstedt scoring 19 serve points.

Next week, all area clubs will be busy with Allen and Winside participating in the two day, six team Newcastle invitational Monday and Tuesday.

## Jr. High Team Blanks Randolph

A sticky Wayne defense and a Sharpe passing attack led the local junior high team to a 14-0 blitzing over Randolph at the Wayne ball park Tuesday night.

Quarterback Vic Sharpe threw a pair of touchdown passes in the first and second quarter to give the home team a 14-0 advantage at the half.

Sharpe unleashed a 35 yard aerial to Kelly Hansen in the first stanza for a 6-0 lead. Steve Bodensledt converted the two point play via an end around.

In the following quarter, Sharpe hit Mark Heithold for a 50 yard strike. The PAT failed.

Wayne almost cashed in on another drive late in the first half, but Randolph stopped the club on the one-yard line when time ran out.

Substitute end Brad Emry, playing for injured Kevin Murray, won praise from coach Hank Overin, as did Dave Hansen and Brian Hahn for their defensive work.

Offensively, Sharpe and Hansen were selected for their good playing.

Wednesday night the locals will host Norfolk Catholic, as Wayne tries to extend its 19 game winning streak.

## Rain Cancels Cats JV Game

Rain won the scheduled junior varsity football game between Wayne State and the University of South Dakota, set for Monday night at Vermillion, S. D.

USD officials decided not to play in order to preserve the turf on their varsity field. Wayne coach Del Stoltenberg said. The game will not be rescheduled.

JV coach Doug Barry will take his Wayne squad to Scribner Monday night for a 7:30 clash with the Midland College JV.

The remaining schedule:

Morningside JV here, Oct. 8 at 7 p.m.; Chadron State JV, the game to be played at Bassett, Oct. 22, at 7:30; Yankton JV here, Oct. 29, at 7 p.m.

QUARTERBACK Dave Miller grinds out some tough yards when he tries to round the corner against the University of Minnesota Morris Saturday. Miller fumbled on the play, permitting Morris to move in for a field goal.

Minnesota Morris Saturday. Miller fumbled on the play, permitting Morris to move in for a field goal.

## Cats Challenge Warriors Saturday With 2-0-1 Mark

Wayne State's football foe Saturday night, Midland College, poses a problem. For years back, the Warriors from Fremont have been among the pestiest teams on Wildcat schedules.

For some reason they always mount a mighty effort against Wayne. In a long series dating back to 1921, Wayne owns a slight advantage of 17 wins against 13 losses and four ties.

Midland lost a 37-6 decision to Yankton College Saturday following another loss to Colorado College and an opening win over Westminster.

Meanwhile, Wayne gridders have built a record of 20-1 — their best start in about two decades. Saturday the Cats beat Minnesota-Morris, 20-17, in the Cougar lair to avenge a Morris victory here last year.

While coach Del Stoltenberg called it a "ragged game again," he added his usual postscript, "It still was good to win."

The Wildcats overcame the burden of 13 penalties for 95 yards and two interceptions, compared with two Morris penalties for 20 yards and no interceptions.

Wayne passing proved again to be a potent weapon, with two touchdowns executed by air ways. That makes six of the seven TD's scored on passes this year. A check of incomplete records shows 11 scoring passes, the most by Wayne in any recent season.

At Morris, the Wildcats jumped ahead in the first quarter on a dandy 51 yard pass play from quarterback Rick Benedetto to wingback Dean Off. Rich Mangiameli kicked the point.

The Cougars tied the count on Ron Wickers' one yard run and Keith Larson's conversion kick.

A newcomer to Wayne scoring, Dan Jones, put the Cats ahead again with a six yard rush in the second quarter, and Mangiameli made it 14-7. The TD came on Jones' first play.

A tight end last year, Jones switched to fullback this year. He went in at fullback this time after fullback Pat Dyer was injured, and Brian Moeller, who had been going at fullback, shifted to his normal fullback spot.

Morris took the ensuing kickoff 81 yards to the Wayne 10, but could not advance on three plays and resorted to a field goal from 29 yards, and Larson made it 9-0.

A third quarter touchdown gave Wayne the winning lead when Tim Denham hit tight end Jerry Basye of Glenwood, Ia., for an eight yard pass. Denham, out of action since a pre season knee injury, quarterbacked the full second half. For both Denham and Basye, the touchdown was a collegiate varsity first.

Morris scored once again, in the fourth quarter, on Wicker's one-yard plunge and Larson's kick.

Wayne's rushing defense limited Morris to a meager 39 yards, but even so, the Cat defenders were not happy because two previous opponents finished with minus rushing yards.

## Backers Meet Friday

The Cash Store and Dixon County Feed Lots will sponsor the Allen High football boosters meeting at 7:30 a.m. Friday at the Home Cafe.

RESERVE VOLLEYBALL player Mary Kovensky of Wayne gets assistance from student manager Jodene Bargholtz in taping her fingers before starting action against Norfolk. Wayne won that game in three sets, 15-8, 16-18 and 15-6.

# Wayne, Wakefield To Renew Football Acquaintance After 19-Year Lapse

By BOB BARTLETT

Winside head football coach Doug Barclay and his coaching staff were all smiles Friday night after the team's 22-7 conquest of Allen.

After the game Barclay walked over to me and was ready to serve up a dish I don't particularly favor — crow!

Yep, Winside's win didn't help my record since I picked the Eagles to top the Cats. Instead of an 8-3 mark for the season, I now have a 7-4 record, which is only about 64 per cent.

This week, though, I hope to do better — possibly by selecting the Wildcats to win their homecoming match Friday with Hartington.

But that game isn't the headliner as far as area teams are concerned. This Friday Wayne and Wakefield will renew old acquaintances on the gridiron after a 19-year lapse.

The last time the Blue Devils and the Trojans fangled was in 1954 when the locals won, 19-6. The year before Wayne also was victorious, with a 39-0 beating of the Trojan clan.

This old rivalry between the teams doesn't mean that just because one team is in another class it can win it outright. Both clubs know that the title of the West Husker is at stake, now that Wakefield made the switch from East to West.

That transfer basically is the reason for both schools getting together, pointed out Wayne High athletic director Harold Maciejewski. "One reason we didn't play Wakefield in previous years was because of the difference in size of the schools — Wayne grew larger while Wakefield remained about the same."

Size still does make a difference. And Wayne should have the size plus the balanced offense, displayed in last week's 26-6 victory over Wisner-Pilger, to march past Wakefield coach John Torczon's team.

How far Wayne is allowed to get past the Trojans depends on Torczon's Red Shirts. Although "favored," Wayne may find that this victory score may not be as high as last week's.

AS POINTED out earlier, Winside should take its homecoming match against Hartington, but I'm sure Barclay isn't expecting this game to be a runaway similar to last Friday's game.

One thing for sure, the Winside offense is going to have to move the ball a lot more than it did against Allen if it wants to stay perfect in the Lewis and Clark Conference.

DURING ALLEN'S last three games, the Eagles have been favored to win. The first game was a lopsided 33-0 blasting of

first year Lewis and Clark Conference member Winnebago, but the last two matches belonged to their opponents.

The last two times I went to an Allen game (Wakefield 27, Allen 7 and Winside 22, Allen 7) the Eagles fell short. So this time I'm going to by-pass Allen as the team hosts Ponca, a surprisingly strong L-C club which stunned touted Walthill 15-6 last Friday.

Since the Indians are on the warpath, I'll have to go with Ponca to beat Allen.

THE ONLY area team still looking for a win in three starts could become a darkhorse in the Northeast Nebraska Activity Conference.

Last week, Laurel dropped a close 13-8 battle to Randolph, No. 1-rated in the NENAC. Coach Bob Olson's team was gunning for a homecoming upset victory and had it until the final minutes in the game.

I'm wondering, though, if last week's contest might have taken something out of Olson's club. Pierce, a strong contender in the NENAC league only lost to Wayne, 6-0. The club should be ready to meet the Bears after defeating Osmond last week.

As I said last week, it will be another week before the Bears earn their first victory. The pick: Pierce over Laurel.

## Wildcats Cross Country Places 7th

Wayne State's cross country team, in its first major meet of the year, finished seventh in a seven-team field Saturday at the South Dakota State University Invitational.

But Coach LeRoy Simpson rated it a good effort by a young team running against stiff opposition. The harrier squad is Wayne's first in four years.

Wayne's first finisher was Chip Hagerman of Ainsworth, who placed 28th with a time of 29:36 over the five-mile course. Close behind in 29th place was teammate Roger Kuhlman of Osawa, 18, at 29:41. John Freitas of North Bend came in 33rd at 30:12. Dale Spohl placed 42nd, Bob Steinauer, 43rd.

Most South Dakota State entered two teams — the varsity placing first with 17 points as its runners came in 1, 2, 3, 4, 7. Westmar scored 46 points, the University of South Dakota 78, South Dakota State's JV team 117, Sioux Falls 125, Augustana 148 and Wayne 175.

## Athlete Of The Week

BRAD ERWIN, LAUREL HIGH SCHOOL

High school seniors usually have an advantage when it comes to winning honors on the football field. Their experience and talent generally make them valuable additions to the team.

This week, though, a senior doesn't take the spotlight as the newspaper's Athlete of the Week. Instead, a sophomore quarterback earns this week's award.

Brad Erwin, a 5-11, 145-pound Laurel quarterback, is selected for the honor after guiding his team to a near upset over Randolph Friday night.

The spirited reserve signal caller has proved to be a team leader, pointed out head coach Bob Olson, after starting quarterback Gregg Anderson suffered a fractured finger in the first game of the season.

"Brad has greatly improved over last year," Olson commented, noting that Erwin was the reserve quarterback on the freshman team behind Anderson.

Erwin's poise and good thinking almost got his team the win after Laurel took an 8-7 lead in the final four minutes of the game. Laurel dropped the contest to the conference powerhouse, 13-8.

His six of 16 completed passes, Olson said, doesn't really reflect his passing ability. Although Erwin collected 95 yards in the air, three or four incompletions were real close, Olson said. Son of Mr. and Mrs. Verdel Erwin of Concord, Brad knows the meaning of competition. Another Erwin in his family set all kinds of records as a Laurel High athlete. Brother Steve, who plays basketball for the University of Nebraska-Lincoln, left some big shoes to fill, commented Olson. "But Brad seems to be doing pretty well," he said.

Besides earning awards in athletics, Erwin ranks high in his class scholastically.

# Wayne Man to Vie In 200-Car World Demolition Derby

A Wayne man will be one of 200 drivers competing in the 12th annual world's championship demolition derby Sunday at Islip, N. Y.

Vern Schulz left today (Thursday) on an all-expense paid trip in his bid for the \$1,500 first-place prize at the New York track.

The city employee will compete in one of two heats in order to qualify for the 200-car finale at Islip and a chance to appear on the ABC television's Wide World of Sports.

Schulz won the trip last Sunday when he finished second at North Bend behind first-place winner Virgil Studebaker of Garland. But Studebaker had to forfeit the trip to New York, giving Schulz the right to advance.

The Jaycees from North Bend, Schuyler and Prague are sponsoring Schulz in his first attempt in "Run for 1 slip." If he makes the top five in his heat he will qualify for the final heat.

Cars for the drivers will be furnished at the New York track, Schulz said. The drivers, of course, will have to fix the cars according to rules and paint the vehicle a certain way.

"I've only competed two years," Schulz noted, adding that his first demolition derby victory came last year at West Point. During the two years, the local driver has entered about five derbies a year.

VERN SCHULZ

man competing for the first-place money and the trip to Islip, however. Three other area men were among the top six left in the final heat at North Bend. They included: Larry "Butch" Carlson of Winside, Alvin Gehrner of Wayne and Allen Keagle of Wakefield.

## Golf Meet Sunday

A two-ball couples foursome golf meet at the Wayne Country Club will mark the close of regular tourney season action Sunday at 4 p.m.

In case of rain, the meet will be canceled.

## Wakefield Wins Dual

Wakefield's cross country team won its dual against Stanton Tuesday, 16-23.

Doug Prohaska and Bruce Paul led the Trojans with first and second place showings. Prohaska finished the two-mile course at Stanton in 11:07, Paul was nine seconds behind at 11:16.

Steve Luhr came in fourth, followed by Tony Peters in ninth place and Dave Hitz in 11th.

"The team did a real good job," noted coach Lyte-Trullinger. "Since I cannot coach the boys individually," he said, "the runners are looking good." Trullinger is in charge of the freshman football team.

## Recreation Board Okays Winter Swimming Team

The city of Wayne will have a winter swimming team.

That's the decision reached during a special recreation board meeting Monday night when members voted in favor of starting up such a program.

City clerk Dan Sherry said Gary Egler will handle the project, but no definite date has been set to start.

Egler, swimming pool manager and swim team coach last summer, hopes to have enough Wayne swimmers interested in order to participate in area AAU events.

Tentative plans are for team members to work out one to two hours a night at the Wayne State swimming pool.

Sherry pointed out that in the board's regular monthly meet-

ing last week Brockman Construction Co. of Sioux City was awarded an approximate \$4,200 contract to build two doubles tennis courts near the swimming pool.

Construction may start sometime in April next year and be completed by June, Sherry said. The board also:

—Learned that Red Carr Implement of Wayne has a used tractor available free for the city's use for ground keeping at the city ball park.

—Appointed a two-man committee of Hank Overin and Wayne Wessel to check into buying new game equipment for the Middle Center. The games include bumper pool, air hockey and possibly foos ball.

BY NOW most everyone knows the results of the Bobby Riggs-Billie Jean King tennis match.

For the benefit of those who don't, it was ridiculous. Not that Billie Jean's winning the match in grand fashion was ridiculous — hardly. The bad part, among other things, was Riggs and his moult.

Like another Howard Cosell, who incidentally also took part in the lightly touted world-wide event, Riggs made his presence in his accustomed style — making an ass of himself.

The match itself displayed Billie Jean King's talent despite what Riggs might label as her feminine nature. She played and acted like a professional, before, during and after the match. That can hardly be said of Riggs.

The proverbial loudmouth could have made the game a lot more interesting, to me, by keeping his mouth shut about the match and playing like a professional.

Instead, he broke open the oil can, lubricated his jaws and began flapping from the word go.

To me, a professional athlete is a person who doesn't need to brag about his or her talents. Rather, his or her abilities will speak for themselves on and off the playing field.

That's exactly what Billie Jean did — let her abilities show what she can do. She kept quiet for the most part before the match, then nailed Riggs in three straight sets, 4-6, 6-3, 6-3.

Perhaps this discussion about the Kings Riggs match isn't necessary, but it burns me to see a grown athlete make a fool of himself.

Yes, Riggs probably was doing it to

gain attention as he nears his 56th birthday. And in doing so, he will earn a little bundle for himself. The almighty dollar wins again!

BEFORE DROPPING the subject of tennis, a note to tennis buffs might help them improve their playing.

For those who bought a new racket, it might be worth a \$6 or so investment to have the racket restrung to about 30-35 pounds.

The ball not only will spring off the racket better, but the tennis player may gain additional confidence in his game.

Just to give you an idea of the difference in strength, at the pro level most players tighten their rackets to 60-65 pounds.

A COUPLE of thank you notes go out to Jim Winch of Winside and Cecil Fields of Crofton for their response in sending back standings for the Lewis and Clark and Northeast Nebraska Activity Conferences.

Although the standings are one week behind, they will offer area readers something by which to judge their teams when they are published in the near future.

An interesting addition to LC standings is the complete statistics for individual categories. Compiling them is a time-consuming job, Winch admits, but it is worthwhile.

As of Sept. 14 Allen led the Lewis division with a 1-0 conference mark while leader Hartington is 1-0 in the Clark league.

There were five teams tied for the top rung in the NENAC loop. Creighton,

Crofton, Neligh, Plainview and Randolph were 1-0 as of Sept. 14.

A QUICK reminder to area boys between the ages of eight and 13. Don't forget the annual Punt, Pass and Kick competition Sunday at Wayne State's Memorial Stadium.

The 1:30 p.m. event will be sponsored by Workman Ford of Wayne and run by local Lions. You have until Saturday to register, so you'd better hurry if you haven't done so.

THOUGH IT may have looked like a pleasure cruise, the group paddling canoes down the Elkhorn River last week was really conducting research.

The seven officials, along with a guide, made up part of the recreation task force of the Platte River Basin study.

The trip was designed to give the officials ideas for planning recreational development of the Elkhorn sub-basin.

Last week the party embarked just north of Oakdale and paddled to Tilden. Following one venture from Norfolk to Stanton and Pilger to Beemer, the group headed from Beemer to Dead Timber state park near Scribner and from there went to Hooper.

# Women Golf League Winners Honored

The two-member women golf teams of Marion Evans and Janet Roenfeldt along with Jan Johansen and Joan Potts were honored Tuesday night as winners of the Wayne women's summer golf league.

Evans and Roenfeldt won the American division while Johansen and Potts finished first in the National league.

About 40 women out of the 52 member league attended the fourth annual banquet at the Wayne Country Club.

There was a tie for second place in both divisions. Ruth Vogel and Gertrude Thomas tied with Eugenia Jeffrey and Norma Janke in the American division. Ann Barclay and Jan McQuistan tied with Sharon Erickson and Jackie Ditman in the National race.

## Norfolk Beats Winside JVs, Jr High Teams

Norfolk's junior high and reserve football teams handed coach Carter "Cap" Peterson's clubs losses on identical scores Monday night at Norfolk.

The JVs dropped their match 26-0 after the junior high team suffered a similar defeat.

"Our junior high team is relatively inexperienced," Peterson commented after the loss. But one thing the team did show was a more sound defense the second half, he said.

After Norfolk took a 20-0 advantage at the half, Peterson's club stopped the home team for only one TD in the remainder of the game.

Eighth grader Eddie Morris was credited by Peterson for his good offensive and defensive showing.

In the reserve match, Norfolk struck for a pair of touchdowns in the first and second halves to blast Peterson's club.

"Our quarterback, Tyler Frevert, was injured the second quarter, which really hurt our game," he said.

Norfolk scored the first TD on a halfback pass, but after that the Wildcat defense remained strong. "Norfolk scored the other three touchdowns on bad snaps while we were trying to punt," Peterson said. Otherwise the defense did a good job, he noted.

Dennis Newman took the lead for the defense, claiming 16 tackles.

On Oct. 8 the Winside reserves will host Wakefield. The junior high team will host Emerson-Hubbard on Oct. 16.

## Tab's Cheerleaders

Four eighth grade girls and two from the seventh grade will make up Laurel's junior high cheerleader squad for 1973-74.

Selected last week were Jane Anderson, Cindy Schaefer, Carla Johnson and Nancy Schaefer, all eighth graders, and seventh graders Cindy Kastrup and Deanna Manz. Susan Stark is the mascot.

that priorities should be set in advance so that businesses and residents know exactly what to expect in an emergency.  
"All the indications I hear are that we could be in trouble (because of fuel shortages)," Prather emphasized. "We need this done now and not three days before we run out-of-fuel!" he said.  
Prather said the city should have a committee working on this now, stipulating exactly how businesses would be affected, which businesses would have their electrical power curtailed first, what residents might expect in a fuel shortage and the like.  
"It (fuel shortage) could be a bad situation," he noted.  
The city last winter faced running out of fuel to power the electrical generators at the power plant. Although power was never curtailed, there was a time when only about three days of fuel supply was on hand.  
Norbert Bruggier, city power plant superintendent, had urged city residents to curb use of electricity when that situation began developing.  
Mayor Kent Hall agreed with Prather that such a committee should begin working on the problem. He said he, Bruggier, city clerk Dan Sherry and others would begin studying possible priorities.

Council also:  
—APPROVED the appointment of Beverly Etter to the hospital board, serving until June 30 next year, she replaces Mary Fisher, who resigned earlier this year.  
—APPROVED PAYING for flu shots for all city employees who wish to take them.  
—APPROVED LOW BID for construction of a transmission line which will provide the connecting link with NPPD. The city is still negotiating a contract with NPPD which will permit the city to purchase power in case of an emergency and at other times. Low bid was \$19,151.96 from Gene's Electric of Milford. Other bids were for \$22,862.11 and \$28,965.41.  
—DISCUSSED but took no action on ordering installation of several blocks of sidewalks. Councilmen will take up the subject again at their next meeting.  
—HEARD a progress report from councilman Prather on the activities of the board established to spend the \$4,000 the city donated to help promote Wayne State College. Less than \$2,000 of that money has been spent on

radio and television advertisements and for a small flyer, he said, but the promotional efforts may have influenced from 10 to 12 students to decide to attend WS.

—AGREED to have Consolidated Engineers-Architects of Wayne draw up specifications for supplying water to the industrial site east of the city. Approval came after city attorney John Addison told the council that there are "two prime industrial prospects" who are strongly considering coming to Wayne.

**Health Tips**

Anemia is not in itself a disease but a symptom of one.  
Anemia is a word used to describe what occurs when the blood does not contain enough red cells, or when the cells do not have a normal amount of hemoglobin.  
Anemia may be caused by defective blood formation, cell destruction, or by excessive bleeding. A great many types of body disorders can also cause anemia, according to the Nebraska Medical Association.  
To treat the condition, a physician must first make careful tests to know exactly what type of anemia you may have. All of the various types cause the patient to be tired and weak, because the blood cannot supply enough nourishment and oxygen to the tissues.  
Treatment is much more satisfactory if started early. If you suspect someone in your family is anemic, have them see a physician. In all but a few rare types, the doctor can prescribe treatment which will bring relief.  
Since a person may feel tired and weak for many reasons, avoid self-diagnosis of anemia.

## WILL YOUR ROOF SURVIVE THE WINTER?

A roof covered with USG asphalt shingles—and USG roofing—always gives extra measures of protection from fire, water, and wind... always can be depended on to keep its outstanding beauty year after year. That's because USG Shingles are made right... of the finest materials.

You can brighten your future with USG Shingles. We use a powerful adhesive to seal these shingles together. A USG roof takes hurricane winds "lying down". They are great for roofing quality, economy and protection. They last longer and are fire-resistant too!

Let us give you an estimate on a new roof for your home. You can select the correct shingle for your home from our wide selection of colors in stock.

Enough heavy-weight, seal-tab asphalt shingles to reroof an average 3-bedroom home (28-ft.x48-ft.)

## 25 Firemen At Meet of Aid Group

About 25 firemen turned out in Wayne Tuesday night for the bi-monthly meeting of the Elk Horn Valley Mutual Aid Association.

Represented at the meeting were Wayne, Hoskins, Winside, Norfolk, Battle Creek and Pierce.

Speaking to the group on how to handle bombs and bomb threats was Robert O'Brein of Omaha, assistant civil defense director for Douglas County.

The group, which will meet next in November at Stanton, includes about 10 towns from Wayne west.

The local volunteer fire department will host the regular meeting of the Northeast Nebraska Mutual Aid Association next month. That meeting, for towns belonging in the association covering an area from Wayne east, is scheduled for the fire hall on Oct. 29.

## Middle School Band Meeting Is Monday

All fifth grade students at Wayne Middle School interested in playing in the school band are invited to attend a meeting Monday at 7:30 p.m. in the Middle School band room.

Ron Dalton of the school's music department and Larry Stratman will help youngsters choose instruments for the first meeting on Oct. 9.

## TV Halftime Show Billed For Wayne

Something different for halftime Saturday night:

Bob Lowry, a clarinetist of national renown, will solo with the Wayne State marching band in a show he calls "The Licorice Stick Story."

Lowry has taken the show to hundreds of games and concerts in every state and has performed it on national television.

His "Licorice Stick Story" highlights the music of the all-time great clarinetists in American pop music.

Lowry, who has a master's in music from the University of South Dakota, directed instrumental music for 13 years at Morningside College.

The WSC band's appearance at the Wayne Midland game Saturday night will mark its 1973 debut in uniform and on the field. Dr. Jay O'Leary, director, hopes weather smiles this time — after a rainout of the Band Day show Sept. 15.

## School Heads Discuss Coming Student Tests

Administrators from several area schools met at Wakefield High School last week to discuss the National Assessment of Educational Progress program which their schools will be involved in this year.

The testing program, based at Research Triangle Park, N. C., is a project of the Education Commission of the United States and has been in effect several years, according to John Addy, director, who was on hand for the Wednesday meeting.

Schools across the nation are selected at random for testing in a specific area of knowledge each year. Different age groups are chosen to participate in the tests from one year to the next. This year, nine, 13 and 17-year-olds from Northeast Nebraska will be given tests in writing, careers and occupational development.

Some of the participating schools will have just one age group in the program; others will have two age groups involved. In each school, 12 students from each age group involved will be selected at random for the tests, which will be given in groups and individually.

The tests, which will take only a couple of hours, will be scheduled throughout the year and will be given by Addy and his assistants. Results will be returned to the schools so officials can determine how their

schools rate with others involved in the tests that year.

Plans call for the same schools to be retested in 10 years for purposes of comparison.

Attending the meeting at Wakefield were Allen superintendent Gail Miller and high school principal Garland Mills. Winside elementary principal Al Schlueter, Emerson-Hubbard superintendent Clinton Carr and high school principal Jack Rohrborg, and Wakefield High School principal Richard P. Anderson and elementary principal Derwin Hartman.

Nine year-olds in the Wayne Carroll school system also will be involved in the program.

## Business notes . . .

### Named IDS Sales Representative

A Wayne man, John Corcoran, has been named sales representative in Northeast Nebraska for Investors Diversified Services (IDS), the large Minneapolis-based financial institution.

George Phelps of Wayne, district sales manager for IDS, said Corcoran's appointment is effective immediately. Corcoran, a former history teacher at Wayne State College, will distribute shares of seven mutual funds: Investors Mutual, Investors Stock Fund, Investors Valuable Payment Fund, Investors Selective Fund, IDS New Dimensions Fund, IDS Progressive Fund and IDS Growth Fund.

The 4,000-person national sales organization also offers face-amount investment certificates, pension and profit-sharing plans, life and disability insurance, variable annuities, mutual fund accumulation plans, oil and gas exploration programs and other related IDS financial services. In addition, IDS operates subsidiaries in the mortgage banking, leasing, real estate and brokerage business.

The Sioux City divisional sales office serves 25,000 customers in Iowa and Nebraska.

Corcoran, a Main native, attended Arkansas State University and Texas Tech University before accepting a position on the Wayne State teaching staff. In addition to Air Force service from 1954 to 1957, he served as an intelligence assistant with the Central Intelligence Agency (CIA) from 1958 to 1965. He and his wife Katherine have a nine-year-old boy, John. The Corcorans plan to move to Cedar County in the spring.

## OBSERVATIONS

### Sale of 4-H beef deserves your support

It should be apparent to everybody in Wayne County that cattle feeding is one of the biggest "industries" we have going for us.

If that industry were to suddenly disappear, we would experience an economic slump which would touch every household in the county. Business at department stores, groceries, filling stations, farm stores, car dealers, beauty shops and countless other places would drop considerably. Farm wives wouldn't come in to order new drapes and carpets for their homes. Their children wouldn't be buying hamburgers and fries after football and basketball games. Their husbands wouldn't be spending money on new tires, seed for next spring, work clothes and the like.

That is why all businesses in the county should do everything they can to help promote that industry. One way we can do that is to support the coming 4-H beef sale.

Why should we do that? Quite simply because it gives 4-H members incentive to raise better beef animals. They spend a great amount of time each year raising

animals for the county fair, hoping to take home a purple or blue ribbon. If they succeed, they are partially rewarded for the hard work they put into their project.

The annual beef sale following the county fair is their chance to realize a cash bonus on their animals, further incentive to them to continue in the beef project in an attempt to produce even a better animal the next time around.

The premiums are not very large, but the \$10 or \$20 or \$30 the 4-H'er can pick up in the sale tells him that somebody is interested enough in what he is doing to urge him to learn more about it so he can do better next year. Maybe it is just the thing which is needed to point that youth toward a career in raising cattle in this county. And cattle feeding, just like any other business or industry, constantly needs an influx of young people if it hopes to remain strong and healthy.

That is why we hope the coming beef sale, scheduled for Oct. 11 at the Wayne sale barn, gets better support from business across the county than it has in recent years.

### Wanted: your opinion

Wayne County residents who say they never get a chance to voice an opinion on such topics as taxes, education, health care, cultural opportunities and the like will be given that opportunity Monday evening.

The occasion is the "Goals for Nebraska" meeting scheduled for 8 p.m. at the Student Center at Wayne State College.

Everybody in the county is invited to the meeting, one of numerous meetings which will be held this fall across the state.

Purpose of the meetings is to bring together as many people as possible to get an idea of what they think the state's goals should be. The suggestions Wayne County residents come up with will be pooled with those offered at the other 92 county meetings and 30 regional meetings. A "blue ribbon" committee will analyze those goals, trying to come up

with some idea as to which ones are most important as well as possible to achieve. After that, the results of the committee's study will be released to residents of the state, and a final document listing those goals will be published.

Sponsors of the "Goals for Nebraska" meetings hope the document will have considerable influence on everybody from state senators to city councils and school boards. Communities and community leaders may find that what they are doing is right in line with some of those "Goals," spurring them on in their work. Others might find that what they are doing goes against what the majority of the people in the state want, prompting them to examine more thoroughly the reasons for their actions.

If you think that nobody ever asks for your opinion on something, you better consider attending Monday night's meeting. It is one time when you are being asked.

### They deserve some credit

We've got to give credit where credit is due. And we don't know anybody who deserves it more than the young people who took part in last week's bikeathon between Wayne and Pender.

Who else but some ambitious, energy-filled youngsters would hop on a bicycle and try to pedal their way to Pender and back to raise some money to help retarded children in and around Wayne?

Adults wouldn't do it, that's a pretty safe bet. Probably conveniently, they have too many other things to do which keeps them from taking part in such an

effort. So, the task to raise funds for such a worthwhile group as the Youth Association for Retarded Children was left to youths. And they succeeded, too, collecting somewhere between \$200 and \$250 for several hours of leg-tiring pedaling.

It's just too bad that more youths didn't turn out for the ride. Had there been better participation, the amount collected could easily have topped the approximate \$300 raised a year ago in the first bikeathon. Few could argue that the money is not going to a worthy cause.

## Capital News— Todd's leaving completes 'new look' in state colleges, university

LINCOLN—The top administrative posts at Nebraska's main institutions of higher learning have all changed hands within recent years.

The switch became complete recently with the resignation of Dr. James E. Todd as secretary and chief executive officer for the State College Board of Trustees.

Todd will go to Idaho where he will be an associate director for fiscal planning of that state's higher education governing board.

Edwin Nelson, who has been president of Chadron State College, was named to replace Todd in the board office in Lincoln. Nelson's assistant at Chadron, Larry Tangeman, will become acting president.

Within recent months, Douglas W. Pearson has become the new president at Peru State College, succeeding Max Smith, who was the interim president after Neal Gomon's resignation.

DR. LYLE E. SEYMOUR has been named interim president at Wayne State College, following the resignation of William Brandenburg.

At Kearney State College, Dr. Brendan J. McDonald has been installed as president, following an interim term by Marvin Knittel, who had succeeded Milton Hassel.

That completes a 100 per cent lineup change in the four state colleges.

The University of Nebraska system, over a little longer period, nonetheless has made a complete changeover as well.

DR. MERK HOBSON served as interim chancellor (as the post was called at the time) following Clifford Hardin's resignation to become secretary of agriculture. Durward B. Varner eventually was chosen to become the permanent successor to Hardin and the title was changed to president.

Joseph Soshnik was the chancellor of the Lincoln campus, followed by James Zumberge. Robert Sparks succeeded Cecil Wiltson at the Medical Center and Ronald Roskins followed J. V. Blackwell at UNO. Blackwell had been serving in an interim capacity after the resignation of Kirk Naylor.

So, within a four-year period, every top job in the university and state college systems has had at least one change.

### Todd Cites Low Budgets

Todd, as he prepared to leave for Idaho, was interviewed about Nebraska's state college system.

He said he thought it was unappreciated by Nebraskans, with the result that it hasn't received adequate budgetary support.

Todd said the colleges aren't likely to get additional financing unless a coordinating commission is created to review the performances of all higher education in the state and to allocate dollars equitably.

Until that happens, he said, the colleges are likely to continue to get budgetary leftovers.

Todd didn't say so flat out, but the implication was clear that he thinks the University of Nebraska has been

getting first grabs at the money available.

"Why deny a student a quality education simply because he lives in Valentine, Harrisburg, Plainville or wherever?" Todd asked, adding that the quality education should be available close to home.

The colleges, he said, could be providing this type of education if they had more financial resources at their disposal.

"I just hope the day comes when the State of Nebraska realizes it has a state college system that merits its support and people recognize that an awful lot of outstanding people are going beyond the call of duty to provide services," he said.

### Johnson Named Judge

Gov. J. J. Exon last week announced that he had chosen Earl C. Johnson to be the new judge in the 20th Judicial District.

Johnson has been serving as Custer County attorney. He is a former FBI man and has practiced law for many years in Custer County.

The Judicial Nominating Committee recommended Roy E. Blixt and James R. Kelly, along with Johnson, for the appointment.

### Diplomats Dinner Set

The sixth annual Nebraska diplomats dinner will be held in Lincoln Friday with Gov. Exon as the main speaker.

The diplomats are civic, business and professional leaders around the state who help boost Nebraska's economic growth.

### Thoughts for the day

**THURSDAY PROV. 16-18**  
When God made man, He didn't arrange any of the joints of his bones so man could easily pat himself on the back.

**FIRDAY I JOHN 2:16**  
When a man starts singing his own praises, it is pretty sure to be a solo.

**SATURDAY LUKE 4:27**  
A man's love for God can be measured by the love he has for the man he loves the least.

**SUNDAY I JOHN 2**  
The man who spends enough time on his knees will have no trouble. His knees will have no trouble standing on his feet.

**MONDAY GALATIANS 5:22**  
The grand essentials to happiness are something to do, something to love and something to hope for.

**TUESDAY EPHESIANS 4:32**  
Heaven is where you'll meet a lot of people you thought you had escaped.

**WEDNESDAY I JOHN 5:11**  
Life is too short to be little.

It has been a privilege to share.  
Hazel Sorensen, Wakarusa

Altoona, Pa., Mirror:  
"Deficit sharing and guaranteed annual tax increases, that's about what the Democrats and Republicans are both promising us, more or less."

St. Marys, Mo., Weekly Review:  
"Who is going to sacrifice to ease the gasoline shortage? Are you going to cut down on gas usage, drive a smaller car, walk, ride a bicycle, forego a trip, adjust your poor driving habits, etc. — or is it going to be the guy down the street? But he's thinking the same thing about you."

CIPSCO News, a Central Illinois Public Service Company publication, notes, "When various types of people... were asked how much profit the average business makes, after taxes, on each sales dollar, the answers ranged from 21 to 38 cents. No group was even close to the facts. You see, the average profit, after taxes, is only about four cents on the dollar. Profits, however, are the key to the success of the U. S. economy. Profits create jobs, build new plants, develop new products and finance expansion. Business needs profits... and so do its employees."

The Automobile Club of Oregon advises motorists to observe these precautions as they travel: 1. Drive "on the top of the tank" as much as possible. 2. Fill up in major population centers; avoid running low in remote areas. 3. Don't expect to find gasoline after 8 p.m. as many stations close around that hour, rather than operate till later or on a 24-hour basis as they formerly did. 4. Remember that many stations will be closed on Sundays and holidays. 5. Don't depend on one brand of gasoline as one station may be closed while across the street another brand station will be open.

## WAY BACK WHEN

**30 YEARS AGO**  
September 23, 1943: Wayne city school football team started off the season here Friday night with a 26-0 win over Pierce. One unit of aviation students completed their training at Wayne college detachment and left Saturday evening for Santa Ana, Calif., classification center. Dealers in shoes are required by OPA to take an inventory of all rationed shoes by September 30 and send this to New York by October 10. An amendment to the shoe rationing order requires this report. The car driven by Leslie Fredericks was damaged last Wednesday evening when it struck a travel truck. Willis Nelson had a cut on one cheek. No one else was injured. All motorists who hold "A" gasoline ration only and who have not had a periodic inspection of their tires since last March 31, are urged to do so immediately, according to OPA District Director M. E. Rawlings.

Wayne County Selective Service Board. Mrs. Chris Tietgen, Wayne, arrived home Thursday after a five-week tour of Europe. Rev. K. F. Wentzel was honored for his 35 years in the ministry and 10 years as Trinity Lutheran Church pastor at special services Sunday evening at Altoona. Mrs. Marian Jordan, Carroll, was elected president of the Wayne County Rural Teachers Association following the annual county institute Tuesday afternoon at the city auditorium. One of the first deer killed by Wayne County hunters this year was a European fallow deer killed by Charles Carhart. Hunting with bow and arrow, Carhart bagged the deer while hunting near Bartlett.

was elected chairman of the Nebraska REA Accountants Club at their meeting held in Grand Island Monday and Tuesday. A new minister will be in the pulpit of Wayne's United Presbyterian Church Sunday. He is the Rev. John W. Voith, who comes from a seven-year pastorate at Maple Plain, in his native state, Minnesota. The Evangelical Covenant Church of Wakefield is in the midst this week of an observance of their 75th anniversary. Cheryl Ann Behmer, daughter of Mr. and Mrs. Lloyd Behmer, Winside, attended the Nebraska Conference for Youth held at Lincoln Sept. 17-19. Rev. Russel Dacken will give his farewell message Sunday at the 11 a.m. worship service at the First Baptist Church, Wayne. Rev. William Simmer, First Methodist Church pastor, was elected president of the Wayne Ministerial Association at their meeting Monday.

**25 YEARS AGO**  
September 23, 1948: E. T. Warnemunde, Winside, was elected treasurer of the Midwest Lutheran Brotherhood at the ninth annual convention held at Redeemer Church last Wednesday and Thursday. Excellent weather, above average entertainment and a large number of exhibits drew crowds totaling over 12,000 persons to the four-day Wayne County Fair. Wayne Fire Department was called to the James Grier home north of Wayne to extinguish a grass fire. Emil Steffen was named custodian of the courthouse by the county board Tuesday. On Monday morning the fire department was called to the Gem Cafe where a large refrigerator motor burned out. Father William Kearns, pastor of St. Mary's Catholic Church, celebrated his forty-second year in Wayne Monday.

### 'Taxpayers are already pinched' Thone is against tax increase

By CONG. CHARLES THONE  
Cutting federal spending, not raising taxes, is the best way to fight inflation. If the Nixon Administration proposes a federal income tax increase, I will oppose it vigorously. At first, I discounted rumors that the Administration was considering a temporary tax increase as a means of slowing down inflation. After Federal Reserve Board Chairman Arthur F. Burns and Presidential Counselor Melvin Laird made public statements in favor of a tax increase, I became alarmed. Nothing would be more odious to the American people right now than an increase in taxes. Millions of Americans are already being pinched by the rise in the cost of living. A tax increase would cause a further crimp in food and clothing budgets for these families. A tax increase is not needed to slow down the economy, in my opinion. The highest rates of interest in history and high prices are already causing both businesses and consumers to cut back on spending plans. Shortages of many kinds are also acting as a damper on the economy. Many economists believe that there will be a slight slowdown in the economy in 1974. Imposition of a tax raise might push that slowdown into a deep recession. Those in the Nixon Administration who have proposed a tax increase advocate a temporary tax now to cool off inflation with the money being returned to taxpayers at a later date. But as the York (Nebraska) News-Times pointed out in an editorial, "The trouble with that is no one knows what the state of the nation will be that far in the future, and it is conceivable that the tax surcharge would not be lifted, but rather made more permanent." How true that is. We are still paying taxes that were put on "for the duration" during World War II. If Congress saw a lot of new money coming into the U. S. Treasury its members in election year 1974 might be tempted to vote for some new giveaway programs. There is not even a certainty that a tax

increase would bring in more money to the federal treasury. In 1964 when taxes were cut, it was such a stimulus to the economy that the total tax collections were higher than the year before. The reverse might be true; higher taxes might bring less total federal income. The quick way to stop inflation is to curtail federal spending. That could be done during this current year. There is a danger that Congress will try to spend more than the President has budgeted. But even the President's budget has room for cutting. After all, his proposed budget of \$269 billion is eight per cent higher than was spent in the year that ended June 30th and is two and one quarter times federal spending of just 10 years ago!

Administration support of a tax increase now would be a breach of faith by President Nixon. In a radio address last January 28th, he stated, "In the campaign last fall, I promised I would not propose any new tax increases. By keeping a tight lid on spending, my new budget keeps that promise."

Also in January, in a message to Congress, the President said, "I do not believe the American people want higher taxes. I will do everything in my power to avert the need for a tax increase."

On September 10th in the President's second State of the Union message, he wrote, "This Administration continues its strong opposition to a tax increase. We want to fight inflation and balance the budget by placing restraints on spending and not by adding to our current tax burden."

The President should speak out and tell the public that he still intends to keep his promise. He should also tell his aides to stop popping off about a tax increase.

**MILKWEED CONTROL**  
Milkweed can be a problem, and unfortunately there are currently no herbicides available for cropland use which will control common milkweed. The best way to control common milkweed is through crop rotation. Repeated planting of spring seeded crops such as corn, milo and soybeans favor an increase in common milkweed. The best crop for milkweed control is alfalfa left in stand for three years or more. Established stands of milkweed will all but be eliminated after three years of alfalfa which is cut three times a year.

**FLIES AND MORE FLIES**  
Here is some useless but interesting information. Reproduction of a pair of flies beginning in April, if all lived, would result in 191,010,000,000,000 flies by August. If there were one-eighth of a cubic inch per fly, this number would cover the earth 47 feet deep. Luckily, this number is never reached due to predators, parasites and other factors that reduce the population.

**GRUB CONTROL**  
Now is the time that many farmers in this area are handling their cattle, and it is a good idea to treat them for grubs before Nov. 1. Eggs laid before the early part of August have hatched into grubs, and the grubs have worked their way through the

## Farmers Should Consider Late Season Weed Control

Farmers will want to consider late season weed control measures on corn, milo, idled cropland and to facilitate soybean harvest, says a University of Nebraska-Lincoln Extension weed control specialist. John Furrer said control of broadleaf weeds which shot up in corn and milo fields following July rains will help assure a successful harvest.

"These weeds have already caused reductions in yields where heavy infestations have occurred, so the only benefit would be improved harvesting efficiency," he commented. Following early September rains, broadleaf weeds are susceptible to 2,4-D, he said. An application of one pound of 2,4-D per acre will control annual broadleaf weeds such as pig

weed and sunflower. Perennials such as hemp dogbane and field bindweed should receive 1.5 pound of 2,4-D per acre. "There are no restrictions on the use of grain or fodder of either corn or milo following a pre-harvest application of 2,4-D," Furrer said. September is a particularly good time to control hemp dogbane, he added.

"Fall treatments should be made before a killing frost, while the dogbane is still green and actively growing," Furrer advised. The application of 1.5 pounds per acre of 2,4-D this fall, with a repeat of the same treatment the second year, should reduce hemp dogbane by about 80 percent, he said.

The amine form of 2,4-D, with a surfactant, can be applied in standing corn or sorghum in the fall, either by aerial application or high clearance ground equipment. A combination of one pound per acre of 2,4-D amine, plus one-quarter pound-per acre Banvel, is recommended treatment for weed control on idle acres this fall. Banvel is not cleared with the Environmental Protection Agency for use on corn or sorghum now, Furrer emphasized.

Crop producers should make their move now to control weeds in soybeans and avoid some of the "problems" of heavy weed growth in soybean fields which occurred during the disastrous harvest season of 1972, Furrer warned. Products now on the market will "dry up" all green growth in a matter of a few days, making harvest of low-moisture beans possible without leaving harmful residues, Furrer said. However, he cautioned that some materials are cleared for use on seed fields only. One material which must be handled with caution is cleared for use in drying up weeds in soybeans planted for food and feed, Furrer said. Paraquat, which will cost \$1.90 to \$3.75 per acre plus costs of application, should be applied when soybean plants are mature. This means beans are fully developed, at least one half of the leaves have

## A Unique Spud

LITTLE MITCHELL DORING got quite a surprise the other day when he was helping dig up potatoes at his home four miles west of Wayne. One of those dug up was this odd shaped potato. He was especially proud of the oddity because he helped plant and cultivate the potato patch as well as harvest it. Parents of the five-year-old are Mr. and Mrs. Neil Doring.

dropped, and remaining leaves are turning yellow. Specifics on aerial or ground application of paraquat to aid soybean harvest can be obtained through county extension offices in Nebraska, Furrer said.

Both prairie chickens and sharp-tailed grouse are legal game during Nebraska's grouse season.

## Cooper Liqua-Base Cattle Supplements

Contains natural protein for a naturally controlled release.

Cooper Liqua-Base is a new concept in liquid feeding that utilizes high levels of natural protein at prices comparable to high urea liquid supplements. Cooper research offers cattlemen a far safer and more efficient way to feed liquid supplement to calves, growing cattle, stock cows, and finishing cattle in the feedlot.

### SPECIAL FORMULATIONS FOR FEEDLOT OR RANGE

Cooper 32% Special Liqua-Base Cattle Supplement contains a high level of natural protein for a naturally controlled release of the protein-building nitrogen, making Liqua-Base far safer and more efficiently utilized than conventional urea-based supplements. It can be fed with confidence to both growing cattle

or cows on high roughage rations and finishing cattle on high grain rations. 32% Liqua-Base is available with MGA\* for improved feed conversion in feedlot feeders.

15% Liqua-Base is formulated without adding any urea protein. With its high level of natural protein, it's designed for growing cattle on range, pasture, stalks, or stubble.

Improved Feed Efficiency—Liqua-Base Cattle Supplements are rich in natural protein, vitamin A, D, E, Phosphorus, Trace Minerals and energy. No salt or water is added. Cooper tests showed faster gains, better feed conversion and lower feed costs per pound of gain in comparison to high urea liquid supplements.

Cooper Liqua-Base Cattle Supplements are manufactured in a unique emulsifier mixing system to minimize separation problems. They're easy to handle regardless of weather conditions.

## The Unround Grain Bin

Store Grain Safely Until the Price Is Right; Then Put Your Machinery in the Low-Cost, All-Steel Butler Farmstead® Building!

Why invest separately—and expensively—in both grain storage and machinery housing? The new low-cost Butler Farmstead building makes it so easy and economical to combine the two. Use an all-steel Farmstead to store your grain until the market price is right, or until you're ready to feed it out. Then, move your valuable machinery and equipment into post-free, weathertight, fireproof storage. For example, a 48' x 72' x 14' Farmstead will hold a lot of machinery, or you can store more than 22,000 bushels of grain. Other building sizes available.

## Now Cleared for Control of Hemp Dogbane.... BANVEL herbicide—2,4-D.

The State of Nebraska has just approved the use of Banvel herbicide +2,4-D amine as a fall application in corn and sorghum for the control of tough, yield-robbing Hemp Dogbane.

The efficiency of this combination results from the ability of Banvel to translocate throughout the weed. Absorbed by roots as well as leaves, Banvel circulates throughout the weed, destroying cell structure as it moves.

This combination used at the recommended rates in a two year fall application program will eradicate Hemp Dogbane. For best results apply before the first killing frost. (Consult the Banvel label for full, detailed directions.)

Right now is the time to apply. Ask for Banvel at your herbicide dealer's, or call Velsicol sales representative Gary House collect at (402) 371-3651, Norfolk, Nebraska.

STEVEN OLTMANS

## NRD Manager To Speak at Teacher Confab

Steven Oltmans, general manager of the Lower Elkhorn Natural Resources District, will be a luncheon speaker during the district teachers convention, scheduled for Wayne State College Oct. 25-26.

Oltmans will talk to science teachers on "The Development and Use of Nebraska's Resources" at a luncheon scheduled for 11:30 a.m. the opening day of the two-day convention.

His talk will include an explanation of the state's natural resources districts and discussion of how the state's 24 districts fulfill their purpose.

Oltmans' talk will tie in with a group of meetings planned for science teachers attending the Nebraska State Education Association convention.

Between 1,500 and 1,800 teachers are expected to attend the convention, the first one ever to be held in Wayne. The college will not hold classes during the convention, permitting full use of college facilities for the meeting.

## New Fence Going Up At Winside

A NEW FENCE surrounding Winside High School's football field is scheduled to be completed by Friday when the Wildcats take on Hartington in a homecoming match. Howard Iversen, school grounds keeper, started the project last week with a long haul ahead of him. Iversen had to dig each post hole with a hand auger. After the posts were up, he had to put the wiring up. Also included in the project is paving of steps on the south side of the field.

# Youths Pedal to Raise Funds for Retarded

Sixteen leg-weary young people from Wayne raised between \$200 and \$250 to help retarded children in Northeast Nebraska during Saturday's second annual bikeathon between Wayne and Pender.

Fifteen of those 16 riders made it all the way to Pender and back, a 48-mile trip up and down hills, according to Mrs. Kenneth Sitzman of Wayne, advisor to the Northeast Nebraska Youth Association for Retarded Children, bikeathon sponsor.

And among them was young Gwyn Meier, 10-year-old daugh-

**GWYN MEIER**

ter of Mr. and Mrs. Larry Meier of Wayne. The youngest of the riders to make the trip to Pender and back, she got home in time to go on her daily paper route.

Her trip was worth it, though, considering she will collect \$20 from customers on her paper route who sponsored her during the bikeathon.

Money collected from the event will be used in a variety of ways to help retarded youngsters in Wayne and the surrounding area, Mrs. Sitzman said. Plans call for having another bikeathon about the same time next year, she added.

Had there not been several other activities youths had to take part in Saturday, the amount raised would have been closer to or might have exceeded the approximate \$300 raised in the association's first bikeathon, she said. A car wash, bake sale and Scout trip kept some youths from participating, she noted.

Also taking part in the ride were Vince Jenness, Rod Turner, Ken Daniels, Kathy Dranselka, Julie Sieler, Susan Addison, Marilyn Wieseler, Si Prather, Mark Middleton, Kevin Marks, Norman Brown, Jeff Kraemer, Paul Lindner, Danny Johnson and Jim Miller.

Susan Addison and Kaye Coan were in charge of publicity for the bikeathon. Kathy Dranselka and Karla Schwartz were in charge of setting up checkpoints along the way, and Lynn Kamish and Julie Sieler had charge of making sure the trip was a safe one. Judy McClain helped with first aid.

### 'Goals' Meet At Laurel Attracts 20

Twenty resident from five Cedar County communities attended the Goals for Nebraska meeting Thursday evening at the Laurel city auditorium.

Communities represented were Coleridge, Hartington, Newcastle, Belden and Laurel. The session was sponsored by the Laurel Tuesday Club.

Conducting the meeting were Marcia Strand, goals specialist from Lincoln, and Mrs. Shirley Kraemer, Tuesday Club president.

Summary reports from the group indicated a need in Nebraska for emphasis on roads, natural water conservation, better medical facilities, ecology awareness, small bus service, welfare funding on a local basis, fine arts offerings for rural communities through area colleges, financial assistance for young farmers, vocational training schools for the retarded or slow learners, fewer school activities and more emphasis on family living.

Miss Strand noted that all information will be analyzed in Lincoln and a complete report will be released by Jan. 1.

## Lions Member Receives Award

James Lofquist, member and two-year secretary for the Laurel Lions Club, recently received the Lion award for completing all Lions records and reports and sending them to the district on schedule. Secretary Lofquist also initiated a local monthly newsletter informing all fellow Lions of previous and future Lion activities.

A meeting of the Laurel Lions Club was held Sept. 11 at the Wagon Wheel Steak House with wives as guests. It was announced that the club netted \$349.86 at the food stand they sponsored during Jamboree Days. Schedules have been sent to each Lion to assist at football games as ticket takers.

## Society -

**Attend Convention**  
Twelve members of St. Mary's Catholic Church of Laurel traveled to O'Neill Sept. 18 to attend the all-day 49th Annual Convention of Archdiocesan Council of Catholic Women.

The 8 a.m. Mass was held at St. Patrick's Church with sessions held at St. Mary's auditorium. Mrs. Norbert Dickes, Laurel, is presently serving as a board member, representing the rural North Central area.

Others attending were Mrs. Betty Olsen, Mrs. Flo Lenzen, Mrs. Marie Mallatt, Mrs. Martha Holmes, Mrs. Jeanette McCoy, Mrs. Dorothy Wintz, Mrs. Teresa Lukas, Mrs. Mary Vanderheiden, Mrs. Margaret Potter and Rev. Michael Kelly.

**Birthday Coffee**  
Twelve neighbors and friends surprised Mrs. Cheryl Asbra on her birthday Sept. 12. A cooperative luncheon was served.

**Altar Society**  
Twenty members of St. Mary's Altar Society met Sept. 13 at the church.

Following a short business meeting, films were shown by Ella Larsen on Cedar County. A question and answer period followed.

Luncheon hostesses were Marie Mallatt, Mrs. Tom Wattier, Mrs. Melvin Loberg and Mrs. Annette Maloney.

**Tuesday Club To Meet**  
The Laurel Tuesday Club will be meeting Oct. 2 at 8 p.m. at the city auditorium.

The business meeting will include a Laurel Greeters report, GFWC sign report, Chapel of Hope Project, Laurel School open house plans and an inter-county convention report.

**Pack Meeting Scheduled**  
A Pack 176 meeting will be held Oct. 1 at 7:30 p.m. at the city auditorium.

All new Cubs, their families and interested boys are urged to attend. This will be an organizational meeting with Dennis Boehme of Wayne as master of ceremonies.

**Donates Bench**  
Members of the Laurel Garden Club were informed of the vandalizing of a bench located on the Main Street in Laurel. Last week a new bench was in its place, compliments of the Garden Club.

Albert Huetig donated his labor and paint with the club furnishing the needed materials.

**Knitting Classes Begin**  
Twelve beginning knitters met Monday evening in the Bud Wichman home with Mrs. Donna Ebmeier as instructor.

Knitting sessions lasted several hours and are held every Monday at 7:30 p.m. Classes are open to all beginners and are free of charge. The knitting classes are held under the auspices of the Tuesday Club of Laurel.

Hosting the Oct. 1 session will be Mrs. Mary Lou Rost.

**Welcome New Arrivals**  
A neighborhood welcome coffee was held Sept. 11 in the Wayne Finley home in honor of two new Laurel families. Guests of honor were Mrs. Ella Mae Hander and Mrs. Pluma Obermeyer. The Handers moved from Osmond and have

# Saddle Club Members Enjoy Trail Ride

Approximately 40 members of the Hoskins Saddle Club gathered at the Hoskins arena Sunday afternoon for a trail ride south-east of Hoskins, led by Merle Behmer.

A Wiener roast was later held at the arena. On the committee were Don Langenbergs, Lester Decks, Richard Behmers and Willard Brumels.

**Wiener Roast**  
Members of the Helping Hand Club met Wednesday evening in the John Thietje home for a wiener roast.

Card prizes were won by Mrs. Harry Schwede and Lester Acklie, high, and Mrs. Thietje and Gus Perske, low. Mr. and Mrs. Gus Perske won traveling.

The Oct. 10 meeting will be in the Robert Marshall home.

**L. Bendin Honored**  
Harry Drevsens and Jo Bendin, Norfolk, Mrs. Martin Anderson, Randolph, Ernst Eckmanns, Ervin Ulrichs, Meta Pingel and Katherine Asmus were guests in the Louis Bendin home Saturday evening for the host's birthday.

Pitch prizes were awarded to Mrs. Asmus and Erwin Ulrich, high, and Mrs. Anderson and Ernst Eckmann, low. Miss Bendin showed slides of their recent trip to California.

**Meet for Cards**  
Mrs. Ruth Langenberg entertained members of the Get-Together Card Club Thursday afternoon.

Guests were Mrs. Leo Kirsch and Marci Coleman, Norfolk, Mrs. Henry Langenberg and Mrs. Edwin Brogie.

Pitch prizes were won by Mrs. Brogie, high; Mrs. Langenberg, second high, and Mrs. Elmer Peter, low.

The Oct. 18 meeting will be in the A. Bruggeman home.

## Laurel Youths Plan to Ride For Uniforms

The Laurel High School band department will hold a cyclation Saturday to raise money for new uniforms.

A five-mile stretch on the Cedar View Country Club Road south of Laurel will be blocked off to traffic for the 9 a.m. to 1 p.m. ride. Checkpoints will be positioned at each mile.

Bicycle riders will attempt to pedal the five miles to the Wayne County line and five miles back, collecting a pre-determined amount from sponsors afterward for each mile they complete.

Sponsors may pledge from 10 cents to \$1 per mile.

Ten dollar prizes will be awarded the student getting the most sponsors and the student getting the most money pledged, and a five dollar prize will go to the student who rides the greatest distance and receives the most money.

Any questions about the cyclation may be directed to David McElroy, instrumental music instructor.
