## Man Jailed Following Killing Near Allen

A young man who lives northwest of Allen is being held in the Dixon County jail at Ponca in connection with a shooting death near Allen early Monday morning.

Dixon County sheriff Dean Chase said the man, in his early 20's, was arrested about an hour after Verlyn Dale Bad Heart Bull, 25, was shot to death outside a trailer house along Highway 20.

Chase said he would not

release the name of the man until formal charges are filed. He said Wednesday morning charges may be filed by today (Thursday).

The man in custody owned the mobile home outside of which the shooting occurred, Chase said.

But an Indian who previously worked at Colby, Kan., was employed with the crew building confinement feeding facilities at the Dixon County

Feedlots, near which the shooting took place. The man being held in the shooting worked at the feedlots.

A high powered rifle recovered at the scene is suspected to be the weapon used in the shooting, according to Chase. He said he was still awaiting ballistic tests which would reveal whether it was the weapon used.

Chase said the shooting occurred outside a trailer home just

west of the Cottonwood Inn on Highway 20.

Bull died almost immediately when a bullet entered his left chest, went through his heart and lodged in the back muscles of his chest, according to Woodbury County medical examiner Dr. Thomas Coriden.

Assisting Chase with the investigation are his deputy, Alan Van Buskirk, former mechanic at a Wayne automobile dealership, and Nebraska State Patrol

investigators Robert Mavis of Wakefield and Bob Clinkenbeard of Norfolk.

The dead man is reportedly the brother of Wesley Bad Heart Bull, 24, whose fatal slapping in Buffalo Gap, S. D., a little over a year ago launched off a battle between police and Indians in Custer, S. D.

Persons who allegedly took part in the Custer battle also participated in the siege of Wounded Knee, a siege which began late in February a year ago and commanded national attention before ending.

Wesley was stabbed to death outside a Buffalo Gap bar, and a Custer businessman, Darold Schmitz, now of Minneapolis, was charged with second degree manslaughter in the slapping death. He was later freed after the jury brought in a verdict of not guilty.

Her husband, Vincent Bad Heart Bull, lives in Pine Ridge, S. D.

Movement leaders Dennis Banks and Russell Means that Schmitz be charged with murder in the slapping death touched off a battle between police and about 700 Indians in Custer last February. In the violence, the Chamber of Commerce office was destroyed by fire and fire broke out in the county court house and an oil company bulk plant.

The mother of two dead men, Mrs. Sarah Bad Heart Bull of Rapid City, an Oglala Sioux, is one of five persons charged with participating in a riot where arson was committed in connection with the Custer incident. She will come to trial on that charge in Sioux Falls in April.

## Latest Vagabond Winner Just 'Can't Believe It'

"I can't believe it! That's quite a treat!"

That was what Mrs. Herman Fuoss Sr. of Wayne said when she was told Monday she was the latest winner in the Vagabond Vacation promotion being sponsored by 77 Wayne businesses.

Mrs. Fuoss, whose name was drawn at random Monday afternoon by Larry Turner of Swanston Television, will win a free Vagabond Vacation, with two nights hotel or motel accommodations and \$67.50 in spending money provided by the local firms putting on the eight week promotion. She was the preliminary winner at Arnie's.

She and 26 other preliminary winners were competing for the free vacation. Their names were chosen at random last week from the names of those registering at the stores taking part in the promotion.

Mrs. Fuoss said she may use her free vacation to visit a sister in California, she has been in about four or five years, whether she decides to go there or to some other place, she will be able to stay at any Ramada Inn or Holiday Inn for two evenings at no cost.

The eight Vagabond Vacation winners may choose any city in the United States, Canada or Mexico for their free trip, and they may take up to six months after winning to finally decide where they wish to go.

Area shoppers may sign up for the preliminary drawings in the sponsoring businesses through Friday. Preliminary winners will be named in Monday's issue of The Wayne Herald, and the third winner of a free vacation will be announced in next Thursday's paper.

**Koester Fund Tops \$13,000**

Allen High's junior class contributed over \$90 to the Danny Koester fund to help bring the total to \$13,379.04 as of Wednesday morning.

The students raised the money Friday night during the Allen Emerson Hubbard basketball game by selling barbecue sandwiches.

Danny, 14, currently is undergoing treatment in a Seattle hospital for a rare blood disease. Danny is the son of Mr. and Mrs. Duane Koester of rural Allen.

**VAGABOND WINNER**—Mrs. Herman Fuoss Sr. of Wayne points out her winning entry to "Big Reel of Arnie's." She was the preliminary winner at Arnie's.

## Festival at WH Slated For Monday

The drama, music and art departments of Wayne High School are combining forces Monday evening to present a fine arts festival, open to the public.

The program, which will be held at the high school lecture hall, will get underway at 7:30 p.m., and will run an hour to an hour and a half.

Admission will be \$1.50 per person.

The festival will open with "Man in the Bowler Hat," a short play by the Drama Club, under the direction of Ted Blendenman.

The stage choir, directed by Larry Stralman, will present a medley of four or five Beethoven numbers, and the stage band will play "Festival," page 6.

## Marvel Plans Stop At WSC Next Week

Richard Marvel, state senator from Hastings and the only formally announced Republican candidate for governor, will be at Wayne State College next week.

Marvel will be at the Student Center Birch Room at 7:30 p.m. next Wednesday in a meeting open to the public. Marvel is expected to field questions concerning budgeting of state colleges during the meeting.

## Postmaster at Winside Is 'Bucks' Winner

Carl Fischer, Winside postmaster, has won \$50 in Wayne's Birthday Bucks promotion.

Fischer, who was in the D & K Bottle Shop when the winning date in the weekly drawing was announced last Thursday night, will be able to spend his coupons just like cash in any participating business.

Another drawing will be held tonight (Thursday) at 8-11, with a grand prize of \$300 in coupons up for grabs. The prize will go to the shopper in a participating firm with a birthday on the exact date drawn at random. If the top prize is not claimed, another \$50 consolation prize will be awarded the person with a birthday closest to the date drawn.

No purchases are necessary in the weekly promotion, and area shoppers may win more than once. Employees of local businesses are eligible to win if they are not working on Thursday evenings.

## Black Poet To Talk on WS Campus

Black poet Gwendolyn Brooks will visit Wayne State College Friday to open the Minority Scholar Lecture Series. First of six speakers within a month.

Noted as a poet and novelist with high critical acclaim, Miss Brooks will read from her own works at 1:30 p.m. in Ramsey Theatre of the Fine Arts Center—a program open to the college community and the public.

Also invited as guests are about 100 students from area high schools.

Following the program, Miss Brooks will be on hand for a book signing.

## Signers Oppose Closing Railroad Meetings Set on Downtown Planning

More than 400 area residents opposing abandonment of the railroad between Wayne and Dakota City, have signed their names to petitions placed in Wayne business firms by the Chamber of Commerce last week.

The petitions, which were collected Tuesday, will be forwarded to U.S. Senator Carl Curtis for his consideration. The petitions oppose approval of the application by Chicago and North Western Transportation Co. to abandon its railroad line between Wayne and Dakota City.

The petition states as the reason for this opposition, the severely depressing economic impact the abandonment would have upon all the communities now being served by the railroad line.

Howard Witt, Chamber manager, said signers included many people from communities other than Wayne. Persons from Wakefield and Emerson also signed the petitions, he noted.

Several Wayne business firms plan on writing letters to opposition to the abandonment, according to Witt.

See SIGNERS, page 4.

## Meetings Set on Downtown Planning

Two meetings have been scheduled with representatives of Omaha architectural firms to discuss preliminary work on a downtown improvement project in Wayne.

Darrel Funderburk, city administrator who has been working to get interest built up in downtown renovation, said meetings are set for Friday and Tuesday, both at 8:00 a.m. at City Hall.

He said the committee meetings are open to anybody interested in renovating the city's business district.

Another meeting with Consultant Engineers and Architects of Wayne and Omaha is planned. Funderburk said.

The firms' representatives will be told basically what might be done to renovate the business district in order for them to come up with a preliminary sketch of making preliminary sketches and plans. Funderburk said.

He said that the city council will be asked if it wishes to help finance the preliminary work.

Expected to work on the See DOWNTOWN, page 6.

## WH Senior, Home Builder File for City Posts

A Wayne High School senior and a local construction man Tuesday became the first persons to file for local government offices which will be filled in the May 7 primary.

Sam Hepburn, 18 year old son of Dr. and Mrs. Charles Hepburn, filed for the office of mayor currently held by Kent Hall. Hall has said he will not seek a second term in office.

Filing for fourth ward councilman was John Vakoc, who is associated with his father in a home building firm. Vakoc will seek the post currently held by Harvey Brasch.

Hepburn becomes possibly the youngest person ever to file for a local elective office, according to people who have watched Wayne elections in past years.

"No one else has (filed), so I

SAM HEPBURN

JOHN VAKOC

decided to take the initiative," Hepburn said. Asked what prompted him to seek the office, he said he thinks the "job of mayor can be done better than it has in recent years. He said he has been studying the operation of the city by reading old issues of The Wayne Herald at the local public library.

Hepburn has lived with his family in Wayne for about six years. He has two older sisters and a younger brother and sister. His father is the chairman of the social sciences division at Wayne State College.

Vakoc, 33, has lived in Wayne for about the past eight years, coming to Wayne from Lincoln where he and his father were in the home construction business. He and his wife, Carolyn, have one daughter, Christina, a seventh grader at Wayne Middle School.

Vakoc and Hepburn are seeking two of five positions in the local city government which will have to be filled in the primary election.

Also ending their term this year are first ward councilman Vernon Russell, second ward councilman Paul Gross and third ward councilman Keith McWhorter. Only Gross has said he will not seek another term; the others have not indicated whether they will file for re-election.

Yet to be appointed is a replacement for third ward councilman Frank Pralher, who resigned earlier this month after the city's special legal advisor told him he could no longer hold his seat because he has moved. See FILINGS, page 6.

The troop met at St. Paul's Lutheran Church. Following the business meeting plans were made for Friendship Day. The color guard was chosen and members worked on programs and name tags.

## EXTENSION NOTES

By Anna Marie Krefrels

## Clothing Outlook for '74

In 1973, the average consumer spent about \$329 on clothing and shoes. That's about \$31 more than the 1972 average.

The energy crisis will influence clothing trends in 1974. Heavier garments for indoor use will increase, and more people will choose to wear sweaters, heavyweight hosiery and warmer underwear and pajamas.

Even purchases of summer clothes could decrease because of gasoline shortages for travel, and fewer open hours for stores. Shopping probably will be concentrated at shopping centers in the midst of populated areas.

Prices for all cotton garments are expected to be higher by spring. Fall 1974 could bring higher prices, too, since clothing manufacturers expect higher costs of fabrics and labor. Mills are faced with cutbacks in supplies of man-made and synthetic fibers because of limited supplies of petrochemical and other products used in manufacturing fabrics.

## WH Senior Plans To Attend Bethel

Kay Pankratz, daughter of Mr. and Mrs. Harland Pankratz of Wayne, has been admitted to Bethel College at North Newton, Kans. for the 1974-75 school year.

Miss Pankratz, who will graduate from Wayne High School this spring, has expressed an interest in the para-medical field.

Bethel College is a four-year liberal arts college affiliated with the Mennonite Church. Currently, 564 students are enrolled from 24 states and 12 foreign countries. Twenty-four religions are represented.

## In Review

The costumes, the setting, the lifestyle, were snatched from a distant era. The speeches were almost foreign in their antiquity. In fact, the ageless theme of greed and ambition versus morals was the only common ground for actors and audience in the production of Shakespeare's "Macbeth," presented this week at Wayne State College.

With such odds to overcome, it's conceivable many viewers would not enjoy the play. Such was not the case.

Praise was high for the production in general and the performances in particular, of Dr. Robert Johnson as Macbeth and Dr. Helen Russell as Lady Macbeth.

Johnson's voice carried particularly well and his speeches, clear and distinct, were in some instances all that kept the audience aware of the progress of the plot.

Dr. Russell's performance was a fitting tribute to her professional stage career, and

the famous sleepwalking scene of Lady Macbeth was unquestionably the high point of the show.

Ted Blendenman, who played Banquo, introduced a light, almost humorous air to the ghost scene, which could have otherwise been rather awkward.

The audience and Mike Schneidl alike, seemed to enjoy the break from solemnity provided by Schneidl's delightful portrayal of the drunken porter. Schneidl reappeared in the show

as the old man.

The witches, portrayed by Maureen Persinger, Mary Harrison and Lori Adams, were somewhat disappointing, giving the impression they did not take seriously their own existence as supernatural creatures.

The stage for "Macbeth" featured a conglomerate of steps and platforms, so arranged as to suggest first a rocky hillside in Scotland, then a palace, and later a battle field. A minimal amount of props was all that

was necessary to make the 28 scene changes in the five-act play.

Background music, created especially for the production by Fred Ward and several members of the music department, was effective, but stopped noticeably for the action of the play rather than leading into it.

The few action scenes, with sword-fights and rapiers, lacked pizzazz, but all in all, the production provided an excellent opportunity for the study of

Shakespearean drama, 11th century Scotland and the constancy of human nature.

Understudies for Macbeth and Lady Macbeth were Ed Havlic and Janet Macklin.

Others in the cast were Noel Rennerfeld as Duncan; Dennis Wininger, Malcolm; Altono Beardshear, Donalbain; Harold Grant, Macduff; Greg Black, Ross; John Pigg, Lennox; Sam Reynolds, Fleance; Doug Gooder, Seyton; Paul Placey, young Sward; Barbara Cuck, Lady

Macduff; John LaPuzza, Macduff's son; Steve Placke, the doctor; Becky Miller, gentlewoman; Rick Pipitt, a sergeant; Pat Higgins and Paul Cramer, Scottish soldiers, and Dave Reiman, English soldier.

Carrying dual roles were John Sturk, as Calineth and the first murderer; Joe Manley as Angus and the second murderer, and Dave Borison as Menethiel and an apparition.

## Watchers Near 100-Pound Mark In Heart Drive

In their drive to "Lose For Life" for the Heart Fund, members of the Wayne Weight Watchers are nearing the 100 pound mark.

About sixteen club members are participating in the campaign, according to Mrs. Willis Johnson, chairman. Each has signed up one or more sponsors who have agreed to pay a specified amount for each pound lost by the member during the drive.

The proceeds will be turned over to the Wayne County Heart Association.

The campaign will run through the end of February, National Heart Month.

During the first week of the campaign, participating members chalked up a 39 1/2 pound loss. The loss for the second week was 21 1/2 pounds, and for the third week, 18 1/2 pounds.

Reported pledges are running from 25 cents to \$1.25 per pound, said Mrs. Johnson.

## Over 40 Attend Ladies Aid Meeting

Forty-one members attended the Feb. 13 meeting of Grace Lutheran Ladies Aid. Guests were Mrs. Lillian Meyer, Mrs. Harvey Echtenkamp, Mrs. Rudolph Grounke, Mrs. Edward Meyer and Mrs. Berlene Grounke.

Opening devotions were conducted by members of the Christian Growth committee, who also distributed year books. Assisted by other members present, they presented a skit, "A Different Kind of Valentine," an encouraging group Bible study in the home.

Mrs. Marvin Victor reported on the LWML executive board meeting at St. Paul's Lutheran Church in Concord. It was announced that the spring work shop would be held at St. John's Lutheran Church, Wakefield, during April.

The group decided to continue visits to the Care Centre during the year. Mrs. Irene Gewe is chairman of the visitation group.

Eight women met to sew for World Relief and have six quilts ready to be tied at St. John's meeting. Clothing is also being collected for the Bargain Cottage in Omaha.

Seated at the birthday table were Mrs. O.H. Wittig, Mrs. Gilbert Kralman, Mrs. Henry Rethwisch and Mrs. Wallace Victor.

Hostesses for the February meeting were Mrs. Amos Echtenkamp, Mrs. Herbert Echtenkamp and Mrs. William Fleil. March hostesses will be Mrs. Harold Ekberg, Mrs. Elmer Echtenkamp and Mrs. Sylvia Eynon.

# 12 Area Matmen Heading for State

Twelve area wrestlers from three high schools will be vying for state honors Friday and Saturday in the state wrestling meet at Lincoln.

Winside will have the largest representation with seven grapplers competing in Class C. Wakefield will send two to the Class C meet while Wayne will have three competing in Class B.

Wayne favorites heavyweight Charlie Brockman and 167-pound Gordon Cook made it to the state meet after Cook took second and Brockman finished No. 1 in the district meet at Albion Saturday.

Brockman pinned all three of his opponents, including a 5:43 drop of Craig Barfels of Randolph in the final round. Cook lost an 8-4 decision to Joe Alwood of Albion after winning his first match by decision.

The surprise in the lower weights was sophomore Ken Daniels' second-place finish to complete the three-man team going to Lincoln. The 105-pounder lost a 2-0 decision to Randy Von Seggren of Wisner-Pilger for second. Later he defended his second-place showing with a 2:52 pin over Perrin of Schuyler in the challenge match. Under a new ruling by the Nebraska School Activities Association, a third-place wrestler who has not met the second-place qualifier in previous district matches has the right to challenge the sec-

ond-place grappler for a bid to state.

Only one point separated the sixth-place Blue Devils from taking third. Schuyler, which took third, scored 67 1/2 with Randolph a half-point behind, followed by Wayne at 66 1/2. Host Albion won the district meet with 94 1/2 points. Wisner-Pilger was second, 87 1/2. Other finishers included Columbus Lakeview with 35 and Creighton with seven.

The Devils had help in attaining their sixth-place ranking with three thirds and three fourths. Randy Surber (98), Barry Ruback (132) and Mike Dunklau (185) won third. Surber decided Bill Gubbels of Randolph, 2-0; Ruback decided Lee Todd of Creighton, 3-0, and Dunklau pinned Dave Jedlica of Schuyler in 53.

Taking fourths were Scott Brummond (119), Les Thomsen (126) and Steve Meyer (138). Meyer lost to Calvin Wiechman of Wisner-Pilger, 9-6; Tom Fichti of Schuyler decided Thomsen, 7-1, and Brummond lost an overtime decision to Randy Grubbeles of Randolph, 1-0.

As expected the Wildcats again will send the largest number of grapplers to state competition for the second year in a row. Last year coach Doug Barclay had nine men in the state meet. Out of the last five years, the Cats have claimed the district trophy four times and

WAKEFIELD'S Pat Nicholson puts the squeeze on Brian Lierman of West Point during finals of the 155-pound division of the Class C district meet at Winside.

finished second the other time.

Winside won the district crown at Winside Saturday with 103 1/2 points after escaping a close

three-way bid for the title going into the final round. West Point, second with 94 1/2 points, and Plainview, third at 92 1/2, challenged Winside for the district title.

Wakefield finished fourth with 47 points, followed by Stanton at 44 1/2, Pender at 31, Norfolk Catholic at 22 and Osmond at 7.

Heading the list of Cat qualifiers is sophomore Bob Bowers, ranked second in state and 2-0 winner over third-ranked Gene Roebber of West Point in the 98-pound division.

Bowers was one of five Winside men taking firsts. Others winning their matches were Brad Brummels (119), Gregg Lage (126), Dwight Lienemann (167) and Dan Bowers (185). Second place went to Doug Lage (132) and Mike Anderson (Hwt.).

Both Wakefield entries, 155-pound Pat Nicholson and 138-pound Steve Sorenson, captured their divisions on decisions.

The area's only undefeated grapplers, Sorenson at 27-0, nearly lost his first match when his opponent, John Guinn of Plainview, scored a quick take-down and had the Trojan grappler on his back. But Sorenson broke the hold and scored on a reversal before racking up 12 points to Guinn's six in the finals of the 138 pound class.

Results of district meet at Winside:

## Bears Share of Title on The Line

You can scrap Laurel's 11-6 season, because there's only one game that's important to coach Joel Parks and his Bears right now. That's Friday night's game with Pierce for a share of the Northeast Nebraska Activity Conference title.

"They're a physical ball club," Parks said about the league leaders. "They carry about a 6.3, 6.4 line, but their biggest asset is their strength under the boards."

That's the problem the Bears will face at their gym come 8 p.m. Friday after splitting action last Friday and Tuesday night.

The Bears marched on to their 11th win Tuesday without much trouble, pounding Tilden-Elkhorn Valley, 74-38. Eleven players saw action in one of Laurel's best defensive games, holding the visitors to 13 points in the second half.

That win might have been what the Bears needed after losing a bid to sweep the conference Friday night.

Laurel's bid to stay in a tie for first place in the Northeast Nebraska Activity Conference fell one point short when Plain-

view tripped the visiting Bears 68-67.

Kevin Roach of Plainview, pounded the nets for 23 points in the narrow victory that dropped the Bears to a 10-6 mark and second in the loop with two losses, right behind Pierce.

"We made some mistakes in that fourth quarter," coach Joel Parks reflected. Plainview scored 25 points to the Bears' 14 in that final frame. Offensively, Laurel hit just four of 15 field goals and six of eight at the line while Plainview made seven of seven fielders and connected for 11 of 15 charity losses.

Up until that period, the Bears were in control, with Gregg Anderson pacing the club with a team high 20 points. The Laurel quintet mounted a 29-22-half-time lead before dumping in 24 points in the third frame for a 53-43 margin.

The reserves picked up their 12th win against a solo defeat with a 57-48 win over Plainview's B team. Jon and Brad Erwin ripped the basket for 33 points.

**Boxers Lose At Norfolk**

Only two of Wayne's nine member boxing team were able to make it to the district Golden Gloves tournament at Norfolk Friday due to the flu.

Charles Cliff and Brian Magnuson of Wayne lost their divisions, according to coach Gary Wiebelhaus. Magnuson lost a decision to 178-pound Del Smith of Bassett in the novice division, and Cliff lost a decision to 163-pound Sam Thomas of Columbus in the open class.

# Haag: Just Give Me Some Popcorn

By BOB BARTLETT  
When coach Charlie Haag took over as temporary head coach of Allen's basketball team last week, he gave the club fair warning he didn't know too much about coaching the sport. He wasn't kidding — his sport is football.

"I told the kids they would play this one by themselves," Haag explained after the Eagles' head basketball coach, Robert Moore, was called out of town due to a death in the family.

"Some, even started joking about my using football instructions to coach the kids in their game," he laughed.

"What did he do. Nothing much except take a seat on the bench, munch some popcorn and let the players work the game out for themselves."

Result: Allen drubs Emerson, 48-54.

The Friday night win wasn't real surprising to Haag. It was more or less expected. Ever since Allen topped Ponca, both Moore and Haag felt that Allen finally was showing the potential it had all season.

In picking up their seventh win in 18 starts, Allen once again proved it was balanced scoring. Four of the five starters scored 10 points or better, with the fifth starter just one point short of the double-figure mark.

That win ended the fears Moore had early in the season when Allen was 2-10 and looking like they would never reach seven. The number of wins Moore's club have always attained in his 20 plus years of coaching.

With their season complete, the Eagles are setting their sights on next week's district Class C

district meet at Wayne State College and their first opponent — Ponca.

After the pairings, Indiana coach Larry Buhl had only one comment — he'd rather take on division winner Coleridge than face Allen again.

Also on tap that night will be Laurel against Bloomfield in the second game of Class C play at the college. Right now, though, coach Joel Parks isn't thinking about districts. Not when the Northeast Nebraska Activity Conference championship is at stake.

After the Bears' loss to Plain view Friday night, Parks knows he has to beat league leader Pierce Friday in order to share the MENC title with the Blue Jays. Pierce only has one loss, Laurel two.

Two other games — on tap Friday — find Wakefield and Winside finishing their season. The Wildcats visit Emerson Hubbard while the Trojans host Ponca.

Wakefield coach Joe Coble is glad to see Ponca on his schedule. "I'm glad that we have a couple of more games before districts," he said prior to Saturday's win over Emerson Hubbard. "We need a couple of more wins to get up to the level we were early in the year where we can start believing again in our abilities," he said.

Coble noted that many fans were questioning the team after a string of early start in the year and their several losses. "The kids were working hard but they were not getting any end result. Kind of reminds me of early in the season when most teams have their troubles, rather than late in the season when clubs

usually have their game 'down pat'."

In district action for Wakefield and Winside, the Trojans face Walthill Tuesday night at Lyons and Winside plays Plainview Monday night at Norfolk.

The Wayne High club completes its season Tuesday with a match at Hartington Cedar Catholic. Class C districts at Wayne State: Allen vs. Ponca; Laurel vs. Bloomfield. Class C at Lyons: Wakefield vs. Walthill.

**Lakeview Takes Husker Crown**

Columbus Lakeview rolled over West Point, 78-53, to claim the Husker Conference basketball crown Tuesday night at West Point.

The Vikings jumped to a 16-point first-half lead then breezed past the Cadets for the team's 16th win against three defeats. Steve Gehring led Lakeview with 28 while Lenny Adams paced West Point with 30. West Point now is 15-5.

## Athlete Of The Week

Pat Nicholson  
Gordon Cook  
Dwight Lienemann

High School wrestling fans got one of their biggest treats last weekend watching their favorite teams in action during district action.

For three area high schools, Wayne, Wakefield and Winside, the biggest treat was seeing 12 grapplers earn berths in the state wrestling meet in Lincoln Friday and Saturday.

It's hard to single out just a few of the dozen who deserve credit for the jobs they performed against some of the state members of their classes, but three of those area matmen had especially good showings.

Winside's Dwight Lienemann, Wayne's Gordon Cook and Wakefield's Pat Nicholson were selected as this week's "Athletes of the Week" for earning tickets to state.

Nicholson is the biggest surprise of the trio, with his strongest showings coming late in the season. At the start of the Trojan season coach Lyle Trullinger rated him as one of the team's top prospects for taking district honors. The senior veteran did not let the head mentor down, but he did raise some questions during the season when his record slumped. The 155 pounder now holds a 16-5 mark. He is the son of Mr. and Mrs. Bricie Nicholson of Emerson.

Winside's Lienemann proved to his competition that his No. 1 ranking in the 167 pound division of Class C matmen wasn't a fluke. In attaining a 27-2 mark, he pinned his 23rd opponent of the season in winning a spot in the state tournament. He is the son of Mr. and Mrs. Duane Lienemann of Hoskins.

Wayne's Gordon Cook achieved a second place showing in the Class B district meet at Albion, but that isn't anything unusual for the 167 pound senior. He has often placed high in tournaments while on coach Don Koenig's team. "I don't think Gordie has ever placed below the top four in tournaments," Koenig pointed out. He's been a top wrestler all season, Koenig added about his 18-6 matman.

Cook is the son of Mr. and Mrs. Arthur Cook of Carroll.

## Eagles Knock Over Emerson-Hubbard '5'

Allen High School, behind the even shooting of its starting five, beat Emerson-Hubbard, 68-54, Friday night.

Senior Chuck Peters led the quintet with 17 points. Four other seniors, Jim Koester, Neil Blough, Scott VanMinder, and Roger Anderson, scored 14, 12, 11 and nine points respectively.

The win was the Eagles' seventh of the season.

Allen, shooting 42 per cent, was able to move the ball well against Emerson's zone defense to set up their shots. "We were hot and hustling," said substitute coach Charlie Haag.

"That's the way a ball club should look."

Haag, taking over for head man Robert Moore, absent following the death of his mother last week, added that the players did not force their shots until they got good position. "During practice sessions we worked on good passes. This time it paid off," he said.

With about two minutes left starter — Koester — led the "ball" game with senior Scott McAfee taking over. McAfee zipped in two quick buckets to help keep the Eagles out in front.

Allen, now 7-11, plays Ponca in the Class C-4 district tournament at Wayne State Tuesday.

In reserve action, Emerson-Hubbard nipped Allen, 40-35.

SCOTT VONMINDEN  
Allen Cager Selected for All-Loop Quint

Allen High's Scott VonMinden was named to the first team in the Lewis division of the Lewis and Clark All-Conference basketball team.

The 6-2 senior wingman, among coach Robert Moore's top three "double-figure" scorers, joined Kelly Kneel of Ponca, Scott Miller of Newcastle, Brad Ross of Winnebago and Jay Bellar of Walthill in the select team, named Saturday.

Named to the second five was teammate senior Neil Blough, along with Kevin Johnson of Newcastle, Bob Curry and Joe McNab, both of Ponca, and Glenn Nelson of Huron.

No area players were picked for the first team in the Clark division. That team is composed of Kevin Krel and Rick Hansen, both of Coleridge, Robin Reed of Osmond, Mark Heger of Hartington and Neal Seagren of Wausa.

Selected to the second team was Winside sophomore Bob Hoffman. He joins Dennis Burg, back of Wynot, Gary Gunderson of Wausa, Scott Stockwell of Hartington and Alan Benson of Coleridge.

## WSC Coeds Seeded 2nd in Tournament

Defending champion Wayne State will go into the Saturday Nebraska women's basketball tournament at Fremont with a No. 2 seeding.

Host Midland College, with a 10-1 record against Nebraska opponents, got No. 1 seed and will attempt to regain the championship it won in 1971 and 1972 before losing to Wayne in the finals here last year, 55-37.

Wayne owns a 9-5 season record, a 3-3 against Nebraska opponents. The Wayne coeds dealt Midland girls their only loss in state play — by two points. Later, Midland retaliated with a three-pointer over Wayne.

Wayne also split with Kearney and the University of Nebraska-Lincoln, the other two seeded teams of the state meet, and won twice over UN Omaha, Concordia and Doane. In fact, it was the Wayne junior varsity that beat a first year Doane

CREIGHTON'S Mike Gragert tries to block a shot by Wayne's Bob Keating during first half action at Creighton.

## Zone Defense Fails To Halt Blue Devils

The Creighton Bulldogs learned the hard way that a team doesn't stick with a zone defense in trying to stop Wayne's hot shooting guards.

The Blue Devil duo of Tod Bigelow and Marty Hansen laughed the Bulldogs that if takes a man-to-man press to slow down the pair, but that lesson came too late.

Bigelow, hitting 30 points, and Hansen with 20, led the locals to their 15th win with an 80-67 victory at Creighton Friday night.

Both were hitting over the 60 per cent mark while making key shots from the top-and-side-of-the-circle in second half action.

Creighton kept the Devils under control the first two quarters, thanks partly to 6-5 senior center Mike Gragert turning back Bob Keating's inside shots. On offense, the Bulldogs turned to the running game to score quickly and hold a one-point margin, 37-36, at the half.

But Wayne came back with stout inside defensive play by Keating against Gragert and the Devils mounted a running game of their own via Bigelow, Hansen and another guard, Scott Ehlers. Ehlers finished with the game third high with 11 points.

Gragert, who led Creighton with 24, started out with 14 in the first half.

The reserves posted an 84-54 victory over Creighton's B team.

Wayne, now 15-4, plays Randolph at home Saturday before rapping up its regular season action Tuesday at Hartington Cedar Catholic.

## Wakefield Ends Season In Battle Against Ponca

Ponca is the only team standing in the way of Wakefield High's bid for the Class C-4 district title when the Trojans quipped about 75 per cent shooting both ends the regular season action at home.

The Indians, losers to Coleridge in the Lewis and Clark Conference playoffs Tuesday night, will be gunning to stop the Trojans after Wakefield knocked off Homer and Emerson Hubbard in weekend action.

Wakefield got by the Homer Knights, 47-40, after a sluggish first half Friday. The Trojans held a 6-0 first period lead to have the score tied at 12 all going into second half. Then the Trojans' combination of a fast break and good board work enabled the area club to post its 11th victory.

Saturday night the club posted their 12th win, a 68-54 victory over Emerson Hubbard.

Strong scoring in the first and last periods and balanced shooting from four starters netted the win.

WHEN THE American Legion post in Wayne announced it was looking for donations for new baseball uniforms, the thought suddenly occurred that it won't be too long before the hardball season will be upon us.

High school action opens in April, but Wayne High coach Mike Malietz said some of his players already are getting in some practice during the warm weather.

Another thought — what's the condition of the baseball diamond? According to recreation director Hank Overin, work is about complete as far as putting in new sod around the first and third base lines. If the weather remains as warm as it was this past weekend, Overin hopes to get another crew of helpers and finish the job sometime in March.

After the high school finishes its season Overin plans to get even more work done. Like cutting sod for "batting warm up" circles, fixing fences running to the outfield, possibly putting in cement walks from the bleachers to the rest rooms and some touch up painting.

Last fall Overin and several volunteers put down sod around the infield before they ran out of grass. Plans were to finish the project before the snow hit, but after the group had a second batch of sod cut the winter weather arrived.

Maybe with some warm weather and some more help, Hank can get the job done before the high school season starts.

LIKE I started out, the American Legion is looking for donations to buy new uniforms for the Legion team. The last time the club had new uniforms, and the uniforms are showing signs of wear, was about 1954 according to Overin.

If the Legion can raise enough money to buy 16 or 17 uniforms, at about \$25 each, the next objective is to buy more baseball equipment.

Overin pointed out that the uniforms will be similar to the town team's pinstriped design. The only difference will be their dark blue braid around the neck and sleeves.

Another change in the uniforms will be the absence of advertising on the backs. Must admit the team will look more "professional" without such advertising, but that is not to put down local businessmen who back the sport. They deserve a round of applause for their help.

FOR THE second year in a row The Wayne Herald will select an all-area basketball team. Might remind coaches to have their list of candidates for the top five in to me by today. (Thursday).

FOR AREA wrestling fans not able to attend the state tournament in Lincoln Friday and Saturday, the Nebraska Educational Television Network once again will offer live coverage of the meet. This year 624 wrestlers from 165 Nebraska high schools will compete in the two-day event.

In addition to the coverage, ETV will offer a wrestling demonstration showing various scoring techniques plus a rundown of current team standings.

For those who are planning to venture to the meet, make sure you're at the door early to get your tickets. Unlike past years, season tickets will not be sold. Rather, you have to buy them at the door on a first-come-first-served basis.

PEOPLE in the news: Congratulations to Sally Schroeder, in rolling 267 during Wednesday night's Hits and Misses, league last week.

Sally strung nine strikes in a row after starting out with a spare, strike and spare to eclipse her high mark of 258 set last year during the women's city tournament.

The 14-year veteran, who carries a 146 average, also shot a 138 and 172 for a 577

GARLICK

GARLICK

series — short of attaining her first 600 series.

Also congratulations to Marco Garlick in breaking the eighth grade scoring record in the team's 56-46 win over Macy last week. The 14-year-old son of Mr. and Mrs. Anthony Garlick pumped in 32 points to beat the old record of 29 set by Ed Overin in 1971.

The 511 center doesn't feel he deserves all the credit for his scoring charge, however. It was a team effort, he pointed out. "There were at least five or six players who helped me," Marco said, adding that he wasn't even aware of the record until someone told him after the game.

Remember when Winside High wrestling coaches Doug Barclay and Carter "Carp" Peterson escorted their grapplers to a Wayne clinic for flu shots? If folks like the trip paid off since none of the wrestlers were sick for Saturday's district tournament.

There were, however, two people feeling a little under the weather. Both coaches. They didn't get their flu shots. Reason: "We weren't afraid of the needles, just wanted to save the school the costs of the shots," Barclay said.

# Splashing in Water Is Helping Mentally Retarded

"Swim to her then to me" Splashing water from kicking feet and thrashing arms follow as the boy reaches the young woman, his arms encircling her neck and his face lighting up in triumph.

This boy is one of seven mentally retarded children in the special education class from Emerson Elementary School. Every Tuesday and Thursday they come to Wayne State to receive swimming lessons from the Water Safety Instruction class. The class, taught by Mrs. Berniece Fulton, is comprised of 17 warm-hearted and enthusiastic students.

The youngsters participating are all classified as trainable mentally retarded. They are between the ages of 12 and 17. This is the second term they have been coming to WSC for the lessons.

Mrs. Barbara Mills, special education teacher at Emerson, explained that the children benefit from the sessions in many ways. Exercise and motor coordination are two of the main rewards. It also gives them a chance to develop social relationships.

maintain a respective 2:1 ratio between the college students and the handicapped. It takes much supervision to teach the mentally retarded the correct strategies of swimming. Most of the children can be seen wearing life jackets or swimming with the aid of a float.

Mrs. Fulton commented that it was all a matter of trust. Some of the students were too scared to get in the water at first; however, one boy is already doing a one-and-a-half somersault off the boards. She said the children must learn to trust the WSI students, the floats, and their lives before they will accept the challenge.

The lessons not only help the handicapped, they have proven to be an excellent teaching experience for the students in the WSI program. Since handicapped people have more difficulty in learning the fundamentals, it gives the students an opportunity to observe their problems and try to help them get around those problems. Paula Christensen, a member of the class, said, "I really like the kids, and it's a gratifying experience for me."

## Poet

(Continued from page 1) Brooks will be honored at a tea sponsored by Alpha Lambda Delta, national honor sorority for women, in the Student Center Birch Room. This also is open to anyone wishing to meet the poet.

Miss Brooks will visit several English classes in the morning, and she will be a guest of the faculty at a 6:30 p.m. dinner in the Student Center.

A Pulitzer Prize winner for poetry in 1950 and poet laureate of Illinois, Miss Brooks is the author of these books: "A Street in Bronzeville," "Annie Allen," "Maud Martha," a novel, "Bronzeville Boys and Girls," children's verse, "The Bean Eaters," "In the Mecca," a book-length poem, "Family Pictures," "Aloneness," and "Rio."

In 1971 the black community of writers and artists published "To Gwen with Love" as tribute to Miss Brooks. It is described as unique in the annals of publishing and "an outpouring of appreciation and love for a most extraordinary woman."

Born in Topeka, Kan., she has spent most of her life in Chicago, has received more than a dozen honorary doctorates and is in constant demand as a lecturer, reader of poetry, teacher of seminars and commentator on what one critic called "the stuff of human fact." Her poetry has been described as "a bridge between the quiet and the vibrant racial protest of today."

## Filings

(Continued from page 1) out of his ward. Mayor Hall is expected to recommend a replacement for Prather at Tuesday night's council meeting. The council will have to approve Hall's appointment, who will serve out the remaining two years of Prather's term.

Deadlines for filing for city, county and school board positions is March 15. To be filled on the Wayne Carroll school board are three positions currently held by Wilbur Giese of Wayne, Mrs. Max Lundstrom of Wayne and Morris Sandgahi of Carroll. None had filed for re-election by early this week.

All nine incumbents for the major county offices to be filled in the November general election have filed for office. Those officials are attorney Budd Bornhoff, assessor Doris Stopp, clerk Norris Weible, clerk of district court Joann Ostrander, sheriff Don Weible, superintendent of schools Fred Richers, treasurer Leon Meyer, first district commissioner Joe Wilson of rural Wakefield and third district commissioner Floyd Burt of rural Winside.

Just A Little Peck

FIRST GRADERS at Winside's elementary school celebrated Valentine's Day with a special party of their own last week, exchanging cards plus a few kisses. One particular happy moment for Jim Roberts, son of Mr. and Mrs. Ray Roberts Jr. of Carroll, was giving Deana Macke, daughter of Mr. and Mrs. Kenneth Macke of Winside,

a little peck on the cheek. For Brian Morse, son of Mr. and Mrs. Jay Morse of Winside, he'd rather read the cards than anything else. Helping to make Valentine's Day special for the youngsters were high school home economic students Nancy Morris, Lori Jenkins and Patty Mann, who assisted teacher, Mrs. Sharon Shaw.

### Area Meeting On Bicentennial Is Tuesday

A meeting for area persons interested in participating in the bicentennial projects or programs in Nebraska will be held at West Point at 1:30 p.m. Tuesday in the city auditorium.

The meeting is for residents of Wayne, Stanton, Colfax, Dodge and Cuming Counties.

A similar meeting for residents of Dixon, Cedar, Thurston and Dakota Counties was held in South Sioux City a week ago.

A series of 19 bicentennial regional meetings is being held across the state, with the main objective of acquainting Nebraska Bicentennial Commission and encourage formation of committees to develop bicentennial related projects for possible national recognition.

About half of the 19 regions in the state already have had projects endorsed by the state commission and funded by the American Revolution Bicentennial Administration.

Discussed during Tuesday's meeting will be how matching funds are spent and how regions may submit proposals to the commission.

On hand to discuss ways groups may want to market and sell bicentennial commemorative items will be representatives of the state commission. They also will discuss ways of coordinating similar activities across the state.

County historical groups are invited to use the bicentennial to improve their museums, and schools may start special bicentennial programs, according to Don Searcy, executive director of the state commission.

Area groups or individuals wishing more information about Tuesday's meeting may write or call the host, Mrs. W. H. Hasebrook at West Point.

# Determination Makes Joni A Winner

GIVING RUBBOWNS and keeping record books are only part of Joni's job. She also takes care of

equipment and coaches a little on the side when she shouts to wrestlers during a match.

By BOB BARTLETT  
Joni Langenberg is the first girl athlete at Winside High who will have her name inscribed on the school's plaque honoring athletes who have earned their seventh letter.

What next? Her eighth.  
During her four years of high school, Joni already has lettered three times as a student manager on the volleyball and three times in track.

The petite swimmer is aiming to help set more school records when girls track season opens around last year. Joni, Cheryl Peterson, Patty Danberg and Jan Trautwein set a school record in the 400 yard relay with a time of 55.3.

Even more impressive, she set a school record on the first time she ever entered one event. During a meet at Norfolk, coach Jim Wincb didn't have a runner in the 80-yard hurdles. Joni ran and erased the old school record. In a home meet later in the season she went the distance in 13.7 to topple the record again.

She's not the kind of girl who is world class ability. Wincb said about her running style, "but Joni does have that competitive spirit to get out there and give it a try."

Both her volleyball coach, Don Leighton, and wrestling coach Doug Barclay praise her competitiveness.

The daughter of Mr and Mrs. Don Langenberg of Hopkins, she is efficient when it comes to handling the job of student manager for Barclay, a job she shares with Julie Jaeger. "I don't have to go around looking for her to get things done. She usually has the job complete when I need some information," Barclay said.

In fact, Barclay admits that 52 Joni possibly could beat some of his varsity wrestlers. "Joni is smart when it comes to wrestling. She pays attention in practice sessions. She even yells out to the wrestlers the moves they should make during matches," the head man added.

Besides her activity in sports, Joni also is president of the girls W Club and member of the Pep Club.

## Keeping The Ship Afloat

PHI MU SORORITY at Wayne State College hopes to help keep the USS HOPE afloat when the group heads up another drive to raise funds March 9 with a Hike for HOPE. According to hike chairman Joetta Latham, left, and sorority president, Jean Morfeld those who want to participate in the 10-mile walk on Highway 15 south of Wayne should be at the city auditorium between 8 and 9 a.m. Before the girls presented mayor Ken Hall with a plastic replica of the ship Tuesday, he signed a proclamation noting that March 9 was the Hike for Hope day in the city.

## Newcastle Dumps Cats In 2nd Half

Winside played with a tough Newcastle club the first half before the Red Raiders dumped the Wildcats for their 13th loss in 16 starts Friday night, 75-47. The Newcastle hosts held a 33-29 lead at intermission.

Scott Miller, Kevin Johnson and Craig Nelson did most of the work for the Raiders, with Miller leading the trio with 23 points. Johnson had 27, Nelson 17.

The Cats, led by sophomore Tyler Frevert with 12 points, made 22 fielders, five fewer than Newcastle. Newcastle took ad-

vantage of 23 Wildcat fouls to make 21 of 28 shots. Winside only had six chances, converting three.

Winside's reserves easily handled Newcastle, 39-19. Friday night the Cats complete season play with an away game at Emerson Hubbard.

## State's Pheasants 4th

THE TOP TEN:  
1. Iowa, 2. Pennsylvania, 3. South Dakota, 4. Nebraska, 5. Illinois, 6. Wisconsin, 7. Kansas, 8. Idaho, 9. California, 10. Washington.  
Other receiving votes: Michigan, New Jersey, Utah, Minnesota, Oregon and Ohio.  
No, this top 10 doesn't rate the leading football teams, nor any other school or team in collegiate athletics. This top 10 rates states in estimated number of pheasants harvested, as reported in the 1974 Hunting Annual published by the National Rifle Association.

No. 1 rated Iowa's estimated pheasant harvest was 1,400,000. Intensified agriculture has pushed pheasant concentrations from northwest Iowa to the southern part of the state.

Runner-up is Pennsylvania with an estimated 1,310,000 pheasants harvested. One of the perennial leaders, South Dakota, is third with 1,200,000, followed by Nebraska with 1,000,000.

Ken Johnson, Game Commission's terrestrial wildlife division chief, said Iowa's No. 1 position didn't surprise him "because you get this shifting around among South Dakota, Nebraska and Iowa."

Pennsylvania's lofty position, however, did surprise Johnson. "They're just not what you consider a pheasant state. The Midwest states have traditionally been the better pheasant states because of the more typical pheasant habitat they have. You don't normally associate pheasants with the higher rainfall parts that you have in Pennsylvania and elsewhere in the eastern part of the country."

Nebraska's estimated 1,000,000 pheasant harvest falls far short of that in the late 1940s when the kill probably was closer to 2,000,000.

The 1947 Hunting Annual also reported that Wisconsin, No. 6, annually stocks 125,000 roosters, which is one-fourth of the estimated harvest there.

Tiny Rhode Island, whose harvest was only 3,200 birds, salvaged some honors with having the nation's longest season—104 days. Second was Kansas with 81, followed by Washington, 76, and Maryland, 73. Nebraska, the nation's mixed bag capital, was fifth with 72 days of hunting.

Other pheasant glens from the hunting annual: Colorado with a two-day pheasant season had the fewest hunting days of the 37 states reported. Still, the pheasant was the No. 1 species among feathered game in that Rocky Mountain state.

Maine's hunting is almost entirely for stocked birds. About 30,000 are released there annually. West Virginia's harvest was estimated at less than 200 birds while Virginia's was 225.

**Close-To-Home Vacation**  
Because of the energy shortage, this looks like the year of the close-to-home vacations. Numerous Nebraska attractions and areas are getting the jump on the season by beating their drums at the upcoming Omaha Boat, Sports and Travel Show in Omaha Civic Auditorium, Feb. 26—March 3.

Among the newcomers at this year's 27th annual show are Pioneer Village, Lake Mary Ranch Camp, Highway 20 Association and Yogi Bear Jellystone Camp Ground. Nebraska returns include the Ogallala Chamber of Commerce, Belle of Brownville, Devils Nest, Beaver Lake and Loren Wilson, outfitter and guide.

The Game and Parks Commission will be on hand as will neighboring Iowa's Conservation Department.

**MISHMASH.** Two awards of \$500 each have been given by the National Wildlife Federation to two men, one in Wisconsin and the other in Alaska, for information leading to convictions for shooting bald eagles. According to a year-long study, the Bureau of Sports Fisheries and Wildlife found that lead shot is poisoning three times as many waterfowl as previously estimated. The bureau also found that conversion from lead shot can show quick results in larger duck and geese populations.

Old-worn-out fly lines make serviceable ice-fishing lines. Thicker than light nylon, fly lines are easier to handle with gloved, cold-numbered hands. Be sure to use a leader, though, at the end of the fly line. How great is fishing and hunting? The records of 10,000 inmates of a larger southern prison show that less than two per cent ever owned fishing or hunting permits.

**PLACES-A-GO-GO.** Statewide for hunting cottontail rabbit (ends Feb. 28). Statewide except where noted for hook-and-line fishing, archery, nongame fish (some closed waters), underwater powered spearfishing (select open waters), snagging (Missouri River only) and mussels and snapping turtles.

The number 57,600 has 79 divisors. 149 130 4

## WS Matmen Seek 10th NCC Crown

Wayne State's wrestling team goes after its 10th straight Nebraska College Conference championship today (Thursday) at Peru, but it appears the Wildcats may be underdogs.

Peru blasted Wayne here Monday night by a whopping 30-13 margin. That was the first Bobcat victory over Wayne in five years of Peru wrestling.

Earlier in the season, Chadron also gained a first ever win over Wayne, 19-18. Wayne owns a 30-18 decision over the other league foe, Kearney.

Not since the first NCC mat tournament in 1963 has any other conference team won the meet. Kearney did it then by the slimmest margin, Kearney 80, Wayne 79.

Among current Wayne wrestlers, only Jim Meyer placed in the 1973 conference tournament. He gained a second. Four other second placers and four champions of that squad are no longer with the team.

Two pairs of double duals in recent days left Wayne with a 7-9 record. The Wildcats trounced a short handed Yankton team, 45-4 here Monday before losing to Peru. Yankton also took a blanking of 51-0 from Peru in the other match up.

Meyer, Wayne's 176 pounder, ran his season to 19-2-1 with 17-4 and 19-4 major decisions. Gary Schmidt, 150, also won a pair, one of them an 18-0 decision in the Yankton go Heavyweight Ron Coles beat the Yankton heavy, 8-0, then took a default win when Peru's Jim Rezac was injured and had to quit.

Against Yankton, Wayne got its other points on a decision by Bill Garfield at 158, draws by Brooks Widner and Craig Hell wege, plus forfeit wins in four weights.

Saturday at Sioux Falls, the Wildcats ran into a couple of powers and lost to both. Host Augustana downed the Cats, 38-8. Augsburg won by 31 to 12, over Wayne and also beat Augustana, 20-17.

Coles was the only Wayne double winner on the mat, by 6-0 and 5-0 scores. Meyer won by a decision, 3-1, and by forfeit. George Bisack, beat his Augsburg foe and drew in the Augustana match by a rare 0-0 score.

All the other Wildcats lost in both meets.

## Neligh Dumps Wayne Frosh

Neligh knocked off Wayne's freshman in the battle they had planned for the Randolph Invitational 57-41 Tuesday night at Randolph.

The locals, paced by Tim Koll with 17 points, started giving Neligh easy layups in the second quarter, according to coach Duane Blomstrom, forcing Wayne to play catch up the second half.

Monday night Randolph eliminated the Blue Devils in the running for the finals, 47-38. Jon Lev led the troops with 10.

Wayne, now 4-9, raps up its season Monday night at home against Laurel.

## Local Youths Hold First Mat Meet

About 18 students from fifth through eighth grades got a taste of wrestling competition Saturday night at the Wayne High gym.

A total of 25 people watched the first city recreation meet under the sponsorship of coach Steve Hix as youngsters primed for a March 2 meet against Wakefield at the city auditorium.

Altogether, Hix said, there are 22 boys out for the team. Those not making the exhibition meet were Tod Heiser, mark Heithold; Joe Teeter and Scott Carhart.

**WHS to Host Music Clinic**  
 The second annual West Husker Conference Junior High School Instrumental Clinic will be held at the Wayne High School this Saturday. Wayne also hosted the first clinic. About 325 students, grades six through nine, are expected to attend from Emerson-Hubbard, Wakefield, Wisner-Pilger, Stanton, Madison, Columbus-Lakeview and Wayne. Guest clinicians will be Don Schumacher, high school band director from Norfolk, and Bob Leigh, high school band director from Springfield-Platteview. Ron Dalton, Wayne high school band director, will be clinic director.

**Cards of Thanks**  
**MY BASKETBALL BUDDY** from Denver, Colo., looking over the basketball fans waiting for the buses after the Missouri-Nebraska game, said to my mom: "If they had a special day for me in Denver, only five people would show up and most of them wouldn't even know me." It's great to live in a small community and I really appreciated your support at our game. I'm awfully glad we won. Steve Erwin. 121

The morning session, which will run from 9 a.m. through noon, will be devoted to solo numbers and ensembles. The 1:30 to 3:30 afternoon session will be for junior high bands. During the clinic, judges will take critiques during individual performances, which will be taken by participants to their own schools. Lunch will be served at noon by the Wayne-Carroll Music Boosters.

## Plan Recital Sunday

A program of wind instrument music will be performed by Wayne State faculty members Jay O'Leary and Raymond Kelton in a joint recital at 3 p.m. Sunday in Ramsey Theatre.

Dr. O'Leary will perform on flute, oboe and clarinet and Dr. Kelton on euphonium. Accompanist will be Mrs. Jane O'Leary, music instructor at Emerson Hubbard schools. Dr. Kelton will be assisted on one number by Bob Johnson, senior music major from Scribner, and pianist Sue Zicht, elementary education major from Norfolk.

Dr. O'Leary joined the WSC faculty in 1960 and is associate professor of music and director of bands. His teachers have included the Boston Symphony's Gino Cloff, solo clarinet, and George Madsen, flutist. Dr. Kelton, member of the WSC faculty since 1960, is professor of music and conductor of the brass choir. He has studied at the Cincinnati Conservatory of Music.

Mrs. O'Leary is a graduate of Wayne State, a student of James Day and is a candidate for the master's degree in music from the University of Colorado. Music will include selections from the baroque period to

recent years. Dr. O'Leary performing Bach's Sonata No. 2, Corelli's Concerto, Schumann's Fantasy Pieces and Cahuzec's Variations sur un Air du Pays d'Oc. Dr. Kelton will perform Grand Duo Concertant by Carivez, Concerto by Hummel, Boule by Gabaye and Sonata by Kennan.

The program is open to the public without charge.

## Police Blotter

**Rear-end Accident**  
A car driven by Rodney Hoops, 408 W. Seventh, struck the rear end of a vehicle operated by Wayne Matthews, rural driver, while the Matthews car stopped for a stop light at Second and Main about 10:30 p.m. Saturday.

**Batteries Stolen**  
Car batteries belonging to Marlon Marshall, 508 Sherman, and Rick Field, 514 Westwood Road, were reported stolen Saturday afternoon.

## Perfect for Sketching

UNUSUALLY WARM WEATHER in the Wayne area in recent days has brought motor-cycles out of garages, spring clothing out of closets and students out of classrooms. Taking advantage of the comfortable temperatures Tuesday afternoon were these two Wayne State College art students, Darla Dreesen of Hartington, left, and Pam Schmidt of Omaha, who sketched college buildings for a basic drawing class.

## Frigidaire 30" Electric Range

Beautiful styling combined with automatic cooking and cleaning, with traditional Frigidaire dependability throughout.

It's easy to clean, top to bottom. Control knobs pull off, leaving just one smooth glass-covered surface to wipe off. And, the control panel is extra-high—out of the splatter zone. Underneath, an Electric-clean oven can clean itself, its oven racks, and removable drip bowls automatically. For cooking convenience, an Automatic Cook-Master control starts and stops the oven at pre-set times and temperature for away-from-home cooking.

## Frigidaire Twin 30 Range

Doubles cooking convenience with two ovens, improves oven cleaning with an Electric-clean oven.

Enjoy the convenience of two ovens. Bake in one, broil in the other. Cooking gets a boost with a Heat Minder surface unit that automatically controls the temperature of a utensil, helps guard against boil-overs. An Automatic Cook-Master control starts and stops the lower oven at pre-set times and temperatures for "away from home" cooking. For cleaning convenience, an Electric-clean lower oven can clean itself, oven racks, and removable drip bowls automatically.

# Wayne Lions Club Member Is Named District Governor

The Wayne (Nebr.) Herald, Thursday, February 21, 1974

SEVERAL members of the Wayne Lions Club spent Sunday morning making banners and signs boosting Wayne's Clete Sharer (insert) for district governor. Finishing one of the signs is Willis Johnson while Wes Pfeuffer, Jess Bud...

Spence and Johnson, from rear, complete one of the long banners. Also helping out on the project were club members Don Langston, Bob Vakoc, Norvin Hansen and Ray Butts.

# 14 Members Meet at Allen Legion Hall

The Allen American Legion and Auxiliary met Feb. 11 at the Legion Hall with 14 members answering roll call. Secretary and treasurer's reports were read and approved.

Vivian Good, rehabilitation chairman, reported sending four gifts to hospitalized members. Members were reminded of the district convention to be held March 1 at Dakota City.

A Girl's State representative and alternate were selected. Donna Stalling reported on the history of the flag.

Hostesses for the evening were Mrs. Pearl Snyder and Mrs. Pauline Karlberg.

# Scholarships For Teachers Are Available

Forty Ak-Sar-Ben post-graduate scholarships of \$150 each are available for elementary and high school teachers in Nebraska, according to Nick Newberry, chairman of Ak-Sar-Ben's scholarship committee.

This is the 10th year Ak-Sar-Ben has offered the scholarships to help teachers obtain advanced study. Applicants must have a minimum of 60 semester hours of college credit and must plan to take at least six semester hours during the summer session for the purpose of renewing an existing certificate or applying toward an advanced certificate.

The program is handled by a committee of 10 Nebraskans, including Dr. Freeman Decker of Wayne. Applications and inquiries should be sent to Lawrence Hilly, State Department of Education, 233 So. 10th St., Lincoln. Deadline for applications is April 15.

# Emerson Man Picked to Head NEN Group

The Rev. Ron Nelson of Emerson was elected president of the Northeast Nebraska Family and Community Affairs Council at its regular monthly meeting last week.

Other officers for 1974 include Fred Oppgaard, Concord, vice president; Mrs. LaVerle Helmes, Hartington, secretary and Mrs. Harold George, Dixon, treasurer.

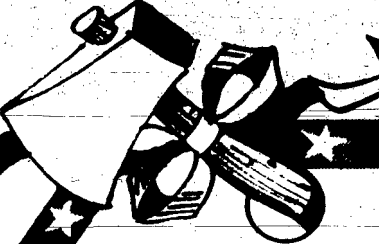

Council goals for 1974 were outlined during the meeting. They include public education in areas of mental health, drugs, alcoholism and related concerns; publicity to inform the public about the organization and its activities; support and promotion of health and mental health services in Northeast Nebraska; and coordination of efforts between the council and other groups.

The council includes six Northeast Nebraska counties—Cedar, Dakota, Dixon, Knox, Thurston and Wayne. All interested citizens are welcome to join the council and to attend the group's meetings. The next meeting will be held at 8 p.m. on March 11 at the Northeast Station east of Concord.

**Thought for Today**  
 By Rowan Wiltse  
 "Conscience is the voice of the soul."  
 Rousseau  
 Fortunately for civilization most of the world's peoples have a conscience. At times it might appear that they are very small voices indeed, not always heard at first above the tumult of greed, dissipation and just plain foolishness that is so much a part of the everyday scene. Sooner or later the voice of conscience manages to make itself heard and many great wrongs are righted. Even the more pessimistic folks among us may be able to see at least some encouraging signs for the future of mankind because of this influence from within us.  
 Friendly service that anticipates every need has characterized our relationships with the families of this community. You may call on us at any hour of the day or night, someone is always here to provide the help you need.

**GARDEN FEVER**  
I've noticed a lot of people have been receiving their seed catalogs lately -- and this can bring on a bad case of "garden fever."

Rural people have a real advantage in selecting a garden site because usually they have enough room that they can find an excellent garden site. But city gardeners may be so limited in space and conditions they can only grow small leafy vegetables that will tolerate shade.

With good management, many vegetables may be produced in a small space. Plants can be grown in containers with synthetic soil.

The following considerations should be made even though conditions are limited:

1. **Sunlight** — Sunlight is essential for growth, proper plant development and good quality. Full sunlight is more desirable. At least five hours of direct sunlight is needed for success with fruit and seed bearing vegetables. Leafy green vegetables will tolerate more shade.
2. **Soil** — A deep, well drained loose fertile soil on a level to gently sloping site is best. Very sandy soils are droughty and low in fertility. Heavy clay soils are improperly drained, difficult to prepare and have a tendency to crust following rain or irrigation. Some soils may be compacted and have topsoil altered or removed during building construction. Poor soil conditions may be improved by adding fertilizer and organic matter and with proper management.
3. **Convenience** — A garden should be close enough to the house so that it can receive daily attention. It should have access to water needed in transplanting, irrigation and spraying.
4. **Trees, Shrubs** — When planted too close to the garden, trees and shrubs shade lower growing vegetables. Their roots also compete for nutrients and water. Walnut trees produce a toxin injurious to tomatoes.
5. **Wind Protection** — This is desirable, especially in rural areas. Locate the garden east of buildings, trees or other wind breaks, if possible. Snowdrifts, sunflowers, corn and other temporary plant windbreaks can be used to protect garden crops.

## 'Pioneers' Needed

The Knights of Ak-Sar-Ben and the Nebraska Association of Fair Managers report that nominations for the 19th annual Nebraska Pioneer Farm Family awards are being accepted.

The program honors farm families in Nebraska whose land has been owned by the same family for 100 years or more.

Ray Moeller of Cuming County, president of the association, pointed out that 974 farm families in 51 counties have been honored at various county fairs during the first 18 years of the project.

Again this year the honored families will receive an engraved walnut plaque and an aluminum gatepost marker from the Knights of Ak-Sar-Ben and a special framed citation from the Nebraska Association of Fair Managers. In addition, Ak-Sar-Ben will host the honored families at a special banquet during the organization's annual Livestock Show and Rodeo, Sept. 20-28.

All nominations must be submitted by June 1 to the secretary of the local county fair board.

## SS Representative To Stop Here Soon

Michael Zeorlin, representative of the Norfolk social security office, will be at the Senior Citizen's Center in Wayne, Tuesday from 9 a.m. to noon and 1 to 2 p.m. to help area residents with questions they may have about their payments.

Zeorlin said that April 15 is an important deadline for social security beneficiaries who earned over \$2,100 in 1973. Persons under age 72 in 1973 who earned over \$2,100 and received social security benefits are required to file an annual report no later than April 15, he noted. Failure to do so can result in a fine, he added.

The annual Blue and Gold banquet for Cub Scout Pack 175 was held Thursday evening at West Elementary School in Wayne.

Bill Workman served as master of ceremonies. Guests were Mr. and Mrs. David Ley, Mr. and Mrs. Lee Foote and Mr. and Mrs. Robert Carhart. David Ley, representing the State National Bank, presented each new Webelo a vital kit, and Foote, in behalf of The First National Bank, presented \$1 passbook savings accounts to new Cub Scouts.

Den mothers and assistant den mothers, who were recognized during the evening were Lucille Fairchild, Sharon Hurd, Kay Marsh, Carolyn Mills, Wilma Moore, Judy Rolher, Dee Rebenndorf, Sally Schroeder and Stella Schultz.

Special thanks were given for the efforts of Dick Powers, Verlin Glass, Rick Luth, Monte McLaws, David Ley, Ted Bahe and Bob Lembke in behalf of the Cub Scouts. John Rebenndorf was recognized as pack leader, and the local banks and the Kiwanis Club were recognized for their support.

The evening included a potluck supper and film for Cub Scouts and their families.

# Students may get non-voting seats on NU governing board

**CAPITOL NEWS**  
**LINCOLN** — Among the decisions Nebraska voters will have to make next November will be whether students should sit on the University of Nebraska Board of Regents.  
 The Legislature has passed a bill which puts the question on the fall ballot as a proposed constitutional amendment.  
 The proposal is for the student body presidents from the Lincoln, Omaha and Medical Center campuses to sit as nonvoting members of the board.  
 To some observers, the margin of victory for the students in the Legislature was surprising. The bill, sponsored by Senator Richard D. Marvel of Hastings, was adopted on a 35-10 vote.  
 Also passed last week was another measure proposing a change in the Constitution. This one, also due for

November ballot exposure, would change the starting time of the Legislature to prevent a repeat of New Year's Day becoming opening day.  
 The way the Constitution reads now, the lawmakers must convene at noon on the first Tuesday in January, no matter if that's a holiday. This year, of course, it was not only a holiday, it was the day the Nebraska Cornhuskers were playing in the Cotton Bowl.  
 Ironically, the passage of the never-on-New-Year's bill was done on a holiday. It was February 12, Lincoln's birthday.  
**School Aid Shrinks**  
 The Legislature reduced the size of the state school aid proposal.  
 It started out at \$142 million, but was cut back to \$120 million by amendments affixed last week.  
 The lawmakers didn't take final

action on the bill, deciding instead to try to resolve questions about spending limits for local school boards before moving to the size of state aid and the allocation formulas.  
 There will have to be boosts in the size of state sales and income tax rates at the \$120 million level. The sales tax levy probably would go up one per cent—another penny per dollar—and the income tax rate would climb by three or four per cent, according to the best estimates now.  
 Supporters point out, of course, that there would be dramatic decreases in the local property tax as the state boosts its contribution toward the support of schools.  
 State government is kicking in \$55 million this year, compared with \$35 million in recent years past.  
**Education Budgets Expected**  
 Turning to financing another level of

schooling—higher education—the Legislature is going to get the Budget Committee recommendations shortly on how much money the University of Nebraska, the state colleges and the technical-community college system should spend.  
 Hearings were held for the three higher education systems last week by the committee.  
 The university, as usual, drew a fullhouse crowd to the hearing room.  
 The big item was the request for salary increases averaging 10 per cent—instead of 7.5 per cent as was requested originally. NU President D. B. Varner said it will require at least 10 per cent for the university staff to get back anywhere near the purchasing power lost in recent years when only raises haven't been as large as the increases in inflation.  
 "I should like to endorse warmly

any efforts to improve the level of the well-being for those on the low end of the pay scale," Varner told the Budget Committee. "At the same time, let the plea with you with all the persuasion I can muster not to discriminate against the professional employees in the compensation plan you develop."  
 "These employees," he said, "have usually invested from six to nine years in preparation for their profession and they must now be among the least well rewarded of any such professional group in the country. Many of the skilled trades in America today are being compensated more handsomely than are Ph.D.'s in animal science or in physics or in engineering."  
 The spokesmen for the state colleges also entered a plea for salary dollars to allow a catch up in purchasing power, eroded during the past few years.

Executive Officer Edwin Nelson and the presidents of the colleges at Wayne, Chadron, Kearney and Peru said the system needs an overall increase of 42.1 per cent more in state tax support.  
 "That's not at all unrealistic," Nelson told the committee, in the face of the troubles facing the colleges. Tax support must increase, when tuition revenue decreases in a period of declining enrollment, he said.  
**Lawsuit Threatened**  
 Governor J. James Exon has threatened to take the U.S. Bureau of Reclamation to court unless early releases are made from storage in other North Platte reservoirs in Wyoming.  
 The governor said Nebraska faces a flood threat.

**LETTERS**  
**'Some letters might help'**  
 Dear Editor:  
 I just finished writing a letter to Safeway Stores, Inc., urging them to reconsider closing their store here in Wayne. I realize my letter will mean nothing unless many more people do the same. I think your paper should publish the name and address and urge people to write: Mr. Elmer Harder, Safeway Stores, Inc., P.O. Box 931, Omaha, Nebraska 68101.  
 I also think our Chamber of Commerce should get on this. We need a Safeway store in Wayne. Do the Safeway people know, we have some new industries coming to Wayne? I hope everyone will write, even those who never trade there. After all, if we want new industries, new business and people to come to Wayne, it wouldn't look too encouraging if one of the largest grocery chains in the world is leaving!  
 So come on, Wayne, let's flood the mail box of Mr. Harder. It just might do some good.  
 A Reader

**Editor's Note:** Mr. Harder, public relations man for Safeway in Omaha, said last week that Safeway is still negotiating its lease with the owner of the Safeway building in Wayne and that it is just a "rumor" that the store will be closed. The local Chamber of Commerce has written to the Safeway office in Omaha, saying that the Safeway store here is a vital part of the community and offering "its help" in keeping the store here.

Basketball's traveling ambassadors of fun and goodwill, the Harlem Globetrotters will meet the San Francisco Golden Gaters, March 16 at the Rice Gymnasium.

## OBSERVATIONS

**Clearing the air**  
 Wayne's former city attorney received approximately \$15,433 in salary and legal fees during the three years before his resignation last month.  
 That averages out to about \$5,211 annually for his services.  
 We present this information, obtained from the city administrator, to help clear up a false impression we may have given our readers in a news story—and an editorial comment about the salary which is being considered for the attorney who will replace the city's former legal advisor.  
 We reported that the council is considering paying the city attorney an annual salary of \$8,100, more than twice the \$3,900 annual salary the person received who held the job in recent years. We did not explain that the attorney who has

## Lt. Dodge is one of many

Dear Editor:  
 I cannot help but be reminded that on May 17, 1967 they captured Lt. Ron Dodge—a fact that makes it even more imperative that we remember.  
 Lt. Dodge, a Navy pilot, was shot down over North Vietnam. From the ground, he talked to the wingman on his radio. As he was being surrounded by North Vietnamese, he said, "I am breaking up my radio. There are numerous photographs of Lt. Dodge being escorted by North Vietnamese. They were taken by a Dutch free lance photographer in Hanoi and first appeared on Sept. 9, 1967, in 'Paris Match.' Despite this evidence, he has not been accounted for.  
 Thousands of Americans have vowed that they will not abandon Lt. Dodge or any other MIA POW, but it will take all of us to generate the power of public opinion.  
 Only the strength of an outraged public can force North Vietnam and her allies to disclose the fate of these men.  
 Please get involved! The people of this country must be alert to the fact that some of their sons are still missing in the aftermath of war. As concerned Americans, we must insist that ALL of these 1,300 missing men be returned home.  
 Contact 1207 Eldridge Dr., Norfolk, Neb. 68701, for more information on how you can get involved.  
 Mrs. Steve Pomajzl

## HAVE A HAPPY DAY

**Thoughts for the day**  
**THURSDAY**  
 Let God help you in your hour of decision.  
 John 14:27 — Peace I leave with you; My peace I give to you, not as the world gives, nor let it be fearful.  
**FRIDAY**  
 Even the little becomes great when blessed of God.  
 I Chronicles 29:5 — Who then is willing to consecrate himself this day to the Lord.  
**SATURDAY**  
 Time is the great equalizer. The same amount is given to the great as to the small, to the wise as to the foolish, to the old as to the young. The difference, of course, lies in the way time is used.  
 Hosea 10:12 — Break up your fallow ground. For it is time to seek the Lord.  
**SUNDAY**  
 The function of fear is to warn us of danger, not to make us afraid to face it.  
 Matthew 28:20 — I am with you always even to the end of the age.  
**MONDAY**  
 If we put ourselves in another person's place, we soon learn that problems are common to all people.  
 James 5:16 — The effective prayer of a righteous man can accomplish much.  
**TUESDAY**  
 When church attendance increases, juvenile crime decreases.  
 Proverbs 22:1 — A good name is to be more desired than great riches.  
**WEDNESDAY**  
 "When I see you the big bass I caught," exulted the happy husband. "It's a beauty. But honey, although the fishing trip was fun, I really missed you. I'm so glad to be back. I'm just not happy when I'm away from you." "Just a minute," said his wife, "I'm not catching it!"  
 Matthew 4:19 — And He said to them, Follow Me, and I will make you fishers of men.  
 Hazel Sorensen, Wakefield

## If we don't, who will?

The March 15th deadline for filing for city, school and county offices is just a little over three weeks away and there seems a surprising lack of interest in the jobs which will have to be filled in the May and November elections.  
 By early this week there were no contestants for any of those 17 major positions which will become vacant this spring or at the end of the year.  
 There will have to be an awful lot of filings over the next few weeks if voters are to be given a choice as to who they would like to see run their city government, school district and county government.  
 We hope those voters are given a choice when they go to the polls, but a lot of people are going to have to start throwing their hats into the ring if that is to happen.  
 We find it difficult to believe that there are not a host of qualified, interested citizens in the area who could do a good job if elected by the voters to county, school and city offices.  
 We realize that those jobs are not easy ones. They mean considerable work, often at low pay or no pay at all. They mean nights away from families. They mean worries and headaches. And they mean criticism. But they still have to be done, and every citizen should consider shouldering one of those jobs. If we don't want to govern ourselves, who will we give the job to?  
 G. J. Tankersley, former chairman of the American Gas Association

**THE GRASSROOTS OPINION**  
 Bentleyville, Pa., Courier  
 "Speaking of the energy crisis, a friend of mine in Washington, D. C. called attention the other night to what he called the 'second house mania' in this country. He intimated that unoccupied summer and winter second homes in the mountains and at the beaches, often with heat, lights and appliances aging, may be blamed for a part of the energy shortage. The same could be said for second, third and fourth, automobiles, cycles, boats, etc., largely idling for no necessary reason."

## Antelope County Joins Area COG

The Mid Elkhorn Valley Council of Governments has announced that the Antelope County board of supervisors voted last week to join MEVCOG.

With the membership of Antelope County, MEVCOG now has 100 per cent representation of county governments in the MEVCOG area. Other counties in MEVCOG are Madison, Pierce, Stanton and Wayne.

Administrator Steve Marlin said Antelope County's membership will benefit MEVCOG and the county as well. MEVCOG's main goal is to bring about interlocal cooperation on a regional basis. By working through MEVCOG, local governments can provide services to their citizens that each working alone could not provide, he said.

The importance of COGs will increase in the future as the federal government moves toward a policy of requiring local governments to work with a COG before funding for local projects will be approved, Marlin noted.

**Damage Is Slight**  
Two cars received minor damage in an accident in Winside Saturday morning, reports the Wayne County sheriff's office.

Monte Pfeiffer, 15, of rural Winside was driving a south-bound car about 9 a.m. when he crossed over to the other side of the street and struck a parked car belonging to Donald Longnecker, the sheriff's office said. Both cars received damage to the right front.

## Oltmans: State's NRDs Serving Useful Purposes

Steven Oltmans doesn't try to cover up the fact that natural resource districts spend tax money.

That's what they were set up to do, at least in part, but they also help save Nebraska's water and soil resources, he told Wayne Kivansians Monday.

"Nebraska is the first state in the nation to go this route (setting up resource districts)," said Oltmans, manager of the Lower Elkhorn Natural Resources District.

The Lower Elkhorn NRD, of which Wayne County is a part, was formed in 1972 to help prevent soil erosion and flood damage as well as develop and manage recreational and park facilities, Oltmans said. The district also helps in such areas as pollution control and development of fish and wildlife habitats, he added.

The NRDs currently derive their funds from county and federal levels of government, but a bill before the Nebraska Unicameral proposes state funding also, Oltmans noted.

The Lower Elkhorn NRD has helped area farmers construct lakes and feedlots and has played a major role in road construction in the 13-county district, he said.

The NRD is planning to help Wayne State College with construction of the proposed John D. Melius park. According to Oltmans, the NRD hopes to donate to the cost of the approximate \$17,000 project.

## Zoning Is Subject

Paul Gessaman, University of Nebraska-Lincoln extension economist, is scheduled to talk with Wayne County commissioners next week on the subject of rural zoning.

Gessaman is to meet with the commissioners during a special meeting Tuesday afternoon at the courthouse. The meeting is open to the public.

When an alder tree is cut, its wood turns from white to red!

## One Final Check

OVER 30 volunteers from eighth graders on up to college level helped canvass Wayne Sunday afternoon to collect funds for the 1974 Wayne County Heart Fund. According to chairman Jim Keating, the amount collected won't be known until later this week. Keating pointed out that part of the city still has to be covered since not all the packets were delivered. Those people who were not at home when volunteers were in their area may send contributions in the envelopes left at their door. During Sunday's final check before going out to collect funds several college students gathered with drive chairman Mabel Nielsen, left, to make sure of the area they were to cover. Also helping organize the volunteers was Mary Murray.

## WS Students Aim to Gain Military Facts

To gain facts about military careers, a group of 10 Wayne State counseling students and faculty flew to San Diego Wednesday.

They are on a four-day work shop arranged by Dr. Robert Lembo with the U. S. Navy, dividing time between the training center and air station at San Diego, Cal.

The idea began last summer when Dr. Lembo discovered that few of the young school counselors nowadays have been in military service. He thought Wayne State's counseling classes could provide information that counselors would find handy in advising students.

The trip this week is one result, taking advantage of a regular Navy program for counselors. The Wayne class left on a Navy plane Wednesday morning from Offutt AFB, will return late Saturday.

Included in the group are graduate students Kenneth Nelson of Cedar-Riverside, H. S., Dan Wittgen of Millard Junior High, Hanson Elliott of Columbus and Ron Robinson, a graduate assistant at WSC. Also attending are Peggy Barner of Wayne and Fred Opegaard of Concord, undergraduate students in counseling.

Faculty members on the jaunt are Dr. Lembo, Donald Merriman, Dr. Neal Phelps and Fred Madaw.

## Two Area Students On NC Honor List

Students from Carroll and Lincoln have been cited for high scholastic achievement during the first semester by the College of Dentistry at the University of Nebraska-Lincoln.

Among the 27 dentistry students named to the Dean's List was Lee Dahl, son of Mr. and Mrs. Darrell Dahl of Laurel.

Among the five dental hygiene students on the list was Marsha Johnson, daughter of Mr. and Mrs. Robert Johnson of Carroll.

## Laurel Woman Off to School

Representatives of the Laurel Lions Club were on hand Sunday to see Mrs. Doris Hoey off at the Sioux City airport.

Mrs. Hoey, who is 71 and blind, will spend a month at the Lions International Leader Dog School for the Blind at Rochester, Mich. Her expenses for traveling and accommodations are being paid for by the Laurel Lions. The club has raised four dogs in recent years for the international program.

There is no charge for the school or for the dog which Mrs. Hoey will receive.

Mrs. Hoey's blindness is the result of a diabetic complication. She began to lose her sight at the age of eight, and by 1922 had only limited light perception. Several months ago, when she became totally blind, she received her white cane from the Laurel Lions.

Mrs. Hoey, daughter of Mr. and Mrs. David Ritchie of South Sioux City, is originally from Sacramento, Calif. She married to Laurel recently with her husband who is employed on the Elmer Haines farm near

## War Vets to Get Record \$10,000 Boost

A number of World War veterans living in Wayne County will have their bankrolls enlarged this year by some \$10,000.

That is the approximate amount they will receive as their share of a \$200,000 cash dividend to be distributed by the Veterans Administration.

It will go to those World War veterans who have kept their GI insurance policies in force.

This year's dividend is the biggest ever declared, the VA states. It is larger than before because the interest earned by the trust funds governing the policies was unusually high in the past year.

Participating nationally in the distribution will be nearly 138,000 World War I veterans who hold United States

Government Life Insurance policies, and 3,750,000 World War II vets who have National Service Life Insurance.

Of the 540 veterans of the two World Wars residing in Wayne County, only about one-fourth of them will be on the receiving end, the figures indicate. They are the ones who held on to their policies.

Veterans of the Korean and Vietnam wars are covered by their own kind of insurance and will not share in this distribution.

Of the 130 in the local area who do qualify, the ones who were in World War I will receive an average of \$154. Those who saw service in the second World War will get an average of \$75.

The actual amounts paid will be larger or smaller than these averages in individual cases since the dividends

depend upon such variables as the size and type of the policy, the age of the recipient and the like.

The \$10,000 that will be going to Wayne County vets will arrive automatically on the anniversary dates of their policies. No application is necessary.

Many ex-servicemen in the local area and elsewhere will gain in other directions this year, the VA states.

Under legislation enacted in December about 2,400,000 veterans or their dependents who are receiving monthly benefits under two programs—the Veterans Pension Program and the Dependents Indemnity and Compensation Program—will be getting a 10 per cent increase in their monthly pensions, effective immediately.

## Two Guests Attend Ladies Aid Meet

St. Paul's Ladies Aid met Tuesday with Mrs. Dean Meyer, hostess. Fourteen members were present and guests were Mrs. H. L. Hennig and Mrs. Arvid Samuelson.

Pastor Hennig had devotions and led the discussion topic, "The Christian Growth Lesson was conducted by Mrs. Wilbur Ulecht."

Thank you cards were read from Mrs. Herman Baker and Mrs. Will F. Meyer. Year books were distributed to members. The February birthday of Mrs. August Kai was observed.

Next meeting is March 14 with Mrs. Albert G. Nelson, hostess.

## Laurel Group Plans Work on Park

Members of the Laurel Tuesday Club park committee: Shirley Kraemer, Linda Johnson, Carol Heitman, Cheryl Asbra and Karen Crookshank, met Sunday evening to make final plans for the renovation of the Laurel community park.

Deadline for applying for federal funds is March 1, but the club will not know until sometime in 1975 if the funds for the project have been approved. Plans call for the club to begin work on the project as soon as possible.

After approving the 10-year improvement plan and naming a committee late last year, club members met with representatives from the Northeast Station at Concord and the Cedar County Soil Conservation Service to

outline necessary improvements.

The park, located on a 300-foot square block on the east edge of Laurel, has suffered from Dutch Elm disease, vandalism and lack of attention. Long range improvement plans call for new restrooms, a shelter, house, camping facilities, lights and playground equipment.

Renovations for the Laurel ball park, located adjacent to the city park, are being considered by the Laurel Lions Club. Those plans call for work on the fence, dugouts and stadium.

Representatives from the Lions Club and the Tuesday Club have appeared before the Laurel city council to request paving of the street which runs between the two parks.

## Monica (No. 2) Arrives at Allen High

Monika is an exchange student. So is Monica!

The first Monica is Miss Plehn, an American Field Service exchange student from Germany who arrived in August to spend a year studying at Wayne High School.

Monika number 1 is Monica Maria Zurita, an 18-year-old from Guayaquil, Ecuador—South America, who is now attending Allen High School.

Monika is with the International Fellowship exchange program. She and her 16-year-old brother, Mario, arrived in the United States just this month. Her brother is with a host family in Texas.

Meeting Monica at the plane in Omaha last week were Mr. and Mrs. Larry Lubberstedt and

two of their daughters, LaRaye and LeAnn of Dixon. Monica's host family also includes Ryan, 14, Wendy, 12, Carmin, nine, and Stuart, eight. All students at Dixon Public School. LeAnn attends Allen High School with

First impressions of America are interesting. She likes mayonnaise, Italian foods and pan-cakes, and finds ice cream here tastes much better. "Desserts are good," she says, and television commercials are better here, too.

Teenagers are better-mannered here, she feels, and teacher-

pupil relations are better.

The South American guest says people here are very friendly and she feels welcome and at home.

Several years ago, an exchange student from Brazil attended Allen High School and made her home with the Marvin Reuter family near Allen.

MONICA ZURITA

Monika and LaRaye is enrolled at Gateway Electronics School in Omaha.

## V A Q & A

Q — Can the Veterans Administration still guarantee GI home loans for widows based on deaths of their husbands in service in 1942?

A — Yes. The Veterans Housing Act of 1970 restored unused, expired loan benefits to veterans and unmarried widows of World War II and later periods.

Q — I was discharged from service June 15, 1966, and would like to enter on-the-job training. What's the time frame?

A — Veterans discharged after January 31, 1956, have eight years from date of last separation or until August 30, 1975, whichever is later, to use flight, farm cooperative and on the job training benefits provided by the Veterans Administration.

Q — I live in a state which has no burial space for veterans in its national cemetery. Will the Veterans Administration pay anything toward costs of burial plots in private cemeteries for such veterans?

A — Yes. Under Public Law 93-43 enacted in June 1973, VA pays up to \$150 in plot and interment costs of veterans not buried in national cemeteries.

Her new family is somewhat larger than the one she left behind. In addition to Monica and Mario, the family includes a married sister, Fatima, a 13-year-old brother, Pedro Xavier, and a seven-year-old foster brother, Luis Eduardo Meredig do.

Monika's father, Pedro, operates a recording and printing firm, and Monica expects to return to work there in the art and design department. Her brother in law and sister work there now. Monica says she may return to the United States later, however, to attend a university.

She completed high school in her own country in January and is now on summer vacation. She is signed up for classes in English, algebra, shop, art and music at Allen.

# People, Fur Trading Go Hand-in-Hand

You've Got to Be Able  
To Tell Good Yarns . . .  
That's What People Expect

FUR TRADING is a way of life for Bill Moore, second from left, and his family. Working with him at times are his son, Fred, left, his wife and Bill Jr.

Bill Moore is a fur trader by occupation. At least that's what people in Dixon know him as. But if you asked the 50-year-old Dixon native about his job, he would tell you it's a job he enjoys, but there's something else about his work that makes it even more fascinating for him. That's meeting people. People, to Moore, are what makes this world interesting. That includes laughing, talking and even a little fibbing. "What the heck, it doesn't hurt," he quipped. When you start talking about fur prices with prospective buyers, he added, you've got to be able to spin a good yarn. That's what people expect. Moore doesn't always use those tactics with people when he's trading. But he does use them to get along with people, and the tactics seem to be working.

Without Bill and his son's ability to meet and talk with people, their business wouldn't be as successful as it is. The business is expected to gross about \$100,000 this year, according to Moore. Twenty-five years ago Bill started the fur business when he

started working for Strange Brothers of Sioux City. After the company closed up in September of 1972, Bill couldn't give up his life's work, so he opened a business of his own in Dixon. "It's in your blood," he recalled. "We buy deer skins, rats, muskrats, mink, fox, coyotes, con, badgers and bobcats, then turn around and trade them to a South Dakota firm," the former Navy veteran pointed out.

Bill and his son, Bill Jr., went into partnership last year to better handle the growing business. According to the senior member, the business has been increasing as the price of furs goes up.

Right now the fur market looks strong, Moore noted. "I've been looking for it to drop but it has been holding its own." One reason for that is the increase in demand for furs. People are tired of artificial furs, they want the real thing, he said.

The Dixon firm's business has doubled from a year ago, giving Bill and his family of nine more thoughts about opening an actual store in Dixon. Right now, the Moores work out of their Dixon home.

Whether he builds an office or not depends on the people he deals with. "If a stranger would close his door," Moore reflected about his contact with other business people and friends, in fur trading, "I would starve." In their dealings with people, both Moore and his sons have some wild tales to tell. Like the time when his fourth oldest was climbing a tree for some game. When Fred reached for the animal he slipped and fell some 50 feet to the ground. "So like the time Bill Jr. took off running with gun in hand after another catch and ended up falling down a 30-foot embankment. "I was going after this animal when the next thing I knew I was in the air," he laughed. Luckily for both, neither was hurt seriously.

A tire changing check now may save you time and trouble when you need your car in an emergency, says the Tire Industry Safety Council. Make sure your jack works and your spare tire is properly inflated. Then make sure you know how to put it on.
