City to Host Meeting On Drouth Condition

Wayne will host a meeting next week for federal, state and local officials and area farmers in an attempt to assess the seriousness of drouth damage in Northeast Nebraska.

The meeting, scheduled for 2:30 p.m. on Wednesday at the city auditorium, is one of six scheduled across the state by Governor J. J. Exon.

The first in the series of meetings on current natural disasters affecting Nebraska agriculture will be held Friday at Scottsbluff. Others are scheduled for Monday and Tuesday at Lincoln, Auburn, North Platte and Clay Center.

Area farmers are invited to the meeting scheduled for Wayne to offer their views on how seriously their crops have been hurt by this spring's extremely dry weather. The period from April through June this year was the second driest in the past decade, exceeded only by the same three month period in 1966. The period from April through July this year is on the way to turning into the third driest period since 1914 when State National Bank in Wayne began keeping official precipitation records.

Brief showers in the area Wednesday brought little relief.

Invited to the meeting are county commissioners and supervisors, Agricultural Stabilization and Conservation Service officials, extension board members, Farmers Home Administration personnel, state agricultural department staff members and representatives of lending agencies.

Gov. Exon is scheduled to attend all six meetings.

Also planning to attend the meetings is state agricultural statistician Doug Murfield, who will review the drouth situation in Nebraska, and other state officials.

Man Dies In Tractor Accident

Funeral services were held Wednesday morning in Carroll for Marvin Isom, a Carroll farmer killed Sunday night when a tractor stacker-loader fell backward and struck him in the head.

Isom, 46, was killed almost instantly in the accident on his farm on the south edge of Carroll shortly after 9 o'clock Sunday night, according to the Wayne county sheriff's office.

He was driving the tractor across his farm yard when the loader raised high when it jarred loose and fell back on him, knocking him off the tractor, the sheriff's office said. The See ACCIDENT, page 10

EARL TOOKER

Local Man Wins \$25 in Bucks

A Wayne man, Earl Tooker, won \$25 in last week's Birthday Bucks drawing in Wayne, resulting in this week's grand prize climbing to \$750.

Tooker was in Sorber's in downtown Wayne when the winning date was announced in all participating stores. He was the shopper present with a birthday closest to the one drawn at random, earning him the consolation prize.

A total of \$750 in Birthday Bucks will be given away to night (Thursday) at 8:15 to the shopper whose birthday matches the one drawn earlier. If there is no grand prize winner, another \$25 consolation prize will be awarded and the grand prize will go up to \$775 for next week's drawing.

Persons need not purchase anything in order to participate in the weekly drawings, but a person must be present in one of the participating stores in order to win.

Coupons given away in the drawings may be spent just like cash in any of the sponsoring stores.

Allen Lady To Travel To Japan

Constance Sachau of Allen will join 60 Nebraska 4-H members who will leave the state on July 23 for a month long experience of living and working with families in Japan.

Miss Sachau, 24, is a college graduate and has been a 4-H leader. She is the daughter of Mr. and Mrs. William Sachau of Allen.

The international learning experience is part of an exchange this summer in which some 120 Japanese boys and girls will be living with families in 14 Nebraska counties. Ten of those Japanese youths and one adult sponsor will be living in Wayne County. Others will be living in Platte, Howard, Saline, Jefferson, Furnas, Polk, Dundy, Deuel, Morrill, Blaine, Thomas, Grant and Hooker Counties.

Dr. John Orr of Lincoln, associate state 4-H leader, said the exchange is "inter-cultural." See ALLEN LADY, page 5

Shower Gives Crops Little Relief

Wednesday morning's brief showers in the Wayne area did little to erase the possibility of this month turning into one of the driest ones on record.

Just one-tenth of an inch of rain fell in Wayne about 5 a.m. Wednesday, about the same amount as around the area, to bring the total precipitation recorded in Wayne this month to .27 of an inch.

The only years when it was drier in Wayne during July was in 1936 when just .06 of an inch of rain fell and in 1930 when .20 of an inch of rain was recorded, according to local records dating back to 1914.

Wednesday's rain also did little to keep this April July from becoming the area's driest growing season in a decade.

The showers brought the local precipitation total to 8.03 for the period since April, slightly behind the 8.85 recorded during the full four month period in 1966. This year and 1966 are the only years in the past decade that the four month precipitation total fell below 10 inches. The next driest four month period was in 1970 when 10.92 inches of precipitation fell.

Crops continue to suffer daily as the hot, dry weather continues, but the early morning rain Wednesday and cooler temperatures promised to slow down that damage at least for a short period.

Corn, soybeans and alfalfa are taking the worst beating from the dry weather, according to agricultural specialists and farmers in the area. Also suffering heavily are oat fields, they report.

Farm Women in Area Are Urged to Attend Appreciation Luncheon

Wayne area farm women are being urged to make plans to attend the first Farm Ladies Appreciation Luncheon scheduled for Friday, July 26, at the Wayne State Student Center.

"The committee is working very hard to make this a beautiful and special event," said Hattie Sherry, one of the Chamber members involved in planning the luncheon.

"The enthusiasm and cooperation is just wonderful because everybody realizes it is an important and long overdue event," she said.

Major aim of the luncheon is to show area farm women that local businesses appreciate them just as much as they do area farmers.

The Chamber sponsors an annual Farmers Appreciation Night but has not spearheaded an event to show area women they also are appreciated, Mrs. Sherry noted.

Women who would like to attend the luncheon, scheduled for 1 p.m., need only stop in one of the sponsoring businesses so they can be invited. Those who are unable to visit one of the stores may call the Chamber office and ask to be included among those who will attend.

The Chamber will mail out tickets to all women early next week. Area women should make a point of stopping in one of the business places sponsoring the event by Wednesday of next week so plans can be made for serving the luncheon, Mrs. Sherry noted.

Theme for the luncheon is "ABC — Aprons, Bonnets and Crafts."

Prizes will be awarded to the farm women and Chamber women wearing the oldest and the most unique aprons. Chamber women will serve the luncheon.

To be given during the luncheon will be demonstrations by Mrs. Shirley Fletcher on ceramics, and Mrs. Mildred Halsey on macramé and flower craft.

Several gifts, including luggage and gift certificates, will be given away during the luncheon along with favors to all those attending.

Working with Mrs. Sherry on the committee arranging for the luncheon are Doris Ward, Beth Sturm, Germaine Kaup, Judy Sorenson, Maryann Langemeier and Loreene Gilder Sherry.

Plans Underway for First 4-H Banquet

Plans are underway for the first Wayne County 4-H livestock members banquet to be sponsored by the Wayne Chamber of Commerce.

The banquet is scheduled for Aug. 22, with a tentative site at Wayne State's Student Union.

Meeting Tuesday morning to discuss plans for the coming event, open to both 4-H livestock members and leaders, were Dick Sorenson, Don Spitze, Mrs. Eldon Bull and Pat Wert.

Spitze, county agricultural agent, said approximately 140 4-H'ers and leaders may attend the banquet.

Churches Seek United Parish

A dream to have United Methodist Churches in Wayne, Winside and Carroll in one parish is taking shape.

The new parish, to be known as the First United Methodist Parish of Wayne, no longer is an idea started four years ago but is becoming a reality, said Mrs. Doris Walker of Wayne, member of the pastor-parish relations committee for the three churches.

The 1974 campaign will be conducted during September, Cystic Fibrosis Month across the nation. Cystic fibrosis, an incurable genetic disease, is inherent.

Needed to make the dream come true is an associate pastor to serve the churches in Winside and Carroll. Currently, seminary student Jim Brewer of Norfolk is serving Carroll and Winside, but he will be leaving in September, Mrs. Walker pointed out. Brewer came to the two churches after the Rev. Bob Swanson left in June.

The Rev. Kenneth Edmunds of Wayne's First United Methodist Church will serve as the senior pastor once the groundwork is completed, Mrs. Walker said. Pastor Edmunds took over for the Rev. Frank Kirtley, who also left in June.

According to Mrs. Walker, there is no date when an associate pastor will arrive or when the new parish will be come official.

Deadline for Filing Acreage Is Extended

Ray Butts, Wayne County executive director of the Agricultural Stabilization and Conservation Service reports that the final date for filing an intention to participate and to certify acreage is being extended.

All producers who have not reported acreage may still do so until advised of new final date, he said.

In signing up, producers preserve their present allotments, remain eligible for disaster and deficiency payments and remain eligible for Commodity Credit Corporation loans and farm storage loans, he noted.

As of Monday, there were 1,185 producers signed up to participate in the feed grain-wheat program and four non-participants who reported their acreage to preserve their allotments, according to Butts.

Carroll Woman Is Drive Leader

Mrs. Perry Johnson of Carroll has been named local chairman of the 1974 Breath of Life campaign to fight children's lung diseases, reports the state chapter of the National Cystic Fibrosis Research Foundation.

The newly appointed chairwoman will lead local volunteers in raising funds to support the research and care for children affected by cystic fibrosis, severe asthma, chronic bronchitis, bronchiectasis and other related lung damaging diseases.

The 1974 campaign will be conducted during September, Cystic Fibrosis Month across the nation. Cystic fibrosis, an incurable genetic disease, is inherent.

Buyers Keep Cash Registers Ringing Along

How much are Wayne County families spending these days? What part of their disposable income reaches the cash registers of local retail stores?

According to the latest figures covering the past year, consumer spending has been relatively strong in this area. Despite constantly rising cost of goods and services, which wipe out offset gains in personal income in some instances, most local retailers reported good results. Many of them topped their figures of the previous year.

The findings are contained in a survey made by the Standard Rate and Data Service. It indicates just how the average family in each section of the country has been spending its retail dollar and the amounts that it allocated for food, clothing, household supplies, cars, furniture and the like.

In Wayne County, figures show a major part of the consumer dollar was spent in stores selling food and automotive equipment. Together, they garnered 35 per cent of all retail business in the area.

Food expenditures alone, in local bakeries, butcher shops, supermarkets, grocery stores and other food outlets, amounted to \$3,499,000, as against the prior year's \$3,185,000.

SNUGGLED up on the steps at the city auditorium is Renne Puls, daughter of Mr. and Mrs. Dennis Puls of Winside, as she fills out answers to questions during Wednesday morning's 4-H home economics judging contest in Wayne. Youths from across the county took part in foods, home living and clothing judging during the Wayne County pre fair event.

Promising Rain, 74th Old Settlers Rolls On

Winside's annual summer celebration, promising to bring with it the rain that has marked several of the recent celebrations, gets into full swing today (Thursday).

On tap for the second and final day of the 74th Old Settlers Reunion are a children's parade at 10 a.m. today and a grand parade at 11.

Afternoon activities include girls' softball games, Winside High School band concert and horseshoe pitching, all starting at 1 p.m. Also this afternoon is a baton twirling performance by The Starlites at 1:45, a show by the Elkhorn Valley Riders at 2:15, tractor pulling at 3 and a

show by Wayne's Bubbles and Bubblicettes at 4.

This evening's activities include a water fight between Winside, Wayne, Hoskins, Carroll, Pierce and Wakefield firemen at 6:30; music by the Battle Creek booster band at 7; free street dance at 8:30 and a teen dance at 9. Also performing this evening at 9 o'clock will be The Kimberleys.

A quarter of beef will be given away at 9 o'clock tonight.

Activities began Wednesday night with youth activities. Included were bicycle races, penny scramble, three-legged races and tug-of-war.

'Soviet Diplomat' Focuses On Middle East Problems

An American Army colonel posing as a Russian diplomat, a Palestinian refugee and an Israeli diplomat put the spotlight on numerous problems Tuesday for opening day of Wayne State's Conference on the Middle East.

The Army colonel, William Schneider, was a late substitute for a Soviet embassy official who canceled his appearance late Friday. Schneider, currently assigned to the Strategic Air Command staff at Offutt AFB, and an authority on Soviet affairs, agreed to fill in — and try to represent the Russian view.

He opened his evening talk with several sentences of Russian (he speaks the language fluently), then in English devoted most of his remarks to "our" history and goals.

So well did he pose as a Russian that three out-of-town listeners who arrived after the introduction of Schneider did not realize until late in his talk that he is an American.

Schneider dwelled on the ancient Russian push to acquire warm water seaports, which still accounts for Soviet involvement in the Middle East.

Of detente, he said the United States goal — as Russia understands it — is aimed at breaking up Soviet systems. But for the Soviets, detente means a chance to acquire U. S. technology and goods. With ironic touch, he said the Soviets talk of getting American "software," but what they really mean is hardware to aid their heavy industry.

Schneider said Soviet policy is allied with the Arabs, but really intends to keep Israel strong in order to maintain Israeli-Arab conflict, which Russia can turn to its own goals.

Late in his talk, Schneider reverted to American views on occasion. One such comment: "Daily I give a prayer for communism because it is the only thing that keeps Russia down."

Earlier Tuesday, spokesmen for the Arabs and for Israel

agreed pretty much on one point — that the plight of Palestinian refugees lies at the heart of Middle East problems. But they disagreed on solutions.

Musil Shihadeh, representing the Arab Information Center, blamed the conflict on what he called aggressive Zionism which is determined to make an exclusively Jewish nation.

Israel is unwilling to recognize as humans Palestinians who were dislodged from their homes and business on the creation of Israel in 1948, he said.

Saying he believes Arabs and Jews can co-exist in Israel, Shihadeh declared that if Israel has room to take in more than two million Russian Jews, it has room for the Palestinians.

He noted that Israel bases its right to the land on its Biblical heritage, but he said the scriptures record Abraham as promising a homeland for the Hebrews to his son Ishmael, a Canaanite. Therefore, since the See PROBLEM, page 9

4-H Members Get Judging Tips

YOUNG 4-H'ER Angie Schulz, right, listens to Maurice Boeckenhauer as he points out what to look for when judging swine during Monday's market livestock judging workshop. Daughter of Mr. and Mrs. Don Schulz of rural Wayne, she was one of 26 youngsters who turned out for the all-day workshop. Youths made stops at the Roy Gramlich

farm for sheep judging, the Melvin Magnuson farm for beef judging and the Dwayne Rethwisch farm for swine judging. Wayne County's junior leader organization, Teen Supremes, will award trophies to the top judges in both junior and senior divisions. The organization sponsored the workshop.

Johnson-Ring Wedding Friday

The marriage of Ruth Johnson to Ron Ring was solemnized July 12 in 7 p.m. rites at the First United Methodist Church of Columbus. Parents of the couple are Mr. and Mrs. Merle Johnson of Columbus and Mr. and Mrs. Merle Ring of Wayne.

The Rev. John Epperson of Wakefield and the Rev. Graydon Wilson of Columbus officiated at the ceremony. Soloist was Susan McChristy of Columbus and organist was William Miller of Norfolk.

The bride appeared in a traditional white gown of crystal organza over taffeta. Venice lace overlaid the fitted bodice and fashioned the scoop neckline. Lace was repeated on the cuffs of the shepherd sleeves and topped the wide flounce ruffe encircling the bouffant skirt and chapel-length train. The bride fashioned her fingertip veil of pearls and lace and she carried an enchantment cascade of phalaenopsis orchids, pink bridal roses accented with stephanotis, baby's breath, English ivy and lace streamers.

Maid of honor was Candy Runge of Fremont and bridesmaids were Susan Cline of Fremont, Kay Rudat of Columbus and Mrs. Joe Davis of Norfolk. Pink and green hats accented their double-shaded floral print dresses. Each attendant carried a basket of pink and green carnations.

Bruce Ring of Omaha, brother of the groom, was best man and Jerry Nicholson of Wakefield, Jerry Quandt of Grand Island and Dave Burnett of Webster City, Ia., were groomsmen. Ushers were Mark and Steve Johnson of Columbus, brothers of the bride.

MRS. RON RING

Krista Ring, sister of the groom, was flower girl and candelighters were Jane and Jean Ring, also sisters of the groom.

Mr. and Mrs. Neil Newman of Columbus were hosts to a reception which followed in the church basement. Mrs. Joe Stecher of Columbus registered guests and gifts were arranged by Linda and Cindy Johnson and

Beth Newman, all of Columbus.

Mrs. Frank Urban of Omaha and Debbie Norvell of Laurel cut the cake and Sherry Glur of Columbus poured punch was served by Sherilyn Shack of Papillion.

Following a wedding trip to Colorado the couple will reside in Wayne where the bridegroom is engaged in farming. The bride plans to teach.

Mary Kay is July 5 Bride

July 5 at St. Paul's Lutheran Church of Wayne, Mary Margaret Kay, daughter of Mr. and Mrs. Harry F. Kay of Wayne, became the bride of Gerald L. Stalling, son of Mr. and Mrs. Emil Stalling of Wakefield. The Rev. Doniver Peterson officiated at the double ring ceremony. Arrangements of pink tinted pompons and a candelabra decorated the altar.

Mrs. Ron Wert of Wayne sang "Because" and "The Lord's Prayer," accompanied by Mrs. Doniver Peterson. Gene Kay of Columbus and Bill Matles of Wakefield ushered the guests into the church and lighted the candles.

The bride, given in marriage by her parents, appeared in a floor-length gown of sheer organza, Venice lace, which accented the bodice and stand-up collar, was repeated on the full

sleeves and at the hemline. Her mantilla veil, caught to a carnation cap, was edged with matching Venice lace and she carried pink roses on a white Bible.

Maid of honor was Barbara Kay of Wayne, sister of the bride. Bridesmaids were Joni Stalling and Peggy Stalling of Lincoln, sisters of the groom. They were attired in matching floor-length organza gowns of pink, lavender and yellow respectively featuring white bodices trimmed in lace and long sheer sleeves. They wore garden hats with streamers to match their dresses and carried nosegays of pink tinted pompons and hot pink straw flowers accented with pink, yellow and lavender streamers.

Best man was Steve Stalling of Oaklawn, brother of the groom. Lee Brudigan and Larry Anderson of Wakefield were groomsmen. The men wore black trousers with white jackets trimmed in black and ruffled shirts to match the dresses of the bride's attendants.

Appliance Grips

Something is being done about grips consumers have about home appliances. Four years ago the appliance industry set up an independent advisory panel — the Major Appliance Consumer Action Panel — to resolve consumer complaints.

MACAP is sponsored by the Association of Home Appliance Manufacturers, the Gas Appliance Manufacturers Association and the National Retail Merchants Association. Appliances under its jurisdiction are dehumidifiers, dishwashers, dryers, electronic ranges, freezers, disposers, ranges, refrigerators, room air conditioners, trash compactors, washers and washer-heaters.

If a consumer has an appliance complaint which has not been resolved locally to his satisfaction, he can write or call the manufacturer, giving all details. If that doesn't solve the difficulty, the consumer should write or call collect MACAP, 20 N. Wacker Dr., Chicago, Illinois 60606; telephone 312 236 3175. Consumers should include their name, address and telephone number, and they should give the type of appliance, brand, model, and serial number. Also, they should state the date of purchase, dealer's name and address as well as give a clear and concise description of the problem and the service performed to date.

MACAP cautions that it's important to keep receipts of repairs even when a service call is in warranty. The receipts may be needed to prove an appliance needed excessive repairs and should be replaced.

How effective is MACAP in its functions? From the time of its formation until the end of 1973 the panel had resolved 10,446 complaints and 93 per cent of the consumers were satisfied by the action taken.

Married June 22

MR. AND MRS. JEFF VOSKAMP were married June 22 in double ring rites at the First Plymouth Congregational Church of Lincoln. The bride, the former Susan Leonard, is the daughter of Mr. and Mrs. Cornelius Leonard of Wakefield. The bridegroom's parents are Mr. and Mrs. Stanley Voskamp of Uehling.

Local Dentist Favors Fluoridation

Dr. Wayne Wessel, local dentist, was a guest at the Wayne Senior Citizens' Center last Wednesday and spoke to the group on fluoridation. Twenty-four members were present.

Dr. Wessel told members that 670,000 residents in Nebraska are presently benefiting from drinking fluoridated water. He pointed out that with money, effort and discomfort teeth can be replaced with dentures, but he added, "how else are you going to help your aging hips and backbone?"

During the question and answer period which followed Dr. Wessel was asked how much it costs to apply fluoridation to a child's teeth. He replied that it costs approximately \$4 to treat one child with 20 baby teeth. He also quoted the amount it costs State Welfare to treat an underprivileged child.

Dr. Wessel told members that the city of Wayne, which currently has six water pumps, could install fluoridation equipment at a cost of approximately \$500 per pump with an operating cost of 25 cents a person per year. He added that dental bills could be cut in half.

At the close of the afternoon home-made cookies were furnished by Mrs. Wessel and daughters, Julie, Brenda and Jennifer.

Midgets, Legion Lead Loop

It's been a long time coming, but Wayne's Midgets and Legion led the Ralph Bishop League.

The Legion joined the Midgets on top Monday night with a well earned 4-2 win over former league leader Wakefield in a crucial game for both clubs.

Both Wayne and Wakefield put their best pitchers on the mound — hard-throwing Earle Overin for Wayne against Sam Utecht. But Wayne wasted little time in getting to Utecht, scoring twice in the first when third baseman Randy Nelson and catcher Mike Meyer doubled. Nelson scored on shortstop Kim Baker's single before Meyer ripped his double for a 2-0 lead.

Wayne scored again in the top of the third when Baker, collecting his second of three hits in four at bats, smacked a double and scored on center fielder Gordie Cook's single.

WAYNE SECOND baseman Dave Hix beats out the throw to home in scoring one of Wayne's 11 runs against Wakefield. Awaiting the throw is catcher Doug Starzl.

Wakefield whiffed the gap to 3-1 in the bottom of the third when Overin walked, second baseman Mike Soderberg, Soderberg stole second and advanced to third on a passed ball before Brother Doug singled to put his team on the scoreboard.

Wayne ripped three singles in the next frame to load the sacks before second baseman Charlie Roland, on third, stole home on a passed ball for a 4-1 lead. Then left fielder Neil Blohm took over on the mound, holding Wayne scoreless.

Wakefield scored only once more, in the fifth when center fielder Doug Fischer was safe on first via an error and scored on a fly out to center.

The Legion sports a 9-2 mark in the league while Wakefield stands at 8-2.

Tuesday night Wakefield Legion chalked up its eighth win with a 12-2 blasting of Walhill Winnebago.

Wakefield scored four runs in the first and six in the second. Scott Miller was the winning pitcher.

Wayne Midgets outlasted Wakefield, 14-7, to up their record to 12-1 in the league.

Starting Wayne hurler Paul Mallette and reliever Dave Hix walked in six of Wakefield's runs in the first and second innings after the locals got off to a good start in the top of the first with four runs.

Wayne scored 10 runs in the third when Wakefield's pitching trio of Mike Soderberg, Gary Munter and Jono Kline gave up three hits while walking five and hitting one batter.

'Cautious' Playing by Tate Wins WCC Amateur Meet

A little bit of caution doesn't hurt anyone is the motto of Lee Tate.

The Omaha kept that philosophy in mind Sunday afternoon when he and Craig Waugh of Atlantic, Ia., were in a playoff for the championship of the Wayne Country Club amateur golf tourney.

Tate played cautious and parred the par-four first hole to edge Waugh, who double bogged. "I didn't want to knock the ball out of bounds, so I just played cautious in getting the ball on the green," he said after winning first place.

Both Tate and Waugh fired three under par 105s for 27 holes, with Tate shooting a 33 on the back nine to tie Waugh with 70 after 18 holes. But 70 wasn't good enough to take command at that point.

Ron Bunkers, Stanton, and Doug Jones, Sioux City, both carded 69s to lead the 25-member championship flight going into the final nine. However, Waugh, who shot a pair of 35s earlier, continued his string with another 35, the same as Tate, to throw the tourney into a playoff.

What happened to Bunkers and Jones? Bunkers, who also

fired a 33 in his first nine, finished with a 37 the last nine to fall one stroke behind — 106. Jones shot a 39 for a 108.

There were plenty of local and area golfers finishing in the top four places in the 10 flights. Wayne High School senior Mike Ames led the locals in the win column, taking first in the 10th flight with a 18-hole total of 90.

Other area golfers winning flights were Lyle Trullinger of Wakefield in the second flight, and Bill Rath and Randy Swanson, both of Laurel, in the fifth and eighth flight respectively.

Club officials reported another good turnout, with over 200 golfers entered in the two-day meet.

The next meet will be a club tournament, sometime next month.

Fourth flight — Doug Vest, Schuyler, 76; Jim Vogt, Bancroft, 77; Bill Anderson, Laurel, 79; Gene Sock, Norfolk, 81.

Fifth flight — Bill Rath, Laurel, 82; Ole Anderson, Omaha, 83; Bill Goodwin, Awlen, Ia., 83; Chuck McDermott, Wayne, 84.

Sixth flight — Gene McFadden, Norfolk, 84; Mike Siemsglist, Tilden, 84; Mike Meyer, Schuyler, 85; Jim Maly, Wayne, 87.

Seventh flight — Jeff Johnson, Schuyler, 82; Maurey Ellwin, Lawton, Ia., 83; Walt Moller, Wayne, 84; Jim Knievel, West Point, 87.

Eighth flight — Randy Swanson, Laurel, 82; Willie Mahler, Beemer, 84; Tom McClain, Wayne, 85; Dave Hix, Wayne, 86.

Ninth flight — Jeff Rencke, Schuyler, 84; Terry McMillen, Wayne, 87; Rich Sinek, Norfolk, 87; J. Schutte, Norfolk, 89.

Tenth flight — Mike Mares, Wayne, 90; Gene Claussen, Wayne, 92; Forrest Magnuson, Wayne, 92; Jim Chambers, Thurston, 94.

Winside 4, Carroll 3 — Jim Hampton broke a 3-3 tie in the seventh for Winside's victory.

Diediker Grandslam Guides Laurel to Win

A grandslam home run by shortstop Don Diediker and another homer by left fielder Mike Calhoun powered Laurel Legion past host Walhill Winnebago Monday, 17-4.

Diediker homered in the top of the fourth to up Laurel's lead to 12-3 before Calhoun added the final blow in the top of the fifth for the team's second win in nine starts.

Sterling Stolpe was the winning pitcher, giving up four runs on seven hits.

Hitting wasn't a problem for the Laurel Midgets in the first game, but scoring was.

The Right To Know.

Whose Right Is It?

Journalism's right to print is your right to know, just as the right to speak is also the right to hear. The American press is the communication backbone of this country. It is the measure of our American liberty. Journalism needs young minds and young hands to help keep the American press free. It's hard work. It involves discipline, objectivity, and, above all, the ability to work under pressure. . . pressure of an unrelenting deadline, and pressure from people who want to conceal the truth.

Journalism offers a wide range of careers for young people committed to defending freedom of the press. The opportunities range from editing and photography to public relations. The challenge is endless and the benefits are vastly rewarding. Choose a career in journalism. Help to assure America that its right to know will be protected.

For free scholarship and journalism career information, write the Newspaper Fund, P. O. Box 300, Princeton, New Jersey 08540. Also contact your local newspaper and your school newspaper adviser.

'NEN Plays Big Role In Agricultural Picture'

Northeast Nebraska farmers and cattle feeders play a significant role in the state's agricultural livestock production, said Cal Ward, director of the Northeast Station near Concord.

This portion of the state produces 12 per cent of the total crops in the state, has 19 per cent of the total farms, has nine per cent of the state population

and has total receipts of 21 to 23 per cent of the agricultural dollar, he told Wayne Kiwanians Monday.

These are some of the facts that support the need for the Northeast Station, Ward explained.

In reviewing the Station's history, Ward said construction on the station started about 15 years ago after the C. B. Haskell family of Laurel donated land to locate the station in Dixon County.

Social Security Man To Visit Wayne Soon

George Reed, a representative of the social security office at Norfolk, will be at the Senior Citizens Center in Wayne on Tuesday to help answer questions area residents may have about social security benefits.

Reed noted that persons should be prepared if they are planning to file for social security benefits this year. Needed are social security cards for all family members a person is filing for, birth records and, in death cases, marriage records, he said.

Persons should visit their social security office two or three months before they want their payments to begin, Reed added.

tractor continued forward breaking through a yard fence and striking a tree before it stopped, according to the sheriff's office.

Funeral services for Ison, father of four young daughters, were held at St. Paul's Lutheran Church in Carroll with the Rev. G. W. Gotthberg officiating. Burial was in Elmwood Cemetery at Carroll.

Pallbearers for the services were John Peterson, Gerhard Wacker, Marty Hanson, Arly Hurlbert, Richard Jansson and Kermit Benschel.

Survivors include Ison's wife, Dorothy, four daughters, Joni, Jodi, Janee and Jennifer, all at home, his parents, Mr. and Mrs. Lynn Ison of Carroll, a brother, DuBert of Geneva, 14, three sisters, Mrs. O. J. (Marcy) Jones of Randolph, Mrs. Dwayne (Lynette) Grant of Carroll and Mrs. Gilbert (JoAnn) Foote of Abilene, Tex. and several nieces and nephews.

Born April 2, 1928 on a farm near Hoskins, Ison attended country school near his farm home until moving with his parents at the age of 13 to a farm north of Carroll.

He married Dorothy Stalling on Feb. 26, 1955 and farmed near Carroll all his life except for one year when they lived at Concord.

Ison belonged to the Carroll volunteer fire department and St. Paul's Lutheran Church.

Thought for Today
 By Rowan Wilse

"For they can conquer who believe they can" — Virgil

This old proverb tells us that the first and foremost requisite for success is the individual's belief in his ability to reach a desired goal.

It doesn't necessarily follow that faith alone is an automatic guarantor of success. Experience, knowledge and many other basic tools peculiar to the job at hand must be available. However, assuming that the individual possesses all or part of the necessary tools, belief then becomes a major factor in reaching any chosen goal.

We always provide a complete personal and dignified service for every family who seeks our help. Our friendly yet efficient service is rendered with great concern for the feelings of those we serve.

City hall notes

This liquor business

By Mayor Freeman Decker

Passing of a Sunday on-sale beer ordinance by the city council once again spotlights the liquor controversy in Wayne.

be honest and admit that liquor is readily available for the asking.

on Sunday. I can see no reason to deny the same privilege to other license holders.

example, recently a new filling station opened in Wayne, a city fairly well saturated with filling stations.

have no sympathy for those who violate these laws and regulations.

OBSERVATIONS

Old Settlers and rain

Winside has quite a thing going for itself in its annual Old Settlers Reunion, an event which has attracted hundreds of area residents for miles around every summer since 1900.

After an evening devoted to spotlighting the youngsters, the two-day celebration continues today (Thursday) with a children's parade, grand parade, band concert, softball game, fiddling show, street dance, tractor pulling contest and other events.

All the people in and around Winside who worked to put on that celebration again this year — and that has to include a lot of them — deserve a round of applause for their efforts.

We just wish the celebration would continue what has seemed to become something of a tradition with it in recent years.

Piper City, Ill., Journal

"Seems like we don't hear much about people eating humble pie anymore — maybe it's because it doesn't come frozen."

Sinnott, Texas, Herald

"What this country needs is the income of '66, the prices of '36, the taxes of '26 and the spirit of '76."

Marion, Wis., Advertiser

"Many people yell about our president and all politicians. The morals are bad... and then laugh about people who take off their clothes in public... It sure makes a person wonder!"

Buckeye Valley, Ariz., News

"People are the same everywhere. Natives who beat drums to ward off evil spirits are objects of scorn to smart Americans who blow horns to break up traffic jams."

Variety is the...

Readers are being offered a variety of opinions on this editorial page — everything from those held by a letter writer concerned with the roads in Wayne County to those held by the mayor of Wayne concerned with the liquor licenses in the city of Wayne.

Also printed on this page are comments by the city administrator of Wayne concerning attracting industry to the community and a quiz put together by the president of the Chamber of Commerce of the United States concerning inflation.

We are more than happy to print comments by others in the area — whether they have to do with the

conditions of roads, the liquor business, industry or any other subject which concerns local and area residents.

There are many times when we overlook subjects which deserve comment and times when we avoid commenting on others because we feel inadequately informed.

There are a great many people in this community and the surrounding area who have knowledge and information concerning issues important to all of us.

Guest commentary:

We should be selective

By Fred Brink, City Administrator

In today's American city it seems to be the consensus that industry is the panacea for a community's ills.

In Wayne, I think that we need industry but we must maintain our prerogative of being selective.

There are many divergent schools of thought as to how industrial development in a community should proceed, and this in itself negates the possibility of going to a book that would provide ready-made answers to some of the foregoing problems.

I have noticed a great many "sold" signs on property throughout the city and this in itself may indicate that there may be a possible shortage of housing available when our new industries get into full swing.

All in all, Wayne is ready for growth, but let us let it proceed in a manner that will be mutually beneficial to the city, the citizens and the industries.

How's your inflation IQ?

By Arch Booth, President, National Chamber of Commerce

Inflation seems to be number one on most people's list of major national problems these days, and with good reason.

1. When certain key prices rise, like food or gasoline, this is inflation. True? False?

2. Inflation is caused by big business raising prices. True? False?

3. Inflation is caused by big labor unions raising wages. True? False?

4. Inflation is caused by the federal government. True? False?

5. The way to curb inflation is to impose wage-price controls. True? False?

6. The way to curb inflation is to eliminate government deficit spending and the overexpansion of the money supply. True? False?

7. Business and labor can help fight inflation by increasing productivity. True? False?

8. We needn't worry about inflation. True? False?

9. Taxes should be cut now on people with lower incomes and raised on business. True? False?

Now, here are the answers: 1. False. Inflation is a general rise in prices, although some prices rise more rapidly than others.

federal government spending more than its tax income. When government borrows to cover its excess spending — borrowing mostly from banks — it causes banks to overexpand the supply of money.

2. False. Wage-price controls just conceal the real cause of inflation, and they actually add to inflation by creating shortages.

3. True. Anything that increases productivity weakens inflation. Productivity increases when the output of goods and services increases faster than the total of all the resources — including labor — used in production.

4. True. See answer to question number four.

5. True. Anything that increases productivity weakens inflation. Productivity increases when the output of goods and services increases faster than the total of all the resources — including labor — used in production.

6. False. Inflation raises everyone's cost of living. It hits people on fixed incomes hardest.

7. False. Price increases, whether by big or small business, are a symptom of inflation and not a cause.

8. True. Today's inflation goes back to 1966 and has mainly resulted from the

Higher taxes on business would discourage productivity-raising investment. They would also contribute to inflation by discouraging investment to produce more of the things in short supply.

Sorry state when set-to is needed

Winside

It's a sorry state of affairs when a farmer has to have a "set-to" with the county commissioners to get road maintenance done.

But thanks anyway, Merlin. Although they still haven't been by our place, some of the roads I have to drive on to work are in a little better condition.

(Editor's note: Merlin Reinhard met with the county commissioners during their regular meeting last week to complain about the condition of roads in his area of the county.

Thoughts for the day

THURSDAY — It is in the path where God has made us walk that we shall find angels around us. Genesis 3:1 — Jacob went on his way, and the angels of God met him.

FRIDAY — The gentleness of Christ is the most ornament that a Christian can wear. 1 Samuel 12:14 — Thy gentleness hath made me great.

SATURDAY — Fruit ripened in the sun is sweetest. Jude 21 — Keep yourselves in the love of God.

SUNDAY — Too much taken up with our work, we may forget our Master. John 15:5 — For without me ye can do nothing.

MONDAY — By lifting the burden of others we lose our own. Galatians 6:2 — Bear ye one another's burdens.

TUESDAY — Christians who isolate themselves and walk alone are very liable to grow grossly. 1 Thessalonians 5:6 — Let us not sleep, as do others.

WEDNESDAY — Husband: "I wish that you could make the bread my mother used to make." Wife: "I wish you could make the dough my father used to make."

So they said

"Consumption of energy in the United States increased 4.8 per cent in 1973, despite cutbacks in the fourth quarter after the Arab embargo began.

Supplemental Payments May Be Cut
People who apply for supplemental security income payments may be required to apply for social security payments and other benefits, according to Dale Branch, social security district manager in Norfolk.
The supplemental security income program makes monthly payments to people with little or no income and limited resources who are 65 and over or blind or disabled.
"The amount people get is reduced if they receive social security benefits, pension payments and similar income of more than \$20 a month," Branch said. "So people applying for supplemental security income payments must also apply — if they haven't already done so — for other benefits that may be due them."
People can get information about applying for supplemental

'Don't Worry If Bluegrass Turning Brown'

If you've noticed that your lawn has turned brown the past month, it is probably not due to a disease but rather due to a physiological condition known as summer dormancy, say two University of Nebraska-Lincoln extension plant specialists, Jack Riessotman and David Wysong. Bluegrass naturally tends to go dormant during the hot, dry summer months of July and August, they note, but this natural tendency can be prevented by keeping the soil moist. If you want a green lawn during the summer, follow a good watering program.

If you do not plan to continue a watering program during the hot summer months, you may want to allow the lawn to go dormant. During extended drought conditions, supplemental moisture may be required to prevent extreme drying of the lawn.

The dormancy concept for summer care should not be practiced on newly established lawns or lawns existing on sandy soils or heavy, compacted clay soils, the specialists note. And if you have started watering during the recent hot weather, it would be advisable to continue because lawns may be injured if they are allowed to go dormant after forming lush new growth.

In the fall, when temperatures cool and moisture retention increases, the grass will break dormancy. When this occurs, normal lawn care procedures should be practiced. A late fall watering, to a depth of one foot, will help to prevent soil dryness during the winter months and the early spring growing season.

Garden Tips

What can be done about racoons in the corn?

The most successful way to keep racoons out of the corn is to put up an electric fence, but don't put through a full charge. Repellants may work for a day or so. Some people have recommended laying newspapers around the field because racoons don't like to walk on them, but of course this will not work when the papers are wet.

How do you dry onions?
When the onion tops are dry, braid and hang them in shade where they will be in a draft; or cut the tops off one inch above the bulb, spread them out on a screen and let them dry.

How do you make vinegar from apples?
Squeeze the juice from the apples in the same way as for cider and let it ferment. The bacteria converts the sugar to alcohol, other bacteria converts the alcohol to acid, which makes it vinegar. So all you really have to do is just put the juice in a jug and stand back!

Is it too hot to fertilize lawns now?
Yes. There is no need to fertilize lawns now, it is more important to keep plenty of water on the grass.

Dairy Show Slated

Youths from Wayne and Dixon Counties will show their 4-H dairy animals in the 1974 district dairy show Monday at Arokad Park near South Sioux City.

The show is expected to attract youths from across Northeast Nebraska as well as some from South Dakota and Iowa, according to Wayne County agricultural agent Don Spitzer.

Show Ring Nears Completion

A LONE CLOUD is framed between steel girders in this photograph of the new show ring being built at the Wayne County fairgrounds. The steel building, 100 by 125 feet, will be ready in time for the Aug. 1-4 fair, permitting beef and dairy competition to be held inside it rather than out under the hot sun. Sheep and swine competition will be held in the same buildings as in past years, but they also will be held in the steel building in coming years, according to county agent Don Spitzer.

4H CLUB

Wrangler's
Twenty members of the Wrangler's 4-H Club met July 3 at the Northeast Station. Condor Song practice was held prior to the meeting. Demonstrations were given by Lynette Sawtell on setting a table, Jani Kraemer on vitamins and minerals, and Lori Von Minden on controlling bleeding. Lunch was served by Doug, Danny and Lindy Koester. Lori Von Minden, news reporter.

Do Bee's
Eight members and two leaders of the Do Bee's 4-H Club went to Ponca State Park July 10. The group enjoyed horseback riding, swimming and a picnic supper. They will have a luncheon July 23 at 2 p.m. in the Fritz Kraemer home.

Dixon Belles
The Dixon Belles 4-H Club, accompanied by Mrs. Earl Eckert and Mrs. Duane White, toured Sioux City July 9. They visited Stewart's School of Hair Styling and the Sioux City Public Museum. After a sack lunch in Lois Erickson Park, they visited KCAU and the Fire and Police Departments. Denise White, news reporter.

Helping Hands
The Helping Hands 4-H Club met July 13 in the George Jaeger home with Connie and Joni hosting. Guests were Mrs. Donovan Leighton, Mrs. Edwin Vahlkamp, Mrs. Harry Sueli Jr., Mrs. Carl Berg and Cindy, Mrs. Adolph Meyer, Mrs. George Jaeger, Mrs. Allen Schrant and Linda Anderson. Sixteen members answered roll call by naming a state capital.

Lori Jensen, president, opened the meeting with the 4-H flag salute. Plans were made for the Old Settlers parade float and a display booth at the Wayne County Fair. All members judged food or sewing, and reports were given on day camp. Demonstrations were given by Mary Bowder and Connie Jaeger on child care and toys, Lori Schrant on how to make a head scarf, and Jani Jaeger on different ways of baking potatoes. Lunch was served by Connie and Jani Jaeger and Lori Schrant.

A family picnic is planned for Aug. 25 at the Bressler Park in Wayne. News reporter, Lorie Meyer.

Pleasant Valley
Susan Burmeister hosted the Pleasant Valley Girls 4-H Club July 11 with assistant leader, Mrs. Art Robbe, in charge. Mrs. Melvin Dowling, leader, attended a fair planning meeting in Wayne. Plans were made to attend the judging at Wayne July 17. Fair projects were checked and are nearly completed. Next meeting will be July 23 at the Art Robbe home.

Cloverette
The Cloverette 4-H Club met July 9 in the Myron Meyer home. Eleven members and one guest, Lana Erb, answered roll call by telling what they were going to judge at the Wayne auditorium. Cheryl Meyer gave a sewing quiz, and a demonstration on mud podge and ceramics. The group judged cooking and home living.

Modern Misses
The Modern Misses 4-H Club met in the home of Elizabeth and Frances Prather with 14 members, two leaders, six mothers and two guests present. Members sang songs and discussed picking up trash. They also discussed demonstrations and judging. Lisa Peters will host the next meeting on July 23. News reporter, Lisa Peters.

Gingham Gals
The Gingham Gals 4-H Club held a demonstration night July 8 with 10 members present. Anita Sandahl, the only member, to give her demonstration the next day, won a purple ribbon and will go to the State Fair. The group practiced for song contest and worked on a theme for the booth at the Wayne County Fair when they met July 15 in the Ted Bahe home. July 19th, they will have a club style show in the Ted Bahe home and will model the outfits they made for the fair and for song contest. News reporter, Chris Vakoc.

Hi-Raters
The Hi-Raters 4-H Club met July 11 at the National Guard Armory. Julie Sprouls, vice president, called the meeting to order. Roll call was taken and Julie Maiben read the minutes of the last meeting. Mrs. Rethwisch and Mrs. Osterlander handed out forms for the dress revue and the fair, and Marcia Rethwisch and Julie Sprouls displayed their sewing projects. Members also worked on their "Thought Exhibit." 4-H booth and state fair awards. Rule changes in the fair book were explained by Mrs. Rethwisch. Michelle Kubik, news reporter.

Farmwives' Recipes Wanted

Several recipes have been contributed for use in The Wayne Herald's coming special publication for farm families, but more are needed.

Farmwives who would like to contribute recipes for use in the fifth annual Farmer Feeder Section to be published later this month should send in their contributions within the next few days.

The Farmer Feeder Section will be printed and distributed later this month like the previous issues, it will focus on subjects of interest for farm families in Northeast Nebraska.

Area Students Scholars At NE Tech

Students from Carroll and Wakileia are among 70 students at Northeast Nebraska Technical Community College at Norfolk to be named to the President's Honor List and the Dean's Honor List for the second semester of the 1973-74 school year.

Earning a place on the top honor roll, reserved for students with perfect 4.0 grade point averages, was Keith Bockenhauer, son of Mr. and Mrs. Clarence Bockenhauer, of Wakefield. He was a sophomore majoring in diesel mechanics. On the dean's list, for students with grade averages between 3.75 and 4.0, was Warren Jans-

son of Battie Creek, son of Mr. and Mrs. Warren Jansson of Carroll. Also a sophomore, he was majoring in law enforcement.

Tractor Fire Out Before VFD Arrives

Wayne's volunteer fire department no sooner got on the road toward the Larry C. Echewkamp farm north of Wayne about 8:30 a.m. Monday when firemen were called back.

According to fire chief Cliff Pinkelman, a tractor fire had been extinguished.

Corn Acreage Down 1973
Nebraska farmers planted 6,800,000 acres of corn this spring, up 6 per cent from last year but down 4 per cent from March 1 intentions. Acres for grain is estimated at 6,300,000, up 8 per cent from last year. Of the acres intended for grain, approximately 45 per cent will be irrigated this year. Corn planting was underway earlier than usual and was completed ahead of normal. Corn conditions until the first week in June was reported at good to excellent but dry weather, accompanied by dry southerly winds since then, has caused corn conditions to decline. Much dryland corn is showing drought stress. Early fields are tasseling and many fields were waist high or higher by the 18th of July.

Sorghum
Acreages Decline
Sorghum acreage for grain harvest is estimated at 1,900,000 5 per cent less than last year. Southern acreage to be harvested for beans at 1,100,000 is 2 per cent less than the record high 1973 acreage. Both crops are showing drought stress from the continued hot dry windy weather.

Hay Acreage Down
Nebraska farmers intend to harvest 4,000,000 acres of hay, 3 per cent less than last year. Alfalfa hay acreage is estimated at 1,740,000 acres, down 2 per cent.

Kitchen insects
Six kinds of insects are found in kitchens in almost all kinds of dried foods, and summer temperatures tend to increase the number of them in cabinets and kitchen drawers.

The most common dried food pests confused are flour beetles, carpet beetles and saw-toothed grain beetles. Indian meal moths, drug store beetles and red flour beetles are less frequent visitors in the cupboards.

No dried food is immune to attack. Most species will devour even the hottest spices, such as cayenne and red pepper. Many relish chili powder, cereals, flour, dried fruit, corn starch, crackers, macaroni, spaghetti, cake mixes and corn meal. Everything people eat is subject to the bugs.

The only way to control established infestations is to destroy all infested foods or use them immediately, clean out all cabinets and drawers and store all foods that do not appear to be infested in screw-top containers or a deep freeze.

With higher food prices, we tend to store up bargains for future use. Any dried food product that is not to be used immediately can be protected by storing in a refrigerator or deep freeze. It is best to store in the freezer as temperatures of zero degrees will kill most insects that might have been in foods when purchased.

All-Purpose Garden Spray
Every gardener should have a good all-purpose insecticide-fungicide formula at hand for general spraying during the growing season. With many

products on the market, it is very confusing to know what to buy for what insect.

Several materials on the market can be mixed to make a good all-purpose spray that will be effective for most insects and diseases. A suggested combination for use on ornamentals and some vegetables is a mixture of two level tablespoons 50 per cent Sevin or 50 per cent methoxychlor plus one level tablespoon of 50 per cent diazinon or two level tablespoons 25 per cent malathion.

Sevin and methoxychlor are for chewing insects and some kinds of sucking insects. Malathion or diazinon are for control of aphids and mites. Diazinon is probably better against mites than malathion.

One of the standard fungicides can be added to the insecticides. Maneb, Zineb or Phalton could be added at the rate of two level tablespoons per gallon of spray. Wettable powders are recommended for mixing, as the chance of chemical burn to plants is much lower than with forms of insecticides. If wettable powder insecticides are not available, use the emulsion concentrate but do not mix with other wettable powder.

Mix only the amount that will be used in a short time. If spray mixtures are allowed to stand in water for several hours, they may become ineffective.

One cubic inch of wood consists of thousands of hollow, air-filled cells formed by more than three million cellulose fibers which are bound together by a natural glue called lignin.
