Two young men, one from Wayne and the other a former Wayne resident, were fined in Wayne County court Thursday for possession of marijuana.

Fined \$100 by county judge Joseph Hunker of West Point was Steven Meyer, 18, of Wayne. Former Wayne resident Zachary Harms, 19, paid a fine of \$200. Both paid \$8 court costs in connection with the charge.

The two were arrested on the misdemeanor Aug. 2 and were held overnight in the county jail before posting \$500 bond.

A third young man is out on \$500 bond and has yet to appear in court to face a similar charge.

Filing charges against the three was Budd Bornhoff of Wayne, county attorney. See Fined, page 6

County Agent Bidding for Fine Support at Beef Sale

Wayne County agricultural agent Don Spitzke is hoping for another good turnout for the annual 4-H beef sale scheduled for Wednesday night at the sale barn in Wayne.

Spitzke said last year's sale attracted many businessmen and 4-H supporters from around the county, making it one of the most successful sales in recent years.

"The purpose of the sale is to encourage 4-H'ers to take part in livestock projects, especially in beef projects since beef feeding is one of the main agricultural enterprises in Wayne County," he noted.

By purchasing animals for slightly more than the packer's bid, businessmen and others are telling the 4-H'ers to keep up their work in beef production, he noted.

That helps keep beef production in the area strong, benefiting the rural people as well as the people living and working in the cities and towns in the county, he said.

Approximately 114 animals may be sold during the evening

sale, which begins at 8 o'clock. Thirty-three of those animals may be sold individually while the rest may be sold in pens of three.

Four-H'ers may sell only one lot, either an individual animal or a pen of three, according to Spitzke. Those selling individual animals must have shown calves at the county fair, he added.

The pens of three grouping is a change from the pens of five sold in previous auctions, according to Spitzke. The change was made in an effort to get

Dr. Brandt Gets Post at Wayne State

President Lyle Seymour of Wayne State College announced Wednesday the appointment of Dr. Irvin Brandt as director of planning and development, effective immediately.

Dr. Brandt has been dean of Wayne State's School of Arts and Sciences. He joined the college faculty in 1959, teaching chemistry. A native of Albion, he earned a bachelor's degree from Wayne State in 1955 and later received a master's degree from the University of Wisconsin and a doctorate from the University of Nebraska.

As director of planning and development, a new position, Dr. Brandt will be responsible for collecting and reporting cost data to the state college central board office and for development of a management information system at Wayne State.

Dr. Brandt's successor as dean of arts and sciences will be announced later.

more 4-H'ers to take part in the sale, since it takes less investment to buy and feed three animals than it does five, he noted.

The change has apparently brought about that result, according to Spitzke, since the number of cattle sold this year is likely to be greater than a year ago. There will be about twice as many pens, sold this year, bringing more youngsters into the sale, he added.

Auctioneers for the evening will be Stan Baier of Wayne, Jim Troutman of Winside and Orville Lage of Pilger. Al Wieseler, who operates the sale barn, also is expected to donate his auctioneering efforts during the evening.

Packers will bid on the animals Wednesday afternoon to arrive at the packer's bid on each animal and each pen of three. The difference between

the packer's bid and the bid of 4-H supporters who turn out for the sale is the premium which will be paid to 4-H youngsters as their incentive to continue in the beef business, said Spitzke.

Here's an example Spitzke gives to explain the sale to those unfamiliar with it.

The sale list will give the weight and packer's bid on each animal or pen of three. If John's 1,000 pound steer has a packer's bid of \$49 per hundred pounds and the successful bid during the sale is \$52 per hundred pounds, the premium going to John from the successful bidder is \$30.

Persons unable to attend the auction but who wish to bid on animals may do so through either Lee Foote or Ernie Thayer at First National Bank or See Beef Sale, page 6

150 4-H'ers, Leaders May Attend Dinner

About 150 4-H livestock members and their leaders from across Wayne County are expected to turn out for the banquet in their honor Thursday night at the Student Center on Wayne State campus.

The banquet, first of its kind for the county, is open to youths who participated in 4-H beef, dairy, sheep, swine and horse projects, according to county agent Don Spitzke.

Helping put on the 7:30 p.m. banquet are the Wayne Chamber of Commerce, which donated \$150; swine producer Dick Sorenson of rural Wayne, who donated two hots, and Broughton Food Service, Inc., which donated food for the banquet.

Present for the dinner will be an extension livestock specialist from the University of Nebraska who will show slides and talk about livestock production.

Presented during the evening will be trophies won by the youngsters at the recent county fair. Approximately 18 trophies will be awarded during the evening.

Master of ceremonies for the banquet will be local radio announcer Mike Jacobsen, and the Rev. Kenneth Edmonds of the First United Methodist Church in Wayne will give the invocation.

SINGING must be a family affair at the Gary Erwin home near Concord, for these three daughters of the rural couple won a purple ribbon and a trip to the state fair in Lincoln during Thursday night's Dixon County 4-H song contest at the Northeast Station. 'No Fine Day'

Persons who have books, records, pictures, pamphlets and other materials which are past due at the Wayne public library may return them free of charge on Thursday, reports librarian Kathleen Tooker.

The library is holding the "no fine day" to encourage persons with overdue materials to return them to the library so other people can make use of them, she said.

Library hours during the summer are 7 to 8 p.m.

4-H Singers Tune in on State Fair

Three singing groups from Dixon County are eligible to compete in the state fair in Lincoln this year as a result of their performances in Thursday night's county contest at the Northeast Station near Concord.

And one of those groups is composed of three sisters — Susie, Lori and Kari Erwin, daughter of Mr. and Mrs. Gary Erwin of rural Concord.

The three sisters, who belong to Future Feeders 4-H Club, were one of two groups to earn purple ribbons during the contest.

Also receiving a purple ribbon along with its ticket to the state contest was the Wranglers 4-H Club's mixed song group composed of Diana Will, Jeff Creamer and Lindy Koester, all of Concord, and Lori VonMinden and Scott McAfee, both of Allen.

Earning the other trip to the state fair was another group from the Wranglers, the boys singing group composed of Kevin Kraemer and Mark Creamer, both of Concord, and Stan McAfee and Jack Warner, both of Allen. They earned a blue ribbon.

Ernest Swanson of rural Wayne is the leader of the trio of Erwin sisters which won the trip to Lincoln while Mr. and Mrs. Frank Lueger of Allen are the leaders for the other two state fair bound groups. Song director for the Wranglers is Barb Creamer of Concord.

Earning purple ribbons and a

chance to compete at Lincoln in the song identification contest were two 4-H'ers, Lori VonMinden of Allen and Ann Muller of Wakefield.

Two small girls singing groups from the Concordettes 4-H Club won blue ribbons in the contest, and a third singing group from the Wranglers, a mixed song group, also earned a blue ribbon.

The song contest was one of several pre-fair contests last week. The Dixon County Fair began Sunday night with the traditional vesper services in front of the grandstand at Concord. The fair runs through Wednesday night.

Among activities slated today (Monday) are 4-H horse show at 9 a.m., free barbecue at 5:30 p.m. and grandstand show at 8

State Champs Lead Train Of Backers

After Sweep

WITH plaque held high, Wayne's state champion Legion team leads a caravan of backers in town Wednesday afternoon after sweeping the Class B state tournament in Aurora in three straight games. Leading the caravan and holding their plaque high are, from left, Randy Workman, Mike Meyer and Kerry Jack. A fire department truck led the group of about 25 cars as it snaked through town with lights shining and horns blowing in recognition of the Legion team's first state crown since 1963 when both the Legion and Midgets swept the state tournament. This year the Legion downed Aurora twice, 6-1 and 6-4, and defeated Holdrege, 7-2, to go undefeated in the state contest. Kneeling with the players in front of one of the cars in the caravan driven by Nancy Meyer, sister of player Mike Meyer, are coach Hank Overin, left, and balboyson Steve. Rural Man Jailed After Shooting

A 26-year-old rural Wakefield man, Charles Schultz, was jailed in Dixon County jail in Ponca on a charge of assault with intent to inflict great bodily injury in connection with a shooting incident at Wakefield early Thursday morning.

Schultz is suspected of shooting Robert Bladt, 32, of Wayne on a street in Wakefield about 1 a.m. Thursday, according to Dixon County sheriff Dean Chase.

Bladt, who suffered shotgun pellet wounds in the thumb, face, chest and leg, was treated at the Wakefield hospital and released later that morning, Chase said.

Schultz was arrested by Dixon County deputy sheriff Alan VanBuskirk at Schultz's farm home about four miles west of Wakefield about three hours after the shooting, Chase said. The shotgun believed used in the shooting was recovered, he said.

Assisting the sheriff's office in the arrest were the sheriff offices from Wayne and Thurston Counties, Wakefield police department, and the state patrol.

Schultz is to be arraigned before county judge David Curtis of Laurel at 2:30 p.m. on Aug. 20, according to Chase.

Schultz, formerly of Wayne, failed to post the \$25,000 bond set by associate county judge Walter Malcolm when arraigned before him Friday, Chase said.

The queen will be crowned Wednesday night in front of the grandstand at the fairgrounds in Concord. Crowning will follow the annual livestock parade on the last evening of the fair.

OBSERVATIONS

Inflation has zipped right along lately, apparently too fast for us to keep up with the estimates on installing new traffic lights on Main Street in Wayne are any indication.

According to the city administrator, Fred Brink, it will cost about \$20,000 to put up new lights at the intersections of Second and Third Streets on Main.

My lord, we can remember when \$20,000 would have bought a pretty plush home. Well, maybe not plush, but at least one that you wouldn't have to be ashamed of.

And we can remember when somebody getting a \$20,000 salary was in the upper

crust of society, somebody who had something that very few others had and was able to get top money for his talents.

Why, we can even remember when somebody with \$20,000 in the bank would have been set for life, nearly able to retire at an early age.

And now they want \$20,000 to put up a couple traffic lights at Second and Third Streets?

One of the councilmen who heard the city administrator quote that figure pretty well summed up our feelings when he said, "Is that gold-plated?" —Norvin Hansen.

A good investment

Considering the tremendous losses area farmers are suffering this year because of the drought, Wayne County businessmen might be making an extra good investment by purchasing the 4-H cattle which will be on the block during the annual sale Wednesday night.

If businessmen will turn out in good numbers it will show the future farmers and their parents that the business community is backing them in their efforts to make a fair living off the land. It might be just the psychological plus which will keep a young man headed in the direction of some type of career in agriculture. And, the money a youngster makes by selling his calf or calves during the sale might be just enough to get him started building up his own herd or buying equipment to start farming himself.

If businessmen can do that, if they can keep intelligent, aggressive young people interested in farming rather than becoming dejected over recent dry weather and low livestock prices, they will be doing both themselves and the young people a favor.

The farmers and feeders in the Wayne area are the economic backbone of this community, even though many of us fail to realize that fact sometimes. If those farmers and feeders are in financial trouble, the trouble will soon enough seep into this community. Whatever the local and area businessmen can do to keep agriculture a going concern in this part of the state is nothing more than an investment in the future. It's not much different, it seems to us, than a businessman remodeling his store in hopes of attracting more customers. —Norvin Hansen.

It should come as no surprise to know that the federal government has a lot of money to play with. Now that they take at least two bits out of every dollar you earn, the amount of money the federal government has to play with is nothing short of fantastic.

Between one thing and the other, some estimates have it, the federal government has 4 to 6 billion dollars a day in cash money to play around with. Well, with that kind of money on hand, you just can't keep the cash in a cookie jar. What in the world do you do with 4 to 6 billion dollars of cash money every day?

What the federal government does is what a lot of ordinary people do. The federal government puts the money into banks. Just plain, ordinary, everyday banks. Well, wait a minute, not exactly, just plain, ordinary banks. The government puts its money into certain banks. Or, at least, they put most of their money into certain banks.

Those certain banks, if probably won't surprise you to know, are the super banks. The monster mausoleums of money.

Of all the nation's 14,000 commercial banks, 102 of them get almost half of the federal money. Just the 50 largest banks in the country get more than a third of

the federal government's loan and tax accounts.

Chase Manhattan Bank was recently reported to be holding 177 million dollars in federal loan and tax account money. Bank of America was down for 149 million. First National City had 139 million. Security Pacific National Bank had 109 million, and so forth.

The most obviously interesting fact is that the money is concentrated so heavily and not really spread out very much. But then, big government and big business always have had a lot in common. The less obvious fact is that the billions upon billions of dollars that the federal government deposits with the big banks is deposited in non-interest bearing accounts. That's right! The billions of dollars don't draw any interest from the banks.

With these huge amounts of federal money to play with, money for which they pay no interest, the banks can be expected to have a real field day, and apparently they do.

One estimate has it that the billions of dollars that the federal government deposits in the banks, enable the banks to make a wind-fall profit of some 230 million dollars a year. They have the billions of federal dollars to back up their own loans. People pay exorbitant interest to get those loans. But the banks don't pay a penny in interest to get those billions of dollars from the federal government.

It's nice work if you can get it. And you can get it if you happen to be a big banker wheeling and dealing with the big government.

THIS SUMMER'S drought didn't seem to bother the gardens of a couple Winside and Wayne residents.

Mrs. Andrew Mann of Winside picked a tomato in her garden a few days ago which weighed in at two pounds, one ounce. Her husband purchased the seeds last spring from Miller's Market and planted them in his hot bed. Later he moved the plants to his garden where they have been producing some giants. The couple watered the plants a little during the dry spell, but not much more than they do during a normal year.

In Wayne, John Barnes at 415 Lincoln St. has been picking some green beans with pods 22 inches long. The beans, which he says are called yard long beans, are the same ones he planted years ago and surprised his friends with when they started producing pods. He lost the seeds and only this spring found some more to plant in his garden.

Included were 17 area youths learning some of the basic skills from the 12 all-star high school players. One Wayne youngster, Dave Schwartz, picks up some tips from Tom Ritzdorf of Howells on defensive guarding. Also attending the camp from Wayne were Dan Mitchell, Rick Johnson, Brent Holdorf, Scott Wessel, Duane Smith and Jeff March. Other area youths were Bart Gotch and Darwin Klauer of Allen, David Lundgren, Joey Olsen, Tom Shajer, Jamie Johnson, Bryan Bass, Mark McCorkindale, Rusly Gade and Blake Maxon, all of Laurel.

Wayne to Play

Scribner in

Dodge Tourney

Wayne's town team will play Scribner in the first round of the eight team Dodge County baseball tournament at 1 p.m. Friday.

According to team manager Hank Overin, Randy Benish probably will pitch for Wayne. He may go against former Wayne player, Paul Eddie, who now plays for Scribner, Overin said.

Semifinal play is scheduled for Saturday, with the finals Sunday. Also competing in the tourney from the Northeast Nebraska Baseball League will be Newcastle and Homer.

Wayne was scheduled to end its league playoff tournament with Homer Sunday night at Homer after a wet field forced postponement Thursday. Because of the delay, the teams agreed to cut the scheduled best-of-three-game series to one game.

The reason the playoff site was shifted from league winner Wayne to Homer is because "Wayne draws a poor gate. At Homer we would double or even triple the crowd Wayne would have," said Overin.

City Football

Starts Soon

Recreation football practice for all seventh and eighth grade students in Wayne and the surrounding area will start Wednesday at the city ball park, reports city recreation director Hank Overin.

Practice sessions will start at 1 p.m. and last until 3:30, said Overin. Those intending to play should bring a pair of cutoff pants, T-shirt and football spikes, if available, he pointed out.

There will be a \$10 fee for boys who live outside the city limits.

Practice sessions for boys in grades three through six will start once school begins.

Steaks A Fryin'

"TREMENDOUS!" That's a description of reaction from the North All-Star basketball players who were guests at the annual steak fry hosted by the Wayne Chamber of Commerce last week. Individual Chamber members brought two important items — a player or coach and two steaks. While smoke wafted tempting aromas, guests and hosts chatted about the North confrontation with South All Stars Friday night in Lincoln's Pershing Auditorium. Among the chatters were, from left, Dale Gutshall, Ernest Thayer and Ken Liska, with All-Star-tee-shirt clad Kevin O'Conner of North Platte St. Pat's. The North team, coached by Wayne native Al Bahe won that contest 93-88.

Teams 2, 24 Win Season Golf Titles

Teams 2 and 24 are the season divisional winners in the Wayne Country Club men's golf league. They claimed first place in the Pro and Con divisions, respectively, in Wednesday's final round of the summer before heading into the eight-team playoff tournament.

Team 2 (W. E. Siemsgutz, Maury Vogel, Ron Zicht, Art Barr) won its division by one and a half points while Team 24 (Darrel Fuelberth, Dale Guls hall, Leonard Nicol, Kent Hall) were six and a half points ahead on its nearest rival.

Playoffs start Wednesday with Team 2 facing Team 25, 15 facing Team 22, 4 facing 18 and 24

playing either 3 or 5. Both 3 and 5 were scheduled to break a tie for fourth place in the Pro league before the playoffs start. The league playoffs will run three weeks.

Uniforms Wanted

All Wayne Midget and Legion players should return their uniforms to coach Hank Overin sometime this week. The uniforms should be washed and folded, Overin said.

The white crappie is also known as the calico bass in some areas.

The Service Station

Larry Boyce, son of Mrs. Alice Boyce of Wayne, completed 20 years of service in the Navy before retiring last month. Last year Boyce was aboard the USS Independence at Patuxent River, Md.

Boyce and his wife, Reta, have two sons, David and Mike, and a daughter, Kathy. The family lives in Hollywood, Md.

Shortcut

PLAYING TENNIS isn't always a case of hitting a ball across a net. Sometimes a high lob can end up outside the playing courts, which is just what happened during the Wayne County Jaycees tennis tournament Thursday at the college courts. But young Todd Forstler of Norfolk found a shortcut, climbing over the 12-foot chain-link fence. Here, he lucks the ball in a pocket and climbs back over.

Swimmers End Season With 0-4 Mark

Wayne's swim team dropped its dual contest Thursday night at Wausa, finishing the season 0-4 in dual competition. Again the lack of depth hurt Wayne as Wausa scored 308 to the locals 186. Peg Pinkelman was the star girls swimmer, winning the 13.14 year old butterfly and individual medley along with the 15.17 year old breaststroke. In addition, the veteran swimmer helped anchor Wayne's 13.14 girls medley and freestyle relay teams' both scoring firsts.

Kevin Koenig, competing in the 10 and under freestyle, was disqualified for changing lanes after he beat his opponents. Although Wayne finished winless this season, coach Doug Krecklow pointed out that the team was second in the Creigh

ton and Elgin invitational. "We achieved more first and second places than any other team in the events in which we swam," Krecklow said. "We have fine quality swimmers, but lack the quantity to win meets." Krecklow summarized the summer season as "interesting" having come from Omaha and an outstanding swimming program. I was quite amazed to see such excellent swimming potential. I feel that with more depth we could be very good."

North Stars Dump South

For the third consecutive year the North struggled off the underdog role to defeat the South All Stars, 93-88, in the sixth annual Nebraska Coaches Association North South All Star basketball game. Former Creighton Prep star Scott Hawk set the pace for the winning North in the all star classic played at Lincoln's Pershing Auditorium Friday night. Hawk set a series record when he ripped the nets for 11 baskets in 16 tries, mostly on 15.20 foot shots from his high post station just beyond the free throw line. Hawk also led his teammates in rebounds with eight. North coach Al Bahe, formerly of Wayne and now of Fremont, was concerned about the South's height advantage throughout last week's workout at Wayne State College. But Hawk's play likely made the difference in one of the closest and best played of the six all star basketball games. Alliance's Kevin Hand tallied 20 points in second half scoring for the North as the team shot mostly from the outside.

Mishap Near Waterbury Kills SSC Woman

A 34-year old South Sioux City woman, Mrs. Diane Matson, died Thursday night when the pickup she was riding in tipped over and pinned her beneath it on a gravel road two miles southwest of Waterbury. Mrs. Matson was riding with three other persons in the pickup box when the accident happened about 9 p.m., reports the Dixon County sheriff's office. They were a sister, Vicki Cramer, and Nancy and Juanita Hankins, all of Waterbury. They were taken to a Sioux City hospital by the Allen rescue unit. Both Hankins girls were listed in fair condition Friday night while Miss Cramer was treated and released. Driver of the pickup was Robert Cramer, 19, of Waterbury, a brother of the dead woman. He and Mrs. Matson's daughter, Sherry Ann, were in the cab and were not injured in the accident, according to the sheriff's office. The accident happened when Cramer tried to fix a stuck gas pedal and lost control of the vehicle, according to the sheriff's office. Mrs. Matson's father, Harry Cramer, also of Waterbury, reportedly collapsed when he went to the accident scene. Hospitalized at Sioux City, he was listed in fair condition Friday night. Mrs. Matson was born and lived all her life in South Sioux City. She is survived by her husband, Floyd, her daughter, parents, three sisters and three brothers.

Rain Delays Jaycees Tennis Tourney

Rain Saturday forced postponement of the semifinals and finals competition in the scheduled last day of the three-day Wayne County Jaycees tennis tournament.

Nine events of the 12-event tournament were slated to be completed Saturday after three winners earned the No. 1 ranking in the 14-and-under boys singles, mixed doubles and 15-18 boys singles in Friday's action.

In an all-Norfolk final, Dan Brummond defeated Dan Walters, 6-1, 6-1 to take the boys 15-18 singles trophy. Norfolk again was strong in the mixed doubles as Jerzy Nedrow and Mark Forster defeated Wayne couple Carol Norin and Dennis Stroh with a pair of 6-2 scores.

In an all-Wayne final, Doug Rose beat John Keating, 6-2, 6-3 for first place in the 14-and-under boys singles.

The third annual JC-sponsored meet drew about 74 entries, the largest so far.

Wayne to Play Scribner in Dodge Tourney

Wayne's town team will play Scribner in the first round of the eight team Dodge County baseball tournament at 1 p.m. Friday.

According to team manager Hank Overin, Randy Benish probably will pitch for Wayne. He may go against former Wayne player, Paul Eddie, who now plays for Scribner, Overin said.

Semifinal play is scheduled for Saturday, with the finals Sunday. Also competing in the tourney from the Northeast Nebraska Baseball League will be Newcastle and Homer.

Wayne was scheduled to end its league playoff tournament with Homer Sunday night at Homer after a wet field forced postponement Thursday. Because of the delay, the teams agreed to cut the scheduled best of three game series to one game.

The reason the playoff site was shifted from league winner Wayne to Homer is because "Wayne draws a poor gate. At Homer we would double or even triple the crowd Wayne would have," said Overin.

Steaks A Fryin'

"TREMENDOUS!" That's a description of reaction from the North All-Star basketball players who were guests at the annual steak fry hosted by the Wayne Chamber of Commerce last week. Individual Chamber members brought two important items — a player or coach and two steaks. While smoke wafted tempting aromas, guests and hosts chatted about the North confrontation with South All-Stars Friday night in Lincoln's Pershing Auditorium. Among the chatters were, from left, Dale Gutshall, Ernest Thayer and Ken Lisika, with All Star tee-shirt-clad Kevin O'Conner of North Platte St. Pat's. The North team, coached by Wayne native Al Bahe won that contest 93-88.

Teams 2, 24 Win Season Golf Titles

Teams 2 and 24 are the season divisional winners in the Wayne Country Club men's golf league. They claimed first place in the Pro and Con divisions, respectively, in Wednesday's final round of the summer before heading into the eight-team playoff tournament.

Team 2 (W. E. Siemsgulz, Maury Vogel, Ron Zicht, Art Barr) won its division by one and a half points while Team 24 (Darrel Fuelberth, Dale Gutshall, Leonard Nicol, Kent Hall) were six and a half points ahead on its nearest rival.

Playoffs start Wednesday with Team 2 facing Team 25, 15 facing 22, 4 facing 18 and 24

playing either 3 or 5. Both 3 and 5 were scheduled to break a tie for fourth place in the Pro league before the playoffs start. The league playoffs will run three weeks.

Uniforms Wanted

All Wayne Midget and Legion players should return their uniforms to coach Hank Overin sometime this week. The uniforms should be washed and folded, Overin said.

The white crappie is also known as the calico bass in some areas.

Larry Boyce, son of Mrs. Alice Boyce of Wayne, completed 20 years of service in the Navy before retiring last month. Last year Boyce was aboard the USS Independence at Patuxent River, Md. Boyce and his wife, Reta, have two sons, David and Mike, and a daughter, Kathy. The family lives in Hollywood, Md.

Shortcut

PLAYING TENNIS isn't always a case of hitting a ball across a net. Sometimes a high lob can end up outside the playing courts, which is just what happened during the Wayne County Jaycees tennis tournament Thursday at the college courts. But young Todd Forster of Norfolk found a shortcut, climbing over the 12-foot chain-link fence. Here, he tucks the ball in a pocket and climbs back over.

Holtorfs Return To Wakefield

Mr. and Mrs. George Holtorf returned home last week following a seven-week trip to Oregon, Washington, Canada and Alaska.

Holtorfs visited Mr. and Mrs. Art Kohlmeier at Hillsboro, Ore. and Margaret Kohlmeier at Longview, Wash. At Tacoma, Wash. they were joined by Mr. and Mrs. John Holtorf who accompanied them to Canada and Alaska.

From Prince George, British Columbia, they traveled to Hudson Hope where they turned the WAC Bennett Dam, one of the largest earth filled dams in the world. They also visited Whitehorse, Yukon territory and Fairbanks, and flew to Katzebe, an eskimo village north of the Arctic Circle. From there, Holtorfs flew to Nome, where they visited a gold dredge mine.

After arriving back at Fairbanks, Holtorfs toured Mt. McKinley National Park before traveling to Anchorage. At the Kenai peninsula, they visited Homer, Seward and Matanuska Valley at Palmer and Valdez where they saw the new oil pipeline which will run from Prudhoe Bay to Valdez. The pipes are 48 inches in diameter and one half inch thick.

They toured Dawson City whose population, which was once over 2,000 during the gold rush, is now approximately 500 people.

Enroute home they visited Jasper National Park, Lake Louise, Banff National Park, the Dakota Boys Ranch at Minot, N.D. and the Crn Palace at Mitchell, S.D.

Safety First

ABOUT 30 Wayne youngsters took the safety course Tuesday offered by assistant chief E.L. "Pat" Hailey, one of his last duties before retiring last week from the police force. The youths, who will be entering kindergarten in a few days, learned how to read signal lights and street signs.

Funeral services will be held Tuesday at 10:30 a.m. at the United Lutheran Church, Laurel for Harold Twiford, 64, of rural Laurel. He died August 16 at a Sioux City Hospital. Burial will be in the Laurel Cemetery.

The body will lie in state at the Wiltse Mortuary, Laurel until the time of the service.

A 34 year old South Sioux City Woman, Mrs. Diane Matson, died Thursday night when the pickup she was riding in tipped over and pinned her beneath it on a gravel road two miles southwest of Waterbury.

Mrs. Matson was riding with three other persons in the pickup box when the accident happened about 9 p.m., reports the Dixon County sheriff's office. They were a sister, Vicki Cramer, and Nancy and Juanita Hankins, all of Waterbury. They were taken to a Sioux City hospital by the Allen rescue unit.

Both Hankins girls were listed in fair condition Friday night while Miss Cramer was treated and released.

Driver of the pickup was Robert Cramer, 19, of Waterbury, a brother of the dead woman.

He and Mrs. Matson's daughter, Sherry Ann, were in the cab and were not injured in the accident, according to the sheriff's office.

The accident happened when Cramer tried to fix a stuck gas pedal and lost control of the vehicle, according to the sheriff's office.

Mrs. Matson's father, Harry Cramer, also of Waterbury, reportedly collapsed when he went to the accident scene. Hospitalized at Sioux City, he was listed in fair condition Friday night.

Mrs. Matson was born and lived all her life in South Sioux City. She is survived by her husband, Floyd, her daughter, parents, three sisters and three brothers.

Swimmers End Season With 0-4 Mark

Wayne's swim team dropped its dual contest Thursday night at Wausa, finishing the season 0-4 in dual competition.

Again the lack of depth hurt Wayne as Wausa scored 308 to the locals 186.

Peg Pinkelman was the star girls swimmer, winning the 13 1/2 year old butterfly and individual medley along with the 15 1/2 year old breaststroke. In addition, the veteran swimmer helped anchor Wayne's 13 1/2 girls medley and freestyle relay teams' both scoring firsts.

Bud Meyer and Doug Marr

were the top boy swimmers, each winning three firsts. Marr, 11 1/2, won the butterfly, free style and individual medley, and Meyer, 13 1/4, won the butterfly, breaststroke and individual medley. They also swam on the second place medley and free style teams.

Kevin Koenig, competing in the 10 and under freestyle, was disqualified for changing lanes after he beat his opponents. Although Wayne finished win less this season, coach Doug Krecklow pointed out that the team was second in the Creigh

ton and Elgin invitational. "We achieved more first and second places than any other team in the events in which we swam," Krecklow said. "We have fine quality swimmers, but lack the quantity to win meets."

Krecklow summarized the summer season as "interesting having come from Omaha and an outstanding swimming program. I was quite amazed to see such excellent swimming potential. I feel that with more depth we could be very good."

Wayne swimmers will take about six weeks off before preparing for the winter AAU program.

North Stars Dump South

For the third consecutive year the North shrugged off the underdog role to defeat the South All Stars, 93-88, in the sixth annual Nebraska Coaches Association North South All Star basketball game.

Former Creighton Prep star Scott Hawk set the pace for the winning North in the all star classic played at Lincoln's Pershing Auditorium Friday night.

Hawk set a series record when he ripped the nets for 11 baskets in 16 tries, mostly on 15 20 foot shots from his high post station just beyond the free throw line. Hawk also led his teammates in rebounds with eight.

North coach Al Bahe, formerly of Wayne and now of Fremont, was concerned about the South's height advantage throughout last week's workout at Wayne State College. But Hawk's play likely made the difference in one of the closest and best played of the six all star basketball games.

Alliance's Kevin Hand faltered 20 points in second high scoring for the North as the team shot mostly from the outside.

Eleven Answer Roll Call At WCTU Meet Tuesday

Eleven members answered roll call with a Bible verse when the Friendship Women's Christian Temperance Union met Tuesday afternoon at the Logan Center Church.

Mrs. Glen Magnuson was program chairman and gave devotions. Her theme was "Women's Role in World Affairs." A report on the last chapter of the study book, "Heritage and Dedication," was given by Mrs. Allen Prescott.

During the business meeting, members were reminded of the state centennial convention Aug. 22-23 at Lincoln. Yearly reports will be sent to state officers.

Newly elected officers are Mrs. Lucille Thompson, president; Mrs. Allen Prescott, vice president; Mrs. Hans Johnson, secretary; and Mrs. Kenneth Olson, treasurer. Directors will hold office for another year.

Ulrichs Return from Alaskan Trip

Mr and Mrs. Erwin Ulrich, accompanied by their son and wife, Dr. and Mrs. Merwyn Gene Ulrich of LeMars, Ia., left July 16 for Alaska, traveling by camper.

The Erwin Ulrichs have visited all 50 states, in addition to Mexico, Manitoba and Ontario, Canada, and eight countries in Europe.

Upon arrival at the Canadian border, Ulrichs learned of recent rains and washouts on the Alaskan Highway. At Saksatoon, Canada they were informed that, if it would take approximately ten days to two weeks before they would be able to travel the roads, and they proceeded to visit the Canadian Rockies, Banff National Park, Lake Louise, Calgary and Jasper and other scenic points at British Columbia, Alberta and Saskatchewan.

In Seattle, Ulrichs visited a

grandson, Brian and his family, a nephew and family, Mr. and Mrs. Robert Ulrich, and with the Don Podoli family, formerly of the Hoskins area.

From Seattle, the group flew to Anchorage, Ak. where they rented a car and drove several hundred miles, viewing glaciers, icebergs, and the Salmon run at Moose Creek. They also visited the Alaska experiment farm and gardens where some of the largest heads of cabbage, up to 45 lbs. are grown. Mrs. M. Ulrich, whose father has a dairy in Oklahoma, was particularly interested in the dairy herds which occupied the experiment farm.

The Ulrichs visited Mr. and Mrs. Gordon DeVoy at Anchor age. Mrs. DeVoy was the former Mary Schroeder of Hoskins.

They spent several days at Haines, Ak. where they boarded the New Columbia Ferry traveling the Alaska Marine Highway. On the ferry they were met by a niece, Mrs. Robert Ulrich.

Enroute home, they visited E. Ulrich's cousin, Ernest Leiber of Seattle, Wash. and Mrs. Lena Stauss of Portland, Ore. They also visited Mr. and Mrs. Roy Neary of New Plymouth, Idaho, the Bob Wesley family, the Sam Ulrichs and Carl and LaDonna Wilkerson of Boise, Idaho, all former Hoskins residents.

Ulrichs toured Yellowstone State National Park and the Black Hills, which they visited the first time in 1929. They reached LeMars, Ia. Saturday evening and returned to Hoskins Aug. 11.

NOTICE

Real Estate Owners Of Wayne County

Nebraska law requires that all counties in the state must be finished with up-dating appraisals by January 1, 1977. Each parcel of real estate must be examined.

This up-dating will consist of the viewing of all buildings on each parcel of real estate. In order to appraise a building, the lister must see the interior of the structure. We like to know as much as possible about each property so we can do a better job. All field representatives will carry letters of identification which they will be glad to show upon request.

If an interior inspection is refused, it will become necessary to estimate the interior (which in most instances would not benefit the taxpayer).

DONALD HARMEIER

BONNIE LUND

This up-dating will be done by local personnel consisting of two listers and the office personnel in the assessor's office. The two listers are Donald Harmeier, Carroll and Bonnie Lund, Wayne. They are being trained by the State Tax Commissioner's Office and will be assisted by personnel from that office. In order that they can do a first class job, they must have every taxpayer's cooperation.

Inspections Will Begin The Last Week Of August In The Wayne Area.

What Is A Teacher?

Baseball... Grasshoppers... Little girls... Snakes... Young love... Little boys... and how to live three months of the year without a paycheck.

While grateful parents spend their evenings watching television, attending cocktail parties, complaining about the high cost of the school system, teachers spend their evenings correcting examination papers... Smiling at people at parent-teacher meetings... and wishing they had become stenographers.

Teachers can be found after school — Taking aspirin, picking up spitballs, washing blackboards, rehearsing plays, sewing angel costumes for Christmas pageants — and just sitting at a desk waiting for strength to get home.

TEACHERS ARE EXPECTED TO: Go to church... Keep out of debt... Have creative minds (but not disagree with the board of education)... stay away from cigarettes, beer and bingo games... and give willingly to the United Fund.

A teacher dispenses magic... Sells futures... Dreams are her stock in trade...

From her small classroom will come the doctors of tomorrow, the men who will go to the moon, the great artists and novelists of the year 2000... The industrial tycoons and all the leaders America will need to survive in a puzzled world...

She's the future of the world with a ruler in her hand... Progress—with a pencil back of her ear.

Underpaid, unappreciated at times, harried and overworked, she gains her pay in secret satisfaction...

Secretly, she will admit, "I have the great-est job of all..."

And she has...

Because she holds the history of the world in the palm of her little hand... She's a teacher.

WHAT IS A TEACHER?: A teacher is many things... She's knowledge with a smile on her face... Democracy with a book in her hand... Wisdom with a flick of white chalk-dust on her left eyelid.

She comes in all sizes and temperament... Short, tall, skinny, plump... Laughing, serious, happy and sad.

She's the future of the nation in a sack dress... Love, with a college education.

In her everyday work week, she's expected to be: Diplomat, philosopher, politician, fight referee, pediatrician, policewoman, practical nurse — and quiz program conductor.

SHE HAS LITTLE CHILDREN in her eyes... And all her dreams are young dreams.

She's a psychiatrist without a couch... Politician without a promise... Baby-sitter without the right to raid the icebox.

She makes money than a dishwasher... Or a ditchdigger... or a garbage collector...

She makes less money than a woman wrestler... Burlesque strip-tease dancer... Or the woman blackjack dealer in Nevada.

Her days are filled with school bells... Young chatter... Chalk dust... Waving hands... Questions... and worried parents.

A TEACHER IS EQUALLY ADEPT AT: Blowing small noses, teaching fractions, putting on galoshes, finding lost mittens in dark clock-rooms — and making parents feel good at parent-teacher meetings.

She spends four years in college, studying hard, in order to learn how to: Make orange paper pumpkins at Halloween, umpire baseball games at recess time, tell young boys to throw bubblegum in the wastebasket.

IN ADDITION TO knowing all there is to know about reading, writing and arithmetic, not to mention science, biology, history and music, a teacher has to be an authority on —
