Looking for Bargains

THERE WERE plenty of bargains at the annual Wayne Kiwanis Club white elephant sale Thursday afternoon and night. Shoppers from around the area took advantage of reduced prices both on consigned and donated merchandise at the city auditorium. According to club secretary treasurer Vern Fairchild, the club will net about \$300 this year. Looking over some of the items (above) were Mr. and Mrs. Tony Brown of Wayne, while Mr. and Mrs. Dennis Otte, also of Wayne, examine a dinnerware set.

Winside Names Class Officers

Winside High School students have elected class officers for the 1974-75 school year. Heading the senior class are Gregg Lage, president; Mike Anderson, vice president; Nancy Morris, secretary, and Patty Holtgreve, treasurer. Tom Koll was named the junior class president. Duwayne Thies as vice president, Cheri Fahrnholtz as secretary, and Tyler Frevort as treasurer. Sophomore class officers are LeNell Zoffka, president; Doug Asmus, vice president; Jean Wacker, secretary, and Mark Luhr, treasurer. Freshman class officers are Chuck Mann, president; Skip Deck, vice president; Paula Heumann, secretary, and LaVerle Miller, treasurer.

Reminder: Fill Out Survey

Wayne area residents are reminded to fill out the survey form printed in Thursday's issue of The Wayne Herald in order to help the local Chamber of Commerce decide what kind of giveaway promotion to conduct, this Christmas.

Shoppers are being asked to say whether they would prefer a promotion with one large prize such as a new automobile, one with four \$500 prizes and several bicycles, or one with between 20 and 25 \$100 to \$150 prizes. Area shoppers who may not have the last issue of the newspaper handy may also take part in the survey, either by dropping us a note or calling us on the telephone and telling us which kind of promotion they would prefer.

74 Community Chest Breakfast Goal; Give Drive An Early Boost

Many business owners and managers in Wayne will be given an opportunity to make their donations to the 1974 Community Chest fund drive as well as give that fund drive an early boost at a breakfast scheduled for Wednesday morning at the Student Center on Wayne State's campus. The advance gifts breakfast is being held as businessmen can make their donations after the 7 a.m. opening of the drive. Also, businessmen will be given an opportunity to volunteer to conduct fund drives in their own places of business if they wish to. Coffee and rolls will be served for breakfast at a cost of 50 cents per person. A film explaining what the Community Chest is all about will be shown during the breakfast, and officials of the drive will give short talks. Heading up this year's drive is Ernie Thayer. Assisting him is Bill Workman. The president of the board of directors of the Community Chest, Dr. Sid Hillier, said he hopes a large number of those business people who have been invited by letter turn out for the breakfast. This is a good chance for them to fulfill their responsibility to the fund drive as well as get the drive off with a bang, said Hillier. Hillier noted that the drive will raise money for nine different agencies, several of them local ones, and will mean that many fewer individual drives as the year goes on. Benefiting from the fund drive this year will be the local recreation program, Senior Citizens Center, Boy Scouts, Girl Scouts, The Florence Crittenton Home for Injured Mothers in Sioux City, Salvation Army, Red Cross, Arthritis Foundation and cystic fibrosis research. The board has set a goal of \$17,450 for the year, slightly under the \$12,000 goal of a year ago. Board members noted that businessmen attending Wednesday's advance gifts breakfast will be asked to make their donations that morning and will be asked if they will conduct fund drives in their businesses. Many businessmen would prefer contacting their own employees about donations to Community Chest, said Hillier, and this is a good way to let them do just that. The advance gifts breakfast is a new feature of the annual Community Chest fund drive. It will be followed by a general fund drive kickoff breakfast. To attend that meeting are all the drive captains recruited by each of the board members and the five workers each of the captains recruit. At the Sept. 30th breakfast each of the workers will take five cards with names of individuals they are to contact to explain the functions of Community Chest and see Breakfast Goal, page 6.

Gavit Is NU Acting Chairman

Richard Gavit, district extension forester at the University of Nebraska—Northwest Station near Concord, has been named acting chairman of the NU forestry department and acting state forester. The appointment, announced Friday by Dr. Duane Acker, vice chancellor for agriculture and natural resources at NU, is the result of recent approval given by the NU board of regents to split the Department of Horticulture and Forestry into two components. Gavit's appointment becomes effective today (Monday), but it will be subject to official approval by the regents at their October meeting, Dr. Acker said.

RICHARD GAVIT

Named acting chairman of the horticulture department was Dr. Jerome Coyne, professor of horticulture. The regents' action was taken at the request of Dr. Acker to accommodate the growth and development potential of both the broad areas of horticulture and forestry. A search committee has been

tion. Prior to 1958, he was district forester for the Missouri Conservation Commission for nine years, and was primarily engaged in forest fire control. A native of Indiana, he earned his bachelor of science degree from Purdue University in 1947.

Gavit is affiliated with the Society of American Foresters, the American Forestry Association and the Nebraska Christmas Tree Growers Association. He is co-author of "Trees Help Integrate Nebraska's Agricultural Resources," published in the Nebraska Farm, Rancher and Home Quarterly. In 1971 he was presented an award by the Maude Thompson Foundation for work on conservation. Gavit and his wife Lois have three daughters, Sally of home; Mrs. Jerry (Sue) Buss of Midland, Mich., and Mrs. Don (Grace) Miller of Omaha.

Reading Workshop Set at WSC

A workshop concerned with reading will meet Thursday evening, 7:15, at Wayne State's Student Center intended for elementary teachers, college students, parents, anybody interested in the arts and problems of reading.

The Northeast Nebraska Council of the International Reading Association is bringing Dr. Theora England, professor emerita of Northwestern College, long prominent in the Midwest as a teacher of speech and drama. She will be accompanied by several advanced students.

They will present a show they call "The Lively Art of Choral Reading," designed to help workshop participants develop skills in oral and choral reading.

For 14 years Dr. England directed the choral readers, a group of 26 to 35 students who traveled great distances to present reading, music, drama and dance. Last spring they performed in Kansas, Arizona, California, Colorado and Nebraska.

Chairman of the Northeast Nebraska Council, IRA, is Mrs. Lois Dunklau, Pierre. Mrs. Alice Johnson, Wakefield, is chairman-elect and program chairwoman. Dr. Mary Arlene Schulz of the Wayne State education faculty, is in charge of arrangements for the workshop.

Next meeting of the council is set for Oct. 5 at Norfolk Junior High. It will be an all-day workshop featuring Gene Dolph of Lakewood, Colo., on the subject, Individualizing Learning with Learning Centers.

Honor Awaits Local Man at National Confab

Cliff Dahl of Wayne, one of the founders of the American Nursing Home Association (ANHA) and one of those instrumental in forming the state association, will be honored during the 25th annual convention of the ANHA at Honolulu Nov. 6-12.

In the nursing home business in Northeast Nebraska from 1947 until turning his business in Wayne over to his son several years ago, Dahl was the first secretary of the national association the first year of its existence. Dahl also was editor of the ANHA journal and was consultant to the division of civilian health requirements in Washington, D. C.

Dahl began in the nursing home business at Coleridge in 1947, buying the former hospital in Wayne the following year in order to turn it into a nursing home. The local nursing home was expanded over the years before its recent sale to another firm.

Dahl, who will attend the national convention in Hawaii with his wife, will be honored during a program on Nov. 9 and again during a program on Nov. 11. Among the speakers during the convention will be Senator Frank Church, Democrat from Idaho.

Concord Man Is Selected For Seminar

A member of the Northeast Station near Concord is one of 10 swine specialists from across the nation selected to attend a week-long swine science seminar in Taiwan.

He is Bob Fritschen, swine specialist at the station. Fritschen will discuss one phase of hog production, housing and waste management, after he arrives Nov. 18.

The purpose of the seminar is to help improve hog production in Taiwan as well as learn new techniques from Taiwan pig research, according to Fritschen. Hog production in that small country is about equal to that of Nebraska's, Fritschen pointed out. One area Taiwan has excelled in is artificial insemination, an area in which the United States has had little success, Fritschen noted.

Emphasis Official: Work Will Continue on Plant

The secretary of Emphasis, Inc. on Friday spiked rumors circulating in Wayne that the firm is not going to complete construction of its manufacturing plant on the east edge of Wayne.

Sid Cox of Norfolk said difficulties with the subcontractor doing masonry work at the building site and difficulties in obtaining electrical supplies have held up construction in recent weeks.

"We will be completing it (the building) just as fast as we can get it completed because I need to be in it," Cox said in a telephone interview with The Wayne Herald. Cox said the firm which subcontracted to do masonry work at the construction site is no longer in business, forcing Emphasis officials to find other bricklayers to complete the job. The subcontractor started. Finding bricklayers at the present time is difficult, Cox noted, but there has been some masonry work done intermittently in recent days.

He noted that his firm has to complete the building in Wayne in order to follow through with its plans to close its manufacturing plant in Fremont and

relocate it in Wayne. That process of relocation will take considerable time and can't be done overnight, he noted, because new manufacturing lines have to be started and new employees have to be trained in Wayne.

The Emphasis plant in Wayne will employ about 30 people initially and will have a work force of about 100 when all three production lines are in operation within about two years, Cox said earlier this year when negotiations were completed with the city so construction on the plant could proceed.

The firm will initially produce fiberglass bathroom fixtures for distribution in a 500-mile area to the north of Wayne. The fixtures will include fiberglass tubs, showers and accessories, which will be sold directly to plumbing wholesalers in truckload lots. In time, the plant will produce fixtures for marketing to the south of Wayne, something which the firm is unable to do out of its plant at Fremont because it is unable to meet demand, Cox said.

Steel for the plant began arriving in Wayne early this spring, and construction on the See Emphasis, page 6

Judges Selected for Parade on Band Day

Three judges have been named to ride the bands which participate in parade activities during Wayne State's Band Day Oct. 5, according to Roger Elson, chairman of local activities planned for the high school bandsmen. Judges will be Dr. Raymond Nelson and Dr. Cornell Runad, both in the music department at Wayne State, and Ken Anselborn of Wayne. Anselborn, who recently moved to Wayne, has 33 years of experience in teaching music, the last 15 as head of the music department at McCook Junior High.

Bands tentatively scheduled to participate in the parade through the downtown business district and the halftime activities that evening include those from Creighton Prep in Omaha, Howells, Bufile, Creighton, Wyot, Spencer, Niobrara, Pender, Bancroft, O'Neill, Vandolph, Oakland, Elgin, Rindolph, Wayne and Underwood, Ia. Others are expected to take part if they can arrange appearances here, Nelson noted.

Awarded to the top bands in the parade will be four \$25 scholarships to the summer music camp held at Wayne State each year. Two of the scholarships will go to bands from schools with enrollment over 225 students, and two will go to schools with enrollment under 225.

Bandsmen and their sponsors and conductors will be treated to a free lunch at the city auditorium following the 3:15 p.m. parade through the business district.

Mrs. Dale Johansen is chairman of the general serving at the city auditorium, Mrs. Ed Woltske will be in charge of work in the kitchen and Mrs. Gerald Jackson will be in charge of the lunch served the instructors and sponsors in the Woman's Club room.

Cooperating in sponsoring activities for the youths are the Chamber of Commerce, city of Wayne, Wayne State Foundation and Wayne State. The Wildcats will play Dakota State in a 7:30 p.m. contest at the college football field that evening. The bands will perform at halftime.

2 Men Heading Thone's Efforts

J. Alan Cramer of Wayne has been named to head the Thone for Congress effort in Wayne County.

Val Peterson of Wayne will be in charge of Wayne County of ticket sales for a Sept. 28 fund-raising luncheon for Congressman Charles Thone. Leland Herman of rural Wayne, chairman of the Thone for Congress Committee, made See Efforts, page 6

2-Seat 'Copter Is A 'Trainer'

A two-seat military helicopter now parked at the municipal airport in Wayne will be used as a trainer for the man who will fly the larger helicopter when it arrives for use as an air ambulance, said Charles Thomas, administrator of the local hospital.

The larger helicopter is expected to be given to Wayne under an experimental loan-lease program administered by the federal government, Thomas said. Thomas has been working in past months to obtain a helicopter for use when construction on the new hospital is completed sometime early next year. He said there will be a small pad close to the hospital to be used as a landing place for the helicopter.

If the larger helicopter is given to Wayne, it will not cost the city or the hospital any money, noted Thomas, who emphasized that a helicopter ambulance at the hospital will not be an extravagance and will not raise hospitalization costs.

The trainer helicopter was flown to Wayne from Lincoln the first of last week. It came from the Ohio Forest Service, according to Thomas. The person who will be hired as pilot of the aircraft will also have other medical duties in the hospital, Thomas noted.

Governor Hopeful Lashes Governments, Students

State Sen. Ernest Chambers brought his independent campaign for Nebraska governor to Wayne State Wednesday night with a wide-ranging assault on the performance of state and federal governments, interlacing with needling of college students.

"You're apathetic," he said. He began by saying he wanted to talk about the "non involvement of women in politics." Women could do something in politics, but probably won't, the Omahan said.

Then he told the Ramsey Theatre audience of about 100—mostly students, with some faculty and townspeople—his views on what he called the lies of former President Nixon, the mediocrity of President Ford, the Vietnam War, amnesty for draft evaders, alcohol on campus, tougher marijuana laws, the FBI and police.

In the outspoken manner for which he is noted, Sen. Chambers declared, "You are listening to the best candidate for governor." He described Demo-

cratic Governor Exon as a "republican in disguise, not much different from Senator Marvel." The Republican challenger. He did say of Marvel that "if you listen to him, you will learn something."

"It is essential to look at the character of candidates," Chambers said. At one point, he played a recording of an Exon statement charging Chambers and Sen. Terry Carpenter with what Exon called, chaotic actions in the Legislature.

Then he cited some of his legislative record which was supposed to be irresponsible: among his bills, one revising procedures for state bar examinations— which Governor Exon vetoed—but the State Supreme Court later put into practice, Chambers said.

"And this was irresponsible," Chambers retorted. He mentioned numerous bills he sponsored which he said sought to safeguard people from oppression, regardless of who those people are—whites, children, even those who con-

sider themselves his enemies—"I think the bill is right."

Chambers dwelled frequently on the national scene, until a student challenged him: "I thought you were running for governor. You seem to be running for president."

To this Chambers replied that what happens at the national level usually appears soon at state and local levels. He made it clear he has little regard for much that happens in federal government.

Chambers said of the Vietnam War that it was not fought to make the United States safe from communism, but to make big capitalism safe in the U.S. He declared that a few rich people in the big-power structure control most of the nation's wealth. Asked what he thinks about amnesty for draft evaders, Chambers said: "Why not. They didn't hurt anybody."

When a student suggested that Chambers apparently did not favor student rights, he replied: See Hopeful, page 6

A closer look.

By Norvin Hansen

HOW CAN you pardon a person before he has been charged with a crime or before he has been convicted of a wrongdoing?

That's what rankles me when I think about President Gerald Ford's "free, full and absolute pardon" of former President Richard Nixon.

That and the anger I feel when I consider all these undertakings of Nixon who are either in jail or face the very real possibility of going to jail because they were following orders while serving in his administration.

That and the disappointment I feel when I think that now we will never know what really went on in the executive branch of our government before and after the Watergate fiasco.

Either President Ford knew a heckuva lot more about those gongos on than we do or, as my grandmother was so fond of saying, there's something wrong in Denmark. And if he does know a heckuva lot more than the poor guys who have to pay the taxes so he can run this government, he had best be telling us.

I can't buy the bit about Nixon's mental and physical anguish. All that tells me is that he is human, just like the guy sweating and worrying in a court room after robbing a bank or passing a bad check. So is Nixon's anguish was that that poor guy's just because he once held the highest office in this land? It doesn't hold water, as far as I'm concerned.

It really makes me sad that President Ford has granted Nixon immunity from his actions while he was in Ford's place,

for I was all behind our country's new leader.

I was getting sick of Watergate, but not so sick that I wanted to see it shoved out of sight behind the woodpile. I wanted to see those who were wrong brought before a court of law so their peers could examine their actions and determine their penalty in that way. It seemed to me, we could learn something from our past, become more intelligent and fair as a nation.

I was all ready to back our country's new leader, just as millions of other blokes across the country certainly were. He seemed to promise the intelligence, honesty and candor needed to get the country out of its mental and emotional depression brought on by countless outpourings of news from Washington which could only lead a person to believe that somewhere, somehow this country got off on the wrong track.

Now I'm not sure he is able to do that. Now I'm not so sure he is any different than too many other politicians in that city, Democrats as well as Republicans.

YOU KNOW what stubbornness is? It's a little girl approaching her second birthday who perches on a training stool for 20 or 30 minutes and then stances over to her toys, sits down and proceeds

AREA residents who are good at remembering how things were years ago should jot down some of the ones which really set their memories tingling and send them to me so we can use them in our "Do You Remember?" feature.

Would just as soon not receive those telling about when the blacksmith shop used to be located at the site of such and such a place, but I certainly won't turn them away.

Would rather have those that fell about such things as the time the town hoodlum put a skunk in the superintendent's office or the time the local tippler ran his Model T into the creek and scrambled out with his jug in one hand. That's what really tells us youngsters how it was back when. "Am pretty sure that "Do You Remember?" is probably just as well read as a couple of the most popular items in the newspaper — county court news and letters to the editor.

SPEAKING of letters, feel free to voice your opinions on anything you read in this newspaper, including my comments on the president. We certainly have no monopoly on ideas, and we're more than happy to give our readers every chance to have their say.

AM GLAD to see that at least one governmental subdivision in this state already has taken action to "keep its energy conservation policies in force."

The school board at Lexington has voted unanimously to continue its conservation measures which resulted in a savings of \$1,830 in fuel and electricity bills last winter. The board ordered that thermostat settings in classrooms be kept at 40 degrees, settings in multipurpose rooms be kept at 50 degrees and all outside lights be turned off at night.

We got through last winter without any great deal of hardships, and now that we are hooked up with NPPD, there is little doubt but what we will get through the approaching one. However, that doesn't mean we shouldn't be conserving energy whenever possible. I would like to see local agencies come out in favor of exactly that right now rather than waiting until it becomes a popular thing to do.

SQUIBS: The eighth annual Northeast Nebraska Market Hog Show is being held at Laurel today (Monday). Producers from Wayne, Cedar, Dakota, Thurston and Dixon Counties are expected to participate. Keith Boughn, a 1950 graduate of Wayne State and a teacher at Norfolk Senior High, gave the main address at the 56th annual reunion of 355th Infantry Society in Norfolk Friday through Sunday. The group was formed aka meeting of the regiment in Saarburg, Germany on May 2, 1919. The Infantry was composed mainly of Nebraskans.

'I don't want to die in vain'

Wayne

Dear Editor: This is probably the strangest letter you ever received. A friend sends it to you. I am a tree. I stand tall and healthy at Logan and Seventh Streets. That is, I was tall and healthy until the day of the slaughter, September 10. I am slowly being killed because I am a victim of progress.

I do not ask to be saved, only that citizens who love beauty and believe in conservation will challenge their council men to replace me and all other trees the City of Wayne has caused to be removed this year. If you will do this, I shall not die in vain. — A. Maple God Created.

'Your city has a big heart'

Sioux City

Dear Editor: We would like to publicly thank the citizens of Wayne who worked so hard on the Jerry Lewis Labor Day Telethon and also those who pledged funds to be used in the fight against muscular dystrophy and related neuro-muscular diseases. Wayne can certainly be proud of the many fine members of the Wayne County Jaycees who helped to "put it all together."

Also, we would like to express our appreciation for the support of The Wayne Herald.

Thank you, Wayne. You are really a city with a feeling for the less fortunate than yourselves. — Beanie Cooper, Jerry Lewis Labor Day Telethon Chairman, KCAU-TV.

News of Note around Northeast Nebraska

AN INVESTIGATION is continuing into the mysterious death of a 400-pound bull calf northeast of Emerson Sept. 7.

Belonging to Henry Stolze, the calf reportedly had its sex organs removed, and its throat slit. Stolze found the animal about 10 to 12 hours after it was killed about a mile from his farm home. He said there was little blood around the animal, although its throat had been cut.

NEGOTIATIONS are underway between the city of Randolph and the Randolph rural fire district for joint construction of a fire hall in Randolph.

The city currently has an option to purchase a plot of land for the new facility.

Meeting last week to discuss the possibility were rural board members Dick Thies and Vince Schmitz, fire department members David Winkelbauer and Don Clark, and mayor Walter Andersen and councilman Gordon Boatman.

PIERCE VOTERS will decide in the November general election whether they want to add fluoride to their water supply as a result of a successful petition drive which netted 164 names, slightly more than the 157 required to put the issue on the ballot.

City officials already have contracted for equipment to place the chemical in the water, but a hold has been issued on the order until results of the November balloting are known.

THREE MEMBERS of the FFA chapter at Emerson Hubbard received blue ribbons at the state fair in Lincoln recently. They are Steve Lange, Andy Lux and Kevin Hansen.

JEFFERY FOLKERS, a 16-year-old Hartington youth, died and four other Hartington youths were injured in a two-car accident on a county road three miles east and one-half mile south of Hartington Sept. 8.

Folkers was a passenger in a car driven by Dean Roberts, 16. The Roberts car was northbound when it collided nearly head on with one driven by Cedric Sudbeck, 19.

Also injured in the mishap were Thomas Stevens, 17, a passenger in the Roberts vehicle, and Michael Leise, 20, a passenger in Sudbeck's auto.

WORK is continuing on the extended care wing of the Wakarusa Community Hospital, according to administrator Bill Hospital, and the wing should be ready for occupancy before the end of the year. Outside brick work has been completed and the windows have been installed; workmen are now installing inside walls.

WISNER-PILGER athletes will not be offered golf as a sport next spring but they may be offered baseball in its place.

The school board voted last week to drop golf because it rarely involves more than six or seven students and because the coach, Ralph Etter of Wayne, has resigned. The board agreed to make a decision on whether to offer baseball at its meeting next month.

CONSTRUCTION of the new physical education complex and shop expansion at the Wausa public school will begin in the next few days.

General contractor for the \$573,641 project is Radeo Construction of Hartington. Other contractors are Kinning and Reil, Norfolk mechanical, and Leapley Electric, Coleridge, electrical. The physical education structure will include a gymnasium with regulation size playing court, locker and dressing rooms, training rooms, weight room, coaches' office and performance stage. The shop building will include a multi-use classroom for 20 students.

VIRGIL NEWMAN, Plainview businessman, will fill out the four-year term of Warren Millnitz on the city council. He was appointed to the post by mayor Myron Kuhl after Millnitz resigned because he is moving to Lincoln. Named to replace Millnitz as president of the council was Brad Alderman.

AND in the "No Tail Tales" column in last Thursday's issue of the Neligh News and Leader was this item:

OBSERVATIONS

Why wasn't something done?

Many people in this community are outraged at the living conditions several children were subjected to by their mother before she moved out of Wayne recently.

We are equally outraged, for we saw those living conditions — if you can call them that — shortly after the family moved.

We won't describe those conditions, but you can rest assured that they were almost unbelievable. If you don't want to take our word for it, ask any of those people who looked inside the house. They will tell you that few farmers make their livestock live in conditions as bad as those were.

The point we wish to make is that somebody is at fault for not seeing to it that the home those children lived in was fit to live in.

We have tried to determine who was at fault, but we have had little success.

The Wayne County welfare director said she tried to determine what the home life of the children was like on four different occasions last fall after being instructed to do so by the county attorney. She failed in that effort, she said, because the mother was gone or because the mother refused to let her inside the home.

The county judge says she had persons complain to her about the children's home life, but she said she told those who complained that she was powerless to do

anything and referred them to the county attorney.

The county attorney says he remembers only one instance when somebody came to his office to register a complaint, but he is not certain what actions he took after listening to the complaint. He did note that he instructed the school officials to find out what they could about the children, but he is not clear about what their oral report said.

The previous county attorney apparently handled similar complaints and probably heard — or saw — the living conditions of the family at its previous home.

We are not sure what should be done when there are long standing rumors and evidence from a previous home which would lead reasonable people to believe that children are being forced to live in despicable conditions.

We feel that somewhere along the line the safeguards built into our way of life to keep something like this from happening broke down. We won't point the finger, for we haven't been able to determine who was at fault, but somebody should look into what happened in this case to make sure that it doesn't happen again.

Part of the blame rests with us, the general public, for not taking more interest in the situation and not seeing that those would do something to correct it did exactly that.

The Simple Truth Appearing In Wayne and Area Communities

"Country jazz with a touch of the unusual" is how the Simple Truth describe their message of Christ which will be presented in concert at Wayne State College and in area high schools and churches during the week. The performances are being sponsored by the yoke ministries of the Allen United Methodist and Springbank Friends Churches.

Coming from Kansas City, the four-member group will appear Wednesday evening at the Wayne State College Birch Room at 8 p.m. On Friday, they will conduct assemblies at the Allen High School at 9:30 a.m. and at Wakefield High School from 1:30 to 2:30 p.m.

An 8 p.m. concert is scheduled for Saturday evening at the Allen Community Park. In the event of bad weather, the concert will be held at the Allen United Methodist Church.

The Simple Truth will present special music during morning worship services Sunday at the Allen United Methodist and Springbank Friends Churches, and again that evening at the Methodist Church in Allen.

The public is invited to attend the performances and assemblies free of charge.

Each appearance by the Simple Truth will feature original material in several musical styles portraying the Christian lifestyle in a fresh, exciting and simple way.

The group was first organized in 1972 at the Calvary Bible

College in Kansas City. After a summer of performing, members of the group were motivated to continue their ministry rather than schooling, and have since appeared in high schools, colleges, churches, coffee house ministries, outdoor festivals, parks and shopping centers.

Since its beginning, the group

Wayne's 'Team Effort' Beats Winside Gals

Wayne-High volleyball coach Mavis Dalton has good reason not to point out any one girl on her three teams for excellent playing. Not because no one deserves recognition for the good job her team did in disposing of Winside Thursday night, but because all three victories were a team effort.

"The girls are vastly improving because they are bumping, setting and spiking the ball as a

team," Mrs. Dalton said after her varsity won its second match in three outings.

The A team whipped Winside 15-2 the first game and continued the good set-ups and spikes with a 15-7 second game win. Sophomore Steph Dorcay led the Blue Devil servers with 10 points in both games.

Winside's record drops to 1-1. Both Wayne's reserve and freshmen teams remain unbeaten after three matches. The reserves got by Winside 15-12

win. Dawn Davie and Pat Barclay were top servers with six points each. The freshmen downed the visitors 15-6 and 15-4 in two quick sets.

Winside's records for the reserves and freshman stands at 0-2.

Wayne girls take a break in action until Tuesday night when they host Randolph. Winside resumes action in a two-day tournament the Wildkittens are

hosting tonight (Monday) and Tuesday.

The eight-team invitational includes Osmond vs. Coleridge at 6:30 p.m.; Emerson Hubbard vs. Wynot at 7:30; Laurel vs. Pierce at 8:30 p.m.; and Winside vs. Hartington at 9:30.

The four winners advance to the semi-finals Tuesday at 6:30 and 7:30 p.m., with the winner to be decided at 9:30. The battle for third place will be at 8:30.

City Rec Board Election Tonight

The city recreation board is slated to have election of new officers tonight (Monday) at 7:30.

Chairman Mrs. Al Ehlers said she, secretary, Wayne Tiegen and treasurer Mrs. Mike Karel are ending their terms in office. If enough members are not present, the election will have to be postponed, she said.

Also on the board are Wayne Wessel and Jim Keating.

A folktale among American Indians tells of a man who loses a leg, sharpens his arm bone, and uses it to stab his visitors.

Randolph Clubs Down Laurel

All three Laurel volleyball teams are "still looking for their first wins" after Thursday night's losses to Randolph.

The visitors snuffed the Bears offes two straight in the varsity game, 15-5 and 15-1, to drop the team mark at 0-3. Coach Carol Woodward pointed out that Randolph's serving "really got us down. We just couldn't handle them."

Both the reserve and freshmen matches went three games before Randolph came out on top. Laurel's freshmen lost the

first, 10-15, but bounced back, 15-5, the second set. Randolph then squeaked by, 15-12.

Laurel's reserves had a sluggish first game, 3-15, then nipped the Randolph, 16-14, to send the match into the third game. However, the hosts could not keep up with the more experienced Randolph club, losing by 12-15.

Laurel's next game is tonight (Monday) at 8:30 against Pierce in the third game of the Winside invitational volleyball tournament.

McCrady Brothers Topple Laurel's Bid for Victory

The McCrady brothers, Tim and Kim, destroyed Laurel's hopes of winning its first game Friday night when they stored a touchdown each to boost Plainview to a 12-8 win.

Tim McCrady bolted across the goal line first from about eight yards left with about three minutes left in the first half; brother Kim sneaked in from the three with 30 seconds left in the third quarter. The two totaled 147 rushing yards.

"Defensively we played extremely well," Laurel head man Bob Bozied pointed out, noting that his club stopped both Plainview's PAT attempts.

WARREN Hanson led Laurel defenders with 16 tackles "to prove the Bears' defensive power. Also stopping the tackling charts were Robin Gade and Phil Dalton with 15 each, Jack Coughlin 13 and Robin Lillard with nine.

Gade's defensive play led Laurel to its only score with about nine minutes left in the game. The senior halfback pounced on one of Plainview's three lost fumbles to set up the Bears' drive at the Pirates' 35 yard line. Senior Don Diederik broke across the line from three yards out to cut Plainview's lead to 12-6 before Mark McCoy zipped in for the two-point conversion.

Late in the game the Bears appeared to have another marching going, when they recovered a fumble on their 25 yard line. But Plainview hurried the game around with an interception to eat more precious time before the Bears halted their drive.

"We just couldn't get our offense going," Bozied confessed after the Bears suffered their second setback in as many games. One factor that hurt the area team was five interceptions. But Bozied vowed Laurel is going to win when the team travels to Randolph Friday night.

"Our wishbone offense is coming along; it's just a matter of

Eagle Losses Blamed On Animal Poisoning

Farmers and ranchers are cautioned to use care in disposing of poisoned animals to avoid wildlife losses, warns George Nason of North Platte Game and Parks Commission game division supervisor for the southwest district.

Secondary poisoning is the suspected cause of two recent eagle losses, Nason said. A horse was given a lethal dose of pentobarbital after it had broken its leg, he explained. Shortly thereafter two dead eagles were found near the carcass of a coyote.

Lab results showed traces of the pentobarbital in one of the eagles, but it has not been firmly established as the cause of death. "The important thing," Nason said, "is that people using poisons or disposing of poisoned animals, keep in mind how those poisons can work their way up the food chain to affect many kinds of animals."

If livestock owners will bury or burn the carcasses of chemically-treated animals, they can prevent any such losses.

WH Harriers Finish Last

Wayne High's cross country team finished last out of a field of 11 teams during the fourth annual Plainview invitational Friday.

The Devils, under coach Harold Maciejewski, scored 169 points. Junior Ken Daniels led the four-man team, scoring 39th with a time of 15:40 over the two mile course.

Another junior, Tom Maier and sophomore Jon Ley, came in 41st and 42nd respectively. Maier clocked in at 16:00 while Ley finished in 16:05. Vince Jenness, a junior, was 47th with a 16:43 time.

According to Maciejewski, Ley ran a pretty good time considering he's the only sophomore on the team.

Crofton won the meet with 28 points in the individual honors. Jim Carder of Albion and Greg Brandt of Humphrey tied for first with times of 13:13.

Wayne's next meet may be some time this week, Maciejewski pointed out, against either Stanton or Coleridge.

Police Blotter

Five Accidents

A parked car owned by Donald Drago, rural Wayne, was hit when Jean Barry, Winside, was backing her vehicle in a parking lot on Highway 35 east of Wayne about 11:15 p.m. Friday.

About 9:45 that night another parked car accident occurred in a parking lot on the 700 block of Main. Steve Meyer, 112 Douglas, was backing his car when he struck a vehicle owned by Larry Grashorn, 521 West Third.

About 3 p.m. Friday a tractor trailer operated by Robert Newsrom, Moviile, Ia., struck a car driven by Beverly Ramsport, Pen der, at the intersection of Seventh and Main. Ramsport told police the truck was in the left hand lane, but was signaling a right turn when the tractor struck the left-hand side of her car.

Two cars collided at the intersection of East Third and Nebraska Streets about noon Friday. Both drivers, Richard Hostette, 112 Douglas and Bill Garrison, 108 E. Eighth, said bushes obstructed their view.

A vehicle owned by LeRoy Barner, 720 Nebraska, was hit about 7 p.m. Thursday while parked in a parking lot near 12th and Lincoln. The other driver is unknown.

Army Offers Radioteletype Training

The Army is offering young men and women an opportunity to break into the aviation industry as radioteletype operators, reports local Army representative, Sgt. Donald Wood of Norfolk.

Radioteletype operators transmit highly important weather and flight information from ground to flight crews, using a radioteletype to send and receive messages between ground personnel.

Competition in the field is keen, Wood pointed out, and the experience and quality of training a young person has received will have a direct bearing on his success in finding employment.

The Army offers some of the finest instruction available for radioteletype operators, he noted.

During the 11 weeks of training at the U. S. Army Signal School at Fort Gordon, Ga., radioteletype operators learn how to install, operate and maintain field radioteletype sets and related equipment.

Army operators erect antennas, install power generators and make connections between equipment components. They also receive and process incoming Teletype and Tape relay messages.

High school graduates interested in becoming radioteletype operators in the Army are also eligible for a \$1,500 cash bonus upon successful completion of training.

VA Q & A
Q. A friend of mine says it has cost \$29 billion to train about 15 million veterans under three GI Bills administered by the Veterans Administration. Can this expenditure be justified?

A. The expenditure could be justified purely on fiscal grounds alone since it is estimated that veterans will repay more than that amount in added Federal income tax on increased earnings.

The Veterans Administration reminded veterans that less formal proof of marriage and birth (certified statements) to establish claims for higher benefits are acceptable under a regulation in effect since 1971.

LCW General Meets At Redeemer Church

A general meeting of the Redeemer Lutheran LCW was held in the church basement Wednesday with Rodetta Wacker giving the devotions and lesson, "Faith, Hope and Charity."

Assisting with the lesson were Irene Reibold, Darlene Gathle, Janet Peters and Marilyn Pierson. Special music was furnished by Kay Pierson and Kathy Haas.

Reports were given by each committee and it was announced that the LCW will help serve coffee during the Sunday morning fellowship hour.

Officers elected for the coming year were Lydia Thomsen, secretary, and Twila Wilfse, treasurer.

Betty Heier gave a report on the triennial convention held in Kansas City, Phyllis Rahn will be a delegate to the unit convention Oct. 1-3 at Sidney. A love offering was taken.

Individual ladies will meet Oct. 9. The senior ladies tea will be held Oct. 13 and the LCW will help serve the father-son banquet Oct. 16. The unit board meeting is Oct. 29-31 at the Redeemer church.

The meeting closed with the blessed song and lunch was served by the Martha Circle.

Correction
Nettie Reibold of Wayne underwent surgery Sept. 5 in the Clarkson Memorial Hospital in Omaha. She was transferred to Omaha Aug. 29 from the Wayne Hospital.

In a recently edition of the paper, it was incorrectly stated that Mrs. Reibold underwent surgery Aug. 5 in The Wayne Hospital.

Mail may be sent to her at the Clarkson Memorial Hospital, 44th and Dewey, R. 853, Omaha.

the announcements.

California Governor Ronald Reagan will address the noon event at the Norfolk Airport.

Tickets are \$20 per couple or \$10 each for the catered luncheon. Reagan and Thone are due to fly in on a private jet aircraft, arriving at 1 p.m.

All Republican Central Committee members in the county and other Thone for Congress Committee workers will be selling tickets for the luncheon, the major fund raising effort for Thone in a 10-county area of Northeast Nebraska.

Governor Reagan was an announcer for radio station WHO in Des Moines before he began his movie career. He is now completing the last year of his second four-year term as governor of California.

"No other political speaker in America is as forceful and dynamic as Governor Reagan. I am thankful to him for agreeing to speak on my behalf." Thone said.

ask for donations to help support it.

Board members anticipate that more than 200 people will turn out for the Kickoff Breakfast.

Also scheduled is a meeting on Sept. 25 with all personnel in the Wayne-Carroll school district to explain Community Chest and ask for donations.

Being considered is a tricycle race down Main Street by local businessmen. Adults reportedly find it quite difficult to pedal and maneuver small tricycles.

Also expected to take place is another tug-of-war between members of the local Lions Club and the Kiwanis Club. The Lions won last year's benefit event, the first held to raise money for the Community Chest.

"If you mean alcohol on campus—I suppose that, I am for prohibition. Maybe you have not seen what alcohol does. Maybe you have not seen a family in poverty because the father is alcoholic."

Another student asked if he would favor making marijuana laws tougher. "Yes," Chambers declared emphatically, and added he has no use for any drugs.

This reply drew student applause. Chambers attacked as political hypocrisy the federal government's branding cigarettes harmful to health while at the same time subsidizing tobacco growers.

The senator chided police departments and the FBI for what he called manipulation of statistics to show either a decrease or an increase in crime. He also opposed the Safe Patrol's using civilian informers to do what he said should be the work of trained law men.

"At the end of nearly two hours, Senator Chambers told students he had been chastising them because he wanted something to happen: "You have more going for you than you think, but you aren't using it. I hope to hear the news that you rushed out of here and organized something to change something—anything."

TV Note book
By Larry Turner

Like it or not, pay TV is almost certainly on the way. And, when it gets here, it will be able to outbid commercial TV networks for the events it wishes to broadcast to its subscribers.

Will we still be able to watch such things as the World Series or the Super Bowl without paying, or will all such major events be available on pay TV only?

If you're concerned about this, you are not alone. Certain congressmen are already promoting bills which would forbid sporting events on pay TV unless the event is determined to be commercially impractical for free TV.

Whether your favorite TV shows are "free" or "free," you'll enjoy them more if you let us put your set in like-new condition. Our service department is 100% and we're proud of our reputation for conscientious repair work.

Who says 4-H is for girls only? Contrary to its public image of girls baking cakes or sewing a dress, 4-H has something for everyone, including boys! Boys in urban areas are now finding a variety of projects to captivate their interest!

Four H offers over 100 projects from learning the skills of good horsemanship to assembling and firing a model rocket. 4-H'ers are learning about the world around them through raising a garden, planting a terrarium or collecting insects. They are becoming more aware of their communities through safety, health and community awareness. Many will gain experience through the care and feeding of their pets. Cooking and sewing are not "girls stuff" especially if it's "Outdoor Cooking" or "making a shirt and tie." Whether your interest is in bicycling, automotive or electricity, 4-H has something for you!

Any boy or girl between 8 and 18 can join 4-H. For information on projects or joining a club, contact the Wayne County Extension Office, (375-3310).

The Lower Elkhorn NRD also provides several scholarships each year to Leadership and Environment Camp Counselor, and Range Youth Camps.
