

Kay to Take Foundation Exec Role

Charles Kay, a retired Lt. Col. in the Air Force, and current student at Wayne State College, has been elected executive secretary of the Wayne State Foundation. Kay will replace the retiring Dr. Freeman Decker.

Kay, a Wayne native and 1952 graduate of Wayne State, is the son of Mr. and Mrs. Harry Kay of Wayne.

The WSF board of Trustees in their annual meeting Friday saw Val Peterson re-elected as president of the foundation. Since the time Peterson founded the foundation and was first elected in 1961 it has received \$300,000 in bequests.

A check for \$5,000 was presented to the Wayne State Foundation by Hilda Nelhardt Petri, daughter of the late John C. Nelhardt, renowned poet laureate of Nebraska and graduate of the college.

Mrs. Petri told fellow trustees that her father had wished to remember the college with a gift, and the presentation came from his estate.

Members of the board heard from Dr. Lyle Seymour, president of the college, that a trend toward enrollment which had continued for several years had been altered this term. Factors leading to this being an increased retention of freshmen and the new workshop courses.

The meeting then agreed upon a budget of nearly \$29,000 for the next year. More than \$15,000 of which will be given in student scholarships and awards.

FRANK MORRISON
Past Governor Plans Talk at Wayne State

Frank Morrison, three-time governor of Nebraska, will be on the Wayne State College campus to meet with all students on Tuesday.

Morrison, invited to speak on campus by the WSC Young Democrats, will speak in the Birch Room at the Student Union at 3 p.m. during his campaign tour through North and South Dakota. Morrison, who is seeking the post of attorney general on the Democratic ticket, will take part in a fund raising effort at Norfolk Tuesday evening.

Terry Sullivan, president of the Wayne State Young Democrats, said that Morrison has been invited to speak to "all the students who are interested in this year's elections in Nebraska."

"This is, to us, one of the most crucial elections. Too many Nebraskans overlook the race for attorney general. But consider the fact that this office literally interprets the law both for the unicameral and for the executive. And the attorney general is the chief law enforcer for the state of Nebraska," Sullivan said.

Sullivan also said that Hess Dyas, candidate for Congress in Nebraska's First Congressional District, has been invited to speak at Wayne State College.

Sullivan noted that the speech in the Birch Room by Morrison is "open to everyone and anyone — and we hope that many will show up."

After Morrison's talk the former governor will answer questions from the audience.

\$100,000 Loss Reported in Tuesday Fire

OFFICIALS at the Dixon County Feedlots along Highway 20 north-west of Allen estimate damages at \$100,000 from Tuesday afternoon's fire which destroyed several stacks of hay, a steel building and a piece of equipment. Firemen from several surrounding towns helped fight the blaze, which reportedly broke out when workers were using a torch shortly after-noon. Summoned to help fight the fire were firemen from Allen, Wayne, Laurel, Emerson, Wakefield, Hartington, Pender, Newcastile, Ponca, Martinsburg, Dakota City and South Sioux City. The blaze destroyed haystacks in the central storage area but was kept from spreading to surrounding stacks by workers who plowed a path south of the blaze and began moving stacks away from the fire. Had the wind been from the north rather than the south, it could have destroyed several more haystacks and would have threatened feed mixing buildings.

2 Cars Ruined In Fires Near Winside Monday

Two separate fires about two hours apart completely destroyed two cars near Winside Monday night.

The second fire was reported to the Winside volunteer fire department during the firemen's monthly meeting. It destroyed a car driven by Geraldine Waldman, 33, of Battle Creek.

She told the Wayne County sheriff's office that she and her five passengers began hearing something dragging under their car after they left Hoskins and headed for Winside about 8:30 p.m. The car broke into flames about half a mile south of the See FIRES, page 5

Voters Offered Issues Inside

The complete texts of three proposed constitutional amendments and one referendum which will be voted on by Nebraskans in the November general election appear elsewhere in this issue of The Wayne Herald.

The referendum ordered placed before the voters following a successful petition campaign will determine whether the controversial state aid to public schools bill adopted by the last legislature goes into effect. The bill was passed over Governor J. J. Exon's veto, but opponents succeeded in obtaining enough signatures on petitions to place the issue before the people. The State Supreme Court is scheduled to meet Oct. 28 to review a lower court decision upholding the validity of the petition drive.

The three constitutional amendments facing the voters have to do with the size of the Board of Regents of the University of Nebraska system, date of the opening session of the state legislature and whether the governor has to approve or disapprove every order, resolution and vote as well as every bill passed by the state senators.

200 Expected to Attend 4-H Achievement Night

About 200 4-H youths, leaders and parents are expected to attend the annual Wayne County 4-H Achievement Night slated for Thursday, Oct. 24, at the city auditorium in Wayne.

The program is scheduled for 8 p.m.

Named during the evening will be the outstanding 4-H boy and 4-H girl in the county. The awards will go to the two youths who have been outstanding in their 4-H achievements during the past year.

Given away during the night will be trophies for the top senior division youths in foods, clothing and home living; Junior division 4-Hers will receive bracelets during the program.

Also awarded will be one Ak-Sar-Ben award for outstanding service and pins in both junior and senior divisions. Pins will be awarded in the following categories: achievement, bread, home living, foods, clothing, leadership, sheep, bike, dairy, photography, horticulture, and wine.

Helping conduct the evening program, which will include a

Membership in Lions Club Grows by 11

Membership in Wayne's Lions Club grew by 11 during Tuesday night's regular monthly meeting.

Inducted into the club were Tom Sharer, Roger Madden, Roger Boyce, Dan Johnson, Gerald Possipill, Fred Webber, Earl Fuoss, Jon Haase, Gary Vopelensky, Terry Bartling and Wayne Bates. Four of the new members were sponsored by one Lions member, Charles Dennis.

A discussion of the pros and cons of water fluoridation was conducted during the evening with Charles Garnhart presenting the favorable aspects of fluoridation and Wes Pfleger presenting the unfavorable side.

Wayne voters will decide in the November general election whether to boost the level of its fluoridation as required by state law starting the first of the year. Voters can reject adding fluoride to the water if they oppose the law.

Voters in Hoskins also will vote on fluoridation in the November general election.

ESSIE REUTER
Local Woman Wins \$25 in Latest Drawing

Local Woman Wins \$25 in Latest Drawing

A Wayne woman, Essie Reuter, won \$25 in last week's Birthday Bucks promotion in Wayne by being in the State National Bank and Trust Co. when the winning date was announced.

She was the person in one of the participating firms with a birthdate closest to the date drawn at random earlier, earning her the consolation prize in the weekly drawing.

This week's grand prize (climbs to \$500 as a result of another week going by without a grand prize being awarded) is the person present for the drawing tonight (Thursday) at 8:15 when her birthday matches the date announced will collect the grand prize if the grand prize goes unclaimed again this week. Another consolation prize will be awarded and the grand prize will climb to \$750 in next week's drawing.

Winners in the weekly drawing receive coupons which can be spent just like cash in participating businesses. No purchases are required to participate, but a person must be present to win.

Meeting Slated On Reappraisal Of Properties

Wayne County taxpayers and property owners who are confused or have questions about the updating of the 1966 appraisal of all lands and improvements in the county are invited to attend a public meeting at 8 o'clock tonight (Thursday) at the city auditorium in Wayne.

Doris Shipp, county assessor, said she hopes those people who are confused about the updating attend the meeting and ask questions to make the updating clearer to them.

"A lot of people do not understand why the updating is being done or why their property has to be inspected," she noted. "They can get a better idea of what is going on if they attend the meeting."

Present for the meeting will be Joe Vick, administrator of the property tax division of the state revenue department, and members of his staff. They will answer any questions county residents may have, Mrs. Shipp said.

70 Attend Cancer Clinic

About 70 persons from Wayne and several other communities took advantage of the free oral cancer detection clinic held in Wayne Sunday afternoon, according to cancer worker Mrs. Rudy Longe of Wakefield.

Persons from Winside, Carroll, Laurel, Wakefield, Pender, Pierce and Columbus joined Wayne area residents in attending the clinic, first scheduled for the city auditorium but moved to the dental offices of Drs. Shupe, Wesselt and DeNaeyer because of better facilities there.

Seven dentists helped conduct the clinic, sponsored by the Nebraska division of the American Cancer Society and the Nebraska Dental Association in an effort to spot oral cancer cases before they progress too far to treat.

WHS Parents Invited to Go Back to School

Parents of Wayne High School students will be given the opportunity to literally go back to school during American Education Week Oct. 27-29, according to high school principal Donald Zeiss.

Wayne High's observance of the week-long event will be highlighted by Parents Night on Monday, Oct. 28, when parents will be requested to attend school in place of their children.

Parents will be able to move through the class schedule their sons and daughters follow during a regular day at school, said Zeiss, except that during the free periods the parents will be able to go to the commons area for refreshments.

"Classes" for the parents begin at 6 p.m. and should end at 8:30, said Zeiss.

"It is felt that activities of this nature are in keeping with this year's American Education Week theme, 'Stay Involved,'" said Zeiss. "Through this venture parents may gain some insight into their child's daily routine," he added.

Paperback Books To Be Displayed At WHS Library

About 500 paperback books will be on display in the Wayne High School library during American Education Week Oct. 28-29, school officials report.

The public is invited to visit the library during the week to either browse through the books on display or purchase those they wish. Students will have an opportunity to browse through the display during their English class periods.

Roy Hurd Is Named CC President-Elect

Roy Hurd, owner of Wortman Auto Co. in Wayne, has been named president-elect of the Wayne Chamber of Commerce.

Hurd, who will move up to the presidency of the Chamber in 1976, was elected to the post during the Chamber's quarterly membership meeting Monday night at Villa Wayne.

Current president-elect is Rowan Wittke, who will take over as Chamber president in January, filling the post now held by Dr. Wayne Wesselt.

Also elected Monday evening was Dale Gutshall as treasurer. He will take over in January the post now held by George Thorbeck.

Hurd, 36, has been in the new and used car business in Wayne since January of 1972 when he moved here from Pawnee City. A Wayne native who graduated from Wayne High and Wayne State College, Hurd has been a

Ford dealer for the past six years.

He and his wife, Sharon, have three children, Steven, 10, Roxanne, seven, and Darin, four.

Hurd is currently on the board of directors of the Chamber and of the local Kiwanis Club.

Gutshall, 58, has owned Dale's Jewelry in Wayne for the past 10 years, moving here from Norfolk to open his own business. A native of Illinois, he has lived in Nebraska since 1937.

He and his wife, Wilma, have three married children now living at O'Neill, Lincoln and Bettendorf, Ia.

About 20 Chamber members turned out for Monday night's meeting.

The members discussed several items during the night, including the annual Farmers Appreciation Night scheduled for Nov. 23 and the annual See CHAMBER, page 5

Total in Fund Drive Closes in on \$7,000

With about 40 per cent of the cards yet to be turned in Tuesday night, Wayne's Community Chest fund drive stood at about 61 per cent of its goal.

A total of \$6,944.50 had been collected by Tuesday evening, about \$4,500 short of this year's goal of \$11,450, according to Vera Hummel, secretary-treasurer of the drive.

Workers in the drive who have not finished contacting individuals for donations to this year's drive are being urged by drive officials to finish that job by Friday so the drive does not drag into another week.

This year's fund drive will help finance nine different agencies, including two local ones which aim their activities at the elderly and the youth.

If this year's drive reaches its goals, funds will be distributed as follows: \$2,600 to the city recreation program, \$745 to the Wayne Senior Citizens Center, \$2,000 to the Boy-Scouts, \$2,000 to the Girl Scouts, \$700 to Red Cross, \$1,400 to the Salvation Army, \$550 to the Arthritis Foundation, \$150 to the Florence Crittenton Home and \$300 to the National Cystic Fibrosis Research Foundation.

Heading up this year's fund drive have been Ernie Thayer and Bill Workman.

Those who have urged workers to complete their solicitations for funds as soon as they can, turning their donations over to the drive captains. The captains may in turn drop donations off at either the First National Bank or State National Bank in Wayne.

Kiwanis-Lions Rope Pull Slated Tonight

Wayne Kiwanis and Lions will don their raincoats and caps for their second annual rope pulling contest tonight (Thursday) in front of the fire department.

Kiwanians George Phelps, in charge of this year's pull, guaranteed that his club is not going to receive the dousing it did last year when the Lions pulled the Kiwanians past the stream of cold water supplied by the fire department. Phelps is challenging Lions president B. J. Hirt at Monday's Kiwanis luncheon.

Phelps said this time the Lions will say the \$50 loser's fee to the 1974 Community Chest campaign.

Hirt, in accepting the challenge, smiled and told the group the Lions would be there for the 7:30 p.m. event, pointing out that the winner, however, will not stop there. The Wayne County Jaycees will challenge Hirt at a later date.

Following the exchange of challenges, Shirley Dargurz and Thelma Moeller of the Wayne County welfare office told the Kiwanians that the welfare office offers seven different programs to county residents and Wayne State students who are in need of help.

Miss Moeller, director, said in addition to aid to dependent children, aid to the blind, food stamps, aid to the disabled, blind and crippled children, the office is offering social services, dental services is new, this Miss Moeller said. The state government started it in

September to offer all types of service to everyone who might qualify, including such things as foster care, hot lunches, legal services, transportation for the mentally retarded, snow removal and the like.

Because of the lack of space at the Wayne office, she went

on, Wayne County has combined its service with four other counties — Madison, Pierce, Antelope and Stanton. Main offices are at Norfolk, she said.

Presently, the Wayne office is serving 93 county residents, with 33 receiving financial help. In a breakdown of the 93 cases, Miss

Moeller explained that 56 are receiving old age assistance, 28 get aid to the disabled, 12 receive aid to dependent children and 26 receive food stamps.

Among the 26 food stamp cases about 85 per cent are college students, she said.

WAYNE COUNTY welfare personnel Shirley Dargurz, middle, and Thelma Moeller, director, follow up their talk to Wayne Kiwanians with a discussion with club president Gene Bigelow.

GREG BLACK, on floor, portrays Ralph Austin in the Gershe comedy, "Butterflies Are Free," to be presented next week at the Wayne State College Ramsey Theatre. Looking on, from left, are Noel Rennerfeldt, Mary Harrison and Becky Miller. Performances are scheduled for 2 p.m. Sunday and 8 p.m. Monday and Tuesday.

Gershe Comedy Opens Next Week

The Wayne State Theatre department is in the final week of rehearsal for "Butterflies Are Free," a comedy by Leonard Gershe concerning a young man's search for independence from a domineering mother. The theatre's first production of the season will open this Sunday, Oct. 20, and will run through the 22nd. A 2 p.m. matinee is scheduled for Sunday and evening performances will follow on Monday and Tuesday at 8 p.m.

"Butterflies Are Free" involves around Don Baker, a young man trying to break away from his over-protective mother. In his small New York apartment, Don quickly makes friends with his neighbor, an aspiring young actress named Jill Tanner. A romance soon develops between the two. The unexpected arrival of Mrs. Baker leads to a battle of wits between the two women. Cast as Don Baker is Noel Rennerfeldt, a junior from Oak land with a 50-hour communication arts major. Noel has been active in other productions of Wayne State's Theatre Department, including "Of Mice and Men," "Summer and Smoke," "Diary of Adam and Eve," "Macbeth" and "Emperor's New Clothes." He also participated in the Nettie Creek Summer Theatre in Hagerstown, Ind.

Portraying Jill Tanner is Becky Miller, a senior from Richmond, Ind. A 50-hour communication arts major, Becky has appeared in "Summer and Smoke," "Diary of Adam and Eve," "Macbeth" and "Emperor's New Clothes" while attending Wayne State, and has been active in the Nettie Creek Summer Theatre.

Playing the part of Mrs. Baker, the domineering mother, is a senior from Fremont, Mary Harrison. Mary has been seen in such productions as "Oedipus Rex," "Wait Until Dark," "Wizard of Oz" and "Emperor's New Clothes," and is a 50-hour communication arts major. The part of Ralph Austin will be played by Greg Black, a junior from Omaha also majoring in theatre. Greg has appeared in "Summer and Smoke," "Wizard of Oz," "Macbeth" and "Emperor's New Clothes." Tickets will be \$2 at the door. Season tickets, good for five plays throughout the season, will be available for \$7.50 each. Students and faculty members will be admitted free with identification. The box office is open week days from 1 to 5 p.m. Box office number is 375-2700, Ext. 734.

Newcomers Visit College Planetarium

The Wayne Newcomer's Club met Monday evening at the Wayne State College Planetarium. Wayne State faculty member, Carl Rump, spoke on astrology and showed members a projection of Wayne's night sky.

Following the planetarium program, club members ascended to the roof where they were able to view the sky through the school's telescopes. The business meeting was held at 9 p.m. in the home of Barb Hayer with 15 members present. Guest speaker was Mrs. Jan Thayer who talked about fluoridation with a discussion following.

Klick and Klatter Club Meets For 20 Years

Klick and Klatter Extension Club members and their husbands observed the club's 20th anniversary Tuesday evening at a supper at the Black Knight Steakhouse. Guests were: Mr. and Mrs. Budd Bornhoff Jr. of Albuquerque, N.M.

Mrs. James Corbit and Mrs. Fred Corbit were in charge of decorations and Mrs. Marvin Victor and Mrs. Alex Liska gave the program. Mrs. Victor extended the welcome and introduced the club by reading a short biography on

Senior Ladies Honored at Tea

A Senior Ladies Tea, hosted by Redeemer Lutheran Church Women, was held Sunday afternoon at the church. Eldon Barntman extended the welcome and conducted devotions.

Mrs. Darrell Heiser and Mrs. Jim Hummel sang "Great is Thy Faithfulness" and "Don't Worry," accompanying them selves on the guitar.

The group sang "Beautiful Savior" and "The Birthday Song," honoring Mrs. Charles Sieckmann's birthday. Table decorations represented each month of the year. Mrs. Ervin Hagemann Sr. was task force chairman.

Seren at LaPorte

Seven members of the LaPorte Club held their regular business meeting Tuesday in the home of Mrs. Albert Sundell.

Mrs. Stena Hammer will host the next meeting, Nov. 19.

Dinner to Follow Mission Festival

St. Paul's Lutheran Church of Winside will hold Mission Festival services Sunday at 10:30 a.m. with a dinner following at noon.

Thought for Today By Rowan Wiltse

"Men, in teaching others, learn themselves." Thomas Lodge If you have ever had the responsibility for teaching others, you know the truth of Lodge's observation. The conscientious teacher, anxious to do a good job, does vastly more preparation work before meeting his class than any of his students. Then, in expounding upon his subject, he draws on all his knowledge to make the subject clear. He cites examples, draws illustrations, and finds his own understanding more complete. If there is a matter you don't fully comprehend, try explaining it to another. It is an excellent way to learn. Many people pre-arrange their funeral services just as they make a will, to insure that their wishes will be known and honored. Let us explain how this can be done.

135 Attend LWML Zone Rally

Lutheran Women's Missionary League members from the Wayne zone met at the Immanuel Lutheran Church in Laurel Oct. 9 for the annual fall rally. Approximately 135 were registered from Altona, Carroll, Concord, Laurel, Martinsburg, Newcastle, South Sioux City, Wakefield, Wayne and Winslow.

Theme for the day was, "Lord of the Harvest." The Rev. H. K. Niernm of Laurel conducted morning devotions. Hymn singing was led by the Rev. Gerald Gottberg of Winslow and accompanied by Mrs. L. J. Mallatt of Laurel.

Zone president Mrs. Cliff Stalling of Concord led in the dedication of the league pledge. Mrs. Jerome Mackey, president of the local society, gave the welcome and Mrs. Clarence Rasfede of Concord responded.

Zone secretary Mrs. Morris Ebmeier of Laurel read the minutes of previous meetings and Mrs. Alvin Daum of Altona presented the treasurer's report. A report was given by the district president, Mrs. Ray Prochaska of Wakefield.

Appointed to assist the Christian growth chairman, Ruth Ebmeier of Laurel, were Mrs. Herman Stolle of Concord and Mrs. Rose Mitchell of South Sioux City.

The Rev. Gerald Gottberg installed new officers for a two-year term. They are Mrs. Gilbert Rauss of Wakefield.

Crackling Apples: Crisp Snacks

Handsome, hearty and holiday-colored, the crisp-crackling, juicy Washington Delicious apples were designed by nature for refreshing snacking. Busy hostesses will welcome these ideas for quick, tasty hors d'oeuvres which feature this favorite fruit. Follow-out with a shiny Red Delicious apple and fill it with a wine-flavored creamy cheese dip. Wrap tangy-sweet slices of both Red and Golden Delicious apples in salami for delectable nibbling. Team Washington apples and cheese for the unusual, curry-flavored Curry Bombay. And, enjoy them just as they are or partner them with your favorite selection of cheeses.

Cheese Dip In Apple Cup
3 to 4 Washington State apples*
1 lb. bleu cheese, softened
1 pkg. (8-oz.) cream cheese, softened
3 tablespoons sherry wine
2 slices bacon, cooked and crumbled
Dash of garlic powder
Cream
1 teaspoon lemon juice

Blend cheeses with wine, bacon, garlic powder; add enough cream to make the mixture suitable for dipping. Carefully remove the core from one apple and hollow out, leaving a shell 1/4-inch thick. Cut the top edge in pretty scallops, brush with lemon-juice, fill with the cheese mixture. Cut remaining apples into crescents for dipping.

WS-KS Game Saturday Is Premier for '74

Wayne State-Kearney State football — that's the bill for Saturday afternoon at Kearney, and it's the premier game of 1974 for both teams.

Nebraska College Conference honors rode, at least in part, on the outcome of the 1:30 game. Kearney victory would give the Antelopes a sole NCC championship with a 3-0 record. If Wayne wins, there will be a co-champion — Kearney one of them. The other will emerge after the Chadron-at-Peru game Saturday and the Peru-at-Wayne game Oct. 26.

Currently, the conference standings are Kearney 2-0, Chadron 1-1, Wayne and Peru both 0-1.

Chadron tagged that one defeat on Wayne last Saturday, with a pair of defensive plays by the Eagles creating a 14-7 score. Against Kearney, a team strong on explosive offense, there is no room for mistakes, coach Del Stollenberg reminds the Wildcats. And there is a new dimension in the Antelope game this year. They are playing tough defense. Used to be common in Nebraska NAIA statistics that Kearney played first on offense, last on defense. Now the Lopers are better balanced.

On the other hand, Wayne is better balanced too. The Wildcats have been stonewalled on rushing defense, not so strong against the pass, and maddening good on offense, as listed on NAIA charts.

Crucier's passing is the stronger part of Wayne offense — averaging 137 yards by air compared with 129 by land. And for the first time in years.

Reds Take Rec Series

The Reds' fifth and sixth grade football team ended its three-game series with the Gold team Tuesday night by winning its second game, 12-6.

Todd Skokan broke the 6-6 tie with less than a minute to play when he caught a pass from Jerry Morris in the endzone to end a 40-yard drive in two plays. Chip Carr, who put the Reds ahead 8-0 in the first period, rushed from the 40 to the 15 where the Gold's Rocky Shultz made the saving tackle. But on the next play Morris faked a keeper to set up the TD pass.

Carr scored the first TD from 35 yards out on an off-tackle play with about three minutes left in the first quarter. Just before the half the Gold's Doug Proffitt knotted the game on a fake end run, passing a 25-yard TD strike to Pat McCright.

Outstanding players were Carr, Skokan and Morris for the Reds; and Proffitt, McCright, Schultz and Brett Frevort for the Golds, said recreation director Hank Over...

Tuesday night at 6:45 the players will regroup to form new teams.

Wildcat defenders are much tougher against the pass (76.7 yard average) and the rush (155 yards).

These are season averages. Against Chadron, however, Wildcat defense allowed only 37 yards rushing, 93 passing — both well below the Eagle average.

Unfortunately, Eagle defense treated Wayne with almost equal ruthlessness — 47 yards rushing, 117 passing.

But the whole game finally rested on two big defensive plays after Wayne had nursed a 7-0 lead from first quarter into the fourth. The first disaster came when Eagle linebacker Dennis Fitzgerald blocked a Dean Ott punt and batted the ball into the end zone. Another Chadron linebacker, Anson Korfe, pounced on it a split second before Ott got there. Chadron tied the count at 7-7 on Bob Lacey's point kick.

After a couple of punt exchanges, Wayne had possession again. Then another disaster. Eagle Mike Mitchell intercepted a Wayne pass at the 15 and returned it to the Wildcat three. On the next play, running back Bob Houston plunged for the winning touchdown, and Lacey kicked another point. Nine minutes remained.

With 1:35 left, Wayne mounted another aerial assault which looked as promising as the first quarter drive which yielded a touchdown on a Dave Miller pass to Dean Ott for 23 yards into the end zone, plus a Kevin Mahberger kick.

But in the final attack, a Miller pass fell into the hands of Eagle defender Ron Brooks one of two backs guarding Ott near the goal line. It was no matter that Ott was called for offensive interference. Chadron declined the penalty and ran out the clock on four rushes.

So ended a day of frustration for offense, glory for defense on both teams.

The only offensive honors belonged to Wayne's Miller, who completed 12 of 18 passes for 115 yards, well above his 74 average, and to Chadron's quarterback John Burns, who hit 7 of 14 for 93 yards, far under his 144 pace.

Athlete Of The Week

GORDON EMBRY
Wayne High School

Wayne High tackle Gordon Emry is the recipient of this week's "Athlete of the Week" award not because he made outstanding plays in Wayne's 39-12 defeat of Madison Friday but because of his continuous outstanding plays in all six of the school's games thus far this season.

Emry has carried a big responsibility in opening holes to spring free Wayne's running backs. Wayne's coaching staff pointed out.

Example: the team's leading rusher against Madison, senior Rod Hoops, was able to run for 114 yards in 28 carries thanks to Wayne's front line. The same holds true for the Devils' two other leading rushers, Marty Hansen and Mark Brandt, who racked up 87 and 65 yards respectively.

So often linemen are forgotten when a touchdown is scored or when a player makes a long gainer, coach Al Hansen said. If it weren't for the line working with the rest of the team, Wayne wouldn't be 6-0, he noted.

Emry, son of Mr. and Mrs. Arnold Emry of Wayne, was a part of Wayne's offense last year, playing end. But the 6-3 lad gave up that slot at the request of Hansen to fill at one of the tackle spots, where Wayne's line was hurting before the season began.

Emry, who lettered in football and basketball last year, also was a member of last year's track team, earning the senior praise as one of the school's top athletes.

An area all-around athlete that deserves honorable mention for his playing last week is Allen High's Paul Snyder, who ran for 83 yards, scored one touchdown and helped to set up another with a 55-yard gallop in the Eagles' 13-10 win over Newcastle.

Wayne Among 11 CC Teams At Plainview

Eleven Class B and nine Class C high school cross country teams, including Wayne High, will be competing for the three team entries in each class which will go to the state meet during district competition in Plainview Friday afternoon.

Heavily favored Grafton is the pick to win Class B, said Wayne coach Harold Maciejewski, but he did not coach his team from placing runners among the top six finishers who also will go to state.

Maciejewski admitted his runners will have to better the times they ran against Coleridge in a dual Monday at Coleridge. Tom Maier had the best time of 16:24 to place fourth as Wayne totaled 74 points to Coleridge's 17.

Right behind Maier was Jeff Backstrom with a time of 16:30. Ken Daniels was seventh at 16:50, four seconds ahead of eighth place Jon Ley.

Coleridge's Rich Winkelbauer won the meet in 15:09.

JV Blasts West Point CC, 40-12

Junior running back Ritch Workman ran for a pair of touchdowns and quarterback Monte Lowe passed to Dave Hix for two more as Wayne High's junior varsity football team blasted West Point Central Catholic, 40-12, Monday at Wayne.

The Lowe to Hix combination put Wayne on the board on the team's second play from scrimmage when Lowe hit Hix for a 61-yard touchdown.

Following Rob Mitchell's two-point conversion, Wayne recovered a CC fumble on the 45-yard line and Workman scored from two yards out to cap the drive in eight plays. Mike Wieseler made the two-point PAT.

With Wayne ahead 16-0 after the first period, Lowe and Hix teamed up again, this time on a six-yard aerial to complete a 40-yard march after another recovered fumble.

Both the defense and offense played an excellent game, coach Ron Carnes said after his club scored its second win without a defeat.

Carnes was especially pleased with the defense, which recovered three fumbles — that last one by Kevin Marks who returned it 20 yards for a 32-0 halftime lead.

Workman, who had 78 yards rushing in the first half, scored Wayne's last TD on a 12-yard scamper to finish a 60-yard drive in 12 plays after Mike

Wieseler helped to set up the score on a 20-yard run.

Hard hitting best describes the way the defense played, Carnes added. Plays by Mike Rehwisch, Brent Spence, Larry Creighton and Mark Poehlman led the "superior" defense unit, Carnes said.

West Point scored twice in the last period when Carnes put in his second string team.

Winside Jr. Hi Scores 1st Win

Winside's junior high griders dumped Emerson Hubbard, 28-4, Tuesday night to win their first contest in three starts.

Led by seventh grader Jon Langenberg with a 50 yard sprint and two touchdowns, Winside took a 14-6 first half lead.

Langenberg rambled 50 yards in setting up the team's first six-pointer before Mitch Pfeiffer, eighth grade, went 15 yards and Jody Brummels, Winside's rushing leader with 135 yards, bulled over from the five.

Langenberg came back on the next series Winside had the ball, capping a 40-yard drive with a 15-yard touchdown play before Pfeiffer converted the two-point PAT to go ahead 14-0.

"The only period our defense had a let-down was right after we scored our second touchdown," said coach Mike Jones. Emerson returned kickoff 85 yards to score, making the halftime score, 14-6.

In the third period Langenberg, who had 122 yards rushing, crossed the goal from eight yards out on a 35-yard TD drive set up by Bill Gottberg's fumble recovery. Brummels capped Winside's scoring in the final period with a five-yard blast, with Pfeiffer's two-point conversion good. Pfeiffer was third in rushing with 77 yards.

Jones said his offense was able to control the game because his defense stopped Emerson most of the game. Paul Roberts and Todd Greunke led tacklers with six and five take-downs.

Wayne High's freshmen and reserve volleyball teams ended their seasons on winning notes Tuesday night, beating Hartington Cedar Catholic at Hartington.

The reserves, going two games, whipped Cedar 15-8 and 15-7 to end their season with a 7-1 mark. The freshmen, playing only one game, won 15-13 for a 3-2 record.

Both games were a complete

team effort, coach Mavis Dalton said.

A team effort also describes the varsity's victory which boosted its record to 7-1. Wayne ripped Cedar 15-11 and 15-12.

However, the varsity doesn't end its season, Mrs. Dalton pointed out. Monday night Wayne enters the eight-team West Husker volleyball tournament at Madison.

Second-seeded, the Wayne team held a 6-1 record going into Friday's pairing while Madison, top-seeded, was 7-1. Although Wayne's opponent wasn't known Wednesday morning, the locals will play in the second game of the afternoon tournament at 4 p.m. Mrs. Dalton said. Winners will advance to the semi-finals that night. Finals are Tuesday night.

Ikes Select 3 Directors

The Wayne Izaak Walton League Monday night named Ray Butts, Jerry Kohl and Marvin Brummond to the board of directors to replace retiring board members Glenn Walker, Norris Weible and Ed Skeahan.

During the meeting at the club house northwest of Wayne, the members appointed Weible to fill the vacancy left by the resignation of secretary Gary Wiebehaus. Weible will hold that post until 1975.

The members postponed election of officers until a later date.

Sportsbeat

By Bob Bartlett

ALL FIVE area high schools (Wayne, Winside, Wakefield, Allen and Laurel) are like more than 100 Northeast Nebraska schools, offering football, basketball and track for boys and volleyball for girls, according to this year's Northeast Nebraska Directory of Superintendents and Other Key Personnel published by Wayne State College.

Laurel, Winside, Wakefield and Allen also offer girls track. Wayne High is like eight other NE schools which don't offer girls track.

Wayne High athletic director Harold Maciejewski said he hopes that status will change soon. Maciejewski said two problems that stand in the way of offering girls track at the present are money in the budget for equipment and lack of track facilities. Presently, the boys track team is using the college oval.

A quick tally of athletic departments, said Deryl Lawrence, director of the college's special services, indicates that of the 124 NE Nebraska schools reporting coaches for the various sports: all offer boys basketball; all but one offer boys football; all but one offer girls volleyball; all but three offer boys track; all but nine offer girls track; about 12 per cent (15) offer boys baseball.

Lawrence, former principal at Wayne High, added, "We didn't have it on this year's information sheet, but eight schools listed girls basketball."

Girls basketball is another sport Maciejewski would like to see started at the high school. But again finances are a problem.

Wayne High superintendent Francis

Hahn said the lack of competition also is a factor. Only nine schools in Northeast Nebraska offer the sport, greatly limiting competition, he said.

SURE HOPE Wayne High backers take advantage of the new bleachers at the high school auditorium when wrestling and basketball seasons open.

For the first time in a long time Wayne High will have a home court advantage, thanks to the efforts of the school board and interested parents.

The players will be the first to admit that it will be great to play at home. Although Wayne State's Rice Auditorium has been the home court in past years, most players don't consider Rice as giving them the home court advantage because the team doesn't practice there.

Whether the switch in gym floors makes a difference in the team's season remains to be seen. In the meantime, the college deserves a big thank you for renting the high school's oval.

DIDN'T HAVE the time and space in Monday's paper to go into more detail about individual efforts at least week's Husker Conference cross country meet at Wayne. So I'll pass it on now.

Placing high among top finishers in nothing new to brothers Jon and Monte Michelsen of Tekamah-Herman. The pair, first and third over the two and a half mile course at Wayne last week, helped pace their school to first in the Husker track meet last year.

But conference meets aren't the only places the brothers shine. Monte ran a leg on his school's mile relay team which

Allen Youth Advances in PPK Contest

An Allen youth has advanced to Punt, Pass and Kick district competition at Omaha Saturday. He is Robb Linafelter, son of Mr. and Mrs. Ken Linafelter, who won the 10-year-old category in the zone competition at Fremont last week.

Linafelter was the only area youth to place after six entries from the Wayne meet failed to make the top three. Those six: Tim Thomas, Steve Kovensky and Tim Corbit, all of Wayne; Paul Roberts and Keith Roberts, both of Wakefield; and Troy Young, Laurel.

Wakefield Stops Coleridge

Wakefield High's reserve football team wound up its season with a 31 record Monday by blanking Coleridge, 20-0.

Running back Tim Rouse scored the first touchdown on an 85 yard romp in the first period before racing 40 yards in the third quarter to set up the final TD.

Brooks Myers, who converted two of the three PATs, bulled over from the one yard stripe following Rouse's third quarter scam

per. The second six pointer came when defensive back Mike Soderberg intercepted a Coleridge pass on the visitor's 25 yard line and raced across the goal.

Wakefield's defense played an exceptional ball game, coach Joe Coble said, pointing out that the unit only gave up two or three first downs. The defensive front line — Steve Greve, Pat Brown, Danny Byers, Jim Alvin did a fine job, he added.

Prep Picks Conference Title on Line In Wayne-Lakeview Battle

By BOB BARTLETT

The Wayne Columbus Lakeview game Friday night won't rank as the game of the century in West Husker Conference action, but it is one of the top games in prep football this week.

At stake is the division title and the right to meet the East division winner in the Husker playoff in November.

According to Wayne coach Al Hansen, this is the game his Devils have to win if they want a solid crack at the title. Wayne, 4-0, in the league and 6-0 overall, takes on Lakeview, 3-1 in the league and 3-3 overall, at 7:30 p.m. at Wayne State's Memorial Stadium.

What Hansen means by a solid crack is to win the division with an unblemished record and remain respectable in the Omaha World Herald's Class B top 10.

Should the Devils lose, not all would be lost in trying to win the division. According to Wayne High athletic director, Harold Maciejewski, Wayne would have the best chance of taking the title if a three-way tie should develop between Wayne, Lakeview and Wisner-Pilger — the top three teams in the West this week.

Maciejewski explained that Lakeview and Wisner only have one loss in the league. If Wayne should lose Friday, it would make three teams with a single loss, providing none of the trio loses remaining conference games. League rules would settle the question of which team would represent the league.

Wayne would be a top choice because the team which represented the league most recently in the last three years (Lakeview), would be eliminated. Since the Devils beat Wisner during the season, the Devils would get the nod.

But I doubt if the Devils think they can sneak into the conference title playoff by losing this one. They have too much pride, and a perfect season as well as a showing in the final state Class B rankings is at stake. The Devils will prove their strength by winning.

For the second week in a row I've suffered two losses in picking area football teams — Laurel lost to Bloomfield, 21-0, and Allen beat Newcastle in a squeaker, 13-10 — to drop my overall mark to 21-5. Otherwise, Winside beat Ponca, 14-6, Lakeview downed Wakefield, 34-8, and Wayne was a winner, 39-12 over Madison.

This week's prep picks (winners in boldface):

Norfolk Catholic at Winside another area team with a 6-0 mark. The Wildcats are a good bet to keep the winning streak intact Friday. Coach Doug Barclay's crew could crack the top 10 Class C standings with a perfect mark.

Coleridge at Allen — Coleridge has yet to lose a game, making them the favorite.

Laurel at O'Neill — O'Neill proved its right to the top spot in the Northeast Nebraska Activity Conference Friday by beating Pierce, 26-12. Laurel will have to come up with a better offensive display to top the Bluejays.

Stanton at Wakefield — The Trojans should break into the win column this Friday.

Hartington CC Halts Bears JV

Hartington Cedar Catholic's junior varsity converted two of three blocked punts into scores Monday as the hosts handed Laurel its fourth defeat, 26-0.

Laurel collected more first downs than Hartington Cedar, 11-7, coach Tom Bell pointed out, but Laurel's offense never sustained a scoring drive.

Laurel's longest drive came in the third period when the Bears marched 60 yards before running out of downs on the 12.

Sophomore Mike Dalton led Laurel rushers with 45 yards.

Monday night Laurel (0-4) hosts Bloomfield.

Devils Dip To Sixth

Crete High, 4-0-2, has replaced undefeated Wayne High in the fifth spot of this week's Omaha World Herald Class B football ratings.

According to prep writer Conde Sargent, Crete's tie with Class A York Friday night and York's win over Lexington in September are the reasons for Crete moving up the ranks.

Ord High and Lincoln Plus X are one-two in the standings, with David City Aquinas third and Lexington fourth.

In Class C-1 ratings, Scribner of the East Husker Conference, still is No. one with a 6-0 mark. Walthill, of the East Lewis and Clark Conference, remains No. 10 in C-2.

Fires

(Continued from page 1)

Winside spur on Highway 35, according to the sheriff's office. No injuries were reported.

The other fire destroyed a car reportedly driven by a Hartington youth who is a student at Northeast Nebraska Technical Community College at Norfolk. The car was destroyed when fire from an undetermined source broke out about 6:30 p.m. four miles south of Winside. Volunteer firemen who turned out to fight that car blaze were unable to get the name of the driver before he left the scene.

New Name Brings New Spirit to WS Event

HOMECOMING at Wayne State last week had a new name, Wildcat Days, but pretty much the old look in spirited events. At top left, Tau Kappa Epsilon wins the chariot race, grand finale of the Greek Olympics. TKE, as fraternally champion, won the title of "Alexander" for favorite brother Craig Heitwege. Below, Phi Mu sorority's

tug of war team grinds to a victory which helps win the sorority Olympics title. Phi Mu member Deb Long thus became "Helen of Troy." At upper right, theatre students — these in costumes from the "Wizard of Oz" — livened Saturday's parade. At the bottom, a traditional bonfire pep rally Friday attracted the largest crowd in years.

Farm Bureau Re-Elects Marvin Felt President

Marvin Felt of Wakefield was named to another term as president of the Wayne County Farm Bureau during the group's annual meeting Monday night at Wayne.

Also re-elected during the meeting were Neil Sandahl of Maurice as vice president and Maurice Boeckenhauer of Wayne as youth chairman. Named women's chairman was Mrs. Lauren Boeckenhauer of Emerson.

Fifty two persons attended the dinner meeting, held at the Woman's Club room at the city auditorium.

New board members elected for two year terms are Keith Owens of Carroll, Vern Miller of Haskins, Wayne Gilliland of Wayne, Eldon Heinemann of Wakefield and Paul Bierman of Wisner.

Delegates to the annual state convention in Lincoln in December will be Robert Boeckenhauer of Wayne, Neil Sandahl of Wakefield and Clarke Kai of Pender. Alternates are Mrs. Milton Owens of Carroll, Norman Wickman of Pender and Marvin Westerhold of Pender.

Fourteen national resolutions, seven state resolutions and five county affairs resolutions were passed during the meeting. Chairman are Paul Everingham of Wakefield for national affairs, Marvin Westerhold of Pender for state affairs and Ed Vahlkamp of Winside for county affairs.

Winning drawings for membership prizes were Warren Creamer of Norfolk, a mini-vacation at a motel for two days. Ernest Junk of Carroll, a free airplane trip over his farm home, and Wilbur Heithold of Wayne, the "biggest" banana split in Nebraska. The banana split will be made at a local drive-in.

Winning crates of citrus were Dennis Bauer of Wayne, Dennis Otte of Wayne, Morris Backstrom of Winside and Dale Krusemark of Pender.

Next meeting of the Wayne County Farm Bureau will be Nov. 18 at the county offices in Wayne. The meeting is scheduled for 8 p.m.

Wayne Firm Is Ready for Move to Norfolk

Beginning Tuesday Consolidated Engineers Architects will be in their new office at 1106 Riverside Blvd., Unit C, at Norfolk. The office has been at Wayne for the past eight years.

The move is being made because of need for more office space and more specialized staff, a spokesman for the firm said.

The office staff includes seven engineers and technicians, and will shortly include additional staff specializing in sanitary engineering. The firm does consulting engineering and architectural work for industrial, commercial and municipal clients in Northeast Nebraska.

Duane Upton, a vice president of the firm, has moved his family from Wayne to Norfolk. Jim Koch, a native of Winside and Robert Wortman, a native of Rosalie, have also moved their families to Norfolk. Richard Doleh, already lives in Winside where his wife teaches school.

The home office of Consolidated Engineers-Architects is in Omaha.

Working on Final Draft

REVIEWING QUESTIONS which will be included on Wayne's community attitude survey are, from left, Dr. Irv Brandt of the Wayne State College staff, Chamber of Commerce manager Howard Witt, local businessman Arnie Reeg and Bill Martin, development trainee with the state economic development department. The men went over the final draft of the questionnaire Monday at the Chamber office, deleting some questions and adding others. The questionnaire will be distributed by Wayne County Jaycees on Nov. 17 during their Honey Sunday fund raising efforts and will be picked up two days later. The survey also will be filled out by Wayne High seniors and area farm families.

Federal surtax could hike state income tax bills

LINCOLN—President Ford's proposal to tack a surtax on federal income taxes could raise Nebraska personal income tax payments.

State tax commissioner William E. Peters says it will depend upon how the federal law is written — and, of course, whether Congress adopts it — whether the Nebraska tax is affected.

Nebraskans pay in state income taxes a percentage of their federal liability. The question Peters said needs to be answered is whether the surtax would be considered part of the basic federal liability.

The state individual income tax rate this year is 11 per cent, so the extra state tax would be 11 per cent of the five per cent President Ford is proposing for

certain taxpayers.

It's already an issue in the gubernatorial campaign that the state is reaping dollars in record amounts from the present tax rates. If the surtax is established and if the state would be getting more revenue because of it, the balance in the treasury would grow some more.

Although all that money isn't needed to finance the state government through the current fiscal year, more funds would be needed if the state school aid program is given the significant increase from legislature authorized. A state tax on the surtax would help reduce the pressure on raising the state income tax rate to meet the school aid requirements.

The state Supreme Court is to listen to

arguments October 28 on whether that school aid question is to be put before the voters in the November 5 election.

The state board of equalization sets the sales and income tax rates and Governor J.J. Exon, chairman of the board, has said it won't meet until after the election to establish the 1975 calendar year rates. The surtax situation could affect what the board decides.

Education Program Probed

The legislature's judiciary committee has scheduled a hearing for Friday to take another look at the education programs being operated at the State Penal Complex.

The session was booked after the committee heard Mrs. Edith Whiting, education director, defend the programs

at the penitentiary and reformatory.

Those programs had been criticized by an evaluation team from the state department of education. The evaluation was conducted at the direction of the committee, which also had asked the fire marshal and the state health department to inspect the penal facilities. Those inspections also turned up some deficiencies.

Several senators said they weren't satisfied with Mrs. Whiting's discussion of attendance at the penitentiary education programs this year. Mrs. Whiting said there were about 45 prisoners enrolled in courses, but only about six or seven who attend regularly. She said she didn't know why that was the case.

Senator Ernest Chambers of Omaha,

especially, was critical of Mrs. Whiting's reluctance to discuss her qualifications for the job. She said she was educated in Europe and indicated Communists might "snitch" her off the streets if she discussed information which might identify her to certain foreign governments.

Exon, Marvel Check Lease

The building which houses the state labor department's Omaha headquarters has become a political issue.

Senator Richard D. Marvel of Hastings, the Republican candidate for governor, has scheduled an investigation of the lease on the building by the legislature's budget committee, which he heads.

And the incumbent Democrat, Governor Exon, has asked the state justice department to look into the lease which

Douglas County GOP chairman Harold Daub of Omaha has called a \$3 million rip off.

The state is leasing the building from Jado, Inc., a firm in which a 1970 campaign aide for Exon, Michael Jackson, is a part-owner. Daub contends the lease payments and tax benefits over the 15-year life of the lease amount to an unreasonable profit.

The Exon administration says the lease was approved by the Republican attorney general, Clarence Meyer, and the Republican administration's U.S. Labor Department regional office in Kansas City before it was signed.

The governor said he was assured "everything was in order."

Marvel said Exon hasn't given a satisfactory explanation.

OBSERVATIONS

Anybody got a solution?

It's really too bad somebody — anybody — can't do something to solve the problem this town has with swarms of starlings and sparrows nesting in certain trees night after night, week after week.

The corner of Second and Pearl Streets is possibly the worst example of that problem.

The noise those birds make when they come in to nest each evening and when they leave each morning is almost unbelievable. We wonder how the residents around there can stand that clockwork cackling.

More bothersome, however, is the smell and health hazard created by the droppings those birds leave on everything underneath the trees. We wonder why people living close to those trees — especially those with children and pets — have not complained to city authorities in an attempt to get something done to scare those birds out of their nesting place.

We realize that solving the problem sounds a lot easier than it really is. Officials at Wayne County Public Power District attempted to get rid of the

starlings and sparrows nesting in their trees, trying everything from lights to nightly dousings of water. They finally gave up and resorted to trimming the trees drastically, partly because of the bird problem and partly because of Dutch elm disease. Their trees may not look very pretty the way they are now, but at least they no longer have the problem of thousands of birds nesting there nightly.

We would like to see city officials investigate the possibility of purchasing some type of equipment which would effectively scare the birds from their nesting places, whether at the corner of Second and Pearl or somewhere else in the city. It's a little hard to believe that the good old American ingenuity has bumped into a stone wall covered with starling droppings.

We would also like to see the areas below the trees where these birds nest regularly cleaned up more often than has apparently been done at Second and Pearl. It that involves getting high-pressure water hoses from the fire department, so be it. If we can't solve the problem, at least we could learn to live with it. — Norvin Hansen.

WAY BACK WHEN

30 Years Ago

Oct. 17, 1944 Rev. T. J. C. Schuldt, Nebraska City, accepted the call to become pastor of St. Paul Lutheran church. Wayne Dean Meyer, son of Mr. and Mrs. Carl Meyer, won grand champion beetle at the Ak-Sar Ben Live stock show — sold at an all-time high of \$4.45 per pound. A considerable amount of clothing for liberated countries was collected here through churches the past week. Nine Wayne County men filled this month's selective service quota. They were William Lueders, Julius Wickert, Leslie Bridgman, Herbert Hendrickson, Thomas Poledna, John Brugger, Lyle Kirkes, Jerome Reimers and William Ingram. Coach John Kyl's Wakefield Trojans defeated the Wayne high Knights 31-0 in a game played Friday evening at Wayne college field.

15 Years Ago

Oct. 14, 1959: Wayne's city council will hold a special meeting at 7 p.m. Tuesday to open bids for installation of a new generating engine at the municipal light plant. WSTC enrollment this fall has mounted to 1,261, an increase of 117 over the 1958 peak. The price support rate on 1959 crop corn in Wayne county will remain at \$1.05 a bushel, ASC Chairman Carl Sundell announced today. The world renowned Navy band will play two concerts today at Rice Memorial auditorium. The 72 piece Wayne High band, directed by Harold Osborn, will participate in the annual University of Nebraska band day program Saturday.

10 Years Ago

Oct. 15, 1964: A rare treat is in store for the people attending the Nebraska Pork Banquet Sunday evening, Oct. 25 at the Wayne State Student Center. Dr. Cecil Bliss, nationally prominent speaker for the American Dental Association, will tell the group how an individual's personality can be used to achieve success. A record budget for support of the college and a major gifts campaign emerged from the Wayne State Foundation's annual meeting Friday. An old favorite of stage comedy, "Arsenic and Lace" will be performed Sunday, Monday and Tuesday night by Wayne State actors. Wayne American Legion, Irwin L. Sears Post 43, received two awards at the District III convention in West Point, Oct. 12.

With a little care, drivers and winter can mix safely

Motorists and winter are like oil and water. They do not mix well. However people used to drive during the winter whether they want to or not.

The Nebraska Department of Roads suggests that some of the trauma of winter driving can be reduced by understanding the winter words of warning used by radio and T.V. when they air their forecasts.

The terms "ice storm, freezing rain or freezing drizzle" mean a coating of ice is expected. If the announcer precedes his comment with the word "heavy" it means the weight of the ice can cause extra damage.

Ice storms mean slippery roads, streets and bridges plus reduced visibility as the ice coats the windows of your car or truck. The Department recommends that drivers be extremely careful during an ice storm. Jack rabbit starts and sudden braking can lead to crunched fenders and confused occupants.

When the forecaster says "snow" he means a steady fall, unless the words "occasional" or "intermittent" are in front of it.

"Heavy snow" means a fall of four inches or more is expected in the next 12 hours or six or more inches in the next 24 hours.

Heavy snow has different meanings depending upon where you live. Two or three inches can be "heavy" to a resident of southern Florida while to a Dawes County Nebraskan it is only a "little" snow.

Snow flurries mean intermittent snow fall which can reduce visibility and cause slippery surfaces.

Snow squalls are usually brief but very

heavy with gusty surface winds. Squalls can blot out visibility within seconds. Fortunately, they seldom last long and if possible, the driver should "hole-up" until they pass.

Blowing and drifting snow means strong winds, greatly reduced visibility and possible blockage of highways, roads and streets.

When the announcer says "blizzard" he means wind speeds of 35 miles per hour or above, temperatures of 20 degrees F or below over an extended period and plenty of snow flakes swirling through the air.

Severe blizzard means winds of at least 45 miles per hour, dense snow and temperatures of 10 degrees or less. Severe blizzards are killers so treat them with respect. If you do get caught in one and your car stalls or gets stuck, stay with it. It's your best protection. Sooner or later help will come. Trying to fight your way on foot through a severe blizzard is like the warning on cigarettes, "Dangerous to your health."

The words "cold wave" are relative depending upon the climatic experiences of where you live. It can mean a drop of 10 to 20 degrees or as much as 40 or more. Its basic meaning is a rapid fall in temperatures within a 24-hour period that will require emergency protective measures, ranging all the way from lighting smoke pots in a citrus grove to stuffing kids into snow suits.

When the "electronic" voice intones "watch" it means a winter storm is approaching. When the term changes to "warning" it means that a winter storm is imminent.

The Department of Roads urges everyone to take winter driving seriously.

Thanks to YOU - it's working

Thoughts for the day

THURSDAY — Live as if Christ died yesterday, rose this morning and was coming back tomorrow. Matthew 24:44. The Son of Man is coming at an hour when you do not think He will.

FRIDAY — If He is coming soon, it is a cruel thing not to prepare, speak of it, sing about it, spread it. Acts 1:1. This Jesus who has been taken up from you into heaven, will come in just the same way as you have watched Him go into heaven.

SATURDAY — Those who believe in His return are not looking for the "rapture" but the "glorious" Isaiah 33:17 — Their eyes shall see the King in His beauty.

SUNDAY — It is better to do one thing for God than to promise forty things, you will never do. Psalms 131:2. The works of the Lord are great.

MONDAY — We are saved to serve, but we must not let our feet be shod with the gold of this world. Ephesians 2:8-10 or by grace we are saved through faith, and that not of ourselves. It is the gift of God.

TUESDAY — The key that opens heaven down to every church door. Matthew 16:19. And I will give unto them the keys of the Kingdom of heaven.

WEDNESDAY — A lot of Christians are found on crutches, and those whom God has prepared for them three Square miles a day. Proverbs 8:17. I love them that love me, and those that seek me early shall find me. Hazel Sorenson, Thurston

Cost of huge federal debt 2nd only to national defense

What federal expenditure takes three times as much from Wayne County residents, through the taxes they pay, than aid to education?

What is it that takes a bigger piece out of their tax dollar than federal spending for veterans services, revenue sharing, housing and community development, space research and environmental protection, all combined?

The answer, the interest on the national debt.

The interest costs are at a record level, nearly \$30 billion, by virtue of a big boost in the debt ceiling in May. The total debt is now at an astronomical \$495 billion, just under a half trillion.

The increase, requested by the Nixon Administration, was necessary so the government could borrow money to meet its oncoming obligations.

Since \$495 billion is too colossal a sum to grasp, it is broken down for better understanding.

If it had to be paid off all at once and if everyone in the country had to chip in an appropriate share to liquidate it, Wayne County's contribution, based upon local

population and income, would amount to \$20,411,000.

Since there is no plan to pay off the debt, of course, it presents no immediate problem. What is of concern, however, is the huge amount of interest that must be paid on it annually.

The \$30 billion that will be required during this fiscal year is second only to the cost of national defense, the budget surplus.

Residents of Wayne County will be paying approximately \$1,237,000 toward these interest charges, in line with their normal share of the overall tax load. Per local history, the average is \$380.

The federal debt has reached the point of being larger than the combined governmental debts of the rest of the world, according to Congressman H. R. Gross of Iowa. It has risen more in the last five years alone than in the previous 150.

Responsibility for the growth is attributed to deficit spending, year after year. The national government has grown so big that it takes \$9,500 every second to keep it going.

— From Park Row News Service.

GRASSROOTS OPINION

Montrose, Calif., Ledger

There is a worldwide shortage of newspaper, and the United Nations Association of the United States of America has decided to help by publishing its own newspaper! It is set for a paid circulation of between 100,000 and 200,000 each month, with no advertising — just hard news and propaganda. So the UN will do its thing as usual — it will solve the problem by becoming part of it.

Saving money No. 2 Home heating tips

A thermostat is a heat-sensing device that automatically turns equipment on or off. As soon as the temperature reaches the level you select, the thermostat turns the equipment on or off.

On electric ranges, air conditioners and home heating equipment thermostats provide the convenience of accurate automatic temperature control.

Unfortunately, many people use thermostats as switches, setting them too high and then manually setting them too low. This wastes energy and runs up your electric bill. To save money, set your thermostat properly and let it do the rest.

Here are some ideas that will help you eliminate wasted heat and save money on your heating bill this winter:

— Turn your thermostat down. Find the lowest daytime setting at which you are comfortable in normal clothing and keep it at that setting all day.

— Turn the thermostat down an extra five degrees at night.

— Turn off heat in unused rooms, and close the doors to those rooms.

— Having company? Large crowds will heat your house so turn the thermostat down 30 or 40 minutes before they arrive. Drop it another few degrees when they arrive. This avoids wasting heat by having to open doors or windows to let body heat escape.

— When you are going to be away from home for 24 hours or longer turn the thermostat to its lowest setting. Ideally this is 52 degrees.

— Never turn the thermostat completely off when you are going to be gone for a few days. A sudden cold snap could cause your water pipes to freeze and burst causing substantial damage to your home.

— If you choose to have your bedroom windows open at night close the door to keep cold air from hitting the thermostat and causing the rest of the house to overheat.

Feeding Straw
Many farmers will be feeding straw to their stock cows this winter. But straw doesn't have enough protein and must be supplemented with a good protein source such as alfalfa hay. The cows will eat better if the alfalfa hay and straw is fed mixed together rather than fed separately.

Mulching Strawberries
Wide variations in winter temperatures may kill fruit buds, injure roots and cause crown damage of strawberry plants. Strawberry plants should be mulched after the plants have been exposed to several light frosts and growth has ceased. Plants should be mulched before a heavy freeze is expected.

Straw free of weed seeds makes a good mulch. Baled straw should be thoroughly torn apart and scattered to a depth of three inches forming a blanket across the field.

The main benefit of this mulch is to aid in winter protection. Next spring this mulch can also provide protection against late spring frosts, improve fruit quality, improve picking conditions, control weeds and improve plant vigor. Next spring this winter mulch should be removed from around the plants, as they begin growth. Remove the mulch gradually, exposing leaves before they turn yellow and eventually expose the crown or spring growth and berry production. A mulch can be left around the plant for summer weed control, moisture conservation and cleaner berries.

Next Year's Shelterbelt
Now is the time to plow next year's site for tree planting for shelterbelts.

If the land is plowed now there will be ample time for the vegetation to decompose and make a better tree planting job possible next spring.

Land plowed in the fall will absorb more moisture. By next spring, the soil will have settled and will pack together around the tree roots, as compared to spring-plowed land.

Many older windbreaks need additional tree plantings to make them more beneficial. The trees are older and have lost their lower limbs which permits the wind and snow to go through the windbreaks and the snow to drift in the wrong locations. Farmers can benefit from the effectiveness and increase the life of their windbreaks by adding one to three rows of red cedar to the outside of their present windbreak.

Gingham Gals

The Gingham Gals 4-H Club held their first meeting Oct. 7. Officers were elected with Sandy Jacobmeier, president; Chris Vakoc, vice president; Anita Sandahl, secretary; Jane Edmonds, treasurer, and LaVonna Sharpe, news reporter.

The group discussed projects for the year. LaVonna Sharpe, news reporter.

USDA News

Dryland Corn Drops
Nebraska corn production is estimated at 355 million bushels as of Oct. 1, according to Doug Murfield, Division Director of the Statistical Division of Agricultural Statistics. If realized, this would be 2 per cent above a month earlier but 35 per cent below last year's record crop.

The increased production is the result of farmers harvesting more acres for grain than earlier in the year, but the overall corn yield is down 4 bushels from the Sept. 1 forecast. The Oct. 1 yield is forecast at 71 bushels per acre, and acreage is set at 5 million acres compared to 4,500,000 acres in September. The freezes in early September did hurt corn yields some, but most corn was far enough along that when the freezes did hit, damage was not severe.

The irrigated corn crop is estimated at 303 million bushels, unchanged from the Sept. 1 forecast but is down 2 per cent from a year ago. Yield is unchanged at 101 bushels per acre. Dryland corn production is estimated at 52 million bushels, up from the previous month because farmers now intend to harvest more acres for grain than they expected to earlier. Acreage of dryland corn is now estimated at 2 million acres, September freezes damaged many of the late fields as they were just starting to head, and the fact that more low-yielding corn fields are now expected to be harvested for grain lowered the dryland yield 2 bushels per acre to 76 bushels.

Sorghum Grain Down
October 1 grain sorghum production is forecast to 74 million bushels, down 11 per cent from a month earlier and 47 per cent from 1973. Yield is now indicated at 40 bushels per acre, a decline of 5 bushels from Sept. 1 and 28 bushels from a year ago. September freezes damaged many of the late fields as they were just starting to head, and the fact that more low-yielding corn fields are now expected to be harvested for grain lowered the dryland yield 2 bushels per acre to 76 bushels.

Soybean Production Forecast Up
The soybean crop is now estimated at 23.1 million bushels, up 16 per cent from the Sept. 1 estimate but 38 per cent below a year earlier. Both yield and acreage are up from Sept. 1, with yield forecast at 21 bushels per acre, and the acreage set at 1,100,000 acres. The crop is turning out better than most farmers expected earlier and as such, they are harvesting more acres for beans.

PUBLIC NO TICES BECAUSE THE PEOPLE MUST KNOW

LEGAL NOTICE OF MEASURES TO BE VOTED UPON NOVEMBER 5, 1974. BALLOT TITLES AND TEXTS OF CONSTITUTIONAL AMENDMENTS PROPOSED BY THE EIGHTY-THIRD LEGISLATURE, SECOND SESSION, 1974.

Also Included Are Statements of Explanation in Italics Prepared by The Executive Board of The Legislative Council.

PROPOSED BY THE 1974 LEGISLATURE Proposed Amendment No. 1

A vote FOR this proposal would enlarge the present eight-member elected Board of Regents of the University of Nebraska by adding three University of Nebraska students as nonvoting members, who would be the student body presidents of the University of Nebraska at Omaha, and the University of Nebraska Medical Center. Their term of office would be for their period of service as student body presidents.

A vote AGAINST this proposal would retain the present Board of Regents consisting of eight elected members.

TEXT OF PROPOSED CONSTITUTIONAL AMENDMENT

Be it enacted by the people of the State of Nebraska,

Section 1. That at the general election in November, 1974, there shall be submitted to the electors of the State of Nebraska for approval the following amendment to Article VII, section 10, of the Constitution of Nebraska, which is hereby proposed by the Legislature:

"Sec. 10. The general government of the University of Nebraska shall, under the direction of the Legislature, be vested in a board of not less than six nor more than eight regents to be designated by the Board of Regents of the University of Nebraska, who shall be elected from among the electors of the State of Nebraska provided and three students of the University of Nebraska who shall serve as nonvoting members. Such nonvoting student members shall consist of the student body president of the University of Nebraska at Lincoln, the student body president of the University of Nebraska at Omaha, and the student body president of the University of Nebraska Medical Center. The term of office of elected members shall be for six years each. The terms of office of student members shall be for the period of service as student body president. Their duties and powers shall be prescribed by law, and they shall receive compensation, but they shall be reimbursed their actual expenses incurred in the discharge of their duties. The Legislature shall divide the state, along county lines, into as many compact regent districts, as there are regents provided by the Legislature, of approximately equal population, which shall be numbered consecutively. The Legislature shall re-district the state after each decennial census. Such districts shall not be changed except upon the concurrence of a majority of the members of the Legislature. In any such re-districting, county lines shall be followed whenever practicable, but other established lines may be followed at the discretion of the Legislature. Whenever the state is so re-districted the members elected prior

Proposed Amendment No. 3

A vote FOR this proposal would remove language requiring every order, resolution or vote of the Legislature be presented to the Governor for his approval or disapproval, but would retain the provision that every bill passed by the Legislature be presented to the Governor for his approval or disapproval.

A vote AGAINST this proposal would retain the provision for presenting to the Governor for his approval or disapproval every

"Sec. 15. Every bill passed by the Legislature, before it becomes a law, shall be presented to the Governor. If he approves he shall sign it, and thereupon it shall become a law; but if he does not approve or reduces any item of appropriations, he shall return it with his objections to the Legislature, which shall enter the objections at large upon its journal, and proceed to reconsider the bill. If then three-fifths of the members elected to the Legislature shall assent to pass the same it shall become a law, notwithstanding the objections of the Governor. In all such cases the vote shall be determined by yeas and nays, to be entered upon the journal. Any bill which shall be returned by the Governor within five days (Sundays excepted) after it shall have been presented to him shall become a law in like manner as if he had signed it; unless the Legislature by its adjournment prevent its return, in which case it shall be filed with his objections in the office of the Secretary of State within five days after such adjournment or become a law. The Governor may disapprove or reduce any item or items of appropriation contained in bills passed by the Legislature, and the item or items so disapproved shall be stricken herefrom, and the items reduced shall be reduced unless repassed in the manner herein prescribed in cases of disapproval of bills."

TEXT OF L.B. 772 BEING REFERRED BY REFERENDUM PETITION

AN ACT to adopt the Public School Support Act of 1974; to amend section 79-4.102, Reissue Revised Statutes of Nebraska, 1943; to change the basis for determining the nonresident high school tuition rate; and to provide for increased financial support from the State to the public schools, be retained?

□ For
□ Against

Be it enacted by the people of the State of Nebraska,

Section 1. The Legislature recognizes its responsibility under Article VII, section 1, of the Constitution of Nebraska to provide financial support to the public schools of this state. It is the purpose of this act to meet such responsibility and at the same time to provide a reduction in property taxes for public school purposes within the state. Funds provided under this act shall be in addition to those furnished under the School Foundation and Equalization Act.

on January 1, 1974, under the provisions of section 79-4.141 are hereby adopted by the Legislature as the definitions for this act.

Sec. 3. There is hereby established in the state treasury a fund to be known as the public school Support Trust Fund into which shall be placed such funds as are required to be deposited therein under the provisions of this act.

Sec. 4. (1) State aid to the public schools shall be increased over a two-year period so that the state shall bear an average of fifty per cent of the adjusted current operational expenditures of the state's public schools as provided for in subsections (2), (3), and (4) of this section. The local burden shall be one half of the total adjusted current operational expenditures for the state, as defined in subsection (4) of this section.

(2) The Legislature shall increase appropriations for the aid of public schools so that (a) for the 1975-76 school year one half of such percentage to be borne by the state shall be provided, and (b) for the 1976-77 school year the total of such percentage shall be provided.

(3) Current operational expenditures shall be defined as total current expense including summer school services and specifically excluding expenditures for (a) capital outlay, (b) community services, (c) adult education programs, (d) debt service, (e) school lunch services, (f) transportation services, (g) capital construction, (h) acquisition funds, and (i) payments of interest and principal on bonded indebtedness.

(4) There shall be deducted from such current operational expenditures, for purposes of determining the adjusted current operational expenditures, receipts from the following sources: (a) Tuition and transportation reimbursement received from any source, (b) all fines and license fees, (c) all payments received from the educational service unit, (d) all federal funds received for vocational education, (e) public power district sales taxes, (f) insurance tax funds, (g) state apportionment, (h) state appropriations for special education, vocational education and drivers education, and (i) other miscellaneous local and county revenue receipts for purposes of computation under this subsection, the actual current operational expenditures and payments and reimbursements received in the second preceding school year shall then be adjusted to reflect the increase in expenditures allowed under the provisions of this act.

For the 1975-76 school year, such base shall be the actual 1972-73 adjusted current operational expenditures, increased by twenty-two per cent. For each subsequent school year, the adjusted current operational expenditure shall be the adjusted current operational expenditure of the second preceding school year, increased by fifteen per cent.

(5) The current operational expenditures as defined in subsection (2) of this section less the receipts enumerated in subsection (4) of this section shall be known as the adjusted current operational expenditures. One half of the total adjusted current operational expenditures for the state shall constitute the state's contribution. For 1976-77 and subsequent years, the remaining one half of the total costs shall be borne by the local districts.

Sec. 5. Of the total appropriation from the Public School Support Trust Fund (1) five million dollars shall be set aside annually for allocation by the State Board of Education under the provisions of section 3 of this act, (2) commencing with the 1976-77 school year, an additional five million dollars shall be set aside annually for allocation by the State Board of Education under the provisions of section 10 of this act, and (3) commencing with the 1976-77 school year an additional five million dollars shall be set aside annually for allocation by the State Board of Education under the provisions of section 15 of this act. The remainder of the appropriation shall be distributed under the provisions of sections 6 and 7 of this act.

Sec. 6. (1) After making the deductions provided in section 5 of this act, fifty per cent of the total appropriation to the Public School Support Trust Fund shall be distributed to the school districts in the proportion that the average daily membership of each district bears to the total average daily membership in all the public schools of the State of Nebraska.

(2) For the purposes of making the computations required in subsection (1) of this section, the average daily membership shall be that reported during the immediately preceding school year.

Sec. 7. (1) That portion of the

total appropriation from the Public School Support Trust Fund remaining after the distributions provided for in sections 5 and 6 of this act shall be distributed to the various school districts so as to provide, as nearly as may be practicable, a minimum per pupil financial support in the 1975-76 school year equal to four hundred dollars for each pupil in kindergarten, seven hundred fifty dollars for each pupil in grades one to six, eight hundred fifty dollars for each pupil in grades seven and eight, and nine hundred dollars for each pupil in grades nine to twelve.

(2) When the population density in any school district is less than five persons per square mile, the total financial support insured to each school district within the county under subsection (1) of this section shall be increased by the following percentages: (a) If the density is four or more but less than five persons per square mile, fifteen per cent; (b) if the density is three or more but less than four persons per square mile, fifteen per cent; (c) if the density is two or more but less than three persons per square mile, twenty per cent; (d) if the density is one or more but less than two persons per square mile, twenty-five per cent; and (e) if the density is less than one person per square mile, thirty per cent. Any school district showing a density greater than provided in this subsection shall not qualify for such percentage increases.

(3) For each school year after 1976-77, the minimum support figures provided in subsection (1) of this section shall be increased by seven per cent per annum.

(4) To be eligible for aid under this section, (a) each Class II, III, IV, or V school district must levy a tax equal to the qualifying mill levy as defined in subsection (5) of this section, (b) each Class I school district must levy a tax equal to three-sevenths of such qualifying mill levy, except that a Class I school district which is part of a Class VI school district offering instruction in grades seven to twelve must levy a tax equal to two-sevenths of such qualifying mill levy, and (c) each Class VI school district must levy a tax equal to four-sevenths of such qualifying mill levy, except that a Class VI school district offering instruction in grades seven to twelve must levy a tax equal to five-sevenths of such qualifying mill levy. The State Department of Education shall in information necessary to enable the district to comply with this subsection. Such information shall be supplied by February 1, 1975, and on or before February 1 each year thereafter.

(5) (a) The qualifying mill levy for the 1975-76 school year shall be twenty mills, and (b) for 1976-77 and subsequent years, the qualifying mill levy shall be the mill levy that would be required if the total cost throughout the state of the local burden, as defined in section 4 of this act, for the second preceding school year were to be raised by a uniform mill levy based on the property valuation applicable to such school year.

Sec. 8. (1) From the minimum support figure calculated pursuant to section 7 of this act, each district shall subtract the operating funds obtained from (a) the state under section 6 of this act, (b) the qualifying mill levy prescribed in section 7 of this act, but operation of funds received from that portion of the local tax levy which exceeds the qualifying mill levy shall be excluded from this computation, (c) the insurance tax fund, (d) state apportionment, (e) educational service unit payments, and (f) all receipts from local and county sources except local district taxes. The resulting amount shall be the amount to be paid to each school district as equalization aid.

(2) If the funds provided for distribution under the provisions of section 7 of this act are in excess of the amount required, the excess funds shall be distributed in accordance with the provisions of section 6 of this act.

Sec. 9. The amount provided by section 5 of this act for allocation under this section shall be reserved for allocation by the State Board of Education to those school districts experiencing hardship occasioned by an abnormal increase or decrease in enrollment in any one school year. Any allocation under this section may be made only upon application to the board and a showing of hardship, and shall be for one year only. Any amount not allocated under this section shall be divided and allocated under sections 6 and 7 of this act.

Sec. 10. (1) The amount provided by section 5 of this act for allocation under this section shall be reserved for allocation by the State Board of Education to those school districts which (a) furnish transportation to their pupils, (b) provide a special program for gifted

children, or (c) provide a special program for culturally or educationally deprived children. It is the intent of this section that the state pay one-half the cost of such transportation and one-half the excess cost of special programs. To qualify for funds under this section, such special programs must be approved by the State Board of Education. Criteria for the classification of gifted and culturally and educationally deprived children shall be established by the State Board of Education.

(2) Of the amount reserved for allocation under this section, not more than (a) one-half shall be used to reimburse each school district for one-half the costs of operating an approved transportation program, but if the amount so allocated is insufficient to provide the percentage reimbursement provided in subsection (1) of this section, the State Board of Education shall apportion the amounts available among the qualifying districts so that the sum granted each district shall represent a proportionate reduction from the sum it would otherwise receive, (b) one-fourth shall be used to reimburse each school district for one-half the costs of operating an approved special program for gifted children, but if the amount so allocated is insufficient to provide the percentage reimbursement provided in subsection (1) of this section, the State Board of Education shall apportion the amounts available among the qualifying districts so that the sum granted each district shall represent a proportionate reduction from the sum it would otherwise receive, and (c) one-fourth shall be used to reimburse each school district for one-half the costs of operating an approved special program for culturally and educationally deprived children, but if the amount so allocated is insufficient to provide the percentage reimbursement provided in subsection (1) of this section, the State Board of Education shall apportion the amounts available among the qualifying districts so that the sum granted each district shall represent a proportionate reduction from the sum it would otherwise receive.

(3) Should the amount provided for allocation under this section be in excess of the needs shown in subsection (2) of this section, the excess funds shall be distributed under the provisions of section 7 of this act.

Sec. 11. During the 1974-77 period, no school district shall introduce any program which has not previously existed in the district, except upon unanimous vote of the school board or board of education or a majority vote of the electors of the district voting on the proposition at a general or special school election. Such prohibition shall not apply to any exemplary or innovative programs which are totally funded by federal funds.

Sec. 12. Payments under this act shall be made in four approximately equal installments, one on September 30, one on January 15, one on March 15, and one on May 15 of each school year. The September 30 payment shall be an estimated payment. The first such payment shall be made on September 30, 1975.

Sec. 13. (1) The amount provided by section 5 of this act for allocation under this section shall be reserved for allocation by the State Board of Education to those school districts whose state aid received under sections 6 and 7 of this act is less than thirty-five per cent of their respective current operational expenditures.

(2) The additional aid provided for by subsection (1) of this section shall be provided to any school district only if (a) its mill levy exceeds the qualifying mill levy by twenty-five per cent or more, (b) its current operational expenditure for average daily membership for the second preceding school year exceeds the minimum support figure for the school year in question by more than ten per cent, (c) the school district offers instruction in grades kindergarten to twelve, (d) the district's average daily membership for the immediately preceding school year is greater than fifty, and (e) the district's pupil to teacher ratio is greater than twelve to one.

(3) The State Department of Education shall establish rules and regulations for the distribution of the funds provided for in this section. In establishing such rules and regulations, the State Department of Education shall consider the criteria established in subsection (2) of this section and such factors as (a) valuation per pupil, (b) local effort, and (c) other sources of assistance available.

Sec. 14. The State Department of Education shall adopt such rules and regulations as shall be necessary to carry out the provisions of this act. Such rules and regulations shall be adopted pursuant to Chapter 84, article 9.

Sec. 15. (1) (a) The State Board of Education shall, on or before September 1, 1974, certify to the Governor, the Executive Board of the Legislative Council, and the individual members of the State Board of Equalization and Assessment the amount necessary to be raised by state taxation for purposes of this act for distribution during the 1975-76 and 1976-77 school years.

(b) For the 1975-76 school year, the amount to be certified pursuant to subsection (1) (a) of this section shall be twenty-five per cent of the total state adjusted current operational expenditures of the public schools for the 1972-73 school year, increased by twenty-two per cent. For the 1976-77 school year, the amount to be certified shall be the amount certified for the 1975-76 school year increased by one hundred twenty per cent.

therefrom necessary to provide the amount certified each year pursuant to sections 15 and 16 of this act. The State Treasurer shall monthly deposit such percentage of monthly receipts to the credit of the Public School Support Trust Fund.

Sec. 19. Sections 1 to 19, 21, and 22 of this act shall be known and may be cited as the Public School Support Act of 1974.

Sec. 20. That section 79-4.102, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

79-4.102. (1) The county superintending of each county in which a Class VI school is not maintained shall within thirty days after the annual meeting, certify to the county board of supervisors or commissioners the number of qualified pupils whose parents or guardians have applied to the county superintendent for nonresident high school tuition privileges and a list of school districts which have been approved by the State Board of Education as schools qualified to grant nontenured public high school education to nonresident pupils under the provisions of section 79-494 to 79-4.106.

(2) The high school tuition rate for nonresident pupils shall be determined annually by the receiving district on a uniform basis for all pupils, but such rate shall, until September 1, 1975, in no event be less than the average per pupil cost for the preceding school year determined as provided in subsection (3) of section 79-486. The superintendent of the receiving school shall certify such rate to the county superintendent on or before the second Monday in July of each year.

Sec. 21. If any distribution of funds provided in this act is ordered withheld by any court pending the final determination of any litigation, such order shall apply only to the funds specifically named and any funds not so specifically named shall be distributed as provided in this act as though such order had not been entered.

Sec. 22. The State Department of Education shall make the required changes in the uniform accounting system prescribed pursuant to section 79-4.141 to identify (1) the costs of special education as provided in section 43-648, and (2) all data required for purposes of sections 1 to 17 of this act.

Sec. 23. If any section in this act or any part of any section shall be declared invalid or unconstitutional, such declaration of invalidity shall not affect the validity of the remaining portions thereof.

Sec. 24. That sections 79-1350 to 79-1340 and 79-1342 to 79-1344.01, Reissue Revised Statutes of Nebraska, 1943, and section 1972, Revised Statutes Supplement, 1972, be repealed. This section shall be operative on September 1, 1974.

Sec. 25. That original section 79-4.102, Reissue Revised Statutes of Nebraska, 1943, be repealed.

Local Center to Host Representative of SS

George Reed of the Norfolk social security office will be in Wayne at the Senior Citizens Center on Tuesday from 9 a.m. to noon to help any residents with problems or questions they may have.

Reed noted that it is important that people apply for their social security numbers before the need arises. Numbers are now issued from Baltimore, Md., he said, and to avoid delay people should apply for them now. Persons seeking information about making application should inquire at their local post office or at their nearest social security office.
