Attitude Survey Will Go Out This Sunday

Members of the Wayne County Jaycees and their wives will deliver more than 1,000 community attitude surveys Sunday during their annual Honey Sunday efforts.

Residents of the community are asked to complete the surveys and have them ready for picking up on Wednesday. When local service organizations are expected to canvass the community in an effort to get a high percentage of surveys returned so they can be studied.

In addition, surveys will be distributed to rural families in the Wayne area by having children in several rural schools take them home with them.

A total of 1,600 of the questionnaires will be distributed.

State officials are helping the local Chamber of Commerce and Wayne Industries, Inc. conduct the survey, which will result in answers to such questions as whether the city's recreational facilities are adequate, whether there are good relations between the community and area farm families, whether there needs to be more work done in attracting industry to Wayne and the like.

Results will be compiled by See SURVEY, page 3.

Jaycees Plan Honey Sale This Sunday

Mentally retarded persons will benefit from the sale of jars of honey Sunday in the annual Honey Sunday effort by members of the Mrs. Jaycees and the Wayne County Jaycees.

Nearly 600 jars of honey have been ordered for the Jaycees' canvassing of the community Sunday afternoon.

Residents will be asked to donate \$1 to help mentally retarded persons and will be given a jar of honey in return for a donation. Some 21 Jaycees and Mrs. Jaycees along with several volunteers will be working Sunday to cover the community in the fund-raising effort.

Also Sunday, the Jaycees will be distributing community attitude surveys at each home they visit. Residents are being asked to complete the surveys and have them ready for picking up on Wednesday.

More than 200 communities across the state are expected to participate in the door-to-door honey selling project on Sunday.

Proceeds from sales will go to assist local and state Associations for Retarded Citizens in their work with mentally retarded persons. More than 100,000 jars of honey are expected to be sold during the day.

Rural Resident Wins \$25 in Latest Birthday

This week's Birthday Bucks prize is worth \$25 to the person whose birthday matches the date drawn at random and announced this evening (Thursday) at 8:15.

Missing last week's grand prize of \$625 by just over one month was Mrs. Agnes Backstrom of rural Winside. Shopping at Gambles when the winning date was announced last Thursday evening, she won \$25 consolation prize when no other shopper was present in one of the participating stores with a birthday closer to the winning date.

If the grand prize goes unclaimed again this evening, another \$25 consolation prize will be awarded. The grand prize will climb to \$675 for next week's drawing.

All shoppers in the Wayne area are eligible for the weekly drawings. No purchases are required, but shoppers must be present in one of the sponsoring stores when the winning date is announced in order to win either the grand prize or the consolation prize.

A First for Winside High

WINSIDE HIGH's stage band — a first for the school — will perform Friday night at the high school gym during a pop concert starting at 8 p.m. The 18-member group will play current songs as well as popular hits, said music director Mrs. Bonnie Stelken. Also on the program are presentations by the swing choir, mixed choir, girls glee

and various small groups. The concert is free. In the stage band are Mary Bowder, Michele Brockmoller, Kim Lage, Paul Hagreave, Kim Leighton, DeLana Marolt, LeNeil Zoffka, Darci Janke, Alene George, Tyler Frevert, Susan Coulter, Kevin Marolt, Keith Willis, Karen George, Mitch Pfeiffer, Tom Koll, Kim Mann and Deb Westerhaus.

That's TV Balderdash

The plain fact is that there was nothing unusual about the size or character of last week's Democratic congressional gains.

So writes Ron Hendren, Washington's youngest political columnist, in his first column to appear in The Wayne Herald.

Hendren, 29, says that "to hear the (television) network executives tell it, the whole course of the ship was about to be altered as never before by this one trip to the pilot house."

Of course, all that was balderdash of the variety for which television executives have become famous. They are your original balderdashers, parodied in American history only by the 19th century traveling medicine men.

To hear what else Hendren has to say about last week's voting, turn to his column on the editorial page. Other columns by the young Washington writer will run regularly in Thursday issues of the Herald. Hopefully, they will give readers another insight to what's going on in Washington which they are not offered in their regular reading.

City Seeks New City Clerk

Dan Sherry, city clerk in Wayne since the fall of 1968, will retire at the end of this year.

Mary Decker made the announcement of Sherry's approaching retirement during Tuesday night's regular council meeting.

The council was expected to meet this afternoon (Thursday) to discuss the duties currently carried out by Sherry as clerk.

The four goes this way: Sherry had said several times in recent months that he was considering retiring, but Tuesday night's announcement by Decker was the first official statement.

Sherry, 64, became city clerk late in 1965 after being elected to the council the previous spring. He resigned from the council to take over the clerk's job.

Sherry later served as city administrator for three years prior to the city's hiring the present administrator, Fred Brink, last year. He has held the title of clerk treasurer since Brink took over the administrator's post in October of 1973.

A Wayne resident since 1931 when he came here to attend college, Sherry was in business with his brother in a farm supply store from about 1938 until the partnership was dissolved in 1964.

Also Tuesday night, the council tabled a motion to return diagonal parking to several blocks of streets just off Main Street in the downtown business district.

In addition, the council took no action on a suggestion that two-hour parking limits be put in effect once again in the main business district.

Both subjects came up after the council received letters from the Chamber of Commerce asking the city to end the experiment with parallel parking and to reinstate two-hour parking.

The Chamber's retail committee had voted last month to go back to diagonal parking on the north side of First and Third Streets and to end the experiment to see if parallel parking reduces accidents.

The Chamber's board voted unanimously earlier this week to back that vote and to ask for a return to two-hour parking.

The tabling of the motion to return to diagonal parking came when mayor Decker broke a 4-4 tie voting against tabling over Carolyn Fitter, Darrel Fuel, Ted Bate, Leo Hansen and Ted Bate in favor of postponing action on the subject over Jimmy Thomas, John Vacko, Ivan Beeks and Vernon Russell.

Mayor Decker noted after the meeting that he is in favor of diagonal parking, but feels the council should have time to consider the subject and possibly hear what the chief of police has to say on the subject.

DAN SHERRY

Industrial Park is 'On the Grow'

City administrator Fred Brink brought Kiwanis Club up to date Monday on what has been, will be and may be done to improve Wayne's industrial park.

What has been done: installation of an eight-inch water main, adequate to meet industrial and fire fighting requirements.

The main is of asbestos concrete material, rather than cast iron, to save money. Brink said hydrants already are installed throughout the site.

The probable higher costs of installing them later as needed.

The water main extends 1,500 feet north of Highway 35 on a county road. Later on, Brink said, it can be connected to the new Providence Hospital, providing a complete loop.

What will be done: build a paved access road into the industrial tract north from Highway 35.

Present gravelled roads are adequate temporarily. Brink said, but future users of the tract will need paving.

What may be done: build a lake at the east end of the Industrial Park and thus make it look more like a park. Land at this point lies under the south

FRED BRINK

east approach to the airport runway, so cannot be developed with buildings.

Brink noted that "some industrial sites I have seen look pretty sterile. We hope to make this look more attractive. The Marra Improvement Co. already has begun landscaping its new building."

Will there be fish in the lake? Hope to stock it, said Brink, and have some kid fishing contests.

Also what may be done: Wayne Industries might consider erecting a building for a prospective electronics manufacturer, if it decides to settle here.

Brink suggested that Wayne should be selective on industries not get a large firm, employ

ing several hundred, and become too dependent on it. Better to look for a number of small firms, he said.

The administrator cited the Broyhill Manufacturing Co. building, nearing completion, as a fine example of industrial structure. Its design features go far beyond requirements of building codes, Brink said.

Asked when Providence Hospital may be completed, Brink said he understands the goal is March or April. Construction is moving well now after some delays, he added.

An access road linking the east end of Tenth Street to the hospital is laid, but it needs correction of several defects, Brink said.

WSC Groups Plan for Tour

Wayne State musicians are going on a three-day tour Monday through Wednesday to play concerts in four high schools.

The program includes four groups: brass, woodwind string and ragtime ensembles.

The tour goes this way: Monday — Coleridge at 8:30 a.m., Osmond at 10:45, Plainview at 1 p.m.

Tuesday — Pierce at 8:30 a.m., Albion at 12:30, Columbus at 2:40.

Wednesday — Fremont at 8 a.m., Tekamah at 10:15, Pender at 11:15.

Faculty members Dr. Ray Keltou, Dr. Jay O'Leary and Michael Patumbo direct these ensembles and also play in them.

Foster Homes Needed in Wayne for Mentally Retarded Adults

Homes in Wayne are needed for mentally retarded adults to live in while they gain job skills at the new opportunities center now in operation in Wayne, according to the director of residential services for the Northeast Nebraska Opportunities Center at South Sioux City.

Brian Linafelter, an Allen native who has been working with the center since shortly after graduation from Allen High School in 1971, said foster homes are needed for the adults to live in while they work at the local center, a branch of the center at South Sioux City.

Also needed are homes which will provide board and room for the adults during their training at the Wayne center, he said.

Linafelter, 21, noted that families who agree to take in mentally retarded adults are paid for their efforts.

All the mentally retarded persons working at the local center are 16 years of age or older, Linafelter said.

BRIAN LINAFTER

"We really are hunting for families and adults who would be willing to take the

mentally retarded people into their homes and treat them like part of the family," he noted.

A normal family life is important to the mentally retarded person because it helps him learn how to live in the normal world, he said. Combined with the work skills and other things taught the adults at the opportunities center in Wayne, the natural family life makes it easier for the person to go out on his own after he learns enough to hold down a job, said Linafelter.

Families and adults willing to take mentally retarded people into their homes should get in touch with Linafelter at the South Sioux City center so he can explain the requirements, restrictions and the like.

Linafelter said he hopes several people offer to provide foster homes and board and room so a waiting list can be drawn up. As more mentally retarded adults are brought into the opportunities center at Wayne, those on the waiting list can be contacted so an adult can place-to-live-while-attending the center, he noted.

The approximate 10 adults now working at the center currently have places to stay, some of them at the hotel in Wayne.

Linafelter said that in time he will be seeking people in Wayne who would help provide supervised apartment living and semi-independent living for the adults as they become more capable of living by themselves.

The center in Wayne is limited now in the number of people it can take in because there are no more homes in Wayne for them to live in while attending the center, Linafelter noted.

Adults attending the center, located at the corner of Second and Pearl Streets, work on real jobs contracted for them through the Northeast Nebraska Industrial Services. Some of those jobs undertaken at the center at South Sioux City have included packaging, labeling, cutting, zip code sorting, grinding and the like.

Linafelter, son of Mr. and Mrs. Kenneth Linafelter of Allen, is a senior at Morningside College in Sioux City. He will graduate in May with a teaching degree.

A Two-Piece Sign

TWO YOUNG Brownies march down Wayne's Main Street, one of them bundled up for the near-freezing weather during Monday morning's Veterans Day parade. The parade ended with a talk by Wayne State College president Dr. Lyle Seymour. Dr. Seymour said there seems to be a "lessening of patriotism" in America, but it is good for communities to set aside one day of the year to remember what the veterans have done for this country down through the years. Another picture, page six of the first section.

Shoppers Find Food, Gifts at Annual Bazaar

SEVERAL HUNDRED turned out for the Wayne Hospital Auxiliary's annual fall bazaar Saturday at the city auditorium. For many persons the bazaar was a good place to get some early Christmas shopping done, but Carmen Reeg, above, five-year-old daughter of Mr. and Mrs. Harvey Reeg of Wayne, isn't sure she can wait until Christmas for the Sesame Street hand puppets she's picked out. At right, auxiliary member Mrs. Robert Bentback assists shoppers as they check over the variety of articles offered for sale. According to treasurer Mrs. Clifford Wait, the auxiliary was able to raise enough money during the day-long event to meet their pledge for the new Wayne Hospital.

Rev. Gordon Peterson to Speak at Fall Crusade

Known throughout the upper midwest as "the man with a message," the Rev. Gordon Peterson of Minneapolis, Minn., will be appearing for three nights at the Laurel City Auditorium during the fall gospel crusade sponsored by the World Missionary Fellowship Church of Laurel. The public is invited to hear his message at 8 p.m. nightly this Tuesday through Thursday at the city auditorium. Rev. Peterson is well received by young persons because of his ability to present the answers for today's problems in straight forward manner together with humor and originality in illustration.

Pastor of Calvary Temple-Soul's Harbor in Minneapolis, Rev. Peterson appears daily on radio station broadcasts and is executive producer of Soul's Harbor Telecast, a half-hour program combining melody with the message of Christ. He was recently presented an award by the Midwest Chapter of National Religious Broadcasters for outstanding ministry during his 28 years of radio-broadcasting and 24 years of television ministry. Rev. and Mrs. Peterson began

their interdenominational ministry in Minneapolis in 1946 in a former Jewish synagogue and have since made several moves because of the growth of their work. Now located in the Pick Nicollet Hotel which covers one square city block in downtown Minneapolis, Rev. Peterson holds four services each Sunday to accommodate his congregation.

Rev. Peterson will be interviewed Wednesday, Nov. 20, at 11:55 a.m. on Sioux City television station KTIV, Channel Four, and at 3 p.m. on KTFM-FM Radio in Sioux City.

Bridal Fete Held

Sixteen guests attended a miscellaneous bridal shower Nov. 3 in the Verne Nobbe home at Allen honoring Evelyn Johnson.

Miss Johnson, daughter of Mr. and Mrs. Elmer Johnson of Ponca, and Joe Cavillo of Sioux City will be married Friday at the Trinity Lutheran Church at Martinsburg.

Decorations were in the bride's chosen colors of burgundy, pink and white.

Grace Lutheran Begins New Bible Classes

The Rev. John Upton, pastor of Wayne's Grace Lutheran Church, has announced the beginning of two new adult Bible classes to be held each Sunday morning and Tuesday evening for the next eight weeks.

Classes, scheduled to begin next week, will be conducted by Rev. Upton and by the Rev. Jack Schneider, assistant pastor at Grace Lutheran.

"How to Witness for Christ," has been selected as the topic for Sunday morning classes at 9 a.m. Members will refer to the Coral Ridge Evangelism program developed by the Rev. James Kennedy of the Coral Ridge Presbyterian Church in Florida.

Tuesday evening classes, beginning at 7:30 p.m., will study the happenings of the early Christian church, including early church fathers as Origen, Cyprian and Irenaeus. The topic, "Church History to the End of the Third Century," will include a discussion of heresies, especially Gnosticism, and the church at Alexandria in Egypt.

40 Attend Meeting of Methodist Women

United Methodist Women met Sunday afternoon with 40 attending. Prior to the business meeting, members turned in their world thank offering and wrote down something they were most thankful for during the past year.

The pledge program entitled "When I Need a Neighbor," was presented by Mrs. Virgil Lühr and Mrs. Ray Robins. Mrs. James Marsh, Mrs. Bill Wilson, Mrs. Darrell Fuebberth and Mrs. Richard Keitel sang "I Was Hungry and Thirsty, Were You There?" The 1975 pledge to missions was accepted by the group at the close of the program.

Chairmen of the serving committee were Mrs. Robert Turner and Mrs. Luva Green.

The next meeting is scheduled for 2 p.m. Dec. 11. Title of the program will be "What Do You Bring to Christmas?"

Coleridge Men Hospitalized After Accident

Two young men from Coleridge were hospitalized at Wayne following a one-car accident about nine and a half miles north of Wayne about 6:30 p.m. Monday. The driver of the automobile, Galen Hoffart, 24, received broken ribs and a fractured wrist in the accident, which happened when he lost control of his auto while driving north on Highway 15. A passenger in the auto, Stanley Jansen, 23, suffered a possible fractured pelvis. Hoffart's auto struck a cable on the side of the road and then rolled into the east ditch according to state patrolman Dave Headley of Wayne. The two were brought to the local hospital by the Laurel rescue unit. 10 Winside, Allen Players on L-C All-Conference Team

Winside and Allen High Schools placed 10 players on the 1974 Lewis and Clark all-conference football team.

Allen's Wildcats rated first in conference defense throughout the season, landed five players on the defensive unit in the Clark division and two on the offensive squad.

Paul Snyder were named to the defense.

Hoffman, all-conference offensive center as well as defensive linebacker last year, earned his ranking while leading the Cats with seven interceptions during the 10-game season. According to Barclay, Hoffman has the quickness and the experience to be at the right place at the right time to stop his opponents.

Lienemann and junior, Bob Hoffman led coach Doug Barclay's division winners on defense along with Tyler Frevert, Brian Wade and Mike Anderson. On the offensive unit for Winside were Gregg Lage and Neil Wagner.

Allen's Don Kluver was the Eagles' pick for Lewis all-conference honors on offense while teammates Loren Book and

Athlete Of The Week

ROD HOOPS,
Wayne High School

Consistent strong running and tough tackling by Wayne High's Rod Hoops earns him this week's "Athlete of the Week" award.

Hoops, second in scoring and fourth in tackles for the season, has been a workhorse this year, according to head coach Al Hansen. The senior fullback carried the ball 124 times for 653 yards, including seven touchdowns, and made 72 tackles.

"Rod is one of the toughest if not the toughest," players on our team, Hansen said, noting that he is the player coaches turn to when it comes to getting necessary yards for a first down.

Hoops, son of Mrs. Gladys Hoops of Wayne, proved that in the crucial win over Harrington Cedar Catholic two weeks ago when he broke for 81 yards and the team's first TD. That game he had his season high in rushing, 116 yards.

As a defensive linebacker, Hoops always is ready for the big plays. Hansen pointed out. During the Blair game he made nine tackles and seven assists to lead the Devils to their second win in a perfect 10-0 season.

"It would be a hard feat to achieve without him," Hansen confessed. "He plays two of the most important positions on the team. I don't know what we would do without him."

Also in the running for this week's award were several players, from Wakefield. They included Brooks Myers, who intercepted a Lyons' pass to set up the winning touchdown as Wakefield beat Lyons, ninth-ranked in Class C1. Also considered were Loren Victor, Tim Rouse, Al Jensen and Pat Nicholson.

Still Time to Join Men's Basketball

There's still time to join the men's city recreation basketball leagues in Wayne, said recreation director Hank Owsen.

Monday night A league opens practice at the city auditorium for those wanting to play fast-break type of ball. Wednesday night B league starts for those interested in playing a slower brand of ball. Both practices start at 7:30.

The league is not open to high school students or to college students who live on campus, play intramural or college ball, and do not work in Wayne. Overin pointed out.

WS Hits Gold in 'Them Thar Hills'

Football 1974 ended happily Saturday for Wayne State as a team and especially for a couple of starting veterans who scored touchdowns for the first time this year.

The Wildcats brought home a 147 yard lead of gold from Black Hills State at Spearfish, thanks to touchdowns by quarterback Dave Miller and tight end Jerry Basye.

Thanks also are due the Wildcat defense. It limited Black Hills to 11 yards rushing. One defensive lapse allowed the Yellow Jackets one touchdown on a 62-yard pass from quarterback Doug Murphy to fullback Mark Ramey.

That score to the goal line tied the score after Wayne's first TD, then Black Hills went ahead on Dave Joadie's point kick.

From then on Wildcat defense pretty well took away the Yellow Jacket sting, especially in the second half when the hosts went about 20 minus yards rushing and had to throw passes up for grabs.

Wayne's first score took advantage of a roughing the kicker penalty against Black Hills, which gave the Cats added life. Immediately thereafter, wing back Dean Ott ripped off the longest Wayne run of the year, 34 yards, reaching the BH seven.

Tailback Brian Moeller dug for four yards. Then Miller carried twice for his first TD of 1974. The point kick went astray.

Sid Conrad trying his first collegiate conversion on his last game as a senior. Regular kicker Kevin Mahlsberg did not make the trip because coaches wanted to take an extra lineman instead of a fourth quarterback.

Late in the third quarter Ott put Wayne in scoring position with another year's record rush, this one for 29 yards, to the BH 29.

Two plays later, Basye pulled in a pass from Rick Benedetto, who had taken over quarterbacking in the second quarter. Suddenly Basye put his name in the scoring statistics on a 20 yarder.

Now leading by a slim 12-0, Wayne decided to try for two points, and succeeded on a Benedetto to Ott pass. That lifted Ott to 55 points on the year, tops for the team.

Strangely, Wayne's usually dangerous passing game was mostly futile otherwise, netting only 45 yards.

But rushing got the job done, with 243 yards. And 123 of them were accomplished by Moeller on 40 carries. That may be a WSC all time record.

Top-Seeded KS Wins NCC Meet

Seedings proved accurate, and Kearney State won the Nebraska college women's volleyball tournament Sunday at Wayne State.

Ranked No. 1 coming into the 16 team meet, Kearney downed No. 2 seeded University of Nebraska-Lincoln by a decisive 15-5, 15-6 UNL was defending champion.

Nebraska Omaha, seeded fourth, had lost to UNL, 15-5, 15-9, in a game preceding the championship clash, so claimed third place. Chadron State, seeded third, settled for fourth on a 15-7, 15-7 loss to UNL earlier Sunday.

Wayne State, ranked fifth, bowed out with a 2-2 meet record on a 15-7, 15-9 loss to upstart Northeast Nebraska College. The Norfolkians then lost to UNL and tied for fifth with sixth-seeded J. F. Kennedy, both posting 3-2 charts.

Wayne and Concordia, seeded eighth, wound up in a seventh-place tie.

Sojourner director G. I. Willoughby's rankings proved sound. Seven of her eight seeded teams finished in the top eight. Only Midland, rated seventh, failed to stay in the top half, replaced by NNTCC.

Both Kearney and UNL qualified for the seven state regional tournament at Lincoln Nov. 21-23.

Wayne's tourney performance went this way: defeated Platte, 15-2, 15-12; lost to Kearney, 15-5, 15-3; defeated Creighton, 15-2, 15-9; lost to NNTCC, 15-7, 15-9.

That left Wayne with a season of 11-11.

Allen High Okays Girls Basketball

Allen High School has become the first area school to okay girls basketball.

Last week the school board approved teacher Steve McManigal to coach the girls in both inter-school and intramural ball.

McManigal pointed out that the number of girls interested in playing the sport is growing. So far 22 girls at Allen have shown interest in forming a team to play against other high school teams.

McManigal said Allen hopes to find opponent this year, especially when the Lewis and Clark Conference meets Nov. 26 at Laurel.

So far none of the other four area schools - Wayne, Wakefield, Winside and Laurel - have decided to offer girls basketball.

By Bob Bartlett

WHEN high school football players move up to college ball, they often lack aggressiveness.

However, a pair of 1974 Wayne High grads, Mike Dunklau and Charlie Brockman, weren't bothered by that their freshman year at Wayne State. Both saw varsity action because they displayed the aggressiveness needed to be varsity material, the coaching staff pointed out.

Dunklau, Husker all conference on both offense and defense last year, didn't show his talents until the fourth game of the season when he played offensive tackle against Doane.

Although Wayne lost that game, 27-7, Dunklau "made us notice him because he stayed with his block so long and had some good hits," said offensive line coach Doug Barry. Dunklau feazes quickly, Barry said of the 4-2, 225-pounder whose size and quickness are important assets at tackle.

The description doesn't change much when the coaches talk about Brockman.

He is aggressive, strong, and about the same size as Dunklau, said defensive coach Ralph Barclay. Brockman saw limited action this season at the tackle slot for two reasons: number of starters ahead of him and a knee injury. He hurt his knee about the middle of the season in the freshman game at Yankton, resulting in extended action in only the last two games.

Charlie has the strength and power to fill the slot, Barclay noted, but he needs

to work on his agility if he's to have a crack at the tackle spot held this year by two-time letterman Mike Schuster and Bill Knight.

ANOTHER Wayne High grad with potential on the football field is freshman Kerry Jech. "Kerry started out as a linebacker but didn't feel it was his spot," Barclay said. His lateral movement has made him a good choice as nose guard, but Jech faces the same problem as Brockman — a number of experienced players are ahead of him.

At the end of the season Jech was third string. However, if he improves, Barclay said Kerry could be valuable in the future.

COLLEGE WRESTLING opens next month, and for Wayne State this could be a good year.

According to head coach Marion Haayer, a mostly-veteran squad will be returning except at the 142-pound and heavyweight levels.

The graduation of last year's star heavyweight, Ron Coles, has left that spot vacant, but Haayer believes he has found someone to fill the 142-pound opening.

Last year's high school state Class C champion in the 132-pound division, Doug Lage of Winside, appears to have a good shot at that weight since Jim Meyer is dropping from 142 to 134. Haayer said Lage is smooth — "makes the opponent work against himself" — and has good

balance — "knowing where your body is in relationship to the other wrestler."

Looking at the heavyweight class, Haayer said Brockman could have a chance if his knee is in good shape or if he doesn't undergo surgery.

THE Lewis and Clark Conference will decide at its Nov. 26th meeting at Laurel if there are enough schools interested to start girls basketball this year.

According to Allen High girls volleyball coach Steve McManigal, interest in girls basketball in the conference and Northeast Nebraska is growing. About 22 girls at Allen have signed up for the sport, prompting Steve to check into girls basketball at the conference level.

McManigal said if there are schools in the conference and area which will field girls teams, Allen would like to set up a schedule this year.

Since the Nebraska School Activities Association has okayed a state playoff in girls basketball next year, McManigal figures establishing a schedule this year will give our players some experience.

Devils Drop

Back to 4th

Wayne High's football team went from third to fourth in this week's Omaha World-Herald top 10 Class B football ratings.

The Devils, which finished regular season play last week with a 10-0 record, are behind Lincoln Plus X, Central City and Crete in that order.

Again there are four Husker Conference teams listed in Class B and C. Scribner is first in Class C-1, West Point is eighth in C-1 and Coleridge is fifth in C-2.

Health Tips

The kidneys, heart and blood vessels function closely together, and the condition of one affects the other two.

The Nebraska Medical Association points out that one of the most spectacular recent developments in the field of kidney disease is the demonstration that kidneys can cause high blood pressure. The condition can often be cured surgically by removing the obstruction that blocks the free flow of blood in the main artery of the kidney.

There is no way an individual can recognize the presence of such an obstruction in his own kidney, reports the association, but a physician will make a careful search when blood pressure is abnormally high.

The Nebraska Medical Association reports that surgery is not always necessary. Treatment with drugs will often cure the condition, and persons treated effectively can usually live quite normal lives.

'That's Illegal!'

OFFICIALS Keith Turner's illegal use of hands as he holds down Keith Mosley during a pass play by quarterback John Kluge for the Red team. But that play didn't stop the White team from coming back. With about four minutes left in the game quarterback Jere Morris, bottom, guided his club to a 14-12 win with a 55-yard touch-down aerial to Tod Heier during Monday action in a sixth grade intrasquad game. Also in the Whites' backfield and front line are halfback Doug Proett, left, and center Ross Powers.

'Give Me Some Answers'

MISS SYLVIA Cartwright, played by JoAnne Roberts, left photo, quizzes Ben Cartwright about the number of nurses he has while pretending to be sick during Allen High's junior class production of "Come Out of Your Coma." Ben, portrayed by Jeff Creamer, hedges at the answer until the final act of the three-act comedy when his hopes of getting some money from rich relatives fall through. In the meantime, Shawn Persinger as Cornwall Cob, above, tries to think up some ways he can be alone with one of Ben's fake nurses, played by Robert Bock. Some who is Buzz in the play, ends up trying to escape the clutches of Cobb. The entire comedy unfolds Friday and Saturday nights at 8 o'clock in the Allen High School gym.

parallel parking permanent on the streets where it has been used as an experiment during the past six months. He noted that the accidents that do occur when there is diagonal parking aren't serious enough to go to parallel parking. Nelson agreed that employees and business owners are some of the worst violators of parking time limits, but he said ticketing them after three violations in a three month period is as fair a method as possible. Some customers may get angry when they receive tickets after three warnings, he agreed, but they should realize that three warnings in a 90 day period is as liberal as the city can be and still maintain time limits on parking in the main business district.

Also Tuesday night, the council voted 8-0 to require a \$500 bond from Lonnie Fork of Carroll for moving a garage from 814 Nebraska St. to a mile and a half south of Carroll.

Also Tuesday night, the council voted 8-0 to draw up a new agreement between the city and Wayne County Club for supplying electricity and water to the golf course.

Also Tuesday night, the council gave approval to Dennis Tuttle, a Laurel native, as the new manager at Pizza Hut. The state liquor commission requires council approval when managers are changed at places holding liquor licenses.

Also Tuesday night, the council gave electrical distribution superintendent Bill Mellor approval to get estimates on electrical designing work from a Columbus engineering firm. Mellor said he needs professional help, especially in designing service to the industrial site east of the city.

Also Tuesday night, the council learned that the city's supplier has reduced the price of diesel fuel one cent a gallon, bringing the price to 27.1 cents.

Annual Banquet
The American Legion Auxiliary Post 149 held their annual banquet on the Belden fire hall Sunday night with 145 present. County commander, Gordon Casal, opened the meeting and the Rev. Douglas Potter gave the invocation. The group was welcomed by Belden mayor Arnold Hansen. Don Storm of Coleridge responded.

Keith Boughn of Norfolk was guest speaker. His topic was "Comparison of Armaments Between the U. S. and the U.S.S.R." Special music was furnished by a sextet from the Randolph Public School, under the direction of James Baker, and a short skit was given by the Belden auxiliary. The Rev. Ronald Battaglia gave the benediction.

Following the banquet and program, the Legion held a meeting in the bank parlors. Don Storm of Coleridge was elected county commander for the coming year.

At a meeting of the auxiliary, Mrs. Marvin Hartung of Coleridge was elected president for the coming year. Outgoing president is Mrs. Gordon Casal.

The Legion Auxiliary of Coleridge will host the 1975 banquet and meeting.

Area Farmers Being Invited To '74 Dinner

Members of the Wayne Chamber of Commerce are now in the process of inviting area farmers to the Chamber's annual Farmers Appreciation Dinner, scheduled for 7 p.m. Saturday, Nov. 23, at Wayne State's Student Center.

Guest speaker for the stag event will be Dr. Robert Manley of Lincoln, an expert on Nebraska history. Dr. Manley is expected to use slides and songs to highlight his talk.

The annual dinner is sponsored by the Chamber in an effort to show area farmers that local businessmen appreciate the business they bring to the city during the year.

Chamber members who invite farmers are to fill out a registration card for each farmer they invite and return it to the Chamber office so invitations can be mailed out to the farmers. Deadline for turning in these registration cards is Tuesday, according to Howard Witt, Chamber manager.

Taxpayers Ask IRS

Q: My father paid the \$900 we owed on our car as an anniversary present to my husband and me. Do we have to pay income tax on this money?

A: No. Although a debt paid by another person is generally in come to a debtor, it is not income if the payment is intended as a gift.

"Fred's very sad. He not only lost a daughter...he lost an income tax deduction."

No Injuries in Mishap Monday

No injuries were reported in the collision of a car and a tractor three miles east and one north of Wayne about 1:30 Monday afternoon, according to the Wayne County sheriff's office.

A car driven by Cary Pflanz, 19, of Emerson sustained extensive damage to the left front when it collided with a tractor driven by Leonard Roberts, 52, of rural Wakefield, the sheriff's office said. The tractor received only minor damage to the left back wheel.

The accident happened when the two vehicles collided in a county road intersection as Pflanz was driving north and Roberts was driving west.

Roberts was attempting to make a left-hand turn, according to the sheriff's office.

Dalton Wins Bears' MVP Award

Senior fullback Phil Dalton was named Laurel High's most valuable player for the 1974 football season during the high school's football banquet Tuesday night.

Dalton, chosen by his teammates, "brought the team around the last two games of the season to win," said head coach Bob Bozied before announcing the winner of this year's award.

"He came a long way when the season first started. In fact, I would say he's the spark plug of the whole team," Bozied added.

Both Dalton and another senior, Greg Wendel, were named co-captains for the season before a crowd of over 200 people at the school's gym.

Devaney pointed out it's that kind of backing that helps to make a winner. Although Laurel finished 3-7 for the year, Devaney said it's "second effort" that could turn a season around for any team.

He said individual players working as a team win games, noting that the individual "has to want to win — a tremendous desire to do his best."

Devaney cited Nebraska Heisman Trophy winner Johnny Rodgers as an example of a person who has the desire to give his second effort. "At the beginning of the 1972 season Johnny told me he was going to win the Heisman Trophy. Some may think that's bragging, but he won it. And he won it because he wanted to win, he was willing to give that second effort."

Devaney emphasized that second effort is the difference between winning and losing. "It's easy to say 'I can't do it because it's too hard,'" he pointed out. "But just believe in yourself, and you won't have to look back on the season and say, 'If I would have done this, we might have had a winning season.'"

AUTOGRAPH seekers crowd around Bob Devaney right after the former University of Nebraska football coach talked at Laurel High's football banquet.

Plenty of Competition

WAYNE HIGH volleyball coach Mavis Dalton will have the entire varsity team returning next year to try and equal this year's 10-3 record. However, the varsity members will have plenty of competition for their starting spots from this year's reserve and freshman teams. Playing on this year's reserve team (top) were, front row from left, Joan Hochstein, Margaret Nuss, Patty Barclay, Julie Overin; second row, Dawn Davis, Judy Janke, Jenni Graef, Marvel Carlson, Joni Isom; third row, Linda Anderson, LeeAnn Longo, Kathy Hbas, Sandra Luschen. On the freshman squad were, front row from left, Lori Johnson, Shari Lawrence, Patty Mares, Kelly Frevel, Lisa Nuss; second row, Dawn Ellis, Gema Giese, Sue Schwartz, Ann Fredrickson, assistant coach Cindi Peterson; third row, Robin Sherry, DeeAnn Pokett, Terri Thomas, Lynn Frahm, Marcia Peterson.

College Students Just Miss Bloodmobile Goal

BRAD HAHN, DeArie Hilgert and Gail Wantlin, from left, were among numerous Wayne State students helping Staff the Red Cross Bloodmobile's visit to WSC Monday. Tau Kappa Epsilon fraternity and its auxiliary, the Order of Diana, sponsored the annual event and provided most of the student assistance.

Wayne State College was the scene of considerable bloodletting Monday, and the cause wasn't a campus riot or even a leftover Halloween vampire.

The Red Cross Bloodmobile visit, sponsored annually by Tau Kappa Epsilon fraternity and the Order of Diana, was responsible for the bloodshed.

Serving as chairman for the project was Tau Kappa Epsilon member Tom Bright of St. Paul.

Almost 200 volunteers stopped at the WSC Student Union where the temporary donor center was set up between 11 a.m. and 5 p.m. The bloodmobile staff left for their Omaha base office Monday evening with 185 units of blood, slightly less than the 208 units donated on the campus the year before, and only one donor short of the fraternity's 200 goal.

At the Omaha office the blood will be typed and tested, then put in storage until some hospital calls for it. The Omaha Red Cross office serves 82 Red Cross Chapters, 110 hospitals, one and a half million people, and has been operating since the end of World War II.

Leading the Parade

WAYNE VETERANS march down Main Street in Wayne during Monday's Veterans Day parade. The parade included the color guard, veterans' auxiliary organizations, Wayne High's marching band and young Boy Scouts and Girl Scouts. Guest speaker for the morning event was Dr. Lyle Seymour, president of Wayne State College. He said that it is good for communities to set aside one day of the year to honor veterans because of the importance they have played in this country's history. It is especially good to do so, he said, because of what seems to be an "lessening of patriotism" in America in recent years.

Local Hunters Fare Well

THESE THREE hunters from Wayne wasted little time in downing their deer Saturday, the opening day of the season for rifle hunters in Nebraska. All three made their kills north of Theford in the Sandhills. From left, Larry Hansen, Mike Looft, young Chris Looft (with his toy gun) and Bob Wingert. The doe Wingert downed was already in the locker by the time this picture was taken Monday afternoon.

Self employed?

Ralph Mr. Keogh Palmer
Investment Account Executive
(402) 558-5400

Let me tell you how to accumulate a retirement fund that is **100% Tax-deductible!**

Available at Commercial Federal

It's insured safe—IRS-approved—gives top returns and continued growth—won't fluctuate like stocks and mutual funds—saves tax dollars!

Now if you're self-employed, you can set aside tax-free dollars for your retirement. Under the Keogh Plan, every dollar contributed to the basic plan for you (and your eligible employees, up to the maximum permitted) is 100% tax-deductible. And the earnings accumulate tax-free! No income taxes are payable on either the principal or earnings until cash is withdrawn from the fund, usually at a lower rate when you retire.

When full earnings compound continuously without tax deductions, the extent of growth is almost unbelievable! Let's say you add \$5,000 to your fund each year for 25 years. You'll have deposited \$125,000. BUT YOU'LL HAVE \$268,969 at the current Compudaily* interest rate of 5 1/2% per annum compounded continuously.

*The maximum, under the recently passed Pension Reform Law, is \$7,500 a year or 15% of earned income, whichever is less.

—more than TWICE what you've put aside! And in the 50% tax bracket, your fund grows to more than FOUR TIMES the spendable dollars you've put aside! Even more in higher-rate Savings Certificates.

Add the maximum, \$7,500, each year for 25 years, and you'll deposit \$187,500—only \$94,500 of which, in the 50% tax bracket, is spendable dollars. But you'll accumulate over \$403,454—more than FOUR TIMES what you've saved in after-tax dollars at current Compudaily rates.

Don't wait another day to get full details on this amazing plan. Drop a card to Ralph Mr. Keogh Palmer, Commercial Federal Savings, P.O. Box 1103, Omaha, Nebraska 68101 or use the coupon below for complete information.

NE Pork Group Selects New Queen, Directors

A 17-year-old girl from rural Emerson will reign as queen of the Northeast Pork Producers Association for the next year. She is Mary Beth Sebade, named to the honor Sunday evening during the association's ninth annual banquet at Emerson.

A high school senior at Emerson, she replaces Jean Milander of Coleridge.

Another 17-year-old high school senior, Eileen Finn of rural Carroll, was named runner-up by the judges. Daughter of Mr. and Mrs. Pat Finn, she attends high school at Laurel.

Also competing for the queen title were Amy Buss of Laurel, Julie Martin of Emerson and Cathy Renz of Thurston.

Named to receive the association's Pork Builder award for being one of the top purebred swine producers in this part of the state was Pat Finn. He has won top honors in several shows in recent months, including the annual market hog show held at Laurel this summer.

Winning the Pork-Chop award for being among the top commercial swine producers were Oren and Dennis Broderick of Coleridge.

banquet, held at the Sacred Heart Auditorium. Speaker for the evening was Wayne Whitney, an extension staff member of the University of Nebraska.

Whitney, known to many farmers for his 22 years on the award-winning Nebraska Educational Television program "Backyard Farmer," kept the crowd amused with his humorous talk and slide presentation on outdoor bathrooms.

Several new directors of the association were named in voting during the evening.

Winning those three year seats were Jerald Meyer of Wayne in Wayne County, Bruce Roebber of Wakefield in Dixon County, Francis Hansen of Coleridge in Cedar County, Larry Daum of Emerson in Dakota County and Clarence Backmann of Rosalie in Thurston County.

They officially will take over on the board at the first of the year, according to association president Rodney Bonderson of Emerson. The board will meet at the Northeast Station near Concord in December to name officers for the coming year, he added.

Board members whose terms expire this year are Jerald Meyer, Wayne County, Ronnie Weststrand, Dixon County, Leroy Wolfe, Cedar County, Rodney Bonderson, Dakota County, and Lee Anderson, Thurston County.

Current officers include Bonderson as president, Robert Hansen of Wakefield as vice president, John Kayl of Dakota County as secretary and Ron Brinkman of Emerson as treasurer.

NAMED queen of the Northeast Pork Producers Association Sunday night was Mary Beth Sebade of Emerson, left; named runner up was Eileen Finn of Carroll, right.

Shipping Canadian Cattle

Canada will not accept cattle from the United States unless they have been certified that they haven't been fed any DES. This can be done by a farmer having a veterinarian inspect his cattle and coming into the extension office for a certificate that must be signed by me after I have explained to the individuals what the requirements of shipment are. I have done this for a number of farmers and would be glad to do it for anyone that comes to my office.

Extension Meetings

I have a number of extension meetings planned for January and February that should be of interest to area farmers.

Some of the meetings I am planning are:

Profit Irrigation Meeting - a meeting for agri-businessmen, cutting fertilizer costs, work shops on weed control. These are just a few of the programs planned for this winter. Wayne will also be host for an Area Swine Day in January.

I'm starting to assemble information for our 4-H beef carcass information meeting Nov. 19. Our present plans are to have steaks cut from beef carcasses of different grades in order to show such things as marbling and size of ribeye. It should be a very interesting meeting.

Forcing Flower Bulbs

Flower bulbs can be forced to

bloom indoors earlier than they normally would outdoors in the garden or yard. The easiest bulbs to force are crocus, galathea, hyacinth, narcissus, scilla and tulip.

Forcing bulbs includes two phases. The bulbs develop buds and roots in the first phase and bloom in the second. November is an ideal time to start the first phase.

Plant the bulbs in pots and keep them at a temperature of 40 degrees for eight to 12 weeks. During this phase, you can keep the potted bulbs outdoors or in a cold room indoors. If you keep your bulbs indoors, the room must be dark and kept at 40 degrees. To keep the soil in the pots from drying out, water the bulbs every day.

The second phase begins in mid-January after shoots have appeared on the bulbs. When the shoots are well out of the necks of the bulbs, bring the bulbs into a cool, bright room that can be kept at 55 degrees. They will bloom in about one month.

You should discard bulbs that you force, for they seldom grow and flower well when replanted in the garden.

The U. S. Department of Labor forces no immediate end in the rising demand for programmers, engineers, systems analysts, and other professionals who develop and use computer resources.

'May Be Good to Apply Fertilizer'

"This appears to be one of the years that allows time for producers to apply fertilizers in the fall if they desire," a University of Nebraska Extension soils specialist says.

Dr. Don Sander notes that with completion of harvest and soils generally in good physical condition, the stage is set for considerable fall application of fertilizers. However, he urges producers to first consider advantages and disadvantages of fall fertilization.

Fertilizers in general are not as effective when applied in the fall as when applied more nearly in tune with plant uptake, Sander noted.

"For example, nitrogen is most effectively applied near tassel and silking time when nitrogen uptake is greatest," he continued.

On the other hand, ammonia applied in the fall has been shown to be nearly as effective as spring or sidedressing applications — provided it is applied properly when soil conditions are acceptable, he said.

In fact, on soils that contain large amounts of clay, fall application may be desirable

because lilt and structure is often better in the fall. Spring rains sometimes make these soils too wet for good ammonium nitrate application.

"The way prices have been going, fall application could save money — although the producer is essentially storing the nitrogen in his soil over winter and has to pay interest on that storage until his crop needs it next summer," Sander concluded.

Studies show nausea, head aches, argumentativeness and general anxiety all have been associated with exposure to excessive noise, according to the Bellone Crusade for Hearing Conservation. Employees who find themselves in unusually noisy on the job situations should wear the protective ear plugs manufacturers are required to provide by law.

Brushing Up

ACTORS in Wayne High's production of "January Thaw" brushed up on their lines during a dress rehearsal before the play opens Friday night at the high school lecture hall. The 12-member cast will stage the play both Friday and Saturday at 8 p.m. under the direction of senior Mark Cramer. Photo identification: Top left — Mike Schmidt as Jonathan Rockwood, left, listens to Bob Bergt as Mr. Loomis; top right — Cramer watches as Bergt and Schmidt continue their discussion; bottom right — Phil Koerber as Mr. Gage gets assistance from his family to gather his volunteer fireman's equipment to battle a blaze. Helping him are, from left, Erin O'Donnell as Mrs. Gage, Laura Blenderman as Paula Gage and Peggy Langston as Sarah Gage.

There is good evidence that the German Navy in World War II used a periscope above huge maps of the North Atlantic in an effort to locate enemy battleships. They were all wet!

Welfare Club Plans Christmas Luncheon

Concord Women's Welfare Club met Nov. 6 with Mrs. Kenneth Olson. Eleven members and two guests, Mrs. Arden Olson and Mrs. Oscar Johnson, answered roll call with "Music I Enjoy."
The Dec. 4 Christmas luncheon will be held in the home of Mrs. George Anderson. Co-hostesses will be Helen Anderson, Fern Conger, and Carol Erwin. Members will hold a gift exchange.
Three birthday cakes and one flower bouquet were reported delivered to honorees, and new names were drawn for birthday cakes for 1975.

Welfare Club members served the Laurel-Concord Football Booster Club Friday morning at the Concord school gym. A discussion was held on the club's 45th anniversary.
Program chairman was Mrs. Dick Hanson. Articles were read by Helen Anderson, "Thanksgiving," Esther Peterson, "Thanksgiving Day in the Morning," Fern Conger, "Kitchen Prayer," and Carol Erwin, "My Thanks."
Refreshments were served by the hostesses.

Three C's Meet
Mrs. Glen Magnuson was hostess to the Nov. 4 meeting of the Three C's Home Extension Club. November marked the 10th anniversary of the club and former members were invited to attend the group's meeting. Greetings were received and read from Mrs. Robert Sherry of Wayne, Mrs. John Ertlandson of Hooper, Mrs. Robert Clevenger of Salinas, Calif., Mrs. Duane Rudebusch of Valley and Mrs. Ivar Anderson.
"Let Us Give Thanks" was read by Mrs. Lindquist and "First Thanksgiving" was presented by Mrs. Glen Magnuson. Each member gave a recollection of the club during the past 10 years and a pencil game was played with the prize going to

Alice Erwin.
At the business meeting, 11 members and one guest answered roll call with "A Thanksgiving Tradition." It was announced the club will help sell honey on Monday-Sunday, Nov. 17. Proceeds will go to help retarded children.
Mrs. Steve Martindale will be hostess for the club's Christmas party Dec. 2. Silent sisters will be revealed with a gift.

The hostess gift was received by Vandelyn Hanson and a dessert lunch was served by the hostess.

Meet for Bridge
Bon Tempo Bridge Club met Nov. 6 with Mrs. Leroy Koch. High score went to Ann Meyers and Marjorie Raslede.
The Nov. 20 hostess will be Ann Meyers.

Coffee Hour
A cooperative coffee hour was held in the Kenneth Olson home Thursday morning for Mrs. Gary Hank and Chad. Hanks moved to the Ernest Echtenkamp farm south of Concord during the weekend.
Others guests were Hanna Anderson and Helen Pearson.

Local Student Winner of Scholarship

Recipients of four Ak Sar Ben scholarships to study at Wayne State College this fall are Rex Murray, Wayne; Andrea Anderson, Randolph; Bonnie Umstead, Norfolk; and Diane M. Krajcek, Gretna.

Murray, a senior majoring in chemistry with a mathematics minor, is the son of Mr. and Mrs. Raymond Murray of Wayne. He is a 1972 graduate of Wayne High School and is affiliated with Acacia fraternity. Murray carries a 3.66 grade point.

A junior with a 3.89 grade point, Miss Anderson is majoring in Spanish and minoring in psychology. She was fourth in her 1971 graduating class at West Manona (Ia.) High School.

Miss Umstead is a 1973 graduate of Lincoln Southeast High. A WSC sophomore with a double major in art and English, she has a 3.74 grade point average.

Miss Krajcek is a 1972 graduate of Gretna High School.

Buckle up for safety!

Winside High Forming New Student Council

Class representatives at Winside High School hope to complete drawing up a constitution this week before electing student council officers, according to student council advisor, Carter Peterson.

The goal of the council, the first at the school in three years, will be to "work on the present curriculum," Peterson said. He said he hopes the council will get more students involved in suggesting classes and courses.

The council disbanded three years ago because it primarily was a fund-raising organization, he noted.

Class representatives working on the constitution are Karen George and Nancy Morris, seniors; Jerry Alleman and Monte Pfeiffer, juniors; Dale Bowder and Barb Peter, sophomores, and Chuck Mann and Janell Gotlberg, freshmen.

Working with Peterson is teacher Carol Hansen.

Taxpayers Ask IRS
 Q. My employer has given me an expense-paid vacation to Mexico next January as an award for my reaching the million-dollar sales mark. How will this affect my income taxes?

A. Rewards and bonuses including vacation trips paid to you for outstanding work are income. If such an award is payable at some future time at the option of your employer, it is not taxable until you receive it or your employer makes it available to you.

Basil Trube recently returned home from the hospital. Visitors during the week in the Trube home included John Karlberg, Darrel Novak, Ronald Allen, the Richard Robertses, the Joe Ankens of Dixon, the Walt Wyants of Sioux City, the Allen Trubes, the Harold Wards of Laurel, Terry and Wendy Trube of Wayne and Joyce Lamm of Norfolk.

The Oscar Koesters spent the weekend visiting in the homes of Norman Koester, Council Bluffs, and Arlen Ellis, Papillion. On Sunday they attended the baptism of their great granddaughter, Stacie Lynn Johnson.

Mrs. Irene Armour returned home from a three-week visit in the home of the Robert Boyles of Falls Church, Va.

Thirteen Creighton University medical students and two of their wives took 20 pheasants plus a good dose of Northeast Nebraska hospitality — back to Omaha with them Saturday after spending the day hunting with several Wayne hunters.

Said one of the future doctors after breaking at noon for some hot food at Central: "This is just great. It's really nice to be able to get out of Omaha and away from books and classes for a while."

The students, all sophomores, were "very much impressed with the community," said Rowan Wittse, who volunteered to take charge of hosting the medical students after Bill Workman made the suggestion to the local Chamber of Commerce.

Wittse, who will take over as Chamber president in January, said two of the students were so impressed with Wayne and the surrounding area that they said they would like to do their in-service training in Wayne when they get close to graduation.

Saturday's tramping through area cornfields and mato patches for pheasants was a new experience for some of the medical students, according to local hunters, but they enjoyed every minute of it.

Even Saturday's light drizzle didn't dampen their spirits, they said.

Several of the students had never used shotguns prior to Saturday, and they were given quick lessons in how to use them properly.

Some of the future doctors came into Wayne Friday night, staying overnight at the Roy Hurd, Dick Keidel, Dick Powers, Ted Bahe and Robert Sutherland homes.

They and the students who drove up Saturday went out hunting with Ken Swarts, Ted Bahe, Dick DeNaeayer, Wayne Wessel, Ken Dahl, Jim Marsh, Rowan Wittse and Dick Keidel. Also hunting with the group was Scott Wessel, son of Mr. and Mrs. Wayne Wessel.

The students included Forrest Brady and Bob Brady, both of Spearfish, S.D.; Cary Skolnick, Bronx, N.Y.; Kenichi Shimada, Los Angeles; Jim Reilas, Madison, Conn.; Tim Symonds, Bellevue, Wash.; Jerry Sullivan, Butte, Mont.; Terry Carlson, Tecumseh; Bob Kreuzer, San Diego; Jim Macklin, Columbus, O.; Mike Ecker, St. Paul, Minn.; Paul Pelitt, Cheyenne, Wyo.; and Bob Dahl, Bismarck, N.D. Also hunting with the group were Mrs. Carlson and Mrs. Kreuzer.

A GROUP of 13 medical students from Creighton University and two of their wives spent Saturday hunting in the Wayne area at the invitation of the Wayne Chamber of Commerce. Local hunters posing with the students and some of their birds include Dick Keidel, Jim Marsh, Rowan Wittse, Wayne Wessel, Scott Wessel, Ken Dahl, Dick DeNaeayer, Ted Bahe and Ken Swarts.

Former Wakefield Residents Honored With Dinner Party

The Don Olsons, former Wakefield residents, celebrated their 25th wedding anniversary Sunday with friends and relatives at a dinner party.

The Ray Jensens, Omaha, were host and hostess for the event.

Robert Erlanson gave the invocation. Following the dinner, the William Griggses, Spencer, Ia., were emcees for the program.

The Olsons have two children, Rex and Cynthia.

Taxpayers Ask IRS
Q. Because I work for two different employers, more than \$12,000 (1974) of my wages this year will be subject to Social Security tax. How can I reclaim the excess tax paid?

A. You are entitled to claim the excess withheld as a credit against your income tax. Compute this credit by adding the Social Security tax (FICA) withheld by all your employers this year, and the "uncollected employee tax on tips" as shown on all your Forms W-2. From this total, subtract \$772.20 (1974), the maximum Social Security tax that may be withheld from your pay. The balance is your credit which you may claim on 02 of Form 1040.

Thought for Today
By Rowan Willise

"Many of the optimists in the world don't own a hundred dollars and, because of their optimism, never will..."
— E. W. Howe

If one is destined to be destitute, it is best to be an optimist. Optimists are convinced that tomorrow will be a better day, that today's ills are somehow self-correcting and that all poverty is temporary.

We tend to think of optimism as a desirable trait but Howe suggests that optimism keeps some people in a state of continuing indigence. Their very optimism, which assures them that everything will turn out all right, prevents these people from taking steps to provide more adequately for themselves.

It is well to become acquainted with your funeral director before it is necessary to call him in an emergency. We invite you to stop in at your convenience.

Soils Specialist: Outlook For 1975 Corn Is Bleak

Present outlook for 1975 dryland corn in Nebraska, based on soil moisture conditions, is for yield potential to be reduced by half from normal yields, a University of Nebraska-Lincoln extension soils specialist said this week.

Dr. Don Sander said the probability of entering the 1975 crop season with adequate soil moisture is extremely doubtful. Most soils in eastern Nebraska dryland will acquire about 10 inches of effective precipitation to fill the root zone. But precipitation TS often only

about 50 per cent effective, Dr. Sander pointed out.

Thus, "depending on the subsoil moisture status next spring, producers should consider alternative crops to corn," Dr. Sander advised.

He analyzed possibilities for planting various crops next spring in relation to the amount of moisture extracted from the soil by various crops:

—Soybeans and sorghum are much superior to corn when soil moisture is limiting. Soybeans in particular probably have extracted much of the subsoil

moisture present in 1974.

—Because a crop following soybeans will most likely suffer most in 1975, spring small grains are the best bet to follow soybeans (or perhaps sorghum), if large amounts of precipitation are not received by next planting season.

—Soybeans are best adapted to follow corn in 1975 since corn probably did not utilize subsoil moisture in 1974 nearly to the extent of soybeans or sorghum.

—If corn is planted, populations should be reduced to not more than 12,000 plants per acre.

Sidedressed nitrogen usually was not available to corn until the August rains; which may have reduced the ability of the plant to extract available subsoil moisture, said Sander.

—Much of our Nebraska dryland corn probably dried up with adequate subsoil moisture because of the plants' inability to continue to extend the root system because of the very high temperatures," he analyzed.

—Many top corn producers in eastern Nebraska dryland areas really "look out on the chin" in 1974. Sander reviewed "Production practices that produce highest yields during normal years produced lowest yields in 1974," he continued.

Such practices as early planting, high plant populations,

single cross hybrids, and narrow rows all tended toward reduced yields because of the severe drought stress.

He summarized best corn production practices for 1974 as late May planting, plant populations of 10,000 or less, multi-cross hybrids, late hybrids (if any are missed the Sept. 3 frost) and row spacing of 40 inches was probably better than those in the 30's.

Drouth-Damaged Corn Subject of Station Meeting

Drouth corn silage will be the topic of discussion at a meeting Monday at the Northeast Station at Concord. The discussion is scheduled for 7:30 p.m.

Silage samples collected from feeders in the area and analyzed for protein and dry matter will be available for examination during the meeting, says Vernon Kraus, best specialist at the Station. These samples were taken from corn having yields ranging from zero to 50 bushels, he notes.

The discussion will center around drouth corn silage, use and supplementation says Kraus and time will be allowed for information and questions.

The best facilities at the Station will be open for tours starting at 1 Monday. Feature points of the tour will be calves recently started on a test comparing drouth silage with irrigated corn silage.

A second experiment superimposed on the silages will look at protein supplementation based on the new Iowa State system of metabolizable protein. This system is designed to tell how much urea and or natural protein is needed to obtain maximum gains from a feed source.

The Northeast Nebraska Livestock Feeder Association, which is helping sponsor the meeting will turn on fresh meat.

through harvesting what crops were left after a dry summer and an early frost sharply reduced yields.

NEBRASKA CROP REPORT, NOVEMBER 1

Nebraska production estimates for soybeans increased from October for corn remained unchanged, and for sorghum declined.

Corn Estimate Unchanged

Nebraska corn production on Nov. 1 was unchanged from Oct. 1 forecast at 355 million bushels, according to the State Federal Division of Agriculture statistics. Crop yield remains at 71 bushels per acre but is 22 bushels below 1973.

The irrigated corn production is forecast at 303 million bushels, the same as Oct. 1 but 2 per cent below the 1973 crop. Dryland corn production of 52 million bushels is also unchanged. Yield per acre for irrigated corn is 101 bushels per acre and for dryland corn 26 bushels, both unchanged from Octo-

ber 1. However, the dryland corn yield is about 1.3 of last year's yield.

Weather has generally been favorable for harvesting corn with harvest over 70 per cent completed by November 1. Moisture content of harvested corn has been averaging 18 per cent.

Soybean Production Raised

Soybean production was forecast at 76.4 million bushels on Nov. 1, 14 per cent above last month but 27 per cent below the 1973 forecast. Crop yield is now indicated at 24 bushels per acre, 3 bushels higher than last month but 4 bushels below 1973. Soybean yields are turning out much better than most farmers anticipated earlier. With ideal harvesting weather, November harvest was near completion in many areas of the state on Nov. 1. Moisture content of harvested beans has been averaging 10 per cent.

Survey to Quiz Area's Voters

Did you vote November 5? Were you registered but did not vote?
The Bureau of the Census will ask these and other questions about voting activity in the 1974 election of persons 18 and older in a sample of households in the Wayne area during the next week.

No questions will be asked about party affiliation or for whom a person voted. The survey will provide a profile of the typical American voter and non voter: age, sex, residence, education, labor force status and family income.

In a similar survey following the 1972 election, about 63 per cent of the civilian population of voting age were reported as having voted. This compares with voting turnouts reported in previous Bureau surveys of 68 per cent in 1968 and 69 per cent in 1964.

Nanette, Hinton, Ia., were dinner guests Sunday in the home of their daughter and husband, the Steve Petersons. The Robert Petersons and Russell were afternoon visitors.

Mrs. Cynthia Eynon and Chris, Omaha, were guests last weekend in the home of her parents, Mr. and Mrs. Gilmore Sahs.

Mrs. Ted Krei, Harold and Theodore, Green Bay, Wis., were guests last weekend in the Ernest Junck home.
