

Library Hour, Potluck Dinner Held at Senior Citizens Center

Twelve members of the Wayne Senior Citizens Center attended the library hour conducted Thursday afternoon by Mrs. Ann Waggoner of the Wayne Public Library.

New books brought by Mrs. Waggoner to the center, include "Autumn Ideals, 1973," "The Fairacre Festival" by Read, "A Short History of Denmark" by Oakley, "A Poetry Sampler" by P.L. Books, "The Country of the Pointed Firs" by Jewett and "Elsenhower, American Hero."

There are many large print books at the Wayne Public Library to check out. Members may check the books out at the center and may keep them until they are finished reading them, and then check them back in at the center or at the library on north Main Street.

Next library hour is at 2:15 p.m. Oct. 16.

Fifty members attended the monthly potluck dinner on Wednesday. Goldie Leonard, Mathilde Harms, Pearl Griffith and Jociell Bull helped set up tables. Ann Jensen arranged the

floral centerpiece and Mrs. Ida Ulrich of Oklahoma gave the invocation.

On the volunteer and clean-up committee were Gladys Peterson, Lora Johnson, Virgil and Cordelia Chambers, Dick Horton, Annie Ruelbig, Goldie Leonard, Nellie Brockman, Emma Soules, Mary Echtenkamp, Mrs. M. Heifeld and Mildred Wacker.

Alma Spillinger, Dick Horton, Emma Soules and Lottie Longnecker accompanied group singing, led by Jociell Bull. Mrs. Lolla Maynard told the group of her experiences in prison camp during World War II, when the Japanese came into the Phillippine Islands. She had spent three years and three months in the prison camps.

The next potluck luncheon will be Oct. 15 at 12 noon.

Mrs. Bull, Anton Pedersten and Goldie Leonard attended the public hearing of the "State Plan for the Nebraska Commission on Aging for FY 1976" in Lincoln last Wednesday. Mrs. Bull also attended the quarterly meeting of the Nebraska Commission on Aging last Friday at Lincoln.

Name Omitted

Mrs. Robert Wacker's name was accidentally omitted from Thursday's story of the open house reception Sept. 14 at Winside honoring Mr. and Mrs. Oakley Reed of Vacaville, Calif., on their 50th anniversary. The Reeds are former Carroll and Winside residents. Mrs. Wacker of Wayne and Mrs. Jerzy Wacker of Norfolk arranged gifts at the reception.

Getting Acquainted

THE NEW director and Dean of the Nebraska Agricultural Extension service, Dr. Leo Uivar, left a social club member of the Northeast Station Tuesday as a part of his getting acquainted with those present around the state. Former district director at the North Platte station, Dr. Uivar replaced John Adams, who resigned due to illness. An associate of the Northeast Station on other present was station director Cal Ward.

NSEA Figure Calls Budget 'Ridiculous'

The recent budget proposal of the State College Board of Trustees was labeled "ridiculous" by a representative for the faculties of the four Nebraska state colleges. Herb Schimek, Nebraska State Education Association (NSEA) consultant to the Higher Education Association of Nebraska (HEAN) today called the proposal "a slap in the face of a group of dedicated hardworking and long-suffering professors."

HEAN is an affiliate of the 10 member NSEA. Schimek said "The trustees' August 22 minutes make it appear that HEAN NSEA took part in preparing the budget proposal when actually we deplore and actively oppose it." HEAN did meet with the trustees to present their budget. Schimek said that although HEAN is not a union, it has been established since 1961 and is a part of the proposal.

The trustees' one of the Nebraska state colleges in the budget proposal for the colleges' faculty was termed "ridiculous and insulting," he said.

Election

(Continued from page 1) license which would allow them to sell all types of alcoholic beverages either by the drink or in carry-out packages.

There is also a difference in licensing fees for bottle clubs and class C licenses. Bottle clubs carry the biggest licensing fee of \$400 a year of any of the six types of liquor licenses available in Nebraska.

Many officials however can not impose an occupation tax on bottle club licenses. They can do so on other licenses. Fee for a class C license is \$250 and an occupation tax of up to \$400 could be set by the city council. The city does not receive any revenue from the license tax, but does add the occupation tax to its roll.

In addition to bottle clubs, the following types and number of licenses are now in effect in Wayne: class A (three) have no premises, class B (three) have all premises, class D (three) have all premises and class E (one) has no premises. The city council has no authority to issue or regulate any of these licenses.

Morford said voters will be called Tuesday night after the polls close, but official results will be released only Sept. 22 when the city council will meet for a special canvassing session to verify the validity of votes and add absentee ballots to the tally.

New Job? SS Number Is Needed

Students and other people who plan to get their first job should apply now for a social security number if they don't have one, according to Dale Branch, social security district manager in Norfolk.

You should apply for your number several weeks before you need it for a job covered by social security. Applications must be screened against central files in Baltimore to make sure that a second number isn't issued to that same person. Screening generally takes several weeks.

More than nine out of ten jobs are covered by social security. People applying for a social security number for the first time may be asked to prove their age, identity, and citizenship.

Your social security number is yours alone and remains the same for life. A worker builds retirement, disability survivors and Medicare protection by work and earnings credited to his social security number. So when you get a job covered by social security, be sure your employer copies your name and number correctly from your social security card to his records.

People can get information about applying for a social security number by calling, writing or visiting any social security office.

If you've lost your social security card, you can get a duplicate by contacting any social security office. Branch said you can get a duplicate factor if you've kept the stub that came with your social security card.

The Norfolk social security office is at Box 389 1110 Norfolk Avenue. The phone number is 721-1595.

The annual 1975 Nebraska Lincoln University administrative and financial report, released Tuesday, shows that the university is one of the leading in the nation regarding the percentage of tax money contributed to its overall budget.

With public supported colleges, the university's part of their budget in Nebraska is about 50 percent.

Butler said Nebraska is the only state in the Big Eight in this regard. Including the tax which is paid by the state, the university's tax campuses are not comparable to both have large endowments provided by the state or interests.

Winside's defense scored 100 per cent on its exhalt at Allen Friday night.

The Wildcats capitalized on three costly Eagle errors and helped to turn them into six points each as Winside rolled to its second victory in three starts.

The intra-divisional game for the Lewis and Clark Conference foes left Allen with a 1-2 mark. Friday night both clubs open divisional play with Allen of the Lewis division, hosting Ponca and Winside, of the Clark division, playing home against Hartington High.

Winside's one-sided victory comes on the heels of a 19-0 setback at the hands of opportunistic Wathtill, which also took advantage of Winside miscues to win. The lesson coach Ron Peck's team learned from that game: take advantage of the opponent's miscues.

The loss made it fourth down and long for the Eagles, forcing

was the first to pounce on an Allen fumble in the closing minutes of the first quarter to set up Winside's second TD of the night.

Carstens jumped on the free ball when quarterback Shawn Persinger lost the handle at the 14-yard line. Four plays and a five-yard penalty later, Winside's leading rusher with 115 yards in 16 carries, senior Brad Brummels, took a lateral from quarterback Tyler Frevert 11 yards to paydirt.

Kicker Cliff Tietema, who was two for four for the night and second in rushing with 53 yards, booted his second extra point for a 14-0 first quarter lead.

Allen's second costly mistake came in the third period when Winside defender Monte Pfeiffer went through Allen's line unopposed to drop Persinger for a 16-yard loss down to Allen's three-yard line.

The loss made it fourth down and long for the Eagles, forcing

SPORTS

punter Steve Shortt to boot the ball. However, Winside senior Bob Hoffman broke through Allen's line to bat the ball down and John Gallop recovered in the end zone for another six-point play.

Minutes later the Cats had another opportunity to score when a bad snap from center forced the Eagles to give up the ball on their own 20 yard line after battling 20 yards in penalty. Winside again scored on a Frevert to Hoffman aerial with 32 seconds left in the third

period.

Winside's longest sustained drive covered 85 yards in nine plays in the first period. Aiding that drive were 18-yard runs by Brummels and Hugo Bleich. With 4:20 left, Brummels broke out of the backfield for 14 yards and Winside's first six points.

"We were really happy with our defense. The kids played well," said Winside coach Ron Peck. Brad Brockman played an "outstanding game." Peck noted, pointing out that Brockman had six unassisted tackles.

WINSIDE's leading scorer, senior Brad Brummels, leaps over Allen defender Rayme Dowling into the endzone for the Wildcats' first touchdown of the night. Brummels finished the night with 115 yards and two touchdowns.

EAGLE RUNNINGBACK Steve Shortt (32) draws a large audience from Winside's defense as the 160 pound senior is dropped behind the line of scrimmage.

WS Is Ninth At Wesleyan

Practically all the distance running races of Nebraska congregated at Lincoln Thursday for the Nebraska Wesleyan W Club cross country invitational.

Result: Three of 12 college teams finished close at the top. The others, including Wayne State, trailed far back in points.

The University of Nebraska at Omaha came in first with 43 points. Wayne followed at 54.

Ed Burnett was Wayne's first finisher, 28th with a time of 26:37. Dave Sohl ran his best time to date, 21:15 and placed 12th.

Guessers to Honor Athletes

Beginning this Thursday the Second Guessers club will honor the top football player each week from Wayne Carroll High School and Wesleyan State College.

Each player will receive a certificate that points out he has been selected by the respective coaching staffs and club members as the outstanding player of the week. In addition to the certificate, each player will be guest of honor during the club's weekly meeting, which is held every Thursday noon at the Black Knight.

The awards are a new feature of the newly reorganized club. The purpose is to acknowledge players who contribute the most to the team.

Dodge's Quick TDs Shutout Wakefield

Dodge scored two quick touchdowns in the fourth period Friday night to shutout Wakefield 12-0.

Senior ballback Dave Bremer scored 10 yards in 10 seconds in the fourth quarter. Dodge's first touchdown came on a 14-yard run by senior Jim Falkner, who intercepted a pass and raced about 17 yards to Dodge's 28-yard line. On a fourth down play, Falkner was intercepted by Wakefield defender Steve Gray, but Dodge's 28-yard line. On a fourth down play, Falkner was intercepted by Wakefield defender Steve Gray, but Dodge's 28-yard line.

"We're going to win the game," said Bremer. "We're going to win the game."

Wakefield's defense held strong. Dodge to 97 yards for the first three quarters, until the fourth when the hosts exploded for 107 yards. "That last period our kids were getting tired. They had been in most of the game," Torcion explained.

Blinds Available

Applications for goose hunting blinds on DeSoto National Wild Life Refuge near Blair will be accepted through Sept. 27, according to Jim Frales, refuge manager.

There will be 10 three-man blinds on the Nebraska side and 10 on the Iowa side, which will be allocated to hunters for one day in a drawing that will take place Sept. 29.

Applicants should send a card or letter with their name, address and phone number, and list several dates they can hunt. The letter should also include a check or money order to cover the \$2 fee.

Blindings will be allowed from the Nebraska blinds from Oct. 11-24, and Nov. 1-16. Shooting hours are one-half hour, before sunrise to noon.

Hunters will be allowed to use only shells loaded with steel shot and are limited to 25 shells per hunter.

Prefabricated Buildings For Dairy Animals Tried

Prefabricated housing has hit the dairy industry. It takes three days to put up 10-dairy housing for 48 calves using the type of calf barn now being tested at the University of Nebraska field laboratory near Mead.

The two buildings have been leased for three years, and are already being used on dairy farms in the northern states.

"We're interested in testing these buildings because there are a number of companies manufacturing them, they come as a prefab unit, they're easy to put up, and they're relatively inexpensive," says NU dairy scientist Foster Owen.

With indoor housing, working conditions are more comfortable for the dairy operator. Owen explains, but there are also more disease problems with indoor housing compared to outside calf pens.

"The consensus is, we're not keeping the right environment for the calf. Disease problems might be reduced with the proper ventilation and temperature," he notes.

The two buildings in the NU experiment will be used to find the best environment for newborn to 6-week-old calves. One will be set up as "low energy" building, the other as higher energy, or what is considered standard.

The low energy building, Owen says, will have a temperature of 35-40 degrees Fahrenheit in winter. One exhaust fan will be used to remove excess moisture and manure gases. Minimal ventilation in the summer will be provided by opening doors and windows.

The high energy building will be kept at 55-60 degrees in winter. The building will stay enclosed and have high ventilation with several exhaust fans.

Right now—one building has wires trailing along the walls inside and out, leading from sensors to monitors. "We're testing the buildings before we

The 1976 Cadillac Calais sedan model (below) provides traditional Cadillac full size comfort and luxury combined with easily perceived value and distinctive design. As with all 1976 models, subtle styling refinements serve to further personalize the existing appeal of this car. Optional wire wheel discs are joined by optional turbine wheel discs, including one with a black center hub area and crest ornamentation as shown on the Calais sedan and similar to the sporty standard Eldorado wheel disc. Vinyl roofs, offered in 11 color selections, are now an elegant elk grain padded material.

Pierce's Second-Half Scoring Stops Wayne

Pierce's second-half scoring explosion rocked Wayne's freshman football team Thursday as the hosts scored three times in the final two quarters to drop the locals, 36-14.

Leading 16-14 at the half, Pierce scored on its first three plays of the second half after the defense stopped Wayne on Pierce's 15 yard line. Pierce then added one TD in the third and its final six pointer in the opening of the fourth.

Wayne, which will try to even its record with a win this Thursday against visiting Emerson Hubbard, failed to get its running game established, said coach Duane Blomquist. "We didn't block well and we didn't run hard," he pointed out as his main problems on offense.

In the air, quarterback Tom Ginn collected 104 yards, including a 17 yard TD strike in the first quarter and a 45 yard bomb that set up Wayne's second touchdown in the second frame.

On the locals' first possession, Ginn hit Brad Emry for 17 yards to cap a 60 yard scoring drive in the first period. The point after attempt failed.

Ginn scored Wayne's second six pointer on a one yard keeper

that was set up by the 45-yard aerial. Don Straight broke into the endzone for the two-point conversion.

Going into the final period, Ginn was seven for nine in the air. However, the trailing Blue Devils were forced to go more to the air where Ginn finished with seven of 18 attempts.

For the game, Wayne's leading rusher was Straight with 30 yards. He was followed by Ginn and Emery with 29 and 28 yards respectively.

Defensively, Emry led with 10 tackles. Straight had nine.

WS Offense, Defense Rank 2nd

Wayne State's offensive and defensive units last week moved into second place position among nine of Nebraska's small colleges according to NAIA weekly statistics.

The Wildcats averaged about 376 yards offensively after two games and gave up about 272 yards defensively. After their first game the offense was ranked fourth and the defense was third.

Junior Maurice Munkin retained his No. one ranking as the leading pass receiver. The Wayne State end after two games has caught 13 passes for 246 yards. That's an average of 123 yards a game.

In other individual statistics for Wayne players, Brian McEwen was third in rushing with 183 yards in 50 carries for a 91.5 per game average. In punting, Mike

Missed Putt Gives Team 19 League Crown

A missed two-foot putt last week cost Team 34 a chance to send the finals of the Wayne Country Club Wednesday night men's golf league playoff into sudden death.

As a result, Team 19 won the league crown, scoring two and a half points in match play. On the winning team are Jim Marsh, Roy Coryell, Neil Swanson and Ken Swartz. Taking second place was the team of Arnie Reeg, Wayne Marsh, Ginn Ellingson and Bill Bales.

In match play, Coryell and Swanson won their matches over Wayne Marsh and Ellingson for the victor's two points. Reeg won his match over Jim Marsh.

The deciding play came on the 18th hole of the nine-hole match when Bates missed his putt to tie Swartz.

In a playoff for third place, Team 19 beat Team 22. The third place foursome included Bob Reeg, Budd Bornhoff, Gene Claussen and Dan Gardner. Fourth place went to the team of Ron Dalton, Rowan Wiltse, Terry Karel and Phil Rouse.

In a nine-hole handicap play-off Wednesday for players not involved in league playoffs, Joe Nuss won with a score of 29.6. Taking second among the top six golfers was Chuck McDermott with a 33.7. He was followed by Ken Whorlow with 33.8, Pat Gross with 34, Dale Johansen with 34.4 and Roy Christensen with 34.8. A total of 28 golfers compete in the meet.

Allen, Winside Battle to 6-6

Allen and Winside junior high football teams battled to a 6-6 ball game Friday during the season opener for both clubs.

Winside put the game's first six points on the board in the opening frame when halfback Jon Langenberg scrambled 10 yards into the endzone. Allen evaded the score midway through the third period when kicker Greg Carr went 51 yards on a broken play to score.

Both teams had a chance in the final period to chalk up a victory. With about three minutes left, Langenberg raced 42 yards into the endzone only to have the play called back on a clipping penalty. Allen's chance came with seconds left when Mark Koch intercepted a Winside pass on the 25-yard line and ran out of bounds on the 10 when time ran out.

Carr, who quarterbacked Allen's club, finished as the top rusher with 108 yards. Winside's leading rusher was Bill Goldberg with 43 yards.

Defensively, Brad Janke and Bob Hawkins led Winside with 11 and nine tackles. Allen's top defender was Keith Brentlinger, according to the coaching staff.

EXTENSION NOTES

By Jocelyn Smith

Freezing Potatoes at Home. Most types of preheated potato preparations may be frozen at home but don't expect commercial processing results.

Potatoes contain a lot of water that expands in freezing. When thawed, they become limp. Commercially frozen potatoes are usually low moisture varieties such as those used for baking and potato chips. Chippewa and Katahdin are considered to be better than Bliss Triumph or Cobblers.

Allow potatoes to mature at least a month after digging. Some moisture will evaporate during this time. Wash, peel and cut potatoes into desired pieces—sliced, shredded, diced or in strips as for French fries. Blanch in boiling water or steam until heated through. This usually takes two minutes in boiling water (water should not stop boiling) or three minutes in steam (thin layer so steam reaches all sides of the vegetable). Most whole potatoes require up to five minutes. Chill the potatoes in cold running or ice water for three minutes.

French fries may be prepared in boiling water or prepared as follows: Rinse in cold water and dry thoroughly between towels. Fry small amount in deep hot fat (360 degrees F.) about five minutes until heated through but not brown.

Drain and blot excess moisture. Package, then freeze as rapidly as possible. Faster freezing discourages ice crystals that later cause the potatoes to go limp. Freezer temperature should be below zero degrees Fahrenheit. The colder the better.

To use the potatoes, complete the cooking process without thawing them. Use as you would fresh, raw potatoes. Storage time is two to three months.

HOW PLASTICS INFLATE

The use of plastics are forever increasing, giving us better products and helping to fight inflation. The use of plastics in furniture, for example, is an early sign of development. The consumption of 320,000 metric tons in 1970 is expected to increase to 7.5 million metric tons by the year 2000, an annual average growth rate of 11.1 percent.

Larry Alderson has just returned from the District IV Meeting of the conference state bank supervisors (CSBS) held at the Tamarron Resort, Durango, Colo. from Sept. 16-18.

Second in a series of regional meetings being held by CSBS this fall, discussions covered such topics as the evolution of off premises facilities, the national economy, trends in bank examination, holding company expansion, branching, economic and trust development and legal and antitrust matters.

9-Bushel Increase In Yields Shown

Over a five year period, side-dressed nitrogen has given about a nine bushel increase in corn yields and four bushels increase for grain sorghum over preplant applications in a long range experiment at the University of Nebraska Field Laboratory at Mead.

Applying nitrogen through the sprinkler system has been the least efficient in this study, he said. Adding phosphorus on this soil of medium phosphorus level in the surface has increased corn yields about five bushels per acre and sorghum by two bushels, he said.

Indications are that an equilibrium level of residual mineral nitrogen is being maintained with slightly over 80 pounds of fertilizer nitrogen per acre for milo and 160 pounds per acre for corn at yield levels of 130 and 160 bushels per acre respectively, he said.

Newly added to the experiment is a study to determine the value of rye, seeded in the fall, cultivation, as a green manure crop in curbing leaching loss of nitrogen between November and April, Olson said.

Also newly added is a treatment in this experiment to determine the fertilizer nitrogen equivalence of sweet clover seeded for a growth period of August to April, he said.

Policy on Weddings

The Wayne Herald welcomes news accounts and photographs of weddings involving families living in the Wayne area.

We feel there is widespread interest in local and area weddings and are happy to make space available for their publication.

Because our readers are interested in current news, we ask that all weddings and photographs offered for publication be in our office within 10 days after the date of the ceremony. Information submitted with a picture after that deadline will not be carried as a story but will be used in a cutline underneath the picture. Wedding pictures submitted after the story appears in the paper must be in our office within three weeks after the ceremony.

College Reveals Scholarship List

Wayne State College has announced that four students there have been selected to receive scholarships for the fall semester which began Sept. 4.

Kathryn Tillo, daughter of Mr. and Mrs. John Tillo of Sioux City, Ia., has been awarded the Lettie B. Scott \$500 scholarship. Students majoring in education are eligible for the award.

Miss Tillo is a senior majoring in elementary education and special education.

Terri E. Franklin of Kansas City, Mo., received the \$100 Rollie W. Ley scholarship. A spring graduate of Paseo High School in Kansas City, the freshman plans an accounting major.

The \$100 Hunter scholarship has been presented to Ed win Isenberg, son of Lawrence Isenberg of Davenport, Ia.

The Hunter scholarship was established by Mrs. E. J. Hunter and her daughter, Mrs. Terrius, in memory of the late Wayne State professor E. J. Hunter and the late Eugene Hunter, a WSC graduate killed in World War II.

Isenberg is a sophomore majoring in industrial education.

Lori Mittelstadt of Hampton, Ia., is the recipient of the \$100 Lowell H. Henney Memorial scholarship, presented to an education student.

Pirates Knock Off Bears, 32-18

Statistically, Laurel High beat host Plainview Friday night. But the scoreboard read the other way as the Pirates knocked off the Bears, 32-18.

Behind runningback Mark McCoy and Mike Dalton, Laurel's offense collected 296 yards for the night while Plainview netted 201. McCoy, who scored two of Laurel's touchdowns, led his team with 120 yards and Dalton had 111.

McCoy scored on jaunts of two

and one yards in the second and final frames. Between those two touchdowns, senior quarterback Brad Erwin darted seven yards on an option play in the second period for Laurel's second six-pointer to trail 26-6 at the half.

"Plainview's punt returns literally beat us," said assistant coach Bob Weisenberg after Laurel suffered its second loss against one win in Northeast Nebraska Activities Conference play.

Plainview's longest punt return was 81 yards in the second quarter, that resulted in one of three touchdowns that period.

Score by quarters:
Laurel 0 12 0 6 18
Plainview 6 20 6 0 32
