Heart Fund Leader Named

Mrs. Charles Carhart of Wayne will lead the 1976 Heart Fund campaign in Wayne County.

She was named county chairman by Dr. Michael Skelch, president of the Nebraska Heart Association.

As local Heart Fund chairman, Mrs. Carhart will lead an estimated 125 volunteers in a house-to-house canvass across the county in February, with a goal of raising \$1,800.

Mrs. Carhart said about 60 workers have already volunteered for the campaign and she hopes to reach the 125 figure in time for the campaigning in February, designated as American Heart Month.

A meeting will be held Jan. 26 at 7 p.m. in the Woman's Club room of the Wayne city auditorium to kick off the campaign.

Mrs. William Eynon has been appointed by Mrs. Carhart as treasurer for the drive, and Mrs. Carl Lentz has been reappointed as chairman for memorial gifts.

Dr. Skelch said the Heart Association has channeled over \$248 million in contributions into research, with over \$53,000 having been spent in Nebraska for research and nearly \$200,000 on public and professional education and community service programs in the state.

The state Heart Association president said that of 15,016 deaths in Nebraska last year, 53 per cent, or 7,956, were caused by some form of cardiovascular disease. Of that total, 52 deaths occurred in Wayne County, and 25 of those were in the City of Wayne.

Cold Weather Just Right for Skating

If temperatures continue to stay below freezing for the remainder of this week, there's a good chance the city may have a place ready for ice skaters Saturday.

According to street superintendent Vern Schultz, city employees earlier this week began flooding water onto the base of the tennis courts located near the municipal swimming pool at 12th and Lincoln Streets.

The tennis courts will be the only area residents will be able to skate in Wayne this year. The other rink located in a lot at the corner of Windsor St. and Fairgrounds Ave. in the southeast part of the city can't be used this year because the ground isn't frozen, Schultz said.

Winside Ready For Santa Visit

Santa Claus will be in Winside Saturday to hand out treats and talk with youngsters about presents they want for Christmas.

Santa will make his appearance from 11:30 a.m. to 3:30 p.m. at the city auditorium.

The event is sponsored by the Winside Community Club. Dale Miller and Dr. N. L. Dilman are in charge of arrangements.

Dec. 26 Closing Set

Wayne County courthouse employees will have a long weekend following Christmas, county judge Luverna Hillon said Tuesday. Offices will be closed Dec. 26, as well as Christmas Day, Dec. 25.

Paper Drive Is on Again

Members of Boy Scout Troop 175 will attempt to rejuvenate the Scouts' paper drive this Saturday when they will canvass the city for old newspapers.

City Donates Ambulance; Rescue Unit Still Possible

"It took three and one-half hours of maneuvering Monday night, but the Wayne city council finally arrived at a solution to what threatened to become a crisis for emergency medical service."

When the dust had settled, the council had agreed to purchase a new limousine-type ambulance which will be given as an outright gift, along with \$7,000, to Providence Medical Center (PMC), in return for the hospital's continued operation of ambulance service.

The proposed agreement is for one year, subject to renewal. The Benedictine Sisters who operate PMC have in the past said that any time the city decides to take over ambulance service, the hospital will sell the ambulance back to the city for one dollar.

Monday's meeting began with only member — Ivan Beeks — absent, but Vernon Russell and Leo Hansen left later and the number of members present became crucial.

The outright gift of an ambulance appeared to be the best possible solution to the immediate question of continued ambulance service, because of state statute governing city contracts for such service, and federal regulations restricting the hospital.

Attorney Duane Schroeder, retained by the city as counsel in matters regarding the ambulance, informed the city that they could not enter into a contract with the hospital for ambulance service, unless the city maintained control of the service.

However, Schroeder said he had been informed by hospital administrator Charles Thomas that PMC would be in danger of losing federal funds if the city maintained control. Thomas said the hospital is eligible for some federal funding for ambulance service, but must have complete control of the service.

The outright gift of the ambulance, legal under state law, appeared early in the meeting as a solution to the problem, but an early decision was blocked by council members who want to see the city establish a rescue unit.

Foremost proponent of a rescue squad is councilman Ted Bahe, who said Monday night that most of the people in Wayne he has talked to, have told him the city should maintain control of emergency medical service if the city is going to support it.

John Vakoc said he could see where a rescue unit might be better in emergency situations than an ambulance staffed by a hospital nurse. Russell added See AMBULANCE, page 8

Staggered Auto Registration Starts in '76

County assessor Doris Shipp will mail motor vehicle tax statements Dec. 24. That's a little earlier than usual, she said, but owners will still have to wait until Jan. 2 to register vehicles.

The early mailing will be made in order to be ahead of an increase in postal rates. First class postage will go up from 10 to 13 cents on Dec. 28.

Beginning in 1976, county treasurers across the state will begin implementing a new vehicle registration system. The system provides that registrations will expire one year from the initial month registered. Under the present system, all vehicles are registered in January or February every year.

For example, now if a car is registered in July, it must be registered then for the remainder of that year, and again within the first two months of the next calendar year. Under the new system, a car purchased in July will be registered then, and the expiration date will be July 1 of the following year. The owner then has until the end of July to again register the car.

Wayne County treasurer Leon Meyer said most people won't notice the new system until they acquire a new vehicle. Anyone who now owns a car "must still register" during the first two months of 1976. Persons who register in January, 1976, will have to register again in January, 1977. Those registering in February will also register in February of the following year.

The staggered registration system is designed to spread out the registration work load for county treasurers and the State Department of Motor Vehicles, Meyer said, however, that he believes the system could increase the amount of traffic handled by his office. While registrations will be spread among 12 months rather than two, persons with two vehicles will have to register them in separate months if they are purchased in different months, after Jan. 1, 1976.

The law does provide relief for persons owning three or more vehicles, including trailers. Persons in that category may register all vehicles in January.

Registration fees will be based on months of use for passenger cars, as opposed to the current fees which are based on a half-year. For example, under the new system if a person registers their car in July, they pay a full 12 months in registration fees. If they sell the car in November, and purchase a new car, they will be refunded the registration fee remaining on the first car from November 8.

Pat Hailey, Wayne County Civil Defense director, will be the county commissioner at their regular meeting Tuesday.

Hailey will also serve as Civil Defense director for the City of Wayne and will have an office in the new city hall building. He fills the vacancy left by the death of Thomas Roberts.

The commissioners also approved an agreement between the county and the Northwestern Bell Telephone Company. The agreement stipulates that if telephone cables buried under a road leading from Shales, northwest to the Wayne Cedar County line should need repairs, Northwestern Bell will bury a new cable in the roadside ditch, rather than excavating in the roadbed. The county is planning to widen and grade the road.

That and other road improvement projects will be up for consideration Jan. 20. The

Just a Reminder

TO HELP remind residents in Wayne of the 911 emergency number to use in case of help, the city police department is attaching stickers with the emergency number on the sides of its cruisers. Officer Melvin "Laffy" Lamb, who is holding one of the stickers, noted that several city vehicles also have the stickers on the sides of the cars. Earlier this summer, the city received a federal grant to install the 911 emergency system.

Report: Eating Habits Changing

Wayne County residents may not be eating as high on the hog as they did in more prosperous times but they are eating as plentifully, it appears.

The average family is going in for fewer steaks and other fancy cuts than normally but is not going hungry. It is substituting less expensive items, preparing less elaborate meals and doing less dining out.

In terms of quantity, local people continue to be slowing away edibles in considerable volume. On the basis of their purchases in food stores and their expenditures in restaurants, their weekly consumption figures out to about 29 pounds per capita.

In that respect, the change since 1972, locally and in most parts of the United States, has been small, despite the fact that the cost of food has gone up sharply.

The Bureau of Labor Statistics reports that the average American household of 2.9 persons spent \$40.05 a week for food last year, as against \$30.32 toward the end of 1972. This is exclusive of alcoholic beverages.

The figures on food consumption and on the amount of money spent for that purpose come from the Department of Agriculture, the Labor Department and other sources.

During the past year, they show the diet of the average American consisted of 188 pounds of meat, including 116 pounds of beef, approximately 65 pounds of fish and poultry, 285 eggs, 123 pounds of potatoes, 247 pounds of milk and cream, 107 pounds of wheat, flour, and 52.5 pounds of fats and oils, not to mention fruits, vegetables, cereals and other products.

In Wayne County, the cost of eating on this average scale came to approximately \$2,860 per household last year.

For families living on farms, the outlay was considerably lower than this and, for urban families, somewhat greater. Nationally it averaged \$2,080 per household.

The surge of food prices at the consumer has forced housewives to be more careful in their shopping. They are watching their pocketbooks more closely, seeking out the specials of the week, passing up the higher-priced convenience foods, cutting down on between-meal snacks and doing more cooking and baking at home.

Christmas Bucks Prize Awarded

Mrs. Alvina Gehner of Wayne Tuesday night received a \$100 Christmas bonus for shopping in Wayne as she received the second Christmas Bucks award sponsored by Chamber of Commerce merchants.

Mrs. Gehner won the prize by presenting her ticket, second on the list posted in participating stores at 11 p.m. Tuesday, at the Chamber of Commerce office at 8 p.m.

Tickets for the drawing are available for the asking at participating stores. Mrs. Gehner received her winning ticket while shopping at Kuhn's Department Store. The \$100 in Christmas Bucks are good as cash in participating stores.

Wayne Savings and Loan Association Announces Plan for Building

ARTIST'S DRAWING of the planned Wayne Federal Savings and Loan building shows clear story feature projecting above the roofline to let in sunlight. The

The Wayne Federal Savings and Loan Association should be relocated in a new 4,000 square foot building by the middle of July, director and president Betty Addison announced Wednesday.

The new contemporary styled structure will be built on property located at the southeast corner of Fourth and Main Streets.

A building owned by the association which presently houses Hazel's Beauty Shoppe and Ben's Paint Store will be demolished to make way for the new building.

Hazel Mau is planning to relocate her business in the south wing of the city auditorium building which formerly housed city offices. Ben Ahlvers said he has no plans as yet regarding possible relocation of his paint store.

Demolition of the old building is scheduled to begin during the second week in January and construction will begin as soon as demolition is complete.

The new building will be constructed of buff-colored mission block, a simulated stone concrete product.

Expanded services is one goal of the new construction. A drive-in teller window will go into operation when the new building is completed and provision will be made for a second drive-in window.

The additional space in the new building will also provide room for safe deposit boxes, another new service for the savings and loan institution. A night deposit box will also be provided for customer convenience.

Interior appointments will include four teller stations, bookkeeping spaces, three private offices, two customer service desks in the lobby, and an employees' lounge and kitchen area.

A special feature of the building, designed by St. Louis architect Charles P. Guariglia, will be a clear story structure facing Fifth Windows in the face of the structure, projecting above the building roof-line, will admit sunlight to supplement interior lighting. Other windows in the building will be tinted for customer comfort.

A built-in oak planter will also be included in the lobby.

Berm-type landscaping will be used for the building grounds. The mounded earth shape of the landscaping will lend beauty to the building, Mrs. Addison said, as well as providing sound-dampening qualities.

In addition to Mrs. Addison the association now employs Bernadine West, Lorrie Haslund and Gloria Schultz. Mrs. Addison said she expects to add two staff members after moving into the new building.

The Wayne Federal Savings and Loan Association was chartered in 1925. Original board members were John T. Brossler Jr., W. R. Ellis, E. E. Galley, J. S. Horney, William Beckenhauer, C. E. Wright, C. E. Carhart and Burr Davis.

Bressler is still serving on the association board and is now board chairman. Other members in addition to Bressler and Mrs. Addison are John Addison, Dan Sherry and Joan Lacks.

The savings and loan association was first located on the second floor of the building now occupied by Surber's Clothing at 202 Main St. The business moved into its present location at 205 Main St. in December, 1961. The present building, which houses the association computer center, will be maintained for that purpose, Mrs. Addison said.

The association was chartered to provide long-term real estate See WAYNE FEDERAL, page 8

Loan Is Okayed For Stanton PPD

An \$812,000 U.S. Rural Electrification Administration loan to Stanton County Public Power District has been approved, Representative Charles Thone announced Monday.

The district, which is headquartered in Stanton, serves customers in Wayne, Colfax, Cumming, Madison and Stanton Counties.

With the funds, the district will be able to extend service to over 150 additional residents, Thone said. Construction, which is scheduled to begin in February or March, includes new substations, 11 miles of transmission line and 18 miles of distribution line, according to George Cunningham, general manager of the Stanton office.

Costello-Hix Engagement Told

Mr. and Mrs. C. L. Costello of Wayne announced the engagement of their daughter, Linda Costello, to Stephen Hix, son of Mr. and Mrs. Gerry Hix of Wayne. Miss Costello is a 1976 mid-term graduate of Wayne High School. Her fiancé graduated from Wayne High School and will be an April graduate of Wayne State College. No wedding date has been set.

Wayne Residents Open Homes To AAUW Christmas House Tour

Despite the bad weather Sunday, nearly 100 persons turned out to tour several Wayne homes as part of the Christmas House Tour sponsored by the American Association of University Women (AAUW). The tour included a visit to the Roy Hurd, Richard Armstrong, David Ley and John Vakoc homes and the Mid-America Art Studio owned by Mr. and Mrs. Carlos Frey. Proceeds from the tour will go to the AAUW hospital pledge. Persons visiting the Roy Hurd home were treated to special organ music presented by Mrs. Clifus Sharer.

Questers Get New Member

Mrs. Phil Griess became a new member of the Confusable Collectables, Questers Club at the group's December meeting, held last week in the home of Mrs. Wayne Wessel. Co-hostess was Mrs. George Phelps. Twelve members were present for a cookie and recipe exchange, and each told a story of Christmases past at grandma's house. Recipes sold for 10 cents each. The money will go to the Wayne County Historical Society.

Mrs. Harold Hein will be the Jan. 5 hostess. Co-hostesses are Patty Rhoades and Mrs. Dale Johansen. Meeting time is 8 p.m.

Carroll Methodist Scene of Stephens-Field Ceremony

The Carroll United Methodist Church was the scene of the ceremony Dec. 4 uniting in marriage Julie Ann Stephens, daughter of Mr. and Mrs. Leo Stephens of Carroll, to Darryl Douglas Field, son of Mr. and Mrs. Reuben Field of Wisner. Guests, registered by Kimberly Loberg of Carroll, were ushered into the church by Jim Stephens of Fremont and Duane Field of Winsted. Beth Baier of Omaha sang "Speak Softly Love," "Oh Promise Me" and "I Take Thee Dear," accompanied by Mrs. Wayne Hankins of Carroll, The Rev. Kenneth Edmonds of Wayne officiated at the double ring rites. Attendants for the bride were Mrs. Rodney Deck of Winsted and Jill Kenny of Carroll. The bridegroom was attended by David Field of Wisner and Lester Field of Norfolk. Heather Horner of Lee's Summit, Mo. was flowergirl and Guy Stephens of Fremont was ring bearer. Candles were lit by Amy Jo Stephens of Fremont and Wendi Lou Horner of Lee's Summit, Mo. The bride's empire style gown was floor-length, with a lace overlay bodice and long train. Her veil was of matching lace and she carried ivory and lavender sweethearts, rosies, statice and baby's breath. The bride's attendants wore floor-length polyester crepe gowns of floral lavender and ivory styled with empire waists and ivory lace trim. Each carried a large lavender mum centered with an ivory sweetheart rose. The groom wore an ivory tuxedo jacket with black trousers and a lavender shirt and his attendants wore lavender tuxedo jackets with black trousers and ivory shirts. For her daughter's wedding Mrs. Stephens chose a beige polyester crepe in floral print. Mrs. Field wore a peach knit. Mr. and Mrs. John Horner of Lee's Summit, Mo. greeted the 200 guest who attended the reception which followed at the Carroll city auditorium. Gifts were arranged by Kathy Loberg and Pat Morris, both of Carroll, and Patty Field of Wisner. Mrs. Clarence Morris and Mrs. Kenneth Eddie, both of Carroll, cut and served the cake. Mrs. Jim Stephens of Fremont and Mrs. Otto Field of Winsted poured and Mrs. Clair Swanson of Wayne served punch. Waitresses were Kisty Stephens of Fremont, Tammy Lesenberg of Wayne, Monica Eddie of Carroll and Joni Jaeger of Winsted. The couple are making their home at Wisner. The bride, a 1975 graduate of Wayne High School, was employed at the Farmer's State Bank in Carroll. The groom graduated in 1971 from Wisner-Pilger High School and spent four years in the U.S. Navy.

Dance Held Saturday For 25th Wedding

A social hour and dance was held at the Carroll city auditorium Saturday evening in honor of the 25th wedding anniversary of Mr. and Mrs. Lynn Roberts of Carroll. Music was provided by the Ervin Schmidt Orchestra of Pender. Shauna Roberts was in charge of the guest book, and gifts and cards were arranged by Mrs. Clarence Morris and Mrs. Maurice Hansen. Mrs. Ervin Wittler and Mrs. Robert I. Jones assisted in the kitchen. Lynn Roberts and Frances French were married Nov. 26, 1950 at the Zion Congregational Church west of Carroll, and have lived on the same farm northwest of Carroll all their married lives. They are the parents of two sons, Terry and Brad, and one daughter, Shauna, all of Carroll.

County's History In Needle Point

A one-foot square block of needle work designed and completed by members of Wayne County extension clubs will be

joined with similar blocks from the other 92 counties in Nebraska to form a giant tapestry of Nebraska life.

The tapestry, a Bicentennial project initiated by the state extension service, is expected to be finished by the end of the year. The county blocks are being placed on permanent display in the state capital building.

Each county extension organization was charged with designing their portion of the tapestry to show the land marks, history and industry of its county.

Symbols depicted on the Wayne County block include the county courthouse tower, the Wayne State College seal, beef and swine animals, an outline of the county, and a silver windmill against a blue sky. Colored fields in the foreground representing crops are green for alfalfa and soybeans, yellow for corn and brown for sorghum.

The needle point block went on display Monday in the State National Bank and will remain there until after Christmas. The individual county blocks are due at state extension headquarters in Lincoln by Jan. 1.

The county extension education committee, chaired by Mrs. Alvin Mohlfeld, was responsible for designing the block. She and committee members Mr. Larry Nichols, Mrs. Randy Baier, and Mrs. Charles Maier arrived at the final design after considering suggestions from extension club members from throughout the county.

Mrs. Robert Hash provided the art rendering of the design and Mrs. Richard Korn did the needle point.

THE NEEDLE WORK block displayed by Mrs. Alvin Mohlfeld represents the history, industry, and land marks of Wayne County. It will be joined with blocks from the other 92 Nebraska counties to form a Bicentennial tapestry.

40th Wedding Observed Dec. 6

About 100 guests attended the open house reception at the Concord Evangelical Free Church Dec. 6 honoring the 40th wedding anniversary of Mr. and Mrs. Joe Forsberg of Laurel.

The Rev. Delvov Lindquist opened the program with scripture and prayer. The program included singing by Mrs. Wesley Bloom, Joy and Sandy of Laurel, and Art Hammerstrom of Omaha.

Guests were registered by granddaughter Tonya Kamrath.

Two Win Prizes
Mrs. Willard Blecke and Mrs. Chris Baier received high scores in cards at the Thursday afternoon meeting of the T and C Club, held in the home of Mrs. Baier.

Mrs. Russell Lindsay Sr. will be the Jan. 8 hostess at 2 p.m. and gifts were arranged by Mrs. Henry Johnson. Both are of Laurel.

The anniversary cake, baked by Freda Swanson of Laurel, was cut and served by Mrs. Marlene Yarosevich of Sioux City and Bernice Forsberg of Laurel. Mrs. Janice Kamrath of Laurel poured and Elaine Forsberg of Sioux City served punch. Ladies of the church assisted in the kitchen.

Mr. and Mrs. Forsberg were married at the Concord Evangelical Free Church Nov. 28, 1935, and have three daughters, Mrs. Vern (Janice) Kamrath of Laurel and Mrs. Aleck (Marlene) Yarosevich and Elaine Forsberg, both of Sioux City. There is one grandchild.

Forsbergs farm south of Laurel on the same farm Forsberg was born and raised on.

Guests attended the anniversary fete from Laurel, Omaha, Norfolk, Wayne and Sioux City. Among those attending were Mr. and Mrs. Henry Johnson of Laurel, attendants at the couple's wedding 40 years ago.

Grace Lutheran Evening Circle met at 7 p.m. Dec. 7 for their 27th regular meeting. Twenty members and 47 guests were present for the salad buffet.

The program was presented by The Gems, from Wakefield, who entertained with a variety of songs.

At the business meeting, it was reported that a Christmas gift has been purchased for a resident of the Wayne Care Centre. New officers for the coming year are Mrs. Delwyn

Sorensen, president; Mrs. D. Wayne Reikowich, vice president; Mrs. Stan Hartman, secretary, and Mrs. Vernon Russell, treasurer.

Mrs. Jack Schneider closed the meeting with a Christmas reading and prayer.

The next regular meeting of the Evening Circle will be at 8 p.m. Jan. 13.

Laurel Sails To 75-47 Triumph

Bears Claw Wayne For First Win

Shaking off two close losses in the last two weeks, the Bears took out its cage frustrations on host Wayne Tuesday night.

After back-to-back losses on their home floor, the orange-clad Bears finally notched a win by hammering Wayne 75-47.

From the start the Bears took control of the ball game as they hit for three of the first four buckets in the contest and never trailed or really cooled off. Wayne finished the event by hitting on just 22 of 61 shots from the floor while the invaders were hitting on 29 of 60 shots.

The Blue Devils now stand at 1-3 on the year and will host Wisner-Pilger Friday night. Laurel stands at 1-2 on the campaign and will host Emerson-Hubbard.

Wayne coach Bill Sharpe was disappointed with his team's defensive job. "We just did a real poor job on the baseline and boxing out after the shot. They had a lot of success by just taking us one-on-one inside," he commented.

In praising the Bears, Sharpe pointed out that the invaders played a tough defense and seemed to cash in on every mistake Wayne made. "They are real tough — anytime you let down they'll score on your mistake," he said.

"We just seem to lack concentration through a whole game," the Wayne coach said as he pointed out that the Devils did play some good ball in the early going.

Laurel finished the night with a 42-32 edge on the boards and 12 rebounds. The Devils were guilty of 18 miscues.

Laurel's starting five all finished in double figures as senior Greg Pippitt led the way with 19 tallies. Brian Johnson finished with 13. Jon Erwin had a dozen and Scott Huelsing and Brad Erwin had 10 points each.

Wayne's Monte Lowe continued his high scoring ways with 22 points for the losers while Paul Matlette and Tim Koli had eight points each.

Pressuring Wayne with a full court man-to-man press, the Bears proved to have just too much firepower as they sailed to a 17-8 lead with 1:40 left in the first quarter. Laurel grabbed the big lead by running off 10 straight points late in the period and holding an 11-2 edge on the boards.

The invaders held their 10-point lead until midway through the second quarter when Wayne's Matlette hit two bombs from the left side and Lowe hit two free throws to bring the score to 24-18. But quickly Laurel's scrappy cagers struck back as Johnson hit a layup. Jon Erwin stole the ball and scored and Johnson converted a three-point play all in the span of about 40 seconds to put the game out of reach for good.

At halftime Laurel sat on a 35-24 advantage with Johnson having 10 tallies for the winners and Lowe having 10 for Wayne.

Any hopes for the second half rally on the Devils' part were quickly dashed as the Bears exploded in the early going of the third quarter and led 52-37 with 3:05 left in the period.

With Johnson, Pippitt and Jon Erwin controlling the boards, the Bears blew the game wide open. Laurel's ability to get back down court kept Wayne's defense off balanced all night.

The Bears finished the third quarter with a 56-38 lead and both benches saw considerable action in the final eight minutes.

In the night's opener, Laurel's reserves notched their 30th win in a row but without a battle first. Wayne led 38-34 going in to the last quarter but could not hold on as Laurel grabbed a 57-34 win.

Saturday night the Devils grabbed their first win of the year on their first road trip as they slipped by Columbus Lake view 69-68 in Columbus.

The Devils led by as many as 16 points in the second half and then had to hang on in the late going to grab the victory. Senior Epley, who is the weight training instructor at the University of Nebraska-Lincoln, will present the special program at 7:15 p.m. There is no admission charge.

Epley, who is the first strength and conditioning coach in Nebraska and the Big Eight Conference, is a native of Phoenix, Ariz. He graduated in 1968 from Phoenix College where he was captain of the varsity team which won the national small college title.

After establishing 16 Nebraska state weightlifting records in 1972, Epley was named Outstanding Lifter of the Year for the midwestern district of the Amateur Athletic Union. Epley also retired undefeated in physique competition for Nebraska after winning 12 titles, including Mr. Mid-America, Mr. Region VII, Mr. Midwest and Mr. Nebraska.

Epley has spoken at several clinics around the country. Among the colleges and universities are Missouri Western State College, University of Miami and several University of Nebraska spring football clinics and summer programs on sports medicine.

WITH LAUREL'S running, pressing style of play, action was fast and furious on both ends of the court. On the left, Wayne's Monte Lowe (42) pulls down a rebound and looks for an outlet pass. On the other end of the court, Laurel's Steve Thompson drives around Wayne's Mike Wieseler (44).

Koli had eight points each. Pressuring Wayne with a full court man-to-man press, the Bears proved to have just too much firepower as they sailed to a 17-8 lead with 1:40 left in the first quarter. Laurel grabbed the big lead by running off 10 straight points late in the period and holding an 11-2 edge on the boards.

Mallette led the winners with 21 tallies while Tim Cook and Randy Hickman each had 19 points for the losers. Lakeview stood at 0-3 after the game.

At 0:31 Mallette in Wayne's scoring were Lowe with 15, Koli with 14 and Dave Hix with nine tallies.

Winside Off to Best Start in a Long Time

Off the top of his head, Winside basketball coach Korlin Lutt can't remember the last time a Wildcat cage club has started a season with a 3-1 record, or even 4-0 after its first four ball games.

Probably there aren't many Winside fans who can remember either. But that doesn't bother Lutt. The important thing to him is the present season, including this Friday's match against the Cats' fourth Lewis and Clark Conference foe, Hartington High.

Winside goes into the game with wins over conference teams Ponca, Wynot and Osmond. The only loss has been to West Husker representative, Wakefield, which topped the quint, 55-47.

Friday's game will be a little different from past games this season because this time the Cats will face a rather tall opponent. Giving the Hartington crew its height will be 6-7 junior Dan Lucht. Also on the Hartington team is all-conference player, six-foot senior Kevin Eickhoff.

Last year the performance of both players were overshadowed by the outstanding playing of senior Pete Tipton, who was the top pointmaker among most cagers in Northeast Nebraska.

Tipton has graduated, leaving both Lucht and Eickhoff to help mold what is considered by most coaches in the Clark division as one of the teams to beat for the division title.

While scouting Hartington, Lutt noted that the club runs a lot and goes to Lucht on the big passes for the scoring plays. To help Lucht's effectiveness both on the pass and under the basket, Lutt will call on 6-1 senior Bob Hoffman. Hoffman will be giving up six inches, but Lutt figures that won't be a major factor when Bob guards Lucht. "Bob did a real good job on (Scott) Keagle, holding him down to only eight points," Lutt said. Keagle, 6-5, is Wakefield's top man in the middle.

On offense, the Cats will have a triple scoring threat. Besides Hoffman, who averages about 15 points a game, the head man can rely on seniors Tyler Frevert and Bryan Denklauf, who are averaging 16 and 10 points respectively.

Last time these two teams met was during the second half of the 1974-75 season when Winside was starting to mold itself into a conference contender. Result was a 53-50 Hartington victory.

After two weeks of cage action, my record stands at 17-3. Last week I picked ten of 12 matches right. I didn't pick Winnebago to beat Allen or Wayne to topple Columbus Lakeview.

This week's selections with the winners in boldface: Friday, Wisner-Pilger at Wayne - Sorry Devils, but Wisner appears to be one of the top clubs in the West Husker to beat. Hartington High at Winside - Winside's triple scoring threat could spell the difference in this ball game.

Emerson Hubbard at Laurel - Emerson will have its hands full trying to cope with Bear quint. Homer at Allen - Match shouldn't be close. Homer should come out on top. Lyons at Wakefield - Trojans should keep their unbeaten record intact.

Tuesday Allen at Pender - Penderagons are bit too much for Eagles. Eagles

Newcastle Thwarts Eagles' Bid for First Win, 50-37

If we could get rid of the first quarter, we would be in line shape," said Allen High basketball coach Jim Koontz after his winless club Tuesday night suffered its fourth straight defeat, 50-37, to visiting Newcastle.

The game started in typical fashion, Koontz explained. Newcastle hit its first five shots en route to a 14-4 first quarter lead.

The next two periods the Eagles played respectable ball, but again fell flat in the fourth period.

Midway through the second half Allen closed its 25-15 first half deficit to 32-29. But in the fourth period Allen went cold, hitting only two field goals as the Eagles finished the quarter with eight points.

For the night, Allen made 23 per cent of its shots; Newcastle 37.

The win for Newcastle was the Red Raiders first in four outings. Like Allen, Newcastle's has had its problems hitting against other teams.

Before Tuesday night's match, Koontz scouted the Raiders who first appeared that they may have troubles shooting from the outside. Koontz figured the best way to keep Newcastle shooting from the outside was to throw up a zone defense. The visitors broke that idea when they jumped to an 8-0 lead.

Again junior Denny Uhl was the leading floor player for Allen. Uhl hit five baskets and converted three free throws for 13 points.

Jr High, Frosh Cagers Head to Randolph Today

Wayne's junior high and freshman basketball teams today (Thursday) will be going after their second straight wins when the locals head to Randolph.

The junior high game starts at 3:30 p.m. followed by the freshman contest.

Monday afternoon both clubs earned their first win against one loss when they downed visiting Pierce at the Wayne High auditorium.

High schoolers' 14 points, the junior high cagers' 14 points, Pierce, 34-15. Zeiss scored all of his points in the first half as Wayne jumped to a 25-5 lead early in the second period.

Also scoring for Wayne were Jeff Dion with six, Dan Mitchell with five, Scott Wiesler with three, Rick Johnson, Stuart Nissen and Tim Thomas with two each.

In a much closer contest, the frosh got by Pierce 36-34. Wayne had a 12-point lead with six minutes left in the game, however, the locals relaxed too much and nearly lost the contest.

Brad Emry, who led his teammates with 16 markers, scored Wayne's final point on a free throw with 29 seconds left in the game. Emry and Tom Ginn led rebounders with 15 carcass each.

Also scoring in the frosh match were Ginn with eight, Mark Garsembo with six, Dave Hamm with three, Al Nissen and Dennis Carroll with two each and Dave Schwartz with one.

Despite Mitchell's 26 points and Zeiss' 17, Wayne couldn't overcome Holy Trinity in the Junior high's first contest last week.

Ahead by 34-19 at the half, Hartington built a 30-point lead midway in the third quarter.

Cats Dispose of Osmond, 62-53

By BOB BARTLETT
Winside High Tuesday night proved to its third Lewis and Clark Conference foe that the Wildcats are a contender for the loop title this year.

Victim No. three at the Wildcat auditorium was a rough and good-size Osmond quint, who bowled to the mighty Cats 62-53, in a fast-paced ball game.

Led by seniors Tyler Frevert and Bob Hoffman with 26 and 19 points, the Cats blazed the nets for 25 of 56 attempts for 42 percent as Winside jumped into an early command at the outset of the game and never was challenged for the lead.

Winside built its first 10-point lead, 24-14, with 2:54 left in the first half when Kerry Luhr and Frevert scored a pair of unanswered baskets. The Cats kept the momentum going until the intermission where Winside led, 26-18.

Osmond switched its defense, in the second half from a man-to-man to a zone, causing Winside to shoot from the inside where the Cats were still hot. Frevert banged in 16 points the second half — only two of those baskets were on driving layups.

Behind a pair of fast-break drives by junior Kevin Engler, Osmond trimmed Winside's lead to 31-40, 34, the closest Osmond came to Winside in the second half.

Winside's defense shut off almost all of Osmond's inside shooting except for 6-2 junior, Doug Stratton, who poured in 12 of the Tigers' 18 points in the first half and finished the game with 26.

Both Hoffman and Luhr were assigned... to closing out Osmond's inside attack and did the job for the most part. Osmond finished the game with a 40 per cent average as the visitors hit 24 of 60 attempts

from the field. The big difference in the scoring was at the free throw line where the hosts dropped in 12 of 17 while Osmond hit five of seven.

Cliff Tillema and Hoffman were the leaders on the board. Tillema had 11 points and Hoffman had 10 of Winside's total of 37. Osmond had 34.

Friday night Winside puts its 3-1 record and 2-0 mark in the Clark division on the line when another strong division team, Hartington, comes calling at the Wildcat gym. Game time is 8 p.m.

Winside's reserves fell prey to Osmond 38-20 in the preliminary contest.

WH Girls Face Emerson Monday

Girls basketball will make its debut Monday at the Wayne High auditorium when the Blue Devils host Emerson Hubbard girls. Reserve play starts at 6:15 with the varsity match to follow.

Originally Wayne was to have played Stanton Monday night, but last week Stanton officials had to cancel the game because they lost their girls coach, said Wayne mentor Don Zeiss.

WINSIDE center Bob Hoffman, left, attempts to stop Osmond's Doug Stratton as the 6-2 pivot man readies to move inside for a quick two points.

Children and non-swimmers should always wear a personal flotation device when near the water.

Athlete Of The Week

NEIL WAGNER, Winside High school

Strong and dedicated. That's how Winside High wrestling coach Ron Peck describes 155-pound Neil Wagner, who has two tournament titles and is undefeated after six matches.

Wagner, who is this week's "Athlete of the Week," this season has outmuscled his opponents to post his best start in his two years of varsity wrestling at Winside. Saturday the junior won his second tournament title, by winning the 155-pound finals match in the eight-team North Bend Central meet. The week before he finished first at the four-team Wakefield meet. He also has two dual wins to his credit when he last week defeated his opponents from Pender and Wynot.

Outmuscled his opponents isn't exactly the way to win wrestling meets, Peck admits, but Wagner is bound to get better because he continues to keep at the sport. "When he really tries to use that strength when wrestling, he really is quite a wrestler," Peck said.

What makes Wagner a team leader is that he gives 140 per cent all the time. Fact is, the junior doesn't know what it's like to lose that's the best work, the coach noted.

Son of Kenneth Wagner of rural Winside, Neil last year finished with a 13-8 record while competing at 155. Twice the junior has won all conference football honors in the Lewis and Clark Conference for his performance at center during his sophomore and junior years.

In addition to Wagner's involvement in football and wrestling, he is a member of the school's 880-yard relay team in track.

Devils Pin Blair for 34-32 Win

An old fashioned thing called experience is paying off for Wayne High grapplers.

Tuesday night veterans in the lower weights guided the Blue Devils to their first dual win of the season with a 34-32 decision over host Blair.

Blip winners for (Wayne) were Kurt Echtenkamp (105), Byron Wacker (112) and veterans Ken Daniels (132), Kelly Hansen (138) and Les Thomsen (145). Thomsen's victory put the Devils in front, 28-15, before 185-pound Rick Straight sealed the win with a pin over Blair's Dave Rasmussen.

Three Wayne grapplers who saw action for the first time in the season were Rick Luft (98), Pat Dorsey (107) and Scott Glemmeyer (117). Although all three lost their matches, they did do a good job for their first showing, said coach Don Koenig.

Tonight (Thursday) Wayne will go after its second dual win when the Devils host South Sioux City.

Winside Chalks Up 2nd Tourney Crown With Win at North Bend

Winside High continues to be an improving powerhouse among Class C wrestling teams in Northeast Nebraska.

The Wildcats over the weekend won their second straight tournament title at the eight-team North Bend Central meet and collected their second dual win by beating Wynot.

Winside scored 165 1/2 points Saturday to finish first at North Bend while Wisner-Piager was second with 120 1/2, followed by Bennington with 105, North Bend with 90, Wakefield with 85, Millford with 64, Elk Horn with 58 1/2 and Weeping Water with 34.

Three of the nine Cat grapplers in the finals won their matches. Brad Brummels (138), Neil Wagner (155) and Kevin Cleveland (112) each decided their opponents to stake their sixth wins of the season. Both Brummels and Wagner are undefeated while Cleveland has one.

Against Wynot, coach Ron Peck had nine winners, including six grapplers who pinned their foes. Pinning their opponents were Kell Brummels, Langenberg, Cleveland, Wagner and Svoboda. Anderson won his match by a decision while Suelh and Westerhaus won by Wynot torturing the weight classes.

Winside had to forfeit the 119 pound division when Bob Bowers missed action because of a broken nose he suffered during the Wakefield tour.

Winside grapplers chalked up their first win at Pender with a narrow 25-23 win.

The Cats, who had six winners among the 12 weight classes, got the majority of their points in the heavier weights. Langenberg, Wagner, Miller and Svoboda each won their matches. Also winning were Anderson and Suelh. Koll and Pender's Bill Gissman drew in the 105-pound class.

Mild upsets included losses by Cleveland and Pfeiffer who defeated the Pender opponents during the Wakefield meet on Dec. 6.

Winside might have been stronger in the lower weights, and consequently increased the scoring margin, if Peck's team would have had the services of Bowers and Brummels. Brummels was suspended for three days for disciplinary reasons and Bowers nose was broken.

Friday night the Cats romped over Wynot, 58-6, and Tuesday of last week Winside nipped Pender, 25-23, for its two dual victories.

Against Wynot, coach Ron Peck had nine winners, including six grapplers who pinned their foes. Pinning their opponents were Kell Brummels, Langenberg, Cleveland, Wagner and Svoboda. Anderson won his match by a decision while Suelh and Westerhaus won by Wynot torturing the weight classes.

City Swimmer Wins 3 Seconds

Young Tracy Stoltenberg placed in four categories Saturday to lead seven members of Wayne's winter swim team at the Columbus Holiday Meet.

Stoltenberg took seconds in the 11 1/2 year old girls 50-yard butterfly, 50-yard freestyle, 200-yard individual medley and was fifth in the 50 yard back stroke.

Peg Pinkelman was third in the 100 yard breaststroke for girls 13 years old and over. She also was fourth in the 100 yard freestyle.

Three other Wayne entries also placed in one event each. They were Missy Stoltenberg, second in the 11 1/2 50-yard breaststroke; Lavonna Sharpe, second in the 13 and over 100 yard backstroke, and Lavonna Sharpe, sixth in the 13 and over 100 yard freestyle.

Other swimmers competing for Wayne were Julie Ellis and Bryan Schmidt, said coach Scott Driscoll.

Now That Cats' Record Is Even, Next Stop Is Lakeshore Classic

Wayne State College turns basketball sights next to the Lakeshore Classic in Chiroan today (Thursday) through Saturday.

A quartet of Wayne players might well call it "homeland classic." Rick Anderson hails from Chicago, where he graduated from Mount Carmel High School. Gary Rauch hails from Tinley Park and is a Rich Central graduate. John Redmond is from Kankakee, East ridge High School, Andy Kaptain from Elgin.

Wayne's head coach, Jim Seward, also will be "going home." He played his high school basketball at Evanson before going on to Hiram Scott College, Scottsbluff, where he played on highly regarded teams coached by Fordy Anderson.

Of the four Illinois natives, seniors Redmond and Anderson have been regular starters since transferring to Wayne last year. They lead Wayne scoring and rebounding. Redmond scoring at a 17 1/2 clip and rebounding 9.5, Anderson hitting 14 1/2 average in six games and rebounding at 7.7. Anderson owns the team's top game score this year, 29 points.

Redmond and Anderson were basketball opponents during two junior college years, Redmond at Northeast Technical Community College, Norfolk, and Anderson at Nebraska Western, Scottsbluff. Kaptain also played at Northeast Tech and, like Redmond, transferred to Wayne when Tech coach Seward became Wayne coach Seward in 1974.

Rauch, a junior who played junior college basketball at Joplin, has started five of Wayne's six games this year. He is averaging 5.7 points a game.

The Wildcats lost their first three games—two by two points, one by 14—then balanced the record to the present 3-3. In the first of the Wildcats' average 95 points to 80 by opponents.

Key figures in that surge, besides Redmond and Anderson, were Rex Pressler of North Platte, and Wayne Robinson of Denver. Colby, averaging 12.2 and 12 1/2 points for the season. In the eight-team Lakeshore Classic, Wayne is paired with Elmhurst College of Elmhurst, Ill., for a first-round 2 p.m. game on Thursday.

Rauch again led Allen scoring in the A game with six points, Randy Smith, who also scored six points, led the B team.

A survey was completed Tuesday by the commissioners regarding mental health programs in the county. County clerk Norris Weible said the survey, being taken by the Nebraska Association of County Officials, will be used in connection with possible legislation which could propose that such programs be administered from the state level, rather than the regional level as is the case now.

until July—and pay a full 12 months registration fee on the new car.

Trucks will also be based on monthly fees, rather than on quarterly fees as in the past.

Meyer said the staggered registration system is based on a similar system in use in Idaho. The experience there indicates it will probably take about four years before registrations are divided fairly equally among the 12 months of the year. Even then, Meyer said, the Idaho system has been only about 85 per cent effective.

The treasurer also foresees some problems in ensuing years when new license plates are issued. New plates will be issued in 1976, and again in 1980. A car owner who registers in the month of December, 1980, while those persons registering in January would have already had new plates for nearly a year. That might create some problems for law enforcement officials, Meyer said.

Ambulance

(Continued from page 1)

that he believes a rescue unit would provide faster response than the present ambulance system.

In making the decision, the council was faced by a Dec. 31 deadline. Hospital officials had previously announced that they would curtail ambulance service at that time if an acceptable solution had not been arrived at.

The situation was touched off in November when the city refused to meet a hospital demand that the city provide a backup ambulance driver. After PMC officials announced their decision to end ambulance service, the council reversed itself and agreed to provide the driver.

The council met with hospital officials Dec. 10 and agreed to provide the backup driver. Mother Imelda Koch, representing PMC, asked for a written agreement between city and hospital officials in order to avoid future misunderstandings. Monday's special meeting was scheduled to allow Schroeder time to draft a proposal which both parties could sign.

Bahe favored not purchasing a new ambulance. He reasoned that if the city purchases a new vehicle there will be poor response to a call for volunteers to operate a rescue unit.

Pat Gross, a spectator in the council chambers, addressed the council at that point, saying, "I can't help but think the council is working too hard on the problem. You're overlooking that unless the city is ready to take over (ambulance service) on Jan. 1, you had better get an ambulance to them. Then, if you can get volunteers in the next

Decker supported Gross's statement, saying that he had every reason to believe that unless the city reached an agreement, the hospital would stick to their Dec. 31 deadline.

Bahe asked why anyone would volunteer to operate a rescue unit for the city when the hospital was paying drivers. He said he thought the hospital would continue to operate with the present ambulance if the city didn't buy a new ambulance. "I feel they're trying to do the best they can. They've shown they will be giving us another chance. I don't know how much more Christian they can be than by providing temporary service while we're getting ready."

The point, Bahe said, is who controls emergency service and he said that if the city supports it, the city should control it.

He made a motion that the city not purchase a new ambulance as proposed, but request that the hospital continue to provide service with the present 1968 Pontiac ambulance. The city would provide secondary service with a driver and vehicle. At the same time, the city would begin work to establish a rescue unit within one year.

If the hospital rejects the proposal, it's on the city's shoulders, Gross said. "That's what the town is talking about."

"The problem is you are elected by one ward, but you represent the whole city, and you forget that," he continued.

Vakoc responded to Gross, saying that since the controversy started he has not received one word of criticism. "Person after person has told me 'hang in there, we don't want to be failed to...'"

Bahe's motion failed to pass, with he and Russell casting the only positive votes.

Hansen made the next motion, proposing that the city make an outright gift of the ambulance and \$7,000 in operating funds, but Bahe, Vakoc, Darrell Fuelberth and Russell voted it down. At that point, Russell left the meeting.

Following further discussion, Vakoc made a motion identical to Hansen's, but with the provision that the city ask the hospital to submit a letter outlining how they intend to operate the ambulance service.

With Russell gone, only six members remained and a unanimous vote would have been necessary in order to obtain the three-fourths of the total council necessary to donate city property. Bahe blocked the measure with his lone dissenting vote.

"I don't think it will serve the people of Wayne," Bahe said, continuing his push for a rescue unit. "I know people won't volunteer for rescue if they know an ambulance is provided."

Fuelberth then suggested establishing a committee directed to form a rescue unit within one year.

It was also pointed out that the city would have to advertise for bids for a new ambulance because the time limit for the original bid was past.

That would give the rescue committee a month to make recommendations to the council and to see what response would be to a call for volunteers, Bahe said.

Vakoc made a motion that the city establish a task force to pursue the rescue unit idea. Bahe will represent the city on the committee, fire chief Cliff Pinkelman and Keith Mosely will represent the city volunteer fire department, Ralph Beckenhauer and two appointees of his choice will represent rural fire district 2, and Dr. Willis Wiseman will represent Wayne health care professionals.

All council members present—Filter, Bahe, Jimmie Thomas, Vakoc and Fuelberth, voted in favor of the proposal.

Bahe had indicated he would change his vote on the proposal to give an ambulance to the hospital, if the rescue unit committee was established, and the affirmative vote cleared the way for a new motion.

However, with only five members present, it still appeared doubtful that the matter would be resolved Monday night, because of the three-fourths vote required. Hansen had left the meeting at about 9:20 and hadn't yet returned.

A vote of members present was taken, with all five voting in favor of the motion, but the matter was not settled until Hansen returned at about 10:30 p.m. to cast the necessary sixth vote.

Mother Imelda, representing the hospital, said the hospital board meeting would be necessary to arrive at a decision regarding acceptance of the motion, but said a decision would be reached as soon as possible.

The council also agreed to readvertise for bids for an ambulance. The bids were first opened, the only bid was for about \$22,000. The date for accepting the bid is past, and another company has indicated it would also submit a bid. Bids will be opened at the council's regular meeting Jan. 13.

Varner: University system needs centralized authority

CAPITOL NEWS
LINCOLN — There were two developments last week which had to do with the relationship between the University of Nebraska central office and the three campuses.
 One of the developments was NU President Durward B. Varner's initial appearance before the Faculty Senate at Lincoln.
 The other occurred as the Legislature's Budget Committee prepared itself for this week's hearing on spending issues with several agencies, including the university.
 There is some significance to the fact that Varner never before had addressed the Lincoln campus Faculty Senate. It is a measure of the independence of the three campus units which make up the system.

It was precisely because many UNL officials (including the now-departed Chancellor James Zumberge) have complained that there isn't adequate independence on the campuses that Varner agreed to pay a call on the Lincoln faculty.
 He maintained NU exercises less central power than is wielded in higher education systems in other states in the region.
 Even though there is "substantial authority" at the campus level, Varner told the professors the university is a single organization. The activities on the three campuses must be coordinated, he said.
 The topic — centralization of authority — was the same at Nebraska Wesleyan University, where the Budget Committee was being briefed.

In pursuit of power to coordinate activities among the three campuses, the regents and the central administration requested that the appropriations for the 1976-77 fiscal year be delivered in a lump sum. That way, money could be doled out to the campuses in proportions the board and the central office — Varner's office — considered best.
 But that's not the way the Legislature has been making appropriations. A system has been used in which funds are granted by program.
 For the university, that means areas of activities — programs — within each campus receive specified amounts of money to spend. Dollars can't be transferred from one program to another, so it is possible that one program could be running dry while another on the same

campus has a surplus.
 The subject was on the agenda for this week's hearings with NU officials as witnesses, but the Budget Committee indicated last week, without taking a formal vote, that the university's lump sum request isn't likely to get approval.
 The legislators like the program approach for the same reason university administrators and governors like the lump sum. Through the program system, the senators get to exercise the authority of choosing which areas of the university (and other agencies) to encourage with funds and which to trim back.
 That's just the kind of management the NU officials say they want to have.
 A modified lump sum approach was used in the budget for the current fiscal year. The senators put the administration

funds for all three campuses under the wing of the central staff, but the committee members said last week they had been disappointed with the results.
 One senator said the change only amounted to the creation of another layer of bureaucracy at the central level, where funds were allocated to campus level bureaucrats.
 The committee said it had been seeking efficiencies through the consolidation of services at the system office, rather than leaving duplicating staffs on the campuses.
 A regent recently commented on the problems of a multicampus institution.
 Robert G. Simmons of Scottsbluff said he objected to the use of the initials UNL and UNO because they make it sound as if two universities were involved.

He said this is a "disservice to the State of Nebraska as a state and the University of Nebraska as a state tool in furnishing education service to the people of this state. I believe it hurts both the campus in Lincoln and the campus in Omaha, and the University as a whole. I think it probably hurts Omaha more than it does Lincoln."
 Simmons said the designations of the two campuses (the Medical Center is the third, but its identity is separate in function) is dividing the Legislature, as well as the state. "Some Omaha senators are interested only in the University of Nebraska at Omaha, as if it were separate. While some senators in Lincoln and elsewhere in the state are only interested in the University of Nebraska at Lincoln. In my opinion, this is not good for the state."

OBSERVATIONS

Question resolved but . . .

The Wayne city council Monday night agreed to give an ambulance, and \$7,000 in funds, to Providence Medical Center, if the hospital officials will agree to operate the emergency medical service for one year. The agreement will be renewable if both parties desire.

The agreement was the best solution possible, because federal funding guidelines dictate that the hospital have control of the ambulance service, and state statute provides that the city cannot contract for ambulance service unless the city retains control.

The law does allow the city to make gifts of property for the public betterment. For the next year, at least, the ambulance operation must remain with the hospital, and giving the ambulance as a gift appears to be the only way that is possible. It also indicated a degree of trust on the city council members' part, because they are accepting the hospital's previous statement that if the city at any time decides it wants the ambulance back, the hospital will return it. That faith is refreshing.

What isn't refreshing was the way the council arrived at the decision. Monday's meeting was an example of small-town government at its worst.

The meeting convened with one member — Ivan Bahe — out of town. Councilman Vernon Russell led the meeting at about 9:20, and councilman Leo Hansen followed shortly thereafter.

When a motion was made — to give the ambulance to the hospital — which apparently would solve the problem, only five members were present. That is a

quorum, but to donate city property three-fourths of the eight-member council must vote in favor. With only five members there, the council was one short of that figure, assuming everyone would vote in favor of the motion.

The council was then faced with waiting — until 10:30 as it turned out — for Hansen's return, so the matter could be resolved.

It was a good lesson in legislative maneuvering. Ted Bahe has repeatedly pushed for the city to establish a rescue unit, and that perhaps is the way for the city to get its ambulance with only six members present. Bahe's single vote was able to defeat the ambulance gift motion when it was first made.

Whether or not Bahe or Russell would have voted for the measure is unknown. But in their absence, Bahe was able to dictate action by implying he would change his vote on the motion, if the council would agree to set up a committee to pursue the rescue unit idea. Admittedly, other council members had previously indicated they favored such an idea, but with the existing situation, the other members were virtually forced to go along with Bahe, or face leaving the meeting with the ambulance question unresolved and a Dec. 31 deadline ahead for curtailment of ambulance service by Providence Medical Center.

Serving on the council is a time-consuming and often thankless job, but hopefully, in the future members will avoid situations where a single vote is controlling in a crisis situation — Jim Strayer.

Our liberty depends on the freedom of the press, and that cannot be limited without being lost. — Thomas Jefferson, Letter, 1786.

Congress bark worse than bite for business

This was supposed to be a year of disaster for the business community versus Washington. Has it been? For the answer to that, let's go back and "review the bidding."
 Among the National Chamber of Commerce's major concerns, when the 94th Congress convened last January, were these issues: adoption of a comprehensive national energy policy, implementation of congressional budget control procedures, amendments to the Occupational Safety and Health Act, tax "reform" proposals that would worsen our capital formation problem, Clean Air Act amendments that would prohibit economic development in most of the country, federal LBJ23, mandating what would usurp local authority, lobbying controls that could infringe the right to petition, proposals to create a new consumer "protection" bureaucracy to watch the old consumer protection bureaucracies, and moves to increase the powers of organized labor.

These issues are important to business, but their importance was magnified by the complexion of the 94th Congress.
 The last national election resulted in a lopsided Democratic majority. In the House, the lineup was 291 Democrats and 144 Republicans, a Democratic gain of 43 seats. In the Senate, there were 62 Democrats and 37 Republicans, a Democratic gain of four. Another result of all this a reported gain of 60 pro-labor votes in the House, and five in the Senate.

We expected a more active Congress. Many freshmen felt they had a mandate to remake the country overnight — and the Congress before lunch. It was in that spirit that they mounted their charges, swords in hand, and headed for Washington.
 Well, let's see what has actually happened this year.
 We expected a more active Congress. And we were right. The Democratic Study Group reported that the House has worked more time on legislation in committee and on the floor, and taken more record votes, than any Congress in the past 25 years. The Senate has been similarly active.

We expected Congress to be more pro-labor. And we were right. The unions have lost no major battles. The political action arm of the AFL-CIO — COPE — has evaluated the votes of 59 representatives it supported, people who won marginally. Through May, on about 15 critical matters, those 59 had a pronoun voting average of 920.

We expected Congress to be more liberal. And we were right. Of 27 House votes we have recorded so far, we won only five — and four of these were sustained votes where a majority was not needed, just one-third plus one. We had only one floor victory by majority vote.
 Of 20 Senate floor votes we have recorded, we are on the winning side on only four, and only two of those requiring a majority vote.

But in spite of all this, Congress has

produced little in the way of major legislation affecting business. The Tax Rebate and Reduction Act was a significant measure, but beyond that, not much that is important to business has been enacted.

So, from the business viewpoint, Congress' bark has been worse than its bite. There are several reasons for this situation.

First, there is an absence of real leadership in Congress.
 The second reason is the President's use of his veto power.
 As of this writing, there have been 12 vetoes, with a few more in prospect. Three have been overridden, and have been sustained, and no overrides have been attempted on the other four.

The third reason we're not hurting yet is simply that many of our problems are still in the congressional pipeline. The potential for harm is still very great.
 Inflation is moderating, a little. Unemployment is coming down — slowly. The economy is recovering — gradually.

If we are very careful not to rock the boat, all of these healthy trends will continue, and what we have just been through will seem a remote nightmare in a few years.

But election year politics can be very damaging to the economy. It is always tempting for politicians to increase government spending and inflate the economy just before an election. They will continue to do so until the voters make it plain that the old shell game is not fooling anybody anymore. — Richard Lesher, U.S. Chamber of Commerce.

NSSBA against ward elections

The following editorial appeared in the December issue of the Nebraska State School Boards Association (NSSBA) Bulletin. It is reprinted here to present one point of view on a subject of importance to Nebraskans.

Many Nebraska school board members apparently have been under the midday persuasion that mandating ward elections for the Omaha Board of Education is strictly an Omaha concern. It is not. It is a statewide concern.

A bill has been proposed for the 1976 session of the Legislature that would repeal LBJ23, which was enacted over the governor's veto. Another bill has been proposed that would mandate ward elections for Lincoln and outstate school boards.

The NSSBA Delegation Assembly, on Nov. 13, confirmed without audible dissent the finding of the survey taken at 1975 District Meetings, opposing mandatory ward elections by 67% to 33%. That's 89 per cent of the board members, administrators, and guests who recorded opinions on the question.

We recognize the logic of the boards, who, when massive school district reorganizations have occurred, have seen fit to assure newly added population a voice in the governance of the schools. Such assurance has sometimes been necessary in order to achieve orderly and peaceful school district reorganization.

But for the state to impose ward elections on any school district be it in Omaha or Chadron or any other place is a direct violation of the principle of local control.

Which way the ward election bills go in the 1976 session — repeal of LBJ23 or extension of the mandate across the state — will depend largely on how well you are able to convince your senator that ward elections at the school board level are wrong.

One of the arguments used for local ward elections is that the Legislature is elected by election districts; so why shouldn't school boards be? The difference should be obvious to anyone who cares to look for it.

The overriding concern of every board member must be to provide the best possible education for every child in the district. Rural, urban, economic, ethnic, and social differences must never be a factor in the decision making process of a board of education.

Members of the Legislature, on the other hand, have regional, economic,

social, and other differences that need to be represented in legislation. Furthermore, no legislator receiving a salary of \$400 a month could be expected to finance a statewide election campaign, nor could any citizen of the state be expected to know the qualifications of 49 senators.

We urge you to do whatever you must do to convince your senator that ward elections should not be imposed on school boards and that the Omaha ward election law, LBJ23, should be repealed forthwith. In case arguments against ward elections do not come readily to your mind, here are some that have been printed in previous NSSBA publications.

1. Ward elections tend to pit ward against ward.
2. Ward elections eliminate good candidates who happen to live in the same ward as an incumbent or another well-qualified candidate.
3. Ward elections permit special interest groups to take control of the board by focusing campaigns on one or two wards at a time.
4. Ward elections tend to release board members from their responsibility to the total district.
5. Ward elections, when imposed by statute, impinge on local control.
6. Ward elections promote machine politics.
7. Ward elections tend to destroy the cohesiveness of a board.

YOU AND YOUR CAR

By the Automotive Information Council

Government mileage ratings for new automobiles allow you to compare relative miles per gallon of various models in both highway and city driving. The ratings, however, cannot compare fuel economy driving ability or preventive maintenance practices between you and other drivers of the same model car.

The following AIC multiple choice quiz will help determine your fuel economy driving knowledge.

1. To obtain the best mileage going uphill in a standard six-passenger car: a. hold throttle steady, letting car gradually lose speed; b. keep uphill speed constant by gradually increasing throttle; c. speed up just before reaching hill.
2. How much can tuning up a badly out-of-tune engine affect gas mileage? a. does not affect mileage; b. can increase mileage about five per cent; c. can increase mileage as much as 25 per cent.
3. When parking briefly, you save gasoline by shutting off and restarting your car's engine in a stop as short as: a. five minutes; b. three minutes; c. one minute.
4. Low tire pressure: a. increases gas mileage; b. decreases gas mileage; c. has no effect on gas mileage.
5. When starting a car on cold mornings, the best gas-saving technique is to: a. start driving slowly after a 30-second warm-up; b. thoroughly warm-up the engine before driving; c. increase throttle speed to warm-up the car faster.

ANSWERS: 1. b. — Test drivers advise gradual acceleration uphill with large cars to maintain speed; holding throttle steady uphill with small cars allowing speed to bleed off. 2. c. — Fouled spark plugs or bad connections can cut mileage by 25 per cent or more. 3. c. — The engine burns more gasoline idling for one minute that is required to restart it. 4. b. — Causes excessive drag, requiring more power. 5. a. — Once oil pressure builds up, driving slowly toward your destination heats up the car faster and also saves fuel and time.

Recipe for Christmas!

- Use one crisp cold December eve topped by sparkling stars.
- Add a pinch of frost and a layer of crunchy snow.
- Prepare a tracking hot fireplace. Sprinkle in some holly and a dash of ivy.
- Mix gently with a preparation of family and friends. Top this mixture with the joy of a get-together.
- Let simmer in the warmth and good will of each one's heart.
- Season with a few smiles and a bushel of love.
- Set before an evergreen tree festively, with silver and topped by the star of hope.
- Serve to the strains of a Christmas carol. Feel the goodness of living. And the yield is one Very Merry Christmas. Hazel Sorenson

Hamilton paid up. And it sure paid off.

The War of Independence had put us in the red for \$27 million in securities. It would have been easy to shorthedge the public by paying them off at depressed market value. But Hamilton said no. You see, he had pretty definite ideas about keeping the people's trust. After all, he was the first Secretary of the Treasury. So he insisted that every debt be paid in full. And they were.
 Over the years, it paid off. Today, over 9½ million Americans buy U.S. Savings Bonds through their Payroll Savings Plan at work. They know Bonds are safe, secure and pay out a good rate of interest, 6% when held to maturity in 5 years. Here's a tip that's guaranteed to pay off. Take stock in America. With the specially designed Bicentennial Series Bonds. Don't shortchange your future.

Privacy Act Applies To Social Security
 People must be told why they are asked to give information to the Social Security Administration and other federal agencies under a law that became effective in September, said George Reed of the Norfolk Social Security Office.
 Reed will be in Wayne Tues day from 9 to 11 a.m. at the Senior Citizen Center to answer questions about Social Security.
 The intent of the law, the Federal Privacy Act, is to safeguard information about individuals kept in Government records and to inform people of their rights when they are asked to give information, according to Dale Branch, social security district manager in Norfolk.
 Social security routinely gets information from people in administering retirement, survivors, and disability insurance, Medicare, and supplemental security income program, and black lung benefits.
 "Under the Privacy Act," Branch said, "people asked for information must be told the statutory authority for the request, whether giving the information is voluntary or mandatory, why the information is needed, how it will be used, and the effects of not providing it."
 A fact sheet explaining the law generally is given to people before starting an interview in social security offices, he said.
 The Privacy Act restricts government use of social security numbers. Any federal, state, or local agency that asks for an individual's social security number must cite its authority for the request, say whether giving the number is voluntary or mandatory, and tell how the number will be used, according to Branch.
 The law also assures people of greater access to government records of information about themselves, he said.

Higher Milk Prices Predicted

U.S. milk production in the first half of 1976 could be up about one per cent from year earlier levels while retail prices will also continue to rise, according to a report issued today by the U.S. Department of Agriculture (USDA).

"The Dairy Situation" points out that heavier concentrate and grain feeding, resulting from substantially lower feed prices, should continue to increase per cow output.

In October, retail butter prices approached \$1.15 per pound (up 20 cents from year-earlier levels) and fluid milk reached about 79 cents per half-gallon, up one cent from October 1974. Retail dairy prices will probably

continue to rise through early 1976 since the price of butter and cheese to consumers is only just now starting to reflect the full impact of past rises in the wholesale markets. Wholesale prices of milk for fluid use are still rising and likely will peak in the first quarter of 1976.

The higher wholesale prices in late 1975 were a result of tight supplies and relatively strong consumer demand. Farm milk prices hit \$10 per hundred pounds in November, up more than \$2 from last July, while manufacturing milk prices were more than \$1 above the current support price. Wholesale dairy prices likely will decline in early 1976 as supplies of milk available for manufacturing are ex-

pected to exceed this year's levels.

As a result of strong sales, per capita consumption of dairy products in 1975 may be slightly above 1974's 543 pounds milk equivalent. However, consumer reaction to higher retail prices likely will weaken dairy sales in early 1976.

Commercial dairy stocks have been pulled down at a rapid pace in recent months by the increased demand and lower dairy product output. Commercial butter stocks were at record low seasonal levels on Nov. 1 and manufacturer's stocks of nonfat dry milk were the lowest for that date since 1950.

Business notes . . .

Two area men and their wives were among guests of honor last week during a banquet at West Point given by the Archer Petroleum Corporation of Omaha.

Mr. and Mrs. Floyd Glassmeyer of Wayne and Mr. and Mrs. Bill Greve of Wakefield were among the 130 persons attending the dinner. Glassmeyer is the corporation's county manager in Wayne County.

Receiving a certificate of award from Gaylord Wascher, division manager of the north east district, was Gerald Stevens of Randolph.

Drop Reported in '75 Meat Production

Production of red meats will be down in 1975, despite record supplies of beef, according to David H. Stroud, president of the National Live Stock and Meat Board.

He said the decline from 1974 is due to a 17 per cent drop in pork production.

Stroud said total red meat production of 36.4 billion pounds (carcass weight) amounts to 189.5 pounds per capita, down from last year's 187.5 pounds. That breaks down into an average (on a carcass weight basis) of 119.6 pounds of beef, 4.1 pounds of veal, 5.8 pounds of pork and two pounds of lamb available per person in the U.S.

The Meat Board Chief Executive pointed out that the consumption figures were "carcass weight" or "hanging weight." Actual retail sale weight and "on the dinner plate" weight would be much lower. This year's 189.5 pounds carcass weight would amount to only 63.5 pounds cooked, actually eaten beef, veal, pork and lamb or less than three ounces a day.

"Beef consumption will be a record high this year," said Stroud. "However, this gain is not enough to offset the sharp decline in per capita pork availability which is at the lowest level in 40 years. While veal consumption has doubled since 1974, the supply is still limited, at less than five pounds per capita (carcass weight). Lamb continued its gradual downward trend."

As the meat industry closes the books on 1975, many observers feel next year will see an easing of problems related to weather and feed supplies.

"The feed harvest this year was excellent," Stroud said. "Increased number of cattle are being grain fed and there are indications hog producers will increase pork production somewhat."

Because of the time required to produce cattle and hogs, the

effects of increased production will not be felt in the marketplace for several months, according to Stroud. He said more grain-fed cattle will be available after the first of the year, while pork production increases won't be noticed until the latter part of 1976.

He said beef production will likely exceed its 1975 record,

next year. Total red meat production could increase almost a billion pounds over 1975, but would still be below 1974's output.

"The livestock and meat industry has had some very rough years since 1972. We are not out of the woods yet, but circumstances are improving," said Stroud.

RABBIT DAMAGE TO TREES
Shows can cause rabbits to seek new sources of food such as the bark of newly planted trees.

One of the best methods of protecting fruit and yard trees from rabbits is by placing a barrier around each tree.

A good and inexpensive barrier can be made by cutting a length of 30 inch high chicken netting long enough to encircle each tree. A barrier of this type can be left in place both winter and summer for as many years as needed.

It may not be practical to put barriers around each tree so you will need to use such emergency treatment as rabbit repellants.

WHEAT PRODUCTION

DOWN SLIGHTLY
Nebraska wheat growers produced 96,240,000 bushels of wheat in 1975, slightly below last year, according to Jack Aschwege, State Statistician of the State Federal Division of Agricultural Statistics. This year's crop is 13 per cent below the record set in 1958. The final yield of 32 bushels per acre is two bushels below 1974 and 10 bushels below the record high set in 1971. Dry weather last fall coupled with hail and weed infestations hurt yields.

This year's crop value is estimated at \$24,192,000, 14 per cent lower than last year's final value of \$28,128,000. The estimated price per bushel is \$3.30 per bushel compared with the 1974 season average price of \$3.81.

OAT PRODUCTION UP 11 PER CENT

Growers produced 27,930,000 bushels of oats this year, 11 per cent above 1974. The yield of 49 bushels is two bushels above last year but 22 bushels below the 1971 record value of production of \$40,499,000, compared to \$38,220,000 a year earlier. The estimated price of 1975 oats is set at \$1.45 per bushel compared with the 1974 season average price of \$1.32.

RYE PRODUCTION SAME

Farmers in Nebraska produced 1,000,000 bushels of rye this year, the same as in 1974. Yield is estimated at 20 bushels per acre, the same as last year but eight bushels below the record set in 1971. Season average price of \$2.15 per bushel compares with \$2.20 last year. Total value of the 1975 rye crop is \$2,365,000 compared with \$2,420,000 last year.

BARLEY PRODUCTION UP 33 PER CENT

Production of barley totaled 1,260,000 bushels in 1975, 33 per cent above last year. Yield per acre at 36 bushels is up one bushel from last year but four bushels below the 1971 record. The price of barley is estimated at \$2.00 per bushel compared to \$2.70 last year. Value of 1975 production is \$2,520,000 compared to \$2,070,000 last year.

Over 200 Attend Clinic

Over 200 area farmers attended an irrigation clinic sponsored Friday by the Wayne First National Bank.

The clinic was offered by the bank as a public service, according to agricultural representative Dale Stoltenberg, and was open to the public. The number in attendance was indicative of interest in irrigation as the total of 200 exceed Stoltenberg's expectation of 150.

Vincent Dreeszen, director of the conservation and survey division of the University of Nebraska-Lincoln (UN-L) told farmers about the potential for irrigation in northeast Nebraska. Steve Oltmans, manager of the Lower Elkhorn Natural Resources District, and Dean Axthelm, UN-L extension water resources specialist, explained how ground water control legislation would affect irrigation plans.

Extension economist Phil Henderson explained the economics of irrigation, covering cost of systems and expectations for return on the investment.

Following lunch, provided by the bank, Omaha banker Nick Eastman explained the various methods through which irrigation equipment is usually financed. Farm operators who have used irrigation were also on hand to tell about their experience with it and give an idea about the practical side of such plans.

operations. A talk by George Rehm, extension district agronomist at the Northeast Station near Concord, covered the effect of irrigation on soil fertility.

Several farm equipment companies also provided equipment displays both inside and in front of the auditorium.

Farm Census Is Under Way

Information about farm work done for and pay during the past year and about migratory farm work will be collected by the Bureau of the Census in this area.

Waller A. Freeman, Jr., director of the bureau's regional office in Denver, announced that interviewers began visiting a sample of households here Monday and will continue through Saturday.

The farm work questions are in addition to the ones asked regularly in the monthly survey on employment and unemployment conducted by the bureau for the U.S. Department of Labor.

This ongoing survey provides a continuous measure of conditions in America's labor force. The Labor Department's report for October showed that the nation's unemployment rate averaged 8.6 per cent, slightly above the rate for the preceding months.

About 70,000 households across the country, scientifically selected to represent a cross section of U.S. households, are included in the survey each month. All information reported to the Census Bureau is confidential by law and can be published only in statistical totals so that no person or household can be identified.

Farm Co-Op Announces \$17 Million in Payments

Land O'Lakes will have made cash patronage redemption and replacement payments of \$17,329,000 during 1975, said treasurer Rolf Haugen. That's \$9,179,000 more than was paid last year. Sharing in the payment from their regional farm supply and food marketing cooperative are 825 member-owner local cooperatives and 12,142 direct member-owners.

Including in the total is a recently authorized equity redemption of \$5,710,000 to be paid in mid-December. With this payment all Land O'Lakes patronage equities will have been paid up to 1963.

Authorization was made by the Land O'Lakes board of directors at its November meeting. The board is in control of all Land O'Lakes financial matters and determines the amount and method of distribution of margins in accordance with the cooperative's bylaws.

Other payments made in 1975 were \$11,309,000, representing 40 per cent of the cooperative's margins for 1974 which were paid in June, and \$310,000 in miscellaneous redemptions, including estate settlements, which were paid throughout the year.

The total is equivalent to 61.3 per cent of Land O'Lakes' distributable margins for 1974 and brings the cooperative's total cash equity redemptions for the last 18 years to nearly \$80,000,000.

Tea Topics

By David and Eunice Bigelow

It was the winter of 1800 when the White House was ready for occupancy. Abigail Adams had the honor and task of being the first First Lady. History reveals that in the bumpy ride from Philadelphia to Washington more than half of her china tea service had been broken en route. Mrs. Adams had to replace it in time for the official reception or face social disaster. Why not celebrate the Bicentennial year with a formal or informal tea party in your own home? Invite friends and neighbors over and serve Bigelow's Constant Companion, an adaptation of a colonial recipe blending fine tea with eggplant and sweet spices.

Bucks' Winner Is Wayne Man

A Wayne man found purchasing groceries at Bill's GW a little easier on his billfold than he had anticipated. He is George Magnuson, latest winner in the Birthday Bucks promotion sponsored weekly by Wayne businesses. Magnuson won \$100 in coupons during last week's drawing when he was doing business at Bill's GW. His birthday was about four months away from the March 10, 1973 date drawn at random and announced in participating stores with a birthday matching the date drawn at random. The \$100 consolation prize will be awarded if a grand prize winner is not present. Coupons may be spent just like cash in any firm sponsoring the promotion.

USDA Reduces Estimate of Soviet Grain

The U.S. Department of Agriculture (USDA) reduced its estimate of 1975 grain production in the Soviet Union to 137 million metric tons, but forecast no further surge in 1975-76 Soviet grain imports as a result of the sharp drop from earlier production estimates.

USDA analysts said it would be early to mid-1976 before more information would be available concerning the longer term implications of the extremely short Soviet harvest.

A harvest of 137 million tons was indicated in a statement by the chairman of the Planning and Budget Commission at a recent supreme Soviet session, providing the first official Soviet indication of the size of the 1975 crop. The last previous estimate by USDA was 160 million tons, issued Oct. 24.

The estimate of 137 million tons is almost 80 million tons below the original Soviet target for 1975 and almost 60 million tons less than the 1974 crop. It will be the smallest Soviet grain crop since the 1965 harvest of 121 million tons. The record is 222.5 million tons in 1973.

USDA estimated the composition of the 1975 million ton harvest as wheat, 65 million tons; coarse grains, 62 million tons; and miscellaneous grains, 10 million tons.

Feed Cattle Up
 Nebraska cattle feeders had 1,380,000 cattle and calves on feed for slaughter market on Dec. 1. This inventory was 16 per cent above last year but 14 per cent below 1973, according to Jack Aschwege, State Statistician of the State Federal Division of Agricultural Statistics.

Feedlot operators marketed 215,000 fat cattle for slaughter during November, down 16 per cent from last year and 26 per cent below two years ago. Producers placed 383,000 cattle into feedlots during November, up 30 per cent from the low level of last year and nine per cent above November 1973.

Cattle and calves on feed Dec. 1 for slaughter market in the seven states preparing monthly estimates totaled 8,252,000 head, up 25 per cent from a year ago.

November placements of cattle and calves on feed in the seven states totaled 1,955,000, 47 per cent more than November last year. Placements during the month were above a year ago in all seven states. Total cattle marketings during November totaled 1,184,000, down 11 per cent from a year ago. Marketings were below November 1972 in seven months.

Other disappearance during November totaled 94,000, compared with 159,000 in the same month last year.

would mean a significant grain import increase from their estimate on Oct. 24 of 27 million tons of the current July-June season and somewhat over 30 million tons for the 15-month July-September period.

In the Oct. 24 estimate, import handling capacity was suggested as a limiting factor, and unloading delays that have arisen since then tend to confirm that imports probably will not go significantly beyond 27 to 30 million tons.

Noting that the Soviets have increased their rates of livestock slaughter, particularly of hogs and poultry, to cope with a limited availability of grain, USDA analysts said a grain crop of 137 million tons will require a sharp reduction, perhaps 20 to 25 per cent, in the Soviet use of grain for livestock feed in the 1975-76 season.

For long term implications, the analysts will watch the trend in Soviet imports of livestock products and what happens at the 25th Communist Party Congress scheduled for February.

While a much sharper reduction in animal feeding is now in prospect for 1976, the production loss could still be offset at least in part by short-term imports of livestock products, which are in relatively plentiful supply on world markets.

The period of peak shortfall in domestic meat output in the Soviet Union would be most likely to occur in the spring months of 1976. If the Soviets turn to the world market for livestock products, it will tend

to reduce the extent to which Soviet authorities are determined to continue with the policy of meeting growing consumer demand for products such as meat and dairy products.

Another important indication will come from the goals for production of livestock products in the plan for 1976 through 1980 scheduled to be presented at the February Party Congress.

Health Tips

When the nose is blocked, people tend to get panicky and feel something must be done to keep the nose open.

The Nebraska Medical Association says that it is not necessary and may be harmful. If the nose is completely blocked, any amount of nose blowing is not likely to open it. Hard blowing may force infection into the ears through the tube that connects with the throat or sinuses, or may cause nosebleed and in extreme irritation.

You should blow your nose only when air can pass through it with reasonable ease. The common habit of "picking" the nose or pulling out hairs may also introduce infection or start bleeding.

Infection in the area of the nose is particularly dangerous because of the direct drainage between the nose and the brain along the path of the nerves of smell. The Nebraska Medical Association asserts that active pain and obstruction usually requires the help of a physician. Medical treatments include drugs, local suction treatments and catheterization. After careful attention of the nose . . .

Your nose perceives and distinguishes smells, and breathes. Occasional obstruction occurs, but remember your nose is an effective safety valve when your nose is temporarily out of order.

The Immigration and Nationalities Act requires the Secretary of Labor to certify that any immigrant coming to the United States for employment purposes will not deprive permanent residents of job opportunities or adversely affect work standards.

Farewell Supper

The Cecil Fredricksons and the Kenneth Bakers entertained

Monday evening for supper. Attending were Pastor and Mrs. Ronald Holting and family, Clarence Schines and Mrs. Lois Donklaue-Pierce. This was farewell get-together for Clarence Schines.

23 Attend

Friendly Tuesday Club met last Monday evening for a cooperative supper. Twenty-three were in attendance. The Laurence Nelsons showed pictures of their trip to Norway and Sweden.

Holds Breakfast

Eighteen attended the Women's Bible study breakfast fast Wednesday in the home of Pearl Carlson. The Christmas motif was carried out.

Return Home

The Carroll Van Valens returned recently from a three week trip to Boulder, Colo., to visit the Charles Van Valens, their son and wife, and the Herbert Riehlts, their daughter and husband. From there, they flew to California to visit relatives.

Attend Reception

Mrs. Caroline Gordon and the Kenneth Salmons attended a reception in the Dale Pearson home at Concord in honor of their son, Duane Pearson's graduation Sunday from Wayne State College.

Visit Rodbys

The David Rodbys, Jesup, Ia., spent a week in the Dennis Rodby home.

Concord Okays Street Work

Armor coating of five streets in Concord was approved by board members last week during their monthly board meeting.

The street work, which is part of the one- and six-year improvement program, is expected to be started sometime next year, according to a village official.

There is a possibility that new street lights in the north part of town may be installed next year if the Nebraska Public Power District has enough funds for the project, members learned during the meeting.

A Merry Elizabethan Christmas

THE WAYNE STATE Madrigal Singers entertained nearly 800 listeners-diners attending their fourth annual Elizabethan Christmas Dinner program Thursday through Sunday. Pictured on a set new this year are, from left, Joe Manley, Merilyn Lempeke, Laura Hansen, Dan Murphy, Kevin

Johnson, Jan Pierce, Claudia Mallatt, Randy Srb, Vicky Rusk and Matt Smith — 10 of the 16 singers — and director Cornell Runestad. Each night enthusiastic audiences gave the singers a standing ovation.

Pineapple Cream Cheese Squares

- 1/4 C. graham cracker crumbs
- 1/4 C. sugar
- 1/4 C. softened butter or margarine

- 1 envelope whipped topping mix
- 1 pkg. (8 oz.) cream cheese, softened
- 1/4 C. sugar
- 1 can (20 oz.) sliced pineapple, syrup-pack
- 1 pkg. (2 oz.) strawberry or orange gelatin

Combine crumbs, 1/4 C. sugar, and the butter. Press into the bottom of a 9-inch square pan. Bake at 375 degrees for about 8 minutes. Cool.

Prepare whipped topping mix as directed on package. Blend cream cheese and 1/4 C. sugar together; fold in prepared whipped topping. Spoon into crumb-lined pan, spreading evenly. Chill until set. Drain pineapple, measuring syrup. Add water to syrup to make 1 cup. Dissolve gelatin in boiling water; add measured liquid. Chill until thickened. Arrange 9 pineapple slices on cream cheese mixture; spoon on gelatin. Chill until firm — about 3 hours. For ease in cutting, dip pan briefly in hot water. Cut into squares. Garnish with additional prepared whipped topping, if desired. Makes 9 servings.

Health Tips

Children lose teeth primarily because of dental decay. However, the Nebraska Medical Association reports that most adults losses come from disorders of the supporting bone and gum tissues.

The most common diseases are gingivitis or inflammation of the gums, periodontitis and periodontosis which are commonly called pyorrhea.

Careless mouth hygiene which permits tartar and food particles to accumulate on the teeth and irritates the gums, causes the soft gum tissues to become red, swollen, tender and bleed easily. This is gingivitis. It can be corrected by thorough removal of tartar deposits followed by brushing and cleansing after every meal.

If gingivitis is not corrected, it may drop into periodontitis in which the gums draw away from the necks of the teeth and form pockets that become inflamed. As the condition worsens, the bone supporting the teeth is destroyed and teeth become loose.

In periodontosis, even though the mouth is kept clean, the bone supporting the teeth wastes away. The Nebraska Medical Association says this condition is often caused by nutritional imbalance.

Good dental habits and regular dental check-ups, as well as proper nutrition are the best measures to prevent oral disease.

By Mrs. Dudley Blatchford 584-2588

Frances Turner, Sioux City, was a Saturday dinner guest in the Dick Chambers home.

The Sterling Borgs and Anna were Saturday supper guests in the Dan Cox home, Onawa.

The Duane Diederiks spent Friday afternoon with George Diederik at the Osmond Hospital.

Mrs. Vincent Kavanaugh and family visited Laurence Quinn at the Wayne Care Centre Sunday afternoon.

According to latest Veterans Administration statistics, California with 3.22 million veterans, retained its rank in 1974 as state with the most veterans. It was followed by New York with 2.52 million; Pennsylvania, 1.76 million; Texas, 1.59 million; and Illinois, 1.56 million.

American Legion Renewal Dues

Time is running out for American Legion members to renew membership at current dues rate, Irwin Sears Post 43 secretary Chris Bargholz said Tuesday.

Dues, now \$7 annually, will be increased by 50 cents after Jan. 1.

Bargholz said the Wayne Legion post had 207 members registered for 1975. So far, 155 members have registered for 1976, and Bargholz is asking anyone who wishes to renew their membership or to register as a new member to do so by Dec. 31.

50 Attend Friday Rape Prevention Clinic

Coordinating their efforts for the first time to present a joint workshop, Connie Morrison of Omaha and Gail Whitaker of Lincoln met with about 50 college and high school students at Wayne State College Friday

afternoon to discuss "Rape and Self Defense."

Ms. Morrison, who has a B.A. in psychology from the University of Nebraska Omaha, is program supervisor for Wakefield the crisis and diagnosis center

for adolescent girls in Omaha. Her job is counseling staff member and clients. She is currently doing clinical training in transitional analysis and is chairperson for the Rape Committee on the Omaha Mayor's Commission on the Status of Women.

Ms. Whitaker, who has her M.S. in physical education from the Smith College in Massachusetts, has taught physical education at the University of Nebraska three and a half years. She teaches a course there in self defense and in addition to a Second Degree Green Belt in the Shotokan School of Karate.

OBITUARIES

Harold Smith

Harold Floyd Smith of Wakefield died Saturday at the Wakefield Health Care Center at the age of 84 years. He was born Aug. 21, 1891 in Tipton, Ia., the son of Charles and Retta English Smith.

On Oct. 1, 1919, he was united in marriage to Myrtle McPherran at Allen. The couple lived in Allen until 12 years ago when they moved to Wakefield. He was a retired farmer, a veteran of World War I, a member of the American Legion and of the Springbank Friends Church of Allen.

Funeral services were held Tuesday at the Methodist Church of Allen with the Rev. K. Waylen Brown officiating. Pallbearers were Vern Jones, Reynold Anderson, Phil Rouse, Arvid Malmberg, Chester Benton and James Busby. Burial was in the Eastway Cemetery, Allen.

He is preceded in death by his wife in 1973. Survivors include two sons, Virgil of Lajolla, Calif., and Loren of Sheridan, Wyo.; two daughters, Mrs. Eugene (Bonnie) Paul of Wakefield, and Mrs. Kenneth (Lella) Stinson of North Ridge, Calif.; 10 grandchildren, and one brother, Roscoe of Allen.

Martha Jacobsen

Funeral services for Martha Jacobsen of Winside were to have been held Wednesday at the Redeemer Lutheran Church in Wayne. She died Sunday at Norfolk at the age of 92 years.

The Rev. S. K. deFrees officiated and pallbearers were Otto Thun, Oscar Thun, Alvin Krie, Gilbert Krie and Orphus Krie. Burial was in Greenwood Cemetery.

The daughter of Herman and Helena Hubel, she was born Dec. 6, 1882 in Kries Svedin, Germany. She came to the United States at the age of 23, making her home in Omaha.

Following her marriage to William Jacobsen, Sr., on Oct. 17, 1912 at Wayne, the couple moved to a farm north of Wayne, later moving into Wayne. For the past 29 years, she had made her home with the Emil Bakers of Winside. She was a member of Redeemer Lutheran Church of Wayne.

She is preceded in death by her husband and several brothers and sisters. Survivors include one son, William Jr., of Blair; three daughters, Mrs. Emil Baker of Winside, Mrs. Otto Klemsang of Hoskins and Mrs. Erna Mildrum of Fremont; four grandchildren; nine great grandchildren, and several brothers in Germany.

Thought for Today
 By Rowan Wittse

"No man can enjoy the privileges of education and thereafter with a clear conscience break his contract with society."
 Isaiah Bowman

In America, everyone is entitled to free education. The "contract" Bowman mentions is implied... that everyone will use his education for the benefit of society.

Unfortunately, our educators have not always been able to promote their product as a "privilege". Too often the scholar looks on his schooling as an obligation... a dreary task he must complete. If every student realized that education was a privilege, society would be greatly changed for the better.

We provide beautiful, comforting funeral services in all price ranges. The price is always determined by the wishes of the family we serve.

'Christmas Is a Time for Loving'

Pastor Kenneth Edmunds of the First United Methodist Church in Wayne Monday delivered to the Wayne Kiwanis Club a Christmas message calling for the extended use of Advent love.

Rev. Edmunds said that this is the season of Advent — four weeks in which man prepares himself for the celebration of Jesus Christ's birthday. "Advent rings the notes of love through giving, accepting and serving our fellow man," he said.

Tax Guides Available

The 1974 edition of the Farmers Tax Guide, published by the Department of the Treasury Internal Revenue Service is available at the Wayne County agent Don Spitzer's office in the county courthouse, and at the five banks in Wayne County.

During Monday's program, lieutenant governor of Division Four of the Nebraska Iowa District, Rufus Shelton, presented club secretary Vern Fairchild with the District's Secretary of the Year Award. Fairchild won the award during the fall convention earlier this year.

Also during the meeting, Leon Meyer, who is chairman of this year's popcorn sale, reported

that about half of the 50 cases have been sold. Members again this week will try their door-to-door campaign.

INDIVIDUAL RETIREMENT PROGRAM

Here Is How It Works ...

If Your Company Does Not Have a Qualified Retirement Plan and You are Under Age 70½, You can Start Your Own Tax-Deferred Retirement Plan At Wayne Federal Savings and Loan!

- You can invest up to 15 per cent or \$1500 (whichever is less) from your earned income every year in a savings account at Wayne Federal Savings & Loan.
- Deduct this amount from your gross income as a tax deduction for 1975 Income Taxes.
- For example: A husband earning \$10,000 annually could invest \$1,500; a wife earning \$4,000 could invest \$600. Together they could deduct \$2,100 from gross income and if they were in a 22 per cent tax bracket, the tax-deferred savings would be \$460.
- An IRA Savings Account and the interest earned grow TAX-FREE until withdrawn at retirement time when your taxes will probably be lower because of reduced income and double tax exemptions.
