Election to the Nebraska legislature would mean an interruption of teaching duties for 19th District candidate Ted Hillman but the Wynot School district board of education has agreed to make arrangements for that contingency.

The 28-year-old Crofton native has taught government and economics in the Wynot school system for four years, also serving as head basketball and football coach.

# Pets Probably Were Poisoned

Dog is man's best friend, according to an old bromide, but someone apparently doesn't feel that way about pets in one Wayne neighborhood. Five cases of dog poisoning have been reported in the past two weeks, although only one case has actually been confirmed as poisoning.

Ruby Hamley of 513 Hillcrest found her nine-year-old spaniel dachshund "Tiger" outside her door Friday, April 2. She could tell something was wrong and feared Tiger had been struck by a car. Wayne veterinarians Drs. Ken and J.J. Liska and Dr. David Swerczek examined the animal and agreed that the symptoms indicated strychnine poisoning. Tiger was kept over the weekend and recovered.

A dog belonging to Mrs. Ruby Pederson of 509 Hillcrest also recovered, but other pets weren't so fortunate. Dogs belonging to Mr. and Mrs. Herman Wacker, 616 Hillcrest; Dr. Wayne Wessel, 600 Hillcrest; and Wes Pflueger, 510 Hillcrest, died. The Wacker and Pflueger pets died March 27, the Wessel pet April 1.

Ken Liska Friday said none of those animals were brought in for examination, but added that symptoms described indicated that strychnine poisoning could also have been the cause.

Strychnine is an ingredient of some commercial rodent poisons and would usually be injected after being mixed with food, he said.

All the pet owners said their dogs became sick after being outside.

"I think it's pretty sad that somebody would kill a family dog," said Mrs. Jeannie Parker, daughter of Mr. and Mrs. Wacker. She said her parents see PETS, page 9.

# Luff Resigns at Winside

The Winside school board is searching for a new science teacher and head basketball coach.

Present science teacher and coach, Korin Luff, Monday night handed in his resignation as teacher during the Board meeting after he was notified that his head coaching contract wouldn't be renewed.

Luff, who has taught and been head basketball coach at Winside for three years, said board members felt that he didn't do well enough as a coach to offer a contract for the 1976-77 season. Winside finished the season with an 11-7 record, one of the best

# Allen Auxiliary Picks Von Minden For Girls State

Lori Von Minden, a junior at Allen High School, has been selected to attend the 36th annual session of Cornhusker Girls State in Lincoln June 3-9.

Daughter of Mr. and Mrs. Merle Von Minden of Allen, she was chosen by the American Legion Floyd Gleason Post No. 131.

Named by the post as alternate was Kathy Malcom, daughter of Mr. and Mrs. Ivan Malcom of Allen. Kathy will attend the weeklong event in case Lori is unable to participate.

As the Allen American Legion representative, Lori will take part in a variety of activities during Girls State, scheduled for See GIRLS STATE, page 10.

# Steve Lutz To Attend Boys State

Steve Lutz, son of Mr. and Mrs. LeRoy Lutz of rural Wakefield, will attend the 1976 session of Cornhusker Boys State in Lincoln June 3-9.

A junior at Allen High School, he was chosen for the week long event by the Floyd Gleason Post No. 131 of Allen.

He has participated in Lutter League and FFA, of which he is chapter historian. Lutz is a member of First Lutheran Church in Allen.

In the event Lutz is unable to attend, his alternate, Donny Uhl, will be eligible to go to the session, which will be at the See BOYS STATE, page 10.

# Downtown Plan Ready

The first in a series of international meetings by the Wayne downtown improvement and parking committee is scheduled for noon Tuesday at the Black Knight restaurant.

Committee chairman Roger Nelson said store owners in the block extending from McDonald's south to Garhart Lumber and east to Corvelli's parking lot are asked to attend the meeting.

A similar meeting will be held each succeeding day until all blocks in the district have been covered. Progression of the block-by-block meetings will be north, to the block on which Wilts's Mortuary is located, then south down the west side of Main St.

Nelson said store owners are asked to attend the meeting on the day their block is scheduled, but if they are unable to attend then, to sit in on any of the other meetings.

The committee will be explaining their proposals for improving the downtown business district

# Candidate: Congress Not a Leader

American policy in Africa has been poorly defined, said Mrs. Pauline Anderson Wednesday, and the United States now finds itself in the position of having to back the wrong people.

That is one area where the Democratic candidate opposing incumbent Congressman Thone feels Congress should take a more active leadership role.

In an interview in Wayne Wednesday, Mrs. Anderson said she decided to run for the office because she believes Congress has abdicated its policy-making roll to the executive branch of government and to the governmental bureaucracy.

Africa is a case in point, she said, with the U.S. finding itself in the position of either backing

# Kiwanis Club Will Honor 44 Wayne Students

Forty students from Wayne-Carroll High School and four students from Middle School will be honored tonight (Monday) at the annual Wayne Kiwanis Club Honor's Banquet.

The students, who represented the top 10 per cent of their classes scholastically, will receive special medallions following the 6:30 p.m. dinner at Wayne State's Student Union.

Wayne mayor Freeman Decker will be the guest speaker. Tickets for the banquet will be on sale at the door at \$3.75 per person.

# State Farm Bureau Head Will Be Guest Speaker

Nebraska Farm Bureau Federation president Wendell Gangwish will be the featured speaker at the 19th annual Dixon-Cedar County Farm Bureau banquet.

Gangwish, elected state Farm Bureau president in December 1975, will give the keynote address at the dinner which will begin at 7 p.m. April 19, in the Wakefield American Legion hall.

In addition to his Farm Bureau activities, Gangwish has also served as president of the Nebraska Rural Electric Association, is a member of the advisory committee of the South Central Experiment Station at Clay-Center, is a member of the

# Police Issuing Dog Licenses

Dog licenses are now available at the Wayne police department, police chief Vern Fairchild said, reminding dog owners that licenses become delinquent May 10.

The cost for a license is \$3 for male or female. After the May 10 deadline, the price goes up to \$4.50. Owners should bring a copy of their dog's rabies certificate when purchasing a license.

Owners of dogs which do not have a license after May 10 will be subject to arrest, Fairchild said. Maximum fine for violating the licensing ordinance is \$100.

# Wayne High Senior Reports on Week in Washington

The House of Representatives Thursday rejected a bid to delay production of the B-1 Bomber. Lori Lesh was present when that action took place.

The 17-year-old daughter of Mr. and Mrs. Richard Lesh, Lori is one of 10 Nebraska high school seniors who spent last week in Washington D.C., working as administrative interns for Congressman Wayne.

The last-paced schedule began Sunday, April 4, when the 10 seniors arrived at Washington National Airport, then met informally with Congressman and Mrs. Thone in their Arlington, Va., home.

Monday morning, Thone's office manager, Vicki Potkin, explained Congressional office activities and responsibilities, before the group toured the U.S. Capitol and the Library of Congress, Lori said Thursday afternoon in a telephone interview with The Wayne Herald.

Monday afternoon, Dick Tempero of Thone's government operations staff explained the legislative process. The group then split into two sections. Lori's group met with John Duncan of the government operations staff for revenue sharing.

on how the money can be used if the program is to continue. Tuesday morning the Nebraska students met with Assistant Education Secretary Virginia Trotter and discussed the advantages and disadvantages of school consolidation.

Wednesday was highlighted by a visit to the Kennedy Fine Arts Center where the interns sat in on a "town hall" meeting featuring Social Security commissioner James Cardwell, Representative Bill Archer of Texas and Representative James Burke of Massachusetts.

Monday afternoon, Dick Tempero of Thone's government operations staff explained the legislative process. The group then split into two sections. Lori's group met with John Duncan of the government operations staff for revenue sharing.

Subject of the meeting was Social Security, with panel members fielding questions from the audience. Lori reported the discussion became "pretty heated" at times.

Lori said one of the most impressive tours for her was a visit to the Federal Bureau of Investigation building Wednesday afternoon. Included was observation of laboratory techniques, history of the FBI, and a ballistics demonstration.

Wednesday afternoon the high school seniors met a native Nebraskan, Clayton Yeutter,

originally from Cozad and now deputy special trade representative in the Executive Office of the President.

Yeutter, a specialist in handling international trade disputes, discussed agricultural exports with the young Nebraskans. Asked about using food exports as a political weapon, Yeutter said that won't happen except in extreme cases, Lori said.

Thursday morning brought a visit with another former Wayne man, John Kyril, Assistant Secretary of Interior. Kyril is a graduate of the old prep school on

the Wayne State College campus and is a 1940 WSC graduate. He coached in the Northeast Nebraska region, including stints at Wakefield and South Sioux City.

Kyril discussed a number of projects with Lori, including the O'Neill watershed project and reforestation proposals for Thurston County.

The Thone interns Thursday afternoon visited the Senate reception room. Lori said South Dakota Senator George McGovern discussed a food stamp bill which he is cosponsoring, which would make some people not eligible for food stamps, including college students whose parents do not qualify.

Lori also met Connecticut Senator Lowell Walker of Water gate committee fame, Sen. Glenn, who said space research has provided a number of benefits for mankind, and Sen. Bill Brock of Tennessee.

"My favorite one" was Sen. Hubert Humphrey," Lori said. He told the Wayne senior that he didn't appreciate being placed as a presidential candidate on Nebraska's all-star primary ballot.

Democratic national committee and Kentucky Senator Wendell Ford discussed front running presidential candidate Jimmie Carter, describing him as running against Washington, See WASHINGTON, page 9.

# Two Wayne Women Win Press Awards

Two Wayne women were scheduled to receive top honors in the Nebraska Press Women's (NPW) awards banquet Saturday in York.

Lavon Beckman, Wayne Herald society editor, and Sandra Breikreutz, Wayne State College editorial assistant and former Wayne Herald society editor, each received a first place award in the state-wide competition for newspaper women, and captured several additional awards.

Dr. Neale Coppel, director of the University of Nebraska-Lincoln school of journalism, judged this year's 304 entries, awarding 62 first place awards, 58 seconds and 4 thirds. All award winners are automatically entered in the National Federation of Press Women writing contest. Winners in that competition will be announced in June.

Miss Beckman's "Speaking of People" received the top award for a regularly-edited woman's

page in the category of news-papers with circulation less than 5,000. Miss Beckman graduated from Wayne High School in 1971. She joined the Herald staff shortly thereafter and became society editor in 1974.

Her story on the organizational meeting of the Wayne County joint planning commission tied with Pat Wach of Clarkson for second place in newspapering competition. A series of advance articles on the Farm Ladies Appreciation Luncheon last July gained Miss Beckman a third place award in the newspaper publicity and promotion category.

In addition, she and Mrs. Breikreutz shared a second place award in the combination of media publicity and promotion category for their efforts in publicizing a meeting of the NPW in Wayne last autumn.

Mrs. Breikreutz won first place in the regular publications division of the NPW competition. An editorial assistant with

# Class of '76

Now there was a great bunch of guys  
With an unbound, revolutionary, class gift  
The Declaration of Independence. A document  
so powerful it stirred colonial people to take work  
in a new idea: America.

And take stock they did. By purchasing U.S.  
Government securities.

After all, we sure needed the money  
back then, and everyone knew it. But  
there were more than a few who  
wondered if this young, determined  
nation would pay it back.

Well, we did. Every last penny.  
With interest.

And it's the same today.

Maybe that's why now millions of Americans  
take stock in their country every pay day by buying  
U.S. Savings Bonds.

You see, when you win the Payroll Savings Plan,  
a little is set aside from each paycheck to buy Bonds.  
There's just no easier way to save. And certainly no  
better way.

So take a trip from the Class of 1976 and  
buy U.S. Savings Bonds.

You'll be proud to look back on it.

U.S. Savings Bonds pay 8% interest when held  
to maturity (10 years). If you have your Bonds  
for less than 10 years, you'll still receive the full  
interest rate on the money you've saved. And you'll  
benefit from the federal tax advantages that apply to  
interest and redemption.

## YOU AND YOUR CAR

By the Automotive Information Council

The opera window — a symbol of elegance in the rip-roaring Twenties — is hitting an even higher note in the Seventies. Its comeback refutes the notion that design has lost its sales appeal, according to the Automotive Information Council.

Just about every manufacturer offers a small rear side window on several of its sportier two and four door models this year. And like the period after the First World War, they come in a variety of shapes and sizes.

One executive designer for an auto producer believes that the current popularity of the opera window is a reflection of nostalgia that has rolled over the Seventies. Like the old days, the little windows represent an extra touch of class.

There's one major difference in the modern version. The driver can see through the windows. Chauffeurs motoring the Park Avenue crowd of a half century ago probably weren't even considered by the custom car makers of that era. The back window was so small that the rear view mirror had limited visibility.

The opera window got its name from the 400 of our big cities. People from Nob Hill rode their limousines to the San Francisco Opera House and the elite of New York City were carried from Park Avenue mansions to the Met.

They were just as curious about the world as their less affluent fellow citizens, but preferred "to see and not be seen." The automotive opera window arrived around 1915. It was oval, pie shaped, square shaped, oblong, six sided, eight-sided but consistently small. On the very finest limousines, the windows were bordered by genuine leather. Often, the glass was tinted to help the air conditioner. It could be most any color and the lamp helped the opera goer more easily identify his or her limousine.

On modern cars, the opera window is encased in vinyl and some makers do have an opera light. One major difference aside from better visibility, the glass is tinted to help the air conditioner do a better job. Finally, the owner of a car with an opera window has no desire to have a uniformed driver in the front seat.

# STRAY Thoughts

By Jim Strayer

Middle School teacher Dan Johnson deserves a lot of credit for his efforts in organizing the May 5th Chautauqua. Should be one of the outstanding Bicentennial events in this area if the schedule which appeared in the last issue of The Wayne Herald is anything to judge by. This looks like one event no one will want to miss.

**Law Repealed**  
Found out I was off base last week about the law going into effect which requires reflective materials for bicycles. According to the Nebraska Safety Council legislative review newsletter, a subsequent bill passed repealing the bicycle reflector law.

It's getting to be that time of year when folks start thinking about getting a suntan. The American Cancer Society recommends tanning gradually. Sunshine is responsible for most cases of widespread skin cancer, the Society warns, and the risk increases with the amount of exposure to the sun's direct rays. The Society discourages basking in the sun for long periods.

**Speech Winners**  
Congratulations should also go out this week to Wayne and Wakefield speech contestants. Both schools have made fine showings in speech and drama competition again this year and they deserve some recognition for the hard work they've put into preparing for the contests.

**Press Women Do Well**  
Accolades also go to two deserving Wayne women this week. The Herald's society editor Lavin Beckman and Wayne State College editorial assistant Sandra Breikreutz were both scheduled to pick up awards Saturday at the Nebraska Press Women convention in York.

Both journalists receive a first place award — LaVonn for the best women's page in a non-daily newspaper with circulation under 5,000, and Sandy for the best publication. WSC's alumni newsletter in addition to some other awards.

**Report Is Encouraging**  
The Wayne Carroll school board received an encouraging report on Title IX last week from high school principal Don Zeiss.

The regulation prohibits any discrimination in schools on the basis of sex. Zeiss

reported that Wayne-Carroll schools are apparently ahead of most school systems in conforming with the law. Board policy already prohibits sex discrimination in hiring and admissions practice, and girls athletic programs have been established.

Zeiss said health classes will have to be combined — boys and girls take the class separately now — but other classes which were traditionally designed for boys or girls, such as shop and home economics, are open to either sex.

Aside from that, a couple of references to gender will have to be taken out of some handbooks, but overall, Zeiss said, "as far as I can see, we're either right on beam or far ahead of most other schools in complying with Title IX."

**Record Month**  
County clerk Norris Weible said his office did a record amount of business in real estate transfers during March. The office collected more than \$1,400 in documentary stamps.

Documentary stamps are required for transfer of deeds, with the rate set at 55 cents for each \$500 worth of property

**Earned A Average**  
One name was left off the honor roll list we received for Wayne High School. Jennifer Johnson earned a 4.0, "straight A" average, and certainly deserves to be recognized for her outstanding academic accomplishment.

## Traffic Scoreboard Backing autos in 2 accidents

Wayne police chief Vern Fairchild reports three accidents this week.

Two of those mishaps again involved vehicles backing out from parking spaces. Motorists should be extra cautious when backing out, particularly when traffic in downtown Wayne is congested.

At the same time, motorists already on the streets downtown should be especially aware of the dangers of parked cars suddenly backing out into the street.

The other accident this week involved vehicles in a wide open intersection with good visibility, good weather, and good street surface conditions. Chief Fairchild's only comment on this tender bender was, "Draw your own conclusions."

As the scoreboard at the left shows, 1976 accidents as of Friday morning are still ahead of the number of mishaps which had occurred within Wayne's city limits during the same period last year. With warmer weather, there are more cars and trucks on the streets, as well as motorcycles, bicycles and farm equipment, so it pays to be alert when driving.

# OBSERVATIONS

## Extra caution needed

This is the time of year when we see plenty of farm machinery moving on the highways and that calls for some extra caution on the part of both the operators of that machinery, and other drivers.

For the farmer, it means keeping in mind that he is operating a piece of bulky, slow-moving equipment which can be an obstruction to drivers of cars and trucks.

Other drivers, in turn, must be aware that they will encounter farm machinery on the highways and adjust their driving habits accordingly. This is especially important when approaching from the rear. That slow-moving vehicle sign is

there for a reason and when coming up on farm equipment from behind, it's a good idea to start slowing down well in advance. Otherwise, the distance starts closing rapidly and the driver might not have time to stop. If there is approaching traffic which prevents passing, that can mean a tragedy.

Farm equipment must travel over public roads and while that can be exasperating at times for other drivers, anyone who lives in a community with an economy based on agriculture should realize it is a necessity. A little common sense and courtesy will minimize chances for accidents. — Jim Strayer.

## Special Olympics need help

Wayne County will be honored May 8 to host the District Special Olympics track meet for mentally and physically handicapped persons.

The Wayne County Association for Retarded Citizens (ARC) is host for the event and will be responsible for providing lunch for participants and their helpers, and for providing people to help officiate the meet.

A hot dog and chip lunch is planned for the participants, and helpers at the Wayne State College stadium, where the meet will begin at 10 p.m. The ARC needs contributions to help provide the lunch.

From personal experience, we can assure anyone who might be interested that any contribution they make, either in time or money, returns a tremendous dividend. These handicapped people, eight years and older, may not set any world's records, but when it comes to putting forth effort in competition, they're all champs. Anyone who helps with the meet just naturally walks away feeling better for it.

Accounts for contributions have been established at both Wayne banks. Also, anyone wishing to make a contribution in either time or assistance can contact Mrs. Sharon Corbit, Mrs. Gertrude Vahlkamp, or Mrs. Vernon Bauermeister — Jim Strayer.

# Problems and prospects for world order

Even optimists become apprehensive about the dizzy way the world spins. Professor Robert L. Morlan is one of these. Chairman of Pre Law Studies and a political scientist at the University of Redlands, he engages his students with a radiance which is instantly eclipsed by a heavy frown as he contemplates the ills of humanity.

"We are," he tells a class examining American history, "in a situation in world affairs which can only be described as primitive."

Dr. Morlan is not only a concerned optimist, he is a World Federalist. One of a stubborn breed, he believes that, for our own self interest, we must come around to a world rule of law.

Yet, Morlan concedes, the United Nations organization lacks the resources (and the authority) to deal with global problems. There is a huge irony here, because as energy shortages threaten, as irreplaceable resources are wasted, men and nations are coming more and more to the realization that the world is interdependent.

What falls its realization is a barrier called "national sovereignty," supported by the myth of "my country right or wrong." Its devotees are quick to demand more cops to control crime in the streets but an international traffic control to curb reckless driving in foreign policy is beyond their ken.

The world is troubled with terrorism but the last of the real outlaws are sovereign nations themselves. This is ridiculous. Why do the overwhelming majority of humankind submit to the law of their neighborhoods, states and nation all governments and yet allow the latter to get away with murder by being beholden to no higher authority?

"National sovereignties," Professor Morlan reflects, "lost their meaning long ago. Their meaning, yes; their momentum, no. They are still careening out of control."

The problem, he thinks, is to a great extent how to change human attitudes. As the world thrinks and population swells, we must learn that before national citizenship, we are possessed with a common humanity.

How simple and sensible. And yet,

looked at the madness in Northern Ireland or Lebanon, how many light years away is its application?

Nor is Robert Morlan, the World Federalist, trying to sell us a supra government. That won't ever happen, barring an invasion from Mars, forcing us all to unite in self defense. But he does see some hope in gradual movements toward several separate international authorities.

First steps have been taken through the United Nations toward cooperation in protecting the global environment. The European Community, started as a Common Market under the Treaty of Rome, could eventually unite western Europe politically. Indeed the European pact is in Strasbourg — which Winston Churchill once addressed with such stirring words and then turned his back on — shows signs of cautiously expanding its participation and authority.

But this gradual evolution may be too slow. Do we have time? Perhaps we shouldn't even waste time asking the question, but dig in. — Edward P. Morgan.

**Kitchen** recipes used by Nebraska's settlers are of special interest during this Bicentennial year. The Nebraska State Historical Society Library has a number of quaint old recipe books used by homesteader housewives. Dr. Chase's Recipes or Information for Everyone (800 recipes, 1870) includes a "Bakers and Cooking Department" and a section on "Domestic Dishes," from which the following cake recipes are excerpted:

"Federal Cake" is of interest in that it uses and describes hartshorn, iron here pulverized white sugar 1/4 lbs.; fresh butter 10 oz.; 5 eggs well beaten; carbonate of ammonia 1/2 oz.; water 1/2 pt. or milk 1/2 pt. I cannot see why they are called Federal, for really, they are good enough for any Whig. Ammonia should be kept in a wide-mouthed bottle, tightly corked, as it is a very volatile salt. It is known by various names, as volatile salts; sal-volatile; hartshorn; hartshorn-shavings; & c. It is used for smelling-bottles, fainting, as also in baking."

Another unusual recipe is for "Pork Cake." Without Butter, Milk, or Eggs. Made by the same method, but saves the expense of butter, eggs, milk. It must be tasted to be appreciated; another advantage is that you can make enough to last the season through, for I have eaten it two months after it was baked, still nice and moist. Fat, salt pork, entirely free of lard or rind, chopped so fine as almost like lard 1 lb.; pork boiling water upon it 1/2 pt.; raisins seeded and chopped 1 lb.; citron shaved into shreds 1/4 lb.; sugar 2 cups; molasses 1 cup; saleratus 1 teaspoon; rubbed fine and put into the molasses. You can substitute other fruit in place of the raisins. . . In this respect you may eat it if the accommodation cake, as it accommodates itself to the wishes or circumstances of its lovers. When pork will do all we heretofore claim for it, you will longer contend that it is not fit to eat? Who? (Flour and spices were added to pork cake before baking.)

A special "Bride Cake" is described: "Presuming that this work may fall into

the hands of some persons who may occasionally have a wedding amongst them, it would be imperfect without a wedding cake, and as I have lately had an opportunity to test this one, upon such an occasion, in my own family, I can bear testimony . . . to its adaptation for all similar displays. Take butter 1/2 lbs.; sugar 1/2 lbs.; half of which is to be Oregon sugar; eggs well beaten, 2 lbs.; raisins 4 lbs.; having the seeds taken out, and chopped; English currants having the grit picked out, and nicely washed 5 lbs.; citron, cut fine, 2 lbs.; sifted flour 2 lbs.; nutmegs 2 in number, and make as much in bulk; alcohol 1 gill to 1/2 pt. in which a dozen or fifteen drops of oil of lemon have been put. Beat the pan in which it is baked about 13 inches across the top, and 5/2 or 6 inches deep, without scallops, and two three-quarter pans also, which it will fill, and they will require to be slowly baked about three to four hours. But it is impossible to give definite rules as to the time required in baking cake. Try whether the cake is done by piercing it with a broom splitter, and if nothing adheres it is done. Butter the cake pans well; or if the pans are lined with buttered white paper, the cake will be less liable to burn . . . The price of a large Bride Cake like this would be about \$12, and the cost of making it would be about \$3 on . . . The foregoing was printed over a year ago. The daughter came home, and took the dinner with us one year from the marriage, and her mother set on some of the cake as nice and moist as when baked."

**Nebraska**  
After having given this pudding a fair test, I am willing to endorse every word of it, and wish for the holiday to come oftener than once a year. To make it is called a pound pudding, take of raisins well stoned but not washed, currants thoroughly washed, 1 lb each, chop well 1 lb. very finely, and mix with them; add 1/2 lb of flour or bread very finely crumbled, 8 oz. of sugar, 1 1/2 ozs. of grated lemon peel, a blade of mace, of a small nutmeg, 1 teaspoon of ginger, 1/2 doz. eggs well beaten, work it well together, put it in a cloth, tie it firmly, allowing room to swell; put it into boiling water, and boil not less than two hours. It should not be suffered to stop boiling."

There is information on jams and jellies, pickling and curing meat. Several recipes call for partially cooked meat to be stored in its own grease as in "The Rural New Yorker's Method: in the spring, cut the smoked ham in slices, fry till partly done, pack in a stone jar, alternate layers of ham and gravy. If the ham should be very lean, use lard for gravy. Be sure and fry the ham in the lard so that it will be well seasoned. When wanted for use, take up, finish frying, and it is ready for the table. The only trouble is, that we can't keep it half long enough if it is so good and handy."

One recipe, obviously developed on the frontier, was "Backwoods Preserves. Moderately boil a pint of molasses, from 5 to 20 minutes, according to its consistency; then add 8 eggs, thoroughly beaten, hastily stirring them in, and continue to boil a few minutes longer, then season with a nutmeg or lemon. "Do not fail to give it a trial."

Not only was the food prepared, mixed and beaten by hand, but often the ingredients also required preparation. Sugar, as well as ginger, pepper, and other spice needed to be ground. The stove was fired with wood cobs or "chips" and heated the kitchen winter or summer—Baking was a real project to a pioneer wife in a sod house; hence, it is not surprising that cakes which had good keeping qualities were popular.

## 300 At Miller Reception At Winside City Auditorium

Over 300 guests attended the 40th wedding anniversary reception for Mr. and Mrs. Alfred Miller of Winside, held at the Winside city auditorium April 4.

The open house event, preceded by a family dinner at Ron's Steakhouse in Carroll, was hosted by the couple's son and daughter-in-law, Mr. and Mrs. Gene Miller of Omaha. Another son and daughter-in-law, the Rev. and Mrs. Larry Miller, reside in Port Neches, Tex. There are five grandchildren.

Guests included the couple's wedding attendants, Mr. and Mrs. Reuben Voeks of Puyallup, Wash.

Guests, registered by grandson Michael Miller of Omaha, were present from Brandon, S.D.; Puyallup, Wash.; Winside, Wayne, Pilger, Carroll, Hoskins, Pierce, Bloomfield, Omaha, Fremont, Crofton, Stanton, Grand Island, Norfolk and Wakefield.

Cards and gifts were carried

by Curtis Carstens of Brandon, S.D., and Jennifer Miller of Omaha. Tammy and Debbie Carstens of Brandon arranged gifts.

Harlen Brugger of Winside played organ selections during the afternoon. Pictures were taken by a nephew, Dale Carstens.

The cake, baked by Mrs. Carl Ehlers of Pilger, was cut and served by Mrs. Linden Smith of Grand Island and Mrs. Randy Miller of Wayne. Mrs. Otto Carstens of Norfolk and Mrs. Wilfred Miller of Stanton poured and granddaughter Kim Miller of Omaha served punch.

Mrs. Dale Carstens, a niece, assisted at the serving table.

Waitresses were Julene Miller of Hoskins, Mrs. Vickie Lochner of Brandon, S.D., and Carol Hansen of Winside.

Assisting in the kitchen were Sunday school teachers of St. Paul's Lutheran Church at Winside, including Mrs. Dean Janke

Mrs. Bob Peterson, Mrs. Billy Sueh, Mrs. George Jaeger and Mrs. LeRoy Ruback.

Alfred and Lena Miller were married April 2, 1936 at Norfolk and lived on a farm seven miles south of Winside for 13 years. Since that time they have lived in Winside where Miller owns and operates the N and M Oil Co. Mrs. Miller has taught school 28 years, the past 13 years in Winside.

### 13 Attend Aid

Thirteen members attended the April 1 meeting of the Altona First Trinity Lutheran Ladies Aid.

The Rev. Carl Broecker gave the topic study, taken from the LWML quarterly and Mrs. Charles Stelling led the group in a candlelight acoustic, entitled "Mite Box Light." She also displayed the banner the group has made for the district LWML convention this June in Omaha.

Mrs. Harris Heinemann was named convention delegate.

The Aid is planning to purchase an Easter Lily for the church.

It was announced that the Christian growth workshop will be in Laurel April 27. An invitation was received from St. Paul's DOR, Winsor, 10-16 guests at their meeting April 29.

Hostesses were Mrs. Anna Mohlheid and Mrs. Emil Reinhardt.

Next meeting will be May 6 at 1:30 p.m. for guest day. St. Paul's Lutheran Ladies Aid members at Wakefield and ladies of the congregation will be guests.

## Holy Week Schedule Announced at Winside

Pastors of the United Methodist, St. Paul's Lutheran and Trinity Lutheran Church at Winside have announced plans for Holy Week services.

The United Methodist Church will hold communion services Wednesday evening at 7:30, with the Rev. Kenneth Edmonds of Wayne officiating. Easter Sunday worship services will be at 11 a.m. with Al Ehlers guest speaker. Sunday school will be at 10 a.m.

Worship services at St. Paul's Lutheran Church will be held at 7:30 p.m. Wednesday and Maundy Thursday, and at 10:30 a.m. Good Friday. An Easter

sunrise service is planned for Easter Sunday at 6 a.m. and Waltham League members will serve breakfast at 7. Sunday school will be at 9:30 a.m. with worship at 10:30. The Rev. G. W. Gotlberg is pastor at St. Paul's Church.

Communion services will be held Maundy Thursday at 7:30 p.m. at the Trinity Lutheran Church, according to the Rev. Paul Reimers. Luther League members will serve breakfast following Easter sunrise services at 6 a.m. Easter Sunday. Sunday school will be at 9:30 a.m. and worship at 10:30.

## Paulette Noe is April Bride

The marriage of Paulette Fay Noe to Glenn Kumm was solemnized in 7:30 p.m. rites April 3 at the United Methodist Church in Allen.

The bride, a 1970 graduate of Allen High School, is the daughter of Mr. and Mrs. Glenn Noe of Allen. She is employed at the Milton G. Waldbaum Co. in Wakefield.

The bridegroom, son of Mr. and Mrs. Lyle Kumm of Wisner, is a 1966 graduate of Pilger High School and a 1970 graduate of Wayne State College. He has been a member of the faculty at Allen High School for the past six years where he is athletic director and teaches math special vocational needs.

The 150 guests who attended the wedding were registered by Mrs. Joan Noe of Allen and ushered into the church by the bride's brother, Terry Noe of Allen, and Gary Koehlmann of Pilger.

Candles were lighted by Craig Noe and Tommie Noe of Allen, nephews of the bride. Darlene Brown sang "O Promise Me" and "The Lord's Prayer," accompanied by Mrs. Jeanne Carlson. The Rev. K. Waylen Brown of Allen officiated at the ceremony.

Mrs. Susan Cooper of Allen served her sister as matron of honor. Bridegroom was Mrs. Ellen Noe of Allen, sister-in-law of the bride. David Kumm of Wisner was best man and Steve Osbahr of Allen was groomsmen.

The bride's niece, Nicci Noe of Allen, was flower girl and the groom's nephew, John Morrison of Norfolk, was ring bearer.

Given in marriage by her father, the bride wore a floor length gown of nylon lace over tulle with ruffles at the neck line, satin bib and cuffs of the long sleeves. Boutine also trimmed the hemline of the gown which swept from a satin piped waistline. Her double tiered, appliqued veil fell from a lace trimmed Camello head piece which was accented with an organza bow. She carried a pink and yellow arrangement on a white Bible.

Her attendants were dressed

MR. AND MRS. GLENN KUMM

in pink floor-length gowns of dotted swiss over tulle, fashioned with mutton sleeves. They wore white wide-brimmed hats and carried nosegays of pink mums and white daisies.

The men wore black velvet tuxedos with pink shirts.

The bride's mother chose a mint green knit in floor-length and the bridegroom's mother wore a burgundy two-piece knit, also in floor-length. Both had white accessories.

following the ceremony. Gifts were arranged by Mrs. Rita Gustafson and Mrs. Patty Birkley, both of Wakefield.

The groom's sisters, Mrs. Marilyn Morrison of Norfolk and Mrs. Janice Erbs of Stanton cut and served the cake which had been baked by Mrs. Larry Baker. Mrs. Evelyn Noe of Laurel poured and Mrs. Paulina Adams of Sioux City served punch.

Waitresses were Doreen and LaDonna Noe of Laurel and Tina Adams of Sioux City.

The couple will return from a wedding trip to make their home at Allen.

### Town Team Meet Will Be Tonight

Manager Don Goeden will hold a meeting tonight (Monday) for persons interested in playing town team baseball this summer.

Scheduled for 7:30 at Les' Steak House in Wayne, the meeting will give Goeden an idea of how many players will be out for the team. Men from Wayne and the surrounding area are invited to the meeting.

### Trojans Up Mark With 9-1 Victory

Mike Soderberg's three-run homer and Brad Jones' two-run triple led undefeated Wakefield Thursday to a 9-1 victory over host Bancroft.

The 30 Trojans go after two more opponents this week when Wakefield hosts Leigh in an unscheduled game today (Monday) at 4:30 and face Allen on the home field Thursday.

Ahead 1-0, Wakefield pushed the margin to 5-0 in the top of the fourth with the help of Jones' three bagger. After Wakefield added another run in the fifth, Soderberg unleashed his circuit hit in the top of the sixth to score pitcher Dan Giers and first baseman Chuck Wageman, who both singled to get on base.

"In our first three ball games, our hitting has been well dispersed over the lineup," said Trojans boss Joe Coble. Coble noted that his team's hitting plus the improving defense are the keys to his club's winning.

"If our defense isn't sharp, we're in for a long afternoon because we don't have the strikeout pitchers," he added.

Byers, who posted his first win of the season, and reliever Doug Starzl combined for five strikeouts.

### Wakefield Girls Post 2nd Win

Wakefield girls Friday left off where they started earlier in the week—winning.

Coach Ernie Kavar's track team won its second straight meet in one week by topping Wayne and Winside in a triangular meet at Wakefield. The Trojannes won five of the nine track events plus scoring numerous seconds and thirds to pile up 53 points to Wayne's

42's and Winside's 37's.

Like the previous meet Tuesday, Wakefield failed to score firsts in the field events and had to rely on its sprinters and distance runners to score the victory.

Leading the Trojannes in the sprints was Robin Mills with wins in the 100 and 220 and Cheryl Nelson who won the 80 yard hurdles. Distance runner Kerry Fischer placed first in the 880 and Wakefield's mile relay won its event.

As expected Winside was the top point getter in the field events. Senior Jill Stenwall stayed true to her form by winning the shot put and discus, and Gail Gerone, who finished

### Putting Plagues Wayne Golfers

Bad puffing and shots going out of bounds plagued Wayne High golfers Thursday when the Blue Devil foursome ballooned to a 100 total for third place in a triangular meet at Columbus.

Junior Roger Wacker led coach Harold Maciejewski's team with a 43 for nine holes. Right behind him were Tom Johansen with 46, Si Praether with 43 and Norman Brown with 53. A 54 shot by Ritch Workman wasn't used.

"We just got off to a poor start and just couldn't recover," Maciejewski pointed. Both Columbus Scotus and Norfolk Catholic ended up with 175 to tie for first place.

### Gridders Ready to Pop Pads

Football fans who are distressed because nobody's playing right now can perk up.

Wayne State gridgers will cap their spring practice with an intra-squad football game Tuesday afternoon at 4 in Memorial Stadium.

Mostly favorable weather has smiled on spring drills, enabling coach Del S'Gond and staff to put the team through increasingly rugged workouts. As a result, there are several minor casualties, nothing serious, but still likely to keep a few players out of game action.

The intra-squad game takes the place of the usual varsity alumni battle because Easter recess next weekend means the players would have to stay through Saturday, and many alumni also would not be available.

Coaches will divide their teams of about 60 as evenly as possible, with the possible first stringers split between squads.

Except for a few modifications of rules—such as no kickoffs—it will be a full scale football game. The goal of both teams: to win.

Defensive back coach Doug Barry has some qualms about the number of troops he will have available. After several injuries, he has only seven or eight apparently ready to play. "Might even have to use on both teams," he said.

### Mann Takes Four Firsts For Winside

Senior Dave Mann won the 440, 880, two mile, then came back to run the last leg on Winside's winning mile relay team Friday to lead the Wildcats to a home triangular win over Wakefield and Norfolk Catholic.

In winning their first meet of the season, coach Jim Halferty's Wildcats collected 65 points, four more than Wakefield and 17 better than Norfolk Catholic.

Wakefield stayed in the thick of the race, beginning in the field events where senior Scot Keagle posted wins in the high jump, discus and shot put. The Trojans also had the help of another senior, Scott Mills, who won the long and triple jumps to wrap up all the first-place finishes in the field events.

Also picking up two firsts for coach John Torczon's Trojans was Mark Kober, who won the 100 and 220.

"We had the numbers to win a lot of seconds, thirds and fourths. That's what it takes to win," Halferty pointed out, adding that Mann definitely was

## Devils' Hitting Too Much for Hooper

Proof that Wayne has the strong hitters not only can be seen on paper but in the two games the Blue Devils have won.

After Thursday's 11-1 bombing of host Hooper Logan View, Wayne has five hitters over the 300 mark, including senior Paul Mallette who is perfect in five times at bat.

Wayne's consistency at the plate is perhaps the best reason why coach Mike Mallette's club is 2-0 thus far and looks to be the favorite when the Devils travel to Bancroft today.

Hitting at an even .500 is Doug Carroll, Monte Lowe and Aaron Nissen are .400 each and Kevin Murray is .333.

Mallette and Lowe were the top sluggers in Wayne's second game as each went two for two at the plate. Mallette connected for a pair of doubles and Lowe rapped two singles. Also smack-

ing a two-bagger was right fielder Tim Koll.

Wayne bats exploded for three runs each in the third and sixth frames to put the visitors in front, 9-0. Wayne hitters connected for two hits each in those frames. Mallette doubled to drive in Nissen who got on via a walk and Lowe singled to bring home Vic Sharpe who got on by an error. A wild pitch scored Lowe.

In the sixth, Mallette again doubted to score Randy Park and Nissen who walked. Koll's two-bagger sent Mallette scurrying home.

Dave Hix started on the mound for Wayne and picked up the win. He went three frames and gave up only one hit and one walk. Mallette and Sharpe each threw two innings. Mallette didn't give up any strikes or See DEVILS, page 5

1995 may be the farthest-thing from your mind when comparing Renke irrigation systems to the others. But we think of it as the last of 20 potentially good years. Years of good yields for you—good customers for us. That's why we choose to offer the circular irrigation systems with the best warranty package in the business—20 year corrosion warranty on steel and aluminum pipe, and 3 year warranty on all parts, including travel!

We could list dozens of reasons why the features on Renke Water Management Systems are unmatched in the irrigation industry. But you buy more than features when you invest in irrigation—you buy a company and a dealer, too. If we don't offer "America's Finest Circular Irrigation Systems," we couldn't make this kind of offer. If we weren't your neighbors, we wouldn't want to. Want more reasons? Stop by, we'll give you more!

DESPITE the wind, Winside senior Jill Stenwall was able to clear 40 feet twice during her three attempts in the shot put at Friday's Wakefield triangular track meet. The state record holder threw the steel ball 43-10 to win the event on her first loss. The second time she heaved it 43-7 1/2.

## Allen's 'Nightmare' 7th Gives Bancroft 3-2 Win

Robert Moore called it a nightmare. Allen's baseball team didn't know what to think. Bancroft was thankful.

Those were some of the mixed feelings Friday after Bancroft scored two runs off two errors in the bottom of the seventh to come from behind to beat the home team, 3 to 2.

"There's nothing else you can call it. That seventh inning simply was a nightmare," Moore reflected.

It all started in the bottom of the seventh when Lutjen of Bancroft hit a line shot down first where first baseman Darwin Kluever muffed the play. After stealing second, Lutjen moved

to third when catcher Denny Uhl dropped the ball on the third strike against Bancroft's Butler and overthrew first.

Butler stole second before coach Moore called time out, only to find out that the coach already had called three times out earlier—the maximum this year a coach is allowed to call in a game.

After a lengthy protest by Bancroft coach, the homeplate umpire ruled that Moore had called his fourth time out and as a result had to remove his starting hurler, Jeff Creamer, from the mound.

Because the coach earlier had used his second leading pitcher, Shawn Persinger, as a pinch

hitter, the coach went to his third man, Kluever to save the game.

"I don't blame anyone for this loss. It's all my fault. I didn't think I had called three times out already," Moore added.

With runners on second and third, Bancroft's leadoff hitter Tim Anderson grounded out to second to score Lutjen to tie the ball game at two all. Later, Butler came home on Kluever's wild throw to end the game.

Allen started the game in command fashion. The Eagles scored two quick runs in the first. Right fielder Brent Chase and third baseman Charlie Ferguson hit back-to-back singles. Then the team's leading hitter of

the afternoon, left fielder Kevin Hohenstein, rapped the first of two doubles to score Chase. After Ferguson was put out, Creamer singled to score Hohenstein.

Bancroft closed the gap to 2-1 in its half of the first after Anderson was safe on an error and later scored on Bergmann's single.

Creamer only gave up two hits for the game while Bancroft hurlers gave up eight. However, Allen left a total of six men stranded on base in the first five innings.

Today (Monday) the 0-2 Eagles will host Hooper Logan View before going to Wakefield Thursday.

## Reservations Being Taken At Niobrara

Niobrara State Park is accepting reservations for this year, according to John Schulenberg, park superintendent.

Double cabins rent for \$16 for one night of \$14 per night for two or more nights. Single cabins rent for \$12 for one night and \$10 per night for two or more nights.

"Many people are under the impression that the park has either been sold or that it is flooded," said Schulenberg. "Much of the conflict resulted from a bill sponsored by Jules Burbach which was recently passed by the state legislature giving authorization to the Game and Parks Commission to sell Niobrara State Park and place the money received in a fund for a new state park."

Opening date for the park, including camping areas, cabins, trails, picnic grounds, paddle boats, group camps and golf course, has been set for May 15.

## Fishing Activity Up in NEN Area

Fishing in Nebraska seems to have picked up considerably with most regions of the state reporting good fishing of one kind or another.

According to reports of Game and Parks Commission conservation officers in the field, activity in Northeast Nebraska includes snappers taking limits of paddlefish to 50 pounds in the Missouri River.

Also fishermen are getting their limits of catfish, occasional walleye and sauger, some carp and buffalo, all at wind dikes. Some walleye and sauger are taking minnows below wind dikes.

Fishermen working in Gavins Point Dam tailwaters are catching walleye and sauger to five pounds on minnows and minnow jig combinations. Some catfish up to three pounds are being caught on nightcrawlers.

## Coeds, Men Split with UNL

Wayne State and University of Nebraska glomond athletes came out even in wins and losses the past week—the women's softball teams splitting a doubleheader here Thursday and the men's baseball splitting a pair at Lincoln Friday.

On total scores, Wayne had the better of it.

The Wildkittens frounced UNL with a no-hit 10-0 first game as Suzy Scheef pitched a five-inning gem. It ended in minimum time on the 10-run rule. The Cornhuskers came back with a 5-3 nightcap win. Jan Bartels limited Wayne to two hits in seven innings after she pitched three innings of relief in the opener. Total scores: Wayne 13, UNL 5.

Friday the baseball Wildcats lost their opener, 1-0—the lone Husker run unearned after a Wayne error—then won the second game, 6-2.

Roger Saul pitched the full route in the heart-breaker loss, giving up four hits. Nebraska also hit four times.

Red Hegge started the follow-up contest, had a no-hitter going into the fifth when Nebraska rallied for two runs. Came the bottom of the seventh, Hegge found himself with bases loaded and two out. Coach Larry Schultz sent in Jim Ukuck, who pitched just long enough to strike out the final batter.

Said Schultz, "The team represented Wayne State extremely well. We faced Nebraska's No. two and No. three pitchers and outlived them 13 to 8. The Cornhuskers are a good team, but I think they were lucky to get the split."

The only problem Schultz could foresee would be coming back after the exhilaration of beating Nebraska to get up for conference rival Chadron State.

**WSC Students Depart for Model United Nations**

Seventeen students departed from Wayne State College Sunday to assume roles in the Model United Nations Seminar in New York City.

Wayne State College public service and broadcasting students will serve as rock delegates to the countries of Mexico and Qatar, and will set up a news service to televise seminar activities.

Of the estimated hundred colleges and universities which participate in the seminar each year, Wayne State is the only one to involve broadcasting students. The documentary made by WSC broadcasting students from last year's Model U.N. Seminar is currently used for recruitment.

Delegates will visit the ambassadorial residences of their assigned countries to discover how those countries stand on various issues. They will meet many top U.N. officials and will

Accompanying the group will be Allen O'Donnell, WSC associate professor of political science, and William Hagerman, WSC assistant professor of communication arts.

The delegation will return April 19, but preparation for the trip began weeks ago. Students have met weekly to research the nations assigned them and to study the drafting of resolutions for submission to the Model U.N.

Delegates will visit the ambassadorial residences of their assigned countries to discover how those countries stand on various issues. They will meet many top U.N. officials and will

be in meetings from early morning until nearly midnight of each day, breaking only for meals. A reception and dance are also planned for the students before they return to their various schools.

The students will be staying at the Statler-Hilton Hotel during their visit to New York.

Students making the trip: Jonathan Ahlers, Belgrade; Jane Barto, Auburn, Ia.; Bert

Fehlman, Beemer; Wendy Hekquist, South Sioux City; Roland Kersch, Spencer; Debbie Klug, Battle Creek; Susan Koenig, Lindsay; Debra Krakky, Thurston; Ruth Lange, Crofton; Clavette McMahon, David City; Mary Moore, Lyons; Daveowitz, Hampton; Erin O'Donnell, Wayne; Bob Peters, David City; Bradley Pierson, Columbus; Martin Schmitt, Omaha; and Rebecca Wichman, Ft. Calhoun.

**Orchestra, Choir Join For Tuesday Concert**

The Wayne State College orchestra and concert choir will present a joint concert Tuesday, at 8 p.m. in Ramsey Auditorium on the Wayne State College campus.

The program will open with the orchestra presenting a variety of styles from Handel to Gershwin. Included will be the "Love Music" from "Boris Godunov" of Moussorgsky as well as one of Gershwin's best known musicals, "Porgy and Bess," which Gershwin referred to as a folk opera.

Bridging the gap between these two will be the "Berceuse and Finale" from the "Firebird Suite," written by Stravinsky in 1910 in Paris.

The second half of the program will begin with the "Missa Solemnis" of Haydn for choir, two soprano soloists, and string ensemble.

**Named to Honor Roll**

Patricia Holtgrew, daughter of Mr. and Mrs. Warren Holtgrew of Winside, has been named to the honor list for the winter quarter at the University of Nebraska School of Technical Agriculture at Curtis.

**EXTENSION NOTES**  
By Gladys Stout

**KEEP CUTTING**  
Nothing is more disgusting than trying to cut something with a pair of scissors that won't cut! Like any other piece of equipment, scissors need care to keep them in working order.

One of the first rules of scissor care is — use that pair of scissors for the purpose for which it was designed. Use kitchen shears for heavy cutting in the kitchen, and use sewing scissors only for cutting material — not paper.

Keep scissors in a dry place; moisture can cause them to rust. Don't toss them in a basket or drawer — keep them in a case, hung on a hook or laid carefully in a protected drawer.

Dropping a pair of scissors is one of the roughest kind of treatment they can receive. The points can be bent or they can get out of alignment very easily. Children are very hard on that "good pair of scissors". Keep your "sewing scissors" out of their reach and supply them with an old pair, preferably with blunt points for safety.

To keep scissors working smoothly, oil occasionally and sparingly at the screw. Wipe off excess oil. After using, remove lint or residue.

Wash and dry kitchen shears after every use as you would any other piece of equipment used around food. Especially wash them thoroughly after cutting chicken or meat.

Sharpening shears need a reliable cutlery shop or write to the factory about repair and reconditioning charges.

**Weather Report Visits School**  
District 51 students who have been studying weather had a special treat last week when KTVI weather reporter Jane Sewell visited the class to give a lecture on meteorology.

Students in the fifth grade class had written letters to several weather bureau offices in Nebraska and Iowa asking information on the subject.

A letter by Curtis Rohde and David Woslager to KTVI prompted Miss Sewell's reply, along with her offer to visit the class. She explained various weather terms and explained the qualifications needed to be a weather reporter.

position at WSC. Mrs. Breitkreutz was society editor for The Wayne Herald for about seven years.  
In addition to the second place publicity award which she shares with Miss Beckman, Mrs. Breitkreutz tied for second place in the photo feature division with a series of pictures focusing on a youngster at pre-school activities at WSC. Tying for the award was Marianne Beel of Valentine.

The two-Wayne journalist were scheduled to receive the awards from Dr. Copley Saturday at the NPW convention in York. The program there included a panel discussion on "Gag orders" by Lincoln Journal-Star reporter Dean Terrill, Laura Poland of the Norfolk Telegraph, and Helen Green of the Fairbury Journal-News.

The interns were slated to spend most of Friday at the State Department building where they were to hear a briefing on the situation in Rhodesia. The schedule also included a tour of George Washington's famous home at Mount Vernon.

"Blackie was just a dog," Dr. Wessel said, referring to the family's cocker spaniel terrier pet "But she was more than just a dog" to our children"

### Anderson — (Continued from page 1)

### Faculty Members Receive Summer Humanities Grants

Two Wayne State College faculty members have been selected by the National Endowment for the Humanities to receive \$2,000 fellowships for the study of literature this summer.

Sayre Anderson, WSC associate professor of English, will be at Princeton University, Princeton, N.J., participating in a June 28-Aug. 20 seminar entitled "Modern Poetry and the American Tradition." Round, Elliot, Stevens, Williams."

Janet Schmitz, WSC assistant professor of French, will attend the June 14-Aug. 6 seminar, "The Symbolist Movement in Literature" at the State University of New York in Stony Brook.

of the special needs committee of the state Democratic party in 1975.

Another step toward a Congress which would take a more active leadership role would be to limit the powers of bureaucratic agencies, Mrs. Anderson said, adding that a good place to start would be with agriculture.

While she believes in restrictions on agricultural exports only as a last resort, Mrs. Anderson would like to see an office established to coordinate foreign sales, which are now handled by private companies.

That can be a disadvantage when dealing with agents from foreign governments, she said. She visualizes an office which would see the entire picture on exports and coordinate sales.

She believes lack of such an agency is one of the reasons "the Russians pulled off the first big wheat deal."

The Congressional candidate

said she thinks the nation's railroads are vital and thinks legislative leadership will also be necessary to preserving them.

That will probably mean nationalization, she said or semi-nationalization through substantial subsidies, and she would favor such action.

On the U.S. military, Mrs. Anderson said that while she believes the country must certainly be able to defend itself, she doesn't like seeing the U.S. in the position of "gun dealer to the world."

"I can't believe that a country with an economy based on military production is on sound ground," she said.

She also said the U.S. is spending too much for defense and would like to see further study of the military establishment.

She believes cuts can be made, although this should be through a gradual, phased process because of the economic and other effects of such action.

At any rate, the military is concerned, Mrs. Anderson said, "I would question any growth."

### Coch Resigns

Laurel High football coach Bob Bozied has announced his resignation in order to accept a similar position at Riggs High School in Pierre, S.D.

Mr. and Mrs. Bill Woodward have also announced their resignations from the Laurel School system. Mr. Woodward is a mathematics and geometry teacher and junior high girls basketball coach. Mrs. Woodward teaches business education and is girls volleyball ball head coach and assistant coach for girls basketball and track.

Laurel school board secretary Mrs. Avia Pierce said no agreement has been reached yet in faculty negotiations. Both the school board and faculty must ratify an agreement for next year before contracts can be distributed to teachers.

Some actors think that if part of their costume is yellow, they will have bad luck.

### Windows Damaged

In a delayed police report, two more windows belonging to Wayne businesses were damaged sometime Monday night.

A window at J.M. McDonald Co. 121 Main, was damaged by shots from a pellet gun and a drive-in window at State National Bank, 122 Main, was cracked by a rock.

Monday police investigated incidents of a broken window and damaged door window, apparently shot out by a pellet gun.

### Wayne Woman Injured In Morning Mishap

Brenda Gaunt, 19, of Wayne was treated for facial cuts and released from Providence Medical Center following an automobile accident early Saturday morning.

According to the police report, Ronald Boyce of Wayne, driver of the automobile in which Miss Gaunt was riding, turned south out of the El Toro lounge parking lot at 611 N. Valley Drive in Wayne at about 12:40 a.m. Saturday.

Boyce, traveling south, apparently lost control of the car and struck a light pole at Sixth St. He did not require any treatment.

The first American spelling book was printed by Stephen Day in Cambridge, Massachusetts in the year 1643!
