

Consolidated Mill Levies Higher in '76

Consolidated mill levies for most Wayne County taxing districts are higher this year than last year despite an increase in total property valuations.

The levies in 1975 were based on a total valuation of \$42,893,085. The 1976 levies are computed using a valuation of \$42,965,170.

A mill provides one dollar in revenue for each one thousand dollars of assessed value. At the county level, therefore, one mill provides roughly \$42,965.17 in revenue.

The county levy this year is 14.18 compared with 12.52 last year. Wayne property owners face a 103.70 consolidated levy, compared with 102.48 last year.

All taxing districts in the county include the county levy, one mill, each for the Lower Elkhorn Natural Resources District and Educational Service Unit-1 and a 2.35 mill levy for Northeast Technical Community College.

In addition to those levies, the Wayne consolidated levy also includes a 64.34 school district levy and a 20.83 city levy.

Carroll's consolidated levy is 89.14, up from last year's 85.34. In addition to county-wide levies, Carroll's consolidated levy includes 64.34 mills for the Wayne-Carroll school district, a 4.7 village levy, and a 1.57 fire district levy.

Hoskins' 105.72 consolidated levy includes the 30.48 free high tuition levy paid by residents of kindergarten through eighth grade school districts, for students who attend high school in other districts, a 10.49 mill levy for rural School District 9, and a 46.22 village levy. Consolidated levy last year was 95.74.

Sholes village levy is 8.76 this year. Other levies paid by Sholes residents include the free high levy, and a 21.03 levy for School District 76. Consolidated

levy is 78.80.

Winside's levy includes 57.49 for the Winside school district and a 23.82 village levy, when combined with county-wide levies yields a 99.84 consolidated levy.

Consolidated levy for Wayne County residents within the Wakefield city limits is 112.47, including a 61.44 school levy and a 32.59 town levy.

Rural fire district levies paid by some county residents are: Carroll, 1.57; Wayne, 80; Hoskins, 57; Winside, 62; Pender, 1.0; Stanton, 517; Wisner, 63; Wakefield, 1.92; Randolph, 2.0. The Pender Hospital District levy is 2.4 mills.

School district levies are: District 1 - 9.84, District 5 - 9.20;

District 9 - 10.49, District 15 - 5.4, District 17 - 55 general, 6.39 bond, 2.95 special building sinking, District 23 - 12.24, District 25 - 8.97, District 32 - 26.38, District 33 - 12.43, District 45 - 26.17, District 47 - 5.83, District 57 - 13.16 general, 3.95 bond, District 66 - 15.40, District 75 - 19.92, District 76 - 21.03, District 77 - 13.73, District 83 - 32.88, District 95R - 52.89 general, 4.6 bond, District 45 Cedar County - 42.9 general, 7.0 bond, District 60DR Dixon County - 48.90 general, 12.03 bond, .51 sinking, District 2 Pierce County - 48.70 general, 5.64 bond, 2.0 sinking, District 34 Cedar County - 47.75 general, 8.15 bond.

Hospital Foundation Collecting Pledges

The pledge service committee of the Wayne Hospital Foundation has received \$695,000 in pledges to date, according to committee chairman Kenneth Olds of Wayne, but the foundation remains indebted on loans to local banks.

Olds explained that the hospital foundation agreed to pay half the total cost of construction for the hospital, not to exceed \$750,000. Total cost of construction, however, was \$2,355,000. The Missionary Benedictine Sisters of Norfolk have paid \$1,059,205 toward construction of the hospital, federal Hill-Burton

Council Okays Improvement Ordinance

The Wayne city council Tuesday night passed an ordinance creating an improvement district in downtown Wayne.

Included in the district are: Main St. from First St. to Fourth St., the east half of Main St. from Fourth St. to Fifth St., the east half of Pearl St. from Second St. to Third St., the west half of Logan St. from the Railroad Tracks north to Third St., the north half of First St. from Pearl St. to Main St., Second St. from Pearl St. to Logan St., and Third St. from Pearl St. to Logan St.

The ordinance creates the boundaries for the district and lists types of improvements which can be made, including paving, curb and gutter, sidewalks, and lighting but does not detail specific projects to be undertaken. It is expected that details of the improvement project will be ready in time for the next council meeting.

City clerk Bruce Moorhead said first notice of creation of the district will be published Sept. 23, and property owners will have 20 days from that date to file petitions in protest. If owners of more than 50 per cent of the property abutting any thoroughfare in the district protest the ordinance, it becomes invalid.

City administrator Fred Brink informed the council that he had written a letter withdrawing the city from the Nebraska Municipal Power Pool.

The city last year joined the organization when it was formed with the goal of uniting communities with electrical generating plants, and to "hold NPPD (Nebraska Public Power Dis-

trict) in line" Brink said.

One of the original purposes of NPPD was stated as forming a statewide grid which would allow communities with excess generating capacity to sell power to communities without sufficient capacity.

That supposedly would mean cheap power, Brink said. He pointed out, however, that such an arrangement could conceivably mean power would be transmitted via lines belonging to as many as seven power districts, each district collecting a wheeling charge.

"If we are generating with diesel fuel, by the time wheeling charges are paid the price would be so high we wouldn't have a marketable product."

The city has an agreement with NPPD whereby the capacity of the city generating plant is leased to the power company.

Brink said the city initially paid some \$2,000 in dues to join the organization. Maintaining membership would mean paying dues for the coming year in the amount of \$2,200. In addition, NMPD is now accessing member communities for the planning phase of the project to develop an "integrated power plan." Wayne's share of that project would have been \$2,000.

Brink said in an interview he thought dues paid when the organization was formed about a year ago would go to finance such projects.

"I don't feel the views of the organization are consistent with the city's philosophy, which is to get the power plant out of the hole. They (NMPD) can't do anything for us."

During the council meeting Brink said he believes NMPD has violated the initial membership contract because, in his opinion, it is not performed as prescribed.

The council voted to approve Brink's request that an ordinance be prepared withdrawing the city from membership in NMPD.

Wayne Teacher Selected For State Band Award

Ron Dalton of Wayne has been selected to receive the Stanbury Award as outstanding young band director in Nebraska by the state chapter of the American School Band Directors Association (ASBDA).

Dalton has been band director at Wayne High School since 1968, when he received his bachelor of science degree from Wayne State College.

Membership in the ASBDA is through recommendation by at least four music teachers who have heard music by bands under the candidate's direction. A unanimous vote by state chapter members is then required to qualify for membership. Dalton was accepted into the Nebraska chapter last year.

Medalist Industries, Inc., presents the Stanbury Award. Dalton is now entered in competition with nine other state winners in the Northwest regional competition. Regional winner will be announced Nov. 15.

To be eligible for the state title, candidates must have at least five years of experience as See BAND AWARD, page 10

Pre-School Lab Still Has Room

Parents who would like to enroll their three and four-year-old youngsters in the child development lab at Wayne State College have until this Friday to do so.

The lab, which is conducted by child development class at Wayne State, begins Monday and will run from 2 to 4 p.m. each Monday and Wednesday through Dec. 8. A \$25 fee will be charged for each youngster and will include an afternoon snack and lab materials.

Mrs. Margaret Hansen, instructor of the class, said there is still plenty of room in the class for parents who wish to send their youngsters, however, classes will be limited to 20. Anyone who wishes to have their child attend should call the college at 375-2200, ext. 254.

Mrs. Hansen said the class is designed to help college students gain experience with working with pre-school youngsters. Activities will include story hour, sing-alongs and free time in the lab. Hansen said that by putting the youngsters in a situation other than home, they learn to become acquainted with adults other than their parents and to work with young people their own age.

WSC Gallery Will Feature Oriental Art

About 500 original Oriental art works from Japan, China, India, Tibet, Nepal and Thailand will be displayed in the Art Center Gallery at Wayne State College Monday, Sept. 20.

A representative of Marson Ltd. of Baltimore, Md., exhibitors of the collection, will be on hand to answer questions about the works, artists and graphic techniques. Several prints will be on sale.

The oldest prints, which date back to the 18th and 19th centuries, include Chinese woodcuts, Indian miniature paintings and manuscripts, and master works by such artists as Hiroshige, Kuniyoshi and Kunisada.

Modern pieces consist of a large group of original woodcuts, etchings, lithographs, serigraphs and mezzotints by world-renowned contemporaries, including Saito, Azuchi, Mori, Katsuda and Maki.

School Self-Evaluation Planned

The Wayne Carroll board of education Monday night voted to go on record as expressing the opinion that high school principal Don Zeiss is doing an excellent job.

Zeiss earlier in the meeting had addressed the school board regarding a story previously published in The Wayne Herald.

The story concerned statements made during a Wayne city council meeting Councilman Jimmie Thomas had asked for clarification regarding the position of Zeiss as manager of the municipal swimming pool.

A legal notice published at the city's direction stated Zeiss' salary as pool manager as \$6,000 a year. It was explained that Zeiss is paid \$500 a month, yielding the \$6,000 annual figure, if the position was filled year-round. It was further explained, however, that Zeiss receives the

monthly salary only during the period when the pool is open.

In asking for the clarification, Thomas said that a school board member had commented to him that if Zeiss received \$6,000 for managing the pool during the summer, the school board member would see that Zeiss' salary as high school principal was cut.

Zeiss said he sees little relationship between the statement, attributed to a school board member and the original intent of the article, which he said he believed was to clarify the salary situation.

Zeiss also said he considers the days he is not under contract to the school district his own and asked, if the supposed statement is true, why the question of summer salary had not been brought up before.

The principal said he has nothing but the highest regard for school board members, adding that he has not made See SCHOOL, page 10

Consultant Aids Visually Impaired

By JIM STRAYER
Third in a Series

Thanks to services and materials provided by Educational Service Unit-1 (ESU-1), eight students in the six county area with visual handicaps are attending classes this year with students their own age and studying the regular curriculum.

Mary Kidwiler has been vision resource consultant since ESU-1 began offering that service in 1974. It is one of the services which schools are required to provide by LB 403.

Early identification of vision problems which can interfere with studies and extra curricular activities is important, Miss Kidwiler said. School nurses or service unit staff nurses generally test the vision of each child each year.

If a nurse discovers a possible vision problem during the screening test, the parents are informed and advised to have a check up by an eye specialist who determines if a vision handicap exists.

In order to be eligible for the ESU-1 vision services, the student's vision must be 20/200 (considered legally blind in Nebraska) or worse. In cases where services are deemed necessary, that standard applies even though vision may be correctible with glasses to a higher standard.

Vision handicaps may be either congenital, the result of an accident, or caused by disease. The eye specialist contacted by the parents determines cause and prescribes any treatment.

"After it has been established that a student has a visual handicap is where my job comes in," Miss Kidwiler said.

Visual handicaps can cause a number of problems for students otherwise capable of undertaking the regular curriculum offered at their grade level.

"It is harder to study and the student may have a short attention span or lose interest," Miss Kidwiler explained.

Visual handicaps can also cause difficulty in participating in extra curricular activities, particularly sports, she added.

In severe cases the vision consultant may recommend that students be placed in a residential school, such as the Nebraska School for the Visually Handicapped at Nebraska City, but the decision is made by the parents.

When visually impaired students remain in the classroom, the service unit provides materials which allow them to study the regular courses studied by their fellow students. Special materials include large print books, writing paper with bold lines, and can include Braille material, although none of the students served this year require the latter.

Miss Kidwiler also consults with teachers about methods they can employ to assist. She may ask that visually impaired students be seated close to black boards, maps and other visual instruction material, or ask junior high and high school teachers to relate items used in laboratories so they are easier to read.

In some cases, text book materials may be provided on tape recordings, with special arrangements made for a room to house the equipment so the student can study and review material.

In addition to consulting with teachers, Miss Kidwiler meets with parents annually in the fall to ensure that agreed upon policies are followed. She said she has not yet encountered any severe emotional problems, but occasionally a student may balk at employing some of the special materials such as large print books. She said it is important that parents encourage use if services provided are to be successful.

Special materials are loaned by ESU-1 to school districts for as long as the student needs them. The service unit, in turn, borrows most of the materials, turning first to the statewide library service provided by the school at Nebraska City, then to other agencies. If materials cannot be borrowed, ESU-1 purchases them.

Students are retested at least every two years to determine if vision has deteriorated further so services provided can be altered if necessary.

VISION RESOURCES consultant Mary Kidwiler demonstrates the use of a Braille writing machine, one of the services available through Educational Service Unit-1.

Youth Arrested For Vandalism

An 18-year-old Wayne youth was arrested early Tuesday morning for allegedly damaging property at Wayne-Carroll High School.

According to police reports, the youth apparently used a bolt cutter to sever chains along the driveways north and south of the school.

No charges had been filed as of early Wednesday morning. The youth was turned over to the custody of his parents.

SPEAKING OF Poppie

Legion Auxiliary Holds Meeting

The American Legion Auxiliary met Sept. 6 at the Wayne Vets' Club with 13 members present.

The group voted to order 3,000 poppies to be delivered on Jan. 1, 1977. The poppies will be used to repair memorial wreaths, make new wreaths for veterans' graves, and for the annual Poppie Day sale.

Mrs. Pearl Griffith read an article, entitled "What America Means to Me," taken from the Reader's Digest.

The new permanent membership plan, which allows members to obtain a lifetime membership, was presented and discussed. The group also made plans for the county American Legion Auxiliary convention which will be held in Wayne this fall.

Hostesses for the meeting were Mrs. Charles Sreckman, Mrs. Harry Kay, Mrs. Norbert Bruggner and Mrs. Hattie Hall.

The next meeting will be at 8 p.m. on Oct. 4 at the Vets' Club.

September Lessons Focus On Clothing

Lesson leaders of area Home Extension clubs, and other organizations, will have an opportunity to learn about "recycling clothing" at five area training meetings to be held during September.

Waithill will host the first meeting, Sept. 20 at 1:30 p.m., at the Extension Office meeting room.

The other four meetings, scheduled for 9:30 a.m., will be held Sept. 21 at the city auditorium, Hartington; Sept. 22 at the fire hall, Hoskins; Sept. 23 at the Northeast Station, near Concord, and Sept. 24 at the courthouse annex, Dakota City.

Clubs who wish to attend the sessions and who are not a member of the extension, should notify Anna-Marie Kreifelts at the Northeast Station, Concord, so lesson materials can be prepared.

The lesson, entitled "One More Time — Recycling Clothing," will deal with remarking articles of clothing to make some garments do for "one more time."

Policy on Weddings

The Wayne Herald welcomes news, accounts and photographs of weddings involving families living in the Wayne area.

We feel there is widespread interest in local and area weddings and are happy to make space available for their publication.

Because our readers are interested in current news, we ask that all weddings and photographs offered for publication be in our office within 10 days after the date of the ceremony. Information submitted with a picture after that deadline will not be carried as a story but will be used in a cutline underneath the picture. Wedding pictures submitted after the story appears in the paper must be in our office within three weeks after the ceremony.

33 Attend AAUW Meeting

Members of the American Association of University Women (AAUW) met Thursday night for a 6:30 p.m. supper meeting at the Wayne State College Student Union.

Thirty-three members and four guests from the Norfolk AAUW chapter were present. Also attending were Mr. and Mrs. Dean Metz and Mr. and Mrs. Wes Fritze.

Daughter Is Baptized

Baptismal services were held Sunday morning at the Wakefield Covenant Church for Sara Everingham, daughter of Mr. and Mrs. Kenneth Everingham of Wakefield.

At Wakefield Church

Dinner guests afterward in the Everingham home were Mr. and Mrs. Mervin Rysrom of Stromsburg, Mr. and Mrs. Gary Dean and Michael of Wahoo, Mr. and Mrs. Paul Everingham, Fred Harrison, Mr. and Mrs. Phil Finch and family of Omaha and the Rev. and Mrs. Noll Peterson.

The program included a slide presentation by Fritze on energy and its sources and uses; Metz making use of a special computer, projected how long the energy supply will last, based on present usage figures.

Cheryl Hall, new AAUW president, conducted the business meeting. Mrs. Stan Burst was appointed chairman for the second annual Christmas house tour, tentatively slated for Dec. 5.

The next meeting will be Nov. 11 with a 6:30 p.m. supper meeting at the Student Union Birch room. A representative of the Region IV Services will give a slide presentation.

Shower Given

A bridal shower honoring Barb Bierschenk of Belden was held Sunday afternoon at the Belden Presbyterian Church. Miss Bierschenk and Tim Kint will be married Oct. 2 at Belden. Hostesses for Sunday's fête were Mrs. Tom Tierney of Randolph, Teri Neese, Linda Bier, and Carolyn Bierschenk.

Reception Planned For AFS Student

The American Field Service chapter of Wayne (AFS) is planning an open house for Wayne's most recent foreign exchange student, Fulgencio Ibarra Jainga "Jo Jo" Guimbo.

Mrs. Herb Niemann, president of the AFS, said the public is invited to attend the event from 4 to 5:30 p.m. this Sunday in the Rev. Kenneth Edmonds home, 514 Main St. Jo Jo, who comes from the Philippines, is making his home with the Edmonds during his senior year at Wayne High School.

Rev. Schneider Leaving Grace Church

The Rev. Jack Schneider, who has served as assistant pastor of Grace Lutheran Church in Wayne and as Wayne State College campus pastor for the past two years, will leave with his family Tuesday for Muncie, Ind.

Pastor Schneider has accepted a call to become campus pastor at Ball State University in Muncie. Ball State has a student enrollment of about 15,000.

The Rev. John Upton, pastor at Grace Lutheran, said a new assistant pastor has not yet been named.

Rev. Schneider, a native of Cape Girardeau, Mo., graduated from St. Paul's Junior College at

Concordia, Mo. in 1968 and from Concordia Senior College at Fort Wayne, Ind. in 1970.

REV. JACK SCHNEIDER

September Marriage Vows Exchanged in Omaha Church

The Trinity Lutheran Church in Omaha was the scene of the Sept. 4 evening ceremony which united in marriage Barbara Link of Omaha and James Lutt of Wakefield.

Two bouquets of gladioli decorated the altar of the church.

The bride is the daughter of Mr. and Mrs. Hans Link of Omaha. Parents of the bridegroom are Mr. and Mrs. Louis Lutt of Wayne.

Honor attendants for the couple were the bride's sister, Susan Link of Omaha, and Gary Anders of Beatrice. Bridesmaids were Ruth Gaarhart of Newman Grove and Maureen Dorsey of Wayne, and groomsmen were David Lutt of Wayne, brother of

the groom, and Larry Smith of Laurel.

John Link of Topeka, Kan., brother of the bride, and Scott Nelson of Wayne ushered guests into the church. Candelights were Mrs. Althea Lutt of Wayne and Tom Schroeder of Frankfort, Kan.

The bride appeared at her father's side in an ivory floor length organ gown styled with a bib of Brussels lace. Ruffie accented the neckline and hemline of the gown. She wore a fingertip veil, edged with lace, and carried a nosegay of peach carnations, an orange tea rose and baby's breath.

The bride's attendants wore floor length, halter style gowns of peach satin crepe. Ivory lace and ruffie accented the gowns, which were worn with a jacket. They wore carnations in their hair and carried nosegays of peach carnations, an orange tea rose and baby's breath.

The men wore brown Windsor tuxedos with ivory ruffled shirts.

Wakefield Club Hosts Shower

Ten members of the Friendly Few Club of Wakefield hosted a baby shower for Mrs. Steve Oswald last Thursday afternoon in the home of Mrs. Randall Larson.

Mrs. Ralph Oswald was a guest. Games were conducted by Mrs. Dan Gustafson.

Next regular meeting of the club will be Oct. 21 at 2 p.m. with Mrs. John Sandahl.

Double Ring Ceremony Unites Utecht-Jensen

Lesla Renee Utecht, daughter of Mr. and Mrs. Derald Utecht of Wakefield, and Randall Gene Jensen, son of Mr. and Mrs. Lawrence Jensen of Emerson, exchanged wedding vows in a double ring ceremony Sept. 4 at the Salem Lutheran Church, Wakefield.

The Rev. Robert V. Johnson, of Wakefield officiated and the Rev. William Stanton of Emerson read scripture.

Mrs. Raymond Paulson was organist. Michael Johnson sang "Follow Me," accompanying himself on the guitar, and "The Wedding Song," "The Lord's Prayer," and "Colour My World." Both are of Wakefield.

Church decorations featured altar bouquets of white gladioli and bronze pompons and a spiral candelabra with white candles entwined with greenery and mint green and bronze pompons. Pews were marked with white lantern postholders holding mint green candles accented with bronze pompons and green streamers.

The bride's attendants were Mrs. Pamela Hanson of Lincoln, matron of honor, and Carla Utecht and Leslie Gardner, both of Wakefield, bridesmaids. Personal attendants were Marcia Matthews and Joyce Novak, both of Lincoln.

The bridegroom was attended by Don Jensen of Dakota City, Jarel Schroeder and Douglas Schwarzen, both of Wakefield.

Candles were lighted by Janie and Julie Jensen of Dakota City. Susan Nuernberger of Wakefield was flower girl and Monty Hawk of Roselle was ring bearer.

Ushers were Kerry Hanson of Lincoln and Robert Puls, Dan Brown and Mike Oswald, all of Wakefield.

The bride appeared at her father's side in a formal gown of white Quilana jersey, fashioned with a high regency neckline covered with re-emphasized Alencon lace. An inset of nylon illusion, which accented the bodice, was edged with lace appliques and seed pearls, and a band of matching lace encircled the highrise waistline. The bell sleeves featured bands of Venise lace and were edged with re-membered Alencon lace in a scalloped edge. The A-line skirt swept into a chapel-length train and the hemline was edged

with Venise lace flowers. The bride wore a three-tiered veil of nylon illusion accented with lace appliques. The veil was held in place by a lace covered shell cap sprinkled with seed pearls and crystal beading. She carried a cascade of green-tipped white roses, accented with white pompons, stephanotis, baby's breath and long white bridal streamers.

The bridesmaid's dresses were formal gowns of mint green polyester knit, styled with V-necklines with emerald green velvet wing collars. The A-line skirts featured a front inverted pleat and the long sleeves ended in an emerald green velvet cuff.

MR. AND MRS. RANDALL JENSEN

Their hats were of emerald green velvet and net with back bow and streamers, and they carried white hurricane candleholders with mint green candles and bronze pompons.

The bridegroom wore a white tuxedo with matching shirt and accessories, and his attendants wore mint green tuxedos with matching shirts. The bridegroom wore a green-tipped white rose with white stephanotis and baby's breath and the attendants wore bronze pompon boutonnières.

The bride's mother wore a formal gown of green jersey knit and the bridegroom's mother selected a beige polyester print, also in formal length. Both wore a white Juliette orchid.

Mr. and Mrs. Dan Gardner and Mr. and Mrs. Ralph Oswald, all of Wakefield, served as hosts to the reception for 325 guests, held in the church parlors following the ceremony. Guests were registered by Nancy Preston of Omaha.

Gifts were arranged by Darla Dreesen of Lynch and Mrs. Lori Peters of Wakefield. Gift carriers were Mark Wiegardner of Sioux City, Chip Dreesen of Hartington and Chris Paulson of Omaha.

Mrs. Al Hiltz of Wakefield was dining room hostess. The cake was cut by Mrs. Duane Dreesen of Hartington and served by Mrs. Kevin Brummer of Pierce and Mrs. Margaret Schneider of Oakland.

Mrs. Florence Carlson of Glenwood Springs, Colo. and Mrs. Alberta Skipton of Denver, Colo. poured, and Sheree Carlson of Glenwood Springs and Mrs. Gwen Jorgenson of Omaha served punch.

Waitresses were Becky Carlson of Glenwood Springs, Donna Dreesen of Hartington, Traci Paulson of Omaha, Jodi Prokop of Emerson and Lori Kay and LeAnn Barge, both of Wakefield.

Working in the kitchen were Mrs. Marian Christensen, Mrs. Erwin Brown, Mrs. Dale Anderson, Mrs. Norman Swanson, Mrs. Harley Bard, Mrs. Dorothy Kay and Mrs. Alden Johnson.

The bride is a 1975 graduate of Wakefield High School and is employed with the State Department of Health in Lincoln. The bridegroom graduated from Wakefield High in 1973 and is employed at Lewis Service Center in Lincoln.

The couple are residing at 1149 E. St., Apt. 6 in Lincoln.

Rolla Holds Tough Western to 6 Points

Stubborn Defense Awaits Stoltenberg's '11'

A stubborn defense awaits Wayne State's football Wildcats when they invade the University of Missouri Rolla Saturday afternoon. That's the word from scout Stew Cline, who watched

Rolla beat a strong Missouri Western team, 7-6, last Saturday.

Whether it was an upset does not matter much. What does matter is the ability of Wayne's offense to slash into or over the Miner defense better than it did against Northern State Saturday at Aberdeen, S.D.

The result there was a 27-13 loss in Wayne's opener against a fired up Northern squad which (1) had taken a 2-0 trouncing a week before, and (2) was playing for the first time in the new NSC football complex, with a crowd of some 6,000 attending dedication ceremonies.

The host Wolves treated fans to a 27-0 first half as they caught Wildcat defense out of position for long gainers on three of the touchdowns — passes of 40 and 39 yards, the other on a 75-yard run. The fourth came on a 43-yard drive which followed a series of punt exchanges.

Halftime lectures in the Wildcat den produces significant change. The Cats held Northern scoreless — in fact, kept the Wolves in their own territory through the half, except for one brief trip into Wildcat land after an interception. However, that Northern drive ended in a lost fumble.

Early in third quarter action, Wayne pounced on another fumble and promptly scored. Second quarterback Kevin Mahlberg pitched a five-play, 28-yard sweep which ended in a 10-yard pass to spill end Maurie Minkten. Mahlberg made his extra point kick with 6:15 left in the period.

After that, penalties and fumbles stymied both teams until late fourth quarter. Finally, Wayne's third quarterback Mark Minkten, freshman brother of Maurie, found a wide-open pass target in tight end Mike Green, and Wayne reached the Northern 17.

No matter that Northern intercepted a Minkten pass three plays later, Northern lost a fumble after two more plays, and the Wildcats found themselves six yards from the end zone.

Minkten missed on one pass. Then on the next, after Wolves chased him around the backfield, Minkten coolly spotted tailback Mike McMathon waiting in the end zone and connected. Mahlberg also connected for the point.

With only 55 seconds left Northern had no great worry, which may have contributed to still another fumble on the ensuing kickoff. Wayne had a chance for a third touchdown, but it evaporated on the next play, an interception.

Coach Del Stoltenberg, though not pleased with the first half, declared his Wildcats "played much better in the second, especially on defense."

At mid-week he said the quarterback job against Rolla remained a contest among Brad Hahn, who started at Northern, and Mahlberg or Minkten.

Pirates Capture VB Meet

Darkhorse Emerson Hubbard of the West Husker Conference knocked off favored Coleridge Monday night, then staked two more victories Tuesday to wrap up the championship title in the Winside Invitational volleyball tournament.

The Pirates of coach Carol Porter whipped last year's tournament winner Pierce, 15-9 and 15-12, to pull off the biggest surprise of the eight-team meet. Emerson kept the momentum going the next night with 15-3 and 15-8 wins over Laurel in semifinal play before the Pirates put down Osmond in three sets, 15-12, 8-15 and 15-11.

Third place went to the host Wildkittens who also went three sets to stake their second win of the season, this time over Laurel, 16-14, 9-15, and 15-12.

First-night action also saw Winside open with 15-8, 8-15 and 15-3 decisions over Coleridge; Osmond lopped Hartington, 15-12 and 16-14; Laurel over Wynot, 15-2 and 15-11.

Winside, which held a 1-4 record going into the semifinal match, jumped off to sizeable leads in the first matches by capitalizing on Osmond mistakes. Winside held an 8-3 margin before Osmond came back to take the lead, 9-8, and go on to win 15-13. In the second set Winside went ahead 6-1 before Osmond knotted the score at seven-all on an out-of-bounds play by Winside. The see-saw battle continued until Winside won 15-13. In the final set Osmond led all the way for a 15-5 decision.

"We served real tough," was the comment of Laurel coach Dwight Iverson after his Bears topped Wynot Monday. Cheryl Abts and Patti Stark provided the leadership for Laurel's second win in four games.

PLAY—DURING semifinal action of the Winside Invitational volleyball tournament included players from Winside and Laurel as the team battled to stay alive. Top photo, smashing a serve over the nets is Winside's Barb Peter, left, as Osmond's RaeAnn Reed coils for the return. Below, junior Cheryl Abts-ducks as Laurel teammate Patti Stark cups her hands to return an Emerson Hubbard serve.

W-P Stretches Reign in Husker Volleyball

West Husker powerhouse Wisner Pilger Tuesday night handed Wakefield its second loss in four games by stopping the host Trojanettes in three sets, 12-15, 15-13 and 11-15.

Mistakes made by Wakefield in the last set turned the game around for Wisner. Wakefield mentor Ernie Kovar said. Top pointmakers for Wakefield were Robin Mills with nine, Lisa Paul and Lynn Holm with seven each and Renee Wilson with six.

Mary Kober led spikers with nine while Holm and Wilson had seven each. Mills had eight sets. In other action Tuesday, both Wakefield's reserve and freshmen teams are looking for their first win in four starts. Wisner was victorious in the freshman match with scores of 15-10, 9-15 and 15-3. The visiting reserves posted 15-12 and 15-11 wins.

Monday night Wakefield went three sets to topple Bancroft, 16-18, 15-7 and 15-9. Mills led with 18 points while Kathy Schwarzen and Holm had nine and seven points respectively. Holm and Kober had eight spikes each and Wilson had seven. Schwarzen had eight sets; Mills, six.

Prep Picks: It's Homecoming at WH

By BOB BARTLETT
The clash of area rival football teams continues this week when the invading Allen Eagles take on the Winside Wildkittens Friday night during Winside's homecoming.
Both clubs will be trying to bounce back from defeats last week which evened each team's record at one victory and one loss.
Although both are Lewis and Clark Conference clubs, each team belongs to a different division so a win or loss won't hurt their standing. However, both coaches are quick to point out a win this Friday could be a major factor in determining a winning or losing season.
About Friday's game, the coaches commented:
Cliff Jorgensen, Allen High School — I hear they're fairly good sized. I expect (Cliff) Tillema to lead their ground attack because he was their leading ground gainer (against Walthill) last week. We expect Winside to run as they have in the past.
See HOMECOMING, page 5

Harrisers Show Big Improvement

Four of Wayne High's runners bettered their cross country times during Tuesday's triangular meet at Coleridge to give coach Harold "Mac" Maciejewski the impression that big things are in store for his Blue Devils.
Leader Jon Ley, who finished third, clipped 45 seconds off last week's time with a clocking of 14:43 over the rough Coleridge turf. "He appears to be our strongest runner," the coach added.

Smaller Budget Means Men Cagers Have to Pay

Beginning this year, men participating in city recreation basketball will have to dig deep in their pockets to play on the courts.
The reason, the recreation board told manager Hank Overin during Monday night's board meeting, is that there isn't enough money in the budget to pay for officials. In the past there wasn't any problem of paying officials, but this year the budget is down because property taxes are down, said board treasurer Dr. Wayne Wesel.
The estimated cost per player is \$5.
During the meeting, Overin reported that 101 boys are out for recreation football for youths in grades three through eight. The breakdown: 3-4 grades—34, 5-6 grades 38, 7-8 grades—29.
Assisting Overin this year are Steve Hix, Earle Overin, Doug Carroll, and parttime helpers Tom Ginn and Dean Carroll.
A total of 52 adults have signed up for Wednesday night recreation volleyball. Sessions are held at 7 and 8:30 p.m. at the city auditorium.
Overin also told board members that he is looking for a place to display trophies the American Legion baseball teams have won.

Trojan Reserves Nip Laurel, 7-0

Doug Starzl ran back a Laurel punt to about the Bears' 30-yard line and teammate Scott Hallstrom punched across the goal line from four yards out to give Wakefield reserves a 7-0 victory Monday afternoon.
Hallstrom's score with a little under four minutes left in the fourth quarter ended Trojan frustrations after three touchdown plays had been called back because of penalties and fumbles.
Quarterback Jeff Simpson directed the Trojans' scoring attack in seven plays before Starzl booted the ball through the uprights for the extra point.
Laurel also had its share of frustrations when several times the Bears moved inside Wakefield's 20 but couldn't keep the drive alive.
"Much happiness is overlooked because it doesn't cost anything."

College Spikers Meet Platte in Season Debut

Monday marks the volleyball opener for Wayne State women spikers with Platte College as their first foe. The girls will return to Wayne Sept. 25 for a home bout against Platte again and Midland.

Six starters are back from last year to round off a returning 16-player count. Becky Kucera, a North Bent native, is the only player not returning. She graduated in 1975.

Scherick, Mullern and Cindy Keagle, Wakefield. Holding a 17-5 season record last year, the Wayne women defeated Platte College in a '75 battle. They also slipped by Midland.

Varsity players have not been chosen yet for this year's squad, but coach Fulton emphasizes

that team effort overrides star players in volleyball. "Cooperation among players" is her formula for a good volleyball team.

Wayne's entry into the Central States Intercollegiate Conference may be a challenge for the college spikers to top their last year's record, but the girls seem

optimistic and confident with the upcoming season.

After the September starters, other volleyball action will take place.

October — 1, at Ft. Hays; Stephens; 2, at Missouri Western, Pittsburg, Ft. Hays; 5, at UNO, Kearney; 6, Doane, Westmar; 9, Missouri Western, Washburn, Emporia; 14, at Doane, Peru; 16, at Pittsburg, Washburn, Missouri Southern, 18, UNO, Briar Cliff; 22, at Kearney, Ft. Hays, Hastings; 30 at Missouri Southern, Ft. Hays, Emporia.

November — 2, at Westmar, Briar Cliff; 4-6 — State Volleyball tourney at Nebraska Wesleyan; 18-20 — regional tournament.

Athletes of the Week

When it comes to playing solid offense, senior Dan Byers is the person Wakefield coach John Torczon turns to to lead his club.

Byers, who earns this week's Athlete of the Week honors for his offensive play against Allen Friday night, lifted his club out of a sluggish first-half effort with two key plays for a 12-0 halftime lead, and came back in the fourth quarter with a nifty 52-yard pass interception to nail down the Trojans' second win of the season.

The son of Dr. and Mrs. Paul Byers of Wakefield put Wakefield in front 6-0 on an end sweep following a blocked punt in the opening period. After another blocked punt later in the first half, Byers went 16 yards to paydirt. He had 54 yards rushing for the night.

Volleyball coaches from around the five-school area failed to nominate a girl athlete of the week in this the second week of male and female honors. Coaches who feel their players deserve the honor are asked to call in their nominations when making their game reports.

New players are: Marilyn Strate, Hoskins; Mary Jo Kluever, Columbus; Susan Homan, Creighton; Kathy

Baabi Wispe, a new instructor in physical education and coach of women's track, will assist coach Berniece Fulton in volleyball activities this year. Trainer for the team will be Pam Bishop of Fullerton, and Sue Meyer of Randolph will manage.

Returning players are: Lana Peterson, Alliance; Donna Lueders, Emerson; Diane Beacom, Hubbard; Donna Kelly, Hubbard; Karen Heeney, Hubbard; Kathy Johnson, Ithaca; Julie Nielsen, Springfield; Jane Scheel, Creston; Debra Glaser, Spaulding; Deb McCarter, Lexington; Barbara Thomsen, Fremont; Vicki Carsey, Fremont; Jane Clark, Auburn; Sheri Ballentine, Fullerton; Kay Sudbeck, Harrington; and Deb Bishop, Fullerton.

Si Prather took ninth place out of 15 runners with a time of 15:11, bettering last week's mark of 16:20. Jeff Backstrom was 13th with a time of 16:12. Kurt Powers and Byron Wacker were right behind at 14th and 15th with times of 16:24 and 16:43. Backstrom knocked off about 30 seconds while Powers wiped out almost a minute and a half from his season opening run.

Coleridge finished on top with 27 points while Harrington Cedar Catholic was second with 39 and Wayne finished with 54.

A garage door opener belonging to Budd Bornhoff, rural Wayne, was reported lost or stolen from his house about 9:30 a.m. Tuesday.

A car operated by Debbi Nelson, Dixon, struck the rear end of a pickup driven by Gordon Helgren, rural Wayne, about 5:15 p.m. Friday on the 200 block of Main.

L-C Foe Ponca Falls to Allen

Allen High's volleyball team put down Lewis and Clark Conference foe Ponca Tuesday night for its first loop victory and its second win of the young season.

The 2-1 Eagles stomped the visitors 15-6 and 15-4 on the strong serving of junior June Stapleton, who drove across 95 per cent of her serves for 13 points, and the overall good team spiking and bumping.

Also victorious was the reserve team which took 15-4 and 15-3 matches for a 1-0 record. Mary Jo Lundin and Lesa Wood led servers with 10 and eight points.

In the freshmen contest, Ponca emerged in three sets, 9-15, 16-14 and 16-14. Stacey Koester and Wood had 13 and 12 points. Allen's record is 0-1.

JH Wins, 6-0

Wayne's junior high football team nudged out host Norfolk Catholic Tuesday, 6-0, to win its first game of the season. No other information was available.

After Slow Start, Wayne Tops Randolph

Wayne High spikers got off to a slow start Tuesday night against visiting Randolph, but came back in strong fashion to win a key varsity match.

The Blue Devils of coach Mavis Dalton lost their freshmen and reserve matches before the varsity took two straight matches to nail down its fifth win against a solo defeat.

Senior Stephanie Dorcy again provided the leadership with 18 serve points, including 13 straight in the first set to give Wayne the win. Teammates Lori Johnson and Sydney Mosley provided the good net play with a combination of spikes and blocks, for the 15-1 and 15-4 victories.

The freshmen team dropped its second match in three starts, falling 10-15, 15-3 and 9-15 in the reserve match. Wayne lost 10-15 and 13-15. The reserves are 2-1.

Sanders' Time Best at WS

Jerry Sanders posted his best finish in two years of Wayne State cross country running when he placed second in a dual with Westmar Friday at Le Mars, Ia. The little sophomore from Kansas City, Mo., toured the five mile course in 27:51.

Wayne harriers scored 21 points, the best team performance in several years. Westmar tallied 40. Morningside also entered runners, but not enough for team scoring.

Hot behind Sanders came Don Rinehart, third at 28:00; Dale Sohl, fifth at 28:25; Chip Hagerman, sixth at 28:45; and Al Lubbe, ninth at 28:54.

Four other Wildcats finished out of the scoring.

Next for Wayne is the Nebraska Wesleyan W Club Invitational Friday afternoon in Lincoln.

Emry Guides WH Sophs to 6-0 Victory

Workhorse Brad Emry ran for 150 yards and Wayne's only touchdown Monday night to lead the sophomores to a 6-0 victory over host Stanton.

The speedy tailback collected 37 yards during the Blue Devils' 60-yard scoring drive on jaunts of 30 and 10 yards before he broke through Stanton's line for a seven-yard touchdown midway through the third period. Included in that drive, which took five plays was a 16-yard run by Roger Daniels.

Wayne had three others scoring opportunities halted because of a fumble and penalties. In the first period, Emry quarterbacked his team down to Stanton's three before a mix up between him and the center resulted in a Stanton fumble recovery on the six.

In the second half, Emry caught a 60-yard touchdown pass and ran in another only to have both called back.

In the Standings

Despite having one loss, Winside High's football team is tied for third in the Class C district, according to Nebraska School Activities Association district playoff standings released Wednesday.

The Wildcats and Leigh hold 11 records after two weeks of play and trail district 2 leader Walworth and Ponca, which are undefeated.

Homecoming —

(Continued from page 4)

To get our offense clicking, we must work on line blocking.

Ron Peck, Winside High School — We can play better football than we played against Walhill. We've gotta knuckle down and get a little tougher both on offense and defense. To stop Allen we're just going to have to play better defense than we have in the past. Offensively, we have to execute our plays properly. If we do that, we've got a good chance of winning.

Wayne's 21-20 defeat at the hands of Blair last week spoiled what would have been a perfect record going into the third week of picking winners in prep football. As a result, my record slipped to 8-1.

As expected last Friday, Wakefield topped Allen, 32-0; Walhill came out on top against Winside, 20-7, and Neligh blanked Laurel, 27-0.

Going into Friday's slate I pick (winners in boldface): Wisner-Pilger at Wayne — Blue Devils should be able to regroup for this tough West Husker battle. Coaches Ron Carnes and Don Koenig realize that a win Friday is a must if their team is to have any chance of a berth in the state playoffs.

Allen at Winside — Wildcats' defense plus the running of Cliff Tillema are too much for the smaller Eagles to face.

Plainview at Laurel — This game is a toss up. In the opener, the Bears nudged out Randolph by one point. Last week Randolph turned the tables to beat Plainview by two points. I'll go with the hometown Bears.

Dodge at Wakefield — Trojans looked sluggish against Allen last week. Combine that with the fact that Dodge's defense has yet to be scored upon and it looks like the visitors are the favorite.

PP&K Contest

Is Saturday

The annual Pun, Pass and Kick competition slated for 1 p.m. Saturday at Wayne State's Memorial Stadium will remain open to youngsters in junior high school.

That's the latest word from Roy Hurd, owner of the Ford dealership in Wayne which is co-sponsoring the competition along with Wayne Lions Club.

Rumors had been circulating that the PP&K contest would be closed to junior high youngsters.

Participants in the Pun, Pass and Kick program compete only against others their own age. Any youngster eight through 13 years of age, accompanied by a parent or guardian, has until Saturday to register at Roy Hurd Ford-Mercury, 119 E. Third. There is no entrance fee and no body contact during competition. No special equipment is needed and participation doesn't impair a youngster's amateur status.

Scoring is based on accuracy and range with one point added for every foot of punting, passing and kicking distance and a point subtracted for every foot off center line.

Backstop / Bob Bartlett

coach Hank Stram, get their noses mashed into the turf by Minnesota. Nothing against the Vikings, you understand, but there were better games in this part of the U.S. which could have been televised.

One in particular is the Detroit Chicago game. You see I'm a Bear fan and that sweet 10-3 Chicago victory would have been great to watch.

Also worth seeing would have been the Washington Redskins' 19-17 come-from-behind win over the New York Giants.

When it came to broadcasting college games, the networks also missed out. The Sports Network of the Olympics choose to put on the Oklahoma State-Tulsa whitewash instead of picking one of the many opening day clashes between top ranking teams in the nation. For the sake of Irish fans, one game which would have been great to view was the Notre Dame-Pittsburgh game.

This Saturday Ohio State takes on Penn State, but the network will televise the Colorado-Washington game. Ho-hum.

ASCS Group To Meet In Wayne

Willard Heyne, chairman, said that Agricultural Stabilization and Conservation (ASC) state committee will tour Boyd and Keya Paha Counties Sept. 22 as a result of a request by the county committees of these two counties to initiate the Livestock Feed program due to extreme drought in their area this past summer.

En route, the state committee will meet with county committees in the areas of Fremont, Wayne and O'Neill. The committee plans to travel through the extreme drought areas in northeast Nebraska in order to see first hand the effect this may have upon farmers.

The Wayne meeting will be a noon luncheon at Les' Steak House.

Topics for discussion with county committees at the various stops will be the opera-

41 Members Attend Aid

Forty-one members of the Grace Lutheran Ladies Aid met Sept. 8 with Mrs. Lillian Miller and Mrs. Harvey Echtenkamp as guests. Hostesses were Mrs. Ed Grubb, Mrs. E.L. Hailley and Mrs. Edmund Heithold.

Mrs. Al Wittig had prayer and gave opening devotions, entitled "The Joy in Christ." The group sang "Now Thank We All Our God."

Mrs. Otto Saul, Mrs. Wallace Victor and Mrs. Warren Austin were named to the Christmas card program, "Take My Life."

The meeting closed with prayer. Mrs. Adeline Sieger, Mrs. Melvin Utecht, Mrs. L.H. Meyer and Mrs. Herman Steuve were seated at the birthday table.

Mrs. Otto Heithold, Mrs. Den nis Janke and Mrs. Robert Johnson will be the hostesses for the Oct. 13 meeting at 2 p.m.

tion and effectiveness of the disaster program as administered by the ASC county committees. Suggestions for input from committees regarding the Agricultural Conservation Program (ACP) will be discussed. The possibility of the loan level for feed grains and wheat being raised will also be discussed.

On Sept. 28 and 29, the state committee and state executive director will meet with other ASC state representatives in Iowa for an exchange of ideas with Washington personnel, as it concerns new farm legislation.

OBITUARIES

Lonnie L. Henegar

Funeral services for Lonnie L. Henegar, age 66, of Wayne were held Wednesday morning at St. Mary's Catholic Church, Wayne. He died Sunday at the Methodist Hospital, Omaha. The Rev. Thomas McDermott officiated and pallbearers were Merlin Beiermann, Don Cook, Rod Haglund, Frank Lindsay, Ed Skeahn, Todd Beiermann, Bob Nissen and Don Larsen. Burial was in Greenwood Cemetery, Wayne.

Lonnie L. Henegar, son of Alex and Margaret Dady Henegar, was born March 8, 1910, at Bloomfield. When he was three years old he moved with his family to Wayne.

On Oct. 18, 1932, he married Myrtle Hogan at St. Mary's Catholic Church, Wayne. They had made their home in Wayne since that time. He had been employed by Wayne County for 45 years.

Preceding him in death were two sisters. He is survived by his widow, Myrtle; his mother, Margaret Henegar of Wayne; two sons, James of Dixon, Ill. and Robert of Norfolk; one daughter, Mrs. Joseph (Marilyn) Hammen of Omaha; 10 grandchildren; one great grandchild, and two sisters, Mrs. Lou Morris, Wayne, and Helen Thornberg, Fairbury.

Mary V. Kunzie

The Rev. J. G. Werner officiated at funeral services Monday at Trinity Lutheran Church, Walthill, for Mrs. Mary V. Kunzie. Mrs. Kunzie died Friday in Pender. She was 69 years old.

Burial was in the Omaha Valley Cemetery, Homer, and pallbearers were Sterling Shreve, Norman and Arthur Christensen, Edward Kunzie and Wilbur and Dale Fuchser.

Mary V. Kunzie was born in Blair on Jan. 11, 1907, to Jens and Christina Hansen Kunzie. She married Paul Kunzie Aug. 2, 1948, at the Lutheran parsonage, Walthill.

She was a member of the Trinity Lutheran Church and Ladies Aid in Walthill. The couple lived on a farm northwest of Winnebago until moving into Walthill two years ago.

She is survived by her widower, Paul; two sons, Robert E. Novacek of Omaha, and Donald L. Novacek of Sioux City; one daughter, Mrs. Clyde (Lola) Denham of Clinton, Md.; one stepson, Larry D. Kunzie of Milford; seven grandchildren, two great grandchildren; two brothers, Hans and Oscar Christensen, both of Pender, and two sisters, Mrs. Neal Shreve of Sioux City and Mrs. Eward Wingell of Walthill.

Mrs. Edna Riebe

Mrs. Edna Riebe, age 83, of Miles City, Mont., died last Wednesday.

Funeral services were held Saturday morning at the Graves Funeral Home. Burial was in the Miles City Cemetery.

Born March 17, 1893, in Wayne, she was the daughter of Harry and Jane Hardy Barnett. She married Leonard R. Riebe in Miles City on Sept. 30, 1914.

She preceded in death by her husband in 1969. Survivors include two sons, Leonard, Jr. of Denver and Marshal of Coeur d'Alene, Idaho; one daughter, Mrs. Noel (Ann) Lagora of Lawton, Okla.; six grandchildren, and four sisters, Mrs. Lu Cook of Zephyrhills, Fla., Mrs. Wes (Nina) Linn of Pharr, Tex., Mrs. Virgil (Jo) Davis of Orange, Calif., and Mrs. Everett (Gladys) Roberts of Wayne.

Wayne Airport Open House Date Announced

The Wayne airport authority Monday night set Oct. 10 as the date for open house at the airport, in conjunction with General Aviation Awareness Month in October.

Complete details will be announced later but plans so far include inviting pilots from the surrounding area to fly their airplanes in conjunction with the display during the event.

A pair of officials from the Nebraska Department of Aeronautics attended the meeting to review the airport authority's responsibilities and programming.

Authority members inquired about the procedures for requesting state and federal funds for airport improvements.

Member Merlin Wright said the authority specifically inquired and the process for requesting funds for possible runway extension, additional hangar space, and a new shop building, and learned that funding for those projects is available on a long range basis.

Winside to Name Royalty During Halftime Friday

The field of candidates for this year's Homecoming royalty at Winside High has been narrowed to four seniors each for king and queen.

King candidates are Dale Bowder, Brad Langenberg, Wayne Smith and Neil Wagner; queen candidates are Lori Lienenmann, Barb Peter, Jean Wacker and LeNell Zofka.

Friday morning students will elect a king and queen and that night the royalty will be announced during halftime of the Winside-Allen football game.

NEBRASKA'S GREATEST PASSER?

Nebraska has had more than the Big Red's share of great passers, such as Tagge and Humm and many others. But she has one in the legislature who has not been properly recognized or appreciated.
 He is Bob Murphy from the 17th District.
 Bob "passed" four times out of seven on the right-to-life bill. When he did vote, he voted both sides.
 His "pass" on equalization of taxes was one of his worst. He had tax relief for the overworked property tax right in his hand and threw it away. ONE VOTE FOR RELIEF WAS ALL IT TOOK AND BOB PASSED — THE ONLY LEGISLATOR TO DO SO.

As the President said in his state-of-the-union message: "The property tax is one of the most oppressive and discriminatory taxes."

If elected, I will vote for property tax relief at every opportunity. The Zero-Base budget which I favor, and the reform of the Income Tax would more than offset this relief.

AARON BUTLER
 Non-Partisan Candidate for the Legislature.
 Who will not dodge controversial issues by "passing."

That's Horsepower

MURRAY LEICY of rural Carroll still believes horses can provide useful horsepower on the farm. Raising and breaking Belgians horses remains a hobby, and he is shown here driving a team purchased from Amish people near Tobeka, Ind., where his brother, Ed Leicy, now of Carroll, was formerly employed as a buggy painter. Full grown Belgians weigh about a ton, Leicy said, and he uses them for hauling hay, sowing oats and hauling feed in the winter. Leicy and his wife, Donna, and two sons, Duane and William, farm 480 acres, keep stock cows, hogs and sheep, and milk 25 cows.

Thought for Today
By Rowan Wittse
"The man who will use his skill and imagination to see how much he can give for a dollar instead of how little, is bound to succeed."
Henry Ford
The great automaker was a real authority on this subject. His policy of giving more for a dollar and bringing low-cost cars within the financial reach of millions, made him one of the world's wealthiest men.
It's a policy that applies to everyone, whether in business or not. Giving more than expected, going the extra mile, doing more than our share... these result in great personal satisfaction.
We are available to discuss any matter pertaining to funerals, including detailed cost information, at your convenience. We will visit you in your home if you prefer. Just phone. The Wittse Mortuaries are locally owned and operated by your neighbors and the third generation of the Wittse family.

USDA NEWS

Corn Production Down
Corn production, as of September 1, was forecast at 483.6 million bushels, eight per cent less than on August 1, according to the Agricultural Service, state statistician of the Nebraska Crop-and Livestock Report Service.

Total production would be four per cent less than last year but 25 per cent greater than the 1974 crop. Yield was forecast at 78 bushels per acre, down seven bushels from August 1 and last year.

This compares with the 1971-75 average yield of 87 bushels and the record level of 104 bushels achieved in 1972. Acres intended for grain total 4.2 million, five per cent above last year's harvested acres and the largest since 4.5 million acres were harvested for grain in 1960.

Oryzland corn production was forecast at 89.6 million bushels, down 34 per cent from last year. Yield was forecast at 34 bushels per acre, down 17 bushels from 1975. The yield compares with the 1971-75 average yield of 60 bushels and the 1972 record high of 85 bushels. Farmers intend to harvest 2.65 million acres of dryland corn for grain, 20.000 less than last year.

Irrigated corn production was forecast at 394.0 million bushels, seven per cent above 1975 and 25 per cent above 1974. Yield is forecast at 113 bushels per acre compared with 113 bushels last year, the 1971-75 average of 113 bushels and the 1972 record high of 124 bushels. Farmers intend to harvest 3.55 million acres, nine per cent above 1975.

Sorghum Grain
Production of sorghum grain was forecast at 98.4 million bushels, down 13 per cent from last year. Yield per acre was forecast at 48 bushels, seven below 1975. This compares with the 1971-75 average of 58 bushels per acre and the record of 73 in 1969. Acres for harvest at 2.05 million acre nine per cent above 1975.

Soybeans Down
Soybean production was forecast at 22.7 million bushels, down 15 per cent from last year. This would be the smallest production since 1971. The forecast yield of 22 bushels was

five bushels below last year, six bushels below the 1971-75 average yield, and 10.5 bushels below the record level achieved in 1969 and 1972. Acres for harvest at 1.03 million acre 16 per cent below 1975.

Other Crops
Dry bean production is forecast at 21 million cwt, 11 per cent above 1975 but two per cent below 1974. Sugar beet production is forecast at 1.3 million tons, down 14 per cent from last year's record production.

PSC Chairman Praises Plan

Nebraska Public Service Commission chairman Duane Gay but none appears to have been as well thought out as the Nebraska plan.

With only some slight changes in the customers calling practices, they can make substantial savings if there is enough calling volume to warrant the bulk rate. Gay explained that customers would have the option of a 15-mile radius exchange to exchange for \$3.20 per month, a 25-mile radius for \$4, with comparable average rates.

Gay had requested the industry to cooperate with the PSC staff in developing a bulk plan for volume users of short distance calling. A hearing has been scheduled at 1:30 p.m., Sept. 27 so the public can comment on the plan.

A few other states have developed similar plans, said Gay.

a teacher, but not more than 10, must have demonstrated an "exceptionally high level" of competence as a teacher; must have developed a comprehensive program which has contributed to the school and community, and must have contributed professionally to local and state band organizations.

Since becoming band director at Wayne Dalton has expanded participation in marching competition in the state and has worked extensively in furthering development of the school stage band.

Dalton and his wife Mavis, and 16-month old daughter Kathy reside in Wayne.

Name Correction For Monday's Wayne Herald

In the obituary column of Monday's Wayne Herald Donald Harold should read Donald Larsen.

EXTENSION NOTES

By Anna Marie Kreifels

Life in 1975 the cost of mailing a letter went up to 13 cents. Early in 1974 the costs was 8 cents. This represents an increase of 62.5 per cent in less than two years, an almost 300 per cent greater than the rate of inflation for those same two years.

Here are some tips for cutting your postal costs:
Pay your utility bills at your bank or savings and loan, if possible. Many savings institutions offer this service. You might even ask about free "bank-by-mail" envelopes.
Arrange with your bank to have auto loan payments and mortgage payments withdrawn automatically from a special savings account. You'll save

stamps, earn interest on your money right up to payment due date, and you'll avoid late payments.
Use the same credit card all month to buy gas. If you use four credit cards you'll use four stamps to mail payments.
Never use Air Mail unless you are mailing overseas. Almost all long distance mail now goes by air whether it is sent First Class or Air Mail.
Use postcards whenever they'll serve the purpose as well as a letter. And occasionally a toll free telephone call (800 number) can eliminate postage costs entirely.
Many people are cutting back on sending Christmas cards. They're giving the money saved to charity.

Council

(Continued from page 1)
downtown improvement committee, replacing Clarence Kuhn who resigned for health reasons.

Approved the appointments of Chris Lueders and Jim Granquist to the volunteer fire department.

Accepted a bid of \$19,142 for a tractor, mower, loader and backhoe from Midcon Equipment of Sioux City. Mayor Freeman Decker broke the tie in the vote which saw Ted Bahe, Jimmie Thomas, John Vakoč and Vernon Russell vote against accepting the bid. The advisability of purchasing the equipment, particularly backhoe, was questioned.

Voted not to pursue further a suit in which the city alleged the county owed it \$7,000 under a contract for ambulance service. A ruling in favor of the county was returned in district court and counsel for the city advised against appealing the decision.

Heard a protest regarding the city's construction of a pole shed on the southwest corner of Nebraska St. and Fairgrounds Ave. It was pointed out that other persons in the neighborhood have been denied permission to erect commercial buildings in the area, under city zoning ordinances. It was alleged that the building was unsightly. The council took no action to stop construction but agreed that an effort should be made to ensure the building is compatible with the area.

Passed an ordinance raising Brink's salary by \$100 a month, to \$22,555 annually. Dissenting votes were cast by Bahe, Vakoč and Carolyn Filler.

Approved an ordinance to rezone the site of the burned rendering plant, which burned last year, from industrial to agricultural.

Tabled action regarding sale of a house at 208 W. Third St. City auditorium manager Merr Ellis is provided the home as part of his pay as a city employee. Bahe said he thinks the house should show a reasonable return on its value, which he placed at \$30,000, if the city is to retain ownership.
Renting the house, with the possibility of raising Ellis' pay to compensate for loss of the benefit, was discussed, but the matter was tabled before any action could be taken.

Get rich slowly.
We'll be the first to admit it. Getting rich overnight is probably the more intriguing idea. But it's awful tough nowadays. And getting tougher all the time. So what's left? Well, there's the next best thing. Getting rich, slowly. You know, little by little. And here's your chance. It's called the Bankers Travel Card. It's a discount card, good at many, many places of business throughout the United States and Canada. No matter where you go. On vacation. On a business trip. Shopping around town. The Bankers Travel Card will save you money. Go ahead and buy something you like and just show your Bankers Travel Card. Right then and there, your bill goes down a healthy 10 percent. Sometimes even 20 percent.

Our booklet, "The Bankers Travel Card Directory," lists just exactly which establishments do business by it. They include restaurants to hardware stores to hotels, like selected Ramada Inns, Holiday Inns, Sheraton and Hilton. And how do you get this incredible card? That's easy. Just waltz right into our bank and ask. We'll tell you how and it's easier than you think. What's the catch? One catch. You can't get one of these cards just any place. But you can get one at our place. That's why we call it our "trump" card. So what's your decision? Do you want to get rich, slowly? Or not at all?

Right Here in Wayne!

Worm Problem Increasing

Armyworms and bean cutworms have increased in importance as crop pests in Nebraska this season, according to Robert Roselle, University of Nebraska-Lincoln extension entomologist.

A large population of second brood armyworms has caused problems, Roselle said. However, the armyworms are nearing the end of their feeding period, prior to pupating in the soil, and should not recur this year, except for a few stragglers, he said.

The first brood of bean cutworms already has entered corn ears and cannot be controlled, he continued. "If the ears are severely infested, farmers should consider using the corn for silage," Roselle advised.

Armyworms may be present next year, and crop producers should look for them in June rather than August, the UNL insect specialist said. Recurrence will depend upon migration patterns, weather and grassy weeds. Weed control will reduce armyworm numbers.

Bean cutworms likely will reappear next year as part of a natural cycle. "This was a big year (for bean cutworms) and the next year or two are likely to be similar," Roselle said. No preventive measures can be taken this year to reduce next year's potential, although early corn is less likely to attract bean cutworms.

The UNL insect specialist cautioned farmers to watch corn closely in late July for bean cutworm eggs and larvae in the tassels. This early detection is necessary in order to take necessary control measures on time.

Roselle urged farmers to keep in contact with county extension agents in order to keep up with the latest developments in control and detection of these and other insect pests.

Time to Plan Tree Planting

October in Nebraska is ideal for planting evergreen trees and shrubs.

Deciduous plants brought at bargain prices may be stored in a protected location and mulched with wood chips, leaves or grass clippings for spring planting. Now is the time to decide which plants are needed.

Spring bulbs are best ordered in early September. Planting can then follow in late October. The anticipation of spring is always enhanced by scanning spring bulb catalogs and planning a colorful border or bed.

Select quantities of the same bulb so as to have large groupings of the same color to make a bolder accent. A few scattered bulbs seldom make an impact. The colors should harmonize with each other, the surrounding plants and home's exterior material. Advance planning allows the homeowner to plan his landscape budget by knowing just what he will need and

by being aware of the possible plant bargains. Perennial plants can thus be added over several years at less expense. However, a landscape composed entirely of bargains seldom is harmonious.

Planting beds can be prepared now for fall and spring planting. The removal of weed and grasses and deep spading will allow aeration and mellowing of proposed planting soils. A person is also better able to visualize plant placement in anticipation of the effects planting may have on the overall garden once the areas are prepared.

Dry fall conditions call for thorough watering of existing and newly planted evergreens, before severe frosts. This keeps them healthy during winter months. By piling snow removed from walks or drives in spaded areas, their soil moisture can be supplemented. It makes the job of planting easier.

Drought Silage

The following information is based on a newsletter written by Vernon Krause, District Extension Beef Specialist.

Many farmers are wondering what to do with corn suffering from drought. The best way to salvage the corn seems to be as silage. Experiments at the Northeast Station have shown drought silage to have a feeding value ranging from 85 to 100 per cent of normal corn. Since drought corn may be of lower value, it is important to define drought silage. Corn yielding less than 15 bushels per acre could be considered drought damaged corn while corn yielding above 15 bushels may be considered normal corn with reduced tonnage yields.

If drought silage yielding less than 15 bushels per acre is worth 85 per cent of the value of normal corn it is simple to calculate a price. It can be assumed that costs are about \$1.20 per ton for storage, \$5 per ton for chopping, hauling and packing and 15 per cent loss in tonnage during storage due to fermentation.

Pricing Drought Silage

If normal silage (65 per cent moisture) is worth \$20 per ton then drought silage (65 per cent moisture) would be worth \$17.00 per ton out of the silo. If the same drought silage was priced standing in the field it would be worth \$8.43 per ton because chopping, hauling and packing costs would need to be deducted. In most cases the drought silage would be priced at 85 per cent of what normal silage is worth providing both silages have the same moisture content. The

above \$20 per ton price is just for illustration purposes since most silage is selling at a higher price than this.

Silage vs. Hay Price

They used the computer at the Northeast Station to determine the value of the corn silage at 65 per cent moisture based on prices of early bloom alfalfa hay. If hay was priced at \$45 per ton, corn silage out of the pit was worth \$23.24 per ton from the silo and \$13 to \$14.50 per ton in the field. At \$55 per ton for hay corn silage is worth \$26.27 per ton from the silo or \$16 to \$17 per ton in the field.

Pricing Normal Silage

Normal corn silage (corn producing over 15 bushel per acre) can be figured on a per ton basis based on market price of the corn. The formula is a little too complicated to explain in this column, but I have the information in the office. The example Mr. Krause used in his newsletter showed that if corn grain was worth \$2.80 per bushel the silage would be worth \$17.17 per ton (65 per cent moisture) standing in the field. Using the formula devised by Krause price of the normal silage can be computed based on the market price of corn grain.

Reminder

The above prices are intended to be used as a guide. The actual price is dependent on supply and demand and may vary a great deal from area to area.

The word pay comes from the Latin *pacere* meaning peace, by way of *pacare*, to appease.

Bleak Picture for Feeder

Cattle feeders in Northeast Nebraska and in the rest of the state shouldn't expect any major increases in the price of fat cattle for at least 18 months.

That was the prediction by one of three panelists Monday night during a fall outlook meeting conducted by the Northeast Nebraska Livestock Feeders' Association in South Sioux City.

Roy Dinsdale, a cattle feeder and owner of a bank in Palmer, told the gathering of about 140 that he didn't have any good news for those attending. Dinsdale, who also owns banks in other states, said he's not particularly proud that during 27 of the last 36 months the cattle industry has been losing money, but he added, "a lot of the losses are our cattle feeders' own faults."

Dinsdale blamed cattle feeders for holding onto the stock too long, creating an oversupply of cattle and thus driving prices down on the stock market.

When is the market going to get better? Perhaps not for a year to 18 months, Dinsdale speculated. "We continue to feed cattle too long. What we have to do is be more efficient," he said, adding that the sooner cattlemen act like middlemen the better off they will be.

Reading from an article on the future of the beef industry, Dinsdale said that the low price of hamburger has created a hamburger society. At retail food stores hamburger sells for 85 cents a

pound compared to \$1.85 per pound for steaks. The difference represents a 218 per cent increase in the price of steaks. "That's where we're having our trouble selling the housewife," he said.

The trend, he went on, is lower prices. To meet those lower prices, cattle feeders are going to have to reduce feeding grain.

Commodities experts Chris Anderson of Heintzhold Commodities Inc. of Norfolk and Tom Ward of R.B. and H. Commodities of Yankton pointed out that the futures market is the safest way for cattle feeders to sell and possibly make a profit.

Anderson said that market prices will be getting better, possibly by next year. The present \$42 per hundred weight for fat cattle could reach \$45, but, he cautioned, "I don't see a price of \$50 any where in the cards."

Both representatives agreed that hedging the futures market can be risky at times, but if it is one way of assuring the feeder of a likely possible good price when it comes time to sell.

Anderson pointed out that many feeders could take advantage of the futures by hedging now and renegotiating just before he sells.

"Any way you look at it, the cattle feeder has to take care of himself, no one else is going to," Anderson commented.

Great tire deals and more...

1980	1985	1990	1995

1995 may be the farthest thing from your mind when comparing Reinke irrigation systems to the others. But we think of it as the last of 20 potentially good years. Years of good yields for you... good customers for us. That's why we choose to offer the circular irrigation systems with the best warranty package in the business — 20 year corrosion warranty on steel and aluminum pipe, and a 3 year warranty on all parts, including trees.

We could list dozens of reasons why the features on Reinke Water Management Systems are unmatched in the irrigation industry. But you buy more than features when you invest in irrigation—you buy a company and a dealer, too. If we didn't offer "America's Finest Circular Irrigation Systems," we couldn't make this kind of offer. If we weren't your neighbor, we wouldn't want to want more reasons? Stop by, we'll give you more.

Ensilaged forages can produce dangerous gases and dusts which could lead to permanent respiratory damage, according to Rollin Schneider, University of Nebraska-Lincoln extension safety specialist.

Two diseases of particular concern to farmers, he said, are silo filler's disease and farmer's lung.

Silo filler's disease is caused by a gas — nitrogen dioxide — produced by fermenting silage, Schneider explained. Concentration of the gas reaches a peak 24 hours after ensiling and usually subsides in two to three days.

Concentrations in the 200 to 4,000 part per million range have been measured inside freshly-filled silos. In comparison, the Occupational Safety and Health Administration (OSHA) has established a limit of five parts per million for industrial exposures, Schneider added.

When the gas is inhaled, acute shortness of breath occurs and often tissue-damage results, making a person's ability to exchange the transfer oxygen within his system difficult. Both concentration of gas and length of exposure are critical factors. Farmers should stay out of freshly filled silos, Schneider cautioned.

Farmers' lung results when moldy forage dust is inhaled, he explained. Moldy hay, oats, barley, corn or beet pulp are the main contributors to the disease. Ironically, he added, peanut dust and moldy soybeans do not contribute to the malady.

"Ensilaged forages with a 30 per cent moisture content mold and produce spores which are then carried by the forage dust," Kass said.

The best way to prevent farmer's lung is to watch the moisture content of silage, particularly guarding against storing wet hay, and to spray with two per cent propionic acid to kill spores, he said.

Those exposed to the spores experience chills, fever, severe headaches, shortness of breath and dry cough. Like silo filler's disease, victims of farmer's lung could suffer permanent disability.

Legend has it the first cocktail was served in 1776 in a New York bar decorated with chicken feathers.

South Sioux City High School will host a continuing education course, "Language Arts for the Special Learning Disabilities (SLD) Child," Oct. 1-3 with a follow-up session on Nov. 6.

A part of the Wayne State College continuing education curriculum, the course will focus on different-than-conventional approach to reading. "Language Arts" should be of particular interest to classroom teachers with students who have problems in reading and spelling.

Methods from Project Success, an experiment now in its fourth year at the Wayne-Carroll school system, will be implemented in the weekend course. Instructors are Marlan Renick and Mary deFreese, qualified language therapists. Offering two senior or graduate level credit hours, Education 670 is a prerequisite for the course.

Persons interested in "Language Arts for the SLD Child" should contact Don Keck, director of continuing education, Wayne State College, Wayne, NE., 68787. Deadline for registration is Sept. 24.

THE WAYNE HERALD

Getting Down to Business

MEMBERS OF Wayne Lions Club, from left, Dale Stotenberg, Cleo Sharer and Charles Denesia gather around district president Jim Loftquist of Laurel during the Lions' district meeting Sunday at the Student Center on the Wayne State College campus. A total of 240 members from 22 of the 32 clubs in the district attended the cabinet meeting, one of four held during the year. Among some of the goals set were to start up six new clubs and increase membership by 150.

Economy Levelled Off In May

Overall, economic activity in Nebraska leveled off in May, dropping back slightly from April's level. Even so, the state's economy was operating at a level about two percent above that of the same month a year ago.

Based on data in the September issue of "Business in Nebraska," the monthly publication of the Bureau of Business Research of the College of Business Administration at the University of Nebraska-Lincoln, Dr. Edward Hauswald, associate director of the Bureau, says that the recovery of the state's economy from last year's recessionary levels appears to have been interrupted for a month at least.

After the first five months of 1976, the state's cumulative year-to-date physical volume index stood at a level of 3.3 percent ahead of that of the same period in 1975. At the end of the four-month period ending with April, the economy had also been ahead by 3.7 percent. After March, it was ahead by 3 percent; after February, by 1.7 percent; and after January, by 1.9 percent.

Except for slight interruptions in late summer 1975 and February 1976, the state's economy has been on the upswing since March of 1975. This period does not, however, take in the developments of the summer and fall of 1976. Some of the effects of the drought and the decline in prices received in the agricultural sector will not only show up in the indexes of near future months but also those of even a year or so hence. Whether or not the favorable, expansionary developments that are occurring in the economy will offset the unfavorable, contractive ones of the recent summer and current fall months remains to be seen, he said.

Indexes of year-to-date volumes show that compared with the U.S. economy, the state's, while still climbing, has not been recovering as fast a rate as that of the nation. This reflects, for the most part, the lower level from which the national economy is starting its comeback. Thus, in May, Nebraska's real volume stood at a level two percent above a year ago, whereas the national index was five percent above.

Contributing to Nebraska's slowdown and slight decline from April's level were declines in the agricultural and distributive sectors, and a small decline in manufacturing. Gains in manufacturing in recent months had been contributing an expansionary force.

The drop off in Nebraska's agricultural sector, from April to May, after a few months of gains, was six percent in dollar volume and 4.5 percent in physical volume. Nationally, both dollar and physical volumes had slipped, approximately seven percent.

Even so, given agriculture's greater share of total output in Nebraska, the smaller percentage decline in the state's agriculture index had a greater impact of the state's total economic activity index than the drop in the indexes of other major sectors had on the nation's total activity index.

A reduction in employment and a reduction in retail sales

combined to cause a drop off of about 15 percent from April to May in the real volume of activity in the distributive sector. Although after adjustment for price inflation retail sales for the state as a whole for this year are still about 12 percent above the total for the first five months of 1975, the relative improvement over last year's total declined in both April and May. Also, one-half of the state's principal trading centers had real volumes of sales below those of the same month a year ago, which, when compared with previous periods, indicate a widespread drop off in retailing.

Wayne Man Is Lucky Winner

Being born in the late 1800's seems to be a lucky time for the century for George Baird of Wayne.

Baird, who was born on April 3, 1887, again was the consolation prize winner in last week's Birthday Bucks drawing when his date was found to be the closest to the winning date of March 30, 1889.

Baird, who has won several times, was in Kaup's TV Service last Thursday night when Mrs. William Kaup drew the date. As

GEORGE BAIRD

a result, Baird won \$25 in Birthday Bucks, which can be spent just like cash in any one of the participating Wayne businesses. Had his birth date matched the winning date, the Wayne man would have won the grand prize of \$425. As a result of no one winning the top prize, the total grows \$25 to \$450.

Tonight (Thursday) some lucky shopper will have a chance to win either prize simply by being present in any participating business when the date is announced at 8:15.

Business notes.

Frank Plueger, an employee of the Allen Farmers Coop Elevator, attended a special feed school in Fort Dodge, Iowa, Aug. 26-27.

The feed school, sponsored by the Land O'Lakes Agricultural Services feed division, is designed to continue the company education program by training employees in their role of serving farmers.

Beef, dairy, swine and poultry feeding management factors are covered during the school. Special tours were made of the company research farm, and feed and vitamin manufacturing plants.

A 1973 Wayne High graduate, Jay Kohl, has been appointed manager of a pair of theaters in Spirit Lake, Ia.

Jack March, owner of the March Theaters in Wayne, said Kohl is now manager for the Spirit Drive-In and Royal Theatres, both in Spirit Lake. Kohl attended Wayne State College, majoring in communication arts. He has been employed by March for six years and has been assistant manager of the Duce Ranch Drive-In and Gay Theatre in Wayne.

Add Courses to Fall Schedule

Several new courses are being offered this inside year at Allen public schools.

They include a hunter-safety program, health and first aid, special English, creative writing and junior-high sport program, according to principal Dale Kennedy.

Gliff Jorgensen is conducting the hunter-safety course, Jim Knott is in charge of health and first aid and Mrs. Marcia Rastlede and Connie Roberts are teaching creative writing class for students who help publish the class yearbook and school paper.

School board members decided last school year to incorporate junior high sports program into the daily schedule after parents complained of their youngsters getting home two late when practices were held after school. As a result of the change, more students are taking part in the program, Kennedy pointed out.

In addition to the new courses, the school also has a full time guidance counselor this fall. He is Lee Remer.

Are Marching With NU Band

Students from Wayne and Laurel have probably been counting cadence in their sleep following hours of preparation for performances as part of the University of Nebraska-Lincoln NU Marching Band.

Dave Devolof and Susan Schroeder of Laurel and Doug Straight of Wayne are among the 245 marching musicians in the band.

Members practice one hour each day in preparation for pre-game and half-time ceremonies during each home game.

The band also attends out-of-town games and bowl contests.

The first appearance of this year's edition of the band will be during the Nebraska v. Texas Christian University game Sept. 25.

Members of the NU Marching Band Alumni Association will be holding their third annual meeting that weekend and will also be marching in the pre-game ceremonies.

Project Predict and Prevent now serves more people in a larger area, a representative of the program told Wayne Kiwanis Club members Monday.

Gwen Dickey told the group that Project Predict and Prevent has grown considerably since its affiliation this year with Educational Service No. One, headquartered in Wakefield.

Project Predict and Prevent, which is designed to identify pre-school children with developmental problems, and teach parents to work with children in the home, covers six counties, including Wayne, Dixon, Cedar, Dakota, Knox and Thurston.

When the program was first started in Wayne last year, the education building on Wayne State campus was the center and teachers would leave the building to conduct classes in the homes of parents whose children qualify for special needs. Now the program has a teaching center at Benthack Hall of Science where parents can bring their children for special classes.

Mrs. Dickey pointed out that staff teachers still go to the parents' homes, but more classes are being held on campus. Available at the new teaching center are curriculums and library materials, including toys, to help parents teach their youngsters in their homes so that each child may reach his optimum potential.

Wanted: 12,000 Cereal Box Tops

Students in Wayne Middle and Winsde elementary schools are conducting drives to collect box tops from Post Cereal brands in order to trade them in for physical education equipment.

Each school is aiming to collect 6,000 box tops. Deadline for Wayne students is March 31, 1977; deadline for Winsde students is April 15.

Interested families are asked to save their box tops and send them with their child to school.

FOLLOWING HER talk at Wayne Kiwanis Club, Gwen Dickey chats with Kiwanians Dan Sherry, left, and Ken Olds, about her involvement in Project Predict and Prevent.

years who have a speech disorder, language delay, hearing impairment, learning disability, physical handicap, mental handicap or visual impairment may qualify for help under Project Predict and Prevent.

Mrs. Dickey said that some

persons have the misconception that the program is for testing purposes only. "The main thrust of our work is to work with parents to help their children," she added. Working in the teaching lab are Kay Cattie, Kathy Schuttz and Lori Keck, all of

Wayne.

Prior to Monday's talk, club president Dan Sherry presented member Ken Olds with the President's pin for being the leader during the August membership drive.

Workers May Qualify For Disability

Some people who become disabled don't apply for social security disability payments because they think they haven't worked long enough, but they may be eligible, according to Dan Brown, social security district manager in Norfolk.

"They may be young people who've worked only a few years," Branch said. "They may think that a disabled worker needs five years or more of work covered by social security to be eligible for payments — so they don't apply."

"But under the law, workers disabled before age 31 may need less than five years of covered work," he said.

Disability payments are generally made to people with little or no income and limited resources who are disabled or blind or 65 or over.

"People can get more information about the social security disability program and the SSI program by calling or writing any social security office," Branch said. The Norfolk social security office is at 1310 Norfolk Avenue. The phone number is 371-1595.

New Directors

The Wayne County Izaak Walton League Monday night elected three new directors.

Elected to three-year terms are Steve Hall, Deward Hamm and Richard Dilman, replacing Richard Baier, Al Shufelt and Jerry Wort.

Jerry Kuhl was advanced to president from vice president. Marvin Brummond was elected vice president by the board of directors and Morris Weible was re-elected secretary-treasurer.

Local 4-H'ers Show Beef in Norfolk Show

Several 4-H members from Wayne County showed beef animals at the Norfolk Show and Sale Monday at the Norfolk Sales Company.

Receiving blue ribbons for their animals were Leslie Thomsen, Kurt Wittler, Debbie Grove, Barry Bowers, Keith Roberts and Penny Roberts.

Randy Dunklau, Karl Wittler, Kita Wittler, Joan Bowers, Kent Roberts, Jim Roberts, Brad Roberts, Paul Roberts and Jon Meierhenry received red ribbons.

Friday and Saturday: Camping weekend at Covenant Cedars for fix-up repair, cleanup and fellowship.

Saturday: First year confirmation, 10 a.m.

Sunday: Sunday school and second year confirmation, 9:45 a.m.; worship, 11 a.m.; Hi-League, 6 p.m.; Ken Fish concert, 7:30.

Tuesday: Ladies Prayer fellowship, 9:30 a.m.

Wednesday: Bible study and prayer meeting, 8 p.m.; choir, 8.

Hearing Loss is Not a Sign of Old Age

Electronic hearing tests will be given at the Professional Building at 112 W. 2nd St., Wayne, NE, on Friday, Sept. 17 from 10 to 12 by John Collins, Beltone consultant.

Anyone who has trouble hearing or understanding is welcome to come in for a test using the latest electronic equipment to determine his or her particular degree of hearing loss. Diagrams showing how the ear works and some of the cases of hearing loss will be available.

Everyone should have a hearing test at least once a year if he has trouble at all hearing clearly. Even people now wearing a hearing aid are those who have been told a hearing aid won't help should have a hearing test and find out about the very latest hearing aids.

The free hearing test will be held at

112 West Second St. Professional Building

Friday, Sept. 17 — 10-12 A.M.
