## Project Success Gets HEW Seal of Approval

Project Success, developed by the Wayne-Carroll school system, is one of 146 federally funded education programs which have received a "seal of approval" from the U.S. Department of Health, Education and Welfare, (HEW), Nebraska education commissioner Anne Campbell announced.

Developed under the direction of Richard Metteer, now Middle School principal, Project Success provides a modified curriculum for students in kindergarten through ninth grades with specific language disabilities. The program in 1973 was named one of the top seven federally funded education projects in the nation and was recommended for adoption by schools across the nation.

Individualized instruction is the core of the program, Metteer said, permitting teachers to find out how individual students learn best and then letting them use those techniques during regular classroom instruction. Mrs. Campbell said of the HEW approval, "This effort by the federal government to find out which programs are truly effective in the classroom is the only one of its kind in the nation. It is significant because it allows other school districts to adopt. See SUCCESS, page 8

**UNITED WAY OF WAYNE**

Goal: \$13,000  
To Date: \$6,908

## United Way Drive at 53 Per Cent

Wayne United Way passed the half-way mark Saturday as contributions totaled \$6,908.50. That sum is 53 per cent of the \$13,000 goal, according to Marilyn Carhart, United Way secretary. She estimated the campaign is coming along well, with more than half the potential givers yet to be contacted. One division of the campaign already has gone over its dollar goal — Wayne State College employees giving 150 per cent. The public schools division has reached 49 per cent of goal; the business division, 50 per cent; the government employe division, 22 per cent. The residential campaign, which started the past week, already shows 18 per cent of its goal, Mrs. Carhart said. All campaign workers are asked to turn in pledges and gifts they have received, either to team leaders or to United Way headquarters in the First National Bank Agency. Mrs. Carhart will be there Mondays and Fridays from 5 to 6 p.m. to take receipts. There will be no report meeting Tuesday morning. The United Way board of directors will meet Friday noon at Jeff's Cafe.

## Wayne Schools Plan Events for Education Week

Wayne public schools will be stressing the theme "The Schools Are Yours. Help Take Care of Them" during American Education Week, Nov. 14-20. Events scheduled for the week include parent-teacher conferences, book fairs, and media demonstrations. American Education Week, observed annually since 1921, seeks to encourage local citizen support and active participation in the improvement of education. This year the program will stress learning more about the schools as a basis for active and continued personal involvement. The nationwide event is sponsored by the National Education Association, the American Legion, the National Congress of Parents and Teachers, and the U.S. Office of Education.

NOW LIVING with the Larry Lubberstedt family of rural Dixon is Regina Trevino, Regina, right, gets together with two of the Lubberstedt children, Ryan, and Wendy during a study hall at Allen High.

## Allen Greets Latest Foreign Student

Regina Trevino, a petite 16-year-old dark haired lass from Mexico City, Mexico is the latest addition to the Allen High School student body. Regina, who is a foreign exchange student sponsored by the International Fellowship Exchange of New York, is living with the Larry Lubberstedt family of rural Dixon. Regina's life on a farm, which is her first experience in the United States, will last until June when she returns to her mother, father and seven other youngsters in the family. Between now and June she intends to learn a lot about American customs and the language. Right now, language is a problem both for Regina and Allen students who See EXCHANGE, page 8

## Preparations Made For Flu Shot Clinic

Clinics for New Jersey ("swine") flu vaccinations will go ahead as planned Wednesday in Wayne according to Mrs. C.F. Maynard, coordinator for the local clinics. Clinics in several states were canceled early last week after a number of elderly people died shortly after vaccination. Health officials stressed that there was no connection between the vaccine and deaths, and President Ford and his family received their shots. At one point Wednesday, nine states has suspended their inoculation programs, but by Thursday afternoon, clinics had been reopened or were prepared to reopen shortly in all but three states.

Clinics in Wayne will be from 10 a.m. until noon in the Managerie room of the Wayne State College Student Union, and from 3-7 p.m. in the city auditorium. A similar clinic is planned for Wakefield at the American Legion hall from 10 a.m. until 1 p.m. There is no charge for inoculation. Mrs. Maynard said two State Health Department nurses will administer the flu shots, and a Health Department doctor will be present to answer questions. Registered nurses from the local area will be assisting with the clinic and members of the Wayne Federated Woman's Club will take care of administrative tasks, including collection of consent forms. Anyone receiving the vaccine must sign a consent form, and Mrs. Maynard said it will speed the process if forms are filled out in advance. They are available at the post office, library, Bentback Clinic, Dr. Wiseman's Clinic, Dr. Koerber's office, the First National Bank, the State National Bank, Wayne Federal Savings and Loan, Wayne State College dormitories, and the senior citizens center, all in Wayne; and at the banks in Winslow, Carroll and Hoskins. Forms are available for both types of vaccine which will be administered. Bivalent vaccine is designated for the high risk See FLU SHOT, page 8

## County Sheriff Will Supervise Gun Safety Class

A gun safety class will be offered in Winside at the American Legion hall beginning tonight (Monday). The course will meet tonight, Thursday, and next Monday (Oct. 25) from 6:30 to 8 p.m. County sheriff Don Weible will supervise the course and Gary Farness of Winside will be the instructor. The course is designed mainly for persons 12 to 15 but is open to anyone over 12.

## Civil Defense Exercise Tests Warning System

An exercise Thursday to test the efficiency of civil defense communications went without a hitch, at least locally. The National Warning Center at NORAD headquarters in Cheyenne Mountain at Colorado Springs, Colo., issued the mock warning of nuclear attack. At the local level, the Norfolk civil defense office relayed the warning to the Wayne County sheriff's office, which then called designated volunteers in each community in the county. Had a real national emergency been declared, sirens would have sounded the alarm in Wayne County communities and radio station KTCH would have broadcast the warning. The sirens remained silent during the practice exercise, however. Hatley said his report of the exercise shows that all volunteers in Wayne County had received the message in less than five minutes. The message log in the Norfolk office shows that the message was received by the Wayne County sheriff's office within two minutes of receipt by Norfolk. Hatley said 700 counties in a 10-state region were involved in the exercise. After all county reports have been received and compiled a report of the overall efficiency of the system will be issued.

## Police, Firemen Have Busy Night

An automobile belonging to Mark Lowe of Wayne was destroyed by fire early Saturday morning after striking a bridge about one mile east of Wayne on Highway 35. State trooper Dave Headley said Lowe reported losing control of his 1976 Pontiac after swerving to miss a deer crossing the road. Headley said the car went out of control on the bridge, which was icy at the time. See POLICE, page 8

## Concord Board Joins Tri-Cog

The Concord village board Wednesday night voted to join the Tri-County Council of Governments. Tri-Cog, which is a group of representatives from member village boards in Dixon, Cedar and Knox Counties, is established to help towns obtain federal and state government funds. During the meeting members discussed with village attorney Craig Munson of Laurel the possibility of purchasing land located on the west edge of town owned by the school district.

## McCollister Plans Wayne Stop

Republican senatorial candidate John Y. McCollister will be in Wayne today, local party representatives reported. McCollister is scheduled to arrive in Wayne at 11 a.m. after a stop in Allen at 10. The candidate plans a stop at Wayne State College during his Wayne visit.

## Natural Gas Rate Increasing

People's Natural Gas customers can expect an increase of about six or seven per cent in their bills after Oct. 27, although the actual percentage increase will vary with usage. Keith Mosley, manager of the company's Wayne office, said the company, along with other divisions of Northern Natural Gas, will begin passing along to customers a 1.31 cent per one hundred cubic feet increase, reflecting higher wholesale gas prices. The increase will apply to both residential and commercial customers. The rate hike will mean an annual increase of about \$21 for the typical residential heating customer, Mosley said. Local communities affected include Wayne, Wakefield, Fairbault, Bancroft and Jackson. Mosley said the price increase will go into effect in six states served by Northern Natural Gas.

**FRIDAY GRID RESULTS:**

Wayne 7, Lakeview 6  
Wakefield 24, Stanton 8  
Winslow 6, Neligh 26  
Allen 8, Coleridge 30  
Laurel 6, Creighton 25

## Wayne State Foundation Approves Record Budget

The Wayne State Foundation for 1977 was set at a record high during a board meeting held over Wildcat Days. Twenty-nine trustees, the largest group ever to represent the Foundation, convened during the homecoming festivities, and the Foundation board approved a \$37,835 budget for 1977. Key items on the budget list are: a grant of \$2,200 and a short term loan of \$30,000 to the student loan program. Total amount of scholarship allowances was \$18,435. Other divisions were: administrative costs — \$6,000; alumni activities — \$1,200; recruitment fund, \$2,500; on-campus institutes — \$700; public relations — \$2,000; printing and postage — \$2,000; and miscellaneous — \$90. The annual meeting of the Wayne State Foundation also featured a guest speaker, Dr. John L. Moad, vice president in public relations from the School of the Ozarks, Point Lookout, Mo. At the Trustees' luncheon he presented various programs for fund raising which have been successful with his school. During the business section of the meeting, WSC president Dr. Lyle Seymour, briefed the Board on college advancements and the impact of Foundation support during the last year. He also presented the following project for consideration of Foundation support in 1977: a creative writing contest, additions to the print collection, and placement of the corner stone (formerly in the physical education building) to a suitable setting. Officers elected for 1977 are: president Val Peterson; vice-president Henry Ley; secretary-treasurer Lella Maynard, Kent Hall and Dr. J.J. Liska were retained to the executive committee. New trustees appointed were: Don Potter, Sioux City; Bob Hansen, Sioux City; Robert Carhart, Wayne; and John Nigh Wayne.

## Lions Offering Rides to Polls

The Wayne Lions Club will be offering rides on election day, Nov. 2, for voters who need transportation to and from the polls. Anyone who needs transportation should call The Wayne Herald, 375-2600 and leave their name, address, telephone number, and the approximate time they wish to vote. The Lions Club will try to accommodate voters as closely as possible regarding times.

## Life Support Class Could Save Stroke, Heart Attack Victims

Heart attack or stroke victims in Wayne may have a better chance for survival because of the concern of a pair of residents who recently became certified as instructors in basic cardiac life support techniques. Miron Jenness and Dr. Robert Sutherland will now be able to begin teaching other persons in the community the proper way to administer mouth-to-mouth resuscitation and external chest compression according to standards established by the American Heart Association and the American Red Cross. Jenness is a Middle School teacher and also drives the ambulance operated by Providence Medical Center. Sutherland is head of the biology department at Wayne State College. The two men completed the 12-hour course at Our Lady of Lourdes Hospital in Norfolk. The technique taught is called cardiopulmonary resuscitation. When someone has stopped breathing and his heart has stopped beating a rescuer may be able to provide life-saving and through application of the technique until trained medical personnel arrive. Important to the technique are proper methods of opening and clearing the airway; maintaining rhythm of chest compression; proper placement of hands on the breastbone and application of the technique to keep the brain supplied with oxygen until the heartbeat can be restored by drugs or an electric defibrillator. The procedure can be effectively used by the "man or woman on the street" according to the Northern Nebraska Health Planning Council, and that was the point of the course completed by Jenness and Sutherland. Both men and Bernice Fulton, will begin teaching classes in the technique locally. See LIFE, page 8

## Get 'Em Blue Devils

CONNIE KRAMER, daughter of Mr. and Mrs. William Kramer Jr., applies finishing touches to her design in the window of Peoples Natural Gas office on Main St. Connie

was one of several Wayne High students who decorated business windows Thursday as part of the Wayne High homecoming activities.

## Flexibility Important to Special Education

By JIM STRAYER  
Sixth in a Series

The most important part of Duane Tappe's job, in his own estimation, is serving as an advocate for students who need special education services. Tappe is director of special education for Educational Service Unit 1 (ESU-1), and in that capacity serves in both advisory and supervisory roles. Schools are required to provide special education when needed, under terms of LB 403. The bill requires that schools must have a special education consultant, certified in both administration and special education. Some school systems, such as Wayne-Carroll, have persons with those qualifications. Schools that don't have anyone with the dual certification contract with ESU-1 for Tappe's services as a consultant for special education for the educable mentally handicapped (EMH). ESU-1 also conducts two programs for trainable mentally retarded (MR) students — one at Hartington and one at South Sioux City. The Wayne-Carroll and Emerson-Hubbard school districts also have MR programs. Placement of students in either of the special education programs is a careful process involving ESU-1 staff members, school district staff members and parents.

School districts generally refer students to ESU-1 for testing, with parental permission required, by the unit's psychological testing unit. The testing unit then returns a recommendation about whether or not the youngster should receive special education. Then a number of people — parents or guardian, school district people (administrators and teachers), psychological testing unit staff members, and Tappe — sit down to talk about what is best for the student. "If parents are interested they can play a big role in determining the individual program," Tappe said. "If expectations are too great we have to let them know, but we appreciate the direction that parents can give. It is also very beneficial if parents can follow up on parts of the program at home." Tappe said EMH programs are set up within individual school systems with the emphasis academic instruction. EMH programs are designed to give the student individualized instruction that will best meet his or her needs. Most programs combine special education instruction with participation in regular classroom instruction. The amount of time spent in special education can range from 20 minutes a day to almost a day, Tappe said, depending upon the needs of the student. EMH programs are under the direction of the individual school districts and Tappe has no supervisory role. He does serve as a consultant to schools. Because of the nature of his job, Tappe said, he has broad contacts within the special education field and is able to pick up and pass along new techniques to teachers. A big part of the job also entails being aware of when students move from one school system to another. When that occurs, Tappe tries to make sure the students are placed in the proper program in their school. Keeping contact with agencies that provide related services is also important. Many agencies provide services to the same youngsters Tappe is involved with. Close liaison with other agencies avoids duplication of effort, and at the same time allows him to make parents aware of other services which may be available. Another important part of the EMH consultation role is referral of students to other ESU-1 departments. For example, if he discerns that a special education student may be having a hearing problem, Tappe would make a referral to the ESU-1 audiologist. Tappe hopes to expand the consultant's role in the future, providing additional formal in-service training for special education teachers and for classroom See SPECIAL ED, page 8

## SCHOOL LUNCH MENU

**LAUREL**  
Monday: Pizza burgers, tri-tafors, buttered peas, rice.  
Tuesday: Coney dogs, french fries, buttered corn, chocolate pecan nut butter cup pie.  
Wednesday: Spaghetti and meat sauce, lettuce salad, peaches, tea rolls and butter.  
Thursday: Ham salad or cheese sandwiches, potato chips, carrot sticks, whipped jelly.  
Friday: Chili and crackers, bread and butter, pears, cinnamon rolls.  
Milk served with each meal.

**WAKEFIELD**  
Monday: Taco burger, french fries, peaches.  
Tuesday: Goulash, green beans, potato chips, pudding, roll and butter.  
Wednesday: Creamed chicken on biscuits, mixed vegetables, potatoes, brownie.  
Thursday: Chili and crackers, peanut butter sandwiches, pears, cake.  
Friday: Chicken fried steak sandwich, baked potatoes, corn, ice cream.  
Milk served with each meal.

## VFW Sponsors 'Voice' Contest

Thirteen members of the VFW Auxiliary met at the Vets' Club last Monday evening. The meeting was called to order by the president, Mrs. Marvin Draghu. Students in the Wayne-Carroll School system are being invited to enter the Voice of Democracy contest, sponsored by the VFW Auxiliary. Theme for the contest is "What America Means to Me." Chairman is Mrs. Roy Sommerfeld.

Mrs. August Lorenzen is chairman of Poppy Day, set for Nov. 4. Poppies will be sold only in the downtown area.

Six members attended the District III VFW convention Sept. 26 at Neigh. They were Mrs. August Lorenzen, Mrs. Marvin Draghu, Mrs. Arlene Watlyne, Mrs. Henrietta Frost, Mrs. Ernest Stoen and Mrs. Eveline Thompson.

# SPEAKING OF PEOPLE

## Missionaries Speaking at Fall Convention in Allen

Beginning this Thursday, the Springbank Friends Church at Allen will hold a four-day Fall Missions Convention. Missionary speakers who have been invited to participate in the fall convention are the Rev. LaRue Goetz, executive director of Steer, Inc., headquartered in Bismarck, N.D.; Ruth Gamber, missionary to Haiti; the Rev. and Mrs. Harold Harriman, missionaries to Bolivia, South America, and the Rev. and Mrs. Vern Ellis, mission superintendent and adult Bible school teachers at Rough Rock Friends Mission in Chinle, Ariz.

The Rev. K. Waylen Brown, pastor of the Allen Church, said the public is invited to attend the fall program which includes evening services Thursday through Saturday, beginning at 7 p.m., and an 11 a.m. service Sunday, followed with a basket dinner Fellowship at noon and a closing praise service at 2 p.m. There will be no night service on Sunday.

A noon luncheon is scheduled for Saturday and will be sponsored by the Friends Women. Speaking at the luncheon will be Mrs. Vern Ellis.

Persons who would like to attend the luncheon are asked to call Mrs. Clarence Emry at 635-2118 or Mrs. Naomi Ellis at 635-2459 before this Wednesday for reservations.

Missionaries will present pictorial programs at 7 p.m. Thursday through Saturday. Pastor Goetz will deliver a message at 8 p.m. each night and at the 11 a.m. service on Sunday.

Pastor Goetz was born and raised on a ranch in South Dakota and received his ministerial training at Chicago Bible College. Prior to serving six years in the pastoral ministry in North Dakota, he spent many years in the farming and livestock business. He became involved in the Steer program as a farmer, donor and Steer representative before becoming executive director in 1972.

Steer, Inc. is a non-profit, evangelical, interdenominational missionary enterprise that provides money to missions around the world through the means of "justice" and "crop sharing" called "God's Acres" plan. The organization has channeled over \$60,000 to foreign missions in the last 19 years.

Goetz said he feels that Steer's three cornered missionary program, donor farmer missionary, gives farmers and ranchers an opportunity to become involved in a tangible way in foreign missions.

Farmers and ranchers agree to provide the feed and care of the steer calf, cow or hogs, or to seed and harvest five or more acres of cropland. When the animal is placed or crops seeded, the farmer selects one of Steer's approved missionary societies which become the recipient of the gains from the sale of the animal or crop.

When the animal or crop is sold, the original investment is subtracted from the total received and the profits go to missions. The original investment is then re-invested. At the present time, more than 90 societies are approved to receive funds through Steer, Inc. and farmers in 18 states are participating.

Ruth Gamber, missionary to Haiti with OMS International, will speak at the Thursday evening service. As nurse and midwife, Miss Gamber is in charge of the OMS maternity clinic on the OMS compound near Cap-Haitien.

For her foreign missionary service, Miss Gamber left a teaching position at the Bronson Methodist Hospital in Kalamazoo, Mich., which she combined with study towards a master's degree in counseling. She has spent six years in Brazil and two years in Puerto Rico and four years in Haiti.

Rev. and Mrs. Harold Harriman will speak Friday evening. The Harrimans serve with World Gospel Mission, an interdenominational sending agency with 347 missionaries and home land staff in 17 areas of the world.

Mr. and Mrs. Harriman are graduates of Cascade College in Portland, Ore., and both of them took work at the Summer Institute of Linguistics in Canada. Harrimans have served in several areas of Bolivia where they have been instrumental in the formation of a church, worked with the unreached Guarayos, and, with study, formalized the alphabet in the Guarayo language.

In their recent term, the Harrimans were stationed at Berea Bible Institute in Santa Cruz. He carried the responsibility of the treasurer's job,

*Hoyt-Sturm*  
*To Wed in February*

Mr. and Mrs. Wilbur Hoyt of Clay Center announce the engagement of their daughter, Beverly Hoyt, to Doug Sturm, son of Mr. and Mrs. Jim Sturm of Wayne.

The bride-elect is a 1975 graduate of Clay Center High School. She graduated from the University of Hair Design in Lincoln and is employed at The Hair Hut in Stanton. Her fiancé, a 1973 Wayne High graduate, is attending the University of Hair Design. Following his graduation in December, he will practice barbering at Ellis Barber Shop in Wayne.

Plans are underway for a Feb. 26 wedding.

**WAYNE-CARROLL**  
Monday: Toasted cheese sandwich, deviled egg, green beans, orange juice, apple, cookie, roll.  
Tuesday: Spaghetti and meat sauce, corn, apricots, french bread, cookie, or chef's salad, apricots, french bread, cookie.  
Wednesday: Beef pattie on bun, buttered carrots, applesauce, cookie, or chef's salad, applesauce, roll, cookie.  
Thursday: Fried chicken, potato and gravy, jello, roll, Rice Krispie cookie, or chef's salad, jello, roll, cookie.  
Friday: Fish with tartar sauce, peas, cabbage salad, pumpkin des set with whipped cream, or chef's salad, pumpkin dessert with whipped cream.

## PEO Site Changed

PEO members will meet this Tuesday afternoon with Mrs. Richard Armstrong, 319 W. Eighth St., instead of with Mrs. Willard Wiltse as originally planned.

Meeting time is 2 p.m.

## Concord Girl In the Running

Ceryl Koch of Concord is one of two Future Homemakers of America members from her district who have been nominated for an office in the state FHA.

Daughter of Mr. and Mrs. LeRoy Koch, Ceryl is a junior at Allen High School where she has been active in the Allen FHA chapter for three years. Currently, she is vice president of the Allen FHA.

Both Ceryl and a nominee from Pender won't know the outcome of the state election until the state FHA convention in Lincoln next April.

CERYL KOCH

## T and C Meets

T and C Club members met in the Earl Bennett home Thursday afternoon. Mrs. Howard Mau was a guest and card prizes went to Mrs. Willard Blecke and Mrs. Russell Lind say Sr.

Next meeting will be at 7 p.m. Nov. 11, in the Charles Nichols home.

## Open House Held For Belden Couple

About 260 guests attended the golden wedding anniversary reception for Mr. and Mrs. Herb Abts of Belden, held at the Wagon Wheel Steakhouse in Laurel Oct. 10.

The open house event, followed by a buffet dinner at the couple's home, was hosted by their son and daughter, Louis Abts of Dixon and Mrs. Alvin (Norma) Ehlers of Wayne.

There are nine grandchildren and three great grandchildren.

Guests were present from Washington, Nebraska, Iowa, Minnesota and Wisconsin, and included Vera Seyl Evans of Spokane, Wash., a cousin of Mrs. Abts. Guests were registered by Nancy Ehlers of Lincoln and Cheryl Abts of Dixon.

Gifts were arranged by Mrs. Dave Abts of Dixon and Barbara Seyl of Randolph.

The afternoon program included a poem which was read by the couple's great grand daughter, Jennifer Kerl.

The cake, baked by Freda Swanson of Laurel, was cut and served by Mrs. Alvin Ehlers and Mrs. Louis Abts. Mrs. Bob Harper of Belden poured and Sue Ehlers of Denver and Mrs. Steve Kerl of Shawnee Mission, Kan., served punch.

Waitresses were Ligda Bierschenk of Belden, Theresa Seyl of Randolph and Sharon Seyl of Bellevue.

Ladies who assisted at the buffet dinner were Mrs. Robert Wobbenhorst of Belden and Mrs. Cy Smith of Laurel.

Mr. and Mrs. Abts were married Oct. 7, 1926, at Cole ridge and have lived in the Belden area since that time.

REV. LARUE GOETZ

## Devils Snap Four-Game Skid

By DAN VOJVARKA  
Mike Wieseler took the half-time honors, Mark Brandt scored the clutch touchdown and the Wayne defense smothered Columbus Lakeview for three

quarters as the Devils posted a 7-6 homecoming victory Friday night.  
Under clear, 40-degree October skies the Blue Devils picked themselves up from a four-game losing streak and celebrated their homecoming in fashion with a hardnose one-point victory over their West Husker Conference foe. The win moved Wayne to 2-4 on the year and 1-2 in the loop while Lakeview fell to 4-3 and 2-2 in the West Husker. Wednesday the Devils continue loop play with a trip to tough Emerson-Hubbard.

Wayne coach Ron Carnes labeled Friday's play as the Devil's best defensive effort of the 1976 campaign. Aaron Nissen ended the night on top of the winner's defensive stats as he was in on a total of 16 tackles. Wieseler was next with 13 stops and Kevin Murray, coming off a month's layoff because of a broken thumb, was credited with 11 stops.

Carnes said that although the Devils played a good ball game Friday, they still didn't play up to their full potential. "We are a better team than even this," Carnes noted, "but the most important thing tonight was that we came back and seemed to get our old spirit back. We'll be tough the rest of the year."  
The Devils will have to be tough as they will close out their 1976 campaign with three games

in the next 10 days. After Emerson on Wednesday, the Devils travel to Pierce on October 25 before returning home to host Hartington C.C. on Oct. 29.

After giving up a touchdown and a total of 106 yards in the first quarter, the tough Devil defense led by such standouts as Tom Nissen, Joe Ketny, Rick Straight, Tim Koll, Kevin Murray, Aaron Nissen and Wieseler took charge of the game. In the second quarter Lakeview got only 10 total yards and the Vikings could move for only 17 yards in the third stanza and

ended the night with 193 total yards.

Wayne marched for its winning score on the Devil's second possession of the third quarter. Starting from its own 24, the Devils marched 76 yards in 16 plays to score 8:28, 25 left in the period. A big play in the drive was a 20-yard screen pass on third down from Vic Sharpe to Brandt ran in on a fourth down sweep right for the six points.

Tom Nissen then split the uprights for the valuable extra point that proved to be the difference in the contest.

Lakeview threatened late in the contest as the Vikings drove to the Wayne 25 with two minutes left in the contest. The big play in the late drive was a halfback pass from Dennis Vacha to Tom Brock that went

for about 30 yards. The long play went for nothing, however, as one play later Vacha fumbled and Wayne sophomore defensive back Brad Emry scooped up the loose ball and put the game on ice for the Devils.

Lakeview scored the second time it touched the ball as the Vikings drove 73 yards on 16 plays to score on a 10-yard Mike Iverson to Dean Groteluschen pass with 38 left in the first quarter. The PAT was blocked, however, and the Wayne defense took over for the rest of the night.

Stephanie Dorcay and Wieseler were crowned as queen and king in the Homecoming festivities at halftime.

The Yardstick:

## Voss, Hoemann Lead Winside

Brenda Voss had 19 points and Paula Hoemann did her usual job of good spiking Thursday night to lead Winside to 15-0 and 15-6 win over Stanton.

The victory made the Wildkitten's record 4-8.  
The junior varsity came out on the short end of the scoring, falling, 4-15 and 7-15.

After winning the first set, 15-0, Winside's freshmen dropped two straight, 14-16 and 8-15.

In junior high play, Winside took a pair of wins over Emerson-Hubbard in seventh and eighth grade action.

## Wayne Spikers Are 'Ready' for Meet

With a pair of volleyball victories tucked under their belts, Wayne High's spikers are "more ready than ever" to play in the West Husker Conference tournament tonight (Monday).

The Blue Devils knocked off Hartington Cedar Catholic and Pierce to up their record to 8-4 and gave what coach Mavis Dalton believes the winning attitude her girls need when they take on third-seeded Wakefield at 8:30 p.m. in the Wayne Auditorium.

Both victories were decided in two sets. Wednesday night the locals whipped Cedar 15-4 and 15-13, then came back the following night to halt Pierce 15-8 and 15-13.

Leading the players were

senior Stephanie Dorcay, who had 15 points against Hartington and junior Kelly Frevert, who displayed her best offensive game at the net against the Trojans. The same two had 10 serving points each to down Pierce.

The reserves split action to end their season with a 6-3 mark. The B team topped Cedar, 16-14 and 15-11, behind the strong serving of LaVonna Sharpe who had 12 points. Against Pierce, Wayne fell in three sets, 15-11, 12-15 and 15-17.

Wayne's freshmen dropped both of their matches to end the year at 3-5. The matches were decided in three sets: Hartington won 15-6, 12-15 and 15-6; Pierce won 2-15, 15-10 and 15-7.

BULLING AHEAD for those extra yards is Allen work horse, junior Brent Chase. The 155-pound fullback finished

with 76 yards Friday and had 16 tackles and 12 assists during his team's homecoming battle against Coleridge.

## Second-Half Breaks for Coleridge Cripple Allen's Homecoming Hopes

By BOB BARTLETT  
Cliff Jorgensen's Allen Eagles Friday night displayed a tough first-half defense to give homecoming fans hopes of Allen's second win of the season.

But mistakes and breaks for Coleridge in the second half wiped out those hopes as the invading Bulldogs capitalized for a 30-8 victory.

Led by junior defensive stalwart Brent Chase, Allen held Coleridge from scoring until a block Eagle punt with about three minutes left in the first period put the ball down at the 25-yard line. Moments later Coleridge's leading pointmaker of the night, junior Dave Felber,

went the entire distance off right tackle for the score and kicker Keith Holm booted the first of four PATs for a 7-0 lead.

Chase, who picked up two of his three fumbles recoveries in the first half, countless came up with the big tackles to halt Coleridge. The 155-pound fullback made 16 tackles and got in on 12 others to lead teammates during the Eagles' sixth game of the season.

Despite holding Coleridge scoreless in the second half, Allen couldn't halt Bulldogs ofense which played ball-control game, keeping the ball for about nine minutes.

Allen halted the visitors on the

seven-yard line after lineman Gary Karlberg batted down a Dennis Heitman aerial on third and three and Chase pounced on a loose pigskin.

With 6:16 left in the third period the Bulldogs got their scoring machine going when Heitman unloaded a 24-yard bomb to end Jeff Wolfe who outdistanced Allen's Rayme Dowling for the score. Aiding Coleridge in that drive were 25 yards in penalties against the home team.

The visitors broke loose in the final period with the help of a safety and, less than a minute later, had their third touchdown on the night.

Brian Smith broke through Allen's offensive line to nail Kevin Kraemer in the endzone after the Eagles had the ball on their own 10-yard line.

Four plays following Allen's kickoff, Coleridge had the ball at the Eagle's 25-yard line where Felber weaved his way through Allen's line and went around left end for the score.

Coleridge got one more scoring opportunity after an Allen fumble. Heitman tossed the ball to a receiver in the endzone for the final score.

The bright moments for Allen's offense came on the hardnose running of Chase who had

76 yards for the night. In the third period he drove the Eagles out of their territory with back to back first down runs near the 35 before Allen ran out of steam.

Allen got on the board with 11 seconds remaining on a halfback pass from Denny Uhl to Lin Smith. Chase ran in the extra points.

Setting up the touchdown was a 67 yard bomb by freshman quarterback Greg Carr to Uhl to put the ball down at the seven.

Carr also was the leader on defense with 13 takeaways. Jack Warner had 12 and Rick Smith had 11.

The Yardstick

	Allen	Coleridge
First Downs	9	16

## Creighton Rolls Past Bears, 25-6

Laurel put the first points on the board, but visiting Creighton Friday night put on the most points to down the Bears, 25-6.

Quarterback Gordie Kardell hit Calvin Bingham for a 15-yard strike and a 6-0 lead in the first period before the hosts saw that lead fall to the wayside in the second quarter.

Tom Peters scampered 25 yards for Creighton's first score before Tim Gragerit went one yard for a 13-6 Creighton command at the half.

In the third period, Gragerit fumbled 58 yards for one score and teammate Gary Wilmes dashed 29 for another to hand Laurel its fourth loss in seven games.

Scott Pigg led Laurel tacklers with 12 takeaways and seven assists while Tim Harrington had seven tackles and five assists.

**Conservation Picture Award Winners Named**

Each year, several outstanding conservation minded farm families are honored by the Lower Elkhorn NRD with a full color 16" x 20" portrait of their farming operation.

Seven families from across the district have been chosen for their conservation concerns and accomplishments.

The 1976 Award Winners are: Mr. and Mrs. Albert Anderson, Wakefield, have incorporated well over 9,000 feet of terraces plus waterways and contour farming into their 160-acre farming operation.

Mr. and Mrs. Jim Neuvirth, West Point, have completely renovated the conservation work on their 160-acre farm. 15,200 feet of terraces have been restored or rebuilt since 1967. The Neuvirth's have also incorporated a conservation cropping system, pastureland management and windbreaks into their conservation management system.

The 140-acre Lad Krula farm near Schuyler has a complete conservation plan applied on all lands with an erosion problem. The Krulas' conservation program includes nearly five and a half acres in grassed waterways, 27,500 feet of terraces and 124 acres of contour farming.

Pender area residents, Mr. and Mrs. Lloyd Wageman have incorporated reduced tillage into their farm management system plus

nearly 9,000 feet of terraces and over 7 acres in grassed waterways on their 258-acre farm.

Mr. and Mrs. Ed Friedrich have completed an extensive windbreak and reduced tillage program on their dryland and irrigation farm near Plainview. The Friedrich's have planted over five miles of field windbreaks with 315 acres in strip cropping. All 515 cropland acres are under reduced tillage plus 35 acres in wildlife habitat management. Also, 80 acres are in contour farming with 1,400 feet of terraces.

Mr. and Mrs. Ernest Sellin, Norfolk, have incorporated minimum tillage, four erosion and flood control structures in their farming operation. The Sellins have also built 8,850 feet of terraces, 3.4 acres of grassed waterways, 1,200 feet of diversions, a farmstead windbreak, plus proper range use and a conservation cropping system with the dairy herd.

Mr. and Mrs. Charles Thomsen of Hooper have just completed a complete conservation program on their 160-acre farm to compliment a center pivot irrigation system. Conservation work included 10,500 feet of terraces and nearly two acres of grassed ways to control erosion and enable the use of the irrigation system on rolling cropland.

**KNOW YOUR CANDIDATES**

November 2nd marks the second election of Directors for the Lower Elkhorn Natural Resources District.

Twenty candidates will be vying for the nine directorships up for election in 1976. Those twenty candidates represent the most competition of any NRD in Nebraska and shows the most interest and potential for leadership on a local level of resources government of any NRD in the State.

Remember when voting for your NRD Directors; vote for one director from each subdistrict.

Get to know the candidates; they will be your representatives in the natural resources decisions in the Lower Elkhorn NRD.

**ANNUAL LOWER ELKHORN NRD BANQUET SET**

A panel discussion on 'Water, Water, Mine or Ours' will highlight the Fifth Annual Awards Banquet of the Lower Elkhorn Natural Resources District.

The Banquet will be held at King's Ballroom, Norfolk, on November 15 at 7:00 p.m.

Panel members will be Paul Fischbach, Extension Irrigation Specialist, University of Nebraska; James Cook, Legal Counsel for the Nebraska Natural Resources Commission; Richard Hahn, Lower Elkhorn NRD Director;

and Steve Oltmans, Lower Elkhorn NRD General Manager.

Seven outstanding conservation farms will be honored by the Lower Elkhorn NRD with color portraits of their farms.

In addition, four scholarships will be presented to Future Farmers of America members plus the outstanding FFA Chapter in the NRD will be honored.

Tickets will be \$4.00 and are available from the Lower Elkhorn NRD Board Members, staff or your local Soil Conservation Service Office.

Blue Team Wins Series in City

Recreation FB

The Blue team knocked off the Golds 36-28 Tuesday night to win the best-of-three game series. The seventh and eighth grade recreation football league.

Jim Sperry scored a pair of touchdowns, including a 10-yard keeper with four minutes remaining to ice the win for the Blues.

First quarter action saw the Golds take an 8-4 lead when Todd Pfeiffer ran off tackle for the 35-yard TD and took a quick pitch from quarterback Tony Mau for the two-point conversion.

The Blue team added a pair of touchdowns for a 22-8 command at the half when Pat McCright went 11 yards for the touchdown and Sperry ran 11 yards to the keeper play.

With two minutes left in the third period, Mau hit Pfeiffer for a 28-yard TD play and a 22-14 ball game.

Both teams scored twice in the last period. Ben Cattie's three-yard run and Baier's conversion gave the Blues a 30-14 lead before the Golds trimmed the lead to 30-28.

Brett Frevert returned a Blue punt to the 28-yard line where Richard Poshlman went around tackle for the score. His conversion made the score 30-22.

On the next series, Poshlman went in the endzone from eight yards out for a 30-28 ball game.

For safety, all bathroom light fixtures should be installed with wires concealed in the wall and turned on by safety switches located on the wall away from the fixture itself.

Jenness said his first priority will be to teach the method to students members at Providence Medical Center, then to physical education staff members in the Wayne-Carroll school system. Sutherland will provide instruction to college physical education personnel.

Police

The car caught fire after striking the bridge. Love had facial cuts and appeared to have an injured leg.

The fire department was called Friday night to extinguish a chimney fire at fire chief Dick Korn's home about three and one-half miles south of Wayne on Highway 15.

Korn said the fire was extinguished before the volunteer firemen arrived. He reported no damage. A passerby turned in the alarm.

Success

The identified programs with confidence that they do what they say they can. School districts can adopt the programs at a fraction of the cost if took to develop them.

Project Success was developed with funds from Title III of the Elementary and Secondary Education Act, through the Nebraska Education Act of Education.

Special Ed

teachers who work with special education students.

The other hat worn by Tappe is that of supervisor of the two MR programs conducted by ESU 1. AT present, five students are enrolled in the Harlington program and 20 are enrolled at South Sioux City.

The MR classrooms are full-day programs, with the mornings generally devoted to academic instruction.

Afternoons are usually devoted to self-help, pre-attention skill, and socialization programs. The emphasis is again on individualized instruction — providing the students with whatever type of training they need.

The MR centers aren't resident programs, Tappe emphasized. Students live with their families and are transported to school either by the school district or by their parents.

Activities are varied depending on need. In addition to academics, students may learn crafts, skills which will eventually assist them in vocations, and skills necessary to get along in day-to-day living.

Older students, for example, go with teacher aids to shop for groceries, and may learn to cook. Regular bowling outings provide physical education, teaches students to socialization, and can provide training in handling money.

The advantages to both the EMH and MR programs are individualized instruction, and flexibility.

"The student-teacher ratio is usually more favorable in special education programs," he said, "and programs are designed to provide whatever type of instruction the students need to make the best use of their abilities."

population — those 45 or older and anyone termed chronically ill (chronic heart, lung or kidney disease, diabetes or other chronic metabolic disorders.)

Monovalent vaccine will be given to all other persons 18 to 45 years old. Recommendations regarding the necessity of booster shots for those 18 to 25 will be released later.

The Lester Menkes were in Lincoln last Friday to attend funeral services for William Koehne. Andy Von Busch of Lincoln returned home with his grandparents and stayed until Monday when Mrs. Tim Sutherland and Bruce Schmidt, all of Moxville, Ia., were supper and overnight guests last Saturday in the Richard Jenkins home.

Dr. Willis Wiseman of Wayne said his office has been flooded with inquiries since the reports of deaths following vaccination. He said he emphatically recommends the flu inoculation.

It is unfortunate, if not irresponsible, that the media have played up the tragic deaths which have followed some vaccinations. There has been no demonstrated relationship between the vaccine and the deaths. It is a good and safe vaccine and the risks of contracting the flu are much greater than any risks connected with the vaccination.

Exchange

Part of the problem has been solved, however. With the aid of language instructor Connie Roberts, Regina and students are able to exchange ideas through translations by Miss Roberts.

Regina's also taking courses in art, music, English, typing and geometry, another course in which she is excelling.

Besides English, one paritular course she has to concentrate on is typing.

Since this is Regina's first trip to the United States, it is also her first time to live on a farm. Back in Mexico City, she lived in a large house where the family had its own servants and housekeepers.

The setting is completely changed on the Lubbersstedt farm where everyone helps themselves. Regina said she is excited about the type of life the Lubbersstedts lead.

Star Show Returns To Planetarium

Nebraskans should hold a special interest in the current Wayne State College planetarium show.

For the Midwest plays a large role in "Sun, Stars, and Seasons," the first fall starshow in the Fred G. Dale Planetarium.

"Seasons" makes a return from a popular run last year, according to Carl Rump, director of the planetarium.

Other shows scheduled for the planetarium's seventh season are "Star of Christmas," December 19.

Back into the stars 2,000 years, the show explores the astronomical possibilities of the Star of the Magi.

"The People," January 19 March 4, deals with the Americas Indian astronomy and mythology, legends from a different Indian nation of North America are retold in this show.

The Fred G. Dale Planetarium is located in the basement of the Carnhart Science Hall on the Wayne State campus.

ability to live in harmony with all of nature.

"The Archive Project," March 20-April 27, A journey beyond time, this first in science fiction programs blends current scientific knowledge, philosophy, and imagination.

Special showings of "Sun, Stars, and Seasons" or other available star presentations can be arranged for school groups and organizations.

Persons should contact Carl Rump at the college for reservations.

The Fred G. Dale Planetarium is located in the basement of the Carnhart Science Hall on the Wayne State campus.
