

SPEAKING OF PEOPLE

Musicians Meeting in New York

Marian Carlson, son of Mrs. Albert G. Carlson of Wayne, is among America's orchestral musicians being assembled this week at the University of Rochester N.Y. to honor Nebraska musician and composer Howard Hanson on his 80th birthday.

Dr. Hanson will conduct former playing members of the Eastman Philharmonia Orchestra in an evening public concert at the University of Rochester Eastman School of Music tonight (Thursday) honoring his 80th birthday, with Dr. Carlson as concertmaster.

Hanson, a native of Wahoo, was born Oct. 28, 1894. He was the first American to win the Prix de Rome. Following his studies in Rome, he was named the director of the University of Rochester Eastman School of Music where he served 40 years.

Forty Guests Attend Meeting

St. Paul's Lutheran Churchwomen of Wayne held their annual guest day last Wednesday. Thirty-two members and 40 guests, including women from Grace Lutheran and United Methodist Churches of Wayne, attended.

Mrs. William Blecke, Mrs. Marvin Draghu and Mrs. Randy Baier registered the guests. Mrs. Merrill Baier presented the welcome and introduced the guest speaker, Mrs. Marge Seim of Harrington. Mrs. Seim gave a humorous talk, entitled "I Just Want to Be Me."

Special music was presented by Mrs. Darrell Moore, who sang "I Want to Be a Christian" and "The Lord's Prayer," accompanied by Mrs. Doniver Peterson.

During the business meeting, members were reminded of the Tabitha "In Gathering" and the Lutheran Pantry drives now in progress.

The afternoon closed with a salad buffet.

Next regular meeting of St. Paul's LCW will be Nov. 2 at 2 p.m. in the church social room.

TOM DORCEY

Accepted Into Colorado Bar

A native of Wayne, Tom Dorcey, of Arvada, Colo., was admitted into the Colorado Bar last Thursday in Denver, Colo.

Dorcey, who is the son of Mr. and Mrs. Felix Dorcey of Wayne, graduated magna cum laude from the Catholic University Law School in Ponce, Puerto Rico in May, and ranked fifth in the 45-member class.

While attending law school, Dorcey was on the editorial staff of the Law Review for two years. He took part in the legal aid program and received special honors for his academic achievements in Registry of Property and Civil Mortgage Law.

Dorcey's wife, Gerda, is the daughter of Mr. and Mrs. Herman Lindner of Wayne. They have two children, Anna and Cristina.

Name Omitted From List of Chairmen

A recent article in The Wayne Herald inadvertently omitted the name of Mrs. Norbert Brugger from the list of chairmen for the Wayne Community Hospital Auxiliary's annual fall bazaar.

Mrs. Brugger is chairman of ticket sales.

The event will be held Saturday, Nov. 13, at the Wayne city auditorium, beginning at 10 a.m.

Women Learn Heritage Arts

MRS. RICHARD KORN of Wayne, left, shows Mrs. Gerde Rehm, center, and Mrs. Arnie Emory how to make knotted lace designs, including belts, stars, snowflakes and flowers.

homemakers, including Mrs. Korn, are teaching the needlework crafts during September through December. Other classes being held throughout the area include needlepoint, candlemaking, knitting, crewel embroidery, macramé, weaving, latch-hook rugs, hairpin lace and crocheting.

Winside Youngsters To Haunt Auditorium

Halloween in Winside will again be celebrated this year with a party for pre-school through sixth-grade youngsters at the city auditorium.

Winside Federated Women's Club members are sponsoring the annual party this Sunday. The evening will begin at 7 p.m. with games providing the entertainment and prizes awarded for the best costume in each division. Each youngster will receive treats.

A collection for the United Nations International Children's Emergency Fund (UNICEF) will be taken during the evening.

To see that youngsters get home safely, a witches wagon will be held following the party, about 9 p.m. Each child must be at home when he is called to be a winner.

On the committee in charge of arrangements are Mrs. Al Schrant, chairman, assisted by Mrs. Lester Grubbs, Mrs. Robert Krajcik, Mrs. Sam Calvin and other members of the club.

Marines Invited To Celebration

The 201st Marine Corps Birthday Ball will be held Wednesday night, Nov. 10, at the Knights of Columbus Club room, 105 Elm Ave., in Norfolk.

All past and present members of the U.S. Marines and their spouses are invited to attend the celebration, which will include cocktails at 6 p.m. and dinner at 7. Dancing will follow.

Deadline to send in for reservations is Nov. 6. Cost is \$8 per person and "their amount" should be sent to Gene Maillard, 813 S. Eighth, in Norfolk.

80th Birthday

Fete at Concord

About 60 friends and relatives gathered at the home of Mrs. Glen Rice of Concord Saturday afternoon and evening to help her observe her 80th birthday. Gene Olson of Blair registered the guests.

Anita Rastede cut and served the birthday cake and Mrs. Gene Olson poured. Working in the kitchen were Dorothy Rastede, Helen Pearson and Vernice Nelson.

Youths Plan 'Trick, Treat' For UNICEF

Local residents are once again being asked to contribute when volunteers for the United Nations International Children's Emergency Fund (UNICEF) knock on their doors late Saturday afternoon to "trick or treat for UNICEF."

Members of the Future Homemakers of America chapter of Wayne High School, the United Methodist Junior High Youth Fellowship and the United Presbyterian Junior High Youth Fellowship will be carrying bright orange UNICEF collection boxes in their Halloween night quest for funds, according to Mrs. Marie Mohr, Wayne High FHA sponsor.

FHA members will return to the school afterward for a short business meeting. United Methodist and Presbyterian youth will meet back at the Methodist Church, according to sponsors Mrs. and Mrs. Don Zeiss and Mr. and Mrs. Scott Driscoll.

Wildcats Return Home to Face Northwestern

A mild-dry day on their home turf that's what the football Wildcats of Wayne State probably mean when they meet Northwestern College at 1:30. They have been on the road the last two games. And what a contrast in conditions!

Two weeks ago the Wildcats enjoyed the warm, windless conditions of Northern Iowa's Udome. Last Saturday they

played Black Hills State at Spearfish, in northwest South Dakota. Conditions: snow before game time, continuing snow through the first half, two inches on the ground; temperature in the 20's.

Worse, the Wildcats lost to Black Hills by 25-6, dropping their record to 1-6.

This week they go against a Northwestern team which lost its first three, won four straight,

then dropped another Saturday to Augustana. For the Red Raiders of Orange City, Ia., that's a mediocre record compared with recent years.

Last year they beat Wayne, 14-7; one of their touchdowns coming after a controversial roughing the kicker penalty against Wayne gave the Raiders life late in the first half.

Northwestern is a young team, with 20 freshmen and 17 sopho-

mores listed on the traveling roster, along with eight juniors, eight seniors.

Like Northwestern, Black Hills started the year with three defeats, then won three before Wayne. Also like Northwestern, the Yellowjackets are young, the squad of 60 listing 30 frosh who knew only by hearsay that Wayne had beaten Black Hills the past 17 years, and 15 sophs who remembered 1975.

Whatever the history or the weather, the Yellowjackets warned to their task and pretty well put the Wildcats on ice.

Black Hills took a 7-0 lead in the second quarter on a 35-yard scoring pass and point kick. Midway in the third period, Wayne scored on a one-yard plunge by tailback Mike McMahon. Then the Cats went for a two-point conversion, figuring that could be the winning margin, as hard as yards were coming for both teams. But the conversion failed on McMahon's running effort.

Turned out not to be decisive anyway. The Yellowjackets scored again on a one-yard run in that quarter, but their point kick was blocked by Duane Carlson. Two more Black Hills,

touchdowns followed in the fourth quarter; the first on a 30-yard pass, the other on a five-yard run. Both times the point kicks failed.

In one phase of the game, Wayne had the better of it, outrushing Black Hills 123 yards to 85. Passin' was something else. The Yellowjackets hit 8 of 20 for 185 yards while Wayne did not complete a single aerial in 13 tries by three quarterbacks.

Once in a rare while, a football defensive player enjoys the thrill of scoring a touchdown.

Roger Doud did it twice in one game Monday night. The freshman defensive end from Grand Island produced a pair of touchdowns as Wayne State's junior varsity defeated the Chadron JV 22-6 at Bassett.

Doud intercepted a screen pass for his first scoring romp. Later he grabbed a fumble in

the air and reached the end zone.

Quarterback Denny Wilson of Sioux City ran the other touchdown on a seven-yard capping long drive.

Wayne also scored a safety when Dave Carlson of Hooper tackled a Chadron runner in the end zone. Joe Wisniewski of Bellevue kicked two extra points.

JV coach Steve Cline described his team's second victory as a

"super team effort" with hard hitting.

The junior Wildcats will have a chance to make it 3-0 Monday night when the University of South Dakota junior varsity visits Wayne.

"Truly absurd is the man who never changes."

Erwin, Hoeman Receive All-Conference

Allen and Winside each landed one player on the Lewis and Clark divisional all-conference volleyball team, announced Monday night following the loop playoff between Osmond and Turner.

Senior Lori Erwin of Allen was one of six players in the

East division and junior Paula Hoemann was named to the West division.

Hoemann was one of three unanimous choices for the West team which also included Anita Glee and Rose Clayton, both of Osmond. Other players on the team were Jane Gunderson of Wausa, Joan Bonerita of Wynot and Peg Fleming of Hartington.

senior Peg Taylor of Allen. Osmond captured the conference crown with 15-4 and 15-7 sets over Homer.

Sanders Leads Cats

"We just logged the course," Jerry Sanders declared philosophically in describing Wayne State's cross-country run a dual with Doane College Friday at Crete.

Sanders was the first to finish for Wayne, and he placed ninth, with a 28:05 time over the ninety-five mile course.

Doane logged a perfect score of 15 while Wayne added up 50. Wildcat carriers have a dual scheduled at 11 a.m. Saturday with Northwestern College.

Peck

(Continued from page 4)

Kent Edwards with an average of just over 10 yards a catch. Winside's main trust, Mitch Pfeiffer, is the leading rusher toting the ball about four and a half yards on each carry. Just form the stats alone Friday's game looks as if it's going to be Osmond's air game versus Winside's ground attack.

With those facts in mind, I'd have to say that Osmond's air game will be too much for Winside.

Other prep selections (winners in boldface): Hartington Cedar at Wayne — It's just a down year for the Blue Devils.

Walhill at Allen — After last Friday's kingsize upset of previously undefeated Homer Walhill shouldn't have a letdown.

Emerson-Hubbard at Wakefield — Pirates should be geared up for this contest.

Bloomfield at Laurel — Bears end season on winning note. If all five predictions are on the money, then I should end the prep grid season with a pretty healthy record. Last week I was four for five, bringing my record up to 24-13.

Laurel's victory over Wausa spotted a perfect week. I had Winside to beat Coleridge, Bancroft over Allen, Hartington Cedar over Wakefield and Pierce over Wayne.

Bears

(Continued from page 4)

Laurel punt which bounced off the leg of a Wausa player on the 10.

The Bears continued their rally with the aid of Scott Pigg's block of a Wausa punt at the Vikings' 10-yard line. Ron Gaden took the pigskin in to put Laurel ahead to stay 18-16.

The fourth quarter was all Dalton's Karrell rifled a seven-yard scoring pass to Dalton to cap a 52-yard march. Kicker Paul Guern converted Laurel's only PAT of the night for a 25-16 lead.

A Wausa fumble on the 11-yard line ended up in a four-yard Dalton TD.

"We just started playing more consistent," Boyle explained about his team's play in the last two periods. Breaks definitely played a major role in Laurel's winning its fourth game against four losses, the coach pointed out.

Perhaps the biggest turning point of the game came when Pigg blocked Wausa's punt in the third period to set up Laurel's go ahead score, Boyle emphasized.

Pigg led Laurel's defense, which held Wausa to 45 yards on the ground and a minus 43 in the air, with 17 tackles and 11 assists. Toby Cunningham had 10 tackles and eight assists. Also on the charter were: Tim Harrington, 10 and eight, and Clyde Matthews, a nine and five.

7th and Main Ph. 375-1900

GOING HIGH into the air for the ball is Wayne's Mark Brandt who kept Wayne's second quarter touchdown drive alive to put the ball deep into Pierce territory. Two plays later fullback Mike Wieseler took the ball into the endzone for the third score of the night and cut Pierce's lead to 22-19.

Mrs. and Mrs. Arnold Roeber, Mr. and Mrs. Marland Schroeder and Terri, and Julie Mavis, all of Wakefield, and Mrs. and Mrs. Don Sherbahn of Wayne attended capping ceremonies for Lisa Roeber Sunday at Sioux City. Lisa is the daughter of Mr. and Mrs. Arnold Roeber.

EXAMINING one of the many trees on the Wayne State College campus is John Barbur, left and Wayne County extension agent Don Spitze. Both are conducting an extensive survey of all trees on the campus, reporting their condition and possible removal if needed.

WSC Is Preparing Tree Plan

Extension forester John Barbur and Wayne County agent Don Spitze have been busy the past week, mapping the location of trees on the Wayne State College campus and noting their condition.

It's part of a community forestry program being offered statewide by the Nebraska Extension Service to any tax supported body.

The program is designed primarily for communities, but other entities such as state

colleges are also eligible. Spitze said the WSC project is the first in Northeast Nebraska, although similar programs have been undertaken in other parts of the state.

Barbur and Spitze are marking the location of each tree on the campus on a map. Barbur also notes the species of the tree, its condition, its size and its value.

That information will be programmed into a computer. After the information is tabulated,

Barbur will make recommendations which Dr. Charles Maier, Dr. Robert Sulther and John Struve, all of WSC, will use to compile a master plan for maintenance of trees on campus.

Recommendations could include instruction for pruning, trees to be removed, locations for planting new trees and the type to plant. The campus is divided into management areas and recommendations could also include priority areas for attention.

The community forestry program was prompted in part because of damage to trees in Nebraska communities by the Dutch elm disease, Spitze said, and because of general deterioration in community tree populations.

Recommendations for planting on the campus will probably be somewhat different than for municipalities, Spitze said. Usually the few-most hardy varieties are recommended for communities. Wayne State College, however, has about 45 varieties of trees growing on campus and the different species are used for instructional purposes in botany classes.

Wakefield Man Arraigned on Sexual Charge

A Wakefield man has been arraigned in Lancaster County court in Lincoln on first-degree sexual assault.

Jeff Swanson, 29, was charged Friday after a 16-year-old Lincoln boy told police he was sexually assaulted earlier that morning.

Swanson is a salesman and Nebraska Jaycee officer. The Lincoln youth said he worked at a local Jaycee-sponsored Halloween house Thursday night and later was driven to a motel where he was molested, Lincoln police said.

Judge Jeffrey Cheuvront set an appearance bond of \$2,000 for Swanson's preliminary hearing.

Swanson is one of six regional directors of the Nebraska Jaycees. The directors are liaisons between the state headquarters and chapters in their region.

\$25 Winner Announced

Richard J. Pingel of Hoskins was the winner of the 6th weekly Wayne Herald Football Contest. Mr. Pingel and Gary Newton of Laurel tied with 17 correct picks out of a possible 20.

Once again the tie breaker was used to determine a winner. Mr. Pingel predicted the Wayne State at Black Hills to be 14-7 (26 points off) and Mr. Newton predicted a 23 to 13 count (27 points off). The actual score was 6 to 25.

Kerry Jach of Norfolk, Doug Thies of Winside, Sally Harrington of Laurel and Edward Schroeder, Roger Saul and Eldin Roberts of Wayne all connected on a very respectful 16 picks to keep the contest very close.

Laurel Spikers Fall in 2 Sets

Bloomfield knocked Laurel out of the Northeast Nebraska Activities Conference volleyball playoffs Monday night with set scores of 15-7 and 15-9.

Now 7-8 on the year, the Bears take a break in action until Monday night when they head to the Class C district meet at Randolph.

Winside Defeats Newcastle in 2

Winside girls will head into next week's Class C district play with one more win under their belts.

Tuesday night the Wildkittens defeated host Newcastle in two sets, 15-13 and 16-14 to up their mark to 6-9. Jerri Krajcick and Barb Peter were the top scorers with nine and eight points respectively.

In the reserve match, Newcastle won 15-5 and 15-6 over Winside. Leading the JVs for Winside was Ann Mann with seven.

Girl Scouts Meet

More than 200 Girl Scouts from the 18-county Prairie Hills Girl Scout Council attended the annual Cadette Day Saturday on the Wayne State College campus.

Mrs. Gerald Hagan, of Wayne was in charge of making local arrangements for the event and Mary Poehlman, also of Wayne, was mistress of ceremonies. Girls and leaders from Oakland, Neligh, Belden, Fremont, Columbus, Schuyler, Norfolk, Wahoo, Bancroft, Ponca, Wallkill, Hooper, and West Point, as well as Wayne, attended the event.

The Cadette Scouts were able to register for three workshops during the day in a variety of skills. In addition, Wayne State physical education classes offered instruction in a number of activities including swimming in the WSC indoor pool, tennis, volleyball, dancing, and tennis.

Ready to Take Charge

THE NEW manager of Country Sportsman is Jack Conner who will take over his duties at the start of next month. Conner and his wife, Judy, purchased a major interest in the firm previously owned by Roy Coryell of Coryell Auto Co. Conner and his family, which includes four children, plan to move to Wayne next week and locate at 302 E. Sixth. Conner is employed at IBP in Dakota city where he works in the maintenance department. In addition, he operates his own maintenance shop. Judy, who is employed at Zenith Electronics of Sioux City, will leave her job to assist her husband. Jack's first goal is to improve service operation.

Coach: We Were Just Too Tired

By the time the match with Kearney rolled around last weekend, the Wayne State girls were too tired to produce effective results. They rallied winning the first volleyball game 16-14, but lost the match in successive games — Kearney over Wayne, 15-6, 15-4.

The triple event held in Kearney Friday lifted the women's record from 15-6 to 17-7. In the first and second matches, the Wildkittens defeated Hastings and Fort Hays with 16-15, 15-3, and 15-12, 15-7 scores respectively.

Although the latter win was a non-conference match, coach Berniece Fulton was "glad to beat" this conference team from Kansas, Saturday in Joplin, Mo. The Wildkittens will meet them again, this time results counting on the conference tally. The girls will vie Missouri Southern, Ft. Hays and Emporia matches beginning at 1 p.m.

Who's Got the Button? Wayne Collector

By JIM STRAYER

Republican president, "Peace With Honor" was one of Wilson's campaign cries, echoed by Richard Nixon during the wind down of the Vietnam war.

Buttons from the FDR years figure prominently in the Johnson collection. Buttons from Roosevelt's campaigns are displayed, as well as those of his opponents.

Particularly cutting is the legend on one button on Wendell Wilkie's unsuccessful attempt to unseat EDR in 1940: "Eleanor Start Packing. The Wilkies Are Coming."

Opposition to Roosevelt's campaign for a third term in 1944 is registered in a button reading "The Constitutionalist — No Third Term."

"Wilkie's First Million" reads another button, referring to Wilkie's attempt to appeal to the nation's youth. Mrs. Johnson said, "McCarthy's Million" years later echoes the same theme. An attempt at youth appeal is even more apparent in another button in the Johnson collection "If I

were 21, I'd vote for Goldwater."

One of the most unusual buttons in the Johnson collection attempts to promote the GOP's perennial bride's maid.

The round button with a picture of Paul Revere has a small belt hanging from a military-type ribbon. The slogan?

"Harold Stassen — Paul Revere Rider's age."

Other buttons in the collection promote Harry Truman, Herbert Hoover, Alf Landon and Thomas Dewey.

From more recent times are an "Ike and Dick" button, parat buttons for the Johnson-Humphrey ticket, a "Goldwater in '64" gold sheriff's badge button, and a number of John F. Kennedy buttons.

Also included in the Kennedy collection are "Robert F. Kennedy in 1968" and even a "Ted Kennedy in 1972" although he was never a candidate for president.

A McGovern-Shriver button is also included, and, although Mrs. Johnson does not have one of the rare McGovern-Eagleton buttons, she did manage to obtain an Eagleton button from that candidate's race in Missouri for the Senate.

Richard Nixon buttons are also much in evidence including a portrait button with the "Now more than ever" slogan, as well as a later product claiming "Nixon Bugs Me."

The "campaign" of television's Archie Bunker provides a lighter touch with a button declaring "Bunker in '72, Chaos in '73."

Nebraska candidates are represented in a separate collection. Specimens include "FRANKIE I'm for Morrison" and buttons for gubernatorial candidates including Dwight Burney, Norbert Tiemann, and "Terrible" Terry Carpenter.

A pair of "Henry Ley for Governor" buttons also occupy an honored place on the fabric map of Nebraska used to display the state candidate collection, although the Wayne banker was unsuccessful in his opposition of Tiemann.

There is one notable absence from the state collection, however. Mrs. Johnson said she wants to add a button for three-term governor Val Peterson of Wayne, but hasn't been able to locate one so far.

84 Attend Banquet

A father son banquet, held by Redeemer Lutheran Churchmen Oct. 19, was attended by 84 persons.

The Rev. S.K. deFreese gave the invocation. The welcome from fathers was extended by Dr. Darrall Wiener and the response from sons was given by David Wiener.

Toastmaster for the evening was Ray Butts. Del Stottenberg, head football coach at Wayne State College, was guest speaker, and special music was provided by the Wayne State Joy Folk singers.

The dinner was prepared and served by the Redeemer Lutheran LCV.

Survey Shows More Cars Now Operating in Wayne County

The number of cars in operation in Wayne County continues to increase, year by year, with no saturation point in sight.

As a result, the car density in the local area, as well as the number of two-car and three-car families is now greater than ever.

The latest published figures show that, as of the beginning of this year, there were more passenger cars locally, per 100 families, than in most communities.

On Jan. 1 there were some 5,710 cars registered in the area. This was equivalent to 171 for every 100 local families.

It was a bigger ratio than was found generally throughout the United States, where the average was 156 per 100 families. In the West North Central States, it was 155.

Despite the slowdown in auto production and sales during the recent recession, the number of cars on the nation's streets and highways is considerably greater than five years ago.

The records show that auto registrations in the United States are now over 105,625,000, which is 15,864,000 more than in 1971. It represents an increase of 8,700

card per day over the five-year period. Additional millions of cars, combined with more trucks, buses and other vehicles, is obstructing traffic lanes and bumper-to-bumper driving, especially in urban areas. No relief is in view in the struggle for traveling and parking space.

Much of the increase in car ownership is attributed to the progressive movement of families from heavily-populated urban communities to the suburbs, where the automobile is the basic means of transportation.

The growing proportion of late model cars in and around Wayne County is a reflection of the rising purchasing power in the area. As family income rises, so does the number of cars in operation.

The net result is that auto registrations locally have increased from 4,230 to 4,710 in the last five years.

With more cars in use, more money is being spent annually for maintenance. The expenditures in the past year in local service stations for gas, oil, repairs and incidentals came to more than \$1,939,000, as compared with the total that was spent five years earlier, \$1,736,000.

KWSC Plans Special Show

Wayne State College television station KWSC will present a special election show Tuesday on cable Channel 10.

Entitled "The Return," the program will be produced by the WSC television production and direction class.

The program will include interviews with local officials and will monitor the three major television news networks for election results.

Council —

(Continued from page 1)

The council agreed to invite the operator of the Norfolk landfill to the next council meeting, asking for specific cost figures on operation of a transfer station. At the same time, the council directed Brink to advertise for bids for operation of a private landfill.

The council tabled indefinitely a proposal that the city apply for a grant to finance under-ground irrigation for nine holes at the golf course. The city would have had to pay at least 25 per cent of the cost of the project, estimated at \$46,000 total, even if state and federal assistance were made available.

Mayor Freeman Decker made three appointments which were approved by the council. Stan Cawner to the fire department; the archman of Melvin Lamb to sergeant on the Wayne police force; and the appointment of Bonnie Hintz as an auxiliary police officer.

Clete Sharer was approved as the manager of record for the Wayne Vets Club.

The council also approved the following ordinances:

No. 849 — Designates that municipal elections will be conducted on the date provided by state law.

No. 850 — Repeals a number of out-dated ordinances.

No. 851 — Brings up to date the ordinance designating the time and place for council meetings.

No. 852 — Brings the city ordinance regulating depositaries for municipal funds into compliance with state law.

No. 853 — Updates the city code book governing the board of adjustment. Changes provide for an alternate member who can vote in the absence of a regular member, and prohibits council members from sitting on the board.

No. 854 — Corrects an error in the legal description of property sold to Nutrition Pro.

\$92 Million Available for Rehabilitation

Social security will make about \$92 million available for vocational rehabilitation services for people getting monthly disability benefits in fiscal 1977, according to Dale Branch, social security district manager in Norfolk.

Fiscal 1977 began Oct. 1. Social security pays monthly benefits to eligible workers and their families when the worker is severely disabled and not expected to work for a year or more. In selected cases, social security helps pay for vocational rehabilitation services provided by State and local agencies.

In fiscal 1975, over 40,000 disabled people in the U.S. got vocational rehabilitation services that social security helped pay for. Over 11,000 were successfully rehabilitated.

Up to 15 per cent of the total amount of social security disability benefits paid during the previous year may be made available for rehabilitation services.

Wintering Stock Cows
Crop residues make good feeds for the dry beef cow through the winter and up to calving time. Corn stalks, milo stubble or oats straw are satisfactory for the major part of the cow's feed needs.

When grazing corn stalks and milo stubble, little additional feed is needed other than salt in mineral mixture and vitamin A until most of the leaves are gone. For harvested stalks and milo stubble and straw, protein supplementation will usually be needed in addition to salt, phosphorus and Vitamin A. Three to five pounds of alfalfa hay will usually fill this need until the last 60 to 70 days before calving. Commercial supplements containing plant protein sources are also economical supplements for these feeds. The amount needed will usually approach 4 lb of actual protein per head per day (about one lb. of 40 per cent protein supplement).

Some of the drought-damaged corn and milo which has not produced much grain will prob-

'Chemicals Not Answer To All Weed Problems'

Currently popular weed control practices employed by many farmers tend to encourage perennial weeds — such as milkweed, dogbane, bindweed and climbing milkweed, a University of Nebraska-Lincoln extension weed control specialist said this week.

John Furrer explained that the concept of preemergence weed control in crops, accompanied by fewer cultivations and reduced tillage, is designed to control annual weeds, but has little effect on perennial weed growth.

Some studies show that when annual weeds are eliminated, the reduced competition releases perennials so that they spread more rapidly. Furrer said, "This is the situation we have on thousands of acres in Nebraska and other Midwestern states."

Beef Foundation Directors Hear Knebel, Test the Taste of Restructured Beef

Members of the Beef Industry Foundation's board of directors and the Nebraska Stockgrowers Association Friday morning looked in two different directions for help in solving recent declines in the beef market during their respective meetings at the University of Nebraska-Lincoln.

One eye was cast on acting Secretary of Agriculture John A. Knebel, who made a late-planned visit to address the groups, as well as faculty members and students and tour East Campus.

The other was focused on Dr. Roger Mandigo's experiments on restructured beef.

Knebel, a 40-year-old Oklahoma named as acting secretary Oct 4 following the resignation of Earl Butz, said he recognized that the beef industry "is in the middle of a tough situation."

"The beef industry is down, but not out," Knebel said. "It'll be back, and the same goes for wheat. I hope that movements we've made in the last few weeks are going to be helpful."

He said those "movements" included the recent establishment of beef import quotas, but said more needs to be done, especially in the "tremendous export market."

"I think quite frankly that we need to do a lot better job on the exportation of beef and I'm encouraged at the prospect of a producer referendum that conceivably could give us the involvement of beef groups and the beef checkoff program," he said.

"We (the Agriculture Department) also have to do our job from the standpoint of tariff barriers and promotion and market development," Knebel added.

He said beef import quotas are likely to be maintained until the domestic market "improves dramatically."

"I'm not sure I want to get away from quotas," Knebel said. "I kind of like the iron clad hand they give in protecting our cattleman."

He referred to one such instance, the Oct. 20 regulations forbidding "once and for all" the importation of foreign beef from Mayaguez, Puerto Rico as a wise use of the quota system.

But he said the chances are "very real" that the action, which becomes effective Tuesday will be challenged in federal court.

"There's very few things we do in the department any more that somebody doesn't get a hankering to sue us," Knebel said.

He said the agricultural policies of President Ford and Butz, which he pledged to continue, also call for active pursuit of grant export markets.

At a news conference following his meeting with livestock officials, Knebel said the USDA "has not been able to do nearly as much as we would like to do in helping farmers through the Federal Crop Insurance program, federal drought disaster program and the 'delivery sys-

tem" of the Farmers Home Administration.

He said the Department is examining the possibility of merging the Federal Crop Insurance and Disaster Assistance Programs, noting that \$30 million recently has been pumped into the Crop Insurance Program to keep it afloat.

Mandigo, UNL professor of animal science and head of a research project restructuring beef, said the products of lesser demand beef, lamb and pork products, said that if restructured steaks can be made at what he called a reasonable cost, the market potential could be significant.

He made the comment during a progress report to the Nebraska Beef Industry Foundation, which is supporting the research with a two year, \$18,300 grant.

Mandigo said the products' appeal lies in its potential for even portions, composition and cost control. He said restructured steaks could be used in the food service operations of schools, hospitals and nursing homes, as well as in restaurants.

He said the meat and meat trimmings are frozen, run through a flaking machine, rather than ground, and forged through various shaped molds to produce large meat logs. The log then is sliced into uniform cuts.

Textural properties, flavor and fat content all can be regulated in the process, Mandigo said.

Foundation chairman Mel Kuska said success in restructuring beef could expand the "sale of beef," possibly into the millions of dollars, although it

haven't sat down and figured it out."

Leo Dwyer of Bartlett, one of the Meat Board directors, said the steak, "tasted all right, but it doesn't take the place of a good T bone."

Ed Salzman of Answorth, a member of the Nebraska Stockgrowers Association said both consumers and the beef industry could benefit from the project.

"I think it could reduce the cost to consumers and increase the use of beef by the industry," he said. "Then cattlemen could still make a profit I hope."

Production Forecast
The U.S. Department of Agriculture's 1976-77 production forecast for major crops is down one-half per cent (27 million bushels) from the Sept. 1 forecast and 100 per cent above 1975.

Sorghum grain production is forecast at 1.1 billion bushels, 10 per cent higher than a month earlier but six per cent less than last year.

A record production of corn, forecast at 183 million metric tons, is up 16 per cent above last year.

Soybeans production at 1,250 million bushels is down two per cent from last year's record, but up 16 per cent above 1975.

Wheat production is forecast at 2,127 million bushels, slightly less than last year's record crop.

Good crop of winter wheat, rye and rice combined is expected to total 4.1 million metric tons, one per cent above last year.

Sugar crops — sugarcane output is forecast at 287 million short tons, 10 per cent less than last year, while the sugarcane crop at 28.5 million tons is expected to be slightly more than last year.

Cattle Eight Per Cent Above 1975
Nebraska cattle feeders were selling 1,150,000 cattle for slaughter market on Oct. 1, up eight per cent from Oct. 1 and 11 per cent above 1975, according to the Nebraska Crop Livestock Reporting Service. Of this total, 655,000 were steers, up three per cent from last year, and 494,000 were heifers — a 19 per cent increase.

A weight breakdown shows cattle on feed in the 900 pounds or more Oct. 1 totaled 497,000, up 37 per cent from a year ago. Those in the 700-899 pound group numbered 523,000, an increase of three per cent. The under 700 pound category totaled 220,000, down 14 per cent from last year.

During the July-September quarter, Nebraska feeders marketed 888,000 fat cattle, up 26 per cent from the corresponding period last year. Placements during the quarter totaled 815,000, a seven per cent increase, totaling 6,170,000 placements during September of 340,000 were down 13 per cent from last year.

Feeders marketed 6,170,000 cattle in the October-December quarter. This total would be 18 per cent above a year ago.

Cattle in 23 States
Cattle and calves on feed for slaughter markets in the 23 major cattle-raising states totaled 9,264,000 head on Oct. 1, unchanged from a year ago, up one per cent from Oct. 1, 1975. Steers and heifer calves on feed numbered 3,900,000, down seven per cent. Heifers and heifer calves totaled 3,354,000 — a 13 per cent increase.

By weights, there were a total of 1,065,000 over 900 pounds, or 27 per cent; 2,488,000 at 700-899 pounds, down five per cent; and 2,540,000 under 700 pounds, down 17 per cent from last year.

Markings on fed cattle for slaughter during the July-September quarter totaled 6,170,000, a 11 per cent increase from last year. Placements during the period totaled 5,673,000, down six per cent from a year ago.

Cattle feeders in the 23 major feeding states intend to market 5,490,000 head during the October-December quarter. This would be an 11 per cent increase from the fourth quarter markings last year.

Nov. 1 Is Deadline For ASC Nominees

Anyone wishing to nominate a candidate for the Wayne County ASCS county committee should be sure the nominating form is received by the county ASCS office by Nov. 1.

ASCS executive director Ray Butts said the election will be conducted by mail Nov. 26 to Dec. 6.

Nominating forms have been mailed to farmers in the county. The position open on the three-man board is now chaired by Norris Hansan, completing his first three-year term. Committee members can serve three terms.

Nominating petitions must be limited to "one nominee" each, must include written certification that the nominee is willing to serve if elected, must be signed by at least three eligible farm voters in the county, and must be received by Butts' office no later than Nov. 1.

Committee members are responsible for overseeing ASCS farm programs in the county.

Chances Are Increasing To Win Bucks

The chances for someone to win the grand prize in the weekly Birthday Bucks promotion should steadily increase as more and more shoppers spend their Thursday evenings in Wayne searching for gifts for the holiday season.

Coming close last week to winning the \$25 consolation award Thursday night when it was discovered that her birth

date of Aug. 19, 1943 was the closest to the winning date of Sept. 4 Connie was in Gibson's Discount Center when the date was drawn by Bill Richardson of The Morning Shopper and announced at 8:15 p.m.

Tonight (Thursday) another lucky shopper will win the consolation prize, or if he or she is lucky enough, the jackpot which increases \$25 to \$575 because no one claimed it last week.

Birthday bucks can be spent just like cash in any of the participating Wayne stores. No purchases or registration are necessary to be a winner.

Re-elect Kermit WAGNER

University of Nebraska BOARD OF REGENTS Third District

Kermit Wagner thinks your way.

As your Regent he will act to:

1. Define and enforce firm rules for student and faculty conduct. Violation of these rules will result in expulsion.
2. Control runaway spending. More than 25 cents of every tax dollar you pay to the state now goes to support the Lincoln and Omaha campuses.
3. Preserve our University's status as a center for learning and research—while making it more directly responsible to the taxpayers who support it.

KERMIT WAGNER is:

- Experienced in school administration — has been a member of the Midland College Board of Trustees and served on the Schuyler Board of Education.
- Experienced in business. College graduate in agriculture.

Presently serving as U of N REGENT

IS THIS THE REPRESENTATION YOU WANT ON THE PUBLIC SERVICE COMMISSION?

Gravy Train Junkets
The theme of the MATC meet in Kansas City was "Where Do We Go From Here?" While Nebraska's junketing commissioners are trying to figure out their next destination, voters here should also be settling on a new course — one aimed at shaking up the commission majority.

Crude Language
"Aw, to bell with it," Gay exploded, throwing his pen on his desk. "Who gives a shit what you think?"

Alley-Cat Ethics
Taken by surprise initially, Rasmussen merely laughed. Same said he had talked only with grain elevator operators who are concerned that bonding requirements may be too low. Gay said he thought some should talk with representatives of the grain elevators.

Commissioner Gay... home from tour.

United Telephone Co. Hosts Official's Tour
Two Nebraska public service commissioners and three staff members returned Thursday from a three-day trip which included a stay at Disneyworld near Orlando, Fla. all courtesy of a subsidiary of United Telephone Co. of the West.

Commissioners Duane Gay of Columbus and Robert Marand of Lincoln arrived in Lincoln Thursday afternoon aboard a Lear jet (tail featers N7441 D) operated by United Telephone.

NOW YOU KNOW WHY THIS NON-PARTISAN COMMITTEE ENDORSES...

DONALD J. JENSEN

OF MILLARD FOR PUBLIC SERVICE COMMISSIONER DISTRICT #3

Don Jensen has committed himself to a policy of the strictest adherence to the basic goals of the PSC — to provide the citizens users of services the most and best service for their rate dollars... and no compromise with the highest standards of ethics and morality.

The Lincoln Star is on the scene at the State Capitol, and reports the news with integrity and force. A random gleaming of their pages produces these clips about Don's opponent, Mr. Gay. They merely confirm what has been known for some time... that we should seek out and support the best person for every office, and that we should turn out any official who violates the public trust. Morality, like charity, must begin at home!

We ask you to cast your vote for Donald J. Jensen for an improvement in the quality of service on the Public Service Commission. It is time the citizens of the 3rd District had adequate representation!

Ruthless Employee Treatment Outrageous Conduct

The outrageous manner in which a three-member cabal controlling the Nebraska Public Service Commission put the axe to the neck of the agency's trouble-shooting staff engineer last week really says it all.

Without warning, without presentation of a bill of particulars, take care to act when nobody was around, denying the victim a chance to speak in his own behalf — warn, off with the guy's head.

Since Commissioner Gay was the Cassius of the Sasek ambush, he comes under particular examination. Not forgotten is the fact Gay was one of two commissioners who last September opposed a 60% cutback in rates charged Kennard customers of the Blair Telephone Co. until service was improved. Gay's utility-favoring companion then was John Swanson, since retired by the voters. Looking at the record, which Sasek helped develop, seven Nebraska Supreme Court judges threw up their hands and sided with the commission majority in the Kennard case, as follows:

"We must agree the consumers were vastly overcharged for the services they were actually receiving... The record indicates the service was so inadequate the remedy chosen (by three members of the commission (Gay and Swanson on the other side) was the only one which would keep the company from confiscating the rates paid by the ratepayers for wholly inadequate service."

About the best thing that can be said for Commissioner Gay is that his term ends next year. He was nominated and elected on a fluke in 1970, voters initially preferring a dead man. Surely northeast Nebraska Republicans, and if not them, then all regional voters later, can supply a successor more likely to attract and hold public confidence.

OBITUARIES

William Ahnholz

Funeral services for William Ahnholz, age 72, of Laurel were to have been held Wednesday at 2 p.m. at Immanuel Lutheran Church in Laurel. He died Sunday in Laurel.

The Rev. H. K. Niemann officiated and burial was in the Laurel Cemetery. Pallbearers were Gunnar Swanson, Wain Johnson, Armond Stark, Ed Gadeken, Bert Nunemaker and David Curtiss.

William Ahnholz, the son of Dick and Christen A. Ahnholz, was born July 26, 1904, in Varina, Ia.

He married Helen Ehrisman at Tripp, S.D., on Nov. 30, 1933, and had lived in the Laurel area since 1950.

He was a member of the Immanuel Lutheran Church, Lutheran Layman's League, and had operated a restaurant in Laurel for 19 years before his retirement.

He is survived by his widow, Helen of Laurel; one son, Robert of Hacienda Heights, Calif.; one daughter, Millie Madson of San Diego, Calif.; five grandchildren; two great grandchildren; four brothers, Walter, Bernard, Herbert and Lawrence, and four sisters, Elsie Eisenbraun, Freda Shuter, Dorothy Bartells and Hilde Deipendeng.

Mrs. E. J. Huntemer

Mrs. E.J. Huntemer died last Wednesday in the Madison Countryside Home in Grand Island. She was 84 years old. Funeral services were held Monday morning in Grand Island.

Born June 1, 1888, in Wayne, Claire Huntemer was the daughter of Mr. and Mrs. Tom Moran. She attended grade and high school in Wayne and was a student at Wayne State Teachers' College. She taught five years in the Carroll and Wayne High School. She married E.J. Huntemer on Sept. 2, 1909.

She and her husband helped organize and co-sponsored the College Newman Club for 25 years. She was active in various church-related organizations, including the Omaha Archdiocesan Council, the Grand Island Deanery Council and the Legion of Mary organizations. She was awarded the "Pro Ecclesia et Pontificio" medal by Pope John XXIII in recognition of her service to the Church.

She was involved with the Catholic Daughters, the St. Francis Hospital Auxiliary in Humphrey, Christian Mothers, and her biography was selected to appear in the Third Edition of "Who's Who Among American Women," published by the A.N. Marquis Co.

She was preceded in death by her son, Eugene, in 1942. Survivors include her widower, E.J. of Grand Island; one daughter, Marcella Ternus of Humphrey; five grandchildren, and five great grandchildren.

GUEST SPEAKER at Wayne Kiwanis Club Monday was Aaron Butler, right, candidate for the Nebraska Unicameral from Northeast Nebraska. During the meeting, Butler gave his viewpoints on the proposed eight amendments

which will be decided upon by state voters next week. After the meeting, the candidate took time out to talk with Kiwanians Rev. Donnie Peterson, left and Harry Wert.

Butler Favors Majority of New Admndments

Reviewing the proposed eight amendments to the Nebraska constitution, candidate for the state Unicameral, Aaron Butler of Wayne told the Wayne Kiwanis club Monday he favors the majority of the proposals.

Butler said he agrees with Amendment 1 which calls for eliminating the requirement to read each bill before it is voted upon. Butler contends that dispensing with the reading saves time since a copy of each bill is presented to the senators 24 hours before voting.

Butler said he also favors Amendment 2 which allows senators to line item override the governor's veto of a bill. This would permit senators to let some line item votes stand and to be selective in their overrides rather than having to override on the total bill package.

Other amendments which Butler favors are:

Amendment 3 to change the date when the legislature meets to the second Monday in December and would have the senators' terms start on that date. Now sessions start on the first Wednesday after the first Mon-

day in January.

Amendment 4 would eliminate the need of lieutenant governor as the presiding officer over the legislative sessions and permit the Legislature to provide a presiding officer.

Amendment 5 would allow political subdivisions, such as Wayne, to issue bonds for the funding of redevelopment projects with the bonds to be repaid by property taxes on new evaluations in such projects.

Butler pointed out that chairman Ken Hall of Wayne Industries Inc is highly in favor of such an amendment to help the city.

In conjunction with that amendment, Amendment 7 would permit governmental subdivisions to issue revenue bonds to acquire and develop real and personal property for commercial or business enterprises.

Butler said he is in agreement with a pay hike for state legislators as proposed by Amend-

ment 8. The increase would be from \$400 to \$675 per month.

The only amendment the candidate refused to comment on is a proposal to permit contracting with private schools to provide special non sectarian services for handicapped children. Known as Amendment 6, the proposal would allow educational grants in aid to students who choose to attend private college of the state rather than restricting such aid to students in the public institutions.

Hiscox-Schumacher FUNERAL HOME

Wayne 375-3100 Carroll

If you will think of recent funerals you have attended, we believe you will discover that each one left with you a memory picture. The flowers, the music, the message of the minister, the general arrangements — all these are a part of that picture. It is our task — as we see it — to make that picture just as beautiful and satisfying as it possibly can be made.

In recent weeks, my opponent has persisted in making misstatement, exaggerations and completely untrue statements. In two previous campaigns this tactic was avoided by both my opponents and myself. I would prefer not to have to respond to these slurs.

However, friends have indicated the possibility if they go unchallenged they might be taken for fact — which they are not — they are —

HOGWASH

Dictionary Definition: (1) Refuse used to feed hogs; swill; (2) worthless stuff; nonsense.

TYPICALLY — My opponent claims to be my cousin — my third cousin and that our great-great-grandfathers were brothers and buried in New York. — **HOGWASH!**

In reality there is NO relationship and my great-great-grandfather's headstone still stands at Waterglass Hill, Co. Cork, Ireland.

ATTENDANCE — My opponent would have people believe that my attendance record in the legislature was poor. — **HOGWASH!**

It is a matter of legislative record in the office of the Clerk of the Legislature. In four years, I have had up to a 98% plus attendance record. A part of this absence was on official legislative business.

ABORTION — My opponent protests the fact that I voted for, passed and against the abortion issue. — **HOGWASH!**

As a matter of fact, floor debate of this issue proceeded through three conflicting proposals — It began with Sen. DeCamp's "Rhode Island version" which was an absolute bar to abortion. The U. S. Supreme Court had just struck down this version. A substitute motion was made by Sen. Stahmer and was referred to as the "Doctor's Bill," a very liberalized PRO-ABORTION version. Adoption of either of these laws, would have, in effect left the state without any abortion law. Ultimately I supported Sen. Anderson's bill. It was in strict conformance with the limitations set down by the Supreme Court. An affirmative or a negative vote on three propositions going in three different directions would be irrational.

STATE AID — My opponent has made countless misstatements regarding my position on the use of state tax funds (State Aid?) and the manner in which they are distributed to local schools. — **HOGWASH!**

With regard to school financing the record shows — In 1973 I supported LB 472 School Financing which did not survive the Governor's veto. In 1974, I supported a similar measure, LB 772 which received the required 30 votes and became law. However, that law was placed on the state-wide ballot by referendum and by an overwhelming vote of 2 to 1 this approach to school funding was rejected by the people of Nebraska. Further support of similar propositions contained in LB 368 or 691 would be completely contrary to the democratic process of representative government. It is unfortunate that the proponents still attempt to impose their will upon the general public rather than pursue alternatives such as LB 506 and LB 362.

SAVE MONEY — My opponent would have you believe that "State Aid" would save money for the schools in the 17th District. — **HOGWASH!**

The facts are these: There are 44 schools in the 17th District, under the plan of equalization, 8 will benefit. However, 36 will receive less than a proportionate share and 28 will receive absolutely no funds from the equalization formula.

ELDERLY — My opponent says the elderly must often sell part or all of their real estate to get the cash to pay the real estate taxes. — **HOGWASH!**

Obviously this man is unaware of the real estate tax structure in Nebraska. Since 1974, the first \$15,000 of homestead valuation has been totally exempt from taxes if a couple over age 65 has less than \$4800 annual income. This year the State of Nebraska will return \$10,000,000 to the counties to replace the revenue lost through this exemption.

PIPELINE — My opponent espouses many dire predictions that will result from LB 147 relative to the coal slurry pipeline. — **HOGWASH!**

The total change in the laws of Nebraska would be to add one word — "Coal" — to the statutes dealing with pipelines granting the coal slurry pipeline the same privileges of eminent domain as those currently exercised by railroads, utilities and other pipelines. It grants no water rights or construction rights, nor any other special privilege.

DIDN'T CARE — My opponent said "He didn't care." — **HOGWASH!**

Before agreeing to introduce this legislation, I posed a lengthy series of questions to the advocates of this bill, some of which were so far reaching that they required specific research before they could be answered. Not until each and every question had been answered to my satisfaction did I agree to sponsor the bill.

WATER SAFETY — My opponent states the pipeline would bring down Nebraska's water supply in a hurry. — **HOGWASH!**

The two men most qualified to pass judgment on this question are Dr. Vince Dreesen, Director of Survey and Conservation Division of the University and his predecessor Dr. Reed, who has published numerous papers on the geology of the Madison formation from which these waters will be withdrawn. Both men have testified that there can be no effect on the available water of Nebraska. Further, the State of Wyoming, where the well will be located has issued strict regulations; wells to monitor any change in water level; the termination of the right to use the well in the event the water level drops; posting of a bond to insure against damages should any occur.

UPGRADING RAIL LINES — My opponent states that millions of dollars will be spent upgrading rail lines in the 17th District. — **HOGWASH!**

On September 27th permission was granted to abandon the railroad lines running from South Sioux City to Wakefield, from Wakefield to Crofton, from Wakefield to Wayne. These are the lines that served the 17th District not the coal expressway headed east. It is predicted that one of these unit trains will be leaving Wyoming at the rate of one every 1 hour and 45 minutes. If you're quick, maybe you'll be able to cross between the trains.

FARM — My opponent states that the farmer cannot till, plant, fertilize or irrigate nearly so efficiently with a pipeline to contend with. **HOGWASH!**

This pipeline will be buried at least 30" below the surface and will in no way interfere with these farming operations. By contrast railroad tracks are a real impairment and source of weed infestation. Last year 17 people died in collisions with trains in Nebraska. By contrast no one was involved in collision with a buried pipeline. In addition to the millions of dollars that will be spent constructing and maintaining this line, the initial 200 miles of pipeline will generate close to \$2 million in local property tax revenues compared to the paltry \$7½ million generated by all of the rail lines of all of the railroads in this state. Even though I am a stockholder of the Burlington Northern Railroad and would personally benefit from its increased revenues, I cannot condone perpetrating the present monopoly it enjoys hauling coal. This would be the result of denying the same right of eminent domain to the coal slurry pipeline.

Business notes...

Bob Carhart of Carhart Lumber Company recently spoke to architectural and vocational drafting classes and vocational construction classes at Wayne High School about panelization in the construction industry.

Panelization entails construction of building sections in a controlled environment and use of special holding jigs for better quality control and labor utilization, Carhart said.

He also furnished drawings and booklets on panelization for students to review a short question and answer period followed the presentation.

WAYNE MUNICIPAL AIRPORT
ALLEN ROBINSON
East Hwy. 35 Ph. 375-4644

I am Merle Hansen, candidate for Regent, District 3, a 56 year old farmer from Newman Grove. I am seeking this office because I feel the average taxpayer needs better representation. Regents supervise the spending of 1/4 of our state tax dollar.

The incumbent has the worst attendance record of any Regent. He has failed to attend nearly 1/3 of the Board meetings the past 2 years and did not function at all on important committee assignments. He campaigned six years ago to "cut wild spending", but when elected used his vote to raise the budget from \$64.5 million to over \$250 million. Why were raises recently given to \$30,000 a year administrators who never go near a classroom while student services were cut? Was it necessary to spend \$100,000 of taxpayers money to lobby for more taxpayers money?

A Regent must be more than a rubber stamp, he must work at the job, get to the meetings and watch spending; constantly asking: "Does money spent really foster teaching and learning?"

HANSEN FOR REGENT

Paid for by Hansen for Regents Committee, Ralph Ritchey, Norfolk, Chairman; Robert Wernick, Maxwell Grove, Treasurer.

Speakers Bring Skills To District III NSEA Convention

Several area persons will bring their business expertise to campus Thursday and Friday during the NSEA Convention hosted by Wayne State College.

Kent and Lois Hall of the Wayne Greenhouse will bring their green thumbs to Benhath Hall for the instructional topic sectional in the Home Economics Department.

Topic for the Halls is "Creative Use of Plants in the Home." Marilyn Lesh of Wayne will share her expertise in cooking. Following the Halls on Friday, she will be featured in "Cooking with the Radarange." This session is also in Benhath Hall from 9 to 10 a.m.

Kem Swartz, Wayne attorney, will be included in discussions Thursday under educational topics. He will interpret two bills affecting the educational system: LB 82 and LB 803.

Other persons heading discussions are JoAnn Rouse of Wayne High School, "Organization of Mini Courses"; Dorothy Ley and staff, "Project Success."

A Mainstream Model for Children with Specific Learning Disabilities" and Francis Hain, included in the group speaking on "The Superintendent's Point of View Concerning

Children with Learning Disabilities in the Classroom."

Ron Jones of Wayne State College will speak Friday in the physical education division on a "New Concept of Teaching Secondary Physical Education." Under the science department, Wes Fritz and Dean Metz, both of WSC, will demonstrate the ever popular "Energy Environment Simulator" in Carhart Science Hall, and Carl Rump, director of the Fred G. Daitz Planetarium, will present a program Friday.

Several other persons will be imported for topic discussions. Dan Callahan, basketball coach from Morningstar College, and Arnie Brardt, wrestling coach, will talk about coaching on Thursday.

Dr. Dick Boyum from the Counseling Center of the University of Eau Claire in Wisconsin

Some cicadas live underground for 17 years, then emerge for a few weeks of sunshine before dying.

will speak on the topic: "The Three L's: Living, Loving and Learning." Other guests will be Connie Smith Peterson from the Department of Health, speaking on "Birth Defects Prevention" and Senator Frank Lewis with "Social Studies and State Government."

Several area persons will chair sectionals during the NSEA Convention. They include Jean Swanson of Wayne High School, Nebraska State Business Association; Dan Yost of Wisner Pilger High School, coaching; Morris L. Anderson of Wayne State College, education; John Rouse of Wayne High School, English; Don Gattie of Wayne State College, Nebraska Industrial Education Association; Elaine Cory of Wisner Pilger High School, library media; Jim Rouse of Wayne State College, Mathematics.

Others are Ron Jones of Wayne State College, physical education; Lowell Hunter and Norm Weber of Wisner Pilger High School, science; Gary Lay, of Norfolk Junior High School, social studies; and Mike Lake of Norfolk High School, Nebraska Personnel and Guidance Association.

Where to Vote in Wayne County

THE TWO MAPS ABOVE will provide a guide for Wayne County electors regarding where to vote. The top map outlines the four wards in Wayne County and lists the location of polling places in those wards. County clerk Norris Weible said Fourth Ward voters should be sure to enter the fire hall through the south entrance. Voting precincts in the rest of the county are outlined in black in the bottom map. Polling places are listed with the maps. Those polling places not within any of the county's municipalities are denoted by a black dot. Weible said registrations for Tuesday's general election have been heavy, particularly in Wayne's Second Ward. Weible attributed the high number of registrations there to an influx of Wayne State College students who registered to vote in Wayne. The county clerk speculated that there is increased interest in the presidential race this year because of exposure to the candidates through a series of televised debates.

Winside Legion Hosts Gun Class

The American Legion Roy Reed Post 252 in Winside helped to sponsor a gun safety clinic the past week for youths 12 to 15 years of age.

Aided by the Nebraska Game and Parks Commission, the three nights of classes concluded Monday night at the Legion Hall.

The programs were directed by members of the Wayne County sheriff's department and Gary Farrrens, instructor. Representing the Legion was Ollan Koch, State game warden. Marion Shaeffer was the guest speaker at the final meeting Monday night.

Students who completed the gun course were Doug Oswald, Jim and John Hawkins, Brian and Barry Bowers, Hank Sued, Ron Henriks, Scott and Todd Schuetz, Dale Westerhaus, Scott Farrrens, Tom Koff, Mitch Pfeiffer, Mark and Tom Koch, Gerald and Carmie Monk, Gary Andersen, Byron Schellenberg, Jon McHenry, Tim, Terry, Toby and Ted Coll, Angela Thies and David Gahl.
