If anyone thinks this season is going to be a rabuilding year for Wayne basshall coach Alike Mallette, they better forget those thoughts. As for as the head man is concerned, this year's the head man is concerned. This year's club which won the state Class B high school title. That's saying a lot about this year's team.

defense to mold another state contender. Another ingredient his club has, he em-phasised, is pride. "Because we're the state champs, other clubs will be out to get us. But our guys take the pride in their baseball and keep things going." Returning starters from the 1976

championship club are seniors Aaron Nissen, Doug Carroll, junior Vic Sharpe and sophomore Tom Ginn. Carroll, Sharpe and Ginn make up part of the five-man pitching staff which will be bolstered by sophomore Dennis Car-

Both Wayne coach Mille Mahlette and Laurei mentor Bob Weisenberg decided last week to move up the playing date of their game to today (Monday). To get a closer look at how each coach views his teem and the season, sports writer Bob Bartlett faiked with each coach to get their outlooks.

This is the first year for baseball at Laurel High School, but it's by no means the first time either the coach or players have been on a diamond. Veteran mentor Bob. Weisenberg has guided Laurel's American Legion Junior and Midget teams for the past cupie of immers the cupilly. and Midget teams for the past cuple of summers for douglify as a mar who knows the sport. If that land, enough, Welsen-berg has had his share of time in the minor league as a pitcher. About his team — most are the same who have played under him last year. With those aspects in mind, Laurel would seem to be in pretry good shape for its first time in the high school ranks. But that isn't exectly, how Weisenberg looks at the season.

...how trading at home makes more sense today than ever before

Economic disarray cramps our national economy at times, and naturally affects our individual and local financial well-being.

At such times, it becomes even more worthwhile to keep our money turning over — and over — at home, where \$1 can generate \$4 or \$5 in trade volume to help keep our stores well-stocked, our people (us) employed, and our public services efficient.
