

For Winter Semester

# Wayne State Enrollment Up

Wayne State College (WSC) on-campus enrollment figures for winter semester 1978 show an increase of about seven and one-half percent over winter semester 1977.

Figures show 2,004 students currently enrolled, compared to 1,854 for the same period last year, an increase of 150 students.

WSC registrar Virginia Wright said the increase was not a surprise. "Since the fall enrollment had gone up we thought there would be an increase in second semester also," she said.

Wright said although winter enrollment is up, the 2,004 figure does not include students enrolled in WSC extended campus courses. A Dec. 31, 1977 figure for fall semester showed 2,579 students enrolled, including extended campus students, and 2,170 on-campus students, a drop of 166 between fall and winter semesters.

"Even without the continuing education enrollment we still have a slight drop between fall and winter," Wright said. "We have fewer commuters and night students in the winter because of the possibility of bad weather."

WSC Admissions Director James Hummel said he is pleased with the increase over last year at this time.

"I think a good percentage of our increase is due to returning students," he said, "or more likely a combination of an increase in new student enrollment and a higher retention rate between first and second semester students."

A breakdown of the 1978 winter semester figures shows the largest number (627) of students are freshmen, followed by 418 sophomores; 365 juniors; 381 seniors and 213 graduate students.

## Heart Helper

**KIM BACKSTROM**, eight-year-old daughter of Mr. and Mrs. Verdel Backstrom of rural Wayne, receives a \$10 gift certificate from Tim Boyle, administrator of the Wayne Care Centre, for her work in getting pledges totaling \$17 for the "Rock and Roll" Heart fund raising effort by residents of the centre. The certificate was contributed by the Sherry brothers of True Value Hardware and the money will be donated by Kim to the Peppy Pails 4-H Club of which she is a member. Kim also received a \$25 Savings Bond contributed by the centre and the First National Bank of Wayne.

## Others File

# Wakefield Mayoral Contest

The Wakefield mayoral election has turned into a contest with the filing this week of Merlin (Lefty) Olson. Olson will oppose incumbent Alfred Benson who announced his candidacy last week. In other recent filings, Randall Larson and Larry Clay filed for re-election to the board of education. Sid Preston announced last week he will not seek re-election after serving two terms. Phil Rouse (Ward 1) and Eugene Erb (Ward 11) stated they were undecided if they will run for re-election.

Four incumbent supervisors, Jerry Knerl (District 1), Donald Thomas (District 3), Merle Von Minden (District 5) and Donald Mackling (District 7) have filed for re-election. The only one to have competition to date is Von Minden. Vernon (Doc) Ellis, a Republican, has filed for supervisor, district 5. Jan Stading, Democrat from

Ponca, has filed for county assessor. She is presently serving as deputy assessor. In Allan, four have filed for seats on the school board. They are Karen Knepper, Neil Wood, Loren Carr and Robert Noe. The three board members whose terms expire are Harlan Mattes, Wayne Stewart and LeRoy Koch. Three terms expire this year on the Allen Village board. Those presently seated are Kenneth Linafelter, Jerry Schroeder and Gaylen Kjer. Those who have filed for Village trustee include Clifford Gotch and Ellen Noe. Dixon County Clerk Esther Brennan explained filings for city council and the board of education may be made at the office of the city clerk.

## Forced to Forego White House Visit

Dr. Lyle Seymour, president of Wayne State College, said Friday he will not be able to accept an invitation to the White House to hear President Carter's arguments for ratification of the Panama Canal Treaties. Dr. Seymour was 1 of 200 Nebraska opinion makers who were included in the invitation to the White House Tuesday. Sen. Edward Zorinsky submitted the names. Dr. Seymour said he received

the official invitation by telephone Thursday evening after reading about it in a newspaper Thursday morning.

"Previous commitments preclude me from accepting the invitation," President Seymour stated. "It should be an interesting meeting," he noted.

Dr. Seymour said he was told other meetings are planned for the future and he might possibly be able to attend one of them.

She pointed out that although the Wakefield school plant is in Wayne County, those who wish to file for the Wakefield board of education must do so at the Wakefield city clerk's office or obtain an application from the county clerk in Ponca.

The deadline for filing is March 10 for the May 9 primary election.

## Heads Winside Bank Board

David Warnemunde has been named president of the board of directors of the Winside State Bank.

Other changes include Lynn Lessman being named as loan officer and Greta Grubbs being named cashier.

Irene Warnemunde has been appointed to the bank's board of directors, replacing the late E.T. Warnemunde.

## Bowlers Can Score Strike

Area bowlers can score a strike against heart disease by taking part in "Heart Bowling Week."

The tournament will be held Feb. 27 to March 4 at Melodee Lanes during regular league bowling for both men's and women's divisions.

Entry fees will be \$1 per bowler with 70 cents going to the American Heart Association and 30 cents for prizes.

Scores will be based on regular league play for a three-game series plus handicap in that league. Bowlers may enter as many times as they bowl in league play either as regular members or substitutes. His or her high score will be used as prizes will be awarded only for one high score per individual.

Heart Association officials reminded bowlers the group is "fighting for your life" and urged them to register now and pay their fee to their league secretary and ask him or her for details. All bowlers will have an opportunity to take part in "Heart Bowling Week."

## Pancake Feed Set for March 2

The annual pancake feed sponsored by the Wayne Kiwanis Club will be held Thursday evening, March 2, from 5 until 8 o'clock at the city auditorium.

Project chairman Sidney Hillier said tickets are on sale from club members and will be available at the door at \$1.50 for adults and \$1 for children under the age of 12.

Also available during the pancake feed will be a free blood pressure clinic for those who wish to have this valuable health check.

Proceeds from the feed are used to support community betterment projects, such as the annual scholastic achievements banquet for students in Wayne-Carroll schools; Boy Scout Troop 174 which the club has sponsored the last 37 years; donations to help finance the foreign exchange student program at Wayne High and 4-H clubs, and Kiwanis Youth Golf tournament.

Besides its youth activities, the Kiwanis Club seeks to serve the whole community with See PANCAKE, page 6

PUMPING GAS gives Pearl Hansen an opportunity to learn about people.

## An Art to Pumping Gas

Pumping gas and teaching college have mixed rather well for Pearl Hansen, a part-time art instructor at Wayne State College (WSC).

"I have found a lot of new tools at the station that I can use in sculptures," the 27-year-old from Randolph said.

Miss Hansen is a part-time gas station attendant at her brother's service station in Stanton. She began working at the station last fall when her brother needed help as the new

manager. "Some of the student help was going back to school," Miss Hansen said. "My brother was new in town and needed help. Now I work between 15 and 45 hours a week."

Miss Hansen holds a bachelor's degree from WSC and master's degree from Kansas State. She started teaching art part-time at WSC in September 1976, and began her gas station career last fall. She said working both jobs allows her to learn

about a number of different people.

"At the station you are dealing with more of the age group of the parents," she said. "I come in contact with the students at the college and this gives me insights into both age groups. I guess I like just watching the people."

Miss Hansen said she has learned to fix flat tires and change oil along with her regular attendant duties. She said customers are not usually concerned about a woman service attendant, but they do take notice when they discover she also teaches at the college level.

"They think it's great," she said with a grin. "They don't believe it at first. There are people who stop in just to see if you are real."

She said the pay "isn't too bad" at the station. She often makes more in one week as an attendant than she does at the college.

"Sometimes I think I should get out of teaching and go pump gas fulltime," she jokes.

Though she said she enjoys working at the station, the weather has made her reluctant to work lately.

"During this cold weather I've tried to make up excuses not to go in," she said. "I couldn't come up with one for tomorrow."

## 4-H Leaders Workshop Set

Wayne County 4-H council will sponsor a 4-H Leaders Workshop at the Wayne State College Student Center, Thursday, Feb. 23, from 7:30 p.m. to 10 p.m. Each 4-H leader may attend three of the four workshops offered. The workshops are:

"4-H, WHAT IT'S ALL ABOUT?" 7:30 to 8 p.m. — Don C. Spitzer, Instructor. A general overview of the 4-H Club program. All leaders will participate in this workshop.

"EVERYTHING YOU ALWAYS WANTED TO KNOW ABOUT SPEAKING AND DEMONSTRATION" 8:05 p.m. to 8:45 p.m. — An explanation of what is expected in a demonstration and comments on help available with public speaking.

"COMMUNITY PROJECTS WORKSHOP" 8:05 p.m. to 8:45 p.m. — Instructors, Anna Marie Kreifels and Mrs. Hilbert Johs. Workshop content will include types of community projects; criteria for selection of projects and resources which might provide guidance and support.

"GOOD 4-H CLUB MEETINGS WORKSHOPS" 8:05 p.m. to 8:45 p.m. — Instructor, Don C. Spitzer. The Why's and How's of a good 4-H Club meeting. How to make Parliamentary Procedure help improve meetings.

All three of the workshops scheduled for 8:05 p.m. to 8:45 p.m. will be repeated from 8:50 p.m. to 9:30 p.m.

All leaders will have a chance to have an informal meeting with extension agents and 4-H leaders who will conduct the meeting.

A different 4-H Leaders Workshop will be held March 16 at Wayne State College.

## Wayne Student Awarded Grant

A Wayne student at Wayne State College has been awarded a Special Abilities scholarship in broadcasting.

Terry Hasebrook, son of Mrs. Esther Hasebrook, is the recipient. He is a graduate of Wayne high school and a senior communication arts major at WSC. Hasebrook is station manager for the KWSC college radio and television facilities.

## Report to Board

# Committee Recommends Closing Carroll School

A self-evaluation committee has recommended to the Wayne Carroll school board of education discontinuing use of the Carroll elementary school.

The building, grounds and facilities committee based their recommendation on declining enrollments, and increased educational opportunities for Carroll students.

The self-evaluation visitation team made the same recommendation. The report indicated the immediate benefits from the

action would be increased educational opportunities for Carroll students.

It recommended the students be absorbed by the Wayne elementary system where there are more complete educational programs and facilities.

The long-range benefits would be realized by future students attending the school district.

The report pointed out the cost would be considerably less to absorb the Carroll students as compared with continued use of

what the report termed, "obsolete facilities."

Such a plan would possible necessitate the hiring of an additional bus driver. The report stated there is a bus currently available for this use.

The evaluation committee recommended immediate action while the visitation team put priority at one to three years.

The extensive report also recommended repairing the windows and wiring in the Middle School.

It said such a move would be

savings in money and energy and enhance the comfort and learning climate for students and teachers.

The committee, the visitation team and the administration recommended immediate action. No cost estimate was given.

In other areas, the committee recommended landscaping north of the elementary building to eliminate the problems that arise during rain and snow storms.

The committee and the visitation team called for immediate action while the administration work on record as continuing to study the problem.

A recommendation was made to enclose the elementary secretarial office. The report indicated such a move would provide more privacy and comfort for the secretarial staff as the office is in a central location next to outside doors.

The committee also pointed out an enclosed office would provide better security for

secretarial supplies and records. Again, the committee, the visitation team and the administration advised immediate action.

Another recommended goal by the committee is to move the cafeteria serving facilities for high school students to the high school.

The reason for the recommendation is to give the elementary students access to the multipurpose room and to eliminate the congestion and confusion of

moving students from building to building.

The committee was in agreement with the visitation team and the administration to give this matter immediate attention. The final recommendation is to enlarge shop facilities at the high school. The report indicated the present space is about half adequate for course offerings. It stated need for two individual shop areas exist.

It was pointed out there are ten different course offerings at the present time with 134 stu-

dents each day necessitating doubling classes.

The committee said the recommendation would also up-grade safety factors.

The priority rank for this recommendation by the committee, the visitation team and the administration was one to three years.

The board of education has agreed not to make any comments regarding the reports until all of them have been presented.

# BarneStorming

With Chuck Barnes

We got numerous calls following the snow storm last week about Robins who got caught with their feathers unfulfilled. We sympathized with their plight but we welcomed the sight. Spring may come after all.

We heard from a former Wayne resident writes a weekly column for the Sun City (Ariz.) Citizen.

Glenn B. Sanberg retired last year and he and his wife are residents of Sun City. His "Lift" column centers around the residents of Sun City. The one we received zeros in another former Wayne

resident.

Ruth Milder for many years was a Wayne City librarian. Her husband was a rural mail carrier. Sanberg chronicled her successful efforts to bring libraries to Sun City with her latest accomplishment being a library in Bell Center.

Sanberg wrote: "Fighting against great odds, with no more encouragement at times than her own indomitable will, Ruth kept pleading, cajoling and educating until finally the break-through came three years ago with Del Webb's decision to erect and equip the present Bell Center

structure. To illustrate her fight against ignorance, she was once asked how much she intended to charge for her books!

We have been told the easiest way to attract attention is to whisper. We have found that some people will believe anything if it is whispered to them.

One of our more successful friends gave this advice: Be like a duck... keep calm and unruffled on the surface but paddle like the devil underneath.

And that is that!

## EDITORIAL PAGE

Our liberty depends on the freedom of the press, and that cannot be limited without being lost. — Thomas Jefferson, Letter, 1786.

## OBSERVATIONS

### You've got a job to do

The cost of community living comes high. While spiraling inflation has popped the lids off most family budgets, we aren't concerned about monetary values. We are talking about personal involvement in community affairs.

Wayne Mayor Freeman Decker had a problem in filling a city council vacancy in the fourth ward. He said there were many citizens who measured up to his criteria but those to whom he offered the position declined because they were afraid being a council member would affect their businesses.

Mayor Decker did fill the fourth ward council chair with a person who measures up in every respect. Clifton Ginn has the background and the credentials which should make him a capable council member.

At the same time, Mayor Decker took time out to point up the fact that the many critics of the mayor and council failed to come forward to assume a post that would give them a forceful voice in deciding the future of Wayne.

The reaction by Wayne citizens is by no means a unique one. The problem of getting qualified people to serve in the revealing limelight of city government is one that faces most communities, especially the smaller ones.

And persons serving on a city council are going to catch some flack if they are attending to city business as they should. There is no way they can please all the people all the time especially if they take a meaningful stand on the issues.

All too often city issues become clouded by personalities. When this comes down to a one-on-one basis, issues are sometimes decided on emotion rather than good sense. The city often times is the loser when this happens.

We have been impressed with the actions of the Wayne city council. There are many instances when they are at odds concerning an issue. They publicly express their views. And they don't appear to take their differences outside of the council chambers.

Another plus for the Wayne chamber is they conduct their business in the council chambers. The issues aren't decided at a bar before or after the meeting. They hash out the problems in such a manner that the result most-times is a workable solution. It doesn't happen in every instance but enough times it seems to benefit the city.

Asking that citizens become involved is not a new concept. It has been the hue and cry of governmental agencies to get citizens involved. For the most part, they have been fortunate to get the help they need. But it can and should be improved through conscientious, concerned citizenship. — Chuck Barnes.

## Extension Clubs Invite Public To Join in Estate Planning

Wayne County Home Extension Clubs and the Wayne County Cooperative Extension Service are planning a meeting on estate planning Wednesday, Feb. 22, at the Lutheran School in Hoskins.

The meeting, which is designed to help adults plan the distribution of their property and financial assets in the event of a death, is open to the public. The meeting is scheduled to get underway at 10 a.m. and conclude at 3:30 p.m.

Extension Club members will serve coffee, however, persons planning to attend are asked to bring a sack lunch.

On hand to discuss objectives

and methods of estate planning will be Dr. Phil Henderson of the Institute of Agriculture and Natural Resources in Lincoln.

Advantages of different ways to hold title to property will be presented. In addition, Dr. Henderson will give basic suggestions for "realizing savings in federal estate taxes by taking proper action in estate planning." Dr. Henderson's presentation also will include discussion in 1976 legislation which resulted in changes in federal estate tax laws.

Dr. Henderson emphasized that estate planning is not something that is of concern only to older persons, but to all adults regardless of age or marital status. There will be opportunities for questions from participants during the day-long meeting.

## Lessons Will Help Save Time, Energy

Leader training lessons designed to help homemakers save personal time and energy in the kitchen will be presented by area extension home economist Joycelyn Smith during February

and March. Miss Smith will be helping home Extension Club leaders in Cedar, Dixon, Dakota, Wayne and Thurston Counties find more time to spend with their

families, learn new hobbies, or participate in community activities.

The lesson, entitled "Energy Choices in the Kitchen," will introduce ways in which homemakers can conserve fuel resources and help hold down utility bills.

"The homemaker who conserves personal time and energy as well as fuel resources is one step ahead," said Miss Smith. Leaders of other clubs and organized groups are also welcome to attend these training sessions. Such leaders should notify Joycelyn Smith in advance at the Northeast Station at Concord if they plan to attend one of the meetings so lesson materials can be prepared. Meetings are scheduled to be held:

Feb. 27 — 1:30 p.m., court-house meeting room, Dakota City.

Laurel 54, Walthill 48

Trailing 20-11 in the second period, Laurel went from a zone defense to man-to-man coverage to stop Walthill in the second night of Class C district girls play at Homer Tuesday.

Deanna Mann rallied coach Everett Jensen's girls with 18 points and Cheryl Abis hit 12 as the Bears rolled to their ninth win in 15 games.

Both clubs were about even from the field. Laurel converted 33 percent of its shots; Walthill made 31. The Bears, however, capitalized on 18 Walthill personal fouls by canning 14 of 22 attempts. Walthill was eight for 17 at the line.

The Bears also held the edge on the boards, pulling down 38 rebounds to Walthill's 37. Abis was the leader for Laurel with 12.

Christi Meyer led the Bluejays with 24 points.

Homer 61, Wakefield 40

Lewis and Clark Conference standouts Janelle Jensen and Donna Pearson powered Homer to a 61-40 decision over Wakefield to knock the Trojanettes out of Class C district action at Homer.

Jensen poured in 12 of her game-high 21 points in the third period when the Knights exploded for 22 points for a 48-30 lead going into the final stanza. Pearson was the only other Homer girl to score in double figures, hitting 17.

Led by Kelly Murphy with 13, Wakefield had trouble handling Homer's full court press at the start of the third period, said coach Eltie Studer.

The Trojanettes made 13 of 41 field goals for 32 percent, and 14 or 24 free throws for 58 percent. In the rebound department, Wakefield grabbed 21 caroms. Janelle Bartels had seven and Karen Johansen had five.

Kincaid's 37 Sets Record In B League

Dave Kincaid set a new scoring record with 37 points Tuesday night to lead Team 2 to a 77-69 victory over Team 7 in men's B league basketball action.

Kincaid made 16 fielders and connected on five of eight from the free throw line to snap the old record of 36 set by Dan Johnson last year.

Although Team 2 was playing against Team 7 of the A league, recreation director Hank Overin said the record would stand.

In regular league action, Don Larsen pumped in 25 points and Ray Nelson had 23 as Team 4 whipped Team 1, 73-58. And in the late game, Team 3 blasted Team 5, 69-40.

Team 3 is the league leader with a 5-2 record followed by See KINCAID, page 6

Pender Gals Knock Winside Out of District Semifinals

Winside girls bowed out of the Class C district tournament at Homer Thursday night after Pender handed coach Kathy O'Connor's Wildcats a 44-28 set back.

Junior Janet Essmann led the Pender girls with 21 points as her team broke away from an 18-all first half score. Pender made 50 percent of its shots from the field for the night and pulled down 36 caroms to 25 for Winside.

The Wildcats, who shot only 25 percent, failed to connect on 13 tries from the field in the third quarter. "We got good shots in the third quarter but they just wouldn't go down," said

No Doubt Now, Team 1 Grabs C League Title

Only one week of season play remains in men's city recreation C league basketball before the six teams pair off for playoffs.

Heading the league is undisputed season winner Team 1 with eight wins against one loss. The latest victory for the front runners came Wednesday night when the leaders got by Team 4, 45-42. John Dorcay and Wayne Wessel sparked Team 1 by scoring 16 and 14 points respectively.

Holding down the No. two spot is Team 3, 45-44 winner over Team 5. Steve Cline led the winners to their sixth win in nine games by scoring 20 points while teammate Sid Hillier had 11.

Team 4 is third with a 3-4 mark followed by Teams 5 and 6. Team 5 earned its third victory by topping Team 2, 42-38 on the scoring leadership of Don Zeiss. See TEAM 1, page 6

## Essays from St. Mary's

In observance of Catholic Schools Week, the students of St. Mary's Grade School participated in an essay contest with the theme: "How Catholic Education Makes Me Grow."

The following are the winning essays and their authors. **WINNER, Grade 2, Ann Mueller.** Parents, Mr. and Mrs. Ed Mueller.

Catholic education makes me grow in many different ways. I grow by learning, singing, reading, playing, writing, talking and going to church. Mrs. Bowder helps us learn religion and math, reading, handwriting, to be kind to one another and she gives us attention. Father comes on Thursday and we talk about Jesus.

At St. Mary's we are like one great big family with Father, Mrs. Seward, Mrs. Johnson, Mrs. Goeden, and Mrs. Bowder. They make me feel at home.

We say the Hail Mary and The Lord's Prayer. We learn about the breaking of the bread. We go to Church every day. The Sunday after Easter we make our First Holy Communion.

**WINNER, Grade 3, Mary Pat Gross.** Parents, Mr. and Mrs. Pat Gross

I think saying prayers every day before we start school, and after lunch, and after school makes me grow. Giving to the missions helps me give and not receive. Going to Confession will help me, also. Someday I may be a nun so that is how Catholic education makes me grow.

**WINNER, Grade 4, Laura Keating.** Parents, Mr. and Mrs. Jim Keating.

The way Catholic education makes me grow is that it makes me nicer. I also think that now I have more religion than I did. It's made me more generous. It's made me grow to give more to the missions. I think it made me grow by liking people more. Some people do not like it but I like it a lot. I think I would rather have a Catholic education than an ordinary education. I think it's made me grow closer to God much more every day. I think it has made me better than I was. I hope a lot of people will come to grow in Catholic education. Someday I hope I will go to Heaven.

**WINNER, Grade 5, Amy Gross.** Parents, Mr. and Mrs. Pat Gross

Catholic education makes me grow in my heart. My heart grows by understanding other people's feelings and knowing what I say won't hurt them.

When going to a Catholic school I get a chance to go to daily Mass, and in that I get to receive God most every day. I get a chance most children don't get. I get a chance to understand what is going on in the Mass and get to know God better every day.

In our religion class one of the things I learn is how to treat others and how to be a better friend to those who do not like me or the people I do not like. I learn that I should treat a person like I would like to be treated. Even when my best friend gets mad at me for no reason and gives me a dirty look, I should not give a dirty look back, but I should smile and say I'm sorry for whatever I did to hurt

you. When you dislike someone because one of your other friends told you something about him or her that is bad: you should spend a day or two with the person and see what he or she is really like. You may find another friend.

I like going to a Catholic school because I learn that I should not say bad things in front of other people at any time.

I get a chance to be a better Christian by taking part in church events and by giving money to people who need it much more than myself.

That is how Catholic education makes me grow! **WINNERS, Grade 6 (a tie) Pat Melena.** Parents, Mr. and Mrs. John Melena and Franny Gross. Parents, Mr. and Mrs. Pat Gross. Pat Melena

A Catholic education helps me learn more about God and other religious things.

Every day there is a religion class and on Thursday Father McDermott comes in and teaches. During the year, we have many special services. God is an important part of the whole school day.

St. Mary's School helps me treat others as I would like to be treated. I have learned to be kind to others and to respect others feelings and property.

Father and my teachers set a good example for me to be a better Christian. I hope I can be a good example for others.

By attending daily Mass I can receive Holy Communion everyday. Father helps me understand Mass by saying Children's Masses.

In my school we learn new prayers and I learn to pray on my own. Once or twice a year, someone also comes and talks to me about future vocations.

In my school I learn all the things that you learn in most schools. I also learn about famous Christians and the importance of God and others.

How does my Catholic education make me grow? My Catholic education helps me to grow in many ways, especially in the love of God and others.

Franny Gross  
I have been in a Catholic school for about six years and I think that a Catholic education is good for me and I am a better Christian because of it. For one thing we have a religion class almost every day and learn about early famous Christians. It also gives me an opportunity to have different views about a future Christian vocation.

Catholic education is going to help me later on in life also. It has taught me how to treat others, how to understand other people, listen to their ideas, treat them fairly, and give a good example.

Catholic education has also taught me some very beautiful prayers and verses. We pray daily before class and during Mass. I have also gained a deeper understanding of Mass with different prayers and readings.

For me Catholic education is great! It will help me very much in the future.

Shooting a blitzing 56 percent from the field Thursday night, Wayne High freshmen blasted Neligh frosh, 44-28, to advance to semifinal play in the Randolph Tournament.

The Blue Devils, behind the 10-point plays of Jere Morris and Steve Koll, dominated action throughout most of the contest. The locals took an 18-10 first half lead and never were challenged.

A victory against the winner of the Randolph-Plainview game at 3:30 p.m. Saturday would put the Devils in the finals at 8:30 p.m. Tuesday. A snowstorm earlier last week delayed the start of the eight-team tournament until Thursday night.

Misling from Wayne's lineup was team scoring leader Perry Nelson who is sick with the flu, said coach Duane Blumenkamp.

Also scoring for Wayne were Kevin Nissen with eight, Tim Pfeiffer with six, Tod Heier and Todd Skokan with four each and Jeff Brandt with two.

WECM Pastor Named at WSC

The Rev. John H. Jorde of Mankato, Minn., has been appointed pastor of the Wayne Ecumenical Campus Ministry (WECM) at Wayne State College (WSC), effective Feb. 20. The Rev. Mr. Jorde will be responsible for campus ministry through the WECM, serving WSC including students and faculty. Mr. Jorde was ordained Aug. 20, 1972 and is a 1972 graduate of Luther Seminary of St. Paul, Minn. He holds a bachelor of arts in psychology from Concordia College, Moorhead, Minn. He is presently working on a master's degree in counseling and has served as pastor of the Christ the King Lutheran Church in Mankato and the Willow Lake Lutheran Parish, Willow Lake, South Dakota. Mr. Jorde, his wife Carol and son Brian will reside in Wayne. He will be officiated in the "Hearth" at WSC. WECM was established last summer through the merger of the United Ministries in Higher Education (UMHE), made up of the United Presbyterian, United Methodist, United Church of Christ and Disciples-of-Christ denominations, with the Nebraska Lutheran Campus-Ministry (NLCM).

A WECM board of directors was established with four representatives from NLCM, UMHE, four student and two faculty representatives. The board selected Mr. Jorde as pastor and will work with him

REV. JORDE on coordinating the WECM program at Wayne State. Board member Richard Runquist said Mr. Jorde is the first full-time pastor in recent years hired for campus ministry. He said several pastors from various denominations have served WSC on a part-time basis through the Cooperative Christian Campus Ministry. Runquist said the WECM program is not intended to compete or conflict with existing programs of other denominations. "WECM is simply designed to offer christian leadership to students from the respective denominations," he said. "Its programs and christian ministry are also open to other interested students. It is an open ministry program that is ecumenical in nature and not directed to any denomination."

Wayne State College Music Instructor Michael Palumbo will present a faculty recital Feb. 21 at 8 p.m. in Ramsey Theatre of the Fine Arts Building. He is a member of the Wayne State Trio music group and a member of the Sioux City Symphony. He also participates in music clinics throughout the Northeast Nebraska area.

Home Decorating's

a Natural  
in '78

BY *Bonnie Blaine*  
TRU-TEST COLOR CONSULTANT  
Member of National Home Fashions League and Color Marketing Group

This year, the trend in home fashion decorating will not be a single color, but a feeling — "the natural feeling." This feeling is translated into colors borrowed from nature: the earth tones, terra cotta, the bronze golds of the sun, the blue of the sky and the frothy seafoam of the oceans. Now, and for the next five years, you'll be seeing these colors everywhere — in carpeting, upholstery, and other home furnishings.

How can you make sure that the colors which go together so well in nature will look harmonious in your home? The secret is in choosing a wall paint color that's also a natural — a color such as Tru-Test "Navaho White." Navaho White is a warm off white; a unifying color that's ideal for the living room, dining room, kitchen — every room in your house.

You'll find Navaho White and other close-to-nature colors here at our store. Doing what comes naturally may be the best thing ever to happen to decorating... and the easy way to make your color scheme work.
