Near-Record Meeting

Otte Low Bidder on CH Improvements

The Wayne city council will convene as a board of equalization at 8 p.m. Oct. 10 to hear objections to assessments for Sewer Extension District No. 78-1 (Tara Ridge Addition).
The meeting Tuesday night was a near-record for shortness. It lasted about 40 minutes. The record is 35 minutes.
In other action, the council approved a low bid of \$11,002.00 by Otte Construction, Wayne, for improvements to city hall.
The bid is subject to approval by the city engineer.
The improvements include a ramp for the handicapped and

an enclosure for one of the exit doors.
Bruce Mordhorst said the city will receive a grant of \$5,000 from the Nebraska Commission on Aging to help to fund the improvements. Mordhorst said his office is negotiating with the commission in an effort to obtain more financial participation by the commission.
Mordhorst also said the commission has approved a grant for a mini-bus for Wayne senior citizens. The grant is for \$10,000 with the cost to the city to be about \$1,000.
Mayor Freeman Decker

suggested the council consider inspecting that land now being leased to Wayne Auto Salvage as a possibility to be included in an engineering survey to provide more land for a sports complex.
The mayor directed Mordhorst to check the lease agreement and report back to the council.
City Engineer Bruce Gilmore told the council he would like to get some sort of recommendation to the council regarding the proposed complex by Jan. 1, 1979 in order to receive federal and state funds. He was told to work with Mordhorst regarding

the project.
Mayor Decker, upon suggestion by Councilman Darrel Fuel berth, said he would meet with Wayne-Carroll school officials to find out if they would be receptive to working with the city to make a sports complex which could be used by the city and the school.
City Updates
Liquor Laws
The city council passed two "housekeeping" ordinances to

update the city's liquor laws and liquor sales.
Liquor sales are prohibited during the hours the polls are open on the day in which any statewide primary or general election is conducted.
Sales are also prohibited on Sunday days 8 a.m. to 1 a.m. for both on and off sales. Sundays on sales only from 6 p.m. to 1 a.m.
Beer and wine sales are the same except for Sundays when Off sales can be conducted from 6 a.m. to 1 a.m.
The second ordinance refers to credit sales of alcoholic beve-

rages. Clubs holding a Class C license may permit checks or statements of alcoholic liquors to be signed by members or hotels or restaurants from permitting checks or statements for liquors to be signed by regular guests.
Two Firemen
Are Approved
Two persons were appointed to the Wayne Volunteer Fire Department by the Wayne city council in a regular meeting Tuesday night.
Approved by the council were Robert G. Rich, Wayne State College student and Brian Frevert, Wayne, a carpenter.

Crashes Keep Trooper Busy

Dave Headley, state trooper stationed in Wayne, had a full weekend covering accidents.
A one-car accident Saturday about 2:35 p.m. caused extensive damage to a vehicle being driven by Thomas C. Stuthman, 19, Wayne, who received minor injuries.
Trooper Headley said Stuthman topped a hill on a county road six miles south and 1 1/2 miles west of Wayne, and lost control of his vehicle and went into a ditch.
The driver survived but the vehicle is a mess following a cow-car collision about 11:20 p.m. Sunday one mile south of Winslow.
Trooper Headley said a car being driven by Wayne D. Brus, 33, Norfolk, hit a steer which caused extensive damage to his vehicle. The steer survived and Brus received a bruised leg.
A car being driven by Edward Brandt, Wayne, Tuesday went out of control on a road five miles west and one mile north of Wisner about 9 p.m.
Trooper Headley said Brandt was westbound and was attempting to turn right when the vehicle went out of control and rolled onto its top.

SOMETHING NEW this year with the Wayne Blue Devil Marching band is a flag corps. The girls made their first public appearance Friday night at the Blue Devil-Blair game. They are (left to right) Lori Burbach, Vicki Ellis, Lisa Magnuson, LaVonna Sharpe, Tracy Keating, Sherri Clausen, Chris Vakoc and Bronza Wessel. The girls have been using practice flags but hope to have their parade flags for Band Day Saturday.

Ley Appointed Board Liaison

The Wayne-Carroll Board of Education Monday night selected Dorothy Ley, board member, as liaison between the board and the newly formed Advisory Committee on Sensitivity Issues.
In other action, the board authorized Supt. Francis Hain to take bids on a new 48 to 50 passenger school bus to replace a 1967 model which is illegal. See LEY, page 16.

Downtown Parade 3:30 p.m.

76-Plus Trombones for WSC Band Day

There will be 76 trombones plus at the annual Wayne State College High School Band Day Saturday.
Nearly 1,000 high school band students representing some 18 communities will take part in a downtown parade, a pre-game parade and will combine with the Wayne State College band during halftime activities of the Wayne State-Dakota State football game at Memorial Stadium Saturday night.
Rehearsals for the participating bands will begin at 1 p.m. in Memorial Stadium. Dr. Ray Kellon, Wayne State College band director and Gary Wenham, Hinton Junior High Band director, will be in charge.
A downtown parade, beginning at the college, will kick off at 3:30 p.m. and make its way through the business district

The Wayne Chamber of Commerce, with Steve Schumacher as chairman, will host a refreshment lunch for the band members in the city auditorium immediately following the downtown parade.
The bands will re-group for a pre-game parade passing in review on the track in front of Memorial Stadium. Seventeen of

the bands will be in competition for trophies in two classes. The Wayne High Blue Devil band under the direction of Ron Dalton, will not be competing.
The bands and their directors in Category II (Class C and D) in order of their appearance are: Elgin, Patricia Miller; Bladen, Kristi Wlejes; Windsor, Vincent Boudreau; Verdigris,

George Vondracek; Butte, George Barlow; Bloomfield, Randy Neuhaus and Wausa, Keith Byrkit.
Bands and their director in Category II (Class AA, A and B) in order of their appearance are: Humphrey Public and Humphrey St. Francis, Stephen Niles; Valley, Karen Doeden; Battle Creek, Loralee Huzeker; Howells, Ed Collins; Creighton, Duane Smith; Randolph, Douglas Olansky; Arlington, Dave Hink and Logan View, Bruce Bartels.
Halftime festivities will include a combined endeavor of marches "lowa Band Law" and "Brasses to the Fore," followed by a concert arrangement of "America the Beautiful." The combined bands will be under

City Receiving CA Applications

Mayor Freeman Decker Tuesday night told the Wayne city council that he has already received applications for city administrator.
He said he will appoint a screening committee of council members who will go over the applications and report back at the first meeting in October.
Plat Approved
The preliminary plat of the Banister First Subdivision was approved by the city council Tuesday night.
The approval came after recommendation by the Wayne Planning Commission Monday night.

City Planning Commission Tables Rezoning Request

The question of spot zoning is facing the Wayne Planning Commission once again.
A public hearing Monday night in city hall, concerning rezoning of three and one-half lots on the north side of Seventh Street just east of the former Merchant Oil Company at Seventh and Main, prompted the questioning of spot zoning.

The lots have been requested to be rezoned from residential to business.
Duane Schroeder, Wayne attorney representing those requesting the change, stated before the commission that it was not a request for spot zoning but one that would extend the nature of the neighborhood approximately one block east.

He pointed out that the former Merchant Oil Company location will be a drive-in bank facility and there already is an upholstery shop in operation in the area. He also pointed out that across the street south were commercial businesses.
Schroeder said the reason for the request was to allow a business such as a family restaurant to be constructed on the lots.
Budd Bornhoff, representing parties opposing the zoning change, said the request fits all the requirements of a state supreme court ruling defining spot zoning.
He quoted from the 1977 ruling of spot zoning: "As the singling out of a small parcel of land for the use or uses classified differently from the surrounding area, primarily for the benefit of the owner of the property if so zoned to the detriment of the area and other owners therein."
Bornhoff also suggested that it was not in accordance with the present city comprehensive plan and that since the city is going to rewrite the comprehensive plan, it would be well within reason for the commission to wait until the new comprehensive plan is adopted.

PCP... Dangerous and Unpredictable

By MARK CRAMER
(Ed. Note — Some of the information for this article was supplied by the Drug Crisis Center, Lincoln. The University of Nebraska Drug Information Center, Omaha, and from area students, who have asked to remain nameless.)
The national media have been giving a lot of time and space lately to the newest in recreational drugs, PCP. PCP goes by a lot of names. Angel Dust, Dust, Pig Tranquilizer, and Hog, just to name a few. National news usually talks about PCP cases occurring just on the coasts, and local councilors and law enforcement officials interviewed said they had no knowledge of it being in this area, but it's right here in Wayne.
PCP is a highly unpredictable drug. Its effects can range from a nightly enjoyable sense of euphoria, to convulsions, and even death. Of the interviewed people in

this area, who have tried it, or use it regularly when available, most reported getting so ill that vomiting was induced, sometimes violently.
One of the biggest problems concerning PCP is that there are many unscrupulous dealers who sell the drug as something besides what it really is. The most common misnomer in this area is "Cannabinol." Cannabinol is purported to be a derivative of THC (the chemical in marijuana that causes inebriation). THC, and the sixty plus cannabinoids that can be derived from it, are virtually nonexistent. Due to the expense and difficulty of refinement, they are usually found only in laboratories. Pure THC decomposes quickly if not kept frozen.
PCP, on the other hand, is reported to be quite easy, and cheaply made. As a result, it is readily available, and can be sold to the unsuspecting. PCP is also sold

as mescaline (made from peyote cacti), psilocybin (a psychedelic mushroom), and quite often as cocaine. It is also mixed with inferior grades of marijuana, and then sold as some form of "superweed."
PCP, in one form or another (the drug can be snorted, smoked, taken orally, and even shot with a syringe), has been linked to hundreds of murders, suicides, and accidental deaths. Users have been known to be violent or aggressive while under the drug's influence, and then remember none of their unusual behavior afterward. They remember their experience as a pleasant one. In the Detroit area, 214 PCP related deaths took place in one year. Around Chicago, at least 12 accidental drownings were attributed to the drug in a short space of time. Under the influence of the drug, users can lose

their ability to cope with relatively simple situations. In fact, a few inches of water becomes a very real possibility.
PCP was developed as an immobilizing agent and anesthetic for sub-human primates. It has also been used on swine. Local veterinarian, Dr. J.J. Liska, said that his office has used it on swine, but discontinued its use because more suitable drugs were found. Liska said "It's never been approved for use on meat producing animals," and added, "we don't even keep it in stock any more."
Liska said he had heard of other veterinarians' office being broken into by persons looking for PCP, and his office thought it best to be rid of their supply.
A PCP high can last from four to six hours, although traces of the drug can appear in the user's urine up to a week. See PCP, page 16

Open Day Care Meeting on Monday

An open day care center meeting will be held Monday, Sept. 18 at 2 p.m. in the fellowship hall of the United Presbyterian Church in Wayne.

Interest and need have been expressed by some members of the community for a day care center in Wayne. Mothers who work, go to school or are involved in the community sometimes find it difficult to find a place to leave their pre-school age children.

A licensed day care center could be a big help to these mothers on either a part time or full time basis.

The meeting on Monday is being held to acquaint the Wayne area with possibilities of such a facility as well as the regulations and requirements in licensing.

McClella Maas, a licensed specialist for Region IV, Dept. of Public Welfare, will be on hand for discussion.

Anyone interested in a day care center is welcomed to attend the meeting.

LET'S TALK IT OVER
With DARREL FUELBERTH

When any family is looking for a house in which to live, they usually "shop" a number of different housing alternatives. They probably look at the shiny new model homes in recently opened tracts. They may consider buying a lot and building their own home.

They should certainly compare the advantages of existing "previously owned" homes that are placed on the market. Here they have a wide selection because from 97 to 98 percent of all housing falls into the "used" category. Buyers should discuss their objectives with people experienced in the real estate field, who can offer helpful suggestions.

Perhaps YOUR home is exactly what some buyer has always wanted. List it with us. We have buyers ready to buy. Please use for our opinion on real estate matters...no obligation.

Couple Honored At Silver Fete

About 30 friends and relatives gathered at the home of Mr. and Mrs. Kenneth Kardell, Dixon, on Sunday to honor the couple for their 25th anniversary.

Mrs. Henry Peterson of Holdrege cut the cake and Shirleen Kardell of Laurel poured coffee. Serving punch was Mrs. Clifford Carlson of Laurel.

Guests came from Lincoln, Sioux City, Holdrege, Axtell, Laurel, Wakefield and Wayne.

The event was hosted by the couple's sons, Dan, Dudley, Derwin and David Kardell.

Cuzins' Have One Guest

The Cuzins' Club met with Mrs. Roy Habrock of Emerson with perfect attendance on Thursday.

April Meyer of Norfolk was a guest.

Prizes in cards went to Mrs. Willard Balleck and Mrs. Lester Luff, both of Wayne, and Mrs. Dora Moseman of Emerson.

Mrs. Kenneth Dunklau will be the hostess for the 2 p.m. meeting on Oct. 5.

Museum Hosts

Hosts at the Wayne County Historical Museum this evening (Thursday) from 7 to 9 p.m. will be Mr. and Mrs. Richard Powers and Sandy Lyman.

The museum will also be open from 2 to 4 p.m. Sunday afternoon. Mr. and Mrs. Gordon Bard, Mrs. Harold Olson and Mabel Sorenson will be hosts at that time.

The public is welcome to tour the museum anytime during these hours.

Rusty WSC Wildcats Fall Victim To Chadron State Eagles 34-7

BY JERRY SHOTTENKIRK
WSC SPORTS
INFORMATION DIRECTOR
The Wayne State Wildcats
lost the spark of a finely

tuned machine Saturday as they lost 34-7 to a fired-up Chadron State team.
The lacking WSC spirit hindered the Wildcats, who

could never form a consistent drive against Chadron State, the NAIA Division II's number 10 ranked team under coach Jerry Welch.

The game was the season opener for both teams and was played in 90-degree heat at WSC's Memorial Stadium and before an estimated crowd of about 2,000.

Neither team benefited from the first quarter, but with just two minutes elapsed in the second period, the scoreboard's dry spell came to a halt when Chadron's Bill Ryan caught a 29-yard touchdown pass from quarterback Brad Fulls to give the Eagles a lead that would never be taken away. The point after attempt was muffed and the score stood at 6-0.

Only three minutes later, Wayne, deep in its own territory, had to punt. Tekamah freshman Pat Maxwell's kick was taken on the Chadron 48 by J.D. Hill. The 5-9, 155-pounder raced a round WSC defender to return it to the Wildcat 33.

After two unsuccessful running plays, CSC quarterback Fulls took to the air on third down, unleashing a pass to wide-receiver Ron Washington in the end zone. The completion was never made, but a penalty flag was dropped for pass interference, giving the Eagles the ball on the WSC one-yard line.

Fulls scored on a quarterback sneak one play later and gave Chadron a 12-0 lead. He passed to Jerry Carder for the two-point conversion.

After both teams failed to move the ball, Wayne had finally reared its offense into last year's form, driving 24 yards for a touchdown after Chadron punter Kip Lytle botched the snap from center and was forced to lay on the ball. WSC

fullback Bob Barry capped the drive with a 12-yard run with 2:41 left in the half to close the lead to 14-6. Bert Emanuel's PAT kick made it 14-7.

At the half, Wayne dominated the Eagles statistically, but the WSC was still in favor of the visitors from the Nebraska panhandle.

WSC led the total yardage department 128-102 at that point. The Wildcat defense was brilliant against the Eagles, yielding only a favorable minus-ten-yards rushing. But Fulls' passing was what made the difference. The 6-2, 190-pound Beaver City native completed 11 of 15 passes for 112 yards and one touchdown against a veteran Wayne State defensive backfield.

Wayne stayed relatively close after the first 30 minutes of play, but Chadron's previously dull running game soon began to click.

Hill broke an 80-yard run with 2:41 left in the third quarter to up the Chadron lead to 20-7. The PAT was missed.

Chadron scored twice more on an 11 yard pass from Fulls to Ryan, and a 31-yard run late in the game by Craig Horning.

Although the final spread was 27, there were only six yards difference in total yards—Chadron coming up with 289, while the Wildcats totalled 283. Wayne ran 23 more plays than its opponents.

Hustling Hoffman

WILDCAT FULLBACK Brad Hoffman charges past the Chadron State defense in a fourth quarter attack Saturday. Wayne State suffered a 34-7 loss.

Atamian Named WS "Player of Week"

Coach Del Stollenberg named defensive back Steve Atamian "Player of the Week" for his performance in Wayne State's 24-7 loss over Chadron State College, Saturday at Wayne.

The award usually goes to both an offensive and defensive player, but Stollenberg said Atamian's performance was far better than the final score indicated, qualifying the sophomore from Schaumburg, Ill., for the honor.

Atamian, a 6-2, 178 pound speedster, played an important role in stopping a potent aerial attack by Chadron. Atamian harassed Chadron receivers and made 11 solo tackles with two assists in Saturday's game. Despite Atamian's efforts, Chadron accumulated 177 yards in the air against the Wildcats.

"I think we need more consistency on both offense and defense," Stollenberg said of the loss. "Steve had one heck of a ball game. It wasn't his fault things did not go well; he was making tackles at the line of scrimmage, he covered their pass receivers well and did an excellent job of blitzing."

The WSC defensive unit, one of the NAIA Division II leaders in 1977, gave up 283 yards in Saturday's game. Wayne, 0-1 on the season, will attempt to better their record Saturday against Dakota State in Memorial Stadium. Game time is 7:30 p.m., with "Band Day" entertainment beginning at 6:40 p.m.

Del Stollenberg's Wildcats will try to change things when they entertain Dakota State at home Saturday for WSC Band Day. Kickoff will be 7:30 p.m. at Memorial Stadium.

Alumni and Friends of Wayne State College are invited to gather at a pre-game social Saturday, Sept. 23, from 5 to 7 p.m. at the Holiday Lodge on East Highway 30 in Fremont.

The event, sponsored by the WSC Second Grader's Booster Club is part of "Migration Day" for WSC students and friends of the college for the Wayne State-Midland football game, to begin at 7:30 p.m. at Midland College.

All WSC alumni and friends of WSC are invited to attend the pre-game event.

Ervin Longe Now

Horseshoe Champ

Veteran horseshoe pitcher Ervin Longe of Wayne captured first place in the round robin horseshoe pitching contest at the Winside City Park, Sunday.

Nell Otson, Norfolk, placed second and Walter Lage, Carroll, claimed third place, in the class A division.

Class B winners were Albert Nelson, Wakefield, first; Jeff Hulbert, Neligh, second; Walter Hamm, Winside, third; George Voss, Winside, fourth.

Winside Invitational

Area Volleyball Teams Eliminated

The three area volleyball teams competing in the Winside Invitational didn't exhibit their abilities well and were all eliminated in the first round Monday.

Host Winside faced eventual champion Emerson-Hubbard in the opening game and fell victim to the Pirates 14-16, 3-15.

Coach Rich Stoffers said the loss was a disappointing one in their own tournament.

Stoffers added that he didn't feel any player deserved recognition for good play because it was a poor team effort.

In the following game, Coleridge topped Pierce in three games 15-4, 6-15, 15-5.

Another local team, Laurel lost to Wynot in the opening round 15-9, 15-10. The Bears stayed close in both games but couldn't close the gap.

In the final game Monday night, Wakefield wouldn't give up but finally fell to Osmond 15-9, 8-15, 8-15. Wakefield was led by Donna Kieckhafer and Ardie Barker, who served well.

Kelly Murphy came off the bench to play a good game and Rhonda Wilson spiked well in the losing effort.

In action Tuesday, Emerson continued to win with a 15-9, 8-15, 15-2 victory over Coleridge. Wynot stopped Osmond 15-2, 16-14, to gain a berth in the championship match. In the consolation round, Coleridge dumped Osmond 15-9, 15-6 to capture the third place trophy.

Emerson trounced Wynot in the finals to grab the championship 15-4, 15-4.

Punt, Pass, & Kick Slated For Sept. 30

Local youngsters are back in the spotlight again. Their footballs are inflated and they are loosening up their throwing arms for the 1978 Punt, Pass and Kick Competition.

Nationally, PP&K is celebrating its 18th anniversary. It is sponsored by the Ford Dealers of America in cooperation with the National Football League. Since it was started in 1961, the program has attracted millions of youngsters.

Local competition is scheduled for 1:30 p.m. Saturday, Sept. 30 at the Wayne State football field.

Participants in the Punt, Pass & Kick program compete only against others their own age. Any youngster 8 through 13 years of age, accompanied by a parent or guardian, may register to compete in PP&K at Arnie's Ford-Mercury or any participating Ford Dealer.

There is no entrance fee and no body contact during competition. No special equipment is needed and participating does not impair a youngster's amateur standing.

Scoring is based on accuracy and range with one point added for every foot of punting, passing and kicking distance, and a point subtracted for every foot off a center line.

Twelve national finalists will compete for the National Championships in their age group during the half time of the NFC Championship game in January.

Winners will have their names permanently inscribed in the Pro Football Hall of Fame in Canton, Ohio. Their trophies will be presented by Football Commissioner Pete Rozelle.

Kittens Split Volley Debut

The Wayne State Wildkitten volleyball team split a pair of matches in Lincoln Saturday in its season debut. The Wildkittens lost in three sets to Nebraska Wesleyan, 8-15, 15-9, 10-15 in their first contest of the tournament.

In its second match, Wayne State downed the University of Nebraska - Lincoln's junior varsity 4-15, 15-11, 15-6.

Wildkitten Coach Bernice Fulton said she was pleased with the Wayne State performance. "The girls played excellent and all of them played in either match."

WSC, now 1-1 on the season, will face UNO Wednesday and will open at home against Midland at 5 p.m. Wednesday, Sept. 20.

Randy's RECAP

According to Randy Hascall

Laurel is 2-0 and will be at Memorial Field next Saturday.

Overlooking a team like Laurel is something a coach should never do and I'm sure the Bears will be ready for NC. The game should be one of the best matchups in Northeast Nebraska and I'm not planning to miss it.

Laurel High usually draws a pretty good size crowd from what I hear and I'm sure even more support will be drawn for this particular game. I hope that when the game's over, Morehead will have to eat his words.

A TELEPHONE LINE that was out of order restricted my sports reporting this week. In an effort to obtain individual statistics about a reserve football game and a volleyball game I tried to contact Laurel High School all day Tuesday and again Wednesday morning.

I asked the operator to check the line and she found that it was indeed out of order and reported it for repair Tuesday afternoon. Since I was out of town most of Tuesday night and since the line had not been repaired as of press time, no individual stats are available from Laurel. Sorry about that.

THE GOLF LEAGUE held its playoff championships at the Wayne Country Club last night. Results were not complete by press time so coverage will be included in the next edition of the Herald.

I WAS DISAPPOINTED to see the three local teams drop out of the Winside Invitational volleyball tournament after first round losses Monday night, but the teams did display some good points. There's always next time, so I hope these teams (Winside, Laurel, Wakefield) look to the future.

THE SPORTS HOTLINE will be updated after football games on Friday and Saturday nights if all goes well. After receiving results on area football games, scores and highlights of the local teams will be recorded.

This may not be until 11:30 p.m. after all the coaches have had time to call in, but if you missed the results on your television, you can call in anytime to get the area results.

More detailed reports will be recorded on Saturdays following the games. Remember, the number to call is 375-1888.

MR. PEANUT is alive and doing well. He will make a special appearance (in living color) at Wittigs Saturday from 2 p.m.-6 p.m., giving away Planters peanuts to customers.

Mr. Peanut of Planters, sponsor of the Mr. Peanut Target Tennis competition, will make his appearance in Wayne on the success of Wayne tennis player, Keith Zimmer in the Mr. Peanut tournament.

Zimmer will play in the national finals. Saturday at Boston where he faces five other regional winners in his age division.

I urge all supporters of Keith Zimmer to stop by Wittigs and pick up some free peanuts from Mr. Peanut and let's hope Wayne can boast a national champion in the competition.

SPORTS QUIZ: On July 16, the New York Yankees were a 200 to 1 longshot to win the American League East. This weekend, they swept four games from the league leading Boston Red Sox. Now what are the odds?

ANSWER: The Yankees are now a 2 to 1 favorite to win the Eastern Division.

Finishing Fifth

FIFTH PLACE in a cross country dual between Wisner-Pilger and Wayne was captured by Kurt Powers of Wayne with a time of 14:56.

Wayne Runners Finish Behind Wisner-Pilger

With four finishers placing in the top ten, the Wayne High cross country team finished 12 points behind Wisner-Pilger in a home dual, Tuesday afternoon.

Kurt Powers led the Blue Devils with a fifth place finish and a time of 14:56. Rick Lutz, 15:10, finished sixth, Doug Proett, 15:34, finished eighth, Jeff Bate, 15:36, placed ninth and Pat McCright, 16:27, finished 14th to round out the top five places for Wayne.

Other Blue Devil runners and their times are: Jere Morris, 17:27; 16th Joel Mosley, 17:43; 18th, Nick Zimmer, 18:56; 22nd, Perry Nelson, 20:03; 25th.

Finishing in a tie for first place, were Tod Peterson of Wisner-Pilger and Dave Hamm, the only runner from Oakland Craig, with a time of 14:23.

Wisner-Pilger finished with 12 points compared to Wayne's 24.

Cats Forget Chadron Look Toward Dakota

BY JERRY SHOTTENKIRK
WSC SPORTS INFORMATION DIRECTOR

The Wayne State College Wildcats will have a chance to even their record at 1-1 Saturday when Del Stollenberg's crew entertains the Dakota State Trojans at Memorial Stadium. Kick-off for the contest is slated for 7:30 p.m., with "Band Day" performances beginning at 6:40 p.m.

The Wildcats are coming off a disappointing 34-7 loss to Chadron State. Dakota State was rated in the pre-season top 20. Coach Gary Bauer's Trojan suffered a crushing 27-0 blow at the hands of Northwestern College (Ia.) in their season opener Sept. 2.

In the Wildcat's loss to Chadron, they could never mount a serious drive other than the one in which they scored. NAIA 1977

second-team All American Bob Barry scored on a 12-yard burst for WSC's only tally.

Last year, Dakota State hosted WSC and led the Wildcats a 7-6 loss. The Trojans then went on to a perfect 10-0 season for coach Buer, then a rookie.

As of Tuesday, Stollenberg had not announced any changes in the WSC starting lineup. He said earlier the Wildcats would work "on the basics" to improve over last week's performance.

There were some bright spots in the loss to Chadron, however. Sophomore quarterback Rick Lade of Tekamah passed for 133 yards. Six of the 16 passes completed were caught by junior split end Jeff Ingram of Sioux City for 77 yards.

Steve Atamian excelled at defensive back for the Wildcats Saturday. The Schaumburg, Ill., sophomore detained Chadron State's NAIA All American candidate wide receiver Ron Washington and was selected by Stollenberg for "Player of the Week" honors for his efforts.

The Wayne State defensive secondary was tested by Chadron quarterback Brad Fuels, and will most likely get another test this week.

Dakota State's offense is engineered by the fine passing arm of Carlos Cornay. In their first two games this year, Cornay has completed 15 of 36 passes for 152 yards. Another plus in the Trojan offense is tailback Jim Janssen, who has rushed 39 times for 204 yards this fall.

So far the Trojans have whipped each opponent in the total offense department. Dakota State holds a 513 to 338 yard advantage on their opponents this fall.

Bruggeman Top S.F. Racer

Sloux Falls

The championship races were dominated by three Hoskins race drivers at the Husel's Speedway, Sunday.

Gerald Bruggeman, Hoskins, finished with a clean sweep by winning the third heat, the trophy dash and the championship feature race. In addition to Sunday's performance, Bruggeman received a trophy, presented by his wife for finishing as the leader in the final point standings.

Gene Brudigan, Hoskins, placed second in the championship feature race and claimed third place in the final point standings. Harold Brudigan, Hoskins, won the second heat and placed third in the championship race to finish 19th in the final point standings.

Flea-Flicker Vaults Wakefield JV Over Laurel

The old flea-flicker play did it again as the Wakefield Trojan reserve football team spurred for a 20 yard touchdown play in the final minutes to pull out a 20 to 16 win over Laurel, Monday.

Trailing 16-11 with 1:30 left on the clock, Von Portwood handed the ball to Dean Miller, who in turn gave the ball to Jerry Soderberg on the flea-flicker

routine. Soderberg raced down the field for a 30 yard touchdown and 20 to 16 win.

Wakefield's first touchdown was scored in the second quarter when Portwood connected with Mark Starzl for a 35 yard touchdown pass. The PAT failed and Wakefield led 6-0.

Laurel rattled for a touchdown and a two-point conversion in the second quarter to gain the

lead 8-6. Then the Bears broke open with another TD in the third period. The two point conversion gave Laurel a 16-6 lead.

Jody Sherer scored the next Wakefield TD when he picked up a Laurel fumble and ran it 52 yards for the score. Soderberg ran in the two point conversion and Wakefield moved within two points. The final 30 yard touchdown play capped the comeback

and Wakefield recorded a victory.

Coach Joe Coble credited freshman defensive back Jerry Roberts with an excellent game and said, John Barge at defensive end and linebacker Jody Sherer had good performances.

Laurel and Wakefield will meet in junior high action today (Thursday) at 4 p.m. in Wakefield.

Hauser Bright Spot For WSC

Dave Hauser's 15th-place finish was tops for Wayne State College in the Chadron State Invitational Cross Country meet at Chadron Saturday.

Hauser, a sophomore from Marshalltown, Ia., covered the 4.7 miles course in 25:13. The winning time of 23:45 was recorded by K. Logan and Curt Fiedler of Blacks Hills College.

Blacks Hills went on to win the meet with low score of 15. Kearney State was second with 61, South Dakota Tech third with 78, Chadron State fourth with 101, and Wayne State fifth with 117 points.

Other Wayne finishes were: Gerry Steinauer, 21st, 26:06; Ron Keegan, 26th, 27:07; Scott Schreiner, 27th, 27:32; and Mark Baumer, 28th, 27:38.

The WSC runners hope to better their Saturday performance in their next meet Sept. 15 at Nebraska Wesleyan.

Elect Officers

The Allen Music Boosters met Thursday evening and held election of officers for the coming year.

Elected were Jackie Williams, president; Edith Harber, vice president; Arne Clough, secretary; and Karen Knepper, treasurer.

The officers will be appointing an executive committee.

Dues were set at \$2 per family and band members were reminded that the \$5 deposit on band uniforms is due now.

Ride Motorcycles
The Merle Von Mindens, the Herb Ellises, Larry Geiger, Gary Rahn, Scott and Lori Von Minden and Cathy Higgins rode their motorcycles to Abilene, Kan. over the Labor Day weekend.

They toured the Eisenhower Museum chapel and library, and the Old Abilene Town.

They also visited with Bob Schenk, a former Allen resident now living in Abilene.

The group spent some time at the Nebraska State Fair in Lincoln.

Library Reports
The Springbank Township Library has reported that 538 adult books were loaned out during the 1977-78 library year.

Other loans made were 323 children's books, 61 magazines, 457 paperback books, and six records.

There were 337 books donated to the library along with 188 children's books.

TNT Extension
The TNT Extension Club is planning to meet Sept. 21 at 8 p.m. at the firehall.

Presenting a lesson on citizenship will be Deenette Von Min-

den. Election of officers will be held.

Hostesses for the evening will be Virginia Wheeler and Deenette Von Minden.

Anyone interested in extension club work is welcome to attend.

To Paint Sanctuary
Volunteer members of the United Methodist Church will be painting the sanctuary on Saturday.

A potluck dinner will be served during the noon hour.

To Sell Magazines
The junior class is once again planning to sell magazine subscriptions for their fund raising project.

They will be calling on area residents for new or renewed subscriptions.

Saddle Club
The Golden Spurs Saddle Club will meet Sunday, Sept. 14 at 2 p.m. at the Paul Stewart farm.

Those attending are asked to bring their own lunch to follow the trail ride.

Young Homemakers
The Young Homemaker Extension Club is planning to meet today (Thursday) with Joyce Beens.

Members are asked to bring a size G crochet hook and a skein of cream and sugar yarn.

Funding only one gasohol site

CAPITOL NEWS
By Melvin Paul
Statehouse Correspondent
The Nebraska Press Association

LINCOLN — The chairman of the Legislature's Appropriations Committee, Sen. Jerome Warner, Waverly, believes the lawmakers next year probably will provide funding for only one of four sites recommended by the state Gasohol Committee for grain alcohol plants.

Said Warner, "I would anticipate there will be additional state financial efforts to encourage production of gasohol (but) I feel quite certain that initially not more than one site will be approved for funding."

The committee recently reaffirmed its selection of the towns of St. Paul and Harrington and Holt and Phelps counties as sites for grain alcohol plants. But Warner said economic feasibility studies on the motor fuel extender — a combination of 90 percent unleaded gasoline and 10 percent grain alcohol — will be a factor when decisions are made in approving financing for the sites.

A recent study that cost \$54,000 was made by a Kearney-based firm, the Gasohol Committee. The study concluded the gasoline-grain alcohol blend would have to be subsidized indefinitely by the

government.

It will be up to the 1979 Legislature to decide whether to appropriate \$2 million in matching grants for the grain alcohol plants.

Warner said it will be difficult to convince some lawmakers to approve a substantial amount of funding because of the disagreements about the financial feasibility of the product involved.

State Sen. Loran Schmit, Bellwood, prime gasohol promoter in the Legislature, recently took a trip to Brazil to observe the country's experience with a product similar to gasohol.

Schmit said he was impressed with Brazil's ethanol manufacturing program. The Bellwood lawmaker said, "The basic difference between their program and ours is that they have decided they're not going to be energy dependent." He added the Brazilian government is determined it won't be left in a position when it is "at the mercy of foreign governments for supplies of petroleum."

Another Female Senator
The Legislature now has four lady lawmakers.

The latest sworn in was Shirley Parks, Ogallala, who was appointed by Gov. J.

James Exon to fill out the unexpired term of Jack Mills, Big Springs. He resigned last month to become executive director of the Nebraska County Officials Assn.

During the swearing-in ceremonies, Exon noted Mrs. Parks is the third woman he has appointed to the Unicameral. The others are Sen. JoAnn Maxey, Lincoln and Sen. Bernice Labezek, Omaha.

The governor said it is "interesting that women are playing a more key part in our governmental affairs."

The fourth female senator, Shirley Marsh, Lincoln, said the addition of Mrs. Parks marked the first time in the Nebraska Legislature's history that four women served in the lawmaking body.

Mrs. Parks' time in the Legislature won't last long. She will remain only until January when a successor to Mills will take her place. Mrs. Parks is not a candidate in the November election.

She will serve on interim study committees, but unless a special session is called, she will never cast a vote on the Senate floor.

In Speaker's Race
State Senator Richard Marvel, Has

ings, has announced he wants to be speaker of the next Legislature.

Marvel said it's about the only assignment he hasn't had during his long legislative career "and I'd like to try it."

He made his intentions known in a letter sent to his colleagues in the Legislature.

Marvel was first elected to the Unicameral in 1950, served four years, and then returned in 1959 and has been a member since.

He was chairman of the Appropriations Committee for 15 years and is now chairman of the Legislative Council Executive Board.

Marvel is chairman of the political science department at Nebraska Wesleyan University of Lincoln.

Televised Debates Set
The gubernatorial candidates, Rep. Charles Thone and Sen. Gerald W. Hahn, have agreed to a live debate Oct. 27 on the Nebraska Educational Television network.

The one-hour debate will begin at 9 p.m. according to Joe Fowler, senior producer of public affairs for the network.

Arrangements for the program were completed after Thone consented to

debate Whelan without the candidates for lieutenant governor participating.

The lieutenant governor nominees, Rep. Roland Luedtke and Demo. Orval Keyes, took part in three other debates which used formats arranged by Thone.

Whelan had objected to having the running mates included in the earlier meetings, which were not televised, and also opposed adding them to the Oct. 27 program.

Fowler said Luedtke and Keyes will have a separate debate at 8 p.m. on Sept. 27.

Two members of the Nebraska League of Women Voters will ask questions during the debates, which will be co-sponsored by the league.

Other ETV debates will include:
Senate, Demo. J. James Exon and Rep. Don Shasteen, 7 p.m., Oct. 23; 1st District House, Rep. Doug Bereuter and Demo. Herb Dyer, 8 p.m., Oct. 22; 2nd District House, Demo. John Cavanaugh and Rep. Hal Daub, 7 p.m., Oct. 9; 3rd District House, Rep. Virginia Smith and Demo. Marilyn Fowler, 7 p.m., Oct. 16.

Will Head Fund-Raising
State Sen. Donald Dworak, Columbus.

will head a fund-raising drive to promote the "bottle bill" legislation that will be on the November ballot.

Pat Jerrison, Lincoln, co-chairman of the coalition of 20 organizations that put the proposition on the ballot through a petition drive, announced Dworak's appointment.

The Columbus lawmaker said opponents of the measure plan to spend about \$350,000 statewide.

But he expressed confidence the proposition for mandatory deposits on beer and soda pop containers will meet with the approval of voters. Opponents, he said, reflect the views of one narrow, special financial interest.

Hearings Announced
The special legislative committee organized to study tax equalization problems has arranged six public hearings this month.

Chairman Cal Carsten, Avoca, said the study unit was established to look into problems of uniform property assessment and a computerized and centralized property reappraisal system.

A bill proposing such a system failed to win approval from the 1978 Legislature.

OBSERVATIONS

Equality for all?

We have been watching with some interest a constitutional proposed amendment of ratification which would grant the District of Columbia (a municipality) congressional representation.

We also have heard, from time to time, jesting about states seceding from the Union and applying for foreign and should the District of Columbia be granted quasi-statehood via congressional representation, such rumblings could recur without a trace of jesting.

The idea of state for the District is not entirely new. The suggested amendment would add two members to the Senate with full voting privileges on behalf of the District of Columbia. It would also have representation in the House, appropriate to the area's population. In order to maintain the 435 House membership figure, some state (perhaps Nebraska) could be deprived of its present House representation.

We expect to see the issue of ratification to become a major issue on a variety of fronts.

Some observers point to the District's racial imbalance, having become increasingly black in complexion through the years. The District has a sort of training ground for civil rights activist of all persuasions, with busing an activity in the District long before it became fashionable elsewhere.

The racial issue could very well become a political football for both opponents and proponents as supportive of their views.

Heavily weighted toward the Democrat party and liberally oriented, the District representation question will be warmly embraced by Democrats while viewed with less enthusiasm by the Republicans and conservatives.

Already aided enormously because of its status as home base of the federal government, further favored treatment for the District may be looked upon with disfavor by officials of other major municipalities across the country. Some grumblings have been heard about federal financial aid to New York City, this would be small potatoes should the District attain quasi-statehood.

Possibly most important in determining the ratification will be the attitude of the public.

The District of Columbia is the federal city; there is not other excuse of its existence. In this capacity, most of its municipal functions are generously subsidized by the federal government — meaning you and me as citizens and taxpayers.

Residents of other metropolitan centers, such as Omaha which had to pass a city tax to meet its bills, are becoming increasingly aware of these things and may be bending the ears of their state legislators about extending still more favors to District residents through congressional representation. — Chuck Barnes.

Our liberty depends on the freedom of the press, and that cannot be limited without being lost. — Thomas Jefferson, Letter, 1786.

What's really bothering the unions?

RICHARD L. LESHER
President, Chamber of Commerce of the United States

WASHINGTON — Last July, United Auto Workers President Douglas Fraser accused me and other business leaders waging a "one-sided class war" against working people. The occasion was his resignation from the Labor-Management group, a high-level business-union committee that advises the Administration.

More recently, George Meany of the AFL-CIO and a host of other union officials uttered similar extreme charges about the motives of the business community.

With so much smoke, you may wonder how you missed the fire. What, exactly, are the union heads so upset about?

Well, here's the story. Over the course of the past year, so organized labor tried to expand its power through four major pieces of legislation. These were:

1. Common Situs Picketing. A bill to permit one union with a grievance against one subcontractor to shut down an entire construction site, even though dozens of other unions and contractors might suffer for a dispute not involving them.
2. Cargo Preference. A bill to require that at least 95 percent of our oil imports be carried on U.S.-built tankers with American crews. Since the American maritime unions long ago priced themselves out of business in competing for jobs, the effect of such a law would be to raise the cost of transporting petroleum and thus the cost of your energy supplies.
3. Hatch Act repeal. The Hatch Act prevents federal civil service employees from being coerced into making political contributions or serving in political campaigns. For obvious reasons, the federal employees' unions want to eliminate this impediment to their growing political power.
4. Labor Law Reform. Under the guise of "reform," this bill would have expanded the unions' organizing power while diminishing the ability of both management and workers to defend themselves against unwanted unions. The unions are losing members and getting desperate about the trend.

Business opposed each of these bills, and the unions could not muster the political muscle to get them passed.

But notice the pattern: in no case did the unions lose anything they already have. In every case, they were demanding more. The unions were the aggressors; business was fighting a purely defensive war.

But this time, the unions didn't win. And they are not used to that. So acting like a bunch of spoiled children, they are picking up their marbles and going home. Sam Gompers must be spinning in his grave.

Until very recently, business has been so overmatched by organized labor that, frankly, even a successful defense has been cause for jubilation in our ranks. Now, we have learned that if we do a good job of taking our case to the people, we can win a few. But still, there is no business conspiracy to "destroy" the unions, or anything of the kind.

If business ever takes an offensive it will be a very limited effort designed to trim union powers that damage the entire economy, to the detriment of all workers and taxpayers. Take, for example, the Davis-Bacon, Walsh-Healey, and Service Contract acts. Each of these laws forces the federal government to pay unnecessarily high wage rates for various kinds of public projects.

I don't think it unfair, either, to ask that the union leaders represent in fact that which they claim to represent in theory. Here in Washington, we recently witnessed a strike by transit workers who refused to honor contract provisions approved by their duly elected officers. Now, the entire nation is on the verge of a mail strike under similar circumstances — the union leaders agreed to provisions which, with some incitement from George Meany, the union members have apparently rejected. Now there is open talk of a strike, in clear violation of federal law.

Of course, public employee strikes in violation of the law are hardly a rarity today. The unions like to disperse business wrongdoers, but seem to feel exempt from the law themselves.

One day, for public officials who will enforce the law firmly and impartially against all who ignore it.

Unneeded surgery

Wayne

Dear Editor:

"Many studies have documented our national scandal of unnecessary surgery."

Letters to the Editor are written for many different reasons and on many subjects. As a member of a minority (2,000,000 unnecessary operations to 10,000,000 necessary ones), I can write about the tragic consequences of needless, elective, "preventive" surgery. There was no pain involved, no consultation or warning given about health risks and no explanation of possible benefits and complications. A person not fairly advised has not legally consented to an operation. The sole purpose was to forestall possible trouble in the future.

Various diseases are relieved, sometimes cured, with medicines, drugs and surgery. Many accident victims are rehabilitated and can recover to live happy and useful lives. An operation that results in a person's limbs being partially or totally paralyzed, and somewhat deformed, no longer able to function and thus no balance, is a condition that can not be relieved or cured by any physician or surgeon. As the years pass this abnormal condition causes constant pain, discomfort and frustration, such as impaired blood circulation, swollen limbs, blisters, ulcers, etc.

All advised and unwarranted surgery is a curse. Some people will shop for "trivial" things: automobiles, furniture,

be a student pep rally both in Wayne and LeMars.

Lower Prices for Corn Makes Producer Aware

Because of the lower prices being paid for corn, everyone seems to be more aware of the costs for growing both irrigated and dryland corn. The money that is spent for fertilizer is often a major part of the total cost involved in producing corn.

George Rehm, Agronomist at the Northeast Station, reports that records kept by fifteen farmers growing irrigated corn in Antelope County in 1977 showed that the money spent for fertilizer was about 29 percent of the total variable costs for growing irrigated corn. Variable costs include everything except payments for the irrigation system, payments for land and taxes.

Rehm points out that, in many cases, fertilizer costs could have been reduced without hurting yields. Recognizing that we are currently in a cost-price squeeze, Rehm suggests that we start planning this fall for the 1979 crop.

Forestry Field Day Slated Sept. 29-30

Trees mean wildlife habitat, commercial income and aesthetic enjoyment. To emphasize the importance of trees in the scheme of farming and ranching, the Department of Forestry, Fisheries and Wildlife is sponsoring a forestry field day Sept. 29 and 30 at the Horning State Farm near Plattsmouth, according to an Institute of Agriculture and Natural Resources specialist.

The field day, which will feature presentations by IANR specialists, will concentrate on field forestry which is applicable to the farm and home in southeastern Nebraska, said Frank Hershey, district University of Nebraska-Lincoln forestry assistant.

Expect 285

About 285 head of dairy cattle are expected to compete in the Ak-Sar-Ben Dairy Exposition here Sept. 23, according to an Institute of Agriculture and Natural Resources specialist.

Phil Cole, University of Nebraska-Lincoln Extension dairy man, said 52 of the 84 head shows, 47 in the Nebraska District Dairy Shows qualified for Ak-Sar-Ben. He said he expects about 300 head to be entered for the Ak-Sar-Ben show.

Dairy Cattle

The exposition will include a production class, where cows are judged on their September to September production of milk or butterfat.

Cole recommended that 4-H'ers intending to show their dairy cattle have their animals' health papers and DHIA records in order, as well as keeping complete and up to date production record books. He noted that entrants should also take another look at the premium list and be sure of the show's rules.

The animal, itself, must be clipped about two days before the show for judging, fitting and showing contests, Cole said.

Holsteins and Jerseys will be judged at 8 a.m. After the Jerseys, Guernseys, Brown Swiss, Milk Shorthorns, and Ayrshires will be shown. Showmanship finals will be at 3 p.m.

STORING POTATOES

When storing the potatoes be dug and how should they be stored? If over 50 percent of the foliage is brown, the potatoes should be dug now. The tubers will make no growth once the vines have deteriorated to this point. Potatoes left in the ground after they are mature are subject to disease problems.

FERTILIZE BLUEGRASS

Now is an ideal time to fertilize bluegrass lawns. During the cool periods of September, October and early November, cool season lawns develop underground roots and stems. These result in a denser, healthier stand of grass.

Fungicides Can Control Many Home Lawn Diseases

LINCOLN—Sound fall management practices and timely applications of fungicides can effectively control many of the lawn diseases that have plagued Nebraska homeowners throughout the summer, according to an Institute of Agriculture and Natural Resources specialist.

Dr. John Watkins, a University of Nebraska-Lincoln Extension plant pathologist, noted that "if you experienced damage to your lawn this summer due to melting out, dollar spot or fusarium blight, now is the time to begin taking preventive measures to keep these problems from recurring next summer."

Earl Butz to Head State Agriculture Sales Seminar

OMAHA—A statewide Crusade for Agriculture program promoting the sale of farm products will highlight a panel discussion headed by Earl Butz in Omaha on Sept. 18, according to Republican Senate candidate Don Shasteen.

Butz, outspoken former Secretary of Agriculture in the Nixon and Ford Administrations, will appear at several fund-raising Crusade events during the day to assist Shasteen's Senate race.

Shasteen has advocated emergency action to increase sale of farm products, reduce meat imports and develop new or expanded uses for agricultural products.

Judging Meets Are Scheduled

The Central Nebraska Invitational Livestock Judging Contest will be held here Oct. 21, co-sponsored by the North Bend and Waverly FFA chapters.

The nine classes of livestock—three of sheep, three of hogs and three of beef—will be secured and set up by Dawson County extension agent Harold Stevens. The varsity livestock judging team of the animal science department, Institute of Agriculture and Natural Resources, will place the classes and receive reasons from the contestants.

He has indicated he will, if elected, assign a full-time, experienced foreign trade specialist to his Senate staff to work with Nebraska farmers, ranchers and their organizations to develop new markets and increase sales of Nebraska farm products.

To Discuss Two Issues

Two separate committees will deal with important agricultural issues at meetings the week of Sept. 10.

On Sept. 13, the Livestock Feedlot Pollution Control Advisory Committee will meet at the University of Nebraska-Lincoln East Union to discuss design changes for anaerobic swine lagoons and 1983 regulatory requirements for sludge waste management structures.

On The Upswing
LINCOLN—The number of producers or fanciers of domestic rabbits is increasing in Nebraska, and those encountering health problems with their animals may want to consider attending a conference in Colorado later this month.

Each chapter will be allowed to bring two teams to the contest.

Each chapter will be allowed to bring two teams to the contest. A team would consist of four members, with the high three individual scores counting for the team score.

Registrations, with a fee of \$5 per team, should be sent to the Waverly FFA Chapter no later than Oct. 11.

That's the advice of Dan Bigbee, Institute of Agriculture and Natural Resources Extension poultry education specialist, referring to the Rabbit Health Symposium scheduled at Cortez, Colo., Sept. 20.

Fungicides
problem on new plantings and in shaded areas," Watkins said.

Continued heavy rain followed by rust will not only cause the grass blades to turn yellow and die but also predispose lawns to winter injury. Control or prevention of these diseases by fungicides is not recommended unless recurring or severe outbreaks occur.

Generally, sound maintenance practices are effective. Maintain an adequate fertilizer program for good growth and recuperative potential. Avoid fertilizer programs that encourage rapid, extensive growth. For best results, fertilizer should be applied in late fall or early spring favor disease development.

"Damage occurs under a snow cover, on wet areas during a mid-winter thaw or as the snow melts in the spring and frequently conforms to areas of snow paths, ski tracks, etc. Snow mold injury can be avoided or greatly reduced by good management practices. Again, adequate fertilization is important, but do not use high nitrogen fertilizers after September," Watkins said.

He advised that lawns be maintained at a height of 1 1/2 to 2 inches until growth stops in the late fall. Since these disease organisms survive the summer

Infected grass and thatch, removal of lawn clippings will lessen the chances of snow mold development. In snow molds are a recurring problem, the use of preventive fungicides is advised.

Time the initial application approximately one month before the first lasting snow. A second application may be necessary if a mid-winter thaw occurs followed by a third application in early spring if cool, wet weather persists," he said.

The use of fungicides on lawns can be minimized if homeowners will make a serious effort to follow recommended maintenance practices. Many of the serious lawn diseases can be avoided or the damage reduced by the use of resistant varieties, proper and timely fertilizer applications, adequate watering, mowing at the recommended height, and frequency and prevention of the accumulation of thatch. If fungicides are necessary to control severe attacks, their effectiveness is directly related to how well the lawn is maintained, Watkins said.

Plan to Clean Kitchen

The Zion Lutheran Ladies Aid is planning their Fall Kitchen Cleaning Day for Tuesday, Sept. 19 at 1:30 p.m. This was announced Thursday afternoon at their meeting.

Pastor Deke presented the topic, taken from the quarterly, "Allens in the Land of Technology."

Mrs. Clemens Welch, president, opened the meeting with prayer. Members responded to a call by contributing three cents to the Penny Plan if they had attended a county or state fair and five cents if they had not.

The secretary's report was read by Mrs. Lester Koepke and Mrs. Don Walker gave the treasurer's report.

Tote bags and favors to be used at the LWML convention in Omaha have been completed by members.

A special program will be presented during services on Oct. 8 at which time LWML Sunday will be observed.

It was announced that the Lutheran Family Service Ladies Day meeting will be held at Lincoln on Sept. 21 from 9 a.m. to 3:30 p.m.

Named to a committee to make banners for the church were Mrs. Mel Freeman, Mrs. Don Walker and Mrs. James Robinson.

Mrs. James Robinson, Mrs. Don Walker, Mrs. Clemens Welch and Mrs. Leon Welch were named as delegates to attend the LWML Fall Rally at the Christ Lutheran Church in Norfolk on Oct. 10.

Another committee was appointed to plan the annual soup supper. On that committee are Mrs. Elmer Laubsch, Mrs. Guy Anderson, Mrs. Duane Kruger, Mrs. George Ehlers and Mrs. Don Walker.

Those on the flower committee for September are Mrs. Fred Bergstadt and Mrs. Frieda Bergstadt.

Mrs. Guy Anderson and Mrs. Carol Fahrholz will be serving on the October altar committee.

Members brought scrap books for the Bethesda Home to the meeting. Receiving the chair prize was Mrs. Mel Freeman.

The president closed the meeting with a thought for the day, "No seed sown—no harvest."

Hostesses were Mrs. Guy Anderson and Mrs. Ernest Eckman.

Mrs. Fred Bergstadt and Mrs. Lester Koepke will be hostesses for the meeting on Oct. 5.

75 Guests

Attending guest day of the Trinity Lutheran Ladies Aid on Thursday afternoon were 75 guests from Stanton and Hadar Lutheran Ladies Aids, and others from the Trinity congregation.

Natalie Smith registered the guests.

The president, Mrs. Lane Marolt, welcomed the guests and opened the meeting with a hymn.

Devotions based on the 23rd Psalm were given by Mrs. George Carstens.

The topic, "Salt of the Earth, Christians," was presented by Mrs. Alfred Mangels and Mrs. Myron Deck read an article.

Hilaa Thomas led group singing and was narrator for a style show. Other members helped by taking part.

Chair prizes were awarded to Mrs. Albert Schierloh of Stanton and Mrs. Esther Lichtenberg of Hadar.

Mrs. George Carstens, Mrs. Myron Deck and Mrs. Alfred Mangels were on the program committee.

On the decorating and welcoming committee were Mrs. Gerald Bruggeman, Mrs. Arthur Behmer and Natalie Smith.

SUPERMARKET STRATEGIES
Most of us consider ourselves pretty good shoppers.

Yet we often are caught up in some of the typical supermarket strategies that may make our food bills higher.

For example, have you ever been tempted to spend extra money just because you found attractive coffee mugs or filters conveniently located next to the coffee? Or did you buy extra items when the bargain ice cream was next to the expensive toppings?

Retailers often boost sales by using these kinds of promotional tie-ins. And because they appear so conveniently, we don't give much thought to the set-up.

But, there's a reason why sugared cereals and candy appear, on low shelves — that's where children can reach for them.

And there's a reason for placing the most expensive canned goods on eye-level shelves. Usually, you have to hunt below eye-level for bargain items.

Next time you reach for something on special display in the front of the store, compare the price with that on the shelf. Just

WAYNE, NEBRASKA 68787

Welcome WSC Students and Faculty

Welcome to Wayne! We believe you will find Wayne a pleasant place in which to establish your new home and that you will like Wayne State College, which is one of the principal assets of this territory. The scholastic recognition of this institution and its beautiful campus make Wayne the outstanding city in Northeast Nebraska.

Those of us who live here are proud of the friendly spirit that characterizes Wayne people. You will discover that our schools, college, churches and other public institutions all will offer a neighborly welcome to you.

In Wayne you will find a pleasant and up-to-date business district, ample parks, playgrounds and varied recreational opportunities.

If you have special hobbies or interest, Wayne has many active groups devoted to such pursuits, including music, writing, dramatics, sports and similar pastimes. We would be pleased in assisting you to become acquainted in our city by supplying any information you wish about these activities.

The State National Bank and Trust Company offers complete banking facilities for your needs including two locations. All services are offered at our main bank at 2nd and Main, open 8:00 a.m. to 6 p.m. Monday through Saturday and until 9:00 p.m. on Thursday nights. Also, we offer free checking on all accounts. We savings account needs can be handled for your convenience from 8:00 a.m. to 6:00 p.m. Monday through Saturday. Also, we offer free checking on all accounts. We know the importance of banking in relation to personal and business affairs and invite your inquiries about any service we may be able to supply. The following officers of The State National Bank and Trust Company are available for personal discussion at your convenience: David R. Ley, Roger Boyce, Galen Wiser, and Robert Jordan. For trust service and investments, see Tom McClain.

They are all available to greet you as you come in the front door. Should you find the one you are looking for busy, choose another, as they are versatile and have the authority to talk with you on any matter concerned with the operation of our office. This letter carries the same invitation from me.

We will welcome the opportunity to be your bank in Wayne.

Yours Sincerely

Henry E. Ley, President

Honor Society To Initiate Members

The public is invited to attend the annual tapping ceremony to initiate new members into the National Honor Society today (Thursday) at 2:30 p.m. in the school auditorium.

Candidates are selected by the school faculty on the basis of leadership service, character and scholarship.

Parents of eligible students are notified by mail of the potential honor that their child may receive, but not until the actual ceremony do the parents, public or present National Honor Society members know for sure who will be initiated this year.

The music department plans to furnish music.

A dinner will be held for all present and new members in the evening.

Officers for the 1978-79 school year will be elected. Entertainment and a guest speaker will follow the dinner.

The Eugene Pauls attended a football game Friday evening at Central Rapids where Dennis, their son, is the head football coach.

The Pauls also visited with the Bill Doughyts and Patty of Belgrade.

PCP— (Continued from page 1)

after its use. Concentration can become difficult for the user, and lapses of memory that may occur can be present for several days. This "spaciness," as well as the chances of prolonged psychotic reaction, are likely to increase with regular use of the drug.

Those who have had bad PCP experiences usually have a feeling of disconnection between mind and body. This can cause the user to exhibit intense feelings of paranoia, isolation and hysteria that can lead to violence.

Illicit labs can mistakenly mis-synthesize PCP, and make the drug even more dangerous. The chance of a bad experience is augmented, with symptoms like convulsions, partial paralysis, coughing up blood, and other unpleasant reactions.

Mis-identification of the drug can also make it difficult for medical personnel to treat unfortunate users. Drugs that would be administered for bad reactions to some psychedelics can be extremely dangerous when used to treat PCP. It is important that PCP be identified when a bad reaction occurs, so proper treatment may be given.

The drug is being experimented with, and even used regularly by some Wayne High School and college students, but it is hard to say just how many. All of the six or seven students interviewed said they knew of other students in their school systems who have tried, or used the drug regularly. Most were unaware of the drug's unpredictability, and misnomers.

All had experienced nausea to some degree, and some said they would never knowingly use the drug again because of it. However, all were distrustful of media and government warnings against the drug.

After government warnings against artificial sweeteners, red number two, and dozens of other chemicals, many people are distrustful of the warnings. However, a personal experience reinforced the warning's validity.

I am currently a college student. Last April John, (a pseudonym) who shared an apartment with a good friend, snorted an undetermined amount of "Angel Dust," and has not been the same since.

Three of us held on to him as he screamed about his own worthlessness. The next day he was calm, but changed. John, who was normally somewhat extroverted, would walk into our dorm room with an unchanging, withdrawn look on his face. He would sit down, stare at us, and say nothing, even when spoken to. He was skipping all of his classes, missing meals... and staring.

His parents were notified of his unusual behavior, and his roommate got the job of informing them about what had happened to their son.

John was taken to the Mayo Clinic for a couple of weeks, and then allowed to return to school. But John continued the same behavior as before, and was sent home.

We haven't heard from John, or his parents.

because of improper warning lights.

Supl. Huan said he is requesting the District to purchase a bus.

The board also discussed attending a District NSSBA meeting to be held Monday at Wakefield.

They also confirmed the appointment of Nadine Lubberstedt to fill the vacancy created by the resignation of Patricia Prahrer.

Mrs. Lubberstedt, a Wayne

State College graduate, will work part-time as a teachers aide and as a remedial reading teacher.

She is a graduate of Laurel high school. She is married to Keith Lubberstedt, a farmer near Dixon.

Mrs. Lubberstedt taught from October to December in 1969 in the Wayne elementary school system.

Supl. Huan reported there are five more students enrolled in the elementary system since the first enrollment figures were reported.

owner on Seventh Street, appeared in opposition and concurred the commission should wait until the new comprehensive plan is adopted.

On a six to one vote, the commission agreed to table the request until they have an opportunity to meet with the city planning consultant to get expert input regarding the request.

The commission also looked at the preliminary plan of Banister First Division, East Ridge Addition and the comprehensive plan as explained by City Clerk Bruce Mordhorst.

Come in and see our beautiful new energy saving store especially designed for convenience and comfort.
As you drive into our big spacious parking lot, you will notice a beautiful, attractive building. Come in and browse around. It's cool inside when it's hot outside and it's warm inside when it's cold outside.
Walk down our wide aisles. Visit with Ray Kling our produce manager or Clarence Hedrick, our meat manager. Let them know what you would like to see in their department.
Come in and watch our new speedy scanners designed to give you a faster, more accurate, and detailed receipt tape.
Our store will be heated by the hot gases from our compressors and not by natural gas.
Our building has a special air lock by the front doors to keep the terrible cold from rushing in the store and making everyone cold.
All these modern conveniences are going to effect you because the money they save us will be passed on to you, our customers.

We are proud of Arnold Anderson, who built our building and all the extra little things that were not on the specifications.

We are proud of our double insulated 5th Building designed by Simpson Structures.

We are proud of our custom built check out counters especially designed for us by Omaha Butchers Supply Co.

We are also proud of the work done by Chase Plumbing, Ellis Elec. Flooring and Ceiling, Les Meyer of Brunswick asphalt, and A.R. Blanchard Co. Air Cond., & Heating design.

We are especially proud of Major Refrigeration (Wendell Johnson) who engineered and designed our refrigeration and heat saving system.
