# Parking, Crossing Spruce-Up Time **Council Topics** Parking and a pedestrian rossing became major topics of discussions during the regular meeting of the Wayne city council Tuesday night in the council thombers in city hall. Councilman Sam Hepburn asked the council to consider 24 hour parking between April and November on South Nebraska Street between 2nd and 3rd Streets. He said because of the overgrowth of bushes and trees, the area needed "rehabilitation" and one solution would be roemil the 24 hour parking. The council decided against such action because it would be

TAKING ADVANTAGE of a typical fall Sunday afternoon are these members of the Immanual Lutheran Walther League as they paint the parsonage garage. The church is located northeast of Wayne. Those helping to paint included Elizabeth Schuttler, Mark Schuttler, Linda Rewinkel, Ray Rewinkel, Cheryl Roeber, Terry Lessmann, Lori Lessmann, Jerry Echtenkamp, Roger Echtenkamp, Alan Echtenkamp, Bryan Ruwe. Mike Ruwe. Kevin Echtenkamp, Garry Roeber and Colleen Roeber.

## Marguerite Chace Parsons

# Former Resident Bequests \$3,000 to WH Foundation The council decided against be precented action because it would be precented action because it would be precented action because it would be precented action and action when the property owner presented pictures showing cars blocking a sidewalk and a driveway. Littering afso entered into the discussion. Police Chief Vern Fairchild said he has been aware of the problem and his department has attempted to do something about it, going so far as to "stake out".

tion will receive a bequest of \$3,000 under the will of Margue-rite Chace Parsons, a former resident of Wayne, who died in California on Jan. 6.

California on Jan. 6.

The Chace family was a pioneer family in Wayne County according to Henry E. Ley, one of the personal representatives of the estate of Marguerite Chace Parsons was a former lumber dealer in

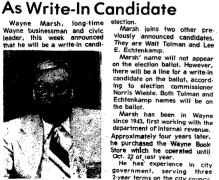

of the Wayne Hospital Founda-tion, reported that the founda-tion was very appreciative of the thoughtfulness of Mrs. Par-sons and stated that it came as a pleasant surprise to the foundation.

No decision has been made as to the use of the funds according

to Mrs. Keidel, but the funds will probably be retained either to acquire new equipment for the hospital or for future expansion of the hospital facility. Mrs. Keidel, expressed the hope that other residents or persons interested in the hospital will desire to make provisions in their wills for the Hospital Foundation. She pointed out that such bequests are exempt from both federal estate tax and state inheritance tax:

ver medal. People often think kids who

People often think kids who live in lown don't have much of a chance to show champion livestock, but Annette has proven that it can be done several times in her nine year's experience in the swine project. If she can do it, other kids can too.

Stan Starling, Dixon County extension agent, describes her situation as somewhat special. Starling said, "Anythme a young woman who, lives in town expresses her interest in and talent for swine production by rearing and showing a Grand Champion Market Pig, Annette did at the Dixon County Fair, she has to have a certain amount of ability and determination."

The Birthday bucks consolation winner Thursday night was Mary Miller who received \$25 in Birthday Bucks. The winning date was Jan 2, 1906. The winner's birthday is Jan. 16, 1906. She was in Jeff's Cafe at the time of the drawing. The date was drawn at city hall. The Birthday bucks jackpot is now at \$750 and will remain at that level until a winner claims it. Laurel Woman The Slouxland Blood Bank will be accepting donations at the Providence Medical Center Thursday, Oct. 5, from 9 a.m. to 3 p.m.
The last six donors will be screened at 2:30 p.m,

A rural Laurel woman has been selected for inclusion in the 1978 edition of "Outstanding Young Women of America."
Denise Kay Magnuson, RR 2, Laurel, was selected by the board of advisors for the Outstanding Young Women of America Awards program.
The program is designed to honor and encourage exceptional young women between the ages of 21 and 36 who have distinguished themselves in their homes, in their professions and in their communities.

and in their communities.

The board commented that

The Wayne State College 65 member marching band will be the four WSC wirifers. The twirlers will be performing at a large number of allifetic and other events this fail, and a bright note for the world and a bright note for the state.

through the air during "Band Day" activities at WSC.

"Everything contributes equally to the performances." said band director Dr. Ray Ketton, "but the twiriers do add color to the program. I think they do an excellent job; they are very talented young performers."

The four WSC coeds are joined by drum major Sott Miller is in his 3rd year as drum major for the band. A 1975 graduate of Northwest High School, he is the son of Mr. and Mrs. Howard Miller of Omaha. Miller is a broadcasting and music major at WSC.

The next scheduled performance for the group will be Oct. 7 as part of the Wayne State College homecoming activities.

Twirters include: Ginger Web-

State College homecoming activities.

Twirters include: Ginger Weber, a 1976 graduate of Hastings High School and a junion history and French major at WSC. She also served as a twirter for the 1977 WSC Marching Band.

Kathleen Green a 1978 graduate of Emerson-Hubbard High School and a freshman home economics major at WSC.

Tammy Huseth a 1978 graduate of East High School and a freshman secretarial major af WSC.

WSC.
Pam Wightman a 1978 grad-uate of East High School and a freshman executive secretarial major at WSC.

Twirlers And Drum Major

# Laurel came out on top of what headcoach Dwight Iverson Wakefield Tips Walthill Jolene Bartels scored 17 serve points, including 11 aces to lead Wakefield over Walthill 15 12. 15 12 in a volleyball match Monday night. Lisa Greve collected six aces spikes and Kathy Gustafson added tive more to aid the winning effort. The Varsity record is now 2.3 Wakefield lost the reserve match 12 15, 11 35. Tonght (Thursday) Wakefield hosts Wynot in a 6.30 match. The Earth Stove Check these facts before you buy any other stove! • The Earth Stove burns 1/3 the fuel

- of many stoves because pre-heating draft manifold promotes efficient and complete combustion like solid fuel power plants. Super-heated air prevents 'cooling" of fire unlike manual "hole drafts do. Even large chunks burn slowly and completely-eliminates frequent ash removal.
- Even temperatures thermostatic draft automatically maintains temperature you select. Levels out uneven cycle of wood combustion (Manual drafts cannot do this). Home temperatures more even than furnace
- Burns 14 hours on one wood load
- Converts to open fire instantly
- Cook top Just set thermostat to cooking heat desired ideal for "Crock-Pot" style cookery Wood gases not wasted Secondary drafts
- introduce oxygen above primary fire zone to burn volatile gases such as methanol, pyroligneous acid, etc.
- Air tight Prevents heat loss up chimney. The Earth Stove makes use of modern technology to improve the great institution of Wood Heat.

## Wildcat Offense Dumps Midland

TIGHT END Bud Matthews, of Spring Valley, III., makes a reception against Midland Saturday.

WSC Public Information Director The Wayne State College Wild-cats got on the winning track in gread fashion Saturday by defeating Midland Lutheran College, 39-14, for the Wildcat's first victory of the season. Coach Del Stollenberg's Wildcats, now 1-2 on the season, were led by sophomore quarter-

victory of the sesson.
Coach Del Stollenberg's Wildcets, now 1-2 on the sesson,
were led by sophomore quarterback Rick Lade of Tekamah,
The 6-0 southpaw threw three
touchdown passes and ran for
two, accumulating 201 yerds
in the air and 83 yards rushing
against the Warriors.
After two disappointing losse
serlier this year, the Wildcats
seemed determined to control
the game. They moved the ball
80 yards on their first possession
to score on a Lade run from
Midland's five yard line. The
point after kick by sophomore
Bart Emanuel of North Bend
falled, making it 6,0, Wayne
State, with 3:38 remaining in the
first quarter.
After two Midland posses-

first guarter.

After two Midland possessions, Lade capped a 75-yard
WSC drive in the second quarter, keeping on a sneak into the
end zone for the Wildcat's
second TD. A conversion pas attempt failed making it 12-0
Wayne State with 8:52 remaining.

Mayne held the lead into the lecond half as the Wildcat defense, led by senior Tim Hurley of Omaha, repeatedly harassed the surprised Midland team. Hurtey finished with three con-Hurley finished with three quar-terback sacks for the evening, for a total of six in three games.

The second-half was again dominated by the Wildcats. WSC marched the ball in on their first possession of the half, with Lade completing a 37-yard pass play to Junior wingback Marrly flansen of Wayne. The two-point conversion attempt by Junior Bob Barry of Battle Creek failed. With 11:45 left in the hird quarter, Wayne State led 18:0.

Midland was forced to punt on their next possession with the Wildcats receiving on their own 37 yard line. Taitback Barry, who accummulated 128 yards with the game, began a drive with an 18-yard run. Lade later passed to Junior light end Bud Matthews of Spring Valley, III., for a nine-yard scoring play. Lade kept for the conversion making 12-60 with 7-41 remaining in the third quarter.

Midland then scored their first of two louchdowns as running back Chris Carson carried for a one-yard scoring play. The PAT made it 2-3.

Wayne's Leading receiver, Jeff Ingrum of Sloux City caught the next TO pass from Lade for a 35-yard play. Emenuel found the range on the PAT with 3-28 remaining in the game and WSC Ledd 33-7.

Junior Brad Hoffman of Chambers scored the next TO on

Junior Brad Hoffman of Chambers scored the next TD on a 20-yard run with 9:05 remain-ing. The PAT by Emanuel

Midland scored the final touchdown of the game on a keeper by quarterback. Doug Lanik of Wahoo.
Wayne State gathered 621 yards in lotal offense against Midland, while giving up 198. The Wildcats will face Missouri Southern at Jophin, Mo., Saturday, at 1:30 p.m. for WSC's opening Central States Intercollegiate Conference game.

SUM	MARY	
Midland	00 7	7 1
Wayne	6 6 14	13 3
	Midland	WSC
First downs	9	27
Rushes yards	43 137	54 320
Passing yards	61	201
Return yards	93	60

HOMECOMING SEASON is rapidly approaching. This Friday, Laurel will host Osmand in a homecoming game and Winside will meet Coleridge in the Wildcats' homecoming matchup.

cats' homecoming matchup.
Looking ahead, according to my sche
dule, Wakefield's homecoming is Oct. 6
against Osmond, Allen's is Oct. 6 versus
Winnebago and Wayne's is on Friday the
Jith against Columbus Lakeview. On the
college scene. Wayne State will play
Kearney State Saturday, Oct. 7 in a
homecoming game.

homecoming game.

MARK LARSON, WAYNE STATER sports editor, will cover the Laurel game for me Friday night and will cover some future games when his schedule permits. Previously, Jerry Shottenkirk, sports information director for the coilege had been giving me a helping hand, but he withdrew from school about a week ago. As yet, I don't believe the coilege has found a replacement for him. Larson is from Mailard, Ia. and wrote sports for the Wayne Stater before be coming sports editor. I'm sure he will be an asset to Wayne Herald sports.

Reminder:

P, P&K

Final signup for this year's Punt, Pass and Kick is open today, tomorrow and Satur-day at Arnie's Ford Mercury. Youngsters, age 8 through

Youngsters, age 8 through 13 will compete in the 1978. Punt, Pass and Kick competi-tion Saturday, Sept. 30 at 1:30 p.m. at the Wayne State football field. This year's competition is sponsored loc-ally by Arnie's Ford Mercury

WAYNE STATE took over the team offense lead in NAIA District II with its romp over Midland. District II consists of 10 Nebraska colleges, and the Wildcats hold the category edge with a 369 total yard average.

RICK Lade, WSC quarterback was selected the district offensive player of

Randy's

Nick Lade, WSC quarterback was selected the tilstrict offensive player of the week. He completed 13 of 19passes for 201 yards and three touchdowns and rushed for 82 yards and two touchdowns. Lade was also nominated for NAIA Player of the Week honors.

THE FOOTBALL SEASON has invaded

THE FOOTBALL SEASON has invaded national television again and this year the contagion is expanding. Now the average beer drinking television football addict is drawn to that intamous electronic box to savor seven or eight games a week.

The viewer can watch two college cames on Saturdavs, plus three or four programes on Saturdavs, plus three or four programes on Saturdavs plus like last year. But this year, the networks are experimenting with Sunday night and Thursday night football.

I enjoy watching a good football game and granted. TV has broadcast some fine games this year, but there are too many games for this fan. And it seems like the same teams are playing on national TV week after week.

Maybe in the future, football games

will be broadcast every day of the week. At least then, we can watch our favorite teams in action.

THE MISSOURI TIGERS have got to have the roughest schedule in the country. After opening their season against defending national champion Notre Dame and former number one Alabama, the Tigers took a breather last week against Mississippi.

Now they're back in the heat of things again as they face Oklahoma Saturday, lows State on Oct. 14, Colorado, Oct. 28 and Nebraska Nov. 18. If they get through that schedule with three or four losses, they ought to be rated in the top five.

NEBRASKA FANS should be happy that he Nebraska-Alabama game was moved up from the originality scheduled date of Nov. 18 to Sept. 4. Now the Big Red will complete their state against Oklahoma and Missouri rather than Oklahoma, Missouri and Alabama.

## Lutheran **Pro-Life** Leaders Form Organization

Pro-life leaders from three major Lutheran bodies have announced formation of Lutherans for Life.

The group asks that leaders of major, Rorth American Lutheran bodies endorse the organization and call on all Lutheran congregations to observe Respect Life Sunday on Oct. 1, the official beginning date for Lutherans for Life.

Effected as acting president for Lutherans for Life is a Lutheran Church-Missourl Synod pastor's wife from Pennsauken, N.J., Dr. Jean Gerton, who has been involved in the national pro-life movement.

Vice president is Dr. C. Jack Eichhorst, a pastor from St. Cloud, Minn., known for Ilfe advocacy within The American Lutheran Church. Secretary it's a Lutheran Church. Secretary it's a Lutheran Church. Secretary it's a Lutheran Church in America Ciergyman on the faculty of Luther College in Deorath, I.a., Dr. Leigh D. Jordahl, who has written extensively on various aspects of human rights, including the right of the pre-born.

Dr. Eugene Linse of the faculty of Concordia College, St. Paul, Minn., is the acting executive director.

Garton stressed the need for Lutherans for Life. "Il has been increasingly evident that Lutherans are interested in forming such an organization. Our people literally are crying for some way to get involved," she stated.

She added that Lutherans for Life "will

Kuhn's wants to make your fun weekend more enjoyable. When you purchase your Bobbie Brooks blazer strive to develop a society of caring, mutuality for a wide range of numan needs, for families, children, numed mothers, retarded people, old people, the poor, the handicapped, and the represset, "However," she continued, "the crisis of

retarded people, old people, the poor, the handicapped, and the repressed."
"However," she continued, "the crisis of this moment in history requires that Lutherans for Life have a special focus on concern for the preborn child."
Seven specific areas of activity have been chosen for the new organization:
— strengthen the existing common bond of concern by bringing Lutherans of like mind into contact with one another;
— gather and share pertinent information with its members and devise strategies for wilness and response;
— develop and distribute educational materials;

materials:

- Identify resource people who can speak and write on behalf of the organization;

- monitor public and private action in grade to enhance the right to lite;

- respond to and cooperate with other groups and societies to share our common concern;

- examine and correct popular misleading stereotypes regarding prolife advocacy.

advocacy.

Persons interested in becoming members may write Lutherans for Life, 275 N. Syndicate, Box 988, St. Paul, Minn., 55104.

Pears are picked when they are mature but hard. They are one of the few frulls which improve with flavor and texture when ripened off of the tree.

when ripened off of the tree.

If pears are to be eaten within one or two days, select those which yield to a gentle pressure from the paim of the hand. Pinching the pear will cause-brown spots. Yellow pears can be kept in the refrigerator for several days; however they lose their flavor if kept too long. Keep underripe fruit in a cool humid place.

Besides being eaten raw, pears can be baked like apples, used in salads, canned, or made into pear butter or honey. Good things do come in pears. Enjoy this fruit while it's in sea-

KUHNS ALL-STORE family picnic was held Tuesday evening at the Wayne swimming pool shelter house to monor Mrs. Helen Hogelen as a guest after her longevilty of employment at Kuhn's Department Store. Mrs. Hogelen recently announced her semi-retirement and will now work at Kuhn's on a part time basis. The evening of enjoyment was ap jeinic which was spent visiting and reminiscing old times, during an informal evening. Mrs. Hogelen joined Kuhn's Store when it was Larson's Dept. Store and later on when it changed to Larson Kuhn Dept. Store. Pictured above, left to right are Mrs. Helen Hogelen. Mrs. Esther Kuhn. Clarence Kuhn and Paul Peterson at the picnic Tuesday night.

## And a Warm Hol Hol Hol

IT MAY BE the last of September but Gary Van Meter (right) Chamber Executive, is out peddling Christmas decorations for downtown Wayne. Van Meter is attempting to sell streamers of decorations to Wayne business places downtown. The streamers will go along the business fronts. Van Meter said he hopes to sell to all of the businesses down town so there will be one long streamer on each side of Main Street Jack Noble, representative of a Minnesota Christmas Decoration manufacturer, helps Van Meter in getting a streamer lined up for a demonstration.

CAPTIOL NEWS BY MELVIN PAUL COLIN-Many Nebraska towns are with the same thatical problems her governmental units that must

laced with the annual section of the control of the

win ordered.
The director of the League of Nebraska Aunicipalities, Dave Chambers, said that as happened to a number of Nebraska

After Chambers alerted league mem-ars to be on watch against allegedly hony billings, nine invoices from Flo-dia and New York companies were prwerded to this office by Nebraska

communities.

Howard Parrott, city administrator at Plainview, called the alteged billing scheme to the attention of the state Justice Department in July. That was after a Hollywood, Fla., firm sent what appeared to be a \$269 bill for weed control chemicals to "accounts payable Plainview City Hall."

The document received in Plainview indicated the chemical had been sent. The document was turned over to the Consumer Protection Division of the Justice Denature.

Consumer Protection unwine.

Justice Department.

Parrett said the Plainview bill was brought to the etiention of the attorney general to make sure other communities were not paying for items they had according to the protection.

were not paying for items they had never ordered.

A member of an attorney general's staft contected the Hollywood, Fla., company and was told the Invoic Parrott's office received was not a bill but an order and that it should have been sent to Plainview, N.Y. The spokesman for the Florida firm seld he had been out of town and several similar errors had been made during his absence.

The Justice Department then informed Parrott the file on the case was being closed. Chambers said he was surprised by the stafe's acceptance of the explanation. especially because the in-

surprised by the state's acceptance of the explanation, especially because the invoice was postmarked Plainview, Nebr. Jerrold Fennell, head of the Consumer Protection Division, said the investigation was then reopened and that his office was looking at other similar billing

complaints. He said if an invoice carries a note saying it is not a bill, it is not illegal. Bits sent to Chembers' office apparently did not include such warnings. Chembers said after the state dropped the matter the first itme, he saked members of the legue to send unexplained bills to him. Elikhorn, First, tickman, Fairbury, and Marquette responded, sending copies of bills for goods officials said had not been ordered. Elikhorn received where bills from two New York itms and two from Hollywood, File., companies. Chambers theorized the senders may have assumed the bills ranging from \$200, nould be paid without checking.

Chambers theorized the senders may have assumed the bills renging from \$200 to \$400, would be paid without checking. None of the towns that sent copies of bills to Chambers' office ever received a shipment from any of the companies. Chambers believes similar bills were sent to many more Nebraska communities. Officials in several towns said they simply threw the bills away.

ALCOHOLISM LAW QUESTIONED

Questions are being asked about a new state law that decriminalized public intoxication.

Lincoln officials have announced they will ask the 1979 Legislature to amend the statute, scheduled to go into effect Jan. 1.

Jan. 1.

The law would prohibit police from taking a drunk passed out on a sidewalk to a detoxification center. The state Justice Department recently Issued an opinion stating an intoxicated person can be taken involuntarily to a detoxification center only if the person is found passed out on a roadway, or is considered dangerous to himself or others.

The Lincoln City Council was told by the city attorney that a drunk passed out in a bar could also be removed on a charge of trespassing.

After the law goes into effect, dealing with intoxicated persons will be state-wide problem and there should be a statewide effort to amend the law, the council was told.

BOTTLE BILL DEBATED
The debate on the merits BOTTLE BILL DEBATED
The debate on the merits of the bottle
bill proposition that will be on the
Novemer ballot is starting to warm up.
During a recent appearance before a
meeting of Young Republicans, Sen.
Danald Dworak of Columbus said even if

the proposal is approved, cans and bottles will still be discarded through car windows "but with a bottle bill there will be an incentive for someone to go pick them containers up."

be an incentive for someone to go pich, them containers up."

The Columbus lawmaker is financial director of Nebraskans for Returnable Containers, the coalition of some 20 organizations urging adoption of the Nebraskans

organizations urging adoption of the legislation. George Eastey, a Lincoin beer distributor, opposes the proposal and has called for support of littler legislation that would provide for recyling centers which would handle not only beverage containers but other types of litter. He described the proposition that will be on the November ballot as "tokenism which will just attack 20 percent of the litter problem."

returned to a retaiter.

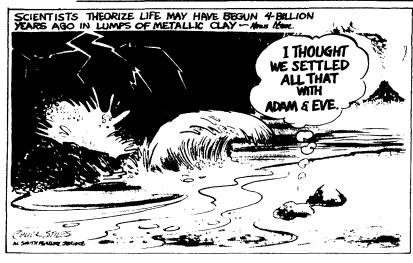

Supporters of the bottle bill complained recently about the language that will be on the Novemer ballot, but Attorney on the Novemer ballot on the Novemer ballot on the Carlot, and a reference to "every beverage container" in the ballot language is confusing and inaccurate. It implies, he said, the new law would apply to containers for fruit julces, wine, hard liquor, milk and other beverages. Such is not the case, Gangwish said.

The proposed legislation would require merchants to refund at least a nickel for the return of each glass, metal or plastic container for beer or other mall beverage, mineral water, soda water or carbonated soft drinks.

Douglas said he does not believe voters will be mislead by the explanatory language on the ballot because it will appear directly above the actual petition language.

The deadline for making changes has

language.
The deadline for making changes had also passed, Douglas said.

## Rent control benefits a myth

RICHARD L. LESHER
PRESIDENT CHAMBER OF
COMMERCE OF THE UNITED STATES
WASHINGTON—Those who advocate
rent control carefully rationalize their
behavior as being "for the protection of
the poor." They will therefore doubtless
be upset when I say that rent control is
actually a conspirecy to steal from the
landlord and the homeowner for the
landlord and the homeowner for the
benefit of the tenant. But their is thett,
and I see no point in sugar coating an
ugly truth.

It is a myth that rent control benefits
the poor. It benefits those with stable
jobs and families, who are most likely to
be in the middle and upper-middle

We are well aware that the following doesn't apply to Wayne State Cotlego, but it does to some of the nation's football powers and we think it deserves metioning. Reflecting on the possibility that some colleges might enroll students for their football ability than academic prowness, Frank Boggs, Oklahoma City Oklahoman Times, produced the following "Letter to Muther."

Dear MoM: I am writing this letter to you because Coach has tole me there was some sort of a meeting here at the Unaversely (sp) and my name come up when they said I had missed some of my classes this last smester and that even though I made all Conference on offense and the third man in the history of this place to tote the mail more than 1,000 yards it would be necessary for me to hit the books pretty hard this second smester I was nown to return for my sernlor

yards it would be necessary for me to hit the books pretty hard this second smester it I was going to return for my sernlor year. This is one of the things they do not bother to tell you a hole lot about when they are so hot to get you to come to there place in the first place and sometimes. I think if it was not for the car and professal contract that will be signed by me when this is all over I do not know if I would stay here another day as their is nothing in the classes they teach her that would stay here another day as their is nothing in the classes they teach her that football star. One of the classes hal I am being told I had better start going to orles is this one. which is called english comisishun I have to go this make the underse the same at a maximum that the same at the underse the same at a mount of the classes had a hunch of college perfessors who never even made there high school team. A good example of jour what I am writing to you about is the perfesser that runs list english class and he says he is a big fan on the game and could not hardly wall from one Saturday to the next to see me do my thing again as he said when he

OBSERVATIONS

Whats to lern?

classes. This situation occurs for two reasons.

Under the usual practice in rent-controlled areas, the income of the tenants involved is not considered. Such protrolled areas, the income of the tenants involved is not considered. Such pro-cedures are "too complicated" to ad-

cedures are too comprises to administer.

And, in a lame attempt to prevent land-lerds from going bankrupt, rents are usually permitted to rise to market levels when an apartment becomes vacant.

Thus those who have just arrived, or who have a frequent need to move, do not benefit to the extent of those who can afford to stay put. And the poor are often in the first two categories.

in the first two categories.

Another argument that sounds plats

ible on the surface—"there's a shortage of housing, so emergency measures are justified"—also falls apart under analysts. Nothing will worsen a shortage of nousing faster than rent control.

government from that properly also drop.

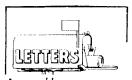

As the National Association of Realtors points out, in 1976, "the assessed value of multifamily rental dwellings increased by about 6 percent. However, the assessed value of single-family properties showed a 40 percent increase in that one year. "Obviously, single-family homeowners are being forced to absorb increased costs of city services through higher assessments while revenues from rental units are being artificially constrained because of lower values attributable to rent control."

Rent control is perhaps the best example available of the inevitable fulfility of all government attempts to legislate wages and prices. But rent control is spreading, Why? Because tenants have more votes than iondiords. And foo many of the rest of us do not understand how the world works.

## Building the Spencer highway

Early Nebraska roads were often constructed under difficult conditions and without the specialized power machinery used today. Large numbers of horses, mules, and human laborers were required to build or repair even relatively shord stretches of highway. V. Peter Milbourn, ow of Dallas, Texas, helped build the Spencer highway (later US 281) from O'Neill north to the Niborara River in 1920 1921. The following descriptions of the equipment used and difficulties en countered in pushing this early road some 20 miles through a portion of the Sandhills are taken from several of his letters written in February and March of 1978 to the Nebraska State Historical Society. A State Historical Marker on the history of the highway has been erected south of O'Neill.

"I was about 15 or 16 years when

Appeal ban

Appeal ban

Wayne

Dear Editor:

Many of Jehovah's Witnesses in the

Wayne area will be writing letters of
appeal to government officials in Argentina, where their Christian society is
currently under ban.

Arthur Degryse, an overseer of the
Wayne Congregation of Jehovah's Witnesses, explained that a concerted effort
in sending letters of appeal was being
instituted now. This is because all efforts
of legal recourse to return freedom of
worship to Jehovah's Witnesses in Argen
fina have failed.

"In September of 1976," Degryse explained, "the Argentine government
announced that Jehovah's Witnesses
were banned from practicing their
religion. Time-consuming legal proceedings followed as Jehovah's Witnesses
appealed the ban through the Argentine
court system. Finally, though, in
February 1978, news scources in Argentina declared. 'Supreme Court Upholds
Executive Decree Banning Jehovah's
Witnesses.' The ban continued in effect
ever since."

Degryse sald that a report from the

Witnesses.' The ban continued in effect ever since."
Degryse said that a report from the New York Headquarters of Jehovah's Witnesses indicated that the ban has resulted in persecution of Jehovah's Witnesses in Argentina. Their meeting places for Bible study have been closed down, children have been expelled from schools, adult Witnesses suffered loss of government employment, their private homes have been raided, arrests and even physical assaults have taken place.

schools, adult Witnesses suffered loss of government employment, their private homes have been raided, arrests and even physical assaults have taken place. Calling the ban unjust, Degryse went on to describe the activity of Jehovah's Witnesses in Argentina, "Jehovah's Witnesses in Argentina, "Jehovah's Witnesses in Argentina, as the Witnesses in the United States and each of the 214 other nations where they are active, regularly meet logether to study the Bible and offer aid to other persons to learn more about God's Word. They advocate adherence to the Bible's moral standards, love of God and neighbor, and a good Christian family life.

Regarding the Witnesses' view of governmental authorities, Degryse reterred to the Bible, at Titus chapter 3, verse 1, where, he said, "it tells Christians "to be in subjection and be obedient to governments and authorities as rulers." This is the position Witnesses take all over the world, including Argentina. Jehovah's Witnesses are not subversives. They are law-abiding Christians who put worship of God first in their lives."

Asked about the nature of the letters to be written Degryse explained that they would be an aboeal for justice." All we are trying to do," he said, "is to respectfully encourage the existing authorities in Argentina to take the necessary steps to restore freedom to the Christian minority, Jehovah's Witnesses."

Throughout the next few weeks, Degryse stated, Jehovah's Witnesses. "Throughout the next few weeks, Degryse stated, Jehovah's Witnesses."

Throughout the next few weeks, Degryse stated, Jehovah's Witnesses. "Throughout the next few weeks, Degryse stated, Jehovah's Witnesses."

this road was built. My father David Milbourn of 844 North 44th Street, Omaha. Nebraska, was a grading contractor. He took a subcontract from the Cmaha firm of Peterson, Shirley and Gunther to go to O'Neill. Nebraska, and build the road now known as 281, formerly the old Spencer Trail starting at the cemetery in O'Neill and proceeding north to the Niobrara River... "We had a large grading camp, consisting of about 100 mules, horses, bunkhouses on wheels, cook houses (as well as other conveyances), commissary wagon, 13 dump wagons, (and) excavating gradieer, which was a large machine pulled by 12 horses in front and pushed by six in back. This machine plowed a furrow of dirt, throwing it onto a conveyor belt which carried it up over wagons pulled by three mules or horses. As each wagon was loaded, it was hauted to the till and dumped. We also had teams that pulled fresnos. These were large skips or scoops pulled by four head."

Life in a grading camp was exciting to young Milbourn. He recalls:

"Long years ago the cook in the grading camp rang the dingloon, a three-cornered, triangular shaped plece of irond, which hung by the door of the cook wagon at 5 a m. All of the teamsters or as we were known mules kinners, started rolling out of bed and going to the corral to harness their teams at about 5:30 a.m. He rang it again and we came into the door at the end of a long wagon which held only a large long table with a long bench on either side. Thirty or forty men for it all like the same knd of food.... If you haven't eaten a meal in a grading camp, you have never really enjoyed eating. There were eggs, bacon, sausage, calmeal, dry cereal, freid potatoes, biscuits, bread, (and) ham Getting hungry". "At six, o'clock the dingdong rang again. Everyone got the teams—some two, some three, some four, and others eight head of mules or horses and we all went to work.

"Jack Miller, my brother in law, had six mules. The excaving grader had a long pole or longue on the rear end. One end (was) lastened to the machine, the

from 11:30 to 1:00. Then back out and go again III six o'clock.
"A 40-foot fill on a highway with a three-to-one slope makes it 120 feet from top to bottom. After a heavy rain dirt would wish out and leave a hole in the side of the fill. Many times I have gone straight down there over the side and dumped a load of dirt in the hole. There is one place on the Spencer Highway at 70 feet where you find such a fill. I know (because) I went over the side of it." After the Spencer highway was completed, young Millbourn and his father returned to Omaha, where the latter died in 1925. Over 50 years later the son recalls:

recalls:
"There was nothing north of O'Neill but a small trail when we started, (and) we went through a lot of hard work, I really believe my father should be given the credit for doing a nearly impossible job in building this road under the conditions and with the equipment available at that time."

## WAY BACK WHEN

Sept. 23, 1948: E.T. Warnemunde, Winside, was elected treasurer of the Midwest Lutheran Brotherhood, at the niinth annual convention held at Redeemer Lutheran Church last Wednesday and Thursday. Excellent weather, above average entertainment and a large number of exhibits drew crowds totalling over 12,000 persons to the four-day Wayne County Fair. Emil Steffen was named custodian of the courthouse by the county board. Tuesday. Father William Kearns, pastor of St. Mary's Catholic Church, celebrated his forty-second year in Wayne Monday. Ryal Miller, Slow. City, will be the featured speaker at the Oct. 1 soil conservation banquet at the college dining room.

25 Years Ago

25 Years Ago
Sept. 24, 1953: Wayne's First Methodist
Church will dedicate its new \$50,000
Fellowship hall at special services Sunday morning, Rev. A.B. Gray announced
this week. .Mr. and Mrs. J.E. Moore,
Carroll, will observe their sixtieth
wedding anniversary Wednesday at the
Carroll auditorium. .Ten laymen of the
Carroll Methodist Church added a new
coat of paint to the parsonage last week
.Mrs. Ed Schellenberg, Hoskins, was
named president of North Valley Project Club at a meeting at the Louis
Bendin home Thursday afternoon.

Bendin home Thursday atternoon.

20 Years Ago
Oct. 2, 1958: Felix Jelinek, Wakefield,
was elected president of the Midwest
Federation of National Farm Loan Assoclations at the group's annual convention
in Omaha Thursday. A silver lapel
badge has been awarded to Dr. Walter
Benthack, Wayne, by, President Eigenhower in recognition of 15 years service
as medical advisor to the Wayne County
Selective Service Board. ...Mrs. Chris
Tietgen, Wayne, arrived home Thursday
after a five-week four of Europe. . Rev.
K.F. Wentzel was honored for his 35
years in the ministry and 10 years as
Trinity Lutheran Church pastor at

special services Sunday evening at Altona.

Sept. 26, 1943: Charles Denesia, Wayne County Public Power District, was elected chalrman of the Nebraska REA Accountants Club at their meeting held in Grand Island Monday and Tuesday. A new minister will be in the pulpit oif Wayne's United Prestyterian Church Sunday. He is the Rev. John W. Yoth, who comes from a seven-year pastorate at Maple Plain, in his native stack, Minnesota. . The Evangelical Covenant Church of Wakefield is in the midst this week of an observance of Iheir 7th. anniversary. . . Cheryl Ann Behmer, daughter of Mr. and Mrs. Lloyd Behmer, Winside, attended the Nebraska Conference for Youth held at Lincoln, Sept. 17-19.

10 Years Ago
Sept. 30, 1968: Official groundbreaking and start of construction on the new Standard Oil FarmService Center on Highway 35 east of town will start this week, weather permitting, , Ten members of Winside High School's journalism class traveled to Howells Tuesday to aftend the yearbook seminar given by inter-Collegiate Press, a leading yearbook publishing company. County Attorney Don Reed plans to start an informative series of classes today designed to upgrade techniques of law officers. He will be instructing Wayne County law enforcement officers as to procedures in respect to search and seizure, notification of a suspect's individual rights and the gathering of evidence.

met me first fiting this morning. Man you can really tote the mail and I said Yes for more than 1,000 yards which made me the third person in the hole histery of the unaversary (sp) that has ever done that to this day. It is a shame he is stuck with this job because he does seem nice or a perfesser and like he told me this morning it is not my fault you have to come to class but it has something to do within the NCAA that they do now want to get cross ways with because we will go to the big bowl game next year due mostly to me which will become this places all-time teading rusher in just a few more games next fall. Wilthout you the perfesser said right out in front of the hole class we had mite as well just kancell the hole scedule so you can see MoM that he is one of those perfesser shat do not know anything about expect what he teaches to his pupels. Dear MoMoM: is not later in the hour and I have not been writing to this letter to you or a while because the perfesser came to my desk awile ago and siad if he did not mind him saying so I am a little week in punkshaion but that as far as he kne not even Dr. I heastine made a A in english and he just smiled and I guess he thought I know who Inestine is but I do not as he is probably a team doctor for another team in the confrence that I have not ever met. He said all I have to do to stay in good with the unaversety (sp) Is to make a C in this course and I said I do not mind making A on the grid iron and he laughed and said the best way for me to make a C was to learn to use pragraffs when I am writing letters and I asked him how would he think I should go about that and he has just showed me how. You ready?

that and he has just showed me how. You ready?
Hi MoM: This is a paragraff and I can tell you write now I did it good because the perfesser just patted me on the back and said not to worry about the schastic probashun I an now on because anybody that can make pargrafts like I can will be on the grid from anytime he wants to.

justified"—also falls apart under analy sis. Nothing will worsen a shortage of housing faster than rent control.

To see why, you have to put yourself in the position of a potential landlord:
You are not necessarily rich, but you do have a small nest egg to invest. How will you choose to invest It? There are many, many possibilities.
You could put if Into a bank or into government bonds, and accept a lower rate of return in exchange for greater securily. You could put if into stocks, or try to start your own business, taking a greater risk and hoping for a bigger return. Or, you might use your capital to put up an, apartment building, thus helping to relieve the housing shortage. So you examine the possibilities and find that you could get an annual return of S.5 percent from a bank, 7.5 percent from a pash, 7.5 percent from a landlord's rate of return in your area is timited to 5 percent, and tenants' groups are protesting that. Now, where are you going to put your savings?

(The actual return a landlord receives depends on many factors, and will of course vary from one individual tandher. Rent control formulas are also both highly individual and highly compilicated. Hen point, however, is this: What the city council or some tenants' group thinks is "fair" is irrelevant. If investors are not willing to put their money into new apartments, then the return—whatever it is—is too low.) The nations's glaring example of rent control folly is New York City, which still has many of its Will controls. In the none-properous South Bronx were burned or abandoned. The area looks as though it has been bombed, and indeed, one expert quoted in the August issue of Nation's Business has called rent control "the most efficient technique presently known to destroy a city—except for bombing."

What about the effect on homeowers?

what about the effect on homeowners? What about the effect of indifferent states of apartment property deteriorates—which it does if the return is no longer attractive to investors—the tax revenues flowing to government from that property also

## Hearing Loss Is Not A Sign Of Old Age

Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone answering this advectisement. ing this advertisement.

Send for this model, put it on and wear it in the privacy of your own home. While many your own home. While many people with a hearing loss will not receive any significant benefit from any hearing aid, this free model will show you how tiny hearing help can be. It is not a real hearing aid, and it's yours to keep, free. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit. level, in one unit.

These models are free, so we These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands havealready een mailed, so write today to Dept. 9007, Beltone Electronics, 4201 W. Victoria St., Chicago, Illinois 60646.

In man's search for a new measure of excellence...

# 1979 OLDSMOBILE

DISCOVER THAT CREAT ONDS FELLING, TAKE A TEST DRIVE TODAY!

## In the continuing search for excellence... Oldsmobile engineering contributes to new advances in the 1979 Oldsmobiles.

Another step in America's longest automotive heritage.

## "...to build one carriage in as nearly perfect a manner as possible..."

From the minutes of the directors' meeting which established the Olds Motor Vehicle Company — August 21, 1897.

1979 begins our 82nd year of offering cars to meet that criterion—more experience than any other American car name.

And through the years, Olds has participated in the development of these major innovations:

—The first fully automatic transmission, making driving easier than ever before.

 The first high-compression V8 production engine, making possible new levels of performance.

-Front-wheel drive for contemporary American automobiles.

—In the last two years, the introduction of a new generation of space-efficient full-size and mid-size models. Plus the introduction of the world's first diesel V8 engine (5.7 litres) for passenger cars—available in full-size Oldsmobile models.

—And this year, a new state of the art in personal luxury car design, the all-new, front-wheel drive Toronado.

Plus, the introduction of a new, smaller, 4.3-litre diesel V8 engine

Test models log thousands of miles during ride, handling, braking and acceleration evaluation.

developed especially for mid-size cars—and available in Cutlass models—only from Oldsmobile!

So you can see why people have come to expect engineering excellence in Oldsmobiles—and why our reputation for fine cars has grown.

## Cars Designed for Our Times

It was a bold concept—but one America had been waiting for: cars which offer the traditional qualities Olds owners expect—but in a spaceefficient form.

It took new, computer-age approaches to achieve that result. New design concepts to pare off pounds and inches, yet leave the smooth ride intact. New space efficiency to make them-trimmer outside, yet offer more rear seat

A new-generation Cutlass designed from the inside out for space efficiency, comfort.

legroom inside. New weightreducing materials. New anticorrosion measures. All this plus Body by Fisher have been brought together through innovative engineering to produce new Delta 887-98, Custom Cruiser, Cutlass and Toronado models, which are better cars for our times.

Here's another welcome surprise. The trim, compact Olds Omega and sporty Starfire are also well suited to meet today's needs.

Read about them all. Then discover that great Olds feeling with a test drive.

Today, many Olds dealers offer the option to buy or lease.

## A Word About Engines

The Oldsmobiles shown in this catalog are equipped with GM-built engines produced by various divisions. See your Olds dealer for complete details about engine sources and availability.

Many components were "road tested" by computer simulation before a single car was built.

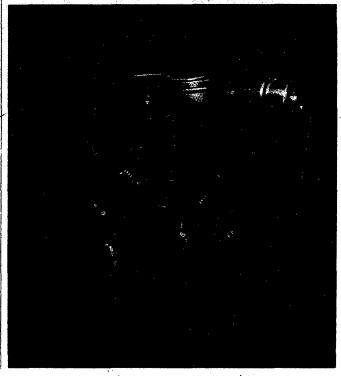

## Now Oldsmobile Offers the Benefits of a Diesel V8 in Full-Size and Mid-Size Cars

Last year, Oldsmobile introduced the world's first diesel V8 in a passenger car, a 5.7-litre engine available in Delta 88, 98 and Custom Cruiser.

Now Olds is offering a new, smaller, 4.3-litre diesel V8, specifically designed for mid-size cars—and available on Cutlass models. These diesels are special because they offer the benefits of a diesel with the smoothness and quietness you might not expect of a diesel.

Maintenance is simplified, because there are no spark plugs, distributor or carburetor to replace or adjust. Just change the oil and filter every 3,000 miles, and check crankcase ventilation every 6,000 miles. Other than that, its schedules are similar to other Olds models.

Now you can have diesel power in the size of car or wagon you want only Oldsmobile makes it available in 19 different models! You really owe yourself a test drive in a diesel V8-powered Olds!

## TORONADO

## A new state of the art in personal luxury car design.

Fourteen years ago, Toronado reintroduced front-wheel drive to American cars, and a new state of the art was born in personal luxury cars.

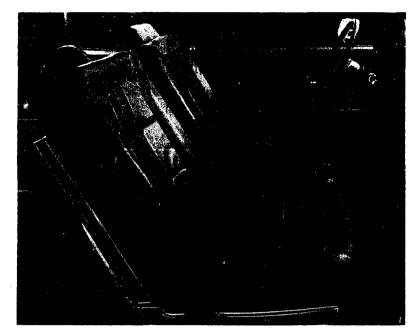

For 1979, engineers have refined the front-wheel drive and added a new independent four-wheel suspension, along with an automatic ride leveling system. They have shortened Toronado's turning radius, trimmed it down for new weight efficiency, equipped it with steel-belted radial-ply tires developed to complement the suspension system.

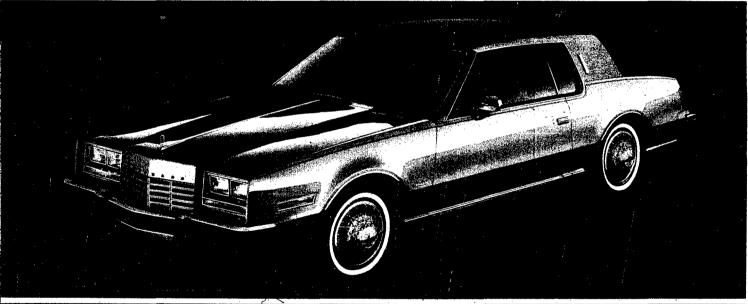

Results: A new driving experience in a car long famous for roadability. Impressive road-gripping traction, response and directional stability. And in the new inner world of

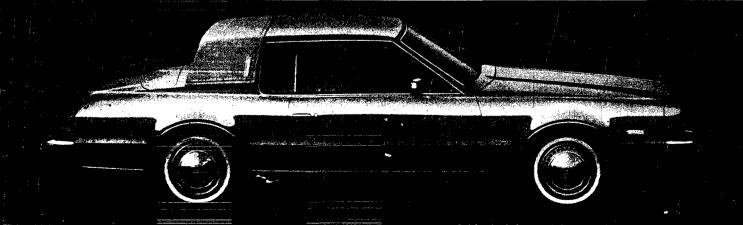

Toronado, you feel sheltered from 'the noises of the outer world. The atmosphere is serene, the comfort is deep and spacious. You notice a ride that is smooth and quiet. It's a fresh new driving experience that lets you relax and enjoy the many luxuries that surround you.

But beyond all else, there is that magical experience that transcends mere engineering specifics. It is yours to discover at your Olds dealer's. Once you've experienced the mastery of the open road and the luxurious inner world of Toronado, you'll find new meaning in the term personal luxury car.

Below, the beautiful new Toronado. Vinyl roof coverings available. 1. Toronado's luxurious inner world. Lustrous leather available in the seating areas.

First diesel V8 (4.3-litre) designed exclusively for mid-size cars—only from Oldsmobile.

## **CUTLASS**

Millions of satisfied owners know there's something very special about a Cutlass.

Over the last four years, more mid-size buyers have chosen a new Cutlass than any other car.

What has caused that kind of popularity for Olds Cutlass goes far beyond its traditional styling leadership.

It's many things working together that makes a Cutlass so popular.

It's solid engineering for space efficiency and a smooth ride.

It's a roomy, comfortable interior for active, growing families.

It's trim size—for impressive maneuverability in busy city traffic—and easy parking.

And perhaps most important is Cutlass versatility, a fact that makes Cutlass different cars to different people. It's a stylish, practical car and a lot of value for the money to Cutlass Supreme buyers.

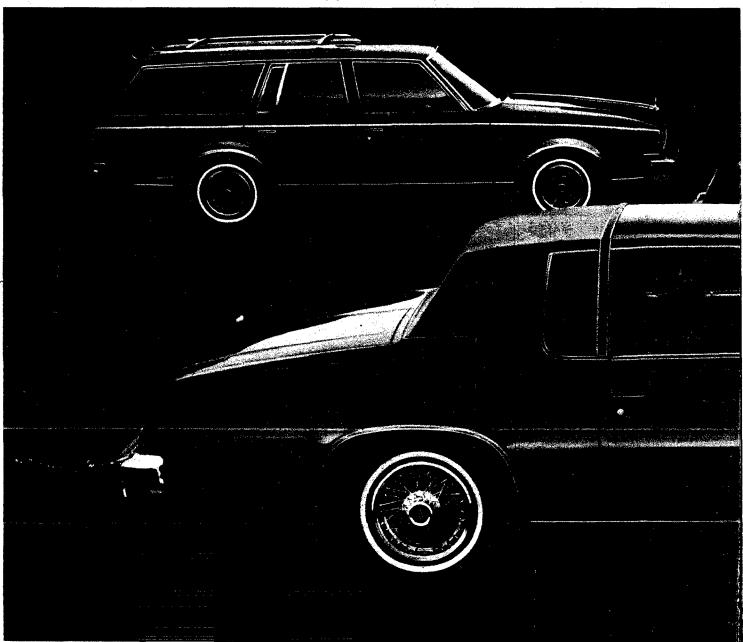

It's a grand touring car with reclining bucket seats and special suspension components to Cutlass Calais buyers. It's the luxury of bigger, more expensive cars in a practical size for Supreme Brougham buyers.

For function- and practicalminded buyers, there are the Cutlass Salon and Cutlass Salon Brougham.

And wagon enthusiasts will really appreciate the smooth-riding, space-efficient Cutlass Cruisers.

And every 1979 Oldsmobile Cutlass may be ordered with an available diesel V8 engine!

Talk to a Cutlass owner and he might just tell you it's more than just a car. It's a feeling—a feeling of pride and satisfaction. A feeling that this car is "my car, a car that's

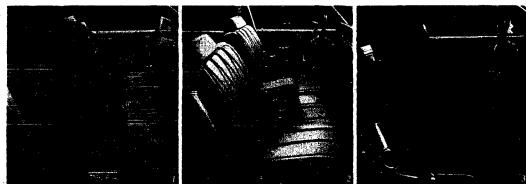

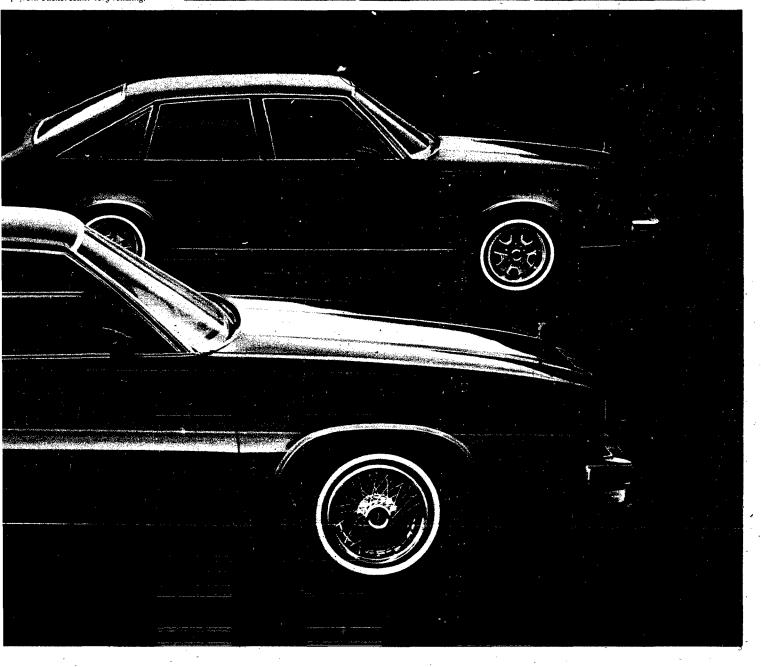

so right for me." If you haven't discovered that great Cutlass feeling for yourself, it's time to take a test drive in the 1979 Olds Cutlass of your choice. See your Olds dealer.

Below center, the beautifully designed Cutlass Supreme. Below left, the hardworking, smooth-riding Cutlass Cruiser Brougham. Below right, the practical, functional Cutlass Salon Brougham.

1. Available Supreme Brougham interior with genuine leather in the seating areas.

2. Cutlass Cruiser Brougham's available divided seat. Very handsome, very comfortable. 3. Cutlass Calais features grand touring comfort, includes reclining front bucket seats. Very relaxing.

## Space. Comfort. Practicality. Nice surprises for families who didn't think they could afford a full-size Oldsmobile.

or families who didn't think

Extensive anti-corrosion measures to help protect your investment.

The way to design a car for the American family is to begin with what today's families need. So Delta 88 provides ample space for six adults. Seats are full-foam, comfortable and long-wearing.

Set a Delta 88 in motion and you begin to appreciate the engineering more fully. The ride is big and smooth, quiet and solid.

But Delta 88 is also full of surprises—because it is a new-generation family car. Trim, agile for today's needs. Maneuverability is smooth in city traffic. And parking is a pleasure.

When you consider you can have all this at an affordable price, plus

a reputation for quality and value—it's easy to see why families are gravitating to Delta 88 in record numbers.

Delta 88 also offers you a choice. Elegance and luxury in Delta 88 Royale. While the Delta 88 is right for the more budget-minded. If you still get excited about fine road cars, there's 88 Holiday Coupe—with bucket seats, console, T-handle shifter and a great feel of the road. And, a diesel V8 is available in 88.

Below front, Delta 88 Holiday Coupe. Rear, Delta 88 Sedan. 1. Available: a Royale Brougham interior. 2. Put yourself in the driver's seat of the 88 Holiday Coupe. Very sporty!

A special 98 acoustical package wraps you in an ambience of quiet, comfort and elegance.

## NINETY-EIGHT

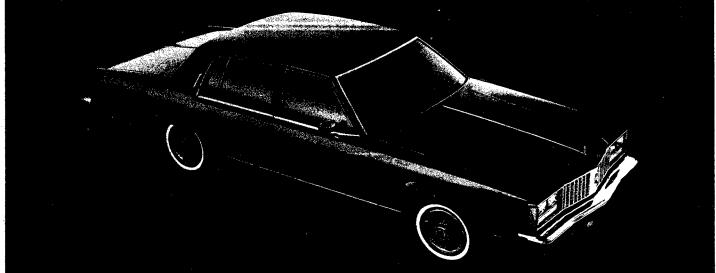

A beautiful marriage of luxury and logic.

The 1979 Olds Ninety-Eight is an impressive luxury automobile — with solid engineering and tasteful attention to detail. But in a changing world, even the most luxurious car should have its practical side. Ninety-Eight is a big, roomy car with

a smooth ride. Yet it is so agile in city traffic. And, a 5.7-litre diesel V8 is available. The 98 price? It makes luxury very logical.

Below, the 98 Regency Sedan. 1. The elegant Regency interior, with available leather in the seating areas.

Smooth ride is patterned after luxurious 98 Regency.

## CUSTOM CRUISER

A working wagon with the comfort and ride of an Olds.

Custom Cruiser delivers what you expect in a working wagon. Plus some very pleasant surprises. You expect room for six. And get it! Plus, a third seat is available. You expect room for cargo. You get over 87 cubic feet of it with back seats.

down—plus a tailgate that swallows 4-foot-wide paneling. The surprises? The way it moves through busy city traffic. The ride—soft and smooth. And, a diesel V8 is available!

1. Choose between rich velour (shown) or glove-soft vinyl at no extra charge.

## OMECA Oldsmobile elegance. Practical size. Affordable price.

The Omega choice. Pick Omega and get solid value features at a budget-flattering price. Pick Omega Brougham and you can enjoy the luxury of our

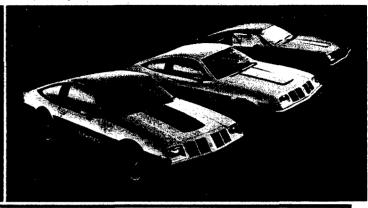

"little limousine" with its elegant brushed-knit interior. Or go sporty with our available SX package. Affordable ways to look like a million!

## STARFIRE The sport and spirit are standard.

In many other cars you'd pay extra for bucket seats, sport console, 4-speed manual shifter, dual sport mirrors, rallye wheels, rear stabilizer

bar, rear hatch door, fold-down rear seat, sport steering wheel and AM radio. They're standard on Starfire! So is excitement! Test-drive a Starfire!

## A Word About Assembly, Components and Optional Equipment in These Oldsmobile Products

The Oldsmobile products described in this brochure are assembled at facilities of General Motors Corporation operated by Oldsmobile Division, the GM Assembly Division or GM of Canada. These vehicles incorporate thousands of different components produced by various divisions of General Motors and by various suppliers to General Motors. From time to time during the manufacturing process it may be necessary in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety and fuel economy requirements, or for other reasons, to produce Oldsmobile products with different components or differently sourced components than initially scheduled. All such components have been approved for use in Oldsmobile products and will provide the quality performance associated with the Oldsmobile name. With respect to extra-cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest you verify that your car includes the optional equipment you ordered, or if there are changes, that they are acceptable to you.

Oldsmobile reserves the right to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models, and also to discontinue models.

NOTE: Not all accessories and items of equipment shown on the models illustrated in this brochure are standard. Some are extra cost and available only on specific models.
For specific prices and availability, check your Oldsmobile dealer.
