Mumps May Hit Area Students

Students in area schools stand a good possibility of getting mumps this school year, according to statistics compiled by the Nebraska Department of Health Immunization program. A report released by the Nebraska department of health in conjunction with the Nebraska Department of Education and the Nebraska School Systems, public and nonpublic, states that any school which has immunization levels off below 90 percent in one or more areas can expect a dangerous disease outbreak.

Students in Wayne county schools are less than 90 percent in five areas. DTP-Td, Polio, Measles, Rubella, Mumps. Mumps immunization was the lowest percentage noted in the report concerning area schools. All children under 12 years of age are required by law to have a record in their files showing they are completely immunized or to have a waiver exempting them from any or all of their immunizations. In compiling the immunization levels, those students without immunization records were considered to be immunized.

Therefore the percentages are based on enrollment. The percent of students in Wayne county schools with health records is 99.93, one of the highest in the state, according to the report. Percentage-wise, those Wayne county students immunized against DTP-Td (which requires three or more doses) is 85.91, Polio (which also requires three or more doses), 88.04; Measles, 88.99; Rubella, 80.49 and mumps, 72.41. In a county break down, the 705 students in K-6 has 100 percent health records, 93.62

percent immunized against DTP-Td, 93.19 percent against Polio, 94.04 percent against Measles, 91.21 percent against Rubella and 80.99 percent against Mumps. The 792 students in grades 7-12, the reports shows 99.87 percent had health records, 79.04 percent immunized against DTP-Td, 83.46 percent against Polio, 84.47 percent against Measles, 70.96 percent against Rubella and 64.77 percent against Mumps. Immunization percentages by area schools for grade K-6: Hoskins nonpublic, 11 stu-

dents, 100 percent medical records, 100 percent DTP-Td, 100 percent Polio, 72.73 percent Measles, 72.73 percent Rubella and 72.73 Mumps. Dixon County rural, 52 students, 11 percent medical records, 98.08 percent DTP-Td, 90.38 percent Polio and Measles, 94.23 percent Rubella and 61.54 Mumps. Winside public, 119 students, 100 percent medical records, 99.16 percent DTP-Td and Polio, 95.37 percent Measles and Rubella and 85.71 percent Mumps. Immunization percentages for area schools for grades 7-12: Hoskins nonpublic, 11 students, 100 percent medical records, 90.91 percent DTP-Td and Polio, 87.42 percent Measles and 45.45 percent Mumps. Wayne-Carroll Board Reaffirms Opposition

The Wayne-Carroll Board of Education, at their regular October meeting, re-affirmed its opposition to the proposed 5 percent lid on budgets of local sub-divisions of government. The board expressed concern that the proposed constitutional amendment does not relieve property taxes, which, in Nebraska, are used, for the most part, as the basis for supporting local government. The board urges voters to support ballot proposal No. 300 which, if approved would make LB33, the state school support bill of 1977, operative. This proposal, if passed, would give the Wayne-Carroll school district approximately eight mills of property tax relief. The Wayne-Carroll Board of Education believes that voting "yes" and enacting proposal No. 300 is the best way to control the increase in property tax. The board expressed concern that voters be informed that the proposed ballot bill would not broaden the tax base whereas proposal No. 300 would serve this purpose.

Seek Candidates For ASC Committee

Wayne County farmers are asked to nominate candidates of their choice to be on the ASC community committee ballot. Alden Johnson, chairperson of the Agricultural Stabilization and Conservation (ASC) committee, said this week. The ASC community committee election will be conducted from Nov. 24 to Dec. 4 by mail ballot. The 13 ASC communities in Wayne County are: Brenna, Chapin, Deer Creek, Garfield, Hancock, Hoskins, Hunter, Leslie, Logan, Plum Creek, Sherman, Sirahan and Wilbur. ASC committees are responsible for managing government farm programs on the local level to meet the needs of individual producers. ASC com-

mittee members must be concerned and responsible individuals, Johnson said. Wayne County farmers have the opportunity to nominate persons they feel would best serve the farm community. Farmers have received petition forms by mail and are now submitting them to the county ASC office. A few basic considerations should be kept in mind when circulating petitions, Johnson said. In order to be valid, petitions must be limited to one nominee each, must include written certification that the nominee is willing to serve if elected, must be signed by at least three eligible farm voters in the ASC community, and must be received in the county

ASCS office no later than Oct. 30. A farmer may circulate or sign nominating petitions for as many candidates as he chooses. Anyone wishing to nominate a farmer for the ASC committee election may contact the county ASC office for full details, including eligibility requirements for officeholders. Johnson said he believes that farmer nominations of candidates for the upcoming ASC committee election are very important. He said, "Farmers should petition for and elect those individuals they feel would do a good job as an ASC committee member. The election of concerned farmers to positions is important." Two Injured In Accident

Two persons were taken to Providence Medical Center Thursday morning for treatment of injuries received in a two-car accident about 1 1/2 miles east of Wayne on Highway 35. According to the Wayne county sheriff's office, Edna E. Chandler, 79, a passenger in a car being driven by Alva E. Chandler, 83, Oconto, was admitted to the Providence Medical Center for treatment of a fractured right arm plus abrasions. Chandler was treated for a cut chin and released. Sheriff's officers said a car being driven by Constance J. Roberts, rural Wakefield, was eastbound on Highway 35 and was slowing down to stop for a flagman working traffic on a state bridge. Chandler, also eastbound, failed to stop in time and rear-ended the car being driven by Roberts. Roberts was not injured although her vehicle received extensive rear-end damage. The Chandler car was damaged in the front end.

You never know when the age-old proven theory of "for every action, there is a reaction" is going to apply.

During an unofficial meeting of the "board" following a city council meeting recently, Bruce Gilmore, city engineer and chief haulage of Bruce Gilmore and Associates, Columbus, made mention that he was going to have a satellite office in South Sioux City.

Razor-sharp minds made so by a few quiffs of the "bubble," raised a unanimous challenge to this bit of seemingly innocent topical conversation.

Sharp protests were voiced which were overheard by the waitress who thought it was a signal for another round. "South Sioux City, may," we said. "Wayne, yea!"

After several more "nays" and with the unwitting cooperation of the waitress, Gilmore left up a signal of surrender from his home position under the table and said Wayne was to be the new location of the office. —CHB—

When we heard the land surveyor's name, Clyde Flowers, were reminded of Johnny Cash's hit record "A Boy Named Sue." After meeting Clyde, we decided the record was meant for him. He has a big dude with a pleasing personality... and an ex-Marine. We doubt very much that Clyde's name has given much trouble.

It was a busy weekend in Wayne with a retail promotion. Parents Day at Wayne State and Wayne High Homecoming. The Blue Devil student body evidenced a whole bunch of Blue Devil spirit and they gave the entire week of activities as far as Homecoming activities were concerned.

Dr. Don Zeiss, high school principal, called and asked to thank all Wayne residents and businessmen who helped to make the Homecoming a success. "It would be impossible for me to thank each one individually and for too many years, they are forgotten." So from Dr. Zeiss to all you who joined in the "Blue Devil Spirit" for Homecoming, thank you! from the Wayne High student body.

An editorial cartoonist friend of ours in Iowa works for the paper "That Iowa Depends Upon" should have some during the World Series. His contention is "It really isn't a World Series unless the Yankees are playing." We don't know about playing, but they were the other team in the series.

And with a simple semper fidelis, that is that!

WASHINGTON — It is possible to end inflation without creating serious unemployment, lowering our standard of living, or sacrificing freedom of choice. If we go about it the right way. But the cure is to be five-year painless. It cannot be quick.

- Here's the relative plan:
 - (1) Gradually reduce federal outlays from 22.4 percent of the Gross National Product now to 18.5 percent of GNP by fiscal year 1983.
 - (2) Reduce federal tax receipts from 15.5 percent of GNP now to 18.5 percent by fiscal year 1983.
 - (3) Hold the growth of taxes and government spending to less than the growth in personal income.
 - (4) Encourage creation of modern tools, factory equipment and structures for use by American workers. Increased capital investment creates jobs and helps improve productivity, which aids in reducing inflation.

Clearly, then, to help get rid of inflation, a voter must have two trustworthy pieces of information: 1. What causes inflation. 2. How the candidates stand on the issue.

The Chamber is focusing much of its communications resources and most of its officers and staff on a crash course to disseminate information on the causes of inflation. This program will continue until we no longer have an inflation problem.

The second part of our strategy is to lead off, though the National Chamber Alliance of Politics — how the candidate feel about inflation and what they propose to do about it. When we have that information in hand, we will transmit it to our members and far beyond them as our segregated political funds permit. (By law, the National Chamber itself cannot use its ordinary dues income to communicate with the general public on a political matter. We can, however, set up a separate fund for political purposes. That's what the National Chamber Alliance for Politics is. The money raised by NCAP may be used to pay for various kinds of political activity, including communicating with the public. If that sounds complicated, believe me, it is.)

We have sent an inflation policy questionnaire to all candidates for federal office. It contains 17 questions covering the subject thoroughly. When we have the answers — or non-answers — to this questionnaire, that will be the raw material we transmit back to our members in the individual districts.

We will use every legal means to make this information generally available in districts where it can do the most good. After that, it's up to you.

Dear Editor: We of the Wayne Senior Center, who hosted the Annual Meeting of the Nebraska Senior Citizens Council, wish to publicly thank Gary Van Meter of the Wayne Chamber of Commerce for putting out the "Welcome Flags" for the name tags, for the advertisement committee chairman, U.S. Sen. James Eastland (D-Miss.) and to U.S. Sen. Strom Thurmond (R-S.C.), the ranking minority member.

Non-characterized Morris' views on outlawing the private ownership of firearms as "extreme," and told the Judiciary leadership "to have Prof. Morris direct an instrument of such massive influence and power as LEAA is totally and irrevocably unacceptable to NRA."

The NRA's top lobbyist cited Morris' ten-year crusade aimed at "categorically denying private citizens the right to keep and bear arms" and his total disdain for the proven effects of such criminal justice tools as stiff mandatory sentences as a deterrent to criminal activity.

"On countless occasions, in testimony before various government panels, in publication and in the press, Prof. Morris has called for physically disarming our law-abiding citizenry," Knox added. Further, Knox said that polls have indicated that nearly half the total households in America have at least one firearm. "A huge segment of our population has a direct, personal stake in this man's views and in this appointment. But Prof. Morris has also predicted the ultimate disarming of the police," said Knox. In a recent publication, Morris modified his position to allow some sports clubs to keep member firearms in "arsenals."

"When a man who enjoys Prof. Morris' reputation as an authority on law can advocate the use of hidden monitors 'capable of searching anyone passing through a door or along a foothold' for firearms and then states 'there can be no right of privacy in regard to armament,' one wonders if to cavilier an attitude in denying rights to firearms owners might not, at some future date, be extended to other, say the press, for example, or minority groups, or to those espousing a different political philosophy," said Knox. In short, Prof. Morris seems to have a frightening disregard for certain basic civil liberties — civil liberties our forefathers did not mean to be turned off or turned on to suit the whims of a particular administration."

"His appointment to LEAA is especially repugnant to NRA members," said Knox, "because he called for use of federal power to coerce states into adopting extremist laws on firearms prohibition. As director of LEAA, he would be in a position to exercise such blackmail, and no doubt would try."

Prof. Morris' call for federal licensing of all "approved" firearms owners (the stipulated "household protection" is not a suitable reason for firearms ownership) and the disarming of all otherwise law-abiding firearms owners would require nothing short of a federal police state.

"As head of LEAA, which has a \$60-million state-grant-aud budget, Prof. Morris would be in all too tempting position to set into motion just such a national policing mechanism," Knox said.

Devils Top Statistics But Don't Win

The Wayne Blue Devils may never want to see another Friday the 13th again. The traditionally, unlucky day continued its jinx as the Blue Devils were plagued by turnovers and lost to Columbus-Lakeview 14-11 to frustrate their homecoming intentions.

Wayne received the opening kickoff but soon coughed up the ball at the 27-yard line. A pass interference call at the 15-yard line gave Lakeview its first scoring opportunity.

Randy Nickolite took the ball in from the one-yard line to put the Vikings on top 6-0 with 7:07 remaining. The two-point conversion attempt was stopped behind the line of scrimmage.

Wayne received the ensuing kickoff and returned it to the 34-yard line. From there, the Blue Devils started a drive. Brad Emry rolled around the right side and ran the ball down to the Lakeview 38-yard line before being tackled.

Lakeview broke the Wayne momentum with an interception

at its own 37. The Blue Devil defense held and forced Lakeview to punt. The offense moved over and started to move the ball down-field when a fumble again turned the tables.

A Lakeview player snatched the ball up in mid-air and ran the ball back to the Wayne 18. A few plays later, Quarterback Nickolite flipped a touchdown pass to tight end Tim Mueller making the score 12-0. Nickolite scored the two-point conversion to up the tally to 14-0.

After good defensive efforts, the two teams exchanged punts and Wayne regained possession. The Blue Devils once again opened a drive and once again it was ended by the Vikings.

Rick Johnson and Emry moved the ball down to the Lakeview 28-yard line before facing a fourth down and seven situation at the Viking 32-yard line. The snap was fumbled and Lakeview took over the ball on downs at the 34-yard line.

Led by Johnson's quarterback sack, the Blue Devil defense

held and took over the ball in their own territory with one minute left on the clock. Needing a score to break Lakeview's momentum, the Blue Devils mounted a late second quarter drive. Jeff Zeiss returned a punt from the Wayne 28 to Lakeview's 47 to set the team in good field position. A face mask penalty on the tackle moved the ball to the 38-yard line.

Emry broke through the Lakeview defense and carried the ball to the 18. Another face mask penalty moved the ball half the distance to the goals and suddenly the Blue Devils found themselves in excellent scoring position.

Fighting the clock, Jeff Dion attempted two passes but they fell to the ground unsuccessful and place-kicker Al Nissen entered the game. Nissen booted the ball 27 yards through the uprights to get Wayne on the scoreboard at the buzzer.

The two teams exchanged punts early in the third quarter. In the Lewis and Clark Conference game of the year, Wakefield held on to first place in the Clark Division and Winside remained second as the two teams battled to a 14-14 tie Friday night.

unable to establish drives. Then the Blue Devils started to move the ball down-field with authority.

Rick Johnson carried the ball from the 30-yard line to the 45 on the third play of the series as the offense came alive. On the following play, Dion threaded the needle on a pass to Nissen at the Lakeview 37. Again, a costly fumble turned the ball over to the Vikings.

An impressive Wayne defense held Lakeview during the next two series and the Blue Devils took over deep in their own territory. Wayne was unable to move the ball and Aaron Schuett dropped back to punt. The snap passed over the sophomore's head and bounced into the end zone.

Schuett clutched the ball and punted it over the outstretched arms of Lakeview's defensive attack. The ball carried to the Wayne 44-yard line.

The Blue Devil defensive unit held Lakeview and with 3:30 left in the game, the Vikings moved the 25-yard line with hopes diminishing. Dion passed to Nissep, Ginn and Zeiss to push the ball into Viking territory at the 43. An illegal procedure penalty moved Wayne back to the 48 and the Blue Devils faced a fourth down situation with 2:28 left.

Zeiss kept the game alive with a reception at the 34 and suddenly Wayne was back in the brink of victory. Dion hit Ginn with 20 consecutive passes pushing the ball to the eight yard line. With 1:28 left in the game, Nissen caught a Dion pass to put the Blue Devils back on the scoreboard. Emry ran the ball around the right side for the two-point conversion closing the gap to 14-11.

To the surprise of none, the Blue Devils attempted an onside kick. On a disputed call, the referees awarded the ball to Lakeview and a disheartened Wayne team watched as time ran out and Lakeview clinched the West Husker title.

"It was our best effort over all," Coach Steve Cline said after the game. "We made critical errors and the team with fewer mistakes won the ball game. We beat them on every statistic but the scoreboard."

Brad Emry was the leading rusher with 130 yards in 12 carries. Jeff Dion was 9 for 19 passing for 102 yards. Defensively, Randy Dunklau had a super game with 20 tackles. Dan Mitchell, Aaron Schuett and Brad Emry also played well. Cline said.

Devils Top Statistics But Don't Win

The Wayne Blue Devils may never want to see another Friday the 13th again. The traditionally, unlucky day continued its jinx as the Blue Devils were plagued by turnovers and lost to Columbus-Lakeview 14-11. To frustrate their homecoming intentions.

Wayne received the opening kickoff but soon coughed up the ball at the 27-yard line. A pass interference call at the 15-yard line gave Lakeview its first scoring opportunity.

Randy Nickolite took the ball in from the one-yard line to put the Vikings on top 6-0 with 7:07 remaining. The two-point conversion attempt was stopped behind the line of scrimmage.

Wayne received the ensuing kickoff and returned it to the 34-yard line. From there, the Blue Devils started a drive. Brad Emry rolled around the right side and ran the ball down to the Lakeview 38-yard line before being tackled.

Lakeview broke the Wayne momentum with an interception

at its own 37. The Blue Devil defense held and forced Lakeview to punt. The offense took over and started to move the ball down-field when a fumble again turned the tables.

A Lakeview player snatched the ball up in mid-air and ran the ball back to the Wayne 18. A few plays later, Quarterback Nickolite flipped a touchdown pass to tight end Tim Mueller making the score 12-0. Nickolite scored the two-point conversion to tie the tally to 14-0.

After good defensive efforts, the two teams exchanged punts and Wayne regained possession. The Blue Devils once again opened a drive and once again it ended by the Vikings.

Rick Johnson and Emry moved the ball down to the Lakeview 28-yard line before facing a fourth down and seven situation at the Viking 32-yard line. The snap was fumbled and Lakeview took over the ball on downs at the 34-yard line.

Led by Johnson's quarterback sack, the Blue Devil defense

held and took over the ball in their own territory with one minute left on the clock. Needing a score to break Lakeview's momentum, the Blue Devils mounted a late second quarter drive. Jeff Zeiss returned a punt from the Wayne 28 to Lakeview's 47 to set the team in good field position. A face mask penalty on the tackle moved the ball to the 38-yard line.

Emry broke through the Lakeview defense and carried the ball to the 18. Another face mask penalty moved the ball half the distance to the goals and suddenly the Blue Devils found themselves in excellent scoring position.

Fighting the clock, Jeff Dion attempted two passes but they fell to the ground unsuccessful and place kicker Al Nissen entered the game. Nissen booted the ball 27 yards through the uprights to get Wayne on the scoreboard at the buzzer.

The two teams exchanged punts early in the third quarter.

unable to establish drives. Then the Blue Devils started to move the ball down-field with authority.

Rick Johnson carried the ball from the 30-yard line to the 45 on the third play of the series as the offense came alive. On the following play, Dion threaded the needle on a pass to Nissen at the Lakeview 33. Again, a costly fumble turned the ball over to the Vikings.

An impressive Wayne defense held Lakeview under the next two series and the Blue Devils took over deep in their own territory. Wayne was unable to move the ball and Aaron Schuett dropped back to punt. The snap sailed over the sophomore's head and bounced into it was ended by the Vikings.

Schuett clutched the ball and punted it over the outstretched arms of Lakeview's defensive line. The ball landed to the Wayne 44-yard line.

The Blue Devil defensive unit held Lakeview and with 3:30 left in the game, Wayne took over at the 25-yard line with hopes dimming. Dion passed to Nissen, Ginn and Zeiss to push the ball into Viking territory at the 43. An illegal procedure penalty moved Wayne back to the 48 and the Blue Devils faced a fourth down situation with 2:28 left.

Zeiss kept the game alive with a reception at the 34 and suddenly Wayne was back in the brink of things. Dion hit Ginn with 20 consecutive passes pushing the ball to the eight yard line. With 1:28 left in the game, Nissen caught a Dion pass to put the Blue Devils back on the scoreboard. Emry ran the ball around the right side for the two point conversion closing the gap to 14-11.

To the surprise of none, the Blue Devils attempted an outside kick. On a disputed call, the referees awarded the ball to Lakeview and a disheartened Wayne team watched as time ran out and Lakeview clinched the West Huxler title.

"It was our best effort overall," Coach Steve Cline said after the game. "We made critical errors and the team with fewer mistakes won the ball game. We beat them on every statistic but the scoreboard."

Brad Emry was the leading rusher with 130 yards in 12 carries. Jeff Dion was 9 for 19 passing for 182 yards. Defensively, Randy Dunklau had a super game with 20 tackles. Dan Mitchell, Aaron Schuett and Brad Emry also played well. Cline said.

Wayne hosts Emerson-Hubbard Friday night.

After Friday's Strenuous 14-14 Battle Wakefield Atop Division

A WALL of blockers lead the way for Wakefield in action from the Wakefield Winside game Friday night. The teams played to a 14-14 tie.

Hawkins which pushed the ball to the 13-yard line of Wakefield. Two plays later, Roberts scored from four yards out to make the score 12-4 Winside, with 6 seconds left in the third quarter. The two point conversion to Rick Bowers was good to make the score 14-4.

Runningback Blaine Nelson carried the ball 27 yards to the Winside 45-yard line on Wakefield's first possession of the fourth quarter. Winside's defense held Wakefield for three plays but on fourth down Blaine Nelson took the ball down to the 24-yard line a 14 yard gain.

Four plays later Scott Hallstrom scored on a nine-yard pass from Swigart which was set up by a 32 yard pass to Hallstrom from Swigart. The two-point conversion was successful to split and Scott Hallstrom and the score was now 14-14.

The remainder of the fourth quarter saw both teams drastically attempt to get on the score board to break the deadlock tie. With 22 seconds left in the ball game, Winside had the ball on the Wakefield 35-yard line after a spectacular punt return by Byron Torcson. The game ended here tied, after desperation passes by Wakefield failed.

Wakefield head coach John Torcson felt the big factor in the game was the turnover by Winside with seconds left in the game. A fumble by the Wildcats gave the ball to Wakefield to run out the clock. "Conference-wise we're happy with the tie," said Torcson. "But we weren't going for the tie, we were going for the victory with seconds left." Wakefield can clinch the Clark Division title with a win over Coleridge Friday.

BLUE DEVIL defense quickly fills a gap in the line and tackles the ball carrier for a loss against Lakeview Friday night.

Randy's RECAP

According to Randy Hascall

Immediately behind them with Columbus Lakeview in third.

Harrington Cedar Catholic and Emerson have both blemished Wayne's record with losses. This should be an extremely interesting tourney with one heck of a matchup in foot ball.

TURNING TO FOOTBALL. Lakeview clinched the West Husker title Friday with a 14-11 win over Wayne. The Blue Devils are now tied with Harrington C.C. for second place in the division.

IN THE CLARK Division of the Lewis and Clark Conference, Wakefield and Winside fought to a tie. Wakefield now

holds the lead in the division while Winside holds on to a second place. Coleridge will round out Wakefield's conference schedule. It's not likely that Coleridge will win, however, the unlikely can happen.

Should Wakefield win, its over. On the other hand, if Coleridge should pull them off, a Winside win will probably give them the title.

NOTE FROM BRIAR Cliff points out that Stephanie Dorcy of Wayne plays for the Briar Cliff volleyball team. So far this year, Briar Cliff is 7-0. Stephanie is the daughter of Mr. and Mrs. Joe Dorcy of rural Wayne.

SWIMMERS TAKE NOTICE! An organization meeting for parents and swimmers in the Wayne Swim Club is scheduled at the Wayne State College Swimming pool tomorrow (Tuesday) at 6 p.m.

It is the season for A.A.U. winter swimming so interested persons should attend the meeting. The winter swimming is sponsored by the city recreation board. If unable to attend the meeting, call Randy Pinkelman at 375-3444.

WAYNE HIGHS VOLLEYBALL squad has its work cut out for itself today (Monday). The Blue Devils open up play in the West Husker Division against Harrington C.C. at 7 p.m.

Madison, Emerson-Hubbard and Harrington C.C. are all undefeated. I believe and head into the tournament as top seeds. Wayne and Wisner-Pilger follow

Allen Back On Winning Track

The Allen Eagles moved into third place in the Lewis Division of the Lewis and Clark Confer-

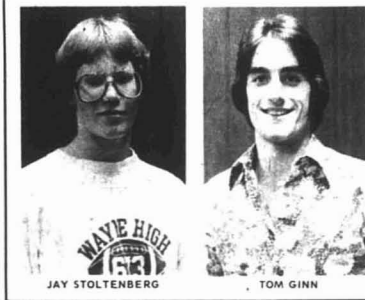

ence Friday night with a 9-0 win over Homer.

Following a scoreless first half, Allen 3-4, moved the ball into Homer territory and junior Greg Carr booted a 34-yard field goal to take the lead.

The Eagles regained possession of the ball and Carr added to the Allen lead with a 17-yard TD run on a fake field goal attempt. Although the conversion attempt failed the Eagles held a lead that was not to be touched by Homer.

Lee Hansen completed seven of 10 passes for 61 yards to lead the aerial attack. Carr rushed 13 times for 98 yards and Richard Stewart added 32 yards on eight carries. The totals brought the final offensive output to 103 yards rushing and 61 yards passing.

A New Generation of Leadership "Doug Bereuter...his background is in agriculture"

The man we need in Washington representing agriculture must be a man with a life-long background in agriculture. Sen. Doug Bereuter is such a man.

The Bereuter family business depends directly on agriculture and half of Sen. Bereuter's family are farmers. As your First District Congressman, Doug Bereuter will fight for agricultural interests, just as he has done as a State Senator from an agricultural community.

Doug Bereuter has fought to protect our water resources. He sponsored the Nebraska Water Conservation Act to conserve surface water and reduce soil erosion and also sponsored amendments to the Nebraska Ground Water Management Act to protect water rights.

Doug Bereuter has voted to help agriculture by conserving resources, by reducing personal property

taxes and by encouraging agricultural research and extension services."

Agriculture has already seen Doug Bereuter in Washington—he's served on various federal task forces on rural development.

Doug Bereuter knows that agriculture does not stop in the fields. He knows the effect of bad bureaucratic decisions in Washington on agriculture and life in the First District.

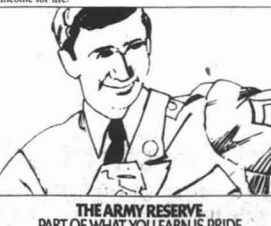

"Strong representation of First District agriculture in Congress must be continued. I want to continue my effectiveness in agricultural representation as your First District Congressman."

Be Right with Bereuter.

Dad Is "The World's Greatest Banjo Player"

Above Dr. Bart Clampa's garage workbench is a bumper sticker his two children gave him that reads "The World's Greatest Banjo Player," but Clampa insists his banjo making and playing are only hobbies.

"On a scale from one to ten, I am probably at level three," Clampa says modestly. He has been playing banjo now for two years and began rebuilding and making them while in graduate school in Boston, Mass.

Clampa, director of graduate studies and special academic programs at Wayne State College, is also somewhat of an authority on banjo history, having studied the subject over the years.

"The banjo is the only popular instrument native to America," he said. "One point of view is that it was brought to this country by African slaves in the form of an animal skin stretched over a gourd. It had a hinged neck and one string."

Clampa's banjos, however, are modern versions of the early instruments. He has made or rebuilt five banjos, using only hand tools in the process, except for an occasional power drill.

"It's easy to ruin a good piece of wood with a power tool," he said. "I do most of my work by hand."

"If I want fancy in-laying done, I usually send it out to be done," he added. "I am strictly an amateur, I really fit just for a hobby."

Clampa, a native of Saugus, Mass., said his banjo hobby is just one of several. He said he enjoys photography, as well as writing professional papers. He recently presented two educational papers in Aachen, Germany, at the Fourth International Conference on Improving University Teaching. He has had over 30 professional publications in his career.

CONTEST RULES
One football game has been placed in each of the 20 ads on this page. Indicate the winner by writing in the name of the winning team on the proper line on the entry blank. No scores. Just pick the winners, or ties. In case of tie, write "tie." Use the entry blank below or a reasonable facsimile.
Pick the score of the "Game of the Week" and enter that score in the appropriate blanks. The correct closest score will be used to break ties, and will be used only in the case of ties.
One entry only to each contestant, but members of a family may each submit an entry. Entries should be brought or mailed to The Wayne Herald office not later than 5 p.m. Thursday, or if mailed, should not be postmarked later than 5 p.m. Thursday. You need not be a subscriber of the Herald to be eligible for prizes.
The Winners will be announced weekly on the Thursday sports page of The Wayne Herald. There will be duplicate prizes awarded if winning scores are identical. Employees of the Herald and their immediate families are ineligible. Judges' decisions will be final in every case.
