"Keep Closer Touch with Constituents"

## Cong. Doug Bereuter Opens Office

Representative government of the people by the people came one step closer to the people of Northern Nebraska. First District Cong. Doug Bereuter officially opened a Northern Nebraska office in Wayne. The office is located in the Columbus Federal Savings and Loan building and will be manned by former Wayne Herald staffer Dan Vodvarka. On hand for the opening,

which was held during a Chamber of Commerce hosted coffee. were Lincoln members of Bereuter's staff. Mayor Wayne Marsh assisted with the ribbon cutting and presented the congressman with a key to the City of Wayne.

Actually, the key was the second to be presented to Bereuter. The larger, official key was presented on the condition that Bereuter return

the first one.

In cutting the ribbon, Bereuter remarked the Northern Nebraska office is an innovation which will allow him to "reach out and visit with the residents of Northern Nebraska." He noted that the northern area of the district has been a bit distant from the district office located in Lincoln.

Bereuter also said he will have a mobile office which will

be scheduled to visit cities and villages in the district. However, plans have not been completed concerning the mobile office but he said a schedule will be released as soon as all of the details have been completed.

The congressman remarked that in his judgment "Wayne is the very best place in which to locate the Northern Nebraska office."

Following the ribbon cutting,

Bereuter hosted a coffee from 11 a.m. to noon Friday where he visited with constituents from within and around the community of Wayne.

Cong. Bereuter maintained a fast paced schedule Friday despite being confronted by the banner headline of last week's "Wayne Stater," "Political Ethics Need to be Examined." He was the guest of honor at a noon luncheon on the Wayne State campus and met with members in a joint meeting of the county commission and the city council.

Bereuter said he feels there will not be a constitutional convention to balance the budget, a program of welfare reform, the revenue sharing bill will extend beyond its 1980 deadline, that an emergency bridge construction program will be enacted and there is a distinct possibility that Congress will enact a legislative veto.

Bereuter was on the Wayne State campus for a noon luncheon with Wayne State President Lyle Seymour as host. Other administrative Wayne State staff members also attended the luncheon.

The congressman told the luncheon guests that he felt his first two months in Washington, D.C. "have gone very well." He said he has purchased a home in Arlington, and that his family is adjusting to their new lifestyle. He pointed out, however, he is keeping his home in Utica and that his family would spend their summer's there.

He said he was impressed with how slowly congress "grinds to a start." However, he said the slow start has given him opportunity to become better acquainted with his new job.

He said he has two major priorities, one being for Congress to direct its attention to how present government agencies are operating and that they (the agencies) are following the guidelines laid down for them and the second to cut committee budgets.

"We ought to set an example if we expect the people of America to live within a seven percent budget increase," Bereuter pointed out. He explained he has consistently voted to cut budgets which have raised as high as 33 percent in increases.

Bereuter said he feels that although 28 states have passed legislation calling for a constitutional convention aimed at an amendment to maintain a balanced budget, will be shorted by Congress itself providing the amendment.

He was challenged on the constitutionality of a legislative veto by former Nebraska governor and Wayne resident Val Peterson. Bereuter said he was not certain whether or not such See OFFICE, Page 10

THIS TRUCK apparently slipped onto the muddy shoulder of Highway 15 north of the Concord spur and was pulled down an incline at about 8:30 a.m. Thursday. The truck wiped out numerous fence posts and tipped to its side.

### Rain, Sleet, Snow

## Winter, Spring Continue Battle for Supremacy

Winter and spring continued to battle for climatic supremacy this week and area people suffered for it.

Precipitation continued all day Thursday in the form of rain and evolved to sleet and snow Thursday evening and early Friday morning. The rain combined with the recent spring flood caused area creeks to flow and farm fields to become

deluged. Farmers who often pray for rain hoped that the day long downpour would terminate before valuable soil eroded and the ground became saturated. A semi-truck slid off the shoulder and overturned on Highway 15, north of the Concord spur.

Then the rain turned to sleet and snow and the roads became

icy, combined with strong winds.

Casualties included a school bus and several cars which slid off of the slippery highways Friday morning and a fertilizer tanker which went off the highway after a tire blowout. The fertilizer had to be pumped out of the tank before a South Sioux City wrecker could tow the truck out of the ditch.

Although, one cattle rancher reported the weather was dangerous to some newly born calves, most calving hasn't begun in the area, giving farmers one less worry.

The weather continued to be cold through most of the week, end with lows dropping into the teens and highs in the lower 40's.

### Lesh Begins

### MD Residency

Kurt Lesh, son of Mr. and Mrs. Richard Lesh, Wayne, is one of 157 senior medical students from the University of Nebraska College of Medicine, Omaha, who have received residency appointments for post-graduate medical education at health care institutions.

With 44 taking residencies at the University of Nebraska affiliated hospitals, Lesh will begin his training at the University of Nebraska affiliated hospitals.

Most of the residency appointments were made through the National Intern and Resident Matching Program, an organization started in 1953 to insure an orderly process of resident matching.

In listing at least three health care institutions by order of preference, approximately 63 per cent of those who participated in the national program were matched with their first choice, while 15 percent were paired with their second choice.

### Area Students

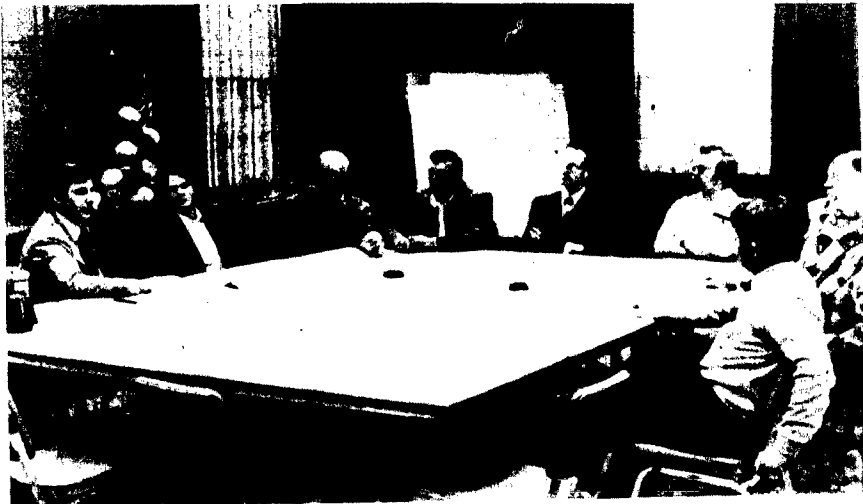

### In WSC Play

Two area students at Wayne State College will appear in the production "Beauty and the Beast" to be presented April 1-6. The two are Mark Shufelt, son of Mr. and Mrs. Allen Shufelt, Wayne and Curtis Carstens, son of Mr. and Mrs. Richard Carstens, Winside.

Both will play parts of townspersons in the children's play which is under the direction of Dr. Helen J. Russell.

Shufelt, a theater major, has previously appeared in "Number Nine" and "The Miser." He is a 1978 Wayne High School graduate.

Carstens is a 1978 graduate of Winside High School.

CONG. DOUG BEREUTER confers with members of the county commission and the city council during a visit Friday. Those attending are (left to right) Sam Hepburn, Kenneth Eddie, Jerry Popsahl, Clifford Ginn, Larry Johnson, Leo Hansen, Mayor Wayne Marsh and Darrell Fuelberth. Orgetta Norris, county clerk, represented County Commissioner Merlin Reiermann.

### Project to Exceed \$100,000

## Ben Franklin Store to be Renovated

The Main street of Wayne will take on a new look according to an announcement by Roger Nelson of the Downtown Improvement committee.

Nelson said the Nuss family is planning renovation of their Ben Franklin store. The improvements are expected to amount to more than \$100,000.

Renovations include a new brick front with a shake shingle canopy, new lighting and a new, lowered ceiling, new heating and air conditioning, a new roof, new counters and fixtures and a new floor.

The store was moved to the site now occupied by Kaup's Television store and then moved to its present site in 1918.

Carl Nuss, who is 72 but still active in the business, was manager of a family owned variety store in Pender before

taking over the Wayne store in 1928.

Carl and his sister, Helen Nuss, purchased a variety store in Harlington in 1933, which was managed by Helen from 1939 to 1975.

The Harlington store is now being operated by Carl Nuss daughter, Mrs. Don (Joan) Carl and her husband.

### Public Hearing On Rezoning

A public hearing to rezone a part of Seventh street will be held Tuesday night during the regular meeting of the Wayne city council.

The meeting will be held in the Frederic Brink Council chambers, beginning at 7:30 p.m.

The public hearing is set for 8:15 p.m. Other items on the agenda include two requests for building permits, an amendment request by Wayne Industries and two ordinances concerning rezoning and Storm Sewer district No. 77-1.

### Grain Storage Workshop Set

A Grain Storage Management Meeting will be held at the USDA Service Center in Wayne on Friday, March 30 starting at 1 p.m.

Dave Shelton, extension engineer, will be discussing how to use an aeration system in grain storage. John Wilkowski will talk about insect control in stored grain.

"Keeping grain in good condition while in storage is an increasing problem," says Don Spitzer, Wayne County extension agent, "and the problem has been a combination of insects and poor use of aeration systems, so this meeting should be helpful to many farmers in this area."

The meeting is sponsored by the Wayne County ASCS and the Wayne County Extension Service.

SELECTED AS delegate to Boys' State is Jeff Zeiss (left). Doug Marr was picked as alternate. Both are juniors at Wayne high school.

## Jeff Zeiss Selected Boys' State Delegate

Jeff J. Zeiss, Wayne high school junior, has been selected as a delegate to the 39th annual Cornhusker Boys' State to be held the week of June 3-9. Zeiss, son of Dr. and Mrs. Don

Zeiss, will represent Irwin L. Sears American Legion Post 43, Wayne, at Boys' State. Douglas Marr, son of Mr. and Mrs. Arnold Marr, Wayne, has See ZEISS, Page 10

### Area Seminar On Marketing

The Nebraska Cooperative Extension Service and the Chicago Mercantile Exchange are conducting a free livestock hedging seminar at Norfolk on April 3 from 9 a.m. to 3:30 p.m. at the Elks Lodge No. 653.

The same seminar will be given on April 2 at the Marina. See SEMINAR, Page 10

### Okay Change In Service

Telephone customers of the Winside exchange have approved a Northwestern Bell proposal to upgrade rural telephone service in the area.

Ken Berglund, telephone manager, said all Winside residents will have one or two-party telephone service when the project is completed about a year from now.

Berglund said 83 percent of the telephone customers voted in favor of the improvement plan.

### Error in Terminology

Forms received by some 5,000 property owners in Wayne county last week were property valuation forms rather than property tax forms.

The mistake in terminology was pointed out by Doris Stipp, county assessor, who explained taxes are not figured until the levies for the various government agencies have been established.

### 'Um, Um, Good'

THERE'S NO mistaking the "pancake power" of the Wayne Kiwanis club as three-year-old Teresa Wilkowski, daughter of Mr. and Mrs. John Wilkowski, Wayne, digs in with delight to a pancake and some sausage during the Wayne Kiwanis club's annual Pancake Feed which was held Thursday in the city auditorium. Long lines formed at the popular event . . . as usual.

### June Wedding For Sally Finn, Randall Gathje

Making plans for a June 16 wedding at St. Mary's Catholic Church in Wayne are Sally Ann Finn and Randall John Gathje. The engagement has been announced by the bride-elect's parents, Mr. and Mrs. Patrick Finn of Carroll. Gathje is the son of Mr. and Mrs. John Gathje of Wayne.

### Mayor Among Guests For Monthly Luncheon

Wayne Marsh, Mayor of Wayne, Mr. and Mrs. Norris Weible and May Ridsen of Grand Island were guests for the monthly potluck luncheon at the Wayne Senior Citizens Center Wednesday.

Mrs. Ridsen is a sister-in-law of Viola Lawrence of Wayne. Following the meal, Norris Weible presented a slide show and talk on a 10 day canoe trip.

# Three Seniors, Junior And Soph Head Skillful All-Area Girls Team

Three seniors, including a repeat selection, join a sophomore and junior on the 1979 Wayne Herald All Area Girls' Basketball Team. The team, which possesses good ball handling and the ability to drive the ball to the basket, totals over 54 points offensively, adding scoring averages of the players.

### SUSIE ERWIN

Susie Erwin, daughter of Mr. and Mrs. Gary Erwin, is a senior for the Allen Eagles, is the only repeat selection on this year's All-Area Team. The 5'7 guard averaged 7 points a game this season, a statistic Allen coach Steve McManigal termed "terribly misleading as to her contribution." Susie was the team leader and got the offense rolling, picking up an average of 4.1 assists per game, best in the Lewis and Clark Conference.

"Susie led us in our type of running, pressing game," McManigal said. "She is a good ball handler, who made very few turnovers and violations. She was key to our winning season."

The most memorable experience during Susie's career was being able to play in the state tournament her junior year. She said that the past season was fun and added that everyone worked hard, with some disappointments in the season.

During her sophomore year, Susie was selected to the All-Conference second team. She became a first teamer the following year as well as an All-State honorable mention selection. This year she was selected captain of the All-Conference team and All-State honorable mention.

In the future, Susie plans to attend college and hopes to play college basketball.

### PEG PINKELMAN

Peg Pinkelman, daughter of Mr. and Mrs. Cliff Pinkelman of Wayne, averaged 15.5 points per game as a 5'7 guard to lead the Blue Devils in scoring. Peg set up the offense on the fast break and her teammates usually looked for her under the basket. Lisa Barclay and Julia Dorcay often fed her the ball inside.

"Peggy is a tremendous competitor. She

has natural ability but works hard," coach Curt Frye said. "She wants to play college ball and she has the tools to do it, plus a good head for basketball."

During the past two years, Peg was selected All-Tourney player in the WSC and West Husker Tournaments. She was also named honorable mention in Class B by the Omaha World Herald, both years.

Looking back on the season, Peg said she's sorry that it's over but stated that Wayne had a great bunch of players and coaches and a great year.

Peg plans to attend college and hopefully play basketball and possibly volleyball. Her goals are to start on a college team, be well liked and able to help her team out.

### KATHY THOMAS

Kathy Thomas, daughter of Mr. and Mrs. Robert Thomas and a 5'8 forward for Winside, averaged 10.5 points and 10.5 rebounds per game this season.

She was co-captain of Winside's team this year and was selected most valuable player by her teammates. Kathy earned All-State honorable mention selection, All-Conference the past two years, honorable mention of the Norfolk Daily News Top 12, second team All-Conference her sophomore year, as well as most improved Winside player that year.

"Kathy is a great team player offensively and defensively. She was the big team leader for us this year," Winside coach Kathy O'Connor said. "She is very, very coachable and for that reason should adapt well at Westmar College."

The most memorable experience for Kathy this season was a one-point loss to Allen. She has signed a letter of intent with Westmar College of Lemars, Ia. This puts her in the ranks of Jill Stenwall as the only two girls from Winside to receive athletic scholarships. She intends to play volleyball, basketball and softball in college.

Kathy hopes to one day become a volleyball coach and elementary physical education and special education teacher.

### JOLENE BARTELS

Jolene Bartels, a 5'10 junior for the Wakefield Trojans, and daughter of Mr. and

Mrs. Willard Bartels joins Kay Anderson as the only two underclassmen on this year's Wayne Herald All-Area Team. Jolene averaged 10.3 points per game while hitting 43 percent from the field and 56 percent from the free throw line. She also netted 10.6 rebounds a game.

The second team All-Conference selection scored 37 points in one game this year to set a new Wakefield one-game scoring record. Her most memorable experience was defeating Emerson-Hubbard.

"Jolene did a good job for us under the boards. She's a junior and should be a good prospect next year," said coach Ellie Studer. "Jolene is a very good team ball player and should improve for next year."

Jolene's goal is to go to state next season and after graduation she plans to attend college and tryout for basketball.

### KAY ANDERSON

Kay Anderson, a 5'7 forward for Laurel is the only sophomore to land a position on the All-Area team this year. She is the daughter of Mr. and Mrs. Harlin Anderson and sister of Boys' All-Area selection Steve Anderson.

Kay averaged 10.4 points per game, the second highest scoring average in the four year history of Laurel basketball, behind only Cheryl Abts. She also averaged 7.7 rebounds each game. She started the season slowly but improved considerably as the season progressed.

"Kay's skill level is very good. She could develop into a real good shooter," coach Ev Jensen said. "She has the potential to become a very good ball player."

The sophomore's preseason goals were to start on the varsity team, be selected to The Wayne Herald All-Area team and improve her shooting percentage and rebounding. Her most memorable season experiences were playing against Bloomfield's two six footers and hitting 10 of 11 free throws in a game.

Kay, a Norfolk Daily News Top 12 honorable mention selection, said she was surprised to make the varsity team as a sophomore and is looking forward to the next two years. Her goals are to go to state and to earn area and state honors.

## C League Playoffs Are Extended An Extra Week

It was a week of upsets in the C League as three underdogs won their games in the opening round of recreation basketball playoffs. Team Six upended league champion Team Two 56-47, Team Five dropped second seeded Team One 73-61 and Team Three slipped by Team Four 56-55 in a protested game. Team Four protested the one-point loss after a B League

substitute played for Team Three and scored 10 points. Due to a substitution misunderstanding and disagreement, recreation coordinator Hank Overin decided that the only way to solve the problem is in the following manner: Teams Three and Four will go into the winners brackets while the two losers, Teams One and Two, will play. The loser of that game will

then play a play-back game. Overin said this might add one week to the playoffs but added that the results should be the same.

The dispute also led to a rule change for next year. According to Overin, A and B League players will not be allowed to substitute in the C League. Three or four C League substitutes will be designated and

approved as subs next year. If these substitutes are unavailable, and one team is short of players, then by mutual agreement of both teams, a member of another team can play or the team that is short of players must forfeit.

This new substitution rule will be used for the remainder of the playoff games this season, to avoid any disagreements.

Stew Cline and Lee Remer paced Team Three with 17 and 15 points respectively and Marlon Arneson added 10 points for the win. Team Four, which led through much of the game, was led by Don Zeiss with 18 points and Mike Carney with 16. Team Three will meet Team Five at 7 p.m. Wednesday while Team Four will play Team Six at 8 p.m.

Team Six outscored Team Two 16-5 in the second quarter to post a 56-47 win. Team Two took a one-point lead after three quarters but Team Six scored 12 free throws in the fourth period to make the comeback. Dean Craun hit five charity shots and Larry Meier added four in the stretch.

Scoring leaders were Ken Liska with 17 and Darrell Deescher with 13 for the winners. Team Two was led by John Dorcay with 14 and Bill Corbit and Luff with 13 points each. Team Two will meet Team One at 9:15.

An advantage of 19-8 in the third quarter, lifted Team Five to a 73-61 victory over Team One. A balanced attack in the vital third period pushed the winners to a lead after a close first half. Ric Wilson scored 19 points including 11 free throws to pace Team Five while Don Koerber scored 14, Dick Metteer followed with 13 and Dick Ditman and Bill Woehler added 12 each.

Sid Hillier and Don Sherman led Team One with 18 and 17 points respectively and Randy

Shaw scored 11 points. Weekly schedule: 5:3-7 p.m. 6-8 p.m. 7-9:15 p.m.

## NE H.S. Baseball Conference Formed

Wayne, Wakefield, Laurel, Bancroft, Ponca and Decatur high school baseball teams will be competing in conference play this year. That is the decision made by high school representatives at a meeting in Wayne Thursday evening.

The newly formed conference has been named the Northeast Nebraska High School Baseball Conference and includes the six teams listed above. The teams' schedules presently include intraconference play and a championship will be awarded at the end of the season. The plan goes into effect immediately.

An all conference team will be selected and a trophy will be presented to the top team in the conference. The plan was initiated by Wayne High principal Don Zeiss and baseball coach Mike Mallette to increase interest in Northeast Nebraska baseball and provide an added stimulus to the players.

Only one variety of mushroom is grown commercially in the U.S. It can range from dark brown to pure white. Differences are negligible, but the darker ones are firmer, better for skewering, less easily bruised and—some believe—more flavorful.

### REDUCED TILLAGE

Today's trends toward environmental cleanup, pollution controls, and resource conservation, bring much attention to the cost of such projects. Millions of dollars are spent annually by industries and passed onto consumers, while just beginning to reverse the damage that has been done over the years. In Nebraska, soil erosion and sediments are the major source of pollution. Landowners and government agencies spend thousands of dollars annually to control soil erosion by construction of conservation practices such as terrace systems. While these practices are effective, the costs continue to escalate with the inflation rate. There is one practice which continued to be a bargain.

Reduced tillage, also called minimum tillage or conservation tillage, actually increases your savings as fuel costs rise. Several tillage methods fall under this description including: slot planting, no till, or several others with the exception of mold board plowing. The one essential ingredient is to leave the residue from last year's crop on the soil surface after planting this year. The more residue that remains, the more effective it becomes. The residue keeps raindrops from striking and dissolving soil particles. It also blocks the overland flow of water which picks up soil particles as it moves.

It has been said by soil conservationists that reduced tillage when done on the contour can reduce soil loss by up to 50 percent. Under certain conditions this may be the only conservation practice necessary to reduce soil loss down to acceptable levels, as defined by the Soil Conservation Service.

By keeping the soil in place, you also keep agricultural chemicals from getting into lakes and streams. The bulk of the agricultural chemicals attach themselves to the soil particles, and do not get into streams unless the soil sediments do.

Fuel savings to individual landowners is determined by the type of tillage selected. The fewer trips over the field, in tillage operations, the greater the savings will be.

Savings may also come in the form of higher yields. Conventional tillage methods tend to expose bare soil several times, which increases chances for moisture to evaporate from the surface. In a dry year, this could bring the crop under stress sooner and thus reduce yields. On irrigated land, less evaporation means lower pumping costs.

In these times of environmental awareness with the economic squeeze, reduced tillage is a promising method to help achieve adequate land treatment in Nebraska.

### Wildlife Habitat Program

Landowners have begun to take advantage of a new option offered under the Wildlife Habitat Program. On new applications, landowners may now receive 100 percent reimbursement for the cost of seed and trees which are planted on an approved habitat area. The reimbursable cost of trees is \$17.25 per hundred, which is the 1979 price of Clarke-McNary Trees. A wide range of grasses and legumes can be planted including, but not limited to: sweet clover, red clover, alfalfa, native prairie grasses and warm or cool season grasses. Reimbursement is made for the actual cost of the seed.

**CLARKE-MCNARY TREES**

Landowners who have ordered Clarke-McNary seedling trees or shrubs should be planning ground preparation before planting. While the seedlings are low cost, much time and effort can be wasted planting them if adequate preparation is not done. The best preparation for moderate to heavy soils is fall plowing and then disking shortly before the seedlings are planted. If fall plowing was not done, the ground should be worked in the spring to improve the seed bed and cut down weed competition.

## CONSERVATION AWARD WINNERS ANNOUNCED

Lower Elkhorn Natural Resources District congratulates the 1978 Conservation Picture Award Winners. Eight families in the district were selected for this award because of their outstanding job of soil conservation on their own land. These people have set a fine example for others to follow. The award is a large color photograph of the winners farm with a frame and plaque denoting the honor. The pictures have been awarded at monthly NRD Board of Directors Meetings.

Lower Elkhorn NRD would also like to thank the local businesses that sponsored these awards. Their interest in soil conservation and their rural communities make these awards possible. The award winners with their sponsors in parenthesis are:

- Mr. and Mrs. Lester F. Jensen, Hooper, NE (First National Bank, Hooper, NE).
- Mr. and Mrs. Claire Hirschman, Laurel, NE (Security National Bank, Laurel, NE).

'Gee! I Didn't Know There Was A Town Named After Me'

Photos By LaVon Beckman

STUDENTS IN MRS. Sharon Olson's class at the Carroll Elementary School were surprised recently to find that somewhere in the United States there is a city, or a town, or maybe even a tiny hamlet named the same as them. Once the students located the towns with the same names as their own in a zip code directory provided by the local postmaster, they were curious to know what the people are like there, what they grow for crops, or how cold it gets in the wintertime. Mrs. Olson asked her 22 second, third and fourth graders to write to each of their namesakes as a class project. In addition to receiving some interesting replies, they were able to add the postmarks to the class stamp collection. In the bottom right photo, nine-year old Cory Nelson displays the letter he received from Cory, Colo. Cory, who is the son of Mr. and Mrs. LeRoy Nelson, learned that the town's 225 inhabitants grow fruit, raise cattle, and supply farm produce. Brian Nelsen, bottom left photo, shows the picture postcards he received from his namesake, Nelson, Geo. Brian is the son of Mr. and Mrs. Stanley Nelsen. Workshop Slated April 1

A six hour serendipity workshop will be held at the Campus Ministry Center at Wayne State College on Sunday, April 1, beginning at 4 p.m. This Serendipity design was created by Lyman Coleman, who is the founder and director of Serendipity House. Coleman is the author of the serendipity programs and is a pioneer in personal communication skills. The serendipity workshop, which is an introduction to the "Serendipity Thing," is a fast moving, total involvement experience. There will be small group communication games, self-discovery Bible exercises, values clarification strategies, and depth sharing experiences. According to workshop coordinators, participants will be able to take their experiences back to their families and churches. Leadership for the serendipity workshop will be provided by Galen Hahn. Hahn is the pastor of the Peace United Church of Christ, near Hoskins. Pastor Hahn has been trained by Lyman Coleman to lead the workshops. The workshop is sponsored by Campus Ministry. The cost is \$8 which includes a meal. To register or for more information contact John Jorde, 375-1234, or Galen Hahn, 565-4564.

# Dakota City Hosts District III

Marguerite Hofeldt, Mrs. Albert Soules, Lottie Longnecker and Evaline Tompson represented the Wayne unit of the American Legion Auxiliary at the District III convention March 18 in Dakota City.

The Wayne unit received a rose gavel from District III for having the most paid members.

The local unit also received first place for their prayer book and junior poppy corsage, and second place for their publicity book, poppy centerpiece and senior poppy corsage.

Eighty-four women from 17 of the 31 units in District III registered for the convention.

The morning program included a school of instruction by department heads, and a memorial service for legionnaires and auxiliary members, conducted by the Pender unit.

The afternoon meeting was called to order by District III president Mrs. Gary Herbolshelmer of Wakefield.

Department officers who attended the meeting of the auxiliary were Mrs. Lawrence Beckman of Battle Creek, president; Mrs. Merle von Minden of Allen, historian; Mrs. Richard Paul of Omaha, emergency fund chairman; Mrs. Don Cosler of Sargent, communications; Mrs. William Cox of Pierce, constitution; Mrs. Ardelle Mueller of Thurston, education; Mrs. Owen Andrews of DuBois, poppy chairman; and Evaline Thompson of Wayne, county government three-year chairman.

Mrs. Norris Bredenhof of Battle Creek, District II president, also was a guest.

Gold star members who were honored during the program included Evaline Thompson.

Mrs. Thompson was chairman of the nominating committee. Newly elected officers for District III are Mrs. Judy Shley of South Sioux City, president; and Mrs. Laura Tippery of Decatur, vice president.

Past district presidents who attended the meeting were Mrs. Marie Bellows and Mrs. Eugene Swanson, both of Wakefield; Mrs. Marie Bernmann of Dakota City; Mrs. Merle von Minden of Allen; Mrs. Evaline Thompson of Wayne; and Mrs. Ardelle Mueller of Thurston.

Guest speaker during the evening banquet was department commander Darrell Mery of Thurston.

Emerson extended an invitation to host the District III meeting next spring.

# IF DIABETES IS SO EASY TO LIVE WITH, WHY IS IT THE THIRD LARGEST KILLER?

Last year diabetes killed an estimated 300,000 people. Yet millions of people don't realize just how serious a disease it is.

They think curing diabetes is as simple as taking a shot of insulin. Well, it isn't.

Insulin can keep a diabetic alive. But it can't always prevent the complications caused by the disease.

For instance, a gradual deterioration of blood vessels that eventually leads to blindness. Or heart disease. Or kidney failure.

Still, there is hope. We're constantly looking for better ways of treating diabetes. And a real cure may not be far off. But we need your help.

Please give to the Juvenile Diabetes Foundation, Dept. A, Box 9999, New York, N.Y. 10001. Without you, diabetes may someday go from number three to number one.

**INSULIN IS NOT A CURE. HELP US FIND ONE.**

Juvenile diabetes is insulin-dependent diabetes, the most severe form of the disease.
