## Tower trek

**TOM PEEBLES** of Unadilla and **Curt Whiteley** of Lincoln trekked to the top of the 1,042-foot KXNE-TV transmitter tower Friday afternoon. The two men crew spent several hours working on de-icers and a transformer at the top of the tower. Two-way Radio contact with **Tom Guilliam**, the station's chief engineer, on the ground facilitated the repair work. Peebles is a Randolph native the crew works for Allus Enterprises of Lincoln. The tower is 13 miles west of Wayne.

## County Board sets salaries for next term

Wayne County's three commissioners will get the largest pay raises of all elected county officials in 1983.

In fact, the salary hike is more than seven times the pay raise scheduled for at least two of the county's elected officials in 1983.

And, four other elected county officials will receive salary hikes that are more than six times the pay increases scheduled for the Clerk of District Court and the County Attorney in 1983.

**DURING A RECENT** Wayne County Board meeting, commissioners Gerald Pospishil, Merlin Beiermann and Kenneth Eddle unanimously approved base pay raises for all elected county officials effective Jan. 1, 1983.

Under law, the commissioners must set the base salaries for elected offices 60 days before the filing deadline (March 12) for the primary election. In addition, the office filing fee is based on 1 percent of the total annual salary for each office.

However, the election-year pay hikes set by the commissioners show a \$170 salary-increase gap between the lowest-paid and highest-paid elected official.

And, the size of the raise set for commissioners is \$190 over the total raise given to the lowest-paid elected officials.

**THE COUNTY CLERK** will be getting a base annual salary of \$15,500 in starting in 1983 under the board-approved raises.

That's \$200 above the current 1982-base of \$15,300.

Other elected officials getting that same \$200 hike from a \$15,300 current salary to a \$15,500 in 1983 include the County Treasurer, the County Assessor and the County Sheriff.

Commissioner's salaries for 1983 will be based at \$7,500, up \$220 from the current annual base of \$7,280.

The Clerk of District Court and the County Attorney will each get \$30 annual raises from the current base of \$14,470 to a 1983 base of \$14,500.

**IN ADDITION** to the salary hikes, all full-time county employees, which includes the elected officials, receive health and hospitalization insurance.

According to commissioner Beiermann, that program alone provides most of the employees with another \$1,800 in benefits.

Commissioners set the salary base for the full four-year term starting in 1983. That means the base set during the Dec. 15 meeting will remain through 1986.

Built into the salary formula, however, is a cost-of-living escalator for annual adjustments to the base. The escalator clause has a 7 percent ceiling and is tied to the federal Cost of Living Council recommendations.

**THE SALARY** adjustment clause also allows for as much as a 7 percent pay reduction in any given year, should the board decide cutbacks were necessary.

However, the 1983 base pay is the floor for the reduction. That means salaries of elected officials cannot fall below the 1983 base.

Beiermann acknowledged that none of the approved 1983 pay increases for county officials are large, and cited the "economic situation" as the main reason.

"Also, it's tough to sit here and dictate what your going to pay someone two, three and four years from now," he said.

He said that the law tying the filing fee to the base salary for the start of the elected-official's term made it even more difficult to set pay scales.

### A fin could get you in...

For a \$5 bill, and the proper credentials, you can file for the office of Wayne County Surveyor.

The position, which pays \$500 a year beginning in 1983, will be on the Wayne County primary ballot this spring for the first time.

Wayne County, like many other counties across the state, has contracted for the services in past years.

But legislation from the Unicameral that is now law has placed the office in the election arena.

Credentials for a surveyor include registration with the state.

And, since the filing fee is 1 percent of the base 1983 salary, a fin could get you in.

official's term made it even more difficult to set pay scales.

**BEIERMANN ALSO** explained that the disparity between the total pay raise approved for the County Clerk, Treasurer, Assessor and Sheriff and the hike given the Clerk of District Court and County Attorney essentially was based on tradition.

"They've always been about \$1,000 apart," he explained. "A year ago, the District Court Clerk and the County Attorney got 12 percent raises and all the other elected officials got 10 percent raises."

Beiermann said the commissioners did that "because the bigger salary tends to pull away from the lower scale on a percentage hike."

He also mentioned that the "hours are different" and "they add up over the course of a few years."

**THE SALARY** BASE set by the commissioners will be paid to the winners of this year's general election for county offices.

Offices up for election this year include the County Clerk, Assessor, Treasurer, Sheriff, Clerk of District Court and County Attorney.

In addition, two seats on the County Board of Commissioners — District 1 and 2 — are up for election this year.

Beiermann represents District 1. Pospishil represents District 2. Eddle's seat, District 3, is not up for election.

Neither Beiermann, nor Pospishil have filed for the primary election ballot.

County Clerk Orgetta Morris and County Assessor Doris Stipp have filed for the May 11 primary election.

**TO DATE**, incumbents Morris and Stipp are the only candidates who have filed county offices.

Other incumbents include Treasurer Leon Meyer, Sheriff Scotty Thompson, District Court Clerk Jo Ann Ostzander and County Attorney Budd Bornhoff.

Of those, only Sheriff Thompson has publicly declined to seek office.

Incumbents Meyer and Ostzander are expected to file for re-election. Speculation continues over Bornhoff's plans.

## Business and industry draw college students

Nebraska's four state colleges are becoming increasingly popular as a training ground for Nebraska students seeking careers in business and industry.

The percentage of students who are majoring or minoring in business studies has increased from 10 or 15 percent in 1970 to over 30 percent in some cases for 1981, according to Keith Kemper, chairman of the State College Board of Trustees.

**BUSINESS** studies is now the largest single segment of the enrollment of 11,964 students at Chadron State, Kearney State, Peru State, and Wayne State," Kemper said. "And the demand is increasing every year with no end in sight."

Kemper said it is especially important to Nebraska because a high percentage of the State College students stay in the state, and even in the area of the state where they were raised.

"We estimate that more than 90 percent of the graduates of the four colleges stay in Nebraska, finding their careers in employment here," the chairman said.

"And about two-thirds of the graduates find employment in that area of the state where their homes are or they attend college. This is a strong indication that the funds invested in these young people stay here to work for the Nebraska economy for years to come."

**THE TREND** toward business careers is a major shift for the state colleges over the past decade, Kemper said. He said that up until the late 1960's the colleges were principally regarded as teacher training institutions and the enrollment reflected that image.

But as liberal arts colleges, the institutions have successfully shifted their emphasis to meet the current needs of students and Nebraska," he said.

Pvt. James L. Sanders, son of Dorothy M. Sanders of Laurel has completed One Station Unit Training (OSUT) at the U.S. Army Infantry School, Fort Benning, Ga.

OSUT is a 12 week period which combines basic combat training and advanced individual training.

The training included weapon qualifications, squad tactics,

patrolling, hand-to-hand combat, communications and combat operations. Completion of OSUT qualifies the soldier as a light weapons infantryman and an individual fire team leader.

Soldiers were taught to perform any of the duties in a rifle or in a squad.

Sanders is a 1979 graduate of Laurel Concord High School.

## business notes

Gerry Cunningham of Laurel, regional manager for Century Manufacturing Co., received the "Top Regional Manager's Trophy" in recognition of the highest sales volume out of six sales regions in the United States for the fiscal year 1981.

National sales manager Davey Cousins presented the award at Century's regional meeting held last month in Omaha.

Cunningham represents Century Manufacturing, which builds farm welders and battery chargers, in the Northeast territories and the upper Midwest.

He and his wife, Ardis, are the parents of five children, including two at home, Jana and Joedy.

## police report

Wayne Police have investigated two motor vehicle accidents since Wednesday.

On Friday, a car driven by Deborah Luff of Wakefield struck an auto driven by Brian S. Tuller of Wayne, according to police.

The Tuller auto, a 1980 Buick, was momentarily parked in the Wayne High School parking lot at 7:10 p.m. when the Luff car slid into it.

According to police, the Luff car was making a right hand turn in the parking lot when the collision occurred.

ON THURSDAY, police investigated a car-pickup accident in the 500 Block of Fourth Street west.

According to police, a 1976 Chevy pickup, driven by Earl E. Echenkamp of Wayne, struck a parked car owned by Cal Sjuts of Humphrey.

The Humphrey car, a 1976 Ford, was illegally parked on the south side of Fourth Street when the Echenkamp pickup backed out of a private driveway about 9:05 p.m., according to accident reports.

Q. I am really confused, and my confusion is over terms. Are money market funds and money market certificates the same thing? And, if not, what is the difference?

A. It can become confusing, because the names are a lot alike. But, although they sound alike, there is a big difference. Simply stated, Money Market Certificates are guaranteed, insured instruments which are a service of your association. Money Market Funds are mutual funds which fluctuate, are not a service of a savings and loan association, and are uninsured. The Money Market Certificates, available through your association, bear a guaranteed yield. To insure availability of funds, Certificates are backed by a reserve set aside as required by law. There is no fee charged for Money Market Certificates, and the money you invest is reinvested here at home and in the surrounding area. With a Money Market Certificate, then, you know where your money is going, how much your investment will yield, and the investment is safe.

# country boy. . .

Howdy. I'm still waiting for winter to come to northeast Nebraska. Here it is January already and we haven't really had a cold day yet.

Before you know it, Groundhog's Day will be here. By that time, it'll be all over. It just doesn't seem fair. Winter's just aren't what they used to be.

OF COURSE, you can't tell northeast Nebraskans things like that. Nebraskans think they've got the worst winters in the world. Nebraskans seem to be the only midwesterners who feel the need to wear mukluks and mittens from Labor Day to Memorial Day.

When the mercury drops below 58 degrees, I've heard most Nebraskans start turning blue. It's a Pavlovian response to the state's preponderance of panicked weathermen. They ballyhoo their own brainstorms into the homes, offices and cars of already shivering Nebraskans with such hyperbole that there's little meaning left to some simple weather words.

HAVE YOU NOTICED that nothing is ever just plain "cold" anymore. No sir, not when Nebraska (and neighbors) weathermen can describe a perfectly fine winter day as "bitter cold," or "dangerously cold," or "extremely cold."

RARELY HAVE I ever had to listen to so much garbage about how cold it is. And, strangely enough, much of the chatter is from those who rarely, if ever, go outside.

The media weather wonders whip up the forecast with such shivering superlatives that a balmy January thaw sounds like the second coming of the Ice Age.

THE RADIO blasts the "bitter cold" forecast at you six times before the furnace kicks on in the morning. I've watched Nebraskans in 78 degree rooms cuddle a steaming coffee cup with both hands to soak up the warmth frightened from them by a wacky weatherman.

AND, WITH THE office radio tuned in to the local fear forecasters, the trepidation mounts all morning. With that kind of media conditioning, most office workers are convinced that if it's colder at noon that it was when they left the house in the morning.

Some Nebraskans I work with call home three or four times a day to check the road conditions after hearing a weather report of snow in the Rockies. Almost every customer gets coaxed into the "I'll bet I'm colder than you are" conversation. And, those brave enough to arrive with rosy cheeks and a warm smile on their face often leave depressed about the weather they were enjoying.

WHEN IT COMES to converting non believers into those cold thoughts, Nebraskans are almost evangelistic. By nightfall, everyone around them is cold and some are bitter about it. But, you know what happens. It's back home to the boob tube blizzard makers who bombard the entire household with temperature readings that drop out of sight, winds that offer outrageous chill factors and snow falls that never come.

The weather junkies listen to the frostbite forecasters with visions of polar caps dancing in their heads. And, sure enough, it's going to be "super cold" tomorrow even if it is supposed to be warmer than today.

THE OVERSTATEMENTS turn every snow squall into a blizzard of the century and every below-zero day into an Ice Age. And, as a result of it all, it seems that fewer and fewer Nebraskans are willing to stop and smell the snowflakes. That's too bad. Because winter is warm and wonderful wherever you are. It's a great time for a picnic or a family outing.

But, that kind of thing demands that you experience the winter yourself and not through the thermometers and wind gauges of some wide-eyed weather gawp. We seem to live in a day and age when blizzards and cold fronts compete for Nielsen ratings. The weather does not belong to the weatherman. It belongs to you and me.

BEFORE I GET carried away on something else, it's time for a word about your hometown newspaper. I know nothing irritates me more than to have it arrive late, except perhaps when it doesn't arrive at all. When it doesn't arrive at all, and you know your subscription is paid, give us a holler. There's a hotline number — both business hours and after hours — listed in the newspaper. That's what it's for — for solving any problems you may be experiencing with the delivery of your newspaper.

WE'VE GOT a dedicated bunch of carriers who work hard to get you your newspaper. The ones who don't work hard are rarely with us for any length of time because we're interested in providing you with top notch delivery service. In fact, I'm going to be so bold as to tell you that the carrier is rarely the reason your newspaper is late. Certainly, it isn't always late. But, when it is, chances are it's because of a problem at the Newspaper Building. That problem might be me. Sometimes I go to sleep at the typewriter.

Sometimes it's a problem within our control. Often it's a problem beyond our control.

FOR INSTANCE, one of the rules I try to enforce is that no one who works for me ever gets sick. And, though my staff knows I'm dead set against sick people, they go ahead and get ill anyway. Maybe that happens to you, too, and goofs up your day. Well, all I know is that if sure can goof up our operation if it happens to one of my staffers on the day we publish. I've got a sports editor who worked three days last week with a bucket right beside his desk because I refused to let him take any time off. Finally, he had to go home for some rest. Things like that take an important cog out of our production gears here. The result sometimes is that we are late.

ALSO, PLEASE don't forget that we work with dozens of different pieces of equipment. That equipment is complex and in some cases computerized. If it breaks down, or the chemicals we get from the factory aren't just right, it's more headaches and late papers. Another thing is that we haven't been able to develop a reliable system to predict when these misfortunes will occur. So, sometimes we're humming right along with everything right up to deadline and then all hell breaks loose. Why, just two weeks ago, the society editor went berserk right on deadline after discovering that she forgot to put her own engagement announcement in the paper.

BELIEVE ME, it took some doing to get her calmed down and to get the announcement in, but we held things up a bit for it, just like we do for you sometimes when you have important last minute news you want published. And, rest assured that we are working on the problems we can control in an effort to get you the newspaper on time. So, to make a long story just a bit longer, please be nice to your carriers. They all work hard to bring you your hometown newspaper as fast as we can get it to them. We're proud of them. Catch you next week.

## letters

To the editor: In the Jan 7 "Viewpoint" column, Randy Howell condemned as "political rhetoric" the questioning of the proposed 1 percent increase in electrical rates by a council member. I assume from reading the article that the council member was Gary Vopalensky as he was quoted as being opposed to the rate hike and voted against it. As a resident of the 4th Ward, a taxpayer and a rate payer, I resent Howell's attack. Have attitudes changed so much that rubber stamp approval of utility rate increases are now considered responsible action and the questioning of such increases deserves a label of irresponsibility by the press? I have taken the time to call Vopalensky to assure him that Howell's interpretation of his action was not shared by myself and our conversation revealed several interesting facts that I feel should be known.

I learned that preparatory to his remarks at the meeting, Vopalensky had taken the time to go to Columbus and visit with Nebraska Public Power District officials about the electrical agreement with the City of Wayne. He has also spent several hours visiting the Wayne generating plant in trying to better understand the total electrical system in the city as well as time researching various documents and studies relating to the electrical rates.

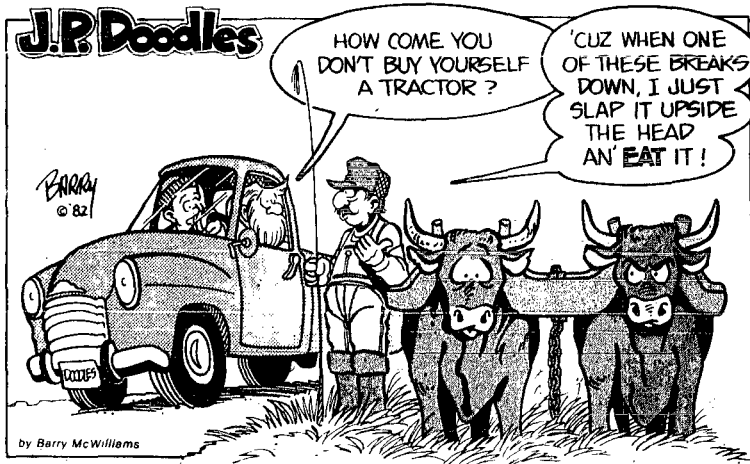

As a result of these efforts Vopalensky felt there was sufficient reason to at least question the ongoing practice of continuous rate increases.

To date, his reward has been Howell's attack. I also found it very interesting that Howell was not even in attendance at the meeting when the discussion took place.

In the published put-down of Vopalensky's questioning, the editorial also encourages the continuance of rubber stamp action by the council of the recommendations made by the administrator, engineers, attorneys and consultants and tends to inhibit future questioning by the council members for fear it might be labeled "grandstanding" or "soapbox rhetoric."

In my opinion Vopalensky has a responsibility to me and the others he represents to continue his questioning and I urge him to disregard the irresponsible and unfortunate remarks of Howell.

## 87th session's agenda busy

I am looking forward to the new year as I begin my second year as your representative in the Unicameral. The second session of the 87th Legislature convened Wednesday. It promises to be a busy session with perhaps more important and controversial issues waiting for our consideration than in many years past.

AS I MENTIONED a few weeks ago, I intend to introduce a bill pertaining to our At-Large Dependent Children program.

If passed, it will bring Nebraska's ADC laws into line with our neighboring states and eliminate the incentive to enter Nebraska and become a member of our welfare rolls.

I am also working closely with Atokad officials to devise a method which will allow

Senator  
Merle  
Von  
Minden

them to continue operating. Atokad's activities are an integral part of the economy of northeastern Nebraska and I am concerned that should the Atokad facilities be forced to close the depressed condition of the economy of the 17th District may be worsened.

My office is temporarily located in Room 2102 of the Capitol on the second floor along the West hallway. I should be moving into a permanent office once the session is underway.

ONCE THAT IS done, I will inform you of the new address. I would like to renew the invitation I extended last year to all District 17 residents.

When visiting Lincoln please stop by my office. I am always glad to visit with you. If I'm not in the office, my staff, Lee and Fran, will be glad to visit with you and help in any way they can.

My phone number remains 471-2716. If you have any questions or concerns or if I can assist you in any way, I encourage you to get in touch with me, either by phone or by mail, c/o State Capitol, Lincoln, Ne. 68509

## viewpoint

### Getting physical

Physical fitness is an idea whose time has come in Wayne. And, the city's new non-profit corporation, Providence Fitness Center Inc., is fostering the idea with a strong commitment to better health.

In a unique approach to year-round physical fitness training, the group is putting its plan to work in the basement of Providence Medical Center.

Unused space in the hospital's basement soon will house a well-balanced variety of physical fitness equipment. Hopefully, that equipment is going to be well-used by those interested in becoming and staying physically fit.

And, it is no accident that the equipment itself, as well as the programs that will be developed around it, is to be placed in the community's major health-care center — the hospital.

The concept is designed to broaden the scope of health care well beyond curative medicine. In fact, it puts Providence Medical Center and the City of Wayne in the vanguard of preventative medicine.

The theory has been around for years. But, some enterprising area residents are putting the theory into practice with a practical approach to getting healthier and staying healthy. A physical fitness center at the hospital is not only a desirable project from the standpoint of improved health, but also may play a key role in helping to reduce the cost of curative health care.

Americans have been locked on an ever-increasing health-care cost spiral for decades. Although it may be difficult to prove in exact dollars and cents, ignoring physical fitness (preventative health care) has put an extraordinary demand on curative health care. Rising curative health-care costs have surged, hand-in-hand, with that extraordinary demand.

It is a bit ironic that most Americans know more about the cost impact of maintaining the operating efficiency of the family car than they do about their own bodies. Periodic auto engine tune-ups and oil changes combined with careful driving extend the healthy life of a car for years.

Ignoring those things can cost the motorist a bundle in repair or replacement. Repairing a damaged human being is also costly. Replacing that human being is impossible. Proper maintenance of the human body will help it cover a lot of healthy miles. Happy exercising.

## Congress may ask Japan to defend itself

A resolution has been introduced in the House of Representatives that would have Japan underwrite the cost of its own security.

Japan has experienced unparalleled prosperity in recent years, while that country's security needs have been met by the United States.

While the Japanese constitution limits its defense expenditures to a "self-defense force," Japan's annual defense budget represents less than 1 per cent of its gross national product.

THE UNITED STATES, by contrast, annually spends more than 7 per cent of its gross national product on defense. As the world's developed nation that is the most dependent upon imported raw

material and energy resources, Japan certainly should do more to protect the sea lanes that supply it. The resolution, introduced by Congressman Stephen Nease of North Carolina

and developed with the aid of Ronald A. Morse, secretary of the east Asia program at the Woodrow Wilson International Center for Scholars, would have Japan pay an annual security tax to the United States equal to 2 percent of that nation's gross national product — about \$20 billion. Supporters of the resolution believe that it is time Japan join the rest of the major nations of the non-Communist world in our mutual defense. In late December, Japan announced a very small boost in defense expenditures.

FREE RIDE — Good news — The U.S. Postal Service is no longer requiring dual postage when first class mail is attached to or enclosed in a package of second, third, or fourth class mail.

EMBARGO PROTECTION — The 1981 Farm Bill requires the Secretary of Agriculture to compensate farmers whose products are affected by any future "selective" embargo on exports of agricultural products. The new protection would be activated in a "selective" embargo (which does not cover all U.S. exports to the affected country), and where the embargoed country purchases more than 3 per cent of total U.S. exports of the affected commodity. Compensation to farmers would be provided by either or both of — (a) direct payments covering the gap between post-embargo market prices and 100 per cent of parity; or (b) an increase in the price support loan rate for the affected commodity to 100 per cent of parity.

### Series of meetings in Laurel

The Rev. James Carmon is the featured speaker for a series of family oriented meetings which began Sunday evening, Jan. 10, at the Laurel Senior Citizens Center.

The public is invited to attend any or all of the meetings which continue at 7:30 nightly through Wednesday, Jan. 13. There is no admission charge, however a free will offering is being taken.

Pastor Carmon and his dummy, J.C., combine humorous entertainment with practical teachings.

The meetings are sponsored by the Laurel Bible study group.

### Dixon family histories wanted

Residents or former residents of Dixon County are reminded that Jan. 31 is the deadline for submitting their family stories for inclusion in the new History of Dixon County.

Publicly chairman Bernice Loetscher of Emerson said a list of families who have turned in their histories is available from Marvin Green or Rosemary Pape.

Mrs. Loetscher said a limited number of books will be printed and orders must be placed before publication.

There will be a special meeting with Bob Jonson, consultant for Taylor Publishing Co., on Thursday, Jan. 14 at 10 a.m. at the Allen Fire Hall. All interested persons are invited to attend.

### New Year program at Acme

Mabel Sorensen presented a program on the New Year at Acme Club, which met last Monday with 12 members in the home of Bonnadell Koch.

Mrs. Sorensen's program was followed with a sing a long Roll call was answered with New Year resolutions.

Members decided not to vote on new members for the club at the present time.

Next meeting will be Jan. 18 in the home of Marguerite Parke Bonnadell Koch will give the program.

### Hillside has family party

Hillside Club met for a family party Tuesday in the Alvin Temme home, with 22 attending. Guests were husbands of members and Mr. and Mrs. Harold Ekberg, Lydia Thomsen, Karen and Carmen Reeg, Alicia Dorcay and Ronald Temme.

Cards furnished the entertainment, with prizes going to Mrs. Herman Vahkamp, Mr. and Mrs. Felix Dorcay, Mrs. Harold Ekberg and Lydia Thomsen.

The hostess and Mrs. Jerry Dorcay served lunch.

Next meeting will be in the home of Mary Dorcay on Feb. 2 at 2 p.m. Roll call will be a Valentine verse.

### Travis Landanger hospitalized

Travis Landanger, two-year-old son of Mr. and Mrs. Donnie Landanger, formerly of Winside, is a patient in the Lutheran Community Hospital in Norfolk, suffering from burns to the upper part of his body.

Travis received the burns when he pulled a pot of hot coffee over on him.

He is the grandson of Mr. and Mrs. Don Landanger of Winside and the great grandson of Mr. and Mrs. Roy Landanger.

## Wakefield church setting for Minola-Rastede rites

The Evangelical Covenant Church of Wakefield was the setting for the Dec. 27 wedding ceremony uniting in marriage Mary Minola and Wayne Rastede.

The Rev. E. Neil Peterson of Wakefield officiated at the 2:30 p.m. double ring rites. Decorations included poinsettias and candleabras entwined with evergreen.

Parents of the couple are Mr. and Mrs. Norman A. Minola of Wakefield and Mr. and Mrs. Marvin Rastede of Allen.

Kusmer of Elyria, Ohio, and bridesmaids were Leslie Minola of Wakefield and Lorraine Woodward of Wayne.

Their long dresses were designed with white silk blouses pleated in the front and back and accented with lace and pearl buttons, with red velvet bows at the necklines. The skirts, of red satin, were accented with red sashes at the waists.

Each carried a white fur muff decorated with evergreen, stephanotis and miniature poinsettias.

**GUESTS WERE** registered by Penny Roberts of Wakefield and ushered into the church by Bill Rhodes of Emerson, Tom Rastede of Laurel and Rod Erwin of Concord.

Wedding music included "We've Only Just Begun" and "Theme From Love Story," sung by Bill Korth of Osmond, and "Wedding Prayer," sung by Heidi Carlson of Wakefield.

**BEST MAN** was Keith Woodward of Wakefield. Groomsman were Merrill Hale of Wayne and Nick Kell of Goehner.

They were attired in dark green tuxedos.

Ring bearers were Greg Rastede of Allen and Brian Hassler of Lake Orion, Mich.

For her daughter's wedding, Mrs. Minola chose a long, light mauve dress. Mrs. Rastede selected a dark green dress, also in floor length.

**A RECEPTION** was held at the Wakefield Legion Hall following the ceremony. Hosts were Mr. and Mrs. Allan Rastede of Allen and Mr. and Mrs. Cecil Rhodes of Emerson.

Lesla and Loree Rastede of Concord were at the gift table.

**THE CAKE** was cut and served by Marge Rastede of Concord and Anita Rastede of Allen.

Dot Boley of Sikeston, Mo. poured, and Patricia Fluett of Harrington served punch. Ice cream server was Linda James of Laurel.

Others assisting at the reception were Fran Rhodes of

**THE BRIDE** appeared at her father's side in a long, white Chantilly gown designed with a Queen Anne neckline, and long, narrow lace sleeves trimmed in Venice and raschel lace. Re-embroidered lace beautified the neckline and empire waistline.

The gown featured an overlay of Chantilly lace. Raschel lace in petal fashion trimmed the skirt and attached chapel train.

Her bridal illusion veil was attached to a Juliet cap of handclap ped lace, and she carried a cascade of evergreen, red roses and stephanotis.

**MATRON OF HONOR** was Diane

## 'How to Help a Friend' Conference offers guidance to nonprofessional counselors

"How to Help a Friend," a conference centering on providing counseling skills for nonprofessional counselors, will be held Jan. 15 and 16 on the Wayne State College campus.

The conference, which is open to the public, is aimed at those who do a considerable amount of helping/counseling but who have not had formal counseling training.

SESSIONS WILL include mini lectures, role playing, skill sessions, question-answer times, and the application of behavioral science concepts.

The sessions begin on Friday at 3:30 p.m. with registration in the upper level of the Student Union on the Wayne State campus, and will conclude at 8:30 p.m.

On Saturday, the sessions begin at 9 a.m. and go until noon.

The Friday evening meal is included in the cost of the workshop, which is \$5 per person.

THE SESSIONS will begin in the North Dining Room of the Student Union.

The first session, at 4 p.m. Friday, is entitled, "The Friendship Approach to Helping," focusing on a relational approach rather than a role approach. In this context, the kind of person the helper is, is more important than the job or position he or she holds.

Following supper, workshop participants will attend the second session, "Focus on 'Tender' Skills," including physical centering, focusing on the person rather than on the topic, expressing

warmth, affirmation of strengths, empathetic understanding, and the expression of positive emotions.

THE THIRD session, entitled "Focus on 'Tough' Skills," begins at 9 a.m. Saturday and includes planning for action, facilitating the search for meaning, confrontation, conflict resolution, question asking skills, and timing.

Topic of the final session, which begins at 10:30 a.m. Saturday, is "Helping the Helpers."

During the final session, workshop participants will discuss how to care for themselves, making possible their own healing renewal and growth in a number of ways, including the rhythm of giving and

receiving, and the formation of action-support groups.

MAIN CONFERENCE speaker will be Dr. Paul Welter, professor of counseling and educational psychology at Kearney State, and author of "How to Help a Friend."

Also speaking will be the Rev. Randy Fredrickson, pastor of the First United Methodist Church in Rapid City, S. D.

SPONSORS for the conference are Campus Ministry, Gamma Delta, Newman Club, WSC Library, the WSC Housing Dept., and the WSC Counseling Dept.

Persons with questions regarding the conference are asked to call the Rev. Jon Vogel, 375-1905.

## January CLEP exams offered at Wayne State

A program that enables persons to earn college credits by examination will be offered Wednesday, Jan. 13, at Wayne State College.

The College Level Examination Program (CLEP) offers the opportunity to save time and money in pursuing a college education.

Students wishing to participate must register on or before today (Monday).

ANYONE CAN take CLEP exams and submit scores to one or more of 2,500 participating institutions.

To receive college credit at WSC, students must either be currently enrolled or have met WSC admission requirements.

STUDENTS CAN get a good overview of the areas they select to take a CLEP exam by studying a related textbook, which can often be found in local public libraries.

Persons who cannot find the

book at their local library can visit Conn Library on the Wayne State campus.

CREDIT received for CLEP is entered on a student's record without a grade, thereby not affecting grade point averages.

There is no official record entered if the CLEP exam is failed, and students can re-take the same exam again provided appropriate fees are paid.

Wayne State places no limit on the maximum number of credit hours earned through CLEP and taken before the senior year.

EACH CLEP exam usually takes about 90 minutes to complete. The fee for General and Subject Examinations is \$25 per exam.

Scores are reported to the student and the college four to eight weeks after the test date.

For more information contact the WSC Student Services Office, 375-2200, ext. 213.

## Home extension clubs stressing LAMP in '82

The Wayne County Home Extension Council held its first quarterly meeting in the Joyce Niemann home, rural Carroll.

Roll call was answered by 13 of the 16 home extension clubs and several other chairwomen.

Jackie Owens and Marcine Rohrborg led a report on LAMP (Leadership development, Asser-tiveness, Membership promotion, Personal development).

LAMP is a statewide emphasis for home extension clubs during 1982, stressing club and self improvement and growth.

HOME EXTENSION Council members are reminded to bring theme booth suggestions for the 1982 Home Extension Council booths at the Wayne County Fair, and two volunteer names for Class K needlework chairwomen, to the April 5 council meeting.

It was announced that Joyce Niemann is the Omaha Homemakers Day honoree for Wayne County in 1982.

As of Jan. 1, 1982, there are 16 home extension clubs with 183 members in Wayne County.

Anyone wishing to join a club or form a new club is asked to contact the county extension office.

LEADERS for the lesson, "How to Say Yes - How to Say No," are reminded to attend the Jan. 15 leader training session in the Columbus Federal community room in Wayne at 1:30 p.m.

The lesson will be instructed by area home extension agent Anna Marie White.

All club, county and state dues for 1982 should be turned in to Mindy Luft at the county extension office by March 1, 1982.

WINSIDE'S Jim Krajicek (44) hits a basket as Ronnie Prince (30) and Scott Janke (40) wait for a possible rebound.

## Wildcats let win slip from grasp

In a matter of just two days, Winside basketball coach Dennis Gonnerman's opinions of his team's performances had changed completely.

On Tuesday, Winside had given talented Walthill a real struggle before slipping to a loss. On Thursday, the Wildcats let Beemer escape with a 47-45 win.

Gonnerman, who was pleased with his team's performance on Tuesday, was far from satisfied Thursday night.

"We were very flat. I don't know if it's because we played Walthill close or what," Gonnerman said. "Toward the end of the game Beemer wanted the win more than we did and they got it. We just played lousy in every quarter. Defensively, we were flat footed."

Winside led throughout the first half with Jon Meierhenry doing much of the damage offensively. He drove the Inside, shot from the outside and hurt Beemer with his scoring. But, Winside's defense had problems. Still, the Wildcats held a half-time lead of 25-19.

Beemer hit the first six points of the second half to tie the score at 25 all with 4:40 left in the third quarter. John Hawkins hit a basket from 14-feet to open up a 28-25 Winside advantage but the Wildcat offense cooled down.

The teams exchanged baskets with Winside's Jim Krajicek hitting the final bucket of the third period for a 33-31 edge.

The game turned into a barnburner in the fourth quarter. Winside held two point leads on five occasions and the score was tied six times in the final period.

The score was knotted at 43-43 with two minutes remaining. Beemer gained the lead at 45-43 and the Cats never again got back on top.

Trailing 45-47, Winside had a good chance to tie the game. The Cats took four or five shots in the final 12 seconds but all shots missed the hoop and a Beemer rebound put an end to the game.

Ronnie Prince turned in one of the finer performances for the hosts. He came off the bench to score six points and pull down 12 rebounds. Krajicek finished with 17 points and 14 rebounds and Meierhenry scored 18 points with 9 rebounds. The Cats ruled the boards 53 to 36.

Winside committed 17 turnovers for eight Beemer points and Beemer committed 12 for 10 points. The winner were led by Mark Franzluebbers with 14 points and MIKE MURPHY with 11.

Winside, 2-4, will play at Snyder tomorrow (Tuesday).

### Wayne plays well

## Schuyler proves too tough

The score was a little deceiving and Wayne coach Bill Sharpe said his team played pretty well in Tuesday's 62-45 loss to Schuyler.

The Blue Devils lost by 17 points but were within eight until the final two minutes of the game. But, the Warriors padded their final margin with late free throws. Wayne managed only five points in the final period—all on free throws.

The Blue Devils hit 14 of 42 shots for 32 percent and Schuyler made 26 of 67 for 39 percent. Wayne ruled the boards 34 to 22 but committed 27 turnovers compared to 12 for Schuyler.

Todd Schwartz led all scorers with 19 points. Shaun Nlemann had eight points and seven rebounds. Mark Bolenkamp had 10 rebounds and four points and Steve Overlin made seven points and six rebounds. Bob Liska added five points.

Schuyler was led by G. Kasik and J. Kasik with 18 points each and B. Rydel with 10.

The junior varsity game was won 69-39 by Schuyler. Wayne scoring: Tim Corbit 9, Jeff Jorgensen 8, Bob Liska 7, Jim Poehman 6, Layne Marsh 2, Ted DeTurk 2, Jeff Stratton 2, Pete Warne 2, R. J. Meltzer 1.

### Cold shooting hurts

## Stanton avenges loss

The second meeting between Wayne and Stanton girls went in Stanton's favor with the Fillies taking a 41-32 win Tuesday night at Wayne.

The Blue Devils had beaten Stanton in the Wayne State Holiday Tournament but ran into trouble trying to hit its shots this time.

The hosts shot only 26 percent from the field and no one hit double figures. Deb Prenger led the

Devils with seven points followed by Missy Stollenberg and Jill Zeiss with six points each. Stollenberg had 10 rebounds.

Stanton, led by Melinda Tekli's 14 point performance, outshot the hosts. Stanton won the junior varsity game 30-27 in overtime. Next action for Wayne is scheduled Thursday at Howells.

## athlete of the week

### Williams earns honor

For the second straight week, a girl has won the honor as The Wayne Herald's "Athlete of the Week." A fine basketball performance during the week of Dec. 20-26 netted the award for Desiree Williams of Allen.

Des hit 11 of 20 shots from the field, totaled 23 points and made six steals and four assists in a victory over Homer. The Allen senior earned all-state honorable mention honors last year, all-conference honors two years and has averaged more than 10 points a game since her sophomore year. She started every game since she was a sophomore.

Des showed tremendous hustle against Homer. She scored 23 points, made six steals and four assists but she played only three quarters," said Allen coach Gary Troth.

### Rec basketball at home

Wayne's junior high recreation basketball teams will compete at home this week with games scheduled on Thursday and Saturday.

On Thursday (Jan. 14), the Sioux City YMCA will send boys junior high teams to compete against Wayne. The seventh grade game is scheduled at 7 p.m. and the eighth grade game will follow.

On Saturday, boys and girls will compete at home against the Fremont YMCA teams. At 1:30 p.m., seventh grade boys will play, at 2:30, eighth grade boys will compete and at 3:30, girls will play.

### Hawks basketball camp in June

The Northeast Tech Hawks Basketball Camp, directed by Northeast Technical Community College basketball coach, Chuck Stevenson, is scheduled May 31 through June 4 in the Activities Center Gym on campus.

The summer basketball camp is for boys and girls ages 11-14. The camp will stress developing and learning basketball skills. Other activities include films, demonstrations, scrimmages and an all-star game.

Stevenson said the camp will involve more in-depth and individualized instruction and will last five days. Enrollment is limited and early pre registration is suggested. Cost of the camp is \$75 for day campers. All campers must bring their own sack lunches. For more information, contact Chuck Stevenson at NTCC, Norfolk.

## Hot shooting Homer sends Trojans to consolations

Any high school team that shoots better than 50 percent from the field is awfully tough to stop.

So, when Homer's Knights made 56 percent of their shots, it was no wonder they rolled over Wakefield 59-36 in first round action of the Pender Tournament, Friday night.

"We got outplayed and out-coached. We tried to fastbreak with them and that was a mistake," said Trojan coach Scott Miller. "Early in the game we didn't play bad defense but Homer got going and deserved to win."

Wakefield hit about 30 percent from the field against a tough Homer defense while the Knights made 56 percent of their shots. Bruce Wilke scored 14 points and Joe Yardell hit 10 for the winners.

The Trojans were led by Vaughn Nixon with nine points and eight rebounds. Mike Clay scored eight points and Mark Sterzi and Brian Soderberg each added six points.

The loss dropped Wakefield to 4-3 and set up a consolation game with Emerson-Hubbard at 5 p.m. Saturday. In Saturday's finals, Homer and Pender were scheduled to meet. The Trojans will meet

another tough foe when they play at Walthill tomorrow (Tuesday).

## Wakefield girls can't match up to talented Emerson

Wakefield couldn't handle the height and offensive punch of Emerson Hubbard when the two teams met Thursday in first round play of the Pender Tournament.

As a result, Emerson rolled to an easy 52-20 triumph. Mary Walsh, Emerson's 6-1 center, canned 23 points including 14 in the first quarter to lead the winners.

"Mary Walsh killed us. She couldn't miss from the base line. She kept hitting 10-foot jump shots," said Wakefield coach Mary Schroeder. Wakefield's tallest player is 5-7 and Emerson's height advantage was a definite problem. The winners capitalized on their inside game.

The Trojans were led by Brenda Jones with 12 points and 11 rebounds. Kelly Greve and Renee

Wenstrand each had five rebounds.

### Walthill Wins

The Trojans played Walthill last Monday in Wakefield's January opener. Walthill won the game, 44-31 with Lisa Lewis scoring 17 points.

Brenda Jones scored 11 for Wakefield and Crisly Hings added four. "We played pretty well in that game. Walthill pressed the whole game and we broke their

press. I was pleased," said Schroeder.

## A slow boat to summer

JANUARY'S cold weather and snow settle in around this private boat that's been docked in the backyard of a Wayne resident in the northwest section of the city. Maybe it's a slow boat to next summer's

warm wind and waves. It could be waiting for that traditional January thaw that breaks the winter ice for a few days.

# COULD YOU USE AN EXTRA \$540,585 WHEN YOU RETIRE?

## THE NEW TAX-DEFERRED INDIVIDUAL RETIREMENT ACCOUNTS-IRAs.

That's a ridiculous question, of course. Because everyone could use an extra \$540,585 toward their retirement.

And now, with a tax-deferred Individual Retirement Account (IRA) from the State National Bank, almost everyone can have an extra \$540,585. Even if you're already covered by a company pension plan.

To build such an impressive nest egg, you'll need to salt away \$2,000 a year - for 30 years - into your own high-yield retirement account.

Or, as demonstrated in the box at right, you can deposit less than \$2,000 a year and still end up with a sizeable amount of cash.

### WHAT A TAX-DEFERRED IRA COULD MEAN TO YOU (Based on 12% interest, compounded annually)

|  | 5500<br>INVESTMENT<br>at start of each year | 91,000<br>INVESTMENT<br>at start of each year | 92,000<br>INVESTMENT<br>at start of each year |
|--|---|---|---|
| Total Investment After 30 Years          | \$ 15,000                                   | \$ 30,000                                     | \$ 60,000                                     |
| Total Value of Investment After 30 Years | \$135,146                                   | \$270,292                                     | \$540,585                                     |

Note: This chart is intended to be an example of how regular deposits into an IRA can grow into a substantial sum. This is not a guarantee of interest rates or end financial results.

You can even set up a convenient payment schedule. Making deposits by the week, by the month or whatever suits you best.

And because our retirement accounts are tax-deferred, you deduct your annual investment

from your taxable income. So you'll pay no federal tax on an IRA until you start withdrawing funds (minimum age: 59½).

Then, when you retire, you'll probably be in a lower tax bracket, paying lower taxes.

If you're intrigued with the thought of reducing your tax load while increasing your security, call or visit the professionals at the State National Bank for all the details.

They could help make your retirement much more enjoyable. About \$540,585 more enjoyable.

**LIBRARY BOARD**  
The Winside Library Board met Wednesday with four members present.  
Kathy Tucker of the Wayne Library reported on new library legislation.

The librarian gave her report and the financial report was read.  
The following complimentary material has been received: "The Capitol" from Rep. Doug Bernuter, "A Natural Collection" from Conoco and "Who's Who Among American High School Students 1980-81."

Also now in the library is the "Wayne County History" book. New books in the library include "Colorado" by Ross, "At Work" by Richard Scarry, "All Day Long" and "All Year Long" by Richard Scarry and "Talks to Teenagers about Sex" by Ann Landers. These books were purchased with money donated by the Winside Federated Club.

The first issue of "Guidepost" in large print has been received. There is also an IRS tax tape with instructions on preparing your income tax. There are also free pamphlets on how to fill out your income tax form.

The following 1980 old magazines are to be given away: "Good Housekeeping," "Nebraskaland," "Moody" and "Farm Wife."

Also as each child makes a visit to the library, they may pick up two used books free for free.

Discussion was also held on the summer story hour.

If you're looking for an early edge toward bigger crop yields, here's something you ought to look into. NA-CHURS® Liquid Fertilizer applied at planting starts to make a difference in your crops almost from germination. It's close and available to the seeds. It's a true solution, so each drop is consistent and complete. Plants get off to a faster, healthier start. But just as important as the better start is your NA-CHURS representative. He offers you the finest support program in the industry, free of charge. Soil and tissue tests. Agronomists' recommendations. All from the leader in liquid fertilizer and a NA-CHURS representative who's a neighbor, there to call year 'round. Call him as you plan your crop fertility program. You'll see how NA-CHURS - and NA-CHURS Total Crop Service Program - fit into a more productive, more profitable program. Start to finish.

# We'll provide some sweet music for your ears...

Tired of hassles when you shop? Have you "had it" with sales clerks who are less than any help at all? There was a time when salespeople took pride in serving their customers and we're trying to bring back those "good old days." We want to make your shopping a pleasant experience. Local businesses want and need your patronage and we're willing to bend over backwards to serve you. In our places of business, the customer is still our most important consideration and properly serving your needs is our goal. Come in...we'll provide a lot of sweet music for your ears.

*No need to roam... the best shopping's here at home!*
