School Board election returns Tight race triggers recount

Votes cast in Tuesday's Wayne-Carroll School Board election will be recounted soon, according to Orgratia Morris, Wayne County Clerk.

The recount, which is mandatory under the state's 2 percent margin law, will focus on the tight third-place finish between Milton Owens, incumbent board president, and Arnold Emry, a Wayne State College faculty member.

After a two-day vote canvass, the official election returns showed Owens with 991 to Emry's 986.

MORRIS SAID that Owens gained five votes and Emry gained six votes during the canvass.

Ironically, the result is that Emry's official total (986) is the same as the unofficial total held by Owens before the canvass began.

Emry had an unofficial 990-vote total before the canvass made figures official on Friday.

The canvass did not change the position of any candidate in Tuesday's six-way race for three board seats.

Joyce Reeg now has an official vote total of 1,130 to lead the top four vote-getters and win the first open seat on the board. The canvass added four votes to her unofficial total.

CAP PETERSON gained five votes in the canvass for an official 1,030 total and the second board seat.

Morris said she would soon set a date for the recount in the Owens-Emry race.

Carole Schmidt, who lost with an unofficial tally of 685, gained three more votes during the canvass for an official 688-vote total.

Darrell Moore, who also lost with an unofficial tally of 616 votes, gained five more votes during the canvass for an official 621-vote total.

NO OTHER RECOUNT has been automatically triggered in any city or county races, according to Morris.

The close 2nd Ward race between incumbent Councilwoman Carolyn Filter and challenger Dean Metz got closer during the canvass.

Unofficial returns had the challenger nine votes away from the incumbent. The official total left Filter with the same 123 votes, but added five votes in the challenger's column.

Metz now has an official 119-vote tally. ACCORDING TO Morris, vote totals in the other races remained the same except for a couple of the uncontested county races.

Since no challenger existed in the races, the canvass only certified the correct number of ballots cast for the incumbents.

All official returns reflect absentee and disabled voter ballots cast in the election.

MEL AND RUTH Eifson are retiring after 27 years of business at Wayne's Coast-to-Coast store. See page 10 for more photos.

Hardware store owners to close the order books

For 27 years, area residents have dropped into Wayne's Coast-to-Coast store to purchase everything from artificial fishing worms to tan belts. Everything from soot remover to wire stretchers. From scythe blades to left-handed nuts. From big washers with small holes to model car paint. From tung oil to steering wheel covers. From egg cookers to donut makers. From mouse poison to bird seed. From dog collars to door knobs.

For nearly three decades, Mel and Ruth Eifson have served their customers with a wide variety of products. And if Eifsons didn't have what a customer wanted, they ordered it.

THIS YEAR will be the last year of business for Wayne's Coast-to-Coast store located at 217 Main Street. Mel and Ruth have decided to retire.

"We love our business and we always have. It was a major decision and it was a hard one to make," Mel and Ruth said of their decision to retire. "We've enjoyed it and we'll miss it. We never meet a stranger. We like people."

The Eifsons have considered retiring for approximately four years but said they "felt an obligation to our good people." They said they have had a lot of wonderful customers over the years.

Mel, now 66, and Ruth, 59, will still live in Wayne, a community they say is home to them. They have been happily married for 36 years and raised three sons, Dean, Larry and Rick, in Wayne. They are presently the grandparents of three girls and two boys.

COAST-TO-COAST HAS broadened its lines of merchandise over the years. Hardware, sporting goods, housewares and electrical products are some of the biggest selling products carried. The business always carried hard-to-order goods and special ordered for its customers.

One of the out-of-the-ordinary products that became popular with customers was replacement wires for cheese slicers. Eifsons are now sold out of the product. A stock liquidation sale is in progress and the store is for sale. No definite retiring date has been set.

Mel grew up on a farm in Minnesota and Ruth, a native of Illinois, grew up in Iowa. Mel, once a furbuyer, began working for the Coast-to-Coast company in spring of 1944. He served as a district manager for many years. Ruth was manager of the Vinton, Iowa Coast-to-Coast store when the two met.

Eifsons purchased their building and warehouse (113 East Third Street) and have owned and managed the store for 27 years. Mel points out that all Coast-to-Coast stores are self-owned. None are "company stores."

EIFSONS PURCHASED the store and fixtures for between \$15,000 and \$16,000 when they started the business. In addition to the normal retail business, Mel also worked in the heating business for 26 years.

Mel emphasizes that he and his wife had decided to retire so they could travel and relax. "Our volume of business has nothing to do with our retirement. Business is good and always has been."

The Eifsons said that specialization stores have not hurt their business over the past years. They credit service to the customer as one of the main reasons for their success. Home-operated stores are more concerned with their customers, they said.

The Coast-to-Coast store in Wayne employs three individuals. Ann Swinney has worked 17 years full-time and the past eight years part-time. Betty Heithold has been employed seven years and Denise Snover is the newest worker at the store.

MEL AND RUTH said they have been blessed by loyal employees. They added that all hardware store operators in Wayne have always gotten along well. "The businessmen in Wayne are interested in making the town go and then they'll prosper with it," said Mel.

The couple credit their daughters-in-law Debbie and Lynette, their customers and their former employees for some of their success. "They all played a part in our success over the years," said Ruth.

The Eifsons are members of the United Methodist Church and Izaak Walton League. Ruth is a member of the Business Professional Women and Mel is past Chamber of Commerce president. Mel was inducted into the Coast-to-Coast 25-year Club last year.

Mel and Ruth have seen most of the United States and visited Europe on a trip which Ruth won in 1980. They hope to continue their travels and at the top of the list of places to visit is Alaska. "We love the same things: travelling, fishing, collectibles and antiques. We still love to travel and there are lots of spots we haven't seen," said the Eifsons.

Frosh survey reveals WSC drawing card

Small size. Low cost. More personal assistance. Starting freshman recently listed those three reasons as top drawing cards in selecting Wayne State College for their higher education.

THOSE THREE reasons lead a list of 11 often used in the college decision-making process.

Small size was cited by 86 percent of the freshmen responding to the survey, which was conducted through the offices of Academic Counseling and College Relations.

With more than 30 percent of the 505 questioned responding, 82 percent cited low cost.

And, 56 percent said they picked WSC because the college gave "more personal assistance" than at other institutions.

"THIS MARKET study reveals how our academic institution is viewed by prospective and present students," explained Adrie Nab, director of college relations.

The survey asked freshman about their selection of WSC, and contained questions about the effectiveness of recruiting and advertising programs.

"The data will assist us in the planning and strategies used by various departments involved with institutional advancement activities," explained Lin Brummels, director of academic counseling.

LOCATION OF the college and its academic programs ranked fourth and fifth in the list of 11 reasons students picked WSC.

A positive personal visit on campus affected the decision for 36 percent of the students.

Other reasons given included the attendance of family members at WSC, high school visits by an admissions counselor, and respect for a teacher who graduated from the college.

Attendance at music or cheerleading camps on campus and commercials about WSC ranked last in the decision-making process.

Both Nab and Brummels also conducted interviews with several freshmen to aid in the interpretation of the survey responses.

Marching band brings home the brass

A LARGE FOLLOWING OF parents and friends watched last Saturday as members of the Wayne-Carroll High School Marching Band picked up another superior trophy at the Nebraska Marching Band Festival in Lincoln's Pershing Auditorium. This marks the 11th consecutive year that Wayne has received the superior rating. In addition to the trophy, the band received a plaque for competing in the contest 20 of the 25 years it has been held. During that time the band has come away with 14 superior ratings. Pictured holding

the Pershing trophy is band president Shelley Emry, at left. Others pictured, from left of Miss Emry, are Julie Fleming, holding the 20-year plaque, Becky Miller, holding another plaque commemorating the contest's 25th year and Wayne High's participation, Beth Schafer with the superior trophy which the band received last month during the Wisner-Pilger Marching Contest, and band director Ron Dalton. Fleming and Schafer are drum majorettes and Miller is flag captain. For another picture see page 8.

Holiday on wheels Wayne stores sponsor Christmas car giveaway

All you want for Christmas is a new car, right? Well, 39 Wayne merchants already are hard at work — like Santa's elves — to make your Christmas wish come true. That's right, you can win yourself a car (\$5,500 value) this holiday season if you shop in Wayne — northeast Nebraska's Christmas city.

AND, IF YOU don't happen to win the car, you won't have to settle for a lump of coal in that stocking of yours.

You still get a crack at being among the lucky ones on Santa's list for \$1,100 worth of gasoline.

And, Santa's giving you six full weeks to be good enough to shop in Wayne to register for the holiday prizes this year.

The action starts Monday morning, Nov. 8.

HERE'S HOW it works.

Shoppers will register throughout each week in Wayne's participating stores beginning Monday, Nov. 8.

On Nov. 12, the first of six Monday drawings will be held in each of the 39 participating stores.

One name will be drawn in each store. Each week, each of the 39 winners will receive a certificate entitling them to a key. Contest participants must register each week.

If your key unlocks the Christmas treasure chest on Dec. 23, you win a check for \$5,500 toward the purchase of a new car.

WITH 39 MERCHANTS participating, there will be 39 key winners each week. That means by Dec. 23, 234 people will have keys to try to unlock the Christmas treasure chest.

Only one of the keys will unlock the treasure chest for the car. But wait, you haven't heard the best yet. After each Monday drawing for the keys, the registration forms from each of the 39 stores will be sorted by town — Allen, Carroll, Concord, Dixon, Laurel, Pender, Pilger, Wakefield, Wayne, Winslow and Wisner.

AND, ON DEC. 23, one name will be drawn from each town. That's 11 towns and 11 names.

Each of those 11 winners will be awarded \$100 in gasoline from participating service stations.

The \$1,100 gasoline-giveaway drawing is scheduled for 6 p.m. Dec. 23 in the Wayne City Auditorium, only one hour after the \$5,500 car-giveaway drawing.

The certificate for the car is redeemable at Arnie's Ford-Mercury, Ellington Motors or Mike Perry Chevrolet-Oldsmobile — all participating merchants.

OTHER PARTICIPATING merchants include Ben Franklin Store, BIRN'S, Black Knight, Carhart Lumber Co., Charlie's Refrigerator, The Cupboard, The Diamond Center, Discount Furniture, Dooscher Appliances, El Toro Lounge, First National Bank, and Fredrickson Oil Co.

Also, Getz's Rexall Pharmacy, KTCB Radio, Kauf's TV Sales & Service, Kopp's Department Store, Logan Valley Implement, M&S Oil Co., Allen's Jewels, The Marketing Shopper, Pamida Inc., The Rusty Nail, Sav Mor Drug and Shaw National Bank & Trust Co.

Also, Surber's Clothing, Swans Apparel for Women, T&C Electronics, The Wayne Wood-Products, Triangle Finance Co., Wayne Greenhouses, The Wayne Herald, Wayne Shoe Co., Hometown IGA, Wayne True Value and The Kid's Chest.

Draft registration required

Young men, born in 1964, are reminded of their need to comply with the draft registration law, by registering in 1982, according to Col. Malcolm D. Hardin, director of Selective Service for Nebraska.

The law states that all males must register within 30 days of their 18th birthday. "Even though the law has been in effect for some time, we are finding a number of people who are still not aware of the law, or believe that it does not apply to them," said Hardin.

The law applies to all males who have reached their 18th birthday. This includes men who are already members of the various military reserve components, such as the Army Reserve or the National Guard. Also included are men who are physically handicapped, and aliens intending to become permanent residents of the U.S.

In order to register, a man needs to stop by his nearest post office and fill out a simple registration card.

Disabled Veterans week

President Ronald Reagan has signed a joint congressional resolution designating the week beginning Nov. 7 as National Disabled Veterans Week.

In the proclamation, Reagan states that the important contributions to the national welfare by these men and women, not only in their military service but also in their latest civilian activities, are a source of pride and admiration and serve as an illuminating lesson in valor and fortitude.

The proclamation has been sent to all of the Legion's 50 state organizations.

Dixon County votes canvassed

With all absentee and disabled votes included and all votes canvassed, there are no changes in winners or losers in Tuesday's general election in Dixon County.

One of the closest races in the county was for the Wakefield School District 60R Board of Education.

Canvassing Friday in Wayne, Dixon and Thurston counties showed James Marshall, Larry Clay and James Stout winners of three seats on the board. Stout won his seat by a narrow margin, defeating Terry Baker by three votes. Other candidates were Dennis Carlson and Melvin Mortenson.

A LUMINOUS VIDEO PRESENTATION

...by randall howell

country boy. . .

Howdy.
Now that the election is over, do you suppose Bob Kerrey has become a real Thone in Charley's side?
Stop groaning.
It's better than some remarks I've heard this week, even if it's not funny.
Certainly the political wisequacks about about lame-duck governors are endless.
Stop it, I say.
Someone told me that Thone lost because voters put an Exon Kerrey's ballot.
That's enough.

ANOTHER WAG told me that Thone was unable to reach out and touch someone without getting a busy signal.
Hey, I said stop it.
One election observer, who still trusts Thone, was upset about the ruthlessness of the Kerrey campaign.
I don't get it...
Everyone says he (Kerrey) seems like a nice guy. Whatever happened to the old saw that nice guys finish last?
I've decided not to worry about it too much. After all, what can one guy do anyway?
And, who's Don McGinley?
The only person who knows him is Roland Leudtke. Now that's something to worry about.

BUT, LIFE GOES on, and in Nebraska, the good life goes on and on and on.
Just when you think you've had all the good you can stand, something better happens.
It's the law of the land. This is next-year country and if anything can go right, you know it will.
All dark clouds, even dark Republican clouds, Kerrey a silver lining.
That's it. I promise. No more, okay.
Republicans must find some consolation in an old axiom of American politics that says no matter how things change they remain the same.
Even when they get off course, they stay the same.
Sorry, I just couldn't resist.

THERE ARE THOSE things in life that must be accepted. It's going to be harder in rural Nebraska, where Thone ran strong.
If you are a farmer, you have to sift through the chaff and take it all with a grain of salt.
Farmer's are used to that. They deal with a lot of those things called the rules of life.
Some of the exasperating rules of farm life include:
The grease gun on your tractor will always be empty.
The hired man always has the wrench you need.

FARM IMPLEMENTS always start to work correctly at the end of the day, unless you only have one round left to finish the field.
The fence always needs repair where the manure is the deepest.
It won't rain until the hay is cut.
The top market price was yesterday.
The bulk fuel tank is always empty on Saturday night.

THOSE ARE but a few of the things that rural America's farmers have to put up with day in and day out.
With those kinds of rules to remember, you have to wonder if the problems of politics are all that important.
The rules in rural America stay the same whether or not it's a Thone in your 'side. So what if someone else has won the right to Kerrey the statehouse seat.
Most farmers seem to feel politicians are out of touch with things anyway.
Many politicians win or lose close elections by margins that are far greater than the profit on today's family farm.

DON'T GET ME wrong, I'm not taking sides here. I'm just trying to put a few things in perspective.
I'm just no longer sure that traditional politics of any persuasion can plant the seed of economic survival in the farm belt.
And, if it did somehow get planted, I'm not sure that it would have a chance to grow.
Sometimes we are all too quick to pull the good plant and leave the weeds.
And, even if the good plants survive the growing season, there's always that danger of those urban areas throwing out the kernels and keeping the chaff.
Catch you next week...

The drawing cards

Small size.
Low cost.
More personal assistance than at other institutions.
Those are the top three...the top three reasons starting freshman found Wayne State College the place to be for the 1982-83 academic year.
The information comes from a recent survey of starting freshmen conducted by WSC.
And, though there were a number of other reasons freshmen selected WSC, those top three reflect an attitude among college students today that is significant to this community in a way that goes far beyond the enrollment numbers game.
If the survey is representative, and there is no reason to believe it is not, 75 percent of the starting freshmen at WSC found small size, low cost and personal assistance dominated their decision-making process as college-bound students.
That flies in the face of the long-entrenched bigger-is-better national trend that has put institutions of higher education like WSC at a distinct disadvantage in student recruitment over the years.
It also indicates that today's college-bound student, particularly those at WSC, is becoming very budget conscious. And, perhaps it also indicates today's practical student is no longer easily hoodwinked into believing the higher the price of an education the better it is.
Perhaps most impressive is the students' selection of WSC on the basis of more personal assistance.
That's an ominous signal being sent to the degree factories around the country. And, that's as it should be.
But more important than that is the fact that WSC is effectively competing in the marketplace of higher education because it is effectively responding to students.
The community pride in that goes far beyond the statistical satisfaction of semester enrollment figures.
Of course, an exciting dimension to it all is that the survey response from the starting freshmen has outlined the hallmark of higher education tradition at WSC.
And, that's something to be proud of.

Long overdue

Thanks to the Prompt Payment Act, which became the law of the land Oct. 1, small businesses often frustrated by slow-pay practices of the U.S. government will get some relief.
The act requires government agencies to pay their bills within 45 days, or face interest penalties of 15.5 percent on overdue accounts.
To prevent interest payments from becoming a taxpayer burden, the law mandates agencies must pay these charges from operating budgets and prohibits agencies from seeking additional money from Congress to pay interest charges.
"The law is a long overdue reform needed particularly by small businesses which supply the government with about 90 percent of its conventional purchases but often are refused interest on overdue accounts by the government," says Christine Russell, a small business legislative analyst for the U.S. Chamber of Commerce, which fought for the bill along with a Washington coalition representing government suppliers.

Check the record Midpoint reversal an economic error

Richard L. Leshar
U.S. Chamber of Commerce

It seems kind of ridiculous, assessing a new policy's effect on a \$3 trillion economy after its proponents have been in office just 21 months. But the dictates of the political calendar seldom conform to those of the economic calendar. Fortunately for President Reagan and his congressional supporters, there is plenty of progress to report in any case.
Americans might do well to remind themselves of the state of our economy two years ago. Prices were going up at an annual rate of over 12 percent. The prime interest rate was 16 percent, soon to rise to 21.5 percent by inauguration day. Federal spending and taxes were escalating out of control with no serious effort at cuts in sight. Many parts of the nation were suffering with recession-level rates of joblessness.
The majority of Americans who voted for Ronald Reagan and a conservative Congress did so for many reasons in response to many promises. But one simple proposition overshadowed them all. We can restore prosperity, candidate Reagan told us, by reducing inflation and interest rates. And the way to do that is to cut taxes and spending.
WHAT IS THE status of these most basic Reagan promises two years later? Tax rates will have been cut 25 percent by next July. In 1985, they will be indexed so that never again will you be shoved into a higher tax bracket simply because of inflation. The growth of federal spending has been slashed to one-third of what it would have been under the Carter policies. In the meantime, inflation has also been cut in half, meaning that the average family has \$1,500 more in purchasing power than it would have had if

inflation had continued at the 1980 level. And interest rates have plunged almost 45 percent since the President took office. Major progress on these last two fronts means that the stage has been set for progress on unemployment which, unfortunately, is always the last symptom to disappear during economic recovery.
That is the U.S. Chamber of Commerce's best assessment of where we stand today. No one is suggesting that at this moment our economy is healthy or that all the work of recovery has been done. Government spending is still growing much too fast, accounting for the large deficits projected over the next several years. The tax increase passed this summer was an economic mistake, one that will slow the pace of recovery. Interest rates and inflation are still way too high. And progress toward removing regulations that are unnecessary or simply too costly has been disappointing.
But given the recent track of politicians when it comes to fulfilling promises, there is a lot to be said for Reaganomics after just two years.
It has been suggested that we ask ourselves, are we better off than we were two years ago? Many Americans, after considering the declines in tax rates, interest rates and inflation, can answer yes. Others must say no. But two other questions are perhaps more relevant at such an early stage of our new economic policy:
WHERE WOULD we be now if we had continued on the course we were on in 1980? And where will we be two years from now if we suddenly reversed our economic policy at the midpoint and return to where we started from in 1980?
Something to think about.

Keeping a promise

NEWLY ELECTED DIXON County Assessor Jack Conrad of Newcastle is one candidate who kept his pre-election promise. Prior to last week's elections, Conrad promised Allen Farmer's Cafe owner Val Isom he would wash dishes for a day should he defeat his opponent. Conrad won the election and showed up with his apron on Wednesday morning. Val, who admitted she was surprised when Conrad showed up, said he managed to keep up with the dirty dishes and didn't break a one even though it was the busiest day the cafe had seen in a week. "She thought I was washing dishes," laughed Conrad, "but I was really counting plates."

WSC finishes with win

It was a hectic final week of volleyball action for the Wayne State College Lady Wildcats. They competed in the Nebraska College Conference Tournament in Kearney on Tuesday, Nov. 2, and posted a regular season win over the Lady Bruins of Bellevue College on Wednesday night in Bellevue.

The Lady Cats and first-year head coach Ernie Kovar ended their 1982 season with a 14-23-3 overall mark and a 3-11 record and sixth place in the Central States Intercollegiate Conference.

Kearney State hosted the six-team NCC tourney, in which Wayne State finished 1-2-2. Match scores included a 15-3, 15-12 win over Peru State; losses to Kearney State 15-14, 15-2 and College of St. Mary's 15-4, 15-11; and splits with Chadron State 15-10, 6-15 and Bellevue College 15-8, 9-15.

On the day, Jill Zeiss scored 22 points and Annette Reiman added 16 points, Reiman also led in assists with 26 and spiking with 14 downed spikes and five dinks. Other strong net performers were Bobbie Gierman with 12 spikes and four dinks and Diane Wachholtz with 11 kills and three dinks.

The Lady Antelopes of Kearney, ranked number two in the nation (NAIA) last week, ended the day with a 10-0 mark and the top spot. Second place went to Chadron State with a 7-3 record.

The Lady Wildcats then took the opportunity to avenge the tie with Bellevue by defeating them on their home court in four sets Wednesday, 10-15, 15-3, 15-9, 15-3.

It was a strong overall performance by Reiman, who competed in the last match of her collegiate career for the Lady Wildcats. She scored six points along with setting 12 assists and downing five spikes and two dinks.

Mary Kay Becker was leading scorer with 14 points, while Zeiss was again near the top with 13 points. She also added 11 assists on the night.

Gierman and Wachholtz were again tough on the net for Wayne, each with five spikes and two blocks.

Lady Cats' running game is promising

With another year of experience under their belts, Wayne State College's Lady Wildcat basketball team is working through its practice schedule on the way to the Nov. 18 opening of the 1982-83 season.

Head Coach Jan Jirsak, in her second year at WSC, finds both high and low spots on the squad's performance so far. "Our running game is ahead of last year, which is what we wanted to see. It makes the game more exciting for both the team and the fans," Jirsak said.

Because of the strength of the running game, some other areas are a little weaker than Jirsak would like. "The team needs as many scrimmages as possible to get out and play against some fresh competition," Jirsak said.

Veterans Maggie Alberts and Janet Lee are displaying much more confidence on the court, according to Jirsak, and that is making itself felt in their ball handling and shooting performance. "Freshman Deb Nygren has progressed much better than I had earlier expected, and will become an important player early in the season for us," Jirsak said.

With only freshman and juniors on the squad, teamwork is crucial and Jirsak said that the two groups are working in well together both on and off the court.

The Lady Cats will open their season on Thursday, Nov. 18 in the NAIA District 11 Classic at Midland College in Fremont. Wayne's first round opponent is host team Midland.

Wayne nearly upsets Roncalli

By Randy Hascall

A person could have driven across the entire state of Nebraska Thursday and may not have seen a better volleyball match than the one played in the semifinals of the Class B-3 district tournament at West Point.

Omaha Roncalli, ranked first in one state Class B rating and second behind S. dney in another, was a heavy favorite to defeat Wayne. But the Crimson Pride had to use every bit of skill and energy to turn back a gallant challenge by the Blue Devils.

After the final, hard-fought point was scored, Roncalli emerged a 15-11, 14-16, 15-11 winner. But, the Blue Devils came home winners in the eyes of their fans and their coaches Mavis Dalton and Dale Hochstein. Wayne ends the year with a 13-8 record.

"I DON'T THINK we could have played any better. Everybody did a good job and gave 100 percent. I could thank them to do anymore than they did tonight," said a disappointed but proud Mavis Dalton after the match. "We considered it a privilege to play the number one team in the state and you have to feel proud when you play them and do a good job."

Perhaps the biggest compliment of the night was paid by Roncalli coach Bill Schlueter after Thursday's match. He told

Dalton that Wayne could compete with any Metro (Omaha area) team. And Schlueter should know. After all, his team competed against many Omaha teams and suffered its only loss of the year to Millard South.

"Every aspect of our game gelled. We did everything right," said Dalton who later compared Roncalli to Sioux City North, Iowa's state champion. The Blue Devils lost to North in the South Sioux City Tournament several weeks ago.

RONCALLI'S TALLEST players are listed only as 5-9 but the Crimson Pride showed good spiking to pace a solid team performance.

The Omahans opened leads of 5-2 and 8-3 in the first set and then stretched their advantage to 11-3.

Tamie Murray's serving and some good net play sparked a rally and brought Wayne back into contention. Murray hit two ace serves and Prenger added an ace spike as Wayne scored five consecutive points, pulling to 8-11. Roncalli then pulled away for a 15-11 win.

The Blue Devils grabbed an early lead in the second set. Pam Nissen served Wayne to a 3-0 lead and Lisa Jacobsen's ace serve gave the locals a 4-1 edge.

Roncalli's set and spike game came alive

as the Omahans tied the score at 4-4. Wayne regained the serve and Murray put the Devils ahead 5-4. Karen Longe came off the bench to give Wayne the boost it needed to break away.

LONGE SCORED six straight service points while shredding Roncalli's defense. Some good net play aided in the string of points as Wayne opened up an 11-4 lead.

Roncalli picked away at the Blue Devil lead, closing in to an 8-12 score. During that span, Wayne stayed alive with numerous diving, defensive saves. Pam Nissen's ace serve finally slowed Roncalli's momentum and gave Wayne a 13-8 edge.

The Omahans kept plugging and tied the score at 13 all on ace spikes by Regina Rule and Diane Prochaska.

Deb Prenger hit an ace spike to get the serve back for the Blue Devils and Longe put the locals on top 14-13 with a service point. Roncalli came back and the two teams ended up deadlocked at 14-14.

THE DEVILS fought off Roncalli's offensive threat with a nice save by Murray and an ace block by Missy Stollenberg. Control of service switched hands seven times before Prenger nailed an ace spike for a 15-14 edge.

Trojans one win away from state

The Wakefield Trojans went into Saturday's regional playoff with an opportunity to qualify for the state volleyball tournament for the first time in seven years.

The Trojans were scheduled to meet Plainview in regional play at 7:30 p.m. Saturday in Randolph.

Not since 1975 has a Wakefield volleyball team qualified for state. That year, the Trojans defeated Creighton in a regional playoff to qualify for the Class C state tournament. Ansley knocked Wakefield from the field with a three-set win.

The Trojans won the Class C-3 district tournament Thursday night with a 15-11, 12-15, 15-6 victory over Lewis & Clark Conference champion Emerson Hubbard. Wakefield had also defeated Emerson in a previous match this season.

"We played really well and Emerson

played pretty well. We kept on offense and changed our defense to cover their tips.

Trojan coach Mary Schroeder said Emerson has really improved and we had a real battle.

Schroeder said the victory was definitely her biggest win at Wakefield. "The players worked super hard. It was the first time all year that everyone played well. The players were ecstatic and the coaches were ecstatic," she said.

The Trojans entered Saturday's state qualifying shootout with a 13-3 record. Two losses were to Laurel and the other was to Wynot. Those two teams finished as co-champions in the Clark Division and Wakefield finished third.

Wakefield hit 60 good spikes with 27 for aces. Shelly Krusemark led the attack with a perfect 24 for 24 performance and eight

aces. Kelly Greve was 16 for 17 with six aces. Brenda Jones was 13 for 15 with five aces and Renee Wenstrand hit 7 of 9 for three aces.

Leading servers were Michele Meyer with 17 of 17 for five aces, Lana Erb with a 15 for 15 performance and three aces. Jones at 11 for 12 with two aces, Wenstrand with a 9 for 9 performance and Krusemark at 11 for 14 with four aces.

The balls were set by Lana Erb who was 30 for 30 with five sets for aces and Cristy Hings who was 26 for 28 with 10 ace sets.

Schroeder said Wenstrand and Krusemark played well defensively and didn't let Emerson utilize its tips. The back row didn't let the Pirates' spikes hit the floor. "Our passing, hitting and defense was good," said Schroeder.

WSC varsity-alumni contest Nov. 13

Fans of Wayne State College basketball will see a new look when the Wildcats take the court this season, promises head coach Rick Weaver.

The first opportunity to view the 1982-83 edition of the Wildcats is Saturday, Nov. 13 when they take on former WSC players in the annual varsity-alumni basketball contest. The game, scheduled to begin at 7:30 p.m. in Rice Auditorium, is open to the public free of charge.

More than 15 alumni players are expected to be back for this year's contest, including Al Jones, Jay Bellar and Jim Reinders, all members of last year's varsity squad. Other alumni on the roster include Joe Curl (1979 grad), Paul Emanuel (1971) and Dave Schneider (1971).

While the 1982-83 Wildcats will be short on height, Weaver plans to key on the fast break and hustle at both ends of the court. "We'll be deeper at the guard position this year, and have a

Students interested in using the Career Information System should contact Lee Johnson at Winside High School.

WILDLIFE PEOPLE

Scot Curry, Mike Dietrich, and Dan Urweiler all have something in common. These three students at Laurel High School have taken an active role in bringing the Northeast Nebraska Audubon Society to our attention. All three belong to the High School Science Club under teacher, Mr. Ed Brogie. They each got interested in something they felt was very important, saving our environment.

The National Audubon Society is an unbiased organization of people concerned with the protection of our natural resources and all forms of wildlife. The Audubon Society informs Congressmen on important environmental issues and also owns, patrols, and protects thousands of acres of sanctuaries. Anyone can join if they are concerned about nature.

The Audubon Society sponsors wildlife film series held at Wayne State College. The dates for these are Nov. 15, Jan. 12 and March 14. If you are interested in joining, you may contact anyone of these three or Mr. Brogie by Cammie Crookshank.

ELEMENTARY LIBRARY PROGRAM

Laurel is one of the few schools in this area to offer an elementary library program. Mrs. Dickes has taught this program for the past four years. In first grade the children are introduced to the books in the library. As they get older the students are taught the types of books and such things as the Dewey Decimal System and alphabetical order.

Mrs. Dickes teaches first sixth graders twice a week for a half hour a day. She feels this is a very important part of learning and a class of this type should be touched on in high school. Some high school students are unaware of the importance of the library because they have had little exposure to it after elementary.

We feel that the library is a key to better education and its use is an important factor to all. By Kami Helgren

CHRISTMAS CAR GIVE-AWAY

Pontiac from
Ellingson Motors

Ford from
Arnies Ford-Mercury

Chevrolet from
Mike Perry Chev-Olds

* Cars pictured are not necessarily the car which you will win.

HERE IS HOW IT WORKS: Each week you may register in every participating store listed below for a chance to win the car. Each Monday starting November 12, one name will be drawn from each store and each winner will receive a certificate. This certificate will entitle you to a key to unlock the padlock on the treasure chest. If your key unlocks it you win a check for \$5,500.00 redeemable at the above listed car dealers towards the purchase of a new car. There are 39 stores participating, so each week there will be 39 winners and the contest will run to December 23, so there will be a total of

234 people with a chance to win the car. A person can only win one chance on the car. Starting at 6 o'clock on December 23 at the Wayne City Auditorium, all preliminary winners of certificates will exchange their certificate for a key and the key that unlocks the treasure chest wins the car. The winner has the option to accept the \$5,500 car or use it to trade for a different model. All the names will be taken to the Chamber each week so you must register each week. Nothing to buy.

BONUS

The Wayne Chamber of Commerce And The Participating Merchants Are Also Giving Away

\$1100.00 WORTH OF GASOLINE

To 11 Different Towns.

One person from each of the following towns — Allen, Carroll, Concord, Dixon, Laurel, Pender, Pilger, Wakefield, Wayne, Winside, Wisner — will receive a certificate worth \$100 of gasoline. Each week after a winner is drawn from each store, names will be sorted by town and on December 23 at 7:00 p.m. at the Wayne City Auditorium one name will be drawn from each town and that person will win \$100 worth of gasoline.
