## Reorganization bill advances

by Chuck Hackenmiller

The Class I school district reorganization bill was advanced by a vote of the Nebraska legislature to the final reading on Tuesday as it continues to pick up amendments on its way.

The bill, LB 662, cleared the first round earlier this month as the bill advanced through the legislative body. The vote to advance the bill from the first round "general file" to second round "select file" was close, 26-20, as 25 votes are needed to move the bill along.

According to a source from Senator Gerald Conway's office, the bill was advanced to the final reading (with additional "friendly" amendments which were not available for clarification at press time) by a 28-19 vote.

Conway voted to advance the bill to final reading. His aide, however, said the bill "is not the same as it started out as."

LB 662 requires all Class I school districts to merge with K-12 districts by Sept. of 1989, according to sponsors Senators Peter Hoagland, Vard Johnson, Dave Landis and Dan Lynch.

### FOUR CRITICAL amendments

had been added to the original bill prior to the proposed legislation's advancement on Tuesday — the first being that it would be prohibited to close any of the attendance centers until the individuals in that attendance center's district had approved the closing at the polls.

Second, Class I school district residents would be allowed to sue the district they merge with if the elementary school is not properly maintained. The goal of the amendment is to keep school boards from letting buildings become dilapidated so that they have to be closed.

The third amendment, passed on Monday, would allow reorganized school districts to be divided up (in wards or districts) — rather than have board members elected at large — so that fair representation of the geographic areas would be obtained. Class 3 school boards could also expand from six to nine members.

And the fourth amendment dealt with clarification regarding elections authorized before grade school in a Class I merger can be closed by the larger reorganized district. The reorganized board, or petitions sign-

ed by 20 percent of the electors in the Class I district, would constitute the election.

Select file, the second debating and voting stage of the bill among the full body of legislators, was carried out. If the bill is passed at the final reading, then it goes to Governor Kerrey for consideration. Kerrey would have five days to decide on what to do with the bill.

According to the bill's sponsors, a farm family residing in a Class I district may bear significantly less property tax than a farm family residing across the fence line in a Class III district.

"The quality of education for the children of the two farm families may be substantially identical. Yet the family in the Class III district pays a significantly higher price than the family in the Class I district," the sponsors say.

Opponents argue that there are reasons for the lower taxes — primarily because of volunteer aides, those who provide volunteer labor at the school, and parents that drive their children to school instead of using bus transportation services.

## Busy two days

THE WAYNE Volunteer Fire Department answered three area calls and a mutual-aid call from Carroll on Monday and Tuesday of this week — all but one of the fire calls relating to grass fires. The first call came Monday afternoon as a trash barrel fire ignited dry grass on the Mark Larson property west of Wayne. Later in the afternoon another grass fire broke out near Fredricksen Oil Co. north of Wayne. Early Tuesday morning firemen were called to the scene of a car fire at the Derby Station located near Pamida in Wayne. The car, belonging to Eric Brink, started near the pumps at the service station but was pushed immediately to the Pamida parking lot. Tuesday afternoon, Wayne firemen answered a mutual aid call from the Carroll Volunteer Fire Department to extinguish a grass fire on Mrs. Vermont Nelson's property south of Carroll. Above, a grass fire near the Larson residence.

## Goldenrod reports to county

Goldenrod Hills Community Action Council's annual report was submitted to the Wayne County Commissioners on Tuesday during the commissioners' regular board meeting.

According to Donna Clark of Goldenrod Hills, the local dollars spent in Wayne County was \$107,850. The grand total local dollars spent in Wayne County, which also includes the salaries of five employees (\$28,036) was \$135,886 and the final total — dollars, salaries and vouchers — was \$169,823.

There were 37 homes weatherized in Wayne County through programs offered by Goldenrod Hills. The number of people participating in the WIC (Women, Infant and Children) program in Wayne County totaled 1,155 individuals.

Goldenrod Hills serves 12 counties, including Antelope, Burt, Cedar, Cuming, Dakota, Dixon, Knox, Madison, Pierce, Stanton, Thurston and Wayne.

The grand total dollars, salaries and vouchers for Cedar County was \$129,337 and Dixon County's total was \$55,862.

Grand total dollars spent by

Goldenrod Hills in 1984 was \$2,037 million. There were 649 total homes weatherized; 15,057 total elderly meals served; 16,306 WIC participants; and 214 Head Start participants last year. The 1984 report revealed.

ALSO ON Tuesday, it was decided by the county commissioners to open up for bids the purchase of gravel for county road maintenance. Several gravel operations will be contacted and a public notice will be filed.

Frank Killy, bridge foreman for Thurston County, has asked the Wayne County Commissioners for permission to remove a bridge off of a closed road two miles north, two east and one south of the Hwy. 16 and 35 junction in Wayne County.

The bridge will be used by Thurston County to replace parts of a bridge which were damaged during an automobile accident. A decision on the removal will be made at the next commissioners' meeting.

Also, the middle of April is when 4-H junior leaders plan to plant trees to replace those that were removed

from the Wayne County Courthouse grounds. According to Mary Temme, from the county extension office, the planting "will start in the next few weeks" and be in conjunction with Arbor Day.

Bids were considered for pest control of the courthouse and jail. Lystad's of Omaha, Olson's of Norfolk and Orkin of Sioux City submitted bids.

The commissioners decided to table discussion until bids for bi-monthly rather than monthly spraying are resubmitted.

County Government Day is scheduled for today (March 21) at the Wayne County Courthouse. Students from Wayne-Carroll High School and Winside High School will participate in the event.

On that particular day, students will be administering an oath of Office by Judge Finn and will accompany county officials to the respective county offices.

After lunch at the Wayne Vets Club, the students will return to the county courtroom to hear a presentation by Al Walton and Judge Finn.

## Hefner visits with Reagan on crisis

District 19 State Senator Elroy Hefner of Coleridge was one of about 100 lawmakers from around the nation to meet with President Reagan on March 11 in Washington, D.C. on questions concerning the farm crisis.

"I was pleased and honored. Yet I was somewhat disappointed," Hefner said in his weekly newsletter.

"Due to the death of the Soviet Union leader, the President was unable to meet with us for the full 60 minutes he had originally promised. He did address us for 10 to 15 minutes but did not answer any questions concerning the farm crisis," Hefner said.

"He referred them [the farm crisis questions] to Secretary of Agriculture John Block and Budget Director David Stockman," he said.

Hefner said he asked Stockman why the Department of Agriculture has to take a 37 percent cut in its budget while other domestic cuts are less. "I told him that agriculture is

willing to take its fair share of cuts to reduce the deficit, but that large of a cut could cause a severe hardship."

Stockman's reply, Hefner said, was that the ag budget had been increasing faster over the past several years than some of the other departments.

Hefner said Block's comments were that there is now \$650 million in the debt restructuring program for farmers and more money is available if needed. "When I asked him how much he said as much as \$2 or \$3 billion if needed."

This would be in the form of loan

guarantees to financial institutions. "Another encouraging aspect, Hefner said, was Block's comment that he would seek changes in the law that requires half of all United States grain exports to be carried in U.S.-owned ships. That law cost wheat producers 80 cents a bushel in higher shipping costs.

"I was told by the three Nebraska House representatives that FmHA will process all applications for farm operating loans in Nebraska by planting time," Hefner said.

"All in all, I feel it was a good meeting and I am glad I went."

## Backstroms salute the pork industry

by Chuck Hackenmiller

Prior to 1977, Verdel Backstrom had been a manager of a branch office of Dial Finance Corporation

located in Minneapolis.

Today he is president of the Wayne County Pork Producers. His partnership hog operation is located southwest of Wayne.

Backstrom, age 39, and his wife, Virginia, moved to Minneapolis in 1966. "We wanted to see if it was green on the other side of the mountain — to try something different," he said.

He and his family returned 11 years later to properly locate less than a quarter-mile south of the farm where he grew up — owned by his father, Lawrence Backstrom.

"I knew this place was for rent. I thought if I didn't do it now [start farming] then soon I would be getting to old to start," he said.

Starting out farming with a share-type agreement, with his father, Backstrom has worked his way up the ladder. This arrangement, he said, "was about the only way to really get started. The other way [getting financing from other sources] would have been financially impossible."

His first livestock on the farm were a few hogs. Since then the hog numbers have grown "many many times."

In 1982 he went into a 50-50 partnership on the hog operation with his brother, Perry. Currently, they are farrowing to finishing approximately 800 year of hogs a year. He, his brother and father each have a share in the 135 stock cows that began calving yesterday.

BACKSTROM RENTS the 220 acres where his farm is located and also rents another 160 acres a mile south of his home. Nearly all of the

## Ambulances meet state inspection

Ed Craren of the State Health Department's Division of Emergency Medical Services recently inspected the Allen-Waterbury Rescue Squad and the Wayne Rescue Squad.

He said both rescue units meet or exceed the requirements for state licensure.

Items inspected include the ambulance equipment, recordkeeping, maintenance, sanitary procedures and personnel training.

Wayne service records for 1984 show that the 20 certified emergency medical technicians attended to 150 emergency calls and 50 transfer calls in the Wayne area.

Records for Allen-Waterbury Rescue Unit in 1984 showed that 20 certified emergency medical technicians attended to 39 emergency calls and three transfer calls in the service area.

Ambulance inspections are required by a Law passed by the 1975 Legislature to assure that ambulance services and rescue squads in Nebraska have the capability to provide quality emergency medical care for victims of accidents or sudden illness.

## Promoting U.S. pork

Wayne County Pork Producers was formed in 1981 when it was felt there were enough interested pork producers in this area to support its own organization, according to Verdel Backstrom, president of the Wayne County Pork Producers.

Prior to 1981, the organization was associated with the Northeast Nebraska Pork Producers.

Membership in the Wayne County Pork Producers consists of active, associate, honorary and advisory members. In 1985 the membership roll is 165 active members, 85 associate members and an advisory staff consisting of Don Spitz (Wayne County Extension Agent) and Mike

Brumm of Wayne, swine specialist with the Northeast Nebraska Experimental Station in Concord.

The purpose of the organization is to:

- Promote production and consumption of meat-type pork.
- Promote and encourage producer use of production records.
- Promote cooperation of all industry related groups.
- Recommend and support pork research.
- Develop and carry out educational pork programs at the adult and junior levels.

See PORK, page 10a

## Lobbying for producers

Northeast Nebraska Livestock Feeders Association includes the Counties of Dixon, Wayne, Thurston and Dakota. The Association is affiliated with the Nebraska Livestock Feeders Association and the National Cattlemen's Association.

Purpose and objectives of the organization, according to the constitution, is to do the following:

- Provide the livestock feeders of Dixon, Wayne, Thurston and Dakota Counties with a trade association to represent their interests in matters affecting the feeding business.
- To declare policy on matters or problems confronting the Livestock Feeding Industry at the county, state and national levels, and to transmit such policy determinations to the Nebraska Livestock Feeders Association and the National Cattlemen's Association.

"To use the influence of the Association toward correcting problems affecting the livestock feeding business.

"To promote the importance of the Livestock Feeding Industry and build and maintain the necessary goodwill that will encourage both public and governmental recognition of the Association and its members.

"And to disseminate information, through meetings and other activity, that will be beneficial to the membership in the conduct of their businesses.

The Association represents the feeders of cattle, hogs and sheep on the local and state level. On the federal level, the Association represents only the cattle.

There are currently 154 members

## Marketing program today in Laurel

Cedar County swine producers and other agribusiness persons are invited to attend a marketing program today (Thursday) at 1:30 p.m. in the Laurel city auditorium.

Speakers will include a UN-L economics specialist, an accounting executive, and an area packer. They will address such topics as a marketing plan for pork, new ag options, and the Pork Lean Program grade and yield.

Presentments will be served following the program, which is jointly sponsored by the Cedar County Pork Producers Association and the Cooperative Extension Service.

## Herald receives award

A photograph, taken by Wayne Herald sports editor Jackie Osten, took first place honors for "Best Action Photo" in a contest sponsored by the Nebraska Softball Association. The award was presented at a special softball association banquet in Kearney Sunday evening.

The photo, which appeared in the July 2, 1984 edition, shows a member of the Wayne girls 18 and under team (Karen Longe) tagging out a runner at second base.

## Open house at Allen Fire and Rescue

The Allen Volunteer Fire Department and Rescue Squad is sponsoring an open house on Saturday, March 30 from 2 to 4 p.m.

The public is invited to view new equipment which was purchased by the Allen Fire and Rescue Squad with funding made possible through the matching funds program of the Aid Association for Lutherans branches of St. Paul's Concord, and Trinity Lutheran, Warrington.

The two branches, in cooperation with the Fire and Rescue Squad raised \$4,988, with matching funds from AAL bringing the total to \$9,976.

The money was used to purchase 12 Motorola pagers, one Ked Extraction Device, two scoop stretchers, six Philadelphia collars, 28 firemen helmets, four pairs of firemen boots, 15 protective firemen coats, one air tank, 24 pairs of rubber gloves, one hand light and two batteries.

## Farm Bureau sponsoring supper

The Dixon County Farm Bureau is planning a pancake, sausage and egg supper in the Allen School auditorium on Saturday, March 23, with serving from 6:30 to 8 p.m.

Presenting special musical entertainment will be members of the Allen School swing choir. Bryce Neldig of Madison, Nebraska, Farm Bureau President, will speak at 8 p.m.

Tickets, which are \$2 for adults and \$1 for youngsters ages five to 12, may be purchased at the door, or at the Farm Bureau office in Allen.

## Birthday party

Post 252 Legion and Auxiliary members will sponsor a birthday party for the Legion on April 2 at 6:30 p.m. The event is open to all Legion members and spouses and all Auxiliary members and their spouses.

## Chamber drive

The Wayne Chamber of Commerce will be having a membership drive beginning March 25 and running until the end of the month. Members of the board of directors will be contacting prospective members and giving them a detailed explanation on what the chamber is and what its future plans are.

The theme of this year's drive is "Your Chamber of Commerce, Making the Difference," and the presentation to the prospects will show the ways in which the Wayne Chamber is a benefit not only to the individual businessman, but to the community as a whole.

If you would be interested in learning more about the Chamber of Commerce, and wish to have a visit from one of the board members, please call the chamber office, 375-2240.

## Daffodil campaign underway

Residents are encouraged to celebrate spring this year by joining in the American Cancer Society's second annual daffodil campaign on Friday, March 29.

Clubs, organizations, individuals and churches are encouraged to take part by ordering fresh daffodils from American Cancer Society representative Connie Hall, 375-3029 or 375-1541.

Hall said cost of the daffodils is \$6 for a bouquet of 10 flowers, \$10 for a bouquet of 20, \$12.50 for a bouquet of 25, and \$25 for a bouquet of 50.

Funds raised during the campaign are used to help pay for education and service programs in Nebraska as well as support the American Cancer Society's national research efforts.

## Board of Trustees scholarship

Lori Baker, daughter of Mr. and Mrs. Burnell Baker of Wayne, and Tammy Brudigan, daughter of Mr. and Mrs. Billie Brudigan, were Nebraska high school seniors selected to receive Board of Trustees of the Nebraska State Colleges scholarships to attend Kearney State College. It was announced recently by Joe Bird, assistant director of financial aid.

The scholarships, which cover tuition cost, amount to approximately \$3,200 over a four-year period.

## Baddorf Awarded Gleason Scholarship

Linda J. Baddorf, daughter of Mr. and Mrs. Richard Kessler of Omaha, was recently awarded the \$500 Mary Lou Gleason Memorial Scholarship for the 1985/86 fall semester at Wayne State College.

The Mary Lou Gleason Scholarship was established through the Wayne State Foundation in memory of Mary Lou Gleason, a 1930 Wayne State College graduate. The scholarship is awarded annually to an outstanding Wayne State College student majoring in education, based on scholarship, character and promise as a college representative.

Linda is a 1972 graduate of Omaha-Northwest High School and is a junior majoring in elementary education. She received a B.S. degree in 1974 in community service counseling at Wayne State College.

## Wayne State graduates have success in job search activities

Considering the current economic conditions, graduates of Wayne State College during the past year were "reasonably successful" in their job search activities, said Dr. Bob Lohrborg, director of housing and placement at WSC.

Business majors were employed at a 92 percent acceptance rate with 75 percent of those students remaining in Nebraska, Lohrborg said.

Entry level salaries ranged as high as \$25,000 with an average starting salary of \$14,514, he added. Accounting, data processing and some management majors took employment with such companies as Touche-Ross; Peat, Marwick, Mitchell & Co.; Mutual of Omaha; Electronic Data Processing; National Bank of Omaha; the U.S. Department of Justice; Valmont Industries; and others.

Additional management and marketing majors were employed by such companies as Oco Drug, K

mart, ShopKo, Pamida, Wal-Mart and many others.

"Job placement is important to our division," said Vaughn-Benson, division head of business. He said the Division of Business also does placement work along with the WSC Placement Office. "We recently sent out resume packets to over 300 firms, and we are now doing research on the employment practices of these firms."

WSC teacher education majors were successful at the 87 percent acceptance rate with 82 percent remaining in Nebraska, according to Lohrborg. Their entry level salaries ranged to a high of \$15,860 with an average starting salary of \$13,500. Many of these positions were in Northeast Nebraska, which included Columbus, Norfolk and South Sioux City. Positions were also taken throughout the state and in Iowa.

## Winside students qualify for state speech contest

Winside High School's speech team tied for second place in districts and will send seven members to state competition this coming Saturday in Lincoln.

The District C-8 Speech Contest took place on March 13 at Wayne State College. Winside's team tied for second place with Ponca. Emerson Hubbard was first among eight teams in the competition.

Winside students qualifying for state are Tracy Topp, poetry; Trisha

Topp, serious prose; Julie Warnemund, humorous prose; Tam Jenkins, extemporaneous; and Kerri Leighton, Leah Jensen, Mike Gable and Tracy Topp, oral interpretation of drama.

These students needed to place first or second in order to qualify for state.

Other participating students were Christi Thibe, Kim Dammie, Kathy Leighton, Cindy Berg, Kristi Serven and Deanna Willis.

### Chester Jones

Chester Jones, 98, of Santa Ana, Calif. died Sunday, March 17, 1985 in Santa Ana.

Memorial services were held Wednesday, March 20 at Fairhaven Memorial Park at Santa Ana. Rev. Dr. Harold Leestma officiated.

Chester A. Jones was born near Osborne, Kan. on Dec. 11, 1886. He graduated from Wayne State Teachers College with a bachelor of science degree in 1910. He did graduate work at the University of Nebraska-Lincoln. He married Lola Kourhly, Madison County school teacher, on Aug. 24, 1911. He taught and served as school superintendent at Allen, Lynch, Laurel, Orchard, Winside and Belden. He retired from teaching in 1936 due to retinal detachment in both eyes. He launched a successful poultry medication manufacturing business in Los Angeles. After his retirement, the firm expanded into veterinary supplies under direction of a daughter, Maxine.

Survivors include his wife, Lola of Santa Ana, Calif.; four daughters, Mrs. Roba Kirk of Elk Grove, Calif.; Maxine of Santa Ana, Calif.; Mrs. Fred (Anna Floy) Brandes of Sacramento, Calif.; and Mrs. Harry (Shirley) Johnson of Garden Grove, Calif.; one son, Stanley of Anaheim Hills, Calif.; one sister, Mrs. Joe (Anna) Carr of Allen; 11 grandchildren; and 16 great grandchildren.

### Theresa Wiese

Theresa Wiese, 85, of Omaha died Thursday, March 7, 1985 at Omaha. Services were held Monday, March 11 at the Immanuel Lutheran Church in Omaha.

Theresa Wiese was born Aug. 23, 1899. She married George Wiese. She lived in the Winside and Stanton area until 1946 when they moved to Omaha where she had resided since.

Survivors include two daughters, Mrs. James Troba of Omaha, and Mrs. Lawrence Schwanke of Watertown, Wis.; one son, Arnold of Omaha; eight grandchildren; 21 great grandchildren; and one brother, Louis Voss of Blair. She was preceded in death by her husband, George; three brothers, Ferdinand Voss; Charles Voss and George Voss; and one sister, Bertha Wendt. Burial was in the Stanton Cemetery.

### Helen Swihart

Helen Swihart, 72, of Grants Pass, Ore. died Saturday, March 16, 1985. Services were held Monday, March 18 at the First Methodist Church in Grants Pass, Ore.

Helen Swihart is the daughter of William and Maile Bernhardt Voss, was born Jan. 19, 1913 at Hoskins. She attended Hoskins Public School and graduated from Norfolk High School. She married Charles Swihart on June 7, 1941 at Bell, Calif. She served as Postmaster in Hoskins for several years. She lived in Hoskins until moving to California in 1939.

Survivors include her husband; one daughter, Mrs. Jim (Jolene) Wilson of Rowland Heights, Calif.; one son, Mark Swihart of Santa Maria, Calif.; four grandchildren; four sisters, Mrs. Herman (Frieda) Opfer of Hoskins, Mrs. Kenneth (Dorothy) Erickson of Palmdale, Calif., Mrs. Fred (Verna) Key of Mesa, Ariz. and Esther Cole of Van Nuys, Calif.

She is survived by her husband, Leonard; two sons, Mike of Anstlow, Iowa and Marc of Scotch Grove; nine grandchildren; two brothers, Francis of Ackley, Iowa and Laurence of Chapman; and three sisters, Mrs. Reynold (Adella) Loberg of Wayne; Mrs. Joseph (LaVerne) Benowitz of Ackley, Iowa and Mrs. Herbert (Marceline) Harrison of Stockton, Calif.

She was preceded in death by a brother and a sister.

## MEAT IS A REAL BARGAIN IN THE U.S.A.

"My bill at the grocery store last week was \$137. If I had five kids and a hungry husband at home, that wouldn't have been too bad. But I thought it was a terrific price to pay for food for three people."

"I was home stashing my supplies in the cabinet when a friend came over. In the midst of my singing the grocery store blues, she commented, 'Oh well, you probably bought a lot of meat.'"

"She didn't know that we have a half of beef in our freezer. The \$137 went for flour and sugar and canned goods and cabbage, but not for meat. But her comments piqued my interest. Her opinion is a popular one. Most people blame their high grocery bills on the "high" cost of meat."

"I decided to do some comparative pricing next time I went shopping. I found that the same grocery store that sells Beef Loins for 16 cents an ounce charges 31 cents an ounce for halibut steak and 37 cents an ounce for lobster. Something was starting to smell a little fishy."

"I like good home grilled hamburgers, so I decided to find out what they were really costing. Ground beef was a bargain at 7 cents an ounce, but the accompanying catsup, mustard and mayonnaise retail for 6, 16 and 9 cents an ounce. Ouch!"

"In the next aisle, peanut butter was selling for 13 cents an ounce... and an ounce of crackers to go with it cost 26 cents. The new sugar-free Jell-o is selling like hotcakes, at the prohibitive price of \$1.36 an ounce. And corn chips at 90 cents and cheese puffs at 98 cents could sure run the bill up quickly."

"Prepared breakfast cereal was selling for 18 cents an ounce, 4 cents more than the cost for an ounce of choice sirloin steak. Beef was looking like a better buy all the time! I was glad I didn't like steak sauce when I found it would cost 23 cents an ounce to put sauce on my 14 cents steak."

Loan chances improve with Reserve move

There is some hope now that hard-pressed farmers may have a little more success in getting their loans for the spring planting season.

For many years, the Federal Reserve has made short-term loans to farm banks that experience seasonal fluctuations in deposit flows and loan demands.

Unfortunately, some farmers still won't be able to qualify for loans because of heavy indebtedness.

Bureau of Reclamation (BOR) officials are eager to get started on the groundwater recharge demonstration projects authorized by a bill introduced in the 98th Congress.

The Bureau is seeking a strong partnership with the states as it implements the program.

The Groundwater Recharge Demonstration Act authorizes a minimum of 21 artificial groundwater recharge demonstration projects throughout the arid and semi-arid states of the Midwest and West.

If groundwater recharge turns out to be viable, it can be expanded by retrofitting — by adapting the concept to existing BOR irrigation projects.

Eat and meet? After reading an article in a recent Wayne Herald on the last ESU meeting, I see where members voted to cut back on nursing services.

Maybe they need to think about controlling the cost of the meals (close to \$100 worth of taxpayers expense) they have each month before their meeting.

Is this necessary? I think not. It seems to me a cut should be considered here before nursing or at least along with nursing services.

I understand that some board members have to drive several miles to attend the meeting, however, no one forced them to run for that position and there are such things as pack lunches or fast food restaurants.

Central America Please publish the following letter which I have sent to our Congressmen concerning United States policy in Central America.

We Missionary Benedictine Sisters deplore our Administration's pursuit of military solutions to the complex problems of our neighbors to the south, thereby creating another Vietnam situation.

Vote to end the massive military aid and construction program in Honduras. This nation is being used as a launching pad for interference. Also vote to cease U.S. military exercises near Honduran borders.

Vote against military aid to the government of El Salvador which is unable to keep its own army from inflicting death squads, bombing and strafing civilians with napalm and white phosphorus. No free fire zone!

citizens and corporations, which violates the Neutrality Act.

Urges the Administration to support the Contadora process pursued by Mexico, Venezuela, Colombia and Panama in order to demilitarize Central America.

On the home front, urge the Administration to respect refugee status for Central Americans fleeing persecution and to end harassment of those who offer sanctuary to them.

Insist on fair presentation of fact by the Administration, rather than quoting Bible verses out of context and simplistically blaming the turmoil in Central America solely on Nicaragua, Cuba, and the Soviet Union, substituting violence for more creative solutions.

Behind the scenes Some items of interest of how the government has, does and will get involved in agriculture behind the scenes.

In 1963 President Kennedy authorized selling four million tons of wheat to Russia. Michael Fribourg of Continental Grain sought to be in on this grain sale.

On June 11, 1971 President Nixon ended the 50-50 shipping requirement. Jay Lovestone, International affairs director for the AFL-CIO who in 1963 shouted "Let the Russians Starve" apparently decided that 50 percent of nothing was nothing.

Another item of interest was the idea of barter. You remember the cry, a bushel of wheat for a barrel of oil. Was this idea ever explored?

idea of barter. You remember the cry, a bushel of wheat for a barrel of oil. Was this idea ever explored?

Reliable sources reported he had raised the possibility of trading wheat for oil and Bresheev expressed considerable interest.

Russia was the largest single nation oil producer in the world. Their daily output of 9.8 million barrels a day was more than even Saudi Arabia produced.

The question remains, why did Kissinger hold fast to his idea of demanding the Russians trade us their oil at a discounted price?

These are only a couple of the (how many thousands) ways the government is involved with agriculture behind the scenes.

CLAUDIA ADAMS, R.N., displays the new computerized treadmill stress testing machine recently purchased by Wayne Family Practice Group. In the photo at right, Paul Otte of

Wayne demonstrates the treadmill under the supervision of Dr. Willis Wiseman.

## Preventive medicine

# Wayne physicians expanding diagnostic cardiac services

Area residents with heart conditions can now be evaluated closer to home through the use of a new and sophisticated treadmill recently purchased by Wayne Family Practice Group PC.

Dr. Willis Wiseman said in addition to stress testing on the treadmill, the machine provides another primary function through Holter monitor testing.

The Holter monitor is a battery operated device which patients wear a designated length of time for round-the-clock monitoring, principally to diagnose and evaluate irregularities of the heart better known as cardiac arrhythmias.

The tapes are then scanned and interpreted through a computer located in the machine for use not only by the Wayne office, but for outlying offices as well.

"This enables us to diagnose and evaluate more kinds of heart problems here, locally, rather than referring our patients out of town," pointed out Wiseman.

Previously, added the doctor, the

nearest locations for testing of this type were in Sioux City or Omaha.

WISEMAN SAID the new stress testing machine also has the advantage of being fully computerized and capable of utilizing several pre-programmed protocols for administering various stress tests.

"For instance," said Wiseman, "we would administer a different test for someone who has just had a heart attack than we would for someone who wants to know if he is in good enough shape to hit the racquetball courts."

Wiseman emphasized that the new machine, which has been in use since last December, not only allows doctors to evaluate patients closer to home, but is a form of preventive medicine as well.

His office plans to offer additional diagnostic cardiac services in the future.

DR. JAMES LINDAU, also associated with Wayne Family Practice Group, cited various statistics emphasizing the importance of the

new treadmill machine to detect heart conditions.

According to Lindau, coronary artery disease (blocked arteries to the heart muscle) is the leading cause of death in industrialized countries.

Lindau added that 38 percent of all deaths are caused by heart disease, compared to 21 percent of deaths due to cancer and 8 percent due to strokes.

Of that 38 percent, nearly two-thirds of the deaths are caused by coronary artery disease.

Lindau added that an estimated 1,000,000 heart attacks occur each year, totaling nearly \$60 billion in medical costs and disability.

LINDAU POINTED out that the types of testing used to diagnose coronary artery disease include a 1) resting electrocardiogram; 2) coronary arteriogram (heart catheterization); 3) treadmill stress testing.

Although heart catheterization is the best means for absolutely demonstrating blocked arteries, Lindau said that because of its risks and

costs it can't be used for all patients to screen for coronary artery disease.

The disadvantage of the resting electrocardiogram, added Lindau, is that patients often have significant blocked arteries even though the reading appears normal.

The treadmill stress test, which Lindau says fills the gap between the other tests, measures the response of the heart to exercise and can indicate blocked arteries that would otherwise not show up in a resting state.

LINDAU SAID stress testing is used to evaluate patients with chest pain, to evaluate patients following a heart attack and/or coronary artery bypass surgery, and to evaluate patients over 35 years of age prior to undergoing a vigorous physical exercise program.

He added that persons at high risk for coronary artery disease should also be tested. They include smokers, persons with diabetes, high blood pressure or high cholesterol, and persons with a positive family history.

### Area twirlers receive honors

Area twirlers received honors in the Miss Majorette of Nebraska Pageant held March 16 in Elkhorn.

Kay Damme, six-year-old daughter of Mr. and Mrs. LeRoy Damme of Winside, was named runner-up beginner Miss Majorette of Nebraska and received a large trophy. She also received a second place trophy in the beginner strut division of the open contest held the same day.

Kay's sister, 16-year-old Kim Damme, placed fourth in the advanced Miss Majorette of Nebraska Pageant. She also received a large trophy.

Judging was based on twirling skills, strutting, modeling, and interviews. Angela Freeman, seven-year-old daughter of Mr. and Mrs. Dwayne Freeman of Laurel, won two fifth place medals for beginner solo and novice basic strut. Becky Ostercamp, seven-year-old daughter of Mr. and Mrs. Larry Ostercamp of Wayne, also participated in the contest.

The girls are all students of Eileen Damme of Winside.

### Pops concert at Allen School

The Allen music department, under the direction of Mr. Bell, will present a pops concert tonight (Thursday) at 7:30. Admission is \$1.

Among the groups performing will be the concert band, jazz band, elementary band, concert choir, junior high singers and swing choir.

### Bake and Take Days scheduled

Members of Wayne County 4-H and Home Extension Clubs will participate in Bake and Take Days on March 22-24.

Both groups will be baking their favorite wheat products and delivering them to the elderly, shut-ins or special friends.

The personal visit is an important part of the observance. In addition to the fresh-baked items, recipients will be provided with a pamphlet containing recipes that will enable them to make goodies in their own homes.

Bake and Take Days is an annual celebration sponsored by the Nebraska Wheat Board the fourth weekend in March.

### Laurel church plans bake sale

Immanuel Lutheran Church in Laurel will hold a bake sale and lunch on Saturday, March 23 in the Laurel city auditorium. The event begins at 10 a.m.

The lunch menu includes hot turkey sandwiches, taverns, salad, pie, rolls and drink.

### Belden woman marks 90th year

K. Draper, Mrs. Cyril Smith, Mrs. Arlene Graham and Mrs. Joe Lange.

Mrs. Ayer also entertained guests March 11 in honor of the occasion. Guests that day included Mrs. Elmer Munter, Mrs. Mildred Swanson, Mrs. Freda Swanson of Laurel, Mrs. Joe Lange, Mrs. Nellie Jacobson, Mrs. Maud Graf, Mrs. Bertha Heath, Mrs. Clyde Cook, Mrs. Ethel Pederson and Mrs. William Eby. Mrs. Freda Swanson baked and decorated the birthday cake.

### Awarded Board of Trustees scholarship

Melissa Wilbur, daughter of Mr. and Mrs. Ellis Wilbur of Dixon, was recently awarded a Board of Trustees scholarship to attend Wayne State College.

Board of Trustees scholarships, which provide full tuition for four years at WSC, recognize the outstanding leadership and scholastic achievements of high school seniors throughout Nebraska. The awards are based on high school academic records, college entrance examinations and written recommendations.

Melissa will be a 1985 graduate of Newcastle Public School, where she is active in band, choir, jazz band, track, basketball, cheerleading, Booster Club, Letterman's Club and National Honor Society. She plans to major in music at Wayne State.

### Laurel music students performing

Fourth through sixth grade students at Laurel-Concord School will present a musical on Tuesday, March 26. The program is under the direction of Mrs. Claudia Dvorak, vocal instructor.

The public is invited to attend the dress rehearsal at 2:15 p.m., or the evening performance at 7:30.

### Receives Park Service award

Janice Wobbenhorst, formerly of Belden, is the recipient of the National Park Service Midwest Regional Director's Safety Achievement Award for 1984.

The award is given each year for outstanding contributions to the National Park Service in the protection of employees and visitors in the Midwest Region. The Midwest Region is headquartered in Omaha and includes the states of Nebraska, Kansas, Missouri, Iowa, Illinois, Indiana, Michigan, Ohio, Minnesota and Wisconsin.

Wobbenhorst, daughter of Mr. and Mrs. Robert Wobbenhorst of Belden, graduated from Belden High School and Wayne State College.

She received her master's degree from Indiana University. She is a park ranger with the National Park Service and has been stationed at Indiana Dunes National Lakeshore in Chesterton, Ind. for the past six years. As part of her duties she serves as the Lakeshore's safety officer.

## 'Putting on the Ritz'

THE WAYNE Community Hospital Auxiliary raised approximately \$1,200 during its second annual style show held Sunday in the city auditorium. "Fashion Silhouette II" was the theme of the event, which organizers estimate was attended by over 300 men and women. Entertainment during the afternoon featured musical selections by members of the Wayne-Carroll High School swing choir (far left photo) who also modeled garments. The program also included entertainment by the Norfolk Dance Center under the direction of Mindy Muhs with her Wayne classes in ballet, tap and acrobatics. Among the many models "Putting on the Ritz" (center photo) were Lyle George and Judy Sorensen. Another young model, at left, isn't quite so sure of herself. The show featured garments from various Wayne businesses. Proceeds will be used to purchase equipment at Providence Medical Center.

## Wayne State bats swinging in split with USD

The Wayne State baseball team can adopt the motto "have bats, will hit" after turning out a top-notch hitting performance in a doubleheader split with the University of South Dakota Monday afternoon in Wayne.

The Cats belted 16 hits enroute to scoring a 16-6 five-inning win over the Coyotes in the opener and logged eight more in a 9-8 loss to USD that went the full stretch.

The split moved WSC's season record to 6-11 going into a three-game series at Peru State tomorrow (Friday) and Saturday, March 22-23. The Wildcats will play a single game beginning at 3 p.m. Friday and a twinbill on Saturday, starting at 11 a.m. Action on the road will continue on Tuesday, March 26 when the Cats take on Creighton University for a doubleheader.

**SENIOR OUTFIELDER** Kurt Brosamle blasted a grand slam home run in the bottom of the fourth inning with one out as the Wildcats scored eight runs to break a 5-5 tie and go on to take the victory in five innings. WSC collected three additional runs in the bottom of the fifth after holding USD scoreless to account for the 10-run rule win.

The Wildcats jumped to a 2-0 lead after the first inning on runs scored by Jeff Strain and Pete Saccone before USD came back in the top of the third inning and gained control of a 4-2 score. USD's Mark Handel ripped a home run with one man on to account for two of the inning's runs.

WSC came back with three runs of their own in the bottom of the inning when both Gregg Cruickshank and Kurt Brosamle rapped off doubles to bring Saccone and pinch runner Paul Calvert across.

After USD evened the score in the fourth, Wayne State exploded for eight runs, led by Brosamle's grand slam. Joining Brosamle with a base hit or better were Pat Salerno with a double and Dale Clayton and Jeff Strain with singles.

USD put two men on base in the top of the fifth before they were shut down with three straight outs. The Cats went on to add a triple by Cruickshank and a double by catcher Jeff Scharn to tack on three runs and score the win.

Junior Dave Lang went the distance on the mound for WSC to gain his first win of the year against three losses. He gave up four walks while striking out four USD batters and gave up six runs.

Pitcher Bob Truethson took the loss for the USD Coyotes in their season opener. Cats tallied 16 hits in the game, led by Brosamle with a 3 of 4 performance which included a home run, double and single base hit. Team mate Pete Saccone was 3 for 3 with a trio of base hits. Gregg Cruickshank was 2 of 3 with a triple and double and Pat Salerno was also 2 of 3 with a double and single.

**WAYNE STATE** was unable to hold off a USD charge in the late innings of the second game as the Coyotes evaded the score with a 9-8 win for their first victory of the season.

Trailing 6-1 going into the sixth inning, USD loaded the bases and scored one run on three singles and a base on balls with no outs. The Wildcats gave up an error by the shortstop on a double play situation to keep the Coyotes scoring drive alive and they added six more runs to take a 7-6 lead going into the bottom of the inning. Starting pitcher Mark Pragnitz was relieved by Jeff Strain with no outs in the inning.

USD added another run in the sixth to widen their lead to 9-6 going into the last inning. The Cats score a pair of runs but fell short in their comeback bid.

Strain was credited with the pitching loss. He was relieved by Dennis Vollmer in the seventh inning.

Senior Jeff Scharn led WSC's hit

ting with three hits in three at bats, including two triples and a single. Pete Miller went 2 for 4 with a double and single for the Cats only other base hits.

"We hit well in both games. Kurt (Brosamle) did a really good job for us going 7 for 7 on the day with eight RBIs and his grand slam," said WSC Coach Lenny Klaver. "Hitting has been good for us so far this season. I have no complaints at all."

Klaver pointed out that the difference in the first and second game occurred in the sixth inning when the Cats missed their double play opportunity due to an error. "Instead of having two outs and only one run scoring, we ended up with no outs and two runs scoring with runners still on base," he added that the Cats only committed two errors in the games but the second one proved to be crucial.

**LOOKING TO** Peru State, Klaver said that the Bobcats are a fairly young club, but while they have an experienced player at shortstop, team depth might be a question on the young team. "Peru State is a decent club and we'll have to play our best to get games from them this weekend."

"Compared to last year at this time, we were 1-13, and now we are 6-11. We have played some tough teams so far this season and at this point, I don't think we are doing too bad," Klaver said. "When we get down into the stretch and start playing the schools in our district, we should be right up there near the top with Kearney State."

WSC'S MIKE HOFFART launches a triple in the second game against USD.

## Wayne softball league meeting

The Wayne men's and women's softball league will be holding meetings in the coming week in an effort to organize the upcoming 1985 season.

The women's softball league will hold a meeting of the team captains to elect board members on Monday, March 25 at 6:15 Lincoln in Wayne, beginning at 7:30 p.m.

Those women interested in playing softball but do not have a team should call Dawn Creamer at 325-4262 to get their name on a list of players.

The men's softball league will also hold an organizational meeting of team captains on Tuesday, March 26 at the First National Agency in Wayne, beginning at 7:00 p.m. Election of officers will take place, so all captains are urged to attend.

## Wayne boys track fields 16 lettermen

Wayne High veteran boys track Coach Al Hansen welcomed back 16 returning lettermen among the 29 boys out for the sport, including five senior monogram winners.

THOSE SENIORS and their events include Kevin Koenig (shot and discus); Pete March (middle distance); Preston Olson (long and triple jump); Carl Urwiler (long and triple jump); and Pete Warne (hurdles).  
Returning members who will add depth to the Blue Devil team in the field events are Junior Tim Fleming (pole vault); and sophomores Bill Liska (high jump); Ted McCright (high jump); and Jon Stoltenberg (long jump). Stoltenberg will also compete in the hurdles event.

Wayne's upperclassmen will lend strength in the running events, led by juniors Dan Gross (200 and 400 meters); Andy Hillier (400 and 800 meters); and Jon McCright (100 and 200 meters). Kurt Runestad is

scheduled to run in the mile and two mile events for the Blue Devils.

Sophomore letterwinners competing in the running events will include Al Foote (100 and 200 meters); Mark Rahn (100 and 200 meters); and Jeff Simpson (400 meters).

Other squad members include seniors Darin Barner, Kemo Lane and Chris Wieseler; junior David Heineman; sophomores Ted Lueders and Ted Lohberg; and freshmen Seth Anderson, Steve Cowgill, Matt Hillier, Jason Liska, Scott Pokett, Tim Sievers and Brad Bush.

"As a team, we really have no outstanding strength or weakness...we tend to be above average in the events," said Hansen. "We have some strong returning letterwinners in seniors Kevin Koenig and Carl Urwiler, along with Dan Gross in the running events and Stoltenberg, Fleming and Warne in the hurdles."

HANSEN COMMENTED that while the team has been able to make use of the unseasonable winter

weather, it wasn't until the beginning of this week that they were able to get the full team together due to the extended length of the basketball season. Two team members, Carl Urwiler and Ted Lueders, came into track from the state-bound Blue Devil cage team.

Hansen pointed out that the brunt of the Blue Devils strong competition will come from a quartet of teams, including Battle Creek, Pierce, Columbus Scotus and North Bend. "Those four teams are really strong, and we will run into one or more of them at every meet we are at, which will make things tough." Looking at the team's dual and triangular schedule, Hansen feels the outlook is brighter. "I feel that we should be good in our dual schedule down the line," he added.

The Blue Devils open the 1985 season with the Columbus Scotus Relays on Friday, March 29 in Columbus.

Wayne boys track schedule  
Friday, March 29 — Columbus Scotus Relays in Columbus.  
Wednesday, April 3 — Wayne State Invitational at Memorial Stadium.  
Tuesday, April 9 — Triangular with Wisner-Pilger and Norfolk Catholic at Norfolk.

Saturday, April 13 — Gator Invitational for the varsity and the Wisner Invitational for the 9th and 10th grades, both at Wisner.  
Tuesday, April 16 — Randolph Invitational at Randolph.  
Monday, April 22 — Triangular at Wayne with Hartington Cedar Catholic and Emerson-Hubbard.

Friday, April 26 — Wisner Invitational at Wisner-Pilger.  
Thursday, May 2 — Battle Creek Invitational at Wayne State College Memorial Stadium.

Thursday, May 9 — Class B Districts at Columbus.  
Friday and Saturday, May 17 and 18 — State Track meet at Omaha Burke.

## State qualifiers bolster Wayne girls track squad

A group of seven returning state qualifiers will serve as the core for Coach Mavis Dalton as she prepares the Wayne High Blue Devil girls track team for their 1985 spring season.

Among the 27 girls out for track, seven bring back state meet experience after competing at the event in Omaha last spring. They include seniors Jody Allen (400 meter relay); Lisa Jacobsen (400, 1600 meter relays and hurdles); Cindy Brown (100 meters and 400 meter relay); Sarah Lebsock (long jump); Lori Anderson (1600 meter relay); Beth Janke (1600 meter relay); and Jennifer Wessel (hurdles).

Both the 400 and 1600 meter relays teams which qualified for state return intact expect for the loss of senior Fran Gross, said Dalton. "Right now we are looking for possible replacements for that opening," Dalton added that Missy Jones, Shannon Janke and Sarah Peterson are all candidates for the 400 meter spot, while Peterson, Kecia Corbit and

Jody Allen are all possibilities in the 1600 meter event.

A TOTAL OF 10 letter winners return to the team, with Jodi Brodersen, Missy Jones and Kecia Corbit in addition to the state qualifiers.

Other members making up the squad are seniors Paula Koplin, Debby Bull, Shelly Janke, Karen Longe, Laura Struve and Lynelle Billheimer; juniors Laura Keating and Sonja Skokan; sophomores Jenny Salmon, Michelle Sokol and Kathy Wohlford; and freshmen Marnie Bruggeman, Dawn Book, Shannon Janke, Terri Gehner, Sarah Peterson and Kathy Stalling.

Dalton expects the team to be strong in the sprint events with Cindy Brown and in the hurdles with Lisa Jacobsen, Jennifer Wessel and newcomer Paula Koplin. She added that Lori Anderson and Beth Janke should give some depth to the open 400 event as well.

While the Blue Devils will be open

in the field events such as the shot and disc, Dalton is looking at Karen Longe and Laura Keating to back up Jodi Brodersen in that area. Returning letterman Sarah Lebsock will give strength in the long jump.

"Our group of returning individuals are hard working, and they are providing help and giving incentive to the younger girls on the team," Dalton.

WHILE THE NUMBER of seniors and juniors on the team is high, Dalton said that the Blue Devils are not as experienced as they appear on paper. "A lot of the upperclassmen that are out are coming out for the first time, and so we are relatively a young team in terms of experience."

Dalton expects the competition through the season to be tough, consisting mainly of other Class B schools. "The competition will be tough, but as the year goes by we will be competitive."

The Blue Devils will open their

season at the Columbus Scotus Relays on Friday, March 29.

Wayne girls track schedule:  
Friday, March 29 — Columbus Scotus Relays at Columbus.  
Tuesday, April 2 — Wayne State Invitational at Memorial Stadium.

Tuesday, April 9 — Triangular with Wisner and Norfolk Catholic at Norfolk.

Saturday, April 13 — Gator Invitational for varsity and the Wisner Invitational for 9th and 10th grades, both at Wisner.

Tuesday, April 16 — Tekamah Invitational.

Monday, April 22 — Triangular at Wayne with Hartington Cedar Catholic and Emerson-Hubbard.

Friday, April 26 — Wisner Invitational.  
Thursday, May 2 — Battle Creek Invitational at Wayne State College.  
Thursday, May 9 — Class B Districts at Columbus.  
Friday and Saturday, May 17 and 18 — State track meet at Omaha Burke.

## Records set during WSC cage season

A number of Wayne State College men's and women's basketball records were set during the 1984-85 seasons.

Despite the fact that the Lady Wildcats finished with a sub-500 season at 11-19, a pair of new records were established by senior cager Barb Wragge. The 5-8 senior guard from Bloomfield set a record for most free throws in a game with 14 against Hastings College, and for most free throw attempts in a season with 177 in her final year.

THE WILDCATS also re-wrote several pages in the men's record book in their final season under head Coach Rick Weaver. The Cats ended their year with a 16-16 record and a trip to the NAIA District 11 championship finals against Kearney State.

Senior Tracy Penn set school records for most steals in a season with 79, and most assists in a career with 220. Penn, a 5-11 guard, is originally from Columbus, Ohio.

Junior Calvin Sprev, a 6-3 forward from Omaha, established a school record for most free throws attempted in a game with 24 shots against CSIC foe Missouri Southern in late February.

John Thomson, a 6-5 senior forward from Rockford, Iowa, set a career record for most blocked shots with 47.

A pair of individual records were also tied during the past season. They included most steals in a game by Tracy Penn with six against Peru State and most blocked shots in a game with four by Vince Tillo against Chadron State.

The Wildcats also set one team

record for most blocked shots in a game with nine against Chadron State.

SEVERAL WILDCATS also reached milestones in their collegiate careers at the end of the season as well. They include:

Calvin Sprev — eighth on the all-time scoring list with 1137 points; 16th on the single season scoring list with 456 points.

Tracy Penn — sixth on the single season scoring list with 567 points; third on the all-time list for most assists in a season with 130; tied for fifth on the career scoring average list with a 15.8 average.

Jimmy Gooch — seventh on the all-time list for most assists in a season with 93; second on the all-time list for most assists in a career with 190.

The second annual Wayne Invitational Basketball tournament, sponsored by the Wayne Baseball Association, will be held on Friday, Saturday and Sunday, March 22-24 at the Wayne City Auditorium.

A complete listing of the scheduled is included. As-of press-time, bracket assignments had not been made, but all opening had been filled in the 12-team field.

## sports briefs

### Men's softball umpires meeting

An umpire clinic for the Wayne men's softball league will be held on Sunday, March 24 at 2 p.m. on the top floor of the Wayne City Office building. There will be a \$2 charge, and all coaches and team captains, as well as umpires, are urged to attend since several rule changes have been made for the upcoming season. A meeting for the Wayne Umpires Association will be held after the clinic and those interested are invited to attend.

### FOM Wrestling Calcutta

On Friday, March 29, a calcutta/auction will be held at the A/C Tavern in Clearwater at 7 p.m. in connection with the Fat Old Men's Oldtimers wrestling meet.

The calcutta director, Bill Kester of the Clearwater Chamber of Commerce, explained that each wrestler in every weight class will be up for bid. The money bid will be pooled for every weight class and 40 percent of the amount will go to the person who "bought" the first place wrestler in that weight; 25 percent to the person who picked the second place wrestler; and 10 percent to the third place pick. The remainder of the money will be used to help cover expenses related to the FOM tournament.

Individual wrestlers can bid for themselves and thus make some money from their wrestling skill. Wrestlers can also weigh-in at the time of the calcutta and teams will also be up for bid.

The calcutta will be conducted by auctioneer Doug Bearinger, who is donating his time for the cause of raising money for uniforms for the Clearwater High School wrestling team.

### New league being considered

A new men's softball league for those 35 years of age and older is being considered for the upcoming season. Players and teams are needed to form the league, and those interested should contact Denny Robinson at 375-4881 or 375-1443 after 6 p.m.

## Folkstyle wrestling

# Grapplers qualify for state

A pair of Wayne junior wrestlers qualified for the 1985 Nebraska Kids Folkstyle State Tournament during a meet held Saturday, March 16 at Lincoln East High School.

Chad Janke, son of Terry and Mary Janke, and Jim Hoffman, son of Darlene Hoffman, both of Wayne, won the right to compete in the state tournament after placing at the state qualifying meet which was

sponsored by the Lincoln Wrestling Club.

Janke finished first in his class, the 69-72 pound weight class for fifth and sixth graders, winning a 3-0 decision in the championship round against Mike Taaska of Schuyler. After a bye in the first round, Janke pinned Bert Veulek of Fairbury to advance to the finals.

Hoffman took third place after winning the consolation round match

with a 4-0 decision over Jason Lane of Schuyler. Hoffman was pinned by David Loftus of Omaha Gross in the opening round to drop into the consolation bracket, where he took a pin over David Hanel and an 8-3 decision over Darin McDaniel of York to advance to the third place match.

The State meet is scheduled for Saturday, March 30 at Grand Island Northwest High School in Grand Island, beginning at 9 a.m.

## wayne bowling

Woods Plumbing of Wayne continues to lead the field after the third week of the Wayne Open Bowling Tournament at Melodee Lanes in Wayne.

Their score of 3109, rolled during the second week of action, keeps them in the top spot, followed by Bob's Carpet of South Sioux City with a 3100. In third place in the team event is Joe Morten Insurance of South Sioux City with a 3087 and in fourth place is Covington Pizza, also of South Sioux City with a score of 3067.

In doubles action, the team of DeHaan and DeHaan of Sioux City, Iowa took over first place with a score of 1352. Falling back into second place was the duo of Curt and Craig Dohmen of Creighton with a score of 1302. In third is the Derby-Randolph team from Blair with a score of 1292 and in fourth place is the Fowler-Weich team from Norfolk with a score of 1280.

Curt Dohmen leads the singles field with a 739, followed by doubles teammate Craig Dohmen with a 723. Jon VanHousen of Norfolk remains in

third place with a score of 720, and Dave Hankins moved into fourth by rolling a 689 series.

Jim DeHaan replaced Al Christensen of Onawa, Iowa, in the first place position on the all events chart with a score of 1951. Christensen holds down second place with a score of 1854. In third is Curt Dohmen with a 1813 and in fourth place is Terry Watchorn of Bronson, Iowa with a 1812.

The open tournament will continue for the next two Sundays, ending on Sunday, March 31.

## At Pittsburg tourney this weekend

# Lady Cats take pair from Peru

Wayne State's Lady Wildcat softball team tallied two more victories in the win-column with victories over Nebraska rival Peru State College on Tuesday afternoon in Peru.

The Lady Cats had to go extra innings in the opening game to break a 0-0 tie and take a 3-0 win. In the nightcap Wayne State had an easier time, holding off for a 8-3 victory.

WSC will try to improve on their 8-4 season record this weekend when they compete in Central States action at the Pittsburg State Tournament in Pittsburg, Kan. Wayne will begin with a pool play on Friday against Southwest Baptist, the University of Nebraska-Omaha, Pittsburg State and Luther College. A single elimination tournament will be held on Saturday, with pairings being determined by each team's pool play record.

AFTER BOTH teams battled to a 0-0 tie at the end of regulation, Wayne State came up with three runs in the top of the ninth inning to break the knot. Sophomore Mary Lingelbach led off the inning with a base hit, and was joined on base by freshman Paula Dolesh. WSC capitalized on two Peru State errors in the inning to score two runs and senior Lauri Owens crossed the bag for the final run with one out.

The Lady Cats defense held PSC off in the bottom of the inning, getting two outs before the Lady Bobcats came up with two base runners and

threatened to score. A throw from shortstop Dolesh to Carmen Doeschot at third cut the Peru baserunner down for the final out of the game.

Pitcher Lauri Owens went the distance and recorded the win, improving her record to 4-2 on the season. Owens gave up five hits with no runs scored and struck out seven PSC batters.

Wayne State came up with nine hits in the game, led by Dolesh and sophomore Shelle Tomaszkiwicz with doubles. Rapping out base hits were Lauri Owens, catcher Teresa Durabia and Mary Jean Guenther.

THE LADY CATS came up with a wider margin of victory in their nightcap, scoring three runs in the top of the seventh inning to coast to an 8-3 win over the Lady Bobcats.

WSC batted out nine hits on their way to scoring eight runs, while Peru State was limited to three runs on three hits in the game.

Peru took an early 1-0 lead after the first inning of play before WSC tied the score on a run by Mary Lingelbach in the top of the second.

The score was knotted 2-2 after three innings and WSC added runs by Paula Dolesh in the fourth inning and two more in the top of the fifth to go on top 5-2 when Shelle Tomaszkiwicz launched the year's first home run to score.

After Peru's final run in the game in the bottom of the same inning,

Wayne came up with a trio of runs to increase their spread and take the win.

Shelle Tomaszkiwicz led the effort at the plate, going 3 for 4 with a home run and two singles. Other hitters included Michelle Blomberg, Mary Jean Guenther, Mary Lingelbach, Paula Dolesh and Judy Hixon.

Mary Lingelbach moved to 4-2 on the season with the win on the mound, allowing three hits and striking out four PSC batters.

"We were satisfied with the victories over Peru State," said first-

year Coach Marilyn Strate. "Our hitting is starting to improve, which was evident by several line drives that we had in the first game." She added that hitting is one area that will have to continue to see improvement as the team moves in to tough competition in the upcoming weekend's tournament.

## Dinner to honor Coach Don Koenig

An appreciation dinner for Don Koenig, who is stepping down as head coach of the Wayne High wrestling program after 18 years, will be held on Saturday, April 13 at 6:30 p.m. at the Wayne City Auditorium. The public is invited to a potluck supper which will be followed by a program—Each family is asked to bring two dishes and their own table service. Since a close estimate of attendance is needed to insure adequate seating, those planning to attend are asked to call Linda Gamble at 375-1559 or Linda Dorsey at 375-1941. Anyone knowing of individuals outside of the community who would be interested in attending are urged to invite them to attend. Cards and letters would also be appreciated and may be mailed to Mr. Don Koenig in care of Dick Keidel, 1308 Douglas, Wayne, Neb. 68787.

## \$40,000 goal reached

The first nation-wide phone campaign by the Wayne State Foundation reached its goal of \$40,000.

The four-week tele-campaign raised \$40,378 from Wayne State College alumni throughout the nation.

An original goal of \$20,000 was set for this first-time event at WSC, but that figure proved to be too low. A second goal of \$40,000 was set, and then met on Wednesday, the last day of the campaign.

Foundation officials estimate between 5,500 and 6,000 phone calls were made, trying to reach a pool of 4,800 alumni whose phone numbers were known. Wayne State students, faculty, staff and friends of the college assisted in the phone campaign.

## High school art conference

Thirteen high schools and some 75 students will attend the annual high school art conference at Wayne State College today (Thursday). The conference begins at 9:30 a.m. in the Val Peterson Fine Arts Center.

Students attend one of eight two-hour workshops in the morning, and then four WSC's art facilities in the afternoon. Students will actually work on projects in the morning workshops, which will deal with sculpture, casting, papermaking, printmaking, pottery (handbuilding), fiber arts, balloon kites, finger masks and composite mural painting.

## Guest artist at WSC

The Wayne State College visiting guest artist program will present Chicago-based artist John Himmelfarb.

Himmelfarb will give a lecture-demonstration at the Val Peterson Fine Arts Center Monday, April 11. Himmelfarb, whose work ranges from drawing and printmaking to ceramics, will discuss his involvement with these disciplines and demonstrate their relationships to one another.

Himmelfarb's program is organized through the Sioux City Art Center's Artist Outreach Program. Three concurrent shows of his work are presently on exhibit in New York, Washington D.C. and the Sioux City Art Center. His work is featured in national collections including the Art Institute of Chicago, the National Collection of Fine Arts and the University of Iowa Museum of Art.

The program is free and open to the public. For a schedule of events and for further information, contact Marlene Mueller, assistant professor of Fine Arts, Wayne State College, 375-2200, ext. 359.

## 'Voyage to Infinity'

## Pork

(continued from page 1a)

"And act as the voice for pork producers in Wayne County in support of Nebraska Pork Producers Association, Inc. and National Pork Producers."

"SOME OF THE activities which have already taken place this year include the Elanco Informational presentation on Rinitus and upper respiratory problems; Pig Day at the Wayne Care Centre; and a recent pancake and sausage supper at Winside."

"Upcoming events include the Female Farrowing School in May; Futures Marketing meeting and informational meeting on checkoff on July 18; Open Class Hog Show at the Wayne County Fairground from Aug. 7-10; annual Fall Pork Barbecue on Aug. 24; hosting the Wayne Chamber Coffee on Oct. 18; and the annual Fall Awards Banquet and Queen Contest on Oct. 20."

There are currently plans for in-

store pork promotions, too, Backstrom said.

"The open class hog show at the Wayne County Fair shows between 150 and 200 entries. We have both a live hog show and a carcass contest and we present both cash and trophy awards," he said.

"Our banquet is a major activity. We present both our cash and trophy awards. Our 4-H awards are also presented. Outstanding pork booster, commercial feeders' pig and purebred producers are acknowledged and an outstanding Wayne County Pork Producer member is also chosen."

"Each year we also select a new queen for the following year. The Queen wears her crown, red roses, banner and \$50 in cash and all contestants receive a corsage and pig charm."

Wayne County has grossed \$13.5 million from the sale of hogs. This is based on an average price and an average weight of the stock (\$40

feeder pigs and 50 cents/pound for 220 pound butchers).

Based on these same statistics, Wayne County sells 113,000 breeding and market hogs and 28,000 feeder pigs each year, according to local pork producer figurers.

These figures are not compiled on a rigid basis but are ball park figures and are considered to be conservative for the average year, Backstrom mentioned.

Officers of the Wayne County Pork Producers are Gene Luth, Wayne, state director; Backstrom, president; Kenneth Nolte, vice-president; Jim Stout, Wakefield, secretary; Dale Housh, Wakefield, treasurer; and Verdel Luth, news reporter.

Board of Director members include Backstrom; Don Johnson of Hoskins; Darrell Fenton of Carroll; Stout; David Jaeger of Winside; Richard Janssen of Carroll; Merrill Baier of Carroll; Chuck Mangels of Winside; Nolte; Chuck Rutenbeck of Wayne; Verdel Luth; and Althc Baier of Wayne.

## Feeders

(continued from page 1a)

In the Northeast Nebraska Livestock Feeders Association, which is currently down from the previous year.

Twelve individuals compose the board of directors of this organization. Representing Dakota County are Mark Lander of Pender, Deree Graltheer of Pender and Roger Tremayne of Wallhill (president).

In Wayne County, representatives are Keith Owens of Randolph, James Schullheis of Wayne (vice-president) and Neil McQuistan of Pender (state representative).

Dakota County directors include James Walsh and Milo Birkley of Hubbard and Walt Beerman of Dakota City. Directors from Dixon County include Steve Von Minden of Ponca, Duain Ekberg of Wakefield (treasurer) and Sam Utecht of Wakefield.

Upcoming events for the Northeast Nebraska Livestock Feeders Association include the annual Spring Banquet at Wayne State College. This year's speaker will be Joan Burney, a columnist and writer for area publications.

There will also be a fall outlook meeting and feedlot tour scheduled during the year.

Accomplishments during 1984 have included:

- Testified and watched 73 legislative bills and had a 61 percent winning record. Took leadership role in pushing for the passage of Amendment 4. Wrote and engineered the passage of a bill that would allow a Nebraska feeder to file a primary lien against out-of-state cattle for the feed and care of those animals in case the owner goes bankrupt.
- Worked toward passage of —

law to eliminate livestock feeders from being forced to obtain an elevator license and bond in order to legally buy grain from neighbors; of an amendment to keep feed trucks from paying fuel tax on diesel fuel.

•Worked with — the Nebraska Department of environmental control in writing reasonable controls for hazardous waste; other groups in pseudorables control program.

•Carried a leadership role in eliminating personal property tax from farm machinery, business inventory and livestock. Helped to pass legislation authorizing a 25-cent check-off on beef animals in Nebraska. And carried out a Legislative Aide Tour where 14 aides from Washington, D.C. working for urban Congressmen were brought to Nebraska in 1984 to learn first-hand what agriculture is all about.

## Superintendent, three teachers

# Resignations at Laurel-Concord

There have been several resignations recently within the Laurel-Concord School District — among them the superintendent of the school district.

Superintendent James Lotquist submitted a letter of resignation to the Laurel-Concord Board of Education Monday, March 11. He had been superintendent of the school district for 16 years.

Lotquist, who received his B.S. and M.S. degrees in Education from

Northern State College in Aberdeen, South Dakota, did post-graduate work at Wayne State College and South Dakota State University. Prior to arriving in 1969 at Laurel, he was superintendent in Conde, South Dakota for three years.

His current term expires June 30 and his future plans are uncertain at this time.

Other resignations included John Held, a junior high school social studies instructor who was also head

boys basketball coach and assistant football coach.

Mrs. Mildred Monk, an elementary teacher who most recently was named as one of the state-wide winners in the Omaha World-Herald's Nebraska Outstanding Teacher Contest, also submitted a letter of resignation. She has taught for 25 years at Laurel-Concord.

Galen Arbogast will also resign as instrumental music teacher at the Laurel-Concord schools.

## Backstrom

(continued from page 1a)

grain which is harvested is distributed to the livestock on his farm.

He is president of the county pork producer organization that was honored earlier this year for the greatest percent of increase in membership throughout Nebraska (for a large organization) in 1984 and was chosen as the Outstanding Pork Producer Organization in the state.

Last year's Wayne Centennial celebration, and other area celebrations, were enough to boost the county's point total. The organization participated in centennial parades and also sponsored a Ground Hog Day

feed last year as several of the special events.

"We had 13 great guys on the board who really working hard for the organization," Backstrom said.

Hog prices have taken a nosedive during this month.

NORMALLY, during March it is anticipated to be lower market prices for hogs, Backstrom said. But during the past two weeks the price has dropped nearly \$8 a hundredweight.

"Most of it is seasonal. But I wasn't expecting it to drop that much," Backstrom said.

Forecasting reveals that pig numbers are supposed to be down, which confuses Backstrom as to why prices are dipping also.

One key element in the future price

ing of hogs is the Canadian hog export dilemma which pork producers are currently confronting. The United States imports the pork from Canada — action which has prompted a verbal conflict between the federal government administration and the National Pork Producers.

Backstrom said he finds his earlier occupation with the financial institution in Minneapolis as helpful in the day to day operation of his hog raising operation.

Most of the buildings on his place are considered "functional" — no new buildings but instead remodelled facilities. He realizes it takes hard work with less money to make farm survival possible.

And for now, Backstrom is cautiously optimistic about the pork industry's future.

## Women support ag groups

Whether it be donating to a local fair, selecting young women to represent their county at the state level, or participating in local supermarket programs, the women of the Wayne County Pork Producers and the Northeast Livestock Feeders are busy promoting their products year-round.

"We help out anywhere we can be needed within the county organization," says Mandy Luth, whose husband is also a member of the Wayne County Pork Producers (WCPP).

Although there is no organized membership, Mandy says the women officers and members assist with school projects throughout the year.

In addition to working to insure pork promotions, the women promote and sponsor a Wayne County Pork Queen contest each year which results in the selection of the Park Producers' annual awards banquet representing the organization during 1985 in June Gustafson of Wakefield.

The women also assist in the preparation of the annual pancake supper in Winside and the sale of the fair goods for WCPP members and associate members.

They also promoted "Eggnomics" last year in the open class market of the Wayne County Fair.

One of the more unique programs which the women sponsored last October involved a "Gosh! We're With Books" reading program at Winside Public Library where women read to and sang to a group of 200 various subjects made from books.

PROMOTING BEEF throughout the state is the aim of the Northeast Feeders Auxiliary, which encompasses the counties of Wayne, Dixon, Thurston and DeSoto.

Each year, members distribute beef recipes, pamphlets and food samples during the Alaskan Holiday Fair, Pender FFA Farm and Home Show, Omaha Home Show and Omaha Food Fair.

The organization also sponsors Beef Day and Father's Day in Omaha grocery stores and provides beef gifts to the first babies born nearest Father's Day at hospitals in Wayne, Wakefield and Pender.

In addition, auxiliary members sponsor a Northeast Livestock Feeders Queen contest each year. Currently representing the organization at various promotions and county fairs is Melodie WIR, daughter of Mr. and Mrs. Melvyn Will of Wakefield. A new queen will be crowned next month during the annual Northeast Livestock Feeders banquet at the State College.

Women also assist each year at the Beef Barbecue Pit food stand located at the state fair grounds. Beef cookbooks, T-shirts, cocktail napkins and bags are sold year-round.

A SPOKESMAN for the Northeast Feeders Auxiliary said early memberships are \$10 and go to promote beef both on a local and statewide.

Mary Bruns of Pender currently serves as state president. Local officers are Betty Lampilo of Thurston, president; Phyllis Birkley of Hubbard, vice president; Janice Newton of Wakefield, secretary; and Liz Ekberg of Wakefield, treasurer.

### Growing Blueberries

Preparation is the key to success with blueberries, (the plants are acid soil loving and birds love the fruit). If you plan to plant blueberries next spring, do your soil preparation this summer. Blueberries prefer a moist, well drained soil with a pH of 4.5 to 5.5 and a site with full sun exposure. A soil test is the only way to really evaluate the pH situation and the change that is needed. Flag an area for the season before planting. Blueberries have shallow, spreading root systems, so amending a broad area is more important than a deep one. Dig out an area one foot deep and two-three feet wide, then amend this soil with either of two methods: (1) add acidic peat at a rate of 50/50 soil/peat. This should be done six months prior to planting or (2) add sulphur at the rate of 1 1/2 pounds per 100 square feet for each full point the soil tests above pH 4.5. The acid soil can be maintained by annually adding an acid fertilizer such as ammonium sulfate.

Blueberries won't be fruiting for the first two-three years, but when they do, birds may beat you to the harvest. Be prepared to protect your crop with bird netting.

Varieties that do well in Nebraska include Bluecrop, Bluegray, Spartan and Herbert.

Blueberries preference for moist, well drained soil and their characteristic shallow root system mean careful water management is crucial. The soil amendments should improve the drainage of the site. The plants will need a constant supply of water, particularly during the establishment period. A four-six inch layer of organic mulch like peat moss, pine needles, leaf mold or composted sawdust will help conserve moisture and moderate temperature fluctuations in the soil. Additional mulch should be added each year as the old layers break down. Keep in mind that mulching can be overdone. An extremely thick layer of mulch that builds up over time can act just as if you had piled extra soil on top of the root system. Soil oxygen is reduced and the roots eventually suffocate.

Blueberries require a minimum amount of pruning. In the first three years of growth, only dead and diseased branches need be removed. As the plants begin fruiting, which is usually in the fourth year, pruning becomes necessary. Spindly twigs along with old, dead or diseased stems are removed. A minimum amount of pruning will generally maintain good yields. Heavier pruning is only done if fruit size is smaller than desired.

Blueberries is a crop that requires some special attention to bring them into fruiting under Nebraska conditions. However, with good care and about four years, you can prepare yourself to begin harvesting a few plants of blueberries and in time up to four-six quarts per bush from a mature plant.

# Volunteers are valuable to 4-H

TAMMY SIEVERS, daughter of Mr. and Mrs. Larry Sievers, runs a 4-H booth display at the annual Kiwanis Pancake Feed last Thursday at the city auditorium. She is a member of the Pleasant Valley 4-H Club.

persons in 1984 volunteered their services to Nebraska 4-H activities. Of these, 9,940 were adults working with 4-H clubs and groups, 2,008 were older 4-H teens serving as leaders, and 2,011 were volunteers serving on 4-H committees or as resource leaders.

Both Caldwell and Schmidt agree that the knowledge, ability and commitment of volunteers help improve the effectiveness and efficiency of the extension system.

The W.K. Kellogg Foundation of Battle Creek, Mich., also believes that 4-H is vigorous and successful because of the volunteers who make the program work. Based on this belief, a new five-year program of the National 4-H Council, "Volunteers for the Future," will begin in 1985. Its goal is to increase the capabilities and effectiveness of volunteer 4-H leaders nationwide. The program is made possible through a grant of \$2.75 million to the National 4-H Council from the W.K. Kellogg Foundation.

This award, the largest private-sector gift in the history of 4-H, was announced during the final assembly of the 63rd National 4-H Congress Nov. 29, 1984, in Chicago. The W.K. Kellogg Foundation was established in 1930 to "help people help themselves," and has distributed more than \$768 million in support of programs in agriculture, education and health.

The "Volunteers for the Future" program will mobilize the 4-H efforts of the Cooperative Extension Service to organize and manage a stronger volunteer leadership base supporting expanded educational programs for more youths; to strengthen local, regional and national commitments to the 4-H mission of developing adult and teen volunteers as individuals and community leaders; and to develop and demonstrate an effective structure for the use of volunteers in key management and specialized roles.

The time, effort, enthusiasm, skills and talents of volunteers are just as important today as ever. The difference today is that community problems and individual needs are more complex and often require more technical information and greater group/organizational skills.

A study done by the University of Wisconsin-Madison, collected data from a national, random sample of 315 counties, with populations ranging from 859 to 1.4 million. Cooperative Extension Service agents in the sample counties were asked to inventory their work with volunteers during 1983.

The study of the benefits and impact of volunteer extension work is the first indication nationally of the full scope of volunteer activity and of the monetary value of volunteers' time. The results of the study are expected to benefit both extension staff and volunteers by increasing understanding of the various ways they can work together.

Researchers randomly chose 10 counties from Nebraska: Antelope, Colfax, Custer, Douglas, Frontier, Kearney, Kimball, Loup, Platte and Sioux.

The Extension Service study showed that Nationally about 2.5 million people, or one-in-10 Americans, contributed a total of more than 71 million days to extension activities in 1983.

According to the study, if communities had to pay for the services provided by volunteers working with the Cooperative Extension Service, they would have to spend more than \$4.5 billion a year nationally.

"The dollar value of volunteers in the Nebraska 4-H system is approximately \$11.7 million," said Bill Caldwell, assistant director for 4-H and youth development at the University of Nebraska-Lincoln. "This value is calculated at minimum wage and is close to the

total federal and state budget dollars devoted to the support of the Cooperative Extension Service in Nebraska.

THE STUDY ALSO SHOWED that Extension volunteers fall into three categories: 1. those active in 4-H, home economics, agricultural or community resource development, 2. special community efforts such as flood disaster relief, farm city tours, fingerprinting children, air fairs and events, and 3. other community agencies or organizations, or individuals

independent of any agency or organization.

The study found that more than 2.8 million volunteers helped to disseminate information on agriculture, home economics, community or youth development from the U.S. Department of Agriculture or land-grant universities, reaching more than 48.7 million people. The largest group of volunteers were those serving as leaders of 4-H clubs. According to Ken Schmidt, UNL extension 4-H youth specialist, 14,759

### 4-H sheep camp

The annual 4-H sheep camp will be held at the Northeast Research and Extension Center at Concord on Friday and Saturday, April 26 and 27. This year's camp will be for the beginning 4-H sheep member, parents and leaders. It will emphasize selecting, feeding, managing, judging and showing of lambs.

The camp is sponsored by the Northeast Nebraska Sheep Producers Association and the Cooperative Extension Service.

4-H members attending will have a hands-on learning experience working with the sheep provided by the association. The registration deadline is Monday, April 15. Additional information and registration information is available at the local extension office.

### Grain transfers questioned

Senator Edward Zorinsky (D-Neb.) has asked Agriculture Secretary John Block to justify recent USDA moves to transfer government-held grain from small storage elevators in rural areas to larger, terminal facilities.

In a March 12 letter, Zorinsky noted that such transfers not only increase government costs but, because of lost storage fees, they add to the financial woes of rural communities.

"A number of Nebraska elevator operators have expressed concern over recent loading orders that call for transferring grain from small country elevators to terminal elevators," Zorinsky said. One operator alone stands to lose \$83,000 as a result of the USDA action, he said.

"Is there a valid reason for these loading orders?" Zorinsky asked. "If not, I find this action an abuse of USDA discretionary authority and yet another example of your department's lack of understanding of the grave economic condition in rural America today."

## Officers elected

MYRON NELSON of Newman Grove was elected president of the Board of Directors of the Northeast Nebraska Experimental Farm Association at their annual meeting on Tuesday, March 12. Other officers elected were Allan Kreici of Schuyler, first vice president, and Edwin Fahrenholz of Allen, treasurer. Cal Ward was reappointed as secretary. The Association Board serves as an advisory group for faculty at the Northeast Research and Extension Center near Concord. Fourteen persons representing nine counties were present. Left to right are Nelson, president; Kreici, first vice president; Kinkaid, second vice president; and Fahrenholz, treasurer.

# Nebraska families needed to host Japanese

A fascination with how the other half lives an ocean away can become reality for 65 Nebraska families who volunteer to play host to a Japanese boy or girl for one month this summer as part of the Nebraska 4-H Labo/Japan Labo Exchange Program.

That word comes from University of Nebraska-Lincoln extension 4-H specialist John D. Orr, who said volunteer families are needed soon — no later than April 1.

"Expenses to a host family basically are limited to providing room and board for their oriental house guest from July 27 to August 21," Orr said. Visiting young are ages 13 to 17.

Orr said his ting a Japanese youth is a "unique and broadening experience for both the host family and their Japanese guest, as 1,150 families in Nebraska have discovered in recent years."

Now in its 14th year, the Nebraska

program is part of a national 4-H international project with the youth club Labo, an organization with some 60,000 members in Japan. Labo offers youngsters from four to college-age opportunities to grow by widening their vistas through language study, character development and cultural exploration.

"The program has been highly successful in Nebraska in sharing

cultural experiences, ideas and lifestyles," Orr said.

Japanese youth soon learn that Nebraska is a big state, he said.

Coordinators of the Nebraska program have found that it is better to target the youth to specific areas of the state. This year, one-half of the group will be placed in south-central Nebraska, where activities will be coordinated by C. Dean Johnson; 4-H

sometimes recommend more fertilizer than the UN-L tests provide necessary for the same yields. Our extension agronomists can make accurate recommendations regardless of which lab did the testing. All that is needed is the soil test results (not the recommendations

of how much fertilizer to apply) and they will give you a fertilizer recommendation that may save you dollars and certainly won't reduce yield.

Just a little bit of your time might save you some fertilizer dollars this year.

## Test shows ways to lower fertilizer costs

By Don C. Spitzer  
Extension Agent

Are you interested in cutting your fertilizer costs as much as 50 percent or more? In tests at Northeast Center, Concord, Nebraska fertilizer recommendations of four commercial soil testing laboratories were compared to University of Nebraska soil test recommendations. This comparison over an 11 year period resulted in an average fertilizer dollar savings of between \$11.56 and \$14.27 per acre. Similar savings have resulted at other test sites in Nebraska.

First let me explain how the data in the accompanying table on fertilizer cost comparisons was collected. University of Nebraska soil scientists took soil samples from the same corn field that were then split and sent to four commercial soil testing laboratories plus the University of Nebraska soil testing lab at Lincoln. Samples were sent to the labs under a fictitious name.

Recommendations for fertilizer from each of the five laboratories were followed on replicated fields at Northeast Center at Concord. Similar tests have been made throughout the state with similar results. The table fertilizer cost comparisons shows the results of these tests at Northeast Center from 1974 through 1984.

Summary of the Results

1. Maximum yields were obtained using any of the laboratory recommendations.
2. No consistent yield differences were found among the laboratory recommendations.
3. The major difference is the cost of the recommended fertilizer. Average fertilizer costs for the 11 years varied from a low of \$12.35 per acre for fertilizer for the UN-L recommendations to a high of \$26.62 per acre for laboratory D.

A word of caution — the costs of your present fertilizer program, regardless of what lab made the recommendations, may in some cases already equal the UN-L lab recommendations. Also some years when a large amount of certain nutrients was added, the cost between labs may not be great. This happened in 1983 when a large

amount of phosphate was recommended by UN-L labs.

These results were consistent among the four locations: North Platte, Almo, South Central and Northeast Center.

Irrigation increased yields, but the conclusion for dryland agriculture are the same.

Differences in fertilizer costs were due mainly to —

- Phosphate (apply only what is required according to soil test).
- Zinc (apply only what is required according to soil test).
- Sulphur (not needed on non-sandy soils).
- Potash (usually not recommended).
- and Nitrogen recommendations for all labs are usually similar.

Other Possible

Fertilizer Savings

There are several other things you can do to save fertilizer dollars that are not reflected in these tests.

You can reduce fertilizer nitrogen requirements by 30 pounds if the corn follows soybeans. This nitrogen will not show up in fertilizer tests so you will need to use this conservative rule of thumb measure of 30 pounds of N for residual nitrogen left over by soybeans.

Another situation where nitrogen will not show up on fertilizer tests is when alfalfa or sweet clover is plowed under. Alfalfa plowed under will provide approximately 80 pounds of N per acre and sweet clover 60-80 pounds (depending on stand and size of sweet clover plant when plowed under).

Some years considerable residual nitrogen is carried over from one year to the next. This can be tested by using a deep nitrogen test of soil from nine inch to 24 or 36 inch depth. This deep nitrogen test will indicate how much residual N you have. It's not possible to accurately estimate N carryover by how much N is put on each year, yield of crop and rainfall although obviously these factors are important. Generally we are finding less carryover N this year because of high yields and rainfall the previous year but that is not always so. The only sure way of determining carryover N is by a deep nitrogen soil test.

Our specialists feel that most labs test the soil correctly but the labs

### MODERN MISSES

The Modern Misses 4-H Club held an organizational meeting last month in the home of Shannon Fletcher. Tina Luit and Danica Stiefken were welcomed as new members.

Newly elected officers are Tammy Schindler, president; Sheila Johnson, vice president; Melissa Johnson, secretary-treasurer; and Heather Thompson, news reporter.

Club projects will be microwave cooking and first aid.

The March meeting was held in the home of Jennifer Luit with 10 members attending. Project and record books were distributed.

Members voted to participate in Bake and Take Days on March 22-24 as a community project.

Next meeting is scheduled April 2 in the home of Marie Hubbard.

Heather Thompson, news reporter.

### TEEN SUPREMES

The Teen Supremes 4-H Club met March 3 at St. Paul's Lutheran Church.

Plans were made for a bake sale on April 13 from 9:30 a.m. to 2 p.m. The Winside group will work from 9:30 a.m. to noon, and the Wayne group will work from 11:30 a.m. to 2 p.m.

Next meeting will be on Palm Sunday to go roller skating in Wakefield at 7:30 p.m. Persons who need a ride are asked to meet at the courthouse shortly before 7:30.

Kathy Leighton, news reporter.

### RAINBOW KIDS

The Rainbow Kids 4-H Club met March 2 at the Hoskins fire hall.

Nina Hank gave a safety tip, and Lonnie Grothe and Nina Hank led in the 4-H pledge. Tracy Pochow was a guest and spoke on how she became a teacher. Jenny Mueller was in charge of games.

Project leaders are Mrs. Alicia Hank, "Cross Crafts"; Mrs. Donna Painter, "Adventures in Clothing"; Mrs. Deb Austin, "Learn to Knit and Crochet"; Mrs. Darlene Svatos, "Learn to Bake and Fit It All Together"; Mrs. Rosemary Severson, "Goats and Rabbits"; Larry Severson, "Outdoor Cooking"; and Doug Svatos, "Fishing".

Tammy Bruss served treats.

Next meeting will be at the fire hall on April 13 at 11 a.m.

Shelley Henzler, news reporter.

### LESLIE LADS AND LASSIES

The March meeting of the Leslie Lads and Lassies 4-H Club was held in the home of Kathy Svoboda with four members present. The meeting was called to order by Susan Nuernberger.

The 4-H pledge was recited and the minutes and treasurer's reports were approved as read. Members answered roll call by showing or telling what they have done to get their projects started.

Old business included discussion of the speech contest and goals. New business included Bake and Take Days and leaders training meeting, bowling, and roller skating.

Following the meeting, Susan Nuernberger presented a demonstration on starting new plants.

Next meeting will be in the home of Susan Nuernberger. For roll call, members will tell their personal goals for this year's projects. Demonstrations will be given by Amy and Kathy.

Kathy Svoboda, news reporter.

### SHOLES KOUNTRY KID

The Sholes Country Kids 4-H Club met March 14 in the Hans Burmeister home.

Sally Burmeister conducted the business meeting. Sherri Wittler reported on the last meeting and read the treasurer's report. Roll call was answered with "My Favorite Way to Fix Eggs."

The group reported on the recent roller skating party they attended in Randolph. An invitation was received from the Carrolliners 4-H Club to attend another roller skating party in Wakefield on March 22.

The parliamentary procedure for 4-H was explained and discussed.

Next meeting will be April 8 in the Roley Isom home.

## the farmer's wife

by pat meler/harry

On March 17th, everyone is Irish! Especially if your name is Pat, and your husband's name is Mike. One friend called us the "Irish Kraut." Anyway, it was a glorious weekend for "wearin' of the green."

People were talking about planting potatoes. Our nephew is painting the picket fence, which has taken a beating the last two years. Calving is fun when the weather's moderates, and it helps to make the last two seasons more of a hazy memory.

Only the big schools are still playing basketball. The rest are looking forward to March 8 by invitation of the Sholes Country Kids.

David and Doug French and Don Nelson served.

Next meeting will be April 2 at 7:30 p.m. at the Carroll school. The families of Dave Bloomfield and Terry Janke will be hosts.

Jerry Williams, news reporter.

### PEPPY PALS

The Wayne Peppy Pals 4-H Club met March 11 after school in the Jost home. President Malt Ley called the meeting to order, with members answering roll call by telling how they spent the basketball tournament break.

The group decided to participate in the A-Z display held during the Kiwanis Pancake Feed on March 14. Brian Schmidt, junior leader, explained the 4-H County Speech Contest, and Malt Ley and Jason Jost reported on the 4-H officers training meeting they attended. An electronics demonstration was given by Brian Schmidt.

The group played Trivia Sports, and lunch was served.

Jason Jost, news reporter.

### CARROLLINERS

The Carrolliners 4-H Club met March 12 at the Carroll school.

The home booth committee gave its report, and Kristi Hall brought a foil balloon to be used for the booth.

The bake sale poster committee submitted their posters. The bake sale will be held April 6 at Ron's Steakhouse in Carroll.

Members responded to roll call with projects they have started. They also brought recipes to be given to the Carroll Woman's Club for a centennial cookbook which the Woman's Club is sponsoring.

The club will participate in Bake and Take Days on March 22-24 by taking bars or cookies to shut-ins.

A roller skating party is planned March 22 at Wakefield.

Dwaine Junk gave a demonstration on sand glass painting, and Misty and Carrie Junk served.

Next meeting will be April 16 at 7:30 p.m. at the Carroll school.

Elizabeth Claussen, news reporter.

### GINGHAM GALS

The Gingham Gals 4-H Club met March 5 at Grace Lutheran Church in Wayne. Hostess was Kristen Davis.

Prior to the meeting, the group was led in a game of "Upside the Fruit Basket" by President Marta Sandahl.

Marta Sandahl called the meeting to order at 7 p.m. Roll call was answered with a favorite television show.

Minutes were read and approved, and Vice President Margo Sandahl read an invitation to roller skating with the Carrolliners 4-H Club on March 22.

Speeches were given by Marsha Von Seggern, Kristen Davis, Lisa Casey and Teresa Prokop.

Following the business meeting, club members were reminded of upcoming events including the 4-H speech contest on April 9; the Wayne County Health Fair on March 28; Bake and Take Days on March 22-24; and the next meeting on April 2.

Jennifer Chapman, news reporter.

for Wayne. A triple overtime against the eventual champs says a lot.

I HAD TO miss the conference instrumental clinic concert Saturday night because I was working. I always enjoy the music clinics because it's one-time when the kids from different schools aren't competing. They all work together to perform a super concert.

This is National Ag Week, and Wednesday is National Ag Day. I'm almost afraid to mention it. I've borrowed the latest issue of Farm Woman News to cheer me. They have been using a promotional letter that says "27 things over 300,000 farm women already know," and it includes:

1. "Honey, can you help me a minute?" is the most conservative estimate of time a farmer ever makes. He means an hour minimum.
2. Nothing curls your hair like the call, "Cows are out!" and
3. Just because you've had a meal ready to eat doesn't ever mean you're going to have someone ready to eat it.

There is also an article about the role that the farm women play in the morale of the family and the community. Somehow, we have to maintain a sense of confidence, of faith, and especially of humor to keep our "Big Farmers" going. My thought for the day calendar says "Among God's gifts to us are the people who love us." And farm women have the ability to "keep on lovin'" when times are tough.

Incidentally, the magazine also reports that American Agri-Women have presented an engraved plaque to Jessica Lange "for her sensitive portrayal of the strong, real image of today's farm woman in Country." Makes me very proud to be one.

THURSDAY, MARCH 21, is the 300th birthday of a very special man, Johann Sebastian Bach. I plan to celebrate by playing my record of the Goldberg variations. After I've listened to that, I'm going to play "Jesus, Joy of Man's Desiring" on my organ several times. The man

was a genius, and you honestly do not have to be high-brow to appreciate this fellow's music. So enjoy. And Happy Birthday, Johann!

On Friday, early, my Mom and I are flying to Columbia, S.C., to stay with my nephews while their parents attend a conference in Tucson. Since they are both in school, we plan to check out all the shops and restaurants in the area. Then, when Jim and Linda get back, we will do some boating and swimming. He's buying the tickets; he owes it to me for picking on me all the time when I was little!

Key made out a grocery list yesterday, since she will be "chief cook." Looking at it, I'm not sure I can afford to leave. The menus sound so good, I'd like to stay and try them.

So pray that the plane doesn't go down, and I'll be back for Easter. With my luck, we'll have a snow storm that weekend. We even took the storm windows off today. That's living dangerously!

**HUNDREDS OF BALLOONS** were released over Allen Monday afternoon as kindergarten through sixth grade youngsters took part in a Weekly Reader contest which offers a \$500 award to the balloon traveling the greatest distance of all the schools taking part in the United States. Youngsters march down to the Isom-Hill Athletic Field, left photo, where they released the balloons, top photo. Attached to each balloon was the child's name, address, and a note asking the finder to return it and tell where it was found. As another Weekly Reader project, Allen first graders have been matched with a first grade class in White Hall, Md. and have been corresponding with their pen pals since the beginning of the school year.

# How do you know if you're winning if you don't keep TABS?

The agri business industry is a tough race to be in. You need to keep tabs on your entire farm operation. There's no better way than with Farm TABS, the Total Agri-Business System from Terra. Farm TABS is computer hardware and software designed especially for today's agri-businessman, to help you get ahead and stay ahead.

**Keep TABS on your farm machinery.** The Farm TABS software contains a complete machinery management program. It's designed to help you analyze management alternatives and make winning financial decisions. With costs rising everywhere, you need to get the most out of your machinery dollar. Now you can take the guesswork out of managing your machinery by accurately calculating operating and loan costs.

**Keep TABS on crop management.** The Crop/Livestock Profit Projector program gives you an edge by helping analyze the profitability of each of the different enterprises on your farm. It can eliminate some of the guesswork of forecasting profit or loss, and assist you as you consider adding an enterprise or phasing one out. It provides a foundation of cost analysis so that future investment alternatives and marketing decisions can be made to keep you ahead of the game.

**Keep TABS on finances and accounting.** Farm TABS helps you keep tabs on all your finances. The Financial Management contains Farm Profit Analysis, Depreciation Schedules, Land Purchase Analysis, Loan Cost and Interest Income calculators and much more! The Farm Accounting package ties the entire operation together with vital information on keeping your farm in the competition. There's no better system available today to help keep tabs on your entire agri-business operation than Farm TABS. See your Terra location today for a free hands-on demonstration.

# AREA FARMERS...WE SALUTE YOU!

Take a minute this week to think about agriculture:

- Our Nation's #1 Industry—assets of \$927 billion.
- Our Nation's #1 Employer—over 15 million people.
- Our Nation's #1 Inflation Fighter—productivity growth 5 times greater than non-farm industry over past 5 years.
- Our Nation's #1 Exporter—\$40 billion in 1980.

The efficiency of U.S. agriculture helps make it possible for us to spend less of our after-tax income on food and earn food-items in less time than consumers in other nations around the world.

For example: the typical American works 16 minutes to earn 1 pound of sirloin steak — compared to 34 in France, 60 in the Soviet Union, 174 in Japan, and 455 in the People's Republic of China.

Agriculture is the heartbeat of our nation's economy. It's a big part of what makes America strong. A story that every American can be proud of. Let's salute it during Agriculture Week.

**GATHERING OF BIBLES**  
The Lutheran Laymen's League of St. John's Lutheran Church has again adopted the gathering of new or used Bibles as a Spring 1985 project. The Bibles will be packaged and shipped to the World Home Bible League.

If anyone would like to donate a Bible or Bibles to the League, contact St. John's Church office, phone 287-2385 or contact Clara Holtz, St. John's Laymen's League secretary, phone 287-2836 for arrangement to pick up or you may leave them at the church office by April 11. All donations will be accepted with thanks.

Program is jointly sponsored by local cooperative members of Land O' Lakes and the Land O' Lakes district associations.

**PLANS BIRTHDAY PARTY**  
The Wakefield American Legion Auxiliary will honor the Legion on their 86th birthday on Saturday, March 30. The event will be held at the Legion Hall with a social hour at 5:30 p.m., followed by a potluck supper.

Those attending are to bring a covered dish and their own place setting. Coffee and dessert will be furnished.

Entertainment will be provided.

**LEARN ABOUT CAREERS**  
Wakefield Community Schools and local business people, in a cooperative effort, offered senior students a new opportunity last week. Called Career-Day, senior career interest was matched with a business and they spent a day at that business learning what the job entails.

Eighteen students observed everything from grocery store marketing to laboratory technician work and soil conservation.

**LAND O' LAKES MEETING**  
Date and Sue Hansen participated in the Land O' Lakes Annual Meeting Young Farmer Program held Feb. 25-27 in Minneapolis, Minn.

Young farmers were selected to attend on the basis of their farming operation and their interest in community and cooperative affairs. This

**BAND BOOSTER**  
An interested group of approximately 65 band parents met with Supl. Derwin Hartman, Principal Joe Coble and Mrs. Diane Trullinger March 7 to discuss fund-raising, Trojan-Band trips, and the possibility of forming a band booster organization.

The consensus of those attending was that the trips should be continued in the present format, that the search for innovative fund-raising ideas should be continued and that a band booster organization should be started.

A concert featuring the Trojan pep band, junior high band, fifth grade band and sixth grade band has been scheduled for May 7.

Plans also are being made to organize the Band Boosters group before the end of the school year, so it will be ready to function during the entire 1985-86 school year.

**PARENT-TEACHER CONFERENCES**  
Elementary parent-teacher conferences will be held today and tomorrow and Friday. Elementary students will be dismissed at 1:30 p.m. on Thursday, and classes will not be held for elementary students on Friday.

Students who wish to ride the bus home must wait for the regular high school dismissal time. Mr. Hartman, Superintendent, says if rural parents do not have a means of picking up their children at 1:30 p.m. the children might consider spending the

afternoon with a friend or relative in town and come back to the school at 3:30 p.m. to ride the bus home.

**FRIENDLY TUESDAY CLUB**  
Six members of the Friendly Tuesday Club met March 12 at 2 p.m. with Ruth Lempe. Guests were Mrs. Fred Johnson, Mrs. Marvin Stolle, Mrs. Jack Park and Mrs. Jerome Pearson.

Roll call was your most valuable possession. The minutes of the last meeting were read and approved. Mrs. George Holtz had the program on questions and answers. The Collect was read in union.

A table luncheon was served by the hostesses.

Mrs. Alfred Meier will host the Tuesday, April 9 meeting at 2 p.m.

**PLEASANT DELL CLUB**  
The Pleasant Dell Club met Thursday at 2 p.m. with Mrs. Marvin Rewinkle. Judy Wiershauser and Sara were guests.

Roll call was the exchange of a favorite recipe. Thank you notes were read from Marie Johnson and Doris Fredrickson.

Plans were discussed for a May visit to the Laurel Nursing home.

Mrs. Elroy Hank will host the Thursday, April 11 meeting at 2 p.m.

# Introducing...

## A complete package of IRA benefits and services available from Occidental Nebraska.

Make it easy on yourself. Occidental Nebraska makes your IRA decision easy. Now the confusion and trouble of finding the right Individual Retirement Account is eliminated. With the Easy IRA, we make it easy to get the best deal. Competitive rates — all the time.

There's a lot of number games going on right now with IRAs. But beware. What appears to be a great deal for a few months may not be in the long haul.

Occidental Nebraska offers high rates... rates consistently among the best around. For example, the rate paid on our Easy IRA during 1984 averaged 11.2% paying a yield of 11.6%. Guaranteed safe by the FSLIC.

Some IRAs offer no guarantee of safety. The Easy IRA does. Every account is insured up to \$100,000 by the Federal Savings and Loan Insurance Corporation.

Open one now. Retire on Easy Street! Every year you wait, you lose tens of thousands of dollars in potential retirement income.

The Easy IRA® Growth Projections		
Year	Your maximum contribution	Growth
Year 1	\$ 2,000	\$ 2,200
Year 2	\$ 4,000	\$ 4,620
Year 3	\$ 6,000	\$ 7,282
Year 4	\$ 8,000	\$10,210
Year 5	\$10,000	\$13,431
Year 10	\$20,000	\$35,062
Total Accumulation vs. Actual Investment		
At Age 60	\$361,886	\$60,000
At Age 65	\$596,253	\$70,000
At Age 70	\$923,703	\$80,000

Projections are based on annual deposits to your IRA of \$2,000 (maximum allowed by law) of an individual starting at age 30-35 tax bracket, 10% interest.

Short on cash? Get an Easy IRA loan.

It's easy to fund your 1984 or 1985 IRA with an Easy IRA loan from Occidental Nebraska.
