Growing in size

WORKERS ON the roof (in circles), machinery and other vehicles appear minuscule when compared to the enormous size of the new Timpler, Inc. manufacturing building that is being constructed just east of Wayne. Chief Construction is the general contractor for the 160,000 square foot facility. Operation at the plant is tentatively scheduled to begin in April of 1986, it was announced when ground was broke for the site in June of this year.

Cavett highlights WSC 75th jubilee celebration

Television personality Dick Cavett, the world renown Vienna Choir Boys and a good deal of history highlight this fall's Wayne State College 75th anniversary celebration.

The appearances of Cavett and the Vienna Choir Boys are two of eight major events of the college's Diamond Jubilee celebration. Many other events, displays, honors and a detailed look at Wayne State's first 75 years as a state college are also part of the festivities.

"As our slogan reads, 'Wayne State College — 75 Years of Educational Excellence', we think we have accomplished a lot since 1910," said Dr. Max Lundstrom, WSC dean of student services who is also the chairman of the Diamond Jubilee committee.

Wayne State College was opened by the state of Nebraska in 1910. However, its origins go back to the 19th century.

A private normal college opened in

Wayne in 1891 under the leadership of Professor James M. Pile. When Pile died in 1909, local leaders persuaded the state legislature to purchase the college and operate it.

Lundstrom said the major Diamond Jubilee events include three Special Program Series presentations and the activities surrounding Wayne State's five home football games.

"We're honoring Wayne State College this fall," Lundstrom added. "We've made a lot of changes in 75 years and we'll see a lot of changes in the future, too. In effect, this is an evaluation to see where we've been."

DICK CAVETT, who was born in Gibbon, Nebraska and went to high school in Lincoln, will appear Sept. 24 at 8 p.m. in Ramsey Theatre at the Val Peterson Fine Arts Center. The following day, he will work with two student seminars.

The Vienna Choir Boys, whose

roots date back to the 15th century, will perform Nov. 11 at 8 p.m. in Ramsey Theatre.

The third special program, the Chinese Magic Revue of Taiwan, is a troupe of dancers, acrobats and magicians who will appear in Ramsey Theatre on Nov. 26. Part of the troupe performed in the closing ceremonies of the 1984 Los Angeles Olympic Games.

A look back at Wayne State's history is a major theme of the anniversary. A dormitory room in Neihardt Hall has been redecorated to look like a 1910 girls' room, a 104-pictorial history book has been printed and is on sale, and displays in the college library and academic buildings are depicting earlier years.

The year 1985 will be preserved in a 75th celebration time capsule, to be buried on campus in ceremonies at 4 p.m., Nov. 26. The time capsule is scheduled to be exhumed in 2010, WSC's centennial.

A day of remembrance for WSC's seven former presidents and living emeritus faculty members is Nov. 10. The 2 p.m. program in Ramsey Theatre will also honor Wayne Normal College founder James M. Pile and Nebraska Poet Laureate John G. Neihardt, an alumnus of Wayne Normal College.

WSC's ONE-ROOM schoolhouse museum will be open for tours and "classes" at certain times during the fall. The Mamie McCorkindale Rural Schoolhouse is a circa 1910 school moved to Wayne in the mid-1960's. The mornings before home football games on Sept. 21, Oct. 5 and Oct. 12 will see education students conduct classes as they were taught 75 years ago.

Wayne State's five home football games this season will anchor many 75th activities. Coach Pete Chapman's Wildcats have gained attention with a top 20 ranking in the NAIA Division I pre-season poll, and the

festivities will only add to the action. The football Saturdays and activities include:

•Sept. 21, WSC vs. Midland Lutheran, Band Day — The 10:30 a.m. Band Day parade will include some 20 high school bands.

•Oct. 5, WSC vs. Missouri Western, Hall-of-Fame Day — Skydivers will deliver the game ball to the playing field.

•Oct. 12, WSC vs. Fort Hays State, Homecoming — Diamond Jubilee/Homecoming Parade at 10 a.m.

•Nov. 2, WSC vs. Emporia State, Agriculture Day.

•Nov. 9, WSC vs. Missouri Southern, Parents Day — A convocation for parents and students will be at 10 a.m. in Ramsey Theatre.

Other activities associated with the Diamond Jubilee include special additions to WSC's Nebraska Arboretum, storefront displays in the Wayne business district and a 75th memorabilia sale.

Wayne-Carroll allowed to join proposed new conference

An athletic conference consisting of O'Neill, Hartington Cedar Catholic, South Sioux City, West Point and Wayne-Carroll received a vote of support Monday evening from the Wayne-Carroll school board.

The school board decided to allow the Wayne-Carroll high school athletic, scholastic or other competition teams to participate in the new conference — providing that the respective school boards of at least four of the other proposed high schools also consent to the conference format.

Ron Carnes, Wayne-Carroll athletic director, said representatives of the schools met in mid-August and it was decided to ask school boards of each of the respective schools for permission to join the conference.

Carnes asked the school board for affirmation on allowing Wayne-Carroll High School in the five — or possibly four — team conference.

"If we get four teams in the conference started, maybe it will grow," said Superintendent Francis Haun.

Although athletics would be the conference's strong suit, Carnes said events could also include speech or music competition and other school activities.

Advantages of joining a conference, Carnes said, is that individual students will receive more recognition for their athletic or scholastic talents. Scheduling school events would also be simpler.

Carnes said there has been discussion with Norfolk's Northeast Nebraska Technical Community College and Wayne State College to host conference events. "That will cut

down on travel time for the schools. The other schools have received this idea well," he said.

SCHOOL BOARD Member Sid Hillier asked Carnes if it would be difficult to get other teams to join because of the distance factor of O'Neill. The distance between O'Neill and West Point is 117 miles, according to Carnes.

With the number of Class B teams in this area of the state (which include Wayne, O'Neill, West Point and Hartington, CC), there are not too many choices for conference team members. Some Class B teams are in a conference already, he said.

South Sioux City is a Class A team. Carnes said first place finishers in football within the proposed five team conference would assure the team of competing in the state foot-

ball play-offs. If the football team is an independent high school (with no conference affiliation), then the football teams must rely on the point system to make the play-offs.

Carnes said it is difficult to set up a fair point system for all the schools through the state.

Cap Peterson, school board member and a member of the Athletic Task Force, said the biggest problem with the local high school athletics program is the scheduling — mainly picking up games with schools of similar size.

"As you can see this year, we have to travel to Lemars, Iowa," he said.

THE SCHEDULING and giving of more recognition to the kids were reasons why Peterson supported the proposed conference.

Joyce Reeg made the motion to ap-

prove Wayne-Carroll's affiliation to the proposed conference and the vote was unanimous in favor of the merger.

The other schools will report their action with respective school boards at a meeting on Sept. 18 in Hartington.

In other action Tuesday evening, the school board:

- Was provided a Home Economics report by teacher Kathy Fink. She had recently attended a vocational conference in Omaha to find out what others are doing in the area of Home Economics.

Among the weakness in the Wayne-Carroll Home Economics program, she said, are that there are fewer boys enrolled, particularly at the junior high level; there is less flexibility in the required class schedules to allow youths into the program and

that there is scheduling problems for the student and herself; there are fewer computer programs being used in the home economics area; and students not being trained in life skills.

"One solution," she said, "would be to use Home Economics classes as options to required courses, such as tying in human development with sociology and foods to science."

An advisory council could be established in the home economics area, and organizations such as Child Find or Students Against Drunk Driving at the high school level could originate from the Home Economics program.

"Approved the admission of foreign exchange student Miquel Costales of Spain into Wayne-Carroll High School. He will be hosted by Mr. and Mrs. Don Liedman of Carroll.

Hospital has big birthday bash

Photography: Chuck Hackenmiller

AS PART OF Providence Medical Center's 10th anniversary, a big birthday party was planned Saturday afternoon on the hospital grounds. Over 230 children born at PMC came to the festivities despite the 90 degree plus temperatures. There were over 600 invitations mailed. Brothers, sisters and parents of the birthday youngsters brought the afternoon attendance figure of the party to over 450 people. In photos (from top and clockwise) Emi-

ly and Elizabeth Fischer were one set of twins who attended the birthday party; April Pippitt has her face painted in honor of the occasion; trying her luck at the ring toss is Crystal Bauermeister; and enjoying some of the free ice cream are, from left, Wendy, Jennifer and Jason. Beiermann. Clowns from the hospital auxiliary and Methodist Youth Group assisted in the party's activities.

Man dies in plane crash

A PLANE crash near Hoskins Wednesday morning took the life of a Spencer, Nebraska man. Dead is Harald Skjold, age 40, an employee of O'Neill Air of O'Neill, Nebraska. Determination on the cause of the plane crash and other particulars about the destination of the aircraft were unavailable at press time. The skies were cloudy near the crash site, but there had been no evidence of any severe weather conditions. Skjold was the pilot and lone occupant of the single engine airplane, which went

down in a cornfield northwest of Hoskins on the Gerald Stoltenberg property. County Attorney Bob Ensz said notification of the crash came to his office at approximately 8:55 a.m. Skjold was taken by Hoskins Rescue Squad to Our Lady of Lourdes Hospital in Norfolk. He was pronounced dead on arrival. The Hoskins Fire Department was also called out to the scene after smoke was detected from the aircraft.

Council confronts multiple topics

by Chuck Hackenmiller

Wayne's City Council dealt with a long list of various topics, concerning public banks, rezoning of lots, ordinances and public hearings during Tuesday evening's regular city council meeting.

City Administrator Phil Kloster began the council meeting by acknowledging a \$400 check donated by the Wayne County District of Lutheran Brotherhood to the city for what was used as financing to replace trees in the downtown area.

Kloster also spoke generously about the efforts of the Wayne city residents and businesses when the peak alert alarm sounded last Friday afternoon. "We were punching in at 7:00 kilowatts at that time and that is the maximum of what we would like to be, between 7,000 and 7,800," said Kloster.

"The customer is ultimately the one that saves the money because it [peak reduction] saves on demand charge," Kloster said.

"And until we get our electronic control equipment, peak reduction is strictly on the basis of volunteerism," he added.

DURING TUESDAY'S meeting the city council passed a resolution authorizing that an application be made for Community Development Block Grant funds for the construction of a steel water storage tank in Wayne.

Prior to the approval, a public hearing took place, with nobody there to voice opposition or approval of the water tank construction.

Kloster told the council that the elevated water storage tank was "a project that should have begun a few

years ago" but there were enough other projects going on at the time.

With the prospect of growth, both industrial and residential, Kloster said now is the time to begin the process for the new elevated water tank.

He said the projected cost of the new tank will be \$650,000 and the proposed construction area is on the south side of 14th Street on city property located on the west edge of the Temple, Inc. manufacturing site.

THE COUNCIL ALSO conducted a public hearing on the proposed street improvement district of East 14th Street — which is the extension of the present East 14th Street beyond Claycomb Road and continuing eastward to the newly named Centennial Road.

It was approved to advertise for bids on the street improvement project of East 14th Street and to set the bid letting date for Oct. 8 at 7:35 p.m.

Another resolution was passed Tuesday evening by the city council approving a lot split of Lot 2 Block 10 of the Sunnyview Subdivision east of Wayne.

A reason for the lot split was because John Vakoc of Wayne plans on constructing a 12 unit apartment complex on the eastern lot which was split (Lot 3).

To do so, however, will require either a variance or a rezoning of the lot, according to Planning and Zoning Director Marcia Pankaskie. The lot is currently zoned as R-2.

What the Wayne County Planning Commission unanimously approved was to allow the R-2 lot to be rezoned to R-3, which will allow an unlimited number of units in the building.

"It will allow more units in one structure," Pankaskie told the city

council.

Housing units such as this, Pankaskie said, are going to be important to the growing community. She said that of the 27 building permits issued this year, only five have been for houses (compared with 10 houses at this time last year and with 30 or so total building permits. "We are going to be needing housing units," she said.

COUNCIL MEMBER Carolyn Filler recommended that the city council only rezone the lot where Vakoc plans to build his apartment complex instead of both split lots.

She withdrew her motion when Councilman Darrel Fuelberth proposed the rezoning of the lot be tabled until the next regular city council meeting so that Vakoc could appear before them. "We need to know a little more about the type of structure he's putting up," said Fuelberth.

Howard Schmidt of Wayne, who resides near the lots proposed for rezoning, told the council he has no objections to the 12 unit complex if it remains on Lot 3 of the lot split. He is against rezoning and building the structure on Lot 2.

The city council also took up an issue concerning a property clean-up request at 320 East 8th Street. The property owner will be contacted and asked to appear before the council at the next regular meeting to explain why the property hasn't been cleaned up.

Also, City Attorney Kem Swarts made mention of the number of junk or abandoned automobiles which are not on the Wayne city streets but are parked on city right-of-way or personal property. "The real problem I see as far as right of way, which has

become permanent parking, is that the permanent parking has become a junkyard [in some places]," Swarts said.

The city, he said, should take a serious look into this type of situation.

DURING THE meeting, Councilman Larry Johnson said he would like to see emphasized in the schools about travel along Wayne's 3rd Street, which is the detour route while highway work continues on 7th and Main.

The students should walk on the sidewalk and not along the street curbs.

Kloster told the council that the 7th and North Main project is being hampered by the wet weather. "They have to have the sub base dry out. The schedule, needless to say, is falling backwards," he said.

He said the project contractors will provide notice at least three to four days in advance of when road crews will begin working on the road construction project on East 7th Street, so that individuals can make appropriate signs to guide motorists to their businesses when construction begins along the project area.

In action Monday evening, City Attorney Swarts met with the Wayne-Carroll School Board to discuss a street between 4th and 5th Street on the east side of the Wayne Elementary School which had never been dedicated and was the property of the Wayne-Carroll School District.

The school board voted unanimously to deed over the street to the city. Swarts said the council would welcome any recommendations from the school board on what name should be attributed to the city street.

Board to burn 20 year debt

by Chuck Hackenmiller

Wayne-Carroll School District's bond debt on the construction of the high school will go up in smoke on Friday, Sept. 20.

That is when the school district will "burn the mortgage" for the high school, which opened for classes in the fall of 1967. The amount of the 20-year bond to complete the structure was \$867,000.

This school year there had been \$60,000 budgeted to make the final payment on the bond retirement. That amount will be paid, along with \$6,000 interest. There was approximately \$76,000 in the bond retirement fund, leaving a balance of \$10,000 which will be transferred over to the school district's general fund.

The "Burning of the Mortgage" ceremony will take place at 10 a.m. in the high school lecture hall.

Special invitations from the present Wayne-Carroll Board of Education has been extended to former school board members to attend this event. The event will take place during the weekly Chamber of Commerce Coffee Friday morning at the high school.

Those attending the Chamber Coffee will also be given a tour of the high school's athletic facilities.

Filed by two ESU nurses

Petition in court dismissed

By LaVon Anderson

A petition filed in district court by Educational Service Unit 1 nurses Bonnie Storm and Pauline Kirsch of South Sioux City has been dismissed.

The ESU 1 board of directors learned of the action Tuesday night during their regular monthly meeting at headquarters in Wakefield.

Board members were presented a copy of a letter from the nurses' attorneys, Crosby, Guenzel, Davis, Kessner & Kuester of Lincoln, stating that the case had been dismissed, without prejudice, at the plaintiffs' costs.

Storm and Kirsch had filed the petition in July, which challenged the ESU 1 board's jurisdiction over their contracts for 1985-86.

The debate stemmed from action taken in April when board members approved a motion to offer amended contracts to all ESU 1 nurses for the 1985-86 school year with an approximate 10 percent reduction in services from 1984-85.

The reduction in services was the result of a March meeting at which board members voted to fund the ESU 1 nursing services program at a level of \$205,000 for 1985-86 — down approximately 10 percent from the 1984-85 budget of \$227,525.

TWENTY MINUTES into Tuesday night's meeting, ESU 1 board members went into executive session for nearly an hour and a half to discuss contract negotiations.

Upon reconvening in open session, board chairman Deryl Lawrence of Wayne instructed the board's negotiating team to proceed with negotiations in good faith.

ESU 1 ASSISTANT Administrator Rodney Garwood expressed concern Tuesday night regarding board

policy of mileage paid to ESU 1 staffers.

Regulations issued by the IRS last year state that employers who compensate employees at a rate of more than 20.5 cents per mile must report the entire sum to the IRS on a W-2 form for the employee.

Employees must include all the payment in their gross income listed on their federal income tax returns.

Following announcement of the regulation, the amount of mileage paid to ESU 1 staffers was reduced from 22 cents per mile to 20.5 cents per mile.

HOWEVER, GARWOOD said since that time the IRS has requested additional "technical" information on when a 1044 form has to be filed for mileage.

"The fact is," said Garwood, "under these additional regulations we (ESU 1) would have to file 1044 forms. That is an almost impossible task with the mileage policy as it now stands."

Garwood said he plans to meet with an IRS advisor for a technical opinion which would allow the service unit not to file 1044 forms.

"However," added Garwood, "that may mean a change in the present board policy."

Garwood said he will meet with an IRS advisor this month and will report back to the board during its regular October meeting.

BEFORE ADJOURNING Tuesday night, ESU 1 Administrator Harry Mills reported on special education contracts signed since the last board meeting.

He also announced district school board conventions slated Sept. 11 in Norfolk and Sept. 16 in West Point.

Next regular meeting of the ESU 1 board of directors will be Oct. 8 at 8 p.m. at the Wakefield headquarters.

Heart Association gift

Gifts in the memory of Vernie Brockman, Wayne, were received by the American Heart Association, Nebraska Affiliate through the "A Time to Remember" service.

"A Time to Remember" contributions to the American Heart Association support community service programs such as blood pressure screenings, with more than 480,000 Nebraskans screened since 1975, and classes in cardiopulmonary resuscitation (CPR), in which more than 75,000 Nebraskans have been trained since 1974. Heart research, both state and national, is also funded by the "ATTR" service. "A Time to Remember" gifts are made in memory of deceased friends or loved ones or as get well greetings, as well as to honor special occasions such as birthdays, graduations, religious occasions and anniversaries. To make an "ATTR" gift, send your check or money order, made payable to the Heart Association, to Mrs. Claudia Koeber, Wayne County "ATTR" Chairman, 1010 Lilac Lane, Wayne, NE 68707. Also include the name of the person in whose honor the gift is made, how the card should be signed, and the name of the person to be notified. A card acknowledging the gift will be sent. The ATTR gift is 100 percent tax deductible.

Student Senate Convention

Student Senators from Nebraska's four state colleges will meet at Wayne State College (WSC) Saturday, Sept. 14 for an exchange of ideas, said Dean Jacobs, WSC Student Senate president. The convention will begin with a 10 a.m. welcome at the WSC Student Center and continue throughout the day.

Food Commodity Distribution

The Norfolk office of the Nebraska Department of Social Services is planning the September distribution of U.S. Department of Agriculture Food Commodities, including American cheese, cornmeal, and rice.

Eligibility will be determined by the applicants' declaration of current gross income for the year. The income must be equal to or below the specified low income guidelines. All signatures of income statement are subject to investigation by the USDA.

Each eligible household may receive six pounds of processed cheese, two pounds of rice, and five pounds of cornmeal.

To obtain commodities, these rules must be followed:

1. Present your social security card.
2. Present proof of residence, such as latest telephone or utility bill, rent receipt, ect. (proof must contain current address).

3. If picking up commodities for another household, you must present a statement signed by the head of household naming a definite individual getting the commodities plus items stated in #1 & 2.

The guidelines will be enforced. Anyone attempting to obtain commodities without this requested information, claiming lack of knowledge or other fact, will be denied.

This distribution of commodities is set for Wednesday Sept. 25, at the Pilger, Fire Station from 10 a.m. to 11:30 a.m.

The distribution of commodities is set for Thursday, Sept. 26, 1985 at the Norfolk National Guard Armory from 8:30 a.m. to 1:00 p.m.

Please bring a sack or box to carry your commodities.

Sahs working in Oklahoma

Roger Sahs of Lincoln, formerly of Carroll, has obtained a position as an area extension agricultural economist with the Oklahoma Cooperative Extension Service in Cardell, Okla.

A 1978 graduate of Wayne Carroll High School, Sahs received his BS degree in business administration from Wayne State College in 1982. This past May, he received his MS degree from the University of Nebraska-Lincoln, majoring in agricultural economics.

He is the son of Mrs. Erna Sahs of Wayne and the late Gilmore Sahs.

Support group

The Norfolk Support Group for Divorced, Widowed, and Separated will meet Sunday, September 15, at 7:30 p.m. at the Knights of Columbus Hall, 105 Elm, Norfolk. Chuck Keizer will present "My Trust in Jesus."

Paper drive

Wayne Boy Scout Troop #174 will be conducting a paper drive this Saturday, Sept. 14, beginning at approximately 8:30 a.m. Put out the newspapers to the curb by that time and the Boy Scout troop will be by to pick up the items.

Wild horse adoption center

Two hundred wild horses will be available for adoption in Bloomfield, Nebraska, on Saturday and Sunday, Sept. 14-15, at the Bloomfield Sale Barn on West Brazile Street between 9 a.m. and 6 p.m., during a temporary wild horse adoption center planned by the Bureau of Land Management (BLM).

The horses gathered from public rangelands in Wyoming, Nevada, Oregon and Idaho will be available for an adoption fee of \$125. People who can give good homes to the horses may apply for as many as four.

To qualify, applicants must have suitable transportation and have adequate facilities and means for caring for the animals.

Before each animal is put up for adoption, it is thoroughly checked by a veterinarian and vaccinated for various equine disorders. A record of the animal's medical history is provided to each adopter to assist in establishing a good health care program.

For one year following the adoption, the animal remains U.S. Government property. After providing humane treatment and with a veterinarian's written certification, a Certificate of Title may be issued. The temporary adoption is being held in conjunction with the town of Bloomfield's first annual "Mustang Days."

Lodge meeting

Wayne Lodge #120 A.F.&A.M.'s regular meeting will be held on Tuesday, Sept. 17. The officers urge all Masonic members to attend. Wayne Lodge welcomes members from other lodges to attend the Wayne meetings.

Norfolk concert association announces new '85-'86 season

The Norfolk Community Concert Association is happy to announce another season of quality entertainment for 1985-86. Three concerts will be presented this season at the Norfolk City Auditorium.

On Tuesday, November 26, 1985 Mr. Jack Daniel's Original Silver Cornet Band will be presenting a special program they call "Hometown Christmas."

The NCCA is bringing this fine group back to Norfolk because of the overwhelming response of those who attended their performance during the '82-'83 season. The group was recently featured on the Today Show.

Jury's Irish Cabaret of Dublin, a company of 30 singers, dancers, harpists, fiddlers, and storytellers, will be presenting a concert on Tuesday,

March 4, 1986. This concert is described as "Thoroughly professional...a splendid show" in the Washington Post, and as "Scintillating entertainment" in the Des Moines Register.

Michael Ponti, piano soloist, and Robert Zimansky, conductor and violin soloist will join the Southwest German Chamber Orchestra for an evening of classical music on Saturday, April 19, 1986. The orchestra has achieved international recognition through its concert tours of Europe, North and South America. They have performed at the major music festivals of Europe and have made numerous recordings, television and radio appearances.

All concerts will be held in the Norfolk City Auditorium and will begin at 8:15 p.m. Season memberships will be available Sept. 16-17 at a cost of \$18 for adults and \$9 for students.

Mrs. Christine Luexer of Winside is the Community Concert representative in our area. To purchase memberships or to get more information, contact this area representative or phone the Norfolk Community Headquarters Sept. 16-21 during the day at 402-371-3221.

District 17 Youth Art competition

State Senator Jerry Conway and the Nebraska Arts Council recently announced a Youth Art Competition for Legislative District 17, the District includes residents in Dakota, Dixon, and Wayne Counties. The winner of the contest will go on to compete at the state level to help celebrate the "Year of the Arts" in Nebraska.

Information on the contest has already been sent to area schools. All in the 17th Legislative District under the age of 18 are eligible to enter. The winning work of art from the district will be exhibited in Senator Conway's office in the Nebraska State Capitol during National Art week, Sept. 23-29, 1985. At that time, winning entries from across the state will compete for awards at the state level.

"After viewing some of the art work displayed at the fairs, I know we have some very talented young artists here in northeast Nebraska and I hope they will enter some of the work they have completed for this statewide competition. I believe we can be very competitive if they enter," the Senator said.

Further information should be obtained from Dr. Jay O'Leary or Pearl Hansen at the Wayne State College's Division of Fine Arts (375-2200), which is coordinating the contest entries. Questions may also be directed to Senator Conway's Lincoln office at 471-2716.

Variety of new laws go into effect

Capitol News
by Melvin Paul

Although the new mandatory seat belt law has attracted most of the attention, it is only one of dozens of new laws that took effect last Friday (Sept. 6).

State lawmakers enacted 248 new laws during their 1985 session. Under terms of the state Constitution, the legislative acts that specify no date for implementation take effect three months after annual adjournment, which this year fell on Friday.

In addition to imposing a \$25 fine on drivers and front-seat passengers for failure to wear a seatbelt, new laws increased the state tax on real estate transactions, allowed voter registration by mail and increased maximum benefits for unemployment insurance and workers' compensation.

Other new laws created a new crime for distribution of pornography, amended the state incest statute, gave legal recognition to the practice of joint child custody in divorce cases, created a new legal category for the computer crimes and granted a liquor tax break to farm wineries.

For the first time since 1950, Nebraskans have been sufficiently offended by the work product of the legislative session to refer by petition two legislative acts to the general election, ballot for decisions on whether they should be repealed.

In the 1950 election, Nebraska voters decided against repeal of legislative acts increasing the gasoline tax and the motor vehicle registration fee.

In November 1984, voters are expected to decide on the repeal of the mandatory seatbelt law. But until that decision is made, the provisions of the new law will remain in effect. Opponents of the seatbelt law appear to have submitted a sufficient number of signatures to refer the act to the ballot, but the secretary of the state has yet to officially certify the petitions.

OPPOSITIONS OF LB 662, the school consolidation and finance law, have succeeded in referring that legislative act to the general election ballot. The major provisions of LB 662 are delayed until 1987. Some

minor provisions would have taken effect on Friday but for the fact that referendum sponsors gathered enough signatures to suspend the implementation of the new law until the referendum.

County courthouses across the state had to prepare for the changes in law last week. Registers of deeds are now collecting a documentary stamp tax on real estate transactions of \$1.50 per \$1,000 of the transaction's value. The rate had been \$1.10 per \$1,000 of value.

County election commissioners and clerks are preparing forms to allow voter registration by mail up to 30 days before an election.

The top rate for unemployment insurance increased to \$124 weekly from \$120 weekly. The top rate for workers' compensation is now \$225 weekly, up from \$200 weekly.

The new pornography law creates a specific crime for production of obscene material involving children. Publication, distribution and possession with intent to distribute are crimes under the new law. Simple possession is not a crime under the new law.

Under the new incest law, a child's testimony will no longer need corroboration. In addition, the new law includes illicit contact between step-parents and stepchildren under the incest statute.

A recent Nebraska Supreme Court decision cast doubt on the ability of judges to grant divorced parents joint custody over their children. A new law makes it clear that such arrangements are authorized, and includes guidelines for their use.

The Computer Crime Act will make it a felony to use computers to steal or destroy property. The act makes it a misdemeanor to obtain confidential information through the use of a computer.

Also prohibited by the new law is some of the mischief committed by the computer hobbyists known as hackers.

The Nebraska Liquor Control Commission may issue a special license to farm wineries. Senators hope to foster a cottage industry in the state by taxing the small wineries at a reduced rate.

viewpoint

Unwise selection?

Taxpayers have a legitimate right to question the Wayne County Board of Commissioner's decision last Tuesday on their action of accepting an insurance carrier for their county employees.

Particularly when selecting a bid of another insurance company would have resulted in nearly \$36,000 less per year in premium costs.

County, city, state or national officials elected to serve office have a responsibility to make decisions based on what would be in the best interest of the whole sector they represent.

The current insurance carrier has been a good carrier for the county during the past years, the county commissioners say, with no complaints from the county employees about service or coverage.

But the point is this — Is now the time to dabble with what they consider the best when the next best can be attained at a much reduced cost?

These are depressed times in the rural sector and this fact should emphasize even more the importance of cutting taxes when an opportunity presents itself.

One county commissioner told The Wayne Herald he feels the transition in insurance carriers could result in less benefits to the county employees. The commissioner said a study had been made between the two competing insurance companies, conducted by another insurance company, that revealed the two policies just weren't comparing apples to apples.

And besides that, the past insurance carrier had lowered its premium costs of a year ago by 5 percent, the commissioner mentioned.

Even so, the decision on acceptance of health insurance should have remained in the realm of what is in the best interest of the voting public (those who must pay taxes to the governmental body in return of county services).

When businesses find their insurance provided to employees is rising to what can be considered unaffordable, they switch companies or get the carrier to provide a policy that is within their financial limitations. The end result is that there could be a deductible or increase in deductible, plus some loss of benefits to the employees of the firm.

But at least the company or business can continue to operate.

How do other tax collecting entities fare in insurance? Wayne-Carroll, according to Superintendent Francis Haun, provides a no-deductible insurance to 54 school district employees at a budgeted cost of \$90,064 in annual premiums (or \$7,506 per month).

The premium is based on the experience ratio of the group. However, Haun said policies such as the one obtained by the school are not written up as such anymore.

The school district hasn't bid out the health insurance for the past four years, but Haun said insurance companies are welcome to submit proposals to see if they can beat the premium price tag.

City Administrator Phil Kloster said 45 city employees are enrolled in a partial self insurance program — with claims funded partially by the city of Wayne and partially by another insurance carrier. Premiums which the city pays to the insurance carrier averages \$4,547.89 per month (for the past 12 months).

Kloster said that amount is not indicative of what the city pays out as a whole for insurance of its employees because of the self insured payments the city must pay on claims.

Still, the policy is projected to be 30 percent less than what the insurance costs would have been if they had remained with the previous insurance carrier.

So the school district's insurance costs appear lower than the county's costs. The city's cost is questionable, since it depends largely on the number of claims filed.

We strongly urge the county commissioners to rescind its recent insurance carrier selection. We understand the commissioners' intentions of acting in the best interest of its employees.

But in line with that, the commissioners must also look out for those that they elected to represent.

FREEDOM OF THE PRESS IS EVERYBODY'S FREEDOM.

Trouble for ethanol industry

The domestic ethanol industry is in serious jeopardy because of a recent decision by the United States Customs Service and the Treasury Department. That decision means that all ethanol-fermentation imports entering the United States by Nov. 1 will be exempt from the statutory 60-cents-per-gallon tariff. This exemption will apply if the imports are covered by a contract made and letter ruling issued before Aug. 2, 1985.

This decision paves the way for up to 500 million gallons of imported Brazilian ethanol-toluene blend to enter the United States duty-free within the next several months. Five hundred million gallons exceeds total United States ethanol production in 1984. Clearly this poses a threat to the future of American ethanol and agriculture.

The loss of an important and expanding market for corn and other feed grains can cause further depress-

sion of an already low commodity market. Five hundred million gallons of ethanol is the equivalent of 200 million bushels of corn. This loss of consumption would lower corn prices by at least 15 cents per bush and reduce farm income by at least \$1 billion.

The result would be an increase in farm program costs. The Commodity Credit Corporation would have to acquire this displaced domestic grain at an initial cost of about \$1 billion — plus an additional 30 cents per bushel per year for storage and 25 cents per bushel per year in interest payments. In addition, deficiency payments to farmers would increase.

THERE ALSO would be a significant revenue to federal and state treasuries. Up to \$300 million in import duties would be lost to the federal treasury. Moreover, because imported ethanol is eligible for state as well as federal subsidies established to promote the domestic ethanol industry, state treasuries would also suffer.

Because of our concern about this situation, a number of my colleagues and I are writing to Treasury Secretary James Baker to express our alarm. We are urging Secretary Baker to reconsider the Customs Service's decision and bring its enforce-

ment of United States tariff schedules into immediate conformity with intent of Congress as expressed in a 1980 law. That law resulted in a statutory mandate that all fuel ethanol, including gasoline blended ethanol, be assessed the current 60-cent-per-gallon duty.

In our letter, we point out to Secretary Baker that the negative effects of granting this exemption will hit American agriculture, the American ethanol industry and the American taxpayer's pocketbook. This cannot and should not be countenanced by the Treasury Department.

I am cosponsoring a bill that would prohibit the employment of Soviet nationals at the United States diplomatic and consular missions in the Soviet Union. The bill makes clear the willingness of Congress to provide funds necessary for employing United States citizens at these diplomatic or consular missions.

Rock music

If the "Truth about Rock", Seminar opens the lines of communications between parents and children about why the parental generation is often concerned about the negative influences of some rock music, this program will serve a constructive purpose. But the statement that four million dollars on rock materials have been destroyed since this group began their crusade, waves a very destructive, counterproductive flag in my mind. People tend to discard those possessions which are no longer meaningful to them, but this statement carries the ominous implication that after hearing this presentation, parents and children may become involved in a vicious power struggle. In which the more powerful may destroy the property of the other.

If we are to maintain good lines of communications between generations, it is imperative that we respect

the property rights of the other. It's very hard for parents to learn to listen to their teenagers, especially when they disagree with them, but it is imperative if those children are to grow up to be happy, productive, creative adults.

There should certainly be no blanket edictment of all rock as "bad", because of the problems of a minority. For many, rock music constitutes an easily understood and employed form of musical expression, and if we do not put down all its devotees as "bad", we will find that eventually these young people will enjoy more sophisticated levels of music. Each generation has those zealous adults who feel that they frittered away their youth on non-productive interests, but they forget that they also would have rebelled if authority figures had dictated what they should and should not like.

Those whose musical interests

were repressed as children as being "bad", too often grow up to be the musical incompetents who cannot so much as sing a simple church hymn.

County accountability

It's time the Dixon County Board of Supervisors conducts itself with a better accounting of its actions to the people of Dixon County.

Why can't the board see fit to fulfill its responsibilities in maintaining the bridges in the county? In Galena township alone there are three bridges out of repair, two of which are presently closed to travel. The third bridge is a highway bridge with a concrete deck. The board wanted to vacate the bridge and road leading to it and replace it with a new road costing far in excess of repairing the bridge. With all the bird-mopower and machines owned by the county, can't these bridges be

repaired by the county without any outside contractor doing the work?

Why does the county board eat its noon meal outside the county and not in Ponca thereby patronizing the local taxpaying cafe owner? The same question can be asked of the so called annual employee Christmas party held at the county shed in Allen. This party is catered by the firms outside the county not within it to support the local taxpayer.

Another question is who pays for this party. No accounting is given for it. These parties and meals should be served by local taxpaying cafes in Dixon County.

Another matter is why aren't the county machines other than maintenance stored at the county shed in Allen and Newcastle? Some of these machines are being continually stored on one supervisor's farm. This should not be the case. Also fuel and oil are being purchased from another board members station. This should not be allowed either.

County roads

Still another matter is why are county machines in perfectly good condition being traded off simply because they are so many years old and have so many hours on them? Many times these machines have just been freshly repaired to the tune of many thousands of dollars.

This is comparable to a person owning a Cadillac car that is 10 years old with only 5,000 or 6,000 miles on the odometer and trading it off with little or no trade in. What did this person gain nothing just a huge loss.

year. It is my opinion that we saved a lot of money last winter by not having the great expense of snow removed, and this is no time to cut back on gravel. Yes some of the roads that are gravelled three times a year are in pretty good shape, but those that haven't been gravelled like ours for four years are getting pretty bad.

If we are expected to pay 1985 taxes, why can't we expect to have equivalent roads, instead of having less for roads than we had in the Forties?

The Rev. and Mrs. Raleigh Harris

Annual fall crusade slated Sept. 15-22

The Rev. Raleigh Harris, Erie, Pa., will be the featured speaker during the annual fall crusade sponsored by the Northeast Nebraska Men's Christian Fellowship.

Dates for the crusade are Sept. 15 and 16 at the Gospel Chapel in Newcastle, and Sept. 17-20 at the Evangelical Free Church in Concord.

Concluding services on Saturday and Sunday evenings, Sept. 21-22, will be at the First Baptist Church in Wayne.

Each service begins at 8 p.m., and a nursery for small children will be provided at each location.

PASTOR HARRIS, a graduate of Malone College, has served as pastor and evangelist at several crusades and interdenominational Bible conferences.

He and his wife also will provide special music during the crusade with several organ and piano duets.
Harris is noted for his skill in bell ringing, and uses 420 sleigh bells, 32 table bells, and bamboo chimes.

The Harrises have performed at seven overseas crusades, including South America, Costa Rica and the Dominican Republic.

Women meet at St. Paul's

President Evie Schock opened the Aug. 28 meeting of St. Paul's Lutheran Churchwomen with prayer. Attending the meeting in the church social room were 22 members and two guests.

Following reports, a thank-you was read from Otto and Ruth Baier.

Churchwomen are planning a guest meeting on Tuesday, Oct. 22 at 8 p.m. The Grand Life Singers from Morningside Lutheran Church will present the program.

It was announced the LCW unit convention is scheduled Oct. 7-8 at Trinity Lutheran Church in Columbus. Evie Schock is the delegate, and Leone Jager is alternate.

THE PROGRAM at the group's August meeting was presented by the sewing group, with Mary Martinson as leader.

Several readings were given on hunger and quilting, and the remainder of the afternoon was spent tying quilts and lap robes.

Hostesses were Mildred Grimm and Leona Hammer.

Next regular meeting will be the election of officers on Sept. 25.

RETIRED SCHOOL TEACHERS Bette Ream (center) and Ila Noyes (at right) receive training as co-volunteer leaders in the Adult Basic Education (ABE) program for the Wayne area. Ream and Noyes will be recruiting and training volunteers for the program which is scheduled to begin this month in Wayne. The ABE program is designed for adults who are at least 16 years of age and who are not enrolled in school.

Wayne women are leaders in adult basic education program

Bette Ream and Ila Noyes, both retired school teachers, have accepted the positions of co-volunteer leaders in the Adult Basic Education (ABE) program for the Wayne area. As volunteer leaders, Ream and Noyes will be recruiting and training volunteers for the federally funded ABE program, which is designed for adults who are at least 16 years of age and who are not enrolled in school.

Adults who are enrolled in the program may be seeking tutoring in basic skills such as reading, writing, math, and living skills.

The basic skills preparation can lead to the General Educational Development (GED) test which can qualify the adult for a Nebraska high school diploma.

Adults needing to learn to speak and write the English language may also enroll for ESL classes.

ACCORDING TO the 1980 census report in Wayne County, 28 percent of the adult population 25 years of age and older have no more than an 11th grade education, and 22 percent have no more than an eighth grade education. "Our volunteers want and can change these statistics," said Golda Bockbrader, Nebraska state coordinator of volunteers.

CAROLYN APLAND, director of Adult Basic Education, said volunteers are needed in two classes which are scheduled to begin Sept. 17 and Sept. 19.

Classes for ABE/GED preparation are slated to begin Tuesday, Sept. 17 from 7 to 9 p.m. at Wayne-Carroll High School, room 202.

Classes for the handicapped will begin Thursday, Sept. 19 from 7 to 9 p.m. at St. Paul's Lutheran Church. Mrs. Jeanette Carlson is the in-

structor for both classes.

ASSIGNMENTS available now include tutor, babysitting, student recruiter, public relations, artist, advocate in living skills, and peer counseling.

The tutors in the classroom work under the direction of a teacher and do not need a teaching certificate. They are, however, required to have a high school diploma.

Those volunteering will be interviewed, oriented and trained for the assignment they select.

"Volunteers are needed from all sectors of the community to make this program a success," said Apland, adding that anyone interested in volunteering or wishing additional information about the classes may contact Bette Ream, 375-2877, or Ila Noyes, 375-3161, volunteer coordinators.

Emrys marking 60th year

An open house reception will be held Saturday, Sept. 14 at the Waketield Health Care Center social room, honoring the 60th wedding anniversary of Clarence and Beanna Emry.

Grandparents are Mr. and Mrs. Dudley Blatchford, Allen, and Mr. and Mrs. James Carpenter, Bath, Ill. Great grandmothers are Leila Blatchford and Esther Gould, both of Sioux City.

OLSON — Mr. and Mrs. Kevin Olson, Norfolk, a daughter, Kristin Elena, 9 lbs., 7 oz., Aug. 28. Kristin joins a sister, Alichia. Grandparents are Mr. and Mrs. Orlin Olson, Norfolk, and Mr. and Mrs. Norman Anderson, Laurel. Great grandparents are Mr. and Mrs. Leonard Thoryn, Cheyenne, Wyo., Mrs. Johnny Olson, Rapid City, S. D., and Mrs. Emma Benjamin, Laurel.

Adolph Henschke observing 90th

All friends and relatives are invited to honor Adolph Henschke on his 90th birthday during an open house reception on Sunday, Sept. 15.

The event will be held from 2 to 4:30 p.m. at St. John's Lutheran Church in Wakefield.

engagements

Wittler-Hill

Making plans for an Oct. 5 wedding at the Community Bible Church in Norfolk are Karen Wittler and Tim Hill, both of Aurora, Colo. Their engagement has been announced by the bride-elect's parents, Arnold and Eleanor Wittler of Hoskins.

Miss Wittler, who is employed as a secretary, graduated from Norfolk Senior High School in 1978 and from Wayne State College in 1982. Her fiance, son of Mr. and Mrs. Keith Hill of Allen, graduated from Allen High School in 1974 and attended Wayne State College. He is employed in construction.

Kleensang-James

Mr. and Mrs. Marvin Kleensang of Hoskins announce the engagement and approaching marriage of their daughter, Shirley Kleensang of Oklahoma City, Okla., to Gary James, also of Oklahoma City. Miss Kleensang graduated from Winside High School and from the University of Nebraska Medical Center. She is employed at the O'Donoghue Rehabilitation Institute in Oklahoma City.

Her fiance, son of Mr. and Mrs. Shelton James of Bethany, Okla., is a graduate of the University of Oklahoma. He is a mechanical engineer at Benham A & E in Oklahoma City.

Plans are underway for an Oct. 4 wedding at the Council Road Baptist Church in Bethany, Okla.

Hamm-Carstens

Mrs. Melva Tranmer of Schuyler and Deward Hamm of Winside announce the approaching marriage of their daughter, Chris Hamm, to Lon Carstens, son of Mr. and Mrs. George Carstens of Hoskins.

Miss Hamm, a graduate of Winside High School and Northeast Technical Community College, Norfolk, is employed with the City of Norfolk Police Division.

Her fiance also graduated from Winside High School and attended Northeast Technical Community College. He is employed at Western Typewriter and Office Supply.

The couple plans an Oct. 5 wedding ceremony at Our Savior Lutheran Church in Norfolk.

Newlyweds honored

Mr. and Mrs. Larry Lanser of Allen entertained Sunday in honor of the recent marriage of their son, Gary, to Lori Willman.

The newlyweds, who were married Aug. 24 in Yankton, S. D., are making their home at 811 Pearl, in Yankton. The bride is the daughter of Mary Lynn Black of Yankton and Alpha Willman of Rapid City, S. D.

Attending the reception were Mr. and Mrs. Jerald Jensen and Shawn of South Sioux City, Mr. and Mrs. Kevin Jensen and Mr. and Mrs. Warren Miller and Nicholas, all of Emerson, Mr. and Mrs. Randal Lanser and Mitch of Laurel, and Frank Lanser.

policy on weddings

The Wayne Herald welcomes news accounts and photographs of weddings involving families living in the Wayne area.

We feel there is widespread interest in local and area weddings and are happy to make space available for their publication.

Because our readers are interested in current news, we ask that all weddings and photographs offered for publication be in our office within 10 days after the date of the ceremony. Information submitted with a picture after that deadline will not be carried as a story but will be used in a cutline underneath the picture. Wedding pictures submitted after the story appears in the paper must be in our office within three weeks after the ceremony.

Just what season is it?

Would someone please tell me what season we're in? I've never been so confused about weather and seasons before in all my life. You see, my life has always revolved around sports, and I always knew what time of year it was by which sporting event was being played.

Calendars, I reasoned, were a waste of paper and time (no pun intended). I always thought that knowing which sport people were participating in was ample data to figure out which season it was. However, the past couple of days have ruined my sports/weather theory.

For example, most of the nation's college football teams ushered in the 1985 season on Saturday, so one would naturally conclude that it must be autumn. However, I'd be willing to bet one would have a hard time convincing the players and spectators that at the Nebraska/Florida State game that it was Saturday.

Not only did some 100 fans suffer heat stroke, but Memorial Stadium's playing surface was a blistering 134 degrees. That isn't a typo, I said 134 degrees.

And for those of us that attended the Wayne State/Morningside game that same day, the weather in Sioux City was similar to the kind Lincoln was experiencing HOT.

Although I knew it was the beginning of football season and it must be autumn, it felt like July. It was so warm, in fact, that I decided to go ahead and play in the Second Guesser's Golf Tournament the next day.

Sunday started out humid and mildly warm like most other summer days do, and since I looked the day before at the Wayne State game, I decided to dress for another muggy day.

Instead of putting on a sweater, wool socks and other "autumn wear," I wore a short sleeve shirt and a tight pair of pants. And I regretted all of my attire decisions once I reached the fourth hole.

While putting on hole No. 4, I actually envied the people that were victimized by heat stroke at Nebraska's game. To say I and the rest of my teammates were cold is an understatement.

But I felt a little better when I saw some of the score keepers in shorts. Why is it members of the human race always feel better when they know someone else is suffering more than they are?

After the tournament I thought it seemed a little early to be winter. But the next day, KTIV sports announcer Steve Taylor did a preseason report on the Muskateers, Sioux City's hockey team.

It had to be winter, I thought. After all, hockey is played on ice.

But when I woke up Tuesday morning, the area was being drenched with a shower similar to the ones we have in the spring time. And to top it off, all the radio broadcasters and newspaper writers kept discussing was something about a Rose.

Well, with the rain coming down and all this talk about flowers, I figured it had to be spring.

But then I realized that everytime I thought it was one season, it turned out to be a different one. When I thought it was autumn because people were playing football, it turned out to be too hot to be the fall. When I thought it had to be summer because I was golfing, it was way too cold to be the summer.

So I finally decided that I had learned my lesson and that I wasn't going to make another irrational decision like it was spring just because it was raining and everybody was talking about a Rose.

So I went over and looked at a calendar and found out that in 12 days it will be the first day of autumn. I guess calendars aren't such a waste after all.

But I would like to know one thing, if it isn't autumn, yet does that mean it's summer? And if it's summer, how come teams are already playing football? Any why...

WSC falls to Morningside 34-10

Turnovers and penalties sink Wildcats in opener

By Jean Berger
Wayne Sports Information Director
SIoux CITY, IOWA—Penalties totaling over 100 yards and untimely turnovers plagued the Wayne State Wildcats in their 34-10 loss to Morningside College on Saturday afternoon.

The Wildcats were whittled for 105 yards in penalties and threw four interceptions against the Chiefs. And both came at costly times for Wayne State serving either to keep a Morningside drive alive or thwarting their own offensive efforts.

Morningside took the opening kickoff and marched 88 yards in 12 plays to take a 7-0 lead with just six minutes gone in the first quarter. A 15-yard personal foul penalty against the Wildcats kept that drive alive.

The Wildcats came right back with Sonny Jones returning the kickoff 30 yards. Following a pass interference call against the Chiefs, quarterback Ed Jochum hit Mitch Johnson for a 32 yard gain and a first down. But on the next play, Jochum was sacked for a 19 yard loss and Wayne State had to settle for a 43 yard field goal from Herve Rousseff.

Wayne State forced a Morningside punt on the next series, but 12 men on the field for the Wildcats gave the Chiefs a first down at the end of the quarter. Morningside needed only two plays to score as fullback Pat Murphy carried it over from the seven.

"Penalties hurt us early on and took away some of our momentum," Wayne State's head coach Pete Chapman said.

The Wildcats failed to move the ball on the next series and Darin Blackburn came in to punt. But on a low snap from center, Blackburn's knee touched the ground, downing the ball on the Wayne State 26 yard line.

Morningside quarterback Jim Gibson carried for 12 yards and another personal foul call against the Wildcats placed the ball on the six. Gibson then passed to Mitch Johnson for the third Morningside score. The two point conversion failed, but the Chiefs led 20-0.

The Wildcats followed by moving the ball from their own 26 to Morningside's 20, but Jochum was sacked for a loss of 13 yards and Rousseff's 52 yard field goal attempt was wide.

Wayne State came out after the half fired up and stopped the Chiefs on their first series. That set up a 39 yard punt return by Mattmann to the 15 with senior fullback Carl Calvert scoring the touchdown on the next play.

Down 20-10, Wayne moved the ball to the 27, but Rousseff missed a 35 yard field goal attempt. Morningside then marched 73 yards in eight plays to lead 27-10 at the end of the third quarter.

Jochum was intercepted on the next series and Morningside drove to the five, but senior cornerback Mark Will postponed another Chiefs touchdown with an interception in the end zone.

Freshman quarterback Eros Sanchez took over for the Wildcats and

completed a 44 yard pass to Chuck McGinnis before being intercepted by Tim McCabe who returned the ball 40 yards to the 35.

Morningside scored for the final time after another personal foul penalty against Wayne placed the ball on the 11 yard line. Gibson completed his third touchdown pass of the day by hitting tight end Mike Noble in the end zone.

Jochum was 21-of-45 on the day for 180 yards. However, he was sacked for losses totaling 33 yards. Calvert rushed for 54 yards on nine carries and caught a team high seven passes for 59 yards. Ray Hooker caught five passes totaling 47 yards.

Wayne State's defense was led by senior linebacker Tony Shaw of O'Neill. Shaw recorded 13 solo tackles. Greg Cavill, in his first start for the Wildcats, was in on 10 tackles. End Keith Turner had six tackles and recovered the only fumble for the Wildcats.

The defense gave up 162 yards on the ground and another 149 in the air. The Morningside attack was spread out by Murphy gaining 40 yards, junior college transfer Darren Belk gaining 59 and freshman Jason Danenberg adding another 36. Injuries took out starting receiver Sonny Jones and starting cornerback Lamont Lewis in the first half. Jones suffered a sprained ankle and Lewis

a hip pointer. Their status for the Chadron State game is unknown.

"We'll have to regroup and just work harder this week," Chapman said. "We're still a talented football team and have the rest of the season ahead of us."

Wayne-Carroll places third at Beemer

Blue Devil rally lifts them past Scribner

BEEMER—Wayne Carroll overcame a 16-14 first set defeat to down Scribner, 15-2, 15-11 in the last two frames of the consolation game at the Beemer Volleyball Tournament here Saturday night.

Wayne Carroll ushered in the consolation game in high fashion by lunging to a quick 9-2 lead. However, Scribner battled back and claimed the overtime victory.

Mavis Dalton, Wayne Carroll's head coach, said her club folded when Scribner started gaining momentum.

"In the first set, Scribner came back at us and instead of remaining intense we let up and they took advantage. We'll have to work on keeping intense and playing the entire game that way," she said.

Intensity wasn't a problem in the second frame as the Blue Devils opened an early lead and dominated the entire set before posting a lopsided 15-2 victory.

The third set was close the entire way but Wayne Carroll pushed across the final two points and claimed the tourney's consolation trophy. Kecia Corbit and Sonja Skokan sparked the Blue Devils with 12 and 10 points, respectively. Corbit added two aces, while Skokan rifled four aces.

Skokan also had a big night in spiking finishing 8-for-8 with two aces. But Shelly Pick was Wayne Carroll's

spiking leader going 16-for-16 with four aces.

Marnie Bruggeman led the squad in setting going 31-for-32.

Wayne Carroll vs. Wisner

Early jitters and nervousness cost Wayne Carroll in the semifinals as the Blue Devils dropped a 16-14, 15-12 decision to Wisner.

In the first set, Wayne Carroll fell behind 9-1 and the Blue Devils trailed 7-1 in the second frame before late rallies in both sets fell short.

Dalton said the Blue Devils' problems in both cases was nervousness and not bearing down the entire game.

"We fell way behind in both sets and it was mostly because the girls were nervous and as a result, weren't concentrating in the early going. We came back in both sets and outplayed them down the stretch, but when you trail by that much it's hard to come back," she said.

Corbit was the squad's leading scorer with 13 points and three ace serves.

Bruggeman led Wayne-Carroll in setting finishing 37-for-37, while Pick finished 12-16 in spiking with four aces and Skokan closed with an 8-for-10 spiking performance.

Dalton said that Laura Keating and Lori Jacobson played solid floor games throughout the entire tournament.

Dalton also discussed her team's overall play during the tournament. "Overall, I'd have to say the girls played pretty well for it being so early in the season. We did make some

mistakes that young players make, but since we're a young team I guess that's expected," she said. "One area we're going to have to work on the

most, though, is keeping intense and keeping our concentration the entire game. We lost our concentration too much and that hurt us."

Steady floor game allows Trojans two set victory

EMERSON—Wakefield's steady floor game allowed the Trojans a 15-8, 16-14 victory over Emerson-Hubbard here Tuesday night.

Wakefield's head coach Paul Eaton said his club had a poor night serving the ball, but added that the Trojans' floor game made up for their other problems.

"We had 37 good serves against 17 bad ones so we were way off in that category. But the girls worked well together and really played a solid floor game," he said.

After pulling out the opener, Wakefield trailed 2-0 in the second frame before pulling ahead 7-4. But Emerson-Hubbard came back by outscoring the Trojans 10-2 down the stretch to tie the game at 14.

Emerson-Hubbard then had

several serve opportunities to win the game, but Wakefield hung on and finally pushed across the two game winners.

Stephanie Torczon led the Trojans with nine points and teammate Julie Oswald added five markers.

Torczon and Oswald were also Wakefield's setting leaders closing 21-for-21 with four ace sets and 28-for-29 with 10 ace sets, respectively.

Kristal Clay sparked the Trojans with a 14-for-15 spiking performance, including seven aces. Kristi Miller added a 10-for-12 spiking effort and Leigh Johnson added an impressive 7-for-7 performance, all of which were aces.

Eaton said he was impressed with Johnson's and Suzanne Stelling's efforts on the night.

"Susie McGulistan is one of our regular starters but she was ill and didn't play. Leigh and Suzanne played instead and really did a good job of filling-in," he said.

Wakefield also won the junior varsity and freshmen contests. The Trojans' JV squad won 15-4, 15-11, while the frosh claimed 11-5, 11-6 triumphs.

Kaye Hansen and Tonya Willers each scored a team high seven points for the Trojan JVs, while Debbi Peterson and Michelle Otte led the freshmen with five and four points, respectively.

Wakefield's next match is today (Thursday) when Lyons travel to town.

Blue Devils now 3-1

Wayne thumps Schuyler

Wayne-Carroll's volleyball team upped its record to a very respectable 3-1 Tuesday night by pouncing Schuyler Central 15-8, 15-4.

Both sets were as lopsided as each final score might indicate as the Blue Devils jumped out to quick leads in both frames and coasted to easy victories.

In the opening set, Wayne-Carroll led 12-2 before a late spurt by the Lady Warriors made the final margin respectable.

The second set was much like the first frame as the Blue Devils ushered in a commanding 9-0 cushion and went on to outscore the visitors 3-4 down the stretch.

The only problem the Blue Devils had in each set was maintaining their intensity after they opened the lopsided leads. And head coach Mavis Dalton said that is a problem the squad must correct.

"We're still having trouble keeping our concentration an entire set. Most

of the timeouts I called were to remind them to get their thoughts back into the game," she said.

Dalton's reminders always had positive effects as every time Schuyler Central built momentum, a Wayne-Carroll timeout usually ended every Lady Warrior rally.

Although Wayne-Carroll had several serving leaders, Kecia Corbit led the Blue Devils with 10 points, including two aces. Teammate Marnie Bruggeman added eight markers for the hosts.

Bruggeman also had a fine night setting as the 5-3 sophomore finished 28-for-28. Lori Jacobson added a 10-for-10 effort.

Corbit, a 5-11 junior, led the Blue Devils in spiking with 11, including four aces. Shelly Pick, also a 5-11 junior, added 10 spikes and two aces.

Dalton said her club's 3-1 mark isn't surprising, but added that the .750 winning percentage is as good as good of a start as she hoped for.

"We're 3-1 now and I can't complain. This is about as good of a start as I had hoped for. And I know the girls are happy with their record and I guess I share their pride," she said.

Wayne-Carroll made it a clean sweep by also winning the freshmen and junior varsity bouts. The Blue Devils dropped the Schuyler Central frosh 15-2, 15-4, while the junior varsity captured 15-13, 15-0 triumphs.

Holly Paige led the freshmen with six points, while Betsy Lebsack, Robin Luft and Julie Wessel each added five points apiece.

Rita Pendergrast led the Blue Devil JVs with 10 points, while Terri Gahner added eight markers. Jodi Ditman led the squad in spiking with five.

Wayne-Carroll's next match is Saturday against Clarkson beginning at 2 p.m. at the North Bend Tournament.

Allen places third at Pender Tourney

PENDER-Allen's improved passing game allowed the Eagles a victory over Pender in the consolation game of the Pender Volleyball Tournament here Saturday.

According to head coach Gary Troth, Allen consistently had trouble with its passing and setting during the tournament. However, Troth said his club improved its passing in the final set of the consolation round to pull out a 15-9, 10-15, 15-8 triumph.

"I don't really know exactly what the problem was. Our form looked good but most of the passes and sets were two feet over the net instead of two feet in back of it," Troth said.

"But we kept trying to adjust and finally got better and pulled it out."

Troth added, however, that the second set loss was mainly due to his club's adjustment process.

"We won that first set mainly because Pender had a difficult time keeping the ball in bounds. In the second set we tried to correct our pass-

ing problems and during the process Pender got us," he said.

Kristi Chase sparked the Eagles with 12 points, while teammate Tiffany Hardor added six markers to the Allen cause.

Chase also had a good night spiking the ball finishing 6-for-12 including three aces. However, the Eagles' spiking leaders were Denise Magnuson (11-for-13 with four aces) and Barb Hansen (11-for-14 with one ace).

Leann McDonald led the squad in setting finishing 10-for-10 and teammate Nikki Olsen added a 5-for-6 setting effort.

Allen vs. Laurel-Concord
Laurel-Concord forced Allen into the consolation game by defeating the Eagles 15-13, 15-8 in the tourney's semifinals.

Troth said his club's biggest problem during the Laurel-Concord match was its passing and numerous mental mistakes.

"Our passing just wasn't real sharp. Our passes were continuously long and that kept us out of our offense. We should've had three times as many hits, but we didn't get any offense generated because of our poor passing," he said.

"Also, we made silly mistakes. Laurel always managed to keep the ball in play and it seemed like we just ended up making silly mistakes all the time," Troth added.

Chase led the Eagles with eight points and finished 5-for-5 with three aces. Magnuson led Allen in spiking going 10-for-10 and her twin sister Diane added a 5-for-7 spiking effort.

McDonald and Olsen led the squad in setting going 27-for-27, and 13-for-17, respectively.

Allen plays again Thursday at Coleridge.

Laurel places second at Pender

Bancroft stops Bears

PENDER-One of Laurel-Concord's biggest strengths, its mental toughness, turned out to be its biggest nemesis here Saturday in the championship of the Pender Volleyball Tournament.

Bancroft capitalized on numerous mental errors by Laurel-Concord and came from behind to claim the tourney's title 4-15, 15-6, 15-7.

Carroll Manganaro, Laurel-Concord's head coach, said a mental let down in the final set cost her squad the championship.

"We had the lead and everything was going smooth but then Bancroft scored a couple of quick points and we lost our composure. We simply lost our mental edge and they overtook us," she said.

Laurel-Concord opened a quick 5-1 lead before the Bears' passing game weakened. Bancroft capitalized on Laurel-Concord's blunders by scoring eight unanswered points and opened a 9-5 lead.

In addition to the four point cushion, Bancroft also had all momentum and cruised to the eight point triumph for the championship.

"When we lost our concentration, we also lost all the momentum we

built up when we opened the lead," Manganaro said.

The first set started slow before Shelly Wathier's serving allowed the Bears to open a big lead and claim the opening frame victory.

With the score doubled at four, Wathier took over the serving chores and reeled off eight unanswered points to fuel Laurel-Concord's offense with a 12-4 lead.

"The first set was pretty tight before Shelly started serving. And by the time Bancroft finally caught on to her serve, it was pretty much too late," Manganaro said.

The second set was all Bancroft as it jumped to a quick 4-1 advantage before opening a lopsided 13-3 lead and the 15-7 triumph.

Wathier led the Bears in scoring with 12 points, while teammate Taml Schmitt added seven markers.

Gail Twiford and Michelle Joslin were the Bears' spiking leaders. Twiford went 12-for-14 with three aces and Joslin was perfect in nine attempts with four aces.

Manganaro said Sara Adkins was the club's leading server.

Laurel-Concord vs. Allen
Laurel-Concord reached the championship by disposing of Allen in

straight sets 15-13, 15-8 in the semifinals.

Allen opened an 8-6 edge at the half way point of the first set. However, Laurel-Concord's steady passing game and Twiford's strong net play allowed the Bears to post the 15-13 victory.

"Neither team ever dominated either set but I think our passing was a little sharper and Gail played well at the net," Manganaro said.

After opening a slim 7-6 lead in the second set, Laurel-Concord made it a clean sweep by outscoring Allen 8-2 down the stretch for the 15-8 triumph.

Adkins sparked the Bears with nine points, while Wathier added eight. Twiford finished 9-for-10 in spiking with three aces to lead Laurel-Concord. As a team the Bears finished 13-for-16 in spiking.

Although she said finishing second was nice, Manganaro was disappointed with several aspects of her club's play.

"I was disappointed with our team service, serve reception and keeping our mental toughness in the last set. But it's early in the season and things like that will happen. We'll just have to work on improving in those areas as the season moves along," she said.

WSC evens season record at 1-1

CONCORDIA-Wayne State's volleyball team evens its season record at 1-1 with a 15-4, 15-12, 16-4 victory over Concordia College here Tuesday night.

Wildcat head coach Marilyn Strate said improved passing and setting were keys to the triumph.

"We passed better than we did against UNO and our serving was

better too. Those were probably the main reasons we won," she said.

Missy Stollenberg and Meg Hurley led the Wildcats in scoring with 12 and 10 points, respectively.

Stollenberg added six kill spikes as did teammate Diana Assay. Deb Pringer added three kills for the winners.

Jill Zeiss led Wayne State with nine assists, while Linda Bode capped in with six.

Assay and Pringer were two of the defensive leaders finishing with 11 and eight blocks, respectively. Sue Walter, Stollenberg, and Nate Fontenelle also had fine defensive evenings as Walter and Stollenberg closed with six digs apiece, and Fontenelle added five.

The Wildcats also won the junior varsity title 15-4, 16-14.

Shelly Krusemark led the JVs with 11 points, while Bev Moeler and Kellee Frevert added seven and five assists, respectively.

Kristi Bateman was the team's leading hitter with five kills, and Tanya Gappa closed with a team high three blocks and four digs.

The Wildcats' next match is Thursday at St. Louis Center, Iowa against Dorset College. Wayne State will also participate in the Briar Cliff Tournament on Saturday. The first match for the Wildcats at the tourney begins at 9 a.m. against Grandview.

WAYNE-CARROLL'S Kecia Corbit (right) times her jump during Tuesday's game against Schuyler-Central.

Winside's late rally falls short, Osmond hangs on to win

OSMOND-A late rally by Winside fell short and Osmond hung on for a 15-6, 12-15, 16-14 victory here Tuesday night.

After evening the set victories at one apiece, Winside started slow in the third frame and trailed by four to five points during most of the third set. However, a spirited rally brought the Wildcats back and they tied the score at 14.

Winside had an opportunity to win the third frame, but its serve was erratic and Osmond tallied two unanswered points for the triumph.

Winside's head coach Jill Stenwall added that although her Wildcats

lost, she was pleased with most aspects of their game.

"We didn't communicate too well in the first set and it seemed like we always missed when we needed the big serve. But overall, I was pleased with our game. We have a young team and they're going to make mistakes like that, but we're getting better all the time and that's what it's all about," she said.

Julie Bruggeman and Kerri Leighton led the Wildcats in scoring with nine and eight points, respectively.

Leighton also had a busy night setting the ball as she finished 68-for-73.

Tracy Topp was the Wildcats' leading hitter finishing 20-for-26 with 10 aces.

Osmond also won the junior varsity game in three sets, 15-13, 15-10, 15-4. Lori Jensen and Cher Olson sparked Winside with 11 and 10 points, respectively.

Osmond made it a clean sweep by winning the freshmen bouts too, 11-4, 11-4.

Winside's next match will be Tuesday when the Wildcats host Coleridge. In the first round of the Winside Tournament at 5:30 p.m., Wakefield plays Osmond in the second round after the first round is concluded.

Poor serving and serve receiving costs Laurel-Concord

WAUSA-An 80 percent in team-serving and poor serve receive cost Laurel-Concord a 15-11, 15-12 loss to Wausa here Tuesday night.

The Bears finished with an 80 percent serving percentage, approximately 10 percentage points below what head coach Carroll Manganaro likes to have her club perform at.

"I'm a strong believer that if 90 percent or more of your serves are good you'll win most of your games," she said.

But Manganaro added that poor serving wasn't the only breakdown in Laurel-Concord's game Tuesday night.

"We also had a tough time receiving serves. Other than our poor serve receiving, we got the ball to our setters nice. But when you don't receive the serves, your entire offense suffers," she said.

Michelle Joslin led the Bears with eight points, while teammate Shelly Wathier added seven markers.

Sara Adkins was Laurel-Concord's setting leader finishing with 34 and most of those went to Gail Twiford who finished 20-for-29 in spiking, including eight aces.

Although the Bears lost, the entire night wasn't a waste as Manganaro said she tried a new option off the

Laurel-Concord offense and plans to use it more often in the future.

"I tried to install a different option off our offense and I feel confident that we'll be able to use it more often the rest of the season," she said.

Wausa also won the junior varsity and freshmen matches. Wausa claimed a 15-12, 15-11 victory over the Laurel-Concord JVs, while the Bears' freshmen dropped 11-4, 11-7 decisions.

Amy Morris led the Laurel-Concord JVs with 10 points, while Dana Anderson sparked the Bears' frosh with four markers.

Laurel-Concord's next match is Thursday at Wyolet.

Wayne harriers set

personal records

SOUTH SIOUX CITY-Despite a top notch effort by Wayne-Carroll's harriers, the Blue Devils dropped a 9-25 decision to South Sioux City here Tuesday night.

Wayne-Carroll head coach Doug Donnellson said that although the Blue Devils lost, he was pleased with his squad's performance.

"It's only the first meet of the year and everybody that ran set personal records. South Sioux has some outstanding runners, but we did better than what I expected so I was naturally very pleased with our effort," he said.

The Blue Devils were bunched up as they completed the 5,000 meter (approximately three mile) course. Tim Griess led Wayne-Carroll runners with a 19:50 clocking and an 11th place finish, while John Howze placed 15th with a 20:11 time.

"Our runners coming in together isn't something that we planned or set out to do. It just happened that way that time," Donnellson said.

South Sioux City's Tom Everett won the event with a 17:04 time.

Wayne-Carroll competes again Friday at the Norfolk Catholic Invitational.

WSC/Chadron State preview

The Game
Wayne State vs. Chadron State at Chadron, Neb. Game time is 1:30 p.m. MDT at Elliott Field.

Last Season
Wayne State rode the record setting kicking of Herve Roussel in last year's 36-7 victory. Roussel started things off with a 46 yard field goal in the first quarter to set a new school record. Three minutes later he promptly broke that record by kicking a

47-yarder. By the end of the day, Roussel kicked five field goals, four from 46 yards or more. Ed Jochum threw for 226 yards and two touchdowns to Matt Hoffmann and Darin Blackburn, a 70 yard loss. Chadron's only score came halfway through the fourth quarter, on a 15 yard pass.

The Series
Chadron State leads the series 31-27-1. The teams first met in 1912

when Chadron won 27-0. Chadron has won three of the last five dating back to 1980. Chapman is 1-1 against the Eagles, having lost in 1983 10-0 and winning last year 36-7.

Chadron State defeated South Dakota Tech 27-7 in their opener last Saturday. Despite the score, Chadron only led 12-7 with five minutes left in the game and then scored twice for the final margin. The Eagles threw 37 times in the contest. Quarterback John Riggs played for head coach Don Turner at Eastern Oregon. The offensive line averages 279 lbs. from tackle to tackle and features two speedy receivers in Duane Smith and Scott Orchard. Defensively, the Eagles are also large up front with the starting four averaging 300 lbs, while the linebacking corps average 234 lbs. The Eagles return just seven starters, but a talented group of junior college transfers have infiltrated the starting line up.

Wayne State must bounce back from a 34-10 loss to Morningside College. The Wildcats were penalized for 105 yards against the Chiefs and threw four interceptions. Injuries also hurt the Wildcats and seven probable starters may miss the Chadron game. On offense, Sonny Jones suffered a sprained ankle while Glenn Mathews has a shoulder problem. All-American guard Ruben Mendoza also has an ankle problem. Fullback Carl Calvert also may miss the game. On defense, cornerback Lamont Lewis will be replaced by freshman Keith Toney. Linebacker Mike Brungardt and linebacker Gregg Cavill are also doubtful for Chadron game.

Probable Lineups

Concordia and Iowa State win

Wayne Soccer Club drops two

SEWARD The Wayne State soccer club dropped a pair of decisions at the Concordia College Soccer Tournament here over the weekend. The Wildcats lost to Concordia 10-1 on Saturday and dropped a 10-2 decision to Iowa State on Sunday.

In the first game, Mike McMorrow scored the Wayne club's only goal on an assist by Chris Frucchi.

Against Iowa State, McMorrow scored again on a Tim Dungan assist and Chris Hayden fed Jerry Krebsbach for Wayne's other score. Wayne only had 12 players at the tournament and four of the members received injuries during tournament play. Eleven players from each squad participate in soccer games. The Wildcats will compete again

this weekend at the Superland Soccer tournament in Sioux City. Teams from Westmar College, Morningside College, the University of Nebraska Omaha, the Sioux City Soccer League and others will compete in the tournament. All teams are guaranteed three games in the tournament.

Name your favorite in Wayne Herald survey

by Chuck Hackenmiller

National Newspaper Week is Sept. 15 to 21 and The Wayne Herald is doing something that is fun for the reader which will also promote the product we produce.

The promotion is the "Top 40 Wayne Herald Newspaper Survey", which is gaining in entries after it was published in the "Hacken Away" column of Monday's edition and which appears here again.

"I had great fun filling this out. This is a good idea," said one of the participants in the survey.

Here is what the reader can do: Fill in the blanks below the "What's Your Favorite" 40 questions (published with this story).

Sign it and mail your results to The Wayne Herald, 114 Main, Box 70, Wayne, Nebraska 68787.

If there is more than one individual in the household who would like to participate in the survey, either make copies of the survey or write down the answers with the correlating numbers.

All those who send in answers to the questions will be eligible for a grand prize of \$10, which can be used

toward the purchase of any favorite thing on the list or otherwise. Only one \$10 winner will be drawn from all of the legitimate entries.

This survey can be filled out by people of any age. Make it a family project or form of entertainment during club meetings. The survey is not limited to subscribers.

The results will be published in the Sept. 23 edition, so the answers should be forwarded to us by Thursday, Sept. 19.

Schools, nursing homes and others can request the survey form from the Wayne Herald by calling 375-2600.

Once again, make sure the participant has signed their name to the survey to assure the participant a chance at the \$10 prize.

Get working on the list everyone, and have some fun at it, too.

It's a way you can become involved in helping us celebrate National Newspaper Week.

Here are the "What's Your Favorite" 40 survey questions. Simply mark in your choice in the space below the question.

Understanding needed on plight of Nebraska farmers

This commentary is written by Mrs. Ervin (Luene) Sebade of rural Emerson.

Being a farm wife for the past 29 years I have seen both the good years and the bad years. I remember the first year we started farming. We had a drought. But we also had some chickens, a few hogs and a couple of cows. With the money we took in from these we bought our groceries, paid our electric bill, bought gas for our car, and bought fuel oil for our oil stove.

The cobs we carried to the cook stove were found out in the feed lot. And this was in 1956. Not so many years ago if you really stop and think about it. We hear a lot today about the 1930's. It was hard times and dry weather had hit the farming community. All my life I have heard about the hard times of the '30's.

Today we are again experiencing hard times. And it is much worse than it was in 1956—I can tell you that. I can't speak for the 1920's and '30's because I was born in 1938. But in 1956 our expenses weren't so extremely high that we couldn't buy our necessities. We received 50 cents a dozen for eggs in 1956 and we sold them to a lot of people privately. I personally don't raise chickens anymore but several of my friends do and they are receiving 25 cents for one dozen of eggs at the produce market.

In 1948 the farmer received \$2.50 for one bushel of corn and today at the local elevator the farmer was receiving \$2.26 for one bushel of corn. According to several fertilizer dealers, it costs \$3.52 to raise one bushel of corn. Now do you understand why farming doesn't pay.

Only recently you read in the local papers about the actual test done on the purchasing of a steer, feeding it out, recording the costs and then selling it and calculating the packing plant and retail costs. This fact finding found the farmer losing \$153.39 on each steer he markets and the packing plant and grocery store showed a profit of \$351.00.

Is this necessary? I don't know how much longer the farmer/feeder will be able to stay on the farm in rural America when he is being taken advantage of like this. And you must realize this is through no fault of the farmer. It's big conglomerates who are controlling this beef industry.

IT COSTS 45 CENTS a pound to raise one hog, yet today we are selling our hogs for 43 cents a pound. This is a loss of 2 cents per pound or for a 230 pound hog we are losing \$4.60 on one hog. It takes 40 head of hogs for a truck load. I don't think I need to go any further. Much of this problem stems to the Canadians who are sending dressed pork and live hogs to the United States. Others are shipping 7000 head of hogs a day into the United States and equal amounts of slaughtered pork a day. This depresses the U.S. market at least 7 cents per pound.

A study done by Congressman Berkeley Bedell of Iowa on May 20, 1985 follows:

Year	Live Hog Imports	Live Hog Exports	U.S. Export Pork Products
1981	145,652	772	15,568 metric ton
1982	294,933	1,044	10,431 metric ton
1983	447,391	203	11,595 metric ton
1984	1,322,015	33	7,862 metric ton

The left hand column reflects U.S. live hog imports from Canada and the second column shows U.S. exports to Canada. The third column shows the amount of finished product shipped to Canada.

In 1984 the U.S. imported 340 million more pounds of pork than it exported from Canada. From 1981 to 1984 U.S. exports of fresh and frozen pork have been cut in half. Following is a chart to explain:

Year	Fresh & Frozen Pork Imported from Canada	Exported
1981	202,000,000 lbs.	34,100,000 lbs.
1982	281,000,000 lbs.	22,880,000 lbs.
1983	277,000,000 lbs.	25,300,000 lbs.
1984	356,000,000 lbs.	17,160,000 lbs.

Conglomerates and corporations are controlling our markets at the expense of the American farmer. Energy is already controlled and our elected officials and Big Money people are taking over the food industry.

SOME OTHER FACTS I have compiled are that in 1948 a 45 horsepower tractor cost \$20,000 and today a tractor of that same horsepower cost \$20,000. A University of Nebraska study projects that almost all towns with fewer than 900 people will disappear by the year 1990. In Nebraska this will mean a loss of over 500 communities in the next 5 years.

Studies also show that 5 percent of the Nebraska farmers will be eliminated by the end of 1985. This means 3,000 families or 6,000 persons forced into the already depressed job market. Where does our federal government plan on placing these displaced farmers?

One percent of the total federal budget filters down to the U.S. Farmer in farm programs. The rest is used for food stamps, low interest housing projects and building projects government food programs such as WIC, and free commodities.

When I speak out for rural American, my city counterparts always tell me the same thing. "If you're not making any money, get out of the business." Where will all of the farmers go? Remember when a farmer is gone so are many of the jobs—agriculture creates. And the average American farmer is 55 years old. Who wants to get 55 years old and work for many companies? There is also another message in that statistic and that is not many young people are remaining on the farm.

Do the people of the United States realize how much employment the farmer creates? The American agricultural industry employs more than 22 million people or 20 percent of America's workforce. One farmer provides food for 79 people and 3/5 of all farm workers are unpaid family members. One farmer produces 54 tons of food per year and today one hour of farm labor produces 16 times as much food and fiber as it did 60 years ago. One farmer creates jobs for six non-farm workers. For food eaten at home, U.S. consumers pay 12.7 percent of their disposable income while Japan pays 21 percent and the USSR pays

31 percent. The farmer's share of the food dollar in 1983 was 27. Today only 16 percent out of the American work earnings dollar is spent on food. Two-thirds of the American farmer's income is in interest on their debt than their farms are worth today. The nation lost \$101 billion in tax revenues due to the fact that the U.S. agriculture was not at parity. Parity means fair market value and as of today agriculture receives about 52 percent of parity, which means we only receive 52 percent of what we should receive in comparison to what we have to pay to produce our crops.

IN THE FIRST 6 months of 1985 prices received by the farmer for farm products fell 12 percent from a year ago, and values have been decreased by half and the cattle price is at its lowest in seven years. In the month of July retailers received 43 percent of the dollar spent on beef compared to 40 percent a year ago. Non farm incomes increased 1.7 percent for the first three months of 1985 and yet the farm product fell 12 percent and our local real estate taxes have increased over 50 percent over the last five years to finance education. In our area property taxes are at an all time high due to the high cost of education. And the main industry in this area is strictly agriculture related.

When we speak out our opponents say we are against quality education. No one ever said we are against education, we are just saying we can't afford the high costs it is putting upon us. We are trying to educate the education people to our plight in agriculture and telling them there really is a farm crisis in our vicinity. We are asking them to listen and to understand and to please not put any more burdens upon us. We are asking them to help us alleviate our problems instead of them burdening us with more expenses.

The local school board proposed a freeze on the teachers' salaries but this was turned down by the teachers union and now they are adding more expense to the local school board by forcing them to take court action on salary negotiations.

Local tax revenues are down. The reason. The farmer does not have the money to pay his taxes. With corn prices below the cost of production, beef prices at a seven year low and hog prices below cost of production there is no money to pay the taxes. Local REA costs have skyrocketed in the past several years because of high labor and supply costs, fuel costs are high. These are priorities and the taxes must wait. If the farmer doesn't have the money, he can't pay his taxes.

City people always seem to comment on the farmers new machinery. Farmers in middle America haven't had any new machinery in the past several years and this can be seen with the merging of several machinery companies or the closing down of many equipment factories.

Our president is not giving the farmer any support because he simply does not understand agriculture. He needs to be educated to the fact that the farmer means food.

I ask everyone who reads this article to write to your congressmen and senators and ask for their support of the American Farmer.

Hemp dogbane control is most effectively controlled in corn and grain sorghum with herbicides applied in late August or September. Control can be applied anytime after corn silks turn brown or when milo is in the soft dough stage.

Root buds on hemp dogbane should be enlarged or swollen at the time of treatment. Treatments can be made until the time the hemp dogbane leaves turn color. Pod set on soybeans in the adjacent area should be complete before the treatment. Treatment is not effective after dogbane leaves turn color or a frost.

Hemp dogbane can be controlled with 2,4-D or combinations of 2,4-D and Banvel. Application rates for 2,4-D are 1.25 pounds per acre active ingredient on milo and 1.5 pounds per acre on corn.

The 2,4-D - Banvel combination is somewhat more effective than the 2,4-D alone.

Herbicide residues in the grain can be avoided by applying the Banvel combination at least seven days before corn harvest and 30 days before milo harvest. There is no waiting period before harvest with 2,4-D.

Leafy corn in 30 inch rows will interrupt spray material and reduce control unless the application is made with a high clearance sprayer equipped with drop extensions.

Soybean pod drop

Farmers are reporting that their soybeans are dropping pods and many are blaming this on bean leaf beetles. Rarely does the bean leaf beetle cause pod drop. The bean leaf beetle will typically feed on the foliage of the soybean plant, and the outer layer of the soybean pod. Normally, bean leaf beetle feeding does not penetrate the bean itself or take a "bite" out of the pod once the beans begin to fill inside the pod. It is not unusual for soybeans to drop to 40 percent of their pods. This is due to a number of factors including temperature extremes, low light intensities, water stress, and carbohydrate deficit.

Extension service to offer area workshop

The Extension Service is again offering a workshop called Managing for Tomorrow that will help farmers better understand their financial problems and how to cope with them. The program offers four days of workshops plus a number of individual consultations with specialists on a one to one basis.

A complete computer analysis will be made for each individual farmer to explore a number of different alternatives which might be open to him. Managing for Tomorrow is being offered at a fraction of its real costs because it's being heavily subsidized by the government. Managing for Tomorrow should not be confused with other programs that offer only a fraction of what is being offered in this program.

Last year twenty farm couples from Wayne County attended the workshops in either West Point in December or the February workshop in Wayne. Registration deadline for the November workshop is October 14 and the deadline on the February workshop is January 13.

Location of the workshop depends on number of sign ups and where they live. For more information contact the Wayne County Extension Service 375-3310. A free brochure explaining the program in more detail will be sent on request.

Home Ec team fourth at Nebraska State Fair

A Wayne County 4-H Home Economics Contest team finished fourth in competition last week at the Nebraska State Fair in Lincoln.

The team members include Margo and Marla Sandahl, Cindy Berg and Carmen Reeg.

This was the first year for county teams to compete in the 4-H Home Economics Contest. The problem solving category consisted of two real life scenarios. The teams had 30 minutes to select a problem and then, using a universal decision making model, the members deciphered the problem. They analyzed the problem identifying values and resources involved, possible alternatives and then made their decision with supporting statements.

Wayne County finished fourth with 175.5 points. First was Jefferson County, followed by Thayer County with 170 points and Cuming County with 176 points.

Other state fair purple and blue ribbon winners were:

INDIVIDUAL HOME ECONOMICS CONTEST: Purple, Marla Sandahl of Wakefield; Purple, Theresa Pallas of Emerson. Blue, Margo Sandahl of Wakefield. Blue,

Carmen Reeg of Wayne; Blue, Cindy Berg of Winside; Blue, Rita Bodak of Emerson.

4-H FASHION REVUE: Blue, Marla Sandahl of Wakefield (Fashion Magic).

4-H SWINE CARCASS CONTEST: Blue, Wendy Boldt of Hoskins.

4-H BEEF CHOICE/GRADE CARCASS CONTEST: Purple, Darin Koepeke of Hoskins.

MARKET HEIFER CLASS: Blue, Sara Adkins of Laurel (Hip Height 36.5-34.0); Purple, Jenni Topp of Winside, (Hip Height 53.7-53.0).

STAMMENTAL BREEDING HEIFER: Purple, Darin Koepeke of Hoskins (Calved March 1984); Purple, Dennis Koepeke of Hoskins (Calved July 1984); Purple, Dennis Koepeke of Hoskins (Calved July 1984).

4-H BEEF HERDSMANSHIP: Blue, Dixon County (Small Group).

COMMERCIAL BREEDING HEIFER: Purple, Jill Boldt of Hoskins.

BEEF SHOWMANSHIP: Purple semi-finalists; Sara Adkins of Laurel; Purple semi-finalists, Dennis Koepeke of Hoskins; Purple semi-finalist, Darin Koepeke of Hoskins.

Wayne County 4-H Home Economics Contest team members.

WAYNE COUNTY 4-H'ERS at the 4-H Home Economics Contest won fourth place honors for overall team scores during the 1985 Nebraska State Fair on Sept. 2. Overall scores were derived by averaging together individual and team scores. The team competition consisted of selecting and deciphering, in 30 minutes, a problem based on a real life scenario using a decision-making model. Group members, pictured from left to right, are: Marla Sandahl, Wakefield; Cindy Berg, Carmen Reeg, Wayne; and Margo Sandahl, Wakefield.

4-H MARKET GLT SHOW: Blue, Wendy Boldt of Hoskins (Division II, 224 pounds); Blue, Wendy Boldt of Hoskins (Division IV, 212-214 pounds).

4-H MARKET SWINE SHOW: Blue, Wendy Boldt of Hoskins (Division IV 210-214 pounds).

Hog show, carcass contest slated at Pender

The 17th annual Northeast Nebraska Pork Association Market Hog Show and Carcass Contest will take place Thursday, Sept. 19 at Pender Livestock Sales in Pender.

Premiums and trophies will be received by the winners and there will be free ham sandwiches and beverage plus door prizes.

This show is open to all pork producers who reside in Dakota, Thurston and Dixon Counties. The swine may be of any breed or cross and all hogs will be shown in one class (cross-bred). Each firm is limited to two pens of two, but only

one hog is eligible for the carcass cut out. This exception is made for 4-H or FFA. They may enter two pens of two in their name, but only one hog will be eligible for cut out information.

No hog will be accepted that weighs less than 190 pounds.

Hogs must have been the property of the owner for at least 60 days. The one hog for the carcass contest must be selected by the owner and each entry will have an ear tag. This tag is a special requirement and should be inserted in a special place and used for identification of the packers. There is a \$2 entry fee per animal.

Hogs will be cleaned, however they are judged on their value.

EACH ENTRY will be weighed before the show. The starting time for the weigh-in will be 4 p.m. and closing time will be 6 p.m.

Pre-entry is not required. The hogs will be loaded right after the show for the trip to Morrill in Sioux City. Deadline time for unloading at Sioux City is 5 a.m. and checks will be mailed to each owner by Morrill.

A judging contest will be at 6 p.m. in the participating counties. Various classes of judging will take place if circumstances warrant. The show is sponsored by the Northeast Nebraska Pork Producers, Pender Livestock Sales and the Extension Service of Thurston County. Prizes for the show will be awarded at the fall banquet. In the Live Hog Division, cash awards will be as follows: first, \$25 plus trophy; second, \$20 plus trophy; third, \$15; fourth through sixth, \$10; seventh through tenth, \$5. Cash awards for Carcass Division winners include the same cash and trophy awards as the live hog division.

the farmer's wife

by pat mclerhenny

As you can tell by reading this paper, Wayne hosted a teacher service day for this service unit area. There was a picture of the "keynote speaker." This person charges a lot of money, and usually files. He's supposed to be all the teachers "motivated", or fired up for the new school year. Usually, they're very inspirational, and are good at what they do.

Norfolk, Hastings, and Holdrege all had the same guy. This guy, they could share his plane fare. I heard a speaker.

He lives in Milwaukee, and does career guidance for a living. This includes conducting workshops and seminars for people contemplating career changes. I guess we will have to bring him to Nebraska.

Today's daily paper quotes the director of the Nebraska Agriculture Department as saying that 6,000 to 9,000 farmers will be "displaced by liquidation, bankruptcy, or foreclosure" in the next nine months.

OUR STATE has been granted \$2.5 million for a program called

"Farmers in Transition", to counsel, retrain, and relocate farmers.

A friend called about a month ago to inquire about nurse aide jobs. She works in a federally funded Displaced Homemakers Program. He's supposed to be all the teachers and their kids are qualifying for Pell grants and other scholarship aid. They are swallowing pride and applying for free lunches at school. They are getting food stamps.

You don't pay income taxes with no income. I asked several people if FFA, a federal entity, paid property taxes. None could tell me. A phone call to the courthouse gained the information that there has recently been a change in policy and taxes will be paid on property owned by federal agencies.

As we discovered with PIK, it's expensive to tamper with the "food chain." Many ag-related businesses qualified for SBA loans because their profits were so affected when no corn was planted.

The point being, it's costing Uncle Sam a lot of bucks to cut down on

farmers. "Uncle" is the taxpayer. One article says 31 percent of this state's population is directly related to the Ag economy. I'm betting it's twice that. What about all the jobs related to the property tax alone?

Could it be cheaper to subsidize Agriculture? Is there a price tag for utcers, heart attacks, suicide, divorce, abuse?

THE KEYNOTE speaker at Holdrege was once a recruiter for Northwestern University. He people that they always went after kids from Nebraska; that the caliber of kids from Nebraska was good.

He had a lot of complimentary things to say about Nebraska. He liked the Nebraska "wave", the finger off the steering wheel when you meet on the highway. (Said it didn't do much for the files, however.)

His Dad was from Loomis originally. He claimed that Loomis was so small that if you built a car wash on Main Street, the street would go right through it!

He told us the world is changing so fast today, human beings can't keep

up. And he gave us a synopsis of a book written about change entitled Megatrends.

The author says this country has gone through two phases and has now entered the third.

PHASE I WAS entirely related to Land, from the early colonial days to the settling of the Midwest.

PHASE II WAS Industrial, when manufacturing was king. Cadillac looked like boats with fins. The assembly line was where the jobs were.

PHASE III is that of service and information, and this is where the jobs are. Problem is, who is going to pay for the service and information?

He's right, I can't keep up. Maybe we will have to use more of the bar system, and exchange services for service or information or both. Many friends and neighbors have said they have let newspapers subscriptions lapse because of cost.

Sometimes I can identify with the guy who said "Stop the world, I want to get off." It really is changing too fast.

Spending year in Allen

ALLEN FOREIGN EXCHANGE students Emmanuel Carreel and Jessica Gomez took time out from classes last week to pose for this picture outside of Allen Consolidated School. Both students arrived in the community last month and will spend the next nine months attending classes in Allen. Fifteen-year-old Emmanuel comes to Allen from Mezieres en Santerre, France, a village of about 350 residents located approximately 60 miles north of Paris. Emmanuel is a junior at Allen and is making his home with Wayne and Carol Chase. Jessica, 17, comes from Mexico City, Mexico and is staying with Charles and Lita Fiscus. She is a senior at Allen Consolidated School.

LEGION AND AUXILIARY FAMILY PICNIC HELD

The annual American Legion and Auxiliary family picnic was held Sunday at the Allen Senior Citizens Center with 27 in attendance. A short meeting of the Auxiliary was held following the meal. It was decided to check into sponsoring the Siouxland Blood Mobile as a community service project and to order flag etiquette brochures for the fourth and fifth grades.

Margaret Isom, membership chairman, reported that 1986 membership is progressing. A present from Dixie Prokop, district president, was presented to Margaret for Allen's membership goal in 1985. Two new members, Susan and Stacy Norris of Ponca were welcomed into the unit. A certificate of recognition for contributing to the success of the 1985 National Membership Program was received from National. The next meeting of the Legion and Auxiliary will be held Oct. 14 at 8 p.m. in the cafe and the Senior Citizens Center. Gail Folsom and Betty Lutz will be hostesses.

CEMETERY ASSOCIATION

The Ladies Eastview Cemetery Association met Friday afternoon in the social room of the Housing Authority. A potluck lunch was served. Roll call was canned done this summer. Bingo was played following the meeting. The October meeting will be held the first Friday afternoon in the home of Anna Carr.

Steve Jones placed sixth in the FFA state tractor driving contest out of the 12 district winners competing. The event was held in Lincoln Saturday. Steve was third district FFA winner from Allen.

MAGAZINE SALES

The junior class is holding their annual money making project of selling magazines.

FFA AUCTION

The FFA consignment auction and slave auction has been changed from Sunday, Sept. 22 to Sunday, Sept. 19 at 12 noon. They will be serving free barbecue sandwiches at noon. The auction will begin at 1 p.m. at the school. They ask that you call your consignment item into the school or to Mr. Wilmes, Ryan Creamer or Brian Matcom by Monday, Sept. 16 so they will be on the sale bill. Items will be accepted after that date, but will not be listed on the bill. The FFA chapter will sponsor the sale with 10 percent going to the chapter. Following the auction, they will be selling 25

FFA slaves to the highest bidder for a day's work. Auctioneer will be Ryan Creamer.

ELF EXTENSION CLUB

The ELF Extension Club met Friday afternoon at the home of Doris Linafelter, with nine members present. Roll call was answered with a school day memory. An election of officers was held with officers elected for the coming year. They are Doris Linafelter, president; Mary Lou Koester, vice president; Pearl Snyder, secretary; and Joanne Rahn, treasurer. A lesson on micro-organisms found in foods was given by Evelyn Trube. The October meeting will be held in the home of Joanne Rahn.

National Independent Retail Grocers Week was established by Congress through Joint Resolution passed on April 14, 1985. This special week will be held September 8-14, 1985. The legislation was conceived as a tribute to the American independent retail grocer. The independent retail grocer exemplifies the small business entrepreneur, which has served the American consumer for over two hundred years.

LADIES AID

The St. Paul's Ladies Aid met Sept. 4 at the church basement with two guests, Mrs. Alvin Bargstadt and Mrs. Otto Kant and 32 members present.

President Mrs. Arnold Janke opened the meeting and welcomed the guests.

Evelyn Jaeger led the devotions, "Come to the Living Water." All joined in singing "For Those Tears I Died."

Pastor John Fale opened the lesson with prayer. The lesson was "Just As I Am." Closed with prayer.

The secretary minutes and treasurer reports were approved as read.

The Christmas Bazaar was discussed. A motion was made and seconded to have a ballot vote to whether to hold one this year. The motion carried to have one. The ladies on the committee will make the final plans.

Laura Jaeger and President Mrs. Janke read the Ladies Aid Constitution. A motion was made and seconded to approve the constitution as read.

Don Hunter applied and will receive the St. Paul Ladies Aid Scholarship toward the 1985-86 school year at C.T.C.

A letter was read from Don and Julene Hunter thanking the Aid for their support.

The Ladies Aid will help pay for the expense of the L.W.M.L. bulletins for L.W.M.L. Sunday, Oct. 6.

A thank you was read from Holly and Robin Seebade and Christi Oberle for the money they received to attend Camp Luther this summer.

A thank you and a donation was received from the Hans Carstens family for the Aid serving lunch.

An invitation was received for Guest Day, Oct. 9 at 2 p.m. at the Winside Trinity Lutheran Church. Mrs. Lloyd Behmer will show slides of the Passion Play and their travels throughout Europe.

Mrs. Louie Willers and Mrs. Ray Reeg were hostesses.

The next meeting will be held Oct. 7 with Erna Hoffman and Arlene Ahlman as hostesses.

CARD CLUB

The Senior Citizens Card Club met Sept. 3 at the auditorium with eight members present.

The monthly business meeting was conducted by President Ella Miller. The secretary and treasurer reports were approved as read. All bills were paid.
