## Governor, local races highlight primary ballot

by Chuck Hackenmiller

By late Tuesday evening or early Wednesday morning of this week, the number of candidates for Nebraska Governor and other U.S., state or county offices will be narrowed to one each on the Republican or Democratic tickets.

Voting polls throughout Nebraska will be open from 8 a.m. to 8 p.m. for all properly registered voters during the May 13 primary election.

The voting public will again go to the polls on Nov. 3 in the general election to select their one candidate to office.

However, keep in mind that the Tuesday primary election will also decide who will serve on several township boards in Wayne County and Dixon County.

In the village of Winside, five candidates are seeking posts to three board of trustee positions. Those running for the office include Marvin R. Cherry, Eric Magwire, Jay Morse, Harold L. Ritze and Warren M. Gallop.

Four individuals are contesting for three board of trustee positions in Hoskins. The candidates include Robert W. Staub, Jr., Russell L. Doffin, John Scheurich and Darrell Mater.

In the village of Carroll election, Gary Braden, and Ed Simpson are running unopposed for two positions as board of trustees. Also, Don Bauer and John Hansen are unopposed for two seats on the Sholes board of trustees.

A SITUATION exists in the city of Wayne's Fourth Ward, where three candidates have filed for a seat on the city council. Registered voters in the city's Fourth Ward must vote for one of the three candidates, with the two highest vote-getters advancing to

the November general election.

Candidates include Larry Johnson, William Paysen and Jon Haase.

There is a race for the city's Ward 3 four-year term city council post between Sheryl A. Lindau and Robert Lohrborg which will also be decided in the November election.

Darrel Heier in Ward 1, Carolyn Filter in Ward 2 and Randy Pedersen in Ward 3 (two-year term) remain unopposed for November general election.

Wayne Marsh is running opposed for the spot of Wayne mayor.

Peeking ahead to the November school board races in Wayne County, six candidates will be vying for three posts on the Winside School District Board of Education. They include Melvin Meierhenry, Ray Roberts, Dale Topp, Richard Jenkins, Harlin J. Bruggen and Ken Kolleth.

For the Wayne-Carroll School Districts, three candidates have filed for three openings. Candidates include Joyce Reep, Arnold Emry and Cap Peterson.

SHIFTING OVER to Dixon County, voters will elect two candidates from a field of three contenders for Dixon village board of trustees. Candidates include John Young, Lawrence Fox and William Moore.

Three positions on the Allen board of trustees are open and there are four candidates vying for the positions — Vernon Ellis, Clifford Gofch, Jackie K. Mitchell and Gary Troth.

In Concord, only one candidate (Leo Dietrich) has filed for village board of trustees. There are two positions open.

County-wide, Dixon County has many candidates vying for various county offices. In Wayne County, the only contested office (on the Republican ticket) is for County Commissioner of the Third District

between Jerry Pospisil and Russell Prince.

Others running unopposed on the county ticket on the Republican side are Oregreita Morris for county clerk; Joann Ostrander for clerk of district court; Leon Meyer for county treasurer; LeRoy Janssen for county sheriff; Clyde Flowers for county surveyor; and Doris Shipp for county assessor.

On the Democratic county ticket, Robert Ensz is running unopposed for county attorney.

Non-political primary ballot choices include a vote for county superintendent, with candidate Robert Sheckler unopposed.

A GREATER INTEREST has been generated in the Dixon County primary election because of the larger field of candidates.

On the Republican ticket, races exist for county treasurer, county attorney, District 5 County Supervisor and District 7 County Supervisor.

Republicans seeking the treasurer's post include Don Thomas, Doris Brelsch, Frank E. Sievers, Jr. and Weldon C. Schwarten. The winner will face Joe McCordle on the Democratic ticket.

For county attorney, the Republican candidates are William Bossman, William L. Binkard and Leland Miner. The winner will go up against Democrat Thomas Dorsey in the general election in November.

Courtlund Roberts and Norris Emry are campaigning for the District 5 Supervisor seat on the Republican ballot and the winner will face lone Democratic candidate Densel H. Moseman. Republicans Donald L. Mackling and Wilbur Hinz oppose each other for the District 7 Supervisor spot.

Anita J. Saunders, Republican, will face the primary winner of the county clerk position on the Democratic ticket between Audrey Dohme, Jeff Taylor and Joanne Mackey. Republican Irma Foulks is unopposed on both tickets for clerk of district court, as is Jack Conrad for county assessor.

Republican candidate for sheriff, Dean Chase, is unopposed as is his Democratic challenger Steve Nelson.

Looking ahead to November, Republican candidate Russell Fleury will face the winner of the Democratic primary between Jerry Knert and Alfred Walsh for County Supervisor of District 1 while Harold Von Minden, Republican candidate

Providence Medical Center of Wayne, in recognition of National Hospital Week, will be conducting tests for colorectal cancer.

The theme of Providence Medical Center's May 12-16 National Hospital Week celebration is "Hospitals Make Healthy Neighbors."

The material packets used for this check-up will be passed out during National Hospital Week, according to project coordinator Elizabeth Mohr.

### Fundraiser for Boy Scouts

## City cleanup slated

The inaugural city-wide cleanup day for Wayne will take place on Saturday, May 17, with Wayne Boy Scouts, volunteers and city employees handling the pickup of any disposed items.

City officials say that the purpose of the cleanup effort is to give the community a spring cleaning and a face-lift for the months to come.

City Administrator Phil Kloster, who spent considerable time planning this effort and most recently has made arrangements with the Wayne Boy Scouts to cooperate in this city-wide project, said: "Our primary effort will be directed at those unsightly items that we seem to collect in our yards throughout the community."

"However, we will also collect items typically found inside if they are called in and placed at the curb for pickup on the 17th," Kloster mentioned.

People wanting to have the scouts stop and pick up items must do two things:

- Call 375-1741 by noon on Friday, May 16, to be scheduled for pickup.
- Set all items on the curb in front of their house by 8:30 a.m. on Saturday, May 17.

The Wayne Boy Scouts are providing the manpower for the city-wide cleanup in exchange for the contributions that are being asked for from those that participate.

It is suggested that a \$5 donation be made for each large item, such as an appliance or piece of furniture, and a proportionate amount for smaller items. Checks should be made out to the Wayne Boy Scouts.

The Saturday cleanup project will be coordinated by the Wayne Public Works Department under the direction of Public Works Superintendent Vern Schulz.

The future of the Wayne city-wide cleanup project will depend on how well it is utilized in 1984.

Schedule for the May 17 pickup includes beginning the routes at 8:30 a.m. and continuing until completed. A noon lunch break will be taken at about 11:30, with lunch arranged for the Boy Scouts.

Questions regarding the cleanup project should be directed to the City Administrator's office at City Hall.

## Heckathorn resigns as superintendent

By LaVon Anderson

Allen Consolidated School Superintendent Robert Heckathorn will join members of the graduating class of 1986 in bidding farewell to the school.

Heckathorn, who has served as superintendent at Allen for the past nine years, has resigned to accept another superintendent's position at Humphrey Public Schools, located about 25 miles south of Norfolk.

His resignation is effective June 30.

HECKATHORN, 49, came to Allen Consolidated School in June of 1977 from Rosalie, where he served as superintendent, principal and guidance counselor from 1972 to 1977. He also served as Thurston County Superintendent during 1976-77.

Prior to Rosalie, he served as superintendent of schools at Bladen, Neb. from 1970 to 1972; principal at Homer Community School from 1963 to 1970; and teacher of English at Sanborn, Iowa from 1961 to 1963.

From 1954 to 1958, Heckathorn served in the United States Navy. He received his BA degree from Wayne State College in 1962, and his MA degree from the University of Nebraska-Lincoln (UN-L) in 1969.

He also received a six-year degree from UN-L in 1972.

SINCE COMING to Allen, Heckathorn has served on the Dixon County Reorganization Committee and on the Educational Service Unit One Advisory Committee.

He was president of the Lewis and Clark Conference during 1985-86.

Heckathorn said the most obvious change that he has witnessed during his nine years as superintendent at Allen is the drop in school population — down from 315 to 247 in about the past four years.

He feels there are several reasons for the declining school population, all of which are related to the economy.

In addition to families moving from the area and couples opting to have fewer children, Heckathorn said the biggest impact on the school population has been the sagging agricultural economy and loss of area farm families.

"The main problem in education everywhere is the economy," added the superintendent.

"Education is very expensive, and public schools aren't very popular right now. They (public schools) have become a whipping board for a lot of evils — many of which they shouldn't be blamed for."

ON A MORE positive note, the Allen superintendent said he is most

proud of the stability of the staff at Allen Consolidated School.

"I just feel we have a very, very stable, highly qualified, talented staff of people," said Heckathorn.

"They (the staff) have been put under a lot of pressure too because of the economy, including staff cuts which have increased their work loads."

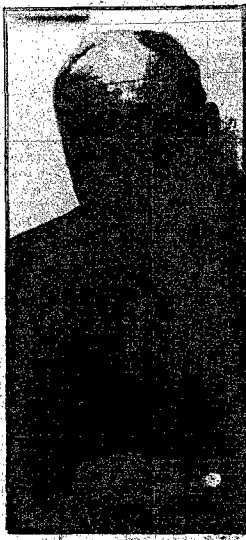

HECKATHORN SAID he is excited about the prospect of moving, and leaves Allen with no bitterness.

"I've been here nine years. My children have graduated from Allen Consolidated School, I own a home and business (Silver Dolphin) here, and I'm leaving some very good friends."

Heckathorn added that he is leaving with very positive feelings toward Allen Consolidated School, and wishes them all the luck in the future.

"I chose my profession," said Heckathorn, "and my profession is my home. It has to be."

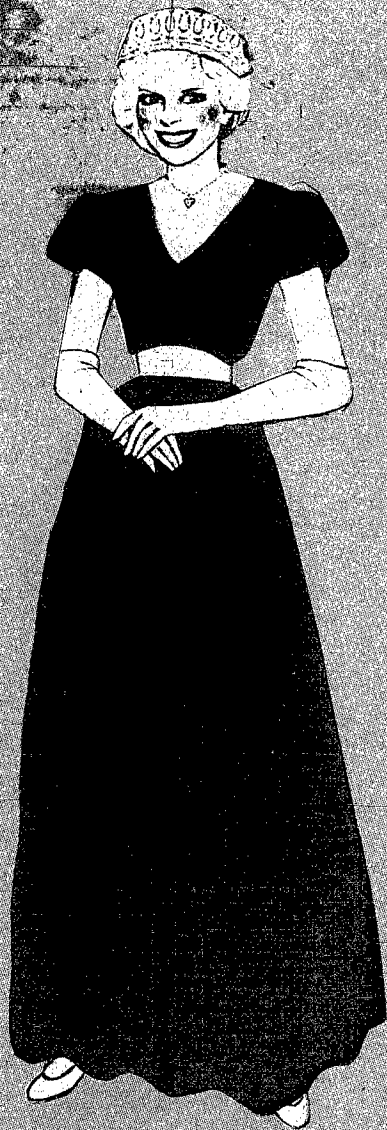

BESIDES HIS work at the school, Heckathorn has been involved with a variety of other organizations. He is a certified EMTA and member of the Allen Volunteer Fire

## Backen away

Class of 1986. I want to address all of you on the importance of this occasion today. Some 12 years ago it was your parents that brought you to this significant learning institution called school.

When you came home with a gold star on your first grade spelling lesson, your parents were there to pat you on the back. When your fourth grade science project got a high mark at the science fair, either dad or mom was there to encourage you to continue the good work.

For those that were not so successful and got the ugly star and poor mark, the parents were there to offer some consolation and instill some confidence, saying "just do the best you can."

In high school, the parents made an attempt to attend the high school functions and activities you participated in. You made a touchdown — your parents figure you as an All-American. Got some 'A' marks in courses and you were in line for some major scholarship, parents would think.

Sing perfect notes or gain high instrumental music ratings at contests and parents felt they had a vocal or instrumental star under their roof.

Some parents aren't as open with their graduating children and do not relate their feelings as the child steps up on the platform and accepts his/her diploma. But inside, you got to know that this could be one of the proudest moments in their life.

AFTER THE graduating ceremonies and parties are over, you may find yourself drifting away from your parents in a sense that you will be leaving the so-called "nest" of home and have decided to go on to build a future for yourself. It is not an act of alienation. Your feelings will likely always be the same for your parents.

Graduates are going to find out some things that they might not have been aware of when after being out of school for a few years.

Most likely they will realize how important it was to obtain the encouragement they received from mom and dad. They understand why parents worried about curfews and why the parents were stringent about achieving to the limit.

THESE GRADUATES become parents themselves. And then they begin to appreciate the efforts that parents had directed to the educational, moral and spiritual developments of their children.

Class of 1986 members may find themselves, in the future, helping their own children through school, offering their young ones almost the identical advice given to them years ago.

Why this emphasis on parents? I guess what this column is aiming to put across is that there is much more than the books and texts that comprise education.

Those lessons learned at home cannot be disregarded. The base of the foundation is laid at home. From there, education fine-tunes the youth toward a future that is solid and secure, thanks to the dedicated effort of teachers and administration whose only goal is to provide students with the best education possible.

Parents have endured with you the worry and the sleepless nights, the happiness and tragedies, the triumphs and failures.

By all means, be grateful for the teachers and friends who pulled you through the tough times and cheered with you through the good times.

And give lots of credit to yourself for being the achiever that diploma says you are.

But when you have your parents all to yourself on this graduation day, say in an appreciative manner, "I could not have done it without you." They certainly deserve that much.

Some people think so

## Census Bureau too bureaucratic?

by Martin Lefkowitz  
How do you help a drowning man? Well, if you're the Census Bureau you might throw him an anchor, as the following tale illustrates.

Stories of the ailing apparel and textile industries are legion. The rising value of the dollar between 1980 and 1984 and other factors made the United States less competitive both at home and abroad.

As recently as 1980, only a little more than 10 percent of all clothes sold in America were imported. By 1984, this had soared to almost 25 percent, throwing more than 200,000 U.S. workers out of their jobs.

Now in steps the government to help.

As if apparel and textile businesses were not having enough problems with overseas competition, low prices and dumping by foreign manufacturers, the Census Bureau wants to throw them the bureaucratic version of an anchor.

The Bureau conducts quarterly and annual surveys of these industries. Participation in the quarterly survey is voluntary while the annual survey is mandatory. The apparel industry — 51 percent of whose members employ 20 or fewer workers — has been so busy trying to keep its head above water that it has been ignoring the voluntary quarterly surveys, as it has every right to do.

This riled Census Bureau bureaucrats who dislike being ignored. So they have asked for legislation, already passed in the House, to make it mandatory to fill out the quarterly reports.

THE JUSTIFICATION for this additional burden on a struggling industry, according to Rep. Robert Garcia, D-N.Y., the sponsor of this legislation, is, "High quality data are essential in establishing an accurate description of the effect of imports on

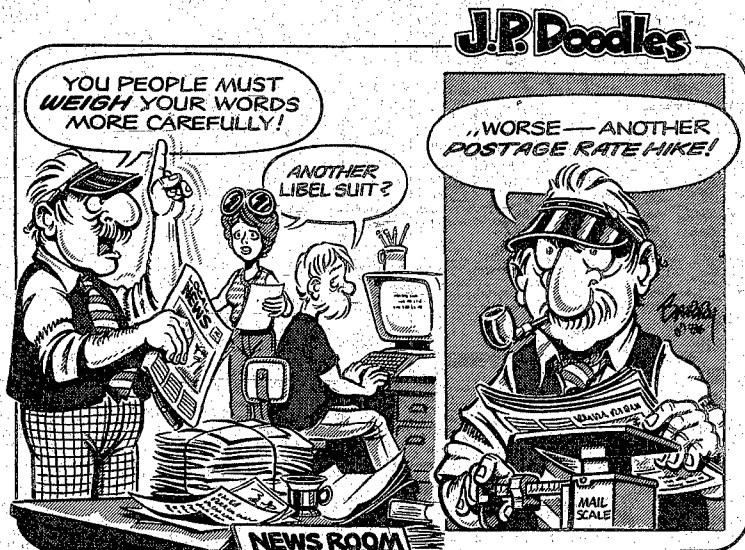

domestic apparel and textile industries."

The fact is that "high quality data" already exist which might help even bureaucrats figure out the status of the industries. These include monthly government employment surveys showing a shrinking workforce in the industries and information collected by Dun and Bradstreet showing a tripling of bankruptcies in the industries between 1978 and 1983.

Just what these businesses need is one more government form to fill out with the threat of a \$10,000 fine if they don't.

This little tale shows the truth of the old saw that one of the three great lies is, "I'm from the government and I'm here to help you."

Lefkowitz is director of special projects for the National Chamber Foundation, and affiliate of the U.S. Chamber of Commerce.

Not foreclosure

## Rules encourage loan restructuring

by Cheryl Stubbendieck, vice president/information, Nebraska Farm Bureau Federation. Recent actions by the federal agencies which regulate commercial banks increase the possibility bankers can practice foreclosure rather than foreclosure with troubled farm borrowers. Because of new and revised rules, banks are encouraged to restructure loans, rather than force liquidation.

That's good news for farmers; but they can't expect their loan officers to come calling with an offer to restructure delinquent debt. Instead, farmers must take the initiative to convince their lenders to take advantage of the new rules.

In a nutshell, the new rules provide: — that as long as the total amount of interest and principal received in payment over the life of the restructure loan is at least equal to the value of the original loan, no amount has to be written off against the capital of the bank, as was required in the past. — that restructured loans now may be reported to the regulators as "restructured and in compliance with modified terms." Restructured loans should be deemed sound by regulators as long as the new conditions are being met — they no longer are to be considered as nonperforming.

— that capital levels required of banks by the regulators may now fall below normal minimum requirements. The prior limit of 5.5 percent has been lowered to as little as 3.5 percent if banks can show that earnings will replenish capital in the future.

ALL OF THIS sets the stage for successful debt restructuring, but the process requires some hard thinking and pencil pushing and the borrower needs to be able to show the lender how restructuring his debt will allow him to pay principal and interest over the life of the loan.

American Farm Bureau Economist Ross Korves noted that debt restructuring requires flexible attitudes on the part of the participants. Lenders need to give more importance to ability to repay debt than to debt-to-asset ratios based on financial statements. This is a new concept for many lenders, and they need to be shown that this approach will work.

Working together, the lender and borrower need to take a look at the next three to five years. Korves says, because restructuring is necessarily a long-term proposition. They need to look back, too, to actual records from the past three to five years, and then

come up with realistic projections of debt repayment capacity.

Next, the farmer-lender team must determine how much of his debt the borrower can make full payment on, and how much he can handle at a reduced interest rate. Farm Bureau has proposed a two-tiered debt repayment plan, in which fully serviced debt falls into Tier 1. Debt that can only be handled at a reduced rate is Tier 2 debt. As Tier 1 debt is repaid, Tier 2 debt moves up and into full repayment.

OTHER DEBT restructuring plans are possible. Whatever option a farmer pursues, Korves says he should expect three things:

One, lenders are not likely to be receptive to new ideas on handling debt, since they, too, are going through trying times and may want to continue familiar practices.

Two, lenders may not be familiar with the new and revised regulations. But they should welcome information about them.

Three, farmers should not be surprised if their first attempts at restructuring are turned down. Debt restructuring requires give and take, and it may require two or three tries to come up with a plan that is acceptable to both the farmer and his lender.

## viewpoint

# To the point

So you don't think your vote will make a difference. But you are missing the point about the whole elective system in this country.

Sure, when it comes down to numbers — your vote may be lost in a sea of thousands of other votes for a particular candidate.

But doesn't it do your conscience good in knowing that you had your say? That the choice you made may not have been elected to office, but who cares what others think because you checked your vote for the person YOU thought was the best man or woman for the job?

And remember, there are instances in history where one vote has made a difference.

On election days, one not only casts a vote for his particular choice of candidate, but also for the American system of democracy and the opportunity it affords us — permitting the national public to "have their say" on who they want to represent them in government.

Or for that matter, any office. So get out and vote in the primary election on May 13. All candidates, either on the national, state or local levels, deserve the courtesy of a good turn-out at the polls.

And while you're at it, chalk one up for American democracy for allowing you to express your viewpoint.

Some unfortunate and sad statistics arrived in the mail recently.

According to a statistical report prepared by the Nebraska Department of Social Services, investigations of suspected child abuse and neglect cases "increased 27 percent" in 1985 over the previous year.

They investigated close to 8,000 cases and approximately 61 percent of the cases were substantiated either by the court or by the social services department. That is also an increase.

The department says the increase can be due to more accurate reporting and improved screening of the reports for referral to appropriate agencies.

Nearly 46 percent of the total investigations (which involved 7,772 children) came up with child abuse and neglect in the areas of deprivation of necessities. Nearly 18 percent dealt with physical injury; 14 percent as other (largely unsanitary/unsafe conditions); and nearly 13 percent as emotional maltreatment.

There were 983 child abuse and neglect investigations dealing with sexual abuse.

When investigations were completed, over 85 percent of the involved children were allowed to remain at home with their parents.

These alarming figures, substantial as they are, are only numbers on paper. What one must realize is that each number represents one child who faces the nightmare of abuse or neglect for the rest of their lives.

Tuesday nights are usually busy times for writers of The Wayne Herald. Most of the public meetings take place on that night.

For instance, this upcoming Tuesday night, we have the task of covering the Wayne City Council, Wayne-Carroll School Board, Educational Service Unit and the Primary Election — preparing the news for the next day's publication.

Fortunately for us, we will have enough reporters to cover the events. What I'm wondering is — with all these meetings on the same night, are we not limiting the public's opportunity to attend these meetings?

modified neckline with a short bolero jacket look made up of lace and seed pearls.

Short cap taffeta sleeves separated the long, lace sleeves which were decorated with seed pearls. A wide band of Alencon lace encircled the basque waistline.

The slightly gathered skirt was decorated with appliques of lace and pearls, with lace hemming the front of the skirt. The middle of the train was accented with a baby ruffle caught up by a taffeta bow. Appliques of Alencon lace and a baby ruffle completed the semi-cathedral train.

The bride wore a small beaded hat trimmed similar to her dress, and carried a silk bouquet of large and small roses surrounding an orchid.

THE BRIDE'S attendants wore luster rose and dusty rose floor-length gowns designed with satin skirts and sheer draped tops with lace trim.

They wore combs with two miniature roses in their hair, and carried silk heart-shaped bouquets.

The men in the wedding party were attired in silver tallecoats.

## news and notes

### Deciding when to run

One of the recurring controversies in running is — When is the best time to run in terms of injury risk, physical and mental well-being, and weight control?

A study of more than 2,000 runners turned up a good reason to run after work. Among all the injuries the doctors studied, it was found the greatest number occurred in morning runners and the smallest number in afternoon runners.

The doctors, who conducted the study thought this may be because muscle tissue is well stretched later in the day. Heel spur sufferers, they found, are particularly better off running later because there's more body fluid in the feet then to keep the injury cushioned.

**AFTER WORK RUNNERS** also say running then relieves the tensions of the day and peps you up for the evening. Exercise apparently acts as nature's waste-removal process and helps your body return to a more relaxed state of equilibrium.

Evening is the best time to lose weight.

Most believe that if you exercise vigorously just before the evening meal — no earlier than two hours prior to the meal — you'll be more likely to lose a larger percentage of body fat than if you exercise at other times during the day. That's because vigorous exercise can depress a person's appetite for a couple of hours, so you are more likely to eat less.

**EXERCISE ALSO** speeds up a person's metabolism, which normally slows down later in the day, and helps burn more calories.

But, if you are a confirmed morning runner, no one is going to stop you from making your appointed rounds. Morning runners have their own special reasons for running then, which can range from the cool air to the quiet peace of that time of day.

Morning runners say exercising then also helps them face the day with energy and vigor.

## Cats play Kearney State for title

# District 11 Tourney still up for grabs

As Wayne State was pounding Peru State Friday afternoon, most of the players in the Wildcat dugout were hoping the game would end before 8 p.m. so they would be able to play Kearney State that same night.

The Wildcats figured that since they were hitting the ball so well against Peru State, it would carry over into the Kearney game. And

that's exactly what happened as Wayne whipped the Lopers 9-5 to force another contest Saturday morning at 11 a.m.

The Wildcats struck early against Kearney as they opened a 4-0 lead in the third. Amazingly, Wayne didn't have a single base hit in the frame, but four consecutive walks by Jeff Rothrock, Paul Calvert, Dale

Clayton and Kurt Brosamle led to the uprising. Kearney also committed two big errors in the third.

The Lopers nicked Rothrock for a run in the fourth, but Wayne countered with two more markers in the sixth to open a 6-1 lead.

Gale Bretschneider started the Wayne sixth by singling and stealing

second. Jeff Strain then plated him with a single and eventually scored on another single by Clayton.

Wayne pulled ahead 7-1 in the eighth when Bretschneider reached on an error, stole second and scored on Strain's single.

Rothrock was in total command through the first seven innings allowing just five hits and four walks. But the Lopers took advantage of two Wayne errors and added a single and a double to chase Rothrock in the eighth.

Kearney scored four runs in the eighth to pull within two, 7-5. But bullpen ace Mark Priegnitz came in with a man on second base and put out the fire by recording the final out.

The Wildcats added two insurance runs in the ninth. Brosamle and Mike Hoffart ripped consecutive singles and Brosamle scored on a Pat Salerno sacrifice before Hoffart crossed the plate when Strain doubled.

Priegnitz recorded three quick outs in the bottom of the ninth to chalk up his sixth save of the season.

Wayne totaled eight hits, including three by Strain and two by Bretschneider. Kearney totaled five hits in the game.

## Osborne will speak in Wayne May 20

Tickets for the 1986 Wayne High School Athletic Banquet are dwindling, according to Wayne athletic director Ron Carnes.

Those wishing to purchase a ticket can do so at either bank in Wayne or at the high school. The cost is \$7.50. Officials would like everyone to buy a ticket by May 16.

The banquet will be held Tuesday, May 20, beginning at 6:30 p.m. at the Student Union at Wayne State College. Tom Osborne, the University of Nebraska-Lincoln head football coach, will be the guest speaker. Those who attend the banquet will have the chance to witness a rare speaking engagement by Osborne, who has limited his speaking engagements since having bypass surgery last year.

Osborne is regarded by many as nation's premier offensive coach. Statistics reveal that Osborne's Nebraska teams of the past five years have been the dominate rushing team in the nation, winning the title three times, finishing second once and third once. His 1983 Cornhuskers have been regarded as the most potent offensive team in the history of college football.

Defensively, the Huskers haven't played too poorly under Osborne, either. Entering the 1985 season, Osborne's Nebraska teams had scored 5,000 points, while allowing just 1,895.

Osborne-coached teams have never won fewer than nine games and have twice gone 12-1. His record the past four seasons is 43-7, and 72-14 the past six seasons. His

career record is 127-30-2, and trails only Oklahoma's Barry Switzer as the winningest active coach in the nation.

The Football News named Osborne the National Coach of the Year in 1983, and he has been named the Big Eight Coach of the Year three times.

Under Osborne's direction, Nebraska has increased its national record of consecutive bowl appearances to 17. Only one Osborne-coached team has finished lower than second in the Big Eight, and his teams have won or shared the conference title six times.

In addition to his coaching chores, Osborne will enter his eighth year as assistant athletic director to former Husker coach Bob Devaney.

After graduating from high school and college at Hastings, Osborne played professional football for three years, including two seasons with the Washington Redskins and one year with the San Francisco 49ers.

Every Wayne athlete that competed in sports during the 1985-86 school year will be recognized in some way at the banquet, and all spring letterwinners will be honored.

Special awards will also be presented during the banquet, including most valuable player awards, most improved player awards and athletes that were selected to the Wayne Herald's All-Area teams.

Four yearly honors will also be presented, including the Moller Memorial Awards, the Terry Johnson Memorial Award, the Wayne County Law and Enforcement Awards and the Outstanding Athlete Awards.

TOM OSBORNE will be the guest speaker at the Wayne Athletic Banquet May 20.

## Kurt Brosamle makes first team All-Conference

Wayne State's Kurt Brosamle was named to the 1986 All-Central States Intercollegiate Conference Baseball Team, while his teammates Mike Hoffart and Dennis Vollmer were named to the honorable mention team.

Brosamle, Wayne's right fielder, entered Thursday's District 11 Baseball Tournament with a .426 batting average. He also has four homers, 36 RBI, eight stolen bases and a .785 fielding percentage. Hoffart, Wayne's first baseman, is hitting .376 with five homers and 52 RBI, while Vollmer owns a 4-5 record with 59 strikeouts against 31 walks and a 4.44 earned run average.

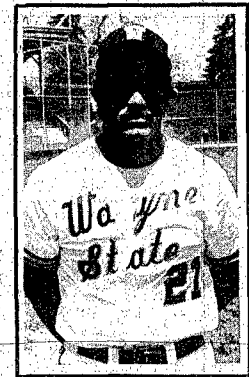

Conference champion Missouri Southern placed four players on the first team. The All-conference teams were announced Tuesday by the CSIC publicity office.

The balloting of conference coaches produced 20 first team picks and 27 honorable mention selections. Earning first team honors for Missouri Southern were junior pitchers Doug Stockam and Tim Williams, junior outfielder Scott Luton and senior designated hitter Kevin Marsh. Lion coach Warren Turner was named Coach-of-the-Year.

Fort Hays State led the way with seven players being named to the first team. Kearney State joined Missouri Southern with four, Emporia State and Missouri Western had two players selected and Wayne State placed one. Repeat selections from the 1985 first team included

Marsh and Stockam of Missouri Southern, pitcher Phil McKinzie of Emporia State, shortstop Dave Nehls of Fort Hays State and Missouri Western catcher David Lau.

Missouri Southern earned its first conference baseball title by outlasting Fort Hays State and Kearney State in the tournament played in Kearney April 25-26. The Lions swept two games from Fort Hays State on the second day of competition to claim the championship.

## Tamaszkiewicz and Durbala make All-CSIC

Two Wayne State softball players have earned All-Conference honors in the Central States Intercollegiate Conference (CSIC).

Teresa Durbala, a senior from Norwalk, Iowa, was named to the first team for the second straight season. The Lady Wildcat catcher hit .301 this year and was also a member of the CSIC's All-Academic team and the District 11 first team.

Shelle Tamaszkiewicz, a junior from Omaha, was the second Wayne State player to be named to the first team. Tamaszkiewicz, a leftfielder, was named to the team for the first time.

Tamaszkiewicz hit .400 this year and was also named to the first team in District 11. Tamaszkiewicz was the only player to be named on each ballot in the CSIC voting.

Receiving honorable mention in the CSIC from Wayne State were junior pitcher Mary Lingelbach of Elkhorn, and junior outfielder Kristi Gogiv of Omaha. Lingelbach was an All-District 11 first team selection, while Gogiv was named to the second team in District 11.

Missouri Southern had three players named to the first team, while Emporia State and Washburn joined Wayne State with two selections each. Conference coaches nominated and voted on the players.

Pittsburg State won this year's softball tournament, while Wayne State placed second.

Andy Hillier and Tim Fleming joined Runestad and Gross to win the 1600 meter relay with a 3:39.3 effort.

# Wayne State falls to Peru, downs Bellevue

# Wildcats split in tourney's opening day

Wayne State appeared to be heading into the championship round of winner's bracket in the District 11 Baseball Tournament. But Peru State rallied for four runs in the final two innings and stunned the Wildcats 5-4 at Overin Park Thursday afternoon.

Everything was going Wayne's way in the opening round game. The Wildcats owned a comfortable 4-1 lead, Randy Raabe was pitching a solid game and Wayne only needed six more outs to advance into the championship round. But then lightning struck.

Raabe started the eighth by allowing two straight walks and was replaced by relief ace Mark Priegnitz.

Priegnitz leads the team in saves with four and has one of the better earned run averages. But Thursday just wasn't his day as he yielded a walk and single before being replaced by Kevin Hoffart.

Hoffart allowed a two-run single before retiring the next two batters in order. Kurt Brosamie made a beautiful diving catch in right-center to record the final out of the inning.

Wayne then had its chances to take the lead in the ninth. Mike Hoffart started the ninth with a single and pinch-runner Jose Ruiz reached third after a sacrifice bunt by Pat Salerno and a single by Gale Bretschneider.

Bretschneider then stole second base to put both runners in scoring position with just one out.

Wayne head coach Lenny Klaver then signaled for a squeeze play, but the Wildcats failed to execute and Ruiz was tagged out.

The next Wildcat then grounded out to end the inning and Peru sandwiched two singles around a sacrifice bunt to tally the winning marker in the bottom of the ninth.

Wayne opened a two run lead in its first at bat. Kurt Brosamie ripped a two-out double off the fence and scored on a Peru error. Bretschneider then plated Ruiz with a single.

Wayne increased its lead to three in the fourth when Monty Shultz singled and pinch-runner Dean Heying scored on Dale Clayton's triple.

Peru State scored its first run in the sixth on a single and double, but Wayne regained a three run advantage when Jeff Strain scored on two Peru errors and another single by Shultz in the eighth.

Although Wayne did score in the eighth, the Wildcats had a chance to blow the game open that frame as Peru committed four errors. But one run was all Wayne could muster and Peru battled back and claimed the victory.

The Wildcats totaled 11 hits in the loss, including three by Bretschneider and two each by Clayton, Salerno and Shultz. However, the Wildcats stranded 13 runners on base.

Raabe pitched beautifully during the first seven innings, allowing just four hits and one walk. He also received great defensive support as Mike Hoffart and Craig Koehler both made diving stops in the early going.

The loss dropped Wayne to 21-24 and knocked them into the loser's bracket against Bellevue.

# Wayne State slips past Bellevue

Wayne State's Mark Priegnitz had to feel good after he hurled the ninth and decisive inning of the Bellevue game at Overin Park Friday afternoon.

Priegnitz pitched to three batters in a frustrating 5-4 loss to Peru State Thursday afternoon — yielding a bunt and an RBI single. But Friday afternoon a "new man" took the hill for Wayne.

Priegnitz got three quick outs to save a 3-0 victory over Bellevue which allowed the Wildcats to advance to the championship of the lower bracket in the District 11 Baseball Tournament.

Dennis Vollmer picked up the win for Wayne. Although he later said he didn't have his "best stuff," Vollmer pitched eight innings without allow-

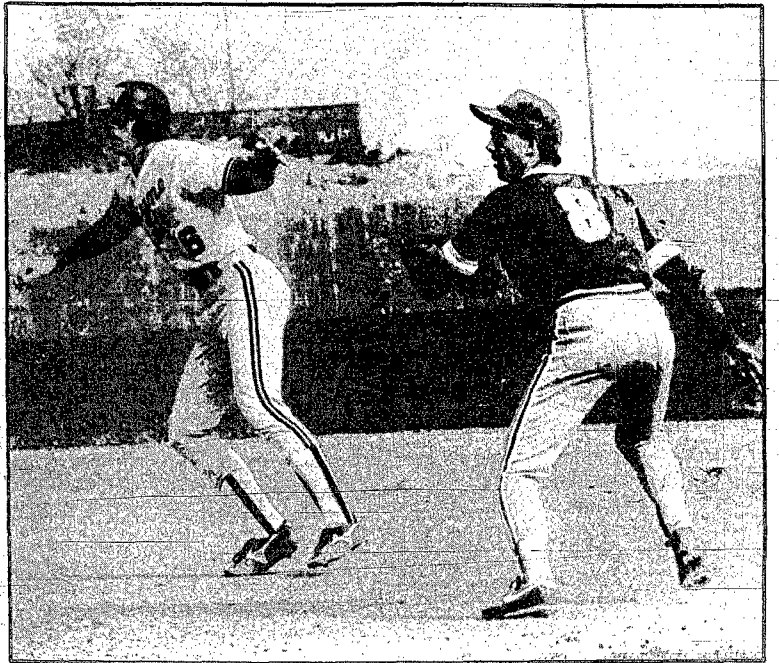

ing a run and yielded just five hits. Wayne opened a 1-0 lead in the fifth when Craig Koehler singled, advanced to second on an error and scored on Kurt Brosamie's single.

The Wildcats then added two insurance runs in the sixth when Pat Salerno, Gale Bretschneider, Jeff Strain and Monty Shultz all stroked consecutive singles.

The game was called in the eighth inning because of rain. The teams finished the game the following day.

Wayne totaled 10 hits in the win, including three by Strain and two by Bretschneider.

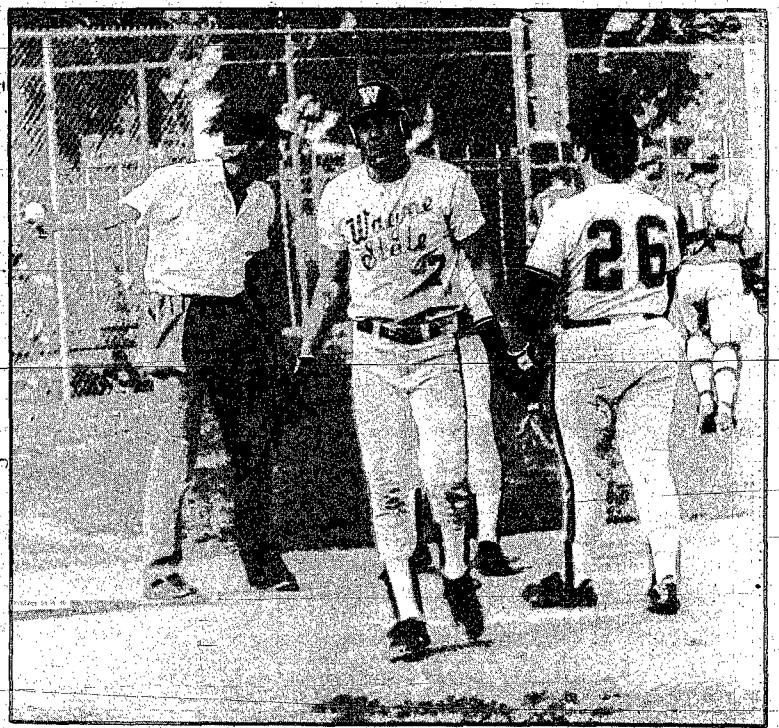

The win improved Wayne's record to 22-24 and allowed them to face Peru State for the championship of the lower bracket.

## Blue Devil linksmen hand Oakland-Craig rare defeat at Harold Maciejewski Invitational

To beat Oakland-Craig in golf, a total team effort is needed. And that's exactly what Wayne received Wednesday as the Blue Devils turned back the Knights 317-320 in the Harold Maciejewski Invitational at the Wayne Country Club.

Oakland had won eight of the last nine, Class C state championships, but consistent play by Wayne allowed the Blue Devils Wednesday's title.

Tom Perry led Wayne with a 76, including a one-under par 35 over the opening nine. Perry fired eight pars and a birdie during the first round.

But five other Blue Devils joined Perry in shooting 85 or better. And Wayne head coach Terry Munson said the team effort was the key to victory.

"When you beat Oakland-Craig, you have to have good consistent

An example of just how hot Wayne was, Kevin Griess placed 11th and fired an 83 for the Blue Devil reserves.

Munson said that Wayne's scores are even more impressive because a number of the Blue Devils had one or two bad holes.

"Most of the guys had a bad hole or two where they double or triple bogged, but they always bounced back," he said.

Jason Peterson of Oakland-Craig claimed medalist honors with a 74.

The tournament is named after Harold Maciejewski, a long time coach and athletic director at Wayne who retired last year.

The Blue Devils compete again in May at Districts before playing the state tournament May 22, which will be played at Wayne.

## Lady Cats set season record of 32 victories

The Wayne State softball team finished the year 32-14, setting a new school record for most wins in a season. The 32 victories surpassed the old mark of 30, which was set in 1955.

Wayne State ended the season in the District 11 Tournament in Omaha, losing to the College of St. Mary 5-0 in the championship game. The Lady Wildcats had previously beaten Doane, 11-0, Nebraska Wesleyan, 8-0, and Kearney State, 5-3, before losing to St. Mary 1-0 in nine innings. The final 5-0 loss knocked the Lady Wildcats out of the double elimination tournament.

The Lady Wildcats were ranked 14th in the nation in the final NAIA softball poll, but will not be eligible for an all-large bid to the national tournament.

Wayne State placed four players on the All-District 11 first team and two players were named to the second team.

Firstbaseman Kathy Didler of Bellwood, pitcher Mary Lingelbach of Elkhorn, catcher Teresa Durbala of Norfolk, Iowa, and infielder Shelle Tomaszewicz of Omaha were selected to the first team by the district coaches.

Durbala and Tomaszewicz are repeat selections on the first team, while Lingelbach moves up from last year's second team.

Selected to the second team were rightfielder Kristi Govig of Omaha and secondbaseman Mary Jean Guenther of West Point.

Tomaszewicz led the team in hitting with .400 average. She also finished with a team-high nine home runs and 11 triples. Her 35 RBIs also led the team and her .807 slugging percentage ranks her in the top five in the nation.

Tomaszewicz, a second team All-American, last season, had an 18-game hitting streak during the year and had the game-winning RBI 12 times for the Lady Wildcats. She

totalled 54 hits on the year, including 26 extra base hits.

Lingelbach, Durbala and Didler all hit .300 or better on the year. Lingelbach drove in 23 runs, which was second best on the team, and Durbala led the team in doubles with 11.

Guenther led Wayne State in sacrifices with 13 and her .961 fielding percentage was in the top 10 among the country's second basemen.

Michelle Blomberg of Albert City, Iowa, led the team in steals with 12 in 14 attempts. Govig swiped 11 bases in 13 attempts and led the Lady Wildcats with 18 walks.

Three players split the pitching duties during 1986 for Wayne State. Lingelbach got the call most often, appearing in 24 games, and finished the year 11-10. She struck out 54 while walking only 14 in 145 innings of work.

Sophomore Heidi Anderson of Milford, Iowa, came back from an early season shoulder injury to finish 11-3 with a team-low earned run average of .752. Anderson worked 93 innings and gave up only 10 earned runs.

Freshman Ronda Peck of Beemer finished the year 10-2 after winning her first eight games. Peck gave up 74 hits in 84 innings.

Wayne State finished 14-4 against District 11 teams, losing only to St. Mary and Kearney State once. The Lady Wildcats finished second in the Augustana Tournament in Sioux Falls, S.D., and second in the Central States Intercollegiate Conference (CSIC) Tournament to Pittsburg State.

Wayne State twice defeated the nation's top-ranked team, Washburn. Six of the Lady Wildcats' 14 losses came against schools in the NCAA.

Wayne State met 11 nationally-ranked teams on the year.

Durbala is the only player the team loses to graduation. Eight starters will return for next season, including the entire pitching staff.

## Stelling guides Wakefield girls to track title

The name Teresa Stelling is relatively new to area sports enthusiasts, but it should become quite popular over the next few years. Stelling currently owns the fifth fastest time in Class C in the 1600 meter run. Funny thing is, she's only in the eighth grade at Wakefield junior high.

Stelling turned in a 5:35 at the Wayne Kiwanis Junior High Track Meet Tuesday at the Wayne High School track.

Not only is Stelling's 5:35 the fifth fastest in Class C, but it's the 10th fastest in all classes and leads Class D.

Stelling also won the 800 with a 2:34.9 and led the Trojans to a first place finish.

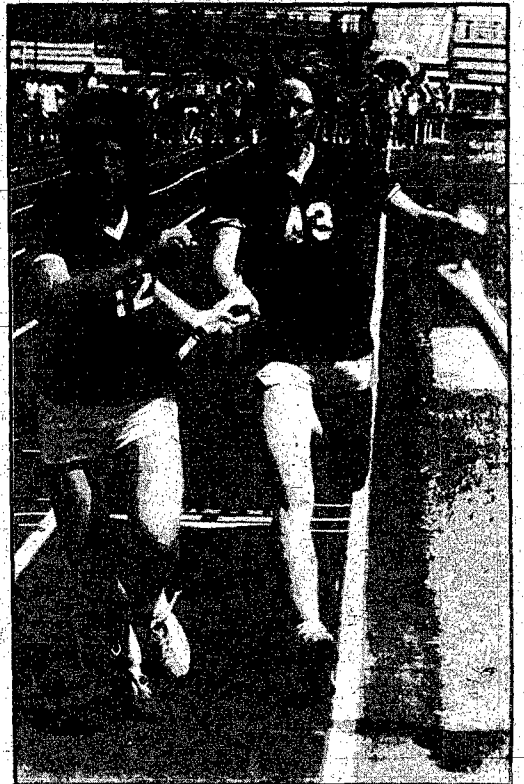

A new record in the long jump with a 15.7 leap, while the boys hurdle (15.28) and high jump (5-6 1/2) records were also broken. Randolph's boys also set a new mark in the 800 meter relay with a 1:44.34 clocking.

Wriedt also won the 100 with a 13.65 clocking, while her teammate Heidi Reeg captured the shot put title with a 30-10 effort.

Julie Greve of Wakefield captured the 400 meter dash championship with a 65.30 time.

Greg Denayer was a double winner for Wayne's boys. Denayer won the 400 and 800 with 57.0 and 2:23.4 clockings, respectively.

Listed below are area results from the meet. First names were not always available.

## Baseball, softball registration set

All boys who will be playing Pee Wee, Little League or Pony baseball and girls who want to play softball are asked to register on Saturday, May 10, at the Wakefield Multi-Purpose room beginning at 10 a.m. Registration fees are the same as they have been in past years, \$10.00 each for the first two participants in a family and \$3.00 each additional member of a family. These fees cover the cost of insuring the teams.

The boys teams will again be coached by Jack and Jeff Coble. Coaches for the girls will be Jolene Bartels and Mike Clay.

The Pee Wee team is for boys ages 8, 9 and 10 years old. Coach Coble said that this group of boys will be divided into two groups for both practice and games. Little League is for boys 11 and 12 and Ponzys for boys 13 and 14 years old. Although some of the Pony age boys will also be playing on the Legion's Midget team, Coach Coble said he wanted the boys to also play with the Pony team.

The boys will practice on Monday, Wednesday and Friday afternoon with the Pee Wee practice at 1 p.m., Little League at 2 p.m. and Pony at 3 p.m. Little League and Pony games are played on Tuesday and Thursday afternoon. Girls softball practice will follow the boys practice.

The girls' teams are divided into three age groups: senior-18 years old and under; juniors-15 and under, and Little Girls-13 and under. First scheduled league game for the girls is with Pender on May 27.

Anyone who cannot register for the teams on the 10th is asked to do so beforehand by contacting Mr. Coble at the school. The softball committee stated that no girls will be allowed to practice or play with the teams until their registration fees are paid.

# On his 94th birthday Al Swan Day

by Chuck Hackenmiller

Birthday No. 94 is Saturday for one of Wayne's premiere clothing store owners.

This individual was born and raised in Stromsburg and lived in Oakland for a brief period of time before moving to Wayne in 1932.

He worked in the Fred Blair Clothing Store upon his arrival in Wayne. His wife operated a millinery store and sold ladies' ready to wear clothing.

He started his own men and ladies clothing store at 205 Main in Wayne, originally known as Swan's Clothing for Men and Women. In 1953, the store was moved to across the street (now called The Rusty Nail) and he renamed it Swan-McLean Clothing for Men and Boys. His partner then was Bob McLean.

The ladies shop across the street became Swan's Apparel for Women (what the store is currently named).

Roger Nelson joined the mens-boys clothing business as one of the co-owners in January, 1975 and the business expanded. Nelson eventually became the owner of the business

and women's clothing was added to the merchandise selection.

Just who is this story about? Al Swan, that's who.

And Mayor Wayne Marsh and Rusty Nail Owner Roger Nelson made Saturday "Al Swan Day" to commemorate his 94th birthday and to recognize the former businessman's exceptional contributions to the city of Wayne.

"In the ladies line, style is just as important as they are now," said Swan, reflecting on his past business ventures with The Wayne Herald.

"They had salesmen on the road then. The salesmen called on us, we didn't have to go to them," he said, recalling how he kept clothing on inventory with the styles of those years. Later, he went to Chicago and Omaha markets to get his clothing. Some of the clothing prices? •You can sell a suit of clothes for under \$35.

•Those popular "Oskosh" bib overalls could be purchased for \$1.99.

•Four-buckle shoes could be purchased at a good price. "And you had a good pair of shoes for less than \$6," said Swan.

Wayne Marsh with Al Swan.

"Socks could be bought for 10 cents a pair.

"Those Union Suits — the one piece underwear garment — were very popular and inexpensive. Two piece underwear was a new item in those days, said Swan.

Another familiar trait of Swan's business was his practice of staying open on Saturday nights until 1 a.m. This was before television, when for entertainment people would come in to town and visit.

After the visits, many were in the

buying mood and purchased their clothing from Swan's store.

"Saturday night was a big night in Wayne. Seldom would we get out of there before one in the morning," he added.

Said Wayne Marsh, in paying tribute to Swan on his 94th birthday: "Al always gave the people what they wanted, until all was satisfied. It was always a pleasure doing business with him because he treated you fairly."

# Liberty Week proclaimed by Governor Kerrey

Governor Bob Kerrey has proclaimed the weeks of May 11 and May 18 as Liberty Weeks in Nebraska. The proclamation was made in conjunction with the efforts of the Nebraska Order of Elks and the Allied Van Lines "Move To Freedom" campaign.

Allied and the Elks are hosting a traveling display of Statue of Liberty memorabilia as part of the nationwide observance of the Statue's centennial.

The tour of Nebraska will include five cities from Sunday, May 11 through Friday, May 23. The area schedule is as follows: May 11-2: Lincoln and May 14-17, Omaha.

There are two 48-foot trailers in the cross country sweep. Each truck is

equipped with a special suspension to transport the elaborate and fragile displays. Included in the display are a piece of Miss Liberty's torch, and a series of pictures tracing the history of the Statue and Ellis Island. The tour also includes video footage shot on Ellis Island by Thomas Edison in 1903.

Allied Van Lines and the Benevolent and Protective Order of Elks of America are sponsoring the tour throughout 200 communities around the country, including all 48 contiguous states. Allied's plan is to take the story of the Statue to big cities and small towns alike. Once the display arrives in a community the local Elks lodge will arrange for public receptions and showing times.

## Voting rules and regulations listed

Absentee ballot deadlines for the May 13 primary election day is May 15. When the U.S. mail is the means for the return of absentee ballots, said ballots must be in the physical possession of the County Clerk or Election Commissioner before or on this day by 10 a.m.

A notary public's signature and seal is "not" required for the execution of an absentee ballot. Upon making an absentee ballot request, the election official will verify that the person is registered and then mail the ballot to the specified address. The ballot and identification envelope should be mailed in time to meet the above mentioned deadline.

Disabled and Handicapped Voter Assistance — Any voter who requires assistance to vote by reason of blindness, disability, or inability to read or write may be given assistance by a person of the voter's choice, other than the voter's employer or agent of that employer or officer of the voter's union.

A person under these circumstances may request assistance in voting at the polling site itself, or may request to vote from his/her automobile. The election site officials will assist the individual in voting "curbside." However, the automobile must be located within one block of the actual polling place.

The Hospital Ballot — A registered voter who is absent from his/her county of residence because of unforeseen and unavoidable circumstances may authorize his or her agent to personally pick up a ballot for the voter from the office of the County Clerk or Election Commissioner. In such a case, the agent must present a written request, and must return with the ballot not later than 8 p.m. on the day of the election. The

deadline for requesting an absentee ballot is 12 noon on May 13.

Voting Booth Accessibility to Wheelchairs — Each polling site will have at least one polling facility, which will be accessible to a person in a wheelchair.

Reasons to request an Absentee

Ballot Other Than Absenteeism — Any registered voter who is also a law enforcement official, an election official or employee, a firefighting official or an emergency vehicle operator or attendant/staff member who by reason of carrying out his or her official duties is on duty for a period in excess of 12 hours on the day of the election may request an absentee ballot.

Employer-Employee: Granting Leaves of Absence to Vote — Any registered voter who, on election day, does "not" have two consecutive hours in which to vote in a time frame outside of his/her working day may request a leave of absence from his/her employer. Under these circumstances, a citizen may request from the employer a scheduled two hour leave of absence for the purpose of voting. The employee must submit such a request prior to the day on which the election is held. No penalty or salary deduction can be posted against the employee by the employer, however, the employer can specify the exact time of the absence.

Voting Absence Due to Religious Beliefs — If a person cannot attend the polls on the day of the election because of the tenets of his or her religion, he or she shall be permitted to vote by absentee ballot. If anyone has questions about registration and voting procedures or desire further information concerning the above, please contact Wayne County Clerk Orregetta Morris.

# SHOP LOCALLY!

## When every minute counts, you get shopping convenience

Your time is valuable and you don't want to waste it. You can find everything you need right in your own neighborhood — at local shops and stores. Whether it's a weekly outing or a quick trip on your lunch hour, shopping locally lets you make the most of the time you have. And local merchants take special care to see to it that you receive prompt, courteous attention.

When you shop locally, everyone benefits. It's more convenient so you save gas and time. You get friendly, knowledgeable service because local merchants "know" you and appreciate your business. They depend on you to keep their stores going strong. And some of what you spend goes back into the community in the form of taxes and charitable contributions paid by the merchants.
