THE WAYNE HERALD

Regarding Ph.D. issue

Sellon says no fraud, deceit made

by Chuck Hackenmiller

Laurel-Concord Superintendent Paul Sellon has not yet received his Ph.D. (Doctor of Philosophy) in Administration, but he will "officially" earn it in May of next year.

Some rumors have been flying from within the school district, he said, that he was hired by the school district board of education on "false credentials" — that he falsely conveyed to the board of education during the interviewing process that he had already earned his Ph.D. from Kansas State University in Manhattan, Kansas.

"There was no fraud whatsoever," he told The Wayne Herald in a telephone interview on Friday.

On his resume he presented to the board of education, he had written, among his education qualifications, having an A.B.D. in Ph.D. The A.B.D., he said, means in certain terms "all but dissertation." Dissertation is a written thesis or essay that is written by a candidate for the degree of Doctor of Philosophy (Ph.D.).

"There was no deceit or fraud or anything like that," Sellon said.

"I am a Ph.D. candidate (at KSU). I do not have an earned doctorate — not until May of 1987 (when the two-year waiting period expires)," he added.

ON WEDNESDAY (Sept. 3), he read a statement to the faculty at Laurel-Concord School about his current status as candidate for a Ph.D. He had finished his residency and internship for the Ph.D. a couple of years ago, he said.

Of those who have accused him of fraud, he answers back that "all programs are different."

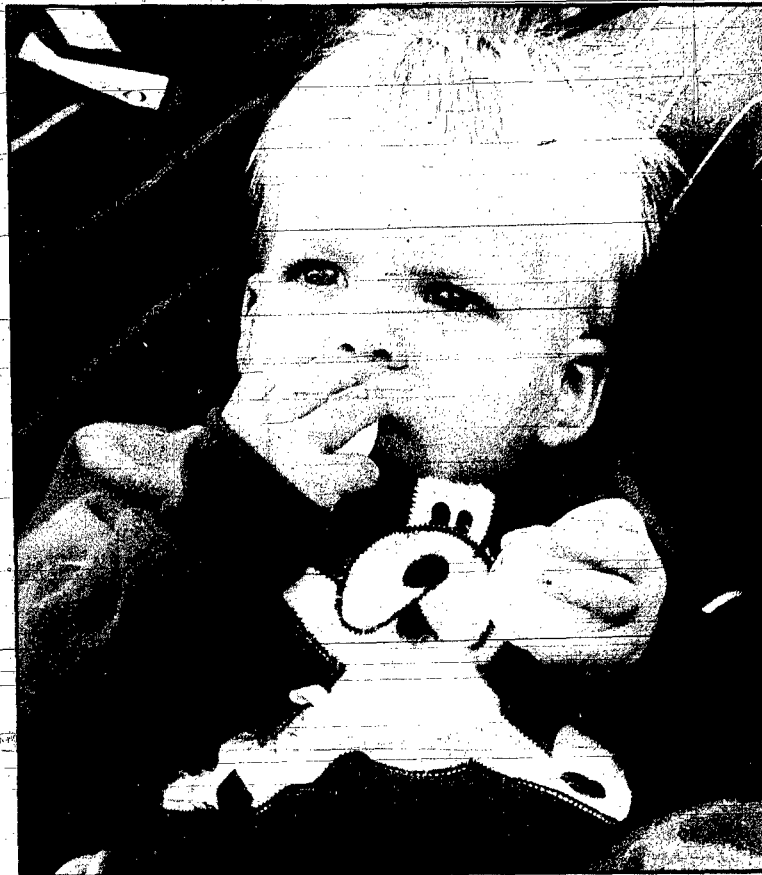

"All situations are different. So many do not know the whole situation," he mentioned.

Sellon said he has never demanded to be called "Doctor." He said he hopes the accusations and rumors will now be put behind and that concentration can be turned toward the education of the youth as the new school year begins.

Sellon, a 1974 graduate of Randolph High School, had received his bachelor of science degree in elementary education in 1978 from the University of Nebraska-Lincoln. Later, in 1981, he received a Masters Degree in Education in Administration at the University of Nebraska-Lincoln.

Prior to arriving in Laurel, he worked as director of Planning and New Program Implementation at Blue Valley USD No. 229, a school district that serves the suburban area of Kansas City, Kansas.

He began his duties as Laurel-Concord superintendent on July 1, 1985.

BRADLEY FREVERT, 8½-month-old son of Brian and Shelly Frevert of Wayne, clutches to two ping pong balls that fell from the roof of the The Wayne Herald building during the ping pong ball drop Thursday night. It appears he is deciding which ping pong ball "suits his taste."

Chamber bucks winners announced

Many people took advantage of the "bouncing bargains" offered Thursday night during the Ping Pong Ball Drop event sponsored by the Wayne Chamber of Commerce and participating businesses.

Thousands of colored and plain white ping pong balls, each with discount potential at various participating businesses, fell from the roof of Pamida, The Wayne Herald, Sav-Mor Pharmacy and Bowen Hall on the Wayne State College Campus.

In addition to the "discount ping pong balls," there were special yellow ping pong balls that offered up to \$25 worth of redeemable in Wayne Chamber Bucks.

The \$10 winners, as provided by the Wayne Chamber of Commerce office, are as follows: Pamida drop — Fred Webber, Wayne; Brian Schmidt, Wayne; Carrie Christensen; Laurel; Marcus Beland, Wayne; Darrell Wagner, Wakefield. Sav-Mor drop — Mae Pearson, Wakefield; Ruby Roberts, Allen; Eileen Mitchell, Wayne; Mrs. Emil Westerman, Wayne. Bowen Hall drop — Roger Bentz, Homer; Darin Blackburn, Malvern, Iowa; Lance Beasley, Omaha; Rich Ten Eyck, Valley; Libbey Meyer, Camanche, Iowa; and Randy Woodard, Bellevue. Wayne Herald drop — Kathy Stollenberg, Wayne.

Winning \$15 in redeemable Wayne Chamber Bucks were: Wayne Herald drop — Bill Sperry, Wayne; Jim Thompson, Wayne; Brad Losko, Columbus; Erich Luft, Wayne; Karl Luft, Wayne. Sav-Mor drop — Donald Jacobsen, Wayne.

The \$25 winners were Lucille Fairchild of Wayne at the Sav-Mor drop and Joanie Thomsen of Wakefield at the Pamida ping pong ball drop.

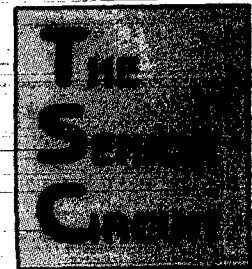

There were 24 yellow ping pong balls released among the thousands of other colors, and all 24 were returned for redeeming at the Chamber office.

Keeping as fit as a fiddle

by John Prather

Just because you're retired or think you're "over the hill" is no reason to quit staying active — just ask Dr. Ralph Barclay:

Three times a week from October to April, over 100 individuals from the Wayne area meet at Wayne State College to achieve a state of fitness and health through the Wayne State College Senior Wellness Program.

This is the fifth and final article in a series of features concerning services and activities that are available to area senior citizens.

The wellness program has four main goals it tries to achieve through physical exercise, including:

1. To conduct research on lifestyle improvement activities.
2. To provide continuing educational and training programs for those individuals interested in wellness promotional programs.
3. To provide lifestyle improvement programs for all interested individuals.
4. To provide health promotion services in seven areas, including: nutrition, body consumption, pulmonary function, cardiac risk, cardiovascular evaluation, flexibility and aerobic training.

Avery coming to Wayne

The actress who played the saloon-singing Shug Avery in Steven Spielberg's motion picture "The Color Purple" will appear at Wayne State College of Nebraska on Sept. 20.

Margaret Avery, who shares the last name with the character that won her an Oscar nomination for Best Supporting Actress, will give a presentation at 8 p.m. Sept. 24 in Ramsey Theatre in the Val Peterson Fine Arts Center as part of Fall Blast Week on campus.

Admission to Margaret Avery is \$3.50. Wayne State students are admitted free with I.D.

The movie "The Color Purple" will be shown on campus one night earlier (Sept. 23, 8 p.m. in Ramsey Theatre), and Robin Young, student programmer for the sponsoring Student Activities Board (SAB), said it was that fact that prompted SAB to book Avery.

"After we scheduled 'The Color Purple' for Fall Blast Week, we were looking for a speaker and found out Margaret Avery was on tour," said

Young, a senior from Omaha. "So we booked her to coincide with the movie."

Avery has been in numerous television shows, stage productions and movies. She appeared in the movies "Which Way is Up?" with Richard Pryor, "Magnum Force" with Clint Eastwood, and "The Fish That Saved Pittsburgh" with Stockard Channing. She was the star in the television movie "Lalhe of Heaven" and appeared with Ben Vereen in the TV movie "Louis Armstrong Chicago Style."

The theme for Fall Blast Week, Sept. 23-27, is Color of Success. The week's festivities include the annual Mu-Ball (mud volleyball) tournament at 3:30 p.m., Sept. 24 and 25, the showing of the movie "Witness" starring Harrison Ford Sept. 26 at 8 p.m. in Ramsey Theatre, the Wayne State-Kearney State football game at 1:30 p.m. Sept. 27 and, later that day, a dance in Rice Auditorium at 9 p.m.

As Chamber, Wayne Industries executive

Brown begins duties

by Chuck Hackenmiller

Linda Brown began work Tuesday (Sept. 2) as the Executive Vice President of The Wayne Chamber of Commerce and Wayne Industries, Inc.

Brown comes from Algona, Iowa, where she was previously employed by the Algona Chamber of Commerce.

She has two sons, Tony (age 19) who is currently the manager of Cinema 111 in Norfolk; and Jay (18) who is an assistant in the produce department at the Hy-Vee Store in Algona.

She was born in Litchfield, Minnesota and lived in Storm Lake, Iowa before moving to Algona in 1978.

From 1973 to 1978 she worked as a floor manager, and several months as a retail department manager, in two department stores in Storm Lake. From 1978 to the present she was employed as administrative assistant with the Algona Chamber of Commerce/Industrial Development Corporation.

While working with the Algona position, Brown helped coordinate and conduct Chamber functions and projects such as Master Corn Growers; golf outings when city business people invite farm businessmen and women and their guests for the day; fair barbecue; Algona Band Day; July 3rd and 4th festivities; annual banquets; a secretaries promotion; retail promotions; and seminars on small business.

She also supervised the Ambassador Association, and public relation functions, plus several bureaus and divisions within the Chamber.

In 1985 she attended the Institute for Organizational Management at the University of Oklahoma and in 1986, attended the Institute of Organizational Management at the University of Colorado.

She lists as memberships to the following: Iowa Chamber of Commerce Assistants; Northwest Iowa Chamber Coalition; Business and Professional Women; Sorority; International Businesswomen; Women of Today; United Way Board of Directors; American Heart Association; Stinson Prairie Arts Council; Board of Directors; Countryside Community Playhouse Theatrical Organization; Algona Athletic Boosters; and the Algona Band Boosters.

Forms in the mail

Jury selection changes

Qualification forms required for jury selection process in Wayne County are in the mail, according to Jo Ostrander, Wayne County Clerk of District Court.

The procedure of selecting persons to serve as jurors has been changed because of LB 113, passed by the 1985 Nebraska legislature. The bill became effective on July 1 of this year.

The new legislation states that persons will now be selected for jury duty from a list that is furnished to the jury commissioner (clerk of district court). That list is provided to the jury commissioner by the officer in charge of election records (the county clerk), combined with a list of persons 19 years of age or older who hold a Wayne County drivers license furnished to them by the Nebraska Department of Motor Vehicles.

"At one time, it was voter registration alone. Now it is both of them (registration and drivers license)," Ostrander said.

"If a qualification form is delivered to your residence and the addressee is your son, daughter or other relative (who is no longer a Wayne County resident), please open and complete the form and sign on the reverse side as parent or guardian, stating reason therefor," Ostrander mentioned.

No qualified prospective juror is exempt from jury service except those who are 65 years of age or older, who shall make such a request for exemption from grand or petit jury duty at the time the jury qualification form is filed with the jury commissioner.

Some individuals are disqualified to serve as grand or petit jurors, such as judges of any court, clerks of the Supreme or district courts, sheriff's, jailers, those involved with the lawsuits that are pending, or those convicted of a criminal offense punishable by imprisonment in the Department of Correctional Services adult correctional facility.

The questionnaires should be read carefully, filled out and returned in the self-addressed envelope furnished by the jury commissioner — within 10 days, or sooner if possible.

Ostrander said the juror list will be updated each year.

For Peoples

Gas rates decrease

Peoples Natural Gas customers in Wayne are receiving another decrease in natural gas rates this month.

According to Tim Connealy, district manager for Peoples, the decrease is due to a reduction in the price of the gas that Peoples decreases directly on to customers.

Connealy said the decrease will mean an annual savings of about \$27 for the typical residential heating customer.

"This is the seventh consecutive

decrease for our Nebraska customers since December, 1983," Connealy said.

"The resulting total annual savings is over \$100 for the typical residential customer."

"Consumers are benefiting from the price competition among fuels and the abundant supplies of natural gas which continue to force prices down," Connealy added.

Peoples provides retail natural gas service to over 4,000 residential, commercial and industrial customers in the Wayne District.

(Continued from front page)

The program's administrator is Dr. Ralph Barclay. Dr. Barclay did extensive research before proposing the Wayne State program, including reviewing 16 literary forms and reviewing YMCA and other community projects.

Barclay, along with several graduate and undergraduate assistants, administer and instruct a course consisting of aerobic exercise, flexibility, aquasize, weight training and various group activities.

THE COURSE was originally designed to offer activity for those over 60 years of age. However, Dr. Barclay decided to include those under 60 in cardiac rehabilitation programs; as a result of inquiries by interested persons who had a history of cardiac problems or recent heart surgery.

Before joining the class, participants are given a medical history form and a physician's evaluation form to be completed to insure the safety of the participant.

Each person's forms are reviewed by Dr. Barclay and his assistants to provide possible foreseeable problems or exercise limitation considerations.

After the physician's evaluation, the doctor is asked to provide one of the following recommendations:

1. There is no contradiction in a moderately vigorous general exercise program.
 2. Because of the above diagnosis, the individual may continue with the following exceptions.
 3. Because of the above diagnosis, participation in a moderately vigorous exercise program is inadvisable.
- The first class meeting consists of familiarizing the par-

ticipants with goals, objectives and activity offerings.

DR. BARCLAY and his assistants encourage participants to try areas that they would feel most comfortable with and enjoy. The aerobic/group activity is usually the most popular and although the swimming pool activities were initially approached tentatively, aquasize became increasingly popular as the program progressed.

Dr. Barclay said that those who spend the most time in the weight-training programs are those under 60 who had requested to join the group as a form of having a regular time to exercise.

Dr. Barclay added that walking is very popular with the cardiac rehabilitation participants.

Mini-lectures are also periodically given to the group on such topics as target heart rate and its significance in exercise, exercise and enjoying life, prevention and care of injuries and continuing exercise during the summer months.

The program began two years ago and has been building ever since. Initial attendance for the class was 30 people, but many who participated told their friends of their enjoyment and benefit from the class and last year the program's attendance swelled to 107 members in regular groups and 17 in cardiac rehabilitation programs.

Although the program's main purpose is to achieve a state of fitness and health, Barclay added that, "We feel the greatest benefit came through the participants socializing, mixing (with others) and having fun."

Those interested in signing up this autumn can contact Dr. Barclay for registration and other information.

hacken' away

What's in a name?

I've never been to the state fair in Lincoln, although it has been tempting with the top-notch entertainment secured there every year. I figure after covering two county fairs in our coverage-area and then visiting the fair in Cumming County — that I've had my fill of fairs for a year.

We get coverage of area youths who place high in competition at the state fair through news releases from the Cooperative Extension Service Institute of Agriculture and Natural Resources.

This year I paid particular attention to names of the livestock.

Some of those mentioned in cattle were Fred, Radiance, 400, Perfect 10, Linsey, and DuBose (after Nebraska Cornhusker I-Back Doug DuBose), Big Guy, Panda, Fonzzi, Refrigerator, Chiquita, Minky, Magic Marker, Show Girl, Alexis, Amachulee, Cracker Jack's Flirt and Darling.

For dogs, some names were: Montie, Yukon, Charlie, Sugar, Maggie, Babe, Laddie, Peaches, Millie, Pryncl, Shadow, Brandon and Sam.

And for cows, the names that cropped up were: Cristy, Bridgett, Linda, Tiffany, Jan, Tootsie, Hedda, Mert, Nectar, Robin, Crestview, Daphne, Susan.

Dairy goats are not excluded from having a name. For instances, there is: Dumpling, Bambi, Marsha, Cinnamon, Queen of Hearts, Tempest, Daisy, La Mancha, Honey Sweet, Jessie, Topaz.

What would you name sheep. Here are some ideas: Big John, Jerome and Zeus.

Don't forget rabbits: such as Brutus or simply H-45, who won top honors in the rabbit breeding class which was a surprise because the rabbit usually likes to bite people at home, the news release mentioned.

Some other fair notes: — Cory Weber of Albion, who stands at 4'10", had to exhibit Big Guy, a 1,284-pound steer, one of the tallest steers in its class. Cory had to lift its head above her own to show it off.

— The best dressed kid in the dairy goat show was Jessie, who was dressed like a ballerina because of her dainty figure. The runnerup was Tootsie who dressed like Little Red Riding Hood "because she eats anything red."

— Two years ago, a cow had received champion honors and would have been shown last year if it hadn't had a digestive problem. The cow happened to swallow a large ball of twine which "clogged her system" and required surgery right before the fair.

On Labor Day weekend I was inside the Wayne Herald office gathering thoughts for a feature interview. My car was the only vehicle on the block near the Herald building. My window was rolled down.

As I stepped out of the building to my car, I noticed mud near the car window opening.

"That's strange. Didn't I just wash the car the day before," I thought to myself.

I opened the door and in the backseat was an over-sized, muddy paning dog who decided to make a resting place out of my backseat.

Just how long the dog rested in the confines of the car was uncertain. But I wasn't willing to let the animal rest there any longer. After coaxing the friendly animal to leave, I followed me back to the Wayne Herald building.

Moral of the story — shutting car windows keeps more than bugs out.

Another is — be thankful nothing in my backseat resembled a fire hydrant.

Use of drugs tabbed as the top problem facing schools

In the 18th annual Gallup/Phi Delta Kappa Poll of the Public Attitudes Toward the Public Schools, 28 percent of Americans said that the use of drugs by students is the most important problem facing the public schools in 1986. Lack of discipline, named the most important in 16 of the 17 previous surveys, was named by 24 percent.

Placing a distant third through fifth were "lack of proper financial support," named by 11 percent; "poor curriculum/poor standards," named by 8 percent; and "difficulty getting good teachers," named by 6 percent. The complete results of the polling, conducted in April 1986, appear in the September 1986 issue of the Phi Delta Kappan.

The parents of public school children also name the use of drugs by students as the number one problem facing the schools. However, as in previous studies, parents are more positive about the school their oldest child attends than they are about the local public schools as a group. While 27 percent of public school parents say that drugs are the biggest problem facing the "public schools in the community," only 16 percent mention drugs as the number one problem facing the "school their oldest child attends."

The respondents to the Gallup survey were also asked their opinion of five "anti-drug measures" that might be employed by the public schools. Nine out of 10 Americans support "mandatory instruction for all children in the dangers of drug abuse." Nearly eight of 10 support "expulsion of students caught using drugs in school buildings or on school grounds." Some seven in 10 support the use of school funds to "provide

counseling and treatment for students who use drugs," and roughly the same number would allow "teachers or authorities" to search (without obtaining a search warrant) lockers and personal property of students they suspect of having drugs at school.

However, only 49 percent of the survey respondents favor "testing students for drug use by urinalysis," and 44 percent oppose such testing.

The 1986 Gallup Poll indicates that the public schools are perceived as favorably as they were in 1984 and 1985, when they achieved their highest grades since 1976. Forty-one percent of Americans give the public schools in their communities a grade of A or B. Twenty-eight percent of Americans give the public schools "nationally" a grade of A or B.

Once again, as in previous surveys and in the question about the major problem facing the schools, the closer the school, the better it looks. While only 28 percent of public school parents give the schools nationally a grade of A or B, nearly twice as many (55 percent) give the local public schools an A or B, and almost two-thirds give "the school their oldest child attends" — a school they presumably know well — one of the top two grades.

When Americans are asked to name the "reasons why they want their children to get an education," they tend to mention job and finance-related reasons first. For example, about one-third of Americans cite "job opportunities," 8 percent mention "to get a better-paying job," and 9 percent say "to achieve financial security." Relatively few Americans mention "preparation for life" (24 percent), the acquisition of

"more knowledge" (10 percent), "to become a better citizen" (6 percent), "to learn to get along with others" (4 percent), or "to contribute to society" (3 percent).

Two questions about the public's knowledge of and attitudes toward Acquired Immune Deficiency Syndrome (AIDS) were added to the survey. These questions were asked in telephone interviews in March 1986. The first question asked whether "a person could get AIDS by being in a crowded place with someone who has it." Ninety-eight percent of Americans said they were familiar with AIDS, and only 6 percent of them mistakenly believed that it could be transmitted through casual contact.

The second AIDS-related question asked whether respondents would permit their children to attend classes with a child who has AIDS. Fully two-thirds of the public would permit their children to attend school with a student who has AIDS.

In other questions, Americans reaffirmed their support for stricter standards for promotion from grade to grade (72 percent in favor), for stricter standards for high school graduation (70 percent in favor), and for the institution of a national test so that the student achievement could be compared from one community to the next (77 percent in favor).

In addition, more than eight in 10 Americans favor competency testing for teachers, virtually the same proportion that favored such testing in 1979.

Editor's note: The news release did not indicate the exact number of people who had answered the survey questions.

viewpoint

Too steep?

Okay. The verdict is out. Nebraska's football game will suffer because of a complimentary ticket issue brought about by the NCAA officials who spent hundreds of manhours investigating instances where the privilege has been abused. Yes, those Nebraska Cornhuskers — known nationwide for their winning tradition and its clean-run program, have been scolded by the NCAA for breaking some rules.

The current rule says "complimentary admission shall be provided only by a pass list for family members, relatives and fellow students designated by the student-athlete."

That pass list contained names other than what the rules stated. The rule was broken. The Tennessee and Texas football programs are also being investigated for the same type of violations.

Nebraska openly provided to the NCAA the records that showed the pass list. Cooperation was there with no intent to conceal anything. Coach Tom Osborne wouldn't deceit. That's the kind of guy he is.

Still, the NCAA Eligibility Committee thinks that 60 Nebraska players should give up eligibility for one game, with seven more being required to give up eligibility for another game.

If the investigation had revealed that tickets were scalped by players on the Cornhusker squads — then the ineligibility should stand.

But if the penalty has been assessed because the pass list contained names of those who were not to have received a free pass to a football game, then that is something that should be punishable internally with the university system. We feel the university has the integrity and honest tradition to dish out to the athlete a just punishment.

Also, the timing of the decision by the NCAA, just a few days before the opening kick-off between the Cornhuskers and Florida State, was probably what made more Cornhusker followers more angry, perhaps than the alternatives for eligibility handed down to the university.

The NCAA has a difficult task in trying to keep the amateurism in athletics. Students participating on a college football team should not be profiting financially from complimentary tickets. We also believe that education of student athletes can sometimes get lost in the world of college athletics.

The NCAA has some complex rules. There should be some sort of punishment for breaking the rules.

Whether or not declaring Nebraska players ineligible for a game or two, as a punishment, remains questionable as the right decision.

letters welcome

Letters from readers are welcome. They should be timely, brief and must contain no libelous statements. We reserve the right to edit or reject any letter.

Letters may be published with a pseudonym or with the author's name omitted if so desired. However, the writer's signature must be a part of the original letter. Unsigned letters will not be printed.

Seat belts

I am not opposed to the use of seat belts, cars come equipped with them. The thing I am opposed to is the mandatory use of seat belts, people should be able to decide for themselves whether or not they want that so called added protection. In an accident where a car immediately bursts into flames, is it a good deal to be buckled in with no possible means of escape, or if one would have been thrown out, would that have given the individual one last chance of survival? Nobody really knows.

New cars come off the assembly line equipped with cigarette lighters, again, as I feel it should be, each individual has to ask themselves — do I use that device or not? Just wonder if smoking, according to statistics, wouldn't prove to take more lives than the non use of seat belts probably ever would.

We can't hardly have a law for each item to try to keep us alive, common sense plays a big part.

Just thinking out loud

ask a lawyer

a public service of the nebraska state bar association

I am divorced and my husband has visitation rights with our two children, one of whom is an infant (3 months old). I am nursing the baby and want to know if my husband can be required to bring the baby back to me to feed during his visitation times? Also, if a child is ill and cannot go on a visitation weekend, does this have to be made up?

A. Visitation orders are designed generally by the court to foster an ongoing relationship between the child and the non-custodial parent. While the court will lay down a general structure for the visitation periods, Nebraska Supreme Court has said that the unique problems and unforeseen contingencies that arise with respect to these visitation periods are best worked out between the parties involved. A discussion of the situation with your ex-husband is the best way to avert problems in your case.

As a last resort, if the non-custodial parent is unsuccessful in making arrangements with the custodial parent in making up a missed visitation weekend, he or she may wish to petition the trial court for a review of its visitation order; questions pertaining to visitation orders remain under the jurisdiction of the court that issued them.

briefly speaking

AAUW meeting tonight

The Wayne branch of the American Association of University Women (AAUW) will hold its first meeting of the year tonight (Monday). Dinner is at 6:30 p.m. at The Lumber Company, followed with the business meeting at 7:30.

All women with college degrees are welcome to attend or become members. Michael Blayne of Wayne State College will present the program depicting the life and times of Robert Lewis Stevenson.

AAUW is one of the first organizations originated nationwide for the purpose of furthering opportunities for women with college degrees. These opportunities include awareness of current events, self-education, the support of educational programs for all ages of men and women, and the equality of all men and women.

AAUW's fellowships and research project programs award more than \$1 million annually to outstanding women for advanced study and research, and community projects. Through its national office in Washington, D. C., the association has a voice in federal legislative issues affecting women and society.

Meetings of the Wayne branch are held alternate months, September through May. Persons who would like additional information about AAUW are asked to call Kathy Blazer, 375-3517; Marla McCue, 375-1986; or Monjit Johar, 375-3844.

Annual registration

Girl Scout roundup tonight in Wayne

The annual registration for girls interested in joining Girl Scouts will be held tonight (Monday) at 7 p.m. at West Elementary School in Wayne.

All girls in grades kindergarten through 12 are eligible to join. Parents must accompany their daughters, and babysitting will be provided for children under age five.

THE MEETING is designed to inform parents and girls about the Girl Scout program and to introduce this year's leaders.

The Girl Scout program includes Daisies — kindergarten; Brownies — first through third grades; Juniors — fourth through sixth grades; Cadets — seventh and eighth grades; and

Seniors — ninth through 12th grades. Parents are encouraged to join as adult level Girl Scouts to show support for the program.

THE GIRL SCOUT program provides an opportunity for girls to develop their self potential through learning, exploring new ideas, making new friends, and practicing service to their community.

Registration cost is \$4 per Scout, and registration fees will be accepted at tonight's meeting.

Persons who have questions about the meeting or the Girl Scout program are asked to call Phyllis Spethman, service unit manager, 375-4499.

Lessons to focus on creative casseroles

Today's home manager finds herself/himself in a variety of different situations that call for quick economical meals prepared in a minimum amount of time.

Many times a casserole will fit the bill — being easy to prepare, filling for hungry family members, and economical to put on the table.

The Cooperative Extension Service leader training lesson, "Creative Casseroles," will help the home manager with new ideas for creating family pleasing casseroles in minutes.

DEBRA SCHROEDER, extension agent-home economics, will present the lesson on Thursday, Sept. 11 at 7:30 p.m. in the Woman's Club room located in Wayne city auditorium.

Schroeder also will present the lesson on Tuesday, Sept. 9 at 1:30

p.m. in the Wisner fire hall, and at 7:30 p.m. in the courthouse meeting room in West Point.

All presentations are open to the general public free of charge. Each participant is asked to bring a favorite casserole recipe to the lesson presentation.

TOPICS THAT will be presented during the lesson include how to create original casseroles, time saving methods, recipe conversion for microwaving, and versatility of casseroles.

Participants will be able to sample a variety of casseroles during the lesson.

Persons who are not a home extension club member, or those who would like additional information on the program, are asked to call the extension office at 375-3310.

Northeast District Methodist Women meeting in Laurel

The fall meeting of the Northeast District United Methodist Women will be held at the United Methodist Church in Laurel on Tuesday, Sept. 16.

Coffee hour begins at 8 a.m., with the business meeting convening at 9:20 a.m.

Conducting the meeting will be President Mrs. Vivian Miller of Johnstown. Guest speaker will be Mrs. Jean Mohring of Omaha, past president of the Nebraska Conference United Methodist Women.

THE BUSINESS meeting will include reports from women in the district who attended the national assembly in Anaheim, Calif. last spring.

Quilts made by women from throughout the district will be on display during the day. Twin size quilts will be sent to Epworth Village in York. Baby quilts will be given to the "We Care" program at O'Neill.

Luncheon reservations for the Sept. 16 meeting are to be sent to Mrs. Joan Hartman of Laurel.

Wayne captures first NAC victory

Blue Devils open with 20-7 victory

SOUTH SIOUX CITY — "The kids played hard — and that's what counts," a proud Lonnie Ehrhardt said after his Blue Devils thumped a sturdy South Sioux City outfit 20-7 here Friday night.

The victory allowed Wayne a share of first place in the Northern Activities Conference (NAC) standings. O'Neill trimmed Harrington Cedar Catholic 7-6 in other league action Friday night. It is the first year the NAC has been established.

Wayne built a 14-0 lead after three periods before South Sioux's Dave Schmiedt pulled the Cardinals within striking distance with a five-yard run. Ed Lotland added a PAT boot to make the score 14-7 with 6:07 remaining in the contest.

South Sioux then entered Wayne territory late in the game. In his last desperation to tie or win the contest, But Wayne's Ted Lueders picked off his second Cardinal pass and rambl-ed 52 yards to pay dirt with 35 ticks

remaining on the game clock to ice the Blue Devil triumph.

Both teams slugged it out in a defensive battle in the first frame before Wayne finally broke the ice midway through the second quarter.

The Blue Devils faced a second-and-11 situation and head coach Lonnie Ehrhardt called for a screen pass to Russ Longe. And the play worked perfectly as Longe received Lueders' toss and hustled 81 yards for Wayne's season opening TD at the 6:28 mark. Cory Nelson came on and built Wayne's lead to seven with a PAT boot.

Ted McCright provided the Blue Devils with more breathing room early in the third stanza when he scored from the 50 yard line with 8:02 to go in the period.

Nelson then added his second PAT to supply the Blue Devils with a 14 point cushion.

Other than the three big plays, the key to the victory, perhaps, was

Wayne's defense which limited the much bigger Cardinals to just 172 rushing yards and 62 passing for 172 total yards.

The solid defensive effort was a team effort. Bill Liska led the squad in tackles with 14 and Russ Longe totaled 13.

But other Blue Devils who totaled tackles included: Jay Liska, 7; Jay Luft, 7; Bill Landanger, 5; Lueders, 5; McCright, 5; Scott Pokett, 5; Jamie Fredrickson, 5; Joel Pedersen, 4; Troy Wood, 4; Tom Baier, 4; Mark Creighton, 3; Eric Liska, 2 and Nelson, 1.

In addition to Lueders' two inter-ceptions, Jon Stoltenberg picked off a Cardinal aerial and Landanger recovered a fumble.

Much of the credit for Wayne's offensive success, according to Ehrhardt, belongs to Blue Devil ends Bill Liska and Landanger who allowed the backs to get around the outside of South Sioux's defense.

"Liska and Landanger played a very good game and allowed us to get 36 the outside and that's where we gained a lot of yardage," the Wayne skipper said.

Ehrhardt added that he thought a key to the victory was Wayne's offensive linemen's play.

"South Sioux had about 80 kids suited up last night and we had 38. And they have so many big kids, too. But we just played hard in the trenches and that was a very big key to the win," he said.

Wayne's offensive linemen include Steve Luft, Wood; Pedersen, Fredrickson, Creighton, Stuart Rethwisch and Jay Luft, along with Liska and Landanger.

The solid performance allowed Lueders plenty of time to drop back and find open receivers. And as a result, Lueders completed 6-of-12 aerials for 121 yards. McCright also completed a pass for 37 yards.

In addition to his impressive defen-

sive performance, Longe turned in an outstanding effort on offense by gaining 94 rushing yards on 13 totes and 85 receiving yards on two catches for 179 total yards.

McCright also played well offensively by gaining 67 rushing yards on seven carries and 28 receiving yards on three catches.

Stoltenberg and Jason Liska added 41 and nine rushing yards, respectively, while Stoltenberg caught one pass for 37 yards and Bill Liska hauled in two passes for 20 yards.

Playing well in the first game is important for obvious reasons, and Ehrhardt discussed the importance of Friday night's triumph.

"It was a very big victory. You can never really tell just how important it is to win the opener, but with our schedule being as tough as it is we

needed to win, or at least play very well Friday night," he said. "A lot of teams open with an easy game to get on the right track, but we don't have an easy team all year so this was an important victory. And besides, it was a conference win."

Wayne will host Glass B No. 1-ranked Schuyler next week and Ehrhardt discussed what the Blue Devils will need to do to knock the Warriors off. "We'll need to improve our straight ahead blocking against Schuyler. Our trap plays worked well against South Sioux, but we need to improve our straight ahead blocking on offense. And on defense, we'll need to improve on controlling the line of scrimmage."

"We'll try to work on those things in practice this week and continue to improve on the things we did well against South Sioux and go after it," Ehrhardt added.

Schuyler punted Central City 48-7 in his season opener Friday night.

'Proud of the way we played'—Wilbur

Wakefield pounds Hartington, 50-18

WAKEFIELD — "We're just proud of the way the seniors and everybody else played tonight. The kids showed us that they want to play football and they've come a long way since they were freshmen. They want to play together and they want to win together and they're just a good bunch of kids," Wakefield head coach Dennis Wilbur said after his Trojans smashed Hartington 50-18 here Friday night.

Wilbur admitted that going into the game he was concerned about his squad's youth.

"I was a little leery going into the game because we start so many sophomores. But they played well and the seniors did a good job leading them," he said.

It didn't take long for Wilbur's concern to disappear, however, as the hosts opened a 15-0 lead in the first quarter before pulling ahead 28-0 at the half.

Quarterback Todd Kralke got the Trojans on the scoreboard first when he crossed the goal line on a four-yard keeper. Brad Lund then followed with a PAT run to make the score 8-0.

Just moments later, Jody Navrkal picked off a Hartington pass and returned it 25 yards to pay dirt for Wakefield's second touchdown. Kralke followed with a PAT boot to close out the first quarter scoring.

Lund continued Wakefield's assault in the second stanza when he crossed the goal line from 23 yards and Kralke supplied another PAT boot.

Randy Kinney then got in on the action for the Trojans when he scored from 11 yards out to round out the first half's scoring.

Despite the mighty lead, the Trojans entered the second half with fire in their eyes, which impressed Wilbur.

"We played a good first half, but we came out of the locker room and really controlled the game," he said.

Lund continued the fireworks by scoring Wakefield's first two touchdowns of the last half. The first TD came on a 15 yard run, and the second from 16 yards out. Kralke added a PAT boot after both Lund scores.

Wakefield then rounded out the game's scoring when sophomore Brian Wagner rambl-ed to pay dirt from 34 yards on the final play of the contest. Freshman Andy McQuislan added a PAT run with no time remaining in the game.

Wakefield finished with 227 rushing yards on 39 carries and added 31 aerial yards on 2-of-4 passing for 258 total yards.

Hartington, on the other hand,

gained 143 yards on 43 totes and two passing yards on a 1-for-6 aerial at-tack.

Hartington's two biggest plays, perhaps, came while the Wildcats were on defense as they returned two Wakefield fumbles 60 and 20 yards, respectively.

Lund led Wakefield in rushing with 109 yards on just 13 carries. He also caught one pass for a team-high 22 yards.

Other leading ground gainers for the Trojans were: Wagner, 34 yards on one carry; Kralke, 29 yards on six carries; Kinney, 23 yards on five carries; Tony Halverson, 22 yards on five carries; and Mike Nelson, 10

yards on five carries. Stuart Clark rounded out Wakefield's receiving yardage with a nine yard reception.

Wakefield had a slew of defensive leaders. Navrkal led the squad in tackles with eight and he also picked off a pass. Scott Lund, Brand Lund, Kinney and Brian Larsen all totaled six stops apiece, while Halverson, John Wriedt, Colby Meyer and Doug Roberts all finished with five tackles each.

Kevin Greve added three tackles and two fumble recoveries for the victors. Meyer blocked a pair of

Beemer justifies its ranking with 62-28 win over Winside

WINSIDE — "Beemer deserves its third ranking in the state," Winside head football coach Rich Touney said after his Winside Wildcats lost to the Bobcats 62-28 here Friday night.

Beemer stacked up 277 rushing yards on 55 carries and added 29 yards through the air on 2-of-4 passing for a whopping 306 total yards.

Most of Beemer's yardage came in the first half — actually in the second quarter.

Winside played the Bobcats close over the first 12 minutes and only trailed 8-0 heading into the second stanza.

But Beemer erupted for 32 points in the second frame and held a commanding 40-8 lead at intermission.

The Bobcats then went on to outscore the hosts 14-6 in the third period to open a 54-14 cushion. Winside then outscored Beemer 14-8 in the last quarter to make the final score reasonably respectable.

Mace Kant turned in a solid performance for the Wildcats. In addition to scoring two touchdowns and one PAT, Kant rushed for 88 yards on 10 carries and finished with 10 tackles, including six unassisted stops.

Darren Wacker and Kevin Jaeger

scored Winside's other touchdowns, while Doug Paulsen tallied the Wildcats' other PAT.

Wacker and Jaeger led the 206 in receiving with three and two catches, respectively. Wacker totaled 13 receiving yards, while Jaeger accumulated 23 yards.

Chris Nau followed Kant with 37 rushing yards on seven totes.

As a team, Winside gained 167 total yards, including 123 rushing yards on 41 carries and 44 passing yards on six receptions.

Defensively, Paulsen joined Kant with 10 stops, including six unassisted tackles. Tim Jacobsen totaled nine tackles and Jaeger finished with seven tackles. Six of Jacobsen's tackles were unassisted, while Jaeger totaled two solo stops.

Winside assistant coach Bill Dalton said he was impressed with the Wildcats' attitude during the game.

"We never quit, and that's a good sign. We obviously need to make some adjustments and I'm sure we'll turn in a better game next week," he said.

The Wildcats will attempt to crack the win column Friday night when they travel to Walthill for a 7:30 p.m. clash.

Laurel suffers tough-luck 18-14 loss to Randolph

RANDOLPH — Last year, Laurel suffered through a frustrating 1-7 campaign in which the Bears lost five games by 10 points or less.

And unfortunately, Laurel's 1986 started out the same way as the Bears dropped a tough-luck 18-14 decision to Randolph here Friday night.

Laurel held a 14-12 lead with just under three minutes remaining in the game. But Randolph's Kelly Thelen scored from one yard out at the 2:48 mark to supply the Cardinals with an 18-14 advantage.

Laurel refused to quit, however, and moved the ball into Cardinal territory as time was winding down. However, several penalties eventually resulted in a fourth-and-50 situation. The Bears tossed a desperation pass, but Randolph was in a prevent defense and stopped a big play possibility.

Randolph jumped out to an early 6-0 lead when James Hilkekan scored on a 13 yard pass reception from Doyle Brunssen in the first quarter.

But the Cardinals missed their PAT attempt and Laurel came right back with a touchdown and PAT conversion to open a 7-6 lead.

Bear quarterback Scott Marquardt put the visitors on the scoreboard when he crossed pay dirt from 15 yards out.

Foreign exchange student Phillip Von Gruenberg, who is a native of West Germany and who is staying with the Marquardt family, put his European soccer abilities to good use by splitting the uprigths and providing Laurel with a 7-6 advantage.

Brent Hatsch, who has gained nearly 2,000 rushing yards over the

past two seasons, scored the game's next touchdown when he crossed the goal line from 20 yards out in the third period.

Von Gruenberg added his second PAT boot and the Bears held a 14-6 lead.

But Randolph's Bob Buell scored from 12 yards out at the 29 mark in the third quarter to pull the Cards within two before Thelen later came on to score the game-winner for Randolph.

Hatsch finished with 105 yards on 18 carries, while Marquardt gained 29 yards on four totes.

Marquardt turned in an impressive passing performance as he completed 5-of-7 aerials for 56 yards.

Marquardt's favorite targets were Joey Cunningham and Doug Manz who caught three and one passes for 28 and 10 yards, respectively.

Defensively, Laurel was led by linebacker Randy Sherry's 13 tackles, which included nine solo stops. Hatsch added nine tackles and Brad Prescott totaled eight stops.

Manz also sparked the Laurel defense with an interception, and Kyle Nixon and Chad VanCleave both recovered fumbles for the Bears.

Gale Hamilton, Laurel's head coach, said the loss was indeed, frustrating. But added that his club's morale is not down.

"I know it's beginning to sound like the same old story, but it was a tough one to lose. But we did a lot of things well," he said. "We do have room for improvement, however, and we need to keep our intensity up the entire game. But we're not down, we'll just have to bounce right back."

Laurel will attempt to crack the winner's column Friday night when Crofton invades the Bear field.

Wakefield sweeps Winside 15-8, 15-5

WAKEFIELD — When you're as inexperienced as Winside's volleyball team, which starts three players that didn't play any varsity ball last year, the last team you want to open the season with is traditional powerhouse Wakefield.

Wakefield won the Lewis and Clark Conference Volleyball Tournament Championship last season and qualified for the Class C-1 State Tournament. Many of those players are back this year and that experience was a major difference in the Trojans' 15-8, 15-5 victory here Thursday night.

Jill Stenwall, Winside's head coach, said inexperience was a major factor in the season opening loss. "We're very inexperienced, and it's tough going against a team like Wakefield right off the bat," she said. "But I think we'll be all right later on; we just have to get some varsity playing time under our belts."

Wakefield looked like a perfectly timed machine in the opening match and zipped to an 11-2 lead.

Stenwall called timeout after the hosts tallied its 11th marker, and reminded the Wildcats to get back to the basics, which included bumping, setting and spiking.

The simple reminder turned Winside around and the Wildcats reeled off the set's next six points to pull within three, 11-8.

During Winside's rally, Wakefield head coach Paul Eaton sat calmly on the bench without signaling for a timeout. Eaton discussed why he seldom calls timeouts.

"I don't like to call timeouts because I think it usually puts more pressure on the girls," he said. "I'll call time to stop a hot server or if the girls aren't do something correctly, but if the girl already knows what she's doing wrong and knows how to correct it, a timeout is of little use."

Wakefield eventually settled down and went on to tally the set's final four markers to claim the victory.

The second match was all Wakefield as the Trojans posted a lopsided 10-point triumph.

Eaton said last week that he expected the Winside match to be a difficult one, and Friday afternoon he said he was pleased with his squad's effort.

"I thought the girls played very well. We turned in a solid game and

really the only area that I was disappointed in was our passing in the first set. Once and a while the setter had to struggle because of the passes she received," he said.

Despite receiving an occasional poor pass, Steph Torczon and Desiree Salmon did little struggling and the Wakefield duo finished 21-for-21 and 12-for-12, respectively, in setting.

Eaton likes to shuffle in different players during the match to utilize each player's strengths. And Mollie Greve, who's Wakefield's ace server, finished with a team high 13 points going 14-for-14 in serving.

"We like to find people to make the position solid. Mollie consistently gets the ball over the net and her ball moves a lot. We discovered her last year when we noticed she was a 90 percent server in junior varsity games, so we moved her up to the varsity and she's been a 90 percent server on the varsity ever since," he said.

Kodi Nelson turned in a fine spiking performance for the Trojans as she finished 11-for-12 with six aces.

Other leading spikers for Wakefield included: Marci Greve, 7-for-8 with two aces; Stacey Kuhl, 4-for-5; and Karen Hallstrom, 3-for-4.

Tracy Topp and Christi Thies, the only seniors on Winside's varsity, turned in steady spiking performances finishing 9 for 11 and 6-for-6, respectively. Thies added three aces, while Topp totaled two.

Tricia Hartman led the Wildcats in scoring with five points, while Cher Olson finished 24-for-37 in setting.

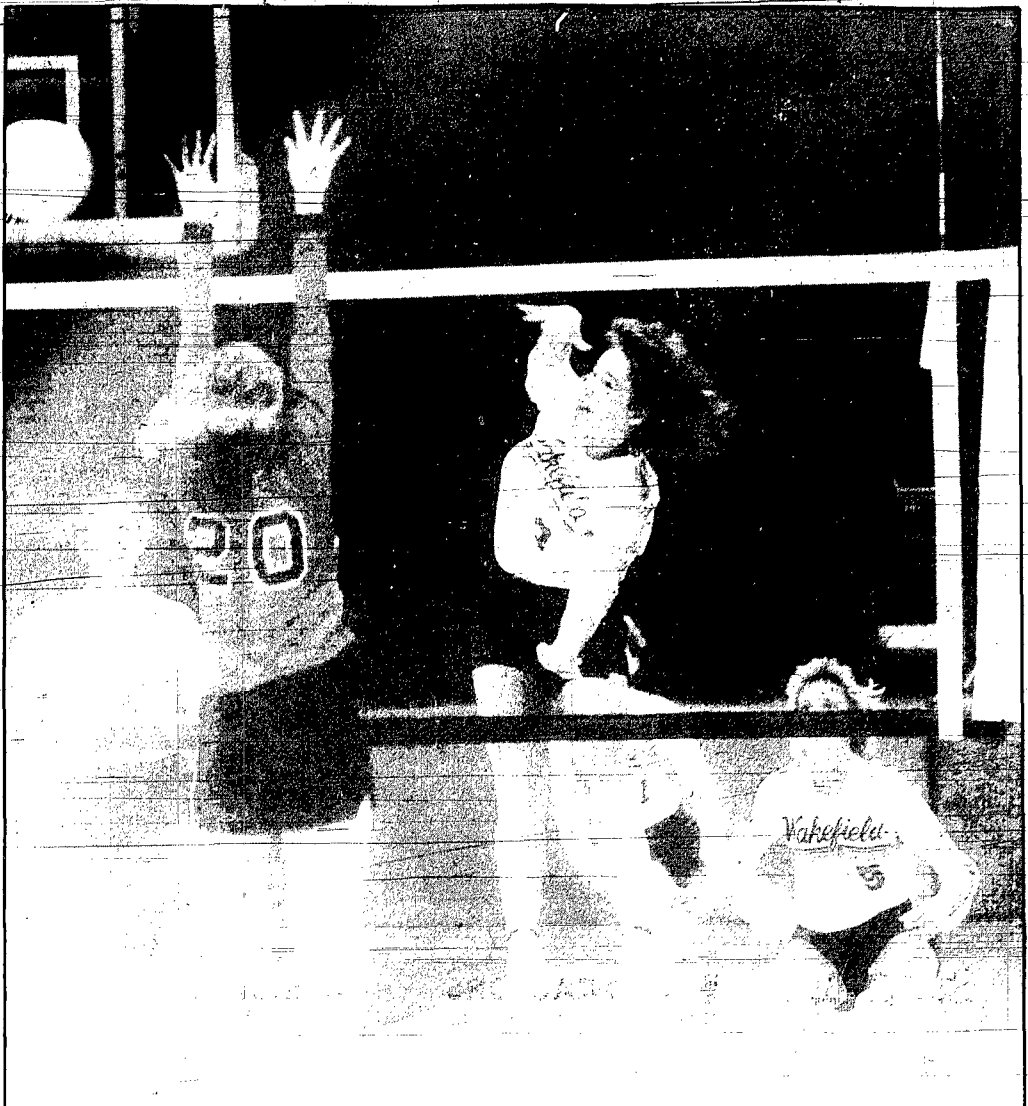

Winside will try to break into the win column Tuesday night when the Wildcats host Osmond.

Wakefield also plays again Tuesday night when Emerson Hubbard invades the Trojan gymnasium.

"Tuesday's match is a big one for us," Eaton said. "Emerson has four starters back and they're in our district so we'd like to win that one."

Susie McQuistan, one of Wakefield's better hitters, did not play Thursday night because of a strained knee. Eaton said he hopes to have McQuistan back some time next week.

In Thursday night's junior varsity action, Wakefield claimed a 15-13, 15-3 sweep.

Wayne faces Beemer next

Blue Devils power North Bend

BEEMER — Marlene Uhing expected Wayne's strength to be its power game. And after a slow start here Thursday night, the Blue Devils displayed an impressive hitting attack and swept a solid North Bend squad 15-10, 15-7 in the opening round of the Beemer Invitational.

After coming from behind to win the opener, Wayne jumped out to a quick 6-0 lead in the second match and went on to post the lopsided eight point triumph.

"North Bend has a good team, they just couldn't get anything set up in the second set because we hit the ball so hard. They just had a tough time receiving our spikes," Uhing said.

A key to the second set blow out, according to Uhing, was Wayne's spiking attack in the middle.

"We noticed that North Bend didn't have any blockers in the middle, and we went right at that area and that's where we did a lot of our damage," she said.

Wayne ushered in the season rather poorly and fell behind 4-0 in the opening frame. The Blue Devils' problem in the early going was its serving, according to Uhing.

"We didn't score off our first five serve rotations and it naturally cost us. But we got it together and got back into the game," she said.

The two squads then battled each other until Wayne pulled ahead 10-8. The Blue Devils then outscored North Bend 5-2 down the stretch to claim the victory.

"We had too many free balls and missed too many serves in the first game. But we did a nice job all night of passing, and I think that's the most important aspect in high school volleyball," Uhing said.

Uhing cited Amy Schluns, Jennifer Wessel and Dana Nelson as playing well against North Bend's servers and getting the ball to setter Marnie Bruggeman.

"Amy, Jennifer and Dana really did a nice job of getting the ball to Marnie in good shape, and that's important because we played a 5-1," the Blue Devils skipper said, referring to a one server, five hitter formation.

As a result of the fine passing effort, Bruggeman finished 47-for-49 in

setting, including 15 set kills. Most of Bruggeman's assists went to Shelly Pick and Kecia Corbit. Pick finished with the best spiking percentage going 20 for 21, compared to Corbit's 17-for-21. But Corbit claimed team honors in kills with 11. Pick totaled 10 ace spikes.

Corbit and Pick displayed their versatility by also leading the club in serving and scoring. Corbit finished 14-for-14 in serving with three aces and 11 points, while Pick went 10-for-11 with one ace and six points.

Despite the impressive performance, the perfectionist Uhing noticed several areas where she expects her club to improve.

"We played pretty well, especially considering it was the first game of the year, but we certainly have areas that we need to improve in," she said. "Our spike coverage can get better, and the main area of concern was we relaxed too much in the last set when we opened a big lead. That can really come back to haunt you, especially in this game."

Uhing added that she also wants to see her squad improve in knowing its assignments and with its communication.

"We need to know our assignments better. There were several times that when the ball didn't get to Marnie people didn't know what to do, and that's another weakness we'll need to improve on," she said.

Wayne plays again Saturday morning at 11:30 a.m. against host Beemer. Should Wayne win that contest, the Blue Devils will advance to the championship game which is scheduled to begin at 1:30 p.m.

The consolation match is scheduled to begin at 12:30 p.m.

Both teams played evenly and the game was tied at 10 before Emerson-Hubbard tallied the set's final five markers for the victory.

Manganaro said her club lacked aggression down the stretch of the opener.

"We received their serves well and did a nice job of setting the ball, but our spikers didn't attack the ball the way they should have," she said. "We just played too tentatively and conservatively and we have enough good spikers that we shouldn't play like that."

See LAUREL, page 7

spread most of the way. Allen saw its 14-12 lead disappear as Bancroft-Rosalie tallied the final four points for the victory.

In addition to inconsistency, Troth blamed poor setting and hitting as a major factor in the loss.

"We had a tough time hitting the ball. About 50 percent of the reason was because of the setters and another 50 percent because of the hitters," he said. "The passing was adequate, but a lot of the time the setters just set too far outside or off the net and when they did have a good set, the hitters didn't capitalize."

Allen bounced back and captured

the middle set, 15-12, to force a rubber match.

Allen jumped out to a 3-0 lead in the third frame and later held a 6-4 advantage. But Bancroft-Rosalie reeled off four unanswered points and then scored seven of the matches final 10 points to claim a 15-9 triumph.

Kristi Chase was the lone bright spot as far as Allen's hitting went as the hard-hitting southpaw finished 15-for-18 with three kills and three ace blocks. Chase also finished 7-for-7 in serving.

Inconsistency costs Allen opener

PENDER — An inconsistent first set cost Allen a 16-14, 12-15, 15-9 season opening loss to Bancroft-Rosalie in the opening round of the Pender Volleyball Tournament here Thursday night.

"We just didn't do anything consistent in that first set. We led most of the way and had one free ball after another, but never took advantage of it and when you don't take advantage of things, you'll eventually pay," Eagle head coach Gary Troth said. And pay is exactly what Allen did in the opener.

Young Allen squad underestimates Wynot, drop 57-8 loss

ALLEN — "Going into this game I thought it would be even, but I obviously underestimated Wynot. This is just one of those games you want to stick your head in the sand — they just punished us." Allen head coach Dave Uldrich said after his Eagles dropped a 57-8 decision to Wynot here Friday night.

The game was called after the third quarter because of the 45-point rule, but the game was decided much earlier than the third period.

Wynot rushed out to a quick 16-0 lead before Allen got on the scoreboard late in the first quarter.

Allen moved to midfield late in the first frame before Max Oswald hit Jeff Gotch with a screen pass and Gotch rambled 32 yards to pay dirt. The Eagles then added the PAT to pull within eight with approximately 30 seconds remaining in the first stanza.

But Wynot came right back and after returning the kickoff to midfield, the Blue Devils scored on the very next play from scrimmage to

build a 22-8 advantage.

The Blue Devils never looked back after their third touchdown and went on to score 22 points in the second frame for a 44-8 halftime advantage. Wynot then stacked on 13 more points in the third period before the game was called.

Uldrich said his club had difficulty moving the ball and couldn't stop Wynot's rushing game.

"We just couldn't move the ball. After the touchdown, we had one more drive and that came after we recovered a fumble on our own one yard line," he said. "But all the farther we got was to the 40 before we were stopped."

"But we couldn't stop Wynot's offense. They have a huge backfield. Their two halfbacks are 165-pounds and 170-pounds, and the fullback is 185 and the quarterback is 180," the Eagle skipper added.

Joe Sappert and Mike Eskens led the Blue Devil offense by scoring two touchdowns and two PATs apiece. Charlie Straman added two more

touchdowns for the victors.

Wynot stacked up 290 yards rushing on 39 carries and passed for 59 more yards, completing three of nine aerials.

Allen, on the other hand, totaled just 31 rushing yards on 22 totes and completed 6-of-19 passes for 66 yards. Three of Allen's passes were picked off, and two of those came on trick plays in which running back Jyoti Kwankin passed.

Oswald accumulated all of Allen's 66 passing yards. His favorite receiver was Gotch who hauled in three catches for 56 yards.

Kwankin, who possesses blinding speed and is one of Class D's best hurdlers, didn't have much running room and totaled only 21 yards on 12 carries.

Defensively, Allen was led by Kwankin who recovered the Wynot fumble and David Isom who led the Eagles in tackles with eight.

"We only have 19 guys out this year, and eight of them are freshmen," he said. "We started

three guys tonight who never played a down of varsity football before. So we're going to need to develop some experience as the season progresses."

Allen plays again Friday night when Wausa invades the Eagle field.

punts, Brad Lund recovered two fumbles and Craig Anderson totaled four tackles.

"We played a very good game, and at this point we're pretty optimistic with ourselves," he said. "But we play Coleridge next week, and they're a very good, very quick team."

Coleridge is also ranked No. 1 in Class D-2 in Nebraska.

Roberts, Dana prepare for '86

BLAIR — Derwin Roberts of Allen is a member of the Dana Cottage Viking football team this year.

Roberts is the son of Mr. and Mrs. Court Roberts, and is a graduate of Allen Consolidated High School.

Derwin Roberts

"Derwin Roberts is a junior offensive tackle. He was a starter last year and was named second team All-Conference in 1985. We are looking for great things from Derwin this season," said head coach Leo McKillip.

Practices began in late August for the Vikings and according to McKillip, there is good reason to be optimistic about the upcoming season.

"We have only been practicing for a few days but already these young men have shown me some pleasant surprises. We have recruited some great talent this year and we have some good strong people coming back. I'm very optimistic about the outcome of this season," he said.

The Vikings' season opener against Dakota Wesleyan is scheduled for Saturday in Mitchell, S.D. The Vikings' first home game will be against Sterling College on Saturday, Sept. 13, at 2 p.m. at Dana's Viking Field.

serves," she said. "And then we lost our confidence and that led us." Poor serving also cost the Bears in the second set as they finished under 80 percent as a team.

Two Bears that did serve well, however, were Sara Adkins and Stacy Strawn who finished with eight points and 11-for-13, respectively.

Adkins also led the Bears in setting with a 19-for-23 effort. Laurel used a 5-1 offense against the Pirates.

Amy Adkins and Becky Christensen led the club in spiking as they both went 3-for-4. Tami Schmitt added a 3-for-6 effort.

Manganaro inserted a new offense this year and despite the loss, is confident her club will be more successful in the future.

"I really like our new offense. I watched the tapes last night and again this morning and that's the worst we looked all year. But we'll handle it in the future," she said.

Laurel plays again Saturday morning at 9 a.m. against Homer in the journey's second round.

Allen

(continued from page 6)

Lana Erwin and Nikki Olesen led the squad in setting going 18-for-20 and 25-for-31, respectively.

Barb Hansen and Olesen led the Eagles in serving going 9-for-11 and 14-for-15, respectively. Hansen totaled a team high four ace serves, while Olesen added three aces.

Allen will attempt to break the winner's column Saturday morning when it takes on Walhalla at 10 a.m. in the journey's second round. Walhalla lost to Pender in the other first round match.

Waterfowl and fur regulations set

LINCOLN — The Nebraska Game and Parks Commissioners set 1986 upland game and waterfowl seasons, and fur harvest regulations at a public hearing in Lincoln on Aug. 28.

The 1986 Pheasant, Quail and Hungarian Partridge seasons will be Nov. 1 to Jan. 18, 1987. The daily bag limit will be three pheasants, the possession limit will be nine; the limits on Hungarian partridge will also be three and nine. This year hunters may take six quail per day and have a total of 18 in possession. Shooting hours will be 30 minutes before sunrise to sunset, except beginning Jan. 1 all hunting for the three species must end at 4 p.m.

Nebraska will again be split into three zones for the 1986 duck hunting season. The season in the Low Plains Early Zone will be Oct. 11 to Nov. 30; the Low Plains Late Zone will have a split season this year, Oct. 18 to 26 and Nov. 1 to Dec. 12. The High Plains Zone will also have a split season, Oct. 11 to Nov. 30 and Dec. 20 to Jan. 4. In those areas where the Niobrara River is adjacent to a late zone, the waters of the Niobrara are included in the late zone.

The point system will again be in effect for Nebraska duck hunting in 1986. The bag limit is 100-plus points a day, which means that the hunter must stop hunting when the last duck he takes puts the point total over 100 points. The possession limit is simply two daily bag limits. The season is closed on canvasback ducks. The point systems on other duck species is: 100 points - hen mallard, black duck, mottled duck; 70 points - wood duck, redhead, hooded merganser; 20 points - blue-winged, green-winged and cinnamon teal, scaup, gadwall, shoveler, wigeon and all other mergansers; 35 points - all other species and sexes of ducks, including drake mallard and pintail.

The cool season will coincide with the duck season in each area. The daily limit will be 15 coots, the possession limit 30.

This year's season on Light Geese - Snows, Blues, Ross' and others are not included as dark geese - will be split. The first portion of the season will be Oct. 4 to Dec. 14, the second portion will be Feb. 21 to 15, statewide. The daily limit will be five, the possession limit will be 10 light geese.

The 1986 Dark Goose seasons will be: Central Unit, Oct. 25 to Jan. 4; Panhandle Unit, Nov. 10 to Jan. 4; the East Unit, Oct. 4 to Dec. 14; the

North Unit, Oct. 4 to Dec. 21; and the Sandhills Canada Goose Season will be Nov. 1 to Dec. 31.

The bag limits in the Dark Goose Units are a little more complicated. In the Central-Panhandle Units the daily bag limit is two Canada Geese or one Canada Goose and one white-fronted goose through Nov. 23; then beginning Nov. 24 the daily bag is one Canada and one white-fronted goose. The possession limit is two daily bags.

In the East Unit the daily bag limit is two Canada geese or one Canada and one white-fronted goose through Nov. 23; then beginning Nov. 24 the bag limit is one Canada goose and one white-fronted goose. Except: Only one Canada and one white-fronted goose are allowed each day for the entire season in Dodge, Platte and Colfax Counties, and in those parts of Butler, Saunders and Polk Counties north of Nebr. 92 and Merrick County along the Platte River where it borders Polk County. The possession limit is two daily bags.

The North Unit daily bag limit is

one Canada goose and one white-fronted goose through Nov. 14; then beginning Nov. 15, two Canada geese or one Canada and one white-front. The possession limit is two daily bags.

In the Sandhills Unit a special free permit is required to hunt Canada geese. The limit is one Canada goose for the season. The normal bag and possession limits are in effect for other species of geese in the area. Any Canada goose taken in this area must be tagged immediately with the special tag attached to the permit, and removal of the tag cancels the non-transferable permit.

Nebraska's 1986 crow hunting season will be Oct. 1 to Nov. 15 and Jan. 21 to April 8, 1987. In addition, the Commission declared Phelps, Kearney and Harlan Counties to be an area where crows are so concentrated that they constitute a public health hazard, and may therefore be taken from Nov. 16 to Jan. 20, 1987 and April 9 to April 15, 1987 in addition the regular season, which means crows may be legally taken from Oct.

1 to April 15, 1987 in those counties.

Fur harvesters may take mink Nov. 5 to Jan. 31; muskrat, Nov. 5 to March 15; beaver, Nov. 25 to March 15; and bobcat, Dec. 15 to Jan. 15. Raccoon and opossum may be taken Nov. 5 to Jan. 31. The running season on raccoons and opossum is year-round, except for two weeks prior to the taking season.

For a complete guide to seasons and regulations, pick up a copy of the 1986 Nebraska Hunt Guide, available from any Game and Parks Commission office, or from any of 1,200 permit vendors across the state.

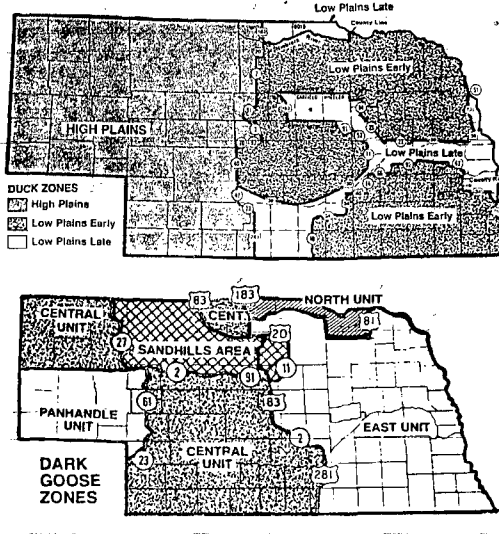

In addition to setting hunting season dates and regulations, the Commission also:

— set Oct. 15 as the date for the next Commission meeting, when there will be a public hearing to amend fishing regulations;

— set Oct. 15 as the date for a public hearing to amend state park regulations;

— voted to establish a \$250 cash fund for use in an office at Calamus Reservoir State Recreation Area;

— approved the Nebraska Rainwater Basin Migratory Bird Habitat Acquisition Plan and authorized the Director of the Nebraska Game and Parks Commission to sign and approve the plan on behalf of the Commission. The plan develops a general strategy to combat habitat loss and degradation while identifying precise descriptions of the work required to protect and restore waterfowl habitat.

Wildcats choose team captains

Three players have been chosen team captains for the 1986 football season, according to Wayne State head coach Pete Chapman.

Randy Hupp, Lamont Lewis and Drew Walker were selected by their teammates to serve as co-captains during the 1986 season.

Hupp, a senior linebacker from Norfolk, was an all-conference and all-district selection last season. He was also an honorable mention NAIA all-American in 1985.

Lewis, a senior defensive back from Milwaukee, Wis., is a two-time all-conference and all-district selection. In 1985 he earned second team NAIA all-American honors. 1986 marks his fourth year of starting for Wayne State.

Walker, a senior offensive lineman from Moline, Iowa, earned a starting job this season after playing on the defensive line last year.

Metrodome travel available

The Wayne State Alumni Association is offering a weekend travel package to the Metrodome Classic in Minneapolis, Minn. Nov. 15-16.

The trip is centered around the Wayne State football game in the Hubert H. Humphrey Metrodome and the Wayne State marching band performance at the Minnesota Vikings game.

Round-trip transportation from Wayne, hotel accommodations at the Radisson Metrodome and tickets to the Wayne State and Vikings games are included in the package.

Costs for the trip vary depending on the number of persons per hotel room. Broken down costs are: single occupancy, \$104; double occupancy, \$79; triple occupancy, \$71; quad occupancy, \$67.

A 50 percent deposit is due Oct. 13. Limited seating is available. The bus will be filled on a first-come basis.

To make reservations, contact Dean Jacobs, alumni affairs, Wayne State College, Wayne, Neb., 68787 or call 375-2200, ext. 499.

Travel arrangements are by Trio Travel of Wayne.

Roberts goes 1-1 at state

OMAHA — Wayne native Tom Roberts went 1-1 at the Nebraska State Adult Tennis Tournament here last weekend.

Roberts defeated Ken Tharp of Lincoln 6-0, 3-6, 7-5 in the opening round. Tharp downed Roberts in the finals at a tennis tournament in Grand Island earlier in the summer and it took Roberts nearly three hours to beat Tharp in Omaha.

Gary Welch then beat Roberts 7-6 (7-4), 6-1 in the quarterfinals.

Plenty of rabbits for Nebraska hunters

LINCOLN — One of the most popular small game animals across the nation, the cottontail rabbit, is nearly neglected by all but a handful of Nebraska hunters, and that's too bad, because this state offers an excellent cottontail population, a long season and liberal bag and possession limits.

Cottontails average between 14 and 17 inches long and weigh somewhere between two and four pounds. They are brownish-gray in color mottling to white on the belly and inside of the legs. The short-cropped powderpuff tail gives the cottontail its name.

They are most active from early evening, through the night to late morning, and spend most daylight hours hiding in heavy cover. Areas neglected by landowners make the best rabbit habitat — places where tall grass is dense, where there is thick brush, unattended thickets, deep grass around abandoned farm buildings and farm machinery, overgrown orchards and weedy fence rows — all will hold rabbits.

There aren't many types of green vegetation that will cause a rabbit to turn up his nose, and those plants provide most of its diet during spring and summer months. In the fall and winter they'll feed on waste grains, bark, twigs and buds and can cause serious damage to orchards when food is scarce.

It's no secret that cottontails reproduce rapidly and that trait is out of necessity — biologists tell us about 80 percent of the rabbits born in any given year will not live to be one year old, because they are such an important link in the food chain. Rabbits are a significant food source for many wildlife species, including foxes, coyotes, cats, owls and hawks. Hunters take some rabbits each year, but those are a part of the normal 80 percent loss, not an addition to it.

The average life expectancy for a young rabbit is only eight to nine months, and between eight months and one and one-half years for rabbits overall.

If you are hunting rabbits, look for

them in cluttered areas with plenty of thick cover nearby. The rabbit will invariably see you before you see him. When he first senses danger he'll try to utilize his most keenly developed sense — his eyesight. He'll freeze, debating if he's been seen or not, then dart away, hot-footin' it towards heavy cover.

Now, if that was the whole story there wouldn't be much of a challenge to rabbit hunting. The part I forgot to tell you is how he runs to cover — the kind of runs and jumps and bobs and weaves like a cross between an elusive fawn and a bantam-weight boxer. He's quick and has all his moves down pat. He makes you wonder if he could run in a straight line if you payed him. And he uses the available cover to his best advantage. Once he gets there he flat disappears and unless he keeps running and you see the grass move as he snakes through it, you'll be darn lucky to locate him again.

One way to tip the odds a bit in your favor is to hunt with a dog. Beagles are the ideal breed for rabbit hunting because of their slow speed, their loud beautiful voices and their small size that lets them go just about anywhere the rabbit does.

Rabbit hunters are all different kinds of people — young and old, rifle hunters and shotgunners, men and women, boys and girls. But in Nebraska most rabbits are taken incidentally to other species, usually by pheasant or quail hunters who just happen to stumble on to them in the field. Nebraskans should take a hint from hunters in other parts of the country and spend more time hunting the cottontail, because he is not only an excellent game animal, he's also a favorite on the table.

If your recipe file is a little shy on rabbit recipes, get yourself a copy of the Nebraskaland Magazine Wild Game Cookbook, where there are plenty of mouth-watering ideas. It can be purchased at most newsstands, or from any Game and Parks Commission office.

The rabbit hunting season began Sept. 1 and will continue through Feb. 28, 1987. The daily bag limit is seven, the possession limit is 21 bunnies.

COTTONTAIL RABBITS are plentiful in Nebraska.

Artist's touch

KAI RONG, a graduate student at the University of South Dakota, works on his glass painting for the movie "The Karate Kid II" on the doors of the Gay Theatre. He has been doing window glass painting for nearly 13 years, and during the past 2 1/2 years painting glass for March Theatres in Iowa and Nebraska. "I saw the movie. It is really good. People will like it," he said. This is his fourth glass painting of the Karate Kid.

MISSIONARY LEAGUE

St. Paul's Lutheran Women's Missionary League met Sept. 3 following

SRA test dates set for Wayne-Carroll youths

Each year Wayne-Carroll School administers the SRA Survey of Basic Skills test to students in grades one through nine, and grade 11.

The test is a battery of norm-references, standardized tests in basic curriculum areas, designed to survey students' general academic achievement.

The contents of the test are based on learner objectives most commonly taught in the United States in the areas of reading, math, language arts, reference materials, social studies and science.

TERRY MUNSON, guidance counselor at Wayne-Carroll High School, said results of the SRA test help to:

- assess the academic achievement of individual students and the performance of the class on content areas;
- compare the performance of Wayne-Carroll students and classrooms with groups represented by the available norms;
- identify student learning problems and areas of strengths;
- assess the outcome of educational programs;
- inform students and parents.

MUNSON SAID it is important to

keep in mind that results of the testing reflect a particular performance by the individual or group on the particular test administered. Factors other than academic skills and knowledge of subject matter might influence the student's performance.

Munson added that a student's scores on a test should not be treated as absolute measurements of academic achievement.

Low test scores do not take into account whether the student has been exposed to the content being measured in the test, that the testing situation was not ideal that day, or the physical condition of the student that day.

Munson said the validity and reliability of the test results can be increased if the student is well rested, relaxed, and eats a nourishing breakfast the day of the testing.

SRA TEST DATES for the 1986-87 school year are:

- Sept. 11 — Grade nine.
- Sept. 16, 17 and 18: Grades one through eight.
- March 24 — Grade 11.

Persons with concerns or questions regarding testing may contact Munson at the high school, 375-3150.

Every government official or board that handles public moneys, should publish an accounting of it showing where and how each dollar is spent. We hold this to be a fundamental principle to democratic government.

The Wayne County Board of Commissioners, Wayne, Nebraska, will receive bids for proposed work, consisting of the construction of parking and sidewalk improvements until 10:00 a.m., September 16, 1986, at the County Courthouse in Wayne, Nebraska. At that time, all bids will be opened and publicly read aloud.

The construction work contemplated in the project includes the following principal features and estimated quantities of work to be done:

PARKING AND SIDEWALK IMPROVEMENTS
4" PC Concrete Paving, Type 47B 600 Sq. Yds.
4" PC Concrete Sidewalk, Type 47B 200 Sq. Yds.

The bid will be an aggregate bid on all work to be performed in the project, broken down in such a manner as will accurately reflect unit prices for the estimated quantities set out herein. Details of construction, materials to be used, and methods of installation for this project are given in the plans and specifications. Contracts will be awarded to the low, responsive, responsible bidder, based on the aggregate bid on the project.

The contract documents, including plans and specifications, are on file at the office of the County Clerk, Wayne County, Wayne, Nebraska.

Copies of these documents for personal use may be obtained from Bruce Gilmore & Associates, Inc., P.O. Box 565, Columbus, Nebraska, 68601, telephone - (402) 364-2802, upon payment of \$10, none of which will be refunded.

Each bid shall be accompanied in a separate sealed envelope by a certified check drawn on a solvent bank in the State of Nebraska, or bid bond in an amount not less than five percent of the bid, and shall be payable to the Wayne County Board of Commissioners as security that the bidder to whom the contract will be awarded will enter into a contract to build the improvements in accordance with this notice and give bond in the sum hereinafter provided for construction of the improvements. Checks and bonds accompanying bids not accepted shall be returned to the bidder. No bids shall be withdrawn after the opening of bids without the consent of the Wayne County Board of Commissioners for a period of 30 days after the scheduled time of closing of bids.

The successful bidder will be required to furnish a Performance Bond, as well as a Labor and Materials Payment Bond, on the terms included in the Contract Documents, each to be in an amount equal to 100 percent of the contract price. Said bonds, to be executed by a responsible corporate surety, shall guarantee the faithful performance of the contract, the terms and conditions therein contained, and payment for all labor and materials used in connection with the work.

The owner reserves the right to reject any and all bids and to waive any technicalities in bidding.

Dated at Wayne, Nebraska, this 2nd day of September, 1986, by order of the Chairman and County Board of Commissioners of Wayne County, Wayne, Nebraska.

"WHEN I HEARD ABOUT U.S. SAVINGS BONDS' COMPETITIVE RATE..."

I COULDN'T BELIEVE MY EARS."

Everyone's amazed when they hear what U.S. Savings Bonds have to offer. Savings Bonds earn market-based interest rates—just like money market accounts—so you're guaranteed a competitive return, no matter what happens to interest rates. All you have to do is hold your Bonds for five years.

What's more, the interest you earn is completely free from state and local income taxes. And federal taxes can be deferred. You can buy Bonds for as little as \$25. And it's easy—purchase them where you work or bank. For the current rate, call 1-800-US-BONDS.

U.S. Savings Bonds—
They'll make your ears perk up.

U.S. SAVINGS BONDS

Bonds held less than five years earn a lower rate. A public service of this publication.

How can a renter insure peace-of-mind? No problem.

Auto-Owners Apartment Dwellers coverage protects the contents of your apartment from loss due to theft, vandalism, fire, water, wind and other losses. It also covers you and your family in case someone is injured in an apartment accident. And you can even get coverage that pays for temporary living quarters, in case something happens to your apartment. Ask your "no problem" Auto-Owners agent about renter's insurance for your peace-of-mind.
