Domestic violence

All across the nation and the state of Nebraska, the week of Oct. 4-12 will be recognized as domestic violence/sexual assault awareness week. In Lincoln, the governor will read a proclamation and there will be a press conference. But what about back here in our own communities in Northeast Nebraska? On a smaller-scale, we too, want to increase the awareness that demestic scale, we too, want to increase the awareness that domestic violence/sexual assault are a pro-blem in our society and that something positive can be done about

Haven House Family Service Center, located at 416 Main Street in Wayne, is just one of 23 agencies across the state which Thy-to-serve the survivors of domestic violence and sexual assault. As coordinator of Haven, House, I have been affillated with this agency since the spring of 1983. When someone asks what I do for a living or where I work, I tell them

that I work with our local domestic violence/sexual assault shelter. They usually ask with a little disbellef or surprise in their voice, if we have a need for a service like this in a community the size of Wayne? In short, we do. Not only do we have this kind of problem-in our communities in northeast Nebraska, we have an obligation to recognize it and try to do something about it.

Across the nation right now, there is a great fervor to irradicate the problem of alcohol and drugs that are destroying our youth, our adults, our society. And possibly a year ago, or more, we would have said, "a chemical problem?", what problem?".

Low self-esteern, learning by example, pressure to be like our friends, or the media can contribute to the problem of violence in the family, as they have to the alcohol and drug problem. How long will it ake before we, as a nation, recognize that domestic violence is a crime and that as the word "domestic "implies, the violence is being learned and perpetrated in the "safe" environments of our homes?

High. Winside got the early lead in the first quarter as Max Kent broke through the middle and raced to a touchdown on a 44 yard gellop. The extra point attempt failed and the Wildcats were up by a 60 score, where it stayed until the third marker.

Wausa capitalized on a Winside fumble deep into Winside territory and scored to knot the game at 6-6. Late in the third quarter, Winside began a scoring drive of its own. On a fourth down play, Winside gambled as Mace Kantrolled out of the pocket and hit Daryl Mundil along the sidelines. Mundil then flicked the ball over to Max Kant who was following close behind the receivers.

The play covered 26 yards, enough for a first down to keep the drive alive. Another run on fourth down by Doug Paulsen also kept the Wildcats heading for the goal line.

Several plays later, in the early going of the fourth quarter, Mace Kant took the ball from four yards out and bullied his way in for the touchdown—although it took a few moments before the officials decided for certain that his forward progress had carried him in. carried him in.

biologists have been keeping pretty
close tabs on the water situation in

the rainwater basin area of the state. They report water conditions in the basins north and east of Sutton are generally better than those in the south and west due to heavier rains received during the summer, but a period of heavy rainfall could change that picture rapidly. Their report says some basins have especially heavy vegetation, getting to an open spot might be difficult and finding downed birds may be a real chore. Hunters are urged to pick their shots carefully, fo take only one-bird-at-a-time and to mark it well so finding if will be possible. A good retriever will be invaluable in the heavy cover.
