Rare find exhibited Laurel class rewarded for 'dig' efforts

By Chuck Hackenmiller
Managing Editor

When touring Morrill Hall's Elephant Gallery in Lincoln next time, look at the plaque near the Four Tuskers exhibit — the most recent museum addition.

Inscribed on the plaque are the names of several present and past Laurel-Concord high school students and their science instructor, Ed Brogie of Wayne.

It was these students who teamed up in October, 1985 with students and faculty from Seward High School (and Kenneth Imig of the museum staff) in digging up the skull of the Four Tusker — the oldest and most mysterious of Nebraska's ancient elephant-like inhabitants.

BROGIE AND five of the seven Laurel-Concord students who aided in the skull search attended the recent opening of the temporary exhibit "Four Tuskers."

Along with the exhibit is a new painting showing Four Tuskers in action, along with interpretations of the habits, habitats, diets and the evolution of the oldest tuskers.

Brogie said Monday that the skull had been found near Long Pine, Nebraska by Jim Landon, a biology instructor at Seward High School. "He thought the bones were of a Mastodon," Brogie said.

Landon invited the Laurel-Concord independent research class to join five members from his research class on a three day excursion to collect the skull and other fossils near Long Pine in October, 1985. Brogie said. Those Laurel students participating in the fossil collecting were Tami Schmill and Randy Sherry (currently Laurel high school students); Paul Pearson, Michelle Joslin and Jim Hubbell, all attending Wayne State College; Jeff Curry and Mark Schierling.

"They did the excavating for three days," Brogie said. "It's a slow, arduous process and they had to make sure they didn't drop any of the bones," he mentioned.

The museum staff officially instructed the students on the proper excavating techniques. Transportation of the skull (covered in a plastic cast) across the river and into a truck involved efforts of the entire research team, according to Brogie.

This is not the first project that the research classes at Seward and Laurel-Concord have jointly participated in over the past years. Last year a rock climbing expedition was planned for both schools.

BOTH SCHOOLS HAVE students conducting research projects as part of the curriculum. Prior to the temporary exhibit opening of the Four Tuskers, students from Seward and Laurel were introduced to staff members of the University of Nebraska research departments.

Four Tuskers had arrived in Nebraska some 14 million years ago. The first ones were not much bigger than a hippo and weighed about two tons. But they later grew to be as big as African elephants and weighed about six tons.

The Four Tuskers were elephantlike creatures with a pair of ivory tusks in their lower jaws in addition to the usual pair in the upper jaw.

They are not widely known as mammoths and mastodons, and are much older than the Ice Age mammoth and mastodon remains that are commonly found in gravel pits and stream beds throughout Nebraska.

What was found at Long Pine was "one of the best [Four Tuskers] skulls found in 50 years," said Brogie.

Brogie encourages everyone to visit the elephant museum. A majority of the Four Tuskers fossils are found exclusively in Nebraska and "more mastodons fossils are found here [in Nebraska] than any other place," he said.

Suitable for radioactive waste dump

Maps reveal potential sites

By Chuck Hackenmiller
Managing Editor

Copies of maps showing the Wayne County areas considered as one of several preferred sites in Nebraska for a low level radioactive waste dump facilities have been distributed to the media.

The Wayne Herald received a copy on Monday of the proposed waste site areas in Nebraska from the Western Nebraska Resources Council based in Chadron.

Nebraska counties included in the report that have "not been excluded" as possible sites include Wayne, Dixon, Cedar, Knox, Cuming, Dodge, Colfax, Dawes, Sioux and Sheridan.

The maps are from the draft of a Phase II Dames & Moore Site Exclusionary Study (a New York consulting firm) which is being done for the Central Interstate Low-Level Radioactive Waste Compact.

Compact members include Nebraska, Kansas, Oklahoma, Louisiana and Arkansas.

The Compact was formed to deal with the disposal and siting issues surrounding radioactive wastes. Nebraska became involved in the Compact after Congress passed the Low-Level Radioactive Waste Disposal Policy — placing the burden of disposing of such waste upon the states which generate it.

In 1985 Nebraska led the four other member states in the production of low-level radioactive waste.

THE DEADLINE to name a state where the dump site location would be proposed, as reported previously in The Wayne Herald, is by the end of 1987. A contract with the developer of the facility, who selects the area from within the state where the radioactive dump site will be located, must be signed sometime in 1988.

And the facility must be in operation and accepting radioactive waste by 1993.

Reports indicate that the disposal site will consist of approximately 160 acres — about 20 to 30 acres used for actual burying of the low-level radioactive wastes.

The full draft of the Phase II study will not be released until mid-February. However, an official spokesman from the Compact group emphasized that all non-excluded sites from within four other states in the Compact, in addition to Nebraska, will be taken under consideration and that the selection process is only beginning.

According to the maps released to the media, the four potential low-level radioactive dump sites in Wayne County appear in sections within Brenna, Plum Creek, Leslie, Sherman and Wilber Townships. At least five locations are marked in Dixon County and five in Cedar County.

STATE SENATOR Sandra Scofield of Chadron has introduced LB 426 and LB 427, co-sponsored by Elroy Hefner of Coleridge, Stan Schellpeper of Stanton and four other state senators, which deals with the radioactive waste disposal sites.

The first measure would create several checks by which the Legislature can regulate the location and operation of a disposal site in Nebraska.

One of those checks would include pre-approval by the legislature before any low-level radioactive waste dump can be located in Nebraska.

Other "checks" include gaining assurance that the dump operator would have financial liability insurance and the establishment of an advisory committee for the state to monitor the operations of the Central Interstate Low-Level Waste Compact.

The second measure mandates that if Nebraska is chosen as a host state for a disposal site, the Governor of Nebraska can be required by the Legislature to withdraw the state from the Compact within 90 days — if Nebraska is unprepared to deal with such a dump site.

Wayne-Carroll high school cheerleaders sponsored a cheerleading clinic Saturday from 9:30 a.m. to 5 p.m., drawing over 70 first grade to sixth grade participants. Seven Wayne cheerleaders conducted the clinic, headed by Eunice Wacker. Participants were given information on dance, cheer and chant routines; how to prepare for cheerleading tryouts; and what is or is not expected of a cheerleader. At the halftime of the Wayne-Pierce girls basketball contest in Wayne, the group of clinic participants (pictured above) got to "show their stuff."

PATTI ZRUST of The Wayne Herald assists Norma Backstrom of Wayne in picking out two names for the '4,000 Reasons To Shop Wayne' contest.

More finalists named

Six names have now been drawn as finalists in The Wayne Herald "4,000 Reasons to Shop Wayne" contest.

The two names drawn on Tuesday at Daylight Donuts are Carrie Kathol, who resides at Berry Hall on the Wayne State College campus, and Kathy Rutenbeck of rural Wayne.

They join Gail Jaeger of Winside, Erwin Floor of Wayne, Tom Serbick of South Sioux City and Kevin Echtenkamp of Wayne as contenders for the grand prize — a dream trip for two to various popular vacation spots. Those vacation areas include Florida, Las Vegas, Aspen (Colorado), Phoenix, Bermuda, Hawaii or a boat cruise to the Virgin Islands.

The second place prize is \$1,000 in vacation bucks to be spent at any of the 54 businesses participating in the contest.

Contest participants must now "re-register" for the next drawing when two more names will be picked. That drawing will again take place 10 a.m. Tuesday at Daylight Donuts.

If a finalist's name is drawn, and the entry is written on a space marked in the advertisements placed in The Wayne Herald, the finalist is also eligible to receive a five-piece luggage set to go along with the vacation trip for two.

MERCHANTS participating in the "4,000 Reasons To Shop Wayne" contest include the following:

Bill's G.W. Kuhn's, Pamida, Lumber Company, Diamond Center, Savor Pharmacy, Rusty Nail, Hardee's, Casey's, Taco Del Sol, Arnie's, Ford Mercury, Stoltenberg Partners, Columbus Federal, Coast to Coast, Merchant Oil Company, Griess Rexall, Ellington Motors, Wayne Municipal Utilities, Fredrickson Oil, Coryell Derby, Ben Franklin, State National Bank and Trust, Koplin Auto Supply.

Also, Johnson Frozen Foods, Joe Lowe Realty, Office Connection, Clarkson Service, Wayne Skelgas, Popo's II, Trilo Travel, Swan's, Black Knight, ERA-Property Exchange, First National Bank, Surber's, The Amber Inn, Dairy Queen, Discount Furniture, Carr Auto and Ag, Century 21, Logan Valley Implement, Northeast Nebraska Insurance Agency, Magnuson Eye Care, Daylight Donuts, Les' Steakhouse, People's Natural Gas, T&C Electronics, Wayne Vision, Charlie's Refrigeration, El Toro, 4th Jug, The Varsity, Doescher's Appliance and The Wayne Herald.

THE BLACK areas represent the approximate location and size of potential radioactive waste dump site areas in northeast Nebraska, as provided by the Western Nebraska Resources Council. Wayne County locations include portions of Brenna, Leslie, Plum Creek, Wilber and Sherman Townships.

HERB SWAN is now the postmaster at Wakefield after official swearing in ceremonies on Monday.

Swan becomes Wakefield postmaster

Herb Swan, former postmaster at Pilger, was sworn in Monday as the newly appointed Wakefield postmaster.

Swan, who spent some of his early years at Wakefield, has a total of 12 years in the postal service. During the past three years he has served as Pilger postmaster.

Prior to his Pilger assignment, he was Officer in Charge in Creighton and Platte Center and he worked in the Norfolk and Wayne post offices.

He and his wife, Barb (who is a 1972 graduate of Wakefield High School) have five children: Trevor, age 10; Joshua, age 9; Jenny, age 6; Walker, age 4; and Brianne, nine months. The Swan's currently reside in Norfolk.

Swan attended elementary school in Wakefield, and graduated from Wayne High School and Wayne State College.

Legion post conducts meeting

The American Legion, Irwin L. Sears Post #43, Wayne had its regular monthly meeting Wednesday, Jan. 28 conducted by Commander LaVerie McDonald. Roy Sommerfeld and Chris Bargholz reported on the Mid-winter Conference they attended Jan. 10 and 11 held at Norfolk. Over 300 Legionnaires registered to learn about 1987 American Legion programs. The conference closed Jan. 11 with a banquet and address by National Vice Commander Ervin VanKylke.

Post #43 activities planned are to sponsor a Las Vegas night for the members of Norfolk Veterans Home Feb. 5; Wayne County Government Day will be March 12, and a pancake/sausage fry is planned for the members of Norfolk Veterans Home March 19. American Legion Third District convention is planned for March 21 at Homer. Boy Scouter and Girl Scouter orientation is planned for April 26 at the Emerson High School.

Plans for the upcoming Jr. Legion Baseball were discussed.

business notes

Douglas E. Peters, President and Chief Executive Officer of Occidental Nebraska Federal Savings Bank, today announced that operations for the quarter ended December 31, 1986, resulted in a loss of \$1.6 million, or \$1.07 per share, compared to \$4.4 million, or \$2.97 per share, for the same quarter of 1985. For the six months ending December 31, 1986, the bank recorded a loss of \$4.25 million, or \$2.84 per share, as compared to a loss of \$4.35 million, or \$2.91 per share, for six months ending December 31, 1985.

Scheduled items (real estate owned by the bank and slow loans) totaling \$100 million at December 31, 1986, as compared to \$79.6 million at June 30, 1986, continue to adversely affect the bank's result of operations.

Pack 221 notes

The monthly Pack 221 meeting took place Jan. 27, with Den 1 presenting the color. Den Leader Mrs. Packston awarded the following scouts with their wolf patch - Lucas Shultheis, Roger Packston, Brett Otte, Toby Thompson, Mickey Rutenbeck and Brendon Huttman. Several of the scouts also earned arrows for electives completed.

Den 1 gave a skit on the months of the year.

The Webelos welcomed Chad Hawkins, a new transfer into the pack. The following scouts received patches: Aaron Schnler, B.J. Woolter, Terry Rutenbeck, Mike Fluant, Jeff Zach, Michael March, Scott Agenbraad and Chad Stalling. They will now be working on the arrows of light. They also received the Scientist Patch and Chad Hawkins received his artist patch.

The Webelos went swimming Jan. 31.

Dr. Ken Liska showed a film on the Boy Scout Camp Philmont in New Mexico. The scouts and parents really enjoyed it. The next pack meeting will be Feb. 24 at 6:30 with the Blue and Gold Banquet taking place. The scouts of Den 1 are to bring two oranges to the next den meeting.

Conservation tillage event scheduled

The 1987 Tri-State Conservation Tillage Conference will be held on Tuesday, February 10, at the Marina Inn in South Sioux City, Nebraska.

The conference for this year will focus on the topic of water quality relating to conservation tillage, including herbicide and fertilizer usage. Two of the presentations will discuss basic techniques of conservation tillage. Several farmers, along with university specialists, will be featured on the program this year. A drawing for door prizes will be held at the end of the day.

Displays and commercial exhibits that show the latest information and equipment for conservation tillage will again be an important part of the conference.

Information given at this meeting will be valuable to farmers developing conservation plans to meet guidelines set out by the 1985 Farm Bill.

This year there will be no pre-registration needed. A \$1 fee will be collected at the door. Brochures containing more details are available from the Wayne County Soil Conservation Service and the Extension Service.

news briefs

Farm Bureau leadership conference

Dixon County Farm Bureau members interested in attending a statewide leadership conference are asked to contact the Farm Bureau office in Allen, 635-2166, or Mrs. Dale Jackson of Allen, 635-2241, to register by Feb. 6.

The leadership conference is scheduled Feb. 17-19 at the Hilton Hotel in Lincoln. The program will include Dean Kleckner, American Farm Bureau President, and Bryce Neidig, State NFBB President.

As in past years, the three-day meeting will include a legislative school as well as a women's conference.

Seeking volunteers

Volunteer help is again needed to help with the Adult Basic Education Program for the students from the Regional Center and for the GED program. Both meet once a week: the Regional Center at St. Paul's Lutheran Church, Thursday night from 7-9 and GED at Wayne High School Thursday evening from 7-9.

Volunteers can choose any hours that they want to work. Also, any person interested in getting their high school equivalency should contact Jeanette Carlson at 375-3593 or Bette Ream at 375-2877.

CPR class scheduled

A 6-hour CPR class, scheduled for three hours on Feb. 18 and three hours on Feb. 25, has been scheduled in recognition of Heart Month. The classes will take place at Providence Medical Center in Wayne, from 7 to 10 p.m. on each of the scheduled dates. Anyone interested in the class can contact Louise Jenness at 375-3800.

NOTICE

1987 Personal Property Schedules are being mailed out this week.

Your taxable personal property has been listed as our records indicate. Please check this information carefully. If you no longer have some of the property listed, please delete that item. If you have added items in 1986, please list them and the cost when purchased. If you agree with all information contained on the schedule, you may simply sign and date the schedule at the bottom and return the original to this office, by March 1, 1987. Retain the second page for your records. If yours is a new business, in the past year please fill out the schedule with your furniture, fixtures and equipment acquired in 1986 and list the cost of these items. We will then value them and send you the copy of the schedule.

If your Personal Property Schedule is for a Mobile Home, we will issue you a Mobile Home Sticker, as soon as your signed schedule is received at this office.

Please note on your enclosed schedule, a place for reporting leased equipment in your possession on January 1, 1987. Please read your contract, if you have leased equipment, as most of the time you are responsible for any tax on this equipment.

New improvements to existing structures or new structures must be reported to the County Assessor's Office. Failure to make a prompt report may result in up to a \$1000 penalty. (LB689, 1980 Nebraska Legislature)

Failure to receive notice from the assessor does not exempt you from filing a personal property schedule, if you have taxable personal property. Nebraska Law provides for self-assessment for personal property owners.

- The following personal property must be assessed:
1. Furniture, fixtures, tools & equipment used in the operation of a business.
 2. Mobile homes and cabin trailer not assessed as real estate.
 3. Motorized boats
 4. Airplanes
 5. Unlicensed motor vehicles
 6. Snowmobiles
 7. Recreational property in furnished rental units.
 8. Leased or consigned taxable personal property in your possession.
 9. Buildings on leased land.

PERSONAL PROPERTY SCHEDULES MUST BE COMPLETED, SIGNED AND IN THE OFFICE OF THE COUNTY ASSESSOR BY MARCH 1, 1987. PENALTIES ARE PROVIDED BY LAW FOR OMITTED PROPERTY AND FOR FILING A SCHEDULE AFTER MARCH 1, 1987.

Doris Stipp
Wayne County Assessor

IRS ruling requires point clarification

Over two million American homeowners refinanced their mortgages last year. In the midst of all that refinancing, the Internal Revenue Service issued a warning that a pending rule will prohibit homeowners from deducting their refinancing points, unless the proceeds from the new loan are used for home improvements.

For the last ten years homeowners have been able to write off the points that they pay lenders if those points constitute advance mortgage interest. While points for origination or other services generally have not been deductible in the year in which they were paid, they have been written off over the full term of the mortgage.

This new IRS ruling would mean that the points charged for many refinancing in 1986 would not be deductible. I am cosponsoring a bill that would clarify the congressional intent that points paid on these home refinancings would not be treated any differently at tax time than the points paid for new home purchases or home improvements.

While it is unlikely that the bill will move fast enough to be passed into law by tax filing date on April 15, those of us who are sponsoring this bill hope that strong support for it will push the Treasury Department

to put a hold on the policy for 1986 tax returns.

Peoples Republic of China Eligible for Export Enhancement Program

Last week the U.S. Department of Agriculture announced an opportunity for the Peoples Republic of China to participate in the Export Enhancement Program.

congressman
doug bereuter

by for sales of United States wheat to the Peoples Republic of China under the USDA's Export Enhancement Program. The sales of wheat will be made at competitive world prices.

I called the State Department in early January to request, as a member of the House Foreign Affairs Committee, that every effort be made to expand the Export Enhancement Program to nations like China. The French started to sell wheat to China in December at the very low price of \$1.85, in an effort to capture that growing market. It was important that we move to protect our own interest.

The U.S. initiative will give our exporters the opportunity to sell one million metric tons of wheat. The export sales will be subsidized with commodities from the inventory of the Commodity Credit Corporation. The subsidy will enable United States exporters to compete at commercial prices in the Chinese market.

United States-European Community Agreement Good for Grain Trade

The announcement last week of a tentative agreement between the United States and the European Community regarding the sale of

grain to Spain is very good news for America's farmers and for U.S. trade. We have not been able to sell any feed grains to Spain in the last eight months. This agreement will give us a market for 1 and 1/2 million tons of corn and sorghum or more than \$200 million in sales.

In the past, when other countries were brought into the European Community, the United States has lost all of these agricultural markets. This agreement, in combination with an earlier agreement on the sale of wheat to Portugal, is the direct result of our country's hard line with trade talks and with the European Community in the past year, of Special Trade Representative Clayton Yeutter's understanding of the importance of agricultural trade to American farmers, and of Congressional pressure.

Throughout the past year I have urged Trade Representative Yeutter to hang tough. He did, and now we have kept most of these markets. That is good news for our farmers.

Right to know

Just how far do your tax dollars go? And where does your tax dollar go to?

Those are two questions that responsible taxpayers should be concerned about, particularly if they study how governmental bodies spend their money.

Each edition of The Wayne Herald carries legal notices which carry vital information to taxpayers or other interested parties. We would like to think that these legal notices are not passed over by our subscribers — because even though the type is small, it is worth the effort to read them.

The Wayne Herald is the official newspaper for the cities of Wayne, Winside, Hoskins, Carroll; the official newspaper for the school districts of Wayne-Carroll, Winside and Allen; the official newspaper for Wayne County; and publishes legal notices for the Lower Elkhorn Natural Resource District.

Each of these governmental bodies supply legal notices of minutes and expenditures to our newspaper. We cover some of these meetings, but only the highlights are reported in the news stories. Expenditures, and other action not reported in the news columns, can be reviewed in the legal notices.

But now, your right to know is in jeopardy! A bill in the Nebraska legislature, sponsored by Senator Dan Lynch of Omaha, will effectively eliminate present legal requirements for the publication of school business.

Presently, the law requires school boards to publish such things as notice of regular and special meetings, claims, summary of board meetings and annual budgets. Those all would be repealed if LB 331 passes.

Public schools in Nebraska — all grades, all sizes and all localities — received \$475 million in tax support for the fiscal years 1984-85. It is unrealistic, with this amount of dollars involved, to keep information on tax dollar expenditures away from the public.

We are paid for the legal publications printed — the charge is determined by law. Profits gained by the newspaper are marginal at best, because of the costs of preparing the legal notices (paper, ink and labor costs).

Wayne-Carroll School District budgeted approximately \$1,500 during 1986-87 for publication of its legal notices and advertising. The annual budget for the school, in 1986-87, was nearly \$2.5 million.

That's a small cost to keep you, the public, properly informed about what happens to the tax dollars you contribute for support of public education.

Contact Senator Gerald Conway of Wayne. Let him know that you oppose LB 331 and the precedent it seeks to establish.

If the schools can get away with this, will the city and county public agencies be far behind?

Speak up for your right to know! We also have addresses at The Wayne Herald of the members of the Education Committee of the legislature if more information is desired.

No relief seen

An additional tax in our community, by any name, is not spelled "relief". It is yet another cost of living increase in Wayne, America. Relief comes with reduction. If a sales tax is imposed on the City of Wayne, it probably won't be long and property taxes will have to be raised to cover the administrative costs in handling the sales tax revenues.

For those who feel they must have property tax relief, maybe they should look at their property holdings. A reduction in those holdings would surely bring their tax liability down.

I am not against the economic and industrial growth of our community. However, I don't believe we have to give away the productive fields that are close to our homes. The water (that costs by the glassful now) and other services, when nearly free, are so attractive to new industry, and then come in the back door when its here and ask for more money to cover those costs. It is my understanding that the new industry helps to broaden the tax base. Let's let our newest industry, and its people with newly found jobs and positions, at least catch up with themselves before we start taxing them because of it.

To add to this, I wonder, if those of us who work in and around the Wayne area went to our employers and asked for a 1 1/2% pay raise, what the answer would be? Remember that our new sales tax liability would be 5 1/2%. Take that amount times the amount you now have in your checking account, and see if you wouldn't like to keep that extra money.

New industry must also look at the cost of labor. A new tax, or at least should, increase that cost also. It will increase the cost of blue collar and professional services. The plumber, carpenter, painter, lawyer, yard keeper, electrician, storekeeper, banker, handyman, all will figure 1 1/2% more into their bills. I must say again, I am not against future growth and economic development of our community. But we don't need to be Norfolk, or Sioux City, or Omaha, tomorrow.

If new business and industry want what we the people of Wayne have, and are willing to go to any length to get it, they will come in time.

In Wayne, and the surrounding communities that we depend on, are good God-loving, people-loving folks, who work hard to have the best, and to be the best we can be.

For that we don't need another tax. No matter what title it comes under.
Stephen R. Gross

Small bills mean savings

With the conclusion of bill introductions last week, Senators have turned their attention to public hearings and legislative debate. Several of the 761 bills introduced this session have already been withdrawn, indefinitely postponed, (killed) or merged with other bills that address the same concern. As the process continues more will join the list of ideas, which for various reasons, will never become law.

Each year there are a number of bills of considerable merit which do not receive a great deal of publicity. They often address issues that are technical in nature or are not seen as controversial. However, these bills can be very important to the people they effect or to the ongoing demand for a more responsive, cost effective government.

One of these "small" bills, for example is LB 93, a bill I introduced that will save taxpayers money. Presently, many statutes require the use of registered mail for notices to the various parties involved when certain official acts are performed. LB 93 would give senders the option of using certified mail to satisfy this requirement. At first glance, this seems to be a rather minor point, but registered mail costs four times more than certified mail. With the volume of notices that must be sent from certain agencies, the savings

potential to eliminate serious problems. As of today, it appears that LB 91's requirements will be amended into another health-oriented bill, LB 385, and sent out of committee to the floor for debate. Regardless of the form that the bill takes, my main concern is that the biotinidase tests become part of the standard preventive medical practice.

Another bill I introduced, LB 371, has probably received somewhat more coverage in the media because of its educational nature. Under LB 371, the state of Nebraska would institute a state-funded, work-study program for college students. The Legislature would provide funding to pay 70 percent of the students' salaries with the balance paid by the employing agency. Unlike other grant and loan programs, the students would work for local and state agencies or private, nonprofit organizations. A program such as this can benefit virtually everyone involved.

The student can receive financial assistance, work experience, and graduate without a large debt to repay. The employing agency can receive quality help at lower cost. They can also identify future prospects for employment from a pool of talented Nebraskans and possibly, with the low cost help, accomplish more within their budgets.

and, sometimes, even death. However with early testing, treatment is very successful. While hospitals are already required to test for two other types of metabolic disorders, biotinidase testing has not been required.

The cost of the test is less than a dollar, and it is done using the same blood sample already used to conduct the other metabolic examinations. introduced this bill because of its

McMullen (Republican, 1928-1929) was a devotee of swiss steaks and rivaled Morehead with a devotion to rich, fresh milk.

Governor Arthur J. Weaver (Republican, 1929-1931) supplied his larder with home-smoked meats from his farm at Falls City, and Mrs. Weaver apparently carried enough fruits and vegetables to fill the table daily.

Governor Charles W. Bryan (Democrat, 1923-1925, 1931-1935) got along well with Woods, who revealed that William Jennings, Bryan's brother, loved soups and french fried potatoes.

Finally, William Woods told the interviewer, not surprisingly: "It's the women you've got to please. The governors, they're boss over in their offices, but around here, well, it's the women that have to be pleased."

Out of old nebraska

Americans have always been curious about the private lives of those they elect to govern them. To sate this curiosity focuses on scandals, but it can also extend to a simple, honest concern. An example of this was expressed in a 1931 article in the Lincoln Sunday Star, one of the hundreds of Nebraska newspapers available on microfilm in the Nebraska State Historical Society.

The subject of the piece was the culinary interests of Nebraska governors, as described by William Woods, a long-time butler, custodian, and occasional chef and steward at the Executive Mansion. In an interview Woods told all — all about the diets of his employers. In the quarter of a century during which he managed the mansion he served under nine governors and in that time learned that the men who held that office dif-

fered not only in their political leanings but in the appetites as well.

Woods recalled the emergency dinner he prepared for Governor George Sheldon (Republican, 1907-1909). He commandeered several chickens, cooked them, and surprised Mrs. Sheldon when she arrived home one hour before the dinner was to start by asking the question, "Guess who's coming to dinner?" The answer was the 1908 Republican Presidential nominee, William Howard Taft. If personal size is any indication, Taft obviously loved food and apparently enjoyed his meals in Lincoln. He weighed about 300 pounds.

WOODS RECALLED that Governor Alton C. Shallenberger (Democrat, 1909-1911) liked steaks, but that his successor, Governor Chester H. Aldrich (Republican, 1911-1913), probably ate more fish

than any governor we've ever had. It was a loss-up for Governor John H. Morehead (Democrat, 1913-1917) — he couldn't decide between steak and milk — or between pumpkin and apple pie. He was "persnickily" about his corn on the cob, too; it had to be shaved off the cob.

Morehead originally intended to replace Woods with another butler, but relented and apparently became, as dependent upon him as did other governors. There was no threat to Woods' job from Chief Executive Keith Neville (Democrat, 1917-1919), who, incidentally, brought more "bear and game" to the table than any other man. Although Governor Samuel R. McKelvie (Republican, 1919-1923), preferred to live in his residence in Lincoln, William frequently prepared fish and wild game for him there. Governor Adam

For Pioneer Farm Award

Nominations needed

Ray Roberts, President, and Arnold Marr, Secretary, of the Wayne County Fair Board, are seeking the identity of local pioneer farm families. Those who qualify will receive the Nebraska Pioneer Farm Award during the Wayne County Fair.

The special award, now in its thirty-second year, was designed to pay tribute to pioneer farm families of Nebraska who have owned the same land for 100 years or more. The program is a joint-venture bet-

ween Ak-Sar-Ben and the Nebraska Association of Fair Managers. Beautiful walnut and bronze plaques and aluminum gatepost markers will be presented to each family that qualifies.

Eligible families are urged to contact Arnold Marr, Secretary of the County Fair, who will submit the nominations from this county to the state committee.

Nominations must be received by the Secretary no later than May 1, 1987.

At pro-life prayer breakfast

'Right to Life Until Death' issue examined

By LaVon Anderson
Assistant Editor

"The right to die does not exist. Death is an inevitable natural event that happens to all of us because we are human."

"The right to choose the way we are to die after there is no more hope is one of the most sensitive and controversial issues today."

Addressing that issue last Saturday morning during the seventh annual pro-life prayer breakfast sponsored by the Wayne County Right to Life chapter was Ann Witkowski, director of Wayne's Home Health Care Agency.

Home Health Care, which also employs two other registered nurses, is headquartered at Providence Medical Center and covers a 30-mile radius of Wayne.

The Home Health Care nurses work with physicians, families, and other services within the community to bring health care into clients' homes.

"WE NOT ONLY care for the sick in their homes, to help restore them to health," said Witkowski, "we also work with those who have chosen to die in their homes."

In addressing one aspect of the "Right to Life Until Death" issue, Witkowski pointed out that there is a segment of our throw-away society that is taught to keep thoughts of death out of their consciousness, to ignore illness, and to do their best to disguise the natural changes of aging.

"We grow up believing and teaching our children that we are not supposed to suffer, we are not supposed to grow old."

"As we disrespect the various natural aspects of our life, including the life of the unborn, so we will gradually begin to disrespect the lives of the elderly and the dying."

WITKOWSKI SAID other aspects of the issue which could be addressed include the American Medical Association's recent

decision stating that it would be ethical for doctors to withhold all means of life-prolonging medical treatment, including food and water, from patients in irreversible comas.

"We could also discuss LB-754, the living will which was introduced and defeated in the Nebraska legislature last year, and is being reintroduced this year."

Witkowski pointed out that the living will was formulated in 1967 by the Euthanasia Education Council (now called Concern for the Dying) and may actually prevent persons from dying the death they want.

"LB-754 would increase the chances of death before all good life has been experienced."

"EACH ONE OF these issues could be discussed at length," said Witkowski, "however my purpose in being here is something very close to my heart."

"That is to let you know how the dying are and can be cared for in a home situation."

Witkowski stressed that Home Health Care does not deal exclusively with those who are dying, but also provides skilled nursing care to those who are ill and in need of continued medical treatment in their homes.

However, Witkowski said Home Health Care clients also include those who have been told that treatment is ineffective and that death is imminent.

"LAST YEAR, we were able to help on the average one person a month who chose to die in their home. I do not pretend to be an expert in this area, nor do I know all the answers," said Witkowski.

"But what I do want to share with you is your and my respect for all of life. I want to share with you my experiences with death as a part of that life."

"When death is imminent, people can die as they wish. And dying doesn't have to be hell. It can be a remarkable opportunity for

awakening."

Witkowski told of several experiences she has had in dealing with terminally ill patients and their families.

"My main point in telling these stories is to let you know that people in today's society can die in peace and dignity, with their relatives, as they want."

IN ADDRESSING Saturday's breakfast goes on concerns of the terminally ill patient, Witkowski said some have a fear of dying alone.

"Feelings of isolation and lack of support systems often fill the dying with anxiety, fear and dread."

In addition, Witkowski said many terminally ill persons fear the loss of loved ones and find comfort being at home.

"At home they can be with their loved ones. Home is the place we can be ourselves, with those we love, and we can appreciate all those things we've appreciated all of our lives."

WITKOWSKI SAID many terminally ill clients also want to know what death is like and if there will be pain.

"We let the patient know that we will do all we can to help. One of our main goals is pain control, and during the final stages we are on call 24 hours a day."

"There is anger and fear associated with the loss of body functions," said Witkowski, "and along with this loss of control comes a diminished self-esteem."

"The terminally ill need to feel like they are human beings."

WITKOWSKI POINTED out that the dying also need to get things in order — financially, spiritually and emotionally — and in finally accepting death may feel a need to talk about it with their family.

"Involved in this is the ability to let go."

Ann Witkowski

said Witkowski. "There comes a time after they have said good-bye that they want to be left alone."

"Families need to understand these different stages of death and what to expect."

In addition, Witkowski said families often need help in treading the fine line between helping really and giving up hope.

"They (families) need to be reassured

that they are doing all they can, and that what they are doing is right."

"MOST OF US probably don't think about death or we view it as a long way off," said Witkowski. "We'll get ready for it when we're older."

"Others of us," added Witkowski, "think that if we were diagnosed as having a fatal illness we would grab an attractive partner, a bottle of wine, and head off to the nearest warm beach to live out the rest of our lives."

In reality, said Witkowski, the terminally ill begin to look at their own lives, into their own hearts, and into the hearts of those with whom they share their lives. They begin with renewed intensity to search for the meaning in their lives.

"IMAGINE YOURSELF faced with losing all those things in life that you consider to be important. All the material things you cling to."

"Life takes on new meaning and emphasis is put on the things that really matter. Many of our petty hassles are simply forgotten and we realize what's impermanent and what is permanent."

"We who work with the dying are the students," said Witkowski in closing. "They (the dying) are the teachers. They teach us to live."

WELCOMING THE nearly 65 persons attending Saturday's pro-life breakfast was Maynard Warner, The Rev. Jon Vogel, pastor of Grace Lutheran Church, had opening devotions and closing prayer.

Linda Dorsey gave a reading, and providing special music were the Rev. Kenny and Rhonda Cleveland.

Officers of Wayne County Right to Life are Elda Warne, president; the Rev. Gordon Granberg, vice president; and Linda Dorsey, treasurer.

engagements

Glissman-Schaefer

Terry and Sandy Glissman of Pender announce the engagement of their daughter, Debra Dawn, to Tim Gene Schaefer, son of Joan Schaefer of Columbus.

The bride-elect is a 1982 graduate of Pender High School and her fiancé is a 1980 graduate of Columbus High School. They are co-owners of Daylight Donut Shop in Wayne, Harlington and Randolph.

A May 16 wedding is planned at the First Presbyterian Church in Pender.

Freverts observing 40th

Mr. and Mrs. Marvin Frevert of Norfolk will be honored for their 40th wedding anniversary during an open house reception on Sunday, Feb. 15 from 2 to 4 p.m. The event will be held in the basement of Grace Lutheran Church, 5th St. and Park Ave., Norfolk.

Hosting the celebration will be the couple's children, Janalee and Thomas Kleber, Burbank, Calif., and David and Mary Frevert, Norfolk. All friends and relatives are invited to attend, and the couple requests no gifts.

Marvin Frevert and Darleen Koopmann were married Feb. 16, 1947 at St. Paul's Lutheran Church, Wisner.

Touring Lincoln

For Citizenship Day

Dixon County home extension clubs are planning a citizenship day tour to the State Capitol and other places of interest in Lincoln part of their "Citizenship: Pride in the Past — Promising Future" program thrust for 1987.

All interested persons are invited to join the tour which will depart on Wednesday, March 11 at 6:30 a.m. from the Northeast Center near Concord.

Tour participants will visit the State Legislature in session and tour the State Capitol. Visits also will be made to the William Jennings Bryan Home, the Thomas P. Kennard Home and the Ferguson Mansion.

The tour includes a noon luncheon

in Lincoln and a supper stop in Fremont enroute home.

COST OF THE tour is \$30 per person for Dixon County home extension club members and spouses, and \$32 per person for others.

The cost includes bus fare, noon and evening meals, and admission fees to tour homes.

Pre-registration with full payment is requested by Feb. 27. Checks should be made payable to Dixon County Home Extension Council and mailed to Mrs. Kenneth Kardell, Dixon, Neb., 68732, phone 584-2214.

PERSONS WHO would like additional information about the tour may call Mrs. Kardell or the Dixon County Extension Office, 584-2234.

briefly speaking

Dobson film series continues

The second in a six-part film series by Dr. James Dobson, entitled "Turn Your Heart Toward Home," will be shown Sunday, Feb. 8 in Wayne city auditorium.

The second film is entitled "Power in Parenting: The Young Child," and offers practical help to parents facing the battlegrounds in child-rearing, including bedtime, mealtime, and other confrontations.

The program runs from 6 to 8 p.m. and includes a 60-minute film and an opportunity for small group discussion and refreshments immediately following.

The films are sponsored by the Wayne Ministerial Association and are open to the public. A free will offering will be taken to help cover cost of the films.

First baby receives gift

Wayne County Women of Today presented a gift to the first baby girl born during U.S. Women of Today Week, Jan. 18-24, at Providence Medical Center.

Recipient of the gift was Sara Rose White, who was born Jan. 22. Sara is the daughter of David and Kim White of Wakefield, and she joins two brothers, Michael, 9, and Nicholas, 4½.

The regular meeting of Wayne County Women of Today was held Jan. 13. An effective speaking presentation was given demonstrating origami (paper folding).

Next meeting will be Feb. 10.

Slide program on Germany

Marj Porter presented a slide program on her trip to Germany for members of Three M's Home Extension Club when they met Jan. 19 in the Porter home.

Attending the meeting were eight members and two guests, Irene Blecke and Clara Echlenkamp. Program books for 1987 were filled out.

Committee reports were given and included a challenge from Lanora Sorensen, cultural arts chairman, for members to write their autobiographies to give to their children.

Delores Utecht and Marian Clark were appointed to revise the club constitution.

Next meeting will be Feb. 16 with Marian Clark as hostess.

Women's Legislative Forums slated

A series of Women's Legislative Forums, co-sponsored by the Nebraska Commission on the Status of Women and local women's organizations, will be conducted in five Nebraska communities during February and March.

Purpose of the forums is to share information about 1987 proposed legislation that affects women and their families. In addition to discussing legislation, there will be a presentation on "Balancing Work and Family."

Cities hosting the forums are Grand Island, Feb. 7; Lincoln, Feb. 14; Chadron, Feb. 21; Norfolk, Feb. 28; and Beatrice, March 9.

The forums are open to the public, and individuals interested in legislation are urged to attend. For additional information, contact Susan Hale at the Nebraska Commission on the Status of Women, (402) 471-2039.

Cager fights to return to lineup

It may have been overlooked by many but last weekend marked a happy return to the hardwoods by a Wayne State athlete.

Marcus Wilson returned to the game after almost a two and a half month absence.

Wilson's misfortune struck on Nov. 15. The Wayne State Wildcats were opening the season on the road at Briar Cliff. The Denver native was looking forward to his sophomore season after putting together a solid year as a freshman.

About five minutes into the game Wilson went up to block a shot. As he came down he landed wrong and he felt a pop on his right knee. He said he immediately knew something was wrong.

Wilson missed the rest of the game and had the knee looked at following the loss to the Chargers. The doctors that first looked at the knee thought it was just cartilage damage. They wanted to take further x-rays after the swelling had gone down.

Wilson's next step was to go to Omaha and have his knee examined at the University of Nebraska Med Center. After further testing the doctors still weren't sure if there was any ligament damage.

Everyone involved decided that the best bet was to examine the knee by exploratory surgery and repair whatever damage they found.

What they found was minor cartilage damage and a partial tear of the anterior cruciate ligament. The ligament was about 40 percent torn. Dr. W. Michael Walsh performed the surgery.

The doctors told Wilson the recovery period for an injury of this type was about two to three months.

Wilson said his goal was to be back in uniform by the Kearney State game on Jan. 30. He said if he didn't recover by then he would use a redshirt year. He didn't want to redshirt because he plans to graduate in four years. Wilson is majoring in business.

"They told me I wouldn't be playing until the end of January," he said. "But I played a little bit over Christmas break even though I wasn't supposed to."

Wilson worked his fall off to get the knee back in shape.

Wilson's rehabilitation consisted of many exercises. He built up his strength by doing isokinetic resistance exercises on a machine called a Orthotron. He jumped rope, walked with ankle weights and did a whole lot of swimming. He said the swimming helped keep him in shape.

Wilson said there were many times during his rehabilitation that he considered giving up. "I got frustrated," he said. "I didn't know if I even wanted to play anymore."

Marcus said it was the coaching staff that pulled him through the rough times. "They were real patient," he said. "They didn't get discouraged when I was discouraged."

Wilson was also against wearing a knee brace. But if he was going to play again he was going to have to wear one.

The 6-6 Wilson said he was pleased with his play in his first two games back. Against Kearney State he scored four points and gathered three rebounds. He improved to seven points and four boards against Fort Hays on Saturday.

Something happened in the Kearney game that was bigger than how many points he scored. After getting a rebound he landed solidly on his right knee and it held up. He said that reinforced his confidence. Wilson said right now he is about 85-90 percent healthy. He said the lightweight brace doesn't hamper his mobility or speed. The sophomore said he doesn't think he'll lose any speed from the injury.

53 percent shooting lifts Laurel

By Gregg Dahlheim
Sports Editor

"Incredible," that was the word Laurel Coach Pam Thies used to describe her team's 73-34 win over Wakefield in the quarterfinals of the Lewis and Clark Conference Tournament at Wakefield Tuesday night.

The Lady Bears hit 53 percent from the field as they canned 33-62 shots. Before it was all over 11 Lady Bears got in the scoring column.

The game was never in doubt as the Lady Bears needed off 21 first-quarter points to take a 21-4 lead. Laurel kept the lead at halftime 40-17. The third period ended with the visitors leading 54-25 before the Lady Bears outscored the hosts 19-9 in the final period.

Laurel's 10-4, came out in a full-court press after the first basket. The Lady Bears got a couple of quick turnovers off the press and jumped to an 8-0 lead. The Lady Trojans finally got on the scoreboard when Tricia Schwarten hit a 10 footer with 4:50 to play in the opening period.

Laurel's Gail Twiford led all scorers with 30 points. The senior was 15-20 from the field.

"Gail needed a really big game like that to get her confidence up," Thies said.

Twiford tallied 14 of Laurel's first 21 points while pulling down 10 rebounds. No other Lady Bear finished in double figures but several turned in fine performances.

Point guard Sara Adkins had an excellent floor game as she dished off nine assists to go along with her three steals and seven points. Amy Adkins and Penny Dempster also added three steals on the night. Junior Becky Christensen had a good game under the boards for the visitors. Christensen gathered 11 rebounds and added four points.

Thies said she couldn't think of enough good things to say about her team. Even the Laurel bench looked strong. The subs added 24 points to the Laurel total. They played as much as Coach of the Lady Bear starters.

Wakefield Coach Ellie Studer had nothing but praise for Laurel.

"They would have been kind of hard to beat," she said. "Our shots weren't dropping in the first quarter and theirs were."

LAUREL'S KIM Mathiason drives in for a layup late in the game against Wakefield. Mathiason was fouled by Tricia Schwarten (24) on the play.

Schwarten turned in a nice game for Wakefield. She led the Lady Trojans with 14 points. Stacey Kuhl and Des Salmon added eight points each.

The game was halted for more than 20 minutes late in the fourth quarter when Wakefield's Stephanie Fischer fell and hit her head on the court. She was taken to the hospital for further treatment.

Next up for Laurel is fourth-rated and top seeded Wausa Friday night at Winside. The Lady Vikings, 14-2, downed Hartington 55-34 in earlier action Tuesday.

KECIA CORBIT powers the ball to the baskets during Wayne's 53-41 win over Pierce Monday night.

Lady Blue Devils dominate Pierce in win

By Gregg Dahlheim
Sports Editor

The Wayne Lady Blue Devils bounced Pierce Monday night 53-41 on the strength of its inside game.

The final score didn't indicate how the girls dominated the 6-9 Jayettes. The locals led after one period 15-7 and increased the lead to 29-14 at halftime. Wayne scored the first eight points of the third quarter and led going into the final period 43-26.

Coach Marlene Uhing said rebounding and the inside game was the difference. The locals outrebounded Pierce 42-26. Kecia Corbit gathered 11 rebounds while Robin Luft and Shelly Pick pulled down eight and seven boards respectively. Corbit and Pick led Wayne in scoring with 19 and 14 points from the inside.

Uhing said she was happy with the girls' efforts. She said they rebounded strong after a 44-40 loss to Hartington Cedar Catholic last Thursday.

Wayne guards Jodi Dittman and Dana Nelson caused all kinds of problems for the Pierce ballhandlers. The Lady Blue Devil duo combined in a half-court trap defense to cause several Pierce turnovers. Uhing said Pierce's youth and inexperience hurt them against the pressure.

One aspect Uhing wasn't happy about was her team's free throw shooting. The girls hit only 7-15 free throws for 46 percent. The coach said that is an area that the teams has really been concentrating on in practice. It's a situation where the girls make the free throws in practice but can't convert in a game, the skipper said.

The Wayne JV's also won Monday night. They dumped Pierce 43-24. The girls led all the way as they improved to 10-2. Marlene Bruggeman led the way with 12 points and four rebounds. Amy Bliven added 10 points and Kristy Hansen tallied nine markers.

Wayne's next game is Friday night at 6:30 p.m. at home against South Sioux City in the opening round of the Northern Activities Conference Tournament. The Lady Blue Devils will take a 12-2 record into the tournament and are sealed second to Hartington Cedar Catholic.

It will be Wayne's second look at its rival to the northeast. The Lady Blue Devils downed the Lady Cardinals 47-44 in the championship game of the Wayne State College Holiday Tournament.

Uhing said with South Sioux's talent you can't look past them just because they've beaten them once. The coach said the Lady Cardinals

Wayne frosh stand at 6-6

The Wayne freshmen boys' basketball team split a pair of games this past week to run its record to 6-6 on the season.

Friday night the Junior Blue Devils were edged by West Point 55-50. The locals led most of the way but couldn't hold on in the end. Willie Gross led Wayne with 14 points. Jeff Luft added 13 for Wayne.

Monday night the boys traveled to Plainview and brought home a 55-41 decision. Coach Duane Blomenkamp said it was the best balance his team has displayed all season. Wayne jumped out on top in the first quarter 21-6 and coasted the rest of the way. Once again Gross led the locals with 22 points.

The freshmen will next be in action at a freshmen tournament in Randolph. The game has been set for Saturday.

Defense keys Cats' win

The Wayne State Wildcats got just what the doctor ordered Tuesday night when they traveled to Peru State to tackle the Bobcats.

The Cats broke a five-game losing skid in convincing style as they dumped the hosts 82-59. The Cats outscored Peru State by 20 points in the second half to break open a close game. Wayne State led at halftime 33-30 but outscored the hosts 49-29 in the second 20 minutes.

The win gave Wayne State a season sweep over the Bobcats. The Cats beat Peru at Rice Auditorium 81-61 on Nov. 25.

The win boosted the Cats to 10-13 overall and more importantly they improved to 3-2 in the NAC. Peru State dropped to 8-17 and 1-4 in the NAC.

Coach Steve Aggers said it was a great road win for his team. He said he hopes it will give the guys confidence as they head down the stretch.

Aggers said it was the best defensive effort his team has given in the last couple of weeks. The coach said his team got some good fastbreak opportunities as a result of the stiff defense.

Russ Rosenquist turned in a career best when he pumped in 31 points to lead all scorers. The Sioux City junior was 12-22 from the field, which included 2-4 from three-point land. Rosey also turned in a fine defensive performance with five steals.

Fellow guard Scott Hurley also lit up the scoreboard with 19 points. Hurley led most of his game from beyond 19 feet as he hit 5-7 three pointers. No other Cat finished in double figures.

The visitors did a good job of taking care of the ball. They committed just 12 turnovers while the Bobcats threw the ball away 23 times.

The Cats shot 44 percent from the field but they converted 7-11 three pointers. The hosts shot less than 40 percent from the field. Both teams shot well from the free-throw line as Wayne State hit 13-15 gift shots while the Bobcats made 12-15 free throws.

Peru State placed two men in double figures. Mike Yates led the way with 15 points while Kevin Mowery added 12 markers.

Wayne State will be at home for the last time in CSIC play over the weekend when they host Erhporia State on Friday and Washburn on Saturday.

The Cats were beaten by both teams on an earlier road trip. The Hornets tripped the Cats at Emporia 72-59. The following night the Icabods downed the locals 73-61 in Topeka, Kansas.

A pair of wins would puff the Cats to 5-5 in the CSIC.

WSC women drop road game to Lady Bobcats 82-73

Tuesday night's game between the Wayne State Lady Wildcats and Peru State was a game of halves.

The Lady Cats won the first half 43-31 but the Lady Bobcats won the second half 51-30. The 82-73 loss dropped Wayne State to 9-11 and 3-2 in the NAC. The Lady Bobcats jumped to 12-8 and 2-3 in the NAC.

The first Lady Cats came out firing in the first half as they shot 59 percent from the field making 19-32 shots. They cooled down to 36 percent in the second half and finished hitting 48 percent for the game.

On the other side Peru State connected on 44 percent of its shots in the opening half and warmed up to 54 percent in the second half which included several key three pointers. The Lady Bobcats made 7-16 three-point shots for the evening. Wayne State made just 3-14 three pointers.

"Defensively, we just didn't cover

their shooters well enough in the second half," said Coach Lenny Klaver.

The Lady Cats uncharacteristically struggled at the free-throw line. Wayne State hit only 10-22 free throws while the Lady Bobcats made 9-15 charity tosses. The Lady Cats entered the game hitting 66.9 percent from the line.

Four starters finished in double figures. Dawn Bernt led the way with 24 points. Michelle Blomberg added 17 points while Linda Schnitzler and Mary Beth Ehrhorn tossed in 12 and 11 points respectively. Kris Smith turned in 14 of the teams 34 rebounds.

Five Lady Bobcats hit double figures. Connie Viner led the way with 19 points. Denise Cave and Marcia Steven added 16 each.

Wayne hosts NAC tourney

Wayne-Carroll High School will be the site for the first-ever Northern Activities Conference Basketball Tournament. The four-team tournament will begin Thursday and will conclude with the boys' championship game at 8:15 p.m. Saturday.

The Wayne boys' and girls' team will both be in action Friday night. The girls will play South Sioux City at 6:30 p.m. and the boys will battle the South Sioux boys at 8 p.m.

Instead of presenting a team trophy to the winner, the NAC will award each member of the championship team with a medal.

The Wayne Booster Club will be sponsoring a soup supper at the high school on Saturday beginning at 4 p.m.

Bears drop tourney opener

It was a far-too familiar story for Laurel Monday night as Osmond nipped the Bears 63-61 in the first round of the Lewis and Clark Conference Tournament.

The loss eliminated Laurel, 4-7, from the tournament while Osmond will move on to face Wausa in the quarterfinals tonight (Thursday).

If it wasn't for bad luck Coach Mark Hrabik's team wouldn't have any luck at all. Of the Bears' seven losses, four have been by less than five points.

"It's tough to take," Hrabik said. "We just have to hope that the breaks will even out in the end."

Hrabik said he thought his team played well enough to win but Osmond played a little better. The Tigers burned the nets Monday night as they shot 53 percent from the field for the game. In the first half, the hosts hit 15-25 shots for 60-percent accuracy.

Laurel hit 41 percent from the field. The Bears also had their best night of the season from the free-throw line. The visitors hit 68 percent of their

free throws making 13-19 gift shots.

Osmond got out in front early as they took an 18-11 lead after one period. The Tigers held on to a 34-26 lead at halftime. Laurel fell behind further and trailed by 12 points midway in the third quarter before it made its final run. The Bears cut the lead to four points by the end of the third quarter.

Both teams exchanged baskets for most of the final period. Laurel had a chance to tie the game with 12 seconds to play. Steve Schmitt was sent to the free-throw line to shoot a one-and-one. The junior made the first shot and missed the second. The Bears fouled Osmond immediately but they missed the front end of the one-and-one and Laurel got the rebound.

With time running down Scott Marquardt brought the ball up the court for Laurel. Near midcourt Marquardt and an Osmond player collided. The ball hit off of Marquardt and went out of bounds. The officials called no foul and awarded the ball to Osmond. Laurel fouled and the Tigers hit one of two free throws to make the

two-point margin.

The Bears had three guys finish in double figures. Marquardt led the way with 17 points. Freshman John Schutte added 15 points and Brent Haisch totaled 14 markers.

Schutte started his third game for Hrabik. The youngster has responded by averaging about 11 points and seven rebounds a contest.

Osmond was paced by Darin Gansbom and Greg Kumm. Kumm popped in a game-high 24 points while Gansbom added 22 points.

Lack of offense dooms Allen

The Allen Lady Eagles couldn't get rolling offensively and were eliminated from the Lewis and Clark Conference Tournament Tuesday night as Emerson-Hubbard downed Allen 39-25.

Allen trailed at every stop. The Lady Pirates were on top 7-4 after the first period and 21-13 at halftime. Emerson stretched the lead to 14 points by the end of the third quarter at 33-19. Both teams played on even terms in the fourth quarter for the final 14-point margin.

Allen Coach Gary Troth said his team was never in the game.

"We didn't do anything we needed to do to win the game," Troth said. "We didn't have good shot selection and we were only getting one shot each time down the floor."

The Lady Eagles were outrebounded badly Troth said. Allen gathered 23 rebounds... Barb Hansen led the Lady Eagles with seven boards.

The Lady Pirates evened the score with Allen for the season. The Lady Eagles, downed Emerson-Hubbard 52-42 last Thursday. In that game the Lady Eagles shot 51 percent from the field. They weren't near that Tuesday night.

"I don't think we took them lightly," Troth said. "I hope we didn't, they have a good team."

Emerson-Hubbard will move on to the semifinals where they will battle Ponca Friday night at Homer in a 6:30 p.m. contest.

Allen placed only one girl in double figures. Hansen tallied 10 points on four field goals and two gift shots.

Lana Erwin chipped in seven points for the losers.

The Lady Pirates got a game-high 14 points from junior Mary Henderson.

Allen, 10-4, travel to Wakefield on Tuesday to challenge the Lady Trojans.

Kuhl paces Lady Trojans

Wakefield girls hold off Winside Wildcats

The Wakefield girls bit Winside again Saturday night as the Lady Trojans downed the Wildcats 36-34 in the opening round of the Lewis and Clark Conference Tournament at Winside.

Wakefield's only wins of the season have been against Winside. The Lady Trojans, 2-12, got by the Wildcats 33-28 in the teams' first meeting.

The Lady Trojans used a slow Winside start to their advantage and held the host off down the stretch. Wakefield led by 11 points at halftime, 22-11. Winside came out in the second half and chopped the lead to seven points after three quarters. They outscored the visitors 23-14 in the second half but it wasn't enough.

Stacy Kuhl got the Lady Trojans off on the right foot as she hit her first five shots and tallied 10 of the team's 12 points in the first quarter. From that point on Winside shut down the senior. She finished with a game-high 14 points.

Wakefield Coach Ellie Studer said Kuhl provided a spark for the rest of her team.

"She came out ready to play and that spread to the rest of the team," Studer said.

Winside Coach Jill Stenwall said her team struggled from the field in the first half. The Wildcats hit only 5-27 first-half shots.

Stenwall said last time the teams met Wakefield's inside game hurt the Wildcats. They concentrated on shutting that down but they couldn't stop

Kuhl in the early going.

Winside made its run after it switched from a 2-1-2 zone to a man-to-man defense.

"After we switched defenses we made up some ground," Stenwall said. "But then Kristy (Miller) fouled out which really hurt us."

Studer said she thought the key to the win was how her girls kept their composure when Winside made its run.

The Wildcats, 8-7, outrebounded Wakefield 39-30. Tracy Topp was the top rebounder with 10 boards. Stenwall said Topp played her best all-around game of the season. The senior was also the top scorer for Winside with 11 points. She added four assists and three steals. Miller added eight for Winside.

No other Lady Trojan scored in double figures after Kuhl. Guard Tricia Schwarten added eight points. Kody Nelson gathered nine rebounds for the winners.

Laurel freshmen down Trojans

The Laurel freshmen boys nipped the Wakefield freshmen in overtime 48-45 Tuesday afternoon.

The junior Bears posted a big lead and held on down the stretch to win. Wakefield outscored the visitors 27-16 in the second half.

Troy Twohig paced the winners with 20 points. John Schutte and Matt Jones followed with 14 and 10 points respectively. Tony Krosemark led Wakefield with 15 points.

District 11 notes

Brian Hoffman of Doane and Renee Reiser, of College of St. Mary were selected as the players of the week in District 11 for the past week.

Hoffman scored 66 points in two games for the Tigers. Hoffman added 17 rebounds and eight assists to his credit. Others nominated were James Collins of Peru State, Scott Hurley of Wayne State, Scott DeBoer of Hastings and Lonnie Graver of Midland.

Reisen scored 55 points and 18 rebounds in two games for the Flames. Others nominated for the award were Susan Kula of Midland, Michelle Blomberg of Wayne State, Kristi Olberding of Peru State, Brenda VanLengen of Kearney State, Lisa Meyer of Dana, Dena Gosch of Doane and Jane Darlmann of Concordia.

Wildcats' Team Rankings

The Wildcats are first in team defense allowing 72 points a game... fifth in team free-throw percentage hitting 64.9 percent... sixth in team field goal percentage making 46.2 percent... eighth in team offense averaging 70.4 points per game.

Wildcats' Individual Rankings

Vincent White is 10th in free-throw percentage making 74.3 percent... Scott Hurley is ninth in scoring averaging 15.5 points per game... Byron Haas is sixth in field goal percentage making 54 percent of his shots.

Lady Wildcats' Team Rankings

The Lady Wildcats are third in team offense averaging 75.5 points per game... third in team free-throw percentage making 68.9 percent... third in team field goal percentage hitting 41.5 percent... 10th in team defense allowing 77.2 points per game.

Lady Wildcats' Individual Rankings

Dawn Berni is third in rebounding averaging 10.4 rebounds a game... fourth in scoring averaging 18.2 points a game and fifth in field goal percentage hitting 51 percent... Linda Schmittler is third in scoring averaging 19.1 points a game and third in free-throw percentage making 79.5 percent... Kris Smith is eighth in rebounding averaging 8.4 rebounds a game.

Winside runs out of gas in defeat

The Winside Wildcats played on even terms with Coleridge in the first half but the Bulldogs' depth wore down Winside in the second half.

Coleridge collected a 86-60 win over the Wildcats to move on to the quarterfinals of the Lewis and Clark Conference Tournament.

Both teams came out firing from inside and out. Coleridge was a basket better than the Wildcats in the first period as they led 22-20. The Bulldogs outscored the visitors in the second period 24-19 to take a 46-39 lead into the locker room.

In the third quarter Coleridge's depth started to show in the upper game. By the end of the period the Bulldogs stretched the lead to 68-48. The hosts outscored Winside in the final quarter by six points to make the final 26-point margin.

Eleven Bulldogs got in the scoring column. Winside Coach Mark Freburg said Coleridge went to its bench 10 deep without the quality dropping. Four players from Coleridge finished in double figures. Rod Benson and Scott Gray each finished with 18 points. The Bulldogs shot about 65 percent from the field.

Freburg said the way both teams were shooting the ball if either team would have been cold in the opening 16 minutes they would have been out of the game by halftime.

The Winside coach said Coleridge played better defense in the second half which set up some good offensive opportunities for the Bulldogs.

Winside shot well as they made 26-49 shots from the field for 53 percent. The Wildcats hit 80 percent from the free-throw line as they made 8-10 free throws.

The visitors had the top two scorers of the contest. Senior Kevin Jaeger hit for 24 points while sophomore Tim Jacobsen added 20 points on 10 field goals.

Allen girls hang on in Beemer win

By Gregg Dahlheim
Sports Editor

What started out looking like it was going to be an easy win for the Allen girls turned into a nail biter Saturday night at Allen.

But in the end the Lady Eagles held on to nip Beemer 47-44 in the first round of the Lewis and Clark Conference Tournament.

Allen, 10-3, led by as many as 14 points at 38-24 early in the third quarter. The Lady Bobcats outscored the hosts 14-2 to narrow the lead to 40-38 with 4:26 left in the game.

Beemer had a chance to tie the game at 40 after another Lady Eagle turnover. But on the other end, the visitors threw the ball away and were never able to get any closer.

The first quarter was nip and tuck as the Lady Bobcats pulled to within two points when Sandy Disher hit a shot at the buzzer. Allen opened up the lead to 30-22 at halftime.

The outside shooting of Lana Erwin and Kristi Chase and the inside punch of Barb Hansen gave the Lady Eagles the early lead. Both teams shot well from the field. Beemer connected on 50 percent of its shots, as they made 19-38. The Lady Eagles made 21-41 from the field for 51 percent.

Allen Coach Gary Troth said he thought his team got tentative in the fourth quarter.

"They tried to preserve the lead and they didn't attack on offense," the coach said. "They hustled a little harder in the second half than we did."

Beemer got back into the game in the third quarter when they applied full-court pressure. The press bothered Allen as they committed four turnovers in a matter of minutes.

Troth said the press shouldn't have caused any problem for his team.

"We've got the ballhandlers who can bring it down the court," he said. "But when you start to feel it slip your mind starts playing games with you."

Allen got a strong finish from Amy Noe to advance to the second round of the tournament. In the last two minutes the sophomore hit a 15-foot jumper and connected on 3-5 free throws. She finished the game with seven points.

The Lady Eagles had three girls in double figures. Erwin and Chase led the way with a dozen apiece while Hansen finished with 10 points. Hansen was Allen's top rebounder with 11 boards. The hosts outrebounded Beemer 32-29. Disher led the Lady Bobcats with 12 points. Cathy

BARB HANSEN of Allen inbounds the ball in the third quarter action against Beemer Saturday night.

Schlickbernd added 10 points.

The Allen JV's started the evening with a 28-20 win over Beemer. The girls led all the way to improve their record to 8-0. Missy Martinson and Candace Jones led the way with nine and eight points respectively.

Wakefield lose to Wynot 47-37

Wakefield was a 10-point loser to Wynot Monday night in the first round of the Lewis and Clark Conference Tournament.

The 47-37 loss eliminated the 5-10 Trojans from the tournament. A cold shooting first half put Wakefield in a hole they couldn't dig themselves out of.

The Trojans scored just 13 points in the first half while the Blue Devils tallied 26 points in the opening 16 minutes.

"We played a good defensive game but we just couldn't get the ball to drop in the first half," Wakefield Coach Paul Eaton said.

The visitors hit just 15-56 shots from the field for less than 27 percent accuracy.

The Trojans mounted a second half comeback after falling behind by 13 points at halftime. Aggressive play on defense and execution on offense

enabled Wakefield to cut the lead to six points midway through the fourth quarter.

Wynot made only one more field goal than Wakefield but the Blue Devils hit 15-26 free throws compared to Wakefield's 7-12 shooting.

The visitors didn't get a balanced offensive attack from their starting five. Only two of the five starters scored as Kevin Greve and Scott Lund totaled 27 of the team's 37 points.

Wynot, who will advance to the second round of the tournament and play Coloridge tonight (Thursday), was led by Mike Eskens and Corey Stratman. Each finished with 14 points. Stratman added 15 rebounds.

The Wakefield JV's won the first game of the night over Wynot 42-32. Doug Roberts was the high-point man with 14 points.

Winside fourth at Greeley

The Winside wrestling squad finished fourth at the 12-team Greeley Invitational Tournament held Saturday.

Winside had three wrestlers finish second and two place fourth in the meet won by Sargent. Mace and Max Kant and Randy Leapley were runners up in their weight classes while Lee Maier and Steve Jorgensen placed fourth.

Mace Kant was beaten for the first time in four weeks. He was beaten in the finals by Danis Wimer of Scribner 4-1. Wimer was voted the outstanding wrestler of the tournament. Max Kant lost an 8-3 decision to Mike Costello of Greeley in the finals. Leapley was decided by Alan Nitche of Sargent 12-0 in the championship match.

Sargent won the meet with 153

points, followed by second place Palmer with 147½. Sfronsburg placed third with 85½, then came Winside with 73 points. Rounding out the tournament was Greeley, Scribner, Clearwater, St. Edward, Fullerton, Spalding Academy, Sfronsburg JV's and Macy.

Eagles drop to 2-11

Lapses end upset threat by Allen Eagles

The Allen Eagles hung fight with highly favored Ponca Monday night but a couple of lapses did the visitors in as the Indians dumped Allen 70-52.

The loss eliminated Allen, 2-11, from the Lewis and Clark Conference Tournament. Ponca will advance to the quarterfinals of the tournament to play Beemer tonight (Thursday).

The Eagles played Ponca on even terms in the first quarter as the Indians took a 14-13 lead into the second quarter.

Allen was playing well and had captured the lead at 25-24 when the first lapse hit. The Eagles committed four turnovers in a row and Ponca went on a 11-2 run to take a 35-27 lead at halftime.

"That was a very important series for us," Allen Coach Dave Uldrich said. "We played them so close then let the cat out of the bag."

Allen had trouble getting started in the third quarter and couldn't find the range for the first couple of minutes in the period. The Eagles got back untroubled and stayed with the hosts for the rest of the quarter.

Ponca went into the final period with a 51-41 lead. The Indians outscored their guests in the last period 19-11 for the final margin.

Two areas that hurt Allen's effort was turnovers and rebounds. Allen was charged with 23 turnovers while the hosts threw the ball away only seven times. The taller Indians also controlled the boards as they outrebounded the Eagles 35-27. Max Oswald led Allen with 10 rebounds while Craig Hoffman added nine boards.

Jeff Gotch and Oswald led the Eagles scoring attack. Gotch

pumped in a game-high 20 points while Oswald accounted for 19 points. Only two other Eagles scored.

Ponca was led by three players: David Mentzer led the way with 17 points. The freshman scored 13 in the second half. Jerry Gugat and Gerald Armstrong followed with 16 and 15 points respectively.

The Golden Years by Gil Haase

Society should concentrate more on keeping older people active and reducing their stress factors than on trying to extend their lifetime. That's the conclusion of a conference on aging held in Hyannis, Massachusetts, for medical and social scientists. Leonard Hayflick, director of the University of Florida's Center for Gerontological Studies, said that scientists have already done so well extending life that they should now concentrate on improving its quality. The conference agreed that eliminating much major causes of death as cancer and cardiovascular disease would probably extend our lifespan by less than 12 years.

Cataract removal is the most common form of major surgery performed on Medicare patients aged 65 and older. More than 600,000 cataract operations are performed annually; 82 percent of the operations are combined with intraocular lens implantation. In one study, excluding patients with other eye problems, surgeons were able to attain visual acuity of 20/40 or better in 35 percent of the cases.

Remember when? 1940 — A survey showed that over 30 million American homes were equipped with radio sets.

Presented as a public service to our senior citizens, and the people who care about them by the Wayne Care Centre, 918 Main Street, Wayne, Nebraska 68787, 375-1922.

Right now, get the hottest interest rate in town plus some cold cash for your pocket when you open or renew a certificate of deposit at Occidental Nebraska.

You'll get an instant cash bonus up front to use any way you choose — for mad money or for extra cash to pay Christmas bills. You can even add it to your initial deposit if you like.

And you'll earn the highest interest around — month after month — on savings insured up to \$100,000 by the F.S.L.I.C.

Look at the chart to see how much your instant cash bonus would be. Then stop by any Occidental Nebraska location and open, renew or add to an existing certificate of deposit.

But hurry! Our interest rates are consistently higher — week in and week out. But the instant cash bonus offer ends soon.

So come in today to lock in some hot interest and pocket some cold cash!

It's been difficult to read of the ter-
rible storms across Europe and
Eastern U.S. and imagine their
severity, when we have been enjoy-
ing such balmy weather. The snow
and rain that were forecast for last
Friday and Saturday didn't
materialize, and no one felt badly
about it.
I'm going to get a walk in yet this
afternoon. I feel compelled to take
advantage of the unseasonable
warmth. I wore just a suit to church,
and no overcoat. A friend worried
about it being too dry, but the Big
Farmer says we don't get much
moisture from snow anyway.

It's time to get Valentines address-
ed, and to be thinking of ways to show
Love. It looks as if we will be attend-
ing two Valentine weddings. That

sounds romantic to me. Just so the
snow stays away.

We've been to four women's
basketball games this week.
Wakefield beat us in our gym, too.
That darned round ball seems to
have a mind of its own at times. It
actually goes into the basket and
pops out again, frequently!

We also got to the Wesleyan open
track meet at the Devaney Center,
which was fun. When we are walking
by the State Fair concessions in that
west field house, it's hard to imagine
that there is a large indoor track
under our feet.

WE'D BEEN to many a state
wrestling meet at the Center, and a
few Nebraska basketball games, but
this was our first track meet there.

I like track, but it's a pain because
the field events are run at the same

time, and the running goes on around
them. There is no way you can keep
track of everything.

There were some very large shot
put throwers, and every once in a
while we heard a loud "Ughh" as
they threw that heavy ball.
Jon and his teammates had all
been sick, and it showed. But Burton
and Blackledge each jumped 7 foot, 2
inches.

Terry Rodgers and Keith Jones
were in the 60 yard dash, and did
well, but didn't win it. Steve Taylor
was among the spectators.

The Big Eight decathlon champ,
from Missouri, won his heat in the 60
yard, pole vaulted, and high jumped.

Concordia has a female sprinter
from Jamaica who broke all of the
Merlene Ottey's records there. She

won here events, even beating the
UNL runners.

A Wesleyan star, Scott Etherton,
won the hurdles, also beating four
Nebraska contestants.

We got the family Round Robin in
the mall before we left, and it took
me from home to Schuyler to read it
all to the Big Farmer while he drove.

His aunt started this letter in 1948,
when there were a dozen siblings all
living. Now they are down to four, so
the nieces and nephews write, too. It
travels to sixteen states, and is one
Canadian province, and is a
marvelous way to keep track of a
large family.

It's like having an annual reunion,
as it takes about a year to get around.
I've never heard of another one that
has lasted 39 years. Now to add our
two bit, and send it on.

HOME SWEET LOANS

Be it ever so humble, there's no better place to get easy access to a personal line of credit like your home. As a homeowner, you have a valuable asset working for you in the equity that you've built up. When you're in need of cash you can use this equity (up to \$100,000) simply by writing a check. And as for interest rates, ours are competitively low and tied to the prime rate. There are no points to pay or prepayment penalties either. You merely pay interest only on the amount you borrow (interest that's tax deductible). You'll have a revolving line of credit that you can repay with minimum payments or larger ones, at your option.

CATARACTS

IF YOU'RE OVER 55 IT'S ONE REASON TO LOOK INTO YOUR EYES.

Cataracts cause a clouding of the eye that distorts light and results in blurred vision. Though cataracts occur in younger persons, most often they are found in people fifty-five and older. Undetected and untreated cataracts can cause blindness. That is why a regular eye examination and proper treatment is so important. Call for an appointment today.

PRISCILLA CIRCLE
Thirteen members of Priscilla Circle of St. Paul's Lutheran Church met Jan. 26. Hostesses were Judy Jacobsen and Marilyn Leighton. The meeting opened with the pledge and with devotions led by Laura Jaeger. Jane Witt presented the lesson entitled "Nothing Ever the Same Again." The December mite box offering totaled \$21.65. It was announced the spring workshop will be held April 28 in South Sioux City, and the International LWML Convention will be June 22-25 in Fort Worth, Texas. A motion was made to donate \$10 to help cover expenses at the zone level. Next meeting will be Feb. 23 with Winside High School's foreign exchange students as guest speakers. Hostesses will be Marcia Fale and Evelyn Hoeman.

BROWNIES
Seventeen Brownies of Troop 167 met Jan. 30 with leader Cathy Holtgrew. Monica Sievers and Marcia Jensen held the flags. The girls worked on their try-it badge. They had a lesson, "About Myself," in which they did finger printing and drew pictures revealing how they felt about themselves. Maria Miller brought treats. Next meeting will be Feb. 6 at 3:45 p.m. in the elementary library. Sara Wagner will furnish treats.

A message from the Nebraska Bankers in your hometown.

LET'S NOT FORGET WHAT'S MADE AMERICA WORK FOR OVER 200 YEARS.

This country was built on strong ideals. At their core is the concept of individual freedom. Nowhere is that American freedom more cherished than here in America's heartland. We've always understood that with that freedom come both responsibility and risk which we have willingly accepted.

Now, because of the economic problems facing agricultural America, some voices are beginning to question the most basic principles of the free enterprise system. And that should concern all of us.

Among the valued privileges of our American system is the ability to borrow money. Over the years, money loaned to Nebraskans by Nebraskans has helped build businesses, farms, towns and better lives for families across the state.

Nebraska's full-service banks have been the primary source of that money. In fact, today banks have over \$8 billion on loan to people, farms and businesses of Nebraska.

That money has been loaned to Nebraskans on the strength of a very simple promise. It's the promise that the loan will be paid back in accordance with the contract to which both lender and borrower agree. It's a concept as old as civilization itself. And it's a vital component of free enterprise.

But today a few have altered the system to the detriment of the majority. They've pushed for and achieved liberalized bankruptcy policies and are calling for further changes including "legislated debt relief" to avoid repayment of obligations.

If these voices continue to be heeded, the results could be devastating to our already troubled state economy for one very simple reason. Banks will be forced to seriously curtail lending.

The money a bank lends is the money entrusted to it by depositors. And keeping that money safe is a primary obligation. Without the legal guarantee of loan repayment, banks would be unable to safely loan money.

No group has a greater concern for the economic health of this state and its citizens than its bankers. Last year alone Nebraska's banks took losses of \$228 million in unpaid loans.

Clearly, Nebraska's banks have a strong commitment to seek solutions to our state's economic problems. But just as clearly, an attempt to remove the obligation to repay debts is not the answer. Nor is it consistent with the basic principles that have guided America since its inception.

Anytime debts go unpaid, somebody else foots the bill. We hope you'll agree that our government leaders should not create an environment where it's expedient for a borrower to escape his or her financial responsibilities.

Should that day ever come, this country will have taken a giant step backward, and we'll all pay the consequences. We want you to know that as Nebraska's banks, we are concerned about these potentially dangerous trends. They're contrary to the principles that have guided America's success... principles we hope we'll never forget.

"EYE OPENERS"

Q. Is a Cataract a growth in the eye?
A. No. Behind the pupil of your eye is a clear lens. When that lens becomes cloudy, it is called a cataract. Cataracts are usually caused by age. But some are present at birth, inherited or caused by injury, disease or exposure to toxic materials or radiation. A cataract usually starts small. Your optometrist can diagnose it during a thorough eye examination and monitor it. If it progresses, changes in your glasses may be necessary. Undetected cataracts can blur your vision; cause double vision; or, oddly, suddenly improve your vision for reading. If a cataract interferes with your daily living, it can be removed surgically. Good vision can be restored with a lens implant, glasses, contact lenses or a combination of these.

Most Effective Product

The most effective product for removing disease-producing plaque from the teeth is not a medicine or a toothpaste. Rather, it is the toothbrush. Here are some tips on selection and use of this plaque-fighting instrument.

Type: Many dentists recommend toothbrushes with "soft, rounded, nylon bristles." Soft bristles are actually more effective in removing plaque beneath the gumline than are hard bristles! Frequency: Brush at least once each day and, preferably, twice daily.

Two Brushes: Buy two brushes and allow each to dry thoroughly between uses.

Replacement: Replace one or both of your brushes at the first sign of matting of bristles. A new brush is significantly more effective in removing plaque.

Tongue Brushing: Brush the top of the tongue to help control mouth odor and to remove plaque from the tongue.

Other oral hygiene products include floss, pastes, powders, rinses, and fluoride rinses.

40TH YEAR
The Lutheran Laymen's League of St. John's Lutheran Church celebrated 40 years of international membership with a special program on Jan. 25. Fifty-five attended, including charter members Clarence Schlines and George Holdorf of Wakefield, and Oscar Becker Jr. of Wausau. Guest speaker was Lee Warneke of Plainview, who is Zone three president and Layman editor. The program also included several selections by the choir, under the direction of Martha Prochaska, a puppet show presentation by the Couples Club, and instrumental number by Scott Mattes, Dorena Murfin and Angie Peterson, accompanied by Sandra Mattes and a film, "A Voice Crying." Charter members were recognized, and Ray Prochaska, Zone 22 president, presented a 40-year membership certificate to Lois Schlines, president of St. John's Lutheran Laymen's League. Closing prayer was given by the Rev. Bruce Schuyt. Refreshments were served, including a special anniversary cake baked and decorated by Lois Schlines.

DRIVE UNDERWAY
Residents of the Allet, Waterbury and Marlinsburg areas are in the process of organizing a "One Time a Year" appeal to assist six organizations in collecting funds. There will be a mailing in mid-February, and residents will have an opportunity to donate to any or all of the organizations, including March of Dimes, Red Cross, American Cancer Society, American Heart Association, American Diabetes Society and local Boy Scouts.

Officers for the combined effort are Faith Keil, president; Ruth Mattes, vice president; Bonnie Kellogg, secretary; and Rowena Ellis, treasurer. Committee members are Marie Anderson, Mrs. Vernon Ellis, Mrs. Vandel Rahn, Mrs. Dale Furness, Mrs. Boyd Ellis and Mrs. Evelyn Rawlings.

SUPPER HONORS HANK FAMILY
A cooperative potluck supper honoring Rick and Karen Hank and daughters was held last Monday at the Silver Dolphin. Approximately 60 persons attended. On Wednesday, Hanks served cake and coffee at the Post Office to approximately 100 patrons. Hank, who was Allen postmaster, accepted the position of postmaster in Neligh and began work there last Thursday.

AUXILIARY MEETING
The Allen American Legion Auxiliary will meet Feb. 9 at 7:30 p.m. at the Senior Center with hostesses Tillie and Marsha Rastede. A delegate and alternate will be selected to attend Girls State. Legionnaires will meet at the same time at the cafe.

FFA EVENT
The Future Farmers of America chapter at Allen High School, along with advisor Tom Wilmes, conducted an auction, slave sale and barbecue at the school on Sunday. Auctioneer Ryan Creamer volunteered his services to the chapter for their money making project. A local pork producer donated a hog for the barbecue. The slave sale raised \$1,000, and the surplus auction netted \$450. Proceeds will be used for a new sign.

CPR LICENSES ARE RENEWED
Sixteen fire and rescue personnel from the Allen Fire and Rescue Unit renewed their CPR licenses last Wednesday night with the new and updated requirements. Jill Christenson was the instructor. Squad members assisting with testing were Pearl Snyder, Gary Troth, Bob Noe and Jerry Schroeder, who also are CPR instructors.

Others completing the course were Ray Brentlinger, Sharon Brentlinger, Donna Schroeder, Joanne Rahn, Val Isom, Randy Gensler, Bill Snyder, Pete Snyder, Rob Block, Stan McAfee, Duane Mitchell, and Dale Strivens.
