Fatality noted

Donna Clark of Lyons, executive director of the Goldenrod Hills Community Action Council, died Sunday following a two-vehicle accident near Bancroft.

Funeral services for Clark, age 54, were conducted Wednesday in Bancroft. She is a 1951 graduate of Lyons High School and she also attended Wayne State College.

Clark became the director of Goldenrod Hills in 1977. She was elected president of the Nebraska Association of Community Action Agencies in 1983 and was recently elected president of a four-state group of agencies.

Board Chairman Allen Heine of Fordyce said Clark had done a fantastic job as executive director. She will be missed by all of us, he said.

Pearl Barada, director of Goldenrod Hill's Head Start program, will serve as interim director and the process to name a new director will begin at a Sept. 12 meeting.

St. Mary's opens

Classes at St. Mary's School in Wayne will start on Monday, Aug. 31 at 9 a.m.

School will be dismissed at noon that day. Regular schedule of 9 a.m. until 3:30 p.m. will be followed for the remainder of the week.

Both chocolate and white milk will be available for morning break and noon lunch. Cost for milk tickets is \$1.40 for 10 punches or \$15 cents for individual cartons. Milk tickets may be purchased at the office.

Call the school office (375-2337) for registration or more information.

Look inside

This Friday (Aug. 28), up to 700 faculty and administrators of area schools will be in Wayne to participate in an Educational Service Unit Workshop, co-sponsored by ESU One and hosted by the Wayne-Carroll Public School. The event will take place at the high school, with registration to begin at 8 a.m.

From 11:45 a.m. to 1:15 p.m., participants of the workshop will be allowed to break for lunch or go shopping if they desire. Inside today's *The Wayne Herald* and *Marketer* are advertisements associated with a promotion called a "90 Minute Blitz". Advertisers in this promotion are offering bargains during this time frame or showing their lists of services and merchandise.

Please take note — the "90 Minute Blitz" is not limited just to those attending the workshop, but to anyone in the surrounding area who would like to take advantage of the specials being offered during the 90 minute time frame.

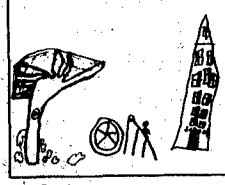

Also in today's edition of *The Wayne Herald* and *Marketer* are advertisements by the Wayne-Carroll School District and Winside School District, detailing items such as opening dates; the names of administrators, board of education members, instructors, support personnel; the school calendar (the sports schedules will appear in the upcoming *Fall Sports Guide*); school lunch prices and policy; and the Wayne-Carroll School class schedules.

Please clip these out and use them for future reference.

Siren testing

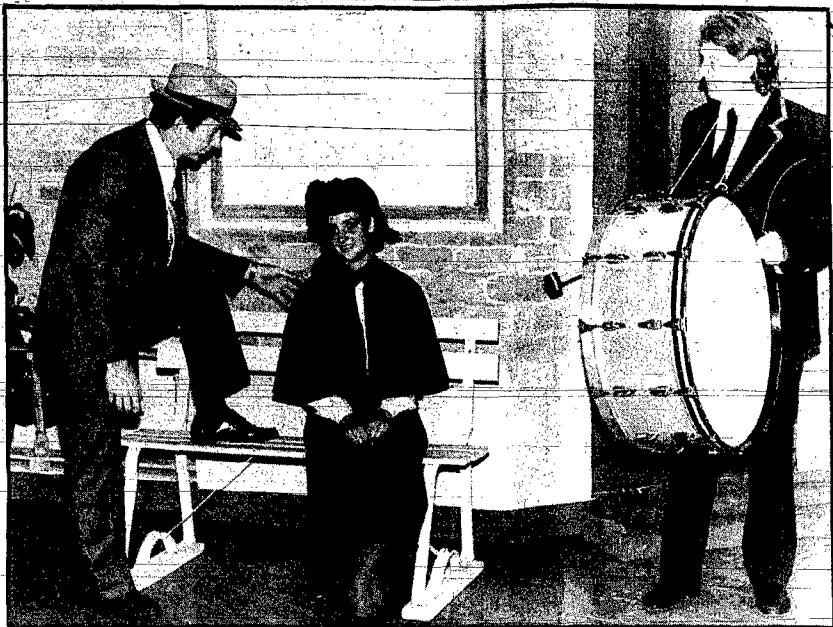

A testing of the Wayne tornado siren will be conducted Friday, Aug. 28 at 1 p.m. The signal will be allowed to run 15 seconds to test the effectiveness of the system.

Those Wayne residents who fail to hear the signal should contact the police department so that the siren can be checked for malfunction.

City rezones supermarket property

By Chuck Hackenmiller
Managing Editor

Wayne's city council had a wide variety of topics to cover during Tuesday's regular meeting, from rezoning and annexing property to revising several city ordinances and other agenda topics.

First on the agenda was to conduct a public hearing concerning the rezoning of four acres of property primarily consisting of the area where the current renovation of the former Chevrolet-Oldsmobile dealership on West 7th Street (along Highway 35) is taking place.

The area will be the location of Wayne's newest business: Pack-N-Save Discount Supermarket.

The property is currently zoned as B-1, which is a highway business district. Cor-Pak Trust, which requested the rezoning, seeks a change to B-3 status, which is a business commercial district.

Although the business will be located near a highway and requires access from the highway, the highway business district zoning is not proper. "The zoning that fits best is a B-3 [business commercial district] zone," said Attorney Duane Schroeder, representing Cor-Pak.

City Administrator Phil Kloster said the zoning request would be compatible. "We would not be forcing an incompatible zoning in that area," Kloster mentioned.

A motion was made by Councilman Darrel Heier, and was passed unanimously, to change the zoning of the property from B-1 to B-3.

THE COUNCIL also voted unanimously to annex a portion of the Sunnyview Subdivision that is on the north side of Sunnyview Drive. Up to five houses are located in this area.

He said it was originally proposed that the city would annex parts of the Sunnyview Subdivision as "work commenced on it."

"To be consistent with [the annexing of] the other areas, this area should be annexed at this time," he mentioned.

The city council also updated several municipal code items to conform with state statutes. An ordinance was passed relating to the open meeting laws.

City Attorney Kem Swarts said that under new legislation passed this year, city officials can meet out of the city and they would still be conforming to the open meeting laws. For instance, if the city has contract

problems with a company, they can meet with company officials at the company site and not be in violation of state statute and the open meeting law.

Another ordinance will allow the city of Wayne the authority, if desired, to join other political subdivisions or agencies in risk management or to share insurance costs.

A THIRD ORDINANCE approved by the city council will allow the city of Wayne to do improvements, included in the improvement district, on land adjacent to the municipality. That property, in turn would be assessed for the improvements. The improvements could include water, sewer, storm sewer or paving projects in the district.

One more ordinance voted upon by the council will allow the city, for instance, to repair an old water line and then assess those people who will benefit from the new water line replacement. Previously, the cost to replace the water line was picked up through general obligation funding, or from the city's pockets.

In other action, the city council: "Approved Olsson Associates of Lincoln to do a diagnostic evaluation of the city's wastewater treatment

plant. The treatment plant, although built to specifications and standards required by the pollution control agencies, has not been in compliance with the Biochemical Oxygen Demand (BOD) that is being discharged from the facility. The BOD is exceeding the standards specified by the agencies.

city of Wayne had received a consent order from the Department of Environmental Control to perform the diagnostic evaluation of the treatment plant. Once the consent order is signed, the city of Wayne must pick up the \$2,460 cost of Olsson Associates (not including lab and testing fees) and have the

Rate hike put on hold

It was in July of this year that the Nebraska Public Service Commission will stay the rate increase proposed by Eastern Nebraska Telephone Company and will hold a hearing to review those rates.

Eastern Nebraska Telephone Company has proposed to increase local telephone rates in Belden and Carroll, two of the eight communities which the telephone company serves, substantially.

Rates would increase in Belden from \$4.50 to \$12.95 for residential and \$7.75 to \$19.95 for business. Carroll rates would increase \$5.25 to \$12.95 for residential and \$8.25 to \$19.95 for business.

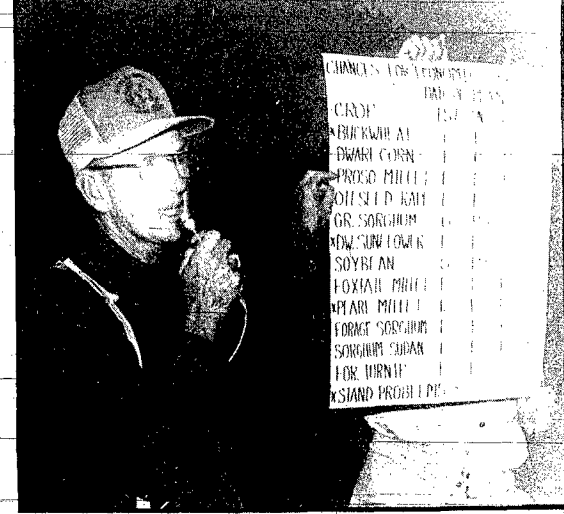

The Commission had received 352 protests regarding the basic local

service rate increase, prompting the commission to stay the rate increase during the pendency of the hearing. The new rates will not go into effect as scheduled.

Staff of the Commission is currently investigating the rate increase, auditing Eastern's books, examining the issue of actual cost of providing the service, and conducting service studies. The staff is guided in these endeavors by past Supreme Court decisions and past Commission policy.

The hearing will take place on Nov. 5 at 9:30 a.m. in the Community Center in Meadow Grove, Nebraska, allowing an opportunity for ratepayers to testify.

County askings down

By Chuck Hackenmiller
Managing Editor

By a 2-1 vote, the Wayne County Commissioners approved a 1987-88 budget that will reflect a 2.4 percent decrease in tax askings over the previous fiscal year.

Those voting for the 1987-88 budget, following a public hearing on the proposal last Tuesday, were Commissioners Merlin Beiermann and Robert Nissen. Gerald Pospisil voted against the budget proposal.

Tax askings for the 1986-87 budget was set at \$1,174,754.49. This fiscal year's tax asking has been established at \$1,146,606.12, according to Wayne County Clerk Orretta Morris.

Requirements in the 1987-88 budget totaled \$3,523,320.51, compared to \$3,428,657.39 the previous year.

The general fund line item in the passed budget indicates an increase of 7 percent over the 1986-87 budget. Some of the reasons for the increases in the general fund, according to Morris, included a hike in the all county insurance premium costs which the county pays; and the amount which the county must provide as interim costs for the 16 (soon to be 17) county probation office district headquartered in Wayne.

ALL COUNTY insurance covers everything insured by the county with the exception of health. Some of the significant increases were in the areas of county policies involving liability insurance and errors and omissions.

Warnemunde Insurance and Real Estate of Winside, which is in the

third year of a three-year contract to provide the all-county insurance to Wayne County, proposed a cost of \$64,819 in 1987-88, an increase of 10.4 percent from the actual costs the previous fiscal year, for the property and casualty insurance business. Last fiscal year's actual cost for the insurance was \$58,711.50.

Dave Warnemunde said premium costs had risen substantially prior to the 1986-87 fiscal year. "The rates have leveled off the last couple of years," Warnemunde said.

Over the past year, the county has added some new equipment that requires insurance coverage, which also would account for the increase in rate costs, according to Warnemunde.

INTERIM COSTS to the probation department district, financed through Wayne County tax askings, increased nearly 74 percent over what was budgeted the previous fiscal year.

Richard Brown of Wayne, who is chief probation officer for the probation district, said the interim cost normally entails expenses for rental facilities, operation expenses and "other things with the exception of travel and salary."

Wayne County, since it is the headquarters for the probation district, pays the entire interim cost of the district. Wayne County is later reimbursed at the end of the fiscal year by the other counties in the district for their share of the interim costs.

ATV law changed

By Chuck Hackenmiller
Managing Editor

Changes are forthcoming in the law governing the use of all-terrain vehicles.

Effective on Aug. 30, the all-terrain vehicles may not be operated on a public street, road or highway unless the operation is incidental to the vehicle's use for agricultural purposes.

Operation is restricted to the hours between sunrise and sunset and a valid motor vehicle operator's license or Farm Husbandry Permit is required.

The all-terrain vehicles must be equipped with a bicycle safety flag attached to the rear of the vehicle that extends five feet above the ground. The flag must be triangular in shape with an area of not less than 30 square inches and be day-glow in color.

All-terrain vehicles may not be titled or registered after Aug. 30. Owners of currently registered all-terrain vehicles may apply for a refund of the unused registration fees between Aug. 30 and Sept. 30 by returning their registration certificate, license plates and renewal tabs to their county treasurer.

Patrick Coffey, son of Mr. and Mrs. Thomas Coffey of Wayne, will enroll at Lawrence University at Appleton, Wisc. in September.

A 1987 graduate of Wayne-Carroll High School, Coffey participated in the student council and several sports. An Academic All-American, he has been listed in "Who's Who Among American High School Students."

Coffey also received an academic scholarship to St. John's and the USSC Award and was recognized in Ritchler's Scholar Program.

Rotary District Governor visiting

Alan E. Schenck, district governor for Rotary District 565, will be in Wayne this week for his annual visit to the newly chartered Wayne Rotary Club.

The Clarinda, Iowa business man oversees 41 Rotary Clubs in southeast Nebraska and southwest Iowa.

He will meet with the Rotary president and secretary at 7 p.m. on Tuesday, Sept. 1 at the Wayne Care Centre. Then he will conduct a Club Assembly with the other officers, board members and membership at 8 p.m., also at the Care Centre.

His formal address to the club will be at 7 a.m. Wednesday during the regular meeting of the Rotarians at the Sportsman's Cafe.

Clarification

A news release citing David H. Ewing, recipient of the Distinguished Service Award from the Nebraska Chapter of the American Society of Farm Managers and Rural Appraisers, listed incorrectly Ewing's address as Hartington.

Ewing has been a resident of Wayne since 1948. "Our firm, the Midwest Land Company, has also been an active part of the Wayne business community," Ewing said.

His son, David, and son-in-law, Marion, are officers of the Midwest Land Company. His daughter, Patricia, is on the faculty of Wayne State College as an instructor in the Business Department.

Farm rescue class planned

A short class is being planned for farm families on what to do until the ambulance or rescue team arrives in case of a farm accident or emergency. The class is being sponsored by the Wakefield Rescue Squad and will take place on Sunday, Aug. 30 from 6 to 7:30 p.m. at the Fire Hall.

The class is free and will cover such areas as activating the EMS system, maintaining an airway, rescue breathing, bleeding control and treating chemical and thermal burns. The instructor is Dave Morgan, who teaches EMT and First Responder courses at Southeast Community College in Lincoln. He is also an Extension Safety Engineer and Red Cross advanced first aid instructor.

Also on hand for the class will be EMT instructor Jill Christensen of Pender and Bobette Wolesensky, who is an Emergency Medical Services Coordinator from the Nebraska Department of Health.

The Rescue Squad is asking those interested in taking the class to pre-register, as a minimum of 25 people are needed to conduct the class. Sign-up sheets are available at Ray's Barber Shop, Fair Store, Terra International or at Ekberg Auto. Deadline to register is Friday, Aug. 28.

In conjunction with the class for farm families, the Wakefield Fire Department and Rescue Squad will have an all day workshop and hands-on training session on handling farm related emergencies and rescue. Wakefield hospital personnel and Dr. Keith Hummel have also been invited to take part in the day-long class and drill.

Wayne County Fair receives \$500

THE WAYNE COUNTY FAIR Association last week was the recipient of a \$500 check from Ak-Sar-Ben. Accepting the check from area Ak-Sar-Ben Ambassador Alan Cramer of Wayne is Ray Roberts, at left, president of the fair association. Also pictured is Bob Jordan, at right, representing the State National Bank of Wayne, escrow agent for the funds. Roberts said the money will be used to improve the rabbit and chicken barn at the fairgrounds. He said plans call for laying a concrete floor in the barn and moving partitions to extend the building. Roberts said the total project is estimated to cost \$4,000 and is expected to be completed by fair time next year. The Ak-Sar-Ben County Fair Improvement Program is made possible by funds from the annual race meeting.

3,000 students estimated

WSC enrollment up

By Chuck Hackenmiller

Managing Editor

Enrollment at Wayne State College, and the three other Nebraska state colleges, continues to rise, according to unofficial figures reported by college officials.

Opening day of the fall semester at Wayne State was Tuesday, Aug. 25, with the evening classes beginning the day before (Monday, Aug. 24).

Wayne State College Interim President Dr. Joseph Fleck is estimating that the total enrollment will reach the 3,000 figure, based on preliminary enrollment figures. Final registration at Wayne State continues on throughout the week, with the last day for late registration scheduled for this Friday.

"Initial indications are that we are up about 20 students more than last year at this time," said Fleck.

At this time it is difficult to calculate the number of traditional and non-traditional students registered. Off-campus enrollment figures probably won't be available until later, since non-traditional student registration is on-going, Fleck mentioned.

"The increase is encouraging. It reflects confidence in our institution," remarked Fleck. He said the anticipated fall enrollment increase follows a significant 22 percent enrollment hike for a July summer session.

DIRECTOR of Admissions at

Wayne State College, Jim Hummel, said last week's figures show that about 800 freshman and 200 transfers from other schools have been accepted for the fall semester at Wayne State.

"That compares favorably to last year," said Hummel. The numbers reflect approximately a 1 percent increase.

"All together there have been, up to our latest figures, about 1,029 new undergraduate students who have been accepted at Wayne State College," he mentioned.

The number of students who have been accepted at Wayne State, and the headcount of those actually registered, traditionally differs. Traditionally, Wayne State's final headcount can be up to 30 percent less than accepted enrollment.

Increases in enrollment are also predicted for Peru State College, Chadron State College and Kearney State College, according to preliminary reports.

Fleck said the enrollment increase of Wayne State is not a case of "stepping up student recruiting." However, the college has extended its recruiting areas to include more of western Iowa and the Omaha and Council Bluffs area.

IN THE FUTURE, Fleck said, Wayne State will "look at targeting new areas of student recruiting." Those areas could include Des Moines, Iowa and the greater Omaha areas.

Over the course of 1987, prior to the start of the fall semester, there

have been resignations, retirements and additions to the faculty at Wayne State College.

"We've had seven faculty resignations. That is not an unusually high number. We've had years when that amount was exceeded," Fleck mentioned.

The resignations have occurred in the areas of the library (two resignations); business division (one resignation — John Paxton); humanities division (two resignations — Rita Kissen and Kevin Kleine); and health/physical education division (two resignations — Mike Breske and Ron Jones).

Individuals who have served in an interim faculty member capacity have now converted to full-time. There were three faculty members who retired prior to the 1987 fall semester (Cliff Ginn, Tony Netherda and Mary Arlene Schultz).

Wayne State had also been authorized, by the legislature, to hire four additional faculty members. Most of the additional faculty positions will be eventually filled in the areas of general education, business, commercial art program and humanities, according to Fleck.

On the administration side, Wayne State College is currently in the search process for the opening of College Relations Director, a position previously held by Steve Jones who recently resigned from the post. Fleck said he anticipates receiving the recommendation committee's top choice of candidate(s) by the end of this week.

Swarts said the company had been requested to come back and repair the cracks, but had not responded to the requests.

"This has been going on now for about the last 12 months," Swarts said.

Brandstetter thanked the city of

ficials and planners for their cooperation in the construction of the 15-unit complex, which has apartments that are for senior citizens, people with disabilities and are rent adjusted.

On another topic, he requested that the city council come up with a method to meter the water usage when watering lawns so that sewage costs are not added to the expense.

"If you can't get this metered separate, then perhaps you could develop a formula on how much water is used outside of the home," he remarked.

Brandstetter said he has noticed lawns in Wayne that were normally very green during the summer months had turned brown because of lack of watering.

He asked the council to consider proposals "so that we could use water throughout the summer months (for outdoor use) without being penalized with the sewer tax."

Hatch Act meets ag research needs

by Cheryl Stubbendieck, Vice President/Information
 There's ample justification for calling 1987 the centennial anniversary of modern agriculture. It was 100 years ago that Congress passed the Hatch Act, which established state agricultural research stations at each of the land grant universities. The land grant institutions themselves were founded in 1862, but the Morrill Act that established them didn't provide for research. Yet research was needed, both for classroom teaching and to serve the growing rural population. A hundred years ago, farmers were in a world of want. They needed answers to production questions. They needed new crop varieties and improved livestock. They needed help in the battle against weeds, disease and insects. They needed to know, for example, whether the new commercial fertilizers really were any better than barnyard manure. The Nebraska Legislature approved the provisions of the Hatch Act soon after its passage. The first

federal appropriation, \$15,000, came in 1888. But in '87, the University of Nebraska Board of Regents provided \$3,500 to the experiment station. THAT PRINCELY sum provided for an agriculturalist, a chemist, an animal disease investigator, a meteorologist, a geologist and a botanist. A hundred years later, the experiment station has the equivalent of 136 full-time research positions. Few faculty members are full-time researchers, however; 260 faculty have some portion of their appointment in the experiment station. That's not counting graduate students, future ag scientists who receive valuable training for their careers while working on station projects. \$3,500 doesn't go as far as it did in 1887. The ag research budget for fiscal 1986 was \$22.5 million -- with only 15 percent coming from Hatch funds. These ag scientists carry out their work across the state. Twenty-two departments on East Campus have

researchers in agriculture or home economics. There are five district research and extension centers, two interdisciplinary research facilities, two satellite ag labs and farms devoted to specific purposes. Nebraska's ag researchers work cooperatively with their counterparts in ag experiment stations in other states, too, on common problems. In addition, much research has been done over the years with the help of private cooperators -- farmers and ranchers with an interest in specific research questions who've let ag scientists use their land, crops and livestock to find answers. AG EXPERIMENT station research in Nebraska has yielded many benefits during its first century, such as: development of a vaccine for calf diarrhea that has saved Nebraska cattle producer's millions. discovery of a rapid method of diagnosing hog cholera. refinement of irrigation prac-

tices resulting in substantial savings of energy and water in sprinkler and automated gated pipe irrigation. Other states' experiment stations have been equally productive, yielding such advances as hybrid corn. Although the ag experiment stations are still doing many of the same kinds of things as they did a hundred years ago, there's no question that their work is needed. Then as now, they do the kind of work the private sector either cannot afford to do or is unwilling to do. Much of what ag experiment stations learn or discover can't be patented or owned. So there's no incentive for private firms to do this kind of work. What does the next hundred years hold for the ag experiment stations? Biotechnology, certainly, both in plants and animals; agro-robotics; continued research for ever greater production efficiency and conservation; and advances in human nutrition. As long as people eat, the need for ag research will be with us.

Church-related articles join church schedules

Public reaction has been favorable concerning efforts begun earlier this month to publish worship service schedules from all area churches on the same page of the Thursday Wayne Herald. Such organizing was started with the idea of gradually developing an entire page devoted to religious matters: schedules, bazaars, funerals, youth groups, etc. Church-related advertisers like the idea and have begun to request placement of their messages in this section which logically should be the most effective location in the newspaper for them. As the weeks go on we hope readers, too, will grow accustomed to turning to this page of the Herald for church-related information. Tiny church items, commonly included in the various social columns, will continue to appear in their traditional location but longer "headline" articles -- from anywhere in the Herald circulation territory -- will be placed on this special page as space permits. Grouping like-items on the same page makes it easier for readers looking for particular items. Examples: sports, legals, weddings and engagements, and classified advertisements.

OTHER PROJECTS Many other suggestions from readers are received weekly and we hope to act on some of the more frequently mentioned topics within the next few months. Two of the ideas -- dealing with television listings and the health care industry -- pertain only to readers within the immediate area while three other ideas -- recipes, house plans and more academic-related school news -- also is of interest to distant subscribers. We'll keep you posted. Gary and Peggy Wright, publishers

Attendance: A Must For Achievement
 If your bank credited your bank account each morning with \$405.00 but stipulated that:
 1. No balance would be carried into the next day.
 2. Any part of the \$405.00 not spent would be lost to you forever.
 Would you spend your \$405.00 each day? Absolutely yes!!!
 Your son or daughter has such an account here at our high school. Each day we deposit 405 minutes of education for his or her withdrawal. If the time isn't used, it can't be carried into the next day. It's gone forever. We are offering an investment that is better than money. Unlike money, your education:
 - Can't be lost or stolen
 - Can't be burned in a fire or taken from you
 - You can't even give it away
 - It becomes a permanent part of you
 Research shows that the single greatest factor contributing to student achievement is attendance at school. While a student who is absent from school may be able to cover a missed chapter, copy missed notes, complete missed worksheets, and receive help after school, other important aspects of a lesson are gone forever. Discussion, recitation, listening, note-taking, raised questions, explanations, and clarifications are among the important interactions that are irrefragable despite the most sincere efforts at make-up work. Your help is needed to convey the importance of each of those 405 minutes. Always strive for perfect attendance. I'm reminded of a sign I saw in a high school science room -- author unknown

Births in Nebraska decline

Births, deaths, marriages and divorces all declined last year in Nebraska, according to the Vital Statistics Report released by the State Department of Health. Live births declined for the sixth consecutive year, a trend that is expected to continue into the mid-1990's. The number of births decreased 4.4 percent to 24,425 from 25,540 in 1985. Out-of-wedlock births remained the same in number as 1985 at 3,788. However, the rate per 1,000 live births increased by 4.6 percent between 1985 and 1986. For the second year, teenagers do not represent the largest age group for out-of-wedlock births. The average age of the mother of a firstborn out-of-wedlock child was 20.2 years in 1986. Prenatal care beginning in the first trimester of pregnancy increased to 81.2 percent of the births, up from 80.2 percent in 1985. The percentage of mothers who had at least ten prenatal visits continued to increase, and the percentage of mothers who had no prenatal care decreased slightly. Congenital abnormalities were reported to the Birth Defects

Registry on 605 births. This total represents 2.5 percent of 24,426 live births and fetal deaths, equal to the final percentage for 1985. The educational level of both mothers and fathers is continuing to increase, with 89.4 percent of mothers and 93.1 percent of fathers having completed high school, and 19.4 percent of mothers and 25.6 percent of fathers having completed college. Katie was the most popular name given to girls born in 1986, replacing Christina, while John remained the name most frequently given to boys. DEATHS AS WELL as births declined in Nebraska last year, decreasing by 1.6 percent from 1985 to 14,662 in 1986. The ten leading causes of death remained the same as those for the previous three years although some changed positions. Heart disease continued to be the leading cause of death, followed by cancer and cerebrovascular disease. Accidents moved from fifth to fourth place with a rise of 8.6 percent over 1985. Motor vehicle accidents accounted for the largest share of increase.

Pneumonia and chronic lung disease were the fifth and sixth leading causes of death, while diabetes mellitus moved up to seventh place with an increase of 19.4 percent from last year. Atherosclerosis followed in eighth place. Suicide retained its position as the ninth leading cause of death even though it increased by 29.7 percent over 1985. At 227, the number of suicides reached the highest it has been since 1938. Nephritis and nephrosis (kidney diseases) placed tenth on the list. The average age at time of death for Nebraskans decreased by 0.4 year in 1986 to 72.8 years, the first decrease since 1981. The average age for males and females both declined with males dropping to 69.4 years and females to 76.4 years. The number of infant deaths in 1986 was 246, the same number as in 1985. However, the infant death rate rose to 10.1 per 1,000 live births from 9.6 in 1985. Nebraska's 1986 infant mortality rate still remains lower than the national rate. The number of marriages and divorces both declined in Nebraska last year. Marriages dropped to a

total of 12,107, the lowest number since 1965. The marriage rate per 1,000 population declined to 7.6 from 7.9 in 1985. THE MOST frequent age at marriage for grooms increased to 23 years, breaking the eight-year trend of 22 years. For the third straight year, the most frequent age at marriage for brides remained at 22 years. Divorces decreased by 3.0 percent last year to 6,127. The most frequently reported ages at divorce were 25 years for women and 30 years for men. More divorces occurred after two years of marriage than any other length of time, and 36.8 percent of the 1986 divorces occurred less than five years after marriage. More than half of the divorces occurred in marriages of less than seven years. The Vital Statistics Report is compiled from the birth, death, marriage and divorce records which by statute are required to be filed with the Bureau of Vital Statistics at the State Department of Health. Approximately 60,000 records of vital events occurring in Nebraska are filed annually.

Parents reminded to get social security numbers

Parents who have not already done so are reminded that they may now wish to obtain Social Security numbers for their children. According to Glenn Lane, Social Security manager in Norfolk, the Tax Reform Act of 1986 requires taxpayers to show a Social Security number for those dependents age five and over listed on tax returns filed after Dec. 31, 1987. Although many parents have already applied for numbers, Lane said those who haven't are urged to apply now to avoid an anticipated rush at the end of the year.

For youngsters vaccination certificates, and school report cards. A parent also will need to show identity for him or herself when going in to apply for a number on behalf of the child. ORIGINAL OR certified documents are necessary. Photocopies or notarized copies are not acceptable. The Social Security office will not keep the documents. If taken in, they will be reviewed and returned immediately. They will be returned by mail if mailed into the office. Anyone wanting a Social Security number application or additional information about necessary documents may contact the Social Security office, 1310 Norfolk Ave., Norfolk, Neb., 68701, or call 402-371-1595, or toll free 1-800-642-8310.

Stop littering
 I was driving along the road way I tossed some beer cans in the ditch and was picked up for littering. To this day I appreciate the officer enforced the law. That is when I learned right is right and wrong is wrong in any language. But for quite some time now I have noticed as one drives in from Wayne into Carroll from the south they cannot help but notice the littering going on the west side of the Countryside Apartments in the ditch. As a child I was taught to respect other people's property but it is a far cry in this situation. Such a thing is uncalled for and

anyone that does such is showing stupidity and certainly no respect what soever for others property. To make a success of a town the residents and business must keep their town clean; by doing so it brings business into the town as we all like to trade in a town that is clean. Cleanliness gives a good reputation of the town. Such littering should a heavy rain come could wash out the street and bring more taxes upon us tax payers. Common sense should show it is uncalled for when it can be prevented. Lets keep our town clean so others can enjoy coming to Carroll.

The Golden Years
 by Gil Haase
 People fear growing old because they anticipate physical disabilities, financial problems and loss of independence, says Powell Lawton, director of research at the Philadelphia Geriatrics Center. At age 85, he stressed, people have about an equal chance of being disabled or not being disabled. "But even despite the illnesses," he stated, "the majority of people find that it is tolerable." Are you eligible to receive food stamps? It's estimated that 40 percent of people entitled to stamps never apply for them. This seems to be due to a lack of knowledge about eligibility or a feeling that these are "handouts," instead of entitlements. The Committee for Food and Shelter and the Advertising Council offer a free pamphlet explaining food stamps called "How to Keep Mealtimes From Being Tough Times." To obtain a copy, call the 24-hour, toll-free hotline at 1-800-453-4000. Remember When? 1945 -- The World War II rationing of shoes, meat, butter and tires came to an end. The fifth annual fashion show sponsored by the Wayne Hospital Auxiliary will take place on Tuesday, Sept. 29 in the Wayne city auditorium. Theme for this year's show is "Fashion Silhouette V - In Step With Fall." Doors to the event will open at 7 p.m., with the serving of bars, coffee and punch at that time. The style show will get underway at 7:30 p.m. Tickets are \$3 per person.

Wayne clothing stores planning to participate in the style show include The Four in Hand, Just Sew, Kid's Closet, Kuhn's Department Store, Pamida Discount Center, Queens Fashions, Surber's Clothing and Swans Women Apparel.

A spokesman for the Hospital Auxiliary said all proceeds will be used to purchase equipment at Providence Medical Center.

Lawn wedding rites unite Lubberstedts

Making their home at rural Dixon are Mr. and Mrs. Ryan Lubberstedt, who were united in marriage Aug. 14 on the lawn of the bridegroom's home at Dixon.

Mrs. Lubberstedt is the former Debra Ehlers, daughter of Mr. and Mrs. Jim Specht of Coleridge. Parents of the bridegroom are Mr. and Mrs. Larry Lubberstedt of Laurel.

THE REV. KENNETH Marquardt of Laurel officiated at the double ring ceremony at 7 p.m. Decorations included a white arch trellis decorated in pink and white. Guests were registered by Sarah Ehlers.

LeAnn Schroeder of Wakefield, sister of the bridegroom, sang "Always," "God, a Woman and a Man" and "You and I," accom-

panied by pianist Renee Bartels of Wakefield.

Matron of honor was Barb Ernst of Laurel, and best man was the bridegroom's brother, Stuart Lubberstedt of Laurel.

Bridesmaid was Sarah Ehlers of Laurel, daughter of the bride, and groomsmen were Derek Ehlers and Brandon Ehlers of Laurel, sons of the bride.

A RECEPTION for 45 guests was held at the bridegroom's home following the ceremony. Janelle Ficus of Laurel, sister of the bride, cut and served the cake.

The newlyweds took a wedding trip to the Black Hills.

The bride is employed at the Coleridge National Bank, and the bridegroom is engaged in farming.

Aid celebrating 70th

Plans for the 70th anniversary of Immanuel Lutheran Ladies Aid were discussed when the group met Aug. 20.

Former members will be invited to attend the celebration on Sept. 20. There will be a cooperative dinner and program.

THIRTEEN MEMBERS and four guests—Clara Echtenkamp, Ema Saks, Rose Fredrickson and Bonadell Koch, attended the August meeting.

The Rev. Steve Kramer led the Bible study on church circles taken from the Quarterly.

Hazel Hank conducted the business meeting. Thank you notes were read from Wakefield Health Care Center

and from the families of Martin Meyer and Edna Dodson.

Alta Meyer and Bonnie Schrieber were thanked for purchasing the refrigerator. Beverly Ruwe gave the visitation report.

The date set for selling newspapers at the church was Aug. 31 at 9 a.m. Church cleaning will be Sept. 1 at 1 p.m.

PASTOR KRAMER and Dawn were honored with the anniversary song. Helen Echtenkamp and Dawn Kramer served lunch.

Cleaning the church during September will be Mrs. Merle Roeder, Marci Roeder, Donna Jacobsen and Bonnie Schrieber.

Renee Gehner, Robin Turner repeat vows at Grace Lutheran

The Rev. Jonathan Vogel of Wayne officiated at a double ring ceremony Aug. 15 at Grace Lutheran Church in Wayne, uniting in marriage Renee Gehner and Robin Turner.

The bride is the daughter of Alvin and Linda Gehner of Wayne. She was graduated from Wayne-Carroll High School in 1982 and from Wayne State College in 1986 with a bachelor of science degree in business administration. She is employed at Rehabilitation Professionals, Inc. in Bellevue.

The bridegroom, son of Lawrence and Theresa Turner of Omaha, is a 1979 graduate of Aurora High School and a 1985 graduate of Wayne State College with a bachelor of arts degree in education. He is presently studying for his master's degree in atmospheric sciences at Creighton University and is employed by Educational Service Unit Three in Omaha.

GUESTS ATTENDING the couple's ceremony were registered by Terri Gehner of Wayne and Traci Petersen of Lincoln.

Ushers were Kevin Erdmann and Keith Erdmann, both of Crofton, John Leininger of Superior and Duane Schleichardt of Phillips.

Lynette Turner of Omaha sang "God, a Woman and a Man" and "The Wedding Song." Organist was Vera Hummel of Wayne.

Colette Gehner of Wayne was maid of honor, and bridesmaids were Pam Ruwe of Lincoln and Janee Isom of Omaha. The bride's personal attendant was Lori Petersen of Lincoln.

Dennis Comer of Phillips served as best man. Groomsmen were Rod Turner of Omaha and Keith Turner of Wayne.

Flower girl was Ariana Erdmann of Crofton, and ring bearer was Matthew Turner of Omaha.

THE BRIDE WAS given in marriage by her father. Her white, floor-length bridal gown was fashioned by her mother and featured a point d'esprit overskirt, trimmed with cascading lace, and a chapel-length train.

The gown also was designed with a beaded lace bodice, stand-up collar and long, bridal sleeves.

Her fingertip full veil was attached to a wreath of white silk flowers accented with a puff in back. The blusher veil was trimmed with a string of beaded pearls.

The bride carried a cascade of champagne and burgundy roses, azaleas and star-flowers with baby's breath.

THE MAID OF HONOR wore a plumberry dress styled similar to the bride's, with a flared and pleated floor-length skirt, fitted bodice and stand-up collar.

The bridesmaids were dusty rose dresses in the same style. Each carried an arrangement of long-stemmed silk roses.

The bridegroom wore an ascot gray tuxedo with a white vest, and his attendants were attired in matching ascot gray tuxedos with gray vests.

Both mothers chose dusty rose floor-length dresses.

A RECEPTION WAS held in the church basement following the ceremony. Greeting the guests were Carol Bouwens of Lincoln, Brian Erdmann of Carroll, and Rich and Margaret Koopsma of Hudson, S. D.

Gifts were arranged by Kelly Gehner of Wayne and Audra Evanson of Minnetonka, Minn.

Cutting and serving the cake were Barb Kelly of Lakewood, Colo. and Ilene Evanson of Minnetonka, Minn. Terri Erdmann and Lorraine Erd-

Mr. and Mrs. Robin Turner

mann of Crofton poured, and Diane Koopsma of Hudson, S. D. and Amy VerWay of Canton, S. D. served punch.

Waitresses were Laurie Big-

gerstaff of Sioux City, Lynn Thompson of Omaha and Jenelle Jones of VerWay of Canton, S. D. served punch.

A dance followed the reception at the Wayne National Guard Armory.

PGA pro and Laurel native Mark Calcavecchia has made it to the big time.

The 1986 Southwest Classic and 1987 Honda Classic winner is featured in a cover story in the August issue of Golf Illustrated.

In the article written by Tim Rosaforte Calcavecchia is portrayed as a "beer-drinking kind of guy."

Rosaforte goes on to say that Calcavecchia enjoys shooting pool at dive bars with the caddies, taking his mother Marjorie out to dinner and going bowling with his buddies. The article says if they ever make a remake of the movie Caddyshack, Calcavecchia could play himself.

The article also reports on some other amusing Calcavecchia anecdotes. After winning the Southwest Classic he boarded a red-eye flight to Atlanta and spent the night in the Atlanta airport after closing all the bars. Just him and a big cardboard check with \$72,000 stamped across the front of it.

Rosaforte writes that Calcavecchia material desires are short. Rather than driving around in the new Honda Prelude he received for winning the Honda Classic, he gave it to his mother and continues to drive around in his early-model Camaro.

"He's a hamburger-type person," said his mother.

The article also reports many flattering things about the North Palm Beach resident. Bear Lakes director of golf Jack Sanford had many kind things to say about Calcavecchia:

"The last 30 years I've seen a lot of guys change, going from nothing to everything and losing it in a year or two. I don't think I have to worry about that with Mark," Sanford said. "I've had quite a few talks with him. He's handling it. He knows he's there. He knows he's got plenty of ability and that he can beat anybody."

The Calcavecchia family moved from Laurel to Florida when Mark was 13 to make life easier for his now-deceased father, John. The article said, "At first, Calcavecchia didn't like Florida. He was used to cornfields, not palm trees, and all his friends were back in Laurel, a town of 900. But on Christmas Day in 1974, Calcavecchia was playing North Palm Beach Country Club for nine hours in 80-degree heat. That beat Nebraska, for sure."

The article goes on to say that Calcavecchia has come a long way since his collegiate playing days at the University of Florida.

Some respected sources in golfing circles think that the boy from Northeast Nebraska can make it all the way to the top. We the people from his old stomping ground also think so.

As I was thumbing through the July 20 *The Sporting News* I read about one of the wildest contract demands I've ever heard of.

Richie Lewis, a second-round draft pick of the Montreal Expos, is demanding a \$100,000 signing bonus and a guaranteed assignment to Triple A.

That's not the weird part—listen to this. Lewis, who pitched at Florida State and made a couple of appearances at the College World Series in Omaha, is also demanding unlimited use of a telephone credit card for one year, double the Triple A meal money of \$14 a day, four World Series tickets for each year he's in the Montreal organization and airfare twice a year for his parents to visit him, wherever he is pitching.

Expos General Manager Murray Cook said, "Some of Richie's demands are a bit unusual."

I would say that's putting it mildly.

Season opens Sept. 4

Preseason polls list top teams in state

The Omaha World-Herald has released its preseason high school polls for the upcoming football season.

Although no area teams were listed many familiar names are again found themselves in the top 10.

In Class A Larry Porter predicts Omaha Creighton Prep to successfully defend its state title. Omaha Northwest is selected in the No. 2 spot followed by Lincoln Southeast, Omaha Burke, Fremont, Millard North, Papillion, Lincoln High, Grand Island, and Omaha Central. The publication lists Norfolk, under first-year head coach Ron Bruening, as a possible sleeper in the state's biggest class.

Elkhorn is tabbed as No. 1 in Class B. The Antlers are followed closely by Columbus Scotus. Last year's Class B champion Schuyler is positioned in the No. 3 spot. Wayne will hook up with the Warriors on the road Sept. 11. Last year Schuyler beat the

Blue-Devils twice. Broken Bow is ranked fourth followed by Grand Island Central Catholic, Imperial, Ord, Lincoln Plus X, Grand Island Northwest and Class B newcomer Wahoo.

In Class C-1 Battle Creek is again expected to rule. The Braves finished last season as state champions with a 12-0 mark. On their way to the title the Braves outscored their opponents 549-12. Battle Creek had a scheduling problem this season. It could only come up with five opponents but Wayne and O'Neill St. Mary agreed to play the Braves, making them eligible for the state playoffs. David City is picked in the runner-up spot followed by Wahoo Neuman, Geneva, Gibbon, Atkinson West Holt, Wisner-Pliger, David City Aquinas, Ravenna and Sutton.

Norfolk Catholic dropped a class to C-2 and is tabbed as the preseason favorite. Cambridge is picked second followed by Fairfield Sandy Creek,

Locals lose

in all-star

contest

A sacrifice fly scoring Todd Jacobsen of Persia, Iowa proved to be the winning run as the Iowa Western League All-Stars edged the Dodge County League All-Stars 3-2 in a game played at Rosenblatt Stadium Aug. 18.

Dave Stamp of Persia was the winning pitcher while Mark Eikmeier of Dodge took the loss. Eric Campbell of West Point started for the DCBL all-stars throwing the first two innings. Dan Aerni of Columbus also threw for the losers.

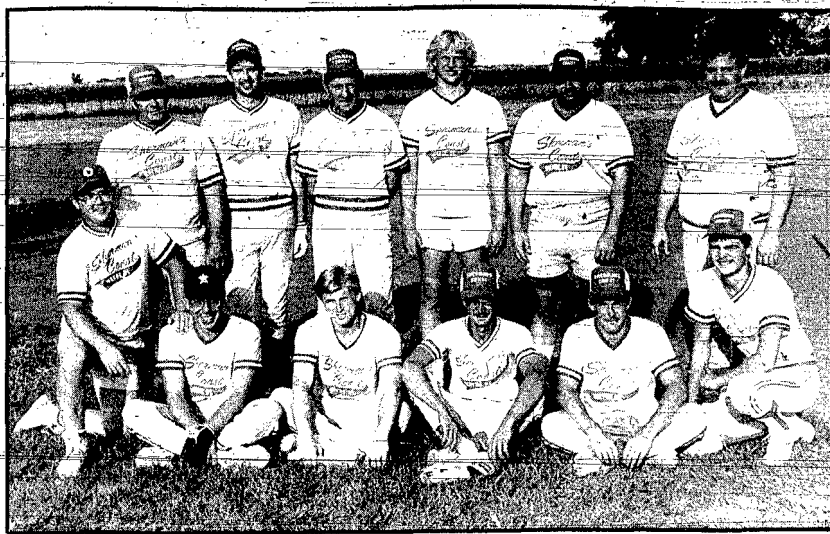

Dodge County scored first with a run in the top of the first. With one out Mike Urdahl of Blair, the league's leading hitter, singled to score Joe Hendricks of West Point.

The Iowa Western League All-Stars jumped on top in the bottom of the second with a pair of runs to take a 2-1 lead. Three doubles in the inning by Harley Leaders of Neola, Tom Wageman of Westphalia and Curt Stamp of Persia accounted for the runs.

Dodge County tied the score in the top of the fourth on a successful double steal attempt. Cody Schilling of Columbus scored from third when the throw that went to second to try to get Ed Dineen of Valley was late. The game remained tied until Iowa Western pushed across the winning run in the bottom of the eighth.

Each team stroked six hits in the contest. Urdahl, Hendricks, Schilling, Dineen, Bruce Wobken of Scribner and Rob Kreikemeier of Snyder all singled in the game. About 1,200 fans paid to watch the all-star tilt which preceded the Iowa Cubs vs. Omaha Royals ballgame.

Sports

TEAM MEMBERS OF the championship Sherman Construction team are (back row, left to right) Darrell Doescher, Mark Penlerick, Don Sherman, Kevin Stoltzman, Dennis Nelson and Sam Schroeder; (front) Dean McCormick, Jeff Sherer, Kevin Maly, Rick Luff, Todd Dorcy and Bob Sherman.

Shermans win league tourney

Sherman Construction captured the Wayne Men's Slowpitch A League Tournament Sunday by posting a 4-1 record.

Shermans blanked Vakoc Construction 5-0 in the championship game. The champions started the day with a 11-10 win over Tom's Body Shop. The win allowed them to advance to play Vakoc in the semifinals. Vakoc used an eight-run second to walk away with a 10-3 win.

Shermans was once again matched up against Tom's in the elimination game. The end result wasn't as close

as Shermans eliminated Tom's by an 8-2 score.

Shermans had to beat Vakoc twice to win the tournament. In the first game both teams took a scoreless tie into the eighth inning. Vakoc came up with three runs in the top of the eighth to give them a commanding lead. In the bottom of the inning Sher-mans came back strong. With two outs and the score tied 3-3 Don Sher-

man singled in the winning run to force the second game. In the final game it was all Sher-mans as Vakoc couldn't get on the scoreboard.

Only three of the six-league teams could field a team for the tournament.

The B League tournament is scheduled for Sunday at the Wayne County Jaycees Softball Complex.

Adult rec volleyball

The Wayne City Recreation adult volleyball will be getting underway Sept. 9.

Co-ed volleyball will be played on Wednesday evenings beginning Sept. 9. Couples 29 and under will play from 7:30-9:30 p.m. while those 30 and over will have the courts from 8:30-10 p.m. If not enough people sign up for both groups the two will be combined. Overin requests that all players must have a partner. If you are interested and don't have a partner contact Overin. Play is not open to college students because of space and time restraints.

Women interested in playing volleyball can meet on Mondays beginning Sept. 14. Every Monday from 7:30-9:30 p.m. women 20 and over can take to the court. No college students can play unless they are a graduate of Wayne-Carroll High School.

Medicines Produced By Bacteria

Many helpful medicines are extracted from plants (digoxin from foxglove, penicillin from certain molds) and animals (insulin and some immunization materials from domesticated animals). The human body has also served as a source of some medicines. Yet, some medicines can be extracted from the body only at death, and then in minute quantities. And few individuals are willing to allow their bodies to serve as medicine sources. These factors have limited the widespread availability of materials such as human growth hormone, a material required to correct growth problems in hormone-deficient children.

Protein materials that are exact replicas of those which are produced by the human body can now be produced through genetic engineering. In this complicated process, bacteria are modified (through alterations in DNA) so that they produce the desired materials in vast quantities. Since the early 1980's, human insulin has been produced via this process. Other materials that these "trained bacteria" can manufacture include the cancer-fighters interleukin-2 and interferon, growth hormone, and tissue plasminogen activator, an enzyme that holds promise in treating blood clots.

Rec football kickoff

Wayne City Recreation Director Hank Overin has announced the schedule for fall recreation football and volleyball.

All boys in grades 3rd through 6th interested in going out for recreation football should checkout equipment at the Wayne Middle Center, above the fire station. Checkout times for boys in 5th and 6th grades is from 4:50-5:30 p.m. on Aug. 31, Sept. 3 and Sept. 4. Third and 4th grade boys can checkout equipment from 4:50-5:30 p.m. on Sept. 1 and Sept. 5.

Due to the Labor Day holiday practice will begin Tuesday, Sept. 8 for the 5th and 6th grade boys. Their normal practice times will be Mondays and Thursdays from 4:50-5:30 p.m. Third and 4th graders will practice Wednesdays and Fridays from 4:50-5:30 p.m. beginning Sept. 9.

The games will be played on Tuesdays from 5:30-9:30 p.m. at Hank Overin Field. The first games will be played Sept. 22.

The Wayne Middle Center will open Sept. 8 for all kids in grades 5-8. Freshmen are invited as guests as long as they conduct themselves properly, according to Overin. The middle centers' hours are Thursdays from 7-9:30 p.m. and Fridays and Saturdays from 7-10 p.m. The middle center will be closed on the nights of Wayne varsity home football games.

EULOGY FOR PAUL MINES
Written by Doug Lane (Grandson)
At the request of the family of Paul Mines, former owner of Mines Jewelers, this eulogy is provided as an honor to his memory.

(Written Sunday, 7 Jun 87)

I CAME TO WAYNE, NEBRASKA, TO BURY MY GRANDFATHER LAST WEEK. HE MISSED HIS BIRTHDAY FOURTY FIVE DAYS IN HIS 70th WEDDING ANNIVERSARY. FOR A FORTNIGHT HE WAS CHRISTENED PAUL MINES, BUT EVERYBODY CALLED HIM DEACON, FOR FROM BOYHOOD HE WAS A DEVOUT, UNPRETENTIOUS, PRESBYTERIAN, HE WORSHIPPED FOR NEARLY A CENTURY AT WAYNE'S SEXQUISITE CHURCH, WHICH MANAGES TO BE BOTH AUSTERE AND GENTLE, ITS TALL STRAIGHT SPIRE POINTING HEAVENWARD SO THAT WE ON THE ROLLING PRAIRIE BELOW WILL NOT FORGET GOD.

DEACON, AS HIS WIFE BUNNY ASSERTS, WAS "A MAN WHO KNEW THE INSIDE OF A WATCH AND THE VALUE OF A DIAMOND." HE FIXED SO MANY WATCHES THAT HE EVENTUALLY DAMAGED BOTH EYES WITH CATARACTS. THOUGH HE RETIRED 30 YEARS AGO, I STILL REMEMBER HIM AS HE LOOKED IN HIS JEWELRY STORE, SQUINTING THROUGH HIS JEWELLER'S LOOP, SPYING OUT THE MINUTE DEFECTS IN A 17 JEWELLED WATCH, OR INSCRIBING WORDS OF REMEMBRANCE UPON THE SIDES OF A SILVER LOVE LETTER.

DEACON ENJOYED HIS STAMP COLLECTION, AND HIS COIN COLLECTION, BUT HE WAS BY NO MEANS AN INDOOR MAN. HE WAS A SPORTSMAN. HE DEARLY LOVED TO FISH AND GOLF, AND CLAIMED TO HAVE KILLED NINE RATTLESNAKES DURING THE MANY YEARS HE WAS IN THE WAYNE LINKS. IN HIS YOUNGER YEARS HE PLAYED BASEBALL AND FOOTBALL, AND HIS HANDSOME FACE CAN BE FOUND IN THE QUAIN, TURN OF THE CENTURY TEAM PHOTOS IN THE WAYNE MUSEUM.

BUT THOSE ARE THE DRY FACTS OF THE OUTER MAN, AND I WANT TO GIVE YOU A SENSE OF HIS SOUL. HE WAS AS UPRIGHT AS THE SPIRE ON HIS CHURCH. I NEVER HEARD HIM TELL A LIE. HE HAD NO TASTE FOR SHARP PRACTICES, WAS A DEMONSTRATIVE, BUT I ALWAYS FELT SECURE IN HIS LOVE. I WAS HIS GRANDSON, THAT WAS ALL HE NEEDED TO KNOW. HE DIDN'T NECESSARILY UNDERSTAND ME, NOR DID HE TRY TO UNDERSTAND ME. NOR DID HE FEEL HE NEEDED TO UNDERSTAND ME. HE WAS IN ORDER TO LOVE ME. I WAS HIS DAUGHTER'S SON, THAT WAS CONNECTION ENOUGH.

HE TOLD ME THE STORIES HE KNEW; HE INTRODUCED ME TO THE WORLD HE WAS FAMILIAR WITH... THE WORLD OF WAYNE, WAYNE. IN 1952, WHEN I FIRST EXPERIENCED IT, WAS THE HEART OF AN ADVENTURE WHOSE CAPITAL WAS AN EXTRAORDINARILY COMMODIOUS YET COZY HOUSE RUN OVER BY BUNNY AND DEACON. THE LIVING ROOM OF THE HOUSE SMELLED SWEETLY OF DEACON'S PIPE AND CIGAR TOBACCO. I GUESS I CAN UNDERSTAND WHY SOME PEOPLE LOATHE THE RICH TOBACCO SMELLS, BUT THEY WOULDN'T IF THEY ASSOCIATED THEM WITH THEIR GRANDFATHER'S SAFE, COZY, LOVING, WORLD. I'M NOT JUST TALKING ABOUT SMOKE HERE, I'M TALKING THE FINEST RUMSOAKED HAVANAS. — THIS WAS BEFORE CASTRO'S REVOLUTION.

EACH ROOM HAD ITS CHARACTERISTIC SMELLS. WHEN I THINK OF BUNNY'S KITCHEN I THINK OF BAKING, OF GINGERBREADS, WHICH SHE BAKED FOR ME TO FROST, AND OF THE VERY GROWN-UP FEELING WHICH CAME WITH BEING ALLOWED TO DRINK HER DELICIOUS HOME-BREWED COFFEE WHILE WE LISTENED TO BOB HOPE ON THE RADIO. YEARS LATER, IN A WORLD GROWN FAR MORE COMPLEX AND DANGEROUS, I WOULD SEE BOB HOPE IN PERSON, IN VIETNAM. IT WAS SOMETHING I WOULD NEVER FORGET.

MAYBE THE WORLD WAS NEVER AS SIMPLE AND SAFE AS IT SEEMED TO ME TO BE. IN 1952, IN DEACON'S HOUSE, YET I AM GRATEFUL FOR THE ILLUSION OF SAFETY. I WAS BIRTH AND GROWTH IN A CITY WHICH I ENJOYED IN MY CHILDHOOD. LATER, WHEN I WAS STRONGER, I WOULD BE FREE TO ROAM THE WORLD AND FIND OUT JUST HOW CHAOTIC, PSYCHOTIC, AND CRUEL IT COULD BE. BUT MY GRANDFATHER'S HOUSE WAS LIKE A WADING POOL FOR ME. IT WAS THERE I COULD BEGIN TO GET MY FEET WET WITHOUT GETTING OVER MY HEAD.

WHEN I CAME BACK FROM VIETNAM I VISITED BUNNY AND DEACON IN TUCSON, ARIZONA, WHERE THEY HAD RETIRED TO ESCAPE NEBRASKA'S BLIZZARDS. I CAN'T REMEMBER WHAT I SAID TO THEM ABOUT THE WAR I HAD LEFT THE WEEK BEFORE, BUT I DO REMEMBER HEARING BUNNY SAY I HAD GROWN UP BETTER. "THEIR MEDIA WORLD, THE WORLD OF LAWRENCE WELLS, WITH ALL ITS BOMBS AND BOMBAZAS, HAD GROWN RIDICULOUS TO ME. WHAT THEY TRUSTED ON TV SEEMS NOT ONLY TO FAIL TO EXPRESS WHAT I WAS EXPERIENCING AND FEELING, BUT TO DENY IT.

BUT I WAS NEVER TEMPTED TO, NOR COULD I EVER, CLEAR THE RICH SMELLS OF THEIR HOUSE, WHICH WAS TRULY A HOME, BUILT OF MEMORIES AND LOVE, OUT OF THE DEEPEST CORNER OF MY MIND. MY UNSHAKABLE ARTICLES OF FAITH? — THE COOL ROOT CELTAR SMELLING OF FRESH APPLES AND GRAPEFRUIT, AND THE LAUNDRY CHUTE, DOWN WHICH MY BROTHER AND I USED TO TUMBLE. ITS PLAIN SMELLING OF UNPAINTED CEDAR BRUSHED BY A MILLION GARMENTS OF LINEN, COTTON, AND FLANNEL WOOL FALLING TO THE BASEMENT WASHROOM BELOW, WHICH OFFERED ITS OWN AROMATIC TESTAMENT OF SOAP AND DAMP CONCRETE AND RICH EARTH AND GRASS... THE LAST ORDORS WAITING IN THROUGH NARROW, SOD-HIGH WINDOWS.

I MEAN THESE WORDS TO BE A SIMPLE PRAYER IN HONOR OF A PIOUS, HONEST, MAN, BUT I FIND THAT I CANNOT SAY A PRAYER FOR DEACON, MY GRANDFATHER, WITHOUT SAYING THAT PRAYER FOR HIS WIFE, HIS HOME, HIS TOWN, HIS COUNTRY, HIS PAST, HIS PRESENT, AND HIS FUTURE. AND I CANNOT THINK OF THE STEEPLE ON HIS CHURCH WITHOUT THINKING OF HIS GOD, WHOM HE IS CERTAINLY WITH, AND FROM WHOM HE NEVER STRAYED FAR DURING HIS STAY ON EARTH. SOME MEN FIX WATCHES, OR AT LEAST THEY DID BEFORE DIGITALS CAME IN, AND IT WAS HIS SPIRIT, WHICH MANIFESTED ITSELF FOR NEARLY A CENTURY AS A RISING AND SETTING OF THE SUN, THE CHANGING OF SEASONS, AND EVEN THE PASSING SEASONS OF OUR LIVES, AS THEY ARE MARKED BY WEDDING RINGS AND CHRISTENING SPOONS. IT TOOK EXTRAORDINARY RESERVES OF PATIENCE FOR DEACON TO MAKE HIS RISE THROUGH THE LAST CENTURY. HE WAS A MAN WHOSE LIFE WAS A RETIRED YEARS IN ARIZONA, UNDER THE SOUTHWEST SUN, HIS FACE BECAME AS PLEASINGLY BROWN AND LEATHERY AS A WELLWORN SADDLE. HIS UPRIGHT DIGNITY WAS A CONTINUAL REMINDER TO ME THAT LIFE COULD BE DIFFICULT, AND EVEN MORE SO, BUT YET IT COULD BE GOTTEN THROUGH GRACEFULLY, WITH A QUIET STRENGTH, LIKE THAT OF THE ROCKS IN THE GRAND CANYON, WHICH ARE CONTINUALLY WEATHERED BY THE WIND, AND THE SUN, AND THE WATER, AND YET ENDURE, AND BEAUTIFULLY.

THE WAYNE CEMETERY WHERE DEACON IS BURIED ARE MANY TOMBSTONES. SOME ARE MARBLE, SOME GRANITE, THEY ARE MADE TO LAST, AND YET THE OLDER ONES ARE WEAR. THEIR INSCRIPTIONS: FAINT, DEACON, TOO, HAS A LARGE STONE CARVED DEEPLY WITH HIS SURNAME. I'M IN E. S. BUT I KNOW EVEN THAT FORMIDABLE OBJECT IS ONLY TEMPORARY. WHAT IS PERMANENT ABOUT DEACON IS HIS SPIRIT, WHICH MANIFESTED ITSELF FOR NEARLY A CENTURY AS A RISING, LOVING, HARDWORKING, DEVOUT, CRAFTSMAN WHO KNEW THE INSIDE OF A WATCH AND THE VALUE OF A DIAMOND. HE UNDERSTOOD THAT ALL THINGS MOVE, ROLL, TURN OVER AND PASS, AND YET THERE IS ALSO THAT WHICH STANDS STILL, SHINING AS BRIGHTLY AND UNDEVIATINGLY IN THE UPPERMOST REACHES OF HEAVEN'S CEILING AS THE POLESTAR. THE SEASONS ROLL CONTINUALLY OVER THE PRAIRIE, THE GENERATIONS ARE BORN AND THEY DIE, BUT ALWAYS THE SPIRE, AND THE TREES IN DEACON'S CEMETERY, AND THE GRASSES CARPETING THE VAST PRAIRIE, WILL REMIND US OF DEACON. REMINDING US OF THAT WHICH WHICH NEVER PASSES, WHICH NEVER CHANGES, WHICH ALWAYS REMAINS THE SAME IF ONLY WE WOULD OPEN OUR EYES TO IT.

INDUCTED INTO THE NE Nebraska Experimental Farm Association Hall of Fame prior to the Northeast Research and Extension Center VIP Tour were, from left, Dale Flowerday, Walt Tohman, Bob Fritschen, Cal Ward and George Rehm.

Tour

(continued from page 1A)

members A. Dale Flowerday, Walt Tohman, George Rehm, Bob Fritschen and Cal Ward was conducted in conjunction with the University of Nebraska Northeast Center VIP Tour.

Donald Hudman, district director of the area research and extension center, gave the introductions and said the Nebraska Experimental Farm Association Board had voted "to recognize these five people for their outstanding work."

Flowerday served as superintendent at the Northeast Station from 1957 to 1964; and Tohman was a beef specialist there from 1959 to 1974.

Fritschen worked at the Northeast Station as swine specialist from 1965 to 1978; and Ward served as superintendent-district director of the area experimental farm from 1967 to 1986. Rehm, soil fertility specialist at the Northeast Station from 1969 to 1983, was also honored.

AFTER EACH OF the five individuals were recognized and

presented plaques, a large wall hanging inside the Northeast Research and Extension Center was unveiled, which displayed photographs of Rehm, Ward, Fritschen, Tohman and Flowerday and the words "NE Nebraska Experimental Farm Association Hall of Fame."

Following the ceremonies, the staff of the Northeast Research and Extension Center conducted two VIP tours and hosted a special luncheon. Special guests of the VIP tours were representatives of the Lower Elkhorn Natural Resource District, representatives of the Nebraska Experimental Farm Association group and area media.

"We want to recognize the NRD for what they do for us. We hope to continue and coordinate programs with them. There's enough for all of us to do without duplicating efforts," said Hudman in his opening remarks.

AMONG THE area experimental farm staff members speaking during the VIP tour were Kevin Fairbanks,

research engineer, on computer applications in research and extension at the Northeast Research and Extension Center; David Shelton, associate professor and extension agricultural engineer, on soybean residue cover for erosion control; John Wilkowsky, extension and research entomologist, on soybean reduction as influenced by the bean leaf beetle and on environmental concerns.

Also speaking were Keith Jarvi, integrated pest management extension assistant, on the "garden of weeds"; Russell Moomaw, extension crops and weeds specialist on whether double cropping can be done in northeast Nebraska; Charles A. Shapiro, extension soil specialist at the Northeast Research and Extension Center, on determining corn nitrogen fertilizer rates; Dr. Mike Brumm, swine specialist, on sugar and pig shrink; William L. Kranz, extension irrigation specialist, on irrigation runoff control; Jerry Echtenkamp, graduate student, and Moomaw on establishment/management of cover crops in a soybean-corn rotation.

Guys and Dolls opens Friday

Opening night for "Guys & Dolls" is this Friday at 8 p.m. in Ramsey Theatre on the Wayne State campus.

Other dates are Saturday at 8 p.m. and a 2 p.m. matinee on Sunday. Tickets are \$5 for adults and \$4 for senior citizens (65 and older) and children 12 and under.

Reserve tickets are available from Michele Flowers at Wall to Wall Decorating in downtown Wayne. Seating may also be obtained at the door on the night or afternoon of the performance.

The play's director is Ted Blenderman, with music director Sue Powell and choreographer Sue Scott.

The plot of "Guys & Dolls" centers around a little-known Runyonesque story, "The Idyll of Sara Brown," but it is enriched by a horde of Runyon's typical Broadway characters. All of

them are gamblers, and the action concerns them, their girls and their troubles — the chief trouble being the difficulty of deciding between the rolling of the dice and the beating of the heart.

There are two love stories. One involves Nathan Detroit (Dave Rusk), a small but hot-shot operator, proprietor of "the oldest established permanent floating crap game in New York." He is devoted to Miss Adelaide (Gwen Jensen), a night club canary.

THE OTHER romance concerns Sky Masterson (Chuck Higbee) and Sarah Brown (Melissa Wilbur), a Salvation Army lass and head of the gallant but rundown Save-A-Soul Mission. Complications ensue but, with a nod to the proverb, the course of true love is smoothed out along a

bigger, if not necessarily better, Broadway.

According to Gil Haase, a cast member and publicity director of the musical, the cast of Wayne's "Guys & Dolls" is a diversified group "far off Broadway", working hard for six weeks to bring a small portion of Broadway to Wayne.

Five members of the cast are employed with Timpie; nine with Wayne State (seven students and two faculty); five are high school students and two are retired.

Other occupations involve: drug store, minister, housewife, surveyor, nursing home administrator, lumber company, real estate, restaurant, mattresses, construction and FHA. "They are your neighbors, relatives, club associates; in other words, Wayne's community theatre is truly a large part of our community and the surrounding area as well [Wakefield, Winside and Dixon]," Haase said.

Budget

district from six counties (Antelope, Pierce, Stanton, Madison, Cumming and Wayne) to 17 total counties.

Other counties now in Wayne's probation district, which were previously in Dakota City's district, are Cedar, Dixon, Knox, Holt, Boyd, Rock, Keya Paha, Brown and Cherry.

"Thurston County will be picked up later," mentioned Brown.

Probation offices in the district are in Ainsworth, O'Neill, Norfolk, Dakota City and Wayne, which is the base of the district. Brown said the current probation district is the largest geographically among other probation districts in Nebraska.

Last fiscal year, about \$22,994 was requested to fulfil interim costs within what was then a six-county district. Brown said the interim cost requested in the 1987-88 Wayne County budget was \$39,932.50 to cover the merged 17-county probation district.

Brown said state statute requires that each county in the district reimburse the base county, upon final billing, for their share of the interim costs.

THE CASH reserve in the 1987-88 county budget will remain the same

as the previous year — at \$216,000. However, the cash balance for this fiscal year is greater (by 12 percent) than at the start of the past previous year, varying from 1986-87's figure of \$187,672.22 to 1987-88's total of \$210,333.62.

Areas of increases or decreases in requirements over the 1986-87 budget figures included: Road and Bridges, up 1.5 percent to \$1,121,772.67;

Employment Security, up 5.7 percent to \$19,609.83; Relief/Medical, up 22.6 percent to \$71,595; Institutions, up 1.9 percent to \$12,000; Veteran's Aid, up 8.3 percent to \$1,300; Special Police, down slightly to \$50,000; Noxious Weed, up 22.8 percent to \$41,735 (to provide for possible purchase of a new vehicle); and County Improvement, a decrease of 11 percent to \$489,102.11.

Morris said that salaries for the 1987-88 fiscal year were frozen. "The budget was frozen too, except for what has been mandated by the state," she said.

Approximately \$189,125 has been budgeted for rural road improvements, of which \$71,364 will come from property tax requirements. This will cover paying off the county cost for constructing and paving Centennial Road west of Wayne.

LUNCH PROGRAM

Students bringing their own lunch are required to eat in the cafeteria.

Students 7-12 may purchase their tickets from either Mrs. Gahl or Mrs. Brockmoller. Tickets will be punched as these students go through the lunch line. Charging meals is not a good practice and will be discouraged at all times. An absolute limit of 5 meals charged is in force. Constant violators will lose this privilege. One lost meal ticket a semester will be replaced without charge.

Students will be able to purchase meal cards as follows: Grades K-6, \$1.00 each, 10 meals, \$10.00; Grades 7-12, \$1.20 each, 10 meals, \$12.00. Faculty, \$1.30 each or 10 meals, \$13.00. VISITORS TO THE CAFETERIA WILL BE CHARGED \$1.50 PER MEAL.

Food served in the cafeteria is to be eaten in the multi-purpose room. All students will conduct themselves in a proper manner while eating their meal. They are to return their trays to the kitchen window and place all papers, etc. in the proper receptacles. Special care should be taken to return the silverware with the tray. It is very easy to dump it with the papers. Please help with this problem.

CHILD FIND NOTICE

Any parent, medical officer or other person in the school district who knows of any resident child under the age of 18 who may have a handicapping condition that has not as yet been identified, please get in touch with Don Leighton at the Winside Elementary School.

DRIVERS LICENSE EXAMS

Dixon County drivers license examinations will be given Sept. 10 and Sept. 24 from 8:30 a.m. to noon, and from 1 to 4:15 p.m. at the courthouse in Ponca.

CANDIDATE FOR MEMBERSHIP

Tammy Kavanaugh, a junior majoring in political science at the University of Nebraska-Lincoln, has been appointed from her school as a candidate for membership in Outstanding College Students of America.

Membership selection is based on academic and extracurricular achievements. Outstanding College Students of America is a national organization dedicated to the recognition of scholastic achievements and leadership.

Tammy is the daughter of Vincent and Jean-Kavanaugh of Dixon.

The Dave Daneks, Amanda and Jonathan, Ponca City, Okla., spent last week in the Gordon Hansen home, Dixon.

The Larry Herfels, Lawton, Iowa, and the Lamont Hetfels, Ponca, were Aug. 16 supper guests in the Phyllis Herfel home, Dixon.

Dinner and afternoon guests Aug. 14 in the Kenny Kardell home, Dixon, were Celesta Bleeker and Susie Kooymann, St. Paul, Minn.

Supper and overnight guests in the Kardell home on Aug. 19 were Brigadier and Mrs. Leroy Nelson of Minneapolis.

The Darwin Kardells, Omaha, were Aug. 21 overnight and Saturday guests. Joel, who had spent the past week with his grandparents in Dixon, accompanied his parents to spend Saturday night in the Leland Sawtell home, Newcastle, before returning home on Sunday.

The Mike Kneifls, Dixon, the Jerome Schultes, Hartington, Beradine Addison and Helen Marie Pfister, Newcastle, returned Aug. 17 from an 11-day tour to Ireland.

Mrs. Ed Remm, Emily and Eddie, Norfolk, visited in the Kneifl home on

Aug. 18. Mary Kneifl, who had spent several days in the Remm home, returned home.

The Harold Jewells were dinner guests Aug. 21 of Mr. and Mrs. Bob Francis at Plainview.

Art Jewell and granddaughter Trisha Jewell of Goldfield, Iowa were dinner guests Aug. 23 in the Harold Jewell home.

Jason, Missy and Brandy Freeman, Elkhorn, returned home Aug. 21 after spending the past week in the Norman Jensen home, Dixon. Dustin Nobbe, Dixon, went with them for a week's visit.

The Rasmussen family met for a picnic Aug. 23 in a Wayne park. Attending were the David Schmidts, Jennifer, Douglas and friend Cindy, the Brian Reegs and Jamie, Columbus, Mr. and Mrs. Don Helms, Wayne, the Randy Rasmussens, Daniel, Jeremy and Ryan, and the George Rasmussens and Earl, Dixon.

It was also a farewell for Douglas Schmidt, who leaves today (Thursday) to enter the armed services at Fort Dix, N. J.

Mr. and Mrs. Lawrence Lux, Sebeka, Minn., and the Allen Milbrads, Dilworth, Minn., spent Aug. 18-24 visiting relatives and friends in the Laurel, Allen, Colorado and Sioux City areas.

They attended the wedding Aug. 22 of Bob Lux and Carrie Bofforff at Ponca.

The Clayton Stingleys, Dixon, the Duane Stingleys, Travis and Tyler, Laurel, and the Randy Stingleys and Ashli, Norfolk, were Aug. 23 supper guests in the Mike Schuitz home, Norfolk, for Clayton's birthday.

Pfc. Thomas Thomas, Dixon, returned home Aug. 23 from a month's training at Fort Irwin, Calif.

The Paul Borgs, Concord, returned home Aug. 23 from a two-week vacation in the northwest.

They attended the 50th anniversary of the Sawtells-Borg reunion on Aug. 14-18 at Lost Lake, Wash., when the 50th wedding anniversary of Mr. and Mrs. Alden Sawtells was also observ-

ed. Mrs. Sawtells is the former Gertrude Borg of Allen.

The Borgs visited in the Sawtells home and in the Mrs. Ellen Roberts home and with their families in Oroville, Wash. They also went sightseeing in British Columbia, Canada.

The Ellis Wilbur family, Dixon, returned Sunday from a week's vacation in the Black Hills.

Mr. and Mrs. Wayne Butts, Monroe, Mich., spent Aug. 6-22 in the Carol Hirschert home, Dixon, and with other area relatives.

Stacy and Tamara, who had been visiting in Dixon for the past two months, returned home with them. On Aug. 17, Mrs. Butts, Stacy and Tamara, and Mrs. Hirschert were supper guests in the Vicki Hirschert-Cindy White home, Sioux City, Iowa. Jamie White returned to Dixon with them.

Tuesday evening, Mrs. Hirschert, Jamie White and the Butts family were supper guests in the Earl Pinkleman home, Hartington.

Carol Hirschert, Jamie White and

the Butts were dinner guests Aug. 21 in the Ernest Knogl home, Dixon.

Mrs. Lawrence Lux, Sebeka, Minn., and Mrs. Mark Roebert in the Vincent Kavanaugh home.

The George Bingham, Dixon, and grandchildren Jason, Erin and Katelyn, met Dr. and Mrs. Dave Bingham of Lincoln in the Cecelia Samson home, Bancroft, on Aug. 20 for dinner.

The children returned to Lincoln with their parents after spending several days in Dixon.

The Duane Whites visited in the John Lamont and Ron Hall homes at Minatare Aug. 15-20.

Mr. and Mrs. Don Peters, Dixon, and Donna Durant and family, South Sioux City, attended the Aug. 22 wedding of Lauri Sluyter and Kirk Kallen in Remsen, Iowa.

Mark and Mindy Durant, who had spent the past week with their grand parents, returned home.

SWINE DIETS

The greatest cost of producing swine is feed and energy feeds make up 80-85 percent of the swine's diet. Improvements in the use of energy feeds offer one of the best opportunities to improve economic efficiency in swine production systems.

Research conducted by E.R. Peo, Jr., and A.J. Lewis, animal science professors at the University of Nebraska-Lincoln, identified three findings that will have an impact on the swine industry.

The research established that energy plays an important part in a sow's return to estrus (heat) following weaning. Peo and Lewis found that 12,000 kilocalories of energy fed during lactation is the minimal amount of energy needed for early return to estrus.

Mold inhibitors, such as sorbic acid and propionic acid, preserve the quality of high energy, high moisture swine diets for about three weeks, the researchers found. Mold inhibitors make it easier to feed swine high moisture grain diets because the chance of moldy feed, resulting after two or three days, has been reduced or eliminated.

Liquified animal fats added to swine diets will reduce hog-house dust, the research also found. When 5 percent and gains and feed conversion were improved 5 percent to 10 percent. Lung lesions were also less severe in pigs fed the diets with tallow.

SUMMER HEAT CAN MEAN DEATH TRAPS FOR DOGS

The family dog may become a victim of heat prostration from a poorly ventilated car. An owner will park the car in the shade with the intention of returning within a few minutes. A delayed return allows the sun to move and come in contact with the vehicle. When the windows are only slightly open, the temperature of a car can rise to 102 degrees within 10 minutes, or 120 degrees in 30 minutes.

The normal temperature of a dog is 101.5 degrees to 102.2 degrees. A body temperature of 107 to 108 degrees can be withstood for a short period of time without the dog suffering irreparable brain damage; or even death. The elevated interior temperature of the vehicle interferes with the dog's normal cooling mechanism, evaporation through panting.

Overly fat dogs are more likely to become "over heated". With even minimal exercise they can be overcome with heat exhaustion on a hot, humid day.

Should heat exhaustion overcome your dog, rush him to a nearby veterinarian. If one cannot be reached within a few minutes, give the dog immediate first aid by cooling him with cold water from the hydrant or in the bath tub. During the cooling process, massage and flex the legs to force the blood back into the general circulation.

Once the rectal temperature has dropped to 103 degrees F., take the dog to a veterinarian for examination. The dog may require intravenous fluids and drugs to speed his recovery.

Crop water use

Listed below are the average daily crop water use rates in inches per day for the past week for the Wayne area. The average crop water use rates are determined for corn at two emergence dates, May 5 and May 20, soybeans with an emergence date of May 22, and alfalfa with an emergence date of April 15.

Crop	Water Use Rate (Inch/Day)
Average August 18-24	
Corn (5/5)	.12
(5/20)	.15
Soybeans (5/22)	.19
Alfalfa (4/15)	.17

The Farmer's Wife

by Pat Melehenry

It's Saturday morning, and I'm in Lincoln at Grandma's house. She's cutting up apples, and telling me to "get your column written." Erma Bombeck says you are always the child when you go to your mother's home, no matter if you are fifty and president of your own corporation. Mom seems to think that if I take a tablet and a pen, and sit down at the table, the column will write itself. If only that were the case—or should that read, "was the case?"

I've been in Lincoln to attend a workshop sponsored by the Ne. Dept. of Health on Supervision, especially as it relates to Homemakers and Home Health Aides.

There are lots of pit falls in working with paraprofessionals, especially in areas of protecting the agency

from litigation. And protecting from litigation is an important concern.

Our Home Health agency had its annual inspection by a Medicare surveyor, last week. This time, a federal surveyor was surveying her! What an experience. Much of what "Jed" had to say had to do with liability. Everyone's concerned about it.

WHEN I was fussing about reviewing policies to a classmate this spring, she commented "You have them so if you get sued, you hope you did something like them." Exactly. The other half of it is to document. Document, document, is the name of the game.

Yesterday, I got together with a friend who specializes in rheumatology. We decided that

Medicare is a monster, in great danger of collapse. It was a system with great potential for abuse, has become much too expensive, and now spends all its time trying to prevent fraud. Those of us attempting to play by the rules are caught in the middle.

This gal visited England in May, and their newspapers carried a different article every day about the problems of socialized medicine; mainly having to do with folks having to wait months for elective operations.

Then I read Mom's copy of Modern Maturity, the AARP Magazine. One lengthy article deals with the "Sandwich Generation", middle-aged couples who are having to look after parents and help out children. The latter are facing monumental

education costs, divorce, child care, and unemployment.

A MAJORITY of care is still being given in the home. Only 10% of our elderly population is in nursing homes. Even though nursing homes are much improved, home is still the best place, if it can be arranged.

Guess what? An American Hospital Association newsletter for Aug. 17 has an article about a nurse from Ida Grove, Ia., who presented a paper "Recruiting Farmers into Nursing" at a recent conference.

Just one problem occurs to me. What are the "free spirits" of agriculture going to think of Medicare regulations? As I've suspected all along: too much government is at the root of both the problems in health care and those in Ag.

SCOTT BROWN (left) of Wayne was one of the many guardsmen from the local guard unit who participated in the Fort Irwin military exercises.

At Fort Irwin, California Guard fulfills desert duty

Spec. 4 Scott Brown of Wayne inspects a Soviet armored fighting vehicle, a T-62 tank. The soldier in Soviet battle dress was a permanent party member of the National Training Center's (NTC) Opposing Forces (OPFOR) at Fort Irwin located in the middle of California's Mojave Desert. The Nebraska guardsmen were on duty with Wayne's Company A, 2nd Battalion, 134th Infantry but for two weeks they were part of the Opposing Forces 32nd Guards Motorized Rifle Regiment.

Until now, Army maneuvers have seldom been truly realistic. Forces were divided into blue and red teams which fought American style. At the NTC, the presence of a realistic OPFOR changes this. The OPFOR is made up of nearly 1500 U.S. Army soldiers who are thoroughly trained as a Soviet motorized rifle regiment.

In their role as Soviet soldiers, the OPFOR attack unexpectedly, outnumbering the defending U.S. units by at least three to one and employing "dirty battlefield" techniques such as chemical warfare. The OPFOR also defends according to Soviet doctrine.

To make the battles as realistic as possible the OPFOR not only wears Soviet style uniforms but uses real soviet tanks and armored vehicles. Since the actual soviet equipment is in short supply VISMOS, visual modifications of standard U.S. tracked vehicles to make them look like equipment are also used extensively.

As members of the opposing forces the Nebraska guardsmen were spending a great deal of time in the field gaining valuable experience and expertise in both U.S. and Soviet tactics and doctrine. They expect to be a valuable training resource when they return to their hometown units.

RECEIVES DEGREE
Marcella Shortt of Lincoln, daughter of Emma Shortt of Allen, received her bachelor of arts degree from the University of Nebraska-Lincoln College of Arts and Sciences during summer commencement exercises. She has been accepted for graduate studies.

She plans to retain her position with the Nebraska State Department of Corrections along with continuing her schooling.

Marcella is a 1969 graduate of Allen High School.

AUXILIARY MEETS
Gasser Post Auxiliary met at the Martinsburg school last Thursday evening with Thelma Sullivan serving as hostess.
It was announced the September meeting will be at 8 p.m., with auxiliary members joining post members for a steak fry, following the business meeting. Women are to bring a salad.

SENIOR CITIZENS
The Allen Senior Citizens Center will hold its birthday coffee on Friday, Sept. 4 at 9:30 a.m.
The monthly potluck meal has been scheduled for Friday, Sept. 18. Peggy Wheeler will give a presentation on services provided by the League of Human Dignity.

Members have set Saturday, Sept. 19 as the date for the annual farmers market, rummage sale and bake sale from 9 a.m. to 3 p.m. They also will be serving pie and coffee that day.

Commodities will be distributed at the center to those meeting the guidelines on Sept. 3 from 8:30 to 9 a.m. Each family will receive one pound of butter, five pounds of cheese, four pounds of dry milk and four pounds of rice.

LOWER ELKHORN NATURAL RESOURCES DISTRICT

ROAD STRUCTURE

A road structure was recently completed in Colfax County, nine miles southwest of Clarkson. The project, the Sayers-Votruba Road Structure, was a cooperative effort of the Lower Elkhorn Natural Resources District, Colfax County, the Soil Conservation Service, and the landowners.

The structure was built in place of a new bridge and will offer flood control to downstream landowners, as well as, making it possible for the County to replace two downstream bridges with metal pipes, thus saving thousands of dollars on bridge construction.

The structure contained 78,000 yards of earthfill and a principle spillway metal pipe of 172 feet in length. Contractor on the project was Doernmann Construction Company of Clarkson.

PRIVATE LANDS OPEN TO HUNTERS

Since 1977, upland game hunters in Nebraska have been purchasing a \$7.50 Habitat Stamp with each hunting permit. The funds generated by these sales have been used by the Nebraska Game and Parks Commission to acquire land for wildlife habitat management and to enhance the habitat on existing public lands.

Another phase of the state Habitat Program is the Private Land Habitat Program. This program is administered locally by Natural Resources Districts and pays landowners for establishment or protection of habitat on private lands. Landowners also receive payment to open the contract areas to public access by foot traffic for hunting, fishing, hiking, and trapping.

The areas open to the public access are marked with wildlife habitat signs. The Lower Elkhorn NRD presently has 2,225 acres of contracted areas and will provide a list of those areas, with directions to locate them. These lists are available at the NRD Office in Norfolk, The Game and Parks Commission Office, and the Soil Conservation Service Office in your county.

SCRIBNER PROJECT

The flood protection levee at Scribner, Nebraska, which will reduce flooding by 74% is in the final planning stage. Planning for the levee began in 1979 with authorization from the Corps of Engineers under Section 205 of the 1948 Flood Control Act.

Estimated total project costs is 1.6 million dollars. The Corps of Engineers will pay for all construction costs, the local tax payers will pay for the right-of-way, easements and any necessary relocation of roads and utilities. This cost is estimated at \$443,700.00.

The City of Scribner has obtained a grant from the State of Nebraska Resources Development Fund in the amount of \$266,280.00 and the remaining local costs will be shared by the City of Scribner and the Lower Elkhorn Natural Resources District.

Contracts for construction of the levee will be let in the spring of 1988. Construction time is estimated to be fifteen months.

LOWER ELKHORN NRD FISCAL YEAR 1988 BUDGET ADOPTED

A Public Hearing was held on Thursday, August 20 on the proposed Fiscal Year 1988 Lower Elkhorn NRD Budget. The Board of Directors adopted a budget and certified a levy of \$.0350 cents per \$100.00 actual valuation. Such levy would provide for a Fiscal Year 1988 Property Tax requirement of \$977,000.00 with total requirements of \$1,568,679.46.

SUBDISTRICT EQUALIZATION

Legislative Bill # 148, which was passed in 1987, requires that all Natural Resources Districts equalize their subdistricts so that the population in the largest subdistrict is no greater than three times the population of the smallest subdistrict.

In order to comply with the law, the Lower Elkhorn NRD made a minor change in the boundary between subdistricts II (Platte County) and Subdistrict VI (Colfax County). The boundary line of subdistrict VI was extended west to include all of Platte County within the Lower Elkhorn NRD. The resulting gain in population in subdistrict VI equalizes the population ratio of the district to 2.8:1, which complies with the statute. The number of directors will remain at 19, with 9 subdistricts; 2 directors from each subdistrict and 1 director elected at large.

POINTER CONTEST TO PROMOTE PUMPKIN DAYS

To help promote the Pumpkin Days in Wakefield on Saturday, Sept. 26, the committee is sponsoring a Pointer Contest. Tom Peterson, weatherman on KCAU-TV in Sioux City, has agreed to use the winning entry on a broadcast a week prior to the celebration.

Anyone is eligible to enter. The winner will be awarded a prize by the Pumpkin Days committee. Deadline to enter is Sept. 1 and entries may be left at the Wakefield Republican.

Tom Peterson will also be in Wakefield for Pumpkin Days and will be helping judge the entries in the kids parade. The parade will kick off the activities on Pumpkin Days.

All pumpkin-related entries in the parade will be judged, but any type of entry will be welcomed. The only restriction in the kids parade is No Motorized entries.

Following the parade, which will end at the park, there will be kids games for both individual and teams including a pumpkin roll and a free omelet feed. Pumpkins will be judged in several categories, decorated and undecorated. There will also be pumpkin food contests.

Also in the planning stages are a melodrama and a teen dance.

FINE ARTS SHOW RULES

The committee working on the Fine Arts Show for Pumpkin Days on Sept. 26 announced last week some rules and guidelines. There will be two divisions, youth in the eighth grade and younger and adults including high school age and up.

Kaye Hilsinger and LeAnn Schroeder are co-chairmen of the Fine Arts Show committee. In order to arrange adequate display area for the show, the committee would appreciate those who plan to have an entry to please pre-register by Sept. 1. A phone call to either Kaye at 287-2901 or LeAnn at 287-2127 is sufficient.

All fine art projects are welcome to be displayed during Pumpkin Days, buy only those items with a pumpkin theme or idea will be judged. Suggested items for display are quilts, crocheted or knitted items, hooked rugs, embroidery, needle point, counted cross stitch, jewelry, ceramics, woodcraft, paintings, and drawings, sculpture, and photography. With quilts, old or new, the committee suggest a short history pinned to it to add interest.

Following are some guidelines and rules set by the committee:

Paintings must be framed and have sturdy wires for hanging. The paintings and frames must be dry. Youth entries must be matted or framed.

All entries must be the work of the entrant and must be original, not copied or traced from other paintings or drawings.

The committee and director reserves the right to reject any work of art that is, in their opinion, unsuitable for exhibition. The committee will not be responsible for unclaimed entries. Times for turning in the items for display and pick up time at the conclusion of the show will be announced when the committee has an idea of the number of entries they will have to work with.

Anyone with questions regarding the show should contact either Kaye or LeAnn.

NEW PROGRAMS APPROVED

The annual budget hearing for Wakefield School District 60R was held in conjunction with the regular board meeting on Aug. 10. Total expenditures for the 87-88 school year will be up 3.7 percent, but the total tax request will be down 12 percent from the previous school term. The board of education approved the budget as presented by the committee.

In other business the board voted to participate in the National School Lunch Program. This year the school will also participate in the National School Lunch Program. This year the school will also offer a breakfast program. Breakfast will be served each morning from 7:45 to 8:15. Cost of meals with milk were also set for the upcoming year. Prices are: lunch for elementary students, 60 cents, junior and high school, 70 cents, adults, \$1 and those eligible for reduced meals will pay 40 cents.

Breakfast will be 25 cents for all students; 50 cents for adults and 10 cents for reduced. Milk prices are 10 cents for two per cent white; 15 cents for whole white and chocolate milk.

Something else new at the school this year will be a fluoride mouth rinse program that is available to students in grades 1-6. Mr. Hartman told the board that this program is sponsored by the Nebraska Department of Health at no cost to the students. It involves a once a week rinse that takes approximately five minutes of classroom time. The 2 percent neutral sodium fluoride rinse will reduce new dental cavities by 35 percent.

Mr. Hartman said letters will be sent to elementary parents the first week of school to further explain the program. Only those students with parental permission will take part in this program.

Mr. Hartman also reported that the playground equipment purchased by the AAL and by Mary Ann Simpson has been installed and that the Keim memorial money is being used for the construction of a fort and chinning bars, sand tables and seating benches. Tom Keim has coordinated the latest endeavor, according to Hartman and other local carpenters, teachers and board members have contributed their time and labor toward this project.

At the last order of business the board named William Horneber as a school attorney and Shirley Preston as board treasurer for the 1987-88 school year.

DIRECTORS MEETING

The regular meeting of the Wakefield Health Care Center board of directors was held Aug. 13 at the hospital. The meeting was called to order by President Kenneth Salmon. Other board members present were: Terry Borg, Elmer Carlson, Jeanne Gardner, Tom Gustafson, Mardell Holm, Alden Johnson, and Dallas Roberts.

Newly elected officers are President: Alden Johnson; Vice President: Dallas Roberts; and Secretary: Mardell Holm.

Committee assignments were also made. Executive committee: Chairman: Alden Johnson, Dallas Roberts and Mardell Holm. Finance committee: chairman: Elmer Carlson, Jeanne Gardner and Mardell Holm. Building and Grounds: chairman Terry Borg; Tom Anderson and Tom Gustafson. Equipment: chairman: Dallas Roberts, Terry Borg and Kenneth Salmon. Medical staff: chairman Kenneth Salmon, Tom Gustafson and Jeanne Gardner.

100TH QUILT COMPLETED

Ladies at the Wakefield Senior Citizens Center recently completed their 100th quilt.

Ever since the center opened five years ago ladies have been finishing quilts for people or making one for a fund raiser. The ladies said most quilts average from 150-200 hours to finish.

Regular quilters are Nora Linder, Edell Peterson, Ruth Boeckenhauer, Ione Anderson, Rachel McCaw, Bernice Lundahl, Winsome Olson, Ardath Utecht, Adelia Anderson, Emma Harding, Audrey Johnson, Gladys Park, Polly Hank, Ruth Felt, Margaret Lundahl and Famy Johnson.

Laurence Carlson, Elvis Olson and Ivan Johnson usually put the quilts in the frame for the ladies.

AUXILIARY MEETS

The Wakefield Health Care Center Auxiliary met on Aug. 5 in the West Lobby at the center. Chairman Linda Kargard welcomed everyone and conducted the business meeting. Lola Erlanson led devotions. Local Pharmacist Dick Keidel spoke on generic drugs.

A quilt for the Fall Festival was on display. Ruth Felt reported on the number of hours required to make the quilt, how many ladies worked on the Project, etc.

Hostesses were Anna Anderson, Darlene Viken and Pat Baker.

ATTENDAG INSTITUTE

Bobby Greve, Mollie Greve, Kaye Hansen and Valorie Krusemark were among Nebraska youth that met in Lincoln July 20-24 for the Nebraska Agricultural Youth Institute (NAYI) sponsored by the Nebraska Department of Agriculture.

FOOTBALL INJURIES

The Wakefield Rescue Squad updated their training on football injuries during their monthly meeting on Aug. 17. Jill Christensen EMT instructor, directed the efforts of Lowell Johnson, Dallas Roberts and Kenneth Salmon. Larry Soderberg, who treated the injured football player. The Squad recently acquired a second KEO board with memorial money from Adam Keim's family. They also decided to purchase a Spider Strap for \$103. The strap holds victims on the backboard.

The squad also practiced removing helmets and shoulder pads from an injured player and placing them on the backboard.

MEMBER OF PEP TEAM

Lynn Anderson, local FHA/HERO Chapter member, and advisor Mrs. Kathy Mitchell attended a training session sponsored by the March of Dimes of Aug. 5 and 6 in Columbus. Lynn is participating in the March of Dimes Families and Futures Peer Education Project (PEP).

The PEP team project focuses on helping teenagers to understand how choices they make today can affect the health of their future children and to develop a sensitivity to the responsibilities of parenthood.

As part of the project Lynn is required to make a minimum of 10 program presentation during the upcoming school term. Lynn is prepared to speak on topics such as family, special needs people, birth defects, drug abuse, infectious diseases, nutrition and teenage pregnancy.

She is available to speak to extension clubs, school organizations, 4-H groups, church groups or at any other meeting or events. Any club or organization interested in having Lynn make a presentation is asked to contact her or her advisor.

ATTENDS CONFERENCE

Mrs. Kathy Mitchell, home economist teacher at Wakefield High School, attended the Nebraska Vocational Education Conference in Omaha, Aug. 11-13. The theme for the annual conference, sponsored by the Vocational Division of the Nebraska Department of Education, was "Vocational Education: Building America's Future."

Walter and Dorothy Hale spent Aug. 12-19 sightseeing in the Black Hills. On the way there they were supper and overnight guests of Curt, Karen and Casie Claussen in Chadron. Karen is the daughter of Jimmie Woodwards of Concord. They met Walter's cousin and her husband, Bill and Lois Nelson of Peru, Indiana, in Rapid City. They also visited Dorothy's great aunt in Rapid City, Fannie Halladay. She was 96 years old on August 13. They also toured the Ellsworth A.F.B., the Gage Dam at Pierre, South Dakota, Wall Drug and the Corn Palace.
