Squirrel cause of blackout

A squirrel which was snooping around the NPPD Wayne substation, behind the city's Municipal Power Plant, lost its life and caused a 10 minute power outage all over the city late Sunday afternoon.

The squirrel fell into the main in-tertie breaker with NPPD, which supplies the city of Wayne with electrical power.

The end result was that the squirrel blew out the 69,000 volt NPPD tie-line fuses at the substation, causing a black-out throughout Wayne.

For about two hours, the city generated its own power until the damage to the fuses could be repaired.

winter never seemed to materialize. But on Tuesday and Wednesday of this week when Mother Nature revealed her hand, she carried a royal straight flush — powdering the Wayne area with up to eight inches of snow Tuesday and stirring the accumulation with up to 35 mile per hour winds on Wednesday.

The storm all began on Sunday and Monday in the western section of the U.S. as it created tall waves along the coast of California and them moved into the mountains where it dumped

IT BLEW into Nebraska Monday afternoon. North Platte had nine inches of snow by Monday night and more was expected by Tuesday. O'Neill and Ainsworth caught the brunt of the snow storm Tuesday as they received accumulations of up to 20 inches.

By Wednesday, a northwesterly wind began whipping the heavy snow accumulation around, making it rough for country road and highway travel.

Area schools (Wayne-Carroll, Laurel-Concord, Wakefield, Allen, Winside and rural school districts) did not open up on Tuesday and Wednesday. Six basketball games and one wrestling meet scheduled Tuesday night by schools in the Herald's coverage area were postponed.

Wayne State College shut down on Tuesday, but reopened on Wednesday. The Wildcat college basketball game against Midland College was played Tuesday evening in Fremont, with Wayne State victorious.

BUSINESSES and industries in

Wayne city snow clearing crews were out in full force most of Tuesday, keeping up with the heavy snowfall. They started up again at 2 a.m. Wednesday morning and by 8 a.m. most of the city streets in Wayne had been cleared completely, although some icy patches remained.

A spokesman for the public works department said 14th Street was blocked as of Wednesday morning. He added that the snow clearing crews found most people were adhering to the snow emergency ordinance regarding vehicle parking.

State highway snow clearing crews were out until dark on Tuesday working on opening roads. They went back out again around 5 a.m. Wednesday to plow through roads which had drifted shut.

A state highway spokesman said that as of Wednesday morning, the Wayne area had two way traffic, but the roads remained 100 percent snow and ice-covered, with considerable blowing and drifting continuing.

Check date for newspaper renewal

Subscribers of The Wayne Herald should check their address label in the top corner of the front page to see when their subscription expires.

...So if your label reads 2-88, your last issue will be dated Jan. 31.

Towards the end of each month, this reminder - and similar announcements - will be published in two or three consecutive newspaper issues to provide maximum notice for readers whose subscriptions ex-

pire at the end of that particular month. The first notice will be published at approximately the same time the old subscription renewal cards normally would have been mailed.

Yearly rates for subscriptions are \$21.89 for addresses in Wayne, Cedar, Dixon, Pierce, Thurston, Cuming, Stanton and Madison Counties; \$24.20 for other Nebraska addresses and; \$29.40 for out-of-state addresses. Pur-

chasing single newspaper copies each week at a local newsstand costs approximately 60 percent more than the price of an annual subscription.

Only subscribers who receive their newspaper through the U.S. Postal Service will be affected by this renewal notice change. Local subscribers who receive their newspaper via Herald carriers still will receive a renewal notice postcard

Conway to run for state senate seat

By Chuck Hackenmiller
Managing Editor

State Senator Gerald Conway confirmed Monday that he will seek reelection to Nebraska's District 17 legislative seat.

He was elected to represent the district in 1984 to represent Dakota County, Dixon County and most of Wayne County.

Conway announced his decision to seek another four years as state senator during Monday's early afternoon meeting of the Wayne Kiwanis Club at the Black Knight.

He told the Kiwanians that his performance as senator during the past four years can be judged based on the hundreds of issues and thousands of his votes before the legislature.

"To return for another term would allow me to take advantage of my experience and seniority to provide my district with an even better return on their investment," Conway said.

"If I return for another term, there will be only 25 more senators who would have more seniority than I would," he mentioned.

HE SAID HE has gained "a great deal of experience" while working

with 2,500 pieces of legislation. During his term, Conway said he introduced or co-introduced at least 40 bills.

Among his most satisfying accomplishments, he said, were to remove uninsured motorists from roads, fighting to keep quality health care in the rural communities and "working to promote diverse economic development in the northeast Nebraska area."

Conway currently serves as vice-chairman of the Banking, Commerce and Insurance Committee, vice-chairman of the Intergovernmental Cooperation Committee and vice-chairman of the Committee on Committees. He serves on the Judiciary Committee and is a member of the Legislative Council.

He also serves as chairman and an executive committee member of the Midwestern Council of State Governments — a 12-state council that promotes research, cooperation and information exchange between the states.

Conway was raised on his family's farm west of South Sioux City. He served in Vietnam with the First Air

The high school seniors are competing for 40 awards worth a total of \$140,000 in the oldest nationwide high school science scholarship competition.

The 300 honors winners were judged the most talented of 1,339 students from 589 schools who entered research projects. This year's honors winners include 176 young men and 124 young women.

Rump's research project is titled: "Experimental Investigation of the Effects of Lateral Vortex Lift in Stepped Airfoils."

"The purpose of this project has been to determine the performance characteristics of a stepped airfoil in comparison to a normal airfoil and determine what airfoil behavior in the stepped airfoil causes differences in performance," said Rump.

Kurt Rump

"In addition, the author evaluated possible applications of the stepped airfoil in modern aircraft design. After radio control aircraft flight tests and wind tunnel tests, it was determined that the stepped wing airfoil offers no significant advantages over airfoil design."

Financial aid workshop to be offered

A financial aid workshop will be held in the commons at Wayne High School on Monday, Jan. 25, at 7 p.m. The workshop will be hosted by Terry Munson, Wayne High School Counselor and conducted by Jeanine Phelan.

Jeanine Phelan is from the Educational Planning Center, located in Omaha, NE. This center is jointly sponsored by Nebraska Student Loan Program and Nebraska Higher Education Loan Program. Both organizations are private, non-profit organizations with an interest in

higher education. All services provided by the Educational Planning Center are free. Jeanine Phelan is a former college assistant director of financial aid and has a strong background to assist with any questions parents may have in this area.

The program on Jan. 25 at Wayne High School is going to address:

1. Financial Aid, with particular emphasis on federal aid programs and several different types of loan programs.
2. Completing the Financial Aid

Form (F.A.F.) or other similar forms used to apply for financial aid.

3. Computer Software package available for parent use to give them an estimate of their financial standing prior to mailing completed forms.

In order to complete the financial aid forms or use the computer software package, 1987 income, asset, and debt information is needed for both parents and students. A completed 1987 tax return would provide the information necessary for the financial aid form. A copy of 1986 tax

records could be used as a reference if a 1987 return is unavailable, no 1986 data can be used on the financial aid form, however. Bring all the necessary data with you and complete the financial aid form on Jan. 25, or use the information from the workshop, to complete the form at a later time.

If you have any specific questions prior to the workshop, call Terry Munson at 375-3150. The meeting is open to anyone. You need not be resident of the Wayne-Carroll School District to attend.

HARD WORK AND HOMEWORK

As the Semester I exams approach, parents and students can prepare together. Solid test preparation means solid study skills. This involves time, planning, organization, notetaking, setting priorities, reviewing, and plenty of hard work and homework. Get involved in the development of these study skills by helping to coach your son or daughter through the semester exams at the end of the month.

WHERE TO START:

- Know your son's/daughter's schedule of courses.
- Know how he/she is doing in those courses. Look at report cards, warnings, tests, and homework. Ask to see them.
- Know how he/she has prepared thus far. Look at notebooks, handouts, review sheets, past exams, and textbooks.
- Know the exam schedule.

COACHING TECHNIQUES:

- Reject student attempts to shrug you off with statements that they know everything or have no work. Everyone can improve, and has work to do.
- Provide a place to study in which the student feels comfortable.
- See to it that all required materials are on hand—notebook, texts, paper and pens.

- Set a routine: a common starting time and ending time.
- Encourage—concentrate on helping...not just finding out everything he/she doesn't know or understand.

• Ask about teacher direction—what did the teacher say was important to study? You can be sure it will be on the exam.

• Look at the material learned in September—semester exams test for the cumulative nature of learning—not just the most recent.

ADDITIONAL TIPS FOR PARENTS OF STUDENTS UNDER Public Law 94-142.

- Direction can be difficult. Some students need specific directions broken down step by step, along with concrete examples. (Oral and written.)
 - Expression skills need to be clear. Slow down fast handwriting so it can be read. Build confidence in oral and recitation skills.
 - Memorization both long and short term might be a problem. Organization of notes, texts, and learning aids are critical to overcome this difficulty.
 - Extra help is available. Mary Lou George, the special education teacher at the high school has communicated to her students and to the staff her availability to help any student who is under PL 94-142. This includes taking the final in the resource room, helping with test construction, and receiving tutorial help.
- Questions:**
Call the school, 375-3150 if you have questions about an assignment, course or exam. Ask to speak with me or the course teacher.

March of Dimes drive conducted

Wayne Women of Today, along with several volunteers, conducted a successful door-to-door campaign for March of Dimes on Sunday, January 17. Just over \$300 was collected for this worthy cause. The Wayne Women of Today would like to thank the Wayne residents who supported this campaign with their donations.

Donation canisters are still on display at the State National Bank, the First National Bank, Occidental/Nebraska Savings Bank, First Federal Lincoln and Columbus Federal Savings Bank through January 27.

Since it was not feasible to canvas the entire community, donations will still be accepted by contacting Mindy Luft, 319 Logan in Wayne, 375-1192 or by calling Annette Rasmussen at 375-2701 until January 27.

Worried About How You'll Look With A Hearing Aid?

Chicago, Ill. — A free offer of special interest to those who hear but do not understand words has been announced by Belton. A non-operating model of the smallest hearing aid Belton has ever developed will be given absolutely free to anyone requesting it.

It's yours for the asking, so send for it now. It is not a real hearing aid, but it will show you how tiny hearing help can be. The actual aid weighs less than an eighth of an ounce, and it fits completely into the ear canal.

These models are free, so we suggest you write for yours now. Again, there is no cost, and certainly no obligation. Although a hearing aid may not help everyone, more and more people with hearing losses are being helped. Estrogens — Good News

Estrogen therapy is accepted as one of the most effective methods of minimizing loss of bone mass in women who are at risk of developing osteoporosis. When women reach menopause or undergo surgical removal of the ovaries (where natural estrogen is produced), replacement estrogen therapy is often prescribed. There are other less common uses for estrogens, such as for cycle regulation, atopic vaginitis, and ovarian failure.

A piece of "good news" about estrogens was reported recently in connection with the Lipid Research Clinics Prevalence Study. A 30 percent reduction in heart-related deaths was observed among middle-age women who took estrogen (for noncontraceptive purposes) in comparison to women who were not taking estrogen.

Researchers conducting the study believe that the reduced risk of heart-related deaths was due primarily to the elevation of HDL (high density lipoprotein) cholesterol stimulated by the estrogen. HDL is the so-called "good cholesterol," a protein that removes LDL (low density lipoprotein) cholesterol or "bad cholesterol" and keeps LDL cholesterol from depositing in the smaller blood vessels of the body.

Lady Cats defeat Kearney

By Kevin Peterson
Sports Editor

With the score all knotted at 30, at intermission, Wayne State Lady Wildcats came out gunning in the second half, and defeated arch rival Kearney State, at Rice Auditorium Saturday night, 72-50.

With that kind of performance, you would think that Wayne State Head Coach Lenny Klaver, must have given one heck of a half time speech to fire up his squad.

"I just told the girls that we played a little sluggish in the first half," Klaver said. "Since we had lost the last two games we played by one point each, to Missouri Western and Fort Hays State, we decided that we couldn't let this one slip through our fingers."

In first half action, Wayne State quickly found itself down by eight points, 12-4. The Lady Wildcats, then went on a 16-0 scoring run, to lead 20-12, with 10 minutes remaining in the half.

Fueling the Wayne State barrage were Dawn Berni-Tucker, and Linda

Schnitzler. The two combined for 13 of the 16 points.

Klaver noted the play of both Tucker and Schnitzler. "I thought Dawn and Linda played an outstanding game," Klaver said.

Although Tucker is Wayne State's leading rebounder, she was held off the boards, hauling down but four caroms. She made up for the rebounding absence, by netting a game high 21 points.

At the start of the second half, Wayne State put on another one of its spurts. Leading 33-32, the Lady Wildcats scored 18 unanswered points, to boost the lead to an uncatchable, 51-32.

With the five minute barrage of points in the first half, and the six minute blitzkrieg in the second half, Wayne State accounted for a 34-0 scoring rampage in just over 25 percent of the game.

Schnitzler, added 20 points to aid the Lady Wildcat victory.

Never-the-less, Wayne State boosted its season victory total to seven wins, coupled with six losses.

Drought ends for Wayne State

By Kevin Peterson
Sports Editor

Wayne State ended a two year drought against Kearney State Saturday night at Rice Auditorium, in front of a standing room only crowd. The Wildcats needed an overtime period to send the Antelopes back to Kearney with a 70-69 loss.

The catalyst of Wayne State was Scott Hurley, as he netted 29 points. Hurley had 14 at intermission, and added to the total during a 10-10 free throw stretch in the closing minutes of regulation.

Wayne State College Head Coach Steve Aggers was pleased with his teams ability to keep its savvy, even when they got into foul trouble.

"The main thing about this game was the fact that our guys found a way to win," Aggers said. "They just kept battling away, and it paid off."

The game started off with a bang, as Wayne State hit a 3-point field goal, to take a quick 3-0 lead. But it was Kearney State who took control the next several minutes, taking a 14-6 lead.

Wayne State fought back, and with 1:30 left, the game was tied at 27, as Hurley scored four straight points off Kearney State miscues.

With 30 seconds left in the half, Hurley hit another 3-point field goal, to put Wayne State up 32-31. Kearney State decided to go for the last shot, but turned it over with nine seconds remaining.

Wayne State returned the favor, and turned it over with four seconds left. The tennis match continued, as Kearney State again turned it over to Wayne State with two seconds left on a traveling violation.

Wayne State was not to be denied this time around, and nailed yet another 3-point field goal, to extend the lead to four at 35-31.

The second half began as the first half did. Kearney State fought back, regained the lead, and stretched it to five, with 12 minutes remaining in

regulation.

After a 3-pointer by Wayne State, the lead of Kearney State was two. Then Wayne State was aided by two questionable calls. A Hurley 3-pointer tied the game at 49, with 10 minutes remaining.

The lead changed hands a couple of times, with Mike McNamara putting Wayne State up by two by hitting a lay-up with 4:40 left. The Wayne State lead grew to four, when Bobby Parker hit for two.

Wayne State's heads up play, and desire to win was almost all for not. With 1:37 left, and a six point lead by the Wildcats, MacNamara and Parker were each saddled with four fouls.

Kearney State's Bruce Zabel hit a 3-pointer, to cut the lead to 59-56, for Wayne State, with 1:11 left. Hurley then stepped to the line for Wayne State following a quick Kearney State foul. He sank both free throws.

It was clear cut that Kearney State's plan was to hit 3-point shots and quickly foul Wayne State, thus trading three for two.

Kearney State Head Coach Gerald Hueser's plan worked brilliantly. With 39 seconds remaining, Kearney State had cut the Wayne State lead to one, 63-62.

With 15 seconds remaining, Hurley again sank two free throws boosting the lead to 65-62. The crowd sensing victory, rose to its feet, anxiously awaiting the belated horn to end the game.

But it was Kearney State who briefly subdued the crowd noise, when Larry Klaus nailed a 22-foot jumper with two seconds left, to tie the game.

The overtime period was somewhat marred by official's whistles. With 39 seconds remaining in overtime, Keith Berg was at the line for a one-and-one. He missed, but McNamara was there for the offensive board. He missed the shot, but Berg was there to put it up and in, for a 70-67 lead.

Kearney State made two free throws when McNamara fouled out, making the score 70-69. Kearney State had the last shot, but Joel Hueser's desperation shot gave Wayne State the win.

As the horn sounded, Hurley put the exclamation point on the recent frustration brought about by Wayne State's drought against Kearney State, by slamming the ball to the floor.

Puttin' up with Pete

by Kevin Peterson

Well, I have to admit, I found it very difficult not rooting for my alma mater, Kearney State, last Saturday, when my Lopers came to Wayne. In fact, when Kearney State's Larry Klaus hit the 3-point field goal with two seconds in regulation remaining to knot the score at 65, I did jump up and yell.

However, that doesn't mean that I'm also not a Wayne State fan. That goes back to last year, when Wayne State came to Kearney. I was impressed with the cohesiveness of Head Coach Steve Aggers' squad.

And how can you not like the playing style of Scott Hurley. And on the offensive and defensive boards, how can you not root for Mike McNamara. To tell you the truth, I couldn't lose the other night. If Kearney State won, fine, I'm an alumnus. If Wayne State won, fine, I'm a Wayne resident now.

Oh, what a game it was. Anyone who was fortunate enough to witness the game in person, whether in a seat, or standing room only, they definitely got their money's worth.

The excitement level was at its peak, the crowd was very vocal, (Until Kearney State made its late come back), and the players performed at the highest level imaginable for college athletics.

The match ups a rivalry, however, for the past few seasons, Kearney State had turned it into a one sided rivalry. Obviously, this added fuel to the Wayne State fire. Let me tell you, the rivalry is alive, and is now a two-sided rivalry.

Again, the play of Hurley was nothing less than magnificent. The great players always find a way to score. At times, I witnessed Kearney State defenders, literally tugging at Hurley's jersey, to keep up with him.

Hurley shook them and scored. In fact, he shook Kearney State 29 points.

On the other hand, I couldn't believe Kearney State was fouling Hurley and no one else. I realize that Wayne State's strategy was to get the ball in Hurley's hands, but why not foul someone without the ball. Maybe it is a two-shot foul, but what have you got to lose. All Hurley did was sink 10 in a row.

It's amazing that every time your favorite team loses, it's the ref's fault. How ironic, a fans only scape goat is the referee.

I felt the officiating was consistent in the Wayne St.-Kearney State game. There was a couple questionable calls that gave Wayne State the basketball, towards the end of the game. I'm talking about the balls that were tipped by a Wayne State player, and the ball was returned to Wayne State.

Since referees are human, I feel that this is purely judgemental, it could have gone either way. However, there was a call in the second half, that was not judgemental, but purely misinterpreted by the men in stripes.

Wayne State was on a controlled fast break, and they were going up for the shot when Kearney State's Tray Zimmerman reached out and pulled the shooter down.

The officials called a break-away foul, and gave Wayne State two free throws and the ball out-of-bounds. My friends, that was not a break away foul. For one thing, in order to be a break away foul, you have to be on a fast break, and the only possible person who is going to shoot.

Then, and only then, if the defender tackles you, or pushes you in the back, thus causing the ball handler to lose balance on an otherwise clear shot at the basket, can it be called a break-away foul.

In this instance, the defender Zimmerman, was practically in front of the ball handler. Never-the-less, I felt that Wayne State won the game in the first half, with two seconds remaining, when they hit a 3-pointer to stretch its lead to four at 35-31.

On to other things, if anyone is interested in going to see some major Division I basketball, you might want to purchase some tickets to the NCAA Midwest men's basketball regional, to be held at the University of Nebraska on Friday, March 18, and Sunday, March 20, at the Bob Devaney Sports Center.

Eight of the nation's top Division I teams will be competing. Tickets are being sold in a package, good for all three sessions. There will be two sessions on Friday and one on Sunday, for a total of six games.

According to Associate Ticket Manager Joe Selig, plenty of \$30 package seats remain, but a limited number of \$36 package seats are still available.

Of the 14,000 available seats, 10,000 have already been sold. Ticket requests will be accepted through the mail. To order, send a check or money order to: UNL Ticket Office, P.O. Box 82848, Lincoln, Neb. 68501. A \$2 handling charge must be included with each order.

Winside places fifth

Wayne grapplers impressive at Elkhorn.

By Kevin Peterson
Sports Editor

If Saturday's Elkhorn Invitational was any indication of how Wayne might possibly do in the District wrestling meet, next month, then Head Coach John Murtaugh has to be pleased at what he's seeing.

Murtaugh's squad finished fifth in the ten team field. However, Wayne scored 100½ points, and brought home seven medals. The tournament was close in the scoring, as the first place finisher and the fifth place finisher, had but 26 points separating them.

Three of the teams that finished ahead of Wayne, are rated in the top 10. Team standings were as follows:

1. Arlington, 126½; 2. Elkhorn, 120½; 3. Gretna, 113½; 4. Bennington, 110; 5. Wayne, 100½; 6. Wahoo, 88; 7. Omaha St. Joseph, 52½; 8. Fort Calhoun, 41½; 9. Raymond Central, 32; 10. Omaha Cathedral, 4½.

"We have to continue making progress," Murtaugh said. "We can't be satisfied with what we've done, even though we have looked good at times."

Murtaugh noted that this was the most important tournament of the season to date. "This is the tournament where the seedings are usually determined for Districts," Murtaugh said.

Although Wayne brought home seven medals from Saturday's competition, only one of the seven, was a first place medal.

That belonged to Brian Nelsen. Nelsen is currently on a seven match winning streak, dating back to the Creighton classic. The 189 lb. senior, is quietly making waves for opponents who have virtually never heard of him.

"Nelsen is handling the success very well," Murtaugh said. "On the mat, he's doing a tremendous job, and off the mat he's accepting the fact, that he can get better."

Jason Cole and Chris Luff each received a second place medal. Cole lost a 2-1 decision to Paul Krause, Arlington, in the championship match.

Luff lost a 6-1 decision to Eric Ostler, Fort Calhoun, in his championship match. Ostler is a returning state placer from the state meet a year ago.

Third place finishers for the Blue Devils included Chris Janke and Shane Geiger. Janke defeated Jaime Collins, Wahoo, 7-0, in the consolation match. "Chris wrestled his best tournament of the year," Murtaugh said. Geiger defeated Kevin Bousquet, Raymond Central, 7-5 in overtime, to earn his third place medal.

Fourth place finishes went to Tom Etter and Jason Ehrhardt. Etter lost an 11-2 decision to Jim Holstein, Gretna, in the consolation bracket.

Meanwhile, Ehrhardt ended up losing to the same person, twice. He wrestled Brooks Call, Elkhorn, in the first round, and lost 4-0. In the consolation bracket, the two met again, this time Ehrhardt dropped an 11-2 decision, to Call.

Wayne will now focus its attention to the conference meet, to be held this Saturday, at South Sioux City. The results of the Wayne grapplers in the Elkhorn Invitational are as follows:

- 102--Chris Janke 1. Won by Technical Fall, 16-0, over Mike Jensen, Gretna; 2. Lost 14-4, to Trevor Weatherfield, Bennington, (returning state champ); 3. Bye; 4. Won 7-0, over Jaime Collins, Wahoo; Third Place Finish.

- 171--Chris Luff 1. Won by Technical fall, 17-1, over Kevin Wisniewski, Elkhorn; 2. Won 7-1 over Mike Turner, Arlington; 3. Lost 6-1, to Eric Ostler, Fort Calhoun; Second Place Finish.
- 189--Brian Nelsen 1. Won by pin over Kevin Krocklow, Elkhorn; 2. Won by pin over Zach White, Fort Calhoun; 3. Won 17-10, over Joel Manuel, Bennington.

While the Varsity Wrestlers were taking part in the Elkhorn invitational, the 9-10 grades were taking part in the Pender Invitational.

Wayne had six wrestlers participating in the tournament, and all six brought home medals. Results are as follows:

Winside grapplers finished fifth in a field of eleven, Saturday, at the Battle Creek Invitational.

The Wildcats scored 91 points, just two points behind fourth place Howells.

Winside Head Coach Paul Sok noted his squad was still without the services of Shane Frahm at 119 lbs. "With Frahm wrestling, we could have finished higher," Sok said. Frahm missed his second meet of the week, Saturday, with illness.

Winside had three first place finishes, one second place finish, and one third place finish.

At 125 lbs, Doug Paulsen was the first Wildcat to earn a first place medal. Paulsen defeated Jared Kremlacek, Stanton, 7-0, in the finals.

"Paulsen had a fairly easy tournament," Sok said. "Usually the 125 lb. weight class in this tournament is really strong, but Doug ended up wrestling the same guy in the finals, for the third time this week."

Paulsen boosted his season victory total to 16, versus two defeats.

The Kant brothers were also first place finishers in the tournament. Mace raised his record to 17-1 on the season by pinning Bobby Novotny of Howells.

The 130 lb. Kant made short work of his opponents, spending a total of

4:01 on the mat during the whole tournament, en-route to pinning three opponents.

"Mace was very intense," Sok said. "His moves were right on target. He did an outstanding job." Kant's first match lasted 27 seconds. His second match lasted 39 seconds. The championship match lasted 3:01.

The other half of the Kant combination boosted his season record total to 17-0, en-route to his first place finish.

"Max didn't seem to have too much trouble," Sok said. "He wrestled a little loose at times, but he virtually did what he wanted."

Kant defeated Chris Wilson, Norfolk JVs, 11-6 in the finals.

Chad Carlson finished second for the Winside Wildcats. Carlson dropped a 12-4 decision, to Cory Peatrowsky, West Point, C.C.

"Carlson started off a little sluggish," Sok said. "But he progressed into the finals." Sok also noted that Carlson lost in the finals, to a state qualifier. "If anything, this may have opened Chad's eyes," Sok said. "He only has a month left to hit the weights, and gain more strength."

Carlson was denied in the finals from making any moves, because of Peatrowsky's bigger frame.

The only other medal winner for Winside, came in the 189 lb. division. Brian Thompson finished third, by virtue of a bye.

Winside will be in action this Saturday at Oakland-Craig.

Wakefield Lady Trojans succumb to Ponca 64-37

For the first half of the Wakefield-Ponca girls basketball game held Monday night, Wakefield played the heavily favored Indians within five points.

In fact, after trailing 16-8, after the first quarter, Wakefield outscored Ponca 13-10 in the second, to hold the score at 26-21 at intermission.

Unfortunately for the Trojans, there are four quarters to every high school basketball game.

The Ponca Indians came out in the third quarter with a full court press, and manhandled the home town Tro-

jans. In the third quarter alone, Ponca tripled the score on Wakefield, 21-7, to take a 19-point lead into the final period.

Again in the fourth quarter, Ponca kept the rally going by outscoring Wakefield 17-9, to account for the 64-37 margin, when the final horn sounded.

Wakefield Head Coach Ellie Studer saw her team fall behind quickly in the third quarter, due to the hot hand of Ponca. "They were very hot in the third quarter," Studer said. "They hit their first 9-12 shots from the field. They were obviously ready to score

in the second half," Studer added.

Ponca's Christy Wallenstein went into intermission with a respectable first half performance, including 10 points. In the second half, however, Wallenstein came out on fire, blasting the Trojans with 24 second half points, to give her a game high 34.

Wallenstein's performance, along with team-mate Jennie Johnson, who netted 16, nearly defeated Wakefield single-handedly.

Wakefield was led in scoring by Karen Hallstrom. Hallstrom was the

only Trojan in double figures, with 10. Perhaps the best all around play came from Julie Greve. Greve netted eight points, but keyed the rebounding attack of Wakefield by hauling down 10 caroms.

Wakefield will be hosting Wynot this Friday. The game with Wynot is designated to be Parents Night.

This Saturday, Wakefield's 9-10 grade girls will be the host of a four team tournament. Other teams participating include, Allen, Bancroft and Emerson. Action gets under way at 9:00 a.m.

Wayne Blue Devils lose to rated Seward

By Kevin Peterson
Sports Editor

The Wayne Blue Devils ran into a stone tough Seward, Blue Jay team Saturday, and the visiting Blue Devils came up on the short end, 60-48, to the Class B second rated team.

"We played a very good team," Assistant Coach Ron Carnes said. "We were disappointed with our play, however. We didn't feel that we handled their press as well as we could of," Carnes added.

Seward made use of the home court advantage early, jumping out to a 16-11 lead after one quarter of play.

The Blue Devils virtually traded

point for point with Seward in the second quarter, with Seward taking the lead at intermission, 30-24.

The second half was almost a mirror image of the first half for Seward. The Blue Jays scored 15 points in the third and fourth quarter to come up with two equal halves of scoring.

Wayne, ironically, scored the same amount of points in the second half as it did in the first half, 24.

All familiarity set aside, Carnes noted that Wayne really never got into sync with its offense. "We didn't get into our half court offenses," Carnes said.

"We didn't use good judgement on our passes, and we had too many turnovers," Carnes added.

Scott Hammer was the leading scorer for the Blue Devils, with 15. Jarrod Wood scored 12, and Nick Engelson added 10.

Rebounding was led by Wood, who accounted for eight caroms, while Doug Larson hauled down seven. Jess Zeiss led the team in assists, with four.

Wayne will now turn its attention to traveling to Hartington Cedar Catholic this Friday. "This is kind of a big rivalry," Carnes said. Intangibles may also play a key role in the game. Wayne Head Coach Bob Uhing's squad will have its work cut out for them, as they travel to play

the team that Uhing coached earlier in his career.

It will also give Wayne a preview of the team, they could possibly face at districts, which is over a month away yet.

In the junior varsity contest, Wayne dropped a 64-37 decision to the home team Blue Jays.

Willie Gross led the JVs with 10 points. Carnes noted that the JVs also played rather poorly, leaving them with a record of 6-3.

Meanwhile the Blue Devil Varsity dropped its fourth decision of the year, against seven victories.

Snow clearing effort commended

City snow clearing crews had their first major storm to erase from Wayne streets Tuesday and Wednesday. They should be commended for their admirable effort. The snow fell at an alarming rate Tuesday morning and in the afternoon. Snow clearing crews were out to remove some of the snow before the winds picked up later on Tuesday.

When the winds arrived and whipped around the snow accumulation, the city snow crews were out at 2 a.m. to begin clearing the streets and making them as safe as possible. By 8 a.m. on Wednesday morning, motorists traveling in Wayne basically found the streets cleared, although some icy patches at the intersections remained.

Tuesday and Wednesday indeed were classified as snow emergency days. That means that five hours after the declaration of a "snow emergency" has been announced, no car can be parked on any of the streets in Wayne. This allows snow clearing crews to push off the snow from curb to curb.

Speaking on the subject of snow, the postal department — particularly the city mail carriers — would certainly appreciate seeing the sidewalks leading to the houses cleared off.

Stomping through heavy accumulation of snow, combined with facing the cold winter temperatures, has to be tiring and also can lead to slower delivery service.

Some people may not be able to get their sidewalks cleared immediately after a snow storm because they work during the day and can only tackle the snow clearing during the dark hours.

But an effort should be made, for at least for the city mail carrier or for the children that walk the distance to school each day, to scoop off the snow whenever possible.

The city ordinance states that it is unlawful for property owners to allow snow, sleet, mud or ice to accumulate on any sidewalk abutting their lot. The sidewalks should be cleaned off within 24 hours after the storm.

Within the city limits is not the only area where snow removal requires immediate attention. The same situation holds true for rural mail carriers. Scoop around the mailbox and make it easy for the mailman to drive right up to deposit the mail.

It's these situations that help a lot when the weather just doesn't cooperate.

Song ban

Most people, if asked, would say that a Fundamentalist minister should not have the power to make curriculum changes in a public school. In fact, this is forbidden in the Constitution.

But most people in this area would see it as a moot point, because that kind of thing doesn't happen in our lawabiding, democratic community. Wrong. It has happened.

Fans attending home events of Wayne High School athletics recently may have noticed the absence of a familiar pep band song adapted from a traditional waltz, "You've Said It All." This was not mere forgetfulness on the part of the musicians or director. A complaint from a local minister that the song possibly advocated use of alcohol because it was the former theme song for Budweiser beer spurred the administration to ban the song in Wayne High School.

The simple fact that a harmless, traditional pep band song does not induce high school students to go out and throw down as many beers as they can get their hands on is not even the issue here. What is at stake is a principle much more important: if a single reactionary, censorship advocating minister is allowed to decide what the band may play (i.e. what the curriculum of the varsity and cadet band classes will be) how soon will it be before he can determine what we can and cannot read in English class, or what we can discuss in Biology?

I used to pride our school on the fact that it was not swayed by right wing, self appointed moral watchdogs like schools in the Deep South are, but that tenet has obviously been broken. Censorship is alive and well in every nook and cranny of the United States, but we can kill it now

before it does any damage at Wayne High School.

Sincerely,
Seth Andersen

Fund source

If you listened to Governor Orr January 11 and heard her enumerate the number of projects and funds needed, we realize that somehow these funds must come from some source.

For sometime it has occurred to me that the State owns land which has been condemned for road construction purposes. Once the dirt, etc. needed for construction has been taken, why doesn't the state put this land up for auction in a strictly fair business-like manner?

No doubt previous land-owners or interested buyers would like the chance to bid on these lands. This would put the land back on the tax collection lists, hence, a source of revenue for our State and also would save the expenses of maintenance and mowing.

Also, it would seem that the property taxes in our State are out of line in comparison with our neighboring state of Kansas. There is no argument that our schools need to be funded to give our young people good educations but again it seems that immediately the taxes on land and property are increased.

Wouldn't it be more fair to increase sales taxes and earmark the increases specifically to take care of the funds needed to run our State instead of continuing to lay the burden on land and property owners?

Don't you feel it would be wise to remind the lawmakers that land and property are not the only sources of tax revenue?

In waste site location

Bill gives citizens say

The public response to LB 882, which I drafted and introduced to give citizens a say in the location of a low-level nuclear waste site, has been very positive. I appreciate receiving the many endorsements of the bill, which have come from the public, both here in the district and the surrounding area, as well as from out-state.

The committee hearing date for LB 882 has not yet been announced, but will probably be sometime in late January or early February. Also regarding the low-level waste issue, Governor Orr has recently written to Congresswoman Virginia Smith and asked her to lead an effort in Congress to review the Low-Level Radioactive Waste Policy Act which created the compact process. I was drafting a resolution asking Congress to re-evaluate their policy in this area, however, the Governor's request should accomplish this end as well.

One of the bills which I have introduced this session is LB 1053. If passed, drug dealers would be required to pay a tax on the substances. Proof that the tax has been paid would be evidenced by a tax stamp issued by the Department of Revenue. Sounds silly? It's not. The bill would require dealers to pay a \$10 tax on each ounce of marijuana and \$50 for each gram of controlled substance, such as cocaine or heroin. Failure to pay the tax would make a dealer, caught with the substance, face to legal actions. First is the usual criminal proceedings. The criminal action is often ineffective in that many counties do not have the money or manpower to effectively prosecute the dealers. And if they do prosecute, the dealer often gets off

with a light sentence because of plea bargaining to a lesser charge. Under LB 1053, in addition to the usual criminal proceedings, the state would be able to prosecute for tax evasion (the tax was either paid or it wasn't). The penalty for not having paid the tax would be twice the amount of the tax owed on the drugs confiscated by law enforcement officials; the dealer would still owe the amount of tax. Tax officials can bill the pusher for the amount of tax and penalty due and initiate collection efforts by attaching motor vehicles, bank accounts, real estate or other assets.

The type of legislation is now in place in Minnesota and Illinois. Minnesota has assessed nearly \$14 million against these particular tax evaders. In order to ensure the constitutional protection against self-incrimination, there are very strict confidentiality rules associated with tax payment. Not only is the stamp sale confidential, but the tax records are off limits to local police and interstate data exchanges. The bill may go a long way in declaring Nebraska as an expensive place to process or conduct drug activities.

Postal Service cuts being reviewed

By Chuck Hackenmiller
Managing Editor

Congress is requiring the Postal Service to cut its expenditures by over a billion dollars over the next 21 months.

Prior to his resignation as Postmaster General, Preston Tisch said the cuts were "significantly less onerous than when they were originally proposed."

Tisch had mentioned that the cuts "will still bring about important and painful alterations" in mail service. However, local service was expected to be affected substantially from the cuts.

Much of the action taken will entail belt-tightening and cancellation of capital projects while "managing acceptable levels of service."

It is anticipated that the postal service won't be getting new vending equipment, integrated retail equipment in post office lobbies, repairs, improvements or as many new facilities as had been planned.

As David C. Simonson, executive vice president of the National Newspaper Association reports: The postal service would like to see a campaign that would remove the service from the President's budget — thus allowing costs to be passed on to users without Congressional intervention.

Simonson mentioned that the postal service hopes to find some \$160 million through belt-tightening, through better management of work hour costs such as sick leave, casual employees and overtime, and through productivity improvements "as yet undefined."

PREVIOUSLY, selected post offices across the country were closed the Saturday after Christmas and the one after New Year's Day. The Wayne post office was not among those closed on both those days.

A proposal has been made to close post office windows nationwide for

the equivalent of half a day a week, according to U.S. Postal Service representatives. Home delivery would not be affected.

However, Jim Van Loozen, postal service spokesman, said the hours to cut back, and where, will be left up to the 74 division offices that direct a network of "literally 40,000 local offices."

Van Loozen said no layoffs are planned for the nation's 800,000 postal employees.

Van Loozen said that "in all likelihood," people can expect to see "a cut in window hours about half a day a week," within 30 to 60 days.

"This is strictly the retail window and lobby service that will be curtailed."

Any major service delays or the closing down of post offices on Saturday, or permanently, is not anticipated.

Wayne Postmaster Tom Jones said in a previous Wayne Herald article that it would be difficult to cut staff

"with the amount of mail that comes in for distribution."

HE BELIEVED that the laying off of people could affect the current mailing and the service which the local post office provides.

He added that capital improvements planned for the Wayne post office, such as roof repair and the installation of air conditioning, would no longer be feasible.

No cutbacks in window service have been proposed for the Wayne post office as of Wednesday, according to Jones.

The recent cutbacks, announced Friday by Postmaster Tisch, were required under the fiscal 1988 government funding bill signed Dec. 22 by President Reagan.

"The net effect is budget cuts of \$1.7 billion on the capital side for fiscal 1988," which began Oct. 1, "plus \$160 million on the operating side," for total cutbacks of more than \$1.8 billion, mentioned Van Loozen.

Chamber to meet

The Wayne Area Chamber of Commerce annual meeting will take place at the Black Knight on Sunday, Jan. 24 at 6:30 p.m.

The program will include the annual report, introduction of retiring and incoming board of directors and the announcement of the 1987 Citizen of the Year.

Good Neighbor picks needed

For the 44th year, Ak-Sar-Ben invites nominations from citizens throughout Nebraska and western Iowa for its annual Good Neighbor Awards.

The program honors individuals and groups cited by neighbors for performing unselfish, neighborly deeds during 1987 without compensation or personal gain.

Nominations will be accepted from newspapers, radio and television stations, Chambers of Commerce, civic organizations and interested groups or individuals, and must be sent to the Ak-Sar-Ben Ambassador for the community (Grant Ellingson of Wayne).

All nominations must be received no later than March 1, 1988.

Framed citations and gold lapel emblems are awarded annually to those selected by a statewide judging committee.

Honorees will be announced about June 1, 1988.

Postal rate increases proposed in request

Prior to the December passage of legislation concerning postal service cuts, rate increases had been proposed in areas such as postage stamps for first class letters.

The increases were drawn up in May, 1987 for review in the spring of 1988.

Postal service officials cannot raise prices beyond what they had requested in May of last year in order to compensate for the reductions mandated by the legislature.

Below are some of the rates which have been proposed since last May:

- First Class letter, an increase of 13.6 percent to 25 cents.
- First Class 3-ounce piece (such as commercial bank mailing bank statement), an increase of 10.7 percent to 65 cents.
- First Class five-digit presort (such as department store bill) an increase of 19.4 percent to 21.5 cents.
- First Class ZIP plus 4, presort (such as credit card statement) an increase of 18.2 percent to 20.7 cents.
- Priority one-pound flat (business documents), an increase of 10.4 percent to \$2.65.
- Express Mail eight ounces (time sensitive business letters), a decrease of 22.8 percent to \$8.75.
- Express Mail two pounds (time sensitive legal documents) no change from \$10.75.

— Second-class seven ounces (Weekly News magazines) an increase of 15 percent to 13.8 cents.

— Third Class/Required Sort two ounces (circulars and shoppers) an increase of 21.6 percent to 10.1 cents.

— Parcel Post seven pounds Zone 7 (Christmas Parcel), an increase of 16.5 percent to \$6.20.

— Parcel Post three pounds Zone 1/2 (Local Business Parcel), an increase of 16.5 percent to \$1.55.

— Special Rate four pounds (Book Club Mailing), an increase of 27 percent to \$1.83.

— Certified Mail with Return Receipt (Legal Signature), an increase of 20.6 percent to \$1.75.

— COD, \$40 value, an increase of 38.8 percent to \$2.50.

— Registry Insured \$400 Value, an increase of 35.8 percent to \$5.30.

— Business Reply With Advance Deposit Account (No Postage Required), an increase of 28.5 percent to 9 cents.

— Negotiable Financial Instrument (Money Order \$100 Value), stays at \$1.

Newspaper mailing has a complicated rate structure, but an increase of possible 2 cents an issue in mailing costs is anticipated.

The average proposed increase is at 16 percent and the average household will pay \$10 a year more in postage.

The Farmer's Wife

by Pat Meierhenry

It finally happened! Ann found a left-over in a refrigerator container that we can't identify. Throwing it has greatly alleviated the strange odor we had noticed every time we opened the door lately.

We are still trying to catch up for the two weeks were gone, especially in magazines and newspapers. I finished the December Reader's Digest today.

The special feature for that month is called "Mother Teresa's work of Grace." This lady continues to fascinate the world. Fascinate and inspire, I guess, because money and people continue to flow her way.

She says she uses the "according" plan; that is, new projects come about "according to the needs." She spends more time praying than sleeping. And she has a special message for us as we come again to

the anniversary of the day of the Supreme Court's decision on abortion.

"Every child has been created for greater things, to love and be loved, in the image of God.

"Once a child is conceived, there is life. Abortion destroys two lives, the life of the child and the conscience of the mother."

THEN, IN the new Beef magazine, I read that February will be National Meat Month. Beef will be an official sponsor of the telecast of the Winter Olympics.

Maverick Ranch Lite Beef will furnish beef to 12,000 athletes per year in Olympic training centers.

It has committed to the USOC to be the U.S. team's largest corporate fundraiser by 1992. This means beating Miller's beer. I know I like

the sound of beef producers sponsoring Olympic athletes over beer brewers.

We have a newsletter from our local Senator today, which explains that the reason we are looking for a place to build a nuclear waste disposal site in the Midwest is because Congress passed a bill in 1980.

It mandates that the states that produce the nuclear waste take care of disposing it. This makes sense, except for two things.

THE BARNWELL site has passed a state of "Equilibrium."

Because of the property called, "half-life," radioactive elements gradually lose their radioactivity—and their toxicity—with time.

At the rate of intake there, there has been enough loss of radioactivity that anything coming in from now on will not cause the toxicity to increase. In fact, it is already past the point of equilibrium.

The nuclear waste generated by the Ft. Calhoun power plant is disposed of at the cost of \$45/cubic foot today. Going to a new site will cost from \$600 to \$1,000/cubic foot! What will happen to the cost of electricity in Omaha?

Congress needs to look at this legislation again. We need to contact my old friend, Doug Bereuter, and tell him they made a mistake. The economics of this situation are what are making it impossible.

Doug's box number in Lincoln is 94794, zip 68509. We simply cannot afford a new site when it is not even needed.

WALKING PROGRAM

The Laurel Concord High School's halls and several classrooms are busy. What's this? At night? With grown up students? Sure, why not. Ever since superintendent Bill Gannon introduced the walking program, the halls are buzzing with walkers and squeaky shoes around the hours of 6:30 to 7:30 a.m. and 6 to 8 p.m. The idea has really taken off, and when one is walking down the halls on the charted walking course, several walkers are answering the question, why? "This sure beats walking outside in the cold weather," is one among some of the comments heard. Then there is the socialization aspect which is helping to keep the walkers motivated. As you walk by the other walkers they smile, say hi, ask how you are doing, talk about the weather or whatever else is going on, and then there is friendly teasing about who is setting the pace, who is passing who, and who has new shoes. Such competition I tell you. Then there is the scenic route by the wall which displays beautiful art work on it of

animals, such as lions and tigers, but its safe, remember you in the "great indoors." One does need to be careful coming around the corners so as not to collide with another determined walker. What a great way to get some exercise, stay warm, meet people, and catch up on the latest goings on. There has also been several adult education courses going on during these hours taught by several of the Laurel Concord teachers. The courses began around Jan. 11 with low costs around \$10, and the courses will run anywhere from 2 to 8 weeks. So we can go back to high school for a little while anyways. I know I'm walking faster down the halls now than I did then, and having just as much fun.

Dean Miller has received his badge from the Iowa Law Enforcement Academy. Graduation exercises for 30 students of the 150th Basic Training School were held on December 18

at the Academy in Des Moines, Iowa. Christopher Hagen, U.S. Attorney for Iowa gave the address.

The officers completed a ten-week basic training course. Dean was one of four men in the class who received the 300 Club Award. The men had to accomplish several physical fitness goals to receive the award.

Dean is currently serving full time duty with the Council Bluffs, Iowa police department. He is a 1980 graduate of Wakefield High School and the son of Eileen Miller of Wakefield.

PARTICIPATES IN CRUISE

Brian Bartels, a graduate of Wakefield Community High School and currently a student at Spencer School of Business in Grand Island, recently participated in a study trip to Nassau in the Bahamas.

Brian, enrolled in the Travel and

Tourism program, was part of thirty students and six sponsors who flew to Miami, Florida where they boarded a Carnival Cruise Line for Three-day experience aboard the liner, plus a day's excursion to the port city of Nassau.

The students were able to observe the work of many of the employees involved in the operation of a luxury liner, plus experience firsthand what this type of action is like in order to more accurately represent it to possible future clients. The ship's Cruise Director and Purser were at the students' disposal to answer any questions they had and to direct a lecture class for them to familiarize them with the ship and the highlights of the port city of Nassau.

While in Nassau the students had the opportunity to tour the island, shop or relax on one of the many

beach areas. A highlight of the trip to the city was the opportunity to observe the Bahamian people, their aggressiveness with tourists, and the extreme poverty which exists. As many students commented, "It was a real eye-opener."

The trip was just one of many available to Spencer students. Other study trips have been to New York City, Kansas City, Denver and Omaha, with future trips planned to Dallas, Estes Park and a possible Mississippi Riverboat Cruise.

The travel program at Spencer is one of a few offered in Nebraska which incorporates not only an extensive background in travel and tourism, but a strong foundation in business as well.

Brian is the son of Mr. and Mrs. Willard Bartels of Wakefield.

The Golden Years by Gil Haase

The Ms. Senior America contest included both married and single women from 22 states, all of them articulate, talented - and over 60. In this Atlantic City competition among women who have "reached the age of elegance," Ms. Pennsylvania, Mabel Hoffman, was crowned the winner for 1987.

Older Americans' futures are bright, primarily because they're willing to take care of themselves when they are sick. "Because mortality rates have been falling, middle-aged and older people have more years to endure chronic problems and acquire new ones," says University of Michigan research scientist Lois Verbrugge. "On the bright side, their conditions will tend to be milder and less bothersome, due to earlier diagnosis, better medical treatments and better self-care," she says.

Remember When? 1922 - The "Reader's Digest," running condensed articles from other publications and fiction, was begun in a Greenwich Village basement by DeWitt Wallace and his wife Lila Acheson Wallace. The magazine's monthly circulation today is well over 18 million.
