Nelson files for state legislature

Tore Nelson of Emerson has filed election papers for State Senator of District 17, a position currently held by Gerald Conway of Wayne.

Conway filed for re-election to the

state senate seat earlier this year.
Nelson, age 26, is the son of John and Rose Nelson of Emerson. He is a 1979 graduate of Emerson-Hubbard High School and he graduated from Wayne State College in December, 1985 with a Bachelor of Science Degree in Communication Arts.

While at Wayne State, Nelson served on the student senate for 21/2

During the past two years he has served the U.S. Army. He returned to rson from military service last Nelson said he chose to run for the

Nebraska Legislature because wasn't happy with Conway's perfor-mance as state senator.

mance as state senator.

He said it appeared that nobody was going to run against Conway and he said he couldn't complain and just sit back and watch. So he filed his election papers with the Dixon Coun-

said Nelson.

SOME AREAS where he disagreed with Conway's representation were in the areas of legislation regarding the seat belt law, school consolida-tion and the motorcycle helmet law. He said the rights of individuals should not be jeopardized. "I usually wear a helmet, but I don't think we should take away individual rights,

On Jan. 26 the motorcycle helmet law falled on a final reading. However, a vote to reconsider a final reading, proposed by Senator Vard Johnson, revived the law. Conway voted yes to reconsider, and then voted not to pass the motorcycle helmet law when it came to the final

reading on Feb. 17.

However, the bill passed on Feb. 17 and was signed by Governor Orr.

Nelson said he would work to be fair and would look out for the represented constituents tax dollars.
"I would seek fair representation for

kes," said Nelson.
'And if there is a tax increase, there should be a complete accountability for it," he added.

City has bid openings

By Chuck Hackenmiller

Wayne's city council opened up bids covering two areas on Tuesday night -- purchase price bids for a new city patrol car and bids on rental of

city property.

The city opened bids for the cash rent of 58.13 acres of agricultural land owned by the municipality.

All three individuals placing rental bids had bid dollar amounts on the total 58.13 acres, which included 7.5 acres at the industrial site north of Fiberglass Corporation; 31 acres at the industrial site south of Timpte: lagoon.

The city council accepted the three

separate bids, on a lump sum basis, of Rick Lutt of Wayne, which totaled

Bids were also submitted for the three sites by Alan Jensen of rural Wakefield and Gerald Otte of Wayne. Also Tuesday night, the city council reviewed bids on a city police vehicle. The city received a local bid from Arnie's Ford Mercury of Wayne. A bid from the State of Nebraska appeared nearly \$2,700 less than the local gross bid. The city council accepted the gross

The city council accepted the gross bid of approximately \$11,236 from the state for the Dodge Diplomat vehicle. City Administrator Phil Kloster. pointed out to the audience how the major car manufacturing companies are handicapping the local dealers by supplying a large volume of vehicles to the state. Because of this, the state can afford to submit the lower bids.

World Day of Prayer services March 4

Theme for this year's service is "Open Doors." The service was written by Christian women from Brazil from both Protestant and Catholic staditions. It was edited by the executive committee of the International Committee for World Day of Prayer and completed by the celebration planning group of Church Women United. It is unique as a world movement in that its expression is found is beautiful. that its expression is found in local communities and its leader ship that of lay women.

World Day of Prayer began in the United States as a day of prayer for missions. It has since developed into a movement in which Christian people in over 170 countries in every region of the world engage together in "informed prayer and prayerful action."

The service in Wayne is sponsored by Wayne Church Women United, including representatives from St. Mary's Catholic, First Baptist, Redeemer Lutheran, St. Paul's Lutheran, First United Methodist and United Presbyterian Churches.

All area women are invited to take part in the World Day of Prayer service.

Exercise

Just like any other muscle in your body, your heart must be exercised to remain healthy. If you haven't exercised for several years, have a medical check-up before you begin any exercise program. Start by exercising at a comfortable pace. For instance, park the car and take a brisk walk to the store or to see a friend. It doesn't really matter which type of exercise you choose. What's most important is that you raise your heart rate during regular 30-minute workouts. Regular exercise strengthens your heart and blood vessels and can help control your blood pressure and weight. Bring it back

Years ago, municipalities across Nebraska were promised state aid because of all the state's special property tax exemption programs granted in the past. The state aid was needed to replenish those funds which the special exemptions

Wayne Mayor Wayne Marsh has written a letter to our state senators, asking for support of Governor Orr's plan to return state aid to the level it was in 1982-83 (\$17,900,000) and restore the cuts that have been made to the cities, towns and villages of Nebraska.

He said that during the past five years, the city of Wayne

has seen "a continued erosion of state aid" that has caused great strain on the city's budget and has translated into property taxpayers contributing more to the burden.

Since 1982, nearly \$2,200,644 has been cut out of the state aid to municipalities across Nebraska. Governor Orr's proposal will bring that proposal back up to \$17.9 million.

If appropriated by the legislature, this would be the first time that the statutory amount of "state aid" to

municipalities would be fully funded.

Over the past years, the city of Wayne and Wayne County have seen a drain on state and federal funds - one particular source depleted is the popular general revenue sharing funding.

Passage of Orr's additional state aid proposal would be the shot in the arm needed which would be helpful in reducing the city's property taxes

It would mean an additional income of \$9,693 to the city of Wayne, according to City Administrator Phil Kloster — making a nice dent in the city's efforts to hold the line on property taxes.

We also would like to see the senators pass Orr's state aid increase proposal, and use our share of the increase specifically for tax rate reduction.

Waste problems

I was very interested to read a letter in your paper some weeks ago concerning the proposal to place a Central S State Low Level Radioactive Waste facility in Nebraska. The letter was well written by Lavon Schrant, a spokesperson for Nebraskans for Clean Environment. Here in Hawali such problems are and have been critical for some time. Commercial licensing disputed

Representative Doug Bereuter is cosponsoring—a-bill—that—would—exempt drivers of farm vehicles from regulations requiring them to obtain a commercial drivers license.

In most farm states, the new regulations would dramatically increase the number of people applying for commercial licenses, straining the resources of state motor vehicle bureaus.

The bill that Bereuter is cosponsor-ing would exempt drivers of vehicles registered for farm use and driven less than 15,000 miles annually.

"I strongly support the intent of the Commercial Motor Vehicle Safety Act," Bereuter said. "Regulations

should ensure that commercial drivers are appropriately trained and licensed. However, extending these requirements to farm families

these requirements to term families is unnecessary and unworkable.

"From a standpoint of highway safety, farm vehicles are simply not the problem. Farm trucks are generally driven short distances in rural areas and are used primarily during harvest seasons. Priority bills established

Last Friday, Feb. 19 was the final day for senators and committees to name priority bills. Each senator may choose one. A bill designated a priority will be advanced ahead of the non-priority bills. Priority bill status gives senators and committees a chance to push for passage of the legislation on which they place the most importance. Otherwise, the order of the process in which bills are introduced would dominate the introduced would dominate the legislative agenda.

I have chosen LB 1178 as my priori-I have chosen LB 1178 as my priority bill. LB 1178 proposes to do two things. The doctrine of joint and several liability would be narrowed in scope to restrict so-called "deep pocket" damage awards. Deep-pocket awards can occur in multiple-defendant lawsuits where the entire award may be placed on the one defendant who has the greatest resources regardless of degree of fault. The other provision of LB 1178

would change Nebraska's present negligence standard of "slight versus gross" to a more modern standard of modified comparative negligence. Another bill of interest to northeast Nebraska that has been given priori-ty status is Senator Schelipeper's L8 1092. This bill deals with the low-level nuclear waste issue. His bill has a nuclear waste issue. His bill has a special provision very similar to the

level waste issue will be properly ad-dressed this sesion.

dressed this sesion.

The Legislature last week voted to require that motorcycle riders wear helmets or be fined \$50. The bill passed with only 25 votes, the minimum necessary. As in the past, I voted against the bill because I believe that government should not be in the business of protecting an individual from himself.

Because of two lawsuits filed against Nebraska by railroad in-terests, counties and political sub-divisions could lose about \$13 million divisions could lose about \$13 million in property tax revenues. In Nebraska, personal property of business and industry has been exempted from the tax rolls. The rallroads are required to pay taxes on their personal property, and the federal court ruled that such taxation is discriminatory. The federal Railroad Revitalization and Regula-tion Reform Act prohibits a state or other governmental entity from im-posing a tax on transportation pro-perty which is not assessed against other commercial and industrial pro-perty in the state.

Since the court rulings take effect immediately, the loss of revenue will begin with the new fiscal year in Jubegin with the new fiscal year in July. Counties are projected to lose about \$4 million and other political subdivisions are expected to lose \$9 million each year. To deal with this problem, LB 1091 has been introduced to set up funding which would compensate the affected counties and subdivisions for their loss. The bill's sponsor, Senator Scofield of Chadron, calls the measure temporary until the property tax situation is resolved. Hopefully a solution to this problem and the general problem of overburdened property tax payers can be addressed together. payers can be addressed together.

Websters dictionary defines athlete as a person trained to compete in contests involving physical agility, stamina or strength. A second meaning is a trained competitor in a sport or game requiring physical skill. The inventor of the word must have had a wrestler in mind when he made that up. A wrestler has to be agile, has to be somewhat strong in his weight class, has to be trained to always belooking for the opportunity to score points, and the sport requires infinite physical skill. I had the opportunity to witness the 1988 version of the Nebraska State Wrestling Tournament, and was not disappointed in what I saw. You have to figure a team like Winside who only sent three wrestlers and finished in seventh place with 56½ points, had a mission. Well in this writers opinion, Winside may well be one of the best coached teams in Nebraska in any class.

All three of Winside's wrestlers, Chad Carlson, Mace Kant and Max Kant wrestled with style and class and most importantly showed ex-

wrestled with style and class and most importantly showed ex

cellent sportsmanship throughout.
That my friends is a trait that begins in the home, but is emphasized in coaching. So before we get into the rest of column, hats off to Winside for a fine performance in wrestling this season and especially to Head Coach

Paul Sok!

There were several intricacles interwoven in the state meet this year.

Here is how this writer viewed them.

For Chad Carlson, it was a first state tourney appearance. Carlson's brother Steph became the first Winside state champ some 18 years ago, in 1970. It would have been sweet to see Steph's face knowing his brother had a champe to go all the way.

had a chance to go all the way. If Steph was watching, I hope you're not disappointed, your brother will be around for three more years and at the rate he Is going, Lincoln's Bob Devaney Sports Center will become a familiar sight for him. For Max Kant, it was a chance to become Winsides only wrester ever to go through a season undefeated. On Friday evening, Max broke the

single season win mark of 33 set by Doug Paulsen in 1986.

Unfortunately, Max fell one match short of the unblemished mark of 35-0. But he fell to another class athlete in Sargent's Donny Seifried. You see Seifried knows what it feels like to lose in a state final. He did it the

But lock at the bright side, Max will also be around for a while, for he is but a sophomore. He still has two years to prove himself, and who knows, maybe he'll string back to back undefeated seasons.

And lastly we come to Mace Kant. His goal of course, was to end his career with a championship medal. Did he deserve it? You bet he did. The 130 lb. senior was virtually unfouched in the state meet until he face Kirk Benda of Elgin Pope John in the finals.

Personally, I hope Benda doesn't build a complex over Mace Kant. After all not to long ago, Benda had a goose egg in his loss column, but now that the season is completed, he has three, all to Mace. If was ourreal to watch both of the Kants wrestle all season long. The similarities are a mile long and it was only fitting to have Mace tie his briller on Salurday for the most wins in a season at 34. It was also only fitting to see both of them go through the season with identical 34-1 records.

And here's the topper. Last Friday nights semi-finals were

And here's the topper. Last Friday nights semi-finals were unbelievable. If I could have chosen three people I didn't want to be, it would've been Sok, and Mr. and Mrs. Kant. Let me explain quickly. Mace was called to wrestle on mal six against Nick Rossitto of Omaha Holy Name. It wasn't 10 seconds later when they called Max Kant to wrestle on mat five. Both began their matches within seconds of each other, and then the coaching challenge was on. Sok's ulcer had to be churning like a three alarm fire. Mr. and Mrs. Kant. hearts had to be palpitating at high rates. When times get lough, you call on your senior leaders, and Mace—helped ease some of the heartache of the coaches by jumping out to a 9-0—lead over his man in the second period.

Max on the other hand was in for a fight against Tom Moore of Dorchester. Sok was yelling instructions at Max at the same time he was yelling instructions at Max at the same time he was yelling instructions at Max on the other hace by calling him Max.

By the way, make that four people I wouldn't have wanted to be. I wouldn't have wanted to be me at that time. Have you ever tried to take action shots of two different wrestling matches going on at the same time? I didn't think so.

I for one-don't-see how any of the finalists. In the state tournament.

I for one, don't see how any of the finalists in the state tournament could have kept from virtually jumping out of their uniforms on Satur

day during the parade of champions.

If you have never witnessed one, it's a waste of time trying to explain it to you because It's impossible to describe the thunderous applause of over ten thousand people, along with the high volume sound of "We are the champins"

the champions."

If every person standing and applauding in the Sports Center didn't get a chill down their spine during that, then they aren't human.

Just a couple more quick notes. Mace's win in the finals over Benda, marked the 15th state champion Winside has had.

Here's one for ya. Leon "The Greek" Koch, managed to predict three out of the four teams who would win the leam titles in this years state lournament. Not bad Mr. Koch. Maybe I'll take you with me to the horse races sometime. Next work's rolling will be a low back on the 1987-88. races sometime. Next week's column will be a lookback on the 1987-88 wrestling season of Wayne High School

Wayne finishes successful season. By Kevin Peterson

There wasn't any medals handed out to any of the Blue Devils who qualified for the state wrestling meet

last weekend.
But that doesn't mean that Wayne didn't wrestle well and represent Wayne as best they could. "I felt that the kids wrestled hard." Head Coach John Murtaugh said. "There were some very tough weight classes in Class B."

Wayne's four representatives mustered eight points for the tourna-ment with junior Chris Lutt receiving five of them, and freshman Chris Janke the other three.

Winside races past Elgin in sub-districts

Tuesday night marked the first night of sub-district play for the area teams. For Winside Head Coach Randy Geler, it was a chance for his team to leave behind all the close games he came up short on in the regular season, and for his team to start with

a 0.0 record.

With that in mind, Geler's squad erased a nine point deficit at inter mission, and outscored Elgin 61-34 in the second half to post the first round

victory, 94-76. Even though Eigin had a 5-10 record during the regular season, many felt they had to be the favorite over Winside who was totally annihilated in its final game of the regular season by Newcastle 99-56. But as mentioned before, the slate was wiped clean heading into district play. "Everytime we have been beaten very soundly this year, we have come back and played very well." Even though Elgin had a 5-10

have come back and played very well the ensuing game," Geler said.

And play well they did. In fact, the achilles heel of the Wildcats had been the third quarter the past few games, as teams would mount huge leads

forcing Winside to play catch up. In the game against Elgin, Winside outscored the opponent 33-12 in the third period to boost its confidence

Geier was pleased with his teams Geier was pleased with his teams third and fourth quarter performance. "At intermission it was a classroom atmosphere in the locker room," Geier exclaimed. "I just told the kids that they were getting good shots, but that they just weren't falling."

The key thing that Geier told his team was not to lose their confidence. Tim Jacobsen played an outstanding game for the Wildcats, but his supporting cast didn't do so bad either. Jacobsen proved to be unstoppable in the second half scoring 30 second half points. For the game he scored 42. Chris Nau played an outstanding game on the inside for Geler's game on the inside for Geler's Wildcats. Nau finished with 20 points

For the contest, Winside finished with nine 3-point field goals. Four of them were owned by Jacobsen. However, the other five were owned by Steve "Hondo" Heinemann. Heinemann finished with 19 points, seven rebounds and seven assists.

Randy Prince fell shy of double figures by a single point, netting nine. Gary Mundil rounded out the scoring barrage by Winside with two, as did Darren Wacker.

Wacker was highlighted by Geler as playing excellent defense.

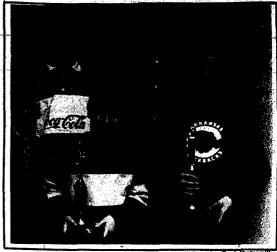

tempts from the charity stripe, and connecting on 12-14 in the fourth quarter alone.

Geler's team will now have to face state rated Coleridge this Thursday night at Battle Creek.—"I think we have to play one of our best games of the season to match up with Coleridge," Geler said. "I believe however, that we can do it."

One thing Geler hopes doesn't happen is what his players suffered from in the first half against Elgin. "We came out and were really tight." Geler said. "I believe it was a case of wanting to win so badly, that they were trying too hard."

Neverthelass. Winside will show

Never-the-less, Winside will show up for the Bulldogs of Coleridge as each team now has a 1-0 record in the

Thursday, Wakefield will face Osmond, which handed Hartington its ticket back home for the season.

The first time these two teams met-was in December, when Wakefield escaped with an overtime victory. Eaton noted that Allen played a very solid ball game. "They stuck right with us until the fourth quarter," Eaton said. Wakefield held an eight point lead at intermission, 25-17. By third quarters end, the lead had stretched to 35-23.

But then Eaton's younger players ook matters into their hands. But then Eaton's younger players took matters into their hands. Wakefield scored 26 fourth quarter points to account for the 30 point route, in a game in which Eaton noted as being closer than the final score indicated. "Our sophomore class was 8-10 from the field," Eaton said. For the game Wakefield was good on 19-47 attempts.

Todd Hohenstein led the Allen scorers with 11 points. Kent Chase netted seven, while sophomore Matt Hingst added six playing with a hyper-extended knee injury suffered in Allens game against Wynot.

Andy McQuistan paced a scoring attack for Wakefield that included 10 scorers. McQuistan finished with 11 points. Todd Kratke was also in dou-

Orr finished the game with 19 points, and proved to be a thorn in Wayne's side on defense.

Wayne however, refused to fold, and began playing with confidence. The Blue Devils outscored Scotus 31-14 in the final eight minutes, but still fell seven points short.

Uhing noted that her Blue Devils faced the toughest girl they had seen this year in Scotovic Kris Orr. "I think Orr is the best player we've faced this season." Uhing exclaimed.

Dana Nelson paced the Wayne scoring attack with 18 points, the majority coming in the fourth and final quarter. Teresa Eills came off the bench to net 12 points.

Kristy Hansen was next in line for Wayne scoring seven points, while Tonya Erxideen netted five, while being hindered with foul trouble most of the game.

The Diamond King's Classic Solitaires Now At

aurel ends season at hands of Ponca

The Laurel-Concord Bears fell by the wayside Tuesday night in first round sub-district action against Ponca at Wayne High School. The Bears played a somewhat lack

luster first half, tralling at intermission 34-25. In the second half, Mark Hrabik's Bears were unable to over-come Ponca, losing 60-51.

"Ponca played an aggressive man-to-man defense in the first half," Hrabik said. "We ended up with 10 first half turnovers, which in turn hurt us since Ponca only suffered nine for the entire game." Hrabik did not downplay the fact that his team had its share of chances to win the game. "We both had many

opportunities to win or put the game farther out of reach," Hrabik said. Hrabik also noted two things that

haunted his team throughout the con-test. "First, we couldn't handle the pressure Ponca put on us," Hrabik lamented. "'Second, we didn't make smart decisions in our passing

game."

In the third period, Laurel outscored the Indians 15-11, to draw within five at 45-40, heading into the final quarter.

Laurel made things even more interesting minutes later when they cut the deficit to two at 49-47. But Ponca

then began connecting on free throws, and Laurel, which had been hitting on its free throws fairly cor

sistentiý in the past, struggled, miss-ing three straight front ends of one-

ing Inree straight from ends of oneand-ones.

Scott Marquardt led the scoring
charge of Laurel by netting 17 points.

Kyle Nixon followed in double figures
with 12, while John Schutte netted 11.

Schutte also led Laurel in rebounding with 10 caroms to his credit.

The loss left the Laurel Bears with
a season record of 9-11.

The bright side for Mark Hrabik is
the fact that he has a good nucleus of
kids returning to next seasons squad,
with the key being John Schutte.

Doug Manz will also be back next
season, to regain his leadership role
on the floor. Manz was held to just
four points against Ponca.

Your Hometown Nebraska Bank.

THE DIFFERENCES **MAY SURPRISE YOU...**

RATHER **PLEASANTLY**,

Each year more and more firms offering financial services try to look like full-service banks. Now some of them are even using "bank" in their names and in their advertising.

In a way, we're flattered because it reinforces that "bank" is the financial title by which all others are measured. But, it's becoming more confusing for consumers. So from time to time, we like to remind everyone that there are differences between banks and other financial institutions.

Insured Safety

To make sure you're dealing with a full-service Nebraska bank, look for the sign of FDIC protection. In Nebraska, all state and national banks are members of the Federal Deposit Insurance Corporation, a federal agency that insures each depositor up to \$100,000. Nobody offers better protection.

Statewide Service

Nebraska boasts 419 individually chartered full-service FDIC-insured banks. That means banks have a statewide presence that's unmatched by savings and loans or any other financial institution.

High Operating Standards

Full-service banks are regulated and run-service banks are regulated and supervised by government agencies and adhere to a strict set of high standards. For instance, banks are required to maintain higher capital ratios as an added safeguard for your deposits. That means greater security for your money.

Banks are cautious in how they invest depositors' funds. Their role is to protect deposits. Much of the depositors' money is focused on local reinvestment...loans for businesses, homes, autos and agriculture.

When you do business with a bank, you know your transactions are protected by long-standing consumer protection laws and regulations designed to ensure that customers are treated honestly and fairly.

Banks make their financial condition public by publishing financial statements four times per year in local newspapers for all to see. This is an official account of each bank's financial condition, with nothing excluded or concealed.

These are just some of the differences that distinguish full-service Nebraska banks. They may be differences that surprise you...rather pleasantly.

Perhaps they are the reasons Nebraskans have relied on banks as their primary financial resource for over 100 years.

The Farmer's Wife

Another long, busy week; full of and disappointment, headaches tion and and fun.

On Tuesday, after work, I left for Omaha to attend the state meeting of the Nebraska home health agencies. Doris Kluthe, who lives at Elgin and works at Nelligh Hospital, rode along. Her son had qualified state wrestling. so she would meet her husband on wide desday evening and head up to Wednesday evening and head up to Lincoin.

The weather was good, Highway The weather was good, Highway 275 was dry, and we cruised along, discussing health care, athletics, and farming. At 132nd and Dodge, there was an accident blocking the intersection, and we had to turn off. We went into a development, and got hopelessly lost. I got completely turned in directions and spent one hour finding our motel at 107th and Pacific. Pacific.

scheduled in Allen

The Allen Ministerial Association will present the new six-part film series by Dr. James Dobson, "Turn Your Heart Toward Home," each Sunday evening, March 6 through April 10, at 6 p.m. at the First Lutheran Church in Allen.

In the film series, Dobson brings his vast experience to bear on one of society's most pressing challenges, the protection and strengthening of family relationships.

Citing example after tamillar example. Dobson por rays the pressures today's parents are susceptible to. He reminds them of society's slide toward humanism which can only be counterbalanced by a loving home where Christian

walues are institled from an early age.

Film titles in the series are "A Father Looks Back," "Power in Parenting — the Young Child," "Power in Parenting — the Adolescent," "The Family Under Fire," "Overcoming the Painful Childhood" and "The Heritage."

The public is invited to attend any or all of the film presentations. Each film runs 45 to 50 minutes and will be followed with conversation time in the church parlors.

An offering will be taken each evening to help defray expenses.

The Allen Ministerial Association is comprised of the Springbahk Friends, First Lutheran and United Methodist Churches.

Dobson film series

Seventy-six FHA (Future Home-makers of America) students from six high schools were honored during held recently at Wayne State College of Nebraska.

Students whose presentations received top gold ratings advance to the state SEARCH (Student Events for Achievement and Recognition in Consumer Homemaking) Lincoln in April.

The objective of the SEARCH pro gram is to assist students in developing personal readership, crizenship and occupational knowledge and skills for personal family and community living through vocational home economics education, according to Dr. LaVera Roemhildt, professor of home economics at Wayne

The following area students and teams received gold ratings and will advance to the state competition: Wakefield — Deb Turner (peer education events) and Brenda Meier (general chapter events).
