Greve tours Ireland

Bobbey Jo Greve, daughter of Howard and Barb Greve of rural Wakefield and a sophomore student at the University of Nebraska-Lincoln, recently spent six weeks in the "Emerald Isle" — and it wasn't all play and no work.
Greve visited Ireland as a Nebraska 1988 International 4-H Youth Exchange Ambassador Delegate. She returned from her Ireland stay on Aug. 8.

mercial sports drinks or large amounts of proteins or carbohydrates. Athletes should include more calories and plenty of water in their dlets. Strenuous training uses a lot of calories, some that may be necessary for normal growth. If there aren't enough carbohydrates and fats for body functions, the body will use protein for energy rather than for growth of bones, muscles and replacement of body cells, Young athletes should get 15 percent of their calories from protein, 30 percent from fat and 55 percent from carbohydrates.

GETTING ENOUGH water is one of the most important concerns. It is especially important during pre-season practices when hot weather is likely. Fluids should be consumed before, during and after workouts to prevent dehydration. Plain water is the best thirst quencher and least expensive. Cold water at 40-50 degrees fahrenheit is absorbed faster than ice cold or warm water.

avoid soft drinks and other beverages high in sugar. The best way to replace minerals lost through perrspiration is through dlet. Eating a variety of fresh fruits and vegetables, and enricheds and cereals, is key.

TO MAINTAIN muscle development include high protein foods such as

lean meats, poultry, fish, eggs, dried peas and beans. Add low-fat dairy products like milk, cheese and yogurt for calcium.

Overall, eat a variety of foods in moderation. Select foods that have high levels of nutrients in relation to calories. And keep up the hard work at practice sessions. A balanced diet and dedication to training are the best ways to insure top performance.

NEWBORN TO 24 MONTH OLD APPAREL is very popular and sells tremendously well at Kid's Closet. "One main reason why I think we are a favorite spot is because everything we get in the store, I immediately mark 20 percent off the price," Thomsen said. "We have gotten several compliments for our selections and prices from local customers as well as customers from afar such as Norfolk."

NOT ONLY DOES KID'S CLOSET OFFER a variety of selections in all departments, they offer a variety for all types of wants. Above Flowers holds a designed dress shirt while Thomsen holds a more rugged type attitude shirt. Kid's Closet offers everything from backpacks to winter coats for all kids. They also offer a fine selection of sweats as well as jewelry and stuffed toys. Whether you're in the market for baby clothes or junior high apparel, the Kid's Closet in Wayne may well prove to be your first and final shopping place.

KID'S CLOSET SELLS AN ABUNDANCE OF DRESSES like the ones Thomsen and Michele Flowers are holding. Popular name brands such as Miniworld and Bryan are sold in the Wayne store. "The fact that I love kids makes owning this business such a joy," Thomsen said. "We try to please the customer in any way possible. We offer free gift wrapping, free lay-away plans and altering as well as offering an ample varie-Ty of everything."

THRISTENING APPAREL IS VERY POPULAR according to Thomsen. "Christening outfits are often very hard to find around the area," Thomsen said. "We offer several selections of apparel as well as gifts for the occasion."

KID'S CLOSET OWNER MILDRED THOMSEN has been at her present location of 215 North Main for six years. Thomsen would like to stress the fact that the store name Kid's Closet is a little deceiving. "We have sizes from newborn up to size 20 in our clothes and coats," Thomsen said. Thomsen cited the need for a children's store in Wayne was the reason she invested in the business. "I have 15 grandkids," Thomsen admits, "and it got a little tiring looking for clothes for them throughout the area." Thomsen also acknowledges that customers come from many miles around to shop at her store because of the shortage of children's stores.
