Parties reach preliminary agreement

Great Dane planning to purchase Timpte

By Chuck Hackenmiller
Managing Editor

Company officials from Great Dane Trailers, Inc. and Timpte, Inc. have announced they have reached preliminary agreement on the acquisition of Timpte's refrigerated trailer business, based in Wayne, by Great Dane.

The transaction is expected to be closed within 30 days.

Announcement of the preliminary agreement came Tuesday morning. Information on the sale was released by James Remick, president of Timpte, Inc. and Harvey Granger, Jr., who is president of Great Dane, based in Savannah, Georgia.

Both Remick and Granger indicated there will be no interruption of refrigerated trailer production at the Wayne facility, and that the sale and production of Timpte trailers, will continue.

"Support for Timpte trailer warranty and parts will be provided on an ongoing basis," Remick said, reading from a prepared statement.

"Timpte, Inc. will continue to own and operate its truck body business located in Commerce City, Colorado; the grain trailer business located in David City, Nebraska; and its trailer sales and service branches, including those in Council Bluffs, Iowa and Savage, Minnesota," Remick said.

PRESENT DURING the sale announcement at Timpte, Inc. was Thomas Gamel, president of Timpte Industries, Inc. of Denver, Colorado and one of the principle owners of Timpte, Inc.

Also at the scene of the announcement were Bob Reeg, president of First National Bank of Wayne; John Vakoc, president of Wayne Industries, Inc.; Phil Kloster, Wayne city administrator; David Ley, president of State National Bank; Bob Shively, Norfolk, economic development director for the Norfolk Chamber of Commerce; Dr. Don Mash, president of Wayne State College; Linda Brown, executive vice president of Wayne Industries and Wayne Area Chamber of Commerce; Sam Schroeder, president of the Wayne Area Chamber of Commerce; several Timpte officers and area media.

MAKING THE announcement Tuesday of the preliminary agreement on the sale of Timpte, Inc. to Great Dane Trailers, Inc. was, from left, Thomas W. Gamel, president of Timpte Industries, Inc. of Denver, owners of Timpte, Inc.; James Remick, president of Timpte, Inc.; and Harvey Granger, president of Great Dane Trailers, Inc.

Remick said that it was about 90 days ago when it was announced that Timpte, Inc. owners had intended to seek bidders for the refrigerated trailer business in Wayne. The owners had established a time frame of 90 days to try and consummate the sale.

GRANGER, A board member of

the Truck Trailer Manufacturers Association, said Great Dane is very pleased to become a part of Wayne "and to acquire this outstanding operation."

"We have looked at it very carefully and feel that we have an outstanding group of people and an outstanding facility. And we look forward to great things here in Wayne,"

Granger said.

Great Dane is currently the second largest trailer manufacturer in the United States. "It is the fastest growing and the most profitable," Granger added.

"We see great potential to expand our share of the refrigerated trailer market by the acquisition of Timpte, its business and its manufacturing

facility," he said.

"Ultimately, we will increase the production of the facility, although that has to wait until a little time goes by," Granger said.

In addition to producing Timpte trailers, Granger said his company plans on introducing Great Dane trailers to the production line "very shortly after the acquisition."

GREAT DANE has other plants, in addition the headquarters at Savannah, Georgia, at Brazil, Indiana and Memphis, Tennessee. They also operate 17 company-owned retail outlets scattered around the eastern part of the country. They build a wide variety of trailers. However, they are one of the largest refrigerated trailer manufacturers in the country.

City Administrator Phil Kloster welcomed Granger and the Great Dane company to Wayne "as we welcomed Timpte just a few short years ago."

"We have a lot of pride in this facility. There is a lot of real good people working here. I'm sure you will find the city of Wayne open to you and that it will be a good marriage that will be fruitful for your organization as well as the local employees and the community," Kloster said.

Said Granger: "It is our anticipation that the plant will be run by the people who are here. We do not plan any major injection of people from other areas of our company."

Remick said Great Dane personnel will be interviewing, over the next 1 1/2 weeks, all of the Timpte office employees. "By the end of next week, we'll be in a position to have determined those that will be offered permanent employment with Great Dane," Remick said.

"So it's a bit premature to say that everything is as it is right now. But they need to review that. I'm certain that I'll be part of that review process. A decision will be made and, as in the past, we will communicate with those affected if there is a change," he said.

GRANGER SAID there will not be any change in the make-up of production people "unless we add some [production people]."

Waterfall creating problem for city

By Chuck Hackenmiller
Managing Editor

A waterfall in Dog Creek will result in the city of Wayne having to spend additional monies toward correcting potential erosion problems along the new water line.

Dog Creek crosses under the first bridge north of Wayne on Highway 15. It was previously anticipated that the four foot waterfall would move upstream beyond the bridge site and would not create any problems with erosion near the new water line. However, because of drought condi-

tions the waterfall has not moved at its anticipated rate and remains up to 600 feet east of the bridge and the water main crossing.

John Franklin of the Howard R. Green engineering firm consulted Tuesday evening with the city council. One option, he said, would be to place the water main crossing at least 10 feet deeper than the original design so that the waterfall could move over it. That project would cost the city at least \$35,000.

A second option, Franklin said, would be to install an erosion control structure near the bridge. This cost

would run approximately \$80,000 with the city's share of that amount to be \$25,000. The remaining amount would be picked up by the Nebraska Department of Roads.

THE COUNCIL members opted to go with the erosion control structure suggestion. Franklin said the Department of Roads would be responsible for the prevention of destruction of the water main. The erosion control structure would be placed on the east side of the bridge close to the water line.

Councilman Larry Johnson asked

Franklin if any negotiations were made with the Natural Resource District in regard to the erosion control situation.

"We talked to them and were told that there were no funds available to assist in a project of this nature," answered Franklin.

Councilman Freeman Decker moved approval of installing the erosion control structure and it was seconded by Stan Hansen.

Franklin also updated the city council on the progress of the new water line project that extends from the city limits to the well field site ap-

proximately six miles north, a mile west and a quarter-mile south of Wayne.

"They are well ahead of schedule," Franklin said.

It was anticipated that the crews would put in 300 feet of water line per day. Per crew, they have been averaging 500 feet per day.

FRANKLIN SAID the contractor has been lax on the cleanup, but has improved that situation over the past five days.

Longtime fireman bid farewell

PAUL ROGGE, who had been a Wayne fireman for over 50 years and had served various offices in the volunteer organization, died this past week. His family honored Rogge's wishes — that he be taken to Greenwood Cemetery in the fire department's 1936 Ford fire truck. His funeral took place on Wednesday morning. Above, firemen assist in granting the wishes of the Rogge family.

Needles, garbage don't mix

By Chuck Hackenmiller
Managing Editor

Discarded hypodermic needles used in Wayne can no longer be simply thrown in the trash with leftover food, boxes, paper and other garbage. Fremont Sanitation, which hauls to Norfolk the garbage from the city of Wayne's solid waste transfer station, has announced they will no longer accept waste which is mixed with the used hypodermic needles, Wayne City Administrator Phil Kloster told city council members during the regular meeting Tuesday night.

Letters have been sent out, Kloster said, to several Wayne organizations or other entities which use hypodermic needles, such as hospitals and medical practice offices, dentist offices and veterinarian offices.

Welsch to discuss upcoming ballot

Sam Welsch, executive director for Nebraskans for the Right to Vote, will be speaking in the North Dining Room at Wayne State College in Wayne during a tour of speaking engagements in northeast Nebraska.

He will be speaking tonight (Thursday, Sept. 1) at Wayne State at 7:30 p.m.

Welsch will present information on the nuclear waste disposal issue and discuss the pending ballot issue. The Nebraskans for the Right to Vote are sponsors of Initiative 402 which would require voter approval before a nuclear waste dump could be built in the state.

A vote approving Initiative 402 would also withdraw Nebraska from the Central Interstate Low-Level Radioactive Waste Compact.

Welsch said the initiative has generated more controversy than any other issue in recent Nebraska history and he anticipates the campaign against the initiative to be the most expensive effort "this state has ever seen."

The format for the meeting will include brief opening remarks by Welsch followed by a question and answer session. The 1 1/2 to 2 hour meeting will conclude with a discussion of ways people can get involved in the grassroots campaign for Initiative 402.

"Our opponents have already begun an intensive campaign," Welsch said. "I want people to hear the truth about how Initiative 402 will improve public accountability in Nebraska."

Briefly Speaking

BPW guest night held

The Wayne Business and Professional Women's Club (BPW) met for a guest night barbecue at Bressler Park on Aug. 23, with 12 guests attending.

Paula Pflueger, membership chairman, had each member introduce themselves, tell where they were employed, and how they have benefited from being a member of BPW. Pflueger also explained the purpose of BPW, which is the largest women's organization in the world.

It was announced that BPW is seeking candidates for the local Young Careerist Speak-Off. Interested women must be between the ages of 18 and 35, have been employed for at least one year, and be active in community activities. Interested women are asked to contact Jane Ahmann, 375-3163.

Next BPW meeting will be a noon luncheon on Sept. 27 at Geno's Steakhouse. The program is entitled "Interest-Inventory."

Baby shower at Carroll

A shower honoring Tyler Bowers, infant son of Mr. and Mrs. Steve Bowers of Randolph, was held Aug. 28 in the John Bowers home at Carroll. Hosts were the baby's aunts, Mrs. Dave Hay, Mrs. Rick Backer and Mrs. Scott Bowers, all of Randolph, and Mrs. Doug Zastrow of Norfolk. Twenty guests attended from Springview, Coleridge, Norfolk, Laurel, Wayne, Winside, Pierce, Randolph and Carroll. Decorations were in yellow, blue and white, and winners at pencil games were Mrs. Russell Longnecker of Winside and Mrs. Marvin Eckert of Pierce. The cake was cut and served by Tyler's mother.

Undergoing heart surgery

Mr. and Mrs. Jack Kavanaugh of Laurel, formerly of Carroll, are in Minneapolis, Minn., where Jack will undergo heart surgery. Cards and letters will reach Jack if addressed to him at P. O. Box 31, Carver, Minn., 55315-0031.

Irma Woodward marks 89th

Irma Woodward of Concord celebrated her 89th birthday on Aug. 28 in the home of her grandson and family, Keith and RaNell Woodward and Shannon of Dixon.

Present for the event were Thomas and Lorraine Buckwald of Lincoln, Merrill and Maggie Hale and Venessa of South Sioux City, Walter and Dorothy Hale of Allen, Neyron and Alice Woodward and Gaylin Woodward of Wayne, Dennis Peck of Sioux City, Richard and Donna Mulhair, Deanna and Jeff of Wakefield, and Jimmie and Shirley Woodward, Thaine and Doris Woodward and Eloise Yusten of Concord.

The evening was spent playing cards with high prizes going to Dorothy Hale and Gaylin Woodward, and low to Alice Woodward and Walter Hale. A cooperative lunch was served.

Sponsored by Heart Association

Consumers invited to take food tours

The American Heart Association (AHA) is urging consumers to "start a fight with your grocer" during Sept. 11-17 — the date for the fourth annual American Heart's Food Festival.

Food Festival is a national nutrition education event designed to improve public awareness of the relationship between coronary heart disease and diets high in cholesterol and saturated fat.

During the week, thousands of grocers will join AHA volunteers in the fight against the nation's number one killer — heart disease.

conducted on Wednesday, Sept. 14 at 2 p.m. and on Saturday, Sept. 17 at 10 a.m.

A story in Monday's edition of The Wayne Herald incorrectly stated that the Sept. 17 tour at Pac 'N' Save would be at 2 p.m. The tour Saturday is at 10 a.m., not 2 p.m.

Local AHA volunteers will show four participants how to choose good tasting heart healthy foods from each section of the store.

The theme for this year's event is "Trim the Fat and Cut Cholesterol for Life."

PRE-REGISTRATION for the "Grocery Cart Smart" tours is required, and interested persons are asked to sign up before Sept. 9 at the store they wish to tour.

The number in each tour group is limited, and interested persons are encouraged to sign up early to assure a convenient time slot.

Murray captures Tourney

Ray Murray captured the Wayne Country Club's Senior Tournament this past Sunday with an impressive scratch score of 77 on the 18-hole tournament.

Murray fired a 38 on the first nine and then backed it up with a 39 on the back nine for his scratch score. With handicap, Murray finished the tournament with a 61.

Bob Chaney placed second behind Murray in the championship flight with a 69 handicap total. Morrie Sandahl placed third with a handicap score of 70.

In the 70-74 year old flight, Dale Gutshall carded a handicap score of 72 to earn top honors. Don Lutt finished second with a 78. Chuck Surber was the victor in the 55-59 year old flight with a 65 handicapped score. Gene Claussen was second with a 72 while Val Kienast notched a third place finish with an 80.

In the 65-69 age group flight, Fred Gildersleeve came out on top in the handicapped scoring with a 69. Don Sund was second with a 71, but first in scratch total in the flight with an 80. Merlound Lessmann finished third with a 71 handicapped total.

In the final age group flight, the 75 and above category, John Dahl topped the flight with a handicapped score of 70 while Gerry McGath finished second with handicapped score of 72.

Volleyball season set to begin

Wayne State is set to open up its 1988 volleyball season this Friday as they host the Early Bird Invitational at Rice Auditorium.

The five teams who will be playing in the round robin tournament include Buena Vista, Dana, Hastings and the University of South Dakota.

Wayne State will play its first game against Hastings on Friday at 2 p.m. They then play South Dakota at 7 p.m. the same day. Saturday the locals play Buena Vista at 11:30 a.m. before playing Dana at 2 p.m.

The early bird tournament will be the first action of the season for the Wayne State Lady Wildcats who are under the direction of first-year head coach Doug Feagan. Feagan, an assistant at UNO last year, was named to the head post in early August following the resignation of Marilyn Strate.

MEMBERS OF THE championship team Wayne Sporting Goods which went through the league tournament this past Sunday without a loss for the "A" league crown include: Back row Left to Right; Larry Voss, Jeff Dion, Kim Baker, Steve Overin, and Jay Jackson. Front row Left to Right; Dennis Martinson, Jere Morris, Chuck Hackenmiller, Brad Jones and Pat Garvin. Sporting Goods shut out Tom's Body Shop, 12-0. They then defeated Sherman's twice, 14-4 and 7-3 in eight innings, to win the title. Sherman's placed second while Tom's Body Shop grabbed third.

Couples tourney held

Eighty participants took part in the Second Annual Couples Golf Tournament held last Sunday at Elkhorn Acres in Stanton. The event was sponsored by Schelley's Saloon of Winside and Dad's Place of Hoskins. A barbecue picnic was held afterwards at the golf course.

Winside's Don Leighton and Hoskins native Karman Lienemann captured first place.

Lions Club golf Tourney held

The father-son team of Warren and Kip Bressler won the Lions Club Annual event recently held at the Logan Valley Golf Course. The twosome carded a 66 for the first place trophy in the championship flight.

There was a three-way tie for the next place in the first flight as the teams of D. Nelson and J. Nelson, Bill and Billy Warren and Jim and Elliot Salmon all shot 68's. Placings were determined by a scorecard tie breaker.

Winners of the second flight were Paul Casey and Gary Troth of Allen with a 70, followed by Sid and Gary Preston at 73 and Jack and Dick Brownell at 74. The teams of Duane and Jason Strong and Brad and Jack Hansen tied in the third flight with 75's. A second tie in the flight was between the team of Don Paulsen and Roger Lueth and Tom Lake and his son with 77's. The same tie breaking procedure was used.

Tom Welsh and his son from Pender were the winners in the fourth flight with a 74 while John and Mike Portwood finished second with a 76. Bud and Butch Utemark and Bill and Josh Hansen tied with 81's.

The fifth flight was won by Tom Henderson and Tom Gustafson with an 83. A tie for second place was between Mesingers and Paulings who both carded 85's.

In Ag Lending It Isn't Enough To Just Know Credit

To do the right job of ag lending it takes more than a knowledge of credit. A loan officer also has to understand agriculture.

When your only business is ag lending, it requires a real working knowledge of your customer's business...an ability to understand their practical day to day needs. This has always been one of the strengths of Farm Credit.

Meet the people who are part of today's Farm Credit Services team, people who not only know lending...they understand agriculture.

WAYNE-CARROLL VOLLEYBALL

MEMBERS OF THIS year's Wayne High Volleyball team include: Back Row Left to Right; Wendy Trube, Trudy Pflanz, Kristin Frevert, Karmyn Koenig, Robin Lutt, Julie Wessel, Betsy Lebsack, Dana Nelson, Kristy Hansen, Heidi Reeg and Teresa Ellis. Middle Row Left to Right; Becky Porter, Tammi Schwanke, Kari Lutt, Jennifer Hammer, Leslie Spethman,

Teresa Bennett, Deanna Schluns, Brenda Agenbroad, Jennifer Conway, Rachel Haase, Tara Erxleben, Ellen Cole and Amy Tiedtke. Front Row Left to Right; Lana Casey, Christi Carr, Kristin Davis, Angela Schneir, Jennifer Hamer, Kim Liska and Stephanie Kloster.

Height may be factor for Wayne

Spikers return experience for '88

Although Marlene Uhing saw two of her starters off last year's 11-10 volleyball team graduate, Wayne will have some quality experience coming back which if the Wayne mentor has her way, will strengthen the team for its 1988 campaign.

"The senior class has been playing ball together for a long time now," Uhing said. "We do have some big shoes to fill however, in Marnie Bruggemann and Sarah Peterson. Bruggemann was the starting setter for three seasons which would have a devastating effect on most teams. However, Uhing feels that one of Wayne's team assets right now is the setting.

"I believe we have two positive things going for us heading into the season," Uhing said. "First, the experienced people we have and second, we have several people who are good setters and can do a nice job for us."

Uhing went on to say that setting may well be the team's most impressive strength. "We will be using different offenses using the setters as hitters," Uhing said. "That is because we have setters like seniors Dana Nelson and Kristy Hansen and junior, Teresa Ellis who can all set the ball nicely and yet spike the ball as well."

Uhing also noted that her team will specialize strongly this season. "We have a number of people who are

really good at one thing, such as back row hitters, or front row players," Uhing said.

"In fact we have some girls who all they might do for us is serve because they are consistent servers, but aren't as strong as some of our other players in the front row or back row," Uhing added.

"The key to Wayne's success then dwells upon how the players react to 'role playing,'" Uhing said. "We have to take advantage of our skills," Uhing said.

Uhing mentioned that Karmyn Koenig, Heidi Reeg and Betsy Lebsack are making strides toward the starting rotation, but she also noted that it may not matter who starts and who doesn't, because everyone will have their role which must be fulfilled if Wayne is to be successful.

"Right now I feel that net play is the key to playing good volleyball," Uhing said. "That of course means the setter is the key."

Other intangibles which Uhing feels may add to the cohesiveness of the team include talking on the court, hustling 100 percent of the time and getting along as a team off the court as well as on the court.

"I believe that our serving and passing have to outstanding if we are going to beat some of the quality teams we are going to face," Uhing said. "I feel the conference will be more balanced this year, but Hartington Cedar Catholic and South Sioux City will be very good."

Defending Lewis champs

Allen hoping to repeat

Three starters off of last year's 14-6 team which won the Lewis portion of the Lewis & Clark Conference, return for Gary Troth's Lady Eagle volleyball team this season.

Candace Jones, Amy Noe and Missy Martinson return to head a total of 27 girls who are pushing their way to the varsity level. Along with the three previous mentioned players, Toni Boyle, Leslie Isom and Pam Kennelly add to the list of returning letterwinners from a year ago.

Troth however, will have to fill the positions vacated by graduation last season. Among those lost were Angie Jones, Liz Hanson and Lisa Boyle, all starters.

Troth is also concerned with the knee injury to Amy Noe. If Noe can't play right away, the leadership responsibility on the squad rests on the shoulders of two returning starters.

At any rate, Troth and assistant coach Sandy Chase hope to attain some strength from younger players such as the six juniors and 10 sophomores making up the majority of the total number of girls out.

Troth noted that size, wise, his

squad will be a little shorter than in the past, and quality depth will be something Troth hopes he will gain through experience of the younger players.

"Although I think we are a little shorter this year, I believe that we have some solid offensive front line power in Missy Martinson and Candace Jones," Troth said.

Troth views Emerson has having a very strong team this season and feels they well could be the team to beat.

As far as seeing the team coming along as a whole, Troth feels that the Eagles are a little slow, but that the optimism is still there for another successful year.

Manganaro enters 6th year as coach

Four starters return to lead Laurel

Laurel volleyball coach Carol Manganaro enters her sixth season at the helm. Manganaro returns eight letterwinners off of last year's 2-12 team, including All-Conference Honorable Mention player Amy Adkins.

Of the eight returning letterwinners, four are returning starters. However, Laurel has only five seniors on this year's squad which means some of the leadership responsibilities will be placed on younger players.

"We are looking for strong leadership from our setters," Manganaro said. "Our setters will be Amy Newton, Emily McBride, Kim Mathiason and Deb Roeder."

Manganaro feels that her squad for the coming season is very eager to begin and improve on last year's mark. "The team has maintained a very high energy level in practice," Manganaro said.

"We should be very competitive provided each team member remains positive and enthusiastic," Manganaro also notes that for simplicity sake, Laurel will be running a basic 4-2 offense with some player specialization.

"Although 22 players limits our depth, we have been a very close team fundamentally," Manganaro said. Of Laurel's 22 players, eight are incoming freshman while only one

sophomore dons the Orange and Black colors. Eight juniors are suiting up this season along with the five seniors.

Returning letterwinners for Manganaro and assistant coach Carol Guffey are Kim Mathiason, senior; Deb Roeder, senior; Marcy Strawn, senior; Amy Adkins, junior; Shana Carstensen, junior; Sherri McCorkindale, junior; Jessie Monson, junior, and Amy Newton, junior.

WAKEFIELD VOLLEYBALL

Eaton must fill big shoes

Numbers down in Wakefield

The Wakefield volleyball team and head coach Paul Eaton is facing a strange situation this season. During the past four or five years the number of girls out for volleyball has ranged from approximately 30 to around 40. However, this season Eaton must get used to seeing a smaller number of girls on his team. 25 Wakefield volleyballers will don the maroon and white for the coming season.

Wakefield volleyball fans have gotten quite used to seeing the Trojans come out on top in recent years. In fact, during Paul Eaton's tenure at the helm, which consists of the last three seasons, Eaton has watched, as well as Trojan fans, as Wakefield has compiled a 52-6 record.

Last year's record of 15-3 included a state tournament berth in Lincoln, where the Trojans succumbed to Osceola.

Eaton will have some big shoes to fill however as gone from that successful team is the number one hitter, Kadi Nelson, the top setter in Tricia Schwarten, Lana Ekberg and Kelly Fredrickson.

Also gone is top server Mollie Greve. However, Eaton still returns five letterwinners from last year including all-around players Karen Hallstrom, Julie Greve and Karen Witt.

"We have been accustomed to having a lot of depth in the past," Eaton said. "However, this year depth will not be in our favor."

Offensively, Wakefield will be in a basic 4-2 set with some variation. Eaton will be aided by Arnie Cerny and volunteer assistant Julie Oswald.

"If we get off to a good start on the season, we'll be very competitive throughout the year," Eaton said. "With our inexperience in the younger players though, it will take some time to see just how good we really will be."

Eaton sees Wausa as being a very

strong team this season in the Lewis & Clark Conference. He also feels that teams in Emerson, Laurel and Winside may be competitively strong.

One added note on Wakefield volleyball this season. During the past, the B-team, (reserves), has always played first, followed by the

Gieselmann takes reigns at Winside

New coach brings new look

Among the several new coaches in the area this year is Paul Gieselmann. Gieselmann takes over the reigns of Winside's volleyball team, vacated by Jill Stenwall, who went back to school at Kearney State.

Gieselmann, a recent Wayne State graduate will work with Laura Stuerman, still a Wayne State student, in trying to mold a young Winside team into a consistent level of play.

Eighteen of Winside's 23 players out for the team are underclassmen, leaving Gieselmann with five seniors to start his reign as volleyball coach.

Kristy Miller returns as the only letterwinner on the team which simply put, is rebuilding.

"We have some very young players with a lot of potential," Gieselmann said. "We just have to wait and see if they learn the system."

The five seniors which will have the leadership responsibilities for this year's squad include Wendy Boldt, Lisa Janke, Christina Bloomfield, Mary Brugger and Kristy Miller.

Seven juniors, six sophomores and five freshman will also don the Wildcat paraphernalia. "We are go-

ing to change things around a little bit this year," Gieselmann said. "However, we on the coaching staff feel they are changes which need to be made in order for us to be successful."

"There is no 'I' in the word team," Gieselmann said. "One thing we are stressing is the fact that if takes everyone on the team including those who are sitting on the bench, to be successful."

Gieselmann noted that currently the team outlook from the players standpoint is very positive. "The girls came into preseason with a positive attitude," Gieselmann said, "and the work ethic is extremely super."

Gieselmann noted that he wants to make volleyball fun for the Winside team and not a job.

WAYNE-CARROLL FOOTBALL

MEMBERS OF THE Wayne Blue Devil football this season includes: Back Row left to right; Jason Cole, Kevin Hausmann, Jarrod Wood, Eric Runestad, Greg Schmidt, Doug Larson, Tim Loberg, Eric Liska, Chris Luft, Todd Barner, Elliot Salmon, Jess Zeiss, Chad Davis, Chris Wiseman, Corey Frye, Dan Wurdinger (student trainer), Jed Reeg, (student manager). Middle Row Left to Right; Craig Dyer, Casey Dyer,

Neil Carnes, Brian Moore, Willy Gross, Kip Mau, Greg DeNaeyer, Mike Hillier, Jeff Lutt, Todd Harris and Shane Guill. Front Row Left to Right; David Hewitt, Rusty Hamer, Trevor Wehrer, Jason Ehrhardt, Cory Wieseler, Chris Fredrickson, Jesse Broderson, Ben Tierney, Dan Wiseman, Matt Bruggeman, Jerry Williams, and Mike DeNaeyer.

Wayne looks to improve

Wayne football head coach Lonnie Ehrhardt welcomes back 23 letterman back from last year's squad which finished a disappointing 1-8.

Last year's record however, was not indicative of what kind of team Wayne has had in the past. "Last year we just got caught in a situation where a lot of junior varsity kids from the year before were forced into starting roles due to graduation from the 1986 season," Ehrhardt said.

Those same kids however, return this year with a lot of game experience which should aid them from the start. During the soap scrimmage Ehrhardt and his coaching staff worked with four different offensive units, so the depth has developed in the unit.

Of the 23 returning letterwinners from 1987, 16 are returning starters on offense or defense according to Ehrhardt. "We have a good nucleus of players with experience," Ehrhardt said. "Our size across the line is fairly uniform and overall we feel really good about our skill people returning."

Seniors Jess Zeiss and Greg Schmidt are the front runners in the quarterback slot although Zeiss will get the nod, as he is a returning starter from last year at the skill position.

Craig Dyer, Brian Moore and Cory Wieseler are also learning the system at quarterback for Ehrhardt as junior varsity action begins in less

than two weeks.

Ehrhardt feels it is important for his squad to take each game one at a time. "We can't afford to look ahead with the type of schedule we play," Ehrhardt said. "We must fine tune ourselves for each outing."

Offensively Wayne will run with a pro-set style of play, or twin set which means the same thing. The backs will be split with two tight ends.

Defensively the Blue Devils will run a 5-2 monster back.

Eric Liska, Greg DeNaeyer, Rusty Hamer, Chad Davis, Mike Hillier and Corey Frye are currently vying for the starting backfield assignments on offense. "Keeping fresh people in at all times will be an asset we have this season," Ehrhardt said.

"Everyone will play which lends to the morale of the team." "The attitudes have been great this season and there has been a lot of leadership shown," Ehrhardt added.

Blocking skills are what the Blue Devils need to work and concentrate on week to week, the Wayne mentor said.

Some of the goals which Ehrhardt said the team has established and which they think are attainable are playing each game to the best of everyone's ability, having a winning season, and hopefully capturing the conference championship.

"Ultimately we want to get back

COACHING THE WAYNE football team will be Pete Warne, Duane Blumenkamp, Lonnie Ehrhardt, Don Koenig and Ron Carnes.

into the state playoffs," Ehrhardt said. Of course the last time Wayne was in the state playoffs was during the 1986 season.

Ehrhardt also noted that this past summer's weight room was attended more by the players than any other year. "The kids have extremely dedicated themselves to having a winning program this year," Ehrhardt said. "Desire, Dedication

and Confidence can override anyone's natural ability."

Busselman looks to change Allen football into winning program

Optimism is abundant in fall workouts for first year Allen football head coach Mike Busselman. Busselman, a recent graduate of Midland College in Fremont, hopes to be a major influence in the turning around of Allen football.

"Our goal is to turn an 0-9 season like last year into a competitive season where we aim to get to the .500 plateau," Busselman said.

Busselman knows however, that turning a program around takes time and patience. The fact that the Eagles are in the Lewis & Clark Conference does not make things much easier in trying to rebuild the team into a consistent competitive status.

Busselman does however, have a talented back in junior scabbard Kent Chase. Chase gained 540 yards on the ground as a sophomore and through weight training throughout the summer has increased his strength and speed.

"I honestly think Chase will be as good as any back in the area," Busselman said. "He has good excellent lateral movement and once he's in the open field, it may well be six points."

Of Busselman's 24 athletes out for the football team, 12 are returning

letterwinners from last season. Three seniors will look to provide some of the leadership responsibilities for the Eagles this season.

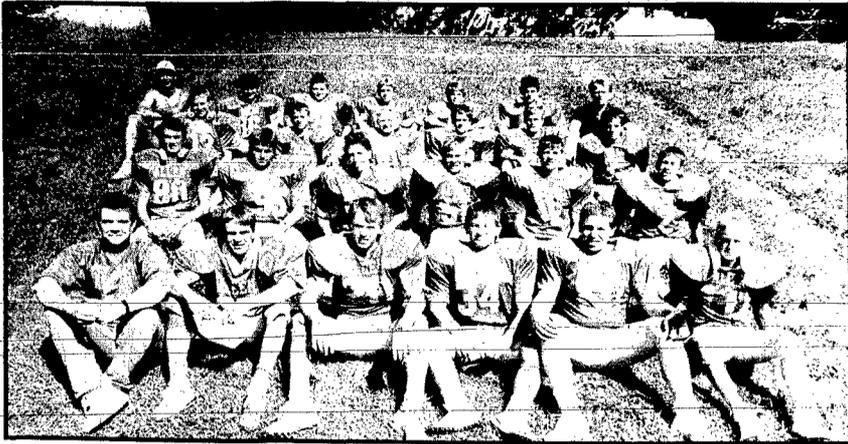

Amongst them are Mike Gregerson, and first time players since their freshman year, Greg Stapleton and Tyler Harder.

"The philosophy that I want to concentrate on and hopefully the players will concentrate on is taking each game separately. By that I mean, I don't want to get into the mode of thinking if we win the next two or three games we'll be on line for the season," Busselman said.

Busselman also noted that he doesn't want his team to fall into a complacent state after winning their first game of the year. By taking each week separately, the Eagles chances of falling into a state of complacency diminishes greatly.

Offensively, the Eagles will run a straight-I-formation with junior Matt Hingst running the show at quarterback. Fullback duties will be shared by Rusty Dickens and Kevin Crosgrove while Chase mans the I-back slot.

Defensively Allen will run a 4-3 according to Busselman. As a whole Busselman in his first outing as a

head coach, is sure team speed of the Eagles will be an asset, but team size will not be overly big.

"Our weightlifting program began this past summer," Busselman said.

"We had some preseason conditioning which some players had never had before."

Busselman's enthusiasm to turn things around at Allen may well have

the Eagles soaring come October.

LAUREL-CONCORD FOOTBALL

LAUREL-CONCORD FOOTBALL players this season consists of: Back Row Left to Right; Brian Anderson, Dean Heydon, Matt Kessinger, Bruce Haisch, Troy Twohig, Jason Klaussen, Dave Keifer, Jason Swanson, Chad VanCleave, John Schutte, Jason Berg, John Ebmeier, Todd Erwin, Asst. coach John Manganaro. Middle Row Left to Right; Head Coach Tom Luxford, John Haller, Justin Swanson, Matt Jonas, Matt Felber,

Darren Martinson, Doug Manz, Jeremy Quist, Rusty Reifrenath, Pat Arens, Travis Stracke, Brian Anderson, Asst. Coach Dave Dannebring. Front Row Left to Right; Asst. Coach Mark Hrabik, Nick Strawn, Brian Lohse, Steve Johnson, Jeremy Klaussen, Travis Kraemer, Greg Ward, Joel Lipp, Kory Macklin, Brian Penne, and Asst. Coach Dave Murphy.

Luxford looks to youth for '88 Bears

Wisner native Tom Luxford will man the head coaching duties for the Laurel Bears football team this season after a successful two year stint as head coach for Prague.

Luxford's Prague team was 14-4 during the past two seasons with a state runner up title in 1986. Luxford has also spent two years as an assistant coach with Class A's Fremont team under Gerry Gadowski.

Luxford steps into a program which will be very young this season, but its a position which he is confident will pay dividends in the future.

"We are not very deep in the skill positions and we are extremely young," Luxford said. "However, we have 13 returning letterman and 34 of the hardest working kids around."

The numbers are up about five from last year's team of 29 prospects. Incidentally, Laurel is the only area team covered by the Wayne Herald that prospered with a winning record last season at 5-4.

"On this year's team we have only

four seniors and 30 underclassman," Luxford said. The four seniors include returning quarterback and safety Doug Manz at 5-9, 155 lbs.; Jason Swanson at guard and defensive end; Jason Klaussen at center and noseguard, and Dave Keifer, a returning tackle and linebacker.

Since Laurel lost its starting backfield to graduation last year, Chad VanCleave and Matt Jonas, both juniors will be vacating the empty slots as first time starters. VanCleave is a 5-11, 185 lb. halfback while Jonas stands 5-9 and weighs 165 lbs.

Along with the new coaching system at Laurel, Luxford has decided to change the offense as well. "Last year Laurel ran what they call an inadvertent wishbone," Luxford said. "This season we are changing to a veer."

Luxford explained the reasoning behind the offensive change as being the fact that they don't have the big

backs that they had a year ago.

"Our definite strength is our line," Luxford said. "All but one of our starting line is returning starters." The average weight of the line according to Luxford is between 210-215 lbs., which ranks them about second or third in the NENAC.

Dave Dannebring, also a new coach for the Laurel staff this season has been working with the line and according to Luxford has really done a super job. Dannebring is a recent graduate of North Dakota University.

Another area in which Luxford feels his squad might feel the effect of inexperience is in the receiving corp. "Right now we're looking at Troy Twohig and backup quarterback Todd Erwin as our starting receivers, while Dave Martinson will hold down the flanker spot.

Defensively Laurel will run what is called a Notre Dame defense, which in essence is a 4-4. "In all actuality

our defense is more complex than our offense," Luxford said.

Luxford feels the dedication and determination the Laurel bunch has put out so far this season is needed to build a positive program. "We have put our new offense and defense together in about 2 1/2 weeks, which shows the dedication of both the coaches and players," Luxford said.

"We are going to be a very discipline, but very aggressive football team. When we make mistakes we are going to make the right mistakes not the wrong mistakes."

"Hustle," the team motto for the year, is Laurel's key to maturing the young players they must play.

WAKEFIELD FOOTBALL

Wakefield seeking solid year

The Wakefield Trojans football coaching staff will not have to dwell very long this season in looking for leadership. Ninth year helmetsman Dennis Wilbur has 23 of the 43 out for football being upper classman.

This year's team will be out to improve upon last season's 4-5 mark, but playing in the traditionally tough Lewis & Clark Conference, Wakefield will be facing two pre-season number one rated teams in D-1 Walthill and D-2 Coleridge, both on the road.

You won't however, find Wilbur shying away from either of those teams. "We have very good size and good speed," Wilbur said. "We will be very competitive and with the number of players we have this year which incidentally is up, we will be able to keep people fresh."

Wilbur must find people to fill the shoes of quarterback Todd Kratke and Colby Meyer, as well as Brian Larson and Ray Ferguson, all gone through graduation.

Halfback Tony Halverson will be a plus for Wilbur in the Trojan backfield. Halverson, now a senior, has started since midway through his freshman year. Another familiar face to Trojan fans, John Wriedt, who also enters his senior season is a 3 1/2 year starter on the line.

Chris Looe and Matt Tappe seem to have the inside track on replacing Kratke in the quarterback slot according to Wilbur, although Looe has more experience and Tappe has missed some of pre-season due to illness.

Offensively, Wilbur returns six starters from a year ago while defensively all but one of last year's starters return for another season.

Among the offensive starters is tackle John Wriedt, tight end Doug Roberts, a three year letterman, halfback Tony Halverson and halfback Scott Lund.

Defensively the starters returning

MEMBERS OF THE Wakefield football team include: Back Row Left to Right; Ken Addink, Mark Johnson, Keith Wenstrand, Stuart Clark, John Schopke, William Miller, Andy McQuistan, Brian Lundahl, Tony Krusemark, Shawn Meyer and Tony Halverson. Third Row Left to Right; Dan Jansen, Jon Johnson, Mike Tuller, Kyle Torczon, John Wriedt, Doug Roberts, Kurt Boeckenhauer, Doug Stanton, Matt Bartling, Aron Utecht, Vahn Thomsen. Second Row Left to Right; Steve Siever, Troy Krusemark, Chris Looe, Scott Lund, Cory Blatter, Matt Tappe, Brian Wagner, Mark Demke, Marcus Tappe, Matt Stanton. Front Row Left to Right; Scott Johnson, Tony Brown, Troy Lee, Matt Anderson, Chris Fischer, Scott Mattes, Brandon Bensen. Not Pictured is Thad Nixon, Bill Wegner and Ernie Ping.

include Wriedt at guard, William Miller at guard, Roberts at defensive end, Halverson at linebacker, Mark Johnson and Tony Krusemark at cornerbacks, and Andy McQuistan at safety.

If any of the Lewis & Clark teams look more intimidating size wise, than Wakefield, they will have to be huge and fast. "We have very good size in the linemen," Wilbur said. "Our weak side end weighs 175 lbs, as does our center. Our one guard weighs 225 while the other tops out at 245 lbs." Our tight end is also fairly good sized at 185 lbs," Wilbur added.

Wilbur also mentioned Doug Stanton as being a major contributor for the Trojans. Stanton fills the scale at 260 lbs., and should beef up the line.

"Overall I think we have of nice group of juniors and seniors on this year's team," Wilbur said. Wilbur will be aided by assistant coach John Torczon and volunteer assistants Mike Clay and Jeff Hallstrom. On offense you can expect to see Wakefield in an unbalanced-line or veer offense where the quarterback reads the option. Meanwhile, on defense, the Trojans will line up in a three or a four man front.

This incidentally, will be Wakefield's final year of eight man football, at least for the next few years. Due to the re-classification system which checks the number of boys in grades 9-11, every two years, Wakefield will be moved to 11-man football in the fall of 1989.

WINSIDE FOOTBALL

Winside maintains cautious optimism

Winside head football coach Randy Geier welcomed 25 players into preseason football workouts this year, which is the largest number of players Winside has seen in several years.

The majority of Geier's team makeup is underclassmen with nine sophomores and eight freshmen. However, Geier is pleased with the players he has returning off of last year's 3-6 squad.

"We have some skill people coming back to fill in the skill positions," Geier said. Incidentally, Geier enters his second year as head coach for the Wildcats and although the team hasn't enjoyed a winning season since 1983, which in turn was the last time they were in the playoffs, Geier remains with a level of cautious optimism.

"The kids really have a positive attitude coming into the season," Geier said. "The work ethic is good and the players have set their sights on a winning season."

Geier was quick to point out that not only do the players and coaches deserve a winning season, but the Winside faithful following deserve it.

"We really have positive support from the fans of Winside," Geier said. "If anyone deserves a good year, they do."

Geier also welcomes two seniors on this year's team that haven't been out for football since their sophomore year. The twosome, Chris Nau at running back and linebacker, and Darren Wacker at center and defensive end, hope to add to the strengths of Geier's young team.

As mentioned before, Winside returns a lot of skilled people at their positions. The leader of the pack is Tim Jacobsen. Jacobsen threw for over 850 yards last season.

Even though one of Jacobsen's primary targets of a year ago, Mace Kant, has graduated, Gary Mundil, Randy Prince and Steve Heinemann, return with plenty of experience. Heinemann incidently, was Jacobsen's favorite receiver last year hauling in 18 catches.

Tim Volwiler enters his senior season as a returning starter in the line at his familiar guard slot. The offensive line is a question mark for Geier this season as Volwiler is the only returning starter from a year ago.

Offensively, Geier notes that his team will run with a wing T and defensively Winside will alternate between odd and even fronts.

MEMBERS OF WINSIDE'S football team this year include: Back Row Left to Right; Doug Heinemann, Jeff Gallop, Steve Heinemann, Darren Wacker, Chris Nau, Randy Prince, Tim Jacobsen, Brian Thompson, Jason Krueger, Tim Volwiler, Max Kant, Gary Mundil and Trevor Topp. Front Row Left to Right; Cory Jensen, Chad Carlson, Jason Magwire, Aaron Nau, Marc Janssen, Charlie Bloomfield, Mike Compton, Jason Paulsen, Shane Frahm, Jason Bargstadt, Kerry Jaeger, Ryan Brogren, (student manager), Not Pictured Matt Brogren.

"If we as a team are going to be successful, then we must improve our rushing game and rushing defense," Geier said. "Last year we struggled in both those categories and it didn't aid our cause to win more games."

"The team that outrushes their opponent will nine times out of ten win the game," Geier added. "I honestly feel that we have a solid performer at quarterback in Tim Jacobsen. He's showing lots of leadership in practice and he is a good option quarterback."

Geier also noted that summer weightlifting aided his team by gaining strength and quickness. Geier will be aided throughout the year by assistant coach Todd Pospisil.

"I think overall we could have a strong football team," Geier said. "We have to keep in mind however, that the Lewis & Clark Conference is among the strongest in the state. We'll have a quick team but not an overly big team."

WAYNE-CARROLL GIRLS GOLF

Linksters look to continue golf success

Coming off a fifth place finish in the 1987 state girls golf team play, Wayne returns a good nucleus for this year's team according to head coach Dick Metteer.

Among those heading the team for the coming season are Ann Perry and Holly Paige. Perry finished in third place in the individual standings of last year's state tournament, while Paige, finished second in the individual standings of district play which helped earn Wayne a team berth in the state tournament as they placed third as a team in district action.

Jill Jordan is the third senior which will aid the Lady Blue Devil Linksters. Only one junior will represent Wayne's golf team and that being Trudy Pflanz.

Meanwhile sophomores Cher Reeg, Emily McClelland and freshman Jennifer Chapman and Billi Lueders hope to make an impact on the varsity level.

"Girls golf is really growing in Nebraska," Metteer said. "Last year we saw the implementation of girls golf teams in Columbus Lakeview and Columbus Scotus, while this year we have the addition of Schuyler to girls golf."

The local linksters will play host to Norfolk twice in the first two weeks

WAYNE-CARROLL CROSS COUNTRY

Coach Ruhl sees numbers double

Perhaps one of the youngest programs this fall for Wayne Blue Devil sports is the cross country team. Second year coach Rocky Ruhl likes the situation he's in however.

"We are very young as a team," Ruhl said. "It pleases me though to see the program already building from just last year."

Of course with the plethora of youth that invades the cross country team, the perspective of starting at the bottom and working to the top is more or less a blue collar image, but one that Ruhl feels is the key to competing.

"Many of the athletes running cross country are doing it to aid them in another sport," Ruhl said. "Cross country is a motivator to keep them in shape between seasons."

Ruhl notes that the number of participants out for cross country this year nearly doubles the competitors of a year ago. Last year's team saw Nick Engelson qualify for the state tournament in his only year of running the sport.

Not only has Ruhl's team been doubled in size, but he also has three girls at the present time who are working to compete in the 2.5 mile race each week. The boys rendition of a cross country meet consists of 3.1 miles.

"Of the runners returning from last year's team, I can personally see the improvement in them already this year," Ruhl said. "The big thing in the program that we are trying to

Wildcats ready for '88 campaign

Wayne State returns 16 starters from last year and has had a good fall camp, according to Wayne State Coaches. The defense was bolstered by the return of five former starters who returned to Wayne State after missing a year. Among the returnees is Greg Hunke, Bob Sterba, Chris Matzen, Cordell Gregory, and Doug Blair.

All five are listed in the Wildcats' two-deep roster. Three freshmen have made their mark early, including defensive tackle Matt Holly, receiver Bill Blondin and fullback Travis Bahsen.

All three should see action against the UNO Mavericks this Saturday. Offensively for the Wildcats, Scott Raue returns at quarterback after throwing for 1723 yards and 12 touchdowns last year. Running back Damon Ross gained 803 yards to lead the team in rushing last year as a freshman, including five games of 100 plus yards per outing.

Defensively, safety Mark Volf returns for his senior season after leading the team in tackles a year ago. Volf was also named to the honorable mention NAIA All-America Team.

Other returnees on the defensive side of the ball include linebackers Jim Sibbel, Tony Wiese, Dave Gerkin and Greg Gerkenmeyer along with cornerback Glen Sutton.

Head coach Pete Chapman enters his sixth season as the Wayne State mentor with a 29-42-1 record.

Wayne State's schedule for the coming season gets underway this Saturday in Omaha's Al Caniglia Stadium. The game is marked for a 7:30 p.m. kickoff.

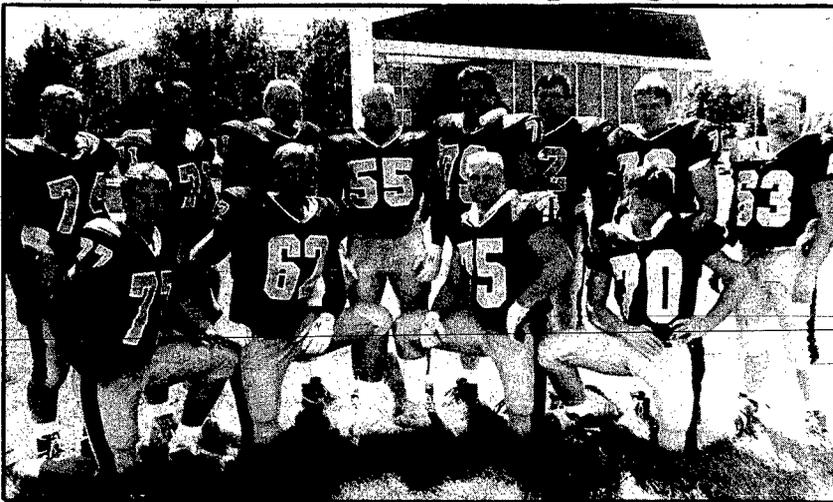

The locals play their first home game of the season on September 10, as they entertain St. Cloud State. Wayne State will remain at home the following week of September 17, when they host Baker University.

The Wildcats then hit the road for games at Missouri Western and Emporia State before returning home on October 8, against Ft. Hays State and homecoming. Washburn, Pittsburg State, Missouri Southern, Kearney State and the University of Northern Iowa round out the Wildcat schedule. Tickets on Sale.

Wayne State football season tickets are now on sale, according to athletic director Pete Chapman.

The tickets can be purchased from any Second Guessers board member or at the athletic office in the Wayne State Recreation Center. The tickets are \$25 for five home games and include reserved seating along the 50-yard line in Memorial Stadium.

The regular admission price for individual games is \$6 for reserved seating and \$5 for general admission tickets. For more information on the season tickets, contact Chapman at 375-2200.

THE OFFENSIVE LINE will consists of: front row left to right; Robert Sanders, Bob Geist, Tony Payne, and John Gabriel. Back row left to right; Rick Nordhues, Matt McKay, Mark Linder, Harry Gardner, Jeff Wagner, Paul Dean, Mike Postma and John Etgen.

THE WILDCAT LINEBACKING crew consists of front row players Jeff Brownfield, Mark Beeck, Bob Sterba, Wade Maxwell, Bud Sachs and Scott Mayer. Back row players from left to right include Jim Sibbel, Paul Parker, Scott Vokoun, Greg Gerkenmeyer, Tony Wiese, Dave Gerkin, Mike Kennedy, Pat Hathaway, Mo Walker and Brian Bos.

WAYNE STATE FOOTBALL coaches this season are from left to right; Lyndon Wieseman, Dennis Danielson, Shann McKeever, Chuck McGinnis, Pete Chapman, Scott Wightman, Dan Pollard, Dave Uhlers, Darin Fulford and Greg Cavill. The Wildcats are looking to improve on last season's 2-8-1 record.

THE STARTING BACKFIELD for Wayne State this season will be halfback Brian Jepsen, quarterback Scott Raue and halfback Damon Ross.

STARTING RECEIVERS for coach Pete Chapman this season will be Pat Wordekemper, John Pezdirtz and Daryl Mountain.

DEFENSIVE LINEMAN for the 1988 Wildcat football team are Mike Piper, No. 99; Dan Fehringer, No. 91; Doug Blair, No. 65; Kevin Waugh, No. 57; Pat Dean, No. 64; Greg Hunke, No. 96; Matt Holly, No. 72 and Randy Rouse, No. 94.

MEMBERS OF THE Wayne State defensive backfield squad include: Randy Woodard, No. 21; Mike Ware, No. 2; Joel Ott, No. 1; Paul DiBlasi, No. 10; Darrin Barner, No. 27; Steve McBride, No. 19; Cordell Gregory, No. 7; Glen Sutton, No. 8; Terry Thomas, No. 13; Mark Volf, No. 3; Chris Matzen, No. 23.

Karen Kastrup

Karen Kastrup, 85, of Laurel died Saturday, Aug. 27, 1988 at St. Luke's Hospital in Sioux City, Iowa.

Services were held Tuesday, Aug. 30 at the Immanuel Lutheran Church in Laurel. The Rev. Mark Miller officiated.

Karen Kastrup, the daughter of C.C.V. and Thyra Jorgensen Andersen, was born March 16, 1903 at Assens, Denmark. She was baptized on July 12, 1903 and confirmed on April 15, 1917 at the Lutheran Church in Gelsted, Fyn, Denmark.

She married Edmund Kastrup on April 15, 1921 at Hartington. The couple farmed in the Dixon and Laurel areas until 1969 when they moved into Laurel. Edmund passed away in 1971.

Survivors include six sons, Karl and Carlo of Blair, T.V. of Ruskin, Borge of Laurel, Leo of Elk Point, S.D. and Robert of Hartington; two daughters, Elsie Nielsen of Blair and Ruth Kenaley of LeMars, Iowa; one brother, John Andersen of Laurel; one sister, Agnes Kastrup of Kaiser, Mo.; 22 grandchildren; and 32 great grandchildren.

She was preceded in death by her husband, parents, one grandson and one stepdaughter.

Pallbearers were Larry Kastrup, Ron Nielsen, Troy Kastrup, Thom Kastrup, Pat Kenaley, Roger Kastrup, Jerry Kastrup and John Kastrup.

Burial was in the Laurel Cemetery with McBride-Wiltse Mortuary in charge of arrangements.

John Rethwisch

John Rethwisch, 81, of Carroll died Monday afternoon, Aug. 29, 1988 in Carroll.

Services will be held Monday, Sept. 1 at 10:30 a.m. at the United Methodist Church in Carroll. The Rev. Keith Johnson will officiate. Visitation was scheduled from 9 a.m. to 9 p.m. on Wednesday at the Schumacher Funeral Home in Wayne.

John Rethwisch, the son of Henry and Anna Schmidt Rethwisch, was born Dec. 3, 1906 at Ft. Calhoun. He attended rural school near Carroll. He married Clara Mohr on Feb. 18, 1931 at Hartington. The couple farmed in the Belden and Carroll areas. He worked in Vancouver, Wash. during World War II. He returned to Carroll to farm until 1954 when he became the Carroll Post Master.

He was a member of the United Methodist Church in Carroll. He was President of the Nebraska Chapter of National Association of Post Masters of the United States and was an Admiral of the Navy of the State of Nebraska.

Survivors include his wife, Clara of Carroll; one son, Kurt Rethwisch of Monroeville, Penn.; one daughter, Mrs. Clarence (Carla) Abbot of Morris-town, Tenn.; five grandchildren; and one sister, Mrs. Louise Pfanz of Belden.

He was preceded in death by his parents, one brother and three sisters.

Burial will be in the Elmwood Cemetery in Carroll with Schumacher Funeral Home in charge of arrangements.

Memorials may be made to the Methodist Church or the Wayne Hospital Auxiliary.

Paul Rogge

Paul Rogge, 82, of Wayne died Saturday, Aug. 27, 1988 at the Hartington Nursing Center in Hartington.

Services were held Wednesday, Aug. 31 at the United Presbyterian Church in Wayne. The Rev. John Mitchell officiated.

Paul Jesse Rogge, the son of Charles and Malinda Griebel Rogge, was born March 29, 1906 on a farm in Sac County, Iowa. He attended rural school and worked on farms. He married Helen Dinwiddie on July 30, 1927 at Onawa, Iowa. The couple moved to Wayne in 1930. He worked on a dairy farm, at the creamery in Wayne and at the Wayne Post Office. He was a member of the United Presbyterian Church and the Wayne Volunteer Fire Department.

Survivors include two daughters, Mrs. Norman (Colleen) Burgess of Green Bay, Wis. and Jeane Wallick of Casselberry, Fla.; seven grandchildren; four great grandchildren; two brothers, Charles Rogge of Ida Grove, Iowa and George Rogge of Cocoa Beach, Fla.; nieces and nephews.

Burial was in the Greenwood Cemetery with Schumacher Funeral Home in charge of arrangements. He was taken to the cemetery in the 1936 fire truck by the Wayne Volunteer Fire Department.

Great Dane

(continued from page 1A) "It is our intention to continue producing trailers with the Timple name, as well as producing trailers with the Great Dane name that are slightly different in their construction," Granger mentioned.

No sale price was disclosed on the sale of Timple, Inc. to Great Dane. Remick said Wayne and the state of Nebraska had a great deal of involvement in Timple, Inc.'s selection of Wayne. "There are some incentives and some obligations that Timple, Inc. has with the city and the state. Those obligations will be assumed and fully executed, to the satisfaction of the city and the state, by Great Dane," Remick said.

One of those incentives specifically involving the city of Wayne, according to Kloster, was a \$500,000 block grant revolving loan made available to Timple, now to be assumed by Great Dane.

The city also issued its support in assisting Timple, Inc. in obtaining an \$8,065,000 Industrial Development Bond issued June 18, 1985.

TIMPEL INDUSTRIES, Inc. president Gamel said "the idea here is to make a very smooth transition from one ownership to the other."

"We've got a very cooperative attitude. We're interested as the ex-owners in seeing that this operation continued. We've spent a lot of time, money and effort in establishing this operation," said Gamel.

"We think Great Dane is by far the best buyer for this operation," he said.

"All obligations will be fulfilled. Every bill will be paid. There is no financial duress in this transaction. There never has been. These people are very responsible financially," Gamel added.

REMICK SAID that a half dozen firms expressed an interest in possibly acquiring the refrigerated trailer business during the 90 day time frame. "But once we were approached by Great Dane, we focused on Great Dane as the buyer," he said.

Timple, Inc. broke ground for the Wayne plant in June, 1985 and production commenced in April, 1986 on the 35 acres of property east of Wayne, utilizing some 171,400 feet of space. The open house and dedication of the new Wayne manufacturing facility took place in September, 1986. Corporate offices of Timple, Inc. relocated from Denver to Wayne in 1986.

Drought meeting scheduled

Rod Pateni, agricultural extension agent, and Daryl McGhee, county executive director of the ASCS, will conduct two area meetings Thursday, Sept. 8, explaining preliminary information on the 1988 Drought Disaster Legislation and Feed Assistance Programs.

The first meeting will take place at 9:30 a.m. in the Wakefield National Bank meeting room. Another meeting is scheduled for 2 p.m. at the Newcastle Fire Hall.

In early August, Congress passed a compromise drought assistance package. The final bill has been signed by President Reagan. This drought legislation specifies disaster payments according to three levels of losses: I - 0-25 percent loss; II - 25 percent to 75 percent loss; III - 75 percent to 100 percent loss.

Farmers who were enrolled in both the farm program and those who were not signed up to participate this year are eligible for drought assistance. A producer can also collect from both Federal Crop Insurance and the ASCS administered drought disaster legislation.

If the actual yield is below the county average yield, farmers need to document the actual yield with the local ASCS office. This includes crops harvested for silage as well as grain.

The disaster assistance covers crops other than just corn, grain sorghum and wheat. Soybeans, oats, barley, sunflowers and any other crop that is normally raised by the producer for feed or sale is included, as long as they can establish an average normal yield and document a loss.

Pateni will outline the disaster assistance program and McGhee will explain the current feed assistance programs available during the Sept. 8 meetings.

Needles

(continued from page 1A) The sanitation service wants the used needles to be packaged separately and eventually delivered in package form to the solid waste transfer station. The separate packages of used needles are then handled by Fremont Sanitation and disposed of in proper fashion.

One reason for this action, according to Kloster, was because of the sanitation company's recent concerns about newscasts concerning the pollution of used needles that were washing up on shorelines near the east coast.

The threat of the AIDS virus and other diseases through the presence of possibly contaminated needles was also a concern.

Waterfall

(continued from page 1A) Also on Tuesday evening, the following mayoral appointments were made by Mayor Wayne Marsh: Planning Commission - Beverly Etter and Paula Pflueger.

Recreation Board - Linda Gamble and John Dorsey. Board of Adjustment - Lillian Surber. Library Board - Charlene Rasmussen and Deb Ensz.

LEGION AUXILIARY

The American Legion Auxiliary held their regular meeting at the Legion Hall on Aug. 8 with six officers and 11 members present. President Carol Ulrich presided. Lois Schlines performed the duties of chaplain in the absence of Carolyn Kramer. The opening ceremonies were performed. Secretary Sharon Salmon read last month's minutes along with the executive board meeting minutes. The treasurer's report was read by Sharon Boatman.

A letter was read from Eva Connor's daughter stating that she wished to donate a memorial to the Auxiliary in memory of her mother. Suggestions were for her to purchase the white jackets for the Color Bearers and Guards or a plaque for displaying names of members who had served the Auxiliary as President. Decision to be made later.

For old business it was reported by Margaret Cisney that the pillow cleaning day had been a success. Seventy-eight pillows were cleaned with two feather beds being made into pillows. She had spent the day there with Lois Schlines relieving her over the noon hour.

Vernetta Busby and Edith Hanson were thanked for serving coffee, rolls and donuts to the 30 coaches and umpires before the ball tournament.

A report was made by Alice Johnson on the concession stand held during the tournament. She thanked everyone for helping. A final financial report will be given next month.

The past president's group sold the tournament t-shirts and pins.

Jeff Swanson gave a report on the State Oratorical contest to be held in Wakefield next spring. He asked if the auxiliary wanted to serve the noon lunch. A decision will be made in October.

A report from President Carol Ulrich was made on the kitchen remodeling project. An estimate has been received from Dennis Ofte.

On Sept. 11 a Legion Golf Tournament will be held on the local golf course. A motion was made by Alice Johnson that the Auxiliary furnish salads and help at the steak supper to be held at the Legion Hall after the tournament. Sharon Salmon, Lois Schlines and Edith Hanson will serve on the planning committee.

On Sept. 18 Carol Ulrich will be attending a Leadership School.

The Bake Sale for Pumpkin Days on Oct. 8 was discussed.

Installation ceremonies were performed for Bonnie Bressler, first vice president, Emily Gustafson, second vice president, and Arlene Benson, Historian.

Lunch was served by Sharon Boatman, Priscilla Eaton and Mylet Nicholson.

LIBRARY HOURS

Graves Public Library will return to its regular hours beginning Sept. 1. These hours are from 3:5 p.m. Monday through Thursday; 3:5 p.m. on Friday afternoon and from 1:5 p.m. on Saturday.

The Farmer's Wife

by Pat Meierhenry

Finally! Some cool weather. I have never been so glad to put on a sweat shirt and jeans. Or so happy to have Fall arrive. The rain was also mighty welcome.

Saturday was perfect football weather, even if the game was in New Jersey. I could not stay awake for all of the game. I went to bed and the Huskers played a great second half without me.

Locally, there were soap scrimmages. These, I learned, back when I had a kid playing football, were not a game with soap. The admission is a bar of soap, used in the locker rooms the rest of the year. Good idea.

Last year, I planned to make a booklet for parents of freshmen. Of course, I didn't get it done. I wish someone had told me:

1) If he's out for football, or she's playing volleyball, supper will always be late.

2) The Lewis and Clark is a large conference. And it is a long drive to Wynot, Newcastle, Wausa, Harrington, and Walthill. Leave in plenty of time.

3) SEVERAL of the schools in this conference are smaller than they used to be, and played eleven-man football until just four years ago. (Winside once played six man.)

4) Coleridge, the smallest, perennially fields a tough football team. Last time I remember beating them was Sue's senior year. (Maybe this will be the year!)

5) Wakefield is a baseball town and generally has good all-around athletes. Traditionally, they and Winside are rivals.

6) There is a country road shortcut to Homer, but it's tricky!

7) Bands are important for football games. When you miss the pep band at games—did you encourage your kid to stay in it?

8) Cheerleaders also add color and excitement.

9) Football uniforms get very dirty—use a Biz bag.

10) Homecoming week is full of costumes, skits, and posters—take time to attend the rally. It's fun.

My booklet would include directions to gyms and football fields and bathrooms.

IT WOULD describe colorful characteristics of coaches and officials—there are some!

It would conclude with a prayer for the safety of the players. Football has an 85% injury rate.

Our baby started college this past week but Northeast's dorms are full and we don't have an empty nest—yet. Someone said you go to college to live in a dorm and discover you can live with just about anyone.

Jon's looking for an apartment in Wichita and will be moving Labor Day weekend.

My basement will have some space in it again, the cookie jar will not get empty overnight, and there won't be someone assembling a lunch in the kitchen at 5:30 p.m.

It's been a long, hot summer. The Goldenrod are in full bloom. We're digging the potatoes, and the days are shorter.

Welcome Fall!

PRISCILLA CIRCLE

Carol Reithwisch of Wayne was guest speaker for the August meeting of St. Paul's Lutheran Womens Missionary League Priscilla. Thirty-five members and guests attended the 6:30 p.m. salad bar supper. Carol gave a slide presentation on the Great Britain countries she and three other LWML ladies from the U.S. visited while discussing Bible studies and teaching methods of the Lutheran Church. There are currently only two of 16 Lutheran churches in those countries that are self-supporting. The other 14 rely on financial support from LWML groups in the U.S.

Hostesses for the evening were Lorraine Prince, Marian Froehlich, Laura Jaeger and Jean Gahl.

The next meeting will be Monday, Sept. 26. Jackie Koll will give the Bible lesson.

LIBRARY HOURS

The Winside Public Library will be closed Monday, Sept. 5 in observance of Labor Day. New library hours after that date will be Mondays from 1 to 5 and 7 to 9 p.m.; Wednesday, 1:30 to 5:30 p.m.; and Saturdays, 9 a.m. to noon and 1 to 3 p.m.

RALLY SUNDAY

Trinity Lutheran Church will hold Rally Sunday Sept. 11 during church services. The children will be receiving their Sunday school pins and Bibles. To celebrate, the Youth Group will be hosting a congregational picnic afterwards in the church basement. Taverns, beans, drinks and ice cream will be served. A free will offering will be accepted. There will be games for the younger children.

SCOUT REGISTRATION

All current cub scouts of troop 179 and any boys age 7 or in the second grade through age 12 or the sixth grade who would like to be a cub scout should attend "Scouting Night" with their parents on Thursday, Sept. 8 in the multi-purpose room of the elementary school at 7 p.m.

The GOLDEN YEARS

Seventy-year-old former governor of Pennsylvania William W. Scranton, who sought the Republican nomination for president in the 1960's, decided to follow his own advice that the best way to remain young is to mingle with young people. He enrolled at the University of Scranton as a student of Latin and Italian.

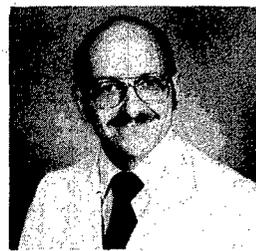

According to the Boston University Medical Center, when people retire they feel aches and pains they didn't notice earlier in life. To remedy these problems, most turn to their personal physicians, but others medicate with over-the-counter drugs. Researchers at BUMC stress, however, that it is always best to see a doctor if the problem persists.

Remember when Saturday afternoon moviegoing was a ritual? For a dime in 1936 you got into a kid-packed theater to see a double-feature and a serial and cartoons, maybe even a few short subjects and sometimes a drawing for some sweet prize. Add a nickel bag of popcorn with real butter and you were set for almost the entire day!

Presented as a public service to our senior citizens, and the people who care about them by the Wayne Care Centre, 918 Main Street, Wayne, Nebraska 68787.

Tablets and Capsules

Tablets and capsules are the most frequently used oral medicine forms. The "active" ingredients in tablets and capsules are those which provide a desired action (e.g., lower blood pressure, fight infection, or reduce fever). The "inactive" ingredients add bulk (fillers), hold the medicine together (binders), provide color (dyes), and help dissolve the dosage form once it enters the stomach or intestines (disintegrants).

Tablets come in many forms. Chewable tablets are intended to be chewed before they are swallowed. Buccal tablets are placed between cheek and gum where the active ingredients are absorbed into the blood vessels of the mouth. Sublingual tablets are intended for use under the tongue. Coated, as well as uncoated tablets, are intended to be swallowed whole. Capsules are either hard-gelatin which contain powder or pellets, or soft-gelatin which contain liquids.

Special forms of tablets or capsules are intended for a sustained or extended action. This type of formulation makes it possible for the medicine to be effective with the administration of only one or two doses a day.

Mammogram tests reveal high risk of breast cancer

Nearly 4,000 mammograms conducted at St. Luke's Regional Medical Center over the past year reveal that breast cancer is the number one cancer threatening the lives of Siouxland women.

"One out of every 10 women will develop breast cancer in her life," says Jim Hamilton, St. Luke's medicine program administrator. "That's a very significant statistic. In seven out of the last eight years, breast cancer has been the number one cancer diagnosed in women at St. Luke's. It was surpassed only in 1983 by cancer of the colon/rectum."

The number of cases of breast cancer diagnosed at St. Luke's has risen steadily since 1980, notes Hamilton, from 66 in 1980 to 94 in 1987.

Despite the fact that women across America have received information about the importance of early detection of breast cancer, the American Cancer Society notes that only about 15 percent of the eligible women are using mammography—a sophisticated diagnostic x-ray—as it's intended. Siouxland women closely mirror that low percentage.

If breast cancer is found early and corrected, a woman's chances for survival are very good, say medical experts at St. Luke's.

Mammography is instrumental in finding tiny spots of cancerous tissue long before they are large enough to be felt by a woman or her doctor, says Dr. James J. Goebel, St. Luke's chief radiologist.

"More than 90 percent of breast cancers are curable in the early stages," he stresses. "The mammogram is the most effective screening device we have."

AN X-RAY OF the breast taken from several views, the mammogram uses low dosages of radiation, says Goebel. The breast is positioned between two pieces of glass-like material and compressed slightly while the mammogram is taken. Like an x-ray, the mammogram is painless, safe and takes just seconds.

Of the 4,000 mammograms conducted between August 1987 and July 1988, 159 looked suspicious enough to warrant a biopsy or closer examination of a tiny bit of tissue. One hundred thirty-four of those patients biopsied received good news; their tumors were benign. Twenty-seven tumors were malignant and treatment suggested.

Current mammography recommendations call for a woman to have her first "baseline" mammogram while in her mid-30's. This provides

the benchmark against which future mammograms are compared. Following the baseline mammogram, the procedure should be repeated every year or two from age 40 to 51 and annually after age 50.

IF THERE is a family history of breast cancer or if, during a breast self-exam, a woman finds any changes or lumps, a mammogram may be performed outside of the recommended guidelines, notes Goebel.

The cost of treating breast cancer escalates the longer the condition goes untreated. The ultimate cost, of course, is that of a human life. Beyond that, the financial cost ranges nationally from \$18,000 to treat breast cancer in its early stages to \$60,000 or more in the later stages.

The mammogram should not be relied upon as the only form of breast cancer prevention, however. Goebel recommends that women perform monthly, self-breast exams and undergo a professional breast exam by a doctor yearly.

Persons wishing more information about mammography at St. Luke's or those who wish a free breast exam card detailing the breast self-exam should call St. Luke's Centre for Women's Care at 279-3444.

Satellite videoconference slated

On low-level radioactive waste

Seven national speakers will speak at the statewide satellite videoconference on Low-Level Radioactive Waste on Sept. 22.

The videoconference, sponsored by the League of Women Voters of Nebraska, will reach 16 local viewing sites including Lincoln and anyone with a satellite receiving dish. The satellite conference will be receivable on the Westar TV, Channel 11 or Transponder 6D frequencies. The conference is being conducted in cooperation with the University of Nebraska-Lincoln Cooperative Extension Service.

The all-day videoconference will begin 8:30 a.m. (CDT) and will conclude at 5 p.m. (CDT). The Lincoln viewing site will be located at the KUON-TV station at the UNL Educational Television Station at 1800 N. 33

St. Other local viewing sites will be located at Chadron, Scottsbluff, Concord, Clay Center, Ainsworth, Beatrice, Norfolk, Fremont, Halsey, North Platte, Sidney, York and Omaha. These sites, arranged by local extension agents, will allow the viewers to see the live action and to participate in the conference. Questions and discussions will be directed to the speakers from the local sites to the studio. Contact the local extension agent for information on other sites and locations.

The conference's goals include creating an understanding of waste management and presenting all aspects of the issues, according to the League of Women Voters of Nebraska. The speakers will discuss issues such as radiation, regulations, environmental concerns, packaging

and transportation and facility design.

Holmes Brown, the director of the low-level radioactive waste forum of Affon Associates in Washington, D.C., will present an overview of the low-level radioactive waste law and compact legislation. Dr. Samuel Mehr, director of the American College of Nuclear Physicians National Radiation Information Network, will speak on radiation. Malcolm Knapp, the director of the low-level waste management and decommissioning division with U.S. Nuclear Regulatory Commission, will talk on the regulations. Gloria Tierney, the chair of the low-level radioactive waste committee for the California Sierra Club, plans to speak on the environmental concerns. Michael

Wangler, the chief of the radioactive materials branch with the U.S. Department of Transportation in Washington, D.C., will speak on the packaging and transportation. Ed Helmski, owner/publisher of "The Radioactive Exchange," will speak on the site and facility design. Mary English, the associate director of the energy, environment and resources center at the University of Tennessee in Knoxville, will give the summary speech titled "Overview of Conflict Resolution: What Works? What Doesn't."

The videoconference is being funded by a grant to the League of Women Voters of Nebraska from the Central Interstate Compact Commission composed of Nebraska, Arkansas, Kansas, Oklahoma and Louisiana.

Attendance:
A Must For
Achievement

If your bank credited your bank account each morning with \$405.00 but stipulated that:

— No balance would be carried into the next day.

— Any part of the \$405.00 not spent would be lost to you forever.

— Would you spend your \$405.00 each day? Absolutely yes!!!

Your son or daughter has such an account here at our high school. Each day we deposit 405 minutes of education for his or her withdrawal. If the time isn't used, it can't be carried into the next day. It's gone forever.

We are offering an investment that is better than money. Unlike money, your education:

— Can't be lost or stolen

— Can't be burned in a fire or taken from you

— You can't even give it away

— It becomes a permanent part of you

Research shows that the single

greatest factor contributing to student achievement is attendance at school. While a student who is absent from school may be able to cover a missed chapter, copy missed notes, complete missed worksheets, and receive help after school, other important aspects of a lesson are gone forever. Discussion, recitation, listening, note-taking, raised questions, explanations, and clarifications are among the important interactions that are irretrievable despite the most sincere efforts at make-up work.

Your help is needed to convey the importance of each of those 405 minutes. Always strive for perfect attendance. I'm reminded of a sign I saw in a high school science room - author unknown -

'Hacken' Away

by Chuck Hackenmiller

Once I heard it said: "You can't go home again."
This past weekend, my parents moved from their northeast Iowa family farm into a nearby community.

Last year, they had an auction to sell off the machinery. About two months ago they sold the farm to a young man and his family and decided to relocate into the urban setting, although the community of 582 people is about as rural-oriented as it can get.

The farm had been in the family for many years. My parents raised 10 children on the homestead — all of them now married and residing with families of their own.

It will be strange, upon returning for a visit, not turning into the long lane of the 140-plus acre farm. I imagine it has an even more emotional experience for my father, who grew up on the farm.

Such fond memories he must have. I have many of those while growing up on the farm, and I'm sure all other family members share the same feeling.

I'LL MISS THE trees. On those branches my father hung tire swings. It was from jumping off a tree stump that I suffered my first broken arm. And it was with sadness and guilt that I shot a bird, with my newly acquired BB gun, off the branch of a tall pine — and came face to face with death. In the grove of trees was a junk pile that yielded numerous treasures of the past.

It's hard to forget the barn. It was there where we cussed at the cows for not getting into the right stanchions. Up in the hayloft is where we sweated profusely on 95 plus degree days during baling season. On an old wooden door is where I marked my total season points scored during my entire junior high basketball season (all six field goals).

IN FIELDS is where I got a heavy dose of itch from the dust released through the combining of oats. It is where I gained confidence in my ability to perform at the tractor wheel with a disk or plow and hay baler. It was where I walked to be alone with my thoughts. And it was a place where corn looked healthy one day and shattered to pieces the next day following a terrible hail storm.

Most treasured memories fall within the walls of the dwelling where we slept, ate and communicated. It wasn't a large house. It had only one bathroom. (With 10 children home all at once, that can be a problem).

The living room shared a lot of Christmas childhood memories as the gift-opening place. The bedrooms for the children were upstairs, beds

shared among brothers and sisters just like "Little House on the Prairie." There we talked about life in general. School topics. You name it. We talked about it.

AND THE KITCHEN was where mother slaved over making homemade bread and rolls that were forever popular with the neighbors. It was the corner where she fried chicken almost every Sunday for dinner.

The most popular room, and my favorite, had to be the dining room, where all of mother's baking and cooking could be tasted and admired. What proved more worthwhile than the meals was the togetherness of the family around the big table. There was humor, scoldings, direct orders and — always reasons — celebrate when it came to meeting at the big table.

Hundreds of wonderful experiences have been encountered on that family farm.

Now my parents have a new home and will be establishing their roots again. Their friends are near and they can walk just a few blocks to visit instead of hopping into the car or tractor and going up the road a mile.

I know the owners of the new farm. They are nice young people in their early 30's who have five or six children.

It's a big family. Somehow it seems that this is the way it should be.

Tax offset program analyzed

Custodial parents experiencing difficulties collecting child support payments may be interested in participating in the Federal Income Tax Refund Offset Program.

Kermit R. McMurry, Director of the Nebraska Department of Social Services, announced that a record 2 million dollars in delinquent child support has been collected through the Federal Income Tax Refund Offset Program during the first seven months of 1988. This is a 58 percent increase over the total amount collected in 1987.

To qualify for the program, the custodial parent must be owed at least \$500 in past-due child support. The social security numbers and names of absent parents who owe support are submitted to the Internal Revenue Service (IRS) each fall by the Department of Social Services. The money is collected through the tax refund of the absent parent. The names are also submitted to the Nebraska Income Tax Offset Program.

Using the income tax refund program is the quickest, easiest and most inexpensive way to collect past-due child support from parents who are not meeting their financial obligations to their children. Director McMurry is urging parents who are owed past-due child support to participate in this program.

Applications for the Tax Offset Program will be accepted until August 24, 1988. To apply for this program and other child support enforcement services, parents should contact their local county attorney or child support attorney. In Douglas County, contact the Douglas County Child Support Enforcement Office. McMurry also urged parents to call the Child Support Hotline at 1-800-831-4573 for any questions they may have.

For increasing management skills

Conference for ag women slated

Women, they have always played an important role in agriculture, but over the last decade they have been recognized as an equal partner in the management of many Nebraska farms and ranches.

These women are involved in the day to day decisions that make a farm or ranch successful. You will find women involved in record keeping, financial analysis, tax planning, marketing along with being actively involved in the production side of farming.

As women continue to expand their role in management, they need to have up-to-date information to help them make informed decisions. The Women in Agriculture: Building the Future conference provides women the opportunity to gain this knowledge and increase their management skills. The conference, now in its fourth year, is sponsored

by the University of Nebraska-Lincoln, Department of Agricultural Economics and the Nebraska Cooperative Extension Service. The conference will be held at the Holiday Inn, Kearney, on Sept. 20 and 21.

"The conference is a unique opportunity for women to learn from experts as well as from each other," said Deb Rood, conference co-coordinator. Rood went on to say that conference workshops are designed so women can interact with the presenters and each other.

This year the conference will focus on the challenge of change. Topics

will include marketing, tax planning, government farm programs, financial statements, use of computers, federal and state policy issues, and estate planning. A new workshop this year will deal with the information deluge. "Information Processing-A Marketing Approach" workshop will show women how to reach an informed decision without being overwhelmed by information.

The conference will also help women deal personally with change. Dr. Chuck Loty, co-founder of the Wellness Center of Minnesota in Mankato, will lead a general session and workshop on how to turn the

stress of change into opportunities for growth. Workshops will also be presented on starting your own business, family communication, decision making, and relaxation and exercise.

Over the past three years 600 women have attended the conference. The cost is \$40 per person, which includes three meals or \$20 for registration only. For more information or to register for the conference contact your local extension office or call toll-free 1-800-535-3456.

The Hoskins Garden Club met with Mrs. Rose Puls on Thursday afternoon. Mrs. Lucy Sirate was a guest.

Mrs. Carl Hinzman, president, conducted the meeting and read a poem, "Picnic." This was followed by group singing of the hostess' chosen song, "Battle Hymn of the Republic." Mrs. Laura Ulrich read two poems, "Miracle of Corn" and "What is a Grandma?"

Roll call was a "travel hint or help."

Mrs. George Wittler read the report of the previous meeting and gave the treasurer's report.

Plans were made for a family picnic to be held at the Hoskins fire hall on Sunday, Sept. 18.

The hostess conducted several contests and quizzes for entertainment.

Mrs. Frieda Meierhenry had the comprehensive study on "Wintering Our Bulbs."

The lesson on Peaches was given

by Christine Lueker. The president read the Watchword for the Day, "Happiness is like potato salad. When you share it with others, it's a picnic."
Christine Lueker will be hostess for the next meeting on Sept. 22.

Archbishop Sheehan speaks

Dedication at West Point for St. Joseph's Home

The new \$4 million St. Joseph's Home Assisted Living Center in West Point was dedicated and blessed on Saturday, August 20, 1988. The Most Reverend Daniel Sheehan, Archbishop Omaha officially dedicated and asked the Lord to bless the Home, the endeavors of the Franciscan Sisters and staff, and residents. The hour long ceremony was highlighted with remarks by the Archbishop; Sister Laura Wolf, president of Franciscan Health Advisory Services; Sister St. Barbara Haen, Administrator; and Ed Kaup, president of the Home's Board of Directors.

Following the blessing a small tree was planted, by West Point Mayor Gene Mueller, Archbishop Sheehan, Ed Kaup, Sister St. Barbara and Nadine Hagedorn representing the West Point Chamber of Commerce, to officially open the new facility. In lieu of the traditional ribbon cutting ceremony. The tree is a symbolic reference to the Home's "Plant a small tree" fund raising campaign theme which also best exemplifies the mission of the Home of "providing shade and comfort" to older citizens.

Cards of Thanks

WORDS CANNOT express our deepest gratitude to all of our many friends, neighbors and family for the delicious food, the beautiful floral tributes, the cards, phone calls and memorials sent at the time of Anita's death. A special thanks to everyone for their love, help and support during the last 10 months; the Home Health nurses for their loving care, cheerful smiles and special devotion; Pastor Nitz and Knerem for their countless visits, prayers and tapes of the weekly church services; all our wonderful friends and neighbors; past and present, who have showered us with visits, food, flowers, prayers, and love to carry us through this difficult time. Also, we wish to thank Roger Gentsler and Effie Larson for the beautiful music at the service and the ladies of St. John's for the delicious lunch following the service. Al Jugel; Mr. & Mrs. Lowell Johnson & sons. \$1

"USER FRIENDLY" COMPUTER TERMS AND DEFINITIONS

Today's topic is ... the integrity of computer dealers. As in any industry, there are a few "bad apples," and the computer industry is no different. There are so called "computer dealers" who come through an area trying to make a quick dollar, and in six months they are gone. This has caused many consumers to be cautious of computer dealers ... and they should be.

A computer, like a car is a major investment. Would you purchase a car through a mail order catalog, over the phone, or from someone who shows up on your door step? The point is, there are more legitimate dealers than bad; however the bad do exist. Therefore, before purchasing a computer, take the time to check out the dealer. Go and see their store, check out the facilities, and ask a lot of questions. Get to know the dealer a little, after all you are about to make a major investment with them. A little research up front, may save you heartache down the road.
