Schedule

There will be no Wayne Herald published for Monday, Dec. 26 and Monday, Jan. 2.

The Thursday edition of the Wayne Herald and Market (for Dec. 29 and Jan. 5) will be published as usual.

The next Monday edition of The Wayne Herald will appear on Jan. 9.

Busy, busy

"The State has had a busy and productive construction season this past year," according to G.C. Strobel, director-state engineer of the Nebraska Department of Roads.

At Allen, in northeast Nebraska, the detour on N-9 has been removed for the winter. However, work on the viaduct will continue.

Work will continue at Norfolk through the winter on the US 81 viaduct. Highway 275 at the same intersection is open to four lanes and US 81 south of 275 will be two lanes through the winter as work continues on the viaduct.

The detour, north of Fremont to West Point, has been removed with work on the Elkhorn River Bridge, near Winslow, to resume in the Spring.

Draw calves

Dixon County's Extension Services announced a "Draw-A-Calf" new beef program.

A Dixon County producer or sponsor provides a 600-700 pound steer calf for the 4-H beef program. A 4-H youth finishes and shows the calf at the Dixon County Fair.

At the fair, all producers and sponsors will be recognized for the quality of their animals, their support of the 4-H program and their contribution to the Dixon County beef industry. After the fair, the animal is sold and the proceeds are split, reimbursing both the producer and the 4-H youth for their contribution to the project.

During the last 14 years, the number of beef cows has declined sharply in northeast Nebraska, said Rod Patent, extension agent-agriculture. At the same time, 4-H beef projects have also dropped.

Many 4-H families no longer raise beef cattle or do not have the up front money to go out and buy that animal. "We have many producers who have worked hard to keep, maintain and improve the quality of their beef enterprise. They need to be recognized for their important contribution to the economy of Dixon County," said Patent.

Goals of the program are: To recognize the beef producers of Dixon County; to promote and encourage beef production in Dixon County; and to educate Dixon County youth in the care and responsibility of beef production.

For more information on the calf program, call 584-2234.

Third stage

State Veterinarian Larry Williams announced that the third stage of the Pseudorabies Control Act will be implemented Jan. 1, 1989. After this date, all feeder pigs sold through private treaty or an auction market must originate from one of the following:

- A qualified pseudorabies herd.
- A pseudorabies monitored herd.
- A pseudorabies controlled vaccinated herd.
- A non-status herd or consignment (if the designated portion of feeder pigs sold has tested negative 30 days prior to sale).

Dr. Williams said the feeder pig testing program will enable the Nebraska Department of Agriculture to monitor and contain any possible pseudorabies threat by restricting the movement of the infected herd.

On the caroling bandwagon

THERE ARE MANY who enjoy Christmas music and enjoy caroling during the holiday season. The fun is shared by singers of all ages as the joy of the holiday discriminates against no one. Signup dates announced

Funding available for soil loss prevention

Funding for Wayne County's 1989 Agricultural Conservation Program totals \$20,000.

Those figures were provided by Dean Owens, chairman of the Wayne County ASCS Committee.

"The allocation was based on conservation needs in Wayne County," said Owens.

"The funds will be used to control erosion, conserve water, improve water quality and install other conservation measures," he said.

The Agricultural Conservation Program (ACP) is designed to encourage producers to voluntarily perform soil and water conservation measures to correct serious environmental problems on their farms. ASCS identifies critical conservation problems in the county, determines priorities for cost-

sharing to obtain the maximum solutions to the problems, and selects practices for the county program.

ACP practices available include permanent vegetative cover; terrace systems; windbreak restoration of establishment; farmstead and feedlot windbreak; sediment retention, erosion of water control structures; and forest tree plantations.

Farmers who have severe conservation problems on their land may apply for the ACP during the next signup period scheduled from Jan. 1, 1989 to April 30, 1989.

STARTING DEC. 19, Wayne County farmers may also sign up for the 1989 Wheat, Feed Grain, Cotton and Rice acreage reduction programs. "At the same time, they may sign up for a special 1989 soybean,

sunflower and oats provision," said Owens.

This special signup will indicate how many producers intend to plant soybeans or sunflowers on a portion of each participating program crop's permitted acreage, according to Owens.

"Farmers may be authorized to plant from 10-25 percent of their wheat, feed grain, cotton and rice permitted acres to soybeans or sunflowers and still protect their program crop's acreage base history," Owens said.

Farmers must state their intention concerning this provision before Feb. 4, 1989.

He said that planting intentions under the special signup will be reviewed to ensure that the price for 1989-crop soybeans will not be less

than \$5.49 per bushel. "Any limitations concerning this planting option will be announced after an analysis of farmers' planting intentions," he said.

During signup, Owens said producers may also designate any portion of their farm's acreage base, other than the soybean acreage, as an acreage base for 1989-crop oats.

"This acreage will be considered planted to the original program crop for determining the farm's acreage base or crop acreage base in the future, but will not result in an increase in the program bases," the ASCS official explained.

SIGNUP ends Feb. 3 for the special soybean/sunflower provision, and April 14 for the regular farm program.

Because oats are in short supply, Owens said limited cross compliance requirements will not be in effect for 1989-crop oats.

"This means that farm program participants may have an acreage planted to oats in excess of the crop acreage base for oats for a farm without sacrificing their eligibility for other program crop benefits," he said.

Owens said limited cross compliance requirements are in effect for all other program crops, including barley; meaning that the planted acres of non-participating program crops on the farm may not exceed the crop acreage bases of those crops.

The 1988 oats crop is forecast at a record low 211 million bushels. Lifting the cross compliance requirement is expected to increase oats acreage for the future.

Wakefield, Wayne firemen respond

Waldbaum Co. suffers fire damage

By Chuck Hackenmiller

Managing Editor

Wakefield and Wayne fire departments were called to a fire Saturday morning at the Milton G. Waldbaum Company egg processing plant in Wakefield.

Dan Gardner, president of the Waldbaum Company, said Monday that the estimate damage dollarwise from the fire was difficult to judge. However, he estimated the damage at less than \$50,000.

The fire originated in a storage building located on the south edge of the plant near the parking lot. Wakefield's fire department was called to the scene at around 8:30 a.m. A request for mutual aid went out to the Wayne fire department shortly afterwards.

Gardner said the fire possibly started from an overheated furnace in the storage area — which burned the ducts and then starting a fire in the attic area above the furnace.

Firemen used their axes to knock holes into the roof of the building to get the smoke out of the plant and to locate the source of the fire.

The fire departments were able to keep the fire from spreading throughout the plant. A sprinkler system was also in operation to aid in controlling the fire near the furnace area.

"Nobody was hurt and the fire did not affect the production area [of the egg processing plant]," Gardner said.

Up to six Wayne firemen assisted Wakefield, supplying more manpower for air mask and air tank equipment operations — which was necessary to scout the inside of the building to locate the source of the

fire and also to combat the heavy smoke pouring out of the damaged area.

Gardner said that within a couple

of hours, the fire departments had the fire under control.

He said the damaged area of the plant will soon be remodeled ready

for operation. The plant continued production on Monday at full capacity. Water in the storage area was cleaned up over the weekend.

Catching the sights and the sounds of Christmas

THROUGHOUT THE AREA, Christmas vocal and band concerts featuring high school, junior high and elementary students created a musical atmosphere and a strong dose of holiday spirit among the audience attending each event. Letters

Editor's Note: The following letter was written to Wayne Herald columnist Pat Meierhenry (The Farmer's Wife). Because of the nature of the letter, we have decided to share the pleasant contents with our readers. It comes from Terry L. Rhodes of Concord, who at the time was serving on the USS Independence. It was dated Nov. 30.

Dear Pat:

Since we have never met, you don't know me. But I would like to share a little something with you. I am in the Navy and live aboard the aircraft carrier Independence. Being on a ship, we go out to sea quite a bit. Sometimes for periods of up to 90 days without pulling into a port. This creates a real drop in moral at times. Here you are sitting in the gulf, off the coast of Iran, or floating down the coast of some other hostile nation, and wondering what everyone back home is up to.

How are the Huskers doing in the season polls? When do they play Oklahoma? Am I going to be able to see the game? Are the crops going to make enough to pay off all the money owed to the bank this year?

These are things that anyone from home could probably write and have it be considered news. But I am here to tell you that when you write about the Huskers, or family, or even the weather, you do it with style. Even talking about "flats" while driving down the road end up hitting the paper in a way that brings a smile. Family is so important to anyone. But you give the word special meaning. And it shows how much you truly enjoy writing when you bring out all those aspects of life at "HOME."

I normally get my paper two-three months late when we're out to sea. But when the mail plane comes in and there are eight or nine back issues of the Wayne Herald, it really doesn't matter how old they are. Looking for "The Farmer's Wife" first is always the norm around here.

You see I'm not the only one who likes to read it here. Granted, I get first bid on the paper, but then it seems to make the entire round of the ship. I just keep telling everyone that this is what life in Nebraska is all about, as I point out your column. There is one person on the ship from Belden who takes a real liking to the

home town news also. Needless to say, after a good long time out to sea, your piece really does wonders for the moral. I guess I just wanted to say thank you for giving us the opportunity to enjoy your work.

Although I've been reading your column for over two years now, I still haven't been able to figure out exactly who you are yet. I live on a farm just outside of Concord, next to the University of Nebraska Station until 1979 when I joined the service. And thinking back on my school years at Laurel, I can't place you there either, but from your column I have placed The Big Farmer's Place at somewhere between Wayne and Norfolk, probably around Winside. If that's close, then you may know my brother-in-law, Dwayne Thies. It's a small world you know.

There are many aspects of your column that really strike me right. Talk of kids going off to college or getting married bring out a side that I'm sure my mother must also have felt as those times passed in her life but were never really talked about in the same manner. And talking about the Huskers has got to be what I think is the highlight of the entire piece. It almost sounds patriotic. It sounds so good.

Just last week we celebrated another Thanksgiving Day. During the day the mail came on board and the Herald was a part of it. Although this would be another holiday spent away from my family, I realized that I could be a lot worse off and at least I had your piece to take me a bit closer to home. I think God gave you a great talent in your writing and I hope you consider continuing your column for many years to come.

Next weekend, I will go home to Concord, to see my family after a year of separation. To some it may not seem like much, but to my mother I'm sure it feels like eternity. I can't wait to see the bare trees, feel the cold, or head back to the old school to see if the kids still play ball the same way they did when I was there. You miss a lot when you move away. But then again when there are people like you around times are always just a bit better.

Keep up the great work Pat, we all love you here at the Indy.

Chamber gifts to the winners

THE WAYNE AREA Chamber of Commerce sponsored a Holiday Lighting Contest, with first place receiving \$50; second place, \$30; and third place, \$20. Upper photo is Wayne's Main Street (a time exposure looking south) and although this was not a contest entry, the new lights around the business buildings and the additional snowflakes added sparkle to the event. The streaking light on Main Street happens to be the headlights from passing cars. Upper middle photo, the first place contest winner at the home of Doug Echtenkamp (600 West 1st St.). Lower middle, the second place winner at the home of Rob Gamble and Cory Nelson (705 Pearl Street). A CHRISTMAS MESSAGE

Ask any child what Christmas is all about and he will say, "Presents." Now, the child will undoubtedly be thinking about the games and the toys, the bikes and the trains that are found beneath the Christmas tree. But on another level, that answer is much more accurate and much more astute.

For on the very deepest level, Christmas is about gifts. Not the gifts that we exchange with each other—but the gift that God gave to sinful people that very first silent, holy night.

Christmas is really about Jesus and Jesus is God's gift to the world.

The most meaningful gifts that are given at Christmas time are gifts of oneself. Someone will hand craft a gift out of wood or yarn. Someone else will give the gift of a visit. Someone else will give a gift that has been carefully and lovingly selected. These are personal gifts that represent more than what is wrapped up in a package—they are gifts of love, of time, of self.

Jesus is such a gift. Jesus is God's gift of himself to his people. In the Christ-child, God himself became one with us, entering into our world, and offering up his own life on the cross so that we might know God.

The most valuable Christmas gifts are those that keep on giving. These are the gifts that do not wear out or become obsolete. These are the gifts of which we do not grow tired, but which we appreciate more and more as time goes on.

Jesus is such a gift. The Christ-child is a gift of God's love that means joy in the midst of sorrow, that means peace in the midst of chaos and conflict, that means life in the midst of death. And the longer we have this gift, the stronger our love, the deeper our joy, greater our peace, the more abundant our life. Jesus is a gift that keeps on giving.

When we think of Christmas presents, we usually think of exchanging gifts. Most children are as excited about giving a present as they are about receiving one. This too goes to the heart of what Christmas is really all about. For God gives us a gift and expects us to give him a gift in return.

But what do I have to give that God would want? And how could I give a gift to God?

Since God gave a gift of himself that first Christmas Day, the most appropriate gift for us to offer him is the gift of ourselves as well. We give ourselves to God when we give ourselves to others. Jesus said, "What you do for the least of these my brothers, you do for me."

It is no wonder that Christmas time is a time of year when people think of others, when a spirit of generosity breaks out of even selfish hearts, when many people get concerned about the poor and the hungry, about the homeless and the oppressed, about the sick and the aged.

But God's Christmas gift to us is not seasonal. The gifts he gives keep on giving the whole year long. So our gifts to God should not be seasonal either.

A quotation from an old Quaker calendar says it well:

When the song of the angel is stilled,
When the star in the sky is gone,
When the kings and princes are home,
When the shepherds are back with their flocks,
Then the work of Christians begins.
To find the lost,
To feed the hungry,
To rebuild the nations,
To make the music in the heart,
To help the broken,
To bring peace among peoples,
To help the prisoners.

May your life be filled with the gifts of God's love and peace and joy. And may you respond to God's gifts with gifts of your self, given in love and joy to others. Then yours will truly be merry and a blessed Christmas.

Pastor Frank Rothfuss

THE WAYNE HERALD

MARY ANN LUTT (left) and Peggy Lutt, both of Wayne, were among the 134 students receiving degrees Saturday afternoon during Wayne State College's commencement exercises in Rice Auditorium, Mary Ann, a Summa cum Laude student, and Rita Frerichs, also Summa cum Laude, were among the featured speakers.

Rural economic development hindered by 'brain waste'

Economic development in many parts of Nebraska will not occur today without major improvements in the education level of the available labor pool, says Dr. Donald Mash, president of Wayne State College.

Mash was one of several speakers participating at Wayne State College's winter commencement ceremonies Saturday at Rice Auditorium.

"The abilities required in the manufacturing and service sectors of the economy demand education beyond high school, and in many cases, course work beyond the bachelor's degree," Mash says.

"Attempts to attract new business and industry to rural Nebraska will fail if the capabilities of our citizens don't match the needs of the companies we're courting."

MASH BELIEVES developing the human resources already available in rural Nebraska will lay the groundwork for more diverse economic activity.

"The human resources are already here in rural Nebraska, so our challenge is clear: we must further develop our people by involving them in continuing education through course work made accessible while they are working and raising families," Mash said.

"We talk a lot about the 'brain drain' in Nebraska. But this isn't the only phenomenon affecting us. We should also be concerned about 'brain waste'—a situation where bright adults, who are capable of so much more through education, don't have access to education for a variety of reasons related to geography and life's circumstances."

Mash's comments about "brain waste" and the connection to rural economic development were prompted by the graduation of two non-traditional students, both in their 30's, who recently graduated from Wayne State College and were the top two students in their class.

BOTH STUDENTS chose not to attend college upon high school graduation, but returned more than 10 years later. "These talented students were within a reasonable drive to Wayne State College," Mash said. "Many other residents are not; they are place-bound by virtue of their work and family responsibilities, and likely will never consider additional education. We've got to involve them in additional education."

"It is our loss—Nebraska's loss—when human potential remains an undeveloped resource."

Other speakers at Saturday's commencement ceremonies included Summa cum Laude graduates Mary Ann Lutt of Wayne and Rita Frerichs of Stanton.

Grand finale drawing set

The last Wayne Area Chamber of Commerce \$500 Holiday Magic drawing took place late Tuesday afternoon.

But one grand finale drawing remains. And that will take place at 10:15 a.m. on Thursday, Dec. 22 at the site of the State National Bank park (just north of The Wayne Herald building). Four cash awards, totaling up to \$700, will be given away.

All who have registered one time or another throughout the past five weeks of the \$500 Holiday Magic drawings have an opportunity to win one of the four cash prizes. Each week, after the drawings, all the Holiday Magic names were stored in boxes at the Chamber office—saved for this one special drawing.

First prize in the grand finale drawing is \$300. The second prize is \$200 and there will be two \$100 cash prizes given away.

A Gerhold Concrete cement mixing truck will be at the cash drawing site on Thursday to mix up the many names before the winning names are drawn.

Better hurry, though, because the registration deadline is Friday, Dec. 23.

The program is presented by the University of Nebraska-Lincoln Cooperative Extension Service and the Nebraska Business Development Center (NBDC) of Wayne State College.

Topics covered in the program include goal setting, financial record-

keeping, market analysis, financial statement analysis, advertising and promotion, employee relations, community business development and customer relations.

Helmet law takes effect January 1

Margaret Higgins, director of the Department of Motor Vehicles, advised Nebraskans that the list of approved protective helmets published by the Department in August of 1988 contained an error.

"The listing published by the Department of Motor Vehicles incorrectly stated that violators of the Nebraska Helmet Law would have one point assessed against their driving record. There are no points assessed for individuals violating the helmet law and the helmet listing has been corrected," said Higgins.

Legislative Bill 428, which becomes effective Jan. 1, 1989, requires all motorcycle and moped operators and passengers to wear an approved protective helmet secured properly on their head when their vehicle is in motion.

Any person who violates this law shall be guilty of a traffic infraction and fined \$50.

The corrected listing of approved protective helmets may be obtained from the Department of Motor Vehicles, P.O. Box 94789, Lincoln, NE 68509.

Goldenrod selected to obtain grant

Goldenrod Hills, a community action agency which services Wayne and Dixon counties along with other counties in northeast Nebraska, has been selected to receive \$26,165.88 to supplement emergency food and shelter programs in the area.

The selection was made by a national board made up of affiliates of the National Voluntary Organizations and chaired by the Federal Management Agency (FEMA).

United Way of America will provide the administrative staff and function as a fiscal agent. The board was charged to distribute funds appropriated by Congress to help expand the capacity of food and shelter programs in high-need areas around the country.

A local board made up of government, United Way, Salvation Army, Red Cross, National Council of Churches of Christ and Catholic Charities will determine how the funds awarded to Goldenrod Hills are to be distributed among the emergency food and shelter programs run by local service organizations in the area.

The local board is responsible for recommending agencies to receive these funds and any additional funds available under this phase of the program.

Under the terms of the grant from the national board, local government or private voluntary organizations chosen to receive funds must:

- Be non-profit.
- Have an accounting system and conduct an annual audit.
- Practice non-discrimination.
- Have demonstrated the capability to deliver emergency food and or shelter programs.
- And if they are a private voluntary organization, they should have a voluntary board.

Qualifying organizations are urged to apply.

For further information on the program, contact Virgene Dunklau at Goldenrod Hills Community Action Agency in Wisner. The phone number is 402/529-3513.

Speaking of People

New Hospice coordinator named

Wanda Kucera, a resident of rural Wayne, has been named the new coordinator of the Wayne Hospice Group, an organization networking volunteers concerned with caring for people with life threatening illnesses and their families.

Kucera is a native of southeast Kansas and moved to the Wayne area in 1979 with her husband Keith.

They are the parents of three children, Isaac, age 10, Molly, age five, and Emma, 3½ months.

KUCERA ACCEPTED the coordinator's position in mid December and has been busy setting up the new hospice office, located at Providence Medical Center in Wayne.

Beginning Jan. 1, Kucera said the new office will be staffed on Tuesdays and Thursdays. The telephone number is 375-1628, and the mailing address is Wayne Hospice Group, P. O. Box 116, Wayne, Neb., 68787.

Persons wishing to contact Kucera may also call her at home, 529-6355.

KUCERA POINTED out that hospice is a support concept and not a place. "We work in conjunction with medical professionals to provide needed assistance.

"Our philosophy is to affirm the value of life in all its phases and to recognize that the final stage of life is as natural as the beginning."

The Wayne Hospice Group is organized with an active board of directors, including Dr. Dave Felber, Dr. Ben Martin, Kathy Conway, the Rev. Keith Johnson, Ann Witkowski, Kem Swartz, Pat Gross, Marci Thomas, Joan West, Verlyn Anderson and Sara Campbell. Campbell is newly elected to the board after serving several months as acting coordinator.

Kucera said the group has seen a sound foundation organized over the past six months. Funding has been acquired through a start-up grant from the Wayne Hospital Foundation and also a grant from United Way. She said continued funding will be a priority.

Wanda Kucera

KUCERA SAID over a dozen volunteers are already actively involved in the hospice group and

recruitment of more is planned. "Volunteers are dedicated to provide whatever supportive care is needed to make the remaining life of persons with life threatening conditions, and those of their families, as meaningful and rewarding as possible," she added.

Kucera also pointed out that volunteers are encouraged to receive training in the forms of workshops, self-education, seminars, etc., and meet together regularly to keep abreast of current needs.

HOSPICE SERVICES are provided to the Wayne area and to surrounding communities within a radius of approximately 30 miles.

Kucera said she is enthusiastic about services hospice can now offer and is eager to inform residents of the importance and commitment of the Wayne Hospice Group.

Individuals, groups and organizations wishing additional information about the Wayne Hospice Group are encouraged to contact Kucera.

Kucera also is available to present programs to various community groups.

A learning experience

STUDENTS IN THE CHILD Development Class at Wayne-Carroll High School, as well as about 20 three to five-year-old youngsters of the community, shared a learning experience last week when the children were invited to attend an hour-long nursery school class conducted each day by the students at the high school. Instructor Kathy Fink said the experience was designed to provide students the opportunity to observe children with other children of the same age, as well as plan appropriate activities, lessons and snacks for pre-school children. Fink said the class also served as a learning experience for the youngsters. In the top center photo, students Cheryl Sherry, at left, and Shellyn Dorcey assist the youngsters with a game of bingo. Three-year-old Shanna Heffi, upper right photo, daughter of Roger and Diane Heffi, isn't quite sure if she should be concentrating on the game or the photographer. Peering from over Shanna's shoulder is four-year-old Kayla Schmale, daughter of Ed and Sherry Schmale. Diane French, bottom right, helps four-year-old Kyle Schmale with his bingo card, and in the upper left photo, Paul Dorcey, four-year-old son of John and Brenda Dorcey, enjoys a Santa Claus Christmas cookie. The cookies were baked and decorated by Barb Junck, mother of class member Pam Junck.

Wayne rebounds to drub O'Neill

The Wayne Blue Devils were hoping they could regroup after last Friday's narrow loss to undefeated Wisner-Pilger in Wisner. The ensuing Saturday the Blue Devils hosted an up and coming O'Neill team which entered Wayne's gymnasium with a 2-1 record.

"O'Neill had beaten Ainsworth by 45 points and their only loss of the season was against the top rated team in C-1, Atkinson West Holt," head coach Bob Uhing said.

Wayne on the other hand, had lost their third game of the young season against two victories. The Blue Devils played pretty good ball against Wisner with the exception of two spurts by the Gators accounting for a total of 22 points.

Well, the Blue Devils came out with a vengeance against the visitors from O'Neill. O'Neill had returned all five of its starters from last year and were looking to send the Blue Devils into Christmas break with a 2-4 record.

Wayne jumped out to a 15-12 lead after the first quarter and never looked back as they routed O'Neill 70-49. Wayne was aided by a 22-9 scoring burst in the fourth quarter.

Head coach Bob Uhing cited a couple of reasons why the Blue Devils came away with such a big victory. "There were two things that aided us," Uhing said. "First, we made more passes which led to taking better shots. Secondly, we did a real nice job of playing man-to-man defense."

Wayne's 21 point victory will no doubt be a confidence booster as the 2-3 Blue Devils now concentrate on the Wayne State Holiday Tournament which begins next Tuesday.

"I thought we played a real competitive game at Wisner on Friday night," Uhing said. "It was nice to see the kids play two consecutive good games."

Wayne's bench play may be an important factor in their push for excellence. "I think our bench play is a significant factor if we are going to be successful," Uhing said. "Neil Carnes is an excellent offensive player who hits the boards hard." Rob Sweetland and Kevin Hausmann are also vital links to the Blue Devil success.

Wayne's starting lineup has differed throughout the season to date, but the Blue Devils have good depth with at least eight players seeing abundant playing time each outing.

Jarrod Wood has been the most impressive Blue Devil with his scoring potential and rebounding efforts. Against O'Neill Wood netted 22 points and came away with 17 rebounds, tops on the team in both categories.

Willy Gross offset Wood's 22 points with 16 of his own. Doug Larsen followed with nine points while Jess Zeiss netted eight. Neil Carnes and Rob Sweetland had five points apiece and Kevin Hausmann added three. Adam Msrny rounded out the scoring with two points.

Wayne held a commanding team edge in rebounding of 40-22. The turnover category saw the Blue Devils commit 16 while O'Neill's count was unavailable.

"Another thing that I was pleased to see was the way we played during the final six minutes of the game," Uhing said. "We played smart basketball on the both ends of the court. We took a lot of time off the clock with our passing game."

Wayne will play Wakefield during the first round of the Wayne State Holiday Tournament next Tuesday at approximately 9:15 p.m.

KEVIN HAUSMANN RECEIVES an inbounds pass against the O'Neill press. O'Neill caused a few problems with their press but Wayne eventually overcame it and upped their record to 2-3 heading into the Holiday Tournament next week.

NEIL CARNES SKIES FOR a rebound against an O'Neill defender Saturday night in Wayne. The Blue Devils bounced back from a close loss at Wisner Friday night, by blowing out O'Neill by 21 points, 70-49.

Wayne girls win

Marlene Uhing's Lady Blue Devils came away from Randolph Tuesday night with a 45-32 victory, but it was not a vintage Wayne victory.

"We didn't play very well at all," Uhing said. "Defensively we broke down a lot and although we pressed, we did not press and play with intensity."

Wayne got off to a fine start as they held Randolph scoreless in the first quarter. Wayne managed 10 first quarter points for the quick lead. In the second quarter Wayne outscored Randolph 11-8 to take a 13-point lead into intermission at 21-8.

It was the second half that Wayne struggled. In fact Randolph played the Blue Devils to an even 24-24 in the second half, but the 13 point bulge Wayne had at intermission proved to be more than enough, as the Blue Devils increased their season mark to 4-1.

"Randolph is a well coached team and they play real aggressive," Uhing said. "They definitely played hard enough to win."

Dana Nelson and Heidi Reeg each had 11 points to pace the Blue Devil attack. Holly Paige added nine points, including two buckets from bonus range, while Teresa Ellis managed six points.

Kristy Hansen added four points while Tonya Erleben and Robin Luft added two each. Nelson also led the team in assists with seven, and in the steal category, Nelson snatched four from Randolph while Kristy Hansen recorded three steals.

Wayne outrebounded Randolph by seven, 32-25, led by Heidi Reeg's 10 caroms. Kristy Hansen hauled down seven boards. The turnover category was all even at 16 apiece.

The junior varsity squad also won by a 37-28 margin.

Wayne will now enter the Holiday Tournament against first round foe Pierce, whom they played earlier in the season and defeated by more than 10 points.

The winner of the Wayne Pierce game will play against South Sioux.

Wildcats defeated

Winside traveled to Wynot Tuesday night in hopes that they could erase a two game losing streak with a big victory over 4-1 Wynot.

It was not to be however, as Wynot built a nine point lead at intermission and never looked back enroute to a 68-59 victory over Randy Geier's Wildcats.

"Wynot is a very good 5-1 team," Geier said. "I thought we played a good game even though our shooting wasn't up to par."

Geier noted the play of Wynot's Steve Wieseler who netted 30 points against the Wildcats. "Wieseler is a good player," Geier said. "He was also their quarterback on the football team."

It was also the first time the Wildcats weren't led in scoring by

Tim Jacobsen. The senior guard had been the leading scorer in every game last season and this season to date.

Randy Prince led the scoring with 28 points for the Wildcats. "Randy shot the ball well," Geier said. "We know he can score but he doesn't usually shoot that much. In this game we told him to shoot as much as he could." Prince finished the game with hitting 11 of 20 shots from the field and six of seven from the free throw line.

Steve Heinemann followed with 15 points while Jacobsen was held to 10. "Jac got into foul trouble right away," Geier said. "Wynot put a box and-one on him and that opened up Prince a little more."

Gary Mundil, Vince White and Mark Brugger all netted two points apiece to round out the scoring. As a team, Winside was outrebounded by six at Wynot, 48-42. Jacobsen led the rebounding corp with 10 boards. Prince followed with nine and Darren Wacker added seven.

Winside girls lose

Winside's girls basketball team seems to be mirroring the boys team at Winside. Both teams started off the season with consecutive victories. Now they have both lost three straight games for exact 2-3 marks.

Winside lost to Wynot Tuesday night 52-45 in a game coach Paul Gieselmann said they could have won.

"There were two reasons why we lost the game against Wynot," Gieselmann said. "Poor rebounding and a third quarter scoring drought."

For the second consecutive game Winside suffered greatly on the boards. "We were outrebounded 49-32," Gieselmann said. "The sad thing was that 24 of Wynot's rebounds were from the offensive end and you can not give teams that many

chances at second chance points and expect to win."

Winside only scored two points in the third quarter which also had a detrimental effect on their chances of winning.

Kristy Miller led the Wildcat scoring with 23 points. Christina Bloomfield followed with nine, while Lisa Janke netted five. Jenny Topp and Cam Behmer rounded out the scoring with four points each.

Winside led Wynot by two points at halftime, 30-28, but were then outscored 24-15 in the second half. Winside suffered 28 turnovers to Wynot's 23. "Half of our turnovers came in the third quarter," Gieselmann said. "We have to come up with a way to cut down on them."

Wayne JV's win pair

The Wayne junior varsity team won both of its weekend contests with a 40-30 win over Wisner on Friday, and a 59-44 win over O'Neill on Saturday.

Craig Sharpe led a trio of players in double figures for Wayne on Friday with 13 points. Jeff Griesch and Brian Lentz followed with 12 and 11 points respectively. Craig and Casey Dyer followed with two points each to round out the scoring.

On Saturday night Brian Lentz led the way with 14 points while Craig Sharpe netted 12. Chad Metzler was the third member of the Blue Devils in double figures with 11.

Craig Dyer added six points while Jeff Griesch, Martin Rump and Glenn Johnson all had four points apiece. Casey Dyer and Kyle Dahl rounded out the scoring for the 3-2 junior varsity squad with two points each.

THE EIGHTH GRADE girls basketball team under the direction of Nannette Schulz, finished the season with a perfect 7-0 record. Members of the squad include back row left to right: Nannette Schulz, Jennifer Schmitz-mgr., Kim Kruse, Susie Ensz, Kim Imdieke, Laura Bauermeister, Sara Granberg, mgr. Middle row left to right: Emily Wiser, Angie Thompson, Danielle Nelson, Kris DeNaeyer, Jessica Wilson and Liz Reeg. Front Row: Teresa Witkowski and Erin Pick. Wayne defeated South Sioux 27-8 in the first round of the Wayne tournament, and then defeated Hartington Holy Trinity in the finals, 36-22. Schulz said that eight of the eighth grade girls and two seventh grade girls combined for the tournament team. The seventh graders included Tami Schluns and Claire Rasmussen and the eighth graders were, Susie Ensz, Danielle Nelson, Erin Pick, Liz Reeg, Teresa Witkowski, Kris DeNaeyer, Kim Kruse and Angie Thompson.

MEMBERS OF THE EIGHTH grade boys basketball team which finished runner-up in their own tournament this past week include back row left to right: Tim Reinhardt, Brad Uhing, Bob Barnes, Reggie Carnes, Chad Paysen, Lee Johnson and coach Rocky Ruhl. Front row: Todd Fredrickson, Scott Day, Andy Luft, Brian Brasch, Chris Sweetland, Jack Swinney and Randy Johnson.

Wayne scores 182½ points

Grapplers capture own Invite

Off the mat, Wayne-Carroll's wrestling program put on a well-run Wayne Invitational Wrestling Tournament at the Wayne State College Recreation Center.

On the mat, however, was where cordial expressions ended and where the Wayne-Carroll wrestling team buckled down to business as they pinned down the championship of the invitational — their first invitational win of the season. Earlier this season, the Blue Devils finished second at both the Blair and the West Point wrestling invitational.

In Saturday's Wayne invitational, going into the final round, the Blue Devils had 11 wrestlers vying for the top four spots in various weight classes. Seven were competing for first place. Eventually, the Blue Devils had four claim the championship medal.

Those champion wrestlers included Mike DeNaeyer at 103 pounds; Jason Ehrhardt at 171 pounds; Chris Lutt at 189 pounds; and Matt Bruggeman in the heavyweight, or 275 pound class.

Second place finishers for the Blue Devils were Chris Janke at 119; and Tom Etter at 152; and Shane Geiger at 160 pounds.

Blue Devil wrestlers achieving third place medals were Eric Cole at 112 and Chris Corbit at 140. Fourth place medals were awarded to Trevor Wehrer at 125 and Greg DeNaeyer at 135.

ANOTHER AREA team, Winside, also competed in the Wayne Invitational — with six finishing in the top four of their respected weight classes.

Second place medals were earned by Wildcats Chad Carlson (who lost to DeNaeyer in the 103 pound championship match); Shane Frahm at 130 pounds; and Max Kant at 135 pounds.

Winside wrestlers placing fourth were Jason Krueger, 171; Brian Thompson, 189 and Trevor Topp at heavyweight (or 275).

Wayne-Carroll's high placings put them on the top in team standings with 182½ points. Next was Omaha St. Joseph's, 132; Wisner-Pilger, 111; Sioux City East Junior Varsity, 104; Winside, 85; Waverly, 80; Omaha Holy Name, 69½; Arlington, 58 and North Bend, 27.

"From top to bottom, we wrestled the best we have all year," said Blue Devil Head Coach John Murtaugh.

Among the wrestlers he cited were Jason Ehrhardt and Shane Geiger. "Jason had a tremendous tournament. Shane hasn't worked out for about a week and a half because of a sprained shoulder. He showed some mental toughness," Murtaugh said.

Chris Lutt is undefeated in matches this season, he said. He is rated third in the state. Mike DeNaeyer ranks fourth.

"This invite was tough. Although the C-D ratings aren't out yet, there were at least 10 to 15 rated wrestlers in the tournament," he added.

BLUE DEVILS Geiger and Jason Cole both have respectable records in the 160 pound weight class. Cole suffered an injury at an earlier invitational and he will be scoped this Friday on the knee, according to Murtaugh.

Murtaugh said the turn-out for the first Wayne-Carroll Invitational was good. "An invitational does more to promote wrestling than anything," he said.

Winside Head Coach Paul Sok said he was happy to see six of his wrestlers advance into the medal round, but was somewhat disappointed at the outcome when all six lost.

"Our intensity could be higher," Sok said. "We're on track as a whole and our conditioning and technique is okay. But our aggressiveness is taking a back seat right now."

Below are the wrestling results for the Blue Devils:

Wayne routes foe

"A good defense creates a good offense." It's an old adage and it applies to most sports including basketball. The Wayne Lady Blue Devils traveled to Wisner last Friday and it was their aggressive defense that led to a lot of uncontested layups and thus a Wayne route, 49-24.

"There was a couple of things that I thought we did well against Wisner," head coach Marlene Uhing said. "We played real well defensively and we didn't give them many shots."

Wisner finished the contest with only 36 shot attempts, hitting only on 12. Wayne out hustled the host team on both ends of the court as they doubled Wisner-Pilger's output on rebounds, 36-18.

"I think one thing that helps our club even though we are shorter is that we can switch defenses without much hassle," Uhing said. "If some teams figure out our defensive scheme then we simply switch and it's proving to be an asset to our club."

Wayne took good care of the basketball as well. The Blue Devils suffered only 13 turnovers on the evening while causing 19 Gator turnovers.

Dana Nelson led the team in scoring with 13 points including one from bonus range. Nelson also dished out eight assists and recorded three steals in a winning effort. Heidi Reeg added 12 points and Holly Paige hit for 10. Teresa Ellis, Tonya Erxleben and Kristy Hansen all had four points apiece while Robin Lutt rounded out the Blue Devil scoring column with two points.

Lutt however, made her mark on the boards. For the first time in the young season, Wayne had a player in double figures in rebounding with Lutt's 13 caroms.

The junior varsity team picked up its first victory of the season with a 20-19 victory over Wisner preceding the girls varsity game.

Jennifer Hammer and Amy Tiedtke had seven points apiece while Amy Wriedt came away with seven rebounds. Hammer and Tiedtke had six rebounds each to aid the JV's.

Wayne wrestlers downed by Albion

The Blue Devil grapplers, fresh off their Invitational championship on Saturday, hosted Albion Tuesday night in dual action. Albion, the second rated team in Class C, gave the Blue Devils all they could handle, beating Wayne, 29-23.

Preceding the match was 10 junior varsity matches. In the 112 lb. category, Steve Hansen won by Technical Fall while in the 145 lb. category, Dwaine Junck won by pin and lost by pin.

Other JV matches included Dan Wiseman in the 160 lb. division, losing by pin. Tim Loberg also wrestled in

the 160 lb. category. Loberg won by pin and technical fall in his two matches.

Dave Hewitt won a pair of matches by pin in the 171 lb. weight class while Brent Gamble won a 9-0 decision in his 103 lb. division. The final match saw 145 lb. Jesse Brodersen lose by pin.

The varsity began the night with Mike DeNaeyer pinning Jeff Grape in 2:57. Eric Cole however, lost by pin in the ensuing 112 lb. match to Jason MacWhirter in 1:02. Wayne had to forfeit in the 119 lb. category.

At 125 lbs. Chris Janke, (who moved up a weight due to an ill Jason

Fink), lost 4-2 to Jeremy Nore. Trevor Wehrer, who also moved up a class to the 130 lb. mark, won a 3-0 decision over Mark Iverson.

At 135 lbs. Greg DeNaeyer lost 5-4 to Troy Rasmussen, while Chris Corbit lost 4-0 in the 140 lb. division to Tom Johnson. Corey Frye lost 9-4 in the 145 lb. division to Jeff Belgum.

Wayne's Tom Etter tied Albion's Jeff Griesman in the 152 lb. division, 4-4. Shane Geiger kept up his good work in the 160 lb. category with a 4-1 second pin of Albion's Tatum Wallin. Jason Ehrhardt decided Damon Schmadeke 10-5 in the 171 lb.

category while Chris Lutt ran his unbeaten string to nine with a narrow 3-2 decision over Jeff Francis.

Heavyweight Matt Bruggeman lost 3-1 to Andy Johnson in the evening's final match.

"I think we have to give a lot of credit to Albion," head coach John Murtaugh said. "They wrestled well and the area they had us beat in was definitely mental toughness."

Murtaugh said it should prove to be a learning experience for his squad. Murtaugh did point out the quality wrestling of Mike DeNaeyer, Trevor Wehrer and Shane Geiger.

Wakefield wins big

Paul Eaton's Wakefield Trojans have outscored their last two opponents by a combined margin of 167-82, the latest victim being Osmond on their home court, 82-45 Tuesday night.

Wakefield, 4-1, led 31-12 after the first quarter and never looked back as the Trojans outscored Osmond in every quarter.

"I think we played well," coach Paul Eaton said. "Obviously we have to look at the quality of the team we played before we can say that we are a good team."

Wakefield is playing a more up tempo game this season and Eaton attributes that to the type of players he has. "This group of guys have had success in everything they've done," Eaton said. "We feel that since we

can control the ball more that we can run and keep up with a faster tempo."

Wakefield did take care of the ball fairly well against Osmond despite their 18 turnovers. Osmond had 32 to their credit. Eaton was also noteworthy of the Trojan free throw shooting. "We were 17-24 for 70 percent," Eaton said. "That's pretty good on the opponent's court."

Mark Johnson and Stuart Clark each had 16 points to pace the Trojan attack. Johnson however, recorded two field goals from 3-point range.

Andy McQuistan was the third Trojan in double figures with 14 points. Scott Lund added eight including one 3 pointer, while Keith Wenstrand came off the bench to add eight as well.

Forty-seven players earned varsity letters this fall in football, according to a report released by Wayne State Athletic Director Pete Chapman.

Of the 47, 35 return for the Wildcats in 1989. Of the 12 seniors on the team, only Jeff Wagner, an offensive lineman from Omaha, was a four-year letterwinner. Eight other players earned their third letter.

Seed supply tightens for spring crop

Shortages of quality seed may necessitate crop producers ordering corn, soybean and oat seed now.

Agronomists Chuck Francis at the University of Nebraska-Lincoln Institute of Agriculture and Natural Resources and Roger Hammons of the Nebraska Crop Improvement Association urge farmers to talk to seed suppliers to review next year's seed needs.

"Because of the high quality of seed in Nebraska this year, it is likely that some of it will move out of state early," said Hammons. "It will be a competitive market, and it would be advisable for farmers to pin down their supply as soon as possible."

When considering seed, the agronomists encourage farmers to obtain and plant the best quality seed possible.

"RESEARCH SHOWS that quality seed can be worth an average of three bushels increase per acre in yield," Hammons said. Variety selection and substitution and lowering planting rates can help stretch seed supplies, particularly in soybeans. Certified seed, which meets industry standards for germination, mechanical purity and appearance, will be tight for soybeans this spring, according to industry sources.

Lower yields and higher amounts of discard during the conditioning process will reduce seeds marketed from eastern cornbelt states. The supply of corn seed is adequate, but supply may become tight. Hammons said as the distribution of seed will be a major challenge.

"The key will be if the seed industry can get the right amount of seed to the right place at the right time," he said.

OATS SEED SUPPLY will be short and the quality variable, the agronomists agree. The newly opened consumer market for oats will likely increase the demand for seed next spring, they said. Test weights of oats grown in 1988 are generally below normal, but the germination can be acceptable. They recommend checking germination and other quality information on any seed intended for planting and then adjusting planting rates accordingly.

Only 50 percent to 60 percent of the needed hard red spring wheat seed is available, the agronomists said. The quality, however, is good. There may be more planting of commercial or bin-run grain this year and the agronomists urged farmers to check germination and other quality information before planting the seed.

"We urge farmers to use a reputable seed source or producer that they can trust to provide quality seed," Hammons said. "The Nebraska Crop Improvement Association also has services and information available about the current seed situation."

The Golden Years

By *Sharon Ervin*

How old is a senior citizen? Some of the third-graders at the Brookmeade elementary school in Nashville, Tennessee, thought 30 was pretty old. That's before the youngsters "adopted" residents of nearby senior-citizens homes as their grandparents. Teacher Sharon Ervin described the program: "Children can learn a lot from older people and they can do so much together."

The in-school visits, with special programs, games and tours, ended with the school year, but some of the children said they'd visit the seniors during the summer on their own time.

At age 75, celebrity Art Linkletter was appointed United States Commissioner General of Expo '88, the World's Fair in Brisbane Australia. He was an early investor in Australia, especially in sheep ranches. Linkletter's latest book, "Old Age Is Not For Sissies," is filled with how-to ideas on physical, financial and emotional health.

Remember When? June 2, 1925, rookie ballplayer Lou Gehrig went into the Yankee line-up, replacing first baseman Wally Pipp, who was ill. Gehrig then played — in the same spot in the line-up — for a record 2,130 games.

For libraries in Nebraska, each \$250 raised locally is being matched by \$250 from the Nebraska Committee for the Humanities in partnership with the Cooper Foundation and the Woods Charitable Fund and by \$500 from the Mellon Foundation.

Dorcey attends institute

Several members of the National Young Farmers Association local chapter at Northeast Community college attended the organization's twenty-second institute in Salt Lake City, Utah, Dec. 5-12. Todd Dorcey of Wayne attended. The group visited several dairy farms, a beef cattle operation, a mink farm, the Utah State Capitol, Temple Square, the Salt Lake City Symphony, the Great Salt Lake, the Union Pacific Railroad yard, the Browning Rifle Plant, and the Snowbird Ski Resort. Some of the students took part in the Roots Program at the Genealogical Library and traced their ancestry.

Boy Scouts benefit

Ralston Purina Company and the Boy Scouts of America announced the continuation of the "Help Send A Scout to Camp" program which enables Scouts to attend summer camp free of charge.

The program, available to Scouts and Scout Troops in the BSA's 12-state North Central Region, is designed to help Scouts earn money for summer camp through the collection of weight circles from any bag of Purina Dog Chow. Scouts may collect the weight circles, or proofs of purchase, between now and May 1989 and for each weight circle collected, Scouts will earn 50-cents toward summer camp fees.

'Hacken' Away
by **Chuck Hackenmiller**

Over the past few months I've been literally involved with the holiday of Christmas.

I wrote a book of poems about the holiday. Once people found out it wasn't a cookbook, and took the time to read it, they were mildly surprised that this editor could accomplish such a feat.

Below are some of the favorites from "Christmas Cherished" that some book buyers have expressed to me. Hope you enjoy, and by all means - have a wonderful Christmas.

Baby's First Christmas

You don't know the significance that this Christmas holiday holds. It's going to be the first for you, my little five-month-old.

So let me tell you, little one, of the wonders of Christmas Day. Even if you're too young to understand what I'm going to say.

Love the day 'cause you'll never ever want the fun to end. You'll share the excitement and mystery with each of your new friends.

There will be a nice decorated tree which is part of Christmas, too. And this fellow by the name of Santa will soon be visiting you.

We will tell you the holy story of how Christmas really began; how a little babe 'bout as big as you grew to become King among man.

But I'll not push you. After all we don't want you to grow too fast. There's a lifetime of Christmases to share, each with memories that will always last.

Uplifting Carols

There are many Christmas carols to satisfy my musical taste. That's why we celebrate each Christmas joining carolers with much haste.

Because nothing is as solemn than the words to Silent Night, or when the notes of The First Noel are echoed in my sight.

Angels proclaim the wonders in Hark the Herald Angels Sing, and the anthems continued with a chorus of We Three Kings.

Such beauty comes from verses of Away In A Manger, and to the lyrics of Joy To The World I am no stranger.

Harmony brings together a song right from the start. The melody of O Holy Night truly stirs the heart.

All of these blessed songs bring meaning to Christmas Day. A Christmas carol can uplift spirits more than anyone can say.

Sleep Babe

Babe, how does it feel in the manger?
Are you comfortable within your bed?
Sleep well, now, the world awaits. Rest easy for your tasks ahead.

Mankind has long awaited for a Messiah to save us all. You'll be waking us from our own slumber as we beckon to your call.

So little. So fragile. So tired. Sleep. Time grows in length. 'Cause someday you'll become our salvation and our strength.

Sentimental Value

On the branch of the Christmas tree an ornament stands apart. Although the couple find others more colorful, this one carries much meaning in their heart.

It was purchased as a gift when their newlywed life began. It was a moment of emotion. They hugged. Happy tears ran.

Again it went up at a spot so high away from the reach of baby's hands. It was a happy occasion, another good year. Thankful for passing through life's demands.

It hung so heavy, as some years went by. Income was down. Good hard to see.

Despite the scrawny size afforded their ornament enhanced the tiny tree.

Throughout the many years, the ornament became a treasure in their eyes. Through good times and the bad it kindles a fire that never dies.

So it is, an ornament now faded and it looks like it needs repairs. Still, it's the first that goes on the tree because of the wonderful memories it shares.

Merry Christmas

How to Reduce the High Cost of Credit

Bills stacking up? Cash dwindling? If you've accumulated a large amount of debt, financial planning experts suggest that you consolidate your debts and start saving for your financial goals.

Begin by taking an inventory of the debt you currently have. If you list any interest rates higher than 16 percent, consider using one loan to consolidate your debt. For example, if you have an outstanding debt of \$1000 on a credit card that charges 19 percent interest, your debt will compound to \$2386 in five years. If you reduced the interest rate, to say 13 percent, a \$1000 debt would only compound to \$1842. What may seem like a relatively small adjustment in an interest rate, can actually save you \$544 in five years. This is \$544 you could be investing and earning interest on.

How do you get started when you want to consolidate your debts? First, pay off all your bills that have interest rates of 13 percent or higher. For those less than 13 percent, continue to pay at least the minimum amounts. If you keep track of the finance charge you pay, you should soon see those numbers go down.

Then reward yourself. No matter how small the amount, put that money you saved into an investment that will help you meet one of your financial goals.

For more information about consolidating debt and planning for your financial goals, see George Phelps, Certified Financial Planner, at 416 Main in Wayne, NE or phone 375-1848.

Medicines for Relief of Diarrhea

Diarrhea is usually defined as a watery stool or bowel movement. Symptoms sometimes encountered with diarrhea include abdominal cramps, nausea, and feverishness. Diarrhea occurs as one of the mechanisms used by the body to counteract the presence of irritating or toxic substances. There are many causes of diarrhea including diet, medications, stress and food allergies. Acute diarrhea comes on quickly and usually lasts for no more than two or three days. Diarrhea which lasts a week or longer should be evaluated by a physician.

One nondrug approach to diarrhea care is body fluid replacement. Drinking carbonated beverages that have lost their "fizz," solutions of liquid gelatin dessert, or commercial electrolyte solutions may be helpful.

Prescription and nonprescription medicines for diarrhea often contain narcotic-like agents. These medicines decrease the propulsive movement of the intestines, thereby correcting diarrhea and reducing cramping that is sometimes associated with this condition. Other popular anti-diarrhea medicine ingredients are pectin, kaolin, and activated charcoal. These agents absorb toxins, bacteria, and other irritating substances.

The Farmer's Wife

by Pat Meierhenry

I suppose every family has an Aunt Dora. Having no children of their own, they lavish much love and attention on nieces and nephews. Our Aunt Dora is an aunt of the Big Farmer's, one of the youngest of a family of 11. She came to Northeast Nebraska to teach in a country school, and met Uncle Irvin and stayed here.

They lived in a big white frame house on the edge of Norfolk, and since it had three upstairs bedrooms, visiting relatives usually stayed there.

I went to a picnic dinner there before we were ever married, and have had many meals there since. When they built the flood-control project, they had to move the house, so they put a nice basement under it and planted pine trees all around it. There is a big lawn that is great for kids to run on.

Our kids grew up knowing that part of each holiday was observed at Aunt Dora's. The table has many extra leaves, and sometimes a folding table was also put up.

THERE IS a box of toys in one corner, and an organ in the living room that is fun to play.

You can also count on Aunt Dora to attend all family reunions, graduations and weddings in the family.

Uncle Irvin went to heaven 18 years ago, but it didn't change her style. She was a volunteer at the nursing homes, and active in church Women United. If her lady friends needed a ride to something, Dora picked them up in her Chrysler.

Her garden and her orchard were her pride and joy. I've picked many strawberries and apples there.

Some time ago, Dora's hip was bothering and she limped. Her sister

told her she needed surgery. When she made up her mind to go ahead with it, she called the local orthopedic surgeon. He was busy until April. She said she had to be ready to make garden in May!

SO THE SISTER arranged for her to have it in Kearney, and I drove her there. She got her garden in on time. Dora was 80 years old yesterday, and we had a little party for her. It was in the church which she helped to build and which has been such an important part of her life.

She's bothered with Parkinson's, and it's hard for us to see. She does just consider it a bother, and never misses a Sunday service or ladies meeting.

But the Chrysler stays in the garage, and she relies on the cab. The drivers know just how to tuck in her feet.

She's a little bent over, and kind of stiff, and sometimes her feet don't do what she tells them. It was a challenge for me to find her a dress she could get into that suited her.

But we did it, and she was queen for the day. She had flowers and cards and birthday cake.

She was her usual gracious self, and had smiles and jugs for everyone. And I reflected again about what an example this lady is for us all: never complains, generous, hospitable, and good-natured.

Everyone calls her Aunt Dora, and everyone loves her. Our lives have been enriched by her. Let me encourage all of you to let the "Aunt Doras" in your life know how much they have meant to you. No better time than Christmas!

At Liberty Centre

Uhing appointed to director post

Dr. Richard A. Sanders, Director of Northern Nebraska Comprehensive Mental Health Center, recently announced that Mary Kay Uhing has been appointed Director of Liberty Centre.

Mary Kay Uhing

Uhing has been Acting Director since May as Sandra Shybut resigned the position of Director in order to

spend more time with her young family. Shybut will continue on a part-time basis as a consultant to Liberty Centre and to Rainbow Center, the Clubhouse Program in Columbus.

The clubhouse model originated in New York City and serves individuals who suffer a severe and persistent mental illness. The goal of clubhouses is to bridge the gap between psychiatric hospitals to the community. The primary focus of such a program is to reduce the stigma and empower members to maintain employment and once again take their place in society.

Uhing said she was pleased with the appointment and excited about the challenge. She praised the work of Sandy Shybut saying, "I have a lot of respect for Sandy. She is a wonderful person and a great role model."

Uhing is a graduate of Norfolk Catholic High School and received her bachelor's degree in human service counseling from Wayne State College. She began her career with Liberty Centre in February 1986 as a food service unit supervisor. She is co-chairperson of the Inter-Agency Council, a member of Sacred Heart-St. Mary's Catholic Parish and is a sports enthusiast.

CHRISTMAS PARTY

Goldenrod Chapter 106 Eastern Star held its annual Christmas supper at The Hotel Dec. 6. Gifts were given by the Chapter to Worthy Matron Karen Jones and Worthy Patron Robert Jones. They in turn gave each of their officers a gift.

A monthly meeting followed with 20 members present. Christmas greetings from the Worthy Grand Matron and Patron were read, a list of the children in the Masonic-Eastern Star Children's Home in Fremont was given to the group for Christmas giving.

Goldenrod Chapter will again give gifts to two residents at the Wakefield Health Care Center for Christmas. Monetary gifts will also again be sent to the Children's Home in Fremont and the Plattsmouth Home.

Election of officers was held. Elected for 1989 are as follows: Bonnie Bressler, Worthy Matron; Alvin

Sundell, Worthy Patron; Diane Larson, Associate Matron; Robert Jones, Associate Patron; Nancy Kinney, secretary; Charlene Schroeder, treasurer; Edith Hanson, Conductress and Karen Jones, Associate Conductress. A request for members to try to recruit new or inactive members was urgently presented.

RESCUE SQUAD

The Wakefield Rescue Squad met Dec. 5. Jeanne Gardner, representing the hospital board, was guest speaker and spoke to the group about the helo-pad project at the hospital.

The month of November had 10 transfer calls and four emergencies. Both rescue units were passed by the State Inspector.

There will be an eight-one hour EMT class held at Wakefield starting in January. Jill Christensen will be instructing the class.

Head nurse Tonia Smith, Dr. Bookhardt and staff are ready to set up drills for rescue teams.

Discussion was held on having a "CPR Awareness Class" and "First Minutes" class for the public. Interested people have expressed their concern for such information.

CITY COUNCIL

Fred Salmon and Alfred Benson were sworn into office and Sid Preston elected president of the Wakefield City Council when it met Dec. 7.

In action taken, the council voted 4-0 in favor of buying a \$4,611 radio from Motorola, Inc. for the new police car.

Dan Gustafson, chief of police, said the new radio will receive signals from farther away than the older radio and will allow officers to cut their response time.

The council also discussed an employee benefit plan, the need for a certified street superintendent, increasing Fire Department Membership, a non-discrimination policy for city employees, an equal opportunity

policy for prospective employees and Community Development Block Grant plan.

FOOD PANTRY MOVED

A few years ago during the Farm Crisis the Wakefield Community established a food pantry which is operated by the Wakefield Ministerium. Until recently the food had been stored at the Presbyterian Church, but has now been moved to St. John's Lutheran Church parsonage.

Anyone who could use some assistance of good may request help by contacting Pastor Bruce L. Schut at St. John's Lutheran Church at 287-2385 or 287-2289 or 287-2289 or any one of the Wakefield ministers.

Area delegates attend Farm Bureau convention

Delegates from Wayne and Dixon County attended the Nebraska Farm Bureau Federation (NFBF) convention held Dec. 4-7 in North Platte.

Voting delegates from Wayne County were Donald Liedman, William Claybaugh, Norman Wichman and Milton Owens. Other Wayne County Farm Bureau members attending were John and Marilyn Anderson, Dorrine Liedman, Karen Wichman and Jacquelyn Owens.

Dixon County's voting delegates were Courtland Roberts and Ed Fahrenholz of Allen, and Harold George of Dixon.

Also attending from Dixon County were Mike and Debbie Hingst and son Derek of Allen, who participated in the Young Farmers and Ranchers program, and Mil Fahrenholz, woman's chairman.

AMONG THOSE addressing the convention were Governor Kay Orr and NFBF President Bryce Neidig.

Orr, along with Dr. Roy Frederick, state director of agriculture, and George Beattie, assistant director of agriculture, met earlier with NFBF board members to discuss state agricultural issues.

FARM BUREAU'S House of

Delegates fine-tuned a policy adopted a year ago on school reorganization. The new policy states in part that Farm Bureau is opposed to mandatory school consolidation but would support a school reorganization plan which provides Class I's the opportunity to affiliate or merge with an existing K-12 school district.

Delegates also voted to call for tougher enforcement of noxious weed control and to oppose the reenactment of a personal property tax, including any reimplementation of schedules on livestock farm inventories or business inventories.

On the ag land valuation issue, delegates adopted a policy that favors a formula which values agricultural land according to its earning capacity. The policy also favors a constitutional amendment to exempt agricultural real property valuations from the uniformity clause.

UP TO 210 voting delegates from 77 counties participated in policy voting during the four-day meeting.

Successful policies on state issues will be used to direct Farm Bureau's efforts during the next legislative year.

Cards of Thanks

SINCERE THANKS TO ALL our relatives and friends for the many flowers, memorials, cards, visits, calls, kind words, food, prayers and help during the recent loss of our son, brother, uncle and father, Michael Carlson. It is very comforting to know so many people loved Mick as much as we do. Special thanks to Pastor Wolf and the Ladies Aid of St. Paul's Church, and the American Legion. May God bless you all. Marlin & Donna Meier, Bill & Denise Carlson, Brad & Deb Carlson, Shelly & David Owens, Tammy Carlson, Dana & Erin Carlson, & families.

I WOULD LIKE TO THANK everyone for cards, flowers & visits while I was in the hospital & since returning home. Special thanks to Pastor Rothfuss for his visits and prayers, Dr. Bob, and all the staff at Providence Medical Center and to my family for being there when I needed them. Ida Bickel D22

WE WOULD LIKE TO THANK everyone for the cards, memorials, food & flowers given during our time of great loss. Your time, prayers & support were greatly appreciated. The family of Mary Linke. D22

HERE WE ARE "Thanking" this "Great Community" again. There are no words to explain the overwhelming response to the raffle and fund that was held for Willie. We wish we could send thank you's to each and everyone of you. To our family and friends that sold the tickets and to all you great people who bought them. To the Black Knight Steak House, Geno's Steak House, Tony's Steak House, Pac 'N' Save, the State National Bank and Jeannie Sturm for their donations and time. Also to the many people in all the surrounding towns and anyone else that may have helped in any way. Because all you great people, you have helped me walk again, maybe not by Christmas but to start out 89, putting me back on two feet again. There have been days that looked pretty grim, but with the Grace of God, and your great support and help "we will make it." May you all have a Very Blessed and Merry Christmas and a Healthy and Happy New Year. God Loves You and So Do We. Willie & Bev Holdorf & family. D22

TO OUR MANY FRIENDS and relatives for the beautiful cards, gifts & congratulatory wishes, we would like to say "Thank You." Also thanks to Pastor Pennington and Pastor Anderson for their message & prayer. Special thanks to our daughter, son-in-law & grandchildren for all you did to make our 50th Anniversary a day we will always remember. And to all that attended our anniversary reception, or helped in any way, we are most grateful. Herman & Elaine Vahikamp D22

THE LOVING CONCERN and prayers of so many have upheld our family during the shock and sorrow of Chris' death. We thank the Lord for all who have supported us. Special thanks to Pastor John Fale, the senior class and their families and the staff and students of Winside High School. David & Joann Kramer & family D22

THANK YOU for the cards, flowers & telephone calls while I was in the hospital. Lynn Roberts. D22

A BIG thank you to the large group of carolers that came to my home the 19th. It makes my Christmas holiday complete. Mathilda Reeg. D22
