### Make plans

All farmers have until Dec. 31, 1989 to develop Conservation Compliance plans on highly erodible fields. This deadline must be met if producers wish to remain eligible for USDA program benefits, and producers must have their plan fully implemented by Jan. 1, 1995.

USDA program benefits affected include: Commodity price support or production adjustment payments, Commodity Credit Corporation grain storage payments, Farmer's Home Administration loans, crop insurance, farm storage facility loans and other programs in which USDA makes commodity related payments, including the Conservation Reserve Program.

One exception to the Dec. 31, 1989 deadline is if a soil survey of a farm or ranch is not available, producers have two years after soil mapping is complete to begin applying a conservation plan.

The Conservation Compliance Provision of the 1985 farm bill applies to any field that contains at least one-third highly erodible soils or the highly erodible area is 50 acres or larger. The field must have been planted with an annual crop or designated as set-aside or diverted acres for at least one year between 1981-1985.

Farmers who wish to remain eligible for USDA benefits should contact their local SCS office as soon as possible.

### Crop help

The University of Nebraska Cooperative Extension Service will present the 1989 Crop Protection Clinic in Norfolk on Tuesday, Jan. 10 from 9 a.m. to 3:30 at the Villa Inn.

Topics this year include: Herbicide Carry-over, New Herbicides, How to Select a Weed Control Program, Alfalfa Weevils, Soybean Insects and Mites, Rootworm Scouting and Oat Diseases.

There will be a \$10 registration which includes noon meal, coffee, rolls and printed proceedings.

### Extension board

The Wayne County Extension Board met on Thursday, Jan. 5.

New members elected to the board are: Connie Behmer, Hoskins; Larry Sievers, Gene Luft, Joyce Sievers (4-H Council representative), all of Wayne; and Margaret Kenny (Home Extension Council representative) of Carroll.

Re-elected to a second term was Lavern Greunke of Winfield. These members join Jack Beeson, Wayne; and Delores Felt, Wakefield, currently serving on the board.

The new board elected officers for the coming year. They are Jack Beeson, president; Joyce Sievers, vice president; and Larry Sievers, secretary.

Retiring extension board members were honored for their volunteered dedication and time.

They include former president George Biermann of Wayne; former secretary Sherri Schmale of Carroll; Richard Behmer of Hoskins; Marj Porter of Wayne and Larry Wittler of Randolph.

## Beauty and the beast

HEAVY FOG penetrated the Wayne area all day Friday, making travel difficult in some instances. At left, is a picturesque foggy creek scene northwest of Wayne.

Above, cars gather at a foggy intersection. Saturday morning, the fog was gone, but it was replaced by freezing rain, again creating hazardous travel situations.

# Kavanaugh experiences Christmas miracle, faces new year with new heart, new hope

**Editor's Note:** The following news release appeared in the Laurel Advocate and is being reprinted with the Advocate's permission.

Sixty-year-old Jack Kavanaugh of Laurel will be having a New Year like never before.

After two years of struggling with heart problems, Kavanaugh has a new heart and the hope of returning to a normal life. For Kavanaugh and his wife, Betty, 1989 will be a year of developing new habits and lifestyles.

In 1986, Kavanaugh was loading grain at a grain terminal in Sioux City when he had what was to be the first of many heart attacks and the beginning of two long years of struggling with poor health.

HE WAS TAKEN to a hospital in Sioux City, where he continued to have heart attacks throughout the night.

"We thought we lost him three or four times through the night," said Betty in recalling the early heart attacks.

After that critical night, he remained in the hospital for up to four weeks. He was put on medications, but he still didn't seem to feel well.

"There were times he couldn't breathe and he was so weak he could hardly walk," remembers Mrs. Kavanaugh.

After numerous health problems and visits to physicians, William Wanner, M.D. of Sioux City convinced Kavanaugh to consider a heart transplant.

Kavanaugh was referred to the Minneapolis Heart Institute of Abbott Northwestern. By June of 1988, he was put on a waiting list for a donor heart.

IN AUGUST, 1988, Kavanaugh and his wife moved to the Minneapolis area where Mrs. Kavanaugh, the Laurel postmaster at that time, was transferred to a temporary position running the Carver County, Minnesota Post Office. They found an apartment there, also.

"There probably isn't anyone that has the wonderful support that we are fortunate to have," said Mrs. Kavanaugh. "We had between three to 27 letters a day from friends in Laurel. We read them together each day and we couldn't have made it through this time without them."

On Dec. 23 at 7 a.m., Kavanaugh received the long awaited call. An appropriate donor heart had been located, and he was to come to the hospital.

He called his wife, who was in the middle of the Christmas rush at the post office. She ran across the street to find Kavanaugh calmly shaving to go to the hospital.

"Now I know what it feels like when you are the husband and your wife is about to have a baby," said Mrs. Kavanaugh.

She said she was so nervous that her husband's biggest fear at the time wasn't making it through the surgery — but making it to the hospital alive.

SHORTLY thereafter the couple walked through the doors at Abbott Northwestern.

Robert Emery, M.D., director of transplantation at the Minneapolis Heart Institute of Abbott Northwestern Hospital, and his team performed the surgery.

Mrs. Kavanaugh said her husband went into surgery at 2 p.m. on Dec. 23. He came out of surgery on Dec. 24 at 4 a.m. and was brought into the intensive care unit of the hospital.

Kavanaugh was lucky, according to Emery. There is a critical shortage of organ donations.

Emery said 15 percent of people waiting for transplants will not survive.

In 1986, the average waiting time for a donor heart was 30 days. Now that heart transplantation has become more common and the demand for organs has increased, the average waiting time has dramatically increased.

"It's estimated that in 1987 the

average wait was 100 to 120 days," Emery mentioned.

EMERY emphasized the importance of donating organs.

"Obviously, when a person is in the position to give an organ, they can't say yes or no. So, even if it's indicated on your license, it's still up to your family to decide whether to donate the organs," Emery said.

He encouraged people to talk with their family about their feelings about organ donations, so if the time comes the family knows what to do.

It's because a family donated a heart that the Kavanaughs are looking forward to a new life and a whole new year. They hope to be back in Laurel before spring.

"We can finally plan something besides being sick," says Mrs. Kavanaugh. "We have a large yard and I've got a list already for Jack."

"He'll also be able to work with horses again. We've both decided we're going to devote our time to doing things for others," she added. "We couldn't have made it, if it hadn't been for all the people that have done things for us."

THE WAYNE Herald called Mrs. Kavanaugh at the post office in Carver, Minnesota on Thursday (Jan. 5) to get an update on Jack's condition. She was very exuberant

about his recovery. She said he did experience some post operation problems. "He's awfully weak now. He has to gain his strength back," she said.

"He was already losing ground even before going into surgery. And the heart transplant operation took longer than most others," she added.

At one time, while in isolation, Kavanaugh wasn't able to read any mail or newspapers because of possible damage to his immune system. That has changed, and he has been able to read the cards from well-wishers.

He has also been able to walk up and down the hospital hall, according to Mrs. Kavanaugh.

"It's just a matter now of him getting his strength back," she said. "This whole thing has been just like a miracle."

Family members and friends were at the hospital Christmas Eve during the time of the surgery and post-surgery, providing the Kavanaughs with words of encouragement and performing acts of kindness such as presenting the Kavanaughs with a Christmas meal.

"Having family and friends here was the best Christmas gift that we could receive this holiday season," she said.

# ETV to feature Nebraska's future

Wayne State College will host a viewing site for a special Nebraska ETV series titled "Nebraska's 21st Century."

Programs will air Jan. 10-14 at 8 p.m.

The public is invited to the Plains Room of Conn Library on Wayne State College campus for all five programs. Persons are encouraged to

arrive about 15 minutes early.

The programs will be followed by 30-minute discussion periods facilitated by Wayne State College faculty members.

The final program on Saturday will be a live "Town Hall Meeting" offering local citizens the opportunity to listen, and call in questions and concerns about Nebraska's economic

future.

Program scheduling is as follows: Tuesday — Program entitled "Nebraska's 21st Century" will explore past economic growth and current controversies.

Wednesday — Program titled "After the Last Harvest" will deal with future prospects for agriculture/farmers.

Thursday — Program titled "Homegrown Development" will discuss what Nebraskans are doing now to ensure jobs for the future.

Friday — Program titled "The Futurists" will discuss possible scenarios for Nebraska's future (call-in show).

Also on Friday, a program titled "Community Action: Foundation for

the Future" will discuss how rural economic development starts with people. It will begin at 8:30 p.m.

Anyone with questions about the programs can call Tim Garvin or Dr. Jack Middendorf at Wayne State College, 402/375-2200. The programs are free and vary in length from 30 to 90 minutes.

## In business management

### Program being offered

Area business representatives will be participating in a series of six workshops designed to improve their efficiency and profitability.

Wayne State College hosts the "Managing Main Street Business" program on Tuesdays, Jan. 10, 17, 24 and 31 and Feb. 7 and 14.

The program is presented by the University of Nebraska-Lincoln Cooperative Extension Service and the Nebraska Business Development (NBDC) of Wayne State College. Topics to be covered include goal

setting, financial recordkeeping, market analysis, financial statement analysis, advertising and promotion, employee relations, community business development and customer relations.

The \$150 registration fee also includes a computerized analysis of the most recent annual financial statements of the firm. Enrollments will be accepted the first night of the workshops if space is available.

For more information, contact Rod Patent, Wayne County extension service office, at 375-3310.

## Victim of hostage incident

### Former Laurel principal dies

A former resident of Laurel, escaping from a gunman holding people hostage at a restaurant in Loveland, Colorado, was accidentally shot by a police officer there.

Fenton Crookshank, who was previously involved in school administration at Wisner-Pilger and Laurel-Concord and managed a lumber company in Laurel, died at the scene from the gunshot.

The incident took place last Tuesday. Prison parolee Wayne Strozzi of Larimer County demanded a plane to Libya and grabbed about 20 hostages in the Loveland restaurant before police fatally wounded him. Strozzi had killed one hostage and wounded two law enforce-

ment officers in the hostage situation. Crookshank, who was attending a Lions' Club meeting in the basement of the restaurant, was shot by the police after he dived through a bathroom window and started to run. It was reported that Crookshank did not respond to police orders to halt as he ran toward them from the restaurant.

Crookshank was principal at Laurel-Concord High School from 1969-1973. He also had managed a lumber company in Laurel and was a former school official at Wisner.

He was manager of the Dumas Lumber Co. at Loveland. He and his wife had four children.

## Upcoming course to focus on diet and reducing disease risk

"Eating Today for a Healthier Tomorrow," a 15-hour course addressing the issue of heart disease as well as obesity, cancer, osteoporosis and reducing cholesterol levels, will begin on Monday, Jan. 30 in the meeting room at Columbus Federal, 220 West 7th St., in Wayne.

Sponsored by the Cooperative Extension Service, the course is intended to help people know how to reduce their risk of getting these diseases.

Mary Temme, extension agent-home economics, said the course will run once a week for six weeks from 7 to 9:30 p.m. Those who complete the course will receive a certificate.

COST OF THE COURSE is \$30 per person which includes resource materials, computer analysis of the participant's diet, and food prepared for tasting sessions.

Temme said any two people may form a couple, share materials, and register for \$40. Deadline for registration is

Wednesday, Jan. 18. Temme added that the course also is being offered in Dakota City, Hartington and Pierce. Interested persons may register for the course in those towns or make up a missed class there.

**FORTY-TWO MILLION** Americans (approximately 20 percent of the population) have heart disease. This year, 1.5 million of them will suffer a heart attack.

Researchers know that elevated levels of cholesterol in the blood contribute to the risk of heart disease. While 55 percent of the population has this condition, it is estimated that only 10 percent know their cholesterol level.

"The problem is that high blood cholesterol, like high blood pressure, seldom causes symptoms," according to Dr. William Castelli, a noted researcher in the field.

"If you wait until you feel sick, it may be too late to prevent a heart at-

tack. This is why everybody needs to know his or her blood cholesterol count."

A program being launched by the National Heart, Lung and Blood Institute seeks to nip this problem in the bud. Stressing the importance of cholesterol screening, the goal of the program is for all Americans to know — and control — their blood cholesterol levels.

Dr. Castelli also noted that in most cases, the formula for lowering blood cholesterol is simple — avoid foods that are high in cholesterol and saturated fat, control weight, and exercise.

**PERSONS WHO** would like additional information on the upcoming program, "Eating Today for a Healthier Tomorrow," are asked to contact Mary Temme at the Cooperative Extension Service in Wayne, 375-3310, or Anna Marie White at Concord, 584-2234.

## News and Notes

by Mary Temme, Extension Agent-Home Ec.

### Heating season heightens need to humidity

Frequent electric shocks and uncomfortable dry skin are telltale signs that your home is too dry. Those annoying conditions can easily be remedied by increasing your indoor humidity.

The drying effects of home heating are constantly at work in the winter, so special efforts need to be taken to incorporate moisture into your home. For the sake of comfort and health, an indoor humidity level between 30 and 50 percent is recommended. Without added moisture, the humidity level usually stays at uncomfortably low, single digit levels.

Humidifying also provides another benefit — energy savings. Furnace settings can be lowered a few degrees because moist air feels warmer. When humidity is low, you feel cold even when the room temperature is relatively high.

**THERE ARE A WIDE** selection of portable humidifiers available as well as models that are permanently installed in your home heating system. To select the right type and size of humidifier you must evaluate your needs.

Comparing the square footage of your home where normal daily activities occur with the construction of the home will give an idea of the size of humidifier needed. A 1,500 square foot home with average insulation would require a humidifier with a water output capacity of 5.5 gallons per day.

If your home's layout prevents air from circulating freely, as in a two story home, you may need more than one portable unit to humidify the entire living space.

**YOU WILL ALSO** want to consider the ease of filling and cleaning the unit, the operating noise, and helpful features like a humidistat and water level indicator.

Comparing size, styling, price and added features will help insure you make the best buy.

Ultrasonic humidifiers may produce a layer of white dust if water used has a high mineral content. Using demineralized water will prevent the dust from forming. Some models feature replaceable water conditioning or demineralization devices to prevent dust formation. There also are a variety of products that can be added to the water to counteract the dust problem.

**SELECTING THE BEST** location for your humidifier can maximize convenience and performance. The ideal location is within easy access to water and near a return air register so the heating system can help distribute the moisture. Avoid placing humidifiers near cold outside walls or in bathrooms, kitchens or other rooms where humidity is produced.

A build-up of moisture or frost on windows is usually a sign of too much moisture. Reduce the humidity level by adjusting the humidistat so a minimum of condensation appears on the windows.

With the right level of humidity in your home, you can have a more comfortable winter.

## Lady Devils de-claw visiting Bears

The Wayne girls basketball team was back in action Thursday night after taking part in the recent Wayne State Holiday Tournament.

The Lady Blue Devils hosted Laurel, who was crowned champions of their own holiday tournament last Friday.

The visiting Bears came out fired up, holding Wayne to only four first quarter points. Laurel, leading 10-4 heading into the second quarter, had little knowledge of what was about to happen.

Wayne came out gunning in the se-

cond quarter and remained hot throughout the remainder of the game, going on to route Laurel by a 66-33 score.

"We didn't come out executing our offense very well in the first quarter," coach Marlene Uhing said. "In the second quarter we got the ball to our post more like we wanted to and Heidi Reeg had seven of her team high 17 points in the second quarter."

The Blue Devils went on to outscore Laurel by a 62-23 margin in the last three quarters. It was a definite balanced attack for Uhing's

group with Reeg one of four who managed to hit double figures in scoring.

Dana Nelson had another Nelson like evening netting 14 points while recording six steals and dishing out six assists. Kristy Hansen also did a fine job of scoring 11 points and coming up with six steals of her own.

Teresa Ellis was the fourth Blue Devil in double figures with 10. Ellis did a fine job on the boards as well coming up with a team high eight rebounds.

Holly Paige netted six points for Wayne while Jennifer Hammer

scored four. Roundly the scoring attack was Amy Tiedtke and Tonya Erxleben, both with two points.

As a team Wayne enjoyed one of the few occasions of rebounding the opponent, this time with a 38-23 margin. In the turnover category, Wayne again had the upper hand as Laurel turned it over 27 times versus Wayne's 18.

Laurel was led in scoring by Kim Mathiason's 10 points. Shana Carstensen followed with nine while Amy Adkins and Sherri McCorkindale added six apiece.

Wayne's record increased to 6-2 with the win.

## With 1000th point Jacobsen passes milestone

Despite a four game losing streak, Winside's boys basketball team maintained a positive outlook going into Thursday night's game with Beemer in Winside.

The Wildcats treated the home town crowd to an 85-63 victory, boosting their season record to 3-4. Winside jumped out to a 25-14 lead after one period of play before suffering some foul trouble in the second quarter which sidelined Randy Prince and Steve Heinemann.

"We were up by 14 points in the second quarter before we got into some foul trouble," coach Randy Geier said. "Beemer hit a big shot at the buzzer to cut the lead to seven going into intermission."

Geier's troops regrouped in the locker room though and came out fired up. In the third period alone, Winside outscored Beemer 27-6 to take a 28 point lead into the fourth and final quarter.

Among the statistics to be mentioned is the feat of Tim Jacobsen. Jacobsen became the second Winside player in history to score 1000 points in his high school career.

Jacobsen led all scorers on the night with 32 points, while hauling down 18 rebounds as well. Coming into the game Geier's team had one goal which they handily accomplished.

"Our team goal in this game was to outscore Beemer," Geier said. "The past few games we haven't done that good of a job rebounding and we really put forth a good effort against Beemer."

Geier's "Cats" came up with 59 rebounds compared to 35 for Beemer. "Our team defense was exceptional," Geier said. "It was just a good all around team performance with everyone filling their role."

Randy Prince did a good job on the inside for Winside coming up with 20 points including 16 in the third quarter when Jacobsen was sidelined with foul trouble.

Steve Heinemann was the third Wildcat in double figures with 15, including three field goals with bonus range. Mark Brugger followed with seven while Cory Jensen added five. Darren Wacker and Tim Volwiler each added two points to round out the Wildcat scoring barrage.

## Wrestlers lose dual

The Wayne wrestlers traveled to Creighton Thursday night for a dual with the second rated team in Class C. It was the first action for Wayne since they dualled Albion right before Christmas break.

Creighton dualled the Blue Devils to the end, defeating them 35-32. For Wayne, it was a tough night but coach John Murtaugh saw some light in the darkness.

"We're forced to accept what happened, but we're not satisfied as a team on our performance at Creighton," Murtaugh said. "The positive thing I noted was that our team unity was a real plus for us. We faced adversity from the onset with the sickness to Mike DeNaeyer, the injured shoulder of Corey Frye and of course the missing Jason Cole."

Murtaugh did note that Brent Gamble did an exceptional job of stepping in for Mike DeNaeyer. "Brent didn't even know he was going to wrestle varsity until we got there," Murtaugh said. "We took Mike along but he was just to sick to wrestle."

Tom Etter also drew some rave reviews from Murtaugh for the pinning of his man. Other highlights included Chris Lutt's continued win streak of which he has not lost a match this season.

Before the varsity took to the mat, four junior varsity matches were held. At 119 lbs., Brian Gamble lost by pin. At 160 lbs., there were two matches with Jesse Brodersen winning 12-0, and Tim Loberg losing by pin. Dave Hewitt was a 4-0 winner in the his 171 lb. match for Wayne.

In varsity action Brent Gamble decisioned Saul Gompert by a 7-2 count to get the Blue Devils off on the right foot.

Eric Cole at 112 lbs., lost by pin at the 2:45 mark to Rob Polak. Meanwhile at 119 lbs., Chris Janke tied Cory Adams at 5-5.

Trevor Wehrer lost his 125 lb. match by pin at the 50 second mark to Ken Kuhlman. Jason Fink was also pinned in his 130 lb. match at 4:46, to Bryan Wintz.

Greg DeNaeyer, wrestling at 135 lbs., was pinned at 5:20 by Corey Young. Chris Corbit decisioned Chris Nielsen 7-5 in the 140 lb. match while Dwaine Junck, (filling in for the injured Corey Frye), lost by pin in 54 seconds to Garret Van Brocklin.

Tom Etter needed just 3:48 to pin Ron Wagner in the 152 lb. category, while at 160 lbs., Shane Geiger lost a 4-3 decision to Larry Weyhrich.

Jason Ehrhardt won his 171 lb. match by injury default over Gene Zimmerer. Chris Lutt needed only 2:37 to pin state rated Troy Adams, and heavyweight Matt Bruggemann won by forfeit.

Incidentally, Chris Lutt and Mike DeNaeyer are rated as the number three wrestlers in Class B in their respective weight classes.

## Wakefield downs Pender

Four Wakefield players were in double figures in scoring Friday night as Wakefield successfully got past Pender in the first round of the Post Holiday Tournament, this year held in Homer.

The 65-45 victory will now pit Wakefield against Emerson Hubbard, an 89-45 victor over Homer on Thursday.

Wakefield, now 8-3, got 16 points from Stuart Clark, 14 from Andy McQuistan, 11 from Tony Krusemark, and 10 from Mark Johnson to spearhead leads up to 25 points in the

second quarter. The Trojans shot 10 of 13 from the foul line and hit 55 percent of their field goals on offense, while defensively forcing 25 Pender turnovers, while committing only 14 themselves.

Eaton is pleased with the way his squad is playing but he notes that their defense has to improve.

This next Tuesday basketball fans will have a treat if they travel to Wakefield. The Trojans will host the number three rated team in the state in Walthill.

## Winside beats Beemer

Kristy Miller established a new school mark Friday night which enabled Winside to defeat Beemer, 57-42.

Miller netted 34 points to erase the old mark of 33. Head coach Paul Gieselmann was pleased to see the effort his squad put forth.

"The girls played a great game on both ends of the court," Gieselmann said. "We only had 15 turnovers which is a big improvement over the past couple of games."

The Wildcat defense was also a force, causing Beemer to turn the ball over 29 times. The only area which Gieselmann felt his squad was still in was rebounding.

"We didn't get outrebounded but I don't feel so bad since we didn't give up that many offensive boards like we have in the past."

Christina Bloomfield netted seven points for the Wildcats while Jenni Topp scored six. Lisa Janke and Tina Hartmann scored four apiece and Cam Behmer added two.

## Jammin for two!

DOUG KUSZAK goes up for a successful two hand slam dunk in action Friday night in Rice Auditorium. Kuszak and his high school teammate from Lincoln, Eric Priebe each had a slam dunk which drew the crowd to its feet. Wayne State trailed Dana 17-8 in the early going, but then outscored the Vikings 89-37 to win handily 97-54, to move their season record to 8-3.

## Eagles lose

The Lady Eagles of Allen played Walthill in the first round of the Ponca Post Holiday Tournament Thursday night and came up three points short of having a most heroic comeback completed.

Head coach Jeff Schoning watched as his team got down by as many as 12 points in the second quarter before slowly making a comeback in the second half.

"We had our share of opportunities to win the game," Schoning said. "We just couldn't connect on our shots and free throws."

Another area Allen was drastically outplayed in was in rebounding. The Lady Eagles were outboarded 51-30.

From the free throw line Allen was a mere 3-16 including many missed one-and-one opportunities. Amy Noe and Toni Boyle were the only two Eagles in double figures with 12 and 10 points respectively while Candace Jones added seven.

Pam Kennelly and Missy Martinson followed with six and five points while Robin Schroeder and Cindy Chase netted four each. Jenny Lee rounded out the scoring with two points.

Despite the huge rebounding advantage that Walthill had over Allen, Pam Kennelly managed to come up with eight rebounds, while Candace Jones hauled down seven cars.

**RESTAURANT OWNER** Daisy Janke is ready to pour a cup of coffee for her customers.

## Business Notes

The Winside Stop INN reopened as of Jan. 3 under new ownership. The restaurant, which had been closed since mid-November, has been purchased by Daisy Janke of rural Winside.

"We have only done some minor remodeling at this time," says Mrs. Janke.

"We upholstered the booths, added some video games and a juke box along with featuring soft serve ice cream. We hope to have a family oriented atmosphere where every age group can feel comfortable," she said.

The restaurant will feature home cooked breakfast and luncheon meals as well as steaks and grilled items in the evening. Starting on Friday, Jan. 20, they will have "all you can eat fish and chicken" feeds every other Friday evening.

"We will be happy to host group luncheons, meetings, childrens birthday parties as well as other celebrations by appointment," she says. Mrs. Janke will be the manager of the business which currently has three part-time employees.

Hours are Monday, 6 a.m. to 4

p.m.; Tuesday through Saturday, 6 a.m. to 8 p.m.; and Sundays, 11:30 a.m. to 1:30 p.m. "We will remain open later in the evenings when there are home school activities."

Mrs. Janke has had much experience in the food business. Prior to the restaurant, she was food service manager for five years with the Winside Public Schools; has done catering service for several large groups; has baked cakes professionally for about 15 years; all while being a homemaker for four children.

## Education an investment

by Congressman Doug Bereuter

The Tax Reform Act of 1986 eliminated interest deductions for educational loans by classifying this interest as "consumer" rather than "investment" interest. The Tax Reform Act prohibits the deductibility of consumer interest.

I believe that sending a child to school is an investment rather than a consumer purchase. For that reason, I am cosponsoring legislation to allow for the full tax deductibility of qualified educational loan interest.

The reinstatement of the educational loan interest deduction will correct a tremendous inequity in the law. At present a taxpayer is allowed to take out a home equity loan and fully deduct the interest to pay for educational expenses. Thus, higher income individuals, who are homeowners, are permitted interest deductions while less well-to-do taxpayers are not given such advantages. It is not fair to discriminate against those who need the deduction the most.

**Protection From Mail Porn**  
Mail-porn operators send their indecent mailings indiscriminately to homes throughout our country. With no regard to the wishes of the recipients, mail porn enters homes through the mailbox. These operators send out thousands of advertisements in the hope of gaining even one new customer. They are willing to offend thousands of seniors, families and even children.

It is time to shift the burden from the innocent in their homes to the purveyor of pornographic and indecent mail. For that reason, I am cosponsoring The Pornographic Mail Prohibition Act which bans the unsolicited mailing of sexually-oriented advertisements or materials.

This legislation would amend the Postal Code so that the sending of an unsolicited, sexually-oriented advertisement or material would be subject to a \$25,000 civil fine. It provides that any mailing made more than 24 hours after the first mailing would be considered a second violation subject to a second fine. It would allow cases to be brought in the District Court in the jurisdiction from which the advertisement was sent or where it is received. It also includes criminal penalties for the mailing of unsolicited, indecent advertisements or materials.

**Deceptive and Misleading Mailings Are a Problem**  
Over the last few years there has

been an increasing problem with deceptive and misleading mailings by organizations that purport to be associated with the Federal Government. These groups have taken advantage of all ages, but older people have been particularly targeted.

Some organizations have profited by charging fees for services which can be obtained from the Federal Government either free or at a lower cost. In many cases, the mailings are made to look like they are from the Federal Government.

I am cosponsoring a bill that would require that a disclaimer be placed on the face of mailed materials to indicate that the products or services offered are also provided either free of charge or at a lesser fee by the Federal Government. Envelopes that imply a Federal Government connection through the use of seals, symbols, terms or insignia would be required to have a disclaimer indicating that the document is not a government document.

**LADIES AID**  
Members of St. Paul's Lutheran Church Ladies Aid met Wednesday for a carry-in luncheon. Elaine Menke, president, opened the business meeting. Vera Mann and Laura Jaeger led devotions with the singing of "Brightest and Best Sons of the Morning" and a reading on the wisdom called "An Epiphany Devotion." It concluded with the hymn "As With Gladness Men of Old."

Pastor Fale gave the Bible study "A Gift Called Hospitality" taken from the LWML Quarterly.

The December minutes and annual secretary's report were given. The December treasurer's and annual report were read.

Thank you were received from

Elsie Asmus, Mace Kant, Pastor and Marcia Fale, Steven Jorgensen, Jean Berry, Ed and Louise Heithold, the Max Schneider family, Ben and Esther Benschopf, Wilma and Allen Stoltenberg, Keri Dangberg, Helen Barner, Eric Vahkamp and Marth Luther Home.

Elsie Janke volunteered to repair the broken Christmas decorations. The ladies were thanked for taking down the decorations.

The church council asked the Aid ladies to help choose colors for the new basement tables.

Rhonda Sebade presented the idea of combining the LWML and Ladies Aid officers. A motion was made and carried to do so. An amendment to

the constitution will now need to be made.

Bev Hansen was elected president and Gertrude Vahkamp, treasurer. Vera Mann will remain vice president and Pat Janke, secretary until next year.

A cheer card was sent to Amanda Dimmel.

The next meeting will be Wednesday, Feb. 1 at 1:30 p.m.

## 'Hacken' Away

by Chuck Hackenmiller

Did you have a nice holiday break? I don't usually brag about gifts. But this year I was presented with one of the neatest keepsakes.

It's a large book called a "Day in the Life of America."

Pictures are many — all about America. The originators of the book project gathered 200 of the world's most famous photographers. They sent them out on assignments across the United States.

However, one stipulation existed. All of the photographers took their photographs on the same day.

So on this one day, we (the readers of this special book) were able to gain a perspective on what type of activities or events took place — giving us a clue as to what goes on besides what happens in our own little world.

What a conglomeration of photographs. For instance, one photographer captured the action within a hospital of nurses carting newborns to their mothers. Another photographer brought home images from the frigid north.

Since the day chosen for the project was in May, several photographers captured high school proms. There was a picture of children attending a dancing school. About the only thing that was not captured on film, which has a predominant place in America's society, was fast food restaurants.

Some climbed to extreme heights to capture photographs that were breathtaking. All of them went that extra limit, it seems, to present a book full of delightful, emotional and thought-provoking pictures.

I also received another book, on a similar size scale, entitled "Christmas in America."

Once again the photos were sharp, colorful images of the holiday season that were interesting; some sad; but in most instances warm and humorous.

WITH THESE books came an idea which I might try to incorporate some day.

What I would do is give a roll of black and white film to at least 10 photographers within Wayne County and randomly select one day for all of them to go out and shoot up the film. Then we would develop the film in our lab and print up what pictures we feel would have the greatest impact and display them all at once on a pic-

ture page or run a picture on a 'paper by paper basis.'

We could title the project "It Happened One Day In Wayne County." The idea needs some polishing, but could be something worthwhile to do down the road.

Also, to promote more photography in 4-H — perhaps the same type of activity (select one day in the year for 4-H'ers to go out and get a picture or two), could become a project for judging at the county fair. It would be interesting to see what type of results people can come up with in a 'day of a life.'

Some trivial bits:

— You inherit the tendency to walk in your sleep.

— Ladybugs fly backward on takeoff.

— The 180-acre Vatican City in Rome, Italy, is the world's smallest sovereign state — and is only one acre bigger than the Magic Kingdom at Florida's Walt Disney World.

— Fewer than half of the members of the Rodeo Cowboys Association ever worked on a ranch.

— Winter temperatures in Iceland are actually a tad warmer than those of Boston.

— The quickest way to kill a deadly scorpion is to douse it with booze. It'll drive the critter mad so that it slings itself to death.

— The first celebrity to endorse a product was baseball Hall of Famer Honus Wagner, who let his autograph be imprinted on a Louisville Slugger bat in 1905.

— Give or take a mile, a polar bear can smell a human from 20 miles away.

— Some insects hibernate without freezing by draining their bodies of water. Others have a natural antifreeze (Do you suppose boxelder bugs ever freeze?)

— It costs an eye popping \$109,000 for a hunting license to hunt bighorn sheep in Montana — and the limit is one.

— The hardest musical instrument to play is the oboe — the easiest, the ukulele.

— When you think of beer, you naturally think of Germany — but frigid Greenland has the greatest per capita consumption of the heady brew.

— The Earth's core is hotter than the sizzling surface of the sun.

## News Briefs

### Hiring tourist staff

The Nebraska Division of Travel and Tourism will hire 30 Nebraskans to staff 20 visitor centers this summer to promote the state's attractions, communities and facilities to rest area visitors.

The Nebraska Vacation Guide Program, in its 16th year, was created to encourage travelers along I-80 to venture off the interstate into Nebraska's communities. Guides will staff interstate visitor centers, greet travelers and influence unplanned stops throughout the whole state.

Prior to the summer tourism season, the selected staff will take a free 12-day tour of the state to see first-hand the many attractions, communities and facilities to promote during the summer.

"We are looking for Nebraskans who enjoy talking, have a creative flare and who sincerely enjoy living in Nebraska to be Vacation Guides," said Todd Kirshenbaum, program director. "The Guide Program has expanded recently to include all age groups; from college students to retirees as long as they are excited about Nebraska and can express that in an enthusiastic manner, that's the ideal Vacation Guide," Kirshenbaum said.

Interested Nebraskans who want to apply should contact the Nebraska State Personnel Office at (402) 471-2075. Applications are due back to Personnel by Feb. 3.

### AIDS workshop

The state Health Department is offering a series of 15 workshops across the state in January to educate doctors, nurses and rescue personnel on a new incident reporting procedure for infectious diseases, including the human immunodeficiency virus that leads to AIDS.

The reporting procedure was established in response to concerns expressed by emergency workers about exposures to communicable diseases while performing their duties," said Bob Leopold, director of the Emergency Medical Services Division of the Health Department.

The goal of the procedure is to provide the personal physician of the emergency worker who has been exposed with enough information to make a recommendation on follow-up care needed, if any, said Leopold. The workshops will be offered in Norfolk on Jan. 24; and South Sioux City Jan. 25.

For more information about the workshops, contact the Division of Emergency Medical Services, 800/422-3460.

### Runestad among choir members

The 77th annual national tour by the St. Olaf Choir will have 17 performances in six states in late January and the first two weeks of February. Among the choir members is Kurt Runestad of Wayne.

While in Los Angeles, they also will be the special guests of the cast of the hit television show, "The Golden Girls," where they will attend a taping of the program on Friday, Feb. 10, and then meet the cast and crew.

### Library receives Wall Street Journal

The Wayne Public Library has begun receiving The Wall Street Journal. The Journal is a business/investment newspaper which also carries news of national importance. There is investigative reporting on many topics, and editorial pages rated excellent over the country. Its economic and business coverage are considered to be a trifle conservative, but the paper is rated among the top 10 or 12 newspapers in the United States.

This year Americans will produce more litter and pollution than ever before.

# NPPD gains training program membership

The Nebraska Public Power District (NPPD) has become the 51st electric utility in the nation to be granted full membership in the National Academy for Nuclear Training. The honor is extended by the Institute of Nuclear Power Operations (INPO) to those utilities whose nuclear training programs meet the highest standards of the nuclear utility industry.

In order to qualify for membership, 10 programs designed to cover specific areas of training for the nuclear field must be approved by the independent National Nuclear Accreditation Board. NPPD was

granted Academy membership for the accredited training programs at the Cooper Nuclear Station near Brownville.

NPPD President and Chief Executive Officer, D.E. Schaufelberger was at the plant Jan. 4 for a ceremony marking the designation as a member of the Academy. Walter J. Coakley, director of the accreditation division of INPO, presented Schaufelberger with a plaque recognizing the accomplishment.

The National Academy is supported and administered by INPO, which was formed by the nuclear in-

dustry in 1979 to promote plant safety and reliability.

"Training is of utmost importance to us at NPPD, not only at Cooper Station, but throughout our properties," Schaufelberger said.

He went on to say, "Our main goal is to operate Cooper Nuclear Station safely and, next, to operate it efficiently and for the greatest benefit of the state's electricity consumers. Quality training programs are essential to both."

Cooper Station became a branch of the National Academy for Nuclear Training during 1987 when three of

the 10 training programs were accredited.

Also during 1987, a new \$1.8 million, 29,000-square-foot training center at Cooper Station became operational. In addition to classrooms and laboratories, the center will house a control room training simulator expected to be installed in 1990.

Cooper Station, an 800,000 kilowatt nuclear power plant, has been in commercial operation since 1974. Although NPPD owns and operates the facility, a portion of the generation is contracted to Iowa Power and Light Company and Lincoln Electric System.

## Cards of Thanks

**EARL & ESTHER** Anderson would like to thank their many friends and relatives for participating in their 60th anniversary celebration at the Norfolk Country Club Dec. 27. Thanks also to Bob Raabe and his band for the special music. To Jann & Steve Hokamp and our three grandchildren and spouses for hosting the event. To the Norfolk Country Club for providing food and drinks, to Ivan Robinson at the guest book, to Mrs. LaVerle Miller & her husband of Dakota City for baking the anniversary cake. Everything was very much appreciated. Thanks to all. Earl & Esther Anderson. J9

**A SINCERE** thank you to our relatives and friends for the many lovely cards and gifts, the beautiful flowers and plants, and the telephone calls we received for our 50th anniversary. We thank you too for sharing this day with us, making our Golden Anniversary a cherished memory. Thanks to Pastor Marek for your message and prayer, to Alden Johnson for your musical number and to Salem's Reception Committee. Special thanks to our three daughters and your families for all your kindnesses in hosting the event, which made it a special and joyous day for us. Our thanks to everyone and God bless you all. Alice and Emil Muller. J9

**I WISH TO** thank all the kind people who have been so good to me during my illness. First the two kind friends who helped me get the ambulance to the hospital. The three good doctors, Dr. Bob, Dr. Martin & Gary West. They were ever so kind and good to me. The friendly nurses, the good meals from the kitchen help and dear sweet kind Sister Gertrud coming in three times daily to see me. My minister Dr. Mitchell, who came daily and visited me. The many visits and cards I received from dear friends and church members. Your kindness will long be remembered. Thank you much. Lillian H. Miller. J9

Analysts foresee rise in interest rates.

Falling interest rates predicted in '89.

**INVEST IN OUR  
TREASURY RATE CD  
AND YOU CAN'T GO WRONG.**  
*No matter who's right.*

January Rate  
**8.48%**  
10% Maximum Rate/  
6% Minimum Rate

February Rate  
**8.99%**  
10% Maximum Rate/  
6% Minimum Rate

**If Treasury rates rise, your rate will increase.**  
Our 12-month Treasury Rate CD lets you take advantage of rising interest rates. Your rate changes monthly, based on the 1-year Treasury Index. So if Treasury rates rise in 1989, your CD rate will rise also.  
**If Treasury rates fall, your rate is guaranteed.**  
The minimum rate in effect at the time you invest is guaranteed for the entire 12-month term. So you can safeguard your investment from declining interest rates by opening a Treasury Rate CD.

- Certificate Features**
- \$1,000 addition option
  - One month interest penalty for early withdrawal
  - 12-month term
  - Minimum deposit—\$5,000
  - Interest payment options
  - Monthly statement
  - Insured to \$100,000

**DUE TO ENROLLMENT NUMBER REQUIREMENTS, PRE-REGISTRATION FOR ALL CLASSES IS REQUIRED.**

**ENROLLMENT POLICY:**  
Because adult education classes are partially supported by registration fees, we must reserve the right to withdraw a class offering if enrollment is not adequate. This will be done, however, only after those who do register are given the opportunity to continue the course in such cases for a slightly higher fee or for fewer sessions.  
Junior and senior high students may attend by permission only.  
Registration not complete until all charges paid. Fees will be collected the first evening of classes. Please pay all fees by check made payable to Northeast Community College. Persons enrolling may call the office of counselor between 8:30 a.m.-4:00 p.m. daily, Monday-Friday. Persons may enroll at the first session if pre-registration numbers are sufficient to have the class.
